## Fierce Fighting In Korea Continues As Peace Talks Falter

New Accusations Of Truce Violations Presented By Reds; Allies Investigate

By STAN CARTER  
U. S. EIGHTH ARMY HEADQUARTERS, Korea, Aug. 31.—(AP)—Thousands of North Korean troops were reported today moving toward the front in hilly eastern Korea. Savage fighting has been in progress there more than two weeks.

Yesterday and last night, Allied planes ripped into these reinforcements, into their highway supply convoys and the railroads feeding down to Communist front lines all across Korea.

Allies supplied their own front line troops with the biggest air drop in two months. Thirty-six flying box cars parachuted 110 tons of ammunition, rations and medical supplies yesterday to troops battling high in the mountains of eastern Korea. Rain swollen streams and muddy roads cut off truck routes.

A U. S. Eighth Army staff officer today reported the following new observations of Communist troops in eastern Korea. A fresh division of about 8,000 men, digging in west of the coastal city of Kangsong, 25 miles north of Parahall 38.

About 2,000 Reds moving south toward Yangju, a city eight miles north of 38 and 35 miles inland from the east coast. Allied planes roared down and attacked this group.

Two other groups of 8,000 Reds each in various positions west of Kangsong and north of Inju. Allied artillery fired on these concentrations yesterday.

The staff officer said all the new units were North Koreans. In the past, large Communist drives have been spearheaded by Chinese Reds.

## Suspension Of 2 Officials Asked Of Governor Long

Citizens Claim Freedom Of Press Is Endangered By Pair

LAKE CHARLES, La., Aug. 31.—(AP)—Governor Earl Long was asked today to suspend two Calcasieu Parish (county) officials, who allegedly were defamed in stories which brought indictments against five Lake Charles newspapermen.

The Peoples Action Group (PAG), a citizens organization formed to fight gambling in Lake Charles and vicinity, telegraphed the Governor last night to ask the attorney general to instruct the attorney general to name assistants to handle the indictments case and suggested that they determine if the evidence justifies prosecution.

"We are attaching to this appeal the specific law which we believe authorizes such action (article nine, section six of revised civil statutes) of the tele-27372—7953

If it is deemed necessary to discuss the unfitness of the aforementioned officials for their handling of this highly publicized case, we will be happy to go into it in detail. We believe that in matters of such wide public knowledge as, to be unnecessary."

The five newspapermen are Kenneth Dixon, managing editor of the Lake Charles American Press; Publisher Thomas B. Shearman; his son and co-

## Senate Refuses To Cut Foreign Aid Money Bill

Appointment Of Former Socialist To ECA Position Is Rapped By Dirksen

WASHINGTON, Aug. 31.—(AP)—The Senate refused today to cut an \$800,000,000 bill of the \$7,535,750,000 foreign aid bill.

In a major test, it defeated by a 41 to 31 vote an effort by 16 senators to cut the half billion from \$1,305,000,000 of economic aid for Europe.

With this victory, Administration forces hoped to push ahead despite numerous other pending amendments and eventually pass the bill, probably late tonight.

Senator Dirksen (R-Ill) told the Senate the Economic Cooperation Administration (ECA) has hired the former national chairman of the Socialist Party as a consultant.

Dirksen was urging the Senate to cut another \$800,000,000 from a \$7,535,000,000 foreign aid bill. Fifteen other senators joined him in sponsoring the amendment.

The cut would come out of \$1,522,750,000 proposed for economic aid for Europe, to be handled by ECA.

Dirksen read to the Senate a letter from ECA confirming that Maynard C. Krueger is on its payroll as a \$46-a-day consultant on southeast Asia aid.

## Warren Administration Attacked By Crime Committee For Unsavory Associations With Racketeering

Bricker Clashes With Johnston On Price Controls

Stabilization Chief Lays Blame For Increase On Congress

By FRANCIS J. KELLY  
WASHINGTON, Aug. 31.—(AP)—Republican Senator Bricker of Ohio advised Economic Stabilizer Eric Johnston today to "quit bellyaching" for changes in the price control law, and try to make it work.

Johnston snapped back that he and other stabilization officials were trying their best to administer a law which in their opinion contains major flaws.

"If you don't think we can do it, get somebody else to administer it," he told Bricker. "I don't want the job."

Johnston was before the Senate Banking Committee to urge repeal of three restrictions on price control which were enacted only a month ago.

Tempera flared right from the start. Bricker demonstrated impatience over requests for revision of the law soon after its last remodeling. He suggested that the men who administer it get a little experience in its operation, then ask any needed changes.

Conference On Japan Treaty Slated To Open Tomorrow

Acheson And American Delegates Depart For San Francisco

By EDWARD E. HOBAN  
WASHINGTON, Aug. 31.—(AP)—Secretary of State Acheson and most of the United States delegation left by plane today for the Japanese peace conference at San Francisco.

The name of Senator Connally (D-Tex), chairman of the Senate Foreign Relations Committee, was missing from the passenger list. Connally has indicated he considers it inadvisable for him to leave Washington now because of legislation pending in the Senate. This also might deter Senator George (D-Ga) from attending the conference.

George is chairman of the Senate Finance Committee, working on a new tax bill.

Connally, with Acheson, Ambassador John Foster Dulles and Senator Wiley (R-Wis), senior Republican member of the Senate Foreign Relations Committee, were named by President Truman to sign the treaty for the United States. George is one of five named as alternates.

Connally fails to appear in San Francisco the assumption is that Senator Sparks (D-Ma), first alternate, will take his place.

Senate Group Reports Gambling Continues To Flourish In Florida

By WILBUR JENNINGS  
AP Special Washington Service  
WASHINGTON, Aug. 31.—(AP)—Gambling continues in Florida on a high scale despite efforts to halt it by certain groups, the Senate Crime Committee reported today.

In its final report, the committee said: "This gambling is controlled by interstate syndicates and unscrupulous associates of some men in high office."

The committee said of three successful efforts to get Governor Fuller Warren of Florida to test his campaign as required by Florida law that accounted for \$8,825, and he omitted from his schedule of contributions the foregoing named persons."

"Throughout the Florida term money the name of Governor Warren cropped up frequently in questionable connections."

Commenting on the continuation of crime in Florida, the committee said it reached its conclusion at its return visit to the state in the summer of 1951. It continued: "Despite the most commendable efforts of certain groups and individuals in Florida, such as the crime commission headed by Miami and Tampa, illegitimate activities, such as gambling, continue to exist on an extensive scale."

The committee said "in excess of \$400,000 was contributed to the 1948 gubernatorial campaign of Governor Warren by three men: Louis E. Wolfson, C. V. Coffin, and William H. Johnston, principal operator of four Florida race tracks. An Illinois race track "band" and an old time associate of Al Capone's legation."

State Officials Are Called On To Make War On Corruption, Organized Crime

By G. MILTON KELLY  
WASHINGTON, Aug. 31.—(AP)—The Senate Crime Investigating Committee called today on state and local officials to band together in a war on organized crime and grafting public officials.

In a final report to the Senate on its sensational 15-month-long inquiry, the committee told of "captive communities" held in bondage by the twin evils.

The committee goes on to say that it strongly urged that Congress carry on the crusade and that with federal help at only at the start a privately financed national crime coordinating council be created to keep the searchlight of public vigilance turned upon crime and corruption.

The committee aimed stinging thrusts at Florida's Governor Fuller Warren of Florida, who was named by William O'Dwyer, ambassador to Mexico and former mayor of New York.

The report also named Washington, the nation's capital, as a "hotbed" of organized crime, gambling operation of considerable size. There is evidence, too, the committee said, of widespread traffic in narcotic drugs in the District of Columbia.

The group recommended a new Senate committee make a "thorough investigation" of crime conditions here, especially any ties between criminal elements in the capital and adjoining areas.

The committee denounced "a startling increase in drug addiction among the nation's teenage youth, described graphically as 'glued to the machine' in the places of the nation's gambling. It charged, runs the lucrative field of organized gambling, often operating under corrupt official sanction."

United States And Allies Gamble On Friendship Of Free Japan

(EDITOR'S NOTE: This is the second of two articles on the occupation of Japan. They were written by Russell Brines, former chief of AP's Tokyo Bureau, who has just returned to the United States after serving continuously in Japan since the end of the Pacific war.)

By RUSSELL BRINES  
WASHINGTON, Aug. 31.—(AP)—The United States and her Allies are gambling that Japan will remain a steadfast friend.

The "soft" peace treaty to be signed next week in San Francisco is in part a calculated risk. So is the military and financial support the United States has pledged to give free Japan.

Former Sanfordite Dies In Pittsburgh

Friends of Mrs. T. T. Meyers, the former Virginia Kelly of Sanford, will regret to learn of her death which occurred suddenly at her home, 3534 Middleboro Road, Pittsburgh, Pa., yesterday.

Gatchel Is Appointed Defense Bond Leader

The United States Treasury has appointed Forrest Gatchel as U. S. Defense Bond chairman for Seminole County. It was announced today by V. H. Northcutt, Tampa, state advisory chairman for the Defense Bond Committee.

Survival Of Newspapers Hinges On Advertising Rate Increase

NEW YORK, Aug. 31.—(AP)—The survival of the large daily newspaper in the U. S. depends on sharply increased advertising rates, the editors of Fortune magazine conclude today in a study of the newspaper business.

Wednesday Service 7:00 P. M.  
Reading Room, Tuesdays and Fridays 9 to 5 P. M.  
All are welcome to attend our services and to use our Reading Room.  
The well loved story of the life and work of the Master Christian will be the topic of the services in all Christian Science churches next Sunday. The subject of the Lesson-Sermon will be "Christ Jesus."

A verse from John provides the Golden Text: "The Son can do nothing of himself, but what he seeth the Father do" (John 5:19).  
That Jesus was conscious, at the age of twelve years, of his mission is clearly shown in the following verse which is among those in the Lesson: "And he said unto them, How is it that ye sought me? wist ye not that I must be about my Father's business?" (Luke 11:27).  
Our obligation as followers of Christ Jesus is made evident in this passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We must go and do likewise; also we are not improving the great blessing which our Master worked and suffered to bestow upon us" (p. 28-29-31).

**CONGREGATIONAL CHURCH**  
Park Avenue and Third Street  
J. Bernard Reed, Minister  
Sunday School 10:00 A. M.  
Morning Worship 11:00 A. M.  
Sermon—"The Memorial Supper"  
The Holy Writ With Jesus  
"Worship is the only response to the divine initiative. God speaks and we answer in all true communion. For this purpose the church has developed the way of worship. It is only by responding to the divine initiative that we can have communion with God. Through it we may know that we are truly loved. We must go and do likewise; also we are not improving the great blessing which our Master worked and suffered to bestow upon us" (p. 28-29-31).

### Emerson Brown To Be Cocoa Station Chief

Emerson Brown, chief engineer of Radio Station WTRR, announced this morning that he is affiliated with a group of Breard County which plans to erect a new radio station in Cocoa, with him as manager.  
Mr. Brown was in charge of the building and installations of Station WTRR when it was built here in May 1947 by James B. Hives of Cordele, Ga., who later sold it to Myron Rock of Chicago, its present owner.  
Associated with Mr. Brown in the new Cocoa project will be W. D. Wilson, Titusville attorney, and wife and their son D. W. Wilson, now chief engineer of Station WDLF, Panama City.  
Application has been made to the Federal Communications Commission to build the station, to operate at 1190 KC on 250 watts output.

### Christian Church Has New Minister

Rev. Robert L. Dady and Mrs. Dady, left last Thursday for Connecticut where Mr. Dady will enter Yale University. He has filled the pulpit of the First Christian Church this summer.  
Rev. and Mrs. John R. Golden from Olive Branch, Miss., are expected to arrive in Sanford Saturday. Rev. Golden will serve as an interim pastor of the First Christian Church until a permanent pastor can be secured.  
The ministry of Rev. Golden includes pastorate at Springfield and Decatur, Ill., and ten years at the First Christian Church, Topeka, Kan., also four years as Secretary of the Foreign Christian Missionary Society of the United States. He has been in the Philippines, China, and Japan.  
Mrs. Golden was for many years in the work of religious education, with the United Christian Missionary Society.

### George E. Carter Is Presiding Elder

George E. Carter, 2508 Yale Avenue, has succeeded A. E. Devos as the presiding elder of the Seventh Day Adventist Church at Elm Avenue and Seventh Street.  
A native of Newfoundland, Canada, Elder Carter is a graduate of McGill University and of Emmanuel Missionary College in Canada. For three years he was a missionary in British Guiana.  
He came to Sanford from Kissimmee where he presided at the Adventist Church. He will be present at the Sanford church on the second and fourth Sabbaths of the month, serving Eulin and Winter Garden on the other Sabbaths.

**DIE—AND LIVES**  
PENANG—(AP)—Fifty-nine-year-old Prangman Tambulong, an Indian seaman, "died" and when he awoke told a strange tale of visiting Hell.  
While relatives prepared him for burial, Prangman claimed his spirit wandered for five minutes "in a strange hereafter where there was only bare land, without houses and trees."  
"It was drab, misty and weird. I looked round and saw spirits on which some wrong-doers were being punished," he said. These people looked like ordinary beings, except that they had large heads with tremendous ears, and noses. All around me were boiling cauldrons and huge flames.

The Sanford Herald

Established in 1908... 111 Magnolia Avenue... GORDON DEAN, Business Manager

FRIDAY, AUG. 31, 1951
TODAY'S BIBLE VERSE

Many have failed to enter the portal to success because they were too proud to bow their heads in humility.

We see where Social Security payments have increased 140 percent in the last year.

Down in Miami at least 2,000 persons are said to be receiving the benefits of homestead exemption through filing false claims of citizenship.

One reason it is so easy for boys to get into hard liquor on Sunday where that is against the law may be because Governor Warren has Beverage Department agents scurrying around over the country from Boston, Mass.

The late Thomas Lamont, for many years a partner in the firm of J. P. Morgan & Co., is out with a new book by way of honor and namesake.

What has Orlando got that Sanford hasn't got, someone is constantly asking. And there are a lot of answers to that question.

The best of expert opinion seems to agree, according to the report of the Presidential Commission on the Assassination of Dr. J. Edgar Hoover.

Atomic Energy Uses

The Navy has awarded a contract for construction of the first atomic-powered submarine. The announcement was made in mystery as to when the project will be completed.

The Air Force is working on a project which may lead to an atomic-powered airplane. Some scientists say that a nuclear-powered plane the size of a B-36 bomber might travel 80 times around the world on the energy generated by a single pound of uranium-235.

Progress in one field often seems to encourage progress in others. As better automobiles were built, better refining and marketing processes were developed to supply the efficient and cheap fuel which the automobiles needed.

Man can use the atom to destroy himself. He may also advance his civilization by harnessing it for peaceful uses. Dynamite can be used to blow stubborn stumps from a field so that a farmer can plow the field and raise crops.

Recovery Of Japan

Japan is seeking membership in the World Monetary Fund and in the International Bank for Reconstruction and Development. Japan's application has the blessing of the Allied Supreme Command and, while some time may be necessary for Japan to take the prescribed steps to acquire membership, observers believe that the country will be admitted to the group of 49 nations.

The international banking groups were organized to help in monetary dealings among nations. Membership carries many advantages, such as industrial and trade loans. It also calls for certain responsibilities on the part of those countries which belong.

The general recovery and rehabilitation of Japan since the end of World War II are largely the result of the same and visionary manner in which the Western Powers have dealt with a defeated enemy. At the end of the war there were many who were eager to treat Japan in a vengeful manner.

Japan seems to be ready to take her place among the nations of the world which wish to live in peace. Perhaps a treaty of peace may be signed shortly. Punishing the Japanese would have kept them impoverished and made them bitter.

Defense Co-Operation

Civilian defense officials in Canada and the United States have agreed on a plan for mutual co-operation in the event of an atomic attack on North America. One defense official said that in the event of such an attack the border could be erased to allow closer co-operation.

Our neighbors along the 3,500-mile border have always respected us and held our respect. It seems certain in the event of an attack the mutual danger would cement the ties of friendship even more firmly.

Korean War

In Washington, the Air Force reported aerial photographs showed that a bombing raid last Saturday on Rashin, within 18 miles of Vladivostok, had cut North Korea's rail links with Vladivostok. The 300-ton B-29 raid hit a rail center and port which the bombers had been banned from attacking earlier because of its nearness to Russian soil.

TOKYO, Aug. 31.—An Allied spokesman said today there will be a permanent "breakdown" in truce talks to end the Korean war. The spokesman made the statement in a letter to the Communist charges that United Nations forces violated the Kaesong neutral zone in Korea.

The U. N. command began an immediate investigation of the new complaints. There were three of them. All previous charges have been denied. At Munsan, advance headquarters in Korea of U. N. truce negotiators, Major James MacMaster told newsmen there was no sign of a final breakdown in the talks.

The Allied spokesman amplified his statement by referring to the suspension of U. N. truce talks throughout the year. The spokesman said that the Communist charges were made at night and that the U. N. command was trying to build up a record of manufactured incidents by the U. N. command to make us look bad in the face of the world.

Road Widening

(Continued From Page One) have derived from the beautiful scenic highway to Silver Springs, which has become a mecca for tourists throughout the year. The right of way 200 feet wide, presents a peculiar appearance, the ground is high textured and so billowy that the highway, he stated.

Alert Clerk

It is anticipated that a 100-foot right of way will be required for the widening of the Longwood-Silver Springs Road, he stated.

"SKID ROW"

Teen-Agers' Confederate Flags On Cars Protested In Paterson

PATERSON, N. J. (Special) Aug. 31.—This city, which produced locomotives for the Union Army during the Civil War, was dismayed today at a teen-age fad—attaching miniature Confederate flags to automobiles.

The flaunting of the Stars and Bars from hundreds of automobile radio aerials in the Paterson-Park area has drawn protests from the Sons of Union Veterans.

Benjamin F. Hook, chaplain of Hugh C. Irish Camp No. 8 turned the fad "improper and entirely out of order," he declared in a statement.

Salesmen in auto supply stores which are featuring the miniature flags say they are selling to teenagers in land-office proportions. It was suggested that the custom originated at the recent Shriners' Convention in New York City, where delegates passed out small Confederate flags and imitation Confederate money.

Mayor Michael J. De Vita, who said he helped fight the Dixiecrats at the 1948 Democratic convention, assured Union supporters that the Confederate flag will never fly over City Hall.

On these occasions the talks were suspended by the U. N. command until the Reds withdrew armed troops from the Kaesong neutral area and after a company of armed Chinese soldiers marched near the building in Kaesong where negotiations were being conducted. The Red charges that the U. N. also violated the neutrality zone followed. Their complaints included some phrasology markedly similar to that used by the Allies.

USED CARS

Advertisement for used cars listing models and prices: 1946 Hudson Sedan, 1949 Mercury Sedan, 1948 Olds (6) 2 Dr. Sedan, 1948 Plymouth Special Deluxe Sedan, 1946 Buick Super Sedan, 1946 Chevrolet Window Sedan.

Florida Crime Report

(Continued From Page One) throwing their weight into the fight and keeping alive a public demand for cleanup.

The time for the step is ripe, it declared, because "everywhere" an aroused American populace is "rising up to demand that police and prosecutors exert greater vigilance in tracking down and convicting the criminals who thrive under the protective umbrella of official corruption."

The committee suggested Congress grant \$100,000 to help organize the council and recommend that government officials lend a hand in setting it up. Thereafter, the council would be expected to get its operating funds from charitable groups or private contributions.

Except for the \$100,000 starter, the committee said "it is not contemplated that the Congress would be called upon for any additional funds."

President Truman would designate the council chairman from a group nominated by the council itself.

As other weapons in the crusade against crime, the committee recommended: 1. A careful overhauling of state and local laws to make them more effective.

2. A high geared attack on the narcotics traffic, in which state and local officials would form a team with the federal authorities who now carry the bulk of the load.

The committee called for creation of a special squad in the Federal Narcotics Bureau to train local police in the specialized techniques of narcotics law enforcement.

The Narcotics Bureau staff itself should be at least doubled, the report said, declaring: "Enforcement is the one point in the entire narcotics problem where results of a tangible nature will be evident immediately."

The committee charged at one point that state and federal authorities are not making enough use of gangsters' income tax reports to get evidence for rackets.

tan areas exists in the medium cities, with similar evidence of official sanction or protection.

"In some cases the protection is obtained by the payment of bribes to public officials, often on a regular basis pursuant to a carefully conceived system. In other cases the racketeering elements make substantial contributions to political campaigns of officials, who can be relied upon to tolerate their activities."

"Sometimes these contributions will support a whole slate of officers in more than one political party, giving the racketeers virtual control of the governing body."

"Democracy vanishes in a captive community because the ordinary citizen for practical purposes has nothing to say about his government."

The honest citizen "cannot expect to be able to compete," the report went on, "in any cities, large and small, (where) former bootleggers, gangsters and hoodlums have captured political control."

Today's report was the fourth from the committee, headed in its final phase by Senator O'Connor (D-Fla.). Senator Kefauver (D-Tenn.) originally led the group but stepped down to devote more time to his family and other Senate duties. However, he gave O'Connor a hand in preparing the final draft on the committee's findings.

In its third report last May, the Committee devoted 26 pages to testimony of or relating to ex-Mayor O'Dwyer but to say's final document contained only three and one-half pages. And nowhere in those pages was there a repetition of the direct criticism leveled at O'Dwyer.

In May the Committee had said neither O'Dwyer nor his appointees to New York jobs "look any effective action against the top echelons of the gambling, narcotics, waterfront, murder or bookmaking rackets." It added then "in fact his actions impeded promising investigations of such rackets."

DeLand Red Hats Defeat Sanford Giants In Wild-Hitting Contest

DELAND, Aug. 31.—(AP)—Sore-armed Al Neville lost his first game in seven starts last night as the DeLand Red Hats avenged their loss on the Sanford Giants 14-4.

Box score for DeLand Red Hats vs Sanford Giants. DeLand: 14 runs, 4 hits, 0 errors. Sanford: 4 runs, 11 hits, 2 errors.

Extra base hits abundant as Manager Richie Klaus tried desperately to halt the outburst of the Red Hats.

Box score for DeLand Red Hats vs Sanford Giants (continued). Includes individual player statistics for both teams.

COCOA, Aug. 31.—(AP)—Right-hander Buddy Young pitched the Cocos Indians to a 3 to nothing shutout over the Leesburg Packers last night in the final home game of the season, striking out 14 men and allowing only two hits.

Box score for DeLand Red Hats vs Sanford Giants (continued). Includes team totals and additional player stats.

COCOA, Aug. 31.—(AP)—Right-hander Buddy Young pitched the Cocos Indians to a 3 to nothing shutout over the Leesburg Packers last night in the final home game of the season, striking out 14 men and allowing only two hits.

WEST POINT, N. Y., Aug. 31.—(AP)—Coach Earl (Red) Clark of Army's football team said today that his team was rebuffed by schools in the recent 'crisis' because they still have a long way to go in other schools.

Irish Gridders are rebuffed by schools. Coach Earl Clark of Army's football team said today that his team was rebuffed by schools in the recent 'crisis' because they still have a long way to go in other schools.

Patricia Berg, N. Y., was the Junior Girls National Tennis Champion here. She will go on to defend her Junior Girls National Championship in the tournament held at the Canadian National Exhibition.

Former Wimbledon Champion Patty May Take Home Forest Hills Title

FOREST HILLS, N. Y., Aug. 31.—(AP)—There is just a chance that, with all the expiring which has gone on during the week, the deep thinkers have overlooked the player who will be handed the Cup when the National Tennis Championships come to their unhurried end on Monday.

The thought struck suddenly yesterday while watching Judge Patty, a tall, wavy-haired fellow originally out of Los Angeles, put the boots to young Mervyn Rose of Australia in the fourth round of play.

With both McCreary and Rose dumped in a short space of hours, Frank Rodman of Australia was the only foreigner left to dispute the American's domination of their own championship.

Now he looks ready. His ankle still is taped, but appears not to bother him. He has all the strokes including maybe the best volleys in the game of any amateur.

His telling test will come in the next round, no doubt against Savitt if the big man from Orange, N. J., is able to play his delayed match against Straight Clark of Los Angeles today.

Patty, at any rate, was to have a good rest today while Savitt tried to play, and that didn't seem to hurt his chances against the big man in tomorrow's quarter-finals. Should he reach the

Washington Park Plans Richest Of All Horse Races

CHICAGO, Aug. 31.—(AP)—Chicago is preparing for its two biggest racing days of the season with the \$75,000 Futurity tomorrow and Labor Day's \$155,000 handicap—the sport's richest mile.

Sixteen juveniles appear ready for the Futurity and 10 older horses are expected at the post for the Washington Park Handicap, which will wind up the Washington Park meeting.

Early competition among the 2-year-olds and in the handicap division has failed to produce a champion, so the fields for the two big races include the largest groupings of crown contenders in action this year.

The juvenile affair is headed by Calumet Farm's Hill Gull, winner of the Arlington Park Futurity on the grounds here.

Futurity candidates working out yesterday included Brooklyn Combs' Jolla Eglar, which sped a half mile in 34 3/5; W. M. Wilson's Dora, in 35 1/5; three eighths in 35 2/5; Sam F. Wilson's Gushing Oil, three eighths in 35 2/5; King and Luellwitz's Tiger Sir, three eighths in 37; and William S. Miller's Tite Man, five furlongs in 1:30 3/5.

Brookmeade Stable's War King and Greenlee Stable's Irish-bred Northern Star were two more nominees arriving from the east for the rich Labor Day Handicap.

Thirty-three smaller colleges which fielded teams a year ago aren't answering the bell at all. They found they couldn't exist in this era of two-platoon, million-dollar schools and television.

The spring and summer basketball scandals and the embarrassing probe at West Point, which wrecked the country's second-ranked team, have brought demands for a return to strict amateurism in college athletics.

Then there's the television handicap. Some colleges want it, some don't. So they're giving some viewers a restricted diet on an experimental basis.

The Eastern, Southern, Southwestern and Southwest colleges are the practice wire. Amateurs tomorrow. The Big Ten won't get started until Tuesday.

George Eboran, a 20-year-old Brooklyn welterweight, failed to regain complete consciousness after he was felled by Roger Donoghue of Toronto, N. Y., in the eighth round of their bout at the title fight between welterweight champion Kid Gavilan and Billy Graham.

Flow condition remained "very critical."

Glenn "Fireball" Roberts, Daytona Beach, driving a 1931 Ford 4, ranks as one of the top favorites for the 500-mile Labor Day stock car race at Darlington International Raceway, starting at 11 A. M. Monday.

NCAA Proposes Sweeping Reform In College Sports

CHICAGO, Aug. 31.—(AP)—Sweeping reforms in football and basketball have been proposed by the National Collegiate Athletic Association for its 300 member schools in a sweeping blow against overemphasis of these major sports.

The 17-man NCAA council, governing body of the organization, has mapped an extensive 12-point program.

It strikes at the growing importance attached to spring football training, which financial help of prospective stars by alumni, snafu of scholastic entrance requirements for student athletes, unreasonably long schedules and the expansion of football's two platoon system.

The council, made up mostly of faculty representatives, branded recent scandals in football and basketball as being related to the slackening of the moral tone of the nation as a whole.

Hugh Willett of California, NCAA president, said the 12 proposals being sent to each member school will be the means to determine if sentiment nationally is in line with what they set forth.

This will give us a clue, we hope, on specific measures to be taken next January in our convention at Cincinnati," Willett said. "We want to find out how the schools and the conferences are thinking."

1—Confine practice to the recognized season of the sport or limit and rigidly supervise out of season practice.

2—Limit the number of games in each sport, either through curtailment of the season or definite game limitations.

3—Re-examine post-season games in the light of pressures they create.

Piercy Is Winner Over Clause In Marathon Match

Defending Champion Gene Tucker will meet Hollis Piercy in the finals of the City Tennis Tournament at the Mayfair Courts Sunday at 2:30 P. M. The public is invited.

Hollis Piercy defeated Clarence Clause 6-6, 6-3 yesterday to enter the final round of the City Tennis Tournament against defending champion Gene Tucker.

The first set, a marathon affair, went to Clause in every game as rallies of 25 and 30 balls were common.

But Piercy, a fierce competitor, came back from 1-3 in the final set to win the next five games and take the match.

Montgomery Grays Confound Experts In Winning Flag

The Montgomery Grays, who weren't thought to be a contender for the 1934 South Atlantic League season, were champions of the fast Class A circuit today in a decisive victory.

Veteran right-hander Kirby Higbe, who joined the Grays from Atlanta in mid-season, was the star of the team.

Second place Jacksonville dropped another hit to Charleston, 2-0, giving Montgomery a five-game edge with three days to play.

1—Confine practice to the recognized season of the sport or limit and rigidly supervise out of season practice.

2—Limit the number of games in each sport, either through curtailment of the season or definite game limitations.

3—Re-examine post-season games in the light of pressures they create.

4—Urge reconsideration of the free substitute rule to eliminate pressure implication of the platoon system.

5—Insist upon normal academic progress toward a degree for purposes of eligibility.

Mobile Bears Rise Rapidly To Third In Southern Race

By ASSOCIATED PRESS. Mobile's Bears, buried in the Southern Association second division less than two months ago, are now just half a game back of the second place Birmingham Barons.

Paul Chervinko's Bruins topped New Orleans last night, 6-2, scoring enough runs for the victory without a hit in the first inning.

The high stepping Little Rock Travelers almost wrapped up their first flag since 1942, stretching their lead to 11 games by downing Birmingham, 5-2, while the Atlanta Braves, still again to Atlanta, 10-3. Memphis tripped the Nashville Vols, 7-4.

Lefty Al Yaxilan spaced nine hits for his 14th victory while the Rocks ripped Jim Pearce and Ralph Grove for 14.

Atlanta outfielder Chuck Tanner hit safely in his 29th straight game as the Crackers won easily and climbed into a fifth-place tie with Nashville.

The Crackers pounded Bobo Newsum and two successors for 14 hits to lead Lefty Don Liddle hit 12th round success. Liddle blanked the stumbling Barons until he tired in the sweating, 90-degree evening and yielded one run in the seventh and two in the eighth.

Buddy Hicks homered with two on for the victors in the seventh and outfielder Stan Holmberg clouted a homer, triple and two singles.

Nine pitchers paraded to the hill in Memphis' victory over the Nashville Vols.

TONIGHT'S ENTRIES (Times Are Set in Post Position Order)

**THE LONE RANGERS** By Fred Steink

I TOLD YOU I SAW THE MASKED MAN AN' TURNER LOOKIN' IT OVER!  
IF THEY'RE INSIDE, WE'LL HAVE 'EM!

I SEE THEM BOTH!

YOU SAID YOU KNEW WHAT GAME RED GATES WAS PLAYIN'!

YOU GAVE GATES' VALUABLE FURS TO SELL. I'VE TAKEN THEM AWAY AND FILLED HIS WAREHOUSE WITH THESE FURS LIKE THESE WOLF AND COYOTE!

BUT WHY?

HE PROBABLY PLANS A FIRE, YOU AND THE OTHERS WILL THINK YOUR FURS ARE DESTROYED. GATES WILL HAVE THEM FOR HIMSELF!

YOUR GUESS IS RIGHT, BUT IT WON'T DO YOU ANY GOOD.

EMBRACE!  
ACT LIKE YOU'RE IN LOVE!

NO! NO! THAT POSE WAS STRICTLY FROM THE COMEDIES!

YOU TWO ACT LIKE A COUPLE OF KIDS PLAYING MISSING GAMES! ACT IN LOVE!

NOW GET IN THERE AND FITCH!—AND THIS TIME GIVE IT THE FULL TREATMENT!

PERFECT! HOLD IT!

### German Red Cops Flee To West In Larger Numbers

By BRACK CURRY

AP Newsfeature  
FRANKFURT, Germany—An "I'm fed up" feeling is growing in the Soviet-trained People's Police of East Germany. Four of five members of this red force flee across the border daily to freedom in the west.

Each new arrival claims he will be followed by hundreds and perhaps thousands of others. During June, 137 deserted. Most of the deserters are members of the regular Eastern police force. But some members of the Soviet Zone's police-army also are bolting.

What makes them risk their lives to scamper to West Berlin in Western Germany? A U.S. High Commission survey tells the story of the typical deserter as based on interviews with 1,600 former People's Police men and members of the police army, now refugees in West Berlin.

Fear and an insupportable hunger for political and personal freedom apparently are the main reasons influencing desertions. Specific complaints include:

Too much Communist ideological indoctrination, suspicion about former residence in the west, failure of the People's Police command to fulfill pre-enlistment promises of leave and promotion, and harsh discipline.

Deserters have recently cited a new general order No. 291 under which People's Police men with relatives in the west can be discharged. Existence of these relatives is checked through spies and by examining mail.

Reading material for the police is restricted almost entirely to Communist pamphlets, magazines and newspapers. It's a major offense for the police rank-and-file to be found with western literature or listening to RIAS, the American-sponsored Berlin radio station.

Indoctrination classes, discussions, newspaper-reading sessions and self-study courses occupy three to five hours of the People's Police man's day, work in and week out.

Estimates of the monthly cost of written propaganda for a People's Police man average about 10 percent of his wage. He has to pay this "voluntarily" after the fashion of Nazi-sponsored welfare collections.

Temperatures at Madrid, Spain, may vary 60 degrees in a day.

WOMEN STREAM BACK TO FACTORIES AS SHORTAGE OF WORKERS DEVELOPS

By HAL ROYLE

NEW YORK, (AP)—Rose the riveter today is more likely to be a Mrs. than a Miss.

Why are American mothers swarming back into defense factories again in numbers reminiscent of second World War days?

In the last war many women felt it was a patriotic duty to go to work in defense industries. Now many feel that way again. Others want to earn money to get more luxuries for themselves or a better deal out of life for their children.

"I guess with most of us it is a mixture of patriotism and a desire to help out our families," said Mrs. Margaret L. Packer, a pleasant, hazel-eyed woman of 42, who has five children. She looks and talks like any average housewife, and she is typical of millions of mothers who now are working again in America's expanding defense plants.

"Two thirds of the women in the plant I work in are married," she said, "and of those, two-thirds have children under 14."

She has two married daughters and a son, Donald, who is in the Navy. Still at home with her are two younger daughters, Verena, 14, and Donna, 4.

Mrs. Packer is employed by the Pratt & Whitney Aircraft Plant at Hartford, Conn. She worked there from 1942 to 1945 as a lathe operator. She was pleasantly surprised, when they called her last May, to find they wanted her for a better post. Women were being hired on exactly the same basis, and at the same rate of pay, as men.

She was immediately made one of five women instructors who train mixed classes of new men and women employees how to operate the machines that stamp out airplane parts. It is exacting work. At first there was some grumbling among the men at being taught by a woman.

"After I talked with them, and showed them how I could operate the machines," Mrs. Packer said shyly, "there weren't any more objections."

"I've found the men very nice to work with. They are more nervous at the start and make more mistakes than women. But they are easier to train and learn faster."

She earns up to \$350 a week, including overtime, and works from 3:30 P. M. until midnight. Her husband, Chasney, a skilled craftsman, is employed by the same firm from 7:30 A. M. until 3:30 P. M.

"Sunday is about the only real time we get to see each other, except coming or going," said Mrs. Packer, smiling.

But she says that working outside the home hasn't disrupted her household, because all pitch in and do their share.

"Verena—she's in high school now—is a great help to me," she said. "She gets most of the meals and helps take care of her sister. We divide the housework. And my husband takes care of the lawn and the garden."

Mrs. Packer feels that only in such a way can the problems of the outsideworking wife be solved.

"There has to be a lot of cooperation in the family," she said firmly. "Each must help the other. But if they do, everything is all right, and it is worthwhile."

"I've had no difficulty, and we've been able to do more things for the children. It is that way with most of the women I've talked to. So long as there is unity in the home, there is no trouble."

In the plant that employs her one out of every three machine operators is a woman, the same ration that existed in the last war. Mama is back in overalls again—for the duration.

No. 9

In Unity There is Strength—  
To Protect the Peace of the World,  
To Promote the Progress of America  
To Produce Prosperity for Sanford

### THE WEATHER

Partly cloudy through Tuesday with light scattered showers and thundershowers mostly in the afternoon. Little change in temperature.

## U.S. Seeks To Line Up Allies At Treaty Meet

### Methods Of Halting Russian Obstruction Are Planned

By U. S. Delegates

By JOHN M. HIGHTOWER  
SAN FRANCISCO, Sept. 3.—(AP)—The United States sought firm support from 48 nations today for a set of tough rules designed to prevent Russia from blocking the signing of a Japanese peace treaty.

The rules would limit debate and prevent treaty amendments. Their adoption is the key to American strategy for assuring success of the treaty conference, opening here tomorrow night with an address by President Truman. Led bloc countries are expected to protest the rules violently.

The Soviet deputy foreign minister, Andrei Gromyko, isolated himself in a suburban mansion with his 38-member mission and said nothing.

Western diplomats had no clues to his strategy or intentions. Debate main problems will be how to shut off debate and bring the delegates to an expected favorable vote if the Russian, Polish and Czech delegations attempt a filibuster. The signing was scheduled for Saturday.

Secretary of State Dean Acheson was to confer today with British minister of state and delegation leader, and other officials on this and related problems.

Informed diplomats said Western may urge Acheson to agree that "reasonable" debate on the rules must be permitted to prevent any appearance of American unwillingness.

President Truman was due from Washington by plane at 5:30 P. M. (5:30 P. M. E. S. T.). (Continued on Page 5)

## Wealthy Mexican To Throw Biggest Party Since 1939

By ALBURN D. WEST  
VENICE, Italy, Sept. 3.—(AP)—Don Carlo De Bonteghi staged a dress rehearsal last night for Europe's biggest and probably costliest private party since the war.

His house warming here tonight will have everything from champagne for the rich to greasy soup for the poor.

The Mexican-born millionaire is spending dollars by the thousands for his widely publicized party opening his newly-restored 18th Century Palazzo.

Some 400 of the 3,000 guests showed up last night to regale the party they will play in tonight's masquerade, a representation of bygone Venetian days.

Berwick carried their ornate cloaks, standards of their noble houses and even their jeweled crowns, but the expensive 18th century costumes for the main event were left at home.

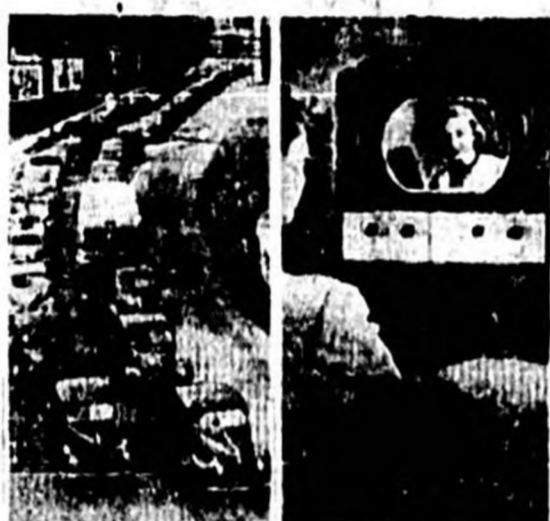

Barbara Hutton is expected tonight. Word has spread through Venice that she will wear a \$15,000 dress designed in Paris.

Tonight's dress design set step out on one of the glass balconies and watch the poor of Venice. They will have a party of their own in the square below.

They will have a greased pole to climb for prizes. Hotel actors will parade in animal costumes and there will be dancing and singing. Palace attendants said they had been planned to serve cakes and wine, but this scheme was abandoned because the poor might get out of hand.

The guests at the "palace-warming" itself will be able to eat and drink whenever they feel like it. French wines and champagne and the finest foods Venice eaters can supply will cover here and huge buffet tables.

**IF YOU DON'T**  
receive your Sanford Herald, Day Delivery, by 7:00 P. M., please call  
**YELLOW CAB 1444**  
and your paper will be delivered.

The demand for TV sets, autos, tractors and a multitude of other civilian products goes on.

## Labor we must

Labor Day 1951 finds American labor and industry faced with one of the toughest problems of their history, the production of huge quantities of military material while simultaneously trying to maintain a near-normal output of civilian goods for the consumer market.

while, at same-time, military buildup in Europe, Korea calls for huge quantities of materials.

## Holiday Accident Toll Reaches 328 On Long Weekend

### Fourteen Are Killed In Florida Due To Traffic, Drowning

By ASSOCIATED PRESS  
Motorists have racked up a bloody death toll on U. S. highways during the Labor Day holiday and they still face homebound traffic.

Early Monday morning there were 328 fatalities reported. An additional 63 persons died by drowning and 67 others in miscellaneous accidents. The grand total was 458.

At Dearborn, National Safety Council president, said the Labor Day traffic toll may well exceed the estimated 390 deaths unless motorists start home earlier, drive slowly, and be patient.

Eight members of a Fort Worth Negro family were killed and three others injured Sunday night when their auto collided with a truck south of Fort Worth.

At Aitkin, Minn., seven members of a family lost their lives after their car overturned in plunging into an eight-foot deep water-filled ditch.

The largest single accident during the holiday was a fishing boat disaster off the eastern tip of Long Island Sound.

## Civil Air Patrol Has Cub Airplane

The Sanford Squadron, Civil Air Patrol, has acquired an Air Force L-4 Cub airplane for training purposes, Capt. David L. Remley, announced today.

He stated that he had flown last week to pick up the airplane for use by the local C.A.P. members. It is now located at Slacks Ranch at Longwood where a hangar is about completed.

Members of the C.A.P. have been working during week ends for the past two months on the construction of the hangar.

"Due to the lack of funds to furnish the hangar, it has been a slow process," said Capt. Remley. A contribution of \$10 from Lee Brothers Plumbing Co. this week has furnished funds for nailing strips on the rafters, but the Squadron still needs money to buy it for the roof, he declared.

All C.A.P. members are requested by Capt. Remley to be present at the meeting Wednesday night to discuss important matters. The Squadron will meet in the City Commission room at the City Hall at 8:00 P. M.

## Question Of Japanese Resurgence Brought Up At Peace Conference

By ROBERT RUSSELL  
Chief of the Associated Press Tokyo Bureau  
SAN FRANCISCO, Sept. 3.—(AP)—Will Japan ever come back with a strong Army and Navy and fight the United States? This is the first question usually asked of anyone returning from Japan.

Briefly, the answer is: America's helping hand makes the unlikely Japan's new constitution forbids the organization of an Army, Navy, or Air Force. However, that document probably will be amended to provide for the country's defense once the peace treaty has been signed and ratified.

Japan and the United States thereafter will sign a treaty to provide for American defense of the former enemy until that country is able to defend herself.

The U. S. needs such an arrangement because of the danger of war from the north and because of the need for maintaining Japan as a friendly base to wage the war in Korea.

Japan's only armed force is a police reserve of 75,000 men, intended to provide a cadre of non-commissioned officers if an Army is formed.

The old militarists in Japan who have been in the background since their country's defeat, don't agree with the police reserve arranged by General MacArthur. They prefer a new army.

The only thing known publicly concerning the U. S. Japan separate defense treaty is that it provides for stationing American troops in Japan once the occupation has ended.

A high source said it is "short and to the point." Japanese newspapers have reported that the defense treaty would allow Japan 20 army divisions with strategic air force and coast guard.

This would place about one million men under arms.

A former Japanese admiral, whose name will have to be kept out of this story—for obvious reasons—says it is not necessary to have 20 divisions from the beginning. He suggests dissolving the police reserve and using these already trained men as five divisions of 15,000 men each, then creating another 15 divisions after drawing on the first units for non-commissioned officers.

Gravol built up from 75,000 to 1,000,000 men is suggested so that excessive pressure would not hit the nation's economy and labor pool all at once.

Premier Shigeru Yoshida, an anti-militarist, is especially concerned about the possibility of a new Japanese army taking too many men from their jobs. The taxation necessary to maintain a military force also would be too much of a burden on working men, already having about half their

RUSSIAN AND CHINESE  
MOBROW, Sept. 3.—(AP)—Prime Minister Stalin today called the Soviet-Chinese alliance "unbreakable."  
Stalin's statement appeared on the front page of Pravda in connection with a message from Chinese Communist leader Mao Tse-tung congratulating Stalin, the Russian people on the sixth anniversary of the defeat of Japan. Mao's message to Stalin also referred to the "firm alliance of the U. S. S. R. and the Chinese People's Republic directed at joint prevention of the restoration of Japanese aggressive forces."

## Cornerstone Laid At Castle Brewer In Big Dedication

### Stemper Addresses Gathering On Value Of New Project

The cornerstone of the Administration Building in Castle Brewer Court, Sanford's first housing project for Negroes, was laid yesterday afternoon in Goldboro and the project was dedicated in an impressive program, with the Rev. J. E. McKinley of the Sanford Housing Authority presiding.

He in turn introduced City Commissioner W. H. Stemper, who greeted the group of white and colored residents in behalf of the City. Two prominent Negro leaders, Prof. J. N. Grooms, principal of the Grooms Academy, and H. L. Duhart, Negro business man and friend of the late Rev. Castle Brewer, spoke in behalf of the colored residents of this city.

The cornerstone bears the inscription, "Castle Brewer Court, named in honor of the Rev. J. E. McKinley, a faithful and devoted minister of the Christian Church, who lived and labored here for many years."

Rev. McKinley traced the first beginnings of a low cost housing project in Sanford to the time in 1940 when Volle Williams, Sr., on a business trip to Panama City, broached the subject of Sanford's housing needs of Ammon McClelland, state director of Federal Housing, and asked for a survey.

This was before the City Commission organized the Sanford Housing Authority. World War II came on, said Rev. McKinley, and the project remained dormant. The dream for the project, however, found "fertile lodgment" in the mind of the late Edward Higgins, and he and Mr. Williams continued to hope that the project could be carried on.

New Federal housing laws signed by President Truman in 1949

KING'S HEALTH  
LONDON, Sept. 3.—(AP)—A Buckingham Palace spokesman said today "there is no concern whatever" over the health of King George VI.

Two physicians who have attended him previously flew to Scotland Saturday to examine the King, who is having a grouse-shooting holiday at Balmoral Castle.

"It was a routine check," it was said at the Palace. "His physicians see him at regular intervals, and they went to him by plane because they were in a hurry to get back to London."

## Reds Are Accused Of Using Peace Talks As Lever In Jap Treaty

### Muscular Youth Admits Slaying 6Year-Old Girl

### Child's Head Slammed Against Wall In "Airplane Swing"

CHICAGO, Sept. 3.—(AP)—Authorities will try to obtain a manslaughter indictment against George Fabian, 16, eighth grade pupil who admitted slaying 6-year-old Yvonne Rutz in a baby jungle.

Fabian said Fabian signed a statement yesterday in which he admitted crushing the girl's head against some rocks in a vacant lot near the Chicago-Lago border while playing airplane swing.

He said it was an accident in the game, he took the girl's ankle and wrist to his hands and swung her around in a circle. He denied and sex motive in the slaying.

"In the last swing, he bent his head on the trapeze where the bumps took their toll," his statement said. "It's made of old concrete slabs piled together. She hit so hard I slipped her head and she had three or four more rocks."

The youth, who is tanned and muscular, said he then became frightened, but he got to the weeds, and ran home.

Edwin J. Rosen, chief assistant state's attorney, said two cases will be given to the grand jury on Friday in an attempt to obtain a manslaughter indictment.

The charge carries a possible penalty of 1 to 14 years in prison. Pending the grand jury action Fabian will be held in the juvenile home.

## Stubborn Irishman Travels With Red Cross

SAN FRANCISCO, Sept. 3.—(AP)—Joe Butler insisted today "I'm just an ordinary guy" after crossing the country in the private Pullman car of the Russian delegation to the Japanese peace treaty conference.

"I don't get all this fuss over me," he said. "The phone keeps ringing and every time I turn around there's flash bulbs popping off."

Butler was dubbed the "stubborn Irishman" after he insisted that the railroad honor his constitutional rights—I don't care if he's an Irishman or what—we'll all be a lot better off."

The 69-year-old printer said he didn't come in contact with the Russians much, except to say "good morning" and "good evening"—but several poked their heads into his compartment to say goodbye when the train arrived.

Most of their talk was in Russian, said Butler, but he did hear one describe a Cleveland factory as "marvelous" and another talk admiringly of Iowa's "beautiful" wheat fields.

CIVIL DEFENSE  
WASHINGTON, Sept. 3.—(AP)—Civil Defense Administrator Milton Eisenhower said yesterday that Russia is "20 years ahead of us in civil defense." He called on the Defense Department to support the civil defense program—or kill it.

Referring to the pending 15 percent slash in federal civil defense appropriations—from \$55,000,000 down to \$45,000,000—Eisenhower said that with the latter sum "almost no kind of job" could be done.

The Russians, he added, have a bomb-shelter program and 20,000,000 persons trained in civil defense.

### Hurricanes Flare Up In Caribbean; Ships Are Warned

### 100 MPH Winds Reported In Center Of Nearest Storm

MIAMI, Sept. 3.—(AP)—Another hurricane, the fifth of the season, was discovered far out in the Atlantic today as hurricane number four churned steadily westward in the Caribbean Sea.

Grady Norton, chief storm forecaster at the Miami Weather Bureau, said the new storm was about 1,100 miles east of the Windward Islands, about half way across the Atlantic to Africa.

The steamship Barn (no further identification) first reported churning into the storm at 10 P. M. last night. Later reports at 2 A. M. and 6 A. M. confirmed circular movement. The vessel reported 10 knot winds, heavy rain and northeast swell.

"There's no doubt it's another hurricane," Norton said. "The vessel was just on the edge of our observation range."

Senator Demands Resignation Of William Douglas

WASHINGTON, Sept. 3.—(AP)—Rep. Roy D. Woodruff (R-Mich.) today demanded that William O. Douglas resign if he doesn't, Woodruff said in a statement yesterday. President Truman should request his resignation.

The congressman accused Douglas of words and acts which he said were "and comfort to the face of the United States, and demerit."

Woodruff urged his attack in interviews given by the first since his return from a mountain climbing expedition in Asia Tuesday.

Mr. Douglas' latest outburst, his statement in San Francisco that the United States should recognize Red China is merely the latest demonstration of a sad conduct that is highly proper, to say the least, in a Supreme Court justice."

Douglas told newsmen on the way coast that U. S. recognition of the Chinese Communist regime would serve in long the Chinese cause to the free world and thus weaken the ties they now have with Russia.

"It is like saying that black is white," Woodruff said. "No man who indulges in such incredibly warped reasoning is qualified to sit on the Supreme Court."

Some Republicans have viewed Douglas' statement as a possible sign that the Administration may be softening its attitude toward the Chinese Reds.

Jobless Payments Decrease Slightly

TALLAHASSEE, Sept. 3.—(Special)—Unemployment insurance payments decreased slightly the week of Aug. 20-24 as total payments were reported at \$714 less than the previous week with 25 fewer unemployed receiving checks. Raymond E. Barnes, trial Commissioner affirmed in weekly reports today.

Computed totals showed that \$240,505 in insurance was shared by 14,302 unemployed workers in the state.

Within Seminole County 180 of its unemployed received \$234 of the state's total.

Six of the 67 counties reported no unemployed receiving the state's large average check payment of \$16.75, while within the larger counties, Hillsborough and Polk, over 200 unemployed were paid and over 1000 in Dade and Orange.

### Deliberate Delay At Kaesong Charged By UN Commander; Fighting Is Bloody

By ASSOCIATED PRESS  
U. S. EIGHTH ARMY HEADQUARTERS, Korea, Sept. 3.—(AP)—Communist fighter planes today made six bombing and strafing attacks on United Nations ground forces on the east central fighting front. One of the planes was identified as a Russian-type Yak-9 fighter. The others were identified only as enemy aircraft. The Red planes made their hit-and-run attacks through clouds between 6 and 6:30 A. M. Monday. They flew north immediately after the attacks.

By DON RUTH  
TOKYO, Sept. 3.—(AP)—The United Nations command today charged Communists "may be deliberately" delaying Korean truce talks "to blacken the rest of the world" at the Japanese peace treaty conference in San Francisco.

Suspended armistice negotiations sank closer to a complete break under an outbreak of Red charges that grew like a lightning bolt.

Full-scale fighting broke 14-month-old war was ready to flare at any moment if cease-fire talks collapse completely.

A six-day battle blazed for the fourth day along the east central front. U. N. troops smashed out bloody gains through savage counterattacks by mauling Red forces.

General Matthew B. Ridgway was strongly silent about the latest Communist charge that his U. N. forces violated the Kaesong neutrality zone.

But his public relations office issued a release saying the Reds deliberately "set about to bring the peace negotiations to a standstill" without consideration for the fact that their own forces are dying at the rate of over a thousand a day.

The release said the Chinese and North Koreans "arbitrarily" entered truce talks "determined to secure by conference what they had failed to do in battle."

Subsequent events have indicated there may be a chance in the Red line of thought.

"In view of the fact that Russian announced that his government will be at San Francisco to sign the Kaesong Peace pact but to denounce it if it becomes clear as the war is prolonged day by day and as the 10th of September, opening day of the truce conference, draws closer, that the new motive for suspending cease-fire talks is clearly that up with the Japanese peace treaty."

The overt effect of such tactics is the obvious: it makes one nation in this case Korea a totally helpless pawn in the expansionist Red struggle elsewhere.

"Having failed to betray the Republic of Korea and to enslave the Korean people by force of arms, the Reds may be deliberately prolonging Korea's suffering and frustrating its eventual unification in order to blacken the rest of the world at San Francisco."

Statements issued by the public information office usually reflect the thinking in the supreme Allied commander's headquarters.

The statement again accused the Reds of manufacturing charges to prevent resumption of truce talks. Negotiations began July 10 and were broken off Aug. 23 by the Reds on the allegation that an Allied plane bombed the
