

Early Wynn Hurls 2 Hit Win Over Reds, 3-0

Young Pitcher Faces Only 27 Official Batsmen In 6th Win In Row; Phillips Gets 2 Hits

Didrickson And Hughes Spoil Possible No-Hit, No-Run Contest For Wynn With Singles In 5th And 7th

Pat Patterson and his Deland Reds failed to stop the forward marching of the Sanford Lookouts to the league lead when last night Early Wynn young 18-year-old star chucker for the locals, limbered the Reds to but two singles and faced only 27 men officially to earn a 3 to 0 decision before 800 fans at the Sanford Municipal Athletic Field last evening.

Wynn's hurling masterpiece was one of the best performances seen at the local park this season. His control was excellent while leaving only one free pass. He allowed Hughes and Didrickson to secure hits, both singles. Only four men reached first base during the tilt for the Reds and one advanced to second, one was left stranded on the initial sack, and two were nabbed off base.

Wynn sent nine of the visitors down via the strike-out route and he hurled four hitless innings in all four of which men went down in order. It was the sixth frame where the Reds could get more than three men at the plate during the inning. In the sixth a hit batsman was left stranded.

Facing Wynn on the mound was "The Great" McIntyre. McIntyre also had good control although he gave up eight hits. He issued only one free pass and struck out six of the Lookouts.

Leading the hitting for the evening was George Phillips and Little Joe Ruggiero. Phillips, playing center field for the locals, drove out a double and a single in four trips to the plate. Ruggiero singled twice in center field. Martin secured a triple and Holbrook a double while Langston and Wynn were credited with singles.

Taking the cake for the fielding gem of the evening was Dick Adair's catch of Sam Holbrook's long drive to the left field wall in the fifth inning.

The scoring affair began in the second inning when the locals showed across the initial run of the tilt. George Phillips led off with a double to the left-center field wall and scored moments later

when Ruggiero lined out a single into right field. McIntyre fanned the next three batsmen to end the inning.

The Lookouts tallied their second marker in the fourth, when with one man out, Langston was safe on Aleno's error of his ground ball. Pritchard went out second to first advancing Langston to second base who scored when Wynn faced out a long single into right field. Clary went out to retire the side.

The Lookouts scored their third and final run in the eighth inning when Martin was given credit for a triple on a high Texas leaguer into right field. Holbrook fled out to short left but Phillips came through with his second hit, a single, to bring in Martin with the third and final run of the ball game.

The locals go to Deland tonight for a contest under the floodlights of Conrad Park. Darryl Mote is scheduled to get the call for the locals with Owen Wright or "The Earl of Crisfield" ready for any necessary relief work.

CINDERELLA'S SLIPPER. Midnight for Cinderella Man Jim Braddock came June 23 when Joe Louis landed the blow that toppled the championship crown. Here Jersey Jim is shown taking a look at the mitt that hit him as he visited the camp where the Bomber trains for his New York bout with Tommy Farr. Now it's the Welshman's turn to see how the slipper fits.

TODAY'S SPORTING WORLD

By JULIAN STENSTROM
Herald Sports Editor

We do not believe that there is any club in this circuit that can stop the forward march that Bill Rodgers and his Sanford Lookouts have launched during the past five days.

If Sanford does regain the first spot, you can lay your dough that she won't fall out once she gets in for those Sanford youngsters are really setting their heart on getting the Florida State League pennant by ending on top of all the rest of their clubs and are going into the O'Connell-Bryer term playoff and win the honor of playing the winners of the Georgia-Florida League for the Class D Championship of the South.

One of the most interesting men on the Sanford Club is our new catcher—Sam Holbrook. His knowledge behind the bat again proved to be a big factor Monday evening when Sanford met the Daytona Beach Islanders as his heady work behind the bat was very good and his work with the stick was as good as can be expected at such a time in the season.

NUMBER 250

U.S. Marines Mobilized In Shanghai Area

Other Countries Also Prepare For Worst As Japs, Chinese Take Up Positions

Sino-Central Army Forces Enter City

Japanese Marines In Number Of 5,000 Deployed For Action

SHANGHAI, Aug. 12.—(AP)—Ranks of Japanese bluejackets moved into battle position in Shanghai to face an unstemmed torrent of Chinese regulars tonight and garrisons of the United States and three other nations mobilized "for the worst." "The peace conference" intended to ease the crisis in the panic-stricken city ended in failure.

Backed by 21 warships at Shanghai's wharves, Japanese naval forces estimated to a number between 5,000 and 8,000 moved into the same positions they occupied during the 1925 Chinese-Japanese hostilities. They deployed along the fringes of the Japanese portion of the international settlement and the roads extending northward.

Chinese central authority troops streaming into the city answered to no authority but the army. Civilian authorities would not try to stop them. Each force indicated it was not planning to attack. But the situation needed only a spark to become a conflagration.

United States marines, 1,050 strong, were mobilized, along with Russian, French and British garrisons. The Americans were charged with protection of nearly 4,000 United States citizens in Shanghai and its environs, some of whom were cut off by the Chinese advances.

The American marines took up patrol duty along the northern border of the international settlement. It was war in everything but official declarations northwest of Peiping where the Japanese army sought to drive the Chinese 80th division back from the Great Wall.

After a heavy artillery attack, the Japanese were reported to have occupied the Hankow railway station area. The Chinese under command of General Wang Chung-Lien used mortars and rifles to defend the strategic Hankow pass and Chahar province.

The Japanese also moved troops south from Tientsin to head off the reported Chinese advance along the Tientsin-Pukow highway.

Nets Seized And Man Arrested By Wardens

Three hundred pounds of fishing net were confiscated, one man arrested and warrants obtained for the arrest of two more by Game Warden C. C. Howard and Ira Byrner near Bird Island yesterday morning. It was learned today.

The warden seized the boat with the net. It was indicated, as preparations were being made to lower the net into the water. One of the men on the boat was nabbed by the warden but the other two made their get-away.

Belting in Lake Jessup is forbidden by a State statute which provides that its waters are closed to all commercial fishing except trout lines. Violation of this law carries a maximum penalty of \$500 or a year in the County Jail.

ONLY 'TUMMY' ARMED

GRAND RAPIDS, Mich. Aug. 11.—(AP)—Burglars who broke into the plant of a Grand Rapids Double Mountain company got only a "tummy ache" for their efforts.

Detectives discovered the burglar had stolen a quantity of coffee which recently had been treated with varnish to make them suitable for display.

STRIKER BEATEN IN RIOT

A member of the strike committee was bludgeoned when 17 police and 150 girl strikers clashed at the Dominion Woolens and Textiles, Ltd., mill at Peterboro, Ont. A riot in which several were hurt and six arrested ensued as the company started a back-to-work movement following a walkout.

Wage-Hour Bill Flight Over Pole Blocked In Row To New York City Over Crop Law Begun By Russian

WASHINGTON, Aug. 12.—(AP)—Congressional forces, angered by President Roosevelt's refusal to grant Federal crop loans until a new crop control law is secured, blocked his wage and hour legislation yesterday.

The tug-of-war between the President and powerful elements in Congress became so fierce that it threatened to wreck plans for an early adjournment and to throw the remaining days of the legislative session into confusion.

Adjournment plans were jeopardized further when the Senate refused by a vote of 35 to 27, to sidetrack the Wagner anti-labor bill. Administration leaders lost a motion which would have permitted them to bring up other matters in its stead.

Many Southern legislators lined up behind a movement to delay the wage and hour bill and compel the granting of price-bolstering loans on cotton and other major crops.

Charles West, liaison man between the White House and congressional leaders, hurried to Capitol Hill. He conferred with House leaders and in turn with Chairman O'Connor (D., N. Y.) of the House Rules Committee.

O'Connor then called off a meeting of his committee scheduled to consider giving wage and hour legislation right-of-way on the House floor. He declined explanation, but told the House later he personally is "wholeheartedly and enthusiastically" for the labor standards bill.

One Administration leader told reporters the meeting had been called off because proponents of the labor legislation could not muster sufficient votes in the committee at present to get their bill before the House.

Some House members expressed belief that delaying the strike time to seek additional committee votes, possibly by agreeing to grant crop loans without further ado.

However, Representative Cox (D., Ga.) a committee member who is opposed to the wage and hour legislation, declared: "There is no punishment, pressure or influence that can be brought to bear that will persuade this committee to grant a rule (for House consideration of the wage and hour bill)." He stated that reported the belief of some other legislators that the labor standards legislation in the committee even if the crop loan dispute is ironed out. They pointed out that some Southern representatives are opposed to it because they fear higher wages in the South will injure the ability of Southern industry to compete with Northern plants.

Legislation to override the (Continued On Page Two)

Black Named County Group High Justice Seeks To Get By Roosevelt Gas Tax

Appointment Of Alabama Man To Supreme Court Bench Causes Stir Among Solons

WASHINGTON, Aug. 12.—(AP)—President Roosevelt named Senator Hugo Black of Alabama to the Supreme Court today but his immediate confirmation was blocked by Senators Burke, Nebraska Democrat and Johnson, California, Republican.

The nomination to the place formerly occupied by Willis Van Devanter was sent to the Senate in a routine list of other appointments. The White House did not make it public leaving newsmen to learn of the designation at the Senate.

Black has been a leader in advocating the administration's wage and hour legislation. The nomination immediately created a tremendous stir in the Senate. Chairman Ashurst, Arizona Democrat of the judiciary committee, demanded immediate approval of it without reference to the committee, the usual procedure for nominations.

Senator Burke, one of the leaders in the recent fight against the Supreme Court enlargement bill which Black supported, quickly objected.

He was joined a moment later by Johnson who said he would object to immediate action. This objection forced the nomination to go over for action at least until tomorrow.

Ashurst told the Senate it was a "memorial custom" that whenever any member of the chamber was nominated to the Supreme Court it should be given consideration without reference to the committee.

Search Begun For Orlando Missing Since Yesterday

Sheriff C. M. Hand and several deputies have been conducting a wide-spread search today in the vicinity of a small lake on the Old Orlando highway between Altamonte Springs and Maitland for some clue which might lead to the finding of Gene Gaffney, Orlando bar tender, who, it is feared, met with violence on the shores of the small lake some time last night.

Early yesterday morning, a car identified as belonging to Gaffney was found abandoned off the highway near the small lake with a broken windshield and signs about it which might indicate a struggle, but an extensive search failed to reveal any clue as to what might have become of the Orlandoan.

Sheriff Hand indicated that if today's whereabouts of the missing man be would order dragging operations to begin on the lake at once.

School Bus Rules Studied By Group

Various regulations relative to the kind, care and operation of school buses in the counties, responsibilities of drivers and principals and behavior of students were discussed at a meeting of the State Committee on Pupil Transportation held in the P. K. Young Laboratory in Gainesville recently. T. W. Lawton, member of the committee announced today.

Results of the meeting are being codified into a set of regulations which will be sent to the various counties as soon as completed, Mr. Lawton said. Those present at the meeting were: State Superintendent Colin English and Chief Clerk Walker; James Richards, secretary of the Florida Education Association; and County Superintendents T. W. Lawton, Seminole; H. F. Elliott, Alachua; L. S. Sargent, Putnam; and Don Mann, Marion.

Schenectady, N. Y.—(AP)—Burglars slipped away while looting the safe of a local market, police reported. The thirty burglar took nearly \$400 in cash, leaving an empty beer bottle lying near the dismantled safe.

AT SOLONS' LOVE FEAST

Smiles and warm handshakes were the order of the night at the "charmony" dinner of Democratic senators in Washington, Vice President Garner (right) toastmaster at the affair, greets Senator Allen W. Barkley (left), new majority leader of the senate, in whose honor the dinner was given. President Roosevelt sent his "regrets."

Lee Is Adamant Simplification Of About Releasing Crop Program Is Gasoline Monies Growers Desire

State Comptroller Is Beseached Without Avail By Locals

TALLAHASSEE, Aug. 12.—(AP)—Joined by Governor Cone officials of twenty-five counties pleaded unsuccessfully yesterday for money they claim is due them from the State gasoline tax, then turned to the Supreme Court for aid.

Comptroller J. M. Lee, who halted payments to the counties because he said their special laws were invalid, insisted at an all-day session in the crowded Senate chamber that he would not honor the county claims unless the courts direct him to do so.

Two counties asked the Supreme Court to require Lee to pay the money, and Lee was directed to answer by Aug. 17. Attorneys said they waived the right to oral arguments in order to expedite a decision.

At the county officials' protest meeting, there was talk that the emergency created by Lee's action in halting gas tax distribution would force an extra session of the Legislature.

On this question, the delegates got no answer from Governor Cone. He attended their meeting late in the day and assured them he wanted the money paid. He refused to make an extra session while he was in the room, and the Governor declined to discuss the question with reporters.

"I'm not going to put my neck in a noose by paying this money," he said. Furthermore, he said, Florida is in danger of losing a share of its \$2,000,000 annual federal aid because of "diverting" tax money levied by roadbuilding. He invited litigation over the county claims, which he said involved \$9,000,000 a year.

"That's my story, gentlemen, and I'm going to stick to it," the Comptroller said. Lee declined any proposal that he continue making the disputed payments until the Supreme Court decides whether the questioned acts are valid.

He also declined another compromise under which all payments would be released if one county got a court order. Lee said that a test case would be necessary in each of several classes of special laws now in controversy.

Edith Wharton Dies

18 Lose Lives As Tenement House Falls

Disaster Results As Tons Of Water From Broken Sewer Pipe Hit Old Structure

Police Patrolman Hero Of Disaster Found Dead With Tiny Girl's Arms Tightly Clutching Neck

NEW YORK, Aug. 12.—(AP)—At least 18 persons were crushed to death in their sleep early today amid a smothering avalanche of bricks and debris when three Staten Island tenement buildings collapsed during a violent rainstorm.

Tons of water, roaring down from an overflowing storm sewer about midnight struck the ancient brick dwellings and ripped them asunder. Rescue squads of police and firemen pulled at the tangled wreckage for additional victims. Three persons still were missing. Four others who escaped from scattered structures were taken to Straten Island Hospital with serious injuries.

Patrolman Joseph McBroon of Emergency Squad No. 10, the rescuer on the scene, died a hero. He plunged into one of the buildings after the first structure collapsed. Searching squads found him later buried in the wreckage.

In his arms, with her arms crossed tightly about his neck, was the body of four-year-old Virginia Hudnick.

The disaster struck at the height of a thunder and electrical storm that swept the metropolitan area and Long Island in which four other persons were killed by lightning or were drowned.

New Documents Are Given To Trade Body

Many new documents have been presented to the library of the Seminole County Chamber of Commerce by Congressman Joe Hendricks and are now on file for the use of the public, it was announced today.

The new additions include a Documentary History of the Florida Canal which covers a ten year period from Jan. 1927 to June 1936, a Report of the Committee on Rivers and Harbors of the House of Representatives on "A Bill for Completion of the construction of the Atlantic Gulf Ship Canal across Florida," and a report of the Secretary of War dealing with the Florida Cross State Canal.

"The Chamber's Library contains many directories of important cities in Florida and the South, and much other data of value to many lines of business," it was stated by Ralph Bagwell, secretary.

FARMERS' WOMEN

Along the road to Pointe Aux Canes there is the grassy valley.

Where men and women walk the fields instead of brick-paved alleys.

The farmers and their wives are busy, for every hand is needed.

To stack the hay before the storm and keep the garden weeded.

The women wear plain cotton dresses, the color in the city.

That which have time to devote to such dainty things and pretty.

And yet I think while riding by how long must seem, the day.

To see who shares a farmer's lot peacefully in hay time.

And yet I wonder sometimes, too, in the fields I see them:

Do picking hay and hoeing corn from soil freedom free them?

Would they not rather be out there the air and sunshine drinking.

Than sit at home in solitude, just lonely women, thinking?

A writer to The Herald says that the letters C. I. O. stand for "Communists Infernal Order."

Havana's hint to kill billy chickens. Copies of the paper meet twice in the same place to yelp their weird songs.—Clearwater Sun.

A seafarer extinguishes a candle flame with a high note on a violin. Many a young man has been put out with a tapping on the floor above.—Palm Beach Times.

The American farmer again is exporting wheat, and can probably make as much that way as by not growing it.—Palm Beach Times.

The newspapers have been filled with stories about the Dionne quintuplets having a cold. Now suppose one of them should get really sick.

Banks in England employ nearly 15,000 women, but no banks would dare employ all-seeing tellers.—Clearwater Sun.

A friend of ours said he thought he detected a trace of Fall in the air the other day. He's still in the hospital suffering from chills.

In New York, a drunken automobile driver knocked down a small child and fractured his skull. This in itself is unexcusable, but it makes the blood boil to be informed that the driver was on relief and driving his own brand new Buick.—Lay West Citizen.

Artificial Coloring?—Car Stanton advises the Florida Citizens Commission to resign and this should be a lime sour for the orange men to swallow.—Lake City Reporter.

An Illinois game warden says he is flying south a month earlier this year and predicts an early Fall. An early Fall means an early influx of tourists, and an early influx of tourists means early dollars for the merchants, that is, if you have any tourists.

Business Moral.—State employment service is curtailed in Florida, affecting thousands of jobs because the Governor wants to fill one job. That hardly seems like fair play for the jobless.—Miami Herald.

The war in Spain has lasted a year. It has cost a million of men, women and children and has resulted in the destruction of many cities and the loss of priceless architecture and incidentally has accomplished nothing beyond proving that war is nothing but a big business racket.

Miami And Advertising

Miami's advertising budget for the current year has just been approved and the sum equals the astounding figure of \$202,000. This total doesn't include the amounts spent by the County or Miami Beach or surrounding subdivisions. It represents only what the city itself will devote to attracting tourists and telling the world about the charms of the Magic City.

Other towns look at Miami with envy and wonder how "it does it." The general opinion is that Miami has some special advantage that isn't open to other cities and that the Gods were especially kind to her. Nothing would be further from the truth, because from a strategic point of view Miami never had any advantage. Other towns along the lower East Coast had been settled earlier, had more population and were considered than more desirable spots on which to build a city. Biltmore River and Coconut Grove attracted the *lenny* of the earliest settlers because they were better situated.

Palm Beach had a long head-start and Rookledge and Cocoa and St. Augustine and our own Enterprise were well known long before anyone ever heard of Miami. Look back into any of the old travel guides which tell about the tourist cities in the State of Florida and see if any of them mention Miami. That place was just a dot on the map with sandy streets and a saloon on every corner. It had nothing to commend itself to tourists or new residents.

It did, however, have something in common, something which other towns then lacked, and that was an appreciation for advertising. Even in the early days Miami and Miamians never failed to proclaim their virtues whether real or not. Citizens of the town when they went away on trips painted glowing pictures of the climate and wild flowers, of the possibilities of this young and lusty community. Miami had a way of getting in the public print and this continual and consistent advertising made that city known from coast to coast and was directly responsible for its becoming the metropolis it is today.

Make no mistake about it, Miami is the supreme example of a town that had nothing and was made solely by advertising. What else did other towns do, if there are enough citizens who realize that the road to success lies in proclaiming the wares they have to offer.

They Can't Take It

Germany has a habit of expelling any foreign correspondent who writes the truth as against the propaganda of Nazi leaders, but this same country thinks it's deplorable when some other nation gives her a dose of the same medicine. The recent expulsion of three German newspapermen from England, evidently on very good reasons, brought protests in what is described as "restrained terms."

"And well might any Nazi protest over expelled newspapermen be restrained," comments the Miami Herald. "There is no such thing as a free press in Germany. It is amazing that the Nazis make any sort of protest in view of the fact that they have been expelling foreign news correspondents out of Germany as soon as it becomes evident that they are reporting things as they are and not as the Nazis want them reported."

"Democratic Britain is giving Germany a dose of its own medicine. The offense must have been quite serious on the part of the Nazi newspapermen as Great Britain is very tolerant of foreigners."

"In fact, England can take insults from outsiders with almost the same amazing calm as the United States. In ousting the Nazi newspapermen without explaining the order, combined with the fact that Germany's protest was couched in 'restrained terms,' the British foreign office demonstrates quite clearly that the three Nazis must have gone the limit in taxing British patience."

SANFORD TWENTY YEARS AGO

Stop every chain letter you get! This is the advice of the Charity Organization Bureau as they denounce all get-rich-quick schemes.

It has been ascertained that in many cases, these letters are crafty propositions. They are labeled "bunko" letters.

It has been announced that "ready-made" pie crusts will soon be manufactured. They are guaranteed to last a year.

Mr. and Mrs. David Snow were entertained at a supper last evening at the Chateau Hotel by their hostess, Mrs. C. A. Bandler.

Postmaster F. M. Elder is home after spending the past six days in Georgia and North Carolina.

Mr. Elder has not been well for several months having never fully recovered from a severe attack of la grippe. His trip has been very beneficial to him.

Earl Fields is in the city calling on his many friends. Earl formerly lived here in Sanford, but is now a citizen of Augusta, Ga.

Mr. and Mrs. C. R. Lord expect to leave tomorrow afternoon for the beach to enjoy fishing and the

Florida has more than 30 radio stations, 29 of which are "home" or amateur stations, declares the Florida State Chamber of Commerce.

NOTICE

The widening and deepening of the waterway on Magnolia Avenue is necessary to lower the water main in Third Street where it crosses Magnolia Avenue. It will be necessary to cut the water off this main, which will affect a considerable number of persons between First St. and... particularly those on the other side. The work will be done after 9 o'clock P. M. Friday August 13th, and those residents in the affected territory are requested to store up their water supply in advance. It is hoped that this notice will be of service to all concerned. CHAS. S. SANDERS

SWISS FAMILY ROOSEVELT. Mrs. and Miss M. Roosevelt, Jr., and the little of 4 months, the former Mrs. John D. Roosevelt, the latter of Switzerland. They are being presented with a bouquet by their hosts in postwar Switzerland.

WASHINGTON DAYBOOK

By PRESTON GROVER

WASHINGTON — President Roosevelt has a trick up his sleeve in the row with the senate over recess appointments to fill Supreme Court vacancies. He could call the senate back in special sessions to receive such nominations and for that purpose only, it would not hurt that holiday anticipated by senators who so loudly clamor for early adjournment.

An unknown factor all along in the Supreme Court snarl has been the persistent rumor of further retirements. Justices McReynolds and Sutherland have been the center of the gossip, particularly since any change in the Supreme Court was dropped from the court reform bill.

The best inside on probable action at the White House to fill the court vacancy created by retirement of Justice Van Devanter is that President Roosevelt will make an appointment in time to put his selection up to the senate for confirmation. That was the word passed around by administration folk ever while the senate, under impetus of Vandenberg of Michigan, was blasting away at recess court nominations.

Whether the nomination would be such to cause quick confirmation or would result in a new battle in the senate waits on the choice of the President's choice. And if there are to be further court retirements, as rumor continues so loudly to say, the recess appointment boggy might boil up again.

The court will reconvene in October. During recess, under the usual procedure, the justices are pondering various matters left over from last term for action in the next.

It does not seem probable to those most familiar with the court and its ways that any of them, even if contemplating early retirement, would step out before reporting on such shares of the work as they took with them into recess.

This makes October or later about as early as can be tentatively set for whatever is to happen court further changes in Supreme Court membership in the wake of the court bill fight.

If Mr. Roosevelt does name a recesser to Justice Van Devanter before Congress adjourns, and it quick before the senate acts on confirmation, an early call back for senators to finish the job seems probable.

Yet, why make two bites of a cherry? If there are to be more retirements and urgent necessity to fill several court vacancies exists, waiting until that develops to call a preliminary senate session or adjournment to precede the regular January session might be the answer.

Or, why not call a special session now to deal with the situation and adjourn until after the recess?

Polar Disturbances Affect Phone Lines

SHANGHAI (AP)—Shanghai and San Francisco can telephone each other, but for only about one hour in the 24.

The difficulty is that the radio-telephone circuit to Shanghai takes the shortest distance from San Francisco almost crossing the North Pole. Atmospheric disturbances are so common in the polar regions that satisfactory reception is possible for only about an hour.

Texas Leads States In Railroad Mileage

WASHINGTON, Aug. 12.—(AP)—More railroad mileage is operated in Texas than any other state, the Association of American Railroad reports, Illinois ranks second.

The association says that the state's railroad mileage is 10,000 miles, and that the state's railroad mileage is 10,000 miles.

Wage-Hour Bill Blocked In Row Over Crop Law

President and Congress are at odds over the granting of crop loans and subsidy payments on cotton and other major crops. They are increasing support in Congress during the day.

Despite the development, Secretary Wallace declared in a press conference that if Congress would not pass the bill, the government would not be able to carry out its policy.

Observers generally look for a remark to come that he agrees with the President's position, that unless crop and commodity prices are raised, the government will be unable to carry out its policy.

NUMBER THREE GOLD

SAN FRANCISCO (AP)—American Smelting & Refining company, as highest bidder, purchased the sweepings from the San Francisco mint and extracted metal valued to the extent of \$16,000.

The mint's rubbish contained gold, silver, nickel and platinum particles.

Noted this 10th day of August, 1937.

Azarian Class Holds Meeting On Tuesday

The regular monthly business and social meeting of the Azarian Class of the First Baptist Church was held Tuesday at 7:00 o'clock on the back lawn of the church grounds.

The hostesses, Mrs. A. J. Peterson, Mrs. E. L. Beard, Mrs. A. L. Stacy, Mrs. M. M. Smith served a picnic supper to the guests.

Mrs. George McCall, first vice-president, presided over the business session. Mrs. E. L. Beard, assisted by Mrs. F. L. Hite and Mr. N. N. Cleveland, led the devotional, the subject of which was "Christ and the Children." Committee reports showed the interest of the class activities centered around a membership and attendance contest. Group captain made plans for contacting absentees.

The following officers were elected for the fiscal year beginning Oct. 1: Mrs. A. J. Peterson, president; Mrs. George McCall, first vice-president; Mrs. J. Q. Stanford, second vice-president; Mrs. C. A. Anderson, third vice-president; Mrs. H. W. Eucher, fourth vice-president; Mrs. J. L. Jackson, corresponding secretary; Mrs. Lourine Deal, reporting secretary; Mrs. T. E. Habbert, treasurer; Mrs. L. E. Reed, reporter; and teacher, Mrs. J. H. Colclough.

Those attending the meeting were: Mrs. N. J. Stronstrom, Mrs. F. L. Hite, Mrs. G. S. Litrell, Mrs. C. L. Walker and children, Mrs. John Stanford, Mrs. M. N. Cleveland, Mrs. C. L. Henson, Mrs. J. H. Colclough, Mrs. C. A. Anderson, Jr., Mrs. A. L. Stacy, Mrs. J. L. Jackson, Mrs. Leo, Mrs. Geo. McCall, Mrs. L. E. Jones, Mrs. Turner, Mrs. E. L. Beard, Mrs. M. M. Smith, Mrs. Lourine Deal and Miss Davis McCall.

"Topper" Is Hilarious Comedy To Play Here

Decca Smith's sensation novel "Topper," which has made millions of readers laugh in every part of the world, now comes to the screen at the heart of the successful Hal Roach feature-length comedies.

Comedian Bennett and Cary Grant are co-starred in the new picture, which opens Friday at the Elks Theatre, and the outstanding cast also features Roland Young in the title role, Billie Burke, Alan Mowbray, Eugene Pallette and others.

The men "behind the production" of the new Roach feature are outstanding in their respective fields. Eric Hatch, who adapted the popular Thorne Smith novel to the screen, together with Jack Jevon and Eddie Moran, is the author of numerous successes, among them the original story of "My Man Godfrey." Norman Z. McLeod, who directed "Topper," has a long list of directorial hits to his credit, the most recent of which was the Bing Crosby success, "Palm Springs Hereafter."

The story of "Topper," dealing with the hilarious escapades of a madcap genius of another world, provides a plot that borrows all the laughs of high comedy. Bennett, Bennett and Cary Grant are seen on the widest, funniest couple in town who meet death in an automobile accident only to miraculously reawaken and pursue an incredible series of adventures across a bewildered countryside.

Handiwork Made By WPA Workers Is Put On Display

Many unique articles made chiefly from what has been heretofore considered waste products are now on display at the woman's exhibit of the

Works Progress Administration in the old Union Pharmacy building.

The workers have made baskets and placques from pine needles and raffia, and hats from corn shucks. Jute bags have formed a basis of embroidery work on the making of center pieces and other articles.

Probably one of the most unusual exhibits is the decoration of vases with a hardened mixture of colored scraps of paper, flour, and water. Flowers and other designs have been fashioned from the material.

An upholstered chair made from a barrel, a small desk seat, a bureau, and a bed spread have been made to form a very attractive suit, it was stated.

Many dresses and quilts have also been created by fingers of the WPA workers.

It was announced that the women receive a payroll of \$1,000 every pay period which comes twice a month. There are 75 women employed.

Continued from Page One

"I've stretched your car and I'll pay the money! I'll stretch it out for you," he said, "I'll stretch it out for you."

Coma told the officials of Administration of Cane, Kibbet and Lee that the payments.

Coma says do it, and I'm going to stretch it out for you. I'm acting on the advice of the Attorney General that these laws are unconstitutional. I believe in the 1931 act, which nobody questions.

I think it's been a fine thing, and I hope some other method can be worked out to this. I don't see any reason why it can't be done."

G. Pierce Wood of Liberty said that the "Dole" law was passed before the 1931 legislation, but he was going to refuse to pay it, I wouldn't complain.

He had no reason to believe he would change, and in a way he is responsible for the 1931 act because he didn't.

He is a man of fair play to the public, and I want to see the 1931 act decision until the 1931 act is decided.

Mr. Knight of Blount, Calhoun County, asked the Attorney General, "Why did you stretch the money?"

He would have hoped the Legislature would correct the system by stretching the money, but instead of that, the 1931 act was passed, but instead of that, the 1931 act was passed.

He said if faced with a similar situation he "wouldn't have" stretched the money for 3 years to make up my mind. Some of the special acts passed in 1931; others in 1930, but payments have been made up.

The Attorney General and the Board of Administration was asked for the right to pay disputed until laws in question were declared unconstitutional by the court.

Since court action since the district court last week was brought by W. H. Lee and Washington County. Each obtained a warrant directing Lee to pay the money or show cause by next Monday why he does not.

OPINION WRONG

ALLIANCE, Nov. 12 (AP)—Patron L. R. Pilkington climbed a ladder leaning against a theater building and climbed a robbery. He removed the ladder, waiting patiently in the belief he had trapped burglars on the roof.

Next day, J. M. Hughes, theater manager, reported the theft of a ladder which he said had been leaning against his building more than two years.

Very first application will be made to the court. The court will then decide whether or not the 1931 act is unconstitutional. The court will then decide whether or not the 1931 act is unconstitutional.

Two-Time Stowaway Despises America

GLASGOW, Scotland, Aug. 12.—(AP)—A British court turned a deaf ear today to a plea of an American girl two-time stowaway to "send me to jail but don't send me back to America—I hate America."

The prosecutor, who described the girl as Elizabeth Schwartz of Chicago, said she stowed away on the liner California to marry an Englishman in answer to a matrimonial advertisement.

The court decided to put her on a United States-bound boat Friday.

JUST ONE MORE MILE

NEW YORK, Aug. 12.—(AP)—Walter, an automobile dealer in Flushing, L. I., sold a car to a man. Suddenly the customer refused to sign the bill of sale. When asked what was wrong he told Walter the mileage gauge showed 13 miles. If he wanted to sell the car, Walter would have to drive the machine around the block until another mile was registered. Walter did as instructed and the customer, perfectly contented, signed up.

China was the home of a highly developed civilization while Europe was still in the Bronze Age.

Eye Industry Cost Industry Huge Sum

SOUTHBRIDGE, Mass., Aug. 12.—(AP)—American industry is paying out about \$30,000,000 annually for eye accidents, according to estimates made here by the American Optical company.

Charles O. Quason, vice president, says at least one-half of this cost could be eliminated within a 12-month period if ordinary safety methods were used.

Some 200,000 eyes are lost per year in United States industry, he says.

Take a Dose of GINGER-ALE

It's the only one that's so good and so refreshing. It's the only one that's so good and so refreshing.

Chicago, Aug. 12—The Chicago stock market today was characterized by a general decline in prices, with the Dow Jones industrial average closing at 208.44, down 1.56 points from the previous day's close.

The market was affected by reports of a possible recession and a general pessimism among investors. The volume of trading was moderate, and the market showed signs of weakness throughout the day.

Pittsburgh, Aug. 12—George Van Winkle, Pittsburgh contractor, has been awarded the contract for the construction of a new \$1,000,000 hotel in the city.

The hotel, which is to be built on the site of the old Carnegie library, is expected to be completed in 1932. It will have 1,000 rooms and will be one of the largest hotels in the city.

Loop Heads To Discuss Sanford Case Today.

Henry Watson Brands Islets As Bunch Of Soreheads That Just Could Not Take It

Rex Packard, Jimmy Wright, Mr. Watson To Attend League Meeting In St. Augustine This Afternoon

"We have followed the rules and regulations of the Florida State League this season to the greatest extent and it is just a bunch of soreheads bawling," said Henry Watson, proxy of the Sanford Baseball Association, in a statement concerning the action of Manager Jimmy Sanders of Daytona Beach and the case he will bring before a Florida State League Directors meeting this afternoon in St. Augustine which claims that Sanford has disregarded rules and regulations of the league in many ways.

Mr. Watson, Jimmy Wright and Rex Packard, the latter being league director, will attend the league discussion this afternoon. Manager Sanders openly states that Sanford has broken one rule while the Umpire Bugs Ery has disobeyed another. Manager Sanders claims that when the Sanford Lookouts played in Daytona Beach last Sunday afternoon there were 17 men on the Lookouts team while the league only allowed 14 men and a non-playing manager. They claim that to make things look right they let Owen Wright and Darryl Mote in Sanford to wear civilian clothes but still had 15 men on the roster even though Mote and Wright were not suspended.

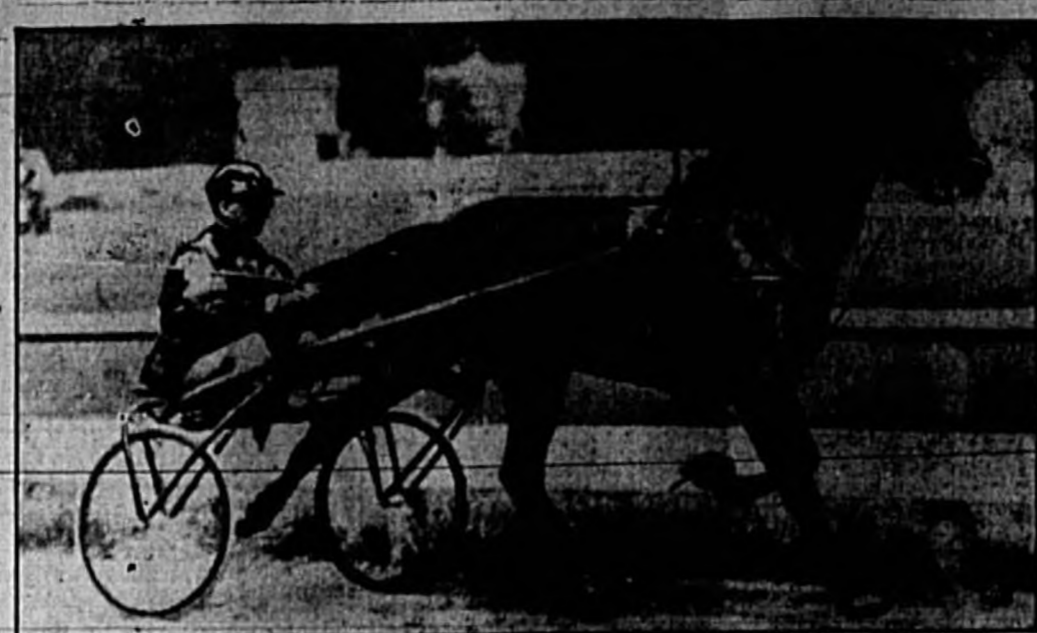

In answer to that charge it can only be said that Sunday was August 8. According to the rules and regulations of this league, after August 5, clubs in the loop may carry 18 men but must not have more than three class men and are abiding with the regulations.

In the civilian clothes business of Mote and Wright, there was nothing intentional about that. Mote and Wright wore civilian clothes for this reason, Mote had beaten Orlando Saturday night and surely he would not hurt the next day. Wright could not be used for he was scheduled to hurt for the locals against the St. Monday evening.

Sanders also stated that the same routine took place Monday night but in this case it was Buddy Lake that wore civilians along with Dan Brainerd to bring the number down to 16.

In answer to the routine that was branded illegal by Sanders, Brainerd had permission to see the game

Lookouts Eke Out 5 To 4 Win Over DeLand

HAMBLETONIAN HARBINGER. De Sota, bay colt owned by Paul Bower and driven by Tom Berry, won the American Stake to become one of the chief threats in the Grand Circuit Hambletonian at Goshen, N. Y. In two straight heats with driving flashes, the trotter won the three-year-old prepping event for the harness clubs.

'Stuffy' McCrone, Former Pilot Of The Lookouts, Is Honored At Gastonia, N.C.

McCrone Is Said To Be Most Dependable First Baseman In Loop; Leading The League In Getting Free Passes

GASTONIA, N. C., Aug. 12.—For the first time this year sports fans of the city will honor an individual member of the Gastonia Spinners tonight as they gather at the High School Stadium to pay tribute to Clarence "Stuffy" McCrone.

Likewise the club will show its appreciation of the fine work of Stuffy this year as a presentation will be made to him during the course of the game. The fans are expected to make a contribution to be presented at the same time to the "best first baseman in the league."

Stuffy lives in Sanford, Florida in the winter, with his wife and three sons, who are now with him here. He has been playing professional baseball many years and was for several seasons a star performer in the old Sally League, leading that circuit in home runs one season while playing with the Asheville Tourists.

Manager Packard has used him in the lead-off position this season almost since the first game. This has been a splendid place for Stuffy as he leads off more than once with a base on balls draws more walks than any other player in the league, having been given four and five on some nights this season as pitchers found it almost impossible to get a strike over with him standing there beside the plate.

Not many inches tall—but every inch a gentleman, let's fill the ball park tonight as the fans honor Clarence "Stuffy" McCrone.

It was announced several days ago that the club management is planning to present Stuffy McCrone with a gift, during the game tonight. It is thought that merchants of the town may also contribute to a donation to the dependable first sacker. It is planned to have members of the local Fire Department—the greatest bunch of ball fans in town—pass through the stands tonight and collect individual gifts from the fans to be given to McCrone as a token of appreciation for the splendid work he has done here this season.

DeSota Is Still Favored To Win In Hambletonian

Schnapps Is Second Choice In Today's \$40,000 Running

GOSHEN, N. Y., Aug. 12.—(AP)—Twelve three-year-old trotters went through their final paces today in preparation for yesterday's Hambletonian and then faded into the background while Greyhound, the wonder horse of the decade, failed by a narrow margin to smash a 15-year-old world record.

The stage was set for the Kentucky derby of light harness racing when owners of the dozen trotters filed their intention of going after the purse of nearly \$40,000. All that remained to assure the packing of Good Time park with more than 40,000 fans was the cooperation of the weather man.

Greyhound thrilled today's crowd of some 15,000. The grey streak from E. J. Baker's stable of St. Charles, Ill., was timed in 1:58 1/4 against the clock but failed by one and a half seconds in an attempt to break the international mark of 1:56 3/4 set up by Peter Manning in 1922.

Failure to lower Peter Manning's record marked the first time in nearly a year in which the five-year-old gelding had failed to come through with his assignment. Earlier in the season over Goshen's half-mile track, he hung up a new mark of 1:59 3/4 for twice around the oval after trotting a mile in competition in 1:57 1/4 last year.

DeSota, owned by Paul Bower, Boston wrestling promoter, remained the firm choice to take down the major share of the Hambletonian purse. Fortunate enough to draw the favored pole position for the first of the two best-in-three mile heats, the son of Peter Volo was quoted at three to two.

Schnapps, which went one mile in 2:02 1/2 in winning the Matron stakes at Toledo, held second place in the pre-race wagering at 5 to 1. Twilight Song, winner of the Lexington steeple last year in 2:03 1/2, was not far behind at 9 to 2.

Others entries include C. W. Phillips' Southland of New York City, Farr from E. Roland Harrison's Arden Homestead of Goshen, Earl F. Shropshire, Earl's Synchronizer of St. Petersburg, Fla., and John M. Berry's Europa, Rome, Ga.

OLD TIMERS BACK
ORLANDO, Aug. 12.—(AP)—Joe Tinker, old-time baseball star and recently manager of the Orlando entry in the Florida State league, said he was back in the real outside business on "full time."

Centralized distilling is expected to replace the "piney wood" naval stores operator with a consequent rise in the grade and price of Florida naval stores, authorities have told the State.

ROME.—(AP)—Production of artificial silk in Italy this year is expected to be six times that of 1930.

Locals Get To Harper For 9 Hits While Reds Secure 14 Blows Off Mote And Brainerd

Wes Kingdon Secures Two Doubles And A Single In Four Official Appearances; Lookouts Meet Azaleas Tonight

The Sanford Lookouts kept pace with the Gainesville G-Men last night at Conrad Park in DeLand when the locals eked out a 5 to 4 victory over the Patterson nine before one of the largest crowds DeLand's box office has registered this season.

Although the scoring was low the game was wild and woolley. The Lookouts' nipped Eddie Harper, young ace southpaw of the Reds, for nine hits while the Reds' southpaw Lookouts as they gathered a total of 14 blows off the offerings of Darryl Mote and Dan Brainerd.

Mote started on the hill for Sanford but was in trouble nearly all his six and two-thirds innings performance and he was relieved in the seventh in favor of Brainerd. Mote issued one walk while in action and fanned two of the home club boys. Brainerd was nipped for three hits during his two and one-third inning performance on the hill. He failed to pitch a ball and walk any DeLand player.

Sanford players broke another jinx last night when they got to Harper for nine hits while he fanned eight of the Lookouts but issued five free tickets to the initial sack. Some excellent fielding on the part of Chuck Aleno and others was the factor that saved Harper many times during the tilt.

Leading the hitting during the evening was Hubba Diddrickson, and Chuck Aleno. Both Reds got three hits in five innings. Jones scored both runs. Hughes, Al Shimer, Bob Jones, Joe Ruggiero, Swede Martin and Wes Kingdon also were credited with two hits each.

The scoring hostilities began in the initial stanza when Ed Clary worked Harper for a 1-1 on balls. On a hit and run play Clary scored from first base on Kingdon's double against the left-center fielder. Kingdon advanced to third on Martin's infield out and Kingdon scored moments later on an error by catcher Balfower.

The Lookouts tallied their run of the evening in the fourth frame when Joe Ruggiero singled into center field and went to second on Langston's sacrifice and scored on Dobby Prichard.

Players for the Crackers included Ray Edge, third base; F. Page center field; B. Tippins, first base; John Carter, pitcher; P. Hogan, right field; A. McMichael, shortstop; James Carter, left field; Bob Calahan, second base; and H. Robinson, catcher.

Jap Warships Begin Shelling Shanghai Area

Land Batteries Also Join In Open Fighting That Threatens Holocaust Like '32

Machine Gun Fire Rakes Waterfront

U.S. Asiatic Squadron Steams Into Action To Protect Citizens

SHANGHAI, Aug. 13.—(AP)—Japanese naval guns and Chinese and Japanese land batteries pumped hundreds of shells into their opposing forces in open Shanghai warfare tonight.

The artillery duel along the northern fringe of the city set fire to scores of buildings in the Chinese Kiangsu and Chong areas.

Strong wind threatened a holocaust like that of 1932. A Japanese warship bombarded the wharf and a half dollar Junkong wharf on the left bank of the Whangpoo River midway between Shanghai and Woosung.

The United States Asiatic squadron steamed into action to protect 4,000 American residents of the Shanghai area.

Unconfirmed reports said the Japanese warships were shelling the Woosung forts which guard the Whangpoo entrance to Shanghai by water.

Two coast defense divisions were reported under orders to move to the mouth of the Whangpoo, 18 to 19 miles from Shanghai.

Two large fires broke out in the vicinity of the bombed wharf. Flames lit up Shanghai's eastern districts.

When the first gun boomed in the naval bombardment, concentrations of machine guns along the Whangpoo burst into action spraying the river area with bullets.

To the north stubbornly fighting Chinese regulars of the 89th Division blocked the northwestward advance of the Japanese army and held strategic Nankow pass in the face of hot artillery fire and aerial bombardment.

Two regiments of the 89th—the Japanese estimated their strength at 1,000—were defending the southern approaches to the narrow mountain gateway to Manchuria against the mechanized Japanese brigade supported by heavy artillery and planes.

Holly Points Out Advantage Which Air Mail Provides

A proclamation by Governor Cox and similar announcements by the mayors of the cities of Florida will set aside August 23 to 26 as Air Mail Week. E. J. Holly, postmaster, stated today.

Although mail planes do not stop in Sanford, the city is provided with a very satisfactory air mail service, he said.

Mr. Holly brought out possibilities of the Air Mail Special Delivery. With postage of only 18 cents the mail is not only taken to the destination in record time, but is also immediately delivered to the office or home of the addressee.

"We have a wonderful Air Mail service that is of great aid to many business firms and private correspondents and is constantly being improved and is satisfactory to their needs."

Sanford had one of the best equipped landing fields in the state and we intend to let the people of Florida know that we are prepared to be considered.

Being pulled from the wreckage of a collapsed tenement house, undermined by heavy rainfall on New York's Staten Island, is Mrs. Mamie Coral, 26. She was lifted from the debris and rushed to a hospital, where she was reported suffering internal injuries. Eighteen were killed in the collapse.

Sugar Quota For Power Company Certain Sections Blames Pilot For Gets Thru Senate

Roosevelt Had Previously Protested Against Proposal

WASHINGTON, Aug. 13.—(AP)—Vice President Garner gave the Senate yesterday a proposal to fix refined sugar quotas for the continental United States, Hawaii and Puerto Rico.

President Roosevelt previously had protested that the proposal would limit the quantity of sugar that may be refined in various geographical limits of the United States. This, the President had declared in a letter to the Senate Finance Committee, would constitute a "dangerous precedent."

The sugar control legislation, which the House passed recently, despite the presidential veto threat, came up for consideration in the Senate late in the day.

After Senator Brown (I-Mich.) had explained the measure briefly, Garner declared three finance committee amendments passed "without objection."

One of these was the proposal to "freeze" sugar refining. It was drafted after administration spokesmen had objected to a House provision which would prevent expansion of refining in Hawaii and Puerto Rico but leave it uncurbed on the mainland.

The Senate Committee proposed that quotas be applied to all, but fixed them at substantially the present level of operations for all plants.

Another of the amendments which went through calls for steps to regulate sugar prices on the basis of retail food prices, instead of an index of the five principal cash crops. Secretary Wallace told his press conference that such a provision would have cost consumers \$72,000,000 last year.

The Senate Committee proposed that quotas be applied to all, but fixed them at substantially the present level of operations for all plants.

Farmers, Cattlemen Are Invited To Meet

The third annual Field Day and Livestock Roundup will be held in Chinsegut Hill, Sanford, on Thursday, Aug. 14, and tomorrow, the State are invited to attend, according to a report received at the local County Agent's office today from W. F. Ward, superintendent of the Sanctuary.

Mr. Ward stated that an interesting program had been arranged covering many topics of general interest in agriculture and animal husbandry. The experiment work at the Central Florida Experimental Station located there will also be explained, he indicated.

A barbecue dinner will be served at the village at a very nominal cost to the women of the American Legion Auxiliary there.

Soviet Fliers Winging Way Towards U.S.

Daring Airmen Headed For New York Are Reported As Having Crossed North Pole

SEATTLE, Aug. 13.—(AP)—A huge four-motored Russian monoplane flown by Sigmund Levaneffsky, reputedly the Soviet Union's most famous flyer, was roaring down from the North Pole toward Fairbanks, Alaska, today.

The large ship, exploring the possibilities of a commercial airway over the top of the world, left yesterday from Moscow with New York as its destination. Stops have been scheduled for Fairbanks, Edmonton, Alberta, and possibly Chicago.

The United States Army signal corps radio station at Fairbanks reported that it had intercepted a message to the Russian radio station which stated that the ship had passed over the pole at 4:45 A. M. Eastern Time today.

Although the ship encountered strong headwinds in the vicinity of the pole, tail winds were reported as boosting it along its course toward Fairbanks. Observers at Fairbanks estimated that the monoplane would cover the 1,400 miles from the pole to that city in nine hours.

Levaneffsky was accompanied by a crew of five men.

New Additions Are Made To Wikiwiki Camp Outside City

Two new brick fireplaces and completed additions to the cabin will mark the newest additions to Camp Wikiwiki prior to its occupancy in the future by the Girl Scouts of Sanford and the Boy Scouts of Troop 14.

The girls will begin their camping Aug. 19 and continue for three days, while the boys expect to leave Aug. 31 for the camp and remain for one week.

A group including Mr. and Mrs. Mahlon Wright and sons, Lewis and Callen, Harold Madden, and W. E. Kader, scoutmaster of Troop 14, were at Wikiwiki yesterday making final arrangements.

Mr. Kader stated that he had received reports from the State Department of Health which indicated that the water from the nearby lake had been found pure and fit for drinking purposes.

Dingfelder Receives High Kiwanis Honor

Julius Dingfelder was appointed chairman of the Kiwanis International Committee yesterday on the support of churches in their spiritual aims, it was announced today by S. J. Nix, secretary of the local club.

Mr. Nix said that the position is "one of the most coveted in Kiwanis activities." Mr. Dingfelder was a member of the committee last year and his services were so outstanding that F. T. Traflet, president of Kiwanis International, bestowed the honor upon him.

During his duties with the committee in the past year, Mr. Dingfelder was called by the International Council to meet with them in Chicago last February.

County Agent Clerks Attend State Meet

Clerks of County Agent C. R. Dawson returned from a two-day session of county agents and clerks officials in Lakeland where soil conservation programs for this year and next year were discussed.

The group went as representatives of the local County Agent, who is participating at his home from lectures sustained in a motor accident near Wabersburg, S. C. recently, and also to obtain information relative to filling out certain government forms.

Those who attended the session were: Margaret Squire, Helen Dwyer, and Stanley Verway.

SENATOR HUGO BLACK GETS COURT NOMINATION

Sending in the name with a list of other nominations, President Roosevelt named Senator Hugo L. Black of Alabama to the Supreme Court bench. He surprised his colleagues on Capitol Hill, but here Vice President Jack Garner offers his congratulations.

Senate Judiciary Committee Okeys Naming Of Black

Rejects Move Of New Englander To Study Legality Involved

WASHINGTON, Aug. 13.—(AP)—The Senate Judiciary subcommittee swiftly approved today the nomination of Senator Black, Alabama Democrat, to the Supreme Court.

It acted only minutes after President Roosevelt told a press conference that Attorney General Cummings had informed him that it was perfectly legal and constitutional to appoint Black to the court.

The judiciary committee voted to report the nomination and rejection of the New Englander's proposal for delay.

Austin questioned Black's eligibility under a recent act of Congress providing for retirement of justices at full pay. He suggested it might make any member of Congress ineligible either on the basis of creating a new office or of increasing the emoluments of the office.

BIRMINGHAM, Ala., Aug. 13.—(AP)—The man President Roosevelt chose yesterday for the supreme court—Senator Hugo L. Black—was born deep in Alabama's cotton country, the son of a small-town store keeper.

His phenomenal rise began in Birmingham, the south's steel capital.

An unusual stroke of fate, the burning of his law office in Oakland, Ala., his birthplace, transformed Black, as a young man, from a small town barista to a city lawyer. That was (Continued On Page Three)

Robbery Mysteries Believed Cleared Up

City officials announced today that they believed the arrest of Alfonso Harrellson, better known as Alfonso Whitecomb, this morning cleared the mystery in four breaking and entering cases and also the theft of a bicycle from the Rita Theater recently.

At Harrellson's home, City police recovered two suits of clothes and other items reported stolen from the home of Lawrence Reel while he was gone to the National Guard encampment at Ft. McClellan, Ala. and other evidence.

Roosevelt Consents To U. S. Cotton Loans

WASHINGTON, Aug. 13.—(AP)—A Senate delegation reported today a White House conference today after President Roosevelt had agreed to make immediate federal loans on cotton to farmers who wished to comply with the surplus disposal program to be enacted next session. Senator Bilbo, Mississippi Democrat, said the record in favor of surplus control legislation early in 1938 would be taken up in the Senate later today.

OLD VOTERS NOT CITIZEN

DURANT, Okla., Aug. 13.—(AP)—W. J. Stonehouse, who has been voting the democratic ticket for 64 years, discovered he was not a legal citizen of the United States, not entitled to vote and not eligible to receive an old age pension. He did not apply for American citizenship when he came to the United States from London, Ontario, Canada, when he was 16.

Gaffney Body Found In Wood Off Highway

Searchers About To Give Up Hunt When Lone Buzzard Gives Clue To Solution

Cause of Death Remains Mystery

Whether Or Not Man Met Violence Is Unable To Be Solved

The body of Gene Gaffney, Orlando bartender and former professional baseball player, was found slumped face downward in an oak scrub thicket just off the old Orlando highway south of Altamonte about noon today.

Searchers had almost given up their intensive hunt for the man who has been missing since last Tuesday night when A. K. Golbee, nearby resident, noted a buzzard in a tree near where the man's body was found and went to investigate.

He found the body in the oak thicket resting on the knees with the face on the ground.

Gaffney had apparently crawled into the thicket and died, but it is not known whether as the result of wounds inflicted by an unknown assailant as the body was in such a decomposed state that it was impossible to ascertain at the time of the finding whether or not the Orlandoan had met with violence.

County Sheriff C. M. Hand, who with authorities of Orange county have been combing the vicinity for the body, said Gaffney's automobile was found abandoned early Tuesday morning, advanced the theory that Gaffney might have been intoxicated and wandered nearly half a mile from his car, crawled into the thicket and died.

To substantiate this theory, Jim Tucker, aged Altamonte resident, and his daughter, who live near where the car was found abandoned, reported hearing a man cry for help a number of times around 10:00 o'clock Tuesday night.

During the search the following day several items identified as the belongings of the dead man were found scattered in various places through the scrub where he apparently had lost them in his wanderings.

Justice of the Peace J. P. Roberts and a coroner's jury visited the scene but postponed their verdict until after the post mortem examination which will be conducted by Dr. W. T. Langley at the Erickson Funeral Home some time this afternoon.

Although investigators believed the man had not met his death at the hand of an unknown attacker they were not able to account for the profuse amount of blood over the dead man's clothing. Some theorized that it might be attributed to a severe hemorrhage caused by (Continued On Page Three)

Neither Side Able To Hold Advantage In Spanish Fracas

MADRID, Aug. 13.—(AP)—The olive-clad slopes of the castle city of Lopera in Jaen province was reported no-man's land today after bitter fighting in which government and insurgent troops alternately prevailed.

It changed hands twice yesterday but the insurgent victors were reported to have found their position untenable and to be moving out of the southern city. A government surprise attack drove out the insurgents early in the day.

Later faced by the overpowering advance by insurgent reinforcements, the Militancia withdrew. Government artillery went into action all along the inactive front between Lopera and Porcuna and the insurgents were reported evacuating both these cities.

CITY NEWS BRIEFS

Circuit Judge Millard E. Smith was in Sanford on official business today.

A meeting of the Woodmen of the World will be held tonight at 8:00 o'clock in the Odd Fellows Hall.

Edward W. Scharland and Estelle M. MacLean of Apopka were married in the office of County Judge R. W. Ware yesterday.
