Landslide for Lessard

Lessard nets 54 percent in four-man race; avoids run-off

By Dan Ping
Editor

SANFORD — District 1 Commissioner Brady Lessard notched a convincing win in Tuesday's mayoral race, defeating three opponents and garnering 54 percent of the vote.

Lessard received 1,258 votes, while his closest opponent, former District 3 Commissioner Kerry Lyons, earned 817 votes or 35 percent of the 2,312 ballots cast in the mayor's race. Dean Ray received 153 votes, while political newcomer Bates Reed earned 84 votes.

"I'm relieved and exhausted," Lessard said. "We had planned for a run-off. We had a great plan going in and it paid off. We stuck to the plan."

Lessard was elected as District 1 commissioner in 1997. The mayor-elect ran heavily on his accomplishments as a commissioner, and adopted the slogan, "Let's finish the job." Lessard cited substantial raises for the city's police and firefighters, redevelopment in District 1 and lowering the millage rate as his key accomplishments.

His first action as mayor-elect will be to recuperate from the campaign. "I'm exhausted," Lessard said. "My wife and I and our two boys are going to the beach for a couple of days." Outgoing Sanford Mayor Larry Dale will pass the mayor's gavel to Lessard during an April 3 ceremony at City Hall. Lessard and Art Woodruff, who won the District 1 race over Linda Kuhn, will join sitting commissioners Randy Jones, Velma Williams, and Whitey Eckstien on the Sanford Commission.

Mayor-elect Brady Lessard celebrates his victory Tuesday night at Angelo's with his wife, Lisa, and sons Casey and Thor. Lessard avoided a run-off by defeating three candidates with 54 percent of the vote.

Voters elect Woodruff in District 1 by 22 points

SANFORD — In a contest between two political newcomers, high school physics teacher Art Woodruff claimed a comfortable victory over former Sanford Main Street Executive Director Linda Kuhn for Sanford's District 1 City Commission seat Tuesday.

Woodruff garnered 659 votes (61.42 percent) to Kuhn's 414 votes (38.58) and will be sworn in April 3 to fill the seat vacated by Brady Lessard who avoided a runoff Tuesday in claiming the Mayor's seat,

being vacated by Larry Dale. "I'm astounded," said Woodruff when votes were tallied. "We were pretty sure God was in on it."

The commissioner-elect credited hard work by great volunteers as a key part of his political victory. "In picking the campaign slogan, 'Back to work,' the candidates after vote totals were certified by the Seminole County Supervisor of Elections office.

"We've got nine-week exams going on right now so I've got grades to do. I'm going to be thanking a lot of people. I had a week off next week because of Spring Break but that's going to have to take a back seat."

Kuhn was upbeat following the election decision. "We gave it our best shot," she said. "I wish Art the best of luck. There are a lot of important issues facing the city."

Kuhn drew support from the city's police and fire unions while Woodruff was backed heavily by the Society for the Preservation of Ft. Mellon Park.

A low voter turnout for the District 1 race, 22 percent, and only 13.5 percent citywide for the Mayor's race favored Woodruff.

Museum asks for help identifying city houses

By Michelle Jerla

SANFORD — An English woman is searching for clues to her past, and she's asking for help from Sanford residents.

While looking through a box of old photographs, Irene Fitzpatrick of Cheshire, England, discovered two that she assumes are photos of her ancestors, said Karen Jacobs, a specialist for the Museum of Seminole County History. Now, she is hoping someone in Sanford will help identify them. "She found them in a box filled with pictures of her relatives," Jacobs said. "She's just started researching her genealogy, and she believes one photo may be of her aunt. But, she's not sure."

Fitzpatrick — whose maiden name is Howe — said she believes the aunt's name was Ellen Holehouse, her great-

grandmother's sister. Ellen Holehouse married Ira D. Martin; and, through several other photographs, Fitzpatrick knows the couple was at one time in Danielson, Conn., although she doesn't know when or why the pair moved to the United States.

Jacobs became aware of the two Sanford photographs several weeks ago when Fitzpatrick signed the guestbook on the museum's website. The two began communicating, and Jacobs eventually received a

SEMINOLE SUMMARY

A GLANCE AROUND OUR COUNTY

Celebrating the working woman

On March 8, 1857, a large group of women, employed in the garment and textile industry, paraded down the streets of New York City. They wanted recognition as being an important part of the nation's workforce.

It wasn't until 1910 during the International Conference of Women in Helsinki, Finland that the marchers got what they were after. At the conference, it was declared that March 8 would become "International Women's Day."

Of course, others have claimed they started the event. In Peking, China, Clara Zetkin was declared as the founder of the event. We doubt she was in the New York march, however, as she was born in 1857.

While most people agree the event was first held in the United States, it is unusual, in the fact, that it has been adopted by countries around the globe. In Russia, March 8 is a national holiday, and flowers and gifts are presented to working women.

The word "Working" was added to the observance in the mid 1900s, thus clarifying what the original intent was. But what is a "working woman"?

The general belief would be a woman who is employed in a profession, who earns a salary, or who has her own business. This is basically true.

But try to tell the mother of three, four, even eight or more children, who slaves away at home every day of the week, that she isn't working. Other than sharing with her husband's paycheck, she is not paid in cash. She cannot be considered an hourly worker because her hours run into each other, sometimes 16 to 20 per day.

Even women with no children should be included. They have a residence to manage, shopping for clothing, food, or other items for the home, and yes, at times, helping maintain the sanity of their husbands.

When our nation first got off the ground, women were often considered second-class citizens. The official signing of women's right to vote didn't occur until 1920, even though the Susan B. Anthony Amendment was approved in Congress 42 years earlier.

But even in the days of our early settlers, it was generally the women who not only did the house work but worked the fields, chopped the trees and raised the livestock. You can't tell me that wasn't a "working woman."

Possibly, it was World War II when women who worked for a living (in factories, for a salary) came into prominence. Women took over the defense plants and other businesses, while the men went off into military service.

Then women started joining the military forces in large numbers, and now they are slowly gaining the prominence they deserve in that profession.

March 8 is International Working Woman's Day. Let's observe it like it should be done. Let us extend our appreciation to those who work — at home, in the fields, in military service, on the job, or at times, as our bosses. They certainly deserve the best. (The next thing we must do is start looking into equal pay for equal work matters).

It's OK to look

For as long as I can remember, there've been men's magazines. You know what I'm talking about: Playboy, Penthouse, that kind of thing. Now, I'm not here to pass judgment one way or the other, but I'm sure many wives don't appreciate their husbands looking at these kinds of publications. Comparison shopping doesn't belong in the bedroom.

But I think there are more dangerous things to look at than men's magazines. A lot of men my age have replaced *men's* publications with monthly magazines offering used trucks and boats and RVs, for example. Complete with pictures.

This has got to be much scarier than seeing your husband browsing through Playboy. When he looks at pictures in a men's magazine, there's no chance he's going to bring any of those home.

Totalitarian To Egalitarian

They used to teach us in history class that the type of government a country has is directly related to the age of the country and the level of education of its citizens. The implication was that you may start out as a dictatorship, and that can be a good

thing, but through experience and teaching, democracy evolves naturally.

I think this same theory applies to the human body. When I started out, my body was a dictatorship. Initially my stomach was the Grand Pooh-bah, but it was eventually overthrown by another dictator during puberty. That led to the Reign of Terror, which ended at some point during the wedding ceremony.

And now I find, with the educational side effect of time and experience, my body has turned into a democracy. When I think that I'd like to play tennis, I first consult my arms and legs and back, trying to get a consensus. If the proposal passes at all, it's usually in an amended form, which means I watch tennis on television.

I Hope I'm An Optimist

These days, optimists have fallen on hard times. It seems that if you feel good about the future, you are either an idiot or uninformed, or, in the worst case, an uninformed idiot. So the best way for optimists to avoid the scorn of society is to hide their affliction. Here is a list of things you should never do because they tell the world that you are too hopeful:

- Buy a car made in a communist country.
- Dance with a woman half your age.
- Cheer for the Toronto Maple Leafs.
- Join a fitness club.
- Watch any TV show produced by Dick Clark.
- Answer the phone at dinnertime.

Life's A Game

When the first of my two sons was born, I used to sit him in his stroller out in the backyard while a buddy and I would have a game of catch. When he started walking, I'd get him out there and roll the ball along the ground to him. A year later, I'd be throwing it underhand to him, and a year after that, I switched to overhand, but still throwing as gently as I could. After a couple of more years, he was in a baseball league, and I could throw the ball to him as hard as I wanted. A few years after that, I noticed he started easing off on how hard he was throwing me the ball. Last year he started throwing it underhand to me. This summer I figure I'll be sitting in my stroller watching him and his brother have a game of catch.

Fifth Arrest Made

Altamonte Springs police have made a fifth arrest in connection with a shooting death at Willow Park Apartments on Feb. 20. The latest arrest this past weekend, in cooperation with the Orange County Sheriff's Department was that of Quince Roy Brown, 19. He was arrested in Orlando without incident.

Others who have been arrested thus far include Joel Earl Francis, 20, who was charged with first degree murder. Jeremy Jermaine Joseph, 15, Stacey Webb, 27, and John Emanuel Webb, 20, as well as Quince Roy Brown, the latest person apprehended, were each charged with first degree murder, principal.

During an interview, police said Quince Brown told officers where they could find two firearms, possibly involved in the shooting death of Yelayne Arancibia, 22, in her Willow

Park Apartment.

Officers located the firearms, buried in the back of Brown's home. It is still unknown if those weapons were actually involved in the shooting.

Train Hits Pedestrian

A man identified as Michael South of Altamonte Springs, was struck by a train Monday morning at the corner of Ballard Street and Longwood Avenue in Altamonte Springs. Persons at the scene told police a man was walking in front of the train raising his hands. The man, who was thrown approximately 20 feet from the side of the tracks, reportedly was disoriented, but was able to tell paramedics he was attempting to cross the tracks and didn't hear the train.

The CSX train was transporting gravel, rocks and other materials, and was heading south. South was airlifted to Orlando

Regional Medical Center where his condition Monday was listed as serious. Altamonte Springs police are investigating the incident.

Burglary

Robert Douglas Williams, 18, Palmetto Avenue, Sanford, was arrested by sheriff's deputies Monday in connection with a reported burglary at a store on Bedford Road. According to the arrest report, Williams, with others, is said to have broken the

front window for entrance. Williams is said to have taken several packages of cigarettes, four Playboy magazines, and a Dale Earnhardt baseball cap. Williams has been charged with unarmed burglary of a structure.

Traffic Stops

• Leon Calloway, 38, Mulberry Avenue, Sanford, was stopped by deputies early Tuesday at 10th Street and Poplar Avenue in Sanford. He was charged with possession of under 20 grams of marijuana.

• Kenneth Maurice Chalk, 58, of Orlando, was stopped by deputies at SR-46 and the entrance to 12 Oaks RV park on Monday. He was charged with driving with a suspended license and attached tag not assigned.

• Scott L. Dangler, 46 of Paulding, Ohio, was stopped by deputies at the entrance to a church on Wekiva Springs Road

near Longwood on Monday. He was charged with driving under the influence of alcohol.

Shoplifting

Raymond Anthony Sanfilippo, 18, of DeBary, was arrested by Sanford police at the Seminole Towne Center Monday. Officers said he attempted to take a \$55 bottle of cologne from a store without paying. He was charged with petty shoplifting.

Drug Arrest

Anthony Bryant Cofield, 18, of Washington Street, Sanford, was arrested by Sanford police Monday, who said they were investigating a narcotics case in William Clark Court. Cofield was located in a vehicle. He was arrested on charges of possession of under 20 grams of marijuana and possession of narcotics paraphernalia.

OPINION

Traffic II

Hillary Clinton says she knows nothing about Bill's deals

The junior senator from New York reminds me of the drug dealer's wife in "Traffic." She makes it her business not to know her husband's.

A California cocaine smuggler wins a pardon from President Clinton by paying Hillary Clinton's brother \$200,000. To escape questioners, Clinton makes a post-midnight car run from Washington, D.C. to Chappaqua, N.Y. Left behind, Sen. Clinton says she knew nothing about the deal.

Four Hasidic men in New York get their sentences commuted after their leaders deliver the community's vote for Hillary. The first lady knows nothing of the reciprocity. All she did, she says, was go to the White House meeting with the leaders.

A top contributor wins a pardon for her ex-husband, a fugitive financier high on the government's Most Wanted list. Again, Hillary knows nothing.

Amid the rush of 11th-hour presidential pardons under way, she admits to innocently passing "envelopes" from pardon-seekers to the White House counsel's office.

What convenience of mind! She only attended a "meeting," only heard "rumors," only passed "envelopes." Admitting the fact of her behavior, she denies its purpose. She admits what is provable, denies what is not.

The neatness of her confession makes Sen. Clinton the emblematic actor in this sordid piece. Her husband rakes in millions from a fugitive's ex-wife. A chunk of that money goes to making Hillary a senator. She gets to live the dream while Bill does what he has to do to keep up the payments.

The arrangement is no problem for the crooks. If the president's wife wants to pretend she's above the sordid trade in pardons, that's fine with them. If the president's fundraising friends want to invoke the Fifth Amendment, that's their business.

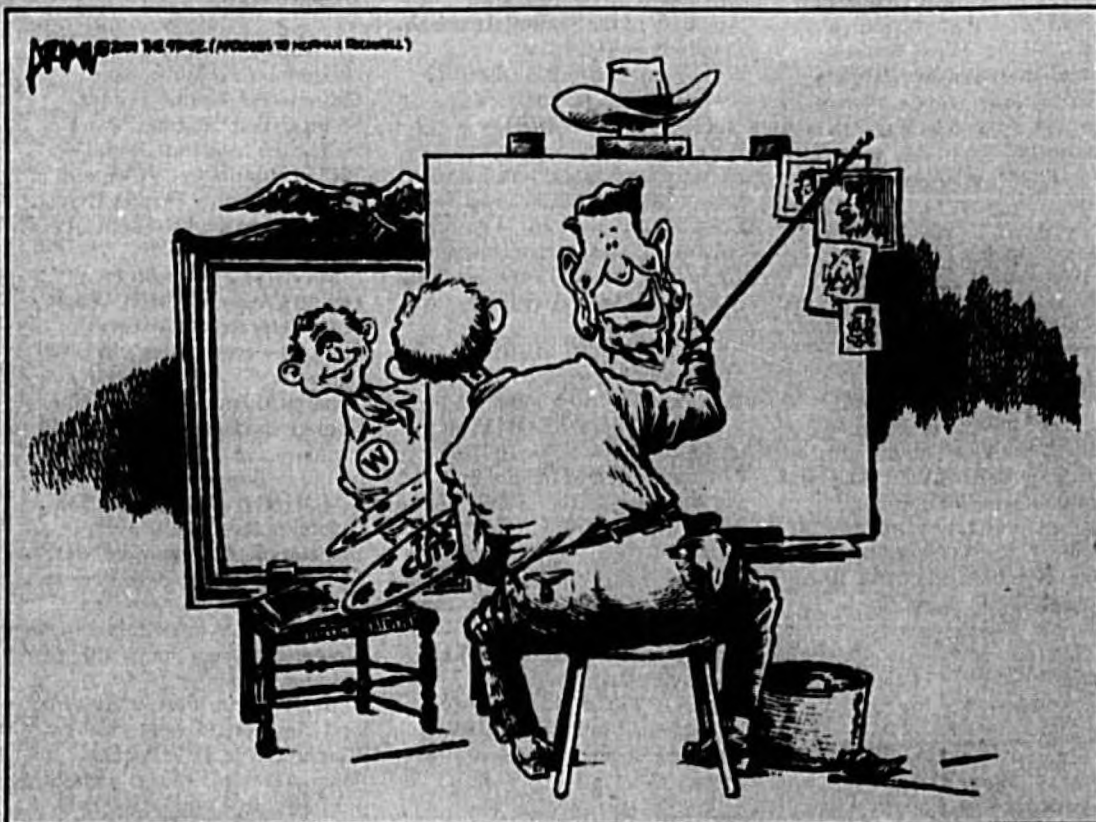

What's important to the pardon-seekers is that the Clinton family can be "reached." The new Sen. Clinton's electoral lifestyle depends on a regular flow of campaign cash. The job of the ex-president is to keep that flow of cash regular. To do that, he needs to keep his service to the wealthy and well-connected contributors just as regular.

That is what makes Clinton reachable by the likes of drug dealer Carlos Vignali, whose father is a fat-cat Democratic fundraiser the likes of Marc Rich, who has proven his ability to reach any politician.

The loser in this deal is the country. Before this, we laughed at poor little countries that drug dealers and international crooks could buy. We mocked the Third World capitals where a little money in the fingers of a certain family member would open doors or close eyes.

Thanks to Bill and Hillary Clinton, we have now forfeited that small national vanity. The next movie about international drug-dealing, perhaps called "Traffic II," may well feature not a Mexican police chief but an American president as the bag man.

'Figures don't lie, but liars do figure'

President Bush hit a home run last week in his State of the Tax Cut message to Congress, as evidenced by a CBS News poll in which two-thirds of those surveyed said they support his 10-year, \$1.6 trillion plan.

Now the president has to touch all the political bases. And blocking his path are two grizzled old class warriors — Senate Minority Leader Tom Daschle, D-S.D., and House Minority Leader Dick Gephardt, D-Mo.

"The president's plan is deeply unfair to middle-income Americans," lamented Daschle. "The wealthiest 1 percent — those boasting annual incomes of \$208,000 or more — get 43 percent of the president's tax cut. It gives so much to so few that it will force tax increases or cuts in Social Security, Medicare and other essential programs."

The Democrats have a better plan, said Gephardt. It won't cut taxes so much. And it won't provide tax relief to all Americans. But it will give the party of Daschle and Gephardt more surplus tax dollars to spend down the road in the event they succeed in retaking Congress.

But at least one Democratic lawmaker believes such thinking by his party's leaders is shortsighted.

"I think the Democrats are making a terrible mistake by being against a tax cut," said the freshman Democratic senator from Georgia, Zell Miller, in an interview published in *The Washington Times*.

"I know that they are saying that they want tax cuts and want to make it more fair and everything, but their body language and what Joe Six-Pack hears out there in the Kmart parking lot is that they're against giving him a tax cut."

Indeed, despite the remonstrations by Messrs. Daschle and Gephardt, most Americans are buying neither their class-warfare rhetoric nor their warning that the Bush tax cut will come

at the expense of education, debt reduction and rescuing Medicare and Social Security from insolvency.

That's because, contrary to what the Democratic leadership

apparently believes, the majority of Americans does not suffer from class envy. Also, the majority of Americans is unpersuaded that returning little more than a quarter of the projected \$5.6 trillion budget surplus over the next 10 years will crowd out all other budget priorities.

In fact, when given a choice of four major budget priorities, 35 percent of those surveyed by CBS News preferred the president's tax cut; 25 percent preferred shoring up Social Security and Medicare; 22 percent were in favor of increased education spending; and 15 percent were for paying down the national debt.

So while the Bush plan has been characterized in some news reports as a "tough sell" to the public, it's really the Democrats' opposition to the

Bush tax plan that is the tough sell, for the overtaxed American people welcome the president's across-the-board tax cut, especially if Congress makes it retroactive.

Nothing undermines the Democratic leadership's arguments against the Bush tax cut more than when the middle-income folk for whom they presume to speak calculate their tax savings under the president's plan.

Consider the following example posted on the MSNBC Web site: A married couple with three kids; Dad brings home \$35,000 a year; Mom earns \$20,000. They have itemized deductions worth \$8,000.

Under current law, they pay \$3,454 in federal income taxes. Under the Bush plan, they would pay only \$100. That's a \$3,354 tax cut. A 97-percent tax savings.

Or how about the following example on the ABC News Web site: A single parent with two kids earning \$30,000 a year. Under the current tax regime, she or he pays \$1,310 to the IRS. Under the Bush plan, however,

that single parent pays absolutely nothing. A 100-percent tax savings.

If you're that middle-income, married family, if you're that middle-income single-parent family, all you can say about the Bush tax cut is, Bring it on.

So Daschle and Gephardt will spend much of this spring trying to make the case to the American people that the Bush plan is really no good for them; that they really don't deserve so large a tax cut, even though \$4 trillion (and quite possibly much more) in surplus tax revenue will be left over for Social Security, Medicare, debt reduction, education and other purposes.

Sen. Miller says that his Democratic Party leaders are being dishonest in attacking the president's tax cut plan.

"I've heard all of this before from the propeller heads when I was cutting taxes in my state as governor," he said. "I just do not believe all this gloom-and-doom talk. Figures don't lie, but liars do figure."

ROBERT HERRICK

From A to Z

Art Zielinski asks people what they think ...

Many towns sponsor festivals and special events which help entertain the local folks, as well as enhance the community's economy. The additional motorcycles rumbling down First Street are a by-product of "bike week" which is currently taking place in Daytona Beach. Our question today is, "Should the city of Sanford try and promote week-long events, similar to the ones held in Daytona Beach?"

I don't see why not, it will bring in money. I would like to see more events like the Heritage Festival. It would get the people in the community involved.
Robert Carrasquillo, Sanford

Yes, they need more activities in Sanford. It would be better for the young kids. It would keep them from stealing cars, tearing up stuff and damaging property.
Gerald Daniels, Sanford

I always did think Sanford needed more activities. It would make it a better community. It would be better for the economy and create more jobs.
Johnny Willie Daniels Jr., Sanford

Yes, it would be good if you could get more of the people involved. Some events would help the economy, but not necessarily help or be of interest to the people of Sanford.
Sam Greene, Sanford

It could be good, depending on the event. You are always going to have a group and a bad group. They could do something like Daytona Beach but on a smaller scale.
Marc Heilpern, Sanford

copy of the pictures and decided to help solve the mystery.

It hasn't been easy. The only lead the museum specialist has to go on are the two houses in the photographs. The problem — neither house has an address to identify a location.

On the back of one photograph, a short message reads, "John and I in front of our home in Sanford, Florida." The picture was taken in 1938 and was developed by Wiebolt's Studio. On the back of the second photograph, a statement indicates the couple was planning to rent out the house.

"If the couple owned both houses and they were going to rent one out, they had to have a little bit of money," Jacobs said. "The photos were taken at the end of the Depression. If they owned two pieces of property, they must have been somewhat affluent."

On the day Jacobs received the photographs, she spent her lunch hour driving through Sanford looking for the houses. Since then, whenever she's in the area, she drives up and down residential roads in search of the mystery residences.

"I'm trying to find them in order to find out who 'John and I' are," Jacobs said. "If we can identify one of the homes, then we can go through the land records in about an hour and find out who owned them."

Jacobs believes the houses were built in the early 1900s, either in the teens or the '20s. Both are one-story homes, and one appears to be made of

"It's become a challenge, and I love a good challenge."

wooden slats and the other of stucco and wood. Jacobs is optimistic both houses are still standing, but they may have gone through renovations like many houses in the City. Although she has found houses similar to those in the photographs, Jacobs doesn't think she has found an exact match. Last week, she took the pictures to the Sanford Museum to see if someone might be able to identify them — but they still remain a mystery.

"I would really like to help the lady out," she said. "It's become a challenge, and I love a good challenge."

Jacobs encourages anyone with information about the houses or the individuals in the photographs to call the Museum of Seminole County History at 407-321-2489.

The photographs are also available for viewing at the museum, which is located at 300 Bush Boulevard off of Highway 17-92.

Deputy

Partnership intends to donate a parcel of lots on Lake Harney to be used for a park.

The donation of land is the first step in a lengthy process to bring the park to fruition. To date, some levels of commitment from various businesses and private donors to contribute cash, in-kind services and building materials is in the works. The County is seeking firmer commitments from which to judge possible funding for the project. Both the Seminole County's Sheriff's Office and county staff have participated with Glatting Jackson Inc. in developing a conceptual design for the park and have developed a tentative budget that will have to be approved during the commission's fall budget cycle.

If approved by the commission the park would be constructed in two separate phases. Phase I development costs are estimated at \$222,805, assuming that \$416,614 of goods, materials and services will be donated for a total cost of \$639,419. Those costs would include a sheriff's substation and restroom, pavilions, fencing, paved parking for 22 spaces, a monument in honor of Deputy Eugene Gregory, playground equipment, volleyball courts, signs, landscaping and benches.

Phase II of the project would include the additions of a pier, boardwalk, equestrian trail, additional landscaping, benches, picnic tables and a sidewalk. Cost of Phase II is estimated at \$129,030, assuming that

\$1,338,810 of goods, materials and services will be donated for a total cost of \$1,467,840.

The proposed plan for operation of the park would be a partnership between the sheriff's office and the county, with county staff maintaining the park. The county's operating cost for the first year would be approximately \$60,000, dropping to approximately \$30,000

in the second and subsequent years.

As budget development draws closer later this year, Bruce Hall, Landscape Architect for Glatting Jackson, will present a conceptual design to the commission.

"We'll be looking at the project and evaluating it in terms of its impact on the entire departmental budget," said Suzy

Goldman, Director of Library and Leisure Services.

"The Board has accepted the status report and we will examine if there are any funds to fund some portion of the project and if there is any money to be found. The earliest any funds would be available if there are any available, would be October when the new budget year begins."

NOTICE OF CHANGE OF LAND USE

NOTICE IS HEREBY GIVEN that the City of Lake Mary Local Planning Agency will hold a public hearing to discuss a large-scale future land use amendment to the City's Comprehensive Plan Future Land Use Map. This meeting will be held March 21, 2001, in the Commission Chambers located at the Lake Mary City Hall, 100 North Country Club Road, Lake Mary, Florida at 7:00 P.M.

The property to be considered for the large-scale amendment is approximately 13.53 acres in size. The applicant is requesting a change in future land use designation from Rural Residential (RR), to Low Density Residential (LDR). The property is located at the southwest corner of Country Club Road and Leslie Lane, more particularly described as follows:

Lot 11 and the North 1/2 of Lot 12, Sanford Substantial Farms, as Recorded in Plat Book 5, Page 84 of the Public Records of Seminole County, Florida, Less the East 20 feet thereof.

A copy of the Comprehensive Plan, Future Land Use Map and proposed amendment are available for inspection in the Community Development Office, Lake Mary City Hall, 100 North Country Club Road, Lake Mary, Florida, Monday through Friday, from 8:00 A.M. until 5:00 P.M., or you may call 324-3049 for information concerning this amendment.

Interested parties may appear and be heard regarding the proposed amendment or written comments may be filed with the City Clerk at 100 North Country Club Road, Lake Mary, Florida.

NOTE: PERSONS ARE ADVISED THAT A TAPED RECORD OF THIS MEETING IS MADE BY THE CITY FOR ITS CONVENIENCE. THIS RECORD MAY NOT CONSTITUTE AN ADEQUATE RECORD FOR THE PURPOSES OF APPEAL FROM A DECISION MADE BY THE CITY. ANY PERSON WISHING TO ENSURE THAT AN ADEQUATE RECORD OF THE PROCEEDINGS IS MAINTAINED FOR APPELLATE PURPOSES IS ADVISED TO MAKE THE NECESSARY ARRANGEMENTS AT HIS OR HER OWN EXPENSE.

Persons with disabilities needing assistance to participate in any of these proceedings should contact the City ADA Coordinator at least 48 hours in advance of the meeting at (407) 324-3024.

Herald candidate forum raises more than \$100 for the Harbor Learning Center

Herald photo by Art Zielinski
 Doug Fetzler, publisher of The Seminole Herald, presents a check to Elizabeth Graham-Glover, Director of The Harbor, an after-school program of The Sanford Housing Authority and Seminole County Public Schools. At a recent candidate forum, the Herald asked for a \$1 donation from audience members, who contributed a total of \$103. Several of the children that benefit from The Harbor program are (l to r) Elayne Casiano, Wylosia McMillian, Tionte Amie and Kivon Mike. The Harbor is in need of volunteers to assist with reading, computers, food service and many other areas. To volunteer, please call Elizabeth Graham-Glover at 407-323-3150, ext. 32.

Community Notes

Preparations are under way for the 2001 St. Johns River Celebration, Saturday, March 17 in 15 Florida and two Georgia counties. The event is a one-day volunteer cleanup of the St. Johns River, St. Marys River and others in the area.

For the past five years, more than 28,000 volunteers have removed more than two million pounds of trash from the rivers. The cleanup is scheduled from 8 a.m. until noon. To volunteer, contact the Seminole County coordinator, Marie Lackey at 407-665-5766 or call 1-800-828-9338.

Central Florida Regional Hospital will sponsor a Wellness Seminar for weight reduction, Monday, March 19 from 6:30 until 8:30 p.m. The two-hour session combines the power of hypnosis and behavior modification. The first 45 minutes is a free orientation. If the participants feel comfortable with the program, they pay a one-time fee of \$55. Included is a behavior modification booklet, home reinforcement audio cassette tape and unlimited free repetitions of the seminar if needed, as well as a powerful hypnotic session.

For more information, call 1-800-848-2822.

A free educational presentation on Revocable Living Trusts will be held Tuesday, March 20 at 10 a.m., at American Legion Post #53, 2874 S. Sanford Avenue in Sanford. Couples are urged to attend. The package of information, regularly priced at \$999 will be offered to those attending for \$699. The presentation is sponsored by LAWSTAR, Inc., Worldwide Group Legal Services.

Reservations are encouraged. Phone 1-800-263-5535.

The March meeting of the Suburban Republican Women's Club will be Wednesday, March 21, at 11 a.m., at Sweetwater Country Club, 2700 Sweetwater Country Club Drive in Longwood. Cost is \$13 per person and is open to all registered Republican women. Guest speaker will be Sandra Goad, Supervisor of Elections for Seminole County. Reservations are requested by 5 p.m., Sunday, March 18. For reservations or information phone 407-862-6626 or 407-830-4560.

Community Notes

GoldenRule Housing & Community Development Corp., Inc., is hosting the largest **Seminole County Housing Fair** ever. The Housing Fair will introduce potential homebuyers to builders, lenders, Seminole County's Down Payment Assistance Program, and housing counseling agencies that are available in Seminole County. Educational seminars will address, how to receive down payment assistance, purchase a home on a fixed income, prevent foreclosures, and other services. Free Credit Reports will also be available. The Housing Fair will be March 24, from 8 a.m. until 3 p.m. at the Sanford Civic Center. For more information contact

Cynthia Hamilton-Smith at 407-324-9123.

The 37th annual **Kiwanis Pancake Day** is scheduled for Saturday, March 17, at the Sanford Civic Center. Meal donations at \$3 per person. Serving will be from 8 a.m. until 2 p.m.

A number of other activities are also scheduled including a bake sale, silent auction, door prizes, entertainment, and merchandise and fresh produce.

Lake Monroe Wayside Park boat ramp will be closed for major renovations beginning March 19, for approximately two weeks, barring any unforeseen circumstances.

Board

Continued from Page 1A with the remaining 88 percent will be dedicated to funding programs within Seminole County for the next year.

UACF will receive four equal payments of \$25,000 on March 1, June 1, Sept. 1, and Dec. 1. UACF will also provide the Seminole County Board of Commissioners with detailed reports on the number of arts and cultural agencies funded during the one-year period, including respective amounts, and the types of arts and cultural programs provided by the

agencies receiving funding. McLain was approved by unanimous vote to sit on the UACF Board of Trustees. Commissioner Grant Maloy voted against the \$100,000 funding back in January and reiterated his opposition to the fund raising request at the Feb. 27 meeting.

"We don't have enough funds in our budget," Maloy said. "It is not a function of county government to fund arts programs. This will become a continual expense which is why I stick by my original vote."

Seminole student wins oratorical contest

Celery City Lodge No. 542 and Evergreen Temple No. 321 Education Department recently held a local Oratorical Contest for the Improved Benevolent Protective Order of Elks of the World. The event was held Saturday, Feb. 24, at the New Mount Calvary Missionary Baptist Church.

Two Seminole County high school seniors competed for scholarships. First-place winner was Quoc Ba Van, a senior at Seminole High School who spoke on the subject, "From the Deepest Valley of Despair to the Highest Mountain of Freedom." Quoc plans to attend Georgetown University in Washington, D.C. where he aspires to become a politician. The son of Lanh Tri Van and Avk Hong Van, he enjoys weightlifting, school newspaper, and is a member of the student council.

Marquita Lamar, second-place winner, is a senior at Winter Springs high school. She spoke on the theme, "Generation of Role Models".

Marquita plans to attend the University of Florida, Gainesville, where she plans to become a cardiologist. She is the daughter of Bessie Lamar, and is president of Business Professional of America.

Marquita Lamar

The district contest with contestants from Sanford, Orlando, Cocoa, Daytona Beach, DeLand and Leesburg will be held March 17, at 8 p.m. at New Bethel Baptist Church.

Evergreen Temple No. 321 and the Grace H. Brewer Past State President's Club, IBPOE of World, held the ninth annual prayer breakfast, a morning of prayer and praise. With Gloria Williams at the console, praise interpretations were by Mount Calvary Praise Dancers. A prayer of thanksgiving was given by Rev. Melvin Young.

Nirginia Wells read the 27th Psalm of scripture. Minister Eva Scott led the prayer of Intercession. L and S Production, "Holy Spirit Fill This Place" was a presentation of spiritual greatness. Rebecca and Tara Brown

gave a rendition of "What Is This?"

The message of the morning was delivered by the Rev. Marvin Scott, pastor of Second Shiloh Baptist Church. His message was from Isaiah 58:9 and 2nd Corinthians 11:11. Scott spoke of how prayer is the best defense. If we pray right, we will get the right answer. Prayer is our best defense. We must trust in the Lord, worship and praise. Prayer is important. The rendition of "Angels in Heaven have signed my name," was sung by Mary L. DeLoose.

Closing remarks of thanks were given by Daughter Ruler Joyce Byrd. Acting in Exalted Ruler Cumming's place was Bro. Lonnie Polk. Also, remarks were by President Grace Melson, with a theme "Here I Am." "Then you shall call and the Lord will answer, you shall cry and He will say, 'Here I am'" Isaiah 58:9.

St. Paul Missionary Baptist Church mission department will celebrate their annual day, March 10 at 5 p.m. The Rev. Jessie Ivory, moderator of New Central Baptist Association and Pastor of Zion Hill Baptist Church of Orlando will be the guest speaker.

Mother disgusted with her daughter's freeloading ways

DEAR ABBY: Six months ago, my 31-year-old daughter and her 40-year-old boyfriend moved in with my husband and me. They have financial problems. We didn't ask them for money, but did expect them to help around the house.

Dear Abby

I just had an argument with my daughter over the fact she works only 15 hours a week and does nothing to maintain the house. My husband and I are in our late 50s and both work full time.

We don't expect them to scrub floors every day, but it certainly wouldn't hurt them to vacuum, shovel snow and pick up after themselves. I know we should have set ground rules when they moved in, but we figured since they were adults they didn't need to be told what to do.

Abby, are we wrong expecting them to help around the house?

GETTING MAD IN MICHIGAN

DEAR GETTING MAD: Not at all.

Lay down the law NOW and tell your freeloading daughter and her boyfriend exactly what you expect from them.

P.S. If your daughter worked a traditional 35- to 40-hour week, they'd solve their financial problems much faster — and the faster

they could move into their own place.

DEAR ABBY: I am a 34-year-old single male, never married. I recently met a woman I want to marry, but here is my problem: She wants a big wedding, and it makes me uncomfortable.

I have no close male friends, so I would have a hard time finding a best man, much less groomsmen. Also, I don't have a good relationship with my family, so I don't think many guests on my side would attend. Because of this, I think a big wedding would be embarrassing. Her family would think I am a loser. Any suggestions?

TIED UP IN KNOTS

DEAR TIED UP: One of the most important ingredients in a successful marriage is communication. Tell your fiances how you feel. A wedding is for both the bride AND groom. It shouldn't be a fantasy created only by the bride. Therefore, she may have to alter her dream wedding to conform with reality.

P.S. If you are unhappy not having male friends, you may have self-esteem issues that need to be explored. Please consider counseling to resolve them.

IN THE UNITED STATES DISTRICT COURT FOR THE MIDDLE DISTRICT OF FLORIDA, TAMPA DIVISION

LEMUEL MIDDLETON, et al.,
Plaintiffs,
v.
PUBLIX SUPER MARKETS, INC.,
Defendant.

CASE NO. 8:97-cv-760-T-27E
CLASS ACTION

NOTICE OF PROPOSED CLASS ACTION SETTLEMENT AND CONSENT DECREE

TO: ALL BLACK CURRENT OR FORMER MANAGEMENT AND NON-MANAGEMENT ASSOCIATES OF PUBLIX SUPER MARKETS, INC. WHO HAVE WORKED AT ANY TIME ON OR AFTER:

- APRIL 3, 1993 AT RETAIL SUPERMARKET STORES IN FLORIDA;
- APRIL 3, 1994 AT RETAIL SUPERMARKET STORES IN SOUTH CAROLINA;
- JANUARY 14, 1995 AT RETAIL SUPERMARKET STORES IN GEORGIA; AND
- JULY 31, 1996 AT RETAIL SUPERMARKET STORES IN ALABAMA

EXCEPT THOSE BLACK ASSOCIATES WHO HAVE WORKED ONLY IN PUBLIX'S PHARMACY DEPARTMENT.

READ THIS NOTICE CAREFULLY! IT MAY AFFECT YOUR LEGAL RIGHTS!

Publix Super Markets, Inc. ("Publix") has agreed to settle an employment discrimination class action lawsuit now pending in the United States District Court in Tampa, Florida. The lawsuit claimed that Publix discriminated against black associates at its retail supermarket stores, and at its warehousing and manufacturing facilities and headquarters operations. Publix denied these claims. The Court determined in March 1999 that the case may proceed as a class action, but only with respect to its retail stores (not including its pharmacy positions). The Court certified seven named plaintiffs as Class Representatives.

THE PURPOSE OF THIS NOTICE IS TO INFORM YOU OF:

- THE STATUS OF THE LAWSUIT, INCLUDING A STATEMENT OF YOUR RIGHTS WITH RESPECT TO A PROPOSED SETTLEMENT OF THE CASE;
- THE OPPORTUNITY TO FILE A CLAIM REQUESTING A MONETARY PAYMENT;
- THE OPPORTUNITY TO FILE WITH THE COURT ANY OBJECTIONS YOU MAY HAVE TO THE SETTLEMENT; AND
- THE OPPORTUNITY TO EXCLUDE YOURSELF FROM THE MONETARY PORTION OF THE PROPOSED SETTLEMENT BY "OPTING OUT."

1. **The Settlement Class.** Pursuant to Fed. R. Civ. P. 23(b)(2), the Court has certified a Settlement Class for purposes of monetary relief and various forms of equitable relief provided in the proposed Consent Decree, including management promotion goals related to associates' registrations of interest, adjustments to certain tests to lessen adverse impact, and a new discharge review process. The Settlement Class for purposes of equitable relief is defined as follows:

All black management and non-management associates of Publix Super Markets, Inc. who, between the pertinent Class Commencement Date and January 3, 2001, have sought to be promoted or have been discharged from employment in Publix's retail supermarket stores. Excepted from this definition are those black associates who were discharged from, or were employed only in the following Pharmacy Department positions: Pharmacy Manager, Assistant Pharmacy Manager, Pharmacist, Pharmacy Technician, or Pharmacy Clerk. The pertinent Class Commencement Date is as follows: April 3, 1993 for associates who worked at stores in Florida; April 3, 1994 for South Carolina; January 14, 1995 for Georgia; and July 31, 1996 for Alabama.

The definition of the Settlement Class for purposes of monetary relief is the same, except that any class member who "opts out" of the monetary relief is not considered part of that Settlement Class.

If you are included in the Settlement Class as defined above, the proposed settlement may affect your rights. Additionally, you may be entitled to receive the benefits of the proposed settlement, which may include an individual monetary payment.

2. **Reasons for Settlement.** After extensive litigation, the Class Representatives and Class Counsel have concluded that the terms and conditions of the settlement are fair, reasonable, adequate, and in the best interests of the Settlement Class. In reaching this conclusion, the Class Representatives and Class Counsel have analyzed the benefits of the settlement, the risk of an unfavorable outcome to the litigation in this case, as well as the expense and length of continued proceedings necessary to prosecute this action through a trial and possible appeals. Publix does not admit any wrongdoing or liability by entering into this settlement, and has agreed to these settlement terms because it wishes to avoid further costly, disruptive, and time-consuming litigation and desires to obtain complete and final settlement of the claims of the Class Representatives and the Settlement Class members.

3. **The Monetary Payments.** Pursuant to the proposed Consent Decree, Publix has agreed to pay Promotion Monetary Payments totaling \$2,230,000 to qualified Settlement Class members, less certain amounts that Publix may deduct and reserve to defend claims of any "opt-outs." In addition, Publix has agreed to pay individual Discharge Monetary Payments totaling \$5,450,000 to qualified Settlement Class members, less certain amounts that Publix may deduct and reserve to defend claims of any "opt-outs." The qualifications necessary to receive any such individual monetary payments are described in Paragraphs 4 and 5, below. Publix also has agreed to pay Class Counsel's attorneys' fees, costs, and expenses, in the amount of \$2,400,000, and payments of \$55,000 each to the Class Representatives, who are not eligible for any further awards from the promotion and discharge monetary payment pools referenced above. The exact amount of individual Promotion Monetary Payments and Discharge Monetary Payments for eligible Settlement Class members will be determined by the num-

ber of individuals automatically eligible, the number of claims filed by those not automatically eligible, the claims procedure, award eligibility and disqualification requirements, and other limitations set forth in the Decree.

4. **Obtaining a Discharge Monetary Payment.** Most individual Promotion Monetary Payments to qualified Settlement Class members who do not opt-out will be made regardless of whether a Claim Form is filed. All Settlement Class members who were employed by Publix in a full-time status at any time between the class commencement period for his or her state (as set forth at the beginning of this notice) and January 25, 1997, but who were not issued a check by Publix under the settlement agreement in *Kemp v. Publix Super Markets, Inc., Equal Employment Opportunity Commission Case No. 150-92-1501* ("the Kemp Settlement"), may be entitled to an individual Discharge Monetary Payment. You do not need to file a Claim Form to receive this payment, but you must ensure that Class Counsel has your current address.

Regardless of whether you were issued a check by Publix under the Kemp Settlement, you may be entitled to an individual Promotion Monetary Payment in this case if you were not discharged by Publix and were employed by Publix in a full-time status at any time between the class commencement date for your particular state set forth above and September 1, 1998. To qualify for this monetary payment you must have either: (a) registered an interest in promotion under Publix's Registration of Interest (ROI) system on at least one occasion on or before September 1, 1998; or (b) return to Class Counsel a completed Claim Form requesting a Promotion Monetary Payment, postmarked no later than May 3, 2001, which states under penalty of perjury that you are a member of the Settlement Class and were denied a promotion between the class commencement date for your state set forth above and September 1, 1998, and that this denial was, at least in part, because of your race. You cannot qualify for a Promotion Monetary Payment by filing a Claim Form seeking a monetary payment under option (b) if you were employed by Publix on January 3, 2001. If you registered an interest in promotion under Publix's ROI system before September 1, 1998, you do not need to file a Claim Form to receive this monetary payment, but you must ensure that Class Counsel has your current address. If you did not register an interest in promotion under the ROI system before September 1, 1998, or are unsure whether you registered an interest in promotion under the ROI system before September 1, 1998, you must submit a completed Claim Form to receive the full Promotion Monetary Payment for which you may be eligible.

If you believe you may be a Settlement Class member and want to obtain and file a Claim Form Requesting a Promotion Monetary Payment, or if you want additional information, write Class Counsel at the following address or call the toll-free number listed below:

800-747-1262

Do not contact either Publix or the Court for advice. Neither Publix nor the Court can advise you or provide information concerning your eligibility for a Promotion Monetary Payment.

5. **Filing a Claim for a Discharge Monetary Payment.** If you were discharged by Publix from a non-managerial position between the class commencement date for your state (as set forth at the beginning of this notice) and January 3, 2001 after at least 90 continuous days of employment, and were at least 20

"Gypsy", just to name a few. The show will be produced at the SJS Entertainment Complex located in Sanford at 2921 Orlando Drive (17-92). Show dates are April 6-7 and April 13-14, with performances at 8 p.m. Tickets are on sale now at the price of \$12.00 for adults and \$10.00 for children 12 and under. Group rates are available upon request. Don't miss the glitz of costumes by Broadway designer Brian Craig and our own Nicole Burritt - Smith. For more information on face tickets reservations please call the theater at 407-

Counseling by telecall is also available from 9 a.m. until 4 p.m., Monday through Friday. For additional information, call 407-628-4381.

YMCA Events
The Seminole YMCA will hold a step-family support group meeting Thursday, March 15, beginning at 7 p.m. at the Seminole YMCA Family Center, 665 Longwood-Lake Mary Road, in Lake Mary. The event is free. For additional information call 407-321-8644.

Spriggs & Davis, P.A.
P.O. Box 1836
Tallahassee, FL 32302-1836
800-747-1262

Do not contact either Publix or the Court for advice. Neither Publix nor the Court can advise you or provide information concerning your eligibility for a Discharge Monetary Payment.

6. **Binding Effect.** The proposed Decree, if finally approved by the Court, will be binding on all members of the Settlement Class and will bar any person who is a member of the Settlement Class from seeking class and individual relief from Publix, other than any relief provided for in the Decree, for all claims of alleged employment discrimination on the basis of race with respect to assignment, demotion, transfer, compensation, promotion from part-time to full-time, promotion from full-time to management, promotion within management, and discharge, unless they exclude themselves from (or "opt out" of) the individual monetary portion of the Settlement pursuant to the following procedures:

7. **Opt-Out Procedures.** If you wish to exclude yourself from the monetary portion of the settlement, you must file a written Opt-Out statement with the Clerk of the United States District Court for the Middle District of Florida, 801 N. Florida Avenue, Tampa, Florida 33602. Your Opt-Out statement must be received by the Clerk on or before May 3, 2001. You should note the name of the case, *Middleton v. Publix Super Markets, Inc.*, Case No. 8:97-cv-760-T-27E, on both your Opt-Out statement and on your envelope.

If you opt out of this lawsuit, (a) you will have no right to file a Claim Form or to receive any money under the settlement of this case; (b) you will not be bound by the individual relief portions of the settlement in this lawsuit; and (c) you may bring a separate lawsuit against Publix by yourself. If you opt out of this lawsuit and bring a separate lawsuit, you may lose your case and receive nothing, or you may obtain less money than you can get under this lawsuit even if you prevail, and it may take several years to obtain any such money.

To opt out of this lawsuit, you must submit your full name, address, Social Security number, and a signed and dated copy of the following statement in your own handwriting:

I am a Settlement Class member in the lawsuit of *Middleton v. Publix Super Markets, Inc.*, Case No. 8:97-cv-760-T-27E. I wish to opt out of the monetary portion of the settlement of this case. I understand that by requesting to be excluded from the class monetary settlement I will receive no money whatsoever from

Publix under the Consent Decree entered into by Publix Super Markets, Inc., and the Class Representatives, preliminarily approved by the Court as fair and reasonable on January 3, 2001. I understand that I may bring a separate lawsuit in which I will not be represented by Class Counsel; however, I understand that in any separate lawsuit I may receive nothing, or I may receive less than I would have received if I had filed a claim under the Monetary Award Procedure in the Consent Decree. I also understand that I cannot seek exclusion from the class for non-monetary relief, and that I will be bound by the class-wide equitable relief provisions of the Consent Decree entered into by Publix Super Markets, Inc., and Plaintiffs, if the Decree is finally approved by the Court.

8. **Objections to the Consent Decree.** If you believe that the proposed Consent Decree should not be finally approved by the Court for any reason, you may submit an objection to the proposed Settlement. If you want to object to the proposed Decree, you must file an objection in writing with the United States District Court Clerk's Office, 801 N. Florida Avenue, Tampa, Florida 33602 on or before May 3, 2001, in which you state the basis of your objection. You must also send copies of your objection and any other papers you file with the Court to Class Counsel and counsel for Publix, addressed as follows:

Beware of the white-footed ant

The newest ant to invade the urban environments of Florida is the white-footed ant. This ant comes from Japan, in the Okinawa and Iriomote Islands. It was first found in Florida at a nursery in Hialeah in 1996, followed by reports of indoor infestations in Miami and Fort Lauderdale in 1998. In 1999, the white-footed ant was found in Palm Beach County and recently, in the year 2000, it was found in Seminole County.

Al Ferrer

Ant Status
Fortunately, white-footed ants do not bite or sting nor have they been reported to cause any type of structural damage. They do, however, exist in colonies made up of several hundred thousands of individuals that vary from 400,000 to more than 1 million individuals. Therefore, white-footed ants are considered a nuisance pest.

Description
The white-footed ant is a relatively small insect (about 3 mm in length), black to brownish-black in color with yellowish-white lower portion of their feet and a one-segmented waist, similar in appearance to the Argentine ant.

Life Cycle
The white-footed ant has an unusual life cycle. There are two different forms of males and females, and each of these forms reproduces from the mother colony different ways.

Winged females who mate with winged males during a mating flight start new colonies. Winged males mate only once before they die. Winged females die about 400 days after starting a colony. A wingless daughter replaces the dead queen, and mates with a wingless male who is capable of multiple matings. The reproductive potential of the multiple queen white-footed ant society is much greater than that of other ant species that have single queens. White-footed ants can initiate new colonies when a fertilized, wingless female leaves the mother nest and crawl some distance to start a new colony.

Feeding
White-footed ants are strongly attracted to sweet foods but have been observed in the laboratory feeding on termites and dead cockroaches. Sources of sugar can be found at many locations within structures and in the surrounding

landscape. Indoor locations include the recycle bin, the kitchen, pantry, and wherever else food is stored, consumed or prepared.

Outdoors, sugary food sources are found at floral nectaries, at wounds in trees, and as honeydew (excrement from sap sucking insects such as aphids and mealybugs).

White-footed ants are very unusual in that food ingested by foraging workers is not regurgitated and shared with others. This is the reason why baits are not very effective controlling this pest.

Management
Several attributes of their biology help make white-footed ants a very successful species and an extremely difficult pest to control. Prevention is the best line of defense against the establishment of any pest insect.

Relatively small ants, such as the white-footed ant can fit through extremely small openings to gain access into the home. If these entry points can be located, they can be blocked by application of caulk or some other exclusion device.

Carefully look for ant activity and try to follow foraging workers from a source of food to a nest site. These are spots that may require addition-

al treatment when spraying insecticide or baiting.

During the summer, scouting is most effective in the early mornings, or evenings or even at night with a flashlight. Eliminate ant access to sugars within the home. Clean areas where food is handled and quickly and thoroughly clean up spilled sugar-based foods. In addition, store food in containers with tight fitting lids, rinse bottles and cans before tossing them in the recycle bin.

Also, eliminate potential food sources outside by controlling pests in your landscape that produce honeydew such as aphids, whiteflies and scales. Residual insecticide sprays, applied outside the home as a barrier can provide temporary relief from invading ants.

Management has been accomplished by treating infested homes exclusively with baits that contain boric acid. A 1.0 percent boric acid concentration in sugar water seems to be effective. If you are considering an insecticide treatment, it is strongly recommended that you hire a pest control professional to do the application.

"Conserve Wildlife" tags fund \$100,000 bear study

The Wildlife Foundation of Florida, Inc. (WFF) has authorized a \$100,000 study of the state's black bear population, funded by the proceeds from the "Conserve Wildlife" license plates which feature the species.

Jim Shupe

The Florida Legislature authorized creation of the foundation in 1988 and later approved the Conserve Wildlife license plate design. The license plates went on sale in 1999, and \$15 from the sale of each license plate goes to the foundation.

L. Ross Morrell, the foundation's chief executive officer, said the purpose of its grant program is to provide funding for specific projects, selected by the foundation's board of directors and recommended by the Fish and Wildlife Conservation Commission's (FWC's) board of commissioners.

"With recent dramatic increases in the number of bears coming into conflicts with the human population and getting hit by vehicles, there is an urgent need for more information about bears," Morrell said. "The foundation was pleased to attach a high priority to funding the research. In fact, it's the first research funded by the Conserve Wildlife license plates."

Morrell said the foundation will consider funding for other proposals when its board meets again late next spring.

Dr. Thomas Eason, who heads the FWC's Bear Management Section, will head up bear research projects. Researchers hope to gain a more thorough understanding of the bear population by studying the genetic characteristics of fur samples collected throughout the state.

"By studying the fur samples, we will be able to assemble a great deal of new data about the abundance of bears in the core populations (major population clusters)," Eason said.

Scientists already have gathered hundreds of fur samples from the Ocala National Forest's bears and plan to gather more from the state's five other core populations during the coming year. Most of the money will pay for analysis of the fur samples. The rest will pay for equipment purchases for the study.

The FWC plans to conduct this study and others to determine why black bears are getting into conflicts with the human population and what the agency should do about it.

The WFF is a non-profit organization and accepts donations from private sources in addition to funds from Conserve Wildlife license plate sales. For more information about the foundation, interested persons can visit the FWC's Web site at www.state.fl.us/fwc or call 850-922-1066.

Diamond Bears deny Greyhounds

LONGWOOD — A final inning rally by host Lyman wasn't enough as Winter Springs beat the Greyhounds, 7-6, in a Seminole Athletic Conference baseball game Monday night.

The Bears (6-4) scored a run in each of the first four innings before Lyman (2-5) got into the game in the bottom of the fourth inning.

In the Winter Springs first inning, Chad Hunter led off with a single to left field and with one out Jeff Cook walked. John Howell followed with an RBI single.

The Bears' second inning run came on a Matt Meglio double to center and a one

out John Crooks sacrifice fly to right.

In the third inning, Cook reached on an error and stole a pair of bases before scoring on a one out Billy Triplett single.

Winter Springs' fourth run came when Crooks drove in Meglio.

Finally, in the home half of the fourth the Greyhounds bats opened up when David Figueroa singled to center and with one out Chris Brummett hit a 360-foot blast out of the park, cutting the Bears lead in half.

Winter Springs got the runs back in the sixth inning when Crooks would once again single in Meglio, and later Kevin Gerrity would single in Steve Piercefield.

Lyman answered right back in its half of the sixth. Kyle Sommerville led off the inning with a single and Brummett reached on a base on balls. Paul Wojtowicz then singled to left scoring Sommerville and Cross later got in the act sacrificing in Brummett.

Just as the Greyhounds got closer, the

Bears scored what would prove to be the winning run when Chris Maher crossed the plate on an error.

In a last ditch, but noble effort, Lyman got within one run when Brummett bounced a bases-loaded single past third with one out, scoring in Chris Tamm and Mike Hussein.

With the tying run on second and the winning run on first, Winter Springs turned the only double play of the night, ending the game and preserving the Bears victory.

Winter Springs will play two more big SAC contests this week, return to action on Thursday at 7 p.m. at undefeated Lake Mary and then hosting Oviedo on Friday at 7 p.m.

Edison's size too much for Winter Springs

By Henry Uhlensbrauck, Jr.

LAKELAND — It was a heartwrenching ending to a long season of mostly ups, but the Winter Springs Girls Basketball fought an ultimately losing battle, dropping 63-56 decision to Miami-Edison in the FHSAA Class 6A State Championship Game at The Lakeland Center Saturday evening.

Playing before 745 spectators the fans on both sides were energized for the ultimate match of wits and physical prowess.

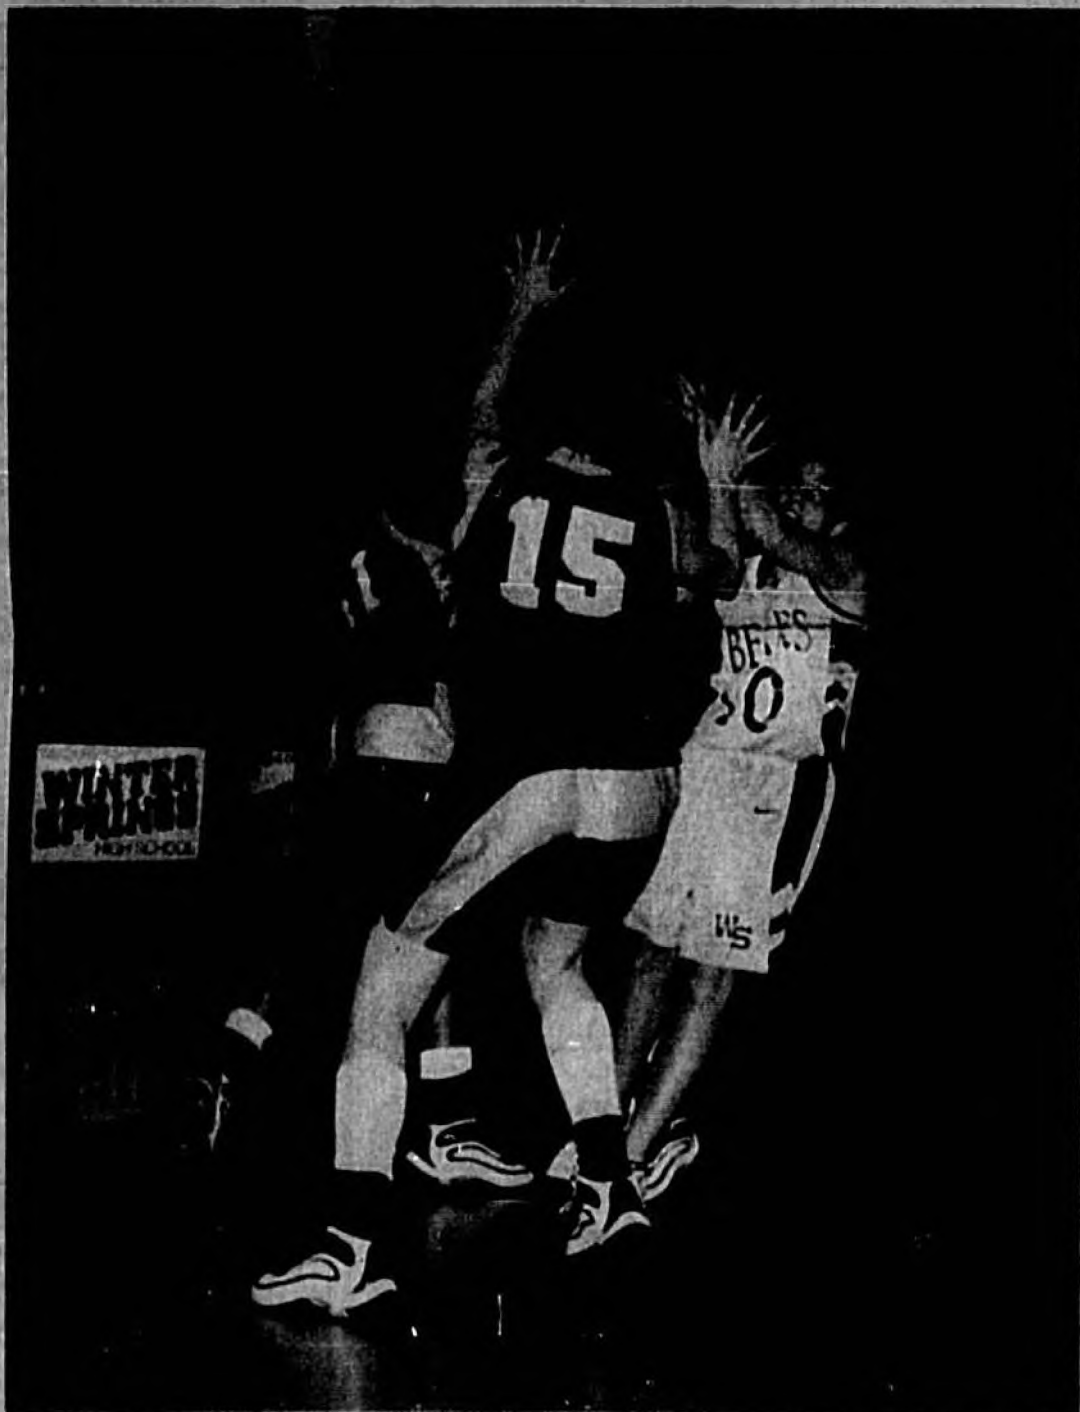

The intensity was so strong that five Bears players were in foul trouble, though star rebounder and inside scorer Jen Forst was the sole Winter Springs player with four fouls.

The Red Raiders had four in trouble, Gerline Guillaume, Florence Williams, Scholanda Dorrell, and Sylvia Powles.

The battle left the Bears in tears and Forst, a junior forward who was held to four points and three rebounds, limping off the court with her tightly bandaged ankle hurting.

The Winter Springs-Edison was the last girls championship of the series and was full of drama, having over 10

Winter Springs' Missy Guadagnino (No. 10, right) tries to get off a shot against a pair of Niceville defenders in a recent Regional game. The 5-foot-3 junior point guard very nearly single-handedly led the Bears to their third straight state title as she poured in a game-high 27 points Saturday night. But it was not quite enough as Miami-Edison used a big fourth quarter to defeat Winter Springs, 65-56, in the Class 6A finale.

Rams closing in on record

By Henry Uhlensbrauck, Jr.

LAKE MARY — It was an ugly win last Friday night as the Lake Mary baseball squad committed seven errors, but still came out ahead against Poinciana 14-6, extending their unbeaten streak to 10.

The Rams are getting closer to a record as the team starts its Lake Mary history is 16-0 set back in the 1986 season.

The Rams errors were coupled with an Eagles pitching staff that hit seven Lake Mary batters.

The Rams came through in a huge seven-run fifth inning that more than made up for the deficiencies of the defense.

Lake Mary head coach Allan Tuttle said that the squad will be working overtime on defense before their next game on Thursday against district rival Winter Springs.

Through the first four innings Rams starting pitcher Nehul Patel struck out seven, walked six and gave up no earned runs.

Lake Mary opened the scoring in the first inning when with one out Josh Gray walked and later scored on a grt under to first by Ryan Bono.

Poinciana evened the score in the second inning when Justin Kanath reached on a throwing error, stole second and third, and scored on an overthrow of third.

In the fourth inning, the Eagles took the lead. Troy Beall led off the inning with a single

Kimmig, Krall lead Tribe past Bucs

SANFORD — The Seminole High School baseball team gave starting pitcher Uriah Kimmig a nice gift Saturday afternoon, scoring eight runs in the bottom of the first inning, and the big left-hander made the most of it, hurling a two-hitter as the Tribe thumped Mainland, 11-1, on Alumni Field at the Seminole High School Baseball Complex.

Kimmig, a 6-foot-7 senior, struck out six in the game shortened to five innings by the 10-run rule to record his first decision of the season.

The victory also got the Fighting Seminoles over the 500 mark on the season, giving the local nine a 5-4 mark heading into a Tuesday district battle with Flagler-Palm Coast in Bunnell.

Sophomore outfielder Cris Krall paced a 12-hit Seminole attack, going two-for-three, including a triple, and driving in a pair of runs.

Krall's triple was one of seven extra base hits the Tribe had on the day as Jason Louwsma, Willie Bennett, Angelo Petracca, Jake Davis, Brian Peterson and Keith Parrett each ripped a double.

Following the game with Flagler-Palm Coast, Seminole will stay on the road for another district contest, traveling to Deltona on Friday to take on Pine Ridge starting at 7 p.m.

Also on Saturday, Lake Brantley played a rare doubleheader, crushing Oviedo 10-4 and then shutting out Gainesville-Buchholz, 6-0.

Nick James homered for the Patriots against the Lions, while Ricky Bergan was 2-for-3 with a double and three RBI and Brandon King went 2-for-3 with a double and two RBI.

In the nightcap, Ian Holman hurled a one-hitter, while Brian Harris went 2-for-2 with a double as Lake Brantley whitewashed the Bobcats.

Things did not go as well for Lake Howell on Friday as the Silver Hawks (0-8) were roughed up by Pine Ridge, 12-1.

In a softball game from Monday, Kristen Schrupp had a big day as Winter Springs tripped Poinciana, 9-4.

Schrupp went 2-for-3, with a double, drove in two runs and scored three more for the Bears, who were to have hosted Lake Brantley on Tuesday and will be at Lake Mary for a Seminole Athletic Conference game on Thursday at 7 p.m.

On Friday, Seminole picked up a big road district win, blanking Deltona 5-0.

The Tribe, which played errorless ball and had nine hits, were led at the plate by Megan Ganit and Jenny Abendroth, both of whom went 2-for-3 and drove in a run.

Oviedo also claimed a softball victory on Friday

SCC softball team continues on hot streak

By Dean Smith
Sports Editor

WINTER HAVEN — The Seminole Community College softball team continues to stamp itself as a state power this season as it swept to four more victories and now finds itself with an 18-1 record heading into a very important week with Spring Break coming up.

Last Thursday at home, the Raiders improved to 7-1 in the Mid-Florida Conference with a sweep of Lake-Sumter Community College from Leesburg.

Jodi Wood bounced back from a tough loss to Santa Fe by hurling a two-hit, 8-0 shutout of the Lakers in the first game and Yo Johnson capped off a great day at the plate with a game-winning, one out double in the bottom of the eighth inning as SCC won the nightcap 1-0.

"Our hitting is so contagious," said SCC head coach Courtney Miller. "Once one or two people got a hit in the fourth inning (of the first game) I knew we would blow it open. We ended up batting around in that inning and put the game away in the fifth. Jodi (Wood) struggled a bit early on the zone was pretty tight - but she hung in there and ended up with a two hitter.

"Our sticks once again went silent in the second game. Sarah (Reeber) and the defense were solid so we felt if we could score one run we would win the game. I don't think we were expecting it to happen in the eighth inning though.

"The Lake-Sumter pitcher did a great job of keeping the ball low on us. I knew that if we could get someone on in the eighth, we would win. Yo (Johnson) was having a great day at the plate (3-for-3 to that time), so we were hoping she

could get up with a runner in scoring position and that is exactly what happened."

In the first game the Raiders had 12 hits with Lake Mary's Rachel Bradley, just returning from a preseason injury, going 3-for-3, scoring one run and driving in one.

Also contributing were Blake Hoorelbeke (2-for-3, double, two RBI), Kathy Noble (2-for-3, two runs, RBI), Johnson (1-for-3, double, run, two RBI), Lake Mary's Lindsey Manz (single, RBI), Kim Stork and Rachelle Schmidt (one single and one run scored each), Oviedo's Lisa Field (single) and Kristen Hughes and Michelle Miranda (one run scored each).

In the nightcap, Reeber, a lefthander from Oviedo, gave up just two hits, while striking out three and walking none in keeping the Lakers scoreless through eight innings.

In the bottom of the eighth inning, Digna Abello led off with a single to right. Lake Mary's Lauren Cooper went in to run, but the next batter fouled out trying to bunt.

Schmidt, however, reached on an error with Cooper advancing to second, from where she scored the game-winning run when Johnson, a freshman shortstop who was moonlighting while the basketball team is waiting to play in the state tournament this week, lined her fourth hit, and

Johnson

third double, of the game into right field.

Johnson (4-for-4, three doubles, RBI) had four of SCC's six hits. Also hitting were Hoorelbeke (1-for-1 as a pinch hitter) and Abello (1-for-3).

The Raiders then went on the road to take part in the Polk Community College Tournament in Winter Haven over the weekend.

On Saturday, Wood (9-1) scattered eight hits, allowing only one earned run, and SCC scored four runs in the top of the seventh inning to break a 1-1 tie as the local team held on to defeat Manatee Community College 5-2.

Hoorelbeke went 2-for-3, including a home run, scored a run and drove in one to lead a 10-hit Raiders attack. Schmidt was also 2-for-3, including a double, and also scored a run and drove in one.

Getting one hit each were Manz (double, run), Liz Boyce (run, RBI), Field and Hughes (one RBI each), and Stork and Abello. Miranda added a run scored.

Reeber (9-0) then tossed another shutout, her fifth of the season, giving up three hits, while striking out four and walking none as SCC blanked Miami-Dade Community College, 6-0.

Hoorelbeke again was the leader on offense, going 3-for-4 with a double, one run scored and one RBI. Field (2-for-3, double, two runs, RBI) and Schmidt (2-for-4, run) also had big days.

Other contributors to a 12-hit attack were Manz (single, two runs), Noble (single, run), Beckl Rodak (single, RBI) and Bradley and Megan O'Donnell (one single each).

On Sunday the Raiders were well on their way to their 19th win of the season as they led Hillsborough Community College 8-2 after four innings when the rains came and washed out the

rest of the day's action.

SCC was to have played a huge M-FC doubleheader at Florida Community College at Jacksonville on Tuesday and then play a possibly even bigger conference doubleheader at many-time national champion Lake City Community College on Thursday.

The Raiders will then take off for Spring Break before returning home for a doubleheader against Concord College from West Virginia on Thursday, March 15th at 11 a.m. and 1 p.m.

lead changes, and Bears junior point guard Missy Guadagnino, who is 5-feet, 3-inches tall, connecting on four of nine three pointers, hitting 11-of-13 free-throws and even stuffing a lay-up attempt by Edison's tallest player, the 6-foot-3-inch Fowles.

It was Guadagnino's offensive and defensive antics that was a headache for Edison.

"She was just all over us," said Denise Novak, Edison's head coach.

Winter Springs head coach, Betsey Hughes, who saw her postseason record fall to 14-1 in just four years of coaching, said that the offense had trouble getting to the point of dominance

they had been used to all season.

For seniors, Liz Arp, Richella King, Erica Gonzalez, they will graduate with a state final record of 2-1.

This had been Winter Springs' third trip in a row to the state final, winning the Class 3A title in 1999 and the Class 6A crown last year, beating the same Edison squad.

Next season the Bears drop back to Class 5A and have great potential of returning since most of the team returns next year.

The Red Raiders were looking to avenge last year's loss and they walked on the floor before the game with most of the players wearing red t-shirts with the

inscription "UnFinished Business."

And Edison played this game as if it had been a continuance of last year.

Guadagnino seemed to demonstrate that her teammates were going to fight hard by connecting on two three-pointers right at the start of the game. Leading the Red Raiders in the first quarter, 18-14, Guadagnino stuffed Fowles going for a potential basket.

Early in the second quarter Winter Springs fell behind 25-19 when the Red Raiders went on a 7-0 run before freshman guard Sara Nuxol connected on a basket with 3:28 left before the half. Winter Springs trailed 33-25

when Guadagnino connected on her third three-pointer, pulling the Bears to within five points.

The second half saw the lead change four times as Guadagnino connected 7-of-7 free-throws, with Forst, Nuxol, King (10 points) and Arp also contributing to the effort that closed the deficit of one-point at the end of the third quarter.

Edison used its superior size advantage to go on an 8-0 run with about four minutes left in the game, finally turning the tide.

"I knew after we got a sizable lead that that was the end," Novak said of the fourth quarter streak.

With less than two-minutes

left the Red Raiders led by 11 points, 64-53.

Another sign that Winter Springs wasn't going to get out of the hole was that Guadagnino, who finished with a game-high 27 points, missed three-pointers that veered on either side of the net.

The feeling of the Bears was best said by one of their outgoing members, Arp, who said with confidence, while fighting back the emotions, that her team "would be back."

"I got two rings and I stepped up my play to be here this year so I know they will be back," said Arp. "We don't get intimidated."

LAKE MARY FLAG FOOTBALL LEAGUE

The adult Lake Mary Flag Football League (L.M.F.F.L.) is preparing for the upcoming spring season to be held at the soccer field at the Lake Mary Sports Complex on Rantoul Lane. The league is 7-on-7, with up to 11 teams, and will play under FRPA Rules. Games will be played on Sunday's beginning March 11th with starting times of 9

a.m., 10 a.m., 11 a.m., noon, and 1 p.m. The cost is \$250 per team. For more information contact Gunnar Smith at 407-324-3097.

CASSELBERRY PARKS AND RECREATION

Casselberry Parks and Recreation is offering Youth Flag Football and Youth Cheerleading. Flag Football will feature two age groups for boys and girls -

7-to-9 and 10-to-12. Cost, including uniform, trophy and 10 games, is \$50 for residents and \$60 for non-residents.

Cheerleading, which runs for 14 weeks, also has two groups for both boys and girls - ages 6-to-9 and 10-to-13. Cheerleaders will cheer at city sports programs.

Cost, including uniform, trophy and pom-poms, is \$65 for residents and \$75 for non-resi-

dents. All games and practices will be held at Secret Lake Park. Registration is being held at 125 Melody Lane between the hours of 8:30 a.m. and 5 p.m. Monday through Friday. Call 407-696-5189 for more information.

YMCA OFFERINGS

The Seminole YMCA Family

Center, 665 Longwood-Lake Mary Road is offering an Adult 4-on-4 Basketball League. For men and women ages 18-and-up.

The league will have three divisions: competitive, semi-competitive, and recreational. Games are played under modified National High School Federation rules with eight players per team.

The eight-week season runs from April 1st with games every Sunday through June 24th and concludes with a single elimination tournament. Games are officiated by certified referees. Registration deadline is March 31st. For more information on any of the Seminole YMCA Family Center activities, or to register, call 407-321-8944.

Rams

Continued from page 1B to right-center field and with one-out went to third on a John Madden single to left field.

Andrew George then hit a two-run single, giving the visitors their only lead of the game, 3-1.

The Rams fourth would see three hit batters, two doubles and four runners crossing the plate.

One of those doubles, by Tucker Pearce, scored three runs, putting the Rams back in the lead. The fourth run of the inning scored on an error.

Just when it looked as though Lake Mary had control of the game Poinciana came back with a big three-run fifth inning, sending nine batters to the plate.

Patel finally ran out of gas in the fifth, walking two batters after he had opened the frame with a strike out. Steve Apfel came on to relieve and halted the onslaught, but only after three runs scored.

The mother of all innings

would save the game, and the unbeaten streak, for the Rams. Chad LeGate immediately tied the score, blasting a 2-0 pitch 320 feet over the wall.

The solo homer reinvigorated the Lake Mary offense and the team would go on to score seven runs.

The Eagles would go through four pitchers, hitting three batters, walking three and giving up a hit to Kyle Bono and a sacrifice fly to Berryhill.

"I talked to Aaron (Iatarola) after the game and I told him that innings like that are hard to stop once they get going," said Tuttle.

With the lead in hand, Apfel closed out the Poinciana offense by getting three strike-outs and giving up no hits over the final two innings.

The final two runs for Lake Mary came in the sixth inning on a no-out single by Greg Courcy, scoring teammate Tim Brown, who got on by being hit with a pitch, and a sacrifice fly

by LeGate scoring Austin Pride.

On Thursday, the Rams had knocked off Seminole Athletic Conference rival Lyman 3-1.

Berryhill picked up his third win of the year, allowing five hits, while striking out seven and walking only two in seven innings of work.

The Lake Mary offense was led by Pearce with two RBI on a single and double. Ryan Bono (2-for-4) also singled and doubled, while Kyle Bono doubled and Legate singled to round out the Rams offense.

Lake Mary will battle Winter Springs at home on Thursday at 7 p.m. before competing in the Colonial Tournament in Orlando starting next Monday.

SHUPE'S SCOOP
Most Florida black bears live along the St. Johns River drainage. They can become "pests" if they are too close to humans. They will get into pet food, bird feeders, etc.

FISHING FORECAST
Bass action is still strong in the river due to low water levels. Look for holding areas such as deep bends, sand bars, creek and slough mouths and other irregular features to attract bass. Once bass are located, it is good to fish the spot because river bass are usually concentrated. Herons and other wading birds will help you find bass because they linger in spots that have baitfish.

Sebastian Inlet has steady action with flounder, redfish, snook, and trout. Live shrimp,

finger mullet, or small pinfish are the top baits. Captain Jack at Port Canaveral reports that offshore action has been spotty due to the weather. Some cobia are beginning to show up, and king mackerel have been reliable further offshore. Flounder and sheepshead are biting inside the Port, while

trout and redfish are scattered in the Banana and Indian rivers. Ponce Inlet has good action with sheepshead, drum, redfish, jack crevalle and small bluefish. Live or dead shrimp is the top bait, although sheepshead prefer fiddler crabs. Trout and redfish are rated as fair in Mosquito Lagoon.

The Great Florida TEACH-IN

Florida needs teachers in most subject areas. Positions are available in urban and rural districts. Several districts offer hiring incentives for critical shortage areas. The Teach-In provides a convenient, cost-effective forum for teachers seeking employment opportunities in Florida to meet a statewide district personnel.

Continued from page 1B same time and at the same sight.

The men will play their quarterfinals on Thursday. Should SCC win on Wednesday, they would play the Miami-Dade/Tallahassee winner at 1 p.m. (CST) on Friday, with the Championship Game set for Saturday at 5 p.m. (CST).

The Raiders will enter the tournament on a hot-streak, having not lost

since early January, including going 8-0 to win their first-ever conference title.

But coach Ken Patrick may not be taking a full deck with him to the panhandle as star sophomore forward Shaketa "Kiki" Kindred suffered a broken tailbone in the final regular season game against Daytona Beach and has been slow in recovering.

If Kindred is not able to go, a lot of pressure will fall on the team's other sophomore, 6-foot-9 center Sue Gyarfas, who has been outstanding the past two weeks after not having a very productive season.

Freshman point guard Narie Berggren and center/forward Brandi Davis will also be counted on to step up to support the 1-2 punch of freshmen scoring machines Yo Johnson and Gabrielle

THE LAST TIME YOU SAW MOVES LIKE THIS WAS DURING THE MARS EXPLORATION.

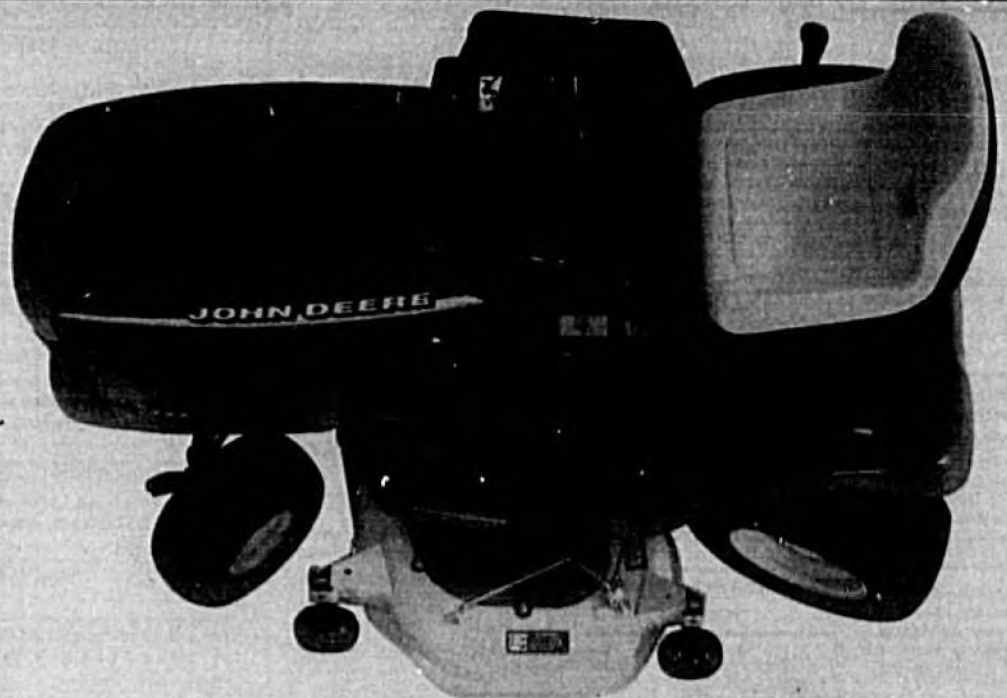

All-wheel steering. Pretty impressive for a lawn tractor. The LX277 All-Wheel-Steer Tractor turns in all of the right circles and leaves an extra-tight 7-inch-radius uncut circle.

Enjoy big-tractor features without the big-tractor price. With automatic two-pedal-control transmissions for effortless speed and direction changes, it drives just like your car.

See your local John Deere dealer today for more details and remember Nothing Runs Like A Deere.
