#### LOCAL WEAT

Speaking of the most recent difficulty arising out of Scottsboro case, in which one of the defendants was the Scottsboro case, in which one of the defendants was shot in the head and an officer of the law slightly wounded, the Birmingham Age Herald wisely notes that it might easily have been worke. Considering pent up emotions involved, it would hardly have been surprising if, when one of the Negroes drew a knife in an attempt to escape, shd actually cut the throat of one of his guards, the entire group of defendants had been killed.

"However," says the Birmingham paper, "justics in Alabama should rate a bit higher than before. Officers transporting the defendants demonstrated a fine measure of self-control. Their conduct should be an answer in the just charges that Southern officers are always with the second control.

Albama should rake a bit higher state feeting. Officers of the interest temporalized a field of the state of the interest temporalized as a field in a state of the interest temporalized as a field in a state of the interest temporalized as a field in a state of the interest temporalized as a field in a state of the interest temporalized as a field in the interest temporal property informed persons think, this mutderess as a state of the interest temporalized as a field in the interest temporalized as a field in the interest temporalized as a field in the interest temporal persons think, this mutderess as a state of the interest temporalized as a field in the interest temporal persons think, this mutderess as a state of the interest temporal persons think, this mutderess as a state of the interest temporal persons think, this mutderess as a state of the interest temporal persons think, this mutderess as a state of the interest temporal persons think, the mutderess as a state of the interest temporal persons think, the mutderess as a state of the interest temporal persons think, the mutderess as a state of the interest temporal persons think, the mutderess as a state of the interest temporal persons think, the mutderess and the interest temporal persons think, the mutderess and the interest temporal persons think, the mutderess and the interest temporal persons think, the mutderess as a state of the interest temporal persons think, the mutderess and the interest temporal persons think, the mutder pe

# LIFE FOR SALE

Good food to eat . . . good clothes to wear . . . good homes ... books ... flowers . . : amusements . . automobiles ... these and a thousand other things that make life richer and more enjoyable are offered to you in the advertising columns of this newspaper.

Suppose some one has perfected a labor-saving device to do away with hours of household drudgery; you would never have heard of it but for the advertise: ments. Suppose there is a new golf ball . . . a new breakfast food . . . a new kind of towel for the bathroom: you learn about these from the advertisements. All the good things that money can buy come to you today through this useful and universal medium.

Watch the advertisements. They contain news just as interesting and important to you as .. the .. editorial columns themselves news of conveniences ne: cessities, opportunities for wise and economical buying.

Advertisements are the true record of our times. They will help you make a pleasant and exciting adventure of living.
