

FRUITS AND VEGETABLES COULD BE SHIPPED BY WATER AND SAVE MONEY

One Way in Which the Freight Rates Will Be Reduced

WE ARE ASLEEP

TO THE WONDERFUL OPPORTUNITIES THE ST. JOHNS RIVER OFFERS US.

The Herald has contended for many years that Sanford and Seminole county and all the people of all South Central Florida do not take the due advantage afforded by the St. Johns river in shipping their fruits and vegetables.

Cardinal Gibbons Died This Morning After Long Illness

BALTIMORE, March 24.—James Cardinal Gibbons, Arch Bishop of Baltimore and Primate of the American Catholic church, died here today after a prolonged illness, which mainly affected his heart.

The Cardinal had been showing a pronounced sign of improvement since his return home early in January from Union Mills, Maryland, where he was taken seriously ill in December.

St. Pete Shriners Will Erect Building With an Auditorium

ST. PETERSBURG, March 24.—It was announced today that the St. Petersburg Shriners Association will erect a \$100,000 building in the down section this summer.

Jury Still Out On Tampa Case

TAMPA, March 24.—The jury was still out at 11:30 today in the conspiracy case against Fred Thomas, local Detective W. R. Parsley of Tampa, and Robert I. Harris and R. W. Swearingen of Avon Park.

NO DANCES FOR TEACHERS SAYS BOARD

MORGANTOWN, W. Va., March 24.—Superintendent Smith, of the Morgantown public schools, announced today that all teachers who attend dances during the school year will not be re-employed next year.

Woman Loses Race By Only Eight Votes

GREENVILLE, S. C., March 24.—Mrs. Lena Cox was defeated for judge of probate for Pickens county by eight votes, according to unofficial returns compiled today which gave the election to N. A. Christopher.

Scientific Classification of Railroad Employees Will Be Taken Up

CHICAGO, March 24.—Scientific classification of railroad employees will be taken up for the first time between representatives of the railroad labor board and the Interstate Commerce Commission at a conference to be held in Washington on March 30.

Patriotic Rallies Planned by Legion

INDIANAPOLIS, Ind., March 24.—Patriotic mass meeting in every state are planned by the American Legion for the near future, starting with one at Philadelphia April 4.

LEGION DEMANDS THE RETURN OF G. C. BERGDOLL

ALSO FREEING OF TWO AMERICAN SERGEANTS WHO ATTEMPTED TO GET HIM

WASHINGTON, March 24.—A request that the War Department take "prompt and decisive" steps to secure the return from Germany of Grover C. Bergdoll, wealthy Philadelphia draft evader, is made by the American Legion's national legislative committee.

The Bergdoll case, as it now stands, the letter says, "is a disgrace to the government of the United States and a cruel and undeserved insult to the five million men who served in the World War."

675 MILLIONS COLLECTED ON INCOME TAX

ALREADY AND TOTAL REVENUE IN JUNE WILL BE OVER THREE BILLION

WASHINGTON, March 24.—The income and profits tax collections for March 15th installment estimated today by Secretary Mellon at \$875,000,000.

Mellon estimated on this basis that the total revenue from the income and profits taxes for the year ending June 30th would aggregate \$3,050,000,000.

Irish Republicans Attempt Jail Delivery

CORK, March 24.—Members of the Irish republican army failed in a carefully planned attempt last night to break into the jail here and release a number of prisoners confined there who are under sentence of death.

New Church Building

MIAMI, March 24.—More than \$40,000 has already been subscribed towards the building of a new edifice for the Riverside Methodist Episcopal Church, South.

MANY RIOTS IN GERMANY, POLICE FIRE ON CROWDS, MANY RIOTERS KILLED

Communists Try to Start Trouble Thru-out Germany

LONDON, March 24.—Account of troubles at Hamburg telegraphed to the Central News from Berlin, says more than fifty communists were killed in the fighting last night in the Altona section of Hamburg.

HAMBURG, March 24.—Fifteen civilians and one policeman were killed and six persons wounded in riots here late yesterday. The police fired on the crowd and threw hand grenades when rioters refused to obey orders to disperse.

BERLIN, March 24.—Great property damages and loss upwards of scores of lives marked the Communist disorders in various cities, and in the towns of Prussian, Saxony and in Hamburg yesterday.

Will Spend \$60,000 on Publicity and Entertainment

ST. PETERSBURG, March 24.—St. Petersburg boosters plan to expend approximately \$60,000 next year for publicity and entertainment and a movement is underway here to raise the fund by direct taxation instead of the usual "drives," which depend upon the generosity of the citizens of the city.

State Hospital Work Delayed by Lay Off

CHATTAHOOCHEE, March 24.—Progress on construction of new buildings at the State Hospital for the Insane here has been seriously interrupted by the laying off of workmen.

CHAUTAUQUA WILL START NEXT TUESDAY IN SANFORD TICKETS ON SALE FRIDAY

BILL DOLLARD PITCHES FIRST NO-HIT GAME

Will Arrive by Plane

CLEARWATER, March 24.—H. B. Juddins, of Havana, is expected to arrive here the last of this week with a party of friends in a huge seaplane to attend the National Southern Air Tournament at Clearwater-Belleair.

Committee of Business Men Will Canvas the Business Section

ARE GUARANTORS

FOR THE FINE PROGRAM OF HIGH-CLASS ENTERTAINMENTS.

The campaign for the ticket sale of the Redpath Chautauqua will begin tomorrow when the following men, who have made it possible for the Chautauqua to come here, will canvass the city and sell 600 season tickets in the business portion of Sanford:

Geo. W. Knight, E. F. Householder, R. J. Holly, Schelle Malmes, A. R. Key, B. F. Whitner, W. M. Haynes, H. R. Stevens, E. E. Hogan, C. R. Ogilville, R. R. Deas, T. W. Lawton, R. W. Pearman, R. E. Stevens, C. J. Marshall, E. D. Mobley, S. O. Chase, Perkins and Britt, Edward Higgins and W. M. McKinnon.

These gentlemen will call on the business houses Friday afternoon and want every man, woman and child to buy as many tickets as they can. The 600 tickets will let the committee out and all the tickets sold over that number will go to the Woman's Club and the American Legion jointly.

Notable Lecturers to Appear on the Chautauqua Platform.

The Redpath Chautauqua will open a five days' engagement in Sanford next Tuesday, March 29 to April 2, with one of the best programs ever presented.

Some of the leading attractions are three big lecturers, one of whom is George L. McNutt. He is known throughout the country as the "dinner pail man" because he quit his literary work several years ago and took his dinner pail and worked alongside the laboring man in order that he might receive at first hand the conditions the laboring man was working under.

These facts that Mr. McNutt received will be brought out in his lecture, "War on Hunger," the first evening.

Mr. Harry L. Fogleman, known as "Gatling Gun Fogleman," because of his rapid fire tongue, will have for his subject, "Success and Failure in Business." He has trained more salesmen than any other man in the country.

Some people have called Fogleman the Billy Sunday in business. All business men, salesmen and clerks should not fail to hear this great lecture on the second evening.

Dr. Hagerman, known as one of the leading inspirational orators on the lecture platform, brings to his audience a lecture mixed with philosophy and humor, which will please all classes of people and contains many every-day truths. His subject is "The World We Live In," on the fourth afternoon.

Let every body get behind this movement and make the Chautauqua a success by buying your season tickets early.

Tickets may be had at the following places: Bower & Rommlit, The Daily Herald, Union Pharmacy, Mobley's Drug Store, Peoples Bank, Seminole County Bank, First National Bank, Sanford Furniture Company, Court house, office of Judge Malmes.

Season ticket prices—\$2.50, plus 25c war tax for adults and \$1.25 plus 13c war tax for children. These tickets admit one to all ten attractions for five days.

Shipyard Workers Turn Socialist

BERLIN, March 24.—Communist workers today seized the administration buildings of the Blohm and Voess shipyards at Hamburg and hoisted the red flag, says a dispatch from Hamburg. Workers in other ship yards quit and are organizing mass demonstrations, the dispatch adds.

## ELDER SPRINGS PROPERTY SOLD TO T. A. FRAZER WHO WILL RESIDE THERE

Well Known Virginia Planter Will Make it a Show Place

### FINE PROPERTY

FATHER OF MRS. ROBERT HINES WILL BECOME PERMANENT RESIDENT.

(From Thursday's Daily)

Among the large real estate deals of the week is that of Elder Springs that was sold by Stewart & Gatchell to T. A. Frazer, of Fredericksburg, Va. Elder Springs is one of the finest resort locations in the state but has never been used for anything except a residence and the water rights have overshadowed everything else. Elder Springs water has been sold on the market for many years and has a reputation second to none among the pure, soft waters of the state.

Stewart & Gatchell purchased the springs property from Wallace Wheeler some time ago and the deal was said to be a big one at the time and the sale made this week to the new owner runs into large figures as the property contains a fine residence, some eighty acres of land in grove, and garden, and Elder Springs that is a most valuable asset in itself. Mr. Frazer is the father of Mrs. Robert Hines and Mr. and Mrs. Frazer visited here for some time this winter where Elder Springs greatly attracted Mr. Frazer. He is a big property owner in Virginia and owns some valuable farming land and plantations there and naturally his mind was turned to farms and farming here. In connection with the growing of fruits the spring also attracted him and he saw the possibilities of this location from several standpoints. Mr. Frazer will come down in a few weeks and make many improvements in the property and will then return to Virginia to close up his affairs and make all his arrangements to come here in the early fall and make Elder Springs his home. Robert Hines will have charge of the distribution of Elder Springs water, giving Mr. Frazer the opportunity and time to take care of the grove and farm and he will improve and reconstruct the house and farm and springs in many ways, one of the improvements being a fine fountain in front of the house where the passerby can have a drink of pure water at any time free. He will also set out orange trees, put in pure bred hogs and cattle and poultry and make Elder Springs Farm one of the show places of Seminole county.

### Potato Season Early; Movement Will Begin the First of April

(By The Associated Press)

WASHINGTON, March 17.—Reports of the Department of Agriculture from the Hastings section of Florida indicate that the season for potatoes will be very early, with a light movement beginning early in April, according to the National Market Reporter. The acreage in that section is locally estimated to be around 10,000. The present condition of the crop is reported excellent. Plantings in the other sections of the state will be proportionally light according to reports received by the department.

Reports from the East Coast of Florida indicate a tomato acreage between 5,000 and 5,500 compared with 13,500 last season. If weather conditions are favorable a movement of approximately 2,500 cars is expected with shipments continuing in good volume through April. The locally estimated acreage in the Moore Haven section is 2,000 to 2,200 with the movement beginning April 15 to 20, and the peak coming about March 15. The Manatee section expects to have 3,000 to 3,500 acres in tomatoes.

Shipment of Golden Self Blanching celery was at its highest the middle of February with a weekly movement of more than 300 cars. The yield is good, averaging between 600 and 700 10-lb. crates per acre.

Very little disease appears in the fields and the quality of the stock in general is classed as excellent.

Indications are that there will be liberal planting of peppers in all sections of the state. It is locally estimated that the Manatee territory will have around 500 acres and about the same acreage will be grown in the Sanford district.

FOR SALE—450 yards Peperil sheeting, 81x90. 48c per yard. Call Saturday at Benjamin's.

### All County Agents Will Meet At Lakeland

(By The Associated Press)

LAKELAND, March 17.—The biennial business meeting of county agricultural agents from twelve counties of Southern and Central Florida will be held here March 24th. The agents will discuss their individual and common problems and new practices and theories relating to their work. Dr. N. C. McQuarrie, chief of the State Department of Agriculture, heads the organization.

### LAKE HELEN SAW MILL DESTROYED

BOND COMPANY HAS BAD FIRE LAST NIGHT—350 MEN OUT OF WORK.

(By The Associated Press)

DELAND, March 17.—The saw mill and dry kiln of the E. W. Bond Company, at Lake Helen, were destroyed by fire last night of undetermined origin. The loss was \$150,000. Practically covered by insurance. It was announced that the plant would be rebuilt immediately. Three hundred and fifty men are out of work as the result of the fire.

### SPECTACULAR AVIATION MEET AT CLEARWATER

(By The Associated Press)

CLEARWATER, Fla., March 17.—Under the patronage of the Army and Navy, one of the most spectacular aviation meets ever held in the country will take place at Clearwater-Bellaire March 26 to 28 inclusive. The event, to be known as the National Southern Air Tournament, will be under the direct supervision of Army officers and the fleet of aircraft expected to participate, will comprise virtually every type of land and seaplane.

Entries already received include many service and civilian fliers, among them Majors A. H. Gilkeson and Hallek; Capt. C. W. Ford; Lieut. J. G. Williams, Victor D. H. Strahm, Fred E. Woodward, J. D. Corkille, O. A. Gottschalk, A. Dunlap, C. W. Woolsey, C. C. Chauncey, H. McClelland, A. Patrick, R. U. Cronau, F. E. Johnson, H. K. Mallory, C. Fishback and Messrs. C. W. Haldeman, Arthur Henderson and A. Flavell.

Naval seaplanes are expected to arrive here this week from Pensacola and will include the latest types of the twin motored machines. The Aero-Marine Engineering corporation also is expected to send two naval cruisers and the huge seaplane Ponce de Leon, now carrying passengers between East Coast points and Cuba is scheduled to come here from Havana.

The officials will include Major H. C. Claggett, chief air service officer Fourth Corps Area, who will fly from his headquarters in Atlanta. Major Ralph Royce, commandant at Carlstrom Field, Arcadia, will be in charge of the flying field. Other officials announced are Lieut. Chauncey, assistant starter; Chief Surgeon Major H. Harwood, Army Medical Corps, and Lieut. Clark and McClelland, checkers at turns. Lieut. Mallory and Johnson will be time keepers.

Sunday, March 27, has been set aside as "stunt" day and those in charge of the program expect the greatest exhibition of trick flying by army aviators ever seen in the South. The tentative program provides for parachute drops, formation flying, racing, of which a contest over a 100-mile course will be the feature, and every evolution of which an airplane is capable. Monday will be Marine boat day with the entire program devoted to the naval aviators. Features will be seaplane racing, bombing and firing at fixed marks while in full flight.

Mayors of Florida cities and heads of Chambers of Commerce are expected to attend the tournament and it is planned to have them meet to discuss steps to advance aviation in the state and in the south.

The Palmetto News says that the ground has been broken for the erection of a new business block by J. W. Sheppard, on Main street. The building will be of reinforced concrete.

### UNIVERSITY OF FLORIDA BALL TEAM

(By The Associated Press)

GAINESVILLE, March 17.—The 1921 base ball squad of the University of Florida is fast rounding into shape and when the season opens March 21 the University is expected to have one of the most formidable teams in its history. The squad has been practicing for the last three weeks under the coaching of Lance Richbourg and Prof. Beck. Richbourg is a former 'Gator star who went to the major leagues in 1919 and although ineligible to play he returns each winter to pursue his course of study at the University. He will report for duty with the New York Nationals later in the spring.

The 'Gator schedule so far as it has been completed, begins March 21st at Tallahassee where the team will meet Mercer. It follows:

March 21—Mercer at Tallahassee.

March 28—U. S. Infantry School, at Columbus, Ga.

March 29—Yale, at Macon, Ga.

April 4—Virginia Polytechnic Institute, at Blacksburg, Va.

April 5—Virginia Military Academy, at Lexington, Va.

April 6—Washington and Lee at Lexington.

April 7—Trinity at Durham, N. C.

April 8—University of North Carolina, at Chapel Hill.

April 9—Open.

April 11—North Carolina State, at Raleigh.

April 12—Furman, at Greenville, S. C.

April 13-14—Mercer, at Macon, Ga.

Among the men who have returned this year, Bill Ward, captain, and catcher, is exhibiting mid-season form. Hartman and Lidden, the two veteran pitchers, are in fine condition and give promise of even better work this season than last. Roach, star infielder, is at present suffering from a broken finger but is expected back into the line-up within two weeks. Black, who played second last year, and Gray, the third sacker, have been shifted to the outfield while Bill Madison, left fielder, has been brought into short. Dixon and Hubbard, pitchers, Bange, catcher, and Dutton, infielder, cannot play this year because of an S. I. A. A. rule but they will be eligible next season. Bracken, Moss and Mahannah, among the new comers, are waging a strenuous battle for the position at third base. Carleton, of football fame, and Huie, are displaying exceptional ability at first. Henderson and Shepard are holding down second in the absence of Roach while Sale and C. R. Miller are contesting with Madison for the coveted place at short. Wells, Hitchcock and Rane have been showing up well among the numerous infielders.

In Jim Wallace the 'Gators have a right handed twirler who has made an enviable record as a pitcher and it is expected he will twirl a number of games this season. E. M. Miller, Waldron and Huff display great ability and with a little experience it is expected they will prove valuable assets to the pitching staff. Joe White, a substitute last year, will be on the receiving end with Captain Ward.

### WESTERN UNION MESSENGERS STRIKE FOR MORE MONEY

MIAMI, March 15.—All Western Union messengers here struck today for higher pay. They want the old scale of wages, which was cut 30 per cent last week, restored.

### MOOSE LODGE INITIATES NINE MORE MEMBERS WITH JACKSONVILLE TEAM HERE

#### Sanford Lodge Among Thriving Lodges of the State

(From Thursday's Daily)

Sanford lodge Loyal Order of Moose initiated nine more candidates last night, the work being exemplified in fine shape by a degree team from Jacksonville assisted by members from Orlando and Tampa and Daytona and many other neighboring cities.

About fifty were gathered in Masonic Hall when the time came for the ceremonies and the work is put on in a most beautiful form with no rough stuff of any kind but with a great lesson and moral attached. About fifty members have been signed up for Sanford lodge and the baby lodge is among the healthiest in the state.

The following visitors were present and were banqueted at the Valdez Hotel at 8 o'clock after which the initiation ceremonies took place: Jos. T. Duffy, Jacksonville; N. E. Bates, Daytona; H. A. Godbold, W. H. Storms, Judge Jos. C. Madison, Jacksonville; John W. Williams, Daytona; E. C. Benee, R. E. Bay, E. C. Ligon, Captain E. S. Parrish, Geo. P. Boutwell, W. B. Lewis, Claude Albers, R. J. Maher, J. N. Carroll, K. B. Edge, C. L. Bowen, R. E. Hill, B. Tule, Chas. M. Raphum, Jacksonville; F. E. Mathews, Bill Balbrington, Daytona; E. G. Caron, Boston; V. E. Williams, Daytona.

#### Church Can Face In Any Direction Says the Judge

(By The Associated Press)

MIAMI, March 16.—Judge Branning today disclosed the injunction by which work on the new Congregational church was stopped because the church was being built to face a side street instead of the main street in a sub-division. The judge held that the church could face any direction desired.

#### Florida Farms Feel the Slump In Farm Prices

(By The Associated Press)

WASHINGTON, March 17.—Florida farmers are feeling the heavy slump in the prices for agricultural products as badly as those in any other part of the country. Statistics, showing the average estimates of the farm value of important products in Florida on January 15 this year compared with those of last year on that date, as announced by the Department of Agriculture, show the heavy declines suffered. Following are the more important products with their January 15 prices this year and a year ago:

Product—	1921	1920
Hogs, per 100 lbs. ....	\$ 8.00	\$11.10
Beef cattle, per 100 lbs. ....	5.50	7.00
Veal calves, 100 lbs. ....	8.50	9.80
Sheep, 100 lbs. ....	7.00	8.20
Lambs, per 100 lbs. ....	7.00	10.00
Turkeys, per lb. ....	.32	.38
Wool, unwashed, lb. ....	.20	.57
Milk cows, head ....	65.00	102.70
Horses, per head ....	140.00	180.00
Beans, per bu. ....	3.50	4.60
Soy Beans, bu. ....	3.50	4.60
Cowpeas, bu. ....	2.25	3.40
Turnips, bu. ....	1.75	2.00
Cottonseed, ton ....	24.00	70.00
Hay, timothy, ton ....	29.00	42.00
Hay, clover, ton ....	30.00	42.00
Hay, alfalfa, ton ....	25.00	34.00
Hay, prairie, ton ....	23.00	34.00
Bran, ton ....	47.00	63.80

"THE REAL ESTATE MAN" 29 Years a Resident of Sanford

## BRIDGE ACROSS ST. JOHNS SUBJECT FOR DISCUSSION WITH COUNTY COMMISSIONERS

Osteen Ferry Will Be  
Made Into Toll  
Bridge  
COUNTY CONTROL

INSTEAD OF PRIVATE WILL BE  
WATCHWORD OF THE  
TAXPAYERS

(From Monday's Daily)  
The subject of a free bridge or a toll bridge across the St. Johns river at the Osteen ferry was thoroughly discussed at a meeting of the county commissioners of Volusia and Seminole counties this morning at the court house. The idea of having private control was also touched upon and after much discussion it was decided to appoint a committee composed of two members from each county board to act in conjunction with the county attorneys and county engineers from each board. This committee will investigate all the conditions in connection with the building of this bridge, the estimates and cost of construction, etc., and report at the next meeting of the board on April 5th which is the regular meeting.

This question of a bridge across the St. Johns river is one that is most important just now. Several years ago the county commissioners of Volusia and Seminole made a great mistake in allowing private interests to build a toll bridge at Monroe ferry. At that time the boards would not build a bridge and it was thought best to have the bridge instead of the ferry but now that the boards see the light they feel that either the bridge will be built by the counties or it will remain as it is until the counties do build it.

We have had enough of the private control of bridges, corporations, utilities and all that enters into our daily life. If private corporations can build toll bridges and make thousands of dollars every year out of them the counties and cities can build them and this is not the time to bottle up any more rivers in Florida with private toll bridges. If the counties are too poor to build the bridge let them float bonds and pay for the bridges with tolls until they are paid and then make them free. This was agitated by the Herald when the last one was built but the penny-wise and pound foolish people could not see it and now that they do see it they should never again make the same mistake. Let us have municipal ownership all the time.

### Club Women Will Organize Women Voters

(By The Associated Press)  
JACKSONVILLE, March 19.—Club women and others interested from all parts of the state, will meet here March 31 and April 1 for the purpose of organizing the Florida League of Women Voters. The call for the meeting was issued by Mrs. J. B. Salley, of Aiken, S. C., third regional director of the National League of Women Voters and by Mrs. J. A. Corbet, of Jacksonville, appointed to perfect local arrangements.

Plans of the leaders call for organization of the state league the day preceding the State Social Service Conference, which will be held here April 1-3, with the expectation that this will insure an unusually large attendance, as many of the women interested in social service work were leaders of the suffrage movement.

TALLAHASSEE, March 23.—The supreme court today reversed the decree of the Marion county circuit court enjoining Marion county officials from levying and collecting a tax to provide an interest sinking fund on the \$9,000 road bond issue authorized at an election last April. The bonds have not yet been issued and the court held that under the law bonds must have been issued before a tax levy can be lawfully made.

"The Rats Around My Place Were Wise," Says John Tuthill.

Tried everything to kill them. Mixed poison with meal, meat, cheese, etc. Wouldn't touch it. Tried RAT-SNAP, inside of ten days got rid of all rats. You don't have to mix RAT-SNAP with food. Saves fussing, bother. Break a cake of RAT-SNAP—lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

### New Tractor Company Locates in Sanford

CHOSE SANFORD AFTER LOOK-  
ING OVER THE  
STATE

(From Monday's Daily)  
Among the many new enterprises located in Sanford during the past week is the Ferguson-Hill Tractor Co., selling agents for the Spry-Wheel Tractors, said to be one of the best in the market. The new Ferguson-Hill Co., will have their warehouse in the old Ford building on west First street and expect to have 36 counties in Florida for their field.

The fact that Ferguson-Hill Co., chose Sanford for their headquarters after going over the state demonstrates that Sanford is becoming the center of the wholesale and distributing business for many lines of business and in the next few years there will be many of the largest houses in the country with headquarters here. The Ferguson-Hill Co., is composed of Geo. O. Ferguson, who is president and treasurer, and Fred Hill, secretary and they will carry a full line of the Spry-Wheel Tractors and all the business of the many counties in which they will have agents will be tributary to Sanford and this new firm will do much toward putting Sanford on the map in large letters.

Mr. Ferguson and family and Mr. Hill will reside here and become identified with the business and social life of this city. The Spry-Wheel Tractor is manufactured in Boston and the principal business offices are in New York and this tractor having built up a fine reputation will bring much business to the home company and they will push it throughout Florida. See their advertisement in this issue.

### Will Divide Hillsboro County With Plant City as New County Seat

PLANT CITY, March 19.—A movement for county division, which was quietly started a few weeks ago, crystallized at a meeting held here Wednesday night at which were present about fifty prominent citizens of this city and the eastern end of the county. The meeting, which was presided over by Mayor W. E. Lee, decided to petition the legislature for the partitioning of Hillsborough county, and a committee was appointed with instructions to draw up the necessary petition circulated throughout the territory affected, for signatures. It is proposed to divide the county on a line running north and south at a point just west of Mango. The new county would be about eighteen miles from east to west, and about thirty-five miles from north to south and would be bounded on the north by Pasco, on the south by Manatee, on the east by Polk and on the west by the parent county, Hillsborough. It is proposed to name it Plant county, with Plant City as the county seat.

Should the new county be created it would have a population estimated at from 20,000 to 25,000. It would embrace the following thriving towns: Plant City, Seffner, Dover, Brandon, Valrico, Turkey Creek, Branchton, Sidney, Thornotosassa, Coronet, Durant, Boyette and several smaller places.

One of the many buildings to be erected in Lake Worth this summer will be a fine business block on the corner of Lake avenue and J. Street. This lot has a frontage of 100 feet and it is reported the transfer of this lot involved an expenditure of \$15,000.

### CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief  
From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.—Adv.

### SITUATION BETTER

ALL OVER FLORIDA REGARDING  
THE LABOR SITUATION.

Times were never better in the Sanford section and it looks as though there would be more development here this summer than at any time in the past ten years. Every visitor to the city remarks upon the general air of prosperity that pervades the place and those who have come from other states cannot help but note that the Sanford people as a whole are more optimistic over the future than are the people of other sections. This means something to the investor and it creates a much better feeling with everyone. Conditions as a whole are improving all over the state and this improvement will help every section of the state.

Sanford has more to look forward to than many other cities for the improvements contemplated are not on the boom order but are safe and sane and solid ideas of building for the future and building hotels and other structures that are really needed and that are an asset and not a liability. On account of the decrease in the price of labor and materials Sanford will find that this summer is the best time to build and our buildings will start at the time when they are needed and the activity will do much toward keeping the people busy throughout the summer months.

Industrial labor employment in Florida is in better condition than in most states, judging from reports which have been made to the Florida Development Board by representatives in all sections of Florida.

Following the January report by the United States Employment Service of the Department of Labor, in which Florida was represented to have a very large proportion of workmen out of employment, the Florida Development Board checked up and showed that conditions in this state were better than in the other states, and offered to help the government agency get more dependable figures in this state for their reports. The offer was accepted and a questionnaire was furnished as basis for collecting the information. It was sent to the leading chambers of commerce and industrial organizations in the state to be filled out as information upon which to base a report for the state at large, and Mr. Coult has sent in his report for March today.

He says that almost every city represented in the reports received, show activity in construction of residences and apartments and that all of the building trades workers in the various cities can get employment if they want to work, except some surplus labor in Jacksonville, and that seems to be finding work satisfactorily. There is no call for soup kitchens in Florida to feed the unemployed, but a number of cities in northern states are having to take care of the unemployed labor at this time, according to reports from people who recently have visited those cities.

The building activity is being encouraged in several Florida cities by advertising campaigns of the building material dealers, calling attention to the present reduced cost of lumber and other materials.

So far as known there is only one crate mill idle in the state and it closed temporarily for lack of material. Some of the lumber mills are curtailing production until such time as they can get production costs more in line with present prices for lumber, but considerable of the lumber mill labor which was temporarily laid off is being used to plant crops and clear lands for large development, so it is finding employment.

The cigar factories are operating to normal capacity and the phosphate mines are taking care of their usual quota of labor, both skilled and unskilled.

### WEST FLORIDA WOULD VOTE AGAINST BILL

THAT WOULD ANNEX NINE  
COUNTIES TO ALABAMA  
PER SE

TALLAHASSEE, March 22.—Gov. Hardee and Attorney General Buford in statements today to the Jacksonville Metropolis correspondent declared it their opinion that the citizens of West Florida are irrevocably opposed to the annexation of nine West Florida counties by Alabama. The governor said he did not favor legislature seriously considering the proposal.

### Bill to Prevent the Shipment of Immature Citrus Fruit

There will be a meeting of all growers and shippers of citrus fruit of the state of Florida at the DeLand Chamber of Commerce, DeLand, Fla., at 10 a. m. Thursday, March 24th, for the purpose of receiving the report of the committee on the drafting of a bill to be presented before the legislature to prevent the shipment of immature oranges. All growers and shippers are invited to attend this meeting, and their attendance is important, as the bill will effect all interests alike.

If growers and shippers do not attend this meeting and take a hand in the moulding of this bill, they are neglecting their own business, and must not find fault afterwards with what has been done.

Work on the superstructure of the Inn in South Palm Beach is in progress, and the foundation is in readiness for a three-story hotel building of eighty guest rooms. An expenditure of \$200,000 is contemplated. The hotel is situated directly on Lake Worth.

H. W. BORING, a well-to-do Kansas farmer, says he has gained twenty pounds and is in better general health than he has been in years, since taking Tanlac.

"Since Tanlac has overcome my troubles I have gained twenty pounds in weight and am in better general health than for years past," was the straight-forward statement made a few days ago by H. W. Boring, a prominent and well-to-do farmer living at Overland Park, Kans.

"During the two years I suffered I tried everything I knew of to get relief, but nothing seemed to reach my case until I tried Tanlac. My appetite was poor and my digestion was so bad I could hardly retain my food. Nothing seemed to agree with me; in fact, I was almost a confirmed dyspeptic. My whole system seemed to be out of shape. I would have pains across the small of my back so bad at times I could hardly move around.

"My nerves were all unstrung and I would become upset at the least little thing. I seldom slept well at night and finally, became so weak and run-down that I lost weight rapidly. I was also troubled a great deal with catarrh and of mornings had to spend a half hour or more clearing up my head.

"This is just the condition I was in when I began taking Tanlac and it certainly has been a blessing to me. It just seemed to be made especially for my case. I improved from the first. My digestion now is perfect and regardless of what I eat I never suffer any bad after-effects.

"The pains across my back have entirely disappeared. The catarrh has left me, too, and my head is perfectly clear. I am no longer nervous and rest well at night. I have regained my lost weight and am feeling better and stronger than I have in years. I am going to keep Tanlac in my house so it will be handy at all times." Tanlac is sold in Sanford by the Union Pharmacy.—Adv.

## TEXT OF SPECIAL ACT ADOPTED BY ALABAMA FOR BUYING NINE COUNTIES

From Florida That May  
Be Ratified In Our  
State

TALLAHASSEE, March 23.—The text of the act adopted in 1919 by the legislature of Alabama authorizing negotiations for the purchase of the nine counties of Florida west of the Apalachicola river follows:

"Alabama General Laws, regular session 1919. No. 625. H. 692—Dunby.

"An act to provide for the annexation of Bay, Calhoun, Escambia, Holmes, Jackson, Okaloosa, Santa Rosa, Walton and Washington counties in West Florida to the state of Alabama, with the assent of the state of Florida, and the Congress of the United States.

"Be it enacted by the legislature of Alabama:

"1.—Believing that it will be of mutual benefit to both the state of Florida and the state of Alabama to change the boundary line between said states from its present location to the Apalachicola river and include within the state of Alabama the counties of Florida known as Bay, Calhoun, Escambia, Holmes, Jackson, Okaloosa, Santa Rosa, Walton and Washington, the governor of Alabama is hereby empowered and directed to appoint three commissioners, to be known as the State Boundary Commission, on the part of Alabama, to act with a like commission on behalf of the state of Florida whenever the legislature of Florida shall pass a similar act, for the purposes described in this act.

"2.—That the said commissioners and their successors be and are hereby authorized and empowered, in behalf of the state of Alabama to determine the state boundary line between Alabama and Florida to be the Apalachicola river from the Georgia state line to the western boundary line of Franklin county, and then following the present county line between the counties of Calhoun and Franklin, or along the line as they may determine.

"3.—That the said commissioners and their successors be further empowered to do and perform all acts requisite and necessary to perfect and consummate any agreement for the cession of the aforesaid territory, now a part of the state of Florida, to the state of Alabama, and that, whenever an agreement has been reached by the said commissioners it shall be communicated by them in writing to both the governor of Florida and the governor of Alabama, accompanied by copies of all documents, agreements, statistics, maps and plans.

"4.—That the Governor shall cause the report and accompanying documents to be printed and shall transmit the same to the next ensuing regular session of the legislature of this state, or to a special session, should a special session be called prior to the convening of the regular session, together with such recommendations and bills as he may deem necessary to carry into effect the report of said commissioners.

"5.—That the said commissioners shall be paid a per diem of ten dollars each and shall be reimbursed for all expenses from the general fund. The state auditor shall audit all expense reports, and whenever approved by the governor the state treasurer is hereby authorized to pay said vouchers, and the per diem compensation shall be audited and paid whenever the governor accepts the report and orders it printed, but the commissioners shall remain in office until the governor shall discharge them.

"6.—That, whereas, the legislature of the state of Florida will convene in their next regular session early in April, 1921, A. D., the governor of Alabama is hereby requested to formally transmit to the governor of Florida, prior to the convening of the said legislature of Florida, a copy of this act and invite the governor of Florida to submit the same to the legislature of Florida with the recommendation to create a similar commission on the part of the state of Florida.

"7.—Be it further enacted that all laws and parts of laws in conflict with the act be and the same are hereby repealed.

"8.—That this act shall become effective upon its approval by the governor.

"Approved, September 29, 1919."

ETAOIN SHRDLU ETAOIN I

## Would Rather Have North and South Florida

TALLAHASSEE, March 23.—That the sentiment of the people residing in the counties west of the Apalachicola river is irrevocably opposed to the proposed annexation of that portion to the state of Alabama was the opinion expressed yesterday by Governor Hardee and Attorney General Rivers H. Buford, to the Metropolitan bureau correspondent.

"I do not believe that there is any appreciable sentiment either in the sections affected or in the state as a whole for the annexation by Alabama of the counties beyond the Apalachicola river," said Governor Hardee. "The greatness of our state consists in part in its diversity of pursuits and industries. I hardly think the legislature, now soon to assemble, will seriously consider the proposition. Personally, I should not favor them doing so."

Attorney General Buford, who is perhaps more closely in touch with the sentiments of the people in Florida west of the Apalachicola than any other man in the state, when asked as to what he considered the attitude of the people toward the proposal of the Alabama legislature, said:

"It is my opinion that an overwhelming majority of the people residing in the counties west of the Apalachicola river are irrevocably opposed to the proposition of annexation to the state of Alabama. I do not believe that any sentiment in favor of the movement exists beyond two or three counties, and I do not believe that this sentiment is strong enough in any county to persuade the representative in the legislature to support the measure.

"I have heard hundreds of prominent citizens of that part of the state declare that if such a condition were to occur under any circumstances that they would sacrifice what property they happened to have in that section and remain citizens of Florida by moving into that part of the state which retained identity as such.

"It is my opinion that a great many people in west and north Florida would favor a state division because of what they consider to be an advantage that would accrue to each section of the state by reason of the diversified interests, occupation and conditions which exist when a parallel is drawn between South Florida and north Florida, but those same people would not consider for a moment in a favorable light the proposition of having that part of Florida west of the Apalachicola river annexed to Alabama."

**OVIEDO NOTES**

H. B. McCall, Jr., and Edward McCall, of Lakeland, spent Sunday with their parents.

Co. J. M. Beckley, of Cochran, Ga., spent last week in Oviedo the guest of W. J. Varne and family.

Mr. and Mrs. S. W. Swope and Francis Swope spent Wednesday in Sanford.

Wednesday was "Clean Up Day" at the Oviedo Cemetery. A number of the U. D. C.'s and others interested in the work went out about 9 o'clock and spent the whole day, taking their dinner with them. This is an annual custom in Oviedo and is always under the auspices of the U. D. C. ladies.

Mr. and Mrs. W. J. Varne entertained at a Georgia supper last Thursday night in honor of their guest, Col. Beckley. Those present were: Mr. and Mrs. Varne and family, Miss Ethel Tay and Mr. and Mrs. T. L. Lingo, all of whom hail from Georgia.

The High School girls entertained the members of the Woman's Club Friday with a jazz program which was greatly enjoyed by all present.

These warm days have brought on some severe cases of fishing fever among a number of Oviedo's prominent and otherwise citizens and almost every day automobiles and Fords leave town loaded with fishermen and fishing equipment. Sometimes these cars return before dark in order to display the proof of their "fish tales" and again they come in after night with nothing to show or to say.

Mrs. C. L. West, Mrs. Mary West and Charles L. West, Jr., spent Saturday in Orlando.

Dick Walpole spent the week end with his aunt, Mrs. W. E. Young, leaving Monday for Sarasota where he goes to visit the family of F. E. Walpole.

F. T. Lingley, of Sackville, Canada, arrived Sunday and will spend several weeks with his family.

Mrs. W. P. Carter entertained the social and prayer meeting committees of the C. E. Tuesday night.

Mrs. C. L. West, Mrs. Mary West, Chas. West, Jr., Mrs. H. B. McCall and Miss Ethel Taylor spent Monday in Orlando.

Mrs. J. H. Lee, Jr., spent Sunday in Altamonte with her mother, Mrs. Lewis.

C. S. Lee and W. J. Lawton spent several days in Jacksonville last week.

A number of Oviedo people had the pleasure of hearing the splendid lecture of Dr. Ralph Parlette Friday night through the kindness of the First National Bank of Sanford. Not only will the lecture, but also the courtesy of the bank will long be remembered by all the Oviedo people who heard it.

L. E. Wright, Jr., left this week for Jacksonville.

The Service Garage owned and operated by Clemmons Hall, has been sold to C. S. McCullay.

The long felt need of a barber shop in Oviedo has at last been met by Wilson Brown who has opened a shop just back of the Oviedo Mercantile Co., in the room that was formerly occupied by the Young Tire Co., office.

A. E. Farnell, Sr., Mrs. Farnell, A. E. Farnell, Jr., and Clemmons Hall left Sunday for a trip down the East Coast returning Friday.

Mr. and Mrs. S. W. Swope, Francis Swope, Miss Mable Swope and Mrs. C. S. Lee spent Saturday afternoon in Sanford.

H. W. Anderson left Saturday for his home in Atlanta after a pleasant visit to his sister, Mrs. O. G. Wolcott at Lake Charm.

Mr. and Mrs. W. J. Varne and family spent Tuesday afternoon in Sanford.

666 is a prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know.

### A TRIBUTE

On Sunday morning there passed away from our midst, a sweet, gentle soul whose memory is fragrant with deeds of kindly service honorably rendered.

Miss Bettie Jones had reached the age of 77 years.

We realized that she was becoming fragile and that she might not linger long. The sunset-glow was getting brighter, and the time to depart from this world growing nearer.

The loved ones on the other side were awaiting her coming. To join them would be a gracious release from helpless suffering. So as the noon-tide hour approached the angels came and bore her emancipated spirit away to the bliss beyond.

There is left to us who remain, sweet memories of faithful service and honest purpose.

Goodbye, dear Miss Bettie, 'till we meet again in that fair land where "the inhabitant shall no more say, I am sick," and where the great fountain forever flows for the healing of the nations.

"And I heard a voice from Heaven saying: Blessed are the dead who die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labors, and their works do follow them."—A Friend.

## SAGE TEA DANDY TO DARKEN HAIR

ITS GRANDMOTHER'S RECIPE  
TO BRING BACK COLOR AND  
LUSTRE TO HAIR.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful. This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

Large shipments of tomatoes are going forward from points south of Miami.

**WHAT you lose  
thru baking failure  
must be added to baking  
costs—it has to be paid for.**

Calumet Baking Powder will save you all of that. Because when you use it—there are no failures—no losses. Every baking is sweet and palatable—and stays moist, tender and delicious to the last tasty bite.

That's a big saving—but that isn't all. You save when you buy Calumet and you save when you use it.

It is reasonable in cost and possesses more than the ordinary leavening strength. You pay less and use less. You get the most in purity, dependability and wholesomeness.

In every way—it is the best way to keep down baking costs. That is what has made it the world's biggest selling baking powder—has kept it the favorite of millions of housewives for more than thirty years. Good wholesome bakings can be made only of good materials, no other way, so use only good baking powder and good plain flour (not self-rising flour).

Calumet Sunshine Cake  
Recipe  
1/2 cup of butter,  
1 1/2 cups granulated sugar, 2 1/2 cups flour, 1 cup water, 2 level teaspoons Calumet Baking Powder, 1 teaspoon lemon, yolks of 9 eggs. Then mix in the regular way.

Foreign Advertising Representative  
**THE AMERICAN PRESS ASSOCIATION**

Chautauqua next week.

And the best one that Sanford has ever had.

It will not only help our own people but many from neighboring towns are coming here to attend it.

Some magazine guy has written a book on "Idle Moments in Florida." We wish he had our job on the Daily Herald for one month.

Over at St. Augustine they have formed a "Linger Longer" Club. Down at Orlando they have formed a "Linger Longer Club."

It was the perversity of fate that Simon Tuch should be "touched" by wire tappers at Miami. He should change it to "Stung" now.

Sanford has had all kinds of amusements this year. There were many kicks on some of them. Now see how many of you want real amusements.

A Toronto, Canada, man flagged a train with a pair of red socks. We have seen socks that would have flagged a German train loaded with Limburger cheese and they were not red either.

All of that nice stuff the newspapers are writing about the state prison farm at Raiford may be all right for those who are not there but it will not popularize the farm as a summer resort.

Everybody get behind the Chautauqua and make it a big success. You have all been talking about higher class amusements. Here it is at your door. Give it your support and see that it flourishes.

We may not have a ball team this summer but we will all be busy building new hotels, golf links, homes, etc. Too busy to play ball and at the end of the season we will probably have more money.

Seminole county can well feel proud of her representative this session Hon. Frank P. Forster has the respect and the esteem not only of his home folks but of every man in Florida who knows him.

We should all get behind our new city band. It is composed of real musicians and they are rehearsing regularly. No city is complete without a good band and our own band deserves all the encouragement that it is possible to give them.

This is Easter Week and the time for the stores to all get busy with their spring advertising. Easter is the time to discard the winter togs and put on the summer clothes and it is also the time for merchants generally to wake up and do some advertising.

If we can just hold off until the legislature meets the papers will have something to talk about every day. It seems that this session will be the best session of the Florida legislature that has been held in many years and there will be some constructive work done—they always say this in March.

When the Sanford Daily Herald chronicles, "we are getting together in this man's town and getting closer than ever before," it means that the celery city intends to move with a bump and a jump.—Orlando Reporter-Star.

That American who fired on Victor Bergdoll, the draft dodger, and missed him, should receive a pension for firing and six months in jail for missing him.

Stealing young orange trees out of the field at night is the latest diversion in Polk county. Well, anyhow it gives the Temple orange some mighty good advertising, eh, what?

"What Lies Before Mr. Harding?" says a headline in one of the papers. We don't know, but one thing is certain, Bro. Warren, the lies behind you are what will count in the next four years.

Who's First, Man or Cow, asks the Haines City Herald. Well, if you meet a cow on a dark road at night it has usually been the cow that was first and we had to wait for them to ease off the road as we oozed by. Many a ten dollar cow has ruined a \$2,000 automobile and cost the auto owner \$50 for the ten dollar cow in the bargain.

Lake Monroe, the nice hotels, the daily newspaper and the celery fields were what attracted the visitors to the city Saturday. And you will note that the celery fields come last. It is up to the people of Sanford to keep up the hotels, the newspaper and make the lake front attractive. The farmers will take care of themselves.

"The tourists are going home" wails the South Florida resorts. Well, let 'em go, dear brothers. They are stopping with us on the way home and all of our hotels and homes and apartments and everything is filled with them. It is an ill wind that blows nobody good and when the exodus starts from the South Sanford gets the tourists for a few days or a few weeks and they like it so well that they are coming here next season to stay in our new tourist hotel and play on our golf links.

We note by the Gainesville Sun that Col. Robert Davis has retired from the editorial tripod and that W. M. Pepper will have to take up this additional burden temporarily. The readers will miss Col. Bob from the Sun for he was a most fluent writer and had so many friends over the state who love him because they have known him so many years. Good writers are growing scarce and those that are loved by the public are growing scarcer but we opine that unless Col. Bob is out for good that he will be back on the job again before long. Meantime we opine that Will Pepper can shake the Pepper box for the time being.

The next legislature will pass such strenuous laws regarding bootlegging that it will come under the extra hazardous occupations and few will care to engage in it. The proposed new law is one that the Herald has called for ever since the so-called prohibition laws went into effect and that is to give the offenders a jail sentence instead of a fine. The fines work too many ways to suit the people who have been investigating this phase of the laws and to give them a jail sentence and no fines would stop the bootlegging and many other grafts that are now fastened upon the body politic. Fines are nothing more than licensing the liquor traffic and if it is necessary to stop it the fines will never do the work. It is the travesty upon law and order and justice to allow the fine system to exist in regard to selling liquor. If you don't believe it watch the same old offenders get their fines every week or every month and go right back to selling.

Dispatch says: "Longer skirts are shown in Paris fashions." Maybe so, maybe not, but in this man's town they have heard the reverse and they seem to be shrinking all the time—the skirts we mean—not the girls. However, shorter skirts make the men look longer and this will help some of the short fellows.

Write to Senator Fletcher for a copy of that bulletin on curing hog meat. It is Farmers' Bulletin, No. 1186. The ham and sausage and "ever'ing" described will make your mouth water.—Tampa Tribune.

**GETTING TOGETHER**

We are getting together in this man's town and getting together closer than ever before. We are beginning to realize that in getting together we will build a real town much faster and much more satisfactorily than by back-biting, standing back, holding back, refusing to help each other and refusing to take a part in the great work of reconstruction that is necessary here. But by various methods and various plans we are getting together and good work will result from it and result much faster than anyone can foresee. We will build that city here and we will start it this summer. There should be no dull summer if we can keep everything moving. Sanford will be just what we make it.

**INVEST YOUR MONEY HERE.**

There are some investments that are safe. There are some investments that might yield good returns. There are some that we might say were all right. But if they are safe and sound and if by chance they might yield you some revenue, what have you really gained by sending your money out of town. It never comes back and like the water that has passed the mill, you cannot grind with it again. But if you invest in a home enterprise, if you invest in something in your own city or county and perchance it does not yield you a big revenue you have still invested your money at home where some home people get the benefit from it. Take for instance a hotel property. You help to build a hotel here and the entire populace are benefited thereby even if your stock does not pay big dividends the first two or three years. If you put your money in real estate, in farms, in factories here it is all returned to the pockets of some one here and to local channels where the city is benefited by it in some measure. So if you must invest in stocks invest in home enterprises. They are here where you can see them and get something out of them.

**PASS IT ON TO THE PEOPLE.**

The Plant City Courier quotes strawberries this week as selling at between thirteen and a little above nineteen cents a quart. The retail price of berries in Tampa has been thirty and thirty-five cents—the same as when berries were ten and fifteen cents higher in Plant City. The people of Tampa have been good customers for the berry sellers, they have bought liberally all that came to town, at the higher prices, even ranging up to seventy-five cents for the winter berries. It would seem a fair thing to give the housekeeper a chance to put up a few cans or quarts of berries now when the season is drawing to an end and berries are cheap in the field.

The Plant City Courier of Tuesday says: "While strawberry shipments during the last three shipping days have been even heavier than they were the preceding three days, prices are on the decline. The average price reached yesterday was nineteen cents a quart. There were 60,912 quarts shipped during Friday, Saturday and yesterday."

Thousands of quarts should be put up for home use, and if they are obtainable at the lower prices, they will be worth at the platform from now on, they will be used when the prices drop below a profitable one for the shippers.—Tampa Tribune.

The same thing is true of all the Florida crops. When the price is down in the markets there is no reason for sticking the home people.

This is the accepted time for the Sanford merchants to arrange for a series of sales. The people are coming to Sanford now as never before and they should be given the right kind of inducements to remain here. There is nothing quite so attractive to people as good stores and sales of all kinds at which they can get bargains. Sanford should be the trading center of Florida and would be if the merchants would take more advertising in the Daily Herald and let the people know what they have to offer.

**STABILIZING CROP RETURNS IN SANFORD**

High transportation costs and unsettled market conditions this season have shown again the necessity to our farmers of making a larger part of their crops staple, so as to await a better market and insure a part of their returns. The raising of corn and the establishing of a cold storage plant have been two steps in the right direction. What are others doing for us to learn from?

There are now in Germany over one thousand factories preparing dried vegetables. During 1917 alone, they dried a larger output of potatoes than was raised in the whole United States during the time. The process of preservation of all kinds of vegetables has been so perfected there, that not only taste, color and smell are kept perfect, but so, that even the fibrous structure is kept intact to such a degree, that when soaked before boiling the original form will be restored. This is accomplished by a process of slow drying and the leaving of from 5 to 10 per cent of the moisture in the product. The result is in figures, that one pound of dried product would be derived from 10.3 pounds of beans, 13.3 spinach, 4.4 potatoes, 13.3 tomatoes, 12 cabbage, or one car of dried products would equal 20 cars of green vegetables, quite a little saving in crates and freights and commissions.

Again: 1 ton of green peas in cans equals 93 boxes or 4,291 pounds, while dried they would weight 475 pounds.

The British used some of these dried products, left over from the Boer war, during the recent war and found them in good condition, which guarantees the keeping quality, when prepared right.

It will be easy to see, what a savings account our farmers could lay by, in only converting part of their crops into dried products.

The American fruit dryers of the west cannot compete with the product put out by Europe, and the great danger to the success of drying vegetables successfully lies in the slipshod methods used in our rich and wasteful country in all such enterprises. The science of the processes should be studied at the point where the most perfect goods are produced.

Next it will take an intelligent advertising campaign to create a market and an equally careful campaign to educate the cooks, the individual consumers to the proper ways of preparing these products, since ignorance in this one direction alone can spoil the reputation of a new product forever.

There never was a more favorable time than at present to go into this. Foods are high and in all probability will be for some time to come and the public is more receptive of taking on a new product for its cheapness than heretofore.

Investigations could also be made cheaper now on account of the low valuation in the countries where this industry has been brought to perfection.

Josiah Ferris, one of the men who met Ponce DeLeon when he discovered Orlando, has quit the newspaper business and gone into job printing in Orlando. We will all miss Josiah. Orlando newspapers have known him for the past thirty years and we opine that the lure of the newspaper will be too strong for him later on and his job printing business will be given up for the life of luxury and ease on a daily paper.

**IMPORTANT ISSUES BEFORE THE COMING LEGISLATURE.**

When the Florida legislature convenes in regular biennial session two weeks from tomorrow it will be confronted with a legislative program certainly no less extensive and important than faced by other assemblies of the recent past and unless all signs fail it will be an extremely interesting sitting. The further prospect is that it will be as constructive as the thought of the times demands.

At this writing we may expect to see the legislature spend a greater part of its time in the consideration of a few important proposals, viz:

- Re-apportionment.
- Compulsory tick eradication.
- Permanent highways.
- Fish and game laws.
- Public Utilities Commission.
- Taxation in its varied forms.
- No-fence law.
- Appropriations.

Of course other matters will come before the assembly to share in the consumption of time and many of them will receive the approval of the legislators. But of the above mentioned subjects several are going to have hard sailing if they succeed at all, and days will be occupied in their discussion.—Jacksonville Metropolis.

We do not think they will have such hard sledding and in fact if the majority of the legislators are the kind of men they are supposed to be they will pass the majority of the measures mentioned above. The state of Florida as a whole is waking up to its opportunities as never before and opportunity lies right along the legislation outlined above. In the matter of appropriations we believe the legislature will be governed by sense and reason and economy, but not false economy. They can lop off a lot of political jobs that were created for the benefit of political henchmen of former governors and they can save the state much money thereby. As the state is growing there are many measures that must be passed and that will tend to spend some of the state's money. The Metropolis left off the most important of the needs of the state in the education line unless it comes under the head of appropriations and in that case let us have all the money we can get for the schools and the school teachers.

The building of a bridge across the St. Johns river at Osteen is again being agitated, and a committee consisting of two members of the Board of County Commissioners from Seminole and two from Volusia have been appointed to investigate the matter and report at the April meetings of these two boards. The building of a free bridge at Osteen would take probably nine-tenths of the traffic from the Harden Ferry bridge, where toll is charged.—Deland News.

And we can look for opposition from those who are interested in the Harden Ferry bridge but it seems that the county commissioners of Volusia will be guided by the wishes of the people.

It seems that according to the census figures for Florida that there are more men than women. This gives every girl a better chance in this state than in other states and will no doubt cause an exodus of girls from other states when the figures are given out.

**GOD BLESS BOB DAVIS.**

On Sunday Col. Robert W. Davis severed his connection as editor of the Gainesville Daily Sun. The retirement of Colonel Davis is a distinct loss to Florida Journalism. Mr. Davis in his Valedictory published Sunday stated that he was over 70 years of age when he "began his career" as editor and when he wrote his first editorial. He is a kindly gentleman of The Old School and wrote as he talked. For years he represented this district in the halls of Congress, and missed being governor by only a few votes. His life has been a blessing to the state and his kind words as editors have carried cheer and encouragement to many a weary heart and mind. May his last days be spent in peace. God bless Bob Davis.—Deland News.

The last time we saw dear old Bob Davis, the editor of the News was with us and we played a low down joke on Col. Bob by pretending to be strangers in Gainesville and asking him a lot of fool questions but we wound up by telling him who we were and all three had a war dance on the main street of Gainesville and we hugged Col. Bob good and plenty. We can say amen to the above with all our heart and may the richest blessings fall on the devoted head of Col. Bob Davis during the remainder of his life. His retirement from the Sun will be a distinct loss to Gainesville and the entire state.

The ministers of Miami believe in doing things. They said there was gambling going on in Miami and proved it by searching the premises of the places suspected and finding the paraphernalia. This is the proper way to go about it. Always prove what you say and it is not difficult to prove gambling in any city in the United States and Florida.

## "FLORIDA FIRST" MOVIE FAVORED

WHOLE STATE WILL BE ADVERTISED IN NEW FILM.

Assuring its success, great enthusiasm is being manifested to the "Florida First" film, which has been proposed by Tampa business men for advertising the state as a whole.

Some time ago Paul Gilmore, a Tampa man with wide stage experience, filmed a play in Manatee county. This play, by reason of its beautiful semi-tropical settings, and the strength of the story, met with immediate success in New York, where it is hailed as one of the best films on the independent market.

From the scenes pictured in this film, Manatee county, it is declared, has derived much advertising—a circumstance that is responsible now for the attempt to give such advertising to all Florida. The vehicle of the tour over Florida in motion pictures will be a brisk, bright and breezy comedy-drama, woven about the flirtations of a traveling salesman. His wife is in hot pursuit, and with scores of girls in every town, the salesman is kept jumping from place to place in quick order.

The chief difference of method in filming this "Florida First" picture will be the amount of scenery included. Every scene will be well identified, shown minutely, and no pains spared to give Florida atmosphere to the whole. Two chief characters, the salesman and his wife, will be covering two different sections of the state at once. No place of importance will be overlooked.

Among the scenes will be the scenic beauty of Coconut Grove, its winding drives, roadside cafes and inns; the fine fishing at Stuart, at St. Lucie Inlet, on the east coast; the fine hotels of the beautiful country club at Ft. Pierce; Ormond, with its race track and speedways, hotels and homes of some of the world's greatest celebrities; the pleasure boating facilities of Vero and its famous hotel, Sleepers lodge; great docks and export facilities at Fernandina; machinery and foundry developments at Archer the "home like" atmosphere at Live Oak; Tallahassee, the seat of government; tarpon fishing at Duneedin; citrus fruits at Wauchula and phosphate at Mulberry.

Other places better known on this side of the peninsula to be included are: Iverness, Orlando, Ocala, Sanford, DeLand, Kissimmee, Pensacola, St. Petersburg, Clearwater, Tarpon Springs, Tampa, Lakeland, Plant City, Dade City, Brooksville, St. Augustine, Fort Myers, Arcadia, Bartow and Lake Wales.

The leading part will be played by Mr. Gilmore in the role of traveling salesman in Florida. A talented actress will be brought here to play opposite him as his wife.

Encouraged by business men in this section, plans have been launched looking to the immediate taking of pictures, by Baxter, Inc., who are backing the enterprise.

## EAST SANFORD

This Easter Sunday is the first in 10 years but what a special Easter service has been arranged to take place here. All East Sanford folks will have to go to town or elsewhere this year for Easter service.

Mr. and Mrs. B. E. Squire, of Cameron avenue, have as their guests, Mr. and Mrs. Alanson Benjamin and Mrs. Susie Brown, the party have been spending some months in Bartow and are enroute to their home at Flandors, on Long Island. They were guests of Mrs. Susie Squire at her home on 5th street in town last week.

R. A. Howard is at home from Oklawaha City for a visit with his family.

Mr. and Mrs. W. W. Miller, who have both been quite ill with flu are now able to be about again.

Mrs. George Townsend of Mellonville ave., is convalescent after an eight weeks illness, three weeks of which were spent at the Fernald-Laughton hospital with Dr. Puleston as attending physician.

The Chorperring and Company's picnic and bathed at Lake Silver last Sunday evening.

The infant son of Mr. and Mrs. Jas. Davis died of stomach trouble Tuesday night.

The whip-poor-will sings his sad song to us every evening now. Hope he will change his tune when the freight rates are reduced.

The newspaper editors drove out through our section last Saturday, eating celery and exclaiming at all the fine crops to be seen in East Sanford. It's safe to say many of them will be back for another look.

Get your Scratch Pads from The Herald—by the pound—15c.

## Award of Scholarships For Florida Teachers, Students at Peabody

TALLAHASSEE, March 24.—Conditions of the award of scholarships to Florida students and teachers in the George Peabody College for Teachers have been announced by W. N. Sheets, state superintendent of public instruction. Detailed information will be supplied by Mr. Sheets upon application of persons who desire to seek the scholarships.

To become eligible, applicants must agree to remain in Peabody College throughout the summer quarter, June 8 to August 26, to pursue not less than ten credit hours of work throughout the quarter, and to fulfill all conditions and requirements for credit in the courses they pursue.

## LONGWOOD NOTES

Mrs. Jack Hartley returned Wednesday from Groveland where she has been visiting her son and daughter, Will and Ethel.

Fred Parker, of Orlando, was a visitor in town Wednesday.

Mrs. Harry Lee Harlee, of Atlanta, is the guest of Mr. and Mrs. C. W. Entzinger.

Mrs. J. S. Dinkel, Miss Olive and Mrs. E. C. Maury motored to Sanford Wednesday.

J. E. Phipps returned Thursday from Tampa.

Mr. and Mrs. Clark of New York, is the guest of T. G. Roebuck and family.

The ice cream served at the hotel is quite a treat these nice warm days.

Mr. and Mrs. E. E. Hardy were Sanford visitors Friday.

W. McWorkman was in Winter Park Friday playing golf.

T. A. O'Neil gave a social evening at the hotel St. Patrick's eve. There were a number of guests from Orlando among those present.

W. McWorkman left Sunday afternoon for his home in Indianapolis after spending several weeks on Crank Hill. J. E. Phipps took him up to Sanford where he caught the Tampa Special.

Mrs. E. C. Maury returned to her home in Orlando Monday after spending several days with Mrs. J. S. Dinkel.

Mr. and Mrs. John Weeks, of New York, stopped over on their way home to visit Mrs. J. S. Dinkel, who is Mrs. Week's cousin.

Mr. and Mrs. Sprouse and son and little Miss Florence Tinkle, of Orlando, were the guests of Mr. and Mrs. Fuller Sunday.

A most congenial picnic was given at Palm Springs Saturday afternoon. Those attending were: Mr. and Mrs. A. Y. Fuller and daughters, Misses Lela, Francis and Emma, Mrs. Dinkel and Miss Olive, Mrs. Maury, J. E. Phipps, W. McWorkman and Jim Laverety.

Mr. and Mrs. Wright and Ernest Tubor left for their home in Cata, N. Y., Saturday.

Mr. and Mrs. Robinson, who have been in the Clouser cottage left for Plant City Saturday.

Mr. and Mrs. McGahey, of Duneedin, and Mrs. Hardway, of Taft, were callers in town Friday. We were glad to see our old friends.

T. A. O'Neil and Mr. Henderson were callers in Orlando Monday.

Mr. and Mrs. J. A. Bistline were shopping in Sanford Monday.

Mrs. Will Rineau returned Sunday from Jacksonville where she has been under the doctor's care.

N. O. Odium, of Orlando, was transacting business in town Monday.

Mr. and Miss Dunbar were Sanford visitors Tuesday.

Mr. and Mrs. J. H. Allen and Claude Hinchcliff were in Sanford on Tuesday.

Mrs. J. S. Dinkel left Wednesday to spend a few days with her son-in-law and daughter, Mr. and Mrs. H. R. Chapman.

## OVIEDO NOTES

Opossum hunts are the latest form of amusement in Oviedo and the beautiful moonlight night we have been enjoying have turned many fancies towards this novel hunt.

There is nothing just like a possum hunt, and no leader for the sport can compare to the Southerner. Such a hunt was given last Wednesday evening in honor of Mr. and Mrs. F. T. Tingley and sons of Sackville, N. B., who have been spending the winter in Oviedo with Miss Bertha Dixon.

The chase was led by Marion Drawdy with dogs trained especially for possum and coon trailing. The party was composed of Mr. and Mrs. Tingley, Douglas Tingley, Amos Tingley, Mr. and Mrs. J. B. Jones, J. B. Jones, Jr., Malcolm and Ben Jones, Marion Drawdy, Mrs. Brockenton and children and Misses Ella Belle Jones and Bertha Dixon. The party went to the woods in trucks and cars, which was quite a departure from the old time Southern possum hunt when the

party walked for miles and miles before the dogs even began to take up a trail. The party left the cars and followed the dogs into the woods as they took up trail after trail. Four possums were treed by the hunters but it seemed to satisfy them for the time being and they returned home at a late hour voting Mr. Drawdy the best possum hunter in Florida and this novel sport the very greatest fun of all. On the following day a real possum dinner was served by the ladies of the party, who were assisting Douglas Tingley in entertaining the Oviedo Camp of Boys Scouts. The Scouts greatly enjoyed this party and Saturday night they all decided that possum must be good food for ball players as the Oviedo boys beat the Sanford boys at a game of ball Saturday afternoon.

The Christian Endeavor entertained at a social Friday evening at the Club House. The social committee was as-

isted by the music committee who gave a most enjoyable program. A free will offering was taken for home mission work and over five dollars was raised for this worthy cause.

C. L. West spent Monday in Orlando attending the trial of the men who robbed his store early in February.

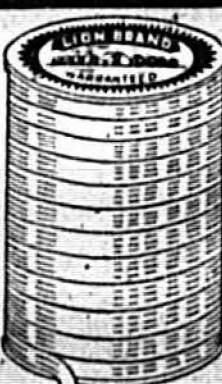

Mr. and Mrs. Rogers and Mrs. Anna Averette of Chuluota visited Oviedo Sunday.

Mr. and Mrs. Enoch Partin and Mrs. Chester Partin and children visited Orlando Tuesday.

Mrs. O. P. Swope and children were visitors to Sanford Tuesday.

Mr. and Mrs. S. W. Swope, Miss Mable Swope and Francis Swope spent Saturday in Orlando.

### About High Priced Grain for Your Poultry

Feeding your poultry grain in a haphazard way is too expensive in these days of high grain prices. It's throwing away good money, because it does not get results. Why not buy feeds prepared by expert poultry feeders and which have been proved to bring big returns in growth and eggs?

## SUGARINE

### Poultry Scratch Feeds

are composed of a variety of materials especially selected and mixed to meet the particular needs of chicks, pullets or cockerels, and laying hens. The materials used include wheat, corn, kafir, sunflower seed, buckwheat, barley, millet and oats.

**The Sugarine Line Includes:**

- Sugarine Dry Feed
- Sugarine Cold Feed
- Sugarine Hot Feed
- Sugarine Mixed Feed
- Sugarine Poultry Mash
- Sugarine Scratch Feeds
- Sugarine Chick Feeds
- Sugarine Fat Raiser
- Sugarine Dry Feed (1976 Protein)

(Manufactured and Quality Guaranteed by The Sugarine Co., 2575 Owensboro, Kentucky.)

**Sugarine Poultry Mash with Buttermilk**

is a necessary part of the daily feed at every stage of poultry life. It balances the grain ration. The meat scraps and buttermilk it contains increase the egg yield—makes hens lay in winter—brings chicks to market or laying age several weeks earlier. Lactic acid in buttermilk destroys disease germs—prevents chick losses.

Let us give you full information about these feeds, and show you how to save trouble and money, and make your poultry profits more certain.

## ALLEN SEED CO.

SANFORD, FLORIDA

# Every man in the class knew the answer

**PROFESSOR HASKING.**  
 WAS A kindly soul.  
 BRIGHT ON some subjects.  
 BUT SO absent-minded.  
 THAT ONE day at the barber's  
 HE TOOK of his collar.  
 TO GET ahead.  
 AND FORGOT where he was.  
 AND KEPT right on.  
 TILL THE cab girl screamed.  
 AND A he stopped him.  
 HE WAS a great smoker.  
 BUT HE'D often put  
 THE BURNT match in his mouth.  
 AND THREW AWAY.  
 AND THE GIRL WENT.  
 HIS STUDENTS loved him.  
 HE WAS so full  
 OF FUNNY surprises.

ONE DAY he had a tub.  
 OF RADIUM and he told.  
 THE STUDENTS all about it.  
 AND FINALLY, by mistake,  
 INSTEAD OF the tub.  
 HE PULLED out one.  
 OF HIS cigarettes.  
 AND ASKED the class.  
 "WHAT IS one thing.  
 WHICH DISTINGUISHES  
 THIS MARVELOUS substance.  
 FROM ALL others on earth?"  
 AND THE class roared.  
 "THEY BATHES!"

WHAT is it you've always wanted  
 a cigarette to do? You know the  
 answer, Chesterfield does—they not  
 only please your taste, they satisfy  
 the throat and soothe the throat.  
 Chesterfield's secret blend of  
 fine Turkish and Domestic tobaccos.  
 It puts Chesterfields where none can  
 touch them for quality and value.

## LECTURE WAS WELL ATTENDED—SOLID FACTS

The lecture delivered at the Princess Theatre last night by W. F. Brennan on "Getting the Most Out of Retaining" was well attended considering the many attractions in the city during the same time. Those who did attend were well repaid for their time for Mr. Brennan made the business of advertising the most interesting and profitable. He explained the business of advertising in a way that was new to many of them in their every day life and should help them over many of the rough places in the country, in getting the customers to the counter and keep them coming back after more. Mr. Brennan made the business of advertising the most interesting and profitable.  Notice is hereby given that J. E. Laing, purchaser of City of Sanford Tax Certificate No. 179, dated the 1st day of April, A. D. 1916, has filed said certificate in my office, and has made application for City Tax Deed in accordance with law. Said certificate embraces the following described property situated in the City of Sanford, Seminole County, Florida, to-wit: Lot 11, Sanford's Add. The said land being assessed at the date of the issuance of such certificate in the name of L. Haylock. Unless said certificate shall be redeemed according to law City Tax Deed will issue thereon on the 20th day of April, A. D. 1921.  
 WITNESS my official signature and seal this 22nd day of March, A. D. 1921.  
 E. A. DOUGLASS,  
 Clerk Circuit Court,  
 Seminole County, Fla.

**Society**  
 MISS KATHERINE WILKEY, Editor, PHONE 428  
 (From Tuesday's Daily)  
**IN HONOR OF MISS HAND.**  
 Miss May Thresher gave a lingerie party Monday afternoon in honor of Miss Helen Hand. It was a complete success to the honoree and she was the recipient of many beautiful presents.  
 Each guest was given a heart-shaped card on which was printed the name of the guest and the name of the hostess. The cards were given to the guests as they entered the room. The party was a success to the honoree and she was the recipient of many beautiful presents.  
**CHAUTAUQUA CLOSURES WITH CHARMING PROGRAM**  
 Chautauqua was to be, is, and is more, for like the tent of the Arab, the big brown canvas has vanished, leaving Orlando a very pleasant memory of five days of mingled instruction, fun, and music, all of the best quality, and it has left Orlando, for the American Legion, the nice sum of \$200 clear of all call. This will be placed to the necessary money for entertaining the crowds of soldier ladies who will be in Orlando in May, and also the Chautauqua left us the hope of coming again next year, with Mr. Hughes as manager, when it will be under the auspices of the Business and Professional Women's Club, and as all of these young women are hunters, it is easy to see that even more tickets will be sold next year than this, and Mr. Hughes assures the people that the management is doing its best to improve even the very good offering of this year.  
 Last night and in the afternoon the Swiss Yodlers held the boards, these being the genuine article from one of the cantons, who brought with them their zithers, which they sang their home songs, the introduction to each of these being given by a cow bell. The company was very good and they were dressed for the occasion. A delicious refreshment course was served by the ladies of the Yodlers. ### PERSONAL NOTES

Miss Miller Ball is quite ill in the Fernald-Lawton hospital.  
 Mrs. R. S. Keeler and Miss Wilkey leave today for East Orange, N. J.  
 Mr. C. C. Chamberlain returned Friday from a business trip to Texas.  
 Mr. Cuthbert Bulchard and Mr. William Lindsey leave today for New York.  
 Miss Muriel is recovering nicely from an operation for appendicitis performed Friday morning.  
 Mrs. J. E. McCluney and baby daughter of Gadden, Ala. are guests of Mr. and Mrs. G. A. Brower.  
 Miss Virginia Nesbit, who has been the guest of Mr. and Mrs. W. E. Watson, leaves today for her home in Millersville, Ga.  
 Mrs. P. T. Wakefield of Geneva was in the city today and reports a big business this season for the Wakefield Preserving Company.  
 Mrs. R. S. Keeler and Miss Katherine Wilkey will be in New York where Miss Katherine will be the guest of the Keelors for some time. Mrs. Keeler is greatly improved by her recent trip to the sanatorium at Farmos and her many friends hope that she will be fully recovered when she reaches home.  
 Mr. Ed. Landvoigt, the veteran editor and proprietor of the Times-Herald, at Forrest City, Arkansas, was also an appreciated visitor here this morning. Mr. Landvoigt was a member of the National Editorial Association when it made a tour of Florida twenty-five years ago, and he has been most interestingly of the changes wrought in that time. He is a most genial gentleman and his visit was thoroughly enjoyed.  
 Mrs. Lois K. Mayes of the Peninsula Journal and George Homser of the Bradenton Journal were with the National Editorial Association this morning, and we were glad to see them. Mr. Homser had the Florida trip in charge and he was so busy that he was unable to see our friends. Mr. Homser had the Florida trip in charge and he was so busy that he was unable to see our friends. Mr. Homser had the Florida trip in charge and he was so busy that he was unable to see our friends.

### Would Divide Counties With Groups for Representatives

TALLAHASSEE, March 19.—Attorney General Buford today in a letter to Senator Tom Campbell, of West Palm Beach, outlined the program for the redistribution of the state. The plan divides the counties into groups according to population for representation in the house and as to area for senatorial districts. There will be sixty-eight members in the house and thirty-two senators under his plan. No county will have more than three representatives. Duval, Dade, Hillsborough and Escambia have two each; Alachua, DeSoto, Jackson, Marion, Pinellas, and Polk have three each and the remaining counties one each.  
 In order that the men and women of Sanford may be reached for the purpose of organizing classes in the Baptist Sunday school, a combined unit department, Mr. M. L. Wright is the superintendent and Miss Virginia Brady the secretary. The four organizations are as follows: Sunday Morning Club, F. E. Gatchal as president; Eudellians, Mrs. A. M. Phillips as president; Brethren, Mrs. Harper as president; Fideles, Miss Adele Rines as president.  
 A record is being kept of the attendance of the classes, new members, Bibles, etc. The standing Sunday, March 20, as to points, was:  
 Sunday Morning Club ..... 76  
 Eudellians ..... 71  
 Fideles ..... 38  
 Total ..... 228  
 You are invited to come to the Baptist Sunday school.  
 DEATH OF MR. JOHN NEWMAN  
 The many friends of Mr. John Newman will regret to learn of his death, which occurred last evening at 7:30 o'clock at his home, 709 East Anderson. The deceased was forty-two years of age and had resided in Orlando for a number of years, having come here with his parents when Orlando was little more than a village. He leaves to mourn his death several relatives.  
 Funeral services will be held tomorrow morning at ten o'clock, the Rev. T. H. Metcalf officiating, with Undertaker Hand in charge of the arrangements.—Orlando Reporter-Star.  
 Mr. Newman was the brother of R. A. Newman, of this city, and his many friends here extend their sympathy in the hour of sorrow.

### Palatka Plant Resumes

PALATKA, March 24.—The Florida Wagon Works Company, which until recently had operated only nine days since last December, has resumed full time, providing employment for approximately 100 workmen. The concern manufactures lard, buckets, tubs and other articles.  
 Mr. and Mrs. J. B. Powell and family of three charming little girls and one handsome boy, of Duthan, Ala., are here for a time, guests at the Montezuma Hotel.  
 George O. Ferguson, of the Ferguson-Hill Tractor Co., is putting out his literature and getting right down to the business of publishing the Spy-Wheel tractor all over the state.  
 Mr. and Mrs. Chas. D. Bramley of Chulavita, were in the city today and their many Sanford friends were glad to see them.  
 Mr. and Mrs. R. A. Newman were in Orlando today attending the funeral of Mr. Newman's brother, J. C. Newman.  
 Miss Rosamond Radford will arrive tomorrow from the Besse Tift College at Forsyth, Ga., to spend Easter holidays with her folks.  
 Mr. and Mrs. J. B. Powell and family of three charming little girls and one handsome boy, of Duthan, Ala., are here for a time, guests at the Montezuma Hotel.

 Mr. Newman was the brother of R. A. Newman, of this city, and his many friends here extend their sympathy in the hour of sorrow.

### PIPE ORGAN CLUB

Miss Martha Gull entertained the Pipe Organ Club Monday afternoon at her home on Oak avenue.  
 Lovely baskets for candy and Easter eggs were turned for the Easter Egg and Good Friday sale which will be at Duke Turner's grocery next Saturday.  
 A delicious refreshment course was served by the ladies of the Yodlers. A delicious refreshment course was served by the ladies of the Yodlers. A delicious refreshment course was served by the ladies of the Yodlers.

### MEMORIAL SERVICE

Sanford people have received notice of the marriage of S. M. Abernethie and Miss Hattie Weaver which occurred at Daytona Beach on Sunday, February 27. Mr. and Mrs. Abernethie are now at home to their friends in their new bungalow on Second street. The groom is a well known insurance man and the bride is a most clever entertainer and a very good talker on art in its influence in the home. She said one good piece of music, having been pianist in a post-card of some fine picture, would more go in elevating the child and teaching an appreciation of art than any other thing. She spoke of the Mona Lisa as the most perfect work of Leonardo da Vinci, which was four years in the making and was a mere ten-cent post-card of some fine picture, would more go in elevating the child and teaching an appreciation of art than any other thing. She spoke of the Mona Lisa as the most perfect work of Leonardo da Vinci, which was four years in the making and was a mere ten-cent post-card of some fine picture, would more go in elevating the child and teaching an appreciation of art than any other thing.

### WITNESS my official signature

Under Section 575 of the General Statutes, Laws of the State of Florida, Notice is hereby given that Mrs. Carrie W. Speer, purchaser of Tax Certificate No. 179, dated the 3rd day of July, A. D. 1916, has filed said certificate in my office and has made application for Tax Deed to issue in accordance with law. Said certificate embraces the following described property, situated in Seminole County, Florida, to-wit: Lot 6, Block 14, Tier 9, Sanford. The said land being assessed at the date of the issuance of such certificate in the name of C. W. Speer.  
 Unless said certificate shall be redeemed according to law Tax Deed will issue thereon on the 20th day of March, A. D. 1921.  
 WITNESS my official signature and seal this 21st day of February, A. D. 1921.

### WILL WED ON EASTER SUNDAY

The approaching marriage of Miss Nancy Elizabeth Hentley and Mr. Thomas V. New was announced yesterday. The ceremony will be performed on Easter Sunday.  
 Miss Hentley is the attractive daughter of Mr. and Mrs. L. J. Hart of Longwood. She has resided in Orlando for some time, having held a position with the Orlando Supply Company and is now employed as a book of friends in the city who are pleased to learn of the happy nuptials.  
 Mr. New is the son of Mr. and Mrs. P. J. New of Ocoee. He has for some time held a responsible position with the Orlando Supply Company and is now employed as a book of friends in the city who are pleased to learn of the happy nuptials.  
 The wedding will be performed at the residence of Mr. and Mrs. L. J. Hart of Longwood. The bride will be accompanied by her mother and sister. The groom will be accompanied by his father and brother. The ceremony will be performed at 11 o'clock in the forenoon. A reception will be given at the residence of Mr. and Mrs. L. J. Hart of Longwood. The bride will be accompanied by her mother and sister. The groom will be accompanied by his father and brother. The ceremony will be performed at 11 o'clock in the forenoon. A reception will be given at the residence of Mr. and Mrs. L. J. Hart of Longwood.

### New Steamship Line, Fort Myers-Tampa

Fort Myers-Tampa  
 "FORT MYERS" March 24.—A 600-ton passenger and freight steamship will be in operation between Fort Myers and Tampa by fall, according to advice received by L. A. Whitney, secretary of the chamber of commerce. The vessel will be operated by the Florida Steamship Company, and will carry approximately 60 passengers. A smaller boat carrying freight and passengers, nearing completion here, is to be placed on a run between the two cities by early summer, it is stated.  
 The boat lines are expected to result in better, cheaper and more expeditious handling of freight shipments between the two terminals.  
 The approaching marriage of Miss Nancy Elizabeth Hentley and Mr. Thomas V. New was announced yesterday. The ceremony will be performed on Easter Sunday.  
 Miss Hentley is the attractive daughter of Mr. and Mrs. L. J. Hart of Longwood. She has resided in Orlando for some time, having held a position with the Orlando Supply Company and is now employed as a book of friends in the city who are pleased to learn of the happy nuptials.

Hart of Longwood.

### Attention Planters

PLANT TREES on the hardest of all soils, CITRUS TRIPOLIATA. Well adapted to heavy soils. Varieties PARSON BROWN, PINEAPPLE, SATSUMAS and DUNCAN GRAPEFRUIT. We have a fine large stock of trees on this root in all sizes.  
 GLEN SAINT MARY NURSERIES CO.  
 WINTER HAVEN FLORIDA  
 Send all your social news to Miss Fern Ward or Phone 341.  
 Mrs. R. C. Bower returned from Jacksonville Friday, where she had been the guest of Mrs. W. L. Morgan.  
 Mr. Harry Ward came home from Daytona Beach Sunday, after spending a few days in that pleasant resort.  
 Verne Armit of Ocoee was in the city today and reports his part of the season as being in good shape and ready to go.  
 Mr. and Mrs. R. J. Holly entertained at a dinner party Friday night Mrs. Dwight Babbit and Miss Clara Miller of the Sanford Grammar school.  
 Mr. and Mrs. E. M. Calloway returned from Bishopville, S. C., Saturday, where they were called by the death of Mr. Galloway's mother.  
 Ed. Melch and Allan Jones came home from the University of Florida Friday to spend the week-end with his folks.  
 Miss Fern Ward, who for the past few days has been the guest of Mrs. Watson's, each at her home in Daytona Beach, returned to her home Friday, accompanied by Mrs. Each and Mr. Morris Niver of Daytona.  
 Mr. and Mrs. O. J. Pope have at their guest Rev. J. W. Bartlett of Grand Island who is here attending the revival at the Methodist church.  
 Mr. and Mrs. Grovenstein are re-joyicing over the arrival of a fine baby boy at the Grovenstein home. Both parents are doing well and "Grove" is having a hard time to keep his mind on his business for he says that it is the greatest baby in the world and we men who have been through the same stage agree with him.  
 W. L. Morgan was circulating among the new residents of Sanford, Fla. He is getting along well and is improving at the hospital in Jacksonville. He also gave out the sad intelligence that they would make their home in Jacksonville in the future but we can count on seeing them occasionally. Both of them will be in the city in the next week or so. He is the pessimist since only the hole in the doughnut while the optimistic take the doughnut without noticing the hole. George is some "Shine Lad" and he gave the old Board of Trade a talk here one night that made the whole city feel better for many weeks.  
 Mr. H. H. Lewis entertained the Book Lovers Club Friday afternoon.  
 Mr. and Mrs. Chas. D. Bramley of Chulavita, were in the city today and their many Sanford friends were glad to see them.  
 Mr. and Mrs. R. A. Newman were in Orlando today attending the funeral of Mr. Newman's brother, J. C. Newman.  
 Miss Rosamond Radford will arrive tomorrow from the Besse Tift College at Forsyth, Ga., to spend Easter holidays with her folks.

### NEW FERTILIZER FACTORY

On the fourth day of last October our factory, the largest of its kind in the entire South, was burned to the ground. Luckily the acid chambers, laboratory, machine shop, and other buildings making up our immense plant were saved.  
 In our various Branch Houses throughout the state and warehouses here in Jacksonville we had stored thousands of tons of our famous IDEAL FERTILIZERS as customary at the beginning of each season. On the very day of the fire a large force of men started to work on a temporary incineration plant which was soon running night and day. Our trade has thus been served throughout these days of trial, with little delay.  
 We appreciate the sympathy and co-operation given us by our many friends, and are glad to announce that work on the new factory is now well under way. It will be much larger even than the old factory, and equipped with the very latest and best devices.  
**WILSON & TOOMER FERTILIZER COMPANY**  
 AGRICULTURAL BUILDING JACKSONVILLE, FLA.

## WIDESPREAD CONFIDENCE UPON NATIONS STRENGTH ON ECONOMIC STRUCTURE

Belief Current That  
Better Conditions  
Will Prevail

### GENERAL DECLINE

NECESSARY AS ONLY WAY OUT  
OF UNNATURAL CON-  
DITION

WASHINGTON, March 23.—The widespread optimism and confidence that marks the present business situation is founded upon a knowledge of the inherent strength and soundness of the nation's economic structure, Archer Wall Douglas, chairman of the committee on statistics and standards of the Chamber of Commerce of the United States, declares in his monthly review of business conditions in The Nation's Business.

"Nothing is more significant and encouraging at this time," he says, "than the belief in many quarters that better conditions will prevail as the season advances. As a natural consequence of this growing cheerfulness there is actually more business being done today, both materially and mentally, as it entails the buying of seasonable goods.

"A general decline in prices is realized as the only way out of the unnatural situation, and while it is a painful process, it is none the less essential. The sooner it is over, the sooner we will arrive at an enduring basis.

"The almost forgotten slogan 'back to the farm' is being heard once more. This means that farm labor will not be so scarce as a year ago, nor will the hired man command such high wages. Also it now seems very sure that there will not be such acreage of staple farm products as last spring. For there is not the same incentive. Nor will the cost of production be so great. Thus the farmer's problem of the relation of his cost and selling prices seems likely to be solved by supply matching itself with demand. Decreased production will ultimately tend to bring about higher prices, while decreased cost of production insures a better margin of profit. This is the way the natural laws of trade take care of such problems.

"Resumption in industrial life is usually accompanied by reductions in wages. Farmers are gradually selling their products as they find a demand, or as necessity compels. Movements of corn and wheat are larger than generally supposed.

"There is a steadily growing interest in the European situation as the conviction deepens that there can be no permanent nor lasting prosperity in this country until the political and economic status of Europe is upon a firm basis. In every productive activity in the United States of great moment we produce more than the domestic demand can possibly consume. So we must needs find a market for this surplus if production is to continue on an efficient and economic basis.

"Europe is our 'best bet' in this regard, and will be so for a long time to come because of her great consuming population whose need of articles of every day life corresponds closely to our own. Moreover if Europe is ever to pay the huge debt she owes us we must take her goods chiefly in payment. Nor can we expect her to buy our surplus of production unless we resort to the elemental methods of barter and exchange, and take her goods in return."

### Will Walton is Sergeant-at-Arms in Legislature

Will A. Walton, popular young Palatka hero of the world war and a member of the Legion, has been named Sergeant-at-Arms in the Senate for the next session of the legislature. The appointment was made yesterday by Senator W. A. Russell, to whose portion fell the right to make this appointment.

The rule of the senate is that at the close of each session the holdover senators are given the patronage. The names of all appointive offices are placed in a hat and each hold-over senator draws one. Mr. Russell drew the sergeant-at-arms place, and his appointment of Mr. Walton will, undoubtedly be a very popular one.—Palatka News.

A 16-room apartment house is to be erected at Vero by Dr. J. H. Check, of Terre Haute, Ind. The new building is to be 40x60 feet, two stories of which stucco finish, with four-room apartments.

### PRESIDENT FLORIDA WOMAN'S CLUB CHAM- PIONS NO FENCES

(By Mrs. J. W. McCollum, President Florida Federation of Woman's Clubs and a Director of the Florida No Fence League.)

GAINESVILLE, March 19.—(Special)—From agricultural and industrial development and commonwealth, county and municipal beautification viewpoints the most important movement now under way in Florida, it seems to me, is that of inducing the Florida legislature, which meets in April, to submit to the people, for vote at the general election in November, the question of abolishing the free cattle range and attendant evils. It is needless for me to say, therefore, that I appreciate the fact that many Woman's Clubs, keeping pace with boards of trade and other commercial bodies, have strongly endorsed the movement of the Florida No-Fence League.

It is no one's desire to work injury to the range cattle men who, I am informed, constitute only about one percent of the state's population, and I am sure no people desire betterment of live stock breeding and marketing conditions than the men and women who are foremost in no-fence championship. And, it seems to me, the day long since passed when roaming cattle, hogs and other animals should be allowed to injure farms, groves, gardens, flower yards and beautiful highways in any section of the state when Florida laws should give protection to scrawny range cows and razorback hogs and none against these marauders to industries that contribute infinitely more wealth and are a channel for state beautification and home-building as well.

Furthermore, authorities claim that the Texas fever cattle tick cannot be eradicated as long as the free range evil prevails, and as Louisiana, the last state in the Union to accept Florida's ticky cattle, has barred them, it seems to me that the range cattle men, as well as men and women engaged in more profitable industries, should present a solid front in behalf of the proposed change—and particularly as the No-Fence League proposes that abolition of the free range shall be optional with the various counties, provided other counties are protected. In connection with the ravishes of the Texas fever tick the question of pure and impure milk, and therefore of health, is to be considered.

My hope is that those woman's clubs which have endorsed the movement will make their championship active, not passive, and that club members, personally or by letter, request their legislators to vote for submission of the proposition to the people in November.

### WEATHER AND CROP CON- DITIONS IN FLORIDA FOR THE WEEK ENDING MARCH 22ND

Temperature: The temperature averaged from 1 degree in the Southeast to 12 degrees above the normal in the northern and western division. Maximum temperatures of 90 degrees and above occurred during much of the week in the central and southern divisions.

Precipitation: The week was dry, except local showers over small areas, and several locally heavy rains in one or two northern counties. Droughty conditions were aggravated, especially on high lands; low lands are in better condition, but there moderate rains would prove beneficial.

Condition of Crops: Dry weather is retarding the germination of recently planted corn; the early planted, however, is doing well, although showers would be beneficial. The planting of cotton is being delayed; the land is prepared, and seeding will begin during the current week. Oats advanced during previous weeks and the outlook is promising, but rain is needed on high lands. Melons, cane, strawberries, citrus fruits, and truck generally are suffering to a certain extent as the result of dry weather; in some instances recently set trees are watered to meet the pressing need of moisture. Digging white potatoes has begun in a small way. Cane planting finished; the early planted of spring and fall is promising. Tomatoes on the southeast coast are recovering slowly from the effects of the heavy rains of the previous week.

Fine Line of Post Cards for Easter at the Herald office. One Cent each.

### Business Has Arrived Says W. O. Rutherford of The Goodrich Co.

"Business has arrived," says W. O. Rutherford, vice-president of the B. F. Goodrich Rubber Company in a message sounding a tocsin of spring business awakening. In reality the message is a spring-time editorial of helpfulness and cheer to all.

"Tomorrow, March 21st," is the first day of spring—the day that everybody has agreed upon as the time when "business will open up," says Rutherford.

"Business is here. It starts from now. It should be greater every day. Industry is awakening. On all sides you see evidences of this. In every newspaper you read of resumption of work.

"Back to normal! It is a cheering thought. Employer, employee, dealer and customer are glad of it.

"Goodrich is inspiring its thousands of dealers with this thought and through a special appeal to the entire automotive industry is urging them to pass along the word that business is entering a new and healthy era.

"Out in the country the crops are being put in as of old," says Rutherford. "Mother Nature never takes a vacation. She is springing into her spring work, making the seeds sprout and the crops grow. The food of the world is going to be produced. The foundation of all prosperity exists as it always did.

"Business is here. It is ready at your hand. It is not something to be waited for, not something to be wished for. It is:

"The first day of spring is a splendid starting point. Winter, with all its handicaps and disappointments, is behind and can be forgotten. Ahead of us all are days that grow better and better, days when work will count more and more, when mutual understanding and helpfulness will bring their lasting benefits. The roads are getting better, the shops are showing the new things, people are putting money into circulation. Your dollar, paid out for a necessity, does not stop working. It keeps going on and on—increasing the volume of business.

"Good times are coming back with the sunshine and the flowers, with the humming of machinery and the song of the whistles. The hour for moping and complaining has gone; the time for hustling and prospering is with us.

"In the automotive industry the news is encouraging. Passenger car and truck manufacturers are welcoming the first day of spring with increased activity to satisfy the coming demand.

"Tomorrow is the first day of spring—the dawn of the good business era for us all."

### Says Florida Hundred Years Behind Times if Stock Roams at Large

TAMPA, March 19.—"Is Florida one hundred years behind civilization?"

Emphasizing the importance of the campaign of the Florida No-Fence League for having the legislature submit to the people the proposition of abolishing the free cattle range and attendant evils at the general election in November, this question was recently put to the secretary of the Mount Dora Development Company by J. Wismer of Fort Williams, Ontario, Canada, who wishes to invest \$10,000 in Lake county, but who is fearful of beginning operations in a state in which the range cow and the razor-back hog possess the right of eminent domain.

Excerpts from Mr. Wismer's letter follow:

"Are there any serious drawbacks in the district?"

"Is it true that cattle and hogs roam at large in your district, and if they break into a grove or truck farm the owner of the grove or truck farm has no way of collecting from owner of cattle or hogs for any damage done to crops?"

"If this is true, you are about one hundred years behind civilization, aren't you?"

"We have about \$10,000 to invest down there, but we heard so much about your marauding hogs and cattle that I'm afraid to venture and would like some further information.

"Yours very truly,  
(Signed) "J. WISMER."

Mr. Wismer was informed that Lake county is anything but "one hundred years behind civilization"—and that the range cow and razor-back hog would soon cease to reign in the empire of lakes and fine citrus lands.

Miami's building construction during the first four days of March amounted to \$62,700. Plans for the erection of a theatre were recently submitted to the city council, which is to be a one-floor affair, fireproof, throughout. The lot it is proposed to occupy is 50x150 feet.

# Titan Tractor

## Back to the Old Price

### \$1,000

WE have reduced the price of the Titan 10-20 to its former low price of \$1,000 f. o. b. Chicago. This is the same Titan tractor which 75,000 farmers have put into remarkably successful service—the same tractor, plus 1921 improvements and additions.

A full set of removable extension angle lugs sold as extra equipment under the former \$1,000 price is now included without extra cost. Fenders, Platform, Angle Lugs, Throttle Governor, Friction Clutch Pulley, Wide Range Adjustable Drawbar, Water Air Cleaner—all are included in the \$1,000 price.

### International 8-16 and 15-30 Tractors Also Reduced in Price

Farmers who want a lighter tractor, built like a high-grade automobile but with the same sturdiness and reliability of the Titan, can now get the International 8-16 at \$1,000 f.o.b. Chicago. We have long restricted the sale of this model to a limited territory, but increased production enables us to re-

lease it to all sections of the United States. The International 15-30 tractor has been reduced to \$1,950 f. o. b. Chicago. Bear in mind that we give unequalled service, made possible through 92 branch houses and thousands of local dealers, to every International tractor owner, no matter where located.

### Prices of Other Lines Reduced

Prices have also been reduced on chilled plows, tractor plows, cream separators, kerosene engines, seeding machines, International threshers, harvester-threshers, wagons, hay presses, and a number of other lines on which your dealer can give you full information.

### INTERNATIONAL HARVESTER COMPANY

CHICAGO OF AMERICA U.S.A.

### Tallahassee Best Governed City in the United States

TALLAHASSEE, March 24.—Tallahassee during the last year became one of the best governed cities in the United States according to the City Managers' Association of New York, and J. W. Greer, local city manager, has been listed as one of the ten most successful managers of the country. Tallahassee adopted the commission-manager form of government a little more than a year ago.

### Cannot Agree On Wage Scale

ST. PETERSBURG, March 24.—Much new building is being held up here because of the failure of local building trades unions to agree on new wage scales for the ensuing year. Carpenters recently agreed to reduce their scale from \$1 an hour to 87½¢ but the other unions have not announced reductions and declare they will not do so until the carpenters actually sign a contract making the new scale effective.

### New Seaplane Made in England, Will Stop Them All

LONDON, March 22.—Details of an entirely new type of seaplane which can either fly or cruise as a warship were made public today. The vessel is said to be much like a small ship with wings added. Each carries a crew of seven and five machine guns. It can sail over the roughest seas when on water. It has a range of fifteen hundred miles and when not flying is able to taxi along the water, driven by the propellers.

Sanford, Florida

## SANFORD, A CONVENTION CITY, CAN ACCOMODATE CROWDS WITH ITS FIRST CLASS HOTELS

### Royal Neighbors Will Meet Here in 1923

(From Tuesday's Daily)  
Sanford ought to be and will be one of the greatest convention cities in Florida. It has everything in the way of location to make it one of the greatest convention cities in the south and all it needs along this line is the idea of the people that they will support the Chamber of Commerce with their work and their money for without a Chamber of Commerce no city can ever entertain a big crowd in the proper manner. At the convention of the Royal Neighbors last week the Sanford delegation consisting of Mrs. Clara Stemper, Mrs. Anna Spear, Mrs. Lucy Foster and Mrs. Susan Bell stood up for their city so strong and met all the opposition with such good arguments that the convention was carried off its feet and was obliged to recognize the superior claims of Sanford and the triennial convention of the Royal Neighbors will come to this city in 1923. It is not too early to look ahead and get ready for the Royal Neighbors and for all the other conventions that are coming here. For many years Sanford delegates have attended big conventions all over the state and wished most heartily that they could pull for their own city but Sanford at that time did not have the active Chamber of Commerce that we now have and Sanford did not have the positive assurance that all of the people would stand together that we now have.

So in 1923 the Royal Neighbors will come to Sanford and Sanford will show them the time of their lives. Other big conclaves will come here and they will be taken care of just as we have taken care of them in years gone by when we did not have the proper facilities—only with this difference we can now take care of them as never before and we should get the habit of looking for conventions, bringing them here upon all occasions and treating them with that good old Sanford hospitality of which we are capable.

The following officers were elected at Tampa:

State Oracle, Mrs. Alice Voshard, of Tampa; Vice Oracle, Mrs. Clara Stemper, of Sanford; State Recorder and Receiver, Mrs. Jesse Snow, of Jacksonville; State Chancellor, Mrs. Georgia Peritt, of Jacksonville; State Marshal, Mrs. Lucy Hardin, of West Palm Beach; State Inner Sentinel, Mrs. Mary Pierce, of Wauchulla and State Outer Sentinel, Mrs. Lois Edmondson, of Winter Haven.

#### RESOLUTIONS OF RESPECT.

WHEREAS, Almighty God, in his infinite wisdom, has seen fit to remove from our midst our dear friend and Professional Brother, Benjamin Claude Dodds; and,

WHEREAS, although in our own limited vision, we fail to know the cause of his, to us, untimely departure, and the prime of life, and with the possibility of so much accomplishment ahead of him, still we must bow to the Superior Wisdom of the All Highest:

NOW, THEREFORE, BE IT RESOLVED, By the members of the Orange County Medical Society, of which Dr. Dodds was an efficient and loyal member,

That we offer our most sincere sympathy to the remaining members of his family, in this their trying affliction, and admonish them to remember the faith which leads us to think that, in His own good time, the Lord will reunite them to their loved one.

And that, as a mark of the esteem in which we hold our departed brother-practitioner, a copy of these resolutions be spread upon the minutes of this society, a copy be sent to Mrs. Dodds, and that the resolutions be published in the papers of Orange and Seminole Counties.

C. J. MARSHALL,  
C. D. CHRIST,  
J. T. DENTON,  
Committee on Resolutions,  
Adopted March 16th, 1921, Orange County Medical Society.

S. McELROY,  
President,  
J. H. EDWARDS,  
Secretary.

Ask Your Soldier Boy How "Cooties" Got Such a Hold

He'll tell you that the battlefronts of Europe were swarming with rats, which carried the dangerous vermin and caused our men misery. Don't let rats bring disease into your home. When you see the first one get RAT-SNAP. That will finish them quick. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

## KNIGHTS OF COLUMBUS HOSTS LARGE CROWD

(From Monday's Daily)

Yesterday, beginning with mass in the morning and lasting through the entire day, marked this day as a red letter one for Columbianism amongst the ranks of the Sanford Council of Knights of Columbus.

The Catholic men of Sanford are all a part of that large crowd of Sanford citizens that are forever working for Sanford, that never leave pass an opportunity to further the interests of this city of ours and their minds were all set to show the several hundred visitors that Sanford people are up and just as wide awake as some more of the cities of this state and from the very many remarks that were heard on the part of these visitors as the day drew to a close went to show that this Sanford bunch of ours had put it across in great shape.

Visitors numbering nearly four hundred, strong began to arrive on the midnight train Saturday night and by the time Mass started at 10 o'clock Sunday morning the men that attended the services in a body numbered several hundred. After marching from the Church to the Catholic hall on Oak avenue, a large body of candidates were initiated into the secrets of the First Degree. The degree work was handled by the Tampa degree team, not only one of the very best in this state but one as good as any to be found in this country.

The Catholic ladies of Sanford then entertained the visitors with a luncheon, one that will long be remembered by all that were present. This luncheon took place in the Catholic Hall and was under the able management of Mrs. Harry Walsh and Mrs. Charles Britt.

City Manager Ryan had already invited the Knights to use the top floor of the City Hall for the degree work, and as a still larger crowd had arrived by noon time, making the Catholic Hall too small to accommodate the crowd, every one then retired to the City Hall where the exemplification of the Second and Third Degrees took place. These degrees were also handled by the Tampa team and needless to state that those candidates of yesterday are good Knights today because of the able efforts of this able team.

Nearly all the visiting men were accompanied by their ladies, and these ladies were met at the Valdez Hotel by the Sanford ladies, under the management of Mrs. Gene Roumillat, where all arrangements had been made for their comfort. The ladies were conducted about the city and surrounding country in cars, each car in charge of a Sanford lady and shown the most interesting parts of Seminole county.

And Orlando was here strong. Again it was proven what can be done by Sanford if they co-operate as often as possible with the Orlando people. Headed by the Grand Knight of the Orlando Council, fully a hundred and fifty members were here for the entire day with their ladies. They also furnished a class of candidates almost equal in number to the Sanford class. It was one of the reasons for the success of the entire day and it would not be amiss if the Sanford men turned out and did likewise for them the very first time the opportunity presented itself.

And then to wind the day up in grand fashion Mr. and Mrs. Charlie Campbell of the Valdez served the largest banquet that this hotel or any other hotel in Sanford ever attempted. This banquet will long be remembered by the visitors as well as the home people. The Valdez management is certainly to be congratulated upon the able way in which they handled this, the largest of its kind, ever held in Sanford. Tables were laid for over two hundred and the crowd was so large that nearly sixty had to be served in the grill room and elsewhere in the city. The long table reached the entire way around the large dining room with two long rows in the center, taking up every available inch of space.

Rev. Father Hennessy, chaplain of the local council, presided over the occasion as toast master and introduced the speakers, all very prominent men of the state. Amongst the chief speakers of the evening were H. P. Bayne, of Tampa, state deputy; Messrs. Twopeny and McGraw, Past Grand Knight and Grand Knight of the Tampa Council; Wm. Marshall, one of the largest cigar manufacturers of Tampa and the district deputy of this district; Rev. Father Fox, of Orlando, state chaplain; Messrs. Neuhn and Barnum, past Grand Knight and Grand Knight of the Orlando council. The orchestra that rendered the music throughout the evening was in charge of Mrs. B. T. Houser at the piano assisted by Miss Ruby Roy with the violin.

Office supplies at the Herald.

## IF KIDNEYS ACT BAD TAKE SALTS

SAYS BACKACHE IS SIGN YOU  
HAVE BEEN EATING TOO  
MUCH MEAT.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent-lithia-water drink.—Adv.

### Miss Fern Ward Joins Herald Staff

Miss Fern Ward will take the society page of the Daily Herald and all of the news should be phoned to No. 341 in the future and Miss Ward will take great pleasure in chronicling all the happenings of a local and social nature. She will also call at the various hotels for news and wishes to build up a good society page for the Daily Herald. Miss Wilkey, the former society editor, has gone to New York for the summer months and Miss Ward is taking this position for a few months to keep the Daily Herald up to standard. Any assistance given Miss Ward will be greatly appreciated by the management. Remember to phone all the news of a local nature to 341 or to the Herald office 148.

## More than just materials

When you let us supply your building needs you get a great deal more than just so many feet of lumber—bundles of shingles—pounds of nails—or panels of Beaver Board. You get the benefit of our building material knowledge and experience in Service that helps you get the results you want at the right price. Service first in planning the work—more service in selecting proper materials—speedy service in delivering the goods.

You pay for the materials. The service pays for itself in the larger volume of business it brings through super-satisfied customers.

It will pay you to be one of them.

# BUICK

FOR years the demand for Buick cars has always exceeded the supply—even when Buick production mounted to 500 cars daily.

Because of the material curtailment of motor car production this winter, the country faces a decided shortage of quality cars this spring and summer.

Consequently Buick dealers are advising motorists to place their Buick orders now because orders must be sent to factory

months in advance of delivery.

The reason why the demand for Buick cars has always exceeded the supply is more pronounced than ever in the 1921 Buick. Coupled with the noted Buick power and dependability are added riding comfort, easier control and a beauty and grace that fittingly express Buick worth.

Authorized Buick Service insures full return on Buick investment.

Since January 1, regular equipment on all models includes Cord Tires

COOK AUTO COMPANY  
ORLANDO, FLORIDA

### FACT

Local Evidence

Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinions differ. Here's a Sanford fact. You can test it.

A. M. Adams, carpenter, 811 Magnolia ave., says: "I have used Doan's Kidney Pills for attacks of lumbago. Stooping over so much brought on this trouble and at times I went around all bent over; my back was so lame and sore. My kidneys acted too freely and I had to get up several times during the night. I got Doan's Kidney Pills at Phillip & Co.'s Drug Store, and they rid me of the lumbago and put my kidneys in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Adams had. Foster-Milburn Co., Manufacturers, Buffalo, N. Y. Adv.

### Florida's Population, White and Colored, Showing the Growth

WASHINGTON, March 19.—Florida's white population has increased to 638,153 in 1921 or 43.8 per cent over 1910 according to census returns today. The negro population is 323,187 in 1921 was an increase of 66.7 per cent over 1910. Indian, Chinese, Japanese, and all other colored residents numbered 830 in 1921. Males in Florida number 495,320 and females 473,150. Increase of females 32 per cent during decade while males increased only 25.7 per cent.

### Luke Rielly Says, "The Rat Died Before Reaching the River."

"Since moving near the river two years ago, we've always used RAT-SNAP. Watched a vicious water rat, nibbling at RAT-SNAP outside the house. About 15 minutes later he darted off for the water, to cool his burning stomach, but he died before reaching it." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

### OUCH! ANOTHER RHEUMATIC TWINGE

Get busy and relieve those pains with that handy bottle of Sloan's Liniment

WHAT Sloan's does, it does thoroughly—penetrates without rubbing to the afflicted part and promptly relieves most kinds of external pains and aches. You'll find it clean and non-skin-staining.
