Howard Fisher Wins New Post

Howard Fisher has been appointed to the post of director, dealer development, for the United States and Canadian division of the Miami-based Deltona Corporation.

A graduate of Rollins College, Fisher will be transferred to Miami from Haworth, N.J., where he has been serving as a regional sales director of the Mackle Brothers division of the Deltona Corporation.

He and his wife, the former Janet Hetzel, of Sanford, have two children, Elizabeth, who enters Ithaca College, N. Y., in the fall and Jeffrey, who will be a high school sophomore.

A native of New Jersey, Fisher served in the Army Air Corps in World War II and has been in sales management and marketing for more than 20 years.

Council's Decision 'Unreasonable, Unfair'

Altamonte Springs Sued On Zoning

By DONNA ESTES
 Declaring actions of the Altamonte Springs City Council were "arbitrary, unreasonable and grossly unfair," three Altamonte couples filed suit against the municipality today asking the Circuit Court to "quash or reverse" the body's ruling denying change of zoning on plain hills' Maitland Avenue properties.

The petitioners, Charles James Fox Sr. and Ruth B. Fox, Helms E. Baunier and Dorothy E. Baunier and Paul D. Roche and Virginia H. Roche, state Council's decision in denying rezoning from R-1AA residential to R-3 multi-family dwelling district was a "gross abuse of discretion in violation of Florida statutes."

Altamonte Store Burglarized \$3,000 In Dope Stolen

An Altamonte Springs drug store was burglarized of between \$2,500 to \$3,000 worth of narcotics, sedatives and abuse drugs by a professional team of drug burglars in a Saturday night incident.

David L. Bean, owner of Altamonte Pharmacy, SE 426, said the thieves escaped after "doing a professional job of burglarizing the store."

Entry was gained by removing the metal air conditioner vent on the roof to enable the intruders to climb down into the store.

Bean said the burglar alarm was turned off and his shelves picked clean of drugs while several dollars was left undisturbed in the cash register.

"This is the second time I've been hit by the thieves," Bean said. His store was also burglarized by narcotic thieves March 7, he stated.

Altamonte police have a good set of fingerprints and hope to make an early arrest, a spokesman said.

In other weekend activity, Audrey Lee Williams, 31, Altamonte Springs, was admitted to Winter Park Memorial Hospital in "critical" condition with six bullet wounds inflicted after she reportedly became embroiled in a fight with Emmaline Frazier, of Altamonte Springs, in a Sunday night incident.

Seminole Deputy J. L. Smith reported the Williams woman was shot three times in the stomach, twice in the face and once in the arm.

The petitioners appeared at last week's City Council meeting and asked for a new hearing at the earliest possible date during which the governing body would reconvene its rezoning R-3 at the June 4 meeting when the petitioners' request for like zoning was denied.

Jurist Quoted In 3 Magazines

By FRED VAN PELT
 To break into print in a national publication is not too common but to break into print in three national magazines in one week is something of an accomplishment.

Circuit Judge Volie A. Williams Jr. did just that this week — three interviews on the same subject in three national periodicals.

The jurist said that last January a news reporter from Cosmopolitan magazine called on him. This was followed in March by a news reporter from Parade magazine. And at about the time of the last moon launch, when the astronauts got down to within less than eight miles of the moon, along came a reporter from Time magazine.

By coincidence all three interviews came out within the last week.

And all three interviews were about divorce among the "space people." All are in the same vein, so the brief Time report is printed verbatim:

"Divorce is common. Circuit Judge Volie Williams, who has handled 3,000 divorces in the past two years, finds that plaintiff wives of engineers present a strikingly similar recital of marital discord.

"By their accounts, says the judge, the husband never wants any family life. He likes to build a stereo set from component parts and then dare anyone in the family to touch it. Every weekend he goes out in his boat by himself and doesn't want his wife or kids to go with him.

"He never physically abuses his wife and he's a good provider, but when he gives material things he thinks he is fulfilling his obligation. He's selfish but he doesn't think so."

JUDGE WILLIAMS

Drowning Only 4th Fatality

By BILL SCOTT
 The drowning of a four-year-old Altamonte Springs boy was the only fatality listed by Seminole County authorities during the July 4th holiday period ending Sunday midnight.

Sheriff John Polk said Jeffrey L. Weeks, son of Mrs. Annie Davis Weeks, Station Street, apparently died after he fell into a man-made lake near his home.

Polk and other county officers arrived on the scene and the body was found in the lake at 4:30 p.m. Probable time of death was listed at 6 p.m. by county officers.

A three-year-old boy is listed in "fair" condition at Seminole Memorial Hospital in Sanford with injuries sustained after a car ran over him.

Danny Ingraham, son of Mr. and Mrs. Robert S. Ingraham, 2933 Country Club Circle, was injured in the yard when a car driven by Margaret W. Downer, 26, of 135 Country Club Circle, backed over the boy, county authorities reported. The incident occurred Sunday at 1 p.m.

William Burton Guy III, Valley Forge Apartments, is listed in "fair" condition with injuries after the 1969 model Jaguar he was driving went out of control and overturned.

Too Much!

CHICAGO (AP) — Eugene Noel, a Chicago bus driver fell victim to a hold-up man both coming and going on his south-side route Wednesday.

The robber first took \$228 from Noel after boarding his eastbound bus.

Noel continued to the end of the line, turned his bus around and started his westbound trip.

Fourteen blocks west of the first hold-up site, the same handit boarded the bus again, taking \$70.

This was too much for Noel who headed straight for the bus barn, where he told his boss he was through for the day.

Funfair Baby Photo Winners Are Named

By JANE CASSELLHERRY
 Prizes were awarded to winners in two categories of the Lions Club baby picture contest at the Fourth of July Fun Fair at the Civic Center.

First place winners were Michael A. Renaud, of 113 East Crystal Drive, in the up-to-18 months old category, and Rhonda Butcher, of 1720 West First Street, in the 18-36 months division. Mike is the son of Mr. and Mrs. Ronald Renaud and Rhonda is the daughter of Mr. and Mrs. Howard Butcher.

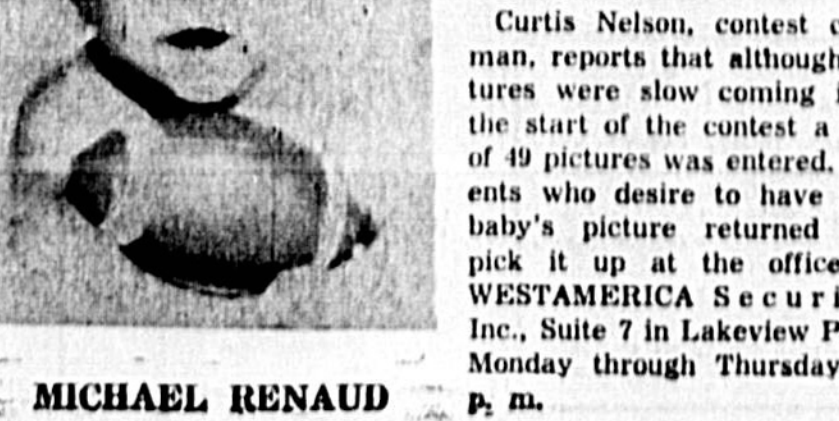

RHONDA BUTCHER

Each received U.S. savings bonds donated by the Lions Club of Sanford. Receiving \$10 merchandise certificates donated by Ernest Southward, of Southward Realty, and Jay Warnicke, of Nationwide Liquidators, for second place were Sheila Hoodsworth, of Osteen (9-18 months), and John R. Powell, 102 East Onora Road (18-36 months).

Third place winners, who were presented \$5 merchandise certificates donated by Glenn McCall, of Touchton's Drug Store, and Gordon Sweeney of Sweeney's Office Supply, were Charles Reed of 2525 Palmiste Avenue (9-18 months) and Robin L. Nice of 1508 Summerlin Avenue (18-36 months).

Curtis Nelson, contest chairman, reports that although pictures were slow coming in at the start of the contest a total of 49 pictures was entered. Parents who desire to have their baby's picture returned may pick it up at the offices of WESTAMERICA SECURITY, Inc., Suite 7 in Lakeview Plaza, Monday through Thursday, 1:5 p.m.

Nursing Center Faces Closing

(Second In A Series) BY JANE CASSELLBERY

Will Jones has been a patient at The Good Samaritan Home at 804 Mulberry Ave. for five years, moving from the county home when it was closed.

Budgets Reviewed

Juvenile Judge Allocation for three full time counselors rather than the current one full-time and one part-time counselor was requested by Judge Hall.

MAINTENANCE DEPARTMENT Reevaluation of men in the maintenance department from laborers to maintenance men to raise their minimum salary from \$1.10 per hour to \$1.25 per hour was requested by Supt. Henderson Ferguson.

SUPERVISOR OF ELECTIONS Funds for publicity for second notice to registered voters during next year's purge of the voting rolls was asked by Supervisor of Elections G. A. Miller.

County Judge's salary, according to law passed by the Legislature, but not yet approved by the governor, will be raised from \$11,200 to \$17,000 but the \$5,800 he was paid previously as juvenile judge will be eliminated, Judge Hall reported.

Total of the budget requested by the judge excluding his salary is \$28,200 compared with \$4,500 last year.

Wedding Announcements

Johnson-Bentzinger

By MARYANN MILES
Miss Jo Ann Johnson, daughter of Mr. and Mrs. Irving Johnson, Sr., of Plantation Park, and Pastor Ronald Bruce Bentzinger, son of Pastor and Mrs. Oliver Bentzinger, of Orlando, were united in Holy Matrimony, June 15, 1969. The bride wore a green and white gown, and the groom wore a white tuxedo. The ceremony was held at the Westminister Presbyterian Church with the groom's father officiating at the 7:00 p.m. ceremony.

Slavik-Yarbrough

Miss Patricia Anne Slavik, daughter of Mr. and Mrs. Robert L. Slavik of Oviedo, and Michael Vincent Yarbrough, son of Mr. and Mrs. Roy Yarbrough, Macleay, were united in Holy Matrimony, June 15, at 4 p.m. at First United Methodist Church, in Oviedo. Officiating clergyman at the candlelight, double ring ceremony was Rev. C. N. Ozg. The couple exchanged vows before an altar decorated with a large arch, candelabra, two blue grass clusters. The four-tiered wedding cake topped with white doves was flanked by silver candelabra with light blue pom poms and white apogonias. The punch table featured a tall cupid with an arrangement of blue apogonias, white pom poms and daisies. Family rings were marked with clusters of white pom poms, satin ribbon bows and greenery and a white aisle carpet was used for the bride and her attendants.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: This is in reference to "LONEROME AND BLUE" because I've read about how "rough" the wife of traveling men have it. She said that while the men are living it up on expensive accounts, eating every meal out and going to exciting far-off places, the poor wives are stuck at home with the kids.

Our wives are married to men who "get" a lot, too. We "get" up on our \$47.88 accounts, and eat every meal "out." We also go to some very exciting "far-off" places. Never a dull moment.

DEAR ABBY: I am 55 years old, and I am tired of leaving my generation called the "do-nothing" generation. Actually, we did more for society than any generation since the cavemen days.

DEAR ABBY: My husband and I have been married for 4 years and here is my chief complaint. Every time we get to a wedding dance or wherever there is music, my husband dances the lead with me and then starts looking around for other ladies to dance with.

Horoscope Forecast

THURSDAY, JULY 3, 1969 GENERAL: FEMMININE: Use this day and evening to put all your financial affairs in better plan so you can have more abundance. Start cutting unnecessary expenses. Bring to light unused sources, such as financial wizards through whose support you can prosper.

ARIES (Mar. 21 to Apr. 19) Study whatever repairs are needed on your property. Plan how they can be done well so they last for a long time. Go to that business expert for the advice you need. Follow it to the letter.

LEO (July 23 to Aug. 23) If you are directly to those in a higher position and state specifically what it is you want to get. Be sure you get the results. Be practical. No some special talent you possess can be expressed very nicely. Get busy!

LIBRA (Sept. 23 to Oct. 23) It may take you longer than you anticipate, but it will be well to make your arrangements for the future. You can buy those gifts that will make the one you love very happy. Show that you have good taste in the things you buy.

We're The Women:

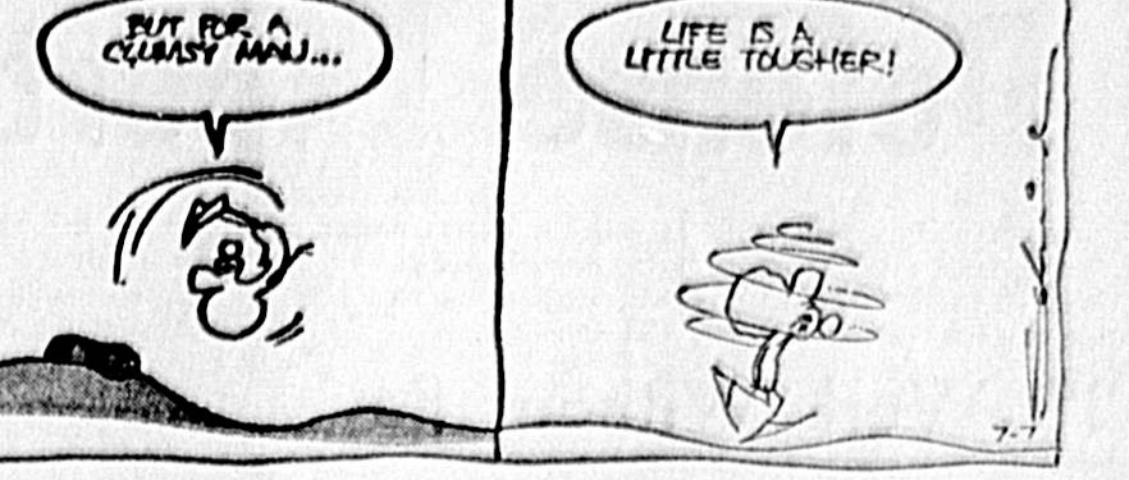

By Betty Canary

There must be an explanation as to why one thing leads to another, why one job automatically spawns three more. Unfortunately, there is no explanation.

Women seem to be more afflicted by this phenomenon than men, so perhaps it can be attributed to glands or something. All I know is, some of us suffer more than others.

As a young bride I discovered the natural law that governs money left over from the honeymoon. It will be needed tomorrow to pay an unexpected bill.

As a young bride I discovered the natural law that governs money left over from the honeymoon. It will be needed tomorrow to pay an unexpected bill.

Acquire not only a new transmission system but also a new rear tire and two brake drums. A job like that will cost you a lot of money. I must point out that this kind of occurrence no longer surprises me, although in the past I would have experienced the emotions of anger and disbelief. Through the years events have led me not only to accept but to expect.

After this lesson, the next is a snap. One figure out why a woman spends up to three times as long in the bathroom as a man does. A penicillin shot and one tetanus booster, costs exactly \$19.50.

From then on a woman accepts the inevitable. She knows that taking the broom outside for a quick side-walk cleanup will mean the porch really needs to be hoed down and weeds - which have miraculously grown since she came in - in 10 minutes ago with the groceries - must be pulled from between the flagstones.

Highlights

MONDAY, JULY 7, 1969 7:30 p.m. NBC: Dream of a Lifetime (Part 2 of 2) (Rerun) The conclusion of a two-part in which Jennie has troubles with a double. Lucy (Color) (Rerun) This is actually an oldie from "The Lucy Show," but it's worth a look at.

Jim: "Why are you putting this old safety-play hand in the column? Everyone has been writing about it for years." Oswald: "You're right. As a matter of fact, it was old when I was a boy. However, there is a reason for it. We might discuss most of this week to a discussion of safety plays as distinguished from unsafe plays."

Polly's Pointers

By Polly Cramer

DEAR POLLY - Ruth T. can clean her knotty pine paneling with the following mixture: One quart warm water, one tablespoon turpentine and one tablespoon oil. Mix in a jar and shake contents well. Soak a clean cloth in this, wring out and rub paneling briskly until clean. This will also clean soil and wax from furniture and leave a waxlike finish. If I do not use all the mixture, I cap the jar, label it and store it in a safe place until needed.

Beauty after Forty

By Edyth Thornton McLeod

"I am falling to pieces, forty is hard for me to accept. My hair is a yellow gray. My face is lined and my neck is a mess. Besides I am fat. Please outline a program for me, I don't expect to turn into a beauty but I do believe you can help me." N. H.

I can outline some ideas, but you have to make yourself do the things that will help you to look your best. Why did you neglect yourself? First, diet. Start getting the excess poundage off. You will feel better and you will have more ambition to proceed with your reconditioning. Start with massaging your scalp, brush your hair and use a skin color rinse, it is positively old-fashioned today to have a yellow tone to your gray hair. The dyes for your hair do a great job. Take care of your face and neck, take beauty baths at home. This will relieve some of that ten-

Don't invest in new clothes until you begin to lose some poundage. Just make up your mind that you will win and you can and will. Don't dwell on being after forty, it is a wonderful time of life. If you keep a sense of humor and live with zip and zest, you will be a beauty for years.

From The Bench

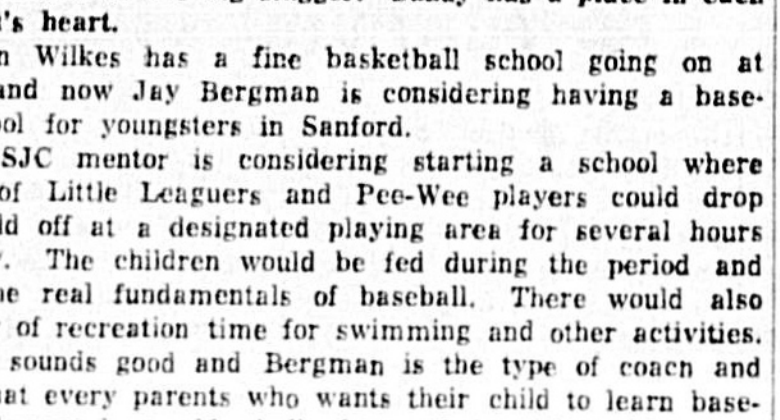

By: Tom Alexander

While getting soaked in the Atlantic this weekend at New Smyrna Beach, I started thinking about how lucky we Floridians are. We have nearby beaches on the ocean and some of the most beautiful rivers and lakes in the nation. Sanford now has public swimming pools for local youngsters to enjoy. It's just a lot of fun to swim.

Yesterday I got a little burned around the neck, not only by the sun but by the City of New Smyrna Beach. This town thinks it has a gold mine, but how wrong they are. The East Coast city charges every car entering the popular recreation area 50 cents or \$3.00 for a season's pass. This has been going on for quite some time and that's why I feel a few things should be aired. First of all, when the city started to charge for access to the beach they promised showers and other different facilities. I don't think I am mistaken when I say New Smyrna Beach looks just like it did three years ago.

There is no doubt that New Smyrna Beach has one of the finest beaches in the state, but when you have free competition like Daytona Beach you are in trouble. Everyone suffers from the business man on down. What right does New Smyrna have to charge for access when the access roads they build were built with tax dollars? It appears that the city has pulled the wool over somebody's eyes. Who has a right to charge you to swim in the Atlantic Ocean? There's only one person I know and he's not that type of guy.

JOHN REEN, former Seminole JC ace, is making the news. The talented baseball star is now playing for West Palm Beach in the Florida State League. That's really the Expo, folks.

John has to be one of the finest catchers ever to come from this area. The youngster started in every department for Seminole and became SJC's first over 400 hitting average player. Now he has gone on to bigger and better things and we wish John the best. Oh yes, I meant to tell you. I am sure the Kiwanis Club here in Sanford will be interested in the Circle K Sweetheart and SJC cheerleader Sandy Devoak. It is getting married to the big slugger. Sandy has a place in each Kiwanian's hearts.

Glen Wilkes has a fine basketball school going on at Stetson and now Jay Bergman is considering having a baseball school for youngsters in Sanford.

The SJC member is considering starting a school where parents of Little Leaguers and Pee-Wee players could drop their child off at a designated playing area for several hours each day. The children would be fed during the period and taught the real fundamentals of baseball. There would also be plenty of recreation time for swimming and other activities. It really sounds good and Bergman is the type of coach and person that every parent who wants their child to learn baseball fundamentals would gladly have their child with.

With all the drawings all around us, it is useful for young and old to be able to apply artificial respiration, because it may be just those few vital seconds that may save a person's life. Sometimes the victim may seem dead, but with five or six correctly applied mouth to mouth breaths, the victim may get enough oxygen to start breathing on his own. Even a little four year old like Brooke Crawford shown ready to give 11 year old Mary Donahue air, can save an older person.

Powell Trips Sanford

Legion Takes Three

Friday's action saw Sanford go to 10 innings before losing 5-3 to a tough Gainesville team. Mike Rudd was the losing pitcher, as he relieved Shubmaker had two hits including a double for Sanford. Mike Rudd had two hits and Bobby Lundquist doubled. Tommy Grace drove in two runs in the bottom of the sixth inning to keep Sanford in the game. Sanford came back to win the hitting department as he collected three hits. Larry Cote, Gracey and Lundquist each had two hits. Lundquist and Dale Wagner each doubled. Mike Rudd turned in a line pitching performance in Saturday night's contest with Colonial Post 2AC as they defeated them 2-2. Lundquist fired a hour-hitter while striking out four and walking only one.

College Skiing Crown Worth Scholarships

record of 160 feet, and Jaker Obern of Winter Haven, who recently won 137 feet in the Southern Regional Tournament. Eleven other collegiate skiers were entered in the tournament including world trick champion Alan Krompton of Tampa, defending National Collegiate Champ, Jerry Welch of Winter Haven, and former National champion Jim Jackson of Delray Beach, Florida. Judges for the two-day meet were Steve McDowell, Harry Robb, and Jim Middlebrook of the National champion and holder of the world's jumping record, Ken Hillier of Orlando, and Elmer Stalling of Cocoa.

Carter Caps Silver Spurs

Cary Carter, a 15 year Rodeo veteran, won the Silver Spurs saddle for taking the most points in the 44th semi-annual Silver Spurs Rodeo in Kissimmee. It was the seventh win for Carter, a resident of Marianna, Fla., who won top honors at the Kissimmee event. Carter won the saddle by winning \$1,074.40 of the \$1,166.60 prize money awarded at the Rodeo. Carter narrowly edged Kilo Campos, who finished at \$1,057.40.

Carter finished first in the Blackback Broom Hiding event with 59 points for \$607.60. That was the only first place finish as he picked most of his points and money with second, third and fourth place finishes. Kilo Campos took first place in the Lull Riding event with 75 points for a purse of \$266.40 and the Saddle Broom Hiding contest with 110 points for \$170.81.

Gene Tomlinson took \$226.66 for his first place finish in the J.R. Division and \$14.66. A local girl, Mary Beth Lake of Lake Mary, finished fifth place overall in the Sr. Barrel Racing event. She had times of 23 and 22.5 seconds for a total of 46.5 seconds. Norma Webb who finished first had a combined time of 42.5 seconds. Every minute of the Rodeo, from the time beautiful Gwen Cannon, the Silver Spurs queen entered the arena, until the last event of the day was completed, was action packed. The Rodeo climax presented a carnival performance for both young and old but also saved several cowboys from serious injury. One clown barely escaped injury as he lost himself between a thrown rider and a fierce Brahma Bull.

Hitting Pays Off In American League Win

The American League All-Stars proved to have better hitting and pitching as they dropped the National League All-Stars 7-0 in a Little League exhibition game July 4. David Lett provided the power for the American League as he drove in two runs with a home run over the center field in the top of the third inning. It was one of only four hits the American League had. Kevin Denton doubled, and Robbin Elliott and John Whigham singled for the other three American League hits.

Frisco Rattles Atlanta's Hopes With Sweep

By DICK COUCH Associated Press Sports Writer The pennant race has passed them by, but Gary Waslewski and Dick Kelley have discovered the best way to kill time until another one comes along. While the top teams in the National League slid backward Sunday, Montreal's Waslewski and San Diego's Kelley buried one-hitters to salvage doubleheader wins for the lowly expansion club.

After Philadelphia trounced the Expos 12-2 in their opener, Waslewski zipped past the Phillies 5-0 in 90 minutes, facing the minimum 27 batters in the quickest major league game in two years. Houston stashed San Diego 3-2 in the first game, but Kelley beat the Astros in a 2 1/2 hour duel with Jack Billingham, who pitched his ball for 6 1/3 innings in his first 1969 start.

St. Louis topped Oakland 5-0; Washington blanked Boston 5-0; New York topped Cleveland 4-2; Seattle honored Kansas City 9-3 and California beat Chicago 2-1. Waslewski, a former Boston World Series standout acquired by the Expos from the Cardinals last month, gave up a fifth-inning single by Rick Johnson in eighth. Both basemenners were erased in double plays as the 27-year-old right-hander nailed his first victory of the season and first shutout in the majors.

He also produced his first two RBI in the majors with a seven-inning double. The Phillies shelved Bill Stoneman, who pitched an earlier no-hitter for Montreal, and two relievers for 1 1/2 innings in the first four innings of the opener and coasted behind rookie Billy Champion. Tony Taylor paced the winners' 16-hit assault with a triple and three singles. Kelley, a 29-year-old southpaw picked up from Atlanta in the expansion draft, limited the Astros to fWARs and an infield hit by Denis Menke in the second inning, registering a first victory since June 4. Ed Spiezio's pinch single delivered the game's only run with two out in the ninth.

Billingham, used exclusively in relief until Sunday, pitched perfect ball for five innings and allowed four hits in all, the first two-out double by Olive Brown in the seventh. The Astros pulled out the opener when San Diego second baseman Jose Arcia let Doug Rader's bases-loaded grounder get past him for an error in the eighth, allowing the tying and winning runs to score. Veteran Bill White scored three runs and rookie Steve Hunt knocked in two with a bases-loaded single as the Cardinals tripped the Cubs in their opener. Steve Carlton, 19-5, had a shutout going until the ninth, when he needed relief help from Joe Hoerner. Mike Shannon's three-run

Archer Falls Ill As Pros Prepare For Classy British Open

By JOHN FARROW Associated Press Sports Writer LYTHAM ST. ANNES, England (AP) — George Archer, U.S. Masters champion, was confined to bed today with a cold attack of gastroenteritis and a cold—only 48 hours before the start of the British Open golf championship. "I had set my heart on winning this championship," Archer said. "It looks as though I shall have to go into the first round without having had much chance to study the course." "I've been running a temperature and just aching all over. The doctor has given me

Don Meredith Retires From Ranks

By DENNE H. FREEMAN DALLAS (AP) — The Cowboys' Don Meredith will retire from professional football Saturday. For 12 years he was THE quarterback in this football mad town—three years at Southern Methodist and nine with the Dallas Cowboys. He quit at the age of 31—in his prime—as a National Football League quarterback.

A Long Career Ends ...

Only last year rated as the second best quarterback in the NFL, statistically. The anti-Meredith faction took him apart at every opportunity. They claimed he "choked" in the big games. Anything that went wrong with the Cowboys was Meredith's fault, they claimed, including the narrow NFL championship losses to Green Bay. He was the target of boos and obscenities. Meredith said he didn't pay attention to the fans, but if he had to, he loathed his wife, Cheryl. The pro-Meredith faction—there were many supporters included Vince Lombardi

Lee Roy Is A Cracker!!

Yarbrough Conquers Daytona Again...

By CARL VANGURA
Herald Racing Editor

The results and winnings are as follows:

1. Lee Roy Yarbrough, Columbia, S.C., Ford, 1:50.75
2. Bobby Allison, Hartwood, Ala., Ford, 1:51.00
3. Donnie Allison, Hartwood, Ala., Ford, 1:51.25
4. David Pearson, Rock Hill, S.C., Ford, 1:51.50
5. Cale Yarborough, Rock Hill, S.C., Ford, 1:51.75
6. Tommy Ivo, Rock Hill, S.C., Ford, 1:52.00
7. Dick Brooker, Spartanburg, S.C., Ford, 1:52.25
8. Bobby Jones, Miami, Fla., Chevrolet, 1:52.50
9. Joe Leonard, San Jose, Calif., Ford, 1:52.75
10. Fred Lorenzon, Charlotte, N.C., Ford, 1:53.00
11. Jerry Grant, Jacksonville, Fla., Chevrolet, 1:53.25
12. Donnie Peterson, Rock Hill, S.C., Ford, 1:53.50
13. Bill Champion, Norfolk, Va., Ford, 1:53.75
14. Ray Toner, Lake View, N.C., Ford, 1:54.00
15. Dick Palko, Snow AFB, S.C., Chevrolet, 1:54.25
16. Bobo Allison, Hartwood, Ala., Ford, 1:54.50
17. Bud Hood, Arrington, Martinsville, Va., Ford, 1:54.75
18. Hoss Emmons, Wilmington, N.C., Ford, 1:55.00
19. Lyle Chastles, Charlotte, N.C., Plymouth, 1:55.25
20. Hoss Emmons, Wilmington, N.C., Ford, 1:55.50
21. Healey Gray, Rome, Ga., Ford, 1:55.75
22. Dick Brooks, Spartanburg, S.C., Ford, 1:56.00
23. Bobby Isaac, Catawba, N.C., Dodge, 1:56.25
24. Bobby Jones, Miami, Fla., Chevrolet, 1:56.50
25. Joe Leonard, San Jose, Calif., Ford, 1:56.75
26. Charlie Goodrich, Edwardsville, Mo., Ford, 1:57.00
27. Dick Palko, Snow AFB, S.C., Chevrolet, 1:57.25
28. Hoss Emmons, Wilmington, N.C., Ford, 1:57.50
29. Paul Dean, Savelle, Tenn., Ford, 1:57.75
30. Wayne Clifton, Dablinville, Ga., Chevrolet, 1:58.00

year old bachelor, who had won his second straight Grand Touring Race, The Paul Reverse 250, in a Canaro, when the track announcer said, "Gentlemen, start your engines." Forty highly modified race cars followed into life as the Medal of Honor Firecracker 400 got under way.

Cale Yarborough put his Mercury in the lead on the first lap, and steadily pulled away from the pack for 20 laps. He was blazing around the track at over 100 mph when suddenly he rolled into the pits for an unscheduled stop. Everyone has heard about the speed of the Woods Brothers Crew and watched in awe as they pounced on the car with jacks, electric wrenches, and water and gas only to have Cale out on the track a quick check by Lenord Woods, and Yarborough's day was over as a broken valve had claimed his 429 Boss engine.

From then on it was Lee Roy

him into the wall. As the car and debris were removed, a rash of pit stops occurred as his crew got through as the caution period.

With less than 50 laps to go, Herley Gray's Ford blew a tire, struck the wall with his car, and then was struck by Buddy Arrington's Dodge. Boss Emmons's Mercury then crashed into Arrington's car, and Bobby Allison, trying to miss the sliding car, hit the wall and then bounced into the cars.

While all this was happening, Lee Roy came along behind at about 150 mph, slammed on brakes, and found an opening as two cars separated. He gunned the 425 motor in his specially prepared Ford Tal-lodge and slipped through as the cars slammed back together.

The average speed for the race was 166.875 mph.

Johncock Takes Foyt In Rocky Mt. 150...

CASTLE ROCK, Colo. (AP) — Gordon Johncock, who finished a humiliating last place in the Rocky Mountain 150 last year, survived a wheel-to-wheel duel with defending champion A. J. Foyt in the closing minutes for a masterful victory in the event at Continental Divide raceways Sunday.

Johncock toured the 10-turn, 2.86-mile road course for Indianapolis-type cars in one hour, 47 minutes and 52 seconds, averaging 88.4 miles per hour for a U.S. Auto Club record.

Johncock took his powder-blue Gerhardt Ford from fifth spot on the starting grid into the lead with less than 40 miles and Jerry Grant of the race, overtaking pole winner Dan Gurney, Indianapolis pilot.

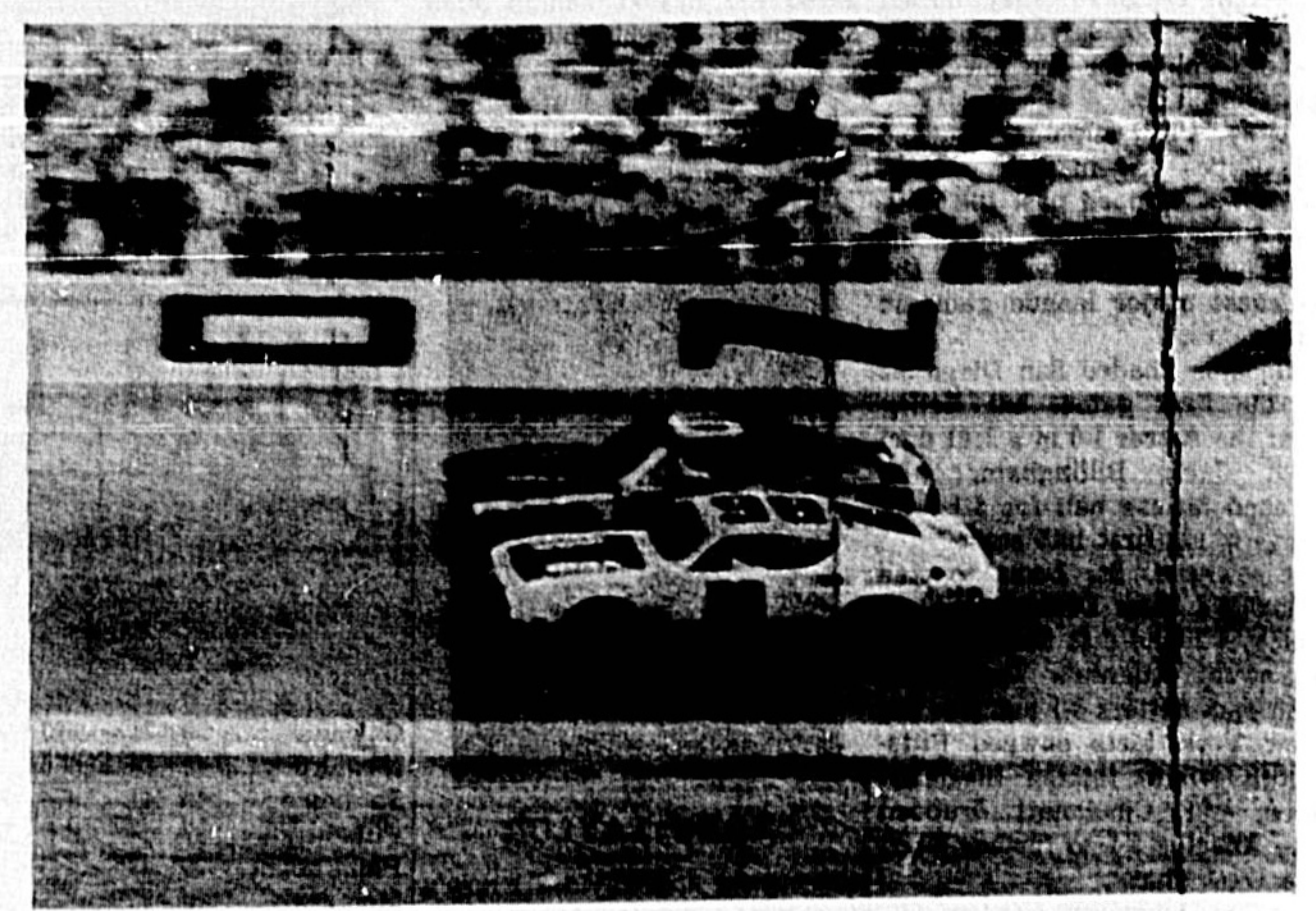

ner Mario Andretti, Roger McClusky and Bobby Unser. The grueling road course took its toll of cars, with only seven of the original entries still running when the checkered flag fell to Johncock.

Bob Unser, in an Eagle Chevrolet, dropped out early after a power failure.

Al Unser left the race later with suspension problems, and Andretti had an oil loss and then was disqualified by USAC officials after they said they saw his crew add oil to the car, a rule violation.

Gurney, who led for 14 laps in his eagle Ford, finished second, and Andretti had an oil loss and then was disqualified by USAC officials after they said they saw his crew add oil to the car, a rule violation.

Solana Beach, Calif., was fourth.

IT WAS A LEE ROY FORD AFTERNOON

Race Driver Killed At Smyrna Oval

NEW SMYRNA BEACH, Fla. (AP) — The Volusia County Sheriff's Department considered action today against a speed-wrapping race car that was killed Sunday night in a 36-lap stock car feature race.

Marion Edwards, 19, was killed instantly when his car ran off the paved half-mile oval, shot across the track, smashed into the wall and exploded.

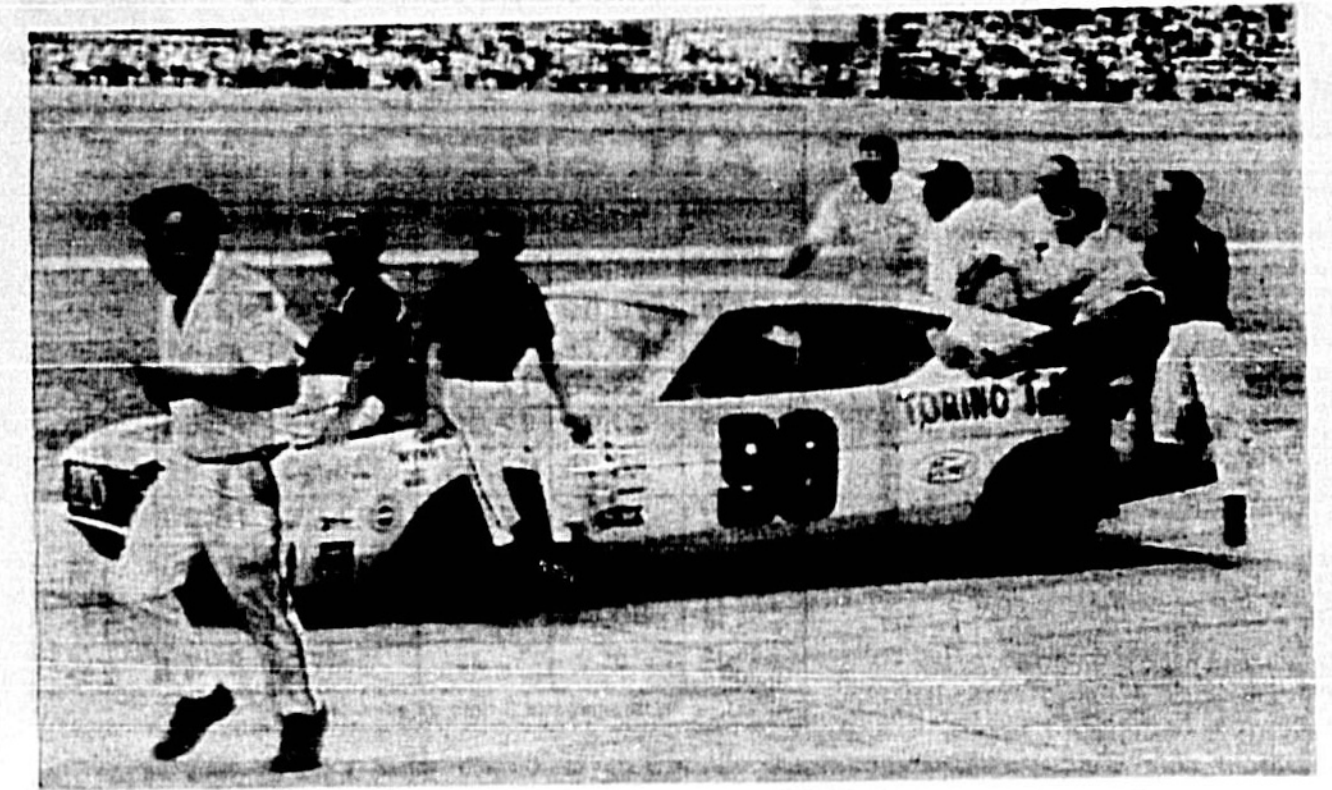

Red Eufauld, driving behind Edwards, faced in the Hialeah driver's car, but Capt. L. C. Gilly said intense heat from the burning car forced the rescue attempt.

"As far as I know at this time this race was not sanctioned by the Sheriff's Department," Gilly said.

He said spectators at New Smyrna Beach Speedway got "a little unruly."

Gilly said there were no uniformed deputies on duty, as an off-duty deputy moved to control the crowd.

"He went and got his shirt and badge and put on a gun and held them down until our other men got there," Gilly said.

VICTORY LANE BOUND

Laver Captures Wimbledon Singles

By ROBERT JONES

test of endurance as well as of Wimbledon, England (AP) tennis ability, but never so much as this year. And they phenomena have always been a don't promise to get much as

By the time Rod Laver of Australia had beaten John Newcombe of Australia 6-4, 5-7, 6-4, 6-4 Saturday for the men's singles title, no less than 28 sets in the men's singles had gone 20 games or more.

The men's singles and doubles all run of the best-of-five sets, and there were no 10 minute breaks halfway through, as in most big tournaments.

But despite the no-break rule, the long matches meant a lot of games were played in failing light on near-deserted courts, and a number of matches had to be halted in the evening and restarted the next morning.

And then there is the sudden leap upwards in the general standards of play since the gates were opened to professional tennis last year.

Ken Rosewall, who returned to Wimbledon last year after 11 years in the pro ranks, called the competition in this year's championships twice as good as it was in the mid-1950s.

"In my amateur days, plenty of countries had one good player," he said, "and now have several—with plenty of youngsters coming along."

"This means you don't get the easy matches all the time—and it's certainly an endurance test to reach the latter rounds."

Joe Measey, a sophomore shortstop from Grove City, Ohio, led Yale's baseball team in hitting this spring with a .320 average.

JIM ASHLEY hopes of becoming a professional, took the First Place Trophy in the Willie Galtmore Tournament at the Compton Country Club in Ocala. The nearest proffer to Ashley finished 10 strokes back. Ashley finished first with scores of 72-75-75—292. (Herald Sports Photo)

Viet Cong Blast Into U. S. Military Hq. With Grenades, Bombs

By GEORGE ESTER
Associated Press Writer

SAIGON (AP) — Viet Cong forces today launched their first ground attack in a week, blasting their way into a U.S. military headquarters with grenades and dynamite bombs.

The attack 120 miles northeast of Saigon killed six Americans and wounded 18. U.S. headquarters said "damage to material within the camp was moderate," but field reports said three or four armored personnel carriers were blown up and destroyed and at least one was damaged.

The only known enemy casualties were two soldiers found inside the district headquarters, a spokesman said.

U.S. headquarters said it was the first enemy-initiated attack in which five or more Americans were killed since June 26. But a spokesman said "I don't read anything into it. It's an isolated attack in an area that has been usually quiet. The enemy decided to go when they had a target of opportunity."

The sources said the Viet Cong are preparing for another three-point campaign scheduled for late July—increased terrorism linked with stepped-up battlefield activity, propagandizing and creating "general disturbances."

South Vietnamese headquarters reported Viet Cong terrorists set off a bomb in a theater in Can Tho City in the Mekong Delta, 76 miles southwest of Saigon, killed one Vietnamese child and another civilian and wounded 36 government soldiers and 27 civilians.

U.S. headquarters reported an Air Force F106 fighter-bomber and an Army OH6 light observation helicopter were shot down by enemy gunners over the weekend. One American was wounded. It raised to 2,830 the number of American helicopters and to 2,576 the number of forward flying aircraft lost in the war.

The U.S. Command also reported 13 overnight rocket and mortar attacks compared to 43 Sunday. Eight of these were termed significant and five hit U.S. bases, spokesmen said, adding casualties and damage were light over-all.

"We haven't come up with an analysis yet," said a U.S. spokesman. Referring to the 43 shells Sunday, the heaviest in three weeks, he said there was "no appreciable pattern or sign of any follow-up troop movements."

Noting that all action was confined to local force Viet Cong guerrillas, the spokesman added: "We had been forecasting a possible renewed offensive about July 15. Perhaps this was the local forces beginning to prepare for that, but we don't know."

U.S. military analysts say captured enemy documents and prisoners indicate a series of coordinated rocket, mortar and ground attacks might be launched sometime this month by main force North Vietnamese and Viet Cong troops. Last week war action had

City Gets Warning On Airport Costs

Sanford City Manager W. E. Knowles, in a budget message to city commissioners, has asked that the act creating the Airport Authority not be approved and requests the city to allow the airport manager to administer the airport operation as a city function with control being held by the City Commission.

"I doubt if the commission realizes the extent of the airport bill," Knowles said.

Once enacted the Authority becomes an independent agency to the county, he said.

"It is independent as to the expenditure of funds, contracts, purchases, personnel, pay schedules, etc.," he said.

Knowles said the Airport Authority, under the law, turns in a budget and the only thing the City Commission can do is appropriate the amount requested.

There was no budgetary control, under the law by the City Commission and amounts to a blank check arrangement, he reported.

"Airports are an expensive function and the law requires the city to fund any deficit from this operation," he advised.

The city manager said the first 6 1/2 months of airport operation has cost the city an estimated \$20,901 deficit.

"For the following year, it means this deficit will have to be made up, plus future operations, and the commission needs to give it considerable and serious thought," he continued.

Civic Leaders Divided Over City Hall Move

By BILL SCOTT

Four of seven Sanford business and property owners polled by The Sanford Herald this morning expressed their various reasons for moving the city hall to the airport.

He said the city hall and (Continued on Page 2A, Col. 4)

Tax Act Veto Is Certain

Gov. Claude Kirk is certain to veto today both bills which require Orange and Seminole tax collectors to collect taxes for the municipalities in their respective counties, Rep. E. Pope Bassett, secretary of the Seminole-Orange legislative delegation, informed The Herald.

Bassett said he had been in contact with the Governor's office and urged that both bills be treated in the same manner.

"The bills, if they went into effect this year, would make for a little bit of hardship on the cities and the tax collectors and a unified tax collection could be accomplished with more savings next year," Bassett declared.

"There would still be a savings this year but I will not object to a veto," Bassett stated.

Local bills providing for the collection in the two counties were adopted during the last session of the Legislature. At the same time, however, a statewide bill was adopted calling for implementation next year.

County Tax Collector G. Troy Ray Jr. several weeks ago conferred personally with the Governor and later telegraphed him requesting a veto.

Jan. 1 Deadline Set Court Seeks Space

By DONNA ESTES

"I want to cooperate with you fellows but we can't let anyone's idiosyncrasies stand in the way of justice. I've operated until I'm near out of my mind," resident Circuit Judge Volie A. Williams Jr. told the Board of County Commissioners yesterday afternoon as he insisted some action be taken to provide additional space for the court Jan. 1.

In a letter on the matter previously submitted to the Commission, Judge Williams said the court should be moved to a new room for men and one for women.

"Two witness rooms, each large enough to accommodate 10 people and located immediately adjacent to the court room entrance," he said.

"An office for the state attorney, including a secretary's office."

"A hearing room not less than 18 feet by 26 feet, which should contain a small office, 13 feet by 15 feet, and a secretarial office which should be at least twice as large as the present secretarial area."

"A men's and women's rest room facility."

"Furniture to equip the above."

"It would be nice to have a room for attorneys to consult with their clients, and equally as nice and necessary to have a private area for the jury venire to sit. It would also be desirable to have space for the law library, and the law department of the clerk's office. However, we feel this inconvenience can be tolerated until some final determination is made with regard to new judicial facilities."

Judge Williams insisted the county look into renting or leasing facilities. He suggested possibility of the second floor of the Sanford City Hall.

Judge Williams, pointing out to the County Commission meeting room had originally been part of his courtroom and the need for additional space in the court is acute, told the county governing body, "Maybe you could move."

which could be improved, or of the old Rita Theater or some structure near the court-house.

New Circuit Judge Seen For Seminole

Seminole County will be allocated another resident circuit judge, following special census order under a new state law, Circuit Judge Volie Williams predicted yesterday.

Judge Williams said the law provides a committee, with two members from Brevard and one from Seminole, will be appointed by Gov. Claude Kirk to conduct the census.

Results of the census are to be made available by winter. The Brevard members of the committee already have been recommended while the Seminole member is yet to be recommended by the governor's advisory committee here.

Judge Williams revealed the matter to the County Commission yesterday as evidence for the items in his budget for fiscal 1969-70 calling for another secretary for the circuit judge's office. The judge stated it would be "humanly impossible for one secretary to provide for the needs for all the circuit judges. A really experienced legal secretary should be paid \$8,000 per year. The judge also asked for \$2,800 to furnish the new judge's chamber and secretary's office.

AP Denies Investigation

By FRED VAN PELT

U. S. Rep. William V. Chappell has not requested the House of Representatives ethics committee to investigate charges by the Tampa Tribune that he had illegally caused payment of federal payroll funds, the Associated Press reported this morning from Washington.

Chappell was quoted by AP yesterday that he would request the House committee to probe the charges made by his former secretary, Patricia Renfro, that her salary had been increased for April and May in order that she should (and did) pay a sum of \$89 to Jean McBurney, reportedly a speech writer for Chappell.

AP today quoted a House ethics committee spokesman that the group has not been officially apprised of the situation, that it has not met since the article appeared in the newspaper, and that Chappell has not approached the committee with a formal request to investigate.

The Tampa Tribune, in its initial report last Wednesday, said it had submitted affidavits and other information with the U. S. Department of Justice for investigation into whether Chappell had committed violation of federal laws.

AP today quoted a Justice Department attache that the information has been received and that study of the charges is just beginning. "After all," the spokesman said, "it has been only a week and these things take time."

The neophyte Congressman, in office only six months, has denied any intention of wrongdoing and "that if there had been a violation it was not with intent" but through lack of communication with his staff.

Bulletin!

Annual effort to eliminate the post of lone representative agent for Seminole County, usually made during yearly budget hearings by the County Commission, failed again today shortly before noon. Voting to do away with the position were Commissioners Alex Alexander and Greg Drummond.
