Consolation. When clouds o' epress'd the smiling sky and all in life, it seems, goes wrong— When sorrow breathes a mournful sigh and interrupts life's even song— When Happiness goes on her way and leaves me not the smallest crumb When wagues that might have aught to say to cheer me on, are stricken dumb, I cherish than my briar pipe, and smoke and dream of days to come

When silence fills the nursery room and all the youth and glee have fled— When all the gold of life is gloom and all the part is pain and dread— When I am old, and skies are grey, and tears o'erflow, though hard I try— When friends all fail me, as they stray, and shun such derelicts as I, I still shall have my briar pipe and time to dream of days gone by

A crusade to curb the cigarette habit among boys—and men, too—by application of nitrate of silver on the palates of the victims has been inaugurated by Recorder John J. McGovern, of Hoboken, N. J. If the treatment proves a success it may be introduced in the public schools of the city, the recorder announces

I heard of the success of this treatment through the experiments of a German professor, said Recorder McGovern, and found that it had been tried by the Anti-Cigarette League in Chicago, and I obtained a copy of the prescription there

At one session about fifty men and boys had their palates and throats painted by Drs Joseph Londrigan and John Granelli, of the medical staff of the Hoboken board of education. All agreed that the taste was worse than the cigarettes, but each had a different version descriptive of what the taste resembled

The taste will grow more repulsive by tomorrow, was the confidential whisper of one of the physicians to the recorder. If they smoke a cigarette or cigar for the next day or two the effects of the treatment will be sickening

Each of the patients received a prescription providing a wash of the nitrate of silver to be taken after meals, when the desire for a smoke came upon him, and all were ordered to chew the bitter root of the ginseng plant as a further step toward a cure

Congressman Claude L. Engle's bill for the relief of Florida fruit and vegetable growers is the best measure ever proposed of this kind. For years the fruit and vegetable growers of this state have been oppressed by discriminatory freight rates. From Chicago to Jacksonville a car of commodities can be sent for \$42, yet the same car back to Chicago costs over \$200

Claude L. Engle's bill, if it passes, will prove a great blessing to Florida and will save hundreds of thousands of dollars to the farmers and fruit growers of the state. It is a shame the way the fruit growers have been treated. The discrimination has kept hundreds of prospective settlers out of Florida. Down the East Coast are thousands of idle lands that should be under cultivation. Florida can provide the whole nation with the best in vegetables and fruits, but the high rates have caused this discouragement. Congressman L. Engle has found the solution in a bill that proposes that the lowest rate between two points in the same direction shall prevail. His bill means that a Florida shipper will not have to pay three times as much to get his products to market as he would have to pay to receive the same weight from outside the state. Every fruit and vegetable grower in the state is naturally deeply interested in Congressman L. Engle's relief bill. It is a just measure and its passage means more to Florida than any bill that has been introduced in congress for many years. Being a just bill and one that will prove a blessing to so many people there is no good reason for any one opposing it. I knew that Claude could be depended upon to look after the general welfare of Florida, and this is a measure of many bills he has looking toward this end. This is constructive work and the operation of Claude L. Engle's

bill means additional prosperity for Florida. I reproduce the following from the Gainesville Sun for my dancing friends: "One of the notable features of the way middle aged and elderly people are renewing their youth. Many people sixty years and more are found trying the new twisting steps. In dancing crowds couples are apt to drop out soon after they are married. This is commonly attributed to the fact that married people have new interests and get over their fifty ways. But the feeling of musical rhythm and dance steps is a very fundamental one, not greatly affected by marriage and its occupations and cares. Perhaps the real reason is that dance customs give the young and popular girl such an unfair advantage. The belle of the ball is overwhelmed with invitations. Meanwhile, if a girl is a few years older, if her friends have dropped out of moved away, she is slighted. She may be a better dancer and more charming woman. But if the lordly men of the contemporary dancing set are not well acquainted with her they pass her one side. She soon gets tired of being a wallflower and quits. The host of dancing schools that have sprung up all over the country to teach the new steps are run on a different basis. It is the business of the teacher to see that every one who buys a ticket gets a chance to dance. Partners are shifted around and home are wallflowers graze their will. Ballroom manners are selfish. The men look out their intimates and the best dancers. The fact that some nice girls having a miserable time never occurs to them. While protests are being made against some of the coarser features of dancing, let some thought be given to the unmannerly treatment accorded to the "wallflower." In these days of equal opportunity, much could be said for making half of the numbers "ladies choice." Customs are pretty crude when so many graceful dancers are outlawed because they must wait until they are invited.

POLITICAL ANNOUNCEMENTS FOR THE LEGISLATURE. I hereby announce my candidacy for the legislature subject to the action of the Democratic Primary to be held on June 2, 1914. FOREST LAKE. FOR COUNTY JUDGE. To the Democratic voters of Seminole county I wish to announce that I will be a candidate for the office of County Judge of Seminole County, subject to your action in the Primary of June 2, for re-election to the office of County Judge. I respectfully solicit your support, and present that sixteen years experience at the law has given me the knowledge requisite to the proper and efficient discharge of the duties of the office. GEORGE G. HERRING.

I hereby announce that I will be a candidate in the June Democratic primary election, 1914, for the office of County Judge of Seminole County. I am a native and justice and the evidence I have given upon the law will be my motto. Technical evasions of the law will not be allowed to defeat a candidate of justice in cases tried before me. I respectfully solicit the support of all the voters of the county. L. G. STRINGFELLOW.

FOR CLERK OF THE CIRCUIT COURT. I beg to announce to the Democratic voters of Seminole county my candidacy for the office of Clerk of the Circuit Court, subject to the decision of the Primary Election to be held June 2nd, 1914. Respectfully (DICK) R. C. MAXWELL.

To the Voters of Seminole County: I hereby announce myself a candidate for the office of County Judge of Seminole County. I beg to announce to the voters of this county my candidacy for the office of County Judge of Seminole County. I have represented the District Court in Orange and Seminole counties and ask your support upon that record. Respectfully FRANK L. WOODRUFF.

I beg to announce my candidacy for County Commissioner for District No. 2, Seminole county, Florida, subject to the decision of the Primary election to be held June 2nd, 1914. Respectfully W. J. McBRIDE.

I will be a candidate to succeed myself for the office of Sheriff of Seminole county. I have served the people in this capacity since the organization of the new county and my record as an official of the county of Orange for many years is a guarantee for your suffrage in the Democratic Primary to be held on June 2nd. Respectfully HARLES M. HAND.

FOR COUNTY TREASURER. I hereby announce my candidacy for the position of Treasurer of Seminole county, subject to the decision of the Democratic Primary. If elected I will turn all the money not actually needed for the expense of the office to the School Fund, and will guarantee the expense of the office not to exceed fifty per cent of the salary. Respectfully M. B. GARNER.

At the solicitation of my friends I will be a candidate for re-election to the office of County Treasurer of Seminole County subject to the decision of the Democratic Primary. Respectfully J. M. JONES.

I announce my candidacy for the position of Treasurer of Seminole county subject to the decision of the Democratic Primary. I have a knowledge of the practical duties and if elected will serve the people and Seminole County to the best of my ability and will appreciate your vote equally as large. Yours truly L. P. HAGAN.

FOR TAX ASSESSOR. My experience thus far in assessing and equalizing the taxes of Seminole county has convinced me that the office of Assessor is possibly the highest and most important the county has to offer. I am making a thorough and comprehensive study of the various types of value assessment in the county, and believe this information will enable me to render the property owners of Seminole county the very highest degree of service and if SERVICE IS WHAT YOU DEMAND I offer myself for re-election to the office of Assessor, subject to the decision of the forthcoming Democratic Primary. THOMAS K. HATES, Assessor of Taxes.

FOR COUNTY SURVEYOR. I announce myself as a candidate for re-election to the office of County Surveyor of Seminole county, subject to the decision of the Democratic Primary. I have had much experience in the profession of surveyor and am well posted on its details. I will appreciate your support and will guarantee to you that you will have no occasion to regret having given it to me. L. M. REHRHNER.

FOR TAX COLLECTOR. I am a candidate for the office of Tax Collector of Seminole county subject to the action of the Democratic Primary. I have had long experience in charge of the office. I have used every effort to render good service, and avoid every means of prompt and courteous treatment, and will continue to do so. JNO. D. JINKINS.

BIG CONFEDERATE REUNION AT JACKSONVILLE TO BE GREAT AFFAIR

PROMISES MUCH IN ENTERTAINMENT FOR VISITORS

CITY WILL BE WIDE OPEN

AND THERE WILL BE SOMETHING DOING FOR THE THREE SOLID DAYS OF THE REUNION

Jacksonville, Fla., Mar. 27.—Delegates and visitors to the Confederate reunion at Jacksonville in May will find many things to interest them besides a modern, enterprising city. There are trips on the river, to the seashore and elsewhere that hundreds will desire to take before returning home. The only extensive orange groves of the Jacksonville vicinity are situated on the St. Johns river some miles above the city. A trip to them can be made in a few hours by a river steamer and in shorter time by automobiles. The site of the old Harriett Beecher Stowe, author of Uncle Tom's Cabin, is at Mandarin, among the orange groves. This historic residence, however, was destroyed by fire. Some miles higher on the river is Green Cove Springs, one of the picturesque wonders of America. A claim is advanced for this spring that it is the fountain of youth that Ponce de Leon was hunting when he discovered Florida.

One of the most interesting points around Jacksonville is Ft. George Island near the mouth of the St. Johns river. The island is a high and rolling tract of land covered with sub-tropical trees and shrubs. Mt. Cornelia, the highest point on the island, is mentioned in United States Coast Survey as "the highest land on the Atlantic coast for 1,500 miles south of New Jersey highlands."

Some years ago, Hon. S. G. Benjamin, United States minister to Persia at the time he wrote, contributed an article to Harper's Magazine, on the islands of the Atlantic Coast, especially Ft. George Island, in the course of which he said: "Nowhere on the face of the earth is there such a congeries of islands. They are full of attractions and are often given in the most enchanting manner by oak forests, groves of palms and linnas, while the delicious sea breezes of a semi-tropical climate, and the historic legends of the past, invest with a wonderful poetic haze like a golden vapor that mists weaves over the roofs and spires of a distant town. The peculiarity of Ft. George Island is that, more than any other spot I have seen in our country, it seems to unite the vegetation of two zones. The pine and the oak assume a form and a richness that ally them to the rank vegetation of the jungles of the Amazon."

Another celebrated writer says of Ft. George: "From the top of Mt. Cornelia a view can be obtained unequalled probably in America for tropical luxuriance and coloring. Ft. George can be called without fear of dispute, the home of the palm, so noble and majestic are the specimens of this noble tree. Through these lovely woods wind the famous shell roads of Ft. George, forming a hard pavement and white as marble, over whose smooth surface the carriers wheels glide without a jar, and which would tempt the most timid to mount the frisky bicycle. What can be more delightful than a six mile run over a track, through the mazes of semi-tropical forest, with the salt breeze blowing up from the ocean, the song of the mocking bird, and the soft thunder of the distant breakers for an accompaniment!

But perhaps the best feature of St. George Island is the salubrity of its climate. Exposed as it is to the full influence of sea breeze, and being composed almost entirely of high and dry land; it is free from any taint of malaria, and one can, without danger to health, live here winter and summer. While affording a delightful retreat from the cold winters of the north, it does not enervate and weaken the constitution for the salt air of the Atlantic has a tonic property which counteracts the softness of the climate, and renders the atmosphere of Fort George most conducive to health and longevity."

Directly across the St. Johns river from Ft. George Island is the village of Mayport, connected with Jacksonville by a railroad. Mayport is a typical Atlantic coast settlement, full of interest to the tourist and a favorite place with fishermen. Just below Mayport are the jetties at the mouth of the St. Johns. Fishing is as fine at the jetties as at any other point in Florida. A good fisherman cannot spend a day there when the fish are biting well, go back home (Continued on Page 2)

FERTILIZER FACTORY BUILDING

New Structure Being Pushed to Completion by Army of Workmen

Under the guidance of Contractor Venable the new fertilizer factory of the Virginia-Carolina Chemical Co. is being pushed rapidly to completion. After all the differences about the location had been adjusted the work was started several days ago and already the frame work is almost up and the roof will soon be placed on the building and the factory will be ready to start operations in plenty of time for the fall crops.

The company decided to abide by the requests of the citizens who reside near the factory and to rebuild farther back from First street and the new building will front on Commercial street instead of First as formerly.

The new building will be fully as large as the one demolished by fire and will contain a most complete plant for the storage and mixing of fertilizers. Supplying as they do the southern half of the state from the Sanford factory requires a large plant and the people of Sanford are glad that this mammoth plant with the large force of hands will be left here to increase the weekly pay roll of the factory list.

Manager Brown and the Virginia-Carolina Chemical Co. have been fair in their attitude toward all parties concerned in the question of the location of the plant and every one is now united on the plan of a large and better fertilizer factory for Sanford and the company will do nothing in their magnanimous spirit of endeavoring to please not only their patrons but the people of Sanford.

No More Public Buildings

Washington, March 26. Representative Frank Clark of Florida, chairman of the House committee on public buildings and grounds, has written a letter to every member of Congress, which shows that it will be his policy to have no more public buildings authorized for public buildings at this session of Congress. The letter makes plain that no new authorizations will be granted. It says:

"Dear Colleague: I am submitting herewith a copy of the rules recently adopted by this committee, setting forth the different classes of public building projects the committee will consider at this session of Congress. The letter makes plain that no new authorizations will be granted. It says:

"Where the purchase of a site has been authorized and after effort made it is found impossible to acquire a suitable site for the amount authorized, then the committee will consider a bill to increase the limit of cost."

"Where the purchase of a site has been authorized and after effort made it is found impossible to acquire a suitable site for the amount authorized, then the committee will consider a bill to increase the limit of cost."

Unless a proposed building project comes within one of these three classes it will not even be considered by the committee."

Bulkhead Contractor Visits Sanford

Capt. Dick Smith, one of the largest dredge operators in the country was a visitor to the city yesterday, looking over the ground with the intention of making a bid for the work of building the bulkhead in front of the city on Lake Monroe.

Mr. Smith has been in the business a number of years and has a fine dredge boat and complete outfit now working at Daytona. He has had the contracts for most of the East Coast work that has been done from Daytona to Key West and also around the coast of Cuba.

Speaking of the bulkheading proposition Mr. Smith says that without doubt it will be the greatest thing that ever happened to Sanford. "From past experience," said Mr. Smith, "I know that the money spent for bulkheading will come back many fold. It is not long ago I filled in a small tract of land that was worthless. Later, nearly \$100,000 worth of lots were sold on this same land. Other instances like this all over the coast have occurred right along in the past few years, for water front property is the most desirable property that can be had and people will pay seemingly unreasonable prices for it."

A SEMINOLE COUNTY ROAD

CUT SHOWS NEW BRICK ROAD NOW BEING BUILT SOUTH OF SANFORD

NEWS FROM OVER THE STATE

There are 5,700 registered voters in Hillsborough county to date for the primary to be held in June, and a very large majority consists of Democrats. B. L. Blackburn, chairman of the Hillsborough county Democratic executive committee, who, with Dr. J. J. Head, is in charge of the registration office during the illness of Supervisor F. J. Brato, yesterday gave out a prepared bill showing the registration in each precinct, with the number of persons registered from the various parties. While pretty well indicating the respective strength of the sentiment of the Democratic and Socialist parties, which will participate in the primary, the table does not indicate the full strength of the Republican and Progressive voters, many of whom are not registering now but will register in August, to vote in the general election. The small number of votes cast by the Republican and Progressive parties in Florida at the last general election here either party from participating in the primary, under the Bryan law.

Having lost his ruddy complexion and appearing rather pale after having been in a hospital for several weeks, Judge Rhydon M. Call, United States District Court, Southern District of Florida, returned Wednesday afternoon from Baltimore, where he was a patient in the Johns Hopkins Hospital, in which a operation has recently undergone a successful operation.

While playing on the beach late Wednesday afternoon, Emily, the five and a half year old child of Mr. and Mrs. Mark Stevens, was struck by an automobile and rendered unconscious. The unfortunate accident occurred at about 5 o'clock on the beach in front of the Breakers hotel and was witnessed by several hundred people who happened to be near, all of whom seemed to be of the opinion that it was unavoidable on the part of the driver of the machine. The child, a bright little girl, in the custody of her nurse, had been playing in the sand at the extreme water's edge. The nurse having espied the car approaching started to cross the roadway, with the child following slightly in the rear. At this juncture, it is claimed the child turned back and was in the act of recrossing to the edge of the water when the machine bore down upon her. She was knocked down with considerable force and the car passed over her, but fortunately, the wheels did not come in contact with her body.

After Jane Addams, of Hull House, Chicago, has written to Mrs. Emily McDonald, Atlanta club woman and leader of the woman suffrage movement, asking if it would not be possible for Atlanta women to protest against the constitution of L. M. Frank, superintendent of the National Pencil Company, sentenced to be hanged for the murder of Mary Ellen Jones, on April 17. The Hull House leader, in her letter, which was made public last night, says that Atlanta women through their representatives in Atlanta petitioned, seek to have the execution postponed pending further investigation to determine the guilt or innocence of the convicted man. No action has been taken by the women here on Miss Addams' letter.

That the Central Florida Railway company will extend its lines south of Daytona with Allandale as the terminus, is the statement made by President Michael Scholtz. The work will be done during the coming summer and an amusement ground will be built at the end of the line. Either by the erection of a new bridge or by using the present Port Orange bridge, the line will be carried to the east side of the Halifax river and run north on the peninsula, looping the present lines at Marshall avenue.

President Wilson was warned of the departure for Washington, of a second "coxy" army which, it is said, will start April 16 from Massillon, O., the starting point of the first army twenty years ago. "General" J. S. Coxey, of Massillon, the leader, might mailed the President a letter, telling of his plans and enclosing a pamphlet on "The Coxy Plan of Setting the Idle to Work on Market Roads and Other Public Improvements." The "army" expects to arrive in Washington May 21. Coxey says, to petition the President and Congress for measures which will give work to the unemployed.

FOURTH CONGRESSIONAL DISTRICT HELD A MEETING AT SMYRNA

ITINERARY FOR CANDIDATES MAPPED OUT

DECLARE WHITE PRIMARY

CANDIDATES WILL HOLD JOINT DEBATES IN COUNTY SEAT OF EVERY COUNTY

The fourth congressional district committee, which met at New Smyrna yesterday fixed an itinerary for each candidate, and Dr. Warren offered the following resolution, which was adopted:

Whereas, Chapter 6469, Acts of 1913, Laws of Florida, provides that the executive committee of each political party may by resolution declare the terms and conditions on which legal electors shall be declared, and taken as proper members of each party; therefore,

Resolved, by the Fourth Congressional District Democratic Committee, that in addition to the qualifications specified in said chapter 6469, only white legal electors shall be permitted to vote the Democratic ticket in the ensuing primary.

Mr. W. J. Sears having tendered his resignation as secretary of the committee, at the opening of the meeting, Mr. Butler made motion, which was adopted, that the resignation be accepted and that Mr. Sears be given a vote of thanks for his efficient service to the old committee and the present one.

The meeting adjourned subject to the call of the chair. J. H. REESE, Secretary.

ELKS CONVENTION

Miami Expected to Give Antlered Herd a Warm Welcome

The following invitation has been extended to Elks and their ladies: Miami Lodge No. 948, B. P. O. E. extends to you and ladies a most cordial invitation to attend the Tenth Annual State Elks Association Convention, which will be held in our city April 6-8, 1914.

The railroads have granted a special round trip fare from your city to Miami and return. Tickets on sale by your city April 5th, good until April 9th, leaving Miami.

We have planned a three days' entertainment for all Elks and their ladies. It will certainly be a trip worth while, and give you a few days' rest from your business, and best of all, bring you in touch with your brother Elks from all over the state.

A special invitation has been tendered to His Excellency Park Trammell, Governor of Florida, to be present and we sincerely hope that we will have the pleasure of having him with us.

You have already heard that Miami is a live town, come and see for yourself, and we will show you the "Liveest Live Bunch of Elks" you have ever met in your life.

Let us call your attention to the enclosed program, especially to the prize offered by the President for the Lodge that has the largest number present. Help your Lodge win this beautiful banner by attending. Get up a bunch in your city to come to Miami. If you don't you will be sorry, when the fellows who attend get back home and tell you what a good time they had and what you missed.

You will favor us by advising if you will attend, so that we can have reservation for you on arrival, if you can, but come anyway.

son suggested that the campaign begin the first Monday in May, but the matter having been referred to the committee no action was taken.

The campaign will include the following towns: Key West, Miami, West Palm Beach, Ft. Polce, Kissimmee, Titusville, Orlando, Sanford, DeLand, Palatka, Green Cove Springs, St. Augustine and Jacksonville.

The committee then took action regarding each candidate \$25 to defray the expenses of the committee, and Dr. Warren offered the following resolution, which was adopted:

Resolved, by the Fourth Congressional District Democratic Committee, that in addition to the qualifications specified in said chapter 6469, only white legal electors shall be permitted to vote the Democratic ticket in the ensuing primary.

Mr. W. J. Sears having tendered his resignation as secretary of the committee, at the opening of the meeting, Mr. Butler made motion, which was adopted, that the resignation be accepted and that Mr. Sears be given a vote of thanks for his efficient service to the old committee and the present one.

The meeting adjourned subject to the call of the chair.

J. H. REESE, Secretary.

ELKS CONVENTION

Miami Expected to Give Antlered Herd a Warm Welcome

The following invitation has been extended to Elks and their ladies: Miami Lodge No. 948, B. P. O. E. extends to you and ladies a most cordial invitation to attend the Tenth Annual State Elks Association Convention, which will be held in our city April 6-8, 1914.

The railroads have granted a special round trip fare from your city to Miami and return. Tickets on sale by your city April 5th, good until April 9th, leaving Miami.

We have planned a three days' entertainment for all Elks and their ladies. It will certainly be a trip worth while, and give you a few days' rest from your business, and best of all, bring you in touch with your brother Elks from all over the state.

A special invitation has been tendered to His Excellency Park Trammell, Governor of Florida, to be present and we sincerely hope that we will have the pleasure of having him with us.

You have already heard that Miami is a live town, come and see for yourself, and we will show you the "Liveest Live Bunch of Elks" you have ever met in your life.

Let us call your attention to the enclosed program, especially to the prize offered by the President for the Lodge that has the largest number present. Help your Lodge win this beautiful banner by attending. Get up a bunch in your city to come to Miami. If you don't you will be sorry, when the fellows who attend get back home and tell you what a good time they had and what you missed.

GENEVA ITEMS

Miss Mabel Daniel is home again from her school on the East Coast.

Bob Lee Spier has returned to Tampa after several weeks stay in Geneva.

Miss Bertha Jacobs of Chuluota was the week end guest of Miss Emma Proctor.

Mrs. Daniel Yilgus is visiting her son, J. W. Daniel of this place.

Evan Pattishall of New York is on a visit to his parents.

Misses Susie Spier and Kate Flynt visited relatives in Kissimmee Sunday, going over in Mr. Spier's car.

Mrs. Aubrey Moran has been quite sick for several days; her many friends wish for her early recovery.

Richard Ingersoll, who visited Eustis last week returned to Geneva Wednesday to reside in future.

Mr. and Mrs. Culpepper and Mrs. J. V. Wicks visited Sanford last Tuesday. The many friends of Mrs. W. D. Adams will be glad to learn that she is rapidly recovering from her recent illness. She is now at home on Buck Lake, having returned from Orlando recently.

Little Elizabeth Ballard has so far recovered from her recent illness as to begin to learn to walk again.

S. P. Smith from Lake Pickett visited his family in Geneva Saturday.

Everyone regrets to learn that Mrs. Williams, an aged resident of Geneva, had the misfortune to break her arm last week. She is now at the home of her daughter, Mrs. Coffey.

Mr. Dann of Miami visited relatives in Geneva last week.

Mrs. Lewis of Defiance, Ohio, who has been a guest of the Geneva House, is now in Orlando for medical aid. Many friends of this excellent lady wish for her an early recovery.

Miss Belle Eichner of Baltimore is visiting her sister, Mrs. Cuffey.

The box supper at the hall Friday night was a most splendid success financially and socially and a neat sum was realized for the work of the Baptist church. The pleasing recitations of Misses Jeanetta Sheldon, Emma Proctor, Mabel Daniel and Abbie Doudney added much to the enjoyment of the evening.

Mrs. and Miss Tarbel entertained at a delightful four course dinner last Saturday at their pleasant home in the "White City." Those invited were Mesdames Chambliss, Wicks and David Spier.

cabbage, said to be the best in this section.

G. F. Smith has 60 acres of snap beans planted where his celery fields were, Florida Gardens Co. has 15 acres, Seminole Farms 18 acres and there are many smaller pieces. Florida Gardens Co. have 15 acres of the best looking cukes about here.

Franklin G. Evans of Kelton, Pa., director and stockholder of the Florida Gardens Co., Inc., is the guest of B. A. Howard, president of same company. Mr. Evans is much pleased with the crop showing and prospects of the company. Mr. Evans is quite an extensive grower of mushrooms at his home town and talks very interestingly on the subject.

Cecil Mooney of Ft. Read left Sunday for DeLand to join the "Seep Mexico" car, having accepted a position with it.

Mr. and Mrs. James Fisher are now making their home in Tampa.

Mrs. J. W. Prevatt of Geneva was a visitor at the McClelland home a portion of last week.

J. W. Gormly was out from town visiting with Cameron City friends last week.

Miss Annie Brown of Ft. Christmas is spending some time with her sister, Mrs. J. P. McClelland.

A man named Price, of Ohio has bought ten acres of land of Edgar Brown on corner of Geneva and Richmond avenues.

J. F. McClelland has bought five acres of cleared land of Peter Hartman, it joins the McClelland farm on the south and Mr. McClelland has bought a lot of Joe Cameron, east of the church. We understand Mr. McClelland will build a store building on said lot and move his present store back and remodel it into a residence.

LAKE MARY ITEMS

Mr. E. Billings and Mrs. T. Kilbourn of Canada visited Mr. and Mrs. Carter of this place last week.

Rev. J. Pomeroy paid Eustis a visit last week.

Mr. Poston, the new turpentine manager has recently moved his family here.

The new P. O. building when completed will add much to the looks of our little town.

Rev. Pomeroy will deliver his last sermon Sunday night before returning to his home in the north. Bro. Pomeroy has made many friends here and will be sadly missed when gone.

MOORE'S STATION

There was considerable frost noticed the morning of Mar. 23rd. Some damage reported from exposed places.

Florida Gardens Co. are cutting three cars of fine celery this week. H. H. Chappell shipped 25 cars of splendid celery from his Celery avenue farms last week and 25 cars the week before. The winter crop is getting pretty well gone. The cool weather has been most favorable for it. It is getting quite dry again, but spring crops including spring celery are looking well for all the cool weather. The Florida Gardens Co. will ship this week several cars of cabbage. They have about 25 acres of very fine

Dodson's Guarantee Explained By Dodson

Read What Dodson Says About His Liver Tonic to You Who Suffer From Constipation

Dodson's Liver Tonic takes the place of calomel. Instead of being dangerous, it is harmless and works easily and naturally, without bad after effects. I have authorized L. R. Phillips & Co. to refund purchase price (50c) to you instantly without question if you are in any way dissatisfied with it. If Dodson's Liver Tonic can't help you I don't want your money.

That's how Dodson feels about this pleasant tasting vegetable liquid liver regulator and reliver of constipation and biliousness.

The lives of so many people have been brightened and bettered by this great remedy that leading druggists now recommend it and seven of America's most prominent physicians O. K'd it, after thorough analysis of its ingredients and effects.

It is generally known that calomel being a poison, is a peril to many. It stays in the system and, while it may seem to give you a temporary relief, often knocks you out for several days.

With Dodson's Liver Tonic you are set right without ache or grip and with no bad results to interfere in the slightest way with your regular occupation and habits. So great a number of former sufferers from constipation and inactive liver have been vastly benefited by Dodson's Liver Tonic that it would seem wise for you to give it a trial now. Children like it and it does wonders for them.

and tell his story, and be believed. When it is a matter of physical endurance—a contest between the hardy tribes of the ocean and land.

Traveling south from Mayport, the points of interest within easy reach of Jacksonville are Atlantic Beach and Pablo Beach. There is no finer beach on the Atlantic coast. The beauties of this beach were not recognized until the early eighties when a stock company, composed of business men of Jacksonville, was formed to develop the place. To be intelligently understood and appreciated one must know that Atlantic Beach extends from the mouth, practically, of the St. Johns river thirty miles south. It is straight, sandy, gently shelving and free from rocks, snags and treacherous sand. The beach is but sixteen miles from Jacksonville and is reached by rail or automobiles over a magnificent road. The trip from Jacksonville to this beach is one of the most delightful to be found in Florida, and will be a popular diversion for reunion visitors. There are good hotel accommodations both at Pablo and Atlantic Beach, the two places being only three miles apart. Surf bathing along Atlantic Beach is safe and delightful. Thousands of people go to the beach every summer to enjoy the ocean breeze, surf bathing and fishing.

One of the best ways to dodge hard luck is to beat the bartender home every night.

THE MUSICAL FEST

The Musical Fest at the Congregational church on Tuesday evening was an event which fully justified the Sanford public in its expectation of pleasure in any program presented under the directorship of Mr. E. T. Woodruff. The occasion was a fine artistic success and from the opening overture played by the church orchestra to the magnificent final choral, the audience was held in close and delighted attention. Too much cannot be said in praise of the chorus work so perfectly did the many

voices harmonize, so like magic was their response to the leader's baton. Mrs. Brady with her violin, and Miss Stumon with her cornet were received with enthusiasm, as both are favorites in the city, and the occasion accorded Mr. Woodruff's numbers were only an added attraction to the affair and appreciated by the church orchestra to the magnificent final choral, the audience was held in close and delighted attention. Too much cannot be said in praise of the chorus work so perfectly did the many

and too frequently commented upon. Both excelled themselves upon this occasion. The church had been beautifully decorated for the concert, with roses and garlands, and prettier of all the boxes of young girls on the balcony with their baskets of blossoms, but if there had been no other decoration than the seventy-five people grouped on platform and choir, there would have seemed no lack. The program was as follows:

Last Witch Burning.

There are countries in which the execution of women as witches is only a thing of yesterday. The last instance of witch burning occurred as recently as 1868 in Peru, and in other parts of South America cases continued to occur until well into the second half of the nineteenth century. England's own last conviction for witchcraft took place at Hertford in 1712, and Scotland condemned a witch ten years later, while Spain and Germany retained a judicial belief in witchcraft and the justice of killing them until 1782 and 1796.

Meteorite Falls Near Woman.

A meteorite weighing 27 pounds was recently the subject of discussion in chemical circles in Johannesburg, South Africa. The stone fell in Zululand a few months ago, and was not only noticed by an eye witness some 15 miles away, but fell within a few feet of a native woman, who gave information which led to its discovery. The meteorite cannot so far be broken. It is known, however, to contain platinum.

Broken Heart Caused Death.

A broken heart, caused by violent beating due to sudden emotion, was said by a doctor to be responsible for the death of Alexander Burness, sixty-four, a master tailor, at a London inquest. Burness fell and died during an altercation with a foreman cutter as to the ownership of certain articles which he was about to remove from his former premises to new ones.

Planted Trees to Honor Chiefs.

During the presidential campaign of Andrew Jackson, who was called "Old Hickory," his admirers planted scores of hickory trees throughout the land in his honor and at the same time to magnify a party slogan. When John Quincy Adams was a presidential candidate, his followers planted oaks in his honor.

No "Floater" in 1700.

In parts of New England during the seventeenth century voters had to reside in a "stone house of the dimensions of 20 by 15 feet, with one or more brick chimney or chimneys." Each voter had also to be certified by his neighbors "of sober and peaceful conversation."

Office in Herald Building Telephone No. 148

The Herald will pay one dollar for spring poems that will stick.

The snow line has crept from Hudson's Bay to Tennessee and even farther south.

Never again will we complain of the hot weather but will welcome it like a long lost brother.

On account of the high winds there was no frost in this section Sunday night, although heavy frosts are reported in other parts of the south.

The spring crops of Sanford should bring in the money this season for with the extreme weather north it is a certainty that there will be no green stuff for some time to come.

Dan McMullin says that Hillsborough county is virtually dry and that the drought is not and there the matter stands. Meanwhile we should be able to hear from Hubert Alyn before the Press Association meets again.

The Building & Loan Association announces that they have money on hand now for quick loans and with the cheap property being sold here soon at auction some of our people should take advantage of the prices and the opportunity and build them a home of their own.

Editor Holly of the Sanford Herald admits that he is getting too old to dance the tango, and regards the modern dances as demoralizing.

Well, whatever it is, Joe, you can dance it all right. Just watch it in Ft. Myers.

The merchants of Sanford expect to sign a petition to close their stores on Saturday nights at ten o'clock sharp.

In another part of this paper is an article about the anniversary of Hon. J. H. Lee of Ovidio written by the editor of the Reporter-Star presumably, at least it appears in that paper and the article states that county division "threw him out of his orbit and as a shining meteor marking out a new course he has accepted the fate that has cast him from his beloved home county."

We do not exactly understand this translation of the directory but as a friend of Mr. Lee would advise him to see a physician. We suppose that outside of all this he is all right and The Herald takes this opportunity of congratulating him on reaching his 70th birthday and sincerely hopes that "throwing him out of his orbit will not impair his future health in Seminole county and that he may live 70 years longer."

JESSE BURTZ ASLEEP

Jesse Burtz, one of the best boys that ever wielded a pencil on Florida newspaper, fell asleep last Wednesday at his home in Gainesville.

Joe Reese—LEGISLATOR

In giving some prospective legislators for Orange county in a current issue we overlooked J. Hugh Reese of the Orlando

Sentinel and to remind us of our neglect Joe announces himself. We did not discover you, Joe, but you are the real thing in the legislative line and we are for you strong. There is no man in Florida so thoroughly conversant with the political situation as J. Hugh Reese and certainly no man who is more progressive, honest and conscientious in his convictions and while we cannot vote for him we hope he will be elected by a large majority. Orange county will certainly make no mistake in sending J. Hugh to the legislature for he will shed honor and lustre upon the fair name of Orange. With Triplett, Reese, Woods and Russell, the newspaper fraternity will be well represented in Tallahassee.

DELAY PRESS CLUB

On account of several of the brethren not wishing to take so many trips over the country and staying away from home at night the Lake Region Press Club will not be organized until after the meeting of the Florida Press Association. We have heard from many of the editors in the five counties and they seem to think they will have more time after the first of May to form the five county press club and not wishing to hold the meeting until all concerned can attend we will postpone the date of the meeting for organization until after the meet at Ft. Myers and we can formulate plans there. All of the editors and job printers in the five counties are anxious to form the press club but it seems rather difficult in arranging a date that will suit each individual and pertinent to the general opinion that a later date would be better the date is postponed until after the big meeting at Ft. Myers, where all the editors of Florida will gather for the largest time in the history of the organization.

AT THE PANAMA EXPO

Commissioner French Will Reproduce Fort Marion

With fifty genuine Seminole Indians living in a carefully and correctly reproduced replica of old Fort Marion in St. Augustine, the Florida state building is certain to prove one of the big show places of the Panama Pacific exposition in San Francisco next year, and at the same time, the great Peninsula state is certain to receive many thousands of dollars' worth of valuable advertising as a publicity such as will net big returns directly and indirectly.

Special Commissioner A. V. French of Sanford, the official Florida representative of the state's interests at this great world's fair will arrive here tomorrow and with Talley & Sumner, the architects engaged for reproducing the old, historic fortification, will visit St. Augustine and make all of the necessary measurements looking for a complete and correct reproduction of this national landmark.

Authoritative information received from the exposition commissioner in San Francisco is to the effect that as soon as it was learned that Florida contemplated the annual reproduction of old Fort Marion, this state was given one of the very best locations in the entire exposition grounds. A reason for this was the keen perception and genuine appreciation of Florida's acknowledged rights and special privileges for exceptional distinction in connection with the opening of the Atlantic and Pacific oceans.

In the first place, it is a matter of record that Florida's first settlers, back in the days of the Spanish possession, even then dreamed of a new route to the far west. Far more significant is the fact that Jacksonville, as the recognized seaport gateway to the southeast, has recently developed a commercial importance that is both national and world-wide.

As conclusive proof of the position which Florida is held by the country at large the recent action of the Panama-Pacific exposition authorities in its own story.

While there were many of the big eastern and commercially important middle western states begging for a location on the bay, thus affording the tremendous advantage of securing all of the publicity from every passing steamer and craft, the fact remains that Florida was granted this great distinction when it was learned that it was the purpose of the Paninsular state to accurately reproduce old Fort Marion.

The site granted by the commissioners is similar to that on which the old fort now stands, as the exposition commissioners realized that old Fort Marion had its claims to consideration in an Atlantic-Pacific event that had to be satisfied. And the fact that they acted accordingly is as great and practical a compliment to the part of Jacksonville of today as it is of the old fortifications of the Ancient City.

It necessarily follows that not one of the millions of visitors to this coming world's fair can possibly miss seeing Florida's conspicuous exhibit, which is certain to prove one of the most popular as well as the most historic centers of the great exposition.

Great interest will be added through the fact that arrangements have already been completed for carrying some fifty of the Seminole Indians to Ft. Marion and all these will make their home in the reproduction of old Fort Marion in a way that will add much to the "Florida local color" and give a genuine suggestion of the days and descendants of Chief Os-

ceals such as could not be secured in any other possible way.

That these original "citizens of the Everglades" will afford a strong and interesting contrast to the Indians of the western government reservations, is absolutely certain. That they will also attract practically every visitor to the exposition to the Florida building is equally sure as ethnologically they represent an entirely different race from the Red Men of the west.

While this state has failed to make any appropriation through its legislature all of the counties will carry exhibits in the reproduction of old Fort Marion and in this way it is certain that large sums of money for investment as well as many housekeepers will be attracted to the land of sunshine and lagoons that has proved such a formidable rival of southern California.

Rev. Dr. Joel Swartz

Rev. Dr. Joel Swartz, theologian, educator and writer, died yesterday morning at Windsor Park, Wilkes-Barre, the residence of his son, Prof. Charles K. Swartz, of the faculty of Johns Hopkins University.

Dr. Swartz was born near Strasburg, Va., August 18, 1817. He graduated from Capitol University, Columbus, Ohio, in 1844, and entered the ministry of the Lutheran church. From 1860 to 1865 he was pastor of the Second English Lutheran church of this city. He served congregations of the General Synod of the Evangelical Lutheran Church in Cincinnati, Carlisle, Pa., Williamsport, Pa., Philadelphia, Harrisburg, and Gettysburg, Pa. He resigned the Baltimore pastorate to become professor of homiletics and hermeneutics at Wilkes-Barre Lutheran Theological Seminary at Springfield, Ohio. He was chairman of the committee that prepared the General Synod's Book of Worship.

Twenty years ago Dr. Swartz affiliated with the Congregational church and since then had held pastorates in Steubenville, Ohio, Devon, Pa., and St. Louis, Mo., being actively engaged in the work of the ministry until he was nearly 85 years old. After a brief residence in Florida, where he went when his health began to fail, Dr. Swartz came to Baltimore nearly two years ago and has since made his home with his son, Professor Swartz.

Dr. Swartz published several volumes of poetry and was a prolific writer of devotional literature. He also was conspicuous as a worker in reform movements.

In 1847 Dr. Swartz married Miss Adeline Rosser, related to the family of General Rosser. Mrs. Swartz was prominent for her work during the girls and boys who sold newspapers in this city during the civil war. She established the Children's Industrial Home, a large institution at Harrisburg, Pa.

He leaves a widow, Dr. Swartz is survived by a daughter, Mrs. H. O. Hildebrand of Wayne, Pa., and four sons—Rev. Dr. William P. Swartz, secretary of the New York Sabbath committee; Prof. Charles K. Swartz, of the department of geology, Johns Hopkins University; Rev. Herman F. Swartz, secretary of the Congregational Home Missionary Society, New York City, and Prof. George O. Swartz of Philadelphia. There are 16 grandchildren, among them Dr. Joel Henry Hildebrand, professor of chemistry in the University of California, and Philip Allen Swartz, residing in St. Petersburg, Fla. There are also three great grandchildren.—Baltimore Sun.

That the administration fight in the senate against free tolls in the Panama Canal act will be led by Senator Hoke Smith became apparent when the Georgian introduced a comprehensive amendment calculated to establish that the fight for free tolls is in effect a fight to commit the United States government to an enormous ship subsidy. The amendment sought by the senators' amendment will establish in cold figures the true amount of money that the free toll advocates would take from the federal treasury annually and put into the pockets of the shipping trust. Senator Smith addressed the senate on the question immediately following the conclusion of Senator Chamberlain's remarks attacking the administration's program with reference to the toll question.

THE STRONGEST, LARGEST AND OLDEST BANK IN SEMINOLE COUNTY

An unsuccessful attempt to rob the Atlanta State Savings Bank, No. 200 Auburn avenue, a negro institution, was made late yesterday by a lone bandit. The police having arrested a white man giving his name as Ed. R. Rhynals, thirty years old, on suspicion of having attempted to hold up the cashier, Rhynals says he is married, is an actor and has knowledge of the crime.

Barney Sheridan, who has tried to "come back" in the dancing game and failed, says that when a man passes 28 and a woman 25 they lose their "pop" in dancing. He says they may still enjoy dancing and will struggle along all evening, but their limbs lack the springiness and elasticity enjoyed by the younger people.—Kansas City Journal.

Bees Were Too Busy.
The mystery of the stopping of the town clock at Newton, N. J., was solved after two days' investigation when three "little busy bees" were found on one of the delicate pieces of mechanism of the big timepiece. No doubt trying to "improve" each other's hour.

LOVING CUP

Presented to J. H. Lee by Loving Friends

Mr. J. H. Lee is today celebrating his birthday, having reached his three score years and ten, a well rounded life, and a citizen loved and respected second to none in all the territory that once marked the great county of Orange. A man of honor in both public and private life, he is missed from the county of Orange, being transferred to Seminole, that new star in the constellation forming the commonwealth of Florida, in which he took such an active stand against the partition act of the last legislature which threw him out of his orbit, and as a shining meteor marking out a new course, he has accepted the fate that has cast him from his beloved home county.

Although no longer a citizen of Orange, Mr. Lee is none the less loved and revered by the citizens of Orlando, who today in large numbers stormed the little town of Oviedo to surprise and greet their old friend on this his 70th birthday.

The occasion is being made more than a passing memory for the large delegation of Orlando's leading citizens and business men came with them a loving cup to present to their friend and former fellow citizen. The cup, a handsome silver one, was purchased by T. H. Evans, the jeweler, and bears the following inscription:

Silver Loving Cup
Presented
to
J. H. Lee
By Orlando Friends
On His 70th Birthday
March 24, 1914

Those composing a part of the big delegation that left Orlando by automobile at 10 o'clock this afternoon were: J. K. Gentry, T. J. Watkins, W. M. Shepton, N. P. Yowell, Dr. C. P. Christ, H. H. Dickson, S. E. Ives, Sr., J. M. Cheney, James A. Knox, H. R. Bradshaw, E. G. Duckworth, Arthur Butt, T. P. Warlow, W. L. Nuckolls, A. G. Branham, J. L. Giles, Seth Woodruff, W. M. Robinson, C. B. Howard, W. L. Doherty, Wm. Martin, William F. Martin, Geo. E. Noland and Josiah Perera.

The presentation speech was addressed to Mr. Dickson, who served for fourteen years with Mr. Lee as county commissioner of the county of Orange, in which the latter was always an honored and appreciated member of the body, and who was always found upon the side of progress and right.

Mr. Lee had been wholly kept in the dark as to the coming of his Orlando friends, and not since the anti-division barbecue of a year ago, had Oviedo resounded with the voices of so many people from the capital city. Orlando Reporter-Star.

Lot Sale Will Be Bona Fide

There has been some current talk to the effect that the lot sale to be put on next Tuesday by the Holden Real Estate Co. would not be a bona fide sale and that unless the lots brought a fancy price they would be bid in.

In order to allay any suspicion in this regard Mr. Thigpen, manager of the Holden Co. has asked that The Herald publish the following statement:

"This is to certify that every lot that is put up for sale next Tuesday will be sold to the highest bidder; that I will not bid on any lot and that no by-bidding will be allowed."

Signed: W. J. THIGPEN

Big Turkeys

B. H. Muehler and W. G. Blodsoe brought in some mammoth white turkeys to The Herald office this week and they are the largest that have ever been seen in this section. They weighed from 12 to 14 pounds and were of fine quality.

The attention of all club members is called to the cooked food sale at Irwin & Giles for Saturday for the benefit of the Rest Room. A liberal patronage will be appreciated.

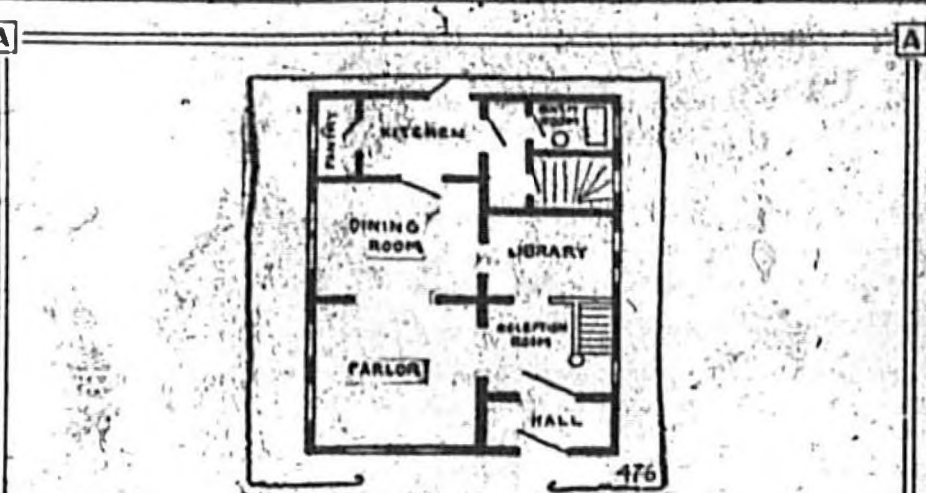

The annual election of officers of the Welfare Department was held Wednesday afternoon; Mrs. H. C. Gurrer, vice chairman; Miss Mell Whitner, secretary-treasurer; Mrs. Will McKinnon, program committee; Mrs. John Meisch, finance committee; health committee, Mrs. E. W. D. Dunn; colored work, Mrs. A. E. Phillips; Library extension, Mrs. May Dickens. The committee for the Peter Pan Society Ladies' Minstrel consists of Mrs. Gurrer, Miss Fish, Mrs. W. L. Morgan, Mrs. W. W. Abernathy, Mrs. W. E. Hourholder.

Reception

On Wednesday afternoon the Woman's Club was again the scene of a lovely reception given by the Literary Department in the whole club. The rooms were artistically decorated and a note of charming simplicity and good taste prevailed that was very noticeable. Graceful palms and plumosa ferns were the greens used and with quantities of red roses, geraniums and carnations, lilies and nasturtiums carried out the club colors, red and green. The Literary Department has been studying American literature during the past season and the delightful program was made up of selections from the works of the authors under discussion. Mrs. George L. Mays, president of the department, presided and gave the address of welcome and greeting. Seated at the right was Mrs. R. E. Foster, who formerly lived in Sanford and is now residing in the winter here. Mrs. Foster was the first president of the Literary Club out of which has grown the literary department of the Woman's Club. She was introduced and addressed the ladies in a charming, graceful manner. Another guest of honor was Mrs. H. M. Papworth of New York, who was secretary at the time Mrs. Foster was president. Mrs. Papworth also addressed the ladies in a few well chosen words. Another guest of honor was Mrs. H. S. Kaylor of New York, formerly president of the Welaka Club, and she was introduced to the ladies.

Mrs. O. W. Brady, accompanied by Miss Olive Hill played a lovely selection on the piano. This was followed by a reading, entitled "The Great Stone Face," by Hawthorne, in a beautiful manner by Mrs. Gertrude Green. A vocal duet by Miss Olive Hill and Mrs. V. J. Appinwall was most greatly enjoyed. A reading, "King Robert of Sicily from Longfellow was charmingly given by Mrs. L. R. Philips. Miss Appinwall sang exquisitely Schumann's by Ronald. The program closed by a splendid rendition of "The Courtin'" by Mrs. L. R. Philips. The reception committee who contributed largely to the success of the delightful affair was Mrs. M. J. Jenkins, Mrs. C. C. Woodruff, Mrs. G. F. Stringer and Mrs. G. B. Waldron. The decorating committee was Mrs. F. F. Dutton, Mrs. Moughton and Miss Gertrude Green. Assisting in serving was Miss Ethel Moughton, Miss Kathleen Waldron and Miss Claire Walker. The refreshments consisted of salad, sandwiches, wafers, puddings and coffee.

This is the last one of the series of receptions given by each department of the club to the members of the club, and each one has been a marked success, especially that will be long remembered by those who were so fortunate as to be present.

Normal Institute

The Normal Institute for Sunday School Workers was conducted last week by Prof. J. J. Perkins and Rev. George Hymen. Twenty-five of the Sunday school officers and teachers stood the examinations successfully and were awarded diplomas from the Sunday School Board at Nashville, Tenn.

Those receiving diplomas are as follows: Messrs. N. J. Perkins, Jno. D. Jenkins, Payton S. Fortson, Geo. D. Ballard, Paul McKinney, K. R. Murrell, Charles L. Polk, M. W. Lovell, Mesdames Edgar Biggers, Mae Hill Luke, Frederick Reasner, Harglet Boyntz Polk, Paul McKinney, Emma H. Cox, S. G. Kennedy, W. T. Wheeler, Misses Edith C. Stewart, Ruth Charlotte Stewart, Minnie S. Stewart, Marie Jenkins, Cora Lee Haugrick, Maud Gifford Foster, Albe Trafford, Mary M. Glidwell, Clara Millick.

The Sunday school at the Baptist church is operated by a board of trustees elected by the church in its annual business meeting. It is the desire of this board of trustees that before long it can be made a requirement of the teachers and officers that all hold a normal diploma. To help this movement another school will be conducted some time in the summer.

The Baptist Sunday school is not only a meeting place but it really does school work. Before long written examinations and quarterly reports will be introduced.

It is now offered at the bargain price of \$2,500.00 for sale quick. A. B. CONNELLY, Sanford, Florida. 61-1fc

Colbert-Hunter

W. M. Colbert and Miss Mary W. Hunter were united in marriage Wednesday afternoon at 2 o'clock at the Congregational parsonage. The ceremony was performed by Rev. Strong, pastor of the Congregational church and only the immediate friends and relatives of the contracting parties being present.

Immediately after the ceremony, that made them man and wife the happy couple left on the southbound train for Tampa where they embarked for Cuba, where they will spend several weeks and upon their return will go to the Colbert place west of this city and be at home to their many friends.

The bride is the daughter of J. W. Hunter, a prominent grower and resident of the West Side. She has been a resident of the city for the past five years, this family removing here from their North Carolina home and making the Sanford section their adopted home. She has a large circle of friends in this city and in the Old North State who will give her their blessing in embarking upon the matrimonial seas.

The groom has been a resident of this city for several years coming here from Virginia with his brother, N. A. Colbert, who well known grower and vegetable grower and the Colbert Bros. has been very successful as growers and business men and have the esteem and confidence of the people of this section.

The many friends of Mr. and Mrs. Colbert extend congratulations and best wishes, in which The Herald joins.

Florida Woman Made Able to Eat Her First Meal After Two Years

Mrs. McManus Takes Mayr's Wonderful Stomach Remedy and Quits "Soft Diet"

Mrs. B. McManus of 324 East Chestnut street, Jacksonville, Fla., suffered so severely from stomach troubles that she lived for two years on soups and "soft diet."

She took Mayr's Wonderful Stomach Remedy and went to eating regular meals. Here is a part of her letter:

"Your medicine is the greatest remedy on earth. Enclosed find order for three more bottles. I have eaten my first meal in over two years since taking your medicine. I have been living on a soft diet, but, thank God, I am much better."

People everywhere have had just such experiences. Mayr's Wonderful Stomach Remedy has been proved a health

restorer by thousands who have taken it. It is known everywhere.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonous matter. It brings swift relief to sufferers from stomach, liver and intestinal troubles. Many declare that it has saved them from dangerous operations and many are sure that it has saved their lives.

Because of the remarkable success of this remedy there are many imitations so be cautious. Be sure it's Mayr's. Go the L. R. Philips & Co.'s drug store and ask about the wonderful results it has been accomplishing in cases they know—or send to Geo. H. Mayr, M.D., Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. THE MINARET GOWN.

Hoop! The Hoopskirt Is With Us Once More.

PAUL POIRET'S FANCY CREATION.

This is the minaret gown that Paul Poiret, the famous Parisian dressmaker, wishes womanhood to adopt as the 1913-14 style of costume. The tunic of transparent stuff is wired with a hoop, and the lines of the figure show through. In great contrast is the narrowness of the skirt, which can be seen through the tunic and tapers to the feet.

In spite of the odd appearance of the gown as it first comes into the line of vision, the designers say that there are undeniably audacious and chic about it which will appeal to most women.

Prospective Sons-in-law.

"How much do most mothers know of the men their daughters finally marry?" asks a contributor to the Woman's Home Companion. "And how much real friendship and trust are there usually between young men and the mothers of the girls the young men choose to marry? Yet I do not see a general rule could be made of the fault of the young men. The mothers are older and wiser—should be wiser at least in all such matters—yet they are generally slow to speak of them or share in them, whether from shyness or jealousy or inability to express themselves or a forgetfulness of the years when they, too, were young.

"The mother who does not think herself wiser in all these matters than her daughter is rare to find. Yet there are not so many mothers who are consciously helping (fitting would be the better word) their daughters to make a wise and rational choice. Perhaps most mothers have a hope that when the time comes they may be allowed to choose for these daughters of theirs, and they fail to realize that almost their whole duty lies in fitting them to choose for themselves."

Mallins Frills For Plain Frocks.

Provided they can be kept fresh looking, there is no easier way of dressing up the plain little frock in serge or dark silk which nearly every girl has for early autumn wear than a wrist buck and plastron set in white mallins. The wristlets are merely very full three inch wide frills, shirred on to narrow ribbons, by which they may be attached to cuffless sleeves, and the collar consists of two frills, one of three inch width overlapping one of four inch at the center of the back. They are wired to stand up, whence they taper gradually to beneath the collar where they lie flat and are secured under a narrow velvet wrap bow. The plastron is a bib shaped affair of finely tucked mallins extending from the shoulders to below the bust and further lengthened and widened by a three inch frilling.

A Stenciling Hint.

Few people realize that scrim curtains should always be stenciled on the wrong side. These curtains, done in the pale roses, blues or greens, add considerably to the beauty of a bedroom, and the ones done in the darker tones are quite suitable for living rooms. However, when they are done on the right side and hung at a window the outside or wrong side is without design, while if the stenciled side is hung next to the window the light shining through the curtains gives the effect of having been stenciled on both sides. Many people use the scrim curtains for boudoir of bedroom during the entire winter.

Use Time Well.

A young business woman who works until 4 o'clock each afternoon passes one afternoon a week from 4 until 9 at a public library reading the current magazines and "keeping posted," as she puts it. Nothing is allowed to interfere with this standing engagement, and the girl who has a trifling declares that it is really quite remarkable what a lot of reading one can get into two hours a week when it is done regularly.

Entirely a Personal Matter. Mark Twain and his peculiarities were being discussed by an English class in a western high school. One youthful orator had very eloquently described Mark's personal appearance and had laid unusual stress on the author's fondness for wearing white flannel. "Gee!" said one much interested youth. "I don't see how the public knows whether his flannels was red or white."—Everybody's Magazine.

World Beyond Our Ken. There are noises louder than thunder which we cannot hear, the roar that lies on the other side of silence. We men are poor, restless prisoners, hemmed in by our senses as by the wall of a cell, hearing only a part of Nature's orchestra and that part imperfectly; seeing only a thousandth part of the color marvels about us and seeing that infinitesimal part incorrectly and partially. From "Unpathed Waters," by Frank Harris.

Pleasant for Mamma. "And what did my little darling do in school today?" a mother asked of her youngest son—a second grader. "We had nature study, and it was my turn to bring a specimen," said the boy. "That was nice. What did you do?" "I brought a cockroach in a bottle and I told teacher we had lots more and if she wanted I would bring one every day."

Evidently Knew His Townsmen. A somewhat personal reference was that of an old Lanarkshire minister who read out for his text the verse in the psalms, "I said in my heart, 'All men are liars,' and men proceeded to give Mr. Harmon in the form of an apostrophe, thus: "Ay, David, ye said it in your haste, did ye? If ye had lived in this parish, ye might have said it at your leisure."

Science or Sense. A London brain specialist says that of two women one will dress from the desire of self-display and the other will be actuated by an "aesthetic sense." It is to be feared that the distinction between the flashy and the sensible is not confined to one sex, though it may be more noticeable there.

Morning of Life. Let every dawn of morning be to you as the beginning of life, and every setting sun be to you as its close; then let every one of these short lives leave its sure record of some kindly thing done for others, some godly strength or knowledge gained for yourselves.—John Ruskin.

Just a Suggestion. Local man has been granted a divorce because his wife complained it didn't make her heart throb. Better have this throb business inserted in the wedding ceremony instead of the obey injunction.—New York Evening Telegram.

Our "Odd Fact" Series. The longest word in the German language is "Constantinopolitanischerbergawater," which means, "The fatherly lodging house keeper for Turkish baggage makers journeymen."—Letter to New York Herald.

Reminders of Limerick Siege. Near a battle scene during the siege of Limerick, in 1691, workmen while excavating discovered a quantity of human remains recently. A bullet hole was observed in one skull, and on examination a bullet was found embedded in the bone.

Course of True Love. "I thought my fiancée broke our engagement when she threatened to kill me," pleaded a Nevada defendant in a breach of promise suit. Not a bit of it—that is a way some women have of cinching things.

Novel Method of Defense. An English engineer proposes to defend his country in event of war by suspending bombs from balloons, which could be exploded from the ground when approached by a hostile dirigible or aeroplane.

Getting a Start. At the Welsh "marriage of contribution" each wedding guest makes a contribution of some sort, all the contributions enabling the poor young people to start housekeeping.

Doubly Painted. Of yore portrait painters tried to make women look as if they had exquisite natural complexions; now some of the new ilk make them look more than painted.

Water-Cooled Vegetables. A patent was recently granted on a scheme for preserving vegetables in a receptacle through which cool water is constantly passing.

True Courtesy. Lady (at piano)—"They say you love good music." Youth—"Oh, that doesn't matter. Pray go on."

Be Considerate. Don't ask the college graduate to translate his diploma.—Boston Herald.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick-headaches since I began using it.

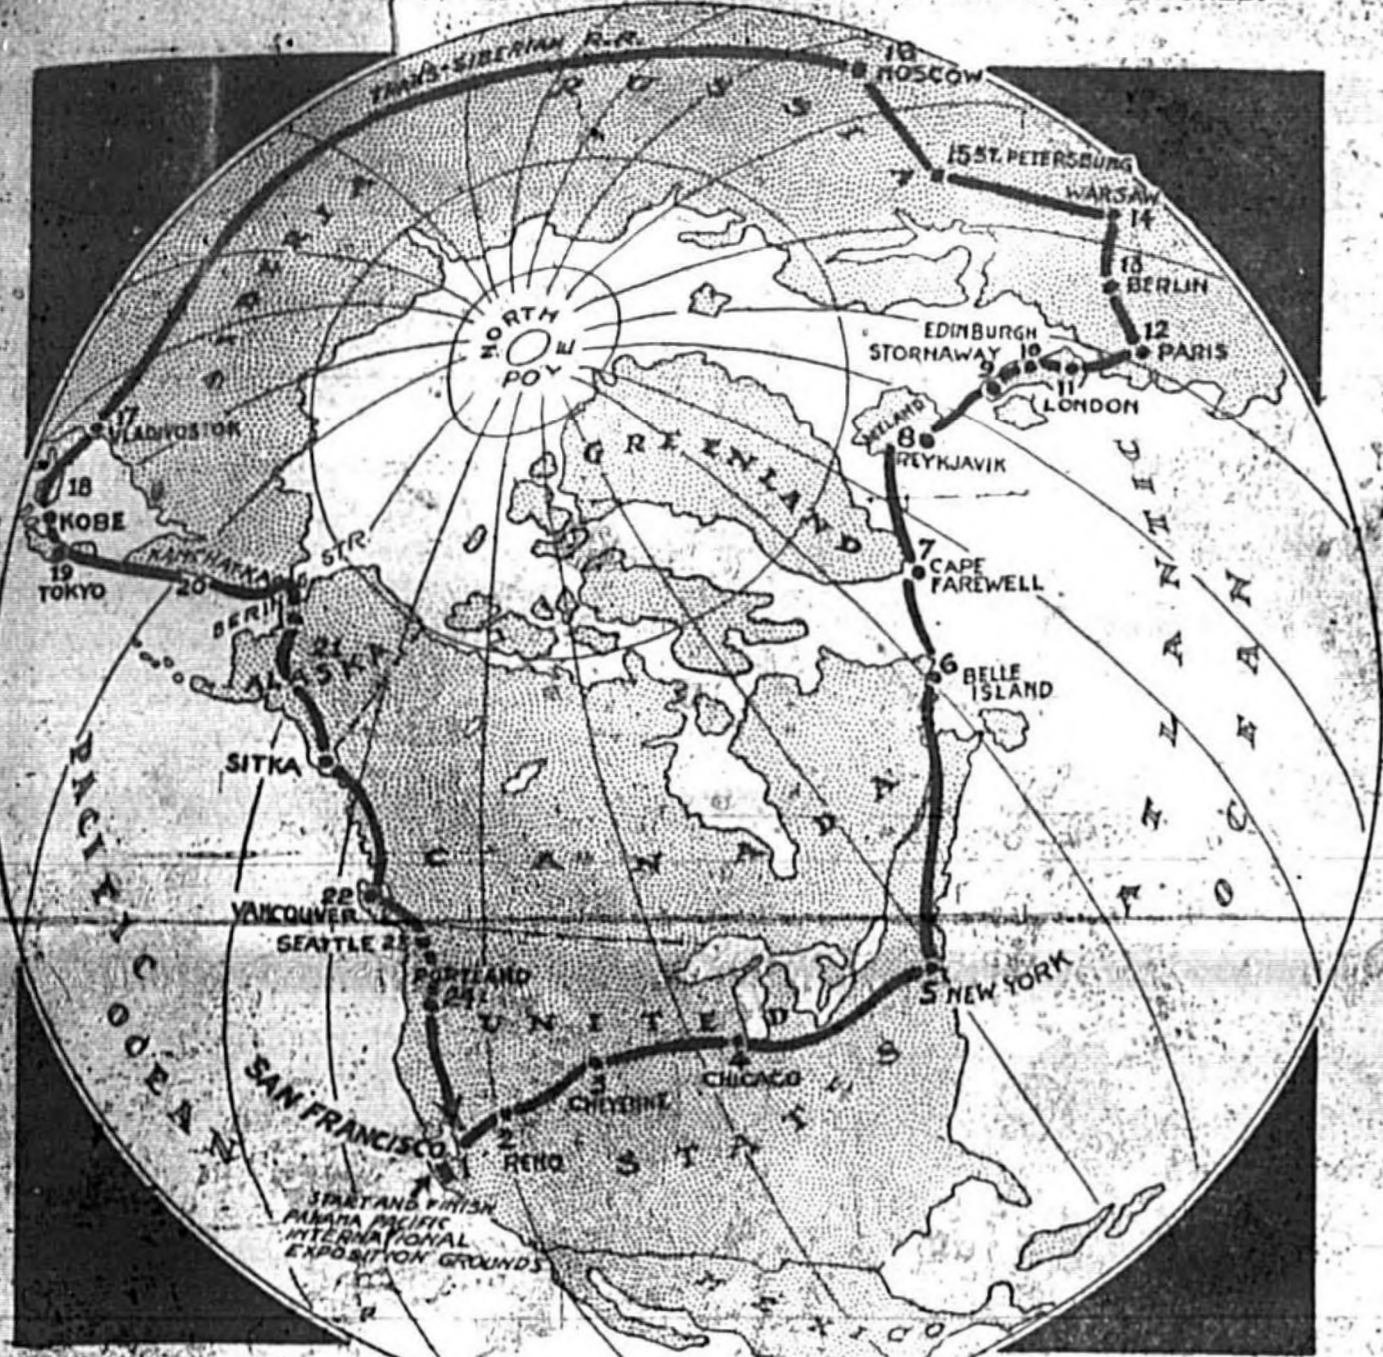

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

TRICE'S TRUMPETER

(Articles Published under this heading furnished by M. P. A. Bureau, Jacksonville)

How the Constitution is Ignored. The exact time and place when and where one form of property in domestic trade and foreign commerce was first deprived of the constitutional rights assured to every owner, may not be readily stated.

It would be worth the while to hunt down and place the first occasion when the owner of lawful property was denied the right of trial by jury.

It is evident that those who attempted such deprivation of constitutional rights did not appreciate the dangerous course upon which they were entering.

Denial of the right of trial by jury has now become a common event in many states. Such denial is the most serious invasion of those liberties assured in the great charter of English government.

Let us see what takes place under the rule of the revolutionary propaganda now in partial control in several sections.

You are tried as to the safety, ownership and useful employment of your lawful property on vague and general charges uttered on public platforms by those who are not officers of the law.

Neither "majority rule" nor the exercise of the so-called "police power" can justify or palliate denial of the right of trial by jury.

As a matter of fact, it has become a profitable business for the hired agents of a highly centralized organization to interfere in peaceful communities, trench upon the constitutional rights of citizens and demand that they defend their lawful property and justice by a trial by juries.

A ballot is not "due process of law." It is a perversion of constitutional liberty under our government. It was never intended to try anybody or determine the rights of property by town meeting or by legislature.

AT THE CHURCHES

Passion Week Bible Meditations. Dr. Frank T. Lee, of the Atlanta Seminary Extension Department will be in Sanford during Passion Week, April 5 to 12, at the Congregational church, and will give some illuminating Bible interpretations suited to the thought of that week. All interested are urged to be present and take advantage of the stimulating and helpful talks which this sympathetic and experienced expert can give. The evenings, with possible afternoon conferences will all be used for this purpose during Passion Week.

Opportunities at Methodist Church. The Sunday school is an inspiration to the large numbers who attend. The session opens at 9:45 a. m. Classes are graded to suit age and ability.

The men's Wesley Brotherhood class will meet in their improvised class room for the first time. Every man over 17 years old is cordially welcome. Each man will receive the glad hand. Everyone will be met at the door with a smile.

The pastor will preach at 11 o'clock. The theme: Prayer and Missions will be treated in a way calculated to make one glad he is a Christian.

The evening subject will be "A Young Man's Opportunity." The services will be directed so as to be helpful to the young people, especially to young men, all of whom will have a cordial welcome.

All male members of the Methodist church are expected to be present at the services at the Star Theatre Sunday afternoon at 3 o'clock.

Special Services at Catholic Church. There will be two masses at the Catholic church Sunday, Mar. 29, at 7 and 10 a. m. Father Carley, recognized by those able to judge as one of the best preachers in Florida will discourse on Christian Marriage at the 10 o'clock mass, and Sunday night at 7:30 he will lecture on Confession. No one in Sanford can afford to miss these sermons. At the night services there will be no pew reservations, as has been the rule during Lent. The literature at the door is also free to those who wish to read it. Father Brennan goes to DeLand for Sunday.

Congregational Church. It is hoped that the "Every man of Sanford in Sunday school during April" plan will receive the cordial support of our citizens. A community is judged largely by its regard for the work of the church and the Sunday school is a most important department of church work. Don't forget the mass meeting next Sunday 3 p. m. at the Star Theatre for men in the interest of this movement.

In the evening at the various churches it is planned to have an address by the pastor on the "Go to Sunday School Campaign." Special music by the choir and orchestra is prepared for both morning and evening services, the latter of which is at 7:30. Sunday school at 9:45 a. m. and the C. E. Society at 6:30 p. m. Morning service at 11 a. m., with subject adapted to our needs and the season.

AMOS LEWIS IN CHARGE

West Florida Man to Manage for Senatorial Candidate from Jacksonville. The Florida Metropolis of yesterday contained the announcement that Amos Lewis of Marianna had arrived in that city to take charge of the candidacy of John N. C. Stockton for the United States Senate.

Mr. Lewis is well acquainted with the political game as it is played in Florida. He was for many years private secretary to the late Senator S. R. Mallory, and upon Senator Mallory's death he became private secretary to Senator W. J. Bryan. Since Senator Bryan's death he had been practicing law in Marianna.

Mr. Stockton has been very busy for two months, and has visited nearly every part of the state, making new friends and renewing old ones. He feels confident of success, as the progressive wave that has swept over the entire country has helped.

On Tuesday, March 31st, there will be an open meeting of the John N. C. Stockton club at Jacksonville. Upon that occasion all candidates for county offices will be invited to be present and speak to the voters. There will also be a special speaker for the evening. This speaker will be chosen later by the committee which was named for that purpose.

When the club met Tuesday evening it was reported that the membership had reached the five hundred and fifty mark and that several new members were expected by the next meeting night. Some seventy-five new registrations were also reported. Many of the members brought in long lists of names of men who had joined the club since the last meeting.

SEARS RUNNING SOME

Osceola Man Expected to Make Good Race for Congress. KISSIMMEE, Fla., Mar. 27.—The two local papers, the Valley Gazette and the Osceola Journal, last week published a four column article of W. J. Sears, who announces as a candidate for congressman from the Fourth Congressional district to fill the place now occupied by Claude L'Engle of Jacksonville.

Mr. Sears is presented as Osceola county's offering for congress, and he has a record for public service in the state and county that no doubt will produce a good following.

W. J. Sears was born in Smithville, Ga., December 4, 1874, and came to Kissimmee in 1881, where he has resided ever since. He was educated in the Osceola high school and in 1891 entered the Florida State College at Lake City, receiving the degree of A. B. in 1895. He entered Mercer University at Macon, Ga., where in 1896 he received the degree of B. L. In 1911 he received the degree of B. A. at the University of Florida in Gainesville. In 1896 he was admitted to the bar in Georgia and in 1897 in Florida, and in 1905 was admitted to practice before the supreme court of Florida and in 1912 the supreme court of the United States and United States district court for the southern district of Florida.

Mr. Sears has served for several years as a member of the county Democratic committee and in 1899 was elected mayor of Kissimmee. In 1907 he was chairman of the city council and remained a member of the city council until 1911 when he refused to serve longer.

In 1887 Osceola county was formed, and Dr. W. J. Sears was the first superintendent of public instruction. In 1905 W. J. Sears, jr., was elected to that position which he still holds.

W. J. Sears states that he will make a clean campaign and that the welfare of the people of the district are of more importance than the attainment of any one man's ambition. He also states that he will look after the interests of the whole district and always be on the job when legislation concerning Florida is to be considered.

POLITICAL ANNOUNCEMENTS

FOR THE LEGISLATURE. I hereby announce my candidacy for the legislature for the session of the Democratic Primary to be held on June 2, 1914. FORREST LAKE.

FOR COUNTY JUDGE. To the Democratic voters of Seminole county: I wish to announce that I will be a candidate, subject to your action in the Primary of June 2, for re-election to the office of County Judge. I respectfully solicit your support, and present that sixteen years experience at the bar has given me the knowledge requisite to the proper and efficient discharge of the duties of the office. GEORGE O. HEERING.

I hereby announce that I will be a candidate in the June Democratic primary election, 1914, for the office of County Judge of Seminole County. Common sense, justice and the evidence based upon the law will be my motto. Technical evasions of the above principle will not be allowed to defeat the ends of justice in cases tried before me. I respectfully solicit the support of all the voters of the county. L. G. STINGFELLOW.

FOR CLERK OF THE CIRCUIT COURT. I beg to announce to the Democratic voters of Seminole county my candidacy for the office of Clerk of the Circuit Court, subject to the decision of the Primary Election to be held June 2nd, 1914. Respectfully, MICHAEL C. MAXWELL.

To the Voters of Seminole County. I hereby announce myself a candidate for the office of Sheriff of Seminole County. I have no claim to the office. The voters own me nothing politically. I am your servant and have endeavored to give the best efforts in helping to organize and better our county in the first rank among the counties of the state. I have earned no time or money in doing this claim for your support in the office of Sheriff for your term. After so doing, vote for the best of the county. Very respectfully yours, E. A. DRUGGLASS.

FOR SHERIFF. To the Democratic voters of Seminole county: I hereby announce myself a candidate for Sheriff of Seminole county. I desire to place myself to fulfill the duties of the office to the best of my ability. E. E. BRADY.

I hereby announce my candidacy for the position of Sheriff of Seminole county. If elected I will endeavor to perform the duties of the office without fear or favor. Respectfully, (AUSTIN) A. B. HAMILTON.

I will be a candidate to succeed myself for the position of Sheriff of Seminole county. Having served the people in this capacity since the organization of the new county and my record as an official of the county of Orange for many years, I believe I am qualified to fill the position of Sheriff in the Democratic Primary to be held on June 2nd. Respectfully, HARLES M. HAND.

FOR SUPERINTENDENT OF PUBLIC INSTRUCTION. I hereby announce my candidacy for the position of Superintendent of Public Instruction subject to the decision of the Democratic Primary. If chosen for the position I will give my entire time and attention to the betterment of the school system and the improvement of same. CHARLES L. POLK.

As a candidate for the position of Superintendent of Education of Seminole county, subject to

the Democratic Primary, I wish to call attention of the voters to the following facts: First, the Dept. should be familiar with the schools of Seminole county; second, he should have his whole time available, and third he should be a trained school man. J. ROWLAND WILDMAN.

I hereby announce my candidacy for the office of Superintendent of Public Instruction in and for Seminole County, subject to the decision of the Democratic Primary to be held June 2nd, 1914. Your suffrage is solicited on grounds of familiarity with the schools and the grounds of competency, school and business experience and success. D. L. THRASHER.

FOR COUNTY TREASURER. I hereby announce my candidacy for the position of Treasurer of Seminole county, subject to the decision of the Democratic Primary. If elected I will turn all the money not actually needed for the expense of the office to the School Fund, and will guarantee the payment of the office not to exceed fifty per cent of the salary. Respectfully, N. H. GARNER.

At the solicitation of my friends I will be a candidate for re-election to the office of County Treasurer of Seminole County subject to the decision of the Democratic Primary. Respectfully, J. B. JONES.

I announce my candidacy for the position of Treasurer of Seminole county subject to the decision of the Democratic Primary. If elected I promise to pay all the county money in county banks of the county exacting the regular interest that is paid on savings accounts and this interest money will be given to the county for the schools, roads and bridges, and which in my estimation will amount to about \$1200 per year. Respectfully, ROBERT A. NEWMAN.

I hereby announce my candidacy for County Treasurer of Seminole County subject to the Democratic Primary to be held on June 2nd, 1914. One may do for me to help me in the office. E. H. KILLIAN, Geneva, Florida.

FOR COUNTY COMMISSIONER. I hereby announce my candidacy for the position of County Commissioner of Seminole county from District No. 3, which includes voting precinct No. 8. I earnestly solicit your thorough investigation of what has been accomplished in this section during the past few years, that I have represented the district both in Orange and Seminole counties and ask your support upon that record. Respectfully, FRANK L. WOODRUFF.

I beg to announce my candidacy for County Commissioner for District No. 2, Seminole county, Fla., subject to the decision of the Primary election to be held June 2nd, 1914. Respectfully, W. J. McHUFFE.

I will be a candidate for the office of County Commissioner from District No. 1. If elected I promise to serve the people to the best of my ability and having been a resident of this section for fifteen years I think that I am qualified to know the needs of the section and the people. Economy, efficiency and a square deal to all will be my motto and the platform upon which I seek your suffrage. Respectfully, I. A. BRUMLEY.

I hereby announce my candidacy for County Commissioner to succeed myself for District No. 2, including voting precincts Nos. One, Two and Four, subject to the Democratic Primary June 2nd, 1914. Having served in this capacity since the organization of Seminole county, I have a knowledge of the practical duties and if elected will serve the people and Seminole County in the best manner possible. Respectfully, J. W. WATSON.

I hereby announce my candidacy for the position of Commissioner of the Board of Democratic Primary on June 2nd, 1914. C. W. FAYANGLER.

FOR TAX ASSESSOR. I hereby announce myself as a candidate for the office of Tax Assessor, subject to the decision of the Democratic Primary on June 2nd, 1914. My experience thus far in assessing and collecting the taxes of Seminole county has convinced me that the office of Assessor is a most important and most complicated one, and I am making a thorough study of the various laws of the state as obtain in the county and to the best of my ability will give you the best of my services and if SEVERAL THOUSAND DEMAND I offer myself for re-election to the office of Assessor, subject to the decision of the forthcoming Democratic Primary. THOMAS K. BATES.

The War of Business

Clear Eye, Strong Arm, Good Health. Are Secrets of Success. The man with the punch, both mental and physical is the big business success of today. His bodily health is the key to his business possibilities. The business world has no time to listen to the grouchy man. Sour stomach, malaria, indigestion, coated tongue and a hundred other bodily ills come from an out of order liver. Calomel used to be considered the only relief. Modern medical science has provided a far milder and more pleasant form of liver relief in Cassell's Liver Aid, a purely vegetable liquid remedy. A large bottle put the heat for the cure at R. C. Bowers' drug store. The purchase price will be promptly returned in case you wish it returned. The wonderful remedy.

TWO THOUSAND SOLID CARS OF VEGETABLES RAISED IN SANFORD

GREAT RECORD OF THE CERRY DELTA THIS YEAR

GOOD MONEY WAS MADE

GROWERS OF SANFORD SECTION ARE WELL PLEASED WITH THE RESULTS

There will be two thousand cars of winter vegetables to leave the Sanford Cerry Delta this season.

This is the conservative estimate given by an authority here and this high mark will be reached beyond any doubt.

"Despite the fact that some seasons have not been as good as others on account of the poor prices or glutted markets the Sanford section has always been the greatest in the country to grow the stuff and this season has been a world leader not only in quality and quantity but in the prices received."

"Two thousand cars of winter vegetables are a record that will go down in history and will mark an epoch in the growing of vegetables in any other section of the world."

The growers are jubilant over the prospects and many of them have been renting or farming on shares and purchasing lands of their own and farm for themselves next season.

Mr. Beacham has been a resident of Orange county for many years and has long been identified with the progressive movements not only of his own county but of the whole state of Florida.

Mr. Beacham has some magnificent grove property at Forest City in this county and having been a grove owner for many years is one of the recognized authorities on the subject.

The Ford Across the Seas

Detroit, Mich., Mar. 20.—"It takes the combined outputs of the five next largest motor car manufacturers in this country to equal Ford sales."

Mr. Perry tells of the organization of the Manchester company in October, 1909. He talks of the prejudice against American automobiles which formerly existed, saying that the American built Ford was regarded at first in much the same way as was the American built bicycle, impracticable for English users.

He describes the many contests and races in which the Ford proved its merit to the British public, and names as the turning point of public opinion the year 1911 when Henry Alexander, a dealer, drove a Ford to the top of Ben Nevis, 6,600 feet, the highest point in the British Isles.

"The ascent and the hardly less difficult descent made a story which was eagerly seized upon by all newspapers throughout the islands," says Mr. Perry. "At Fort William the town made a triumphal reception for the car in the city streets. People who had looked at the car askance began to give it serious consideration. The result was that in this year more than fourteen hundred cars were sold in the British Isles."

"Many persons do not know that the Ford was the original car in England. As in St. Petersburg, Russia, New York City, and other big cities of the world the Ford was the first public taxicab in London," Mr. Perry says.

"It was in 1905. The only means of cab conveyance was the horse-drawnansom. The advent of the automobile suggested the possibility of a change. Many experiments were made with various forms of more or less word vehicles, but it was left to the Ford to place on the streets of London that form of conveyance which has since come into general use. The chauffeurs of these original taxis had to be recruited from the ranks of the cabinet bird for generations upon the knowledge of London, and it is worthy of special note that the simplicity of the Ford control, then as now, was such that these cabmen could pick up the art of driving in a few days."

Resolved, that in the death of Rev. Master Baldwin Sanford Lodge has suffered an irreparable loss, but will ever cherish his memory as an heritage and an ever living inspiration to "brighter deeds, higher thoughts and greater achievements" for the service of our Master.

POSTOFFICE SITE SAID TO BE LOCATED AND THE LOCATION WILL NOT MEET WITH THE APPROVAL OF THE BUSINESS MEN

NINTH STREET PARK SEEMS TO HAVE BEEN CHOSEN AND HAS ALREADY BEEN LABELED

Speculation has been rife for several months regarding the location of the postoffice building or government building for Sanford. Some time ago the government official was here inspecting sites and several were inspected at this time being located in various parts of the city and given in at various prices.

Since that time nothing definite has been heard regarding the site for the proposed building, but word has been predicted that the new building would be located near the depot and that on account of parcel post and constantly increasing business of the office the government might locate the postoffice site far away from the present business portion of the city.

About one month ago a mysterious person erected a tent in the Ninth street park and there were strange noises proceeding from the tent at day and nothing doing at night.

In Memoriam
To the Worshipful Master, Warden, and Brethren of Sanford Lodge No. 62, F. & A. M.

It is with deepest grief that we formally record the death of our beloved brother, W. S. Baldwin, who passed from the labor of this transitory state to the rest and refreshment of Heaven on the 24th day of February, A. D. 1914.

It was the privilege of your committee to serve as Master during his tenure as Tyler and his record for faithful attendance to the duty of the office stands unimpaired.

Resolved, that as a mark of our respect and esteem for our brother both as a man and Mason, we dedicate a page of our records to his memory.

OUR BANKS ARE PROSPEROUS
THEY WILL SOON REACH THE MILLION DOLLAR MARK IN DEPOSITS AT PRESENT RATE OF INCREASE IN BUSINESS

The banks are a good barometer of trade conditions and when the banks of any city make stupendous strides forward in business and deposits the general public feels that the city and country is prospering and the people are making good.

The Seminole Bank has a statement in this paper that is most interesting. Starting in business in October with \$42,916.05 in six months the deposits have "climbed to the high" figures of \$1,619,507.79 or about a gain of \$1,190,000 in that short period.

The First National Bank had a statement in last Friday's Herald that showed \$70,371.55 for March or an increase of over \$100,000 in sixty days.

The Peoples Bank at their last statement had \$310,000 or better an deposit and their next statement will be a big surprise to the public, business being on the increase with them also.

FLORIDA'S GREAT EXHIBIT WILL BE FEATURE OF EXPOSITION

FORT MARION WILL BE BEST ON THE GROUNDS

FRENCH IS ON THE JOB

THE WHOLE STATE OF FLORIDA SHOULD HAIL TO HIS SUPPORT IN MAKING EXHIBIT

"We have every reason to believe that the state exhibit of Florida will not only be one of the most interesting but also that it will be one of the foremost in attracting attention of all of the million and more visitors to the big Panama Pacific exposition at San Francisco in 1915."

This from A. V. French, two times commissioner of the great world's fair at Frisco next year. In the first place, Mr. French has received the official appointment of Panama Pacific exposition commissioner from Gov. Park Trammell.

More than this, Mr. French, thanks to his years of experience in connection with other world fairs and national expositions was appointed commissioner agent for securing the best possible exhibits of the entire section by President Moore and his associate directors of the Frisco fair.

Best of all every prudent indication, according to Commissioner French, promises for Florida not only one of the most attractive state exhibits of the most attractive state exhibits of the human interest features will absolutely compel the attention of every loyal American and the careful consideration of every foreigner as well.

To start with, as has been published, the state building and exhibit of Florida will continue a perfect replica of old Fort Marion in St. Augustine.

Equally important is the fact that Mr. French has made a contract for carrying some fifty Seminole Indians to Frisco next year. This in itself is a most important arrangement in view of the fact that the securing of these Seminoles, with full and authoritative endorsement on the part of the United States government, represents one of the first times in history that these the only uncomprorised Indians in America, only the Indians and sons and daughters of that great chief, Osceola, have been invited to present to citizens of the United States and their neighbors of foreign lands, a true picture of their modes of life, methods of obtaining a livelihood, and ways of living.

As a matter of fact, from the moment Commissioner French secured this contract, the best that all Frisco had to offer was freely granted to Florida, together with enthusiastic assurances that the temporary asset was already appropriated and every assistance possible would be granted in the great Peninsula state notwithstanding the fact that it was California's greatest and most formidable rival.

As a result, because of the reproduction of the historic old fortifications and the presence of fifty or more Seminoles, Florida was immediately granted not only one of the choicest locations at the coming exposition, directly on San Francisco bay, but much extra space was allowed to provide for a true and historic presentation of old Fort Marion with full and complete measurements affecting the old walls, battlements, bastions and every detail down to the authentic inch representing the original on which Osceola was confined.

In view of the fact that Florida holds a place on the East Coast that practically duplicates what California is to the Pacific slope, is the statement of Commissioner French that he is promised an extensive and elaborate exhibit of the natural resources of the many counties of Florida as well as the state's rapidly increasing industrial and manufacturing interests.

All of these, together with the very finest citrus, grain, truck, and other agricultural interests, will be attractively displayed within the walls of the replica of Fort Marion and are sure to attract hundreds of thousands of visitors.

Commissioner French, accompanied by W. S. Talley, the well known ranchman of the Talley & Sumner Company, a day or two ago started the making of accurate measurements of Fort Marion in St. Augustine.

Soon the newspapers and magazines all over the country will be carrying special articles telling of the great achievement of Commissioner French in securing both the first representative
