

FIXED MONEY POLICY WILL BE DELAYED

Morgenthau Says More Experience, Time Is Needed Before Real Stability May Come

WASHINGTON, Mar. 1.—(AP.)—The Administration, in the words of Secretary Morgenthau is "just beginning to see a little light," and there will be no fixed monetary policy until the gleam is clearer.

Presentations of those views to a House committee today coincided with the decision of President Roosevelt to go before the country another time to report on his recovery plans next Monday.

The President will disclose his plans for the NRA in a personal appearance Monday before the group meetings called by Administrator Johnson to hear complaints.

This was made known today as criticism was received from a large number of persons who came here at the invitation of Johnson to air their views.

The President's address will come at 11:30 o'clock A. M., Eastern Time, and it will be broadcast to the nation.

Significance was attached by observers to the sudden decision to address the conference. Some believed the President would give his ideas for the future of the National Recovery Act as well as take up some of the complaints presented at the invitation of Johnson.

Senate consideration went again this afternoon to a naval construction measure, and the House kept on with the agriculture supply bill.

Appearing on behalf of the bill to establish a central federal authority with wide currency-making powers, Morgenthau testified:

"It is impossible to tell what the future will be. We need more experience and time to tell us what is the best way to handle our monetary problems."

The House banking committee approved the Fletcher-Stearns bill extending until Mar. 3, 1935, the period during which government securities can be used as collateral for Federal Reserve notes.

Full Text Of Unemployment Program That Will Succeed CWA, Released By Roosevelt

WASHINGTON, Mar. 1.—(AP.)—The following is the text of the new unemployment program made public at the White House yesterday:

"The experience of the past nine months has shown that the problem of unemployment must be faced on more than one front. Coincident with the plans for the demobilization of Civil Works has been the development of a program to meet the peculiar needs of these separate and distinct groups in need through no fault of their own.

"It has been found that these three groups fall into the following classifications:

- (1) Distressed families in rural areas.
- (2) Those composing 'stranded populations,' i. e., living in single-industry communities in which there is no hope of future re-employment, such as miners in worked-out fields.

"The Administration will be guided by these groupings in expending the \$500,000,000 recently appropriated by Congress.

"The care of needy persons in rural areas is a problem quite distinct and apart from that of the industrial unemployed. Their security must be identified with agriculture. They must be placed in positions of self-support. In many parts of the country this calls for a change from commercial to home and dependence upon a single crop.

"The unemployed in large cities.

MRS. PINCHOT SCORES NRA LABOR PLAN

Defiance Of Weir Budd Held As Sign For Cheating, Chiseling By Smaller Groups

WASHINGTON, Mar. 1.—(AP.)—The labor program of the Recovery Administration was called a "weird farce" yesterday by Mrs. Gifford Pinchot in a rebuff of the charges pelled down upon NRA.

Other witnesses had said the same thing in a milder fashion but the rebuff of Mrs. Pinchot, Pennsylvania governor, caused the somewhat sparse attendance at the forum on labor complaints to sit up with her vigorous assertion that the defiance of "Weir Budd and others has been taken by the lesser fry as a signal that they could cheat and chisel without being called to account."

Mrs. Pinchot was referring apparently to Ernest T. Weir, president of National Steel, and the head of the E. G. Budd Manufacturing Company, of Philadelphia. Both concerns have been charged with preventing their workers from joining unions of their own choosing.

So effective was Mrs. Pinchot's presentation that Edward P. McGrady, assistant secretary of labor and aide to Hugh S. Johnson, NRA administrator, broke in, not to halt the rebuff but to cheer it.

At the same time, other witnesses at other meetings were telling what they thought was wrong with NRA as a prelude to the meeting next week to begin the task of correcting mistakes.

WHITNEY RAPS PENDING MART CONTROL BILL

Exchange Head Claims Act Encompasses Powers Violating Banking Principles

WASHINGTON, Mar. 1.—(AP.)—In a brief, pointed statement Richard Whitney, president of the New York Stock Exchange yesterday rebuffed the pending Securities Exchange Control bill and told the Senate Banking committee it would not only violate banking powers but also violate the national credit system.

With that he turned the exposition of Wall Street's opinion of the measure over to an assembly of a big throng of protestors gathered in the expectation of a protracted verbal duel between Whitney and Ferdinand Pecora, committee counsel, manifestly disappointed.

Whitney's colleague, Thomas B. Gray, an attorney of Richmond, Va., emphatically disputed the constitutional validity of the measure, stating a series of court decisions support his view and asserted that the act was the most un-American act since the Civil War.

Whitney's speech was a rebuff to the committee's suggestion that the bill be amended to regulate the exchange of securities, but Whitney said that would be a mere technical change and would not change the nature of the bill.

FAGG RESIGNS AS DIRECTOR OF STATE FERA

Action Follows Meet Of Children's Home Society Directors In Canceling Leave

TALLAHASSEE, Mar. 1.—(AP.)—Marcus Fagg resigned today as director of the Emergency Relief Administration in Florida, and his resignation was accepted "without comment" by Governor Sholtz.

Fagg telegraphed his resignation from Jacksonville, and informed the Governor that the Children's Home Society of which Fagg is state superintendent had terminated his leave of absence, effective today.

His successor in the CWA has not been appointed. Fagg has been Relief Administrator since last July.

Francis M. Holt, president of the Children's Home Society of Florida, last night announced that Fagg had relinquished his executive office with the state Civil Works Administration and returned to the Children's Home Society as full-time superintendent.

Holt said the directors of the society requested Fagg to return to his duties as superintendent.

They cancelled his leave of absence granted some months ago so that Fagg might fill the state emergency relief directorship vacated by the removal of J. C. Huskisson of Tampa from that office.

Holt said Fagg agreed to comply with the society's wishes and telegraphed his resignation to Henry I. Hopkins, federal relief administrator, in Washington and mailed a copy to Governor Dave Sholtz at Tallahassee.

SHORT SELLERS OF AIR STOCK TO BE NAMED

Senate Probers Will Get List Of Those Who Got Rid Of Holdings Last January

WASHINGTON, Mar. 2.—(AP)—A list of those who sold aviation stocks short just before the airmail contracts were annulled will be placed before the Senate stock market investigating committee on Monday in answer to the demand of a Republican member.

With Richard Whitney, president of the New York Stock Exchange, testifying on the bill to regulate the securities markets, Senator Keen of New Jersey said he understood the information already had been compiled and asked that it be produced. Subpoena for the documents involved was served upon Whitney before he left the stand.

Whitney and his associates assured their complete willingness to give the committee the information and in fact revealed they had already had it in Washington. Whether the list includes any government officials, none would say, and Keen himself asserted he had no knowledge or suspicion in that regard.

Whitney said the short interests in aviation stocks increased from 4,000 shares to 44,000 shares during January. He thought scattered groups had done most of the selling, but could not recall whether any individual accounts involved huge blocks of stock.

Watters Strike While Flynn Stars Eat Lunch

HOLLYWOOD, Calif., Mar. 2.—(AP)—Dennis Watters, in one of Hollywood's well-known restaurants, the Brown Derby, walked out yesterday while more than a score of film celebrities were sitting. Other employees kept service going.

In the restaurant at the time were Tom Mix, Wallace Beery, Bobe Darbo, Bert Wheeler, Elliott Landi, Judith Allen, Lew Tracy and Jane Collier.

Spanish Cabinet Quits Because Of Arguments

MADRID, Mar. 2.—(AP)—Internal political difficulties caused the resignation of the cabinet yesterday.

President Nicols Alcala Zamora immediately began conversations with party leaders with a view to a quick solution of the crisis. It was indicated that he will be unable before today to find a new cabinet. He planned to hold conference most of the night.

VERNON'S FIRST BILL

WASHINGTON, Mar. 2.—(AP)—President Roosevelt yesterday vetoed his first bill—a measure providing honorable discharge benefits for Henry M. Hoffman, who served in Company C, eighth regiment, United States Infantry, in the World War. "I am convinced to take this action," the President said, "on the record as reported to me by the secretary of war, Hoffman is a resident of Oklahoma."

6 Bandits Rob Guard Of \$60,000 Currency

RICHMOND, Va., Mar. 2.—(AP)—Six bandits heavily armed today held up and robbed a guard of the State Financiers Bank and Trust Company of \$60,000 in currency.

Officials said the robbery presumably occurred while the guard, William Coghill, was on his way from the Federal Reserve Bank. He was stopped at the entrance of an alley by six men in black coats who touched the guard and escaped before a traffic policeman on a nearby corner could do anything to prevent the robbery.

Rainey Releases Vet Bill Veto Note

WASHINGTON, Mar. 2.—(AP)—The President's letter to Speaker Rainey that he would veto the Patman bonus bill was made public by the speaker as follows: MEMORANDUM FOR THE SPEAKER

DEAR HENRY: Mac has shown me your letter of Feb. 21. Naturally when I suggested to you that I could not approve the bill for the payment of the bonus certificates I did not mean that I might let it become law without my signature. I do not do things that way. What I meant was that I would veto the bill, and I don't care who you tell this to. Let me know your thoughts on the next step. "F. D. R."

SOUTH'S RETAIL TRADING GAINED DURING JANUARY

Building Permits Over 3 Times As Large As Those Of Last Year

ATLANTA, Mar. 2.—(AP)—The monthly review of the Sixth District Federal Reserve Bank here yesterday said nearly all available business statistics indicate trade and industrial activity in the district was at a "substantially" high or level in January this year than last and most of the important indices showed gains over December. January sales reported by 52 department stores were 31.2 percent greater than in January of 1933 but declined from the holiday level in December by 48.7 percent. Sales by 99 reporting wholesale firms in eight different lines averaged 10.3 percent greater in January than in December and were 59.5 percent greater than in January a year ago.

The volume of Federal Reserve Bank credit outstanding at the bank here declined further between Jan. 10 and Feb. 14 but was somewhat greater than a year ago because of larger holdings of government securities. Building permits issued in January at 50 reporting cities increased 64.3 percent over December and were more than three times as large as in January last year. Construction contracts in the district during January increased 65.5 percent over the month before and were more than twice as large as in January, 1933.

Roosevelt Attitude On Life Keeps Him In Perfect Health

WASHINGTON, Mar. 2.—(AP)—Because Franklin D. Roosevelt can keep smiling he has come through his first year healthier than when he became president. Dr. E. T. McIntyre, pronouncing the President in "fine shape," said today "The reason for it I think and the best thing about it is his general attitude on life—a cheerful, optimistic outlook, never appearing troubled. The few little colds the President has suffered have amounted to nothing at all. They were so trivial that if they had happened to anyone else that person would have gone to work as usual, but we can't allow any chance to be taken with the President, and we find him very co-operative."

Mrs. Ida Bailey Dies After Short Illness

Mrs. Ida Lulu Bailey, who would have been 58 years of age tomorrow, died at the Fernald-Laughton Memorial Hospital late yesterday afternoon after a short illness. Funeral services are to be held in Kissimmee tomorrow afternoon at 8:00 o'clock in the First Baptist Church. Burial will be in that city.

Atanta Woman Held As Author Of Threats

TAMPA, Mar. 2.—Mrs. Marie A. Miller, also Mrs. A. D. Helms, formerly of Atlanta, is being held for federal authorities at Clearwater on a charge of sending threatening letters to several prominent Atlanta families. She was brought to Tampa yesterday for a removal hearing before United States Commissioner Paul W. Peterson after which it is expected she will be returned to Atlanta.

Her arrest was made public yesterday at Atlanta by Postal Inspector E. A. Ward who said it cleared up the mailing of a number of threatening letters from Clearwater for several weeks.

U. S. CHECK FOR \$250,000 IS TURNED DOWN

Panama, Denying Sum Offered, Expected To Demand Payment Owed In Gold Coin

NEW YORK, Mar. 1.—(AP)—The acting fiscal agent of the republic of Panama yesterday said he had been instructed not to accept the United States government's check for \$250,000 in payment of this country's obligation under the Canal Zone treaty of 1904.

John Foster Dulles, acting at the General American government's fiscal agent, said he had received the check from Washington Monday.

Dulles was unable to explain the motive behind Panama's instructions, but in financial circles it was believed Panama intended to demand payment in gold.

Financial circles believed that Panama's action might be the first step in a controversy of international importance. Under the Panama Canal treaty, agreed in 1904, the United States agreed to pay Panama a lump sum of \$10,000,000 in gold coin and to make annual payments of \$250,000 in "like gold."

"As you all know," he stated, "our directors have been working hard and we think satisfactorily toward a goal that we all know will put an end to the constant threat of destruction and ruin which has faced us during the past few years."

A thought new to recent meetings of the Club was voiced by Henry Nickel, East Side grower who stated that in his opinion the only reason why Florida shippers and growers should fight to the end for the agreement is that it would be the first and greatest step in placing the celery industry of the nation on a solid foundation.

"As I understand it," Mr. Nickel stated, "we should arrange an agreement that would be duplicated in every celery producing section of America. That's the only and best way we celery growers and shippers can ever get together and iron out our difficulties, and on that basis I say we should make every effort to see that this agreement is approved by the Secretary of Agriculture."

11 Filipino Field Workers Die After Eating Toadstools

SAN LUIS OBISPO, Cal., Mar. 2.—(AP)—The deaths of 11 Filipino vegetable pickers was attributed to poisonous mushrooms today as physicians sought to save the lives of 15 others who partook of the deadly fungi at an impromptu feast.

Six of the Filipinos died Wednesday and five more yesterday. The lives of five others are in danger, physicians said. Following an examination Coroner L. S. Richardson said the 11 died from eating toadstools.

The victims became ill after a banquet inspired by the sudden appearance of the fungi. Believing the fungi to be tasty mushrooms, the vegetable workers gathered a large amount of them and invited their white employers to dine with them. The white men also are ill but they probably will recover.

Mrs. Ida Bailey Dies After Short Illness

Mrs. Ida Lulu Bailey, who would have been 58 years of age tomorrow, died at the Fernald-Laughton Memorial Hospital late yesterday afternoon after a short illness. Funeral services are to be held in Kissimmee tomorrow afternoon at 8:00 o'clock in the First Baptist Church. Burial will be in that city.

Mrs. Bailey was a native of Starke, Fla., where she was born on Mar. 3, 1876. She had lived in Sanford for the past three years. Her survivors include Mrs. Bid Richard, a daughter, of Sanford, and a son, Alva Bailey, also of Sanford. Three sisters, Mrs. J. C. Duke of Jacksonville, Mrs. D. C. Dear of Holly Hill, S. C., and Miss Clara Hilton of Melrose, Fla., also survive.

REARWARD AGENT INJURED

MIAMI, Mar. 2.—(AP)—C. C. Hicks, 48, of Jacksonville, was in a serious condition yesterday suffering deep head lacerations and a possible skull fracture received when he was struck by a hit-and-run driver, police reported. Hicks, a special agent for the rearward Atlanta line railway was walking at the side of a road, according to a report, when he was struck.

Opponents, Proponents Of Celery Marketing Pact Get Ready For Lakeland Hearing

Preparations looking toward adequate representation at the public hearing on a proposed celery marketing agreement to be held in Lakeland next Monday morning starting at 9:30 o'clock, were made in last minute meetings staged by opponents and proponents of the agreement at two separate meetings last night.

One of the meetings, that staged by the Seminole Agricultural Club, which has taken the lead in an attempt to organize the celery industry of the state, was a replica of several recent meetings in that those present again expressed themselves as convinced that the industry needs the agreement.

The other meeting was the first of its kind because it brought together growers and shippers who, having openly expressed opposition to the agreement for various reasons, had never met to form a compact organization that will present the dissenting views of this area.

Proponents of the agreement met at Seminole High School in a session under the auspices of the Seminole Agriculture Club with F. F. Dorner, presiding as head of the club. Approximately 40 growers and shippers' representatives attended this meeting.

Declaring that because the Club and its directors have been actively engaged for the past several weeks in preparing for the hearing which is now in prospect, Mr. Dorner stated that the meeting would be devoted to a final discussion of the procedure to be adopted by shippers advocating the agreement.

"As you all know," he stated, "our directors have been working hard and we think satisfactorily toward a goal that we all know will put an end to the constant threat of destruction and ruin which has faced us during the past few years."

A thought new to recent meetings of the Club was voiced by Henry Nickel, East Side grower who stated that in his opinion the only reason why Florida shippers and growers should fight to the end for the agreement is that it would be the first and greatest step in placing the celery industry of the nation on a solid foundation.

That's the only and best way we celery growers and shippers can ever get together and iron out our difficulties, and on that basis I say we should make every effort to see that this agreement is approved by the Secretary of Agriculture."

Mr. Nickel's thought was amplified by George B. Wither, local grower who with Mr. Dorner and R. L. Glenn of this city, appeared in Washington some weeks ago for a conference which is held as leading directly to the calling of the public hearing.

"I might state," Mr. Wither said, "that only last week, Porter Taylor of the Department of Agriculture told us that if the proposed agreement is okayed, there is little doubt but that California, Michigan, New York and all other areas will be given the same kind of agreement."

Early in the meeting, when Mr. Dorner asked members of a committee of eight growers to report their success in lining up a large delegation of growers who would attend the hearing, Roy F. Symes interrupted to say that Mr. Taylor had told him that it was not necessary that a great many growers attend the hearing. Mr. Symes suggested that an attorney representing the Club be in attendance, however.

Upon motion from the floor, George E. Balmes and Fred Holly were appointed to select a committee of three men who were to attend the meeting as official spokesmen for the Club and the (Continued On Page Four)

WHITNEY IDEAS ARE RIDICULED BY PECORA

Attorney For Senate Body Says Exchange Head's Views Upon Bill Are Fantastic

WASHINGTON, Mar. 2.—(AP)—Wall Street's contention that the stock exchange control bill would give the government "absolute control" over private corporations was challenged yesterday by Ferdinand Pecora, Senate banking committee counsel.

"I think that is the most fantastic kind of a ghost," Pecora said after Richard Whitney, president of the New York Stock Exchange, had expressed this view in presenting his objections to the bill before the committee.

The stock market investigation became linked for the first time with that of the current air mail inquiry when late in the day Senator Keen, Republican, New Jersey, asked the exchange to produce (Continued on Page Four)

Georgia Man Who Was Related Here Is Dead

Baldwin Jones, 23-year-old resident of Pelham, Ga., who had died here upon several occasions, died in that city Tuesday and was buried there yesterday, according to word received here.

Mr. Jones was a brother of Mrs. J. P. Harvey of Sanford who was among those attending the funeral. Mr. Jones also was the brother of Mrs. B. H. Anderson of this city who died some weeks ago.

New Smyrna Woman Killed By Explosion

NEW SMYRNA, Mar. 2.—(AP)—An explosion aboard a pleasure craft on the Indian River near here last night killed one woman, critically injured two others and turned an evening's outing into tragedy for a party of 12.

Mrs. M. P. Hutto, this city, was burned to death when she was trapped in the cabin of the 75-foot speed cruiser on which Winton Smith, Raleigh, N. C., had invited the party for supper aboard and a cruise down the scenic waterway.

Her daughter, Mrs. Mary Hutto Hutton, and Mrs. Dorothy Crisp both of this city, were seriously injured in the fire which followed an explosion. Physicians at a local hospital said Mrs. Crisp had little chance to live. Several others in the party of local men and women were treated for slight burns and shock.

Mrs. Hutto's body was found in the charred cabin of the sunken craft.

Rheta Wynkoop Said To Have Planned Death

CHICAGO, Mar. 2.—(AP)—With lips trembling from a storm of pent-up emotion, Catherine Wynkoop, physician-daughter of Dr. Alice Lindsay Wynkoop, charged with the murder of her daughter-in-law, Rheta, testified in her mother's defense yesterday that she had heard Rheta make a threat which indicated she contemplated suicide.

Avid spectators, who again yesterday stormed the courtroom, sat tensely silent as the 25-year-old physician told for the first time the sequence of dramatic incidents after Rheta's body was found drowned in blood on the operating table in the gloomy west side home of her mother.

BANK ROBBER IS KILLED

PLATTSBORO, Neb., Mar. 2.—(AP)—One bank robber was killed instantly and two suspects were captured 30 minutes later by a hastily formed posse as Deputy Sheriff J. E. Lancaster late Wednesday frustrated an attempt to rob the Plattsborough State Bank.

STATE FERA IS WITHOUT LEADER WITH FAGG OUT

Newell's Charges Fail To Arouse Answer Of Resigned Chief

TALLAHASSEE, Mar. 2.—(AP)—Florida's emergency relief administration today still was without an administrator, as Governor Dave Sholtz accepted the resignation of Marcus Fagg and had not appointed his successor.

Fagg tendered his resignation, which was accepted "without comment" by the governor because, he said, his leave of absence as superintendent of the Florida Children's Home had expired.

Fagg's activities as head of the CWA in the state were, during the past few days, subject of considerable criticism, particularly from J. P. Newell, member of the state CWA executive committee.

Thus far Fagg has declined to reply to charges of Newell, who Wednesday said at a meeting of the executive committee that social service and welfare work in the state has "every semblance of a political racket."

Local political subdivisions may be required to complete any Civil Works projects not finished by the time the federal program ends.

This was pointed out yesterday in a letter from Henry DeSaussure, principal assistant state CWA engineer, to all county administrators.

"It becomes necessary to warn you," he wrote, "that any project begun by the CWA may have to be completed by the county, or other local political subdivisions sponsoring such project, or which will be benefited thereby."

"The local administration must make certain before recommending an application for a project that the local political subdivision will assume the responsibility for completion when the CWA assistance must be withdrawn, if necessary."

Blaine McGrath, of Fort Myers, resigned yesterday as Lee County CWA administrator and emergency relief chairman, and F. Irving Holmes, of Fort Myers, was appointed by Governor Sholtz to succeed him.

Med-Fly Bill Delayed By Senate Debates

WASHINGTON, Mar. 2.—(AP)—The Senate delayed consideration yesterday of a proposal for an investigation into the government's Mediterranean fruit fly eradication in Florida.

Senator Vandenberg, Republican, Michigan, objected to immediate consideration of the proposed investigation.

SHIPS PEOPLE RESCUED

HELINGFORS, Finland, Mar. 2.—(AP)—All 50 of the passengers and crew aboard the Polish steamer Eceury, dangerously near sinking in violent seas near Macell Island, were taken off the stricken vessel early yesterday by a salvage ship.

AWARDED DAMAGES

NEW YORK, Mar. 2.—(AP)—A jury in Queens county supreme court yesterday awarded Mrs. Mildred E. Thomas, of Orlando, Fla., a \$25,000 verdict against the Benjamin Motor Express, Inc., of Boston, for the death of her husband W. J. Thomas.

Democratic Support Expected Of Plea But Bitter Partisan Debate Seen Certain

WASHINGTON, Mar. 2.—(AP)—President Roosevelt today asked Congress for authority to modify tariff rates in negotiating commercial agreements with other nations.

"I am requesting Congress to authorize the Executive," the President said "to enter into executive commercial agreements with foreign nations and to pursue thereof, which carefully guarded limits, to modify existing duties and import restrictions in such a way as will benefit American agriculture and industry."

The President discussed at length his reasons for asking such power.

First, he said, world trade has declined approximately 70 percent from the 1929 volume.

Second, other governments in an increasing extent are "winning their share of international trade by negotiating reciprocal trade agreements. If American agricultural and industrial interests are to retain their desired place in this trade, the American government must be in a position to bargain for that plan with other governments by a rapid and decisive negotiation based upon a carefully considered program."

The tariff bargaining experiment was proposed to Congress with assurance of Democratic support but with a bitter partisan debate in prospect on an important political issue.

Hopkins Ousts Relief Body In North Dakota

BISMARCK, N. Dak., Mar. 2.—(AP)—Political tributes, claimed to have been exacted from relief employees in North Dakota, resulted in the national government taking control of the state relief administration yesterday.

This action by Harry L. Hopkins at Washington was promptly followed by Senator Nye's demand that any officials found guilty of such wrong doing, be prosecuted.

Governor William Langer, promising a speaking engagement in another part of the state, would not be reached immediately regarding Hopkins' charges that "information indicating political contributions were collected from employees of the relief administration."

"It is apparent that contributions were used for party political purposes," the federal administrator added.
