MELLON SEES JUMP LOOMING ON INCOME TAX

One Percent Increase Over Next Year Is Predicted By Sec- retary of Treasury

WASHINGTON, Dec. 5.—(AP)—It looks more than ever as though Mr. Taxpayer will have to pay one percent more on this year's income than on the last.

Secretary Mellon sees it that way. His annual report, submitted yesterday to Congress, predicted a \$180,000,000 deficit when the fiscal year ends next June.

While making no recommendation, the treasury head recalled pointing out a year ago that continuation of the one percent reduction then made would depend on the revenue prospects this month. Those now indicate that the temporary decrease can not be continued during the current year.

Contrasting with the deficit forecast, the 1930 fiscal year surplus was \$124,789,218. Every bit went toward reduction of the public debt, which stood at \$18,124,909,299 when the year closed.

Calculations on the future led to a request for legislation making possible refunding operations, which would aim at putting all or part of the national debt on a lower interest rate basis if money conditions justify. Mellon stated that the loan law be amended with the object of granting the treasury "complete freedom in determining the character of securities to be issued" in any refunding, and to allow eight billion dollars in new bonds to be put out as a refunding operation, which would retire the amounts of older debt.

Further, he reported, a refunding operation, that Congress (Continued On Page Six)

Dying Patient Gets Well In 48 Hours By Harmonie Injection

COLD SPRING HARBOR, New York, Dec. 5.—(AP)—Restoration of man from death's door to apparently perfect health in 48 hours was revealed today by the Biological Laboratory. The man saved was a patient at the Biological Laboratory, Rochester, Minn., and had Addison disease heretofore considered hopeless. A purified hormone gland was injected directly into the veins of the patient, who was a farmer, 39, physicians said before its use, he had been excessively weak, bedridden, depressed, and in failing circulation. Within 48 hours his appetite greatly improved, and he appeared to be in perfect health. No other cases had ever been cured before. The hormone used was an extract of the adrenal glands of cattle.

DISCARDING OF RAILWAY PLAN URGED BY I. C. C.

Recapture Provisions Of Transportation Act Are Described As Of Little Value

WASHINGTON, Dec. 5.—Abandonment of the effort to recapture, excess earnings of the railroads, which in 10 years has yielded vast trouble, several notable lawsuits and hardly any money, was urged upon Congress yesterday by the Interstate Commerce Commission.

The commission's annual report renounced the recapture provisions of the transportation act as burdensome, of little value to weak carriers, and opening up possibilities of litigation "almost without limit. Fear was expressed that this litigation would create an atmosphere harmful to rate and other regulation.

Under the recapture plan and related provisions railroads were to be uniform and sufficiently high to yield a fair profit to most carriers. Strong and highly efficient railroads which made more than this were to surrender half of their "excess income" to the government, which would loan it to the carriers having hard sledding.

The loan fund thus far is only \$12,000,000, the report showed, and this remains tied up because most of the railroads submitted to recapture only under protest and with reservations.

"The fund will be well used unless under the existing provisions of section 15A which govern its use," the commission said. "And even if the amendments which are suggested should be adopted, it is questionable whether the situation would be very greatly improved.

Citing the expense of litigation, and the risk of unwise principles (Continued On Page Eight)

CABINET CRISIS IN FRANCE HAS PUBLIC FOCUS

President Of Nation Visited By Poincare Hinted At Tardieu's Logical Successor

PARIS, Dec. 5.—(AP)—President Doumergue received Raymond Poincare this afternoon and a half hour later Edouard Herriot called to the palace in response to a presidential invitation. Both have served as premier of France and it was assumed they talked of the cabinet crisis and whether would say if he had been asked to form a new cabinet. Poincare is rumored as the most logical successor to Tardieu.

PARIS, Dec. 5.—(AP)—Premier Andre Tardieu's second ministry, placed in a minority of right votes by the Senate, fell yesterday. The premier with his colleagues visited President Doumergue at the Elysee Palace last night and presented the resignation of the entire cabinet.

M. Tardieu went down smiling and fighting to the end but the grave "elderly statement" of the Third republic decided by a vote of 147 to 139 that the country needed a change of government. The financial scandal, which had already resulted in the resignation of three members of the Tardieu ministry were mainly responsible for the overthrow today.

But in a wider sense the cause was the Senate's dissatisfaction with the cabinet's general policy at a moment of national unpopularity.

Today President Doumergue will begin the task of bringing another government into his Bayonne Palace, who has been a ten called to power in moments of crisis, was a high official in the cabinet in the Chamber and Senate last night Wednesday. He is said to have a strong chance of being (Continued On Page Six)

Miss Durant Has To Land Plane In Road

JACKSONVILLE, Dec. 5.—(AP)—After a forced landing on the highway near Harport because of bad weather Miss Margaret Durant, daughter of W. C. Durant, motor magnate, arrived here today with her pilot. She had been en route to New York from Miami.

When the weather cleared Durant took off again from the narrow road and traveled the remaining 20 miles to the airport. Miss Durant is staying here today and will leave tomorrow morning for New York. She recently flew with a party of friends from Los Angeles to Jacksonville in less than 17 hours.

HOOVER TELLS OF HIS PLANS TO ASSIST IDLE

Program Of Expend- ture Involving Big Sum Is Revealed To Congress Thursday

WASHINGTON, Dec. 5.—(AP)—Congress was informed yesterday by President Hoover how he plans to spend \$150,000,000 for public works within the next six months to relieve unemployment.

The House appropriations committee will begin hearings today on a resolution to provide the sum.

Members of both parties who had looked skeptically at first at his proposal indicated that the chief executive's decision to make money was to be put would create a strong favorable sentiment.

In submitting his supplemental estimate, President Hoover said the application of the money was to be limited to work already directed by Congress.

The President said the grant of a lump sum to a cabinet committee would avoid "the long delay incident to selection of new projects by Congress and the further long delays in technical preparation which new projects would require, both of which would render such action of no purpose in relief of unemployment."

The committee, he said, would be made up of the secretaries of treasury, war, navy, commerce and agriculture. Its composition, he said, might be fixed in the appropriation bill or by himself.

"The test of the value of such relief is the ability to pay wages between now and the end of the fiscal year, and I, therefore, urge that this estimate be given early (Continued On Page Six)

14 PERSONS ARE CHARGED TODAY IN CIRCUIT COURT

Criminal Cases Will Be Tried Next Week Before W.W. Wright

The arraignment of 14 persons charged with alleged law violations in 10 true bills returned by the grand jury yesterday morning occupied the entire session of criminal court proceedings before Judge Wallace W. Wright of the 23rd Judicial Circuit this morning.

Trials will begin Monday morning at 10 o'clock when Eunice Wilson, colored woman who admitted that she stabbed another colored woman, will answer to charges of assault with the intent to commit manslaughter. It is expected that, owing to the fact that she has no attorney, and because State's attorney Millard Smith charged the indictment from first degree murder to manslaughter, that Judge Wright will sentence her to a short term at Raiford very soon after court convenes Monday.

With that case disposed of, Leah Lee and Jefferson Lofton, two colored youths who, at the advice of their counsel, pleaded guilty, will go on trial for having allegedly robbed Nathan Williams of \$25.20, using a pocket knife. Case, negro who is believed to be mentally unbalanced, will come before Judge Wright (Continued On Page Three)

AMNESIA VICTIM IDENTIFIED AFTER DELAY OF WEEK

Manner Of Identifica- tion Has EarMarks Of Fiction Thriller

BRUNSWICK, Ga., Dec. 5.—(AP)—Police Chief Register announced yesterday that a young man apparently suffering from amnesia, whom police have sheltered here for a week, had been identified as Jimmie Barricks of Kirtland, Va., a suburb of Petersburg.

The manner of identification as related by Chief Register had all the characteristics of a detective fiction thriller.

A chance meeting with a wandering hitch-hiker, the chief said, identified for Barricks a wife whom he did not remember, and that also led to the discovery of a woman whom Barricks said he could not know.

The young man, about 20 years old, told police here that he did not remember anything that occurred before Nov. 11, this year, when he was released from jail in Miami where he had been held on an assault charge.

Officers in Miami, Barricks told police here, described to him a woman (Continued On Page Eight)

FLIER AND OWNER OF MEDALS DIES IN CHARITY WARD

Papers Disclose That Dead Man Was Hero Of England In War

JACKSONVILLE, Dec. 5.—(AP)—Municipal Judge Munnice Anderson said last night in an investigation he had made convinced him a man who died here Saturday was Vincent P. Taylor, Australian aviator.

Judge Anderson said examination of a package of personal effects forwarded by mail from San Francisco had established the identity of the man as Taylor an Australian flier and daredevil who came to the United States in 1920. The man died in a charity ward at the county hospital.

Police said the man came to the station several days ago, homeless, hungry and ill and gave the name of Vincent P. Taylor. He collapsed while talking to a police woman and was sent to a hospital without having said anything about his history.

Papers in the package, it was said, apparently had been forwarded by some one who Taylor formerly lived, and showed he was a member of the British royal flying corps during the World War.

The only great nation not represented was Russia. The United States has never recognized the soviet republic.

The freshly painted White House was outlined against the night sky by a thousand lights. The majesty band orchestra, in uniform, kept up a constant stream of music as the (Continued On Page Eight)

CONTEST TO BE HELD FOR TREES DURING WEEK OF CHRISTMAS

Under the auspices of the Sanford Garden Club and with the cooperation of the Florida Power and Light Co., another Christmas tree contest is being arranged similar to the one conducted last year and the entry list last year of nearly 40 local residents is expected to be doubled.

Under the rules of the contest, city Sanford resident may enter the competition. Each contestant must decorate a living growing tree or a large specimen shrub on the grounds of his or her residence and the tree must be lighted each night from Dec. 21 through Dec. 30. Any form of decoration may be used and to the person, who in the opinion of the judges has the prettiest and most attractive display, will go a prize of \$15 in gold, donated by the Florida Power and Light Co.

That company will, Monday decorate the windows of its office in the Meish Building. The following Monday, each Florida Power and Light Co. employee is expected to decorate a tree on the lawn of his or her home. It will be kept lighted during the holidays, and a prize will be awarded to the employee whose decorated tree is declared the most attractive.

Mrs. J. W. Sneed, of the Sanford Garden Club, calls particular attention to the first rule of the contest which is that the trees decorated must be a living, growing tree. She declared that those residents who do not have trees in their yards at this time should do well to plant them now, for the early winter months are said to be ideal for the growth of new trees.

Entry blanks will be published in The Herald early next week, and for further information, interested persons should call Mrs. J. W. Sneed.

RAILWAY MEN WILL MEET TO CONSIDER SIX-HOUR DAY PLAN

CLEVELAND, Dec. 5.—(AP)—Representatives of all railway labor organizations in the country were called yesterday to meet in Washington next Monday to consider plans for instituting a six-hour day in the railroad industry.

The call was announced after a conference of the chief executives of the five big brotherhoods of railroad employees, which met here to discuss the shorter day campaign just under way at a meeting of several hundred representatives of the "big five" at Chicago, Nov. 12 to 22.

The possibility of seeking a five-day week, which has been informally mentioned in railroad circles along with the proposed six-hour day as a means of giving work to many unemployed railroaders, has not been officially mentioned. The Chicago meeting and yesterday's conference of executives confirmed pronouncements in the six-hour day.

Some union leaders have expressed opinion that the organization can prepare to join in a common fight with the operators against unfair competition of waterways, motor trucks, houses and pipe lines. This matter will give a place on the Washington agenda.

ELECTION CANDIDATE BLAMES HIS DEFEAT ON CHICAGO GUNMEN

WASHINGTON, Dec. 5.—(AP)—Representative Kunk yesterday blamed Chicago gangsters for his defeat at the polls last month and demanded a congressional investigation.

Representative Rainey, also of Illinois, joined his colleague in calling for an inquiry and proposed it be made by the special house committee appointed to investigate campaign fund complaints.

Kunk, a Democrat, asserted officially, knew of a conspiracy to defeat him but was unable to stop it, and that although police machine guns were sent into a few districts the gangsters were out all day and night "forcing officials to charge straight Democratic ballots."

In addition he said court records showed the brother of his victorious opponent, Peter C. Gramata, to be a secretary of Al Capone.

Chairman Leebach, Republican New Jersey, said the special committee would have to have evidence before it began investigation, for "we're not going up and down the country like the Senate committee just because somebody comes and repeats gossip."

COUNTY WILL OBTAIN MONEY OWED IT FOR BUILDING OF BRIDGE

The Seminole County Board of County Commissioners, through a committee of three headed by chairman John Meish, appearing before the Volusia county commissioners at Deland yesterday, was successful in its plea, and was assured that as soon as possible the \$5,000 which Volusia county owes for the construction of the O'Brien bridge would be paid to Seminole County.

Explaining that because the State Road Department had given assurance that construction of the new state road along the lake front would be started during the coming year, provided the Seminole County Commissioners would complete the bill, Chairman Meish told the Volusia officials that the money was urgently needed.

It was brought out at the meeting that at the time the O'Brien bridge was constructed over the St. Johns River, the Seminole County Commissioners paid the bills, however, that his resume be appended to the commission's report for the information of the world public and for the guidance of the forthcoming general disarmament conference itself.

While the draft convention had proved unacceptable to the Soviets, Lunacharsky said, the Russian government would participate in the general conference in order to "prosecute its tireless struggle for peace and defend its own proposals for disarmament."

Another of Lunacharsky's objections to the draft convention was that it did not provide for sufficient reduction in land armaments in service as well as in reserve.

RUSSIA DISSATISFIED OVER PROVISIONS OF GENEVA ARMS DRAFT

GENEVA, Dec. 5.—(AP)—Soviet Russia is particularly dissatisfied with the failure of the preparatory disarmament commission to provide for the reduction of trained reserves in the draft disarmament convention just completed. Anatole Lunacharsky, acting leader of the Soviet delegation, informed the chairman of the commission last night. His observation was contained in a formal summary of Russia's views on the question of reduction of land armaments. He added that as Russia was not a member of the league of nations he could not subscribe to the report to the council of the league. He asked, however, that his resume be appended to the commission's report for the information of the world public and for the guidance of the forthcoming general disarmament conference itself.

While the draft convention had proved unacceptable to the Soviets, Lunacharsky said, the Russian government would participate in the general conference in order to "prosecute its tireless struggle for peace and defend its own proposals for disarmament."

Another of Lunacharsky's objections to the draft convention was that it did not provide for sufficient reduction in land armaments in service as well as in reserve.

Mrs. Keith-Miller Raps Newspapers On Arrival In Miami

MIAMI, Dec. 5.—(AP)—Mrs. J. M. Keith-Miller, Australian aviator wife who reported she was blown from her course last Friday on a projected Havana to Miami flight was brought back to Miami today in a chartered airplane. With her was Captain W. N. Lanester, flying companion, and John Lambert, III of Pittsburgh.

The smiling aviator wearied after weeks of adventures and as she will fly to St. Paul, her plane here from Andrews tomorrow or Friday. She wore the same clothing she wore when she took off from Havana at week ago almost to the minute. The slight damage to her plane, she said, had been repaired.

When she was reported to have been blown from her course last Friday she was engaged in a round trip flight from Pittsburgh to Havana. "I think I have been badly treated by the newspapers on an almost afraid to say anything now for fear, it might be misinterpreted," she said in furtherance of his statement sent to Miami Tuesday describing anyone as "despicable" who believed she made a forced landing as a publicity stunt.

Eckener Tells How He Thinks Dirigible R-101 Met Disaster

LONDON, Dec. 5.—(AP)—Dr. Hugo Eckener yesterday drew upon his knowledge as the world's foremost Zeppelin expert to reconstruct the loss of the British dirigible R-101 for the court of inquiry investigating that disaster.

He said it was undoubtedly leakage in the gas containers which sent the ship into a dive against a hill in France, and it was probably a break in an electrical circuit which set the fire alight.

The leakage began probably through small rips in the forward containers, he said, and the gas slipped out to escape through the tail. The ship's bow, deprived of its buoyancy, began to dip, and as the crew fought to right it by the air, the original tears became great openings through which the gas flowed.

No doubt, he said, the control room stopped the engines while they tried to bring the dirigible back to an even keel after the first dive. But even then, could right the ship, the big holes appeared and the R-101 went into her last swoop.

McNary Still Favors \$60,000,000 For Relief

WASHINGTON, Dec. 5.—(AP)—Despite administration recommendation for cutting \$25,000,000 to drought relief, Chairman McNary of the Senate agriculture committee said today he favored \$60,000,000 for the purpose. Senator Robinson, of Kentucky, had previously had expressed the need for the larger sum.

CONDITIONS IMPROVE GASTONIA, N. C., Dec. 5.—(AP)—Signs of improving conditions in the textile industry in this section were disclosed yesterday in a survey of mills in Gaston county. A number of mills reported they had shipped large orders for products.

CANAL BID TO BE TAKEN WEST PALM BEACH, Dec. 5.—(AP)—Sealed bids for permanent construction of about 17 miles of the canal between Cocoa and Titusville will be received at the federal district engineering office at Jacksonville, Dec. 10, it was announced at the sub-office here yesterday.

Gifford Cochran, Of Racing Fame, Is Dead

NEW YORK, Dec. 5.—(AP)—Gifford A. Cochran, wealthy social register sportsman, and business executive was found dead today apparently from heart disease in the hallway of his Madison Avenue apartment. Noted for the string of race horses, he was formerly president of a large carpet-manufacturing concern and an official of other concerns. Last season his horses finished first in 40 victories and in the money 72 times. His string included Conventry, Flying Ebony, Epitaph and Flying Hoop. He was divorced from his wife in 1927. Three children survive.

REICHTAG LISTS CHANCELLOR BRUENING

BERLIN, Dec. 5.—(AP)—Chancellor Bruening, his government weakened by the resignation of Johannes Bredt, minister of Justice, made a personal appeal to the Reichstag today not to revoke the emergency finance measures promulgated by President Von Hindenburg by decree. He interrupted the debate on financial measures to make the address which was listened to carefully except for derisive sniffs from the radical benches when he spoke of the government's efforts to meet the unemployment situation.

SHOOTING ARK. DEC. 5.—(AP)—Sheriff Wilson said yesterday he is holding a man identifying himself as Arch Outson, 25, who said he is wanted at Brownsville, for killing his wife 11 years ago. The man surrendered, the sheriff said, explaining he was tired of evading the law.

Elks Club Will Hold Memorial Exercises

Declared the most important yearly ceremonial of the Order, the annual memorial exercises for departed members of the Sanford Lodge No. 1261, Order of Elks, will be held at the Holy Cross Memorial hall Sunday, Dec. 7.

Because of the fact that the local branch of the organization has recently been reorganized and a large number of persons have been initiated, the attendance at the ceremony is expected to be especially large. All Elks and their families and friends are urged to attend.

An impressive service with an address by the Rev. F. Y. Martin, pastor of the First Christian Church, and a member of the order, will be followed by Mrs. Lucille Applegate, which will have charge of the musical presentation.

All Elks are expected to meet at the Holy Cross at 8 o'clock.

Poincare Is Scored Again In Soviet Trial

MOSCOW, Dec. 5.—(AP)—The name Raymond Poincare, French statesman, was mentioned again today in the courtroom where eight men are on trial for plotting to overthrow the Soviet government.

Juries who ruled out all mention of "friendly foreign persons," Krikinka, the prosecutor, shook his finger in the direction of Paris and accused the former French minister of working hand in glove with the counter-revolutionists. "I'll let him know our people are ready to fight with you right as one man. We will wipe the crime sheet and expunge the name of Poincare from the records for death of the right man on trial."

16 SHOPPING DAYS TO CHRISTMAS

FLORIDA PLACES ONE GRID PLAYER IN ALL-SOUTHERN

Steele Given Honor; Georgia Gets Three Of Its Men Chosen

ATLANTA, Dec. 4—(AP)—Six teams are represented on the fifth annual all-Southern conference honorary eleven as selected for The Associated Press Wednesday by Dixie coaches and sport writers.

FIRST TEAM—Dairymple, Tulane, end; Singlet, Alabama, tackle; Steele, Florida, guard; ...

Three University of Georgia players were named, while Alabama and Tulane, conference co-champions, and Tennessee placed two men on the squad. Florida and Georgia Tech had one each.

Heavy sectional votes bring honorable mention to the following players: Ends—Rosky, Duke; Holland, Tulane; Jones, Georgia Tech; Williams, Washington and Lee; Jones, Clemson; Elmora, Alabama; Gressette, South Carolina; Morris, Maryland.

Quarterbacks—Branch, North Carolina; Campbell, Alabama; Spicer, Kentucky; Welch, Clemson.

Halfbacks—Hooper, Virginia Polytechnic; Bethen, Florida; Thomas, Virginia; Murray, Duke; Leonard, Vanderbilt; Dickens, Georgia; Berger, Maryland; Herrington, Mississippi A. & M.

Fullbacks—Sauls, Florida; Dunn, V. M. I.; Felts, Tulane.

Four of the members of the 1928 all-Southern played again this season and all were named to the honor team for a second year. They were "Catfish" Smith, Georgia end; Roberts, Tulane center; Dodd, Tennessee quarterback, an Arlington, Alabama tackle.

No sophomores were honored with first team selection, but two Zimmerman, of Tulane, and Cain of Alabama, rated the second of even and numerous first year varsity men received honorable mention.

The best liked men in the order of their popularity were Dodd, Arlington, Dairymple, Suther and Roberts of Tulane. Virtually every ballot named these men either on the first or second teams.

The closest battle for position came between the guards and the halfbacks. Steele was an outstanding choice for guard, but the votes for Leathers, Maddox, Bojinger, Thayer and Forquer were closer. Suther also was a sure shot for one halfback post, but Buddy Blackman—a star of Tennessee—"Black and black" touchdowns twice of last year—barely won first team honors over Kelly, Zimmerman and Bethen.

Future Farmers Of Florida Hold Meet

The election of officers drew a large attendance of members of the Seminole Chapter of the Future Farmers of Florida who held their regular monthly meeting at the Seminole High School yesterday night.

What was said to be a very interesting and instructive talk on "Culinary Insects," given by Mr. Winney, preceded the election. Officers for 1931 were chosen as follows: Clarence Henderson, president; William Lee Harvey, secretary; David Van Ness, treasurer.

Baron Grousef, head of the Agency yesterday reported the death of Baron Hermann Grousef, head of one of the wealthiest families in Hungary under the empire. He was 75 years old.

Fort Myers—IGA Groceries and Market building remodelled.

Jacksonville—\$2,000 per cent issued to D. E. Segenberg for remodeling Monticello Drug Co.

Fort Myers—Carnation Co. factory opened.

ROLLINS TO SEEK TO RETAIN CLEAN SLATE SATURDAY

Tars Are All Primed To Meet Piedmont College Gridders

WINTER PARK, Fla., December 4—Rollins College, undefeated although tied three times this year, will attempt to keep its slate clean Friday afternoon of this week when Piedmont College, of Democrat, Ga., is played at Tinker Field, Orlando. The game will be the last home fray of the season.

The Tars are anxious to capture the Piedmont battle, not only for the accomplishment of remaining in the undefeated class, but to demonstrate that they have not forgotten how to score touchdowns. The last two games played by the Tars have resulted in scores of 14-0 and 14-0.

Coach McDowell is giving the team a strenuous program of practice this week in the hope of reviving an offense which looked promising at the start of the season but which has collapsed during the past few weeks. Considerable attention is being paid to the development of a forward passing attack, a phase of the Tar offense which has been woefully weak this season.

The Piedmont game will mark the last home appearance of Hob Levitt, a guard, Ralph Scanlon, a tackle, and Bill Reid, a halfback, who expect to be graduated in June. All three have been powerful assets in the success of the team's work this year, and their services will be sadly missed next year.

Levitt was a member of the freshman squad in 1928 but was not a candidate for the varsity last year. In this, his first season as a varsity player, he has gradually developed into one of the most dependable members of the forward wall and his great bulk of 200 pounds has been a potent factor in the offense as well as the defense tactics.

Scanlon has done consistently good work all year and his efforts in the Miami and Florida Reserve game in particular were outstanding. Modest in attitude and not at all spectacular in his work, Scanlon ranks as one of the best linemen developed at Rollins.

Bill Reid has been a hard working and capable member of the backfield squad for two years and his versatility has made him a valuable player to have available for duty in the line as well as in any position in the backfield. He has been handicapped this year with a leg injury that has stubbornly refused to heal but he is expected to be in good enough shape by Friday to assist materially in the offense as well as the defense tactics.

Stephenson Has Freedom Handed To Him By Board

(Continued From Page One) sentenced to Falford for life, in what was termed one of the speediest trials ever recorded in the annals of Florida courts.

Scheduled to go on trial on an indictment of first degree murder, he suddenly entered plea of guilty created a sensation in the court room, but it is said that Stephenson and his friends appeared surprised over Judge Koonce's sentence, for they had confidently expected the minimum of 20 years.

Stephenson was given a severe lecture by Judge Koonce in the form of a denunciation of the crime, and an appeal to Stephenson to "make his peace with his God," declaring that Stephenson, in shooting Jenkins, had not permitted the slain man an opportunity "to make his peace."

It was said to be one of the sternest arraignments ever heard in the Lake County court.

Stephenson began serving his sentence within a few days after he was sentenced, and has been at the Falford prison since that time. During the past few months he has been on special detail as a trustee, and has been in Sanford several times on his way down the East Coast where he aided in the handling of prisoners destined for Falford.

Baron Grousef, head of the Agency yesterday reported the death of Baron Hermann Grousef, head of one of the wealthiest families in Hungary under the empire. He was 75 years old.

Fort Myers—IGA Groceries and Market building remodelled.

Jacksonville—\$2,000 per cent issued to D. E. Segenberg for remodeling Monticello Drug Co.

BREAKING UP TRAFFIC!

By Burriss Jenkins Jr.

OVER 200 HANDED CHRISTMAS GIFTS BY PARDON BODY

Pardons, Paroles And Commutations Of Sentence Feature

TALLAHASSEE, Dec. 4—(AP)—More than 200 Christmas presents to Florida convicts were announced yesterday in the list of pardons, paroles, and commutations issued by the pardon board, which considered approximately 800 appeals for clemency at its recent semi-annual session.

Conditional pardons, effective immediately, were granted, among others, to Harry Bryan, serving two years from Polk county on a charge of stealing cattle; Dean Curry, negro, life for second degree murder; J. W. Ellison, Orange, two years for bigamy; Rupert M. Graham, Charlotte, 10 years for manslaughter.

Among those to whom conditional pardons were issued, effective Dec. 21, were R. M. Carroll, sentenced to five years from Orange county for a statutory offense; Allison Galloway, negro, Orange, five years for robbery; Andrew Murphy, negro, Manatee, life for murder; Susie Robinson, negro, Orange, life for second degree murder.

Citizenship was restored to Warren P. Cole, sentenced to three years from Polk county for embezzlement and Merion Hayman, DeSoto, 20 years for second degree murder.

Commutations were granted to the following: A. L. Albritton, Hendry county, serving 10 years for forgery, to Dec. 21; E. W. Bartlett, Orange, four years for statutory offense, to three years; A. L. Brayboy, negro, Polk, 10 years for robbery to five years; John Galine, negro, Orange, five years for manslaughter to four; Will Green, negro, Polk, 10 years for breaking and entering to five; Julius Johnson, negro, Pasco, life for murder to 21; Theodore Johnson, Pinellas, five years grand larceny to one year; Estell Mann, negro, Charlotte, 20 years second degree murder to seven; Joe Mitchell, negro, Pinellas, five years breaking and entering to four; W. A. Scudder, negro, Sarasota, three years larceny to 18 months; C. C. Stacy, negro, Pinellas, two years embezzlement to one year; Oscar White, negro, Manatee, five years grand larceny to three.

Jim Waller, Jr., of Polk county, sentenced to two years for stealing cattle, was paroled. A conditional parole for George Cox, sentenced from DeSoto county to 20 years for arson, was reinstated.

Jacksonville—\$2,000 per cent issued to D. E. Segenberg for remodeling Monticello Drug Co.

A DIFFICULT JUMP-TURN

An excellent shot showing a veteran skier making an intricate jump-turn at St. Moritz, Switzerland, the year-round haven for winter sport lovers.

Restraining Order Is Given To Stop Arrest Of Bus Line Drivers

MIAMI, Dec. 4—(AP)—Federal Judge Ritter yesterday issued a temporary order restraining the Florida railroad commission, other state offices and sheriffs of the 12 eastern counties, of the state from interfering with traffic of the Pioneer Trolley company, an interstate bus line.

Hearing on a request of William G. Alkalin, Atlantic City, N. J., to make the injunction permanent was set for Dec. 18 before Federal Judge Ritter and Akerman and Judge Nathan Bryan, New Orleans, United States district court of appeal.

The petition for injunction arose from the arrest and alleged fine of a bus driver for driving the company in Fort Lauderdale recently, and attacked the 1929 state bus regulation law as unconstitutional.

Jacksonville—\$2,000 per cent issued to D. E. Segenberg for remodeling Monticello Drug Co.

HAVANA COP SHOT AND KILLED WHEN STUDENTS CLASH

Protest Over Re-opening Of University Is Cause Of Shooting

HAVANA, Dec. 4—(AP)—One policeman was killed and another wounded yesterday as students protesting the reopening of the national university by presidential decree, clashed with police during a downtown demonstration.

Fifty students were arrested. Among them were four girls who had led the parade from the campus to the business district, carrying a Cuban flag.

The rioting began at the university yesterday morning as classes were to have been resumed after a shutdown during the November elections and the 18-day period of martial law which prevailed in Havana and suburbs until 48 hours ago.

Students assembled in front of the offices of Dr. Rodriguez Molina, newly appointed dean of the university, who succeeded Dr. Martinez Prieto, to whom students objected.

Dr. Molina's appointment was believed to have had the approval of the students but students speakers yesterday morning urged his rejection because he had presided over the university purge which several years ago ruled against a number of students charged with communist activities. These students were deported.

A black powder bomb was placed under the dean's office but failed to explode. Several of the students then entered the building and wrecked its furnishings.

The procession to the business district followed. Police attempted to disperse the marchers and fired several shots in the air. A return fire greeted them, causing the death of the one policeman and the wounding of the other.

The students arrested will be given a hearing today. Cases were abandoned for the day and the attempt to resume them until an agreement had been reached.

Student leaders said the reopening of the university had been ordered without consulting the students' committee.

A printed student manifesto stated the opening by presidential order was "to create among American teachers an impression of normalcy in the republic as that negotiations for constitution of Cuba's national government might proceed."

ROCKNES HOPES OF VICTORY GET SEVERE SETBACK

Fullback Mullins Is Declared Unable To Play In California

TUCSON, Ariz., Dec. 4—(AP)—Notre Dame's hopes of scalping the Trojans, of Southern California, Saturday fell sharply Wednesday when Coach Knute Rockne announced the injury to Fullback Larry "Moon" Mullins' knee was such that it would be impossible for him to play in the important game.

Rockne made the announcement as the team hopped off its special train here for a two-day practice. Mullins' knee was injured in the Army game last Saturday and although it has been given constant care ever since, it has not responded to treatment.

Mullins' absence will be a heavy blow for the Rockne raiders although two substitutes of merit, Dan Hanley and Al Howard, will be available for the important battering job. Mullins, though "brittle" was regarded as one of the best line smashers in the Notre Dame lineup and his defense work has been excellent. He stepped into the first string lineup following the departure of "Galloping Joe" Savoldi.

Outside of Mullins, the Notre Dame reported in fine shape for Wednesday's drill, which was held on the University of Arizona field. All of them reported they were recovered from the shell shock suffered while storming the Army fortress and were ready to play.

Wednesday's practice was open to the public but Coach Rockne said the two workouts scheduled Thursday on the same field would be strictly private.

LOS ANGELES, Dec. 4—(AP)—Coach Howard Jones put his Southern California Trojan through their last strenuous practice Wednesday for Saturday's gridiron battle with Rockne's rough riders of Notre Dame.

Two former Trojan stars, now coaches, impersonated the Notre Dame stars, Schwartz and Conley, on the reserve team during dummy scrimmage. Rush Saunders did Schwartz's backfield chores and Francis Tappan played Conley's end in a fashion which resulted in three touchdowns.

Ralph Wilcox, last of the injured absentees was back in uniform but did not take part in the heavy work.

After a defensive drill brief but pointed offensive tactics were tested.

Eddie Cantor Plans To Move Home West

NEW YORK, Dec. 4—(AP)—Eddie Cantor, who in 1929 A. C. (after crash) dictated the gag, "Brother I wasn't in the market; I was under it," today offered for sale all his realty holdings in and about New York.

But the only reason he is selling out, the comedian said in that moving to Hollywood.

The sale included his new house at Great Neck, Long Island, which he called "The Cantor Home for Girls"—he and Mrs. Cantor have six—whose original plan, he wrote, "looked exactly like the White House, 50 per cent of the Grand Central Station and the entire right side of Madison Square Garden."

Also for sale are 100,000 square feet of lots at Great Neck and a Brooklyn apartment house.

SENTENCED TO ATLANTA

BALTIMORE, Dec. 4—(AP)—Accused by witnesses from Illinois, Florida, Alabama and other states with mining stock frauds which the district attorney declared totaled from \$800,000 to \$1,000,000, Nathaniel Geibart Wheeler, 45, was sentenced yesterday to 2 1/2 years in the Federal penitentiary at Atlanta.

CLERMONT—Wm. Strehler reopened his tailor shop in Tappan building.

GOLDEN TORNADO AND GEORGIA TO CLASH SATURDAY

Ancient Rivals Will Meet In Colorful Traditional Fight

ATLANTA, Dec. 4—(AP)—Tradition gives a generous share of the south's football interest to the Georgia-Georgia Tech encounter on Saturday's final slate.

The twenty-third meeting of the school, on the gridiron finds Tech holding the edge, eleven games to nine. Two contests have been tied. However, preliminary calculations make Georgia the favorite in the forthcoming battle.

Comparative scores, Georgia tied Florida and Florida kicked Tech 55 to 7. On the other hand Tech parlayed point to 1927 as the best illustration of the edge that advance expectations always are in danger in a Tech-Georgia tilt. In 1927, a supposedly weaker Tech eleven upset a Georgia "wonder team" that seemed headed toward the mythical national title.

Other Saturday struggles, Duke battles North Carolina and hopes to regain prestige lost in a tie with Wake Forest. Florida tries conclusions with a powerful Tennessee team at Jacksonville. The Volunteers have bowed only to Alabama and boast impressive victories over Vanderbilt and Kentucky. Florida's coaches are cautioning against any overconfidence born of the Gator runaway triumph over Georgia Tech.

Loyola, of New Orleans, entertains another intercollegiate adversary in Detroit and Maryland wages its annual attack against Western Maryland.

Use Of U.S. Funds To Put Poison In Rum To Get Resistance

WASHINGTON, Dec. 4—(AP)—A drive against use of government funds to put poison in industrial alcohol was planned yesterday by the executive committee of the House wet bloc.

All parliamentary means are to be resorted to by the group to prohibit use of appropriation for poisoning purposes of chemists who prepare formulas used by commercial concerns in alcohol.

The committee also decided to petition the House Judiciary committee to approve a bill to authorize the manufacture and sale of beer.

A third step in the program is to invite every member of the House to join the committee in its efforts toward modification of the Volstead act.

The group was undecided whether to oppose the proposed \$2,000,000 increase for the prohibition bureau, Chairman Lathrop, a Maryland Democrat, said he would. He also plans to oppose an allotment of \$16,000,000 to the coast guard for enforcement.

Under the treasury bill pending in the House, the industrial alcohol bureau is to receive \$4,238,000, a portion of which is to be used in dosing purposes. The proposed amendment would be aimed at this.

"People do not want prohibition," Lathrop said. "It is a waste to try to enforce it. When the Seventy-third Congress comes we will end prohibition by not appropriating funds to enforce it."

Lathrop said his group of members would be increased to 100 in the next Congress and predicted a majority of wets in the Seventy-third Congress when the House is reorganized and industrial centers again larger representation.

CLERMONT—Wm. Strehler reopened his tailor shop in Tappan building.

You too will get a big wallop out of this one! Crammed with giggles-tee-hees & guffaws!

EXACTLY YEAR AFTER SINKING OF SHIP IT REPLACES

MANITOWOC, WIS.—The new million-dollar, 360-foot car ferry City of Milwaukee sliding down the ways here with a mighty splash. The ship, which will start in service across Lake Michigan early next year, was built to replace one which sank a year ago—almost to the minute of the launching—with a loss of twelve lives.

U. S. Regulation Of Interstate Busses Receives Approval

WASHINGTON, Dec. 5.—(AP)—By 51 to 29, the Senate yesterday recommended the long-pending Parker-Cousens bill for federal regulation of interstate passenger travel by motor bus, decreasing considerably the chances of action at this session.

A charge of Chairman Cousins of the Interstate Commerce Committee, that a railroad of a provision preventing mergers of railroads and bus lines, preceded the vote on which party lines divided. The bill was passed last session by the House and had been recommended once before by the Senate. It was the unfinished business for the short session. Senator Cousins said he would take it up with his committee as soon as possible but he made no forecast for its return to the floor.

Dependents In State Institutions Will Be Forced To Make Way

TALLAHASSEE, Fla., Dec. 5.—(AP)—Florida's colony of approximately 7500 direct dependents, housed in five major State institutions, must eventually feed and clothe themselves, the Board of Commissioners of State Institutions decided yesterday.

MAINE KILLED

LONDON, Conn., Dec. 5.—(AP)—A young man, M. Hill, was killed yesterday by a mail truck.

Final Divorce Writ Granted Prominent Palm Beach Woman

WEST PALM BEACH, Dec. 5.—(AP)—A final decree of divorce was granted in circuit court here yesterday to Florence Crozer Rutherford of Palm Beach and New York, from John M. Rutherford, wealthy Palm Beach resident.

Mrs. Rutherford brought suit about two months ago, charging extreme cruelty. The bill alleged her husband indulged in violent temper. No alimony was granted or asked. The decree provides that each parent shall have custody and care of Edward C. Rutherford, their 5-year-old son, for six months of the year, beginning next May 1. During each six months' period when the boy is in custody of his mother, until he is 8, the decree orders Rutherford to pay \$800 to the mother for Edward's maintenance and education and in addition to pay for medical and nursing services which may become necessary. The Rutherfords were married in White Sulphur Springs, W. Va. in 1924.

Utility Head Sees Bright Future For State Of Florida

ORLANDO, Dec. 5.—Predicting the greatest future Florida has ever faced based upon statistics made available to him from the nation's most able financiers, Whitney Stone, New York, of Stone and Webster Service Corp., largest construction company in the world and operators of public utilities in 18 states and in the West Indies, Canada and Mexico, was enthusiastic over this state's economic possibilities upon his arrival here late yesterday.

Stone, accompanied by Philip G. Howe, president of the Florida Motor Lines and affiliated companies, is making a tour of Florida by motor bus. The heavy investments of eastern bankers and capitalists in Florida projects, the millions of dollars being expended by public utilities in new equipment, and the huge sum railroad and motor bus lines are spending for new rolling stock to be used in this state were pointed out as being "certain indication of the faith of America's financiers in Florida."

20,000,000 POUNDS OF CHEESE SOLD EVERY YEAR

ALKMAAR, HOLLAND—Odd-looking sleds piled high with balls of Dutch cheese—200 pounds each—ready for shipment to all parts of the world. Twenty million pounds of cheese are sold each year at Alkmaar.

Early Vote Is Sought On Immigration Ban

WASHINGTON, Dec. 5.—(AP)—An early vote in the House and Senate on proposals to ban immigration for five and for two years respectively, was sought yesterday by leaders from both sides of the Capitol.

Chairman Johnson and Representative Box, of Texas, ranking minority member of the House immigration committee, conferred with Senator Reed of Pennsylvania, after the House committee discussed the five year ban proposed by Johnson. Reed, a Republican, is sponsoring a two year suspension forward for unemployment relief. Both measures have been passed. Box said later "restrictionists of both houses have reason to hope for early, harmonious action."

Representative Chase (R Pa.) meanwhile introduced a proposal to require an unqualified oath of allegiance for naturalization. His bill would provide that "no alien is eligible for citizenship who does not wholly accept the responsibilities involved."

NEW LOCOMOTIVE
NEW HAVEN, Conn., Dec. 5.—(AP)—A new experimental roller-bearing locomotive, which weighs 417,500 pounds but which may be pushed on level track by three men when its driving rods are disconnected, has been put into service by the New York, New Haven and Hartford railroad.

"YOU CAN NOT WORK AN HOUR AT ANYTHING WITHOUT LEARNING SOMETHING"
(David Graham Phillips)

A&P, because it has been working at the same thing for more than 71 years, knows how to bring at consistently low cost to its patrons, the finest foods obtainable. Because of this fact, more than 5,000,000 people are served daily over A&P counters, and it has become the largest food merchant in the world.

14 Persons Are Charged Today In Circuit Court

(Continued from Page 1)
Monday morning following the robbery case. He is charged with assault with the intent to commit murder in the first degree. Tuesday morning at 9:30 o'clock, Harold House and Emory Rogers, two white youths, will answer to charges of having broken and entered several houses in the southern part of the County. They pleaded not guilty to the charges.
Wednesday morning at 9:30 o'clock, V. M. Stokes, who pleaded not guilty to having stolen an automobile belonging to A. C. Reynolds, will be required to answer the charges.
The case of Roy White and Perry Peterson, charged with having committed murder in the first degree, will be heard in court on Monday, Dec. 15. DeCotte, and Harold House, charged with having broken and entered several houses, will be heard on Monday. Mr. White, while M. O. Murrell, of Orlando, was appointed by Judge Wright to represent Mr. Peterson who declared himself insolvent. At the request of Geo. A. DeCotte, a severance was granted in this case, and since they are both charged with having effected the death of W. T. Bland, Oviedo resident, they will stand trial separately.
Augustus Kirkin who pleaded guilty to the larceny of a car, received a sentence on Monday. Carroll English, charged with aggravated assault, was referred to the County court for certification. Chandler Alexander, deaf and dumb negro who is alleged to have stolen an automobile, will be arraigned Monday pending the arrival of his mother.
The case of Everett Saunders and Clifton Cashion, two white youths of Orlando, charged with having attempted to steal the Cadillac coupe of A. D. Rosier, was continued until the spring term. Judge Wright paroled them under the care of their father, and will pass sentence on them next May.

Flier And Owner Of Medals Dies In Charity Ward
(Continued From Page One)
and that he had three medals for bravery. These included "the Star of Australia."
A passport, issued first in 1920 and renewed from time to time, was found in the man's clothing. This showed he entered at San Francisco.
Other papers told of numerous dare-devil feats performed in this country as a means of livelihood. One paper related that Taylor once jumped from the bridge over Niagara Falls in a parachute. That was in 1927, and in 1926 the paper stated Taylor "roved" across the Golden Gate at San Francisco in a rubber boat which he invented. Waller Macklow, British consul here, was notified of the findings. Officials were endeavoring to communicate with Taylor's sister, who is said to live in Sydney, Australia.
No reply had been received today from the American Legion's table to Australia, in the event a body is unclaimed, legion officials said they would give Taylor a military funeral here.

FOOL TEACHER ROBBED
JUNOSTOWN, Ohio, Dec. 5.—(AP)—A man stepped "into a hot room here yesterday while a teacher was out, said "Good copson" to the pupils, and took \$50 from the teacher's desk. He will be inquired of the children if they were getting along with their lessons.

Electoral System Of Britain May Be Entirely Revised

LONDON, Dec. 5.—(AP)—Britain's electoral system, which has persisted without essential revision within living memory, is likely to be entirely altered and the future of party politics materially changed by an electoral reform bill which Ramsay MacDonald announced yesterday he would introduce before Christmas.
So quietly and casually did he make his statement that its significance was not fully appreciated at first, but soon the lobbies filled with excited members discussing a development which they generally regarded as the most important step taken by the laborites since they assumed office.
What the form the prime minister will propose is not known, but it was assumed that it would aim at bringing the number of commons members of each party more into line with the number of votes cast throughout the country.

DRY SLAYER SENTENCED

MOBILE, Ala., Dec. 5.—(AP)—Thomas H. Sullivan, former deputy sheriff charged with the murder of Mrs. Thelma Woodfin 23, when a suspected liquor car in which she was riding was fired on by Sullivan and another officer, was found guilty of second degree manslaughter here yesterday, sentenced to a year at hard labor, and fined \$500.

D. 1933, present to the Honorable County Judge of Seminole County, Florida, her final account and her inventory as administrator of the estate of Charles D. Hirshley, deceased, and at said time, then and there, make application to the said Judge for a final settlement of her administration of said estate and for an order discharging her as such administrator.
Dated this 21st day of November, A. D. 1932.
LESLIE ANNA WILSON, Administrator of the Estate of CHARLES D. HIRSHLEY, deceased.

FOOD PRICES TODAY AND A YEAR AGO

What consumers save over last year's costs

AAP is advertising prices of food today compared with prices a year ago. The differences in the list generally show substantial reductions.

The idea is to bring home to the housewife how much less her food is costing her than it cost last year at this time. In these figures she sees actual facts, not theories. To her they have a high practical news value.

They are important in another way. They illustrate in dollars and cents AAP's policy—the policy of passing on to the consumer the savings that come from lower food prices.

By AAP's new low prices customers can measure the decline in the cost of the raw materials that enter into what they eat.
