At A Glance

Car damaged when tree falls

LONGWOOD — High winds Tuesday afternoon blew a large tree into a car owned by Phao Sapsavahn, 30, of Deltona.

The 1985 Toyota was parked in the lot of Rattan and Wicker World, 451 General Hutchinson Parkway, rural Longwood, when the tree crashed down onto its roof.

A Seminole County sheriff's report shows damages to the hood, roof and windshield of the car are estimated at \$2,000. There was no report of injury.

Seminole Realtors go to Tallahassee

WINTER SPRINGS — Members of Seminole County Board of Realtors are scheduled to take a bus trip to Tallahassee Tuesday and Wednesday for the Florida Annual Realtor and Realtor Associates Legislative Days.

The purpose of the trip is to meet with local legislators on matters that concern the real estate profession and private property rights.

The bus will leave the board office at 1500 Shepard Road, Winter Springs, at 8:30 a.m. Tuesday and leave the capital at 7 p.m. Wednesday.

Committee: workers can play lottery

TALLAHASSEE (UPI) — The Senate Commerce committee voted Monday night to eliminate a ban on lottery ticket sales that has kept many telephone company employees, store clerks and others from legally playing the Florida game.

Under existing law employees of companies that contract with the lotter department to supply telephones, computers and other services cannot buy tickets. The law also prohibits employees of stores that sell tickets from buying tickets at their jobsites.

The bill also makes several other minor changes including a requirement that the department have permission before releasing the address and telephone number of a lottery winner.

The lottery plans to introduce an in-line computer games beginning April 29.

Algerian official talks to hijackers

ALGERS (UPI) — A top Algerian official met with the hijackers of a Kuwait Airways jet with 32 hostages aboard for about 30 minutes today and said the pirates had agreed to avoid further violence in the nine-day terror odyssey.

Algerian Interior Minister El Hadj Khediri said the hijackers repeated their demand for the release of 17 Shiite Muslim men jailed

Sanford delays water agreement 6 months

By Nancy Simmons
Herald Staff Writer

SANFORD — It appears Sanford's wastewater disposal problems may continue to plague city officials for another six months since the Sanford City Commission voted 3-2 Monday last night to wait six months before taking further action on a proposed agreement between the cities of Sanford and Lake Mary—an agreement which would enable Sanford to supply Lake Mary with treated wastewater.

Wastewater agreement delayed

What: Sanford commissioners put a 6-month hold on a proposed agreement with Lake Mary to pay that city to take Sanford's treated wastewater.

Why: Three commissioners decided they wanted the staff to investigate other options.

including using the property near Geneva.

Option: Sanford will pay Lake Mary a \$10,000 non-refundable option fee which will apply to the payment for taking the wastewater, if the agreement is approved within six months.

However, the commission voted to grant Lake Mary a \$10,000 premium for keeping the option open to Sanford

during that six month period.

According to Bill Simmons, Sanford director of engineering and planning if the proposed agreement for sending treated water to Lake Mary is executed in six months, the premium will be applied to Sanford's \$2.2 million one-time cost for construction and easement costs. If Sanford does not ultimately provide Lake Mary with the treated wastewater, Sanford would be out the \$10,000 he said.

He noted that since the city of Lake Mary has not taken any kind of action on the proposed agreement, Sanford will have to present that city with some kind of option proposal for commissioners there to act on.

Commissioners A. A. McClanahan, John Mercer and Whitey Eckstein voted for the six month waiting period. McClanahan said he preferred the waiting period so city staff can

Credit union office robbed

Thieves escape with \$8,000-\$12,000 in cash

Sanford Police Capt. Charles Fagan prepares to open the door of the credit union office which was robbed Tuesday morning as crime scene technician N. S. Ruby carries his equipment up the walk. Two men robbed the office about 10:30 a.m. Tuesday.

SANFORD — Two police agencies today are investigating the broad daylight robbery of a Sanford credit union office Tuesday because of similarities in a credit union robbery in Longwood last week.

Two men, described as in their 20s, robbed the Central Florida Educators Federal Credit Union, 2201 French Ave., Sanford, at approximately 10:30 a.m. Tuesday. They got away with between \$8,000 and \$12,000, according to Sanford Police Chief Steven D. Harriet.

Longwood's acting police chief Richard Beary said the description of the men and the similarity of the crime to the Longwood robbery led to his department joining with Sanford's in jointly investigating the robberies.

Harriet said no customers were in the credit union Tuesday when the two men came in.

The robbers acted swiftly and made off with their loot before police arrived, despite two alarms activated by credit union employees while the robbery was in progress. "We're speculating that this is a pattern and that the robbers know just how to get in and out quickly because credit unions of this size are similarly designed and they have only a few employees," the chief said today.

Harriet said as soon as the robbers entered the credit union office, one of them jumped over a counter where two tellers were stationed, while the other one remained in the main lobby near the door. The robber who jumped over the counter pushed the tellers against a wall and told them to stay out of the way and no one would be hurt, then he moved quickly to the cash drawers, opened them and stuffed cash into a bag, the chief said.

The second robber on the other side of the counter said nothing, tellers told police.

Harriet said credit union employees saw no weapons during the robbery.

While that was going on, the

Robbery scenario

What: Two men robbed the Central Florida Educators Credit Union in Sanford.

When: At about 10:30 a.m. Tuesday.

Loot: The robbers made off with between \$8,000 and \$12,000 taken from cash drawers.

Investigation: Longwood and Sanford police are investigating the robbery together because of a similar credit union robbery in Longwood last week.

office manager Bruce Anonck at his work station in the same room, but behind a partition, detected something was wrong and set off an alarm. Besides Anonck and the two tellers behind the counter, only one other employee was in the office on the same job of the counter as Anonck, Harriet said. Even as Anonck hit an alarm, another employee also tripped an alarm, the chief said.

The man who took the cash jumped back over the counter and the two ran out the front door. They apparently got into a red car parked at the rear of the building and drove off, according to Harriet.

Harriet said police arrived in less than a minute, but the robbers had already gone. He said the robbery took about 15 seconds, then they ran out and drove off in the red vehicle.

He searched the entire area for about an hour, stopping small red cars, but no one in them fit the robbers' description and they all had legitimate reasons for being in the area, Harriet said.

Beary said the Seminole County Teachers Federal Credit Union in Longwood was robbed at about 2:15 p.m. on April 5.

Two men of similar description robbed that credit union on

Historic district receives commission endorsement

SANFORD — A 70-block area commonly known as Sanford's historic residential district may be one step closer to being placed on the National Register of Historic Places.

Sanford city commissioners voted 4-1 Monday night to recommend to the state that the district be nominated for placement on the national register.

Commissioner A. A. McClanahan voted against the recommendation, saying he does not think proper procedure had

been followed by the city.

City attorney William L. Colbert told commissioners that a mere listing on the national register would not bring additional controls on property owners in the proposed district, and Mayor Doty Smith said that was why she voted for recommending the nomination.

The area in question is bounded by South Laurel Avenue on the west, 13th Street on the south, South Sanford Avenue on the east and Third

and Second Streets on the north. According to information contained in a document describing a survey of historic buildings in the city of Sanford, the proper procedure is to:

- Complete a survey of the proposed area.
- Have the findings submitted to Historic Preservation Board.
- That board reviews the findings and recommends to the city commission that a nomination be forwarded to the Division.

See HISTORIC, page 10A

Rape suspect arraigned in Longwood case

SANFORD — A trial date for Robert Power, the 27-year-old man charged in the September 23, 1987 rape of a Longwood woman, will be set June 20 when he appears before Seminole Circuit Judge Vernon C. Mize.

Judge Alan Dickey appointed a public defender for Power and ruled that Power should be kept

in jail without bond when Power appeared for arraignment Tuesday.

Power is charged with sexual battery, burglary, robbery and petty theft.

The defendant, previously jailed in Osceola County on separate charges, was returned to that jail after his arraignment. He will remain in Osceola

County until the June hearing. Samples of deoxyribonucleic acid (DNA), a genetic material, were used by investigators to link Power to the Longwood case in which a 28-year-old woman was attacked in her home.

In that incident, a man had climbed into the house through a window, robbed and raped the woman and stole her car. The

victim told investigators the man who attacked her was about a foot 11 inches tall with dirty blond or brown hair.

The car was later found by police in Kissimmee, three blocks from Power's home. A ring the man had stolen from the Longwood woman was also recovered after a friend of Power's told police he had given it to her

the day after the alleged rape.

According to Longwood Police Lt. Jack Bistand, blood samples for a DNA test were taken from Power. The blood and semen found in the victim were analyzed by a lab in Valhalla, N.Y. Samples from Power and the victim matched, Bistand said.

New county law: No drinking while driving

By J. Mark Barfield
Herald Staff Writer

SANFORD — The days of driving over to a friend's house while drinking a beer are nearly over in Seminole County.

Seminole County commissioners unanimously passed an open container law Tuesday night prohibiting possession of an open container of alcoholic bev-

erages while in a motorized vehicle, which includes motor boats.

The action was applauded by Beth Bridges, president of the Seminole County Mothers Against Drunk Drivers (MADD).

Bridges said the law would not eliminate alcohol-related deaths, but it might deter them.

See LIQUOR, page 10A

About the bottle law

What: A new county law prohibits possession of an open alcoholic beverage container in a public area for all people in motorized vehicles, including cars, trucks and motor boats.

Why: To prevent alcohol-related deaths caused by drunken drivers.

Penalty: \$500 fine or up to a 60-day jail term or both.

When: Takes effect in about seven days.

Gunter: No vendetta in police funds probe

By Jane Casselberry
Herald Staff Writer

LONGWOOD — Mayor David Gunter has denied charges by suspended Police Chief Greg Manning and his attorney William Barfield that he engaged in a so-called vendetta against Police Chief Greg Manning when he gave city consultant Jeff Eichberger orders to look into

the handling of the Police Benevolent Fund.

Barfield claims Gunter said publicly that he would not accept a finding by Eichberger which did not contain a finding of wrongdoing. Gunter denies he said that.

It was Eichberger's findings from an audit of 10 years of

POLICE IN BRIEF

Man charged with pot possession; 3 nabbed on trespassing charge

FERN PARK — A man nabbed along with two boys as they allegedly trespassed in Fern Park, is to face a charge of possession of less than 20 grams of marijuana, as well as trespassing, in court on April 21.

The 17-year-old boys who were arrested along with Jeff Franklin Kirk, 18, of 2035 Collier Drive, Fern Park, were charged as juveniles and released to their parents, a Seminole County sheriff's report said.

The three were nabbed by sheriff's deputies who saw them exiting through a gate in the backyard of 701 Coachlight Drive, Fern Park at about 7:20 a.m. Tuesday.

Deputies had been called to the scene to investigate an attempted burglary. The suspects reportedly ran to the gate when they spotted deputies who ordered them to halt. In a search of Kirk a small quantity of marijuana was reportedly found. He has been released on \$500 bond.

Car confrontation yields 2 arrests

SANFORD — Two men, confronted at their car by Sanford police and jailed on a charge of possession of cocaine, remain jailed today.

Police reported spotting a straw and a mirror with cocaine residue on it in the car at about 4:50 a.m. Tuesday on Lake Placid Drive.

The driver, Alan Mark Davison, 33, of Deltona, and Robert James Phieckhaan, 32, of Orlando, were each being held in lieu of \$1,000 bond.

Pot allegedly found on driver

SANFORD — A Sanford man who had no driver's license, which ultimately led to his arrest on drug charges, is scheduled to appear in court May 2.

Sanford police report asking Lenard Taylor, 25, of 2451 Crawford Drive, Sanford, for his driver's license after he drove up and got out of his car at Talk of the Town, 718 Seventh St., at about 8:52 p.m. Tuesday. They determined his license had been suspended and arrested him for driving with a suspended license. In a search of Taylor's car police reported finding marijuana and a matchbox of cocaine.

He has been released on \$2,000 bond.

Witness: He had a noisy muffler

SANFORD — The investigation into an early morning armed robbery today continues with Seminole County sheriff's deputies seeking a suspect who may have made his getaway in a car with a noisy muffler.

The robber entered the Circle K at 2631 S. Sanford Ave., Sanford, at about 3:05 a.m. He implied he was armed, possibly with a knife, when he put his hand inside his clothing and said, "Just give me your money and I won't hurt you," a sheriff's report said. The clerk handed over about \$100 and the robber ran out.

A witness saw the robber go down Wylly Avenue and heard a car with a noisy muffler start and leave the area. Before leaving the store, the robber had warned the clerk, "Don't call police or I will kill you."

Burglaries and thefts reported

Sheriff's deputies are investigating the theft of about \$125 and a wallet and purse taken in a burglary to the home of Paul F. McCauley, of 1948 Hounds Lake St., Winter Park, Sunday or Monday.

Sheriff's deputies report \$590 is missing from a safe at Mrs. Appleton's Restaurant, 1431 State Road 436, Casselberry. The loss was reported Monday.

A \$400 gasoline motor belonging to Mark Construction, 1969 Corporate Square Drive, Longwood, was stolen Monday or Tuesday from a fenced construction site compound at Spring Lake Elementary School, 695 Orange Ave., Altamonte Springs, a sheriff's report said.

Two brass vases with a total value of \$400 were discovered missing Monday from two graves at Highland Memory Garden, State Road 436, Apopka. A sheriff's report said it is not known when the vases were taken.

Michael H. Durgerian, of 643 Trailwood Drive, Altamonte Springs, reported to sheriff's deputies that a \$400 stereo, a \$170 citizen's band radio and a \$180 radar detector were stolen from his van Sunday or Monday.

Sheriff's deputies have the name of a suspect who may have stolen household furnishings with a total value of about \$350 from the rental home of Otto McDaniel, of Orlando. The location of the theft is 2613 1/2 Palmetto Ave., Sanford. The theft occurred between Saturday and Monday.

Injured high school senior dies

LONGWOOD — A Lake Mary High School senior, injured in a Feb. 7 accident on Lake Emma Road, in rural Lake Mary, died Tuesday at Orlando Regional Medical Center.

Lane Edgar McGee, 17, of 1389 Laundry Circle, Longwood, was injured when the car in which he was a passenger swerved off the road into a tree and a wooden fence.

A hospital spokesman said today McGee, who had been in intensive care since his accident, was taken off life support machines on Monday and died at 3:15 a.m. Tuesday.

The uninjured driver of the car, Brian Scott Thomason, 16, of Longwood, was charged with reckless driving at the time. The Florida Highway Patrol said Thomason was passing two southbound cars when he met

the northbound vehicle coming over a hill and lost control of his car when he swerved to avoid the collision. McGee was wearing a seat belt.

Lake Mary Assistant Principal Don Smith said today, "He was a very positive young man, actively involved in the school with many friends. He was on the football team and was a fine young man. It was a great tragedy and a loss to the student body."

Smith said although it is not the policy of the school to conduct memorial services, students wishing to attend funeral services would be excused to do so. Funeral services for McGee will be held at 9:30 a.m. Thursday at the Ivanhoe Chapel of Baldwin-Fairchild Funeral Home with Chaplain Richard Smith and the

Rev. Thomas Langford officiating. Burial will be follow at Ortona Cemetery, Moore Haven.

Born May 2, 1970 in Fort Lauderdale, McGee moved to Longwood from there in 1973. The son of Jane McGee, Longwood, and Douglas McGee, Orlando, he played defensive back on the Lake Mary Rams varsity football team in 1987.

Perry A. Casey, of Longwood, another passenger in Thomason's car, also received incapacitating injuries in the accident.

Lake Mary High football coach Harry Nelson said, "He was a well-liked young man. He was too thin for combat, but was one of the troubleshooters. Wherever there was trouble, we put Lane in."

—Jane Casselberry

Charges added against suspected dealer

LONGWOOD — An Altamonte Springs man, reportedly recognized as a suspected cocaine dealer and confronted by City County Investigative Bureau agents, today faces the initial charges he was wanted on as well as an added charge of possession of marijuana and

possession of pot to sell.

CCIB agents reported recognizing and arresting Alexis Drew Cleveland, 22, of 308 Teakwood Lane, in the parking lot of the Lake Fairy Motel, U.S. Highway 17-92, rural Longwood, at about 1 p.m. Tuesday. He was first charged with possession

and sale of cocaine.

In a search, CCIB agents reported finding finding marijuana in Cleveland's underwear. He has been released on a total of \$2,500 bond and is scheduled to appear in court April 20 and May 9.

—Susan Loden

Police chief retires amid controversy

DALLAS (UPI) — Police Chief Billy Prince announced his retirement at age 45 amid controversy over minority issues and the relationship between his officers and the people they protect and serve.

The chief of the Dallas department for six years an-

nounced the early retirement at a Tuesday news conference. Prince said he will work in an advisory capacity with his successor and other city leaders through the end of the summer.

"I decided two or three months ago that the time was near for me to leave," he said. "I

was off 11 days just before Easter. Then I woke up Easter morning and I just didn't feel good about coming back. I told my wife."

Prince moved to Dallas 23 years ago from Antlers, Okla., to join the force. He has worked on the department ever since.

Man attacked, robbed outside his apartment

SANFORD — A 34-year-old Sanford man was attacked and robbed early this morning by an unidentified male in the parking lot of the Pine Ridge Club apartments, police reported.

At 1:20 a.m., Robert Thompson, of 13125 Pine Ridge Circle, was thrown to the ground by a black male, approximately 6-foot-3, 240 pounds, and struck several times in the face with fists. The suspect demanded money but fled after taking only cigarettes and lighter, valued at \$2. Thompson received minor head and face injuries in the attack.

Other crimes under investigation include:

• Sometime between April 8 and April 12, a newly constructed, unoccupied home at 322 Sir Lawrence Drive was entered through a sliding glass door, police reported. The burglar poured a substance believed to be bleach on the carpet causing an estimated \$1,800 damage, police said. The home belongs to Centex Homes of Florida, Orlando.

• The apartment of Chen Mao Tsai, 36, 2570 Hartwell Ave., was ransacked and robbed of property valued at \$3,990 between 9:10 a.m. and 12:45 p.m.

Seminolians join in record-setting

By Fred H. Cooper
Herald Staff Writer

It's been a few months but we've done it again. Record-breaking weather. Doesn't that give you a warm and tingly feeling? The "official" area report cites the low temperature during the 24 hour period ending at 8 a.m. today was 49 degrees. This breaks the previous record low for the date of 52 degrees set in 1973. Then, read further. The "official" low temperature in Sanford during the same period was 44 degrees. That's a real burrrrr! It's a record if for no other reason than the number of r's. And, chilly bumps on the flesh of folks in the northern portion of the county. The record-breaking feat was confined to our area. Lows elsewhere may have been close, but they get no cigars.

If it's any consolation, it got colder the further north you went. Even into the uttermost parts of Volusia County. Hence northward unto Duval. In Georgia the cold was combined with rain; then snow in the Carolinas around Mt. Pisgah. Blowing Rock and Grandfather Mountain-up to 8 inches, if fact.

Actually it's all appropriate. When Friday the 13th falls on Wednesday anything can happen.

You didn't appreciate this little adventure into recordland? Then look up right now. Chances are the sun is shining and the near-gale force winds of yesterday have subsided to gentle breezes. The 70s of today will warm to the 80s tomorrow, then hold through the weekend. The lows in the 40s and 50s will mature to the 60s again. Let there be rejoicing in the streets, sing in harmony for all is good again. Until summer when we'll probably start breaking records again just

like last year. Those winds were crazy. Perhaps crazier way up in Boston where they had a special probe.

The heavy rain and stiff winds subsided enough to allow crews to reassemble a 57-ton statue of Egypt's last great pharaoh, Rameses the Great, the centerpiece of a Museum of Science exhibition.

The Colossus of Memphis, a 27-foot granite statue of Rameses II, was in place by Tuesday afternoon after two days of work.

The statue arrived at the museum Monday morning in three sections. It was trucked from the Denver Museum of Natural History. Efforts to assemble the statue was halted Monday because of bad weather.

After its exhibition in the United States, the statue will be returned to Egypt for permanent display in the future Egyptian Museum of Civilization.

The statue will not be coming to Seminole County so if you want to see it, head for the Bay State.

Weathers eyes have concentrated on the rains in California and the snows in the Rockies lately, but yesterday the news was in the south.

Thunderstorms unleashing rain and strong winds along the nation's mid-Atlantic coast brought the threat of flooding today from Virginia to South Carolina.

Warnings of gale force winds were posted along the central Atlantic Coast and strong easterly winds brought threats of coastal flooding, the National Weather Service said.

(Reports by United Press International and data provided by the National Weather Service were used in compiling this report.)

Local Report

The high temperature in Sanford Tuesday was 74 degrees and the overnight low was 44 as reported by the University of Florida Agricultural Research and Education Center, Celery Avenue. Recorded rainfall totalled 0.06 inch.

Area Readings

The temperature at 8 a.m.: 53; overnight low: 48; Tuesday's high: 72; barometric pressure: 29.88; relative humidity: 56 percent; winds: West at 7 mph; rain: .15 inch. Today's sunset: 7:50 p.m.; Thursday's sunrise: 7:01 a.m.

Area Forecast

Today...mostly sunny...breezy and cool. High in the upper 60s to lower 70s. Wind northwest 15 to 20 mph and gusty. Tonight...fair and cool. Low in the upper 40s to mid 50s. Wind becoming north 5 to 10 mph. Thursday...sunny and mild. High in the mid 70s to around 80. Wind variable 5 to 10 mph.

Extended Forecast

The extended weather outlook, Friday through Sunday, for Florida except northwest: Partly sunny Friday with highs in the upper 70s and lower 80s. Lows in the lower 50s north and lower 60s south. Saturday partly cloudy. A chance of rain in the north. Sunday partly cloudy south and mostly sunny north. Highs both days in the upper 70s and lower 80s. Lows Saturday night in the upper 40s north to the lower 60s south.

Area Tides

Boating

St. Augustine to Jupiter Inlet - A small craft advisory is in effect. Today...wind northwest around 20 kts decreasing to around 15 kts by late this afternoon. Seas 3 to 5 ft near shore and 5 to 8 ft offshore subsiding to 3 to 5 ft offshore late this afternoon. Bay and inland waters rough becoming a moderate chop this afternoon. Tonight...wind northwest to north around 10 kts.

COMING EVENTS

Democratic Exec Committee meets Thursday in Longwood

The Seminole County Democratic Executive Committee will meet at 7:30 p.m. Thursday at the Democratic headquarters at 217 N. Highway 17-92, Longwood.

Audubon plans field trip

Seminole Chapter of Florida and National Audubon societies will meet at 9 a.m. Thursday behind the DelRay Post Office to carpool for a field trip to Lake Woodruff National Wildlife Refuge and DeLeon Springs State Park. They will eat lunch at the Old Sugar Mill. Bring Golden Age pass for admission to the refuge. Admission to the park is 50 cents. For information call Al Lathrop, field trip chairman, at 322-5177.

Saleswomen hear Brock

Lillie Brock, regional director for Citizens Against Crime, will speak on "Steps to Personal Power" at the Orlando Chapter of the National Association for Professional Saleswomen dinner meeting, Tuesday, April 19 at the Ramada Inn, 150 N. Douglas Ave., Altamonte Springs, 6-9 p.m. Reservations deadline, April 15. Call 345-0545 for more information.

Women's AA group meets

The 24-hour Women's Alcoholics Anonymous meeting will be held 5:30 p.m., Thursday at Fourth and Oak, Sanford.

AARP offers tax help

AARP free tax-aid volunteer assistance for retirees will be available Thursday from 9 a.m. to 1 p.m. and Oviedo City Hall.

Holocaust observance held

An interfaith commemoration of the Nazi Holocaust will be held at the Jewish Community Center auditorium, 851 N. Maitland Ave., Maitland, 7:30 p.m. Thursday, April 14 is open to the public. John Loftis, author of *The Belarus Secret*, will speak on "The Pursuit of Justice." There will be a candlelighting service, musical presentations and participation of survivors and dignitaries. Awards will be presented to Holocaust writing contest winners.

Parent Support Group to meet

Families Together Parent Support Group meets every Thursday at 7:30 p.m., 900 Fox Valley Drive, Sweetwater Square, Suite 206 for open discussion. For information call 774-3844.

Selling bonds may speed road work

By J. Mark Berfield
Herald Staff Writer

SANFORD — Seminole County officials may be able to speed up several road projects by bonding county gasoline taxes.

County commissioners agreed to allow county staff to prepare a bond proposal by the April 26 meeting. They will take formal action on the approval today.

Deputy County Administrator Jim Bible said with the bond financing, \$47 million of road improvements that might take five years to complete due to uncertain financing, could be completed in three years.

Although Commissioner Bill Kirchhoff said the commission's decision wasn't needed so fast because of the time required to

complete bond document preparation and other legal requirements, he concurred to allow the preparations to proceed.

Commissioner Bob Sturm said the county is left with few options in attempting to escalate improvements to heavily-travelled roads.

"We've run out of options," Sturm said. "We went to the voters twice in the last two years and they did not approve an additional gas tax."

County Administrator Ken Hooper said all of the road projects in the bond list are already in the planning stages and would have no effect on road projects selected by a proposed

county-city road impact fee committee.

The committee has been suggested as a compromise to three cities, Sanford, Winter Springs and Casselberry, which opposed county collection of road impact fees from development projects in their cities.

Commissioners also gave their concurrence to a list of road projects Monday.

The projects include:
● Lake Mary Boulevard — construction of a two-mile extension between U.S. Highway 17-92 and County Road 427; cost-\$1.4 million.

● Lake Mary Boulevard — right-of-way acquisition and construction of 3.4-mile four- and six-lane widening from

Markham Woods Road to County Road 15; cost-\$9.95 million.

● County Road 427 — right-of-way acquisition and construction of 1.5-mile, four-lane widening between Charlotte Street and State Road 434; cost-\$4.65 million.

● Red Bug Lake Road — construction of four-lane widening in a one-mile section between State Road 436 and Autumn Glen Road; cost-\$2.3 million.

● Red Bug Lake Road — right-of-way purchase and construction of 2.64-mile widening to six lanes from Autumn Glen Road to Tuskawilla Road; cost-\$9.9 million.

Public safety complex a step closer

By Wayne Miss
Herald Staff Writer

LAKE MARY — The Lake Mary Public Safety Complex, which will house the police and fire departments, is a step closer to becoming a reality, but still at least six months away from an official ground breaking.

The Citizens Advisory Committee made a detailed report at Thursday's city commission meeting, outlining costs and options for construction methods. "They (the commissioners) merely accepted the committee's report," said Mayor Dick Fess. "There is no pressure to do or finish anything."

The complex, which will consist of fire and police buildings, in addition to the public works and city garage, will be located on the city's 10 acres, about one-fourth mile north of Lake Mary Boulevard on the east side of Rinehart Road.

The committee believes the total project can be constructed for \$951,200 with a 10 percent contingency.

"The next step is for Catalyst, Inc., the architectural firm, to make us a presentation on how

much they will charge us for being the architect," said Commissioner Tom Mahoney. Mahoney says after the fee presentation the next step will be for Catalyst, Inc., to provide the commission with a detailed site plan before construction bids are approved.

Mahoney predicts the process will take at least six months before actual construction begins.

The cost of furnishings and equipment for the complex were not explored by the commission, but engineering fees, contingencies and testing are expected to total \$250,000, bringing the total cost of the project to \$1.2 million.

The \$1.2 total cost of the project is still a considerable savings over the original "rough" estimate of \$3 million provided by Catalyst, Inc., according to Mahoney.

The most important cost-

reducing recommendation the committee made was that the complex be of pre-engineered steel with brick facing instead of concrete and masonry. The committee also recommended the elimination of storage facilities at the complex.

According to the Citizens Committee's recommendation, the fire department facility will have 4,110 square feet and cost \$143,850 or \$35 per square foot. The police facility will be 5,600 square feet and cost \$196,000 or

\$35 per square foot. The public works and city garage area will cover 11,000 square feet and cost \$156,000 or approximately \$15 per square foot.

Total site work, which includes grading, drainage, utilities, road and walks, fence, walls, signage, lawn work and planting will cost \$341,850, according to the committee.

The Citizens Committee consisted of Larry Dale, Bob McKee, Richard Joslin, Mike Good and T.F. Dedman.

Project priority worries Norris

LAKE MARY — City Manager Bob Norris had other things on his mind than his heart surgery just before checking in at Florida Hospital in Orlando Tuesday. Norris' triple bypass surgery was scheduled for today.

Norris left city hall concerned about the priorities of the city commission in regard to the city hall project versus the public safety complex.

"In my mind, I believe that city hall is of a greater priority than the Rinehart project," Norris said. "I would like us to keep on track and to see city hall taken care of first. We don't know how much the project is going to cost yet."

Norris expressed concerns that the \$3.17 million bond issue entered into by the commission for the projects could be stretched to the limit if cost overruns are incurred.

"Now that we have a good cost

estimate of the Rinehart project (\$1.2 million), what if we run into some unusual circumstances at Rinehart with over-runs and then the city hall has an over-run? Where would the money come from?"

Commissioner George Duryea did not see a conflict with the commission and its priorities, or possible cost overruns.

"I don't think that any one of the two projects have suffered because of the other," said Duryea. "I don't think there is a priority concerning either one. I don't particularly care which one goes first simply because we are proceeding at the progress which is allowed us."

As far as possible cost overruns, Duryea did not foresee a problem. "They are capital projects and as far as I know it doesn't preclude us from using other funds. Impact fees can be used."

Teacher exchange program underway

By Nancy Simmons
Herald Staff Writer

OVIEDO — Lawton Elementary School, Oviedo, is participating in a teacher exchange program which is beneficial to both teachers and students, according to Fairlee Bagley, a teacher and curriculum representative at the school.

Lawton is the only school in the county which participates in a teacher exchange program, she said.

Two teachers from Gig Harbour, Washington, Larry and Mary Whitney, are visiting this week, Lawton she said. The purpose of the exchange program is to provide teachers the opportunity to observe other schools, she said. However, students also benefit because visiting teachers teach about their areas of the country.

While the Whitneys are at Lawton, Lawton art teacher Karen Morgan will visit Larry Whitney's school in Gig Harbour. Morgan plans to teach

the students at Purdy about Florida wildlife, including manatees, and to take them some information about Cape Canaveral, Bagley said.

The Whitneys will teach youngsters at Lawton about the Pacific Northwest and northwest Indians, Bagley said. She noted that Larry Whitney is also a park ranger during the summer and will discuss that aspect of his life with the children.

The exchange program is set up through the Elementary School Consortium in Seminole County. Bagley said the consortium is "committed to improving excellence in elementary schools and to looking at ways of creating excellence." The consortium is a four-member committee composed of herself, School board member Nancy Warren, Ken Boylo, director of elementary education for Seminole county; and Lawton principal Michael Mizwicki.

House may OK helmet law repeal

TALLAHASSEE (UPI) — Gov. Bob Martinez is refusing to say whether he would sign legislation allowing motorcycle age 21 or older to ride without wearing a helmet.

The bill (HB 115), which appears headed for final

passage in the House today following preliminary approval Tuesday, would allow a jury to consider the lack of a helmet when assessing damages after an accident. Motorcyclists under 21 would still have to wear a helmet.

Interpreting the INF treaty

The lone shadow hovering over Senate consent to the U.S.-Soviet treaty eliminating intermediate-range nuclear forces is cast by the still unresolved controversy over the Reagan administration's efforts to reinterpret the earlier Anti-Ballistic Missile Treaty.

Democratic members of the Senate Foreign Relations Committee propose to attach a binding condition to the treaty stating that the United States will interpret the new INF treaty in accordance with the understanding of the text shared by the Senate and executive branch during ratification hearings.

For 200 years, that has been taken for granted; treaties have been interpreted in light of the understandings presented at the time of Senate ratification. But three years ago, the Reagan administration and the Senate, asserting that the real truth lies elsewhere, the utility and effect of the Senate's advice and consent are called into question.

If a future president is free to discard the interpretation of the INF treaty shared by the Reagan administration and the Senate, asserting that the real truth lies elsewhere, the utility and effect of the Senate's advice and consent are called into question.

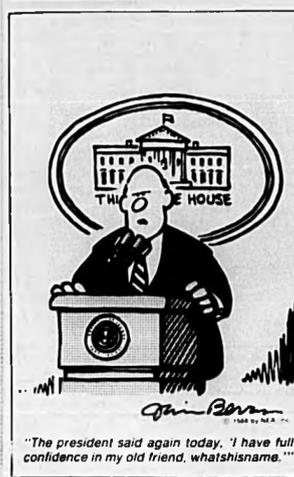

Times change

In previous years, Democratic members of Congress derided the Reagan administration's budget estimates as overly optimistic. And the derision was usually deserved.

Why? Because sanguine estimates are needed to make it appear that the deficit will fall within the limits of the Gramm-Rudman law.

Letters to the editor are welcome for publication. All letters must be signed and include a mailing address and, if possible, a telephone number.

BERRY'S WORLD

The president said again today, 'I have full confidence in my old friend, whatshisname.'

CHUCK STONE

Jackson's 'tipping point' is past its tip

That Jesse Jackson has earned the right to be the Democratic Party ticket in November should no longer be a debatable issue. Sweat equity is a powerful reason.

If further legitimacy is needed, a Roper poll for U.S. News & World Report confirms it by showing a Dukakis-Jackson ticket beating a Bush-Amy Running Mate You Name ticket, 47 to 29 percent. It's a new America.

Yet racism can still destabilize legitimacy. Peel away the layers of arguments against Jesse Jackson, and they come back as variations on a theme - Jackson's skin color.

Their hostility is multi-colored: the venomous attacks on Jackson's positions, the pretense that he lacks elective experience, the 'separate but equal' treatment given Jackson by the press, a winking at Albert Gore's outrageous pandering to ethnic divisiveness, the argumenum ad hominem.

Example: Sen. Paul Simon's wife compared Jackson's oratorical skills to Adolf Hitler's. Columnist Charles Krauthammer compared Jackson's 'power and passion' to Benito

Mussolini's and Juan Peron's, and called Jackson 'cheap' and 'dangerous.' Example: Marvin Kalb, a former 'Meet the Press' moderator and the current director of a Harvard press-government program, interviewed all of the presidential candidates for PBS. Jackson was the only candidate whom Kalb asked, 'Would you drop the bomb?' Not once, but twice. In another interview, Ben Wattenberg accused Jackson of embracing Moammar Gadhafi, when Jackson had never even met Gadhafi.

Example: Columnist Paul Greenberg indicted Jackson for 'rendering the black vote meaningless by appropriating it for himself.' In the ghetto, that kind of Nordic tripe is known as racism. Jackson hasn't reduced black voters to non-cognitive robots. They're supporting him because of their pride in his presidential-like conduct. Other ethnic groups astoundingly practice ethnic fidelity at the ballot box. (Should I name them?) Why can't blacks be just as American?

Example: Jackson's deplorable canard. 'Hymietown,' his earlier embrace of Yashir Arafat and Louis Farrakhan, and his praise for Fidel Castro still plague him. They were mistakes. He admits it and has tried to distance himself from his egregious indiscretions.

Despite the compassion and fairness of those who still being voted for Jackson, he is still being voted by the media, the vast majority of white columnists, and the Democratic Party's power structure. Their tipping point has already tipped.

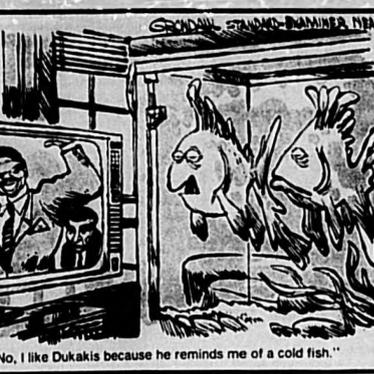

JERRY HART

Why Jackson crashed

Now that the votes are in for Wisconsin, it becomes especially clear that there was something phoney about Jacksonmania. After all, with his portrait on the covers of Time and Newsweek, with the question being thrust at us by the media of whether Jackson could actually be elected president, with the Democratic elders publicly panicking over the prospect before them, Jackson lost to Gov. Michael Dukakis by 20 points in Wisconsin.

When the Democratic race began last year, the two most potent candidates were Gary Hart and Joe Biden. Had they not disgraced themselves and dropped out, either of them might well have swept on to the White House. But, as the Greek tragedians said, character is destiny. Dukakis is the man who was left standing as the carnage comes to an end.

Far from representing 'an abrogation' of the president's treaty-making power, as Reagan asserts, the condition that Senate Democrats seek to impose simply underlines the checks and balances in the treaty process that the framers wisely put there.

WASHINGTON WORLD

Reforms stymied

WASHINGTON (UPI) — In a very impressive display of stubbornness or devotion, maybe some of both, Senate Democratic leader Robert Byrd refuses to surrender on reform of the system, or lack of system, in use to finance congressional campaigns.

At the start of the 100th Congress in January 1987, Byrd made this piece of legislation top priority for the following two years — and he meant it.

Byrd has been so insistent that the Senate pass campaign finance reform that he devoted part of last year and, again, part of this year, to the bill that he has worked and reworked in a futile effort to pick up enough votes.

For the first time in history, Byrd put the Senate through eight votes to break a Republican-led filibuster, far more than the three or four such efforts normally devoted to finding out if a bill has a chance. They all failed.

And he was willing to incur the wrath of the Senate with an all-night session that included the spectacle of Sen. Robert Packwood, R-Ore., being carried bodily into the chamber in a heavy-handed round-up of missing senators. That, too, failed.

There is general disgust with the ever-increasing cost of Senate campaigns that show no sign of leveling off, to say nothing of decreasing. A \$20 million price has already been recorded, even in a relatively small state like North Carolina.

To raise the kind of money needed for an effective campaign, senators spend increasingly more time raising money — at the expense of other activities — and the process has to begin six years before the election.

Byrd's solution, backed by all but two Senate Democrats, would set limits, state by state, on the amount

the eastern front. Gehlen fed the Americans information about the Soviet Union in exchange for protection. William Casey was a member of the OSS branch that had a direct liaison with Gehlen.

In another Cold War operation, the United States took money that was confiscated from the Nazis and gave it to Roman Catholic leaders to help them turn an election in Italy that communists were predicted to win. Some of the money rightfully belonged to Jews, from whom the Nazis had confiscated it.

The declassified documents also reveal that during the war, the United States dropped caches of information and small arms into

SCIENCE WORLD

Doctor glut coming?

By Bob Stein, DPH Science Writer

BOSTON (UPI) — Will there be a doctor glut by the year 2000? It depends on whom you ask. A government committee known as the Graduate Medical National Advisory Committee or GMENAC predicted in 1980 there would be a surplus of 150,000 doctors by the turn of the century.

Such projections led to suggestions that medical schools cut down on the number of new doctors they train. The fear is that if doctors don't have enough patients, they'll become less proficient.

In addition, there is a trend underway to reduce the number of hours that hospital resident physicians work each week to reduce stress and fatigue. If that happens nationally, it would reduce the number of doctors in the country by the equivalent of 15,000 full-time doctors.

There are also more female doctors entering the profession. Studies have shown women doctors work 8 percent fewer hours. Schwartz and his colleagues estimate that would further reduce the doctor workforce by the equivalent of 4,000 physicians.

Subtracting these figures from the Bureau of Health Professions estimate of 697,000 physicians in the year 2000, one can conclude that 585,000 active full-time equivalent physicians will be available for patient care in that year, the researchers warn.

On the demand side, Schwartz said the projected growth of health maintenance organizations — which require fewer doctors — appears to be slowing. In addition, new demand will be created by the growing number of AIDS patients and new technology.

Taken together, these factors would create a demand for an estimated 592,000 doctors by the year 2000, Schwartz estimated.

But Dr. Alvin Tarlov, who chaired GMENAC, disputed Schwartz's conclusions.

Tarlov, who is now president of the Henry J. Kaiser Family Foundation in Menlo Park, Calif., maintains that his committee took most of Schwartz's arguments into consideration.

'We can debate these assumptions and there's really no answer to them,' said Tarlov in a telephone interview. 'The most important thing is there continues to be a sharp yearly increase in the number of practicing physicians.'

In the same issue of The New England Journal of Medicine, Ernest P. Schless of the University of Arizona College of Medicine published an essay in which he argued it was time to begin thinking about what is going to happen after the year 2000.

MINI-EDITORIAL — The Supreme Court has ruled that workers on strike aren't entitled to food stamps.

A lower court in Washington, D.C., had earlier decided that the federal rule against food stamps for strikers was unconstitutional. The D.C. judge thought the First Amendment right of association was violated if the federal rule helped union members. Did anyone think of federal chuck wagons on the picket lines? Striking means economic hardship, the Supreme Court said in straightening out the dispute.

The First Amendment right of association doesn't require the federal government to make it comfortable, just legal.

NATION IN BRIEF

Byrd calls it quits as 12-year leader of Senate Democrats

WASHINGTON (UPI) — Robert Byrd's decision to step down as Senate Democratic leader ends a 12-year stewardship spanning what he terms the 'ambivalence' of the Jimmy Carter era and the 'extremism' of Ronald Reagan's tenure.

It also has triggered a three-way fight to succeed him among Sens. Daniel Inouye of Hawaii, Bennett Johnston of Louisiana and George Mitchell of Maine.

Byrd, 70, announced first at a private session of Senate Democrats and then at a news conference Tuesday that he will not seek another stint as party leader but will run for re-election for a sixth term from West Virginia.

If he wins re-election and Democrats keep majority control of the Senate, Byrd next year will become president pro tem and chairman of the powerful Appropriations Committee, positions now held by the 86-year-old dean of the chamber's Democrats, retiring Sen. John Stennis, D-Miss.

Sunny Bono latest celebrity mayor

PALM SPRINGS, Calif. (UPI) — A day after his former wife and singing partner Cher won an Oscar, Sunny Bono overcame accusations he is an aging hippy and became California's latest celebrity mayor.

'Woah! I can't believe it,' Bono, a registered Republican, exclaimed, punching his fist in the air before 300 cheering supporters at a victory party Tuesday night at the posh Maxins Hotel.

In running for the \$15,000-a-year position, Bono continued in the tradition of movie star Clint Eastwood, who was elected mayor of Carmel, Calif., two years ago.

Like Eastwood, who did not run for re-election Tuesday, Bono owns a restaurant, and like Eastwood, he cited a run-in with the city over building and zoning codes as the impetus for his campaign.

FLORIDA IN BRIEF

Cabinet OKs ban on beach tolls; free beaches up to Legislature

TALLAHASSEE (UPI) — Gov. Bob Martinez and the Cabinet approved Tuesday the concept of banning toll charges for access to beaches, including a much-touted \$3-a-day toll in Volusia County.

Several Volusia County officials defended the \$3-a-day, \$10-a-season beach toll now being charged in that county, saying the toll's the only way they can pay for lifeguards, trash pickup and other beach services. But about 20 members of the 'Sons of the Beaches,' a Volusia County citizens group opposed to the toll, countered with signs proclaiming 'Beach toll is a license to steal' and 'Hey, Gov. Martinez, abolish beach tolls.'

The plan was sent to the Legislature without any formal statements from Martinez and the Cabinet. The Legislature will make the final decisions on the ban and beach access in general.

Abortion-related bills approved

TALLAHASSEE (UPI) — Legislation backed by abortion foes to ban experiments on live embryos and fetuses, and to require that minors win parental approval to get an abortion, has been approved by a Senate committee.

The experimentation bill (CS-SB 35) by Sen. John Grant, R-Tampa, was approved 4-1 Tuesday by the Committee on Health and Rehabilitative Services. The panel approved the parental notification bill (SB 266) by Sen. Marlene Woodson, R-Bradenton, on a vote of 5-1.

State law already forbids experiments on live fetuses or premature babies.

Construction savings used to buy books

SANFORD — The Seminole County library system will be able to replace nearly \$1 million in books originally eliminated from the library expansion project due to construction cost savings.

Commissioners approved the purchase of an estimated 57,000 books for the system Tuesday.

Library Services Director Jean Rhein told commissioners because of more than \$1 million in cost savings from the nearly-complete library construction project, \$833,600, is available to buy books. Another \$202,810 will be spent on furniture, equipment and minor construction details.

Rhein said \$1 million, originally slated for books in the 1982-87 million library bond issue, was used for expanded construction. However, cost-saving measures allowed the county to recoup most of that amount, she said. Had the funds not been available, county general funds reserved for libraries would have been used to buy books, she said.

Rhein said the three new libraries opened last week have been a tremendous success. The Wekiva branch library, 245 Hunt Club Road, near Longwood, issued 4,000 library cards and 8,000 of the 15,000 books were checked out, she said. The remaining two libraries will be opened May 14. Commissioners approved buying the books.

Mayfair irrigation discussed

SANFORD — City officials hope to complete an agreement soon with Seminole Club, Inc., which would allow Sanford to irrigate Mayfair Golf course with treated wastewater.

Commissioners decided Monday to give final approval to the contract only after club president Jack Daniels gives his final approval.

The project would cost the city \$817,000. The money would be for engineering and designing of the irrigation system, additional piping, a lower stadium, construction of a lined storage pond, and the installation of a computerized control system, according to Bill Simmons, director of engineering and planning.

The golf course is owned by the city and leased to Seminole Club, Inc.

Under the proposal, the golf course would be irrigated daily with 850,000 gallons of treated wastewater. Prior to actual irrigation a consultant will be hired to study the possible effects treated wastewater might have on the green, according to the proposal.

Daniels, who has heard several conflicting reports about what effects treated water might have on the greens, requested the study.

Mayor Betty Smith urged commissioners to approve the contract, noting that the commission earlier in the evening had placed on hold a proposed agreement with Lake Mary for sending treated wastewater to that city. She reminded the commissioners that the summer 1989 deadline set by the department of environmental regulation is approaching and the city has to find a place to dispose of its treated wastewater before then.

'Pete' Knowles, representing Daniels at the meeting, told commissioners he understands Daniels has approved the proposed agreement, although Daniels' attorney is still looking at the document. Commissioners agreed they want Daniels to assure the city the proposed contract is OK, once his attorney has finished examining it.

Clark said he hopes the members of the post can make use of the building by May 1.

The new American Legion Post 53 home is expected to be completed at 2874 S. Sanford Ave. within a week. Post officers checking on the construction progress are, left to right, John Clark, post commander; Bud Tobin, past commander and a member of the building committee; J.Q. 'Slim' Galloway, past commander; Joel Fields, past commander; Alec Blair, post adjutant; and John Kader, a member of the executive board.

Post 53 has a new home

SANFORD — The more than 430 members of American Legion Post 53 have been without their own meeting hall for more than a year, but the wait appears to have been worth it as they prepare to move into their new 12,000-square-foot building on Sanford Avenue.

'We feel this is one of the best Post buildings in the Central Florida area,' said John Clark, Post 53 commander. The brick-faced building was built by Sanford contractor Vic Rieburg on a 3.4-acre site at 2874 S. Sanford Ave.

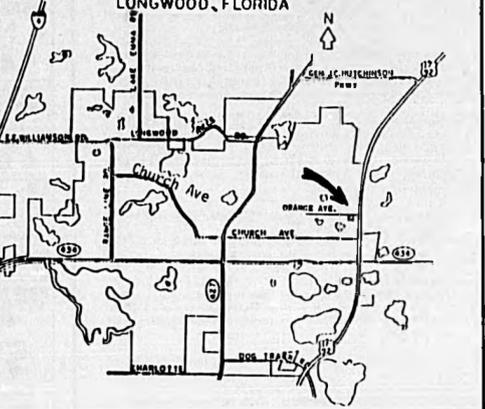

The new post headquarters will be available for a variety of activities by community groups other than the Legion, Clark emphasized. 'We want to more involved in community affairs, and we feel we have a building the city can be proud of, he said.'

Clark said he hopes the members of the post can make use of the building by May 1.

POLICE IN BRIEF

Deputies sight stolen car, arrest man who reportedly gets inside

ALTAMONTE SPRINGS — A man spotted by Seminole County sheriff's deputies as he allegedly entered a car that deputies were watching has been charged with grand theft auto in connection with the theft of that car.

Sheriff's deputies had received a report that, on early Monday, a 1971 Honda had been stolen in Altamonte Springs. Deputies reported spotting that car parked in woods near North and Marker streets, in rural Altamonte Springs.

At about 7:30 p.m. Monday, a man entered that car and drove onto Marker Street, said deputies, who stopped him. Willie Johnson Jr., 32, of 111 Ford Ave., Altamonte Springs was arrested. He remained jailed Tuesday in lieu of \$1,000 bond.

Driving under influence arrests

SANFORD — The following persons face a charge of driving under the influence in Seminole County:

—Earnest C. Brown, 30, of 2429 Chase Ave., Sanford, was arrested at 12:30 a.m. Tuesday after his car failed to maintain a single lane on 25th Street, Sanford. He also was charged with driving without a license and careless driving.

—Terry Wayne Taylor, 33, of 1094 Lee Way Court, Winter Park, at 3:04 a.m. Monday after his car was in an accident on U.S. Highway 17-92, Casselberry.

—Jonathan Robinson, 33, of 630 S. Grant St., Longwood, at 2:57 p.m. Monday after he was seen parking erratically in the lot of Altamonte Florist, 112 N. Longwood Ave., Altamonte Springs.

Burglaries and thefts reported

SANFORD — Among the burglaries and thefts under investigation by the Seminole County Sheriff's Department, is the theft of a couch and loveseat and other items of furniture with a total value of about \$2,500 from the home of Herbert Wells, of 200 Briarcliffe Drive, Longwood, on Friday. The loss was reported Monday.

A \$1,217 range was stolen between April 7 and Monday from a Greater Homes Construction of Altamonte Springs, building site at 1825 Longpond Drive, Longwood, a sheriff's report said.

David Jett, of 117 Ford St., Altamonte Springs, reported to sheriff's deputies Monday that clothing valued at \$142 as well as \$100 worth of meat was stolen from his home.

Golf clubs and golf gear with a total value of about \$1,000 was stolen between April 7 and Monday from the home of Kenneth S. Brown, of 653 Woodridge Drive, Fern Park, a sheriff's report said.

Janet Gregory, of 2329 Sierra Lane, Maitland, reported to sheriff's deputies that a bicycle, a radar detector, a purse and a gold chain with a combined value of about \$700 were stolen along with \$190 cash from her home Friday.

Janet Thompson, of 472 Notre Dame Drive, Altamonte Springs, reported to sheriff's deputies a \$200 television, a \$300 vacuum cleaner and a \$864 video recorder were stolen from her home Monday.

Sheriff's deputies have the name of a suspect who may have stolen about \$2,000 in items, including jewelry and a television, Monday from the home of Mark Holcomb, of 761 Gary Blvd., Lake Mary.

A \$300 pay telephone belonging to United Telephone was stolen from a hallway at San Pedro Center, 2400 Dyke Road, Winter Park, between Friday and Monday. Also stolen from a storage room of another building was a \$325 video recorder and a \$350 television, according to a report center officials filed with sheriff's deputies.

Three rare bird — two parakeets and one parakeet — with a combined value of \$500 were stolen along with five parakeet eggs valued at \$100 each and five parakeet eggs valued at a total of \$1,500, from the aviary of Nancy McCarter, of 1411 Circle Lane, Chuluota. A sheriff's report said the theft occurred Sunday or Monday.

Sheriff's deputies have the name of a suspect who may have stolen a \$1,200 diamond necklace April 6 from the home of Diane L. Hunt, of 2072 Hounds Lake Drive, Winter Park. Hunt reported her loss to sheriff's deputies Monday.

Seminole County sheriff's deputies responded to a burglar alarm and determined that \$2,213 had been stolen from a file cabinet at Petty's Meats, 2141 State Road 434, Longwood, between Saturday and Monday. Sheriff's deputies report having the names of several possible suspects in the break-in.

Joseph Childrey, of 315 Wymore Road #102, Altamonte Springs, reported to sheriff's deputies that stereo gear, two televisions and tools with a total value of about \$2,600 were stolen from his home Sunday or Monday.

Ronald E. Groskey, of 655 Harney Heights Road, Geneva, reported to sheriff's deputies that his boat, motor, trailer and an acetylene torch with a combined value of about \$4,000 were stolen from his property between Saturday and Monday.

A \$1,300 watch and a \$50 gold chain have been stolen from the home of Mary Sepassi, of 2303 Springs Landing Blvd., Longwood. Sheriff's deputies report they have a name of a suspect and that the theft occurred Thursday or Friday.

County may contract for highway maintenance work

SANFORD — Seminole County commissioners will consider a proposal that may include firing several road maintenance workers in favor hiring a private firm to mow county right-of-ways and asphalt them.

Public Works Director Larry Sellers said the county may save money by allowing a private firm to do the work for the county.

Of the 22 positions the mowing and asphaltting contracts would affect, are vacant, Sellers said. Several employees would be retained to supervise the contractors and several would be transferred to other positions at the same salary level, but some

people may lose their jobs, he said.

Sellers said a proposal by the state for the county to maintain state roads in the county, including U.S. Highway 17-92 and Interstate 4, might be contracted to the same company, allowing the county to benefit from a lower cost per acre by awarding a larger contract. He said if the asphaltting is contracted out, the county would eliminate the need to purchase a \$250,000 asphalt paving machine.

Commissioners will consider a detailed report on the personnel impacts on April 26.

UCF student digs British artifacts

By Nancy Simmons
Herald Staff Writer

OVIEDO — It sounds like an adventure-dream come true for 22-year-old Chris Earnest of Oviedo.

Earnest is an anthropology student at the University of Central Florida who is especially interested in the activities of British sailors in the Caribbean 200 years ago.

While many may experience adventure vicariously through the characters in books they read, Earnest is learning first-hand how the British may have lived as they colonized Central America. He has already participated in three archeological digs in Belize, a

small country located next to Guatemala.

"So far I've worked at Mayan archeological sites in Caracol, Belize," Earnest said. "These areas were inhabited 300-800AD."

Students assisted on digs at those sites during the past three years, he explained. Diane and Arlen Chase, the UCF archeologists Earnest has accompanied to Belize, unearthed some artifacts there in 1984 which proved to be British, he explained. He said the two archeologists approached him, and asked if he was interested in researching British colonization efforts in Belize, formerly known as British Honduras, and that resulted in his trip.

Earnest said enjoys American and European history, so he jumped at the opportunity.

"No one's done much on British colonization in Belize, which began in the 17th century," he explained. He said the British "leaked out a living," in the area. Many of the colonists were ex-convicts, he said. However, the British did conduct major timber-cutting operations there, exporting the timber to Europe.

Battling the Spanish, who often tried to force them out of the area, was part of life for the early colonists, he said.

In 1985 he unearthed some British artifacts himself, including pieces of plates, other eating utensils and glassware.

His teachers encouraged him to submit a research topic to the National Endowment for the Humanities, he said. Since British colonization efforts in Belize has not been heavily researched, he decided to attack that subject, he said, although he expects the research to be difficult.

Chris Earnest of Oviedo, a senior at the University of Central Florida, displays some eating utensils he unearthed at an archeological dig in Belize, a tiny Central American country formerly known as British Honduras.

What information is available is often "incidental," he explained. That is, it can be found in bits and pieces in books and papers written on other subjects. Earnest will be doing much library research in the tiny nation, and will compile what information he has gained so far and incorporate into a new information he hopes to gain this summer.

Earnest entitles his research paper "Buccaneers and Baymen: Early British Colonists of Corozal, Belize."

He will have nine weeks to complete the project and said he will be "hustling" to get everything together and on paper.

The UCF senior is one of 121 college students across the nation to win an NEH Younger Scholar award this year.

Stromberg, Punch win in more softball

SANFORD — Stromberg Carlson used 25 hits and two five run innings to pull away from Central Florida Regional Hospital, 14-7, and Pretty Punch connected for 28 hits as it whipped Mobilite 24-4.

Nic Brady led Stromberg with four hits, two doubles and two singles, with four runs batted in and two runs scored. Ron Reinhardt added four more hits, three singles and a double with five runs batted in and a run scored.

Don Causeaux led CFRH with three hits, two singles and a homer, with three RBIs and a run scored. Scott Causeaux and Jim Hemphill each added three singles with three runs batted in between them as each scored a run.

Gary Scott led Pretty Punch with five hits, four singles and a double, with two runs batted in and two runs scored. Tom Burnham added four singles with three runs batted in and three runs scored.

Woodmen, Ball Motor win Junior openers

SANFORD — Woodmen of the World and Ball Motor Line were the winners Tuesday in Sanford Junior League opening-day action at Chase Park. The Woodmen upended Moose, 15-13, while Ball Motor routed Rotary, 19-4.

Quinn Byrd had a big day at the plate for the Woodmen as he was 3 for 4 with two singles, a triple and five RBIs. Ray Washington was the winning pitcher as he held Moose to five hits.

Ball Motor Line had three inside-the-park homers in its game against Rotary with Tyrone Williams, Richard Peterson and Todd McGill with one apiece. Phillip King added a pair of doubles and two RBIs.

Seminole Soccer School dates set

LAKE MARY — The Seminole Soccer School at Lake Mary High will have two sessions of camp for players age 6 to 15. The camp will be held on June 20-24 and June 27-July 1 for a cost of \$79 per session which includes shirt and ball. For more information, contact Larry McCorkle at 322-2110 (ext. 221) or write to: Seminole Soccer School, 4005 Misty Morning Place, Casselberry, 32707.

Orlando Lions to host Albany Capitals

ORLANDO — The Orlando Lions will hold their second home soccer match of the season Sunday when they entertain the Albany Capitals in an American Soccer League contest at Orlando Stadium.

The game will kickoff at 3 p.m. Advance tickets are \$6 for adults and \$3 for youth (17 and under) while gate prices at \$7 for adults and \$4 for youth. For ticket information, call 648-2215.

Ripkin fired, Robinson hired

BALTIMORE (UPI) — Hall of Fame slugger Frank Robinson, who became the new manager of the Baltimore Orioles when Cal Ripken Sr. was fired, says his first goal is to get the beleaguered team up to the .500 mark.

The Orioles dropped all six games this season under Ripken, marking the slowest start in the Orioles' history. Robinson didn't fair much better in his managerial debut, losing to the Kansas City Royals, 6-1, Tuesday night.

Shupe Thursday

Due to space limitations, Jim Shupe's weekly fishing column, which runs every Wednesday, will run in Thursday's Sanford Herald. Shupe, who has had articles published in several state and local outdoors magazines, discusses eight ways for anglers to be more successful.

Brantley avoids ambush, tops Lyman

By Chris Pieter
Herald Sports Editor
ALTA MONTE SPRINGS — It was the kind of atmosphere underdogs thrive on. Dreary weather and a close game in the early going can often spell doom for powerhouses such as Lake Brantley.

But the Lady Patriots would not fall victim to an ambush this time as they broke open a close game with four runs in the fourth and added four more in the sixth en route to a 13-2 Seminole Athletic Conference victory over an improved Lyman team Tuesday night before 101 fans at Lady Patriot Stadium.

Brantley ran its record to 17-4 overall and now stands at 8-1 in the league. The Lady Patriots are one game up on Lake Mary and two ahead of Lake Howell which

was upset by DeLand on Tuesday. Brantley has a big game today as it goes to West Orange. Three of Lady Patriots' losses this season have come at the hands of West Orange.

"The West Orange game is a big one for us, but this one was more important," Lake Brantley coach Renny Betris said. "We don't want to share the conference title this year."

Lyman, which dropped a 17-0 decision the last time it played Brantley, now stands at 3-13 overall and 1-9 in the SAC.

In Tuesday's game, Lake Brantley took the early lead with four runs in the first frame, but Lyman closed within 4-2 in the second.

In the bottom of the first for Brantley, Michelle Weston led off with a single up the middle and

Lyman	1	9	7 1/2	3-13
Seminole	1	9	7 1/2	2-11

Tuesday's results
Oviedo 9, Seminole 0
Lake Brantley 13, Lyman 2
DeLand 6, Lake Howell 5

Heather Meyer and Penny Siqueros both walked. Tracy Brandenburg then hit a long fly to left field which Daphne Bailey ran down in foul territory. Bailey's momentum carried her close to the fence and she was unable to get the ball in right

away which enabled Brantley to send home Weston and Meyer on the two-run sacrifice fly. Tina Wilson's fly to center was then dropped to score Siqueros and Shelley Sturdivant's groundout scored Wilson for a 4-0 lead.

In the top of the second, Sabrina Jarrett hit a ball just out of the reach of Meyer in left center for a leadoff double. Tonya Eichberger followed with a single and Jarrett scored on an overthrow to third on the play. With one out, Carol Colley reached on an error and Bailey then singled up the middle to drive in Eichberger. Brantley got out of the inning when Tiffany Rose popped out to catcher Sturdivant and Sarah Price popped to pitcher Kim Robinson.

Lyman then made some nice defensive plays to the game

close until Brantley broke loose in the fourth. The Lady Patriots scored once in the third when Siqueros boomed a triple to left center and scored on another sacrifice fly by Brandenburg.

The Lady Patriots then made it 9-2 with four runs in the fourth. With one out, Wendy Vickery reached on an error and Elaine Judy followed with a line drive off the shortstop's glove for a base hit. Michelle Weston's grounder to second was booted, allowing Vickery to score and Judy then scored when Meyer reached on another Lyman error. Siqueros then drilled a single to left to score Meyer.

After a scoreless fifth frame, Robinson made two nice defensive plays to keep Lyman off the bases in the top of the sixth. See BRANTLEY, Page 6A

DeLand upsets Howell

By Chris Pieter
Herald Sports Editor
DELAND — Lake Howell scored five runs on six hits over the first two frames, but managed only three hits the rest of the way and DeLand rallied to claim a 6-5 victory Tuesday in Seminole Athletic Conference play at Sperling Complex.

Lake Howell dropped to 16-6 overall and virtually out of contention in the SAC at 6-3. The Lady Silver Hawks are now two games behind Lake Brantley with three conference games remaining. DeLand, which upset Lake Brantley last week, improved to 9-9 overall and 5-5 in the league.

"DeLand is playing better than they were earlier in the year," Lake Howell coach Jo Luciano said. "They got some timely hits today and, after the first two innings, we didn't."

Lake Howell but three runs on the board in the top of the first and added two more in the second. In the first, Missy Martinez reached on an error, Marie Peters singled and Leslie Barton singled in Martinez. Julie Barton followed with a base hit and Lee Ann Trimble came through with a single that scored Peters and Leslie Barton. In the second, Leslie Barton hit a home run with Peters aboard for a 5-0 Lake Howell lead.

The Lady Hawks held DeLand scoreless until the bottom of the sixth when the Lady Bulldogs rallied for five runs on five hits. Also contributing to the inning was an error on a ball Luciano thought could have been turned into a double play and another error that allowed the tying run to score. DeLand then took the lead in the bottom of the sixth and held Lake Howell at bay in the bottom half.

"We had two costly errors in the fifth inning," Luciano said. "We had a situation where I was hoping for a double play ball and we got it, but the defense couldn't make the play. We also had a girl we knew would hit to the right side and she did and still made an error on it."

Lake Howell will now try to regroup for the remainder of the regular season. The Lady Hawks return to action Thursday at Lyman, then close out the regular season with home games against Oviedo and Lake Mary on Tuesday and Thursday of next week.

Seminole catcher Rachelle Denmark puts the tag on Oviedo's Cheryl Buntz before she can reach the plate.

Oviedo blanks Lady 'Noles, 9-0

By Mark Blythe
Herald Sports Writer

OVIDEO — Oviedo's Lady Lions used 10 walks and 11 hits to power their way to a 9-0 victory over Seminole High Tuesday afternoon in Seminole Athletic Conference action at Red Bug Park.

Oviedo improved to 8-5 and 5-4 in the SAC and will return to action today at Jones. The Lady Seminole's fell to 2-11 and 1-9 in conference play and will play today at New Smyrna Beach.

"We had a real good defensive game and allowed just a few base runners," Oviedo coach Jackie Miller said. "Seminole did not have a hit and that really helped us out."

With the weather conditions unfavorable for softball the Lady Lions held together and overcame the adversity by scoring runs in four separate innings.

Oviedo got all it would need in the bottom

SOFTBALL

of the first inning with a single run. Cheryl Buntz started things off with a lead off walk, and after two ground outs moved her to third she scored on a single by Jill Knutson.

The Lady Lions added two more runs in the bottom of the second as, after an out, Christie Mantione started things off with a single. Kerstin Colon then hit into a fielder's choice and Seminole put Mantione out at second. Keri Gaines followed with a single with Buntz drawing a walk to load the bases. Kelli Gaines then connected for a run scoring single with Anna Hollis following with another run scoring single to up the lead to 3-0.

Oviedo put the game out of reach in the bottom of the fourth with three more runs.

Mantione and Colon led off with back to back singles with Karl Gaines drawing a walk to load the bases. Buntz then hit into a fielder's choice to score Mantione. Jodie Switzer then walked to re-load the bases followed by a run scoring single by Anna Hollis. Knutson added a sacrifice fly to left center to boost the lead to 6-0.

Oviedo added its final three runs in the bottom of the sixth with Switzer leading off with a walk. Hollis followed with a walk and Knutson reached on an error that scored Switzer. Corie Lawson then walked with Robin Hezel reach on an error by the left center fielder. Terry Erwin brought in the final run of the game with a single up the middle to up the lead to 9-0.

"The weather was horrible and really had an effect on the game," Miller said. "The wind was really bad and I think that helped us get as many walks as we did."

Three's a charm for Bruins as UCLA hires Pepperdine's Harrick

LOS ANGELES (UPI) — UCLA ended its frustrating search for a basketball coach Tuesday, naming Jim Harrick of Pepperdine to fill the position previously rejected by Jim Valvano and Larry Brown.

Harrick, 49, a former Bruins assistant who had long expressed interest in returning as head coach, signed a 4-year contract. He compiled a 167-97 record at Pepperdine and led the Waves to six postseason berths in nine years at the Malibu, Calif., school.

"For Jim Harrick, if you said the Lakers or Celtics wanted a coach, I don't think it would be any more appropriate than the opportunity to be basketball coach at UCLA," Harrick said at

a campus news conference. "I don't think I would have left my position at Pepperdine for any other position except the one here at UCLA."

Harrick replaces Walt Hazzard, who was fired March 30 after the Bruins concluded a 16-14 season by being eliminated in their opening game of the Pacific-10 Tournament.

Athletic Director Pete Dais said Harrick received strong recommendations from North Carolina Coach Dean Smith and Louisville coach Denny Crum, under whom Harrick worked during last year's Pan American Games trials.

Dais then phoned Harrick at 7 a.m. Tuesday and said: "Are you ready to join me in the toughest

coaching job in America?" Pepperdine assistant Tony Fuller will accompany Harrick to UCLA. Harrick will recommend that Tom Asbury, another assistant, replace him as the Waves' head coach.

The hiring of Harrick ended a frustrating 12-day period in which UCLA courted better-known coaches in an effort to revive its struggling program.

Valvano of North Carolina State and Brown, a former Bruins coach who led Kansas to the NCAA championship this year, both rejected the job. Duke's Mike Krzyzewski was also approached.

"I hope they don't look at him as a consolation prize," said guard Pooh Richardson, who

with the rest of the team met with Harrick for about 20 minutes. "He's a good guy and he knows what he's doing."

Harrick said that throughout the school's negotiations with the other candidates, "I knew where I stood at all times. I appreciate that. In this business so many people play games. Never did I not know where I stood with Pete Dais."

Brown, after apparently agreeing to a five-year contract, surprised UCLA officials with his last-minute decision to remain with the Jayhawks. The Bruins were then forced to find a quick replacement because of Wednesday's deadline for signing high school players.

Search Ends

- **What:** The search for a new basketball coach at UCLA.
- **Fired:** Walt Hazzard was fired after a mediocre 16-14 record.
- **Hired:** Jim Harrick who built a successful program at Pepperdine.
- **Others:** Two reputable coaches who turned down the UCLA job were N.C. State's Jim Valvano and Kansas' Larry Brown.
- **Quote:** "I don't think I would have left my position at Pepperdine for any other position except the one here at UCLA." — Jim Harrick

The Bruins are among those in the running for highly regarded Don MacLean of Simi Valley High School. "Getting a coach is a step in the right direction," said forward Trevor Wilson.

Astros blast slumping Braves

ATLANTA (UPI) — Nolan Ryan combined with two relievers on a four-hitter to boost Houston over the Atlanta Braves 8-3 Tuesday night and continue the Astros' fast start in the National League West race.

"It's always important to get a quick start because you get your confidence up," said Ryan. "We have young guys and they start learning 'We can win' and it's built in their minds that we can win."

Kevin Bass, Steve Henderson and Bill Doran each drove in two runs to hand the Atlanta Braves their seventh straight loss to start the season, matching 1980 for the worst start in Atlanta history.

Ryan, 1-0, yielded three hits over seven innings while striking out eight to earn the victory. The right-hander picked up his 262nd career victory, tying him with Gus Weyhing for 31st place on the all-time list.

"The quick start is important," Ryan said. "With as many teams as are going to be in the race this year, you don't want to be on the bottom of the pile and have to start climbing over a lot of people."

Houston left fielder Billy Hatcher agreed about the importance of the Astros' 5-1 start.

"It's easier to play when you get off to a good start. Nobody is pressing and that's when you have a lot of fun," he said.

Larry Andersen yielded one hit in the eighth and Juan Agosto worked a hitless ninth to finish up. Heavy rain delayed the start of the game and limited the attendance to 1,938.

Houston took a 3-0 lead in the first off Zane Smith, 0-2. A run-scoring single by Doran and a two-run double by Bass were the key blows.

The Braves pulled even 3-3 in the bottom of the first on a bases-loaded walk to Dale Murphy, a sacrifice fly by Ken Griffey and an RBI single by Andres Thomas.

Houston went ahead 5-3 in the second. Chuck Jackson led off with a single and went to second on a sacrifice by Ryan. One out later, Billy Hatcher walked and Doran followed with a run-scoring single to right.

BASEBALL

Hatcher scored when third baseman Ken Oberkfell dropped Glenn Davis' infield popup in front of the mound.

The Astros scored three times in the sixth. With one out, Gerald Young singled and went to third on a single by Hatcher, who took second on the throw from the outfield. Doran was intentionally walked to load the bases but was forced at second on a grounder by Denny Walling, with Young scoring.

Walling then stole second and Henderson followed with a two-run single to right to make it 8-3.

Cardinals 7, Cubs 5

ST. LOUIS (UPI) — Bob Horner collected four hits for the 13th time in his career and drove in two runs Tuesday night to lift the St. Louis Cardinals to a 7-5 victory over the Chicago Cubs.

The Cardinals had 18 hits and overcame three home runs, including back-to-back shots in the sixth inning by Andre Dawson and Leon Durham. The seven runs represented half of the Cardinals' total run production of 14 before Tuesday.

St. Louis also received some production from their leadoff hitters. Vince Coleman and Ozzie Smith, who had been hitting .107 and .174 before the game, Coleman had three hits, two RBI, two stolen bases and scored two runs. Steve Lake also had three hits for St. Louis.

Reds 4, Giants 3

SAN FRANCISCO (UPI) — Barry Larkin hit a sacrifice fly in the ninth inning Tuesday night to lift the Cincinnati Reds to a 4-3 victory over the San Francisco Giants.

Buddy Bell led off the ninth with a single off losing pitcher Scott Garretts, 0-1, and Chris Sabo ran for him. Bo Diaz struck out before Sabo stole second and third. Pinch hitter Dave Collins walked and Larkin followed with his sacrifice fly.

Danny Jackson, 2-0, who had shut out the Giants through seven innings, earned the

victory. John Franco worked the ninth for his first save.

Padres 5, Dodgers 3

At San Diego, John Kruk hit a grand slam in the fifth inning to lead the San Diego Padres over the Los Angeles Dodgers. Kruk hit his blast off Don Sutton to help the Padres overcome a 3-1 deficit.

Yankees 12, Blue Jays 3

TORONTO (UPI) — John Candelaria pitched his first complete game in two years and Dave Winfield powered an 18-hit attack with three RBI Tuesday night to lead the New York Yankees to a 12-3 victory over the Toronto Blue Jays.

Candelaria, 1-0, struck out six and walked none en route to his first complete game since Aug. 9, 1986. Of New York's 18 hits, 10 were doubles. The American League record for doubles in a game is 11, set by the Detroit Tigers against the Yankees in 1934.

Royals 6, Orioles 1

BALTIMORE (UPI) — Frank White had three hits and four RBI and Mark Gubicza allowed two hits over seven innings Tuesday night, helping the Kansas City Royals spoil the debut of new Manager Frank Robinson with a 6-1 victory over the Baltimore Orioles.

Gubicza, 2-0, limited the Orioles to two infield hits, had six strikeouts and did not give up an earned run. Dan Quisenberry closed with two hitless innings for the Royals. The Orioles hit only two fair balls out of the infield in the game.

Twins 7, Indians 6

CLEVELAND (UPI) — Doug Jones hit Dan Gladden with a bases-loaded pitch and followed by balking home Tom Brunansky with the winning run in the eighth inning, enabling the Minnesota Twins to halt Cleveland's winning streak at six games with an 7-6 decision over the Indians.

Red Sox 3, Brewers 1

BOSTON (UPI) — Bruce Hurst and Lee Smith combined on a five-hitter and Marty Barrett drove in one run and scored another Tuesday, carrying the Boston Red Sox to a 3-1 victory over the Milwaukee Brewers.

FINANCIAL

Market moderate, prices dip

NEW YORK (UPI) — Prices opened lower today in moderate trading of New York Stock Exchange issues.

The Dow Jones industrial average, which rose 14.09 Tuesday, was down 4.97 to 2105.11 shortly after the market opened.

Declines led advances 435-317 among the 1,205 issues crossing the New York Stock Exchange tape.

Early turnover amounted to about 7,220,000 shares.

Stock prices closed higher Tuesday in moderate trading with the Dow climbing back above the

2100 level in its sixth straight advance.

Over the past six sessions the Dow has jumped about 130 points, and in the last three sessions closed at its highest level since the plunge.

The index is now on its longest winning streak since last summer, when it rose for eight consecutive sessions between July 22 and July 31.

"The volume picked up once we crossed the 2100 level," said William Tirtilli, vice president-research at Rodman & Renahaw Inc. in Chicago, adding that the advance was due in part to late program-related activity.

Dollar drifts higher; gold, silver lower

By United Press International

The dollar was slightly higher in light trading today on most major foreign currency markets in advance of the Group of Seven finance ministers meeting in Washington. Gold drifted lower.

In earlier trading in the Far East, the dollar drifted slightly lower against the Japanese yen, closing at 128.45 yen, off 0.05 yen from 128.50 yen on Tuesday.

A senior Finance Ministry official in Japan said the Group of Seven (G-7) monetary powers meeting in Washington, beginning today, would agree to keep the dollar-yen rate at the current level, Kyodo News Service reported.

It said the bottom line will be set at around 125-yen per dollar.

Currency traders in Japan noted the dollar drifted in rather light trading ahead of Thursday's figures on the U.S. trade balance for February.

In recent months, the U.S. trade deficit has been shrinking.

Currency market watchers in New York are expecting the February trade gap to narrow to around \$11 to \$11.5 billion from a deficit of \$12.44 billion in January.

In Europe, the dollar opened in Frankfurt at 1.6905 West German marks, up from 1.6842 on Tuesday.

The dollar began the day in Zurich at 1.3985 Swiss francs, up slightly from 1.3955 and in Paris at 5.731 French francs, up from 5.7115.

March retail sales increase

WASHINGTON (UPI) — Brisk business at the department stores and auto dealers helped retailers enjoy a solid 0.8 percent rise in sales in March, the fifth straight monthly increase and the strongest since December, the government said Wednesday.

Retail sales totaled \$130.7 billion last month, according to a preliminary report from the Commerce Department's Census Bureau.

Sales in March were 5.3 percent higher than a year ago, and sales in the first quarter of 1988 were 1.7 percent higher than in the final quarter of 1987.

All figures were adjusted for seasonal variation.

The March increase was the largest since retail sales jumped 1.1 percent in December. The last downturn occurred when sales declined 0.8 percent in October.

Sales at eating and drinking places fell 0.6 percent.

Citrus Shipments

WINTER HAVEN (UPI) — Today's citrus shipments reported by the Division of Fruit and Vegetable Inspection, Shipping total in 4-5th bushel cartons and cannery totals in 1.3-5th bushel boxes.

Rail — 17,232 grapefruit, 3,383 late oranges, 1,558 honey tangerines.

Export — 158,528 grapefruit, 98 late oranges.

Truck — 107,373 grapefruit, 49,063 late oranges, 5,079 honey tangerines, 27 Dancy tangerines.

Cannery — 159,323 grapefruit, 58 early-mid, 462 temples, 668,267 late oranges, 1,889 honey tangerines.

Shipping total — 342,341.

Cannery total — 829,999.

study other options for disposing of the city's wastewater.

"I can't see us paying them \$2.96 a gallon for the privilege of giving them our effluent," Mercer said. He said he did not believe that kind of deal could be good for the city of Sanford.

At the commission's last meeting two weeks ago, Mercer read a long statement of reasons why he thought the agreement with Lake Mary was not in Sanford's best interests.

The Mayor Bettye Smith said she is "very disappointed" over the turn of events. When she first announced the proposed agreement between the two cities last month, she said the proposal enabled Sanford "to see the light at the end of the tunnel" regarding its wastewater disposal problem.

Sanford has been ordered by the Department of Environ-

mental Regulation, to stop putting treated wastewater into Lake Monroe by the summer of 1989. Mayor Smith and city staff had hoped the proposed agreement between the two cities would be an answer to meeting that deadline.

Last year the city hoped to purchase Yankee Lake property for the purpose of disposing of its treated wastewater and that plan fell through when the county bought the land instead.

The city then purchased property near Lake Jesup over strong objections of Geneva-area residents. That property was to be held in reserve in case the city-owned property, including the Sanford Regional Airport could not handle all the wastewater. However, an agreement to send the treated wastewater to a portion of airport property was rejected by the Federal Aviation Authority.

Sanford and Lake Mary city staffs worked several weeks on a proposed agreement between the two cities to pipe a large

percentage of Sanford's treated wastewater to Lake Mary. Under the proposal, Lake Mary would receive 750,000 gallons per day initially, with that amount possibly going as high as 4 million gallons per day in the future.

Commissioner Robert Thomas joined the mayor in voting against the six-month waiting period, saying he thinks "time is of the essence" in meeting the DER deadline. He said the staff has studied the proposal carefully and he feels comfortable with their recommendation.

McClanahan said he wants city staff to study other possible sites including the 2,200 acre parcel the city acquired last summer at near. He noted that Sanford has to go to the county board of adjustment to request some zoning changes for the Geneva property. "I would like the time to go through with that procedure on the 2,200 acre site, to see if we need to spend \$2.2 million on Lake Mary," he said.

...Historic

Continued from page 1A

of Historic Resources. Then, the Division of Historic Resources and the local Historic Preservation board jointly conduct a public hearing at the state level.

However, McClanahan said he thinks the city should also hold a public hearing. "This procedure may be legally permissible," he said. "But, in any other decisions the city makes concerning property, we always have a public hearing."

According to McClanahan, Phil Wernth, the consultant who surveyed the district for histori-

cal buildings, also told the commission during a workshop last week that the city's power of eminent domain does not apply in a historic district. "That means the government can't raise any houses that might be for the good of the city," McClanahan said. "If the city wanted to put a road through, it couldn't."

McClanahan also stated that he does not understand the necessity of a historic designation for an area that "has only 25 buildings out of 500 which are of historic significance. I don't think it's fair to all the people in those 500 dwellings. I feel very strongly about individual property rights."

Colbert emphasized that while a local historic designation through ordinances could bring controls—such as is in effect in the city's downtown historic commercial district—a national listing is a separate matter. "Properties within the district would not be subject to increased regulation by city, state or federal governments. And some property owners could receive a tax benefit," he said.

...Rape

Continued from page 1A

While the charges in Seminole county were based on physical evidence such as the stolen ring and car, Bisland said that since the DNA test came back positive the chances for a conviction are greater.

Power is also charged with abducting and raping two pairs of Kissimmee sisters last fall. He is also being questioned by Orange County authorities about the October death of a 12-year-old girl, Angel Bare.

accounts and interviews with past and present police employees that prompted Acting City Administrator Don Terry to suspend Manning on Feb. 22. Terry also suspended Capt. Terry Baker, who administered the fund with Manning, and Manning's secretary Val Hockenberry, who kept a record of the accounts.

Gunter said he never said or implied that Eitberger should "bring me his head" or that he would not accept "any report which did not contain a finding of wrongdoing."

"Whether (Deputy Mayor) Lynette Dennis or I have, or whether we ever had, a vendetta against Greg Manning doesn't detract from the report given this commission on the antics that went on over there in the police department with public funds," Gunter said.

"If that's a vendetta, so be it," he said. "We have the right to ask questions of any department and will continue to do so of any

department that did anything like this."

Gunter challenged a statement by Manning that Gunter's opposition to Manning dates back to Manning's refusal to give Gunter a job with the Longwood police Department about 10 years ago. Gunter said he never asked for a job as a policeman in Longwood. Gunter said he asked former police chief Roy Sweat for reserve officer status in 1977 and was issued a reserve officer badge, but that Sweat called him up the next day to say he had changed his mind and wanted the badge back.

Gunter had asked former city administrator Ron Waller to look into the operation of the police fund, but said Waller or his staff did not have the time.

"I first asked for a report on the police fund in February 1987," Gunter said. If the commissioners had voted to investigate then, the same thing would have come out.

Former commissioners Ed Myers, June Lormann and Harvey Smeritson, who were defeated in the November 1987 election, were often on opposite sides from Gunter and Dennis on issues involving Manning.

Gunter said. "They keep say-

ing the police fund is not taxpayers' money. I've never said it was, but revenue from other sources is also public funds and must be deposited with other city funds."

The Police Benevolent Fund contained private donations collected by off-duty police totaling \$20,410 for a SWAT Team and K-9 Corps and other special activities. Income in the fund totaled \$98,014 over the 10 years.

In addition to SWAT team equipment and K-9 expenses, the police fund was also used for such things as unsecured personal loans, monetary advances to individuals, social events and parties, and sponsorship of baseball and bowling teams.

Gunter said it was ironic that Barfield, who is a former Longwood police officer, had been one of the policemen who signed Police Benevolent Fund checks and one signed by Manning was made out to Barfield and designated for a "party."

The five-man police review board will convene at 9 a.m. Monday to consider the complaints against Manning and Baker.

...Liquor

Continued from page 1A

"It will discourage anyone from driving and drinking," Bridges said.

Of the 46 traffic deaths in Seminole County in 1986, 24 were alcohol-related, Bridges said.

The new county-wide law, which takes effect in about seven days, carries with it a \$500 fine and up to a 60-day jail term.

Bridges said a similar law is being considered by the

Legislature for statewide enforcement.

As it now stands, county's have the option of passing such a law, and in Central Florida, only Lake County is without one.

Bridges said the law might also prevent alcohol-related deaths by deterring a motorist, who has already had several drinks, from stopping by a convenience store and purchasing another alcoholic beverage "for the road."

The wording of the law was questioned by Commissioner Bob Sturm and Commission

Chairman Fred Streetman, who opposed its application to boaters.

"It will do a disservice to an awful lot of fishermen," Sturm commented earlier in the day.

"I don't see a lot of enforcement (against boaters)," Streetman said. "But on the other hand, it's a good idea to cut down on drinking while driving."

Bridges said drunken boaters can be just as dangerous as drunken drivers on busy waterways, such as the St. Johns River.

Speakes' exposé raises ire of spokesman

WASHINGTON (UPI) — The latest kiss-and-tell book on the Reagan presidency is getting a thumbs-down review from the highest levels of the White House while stirring questions about the ethics and actions of its author, Larry Speakes.

Speakes, who served for almost six years as the chief daily spokesman for President Reagan, has official Washington abuzz about the barbs he slings in his new memoirs, "Speaking Out," which just hit the bookstores.

But of the many insider episodes covered by the book, none had the impact that was felt Tuesday by his admission that presidential quotes he relayed to reporters on at least two important occasions were, in fact, made up.

White House spokesman Marlin Fitzwater, worried such tactics by a former superior could impinge on his own integrity, assured reporters the statements he attributes to Reagan in such cases come straight from the president.

Fitzwater angrily said the fabrication of quotes by Speakes "casts aspersions on the presidency and on my position — and I resent that." However, he said he would not "allow the transgressions of the press secretary at the time to be transferred to the president or anybody else."

"It's a damn outrage. That's what it is," Fitzwater concluded.

Though first lady Nancy Reagan is said to be among those angered at the unflattering portrait Speakes paints in his book of her, the president and those around them, Speakes maintained. "It's an honest book. I criticized people for their mistakes and I admit my mistakes."

That failed to stem the swirl of

discussion at the White House, where Speakes often defended his personal credibility.

...Robbery

Continued from page 1A

undisclosed amount of money, he said.

Employees of that credit union said one of the robbers displayed a knife, Beary said.

Police put out this description of the man who took the money in the Sanford robbery: A black male about six feet, with a thin build, wearing a light-colored shirt with a collar and blue jeans.

His accomplice was also described as about six feet tall with a thin build. He was wearing a cardigan gray sweater and blue jeans, Harriett said. Both men were wearing white sneakers.

—Nancy Simmons

AREA DEATHS

MARY F. ALVAREZ
Mary Filomena Alvarez, 80, 120 Pinecrest Drive, Sanford, died Sunday at Central Florida Regional Hospital. Born Sept. 7, 1907 in Italy, she moved to Sanford from Brooklyn, N.Y., in 1953. She was a homemaker. She was a member of the Sanford Senior Citizen's Club.

She is survived by a half-brother, Robert Gargulo, Neptune, N.J.

Baldwin-Fairchild Funeral Home, Orlando, in charge of arrangements.

ROSA LEE BROWN
Mrs. Rosa Lee Brown, 82, 3700 Main St., Sanford, died Monday at her residence. Born Feb. 6, 1906 in Sanford, she was a lifelong resident.

Survivors include three nieces, Lucille Walker, Cora Lee Morgan and Millie Bell Jones, all of Sanford; two nephews, Alonzo Williams, Syracuse, N.Y., Anthony Williams, Philadelphia.

Sunrise Funeral Home, Sanford, in charge of arrangements.

MILDRED G. ELLIS
Mrs. Mildred G. Ellis, 78, 1153 Frangipani Lane, Casselberry, died Monday at South Seminole Community Hospital.

Longwood. Born Aug. 6, 1909 in Aurora, N.Y., she moved to Casselberry from Orchard Park, N.Y., in 1950. She was a telephone operator. She was a Presbyterian. She was a charter member of the Orlando Garden Club.

Survivors include a son, Ronald D., Forest City; daughter, June Taylor, Casselberry; four grandchildren; four great-grandchildren.

Baldwin-Fairchild Funeral Home, Alamoonte Springs, in charge of arrangements.

LANE E. MCGEE
Lane Edgar McGee, 17, 1369 Landry Circle, Longwood, died Tuesday at Orlando Regional Medical Center. Born May 2, 1970 in Fort Lauderdale, he moved to Longwood from there in 1973. He was a student at Lake Mary High School and played on the Lake Mary Rams

football team. He was a Protestant.

Survivors include his mother, Jane, Longwood; father, Douglas, Orlando; sister, Shannon, Longwood; paternal grandmother, Opal, Pioneer, La.; maternal grandfather, James Hartford Dille, Moore Haven; paternal great-grandmother, Georgia Lane, Bastrop, La.

Baldwin-Fairchild Funeral Home, Orlando, in charge of arrangements.

Wells wins honors in voice competition

MACON, GA. — Jennifer Wells, a sophomore at Mercer University, received honors at the National Association of Teachers of Singing (NATS) voice competition held recently in Rome, Ga.

Wells placed second in the sophomore women's division at NATS, an annual competition that involves voice students from all Georgia colleges and universities.

Wells was one of six Mercer students who placed in the upper three places of their respective competitive divisions. According to Voice Division Head Ed Byrom, the performance of these students at NATS is "a very notable achievement for our school."

Wells, a resident of Sanford, is a voice student under the direction of Phebe Settles.

Shuffleboard Club to mark birthday

SANFORD — The Sanford Shuffleboard Club plans a special ice cream and cake birthday party to be held April 12 at the clubhouse for 23 members of the club. Virginia Moxley will be the hostess for the evening. Bingo caller will be Earl Moxley.

The last business meeting of the season was held April 5. Maurice Munger was installed as assistant court manager for the 1988-89 season. Karl Berg presented plaques to Ima Rutill and Harold Boyer for their loyal service to the club. Both are retired officers of the club with 17 years of service.

Kellett pledges sorority at BU

LEWISBURG, Pa. — Lisa Kellett, Longwood, has pledged Pi Beta Phi sorority at Bucknell University here. A freshman majoring in English, Kellett is the daughter of Susan and Lael Kellett of 528 S. Longview Place. She is a 1987 graduate of Wilmington Friends School, Delaware.

Stetson student to intern at LBHS

SANFORD — Steve Edward Boyd, a student at Stetson University, is interning as a student teacher at Lake Brantley High, Altamonte Springs, under the direction of Louise Jones, teacher, according to Dr. Margaret Horton, director of student teaching at Stetson.

The interns finished the Pre-Intern phase Feb. 12 and reported to their schools Feb. 15. They will return to the Stetson campus May 2.

Montero named to Brenau dean's list

GAINESVILLE, GA. — Lori Marie Montero of Sanford has been named to the Dean's List for Winter Quarter at Brenau Women's College here. Dean's List students are honored for maintaining a 3.6 grade point average while carrying 15 or more course hours.

COOK OF THE WEEK

Secretary juggles career and family

By Jane Hale
Herald Correspondent

Our Cook of the Week is an extremely busy woman who divides her time between taking care of her family and career.

Working as a secretary for the state of Florida keeps her on her toes so when she gets off of work and goes home she has to find the time to cook. She usually does her fancy cooking on the weekends.

Born at the Great Lakes Naval Training Center on the outskirts of Chicago, Hale said she moved often and did not have much of an opportunity to learn how to cook. "My mother was too busy transporting my brother, sister and I to music lessons, girl scouts, and to little league baseball practice to teach me how to cook," she says.

"It wasn't until after I married my husband Dan that I became interested in cooking. Dan was raised on southern cooking and I couldn't even boil water."

She credits her mother-in-law with teaching her how to cook. "I remember 'Mom' Hale getting a chair and placing it in the kitchen door and making me sit there while she prepared supper. She would take each dish step by step and show me what to do. It didn't take many times of burning my fingers and dinner to learn the art of cooking. I had to learn to cook because I didn't want my friends to think that Dan did all the cooking. He did when we first met." Now, she said, they take turns when he is home or she cooks while he relaxes and watches television.

Her husband of 15 years works for the CSX Transportation System as a train dispatcher. He is away from home most of the week, but when he comes home Hale tries to fix some of his favorite foods. "My oldest daughter, Kathy, 14, likes to experiment in the kitchen when she has the time, but this school year has really been busy." Kathy, a freshman at Seminole,

is involved in the Key Club, where she was elected lieutenant governor of the Florida District Key Club. She is also a senior Girl Scout.

"My youngest daughter, Becky, 12, is in the seventh grade at Lakeview Middle School. She enjoys cheerleading and all kinds of outdoor sports. She is not really interested in cooking at the present," says Hale.

Hale enjoys reading all kinds of books and would like to start an enterprising basket decorating business. She hopes to be making money at it very soon. She would like to go to Seminole Community College where she could get a degree in creative writing. "This would really be the thrill of my life if I were able to accomplish this," she said.

Her family is important to her and she tries hard to make them happy. "I truly enjoy doing things for other people. I hope both my daughters learn to cook before getting married because I wouldn't want them or their husbands to go through what Dan and I did when we were first married," Hale said laughing. "Some of my recipes were given to me by my grandmother. My grandmother is 88 and still does her own cooking and continues to live alone. I would like to be just as she is when I am 88 because she has always been my inspiration."

Listed below are several of the family's favorite recipes:

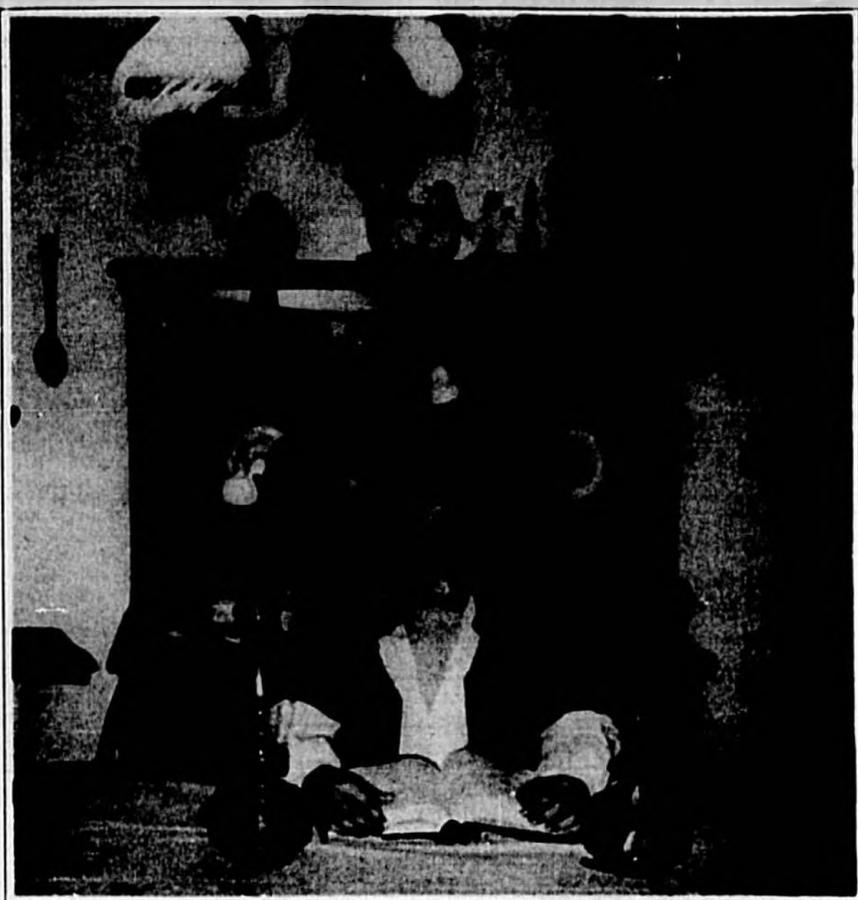

CHICKEN BREASTS WITH WALNUT STUFFING

1 pound pork sausage
1/2 cup chopped walnuts
1/2 cup chopped celery
1/2 cup chopped onion
1/2 cup fresh bread crumbs (small cubes)

1 egg
8 small whole boneless chicken breasts
1/2 cup flour
1/2 teaspoon paprika
2 tablespoons salad oil
2 chicken flavored bouillon cubes
1 1/2 cups water
2 tablespoons butter or margarine

1 tablespoon corn starch in 2 tablespoons water
4 medium zucchini, sliced (optional)

salt, pepper and sage.
Fry sausage, nuts, celery and onion until meat is browned. Add bread crumbs and slightly beaten egg. I add a little sage, pepper and a dash of salt. Set mixture aside. Place each breast, skin side up on a cutting board. With a mallet, pound each breast to about 1/4 inch thickness. Top half of each breast with a scant 1/2 cup of sausage mixture. Fold over other half and fasten with toothpicks.

Sue Ann Hale scans cookbook for ideas.

Herald Photo by Jane Hale

On waxed paper, mix flour and paprika; coat breasts. Brown breasts in hot oil. Add bouillon and water. Reduce heat and simmer for 15 minutes. Transfer chicken to baking dish. I add one can of cream of chicken soup to the bouillon here. Heat it and pour it over the chicken to make more gravy. Thicken the gravy with the corn starch if you feel it needs it.

Cover the baking dish and place in 350°-375° oven for one half hour or until tender. Remove cover for the last 15 minutes. The recipe suggests cooking the sliced zucchini in the butter and serving with the chicken. Remove the toothpicks before serving.

UNCOOKED RELISH

1 cup sweet red peppers, chopped fine
1 pint sweet green peppers, chopped fine
1 pint white onions, chopped fine
1 quart cabbage, chopped fine

4 tablespoons mustard seed
2 teaspoons celery seed
4 cups sugar
1 quart vinegar
2-3 hot peppers, chopped fine
5 tablespoons salt
Mix all ingredients and let stand overnight. In the morning, pack into sterilized jars and seal at once.

VANILLA WAFER CAKE

2 sticks butter or margarine
2 cups sugar
6 eggs
1 1/2 ounce box vanilla wafers
1 cup chopped nuts
1 7-ounce can coconut
1/2 cup of milk
Cream butter and sugar together. Drop eggs in one at a time; beat between each. Roll vanilla wafers until they are fine. Add them to the mixture. Add the milk and then fold in the pecans and coconut.

Grease a tube cake pan. Cook in oven for 1 1/2 hours at 275 degrees. Cool before removing from pan.

MACARONI AND CHEESE

2 tablespoons of butter or margarine
2 tablespoons unsifted all-purpose flour
1/2 teaspoon salt
1 cup milk
4 ounces American cheese (cubed)

1 1/2 cups elbow macaroni (uncooked)
Melt butter or margarine in medium sauce pan. Remove from heat. Add flour and stir until smooth. Add salt. Return to heat, gradually add milk, stirring constantly until thickened. Add cheese; stir until thick and smooth. Cook macaroni until tender (DO NOT OVER COOK). Mix the macaroni and cheese sauce until well coated. Place in baking dish and bake at 350° until top is brown.

ANGEL FOOD PIE

1 cup crushed pineapple
1 cup warm water
1 cup sugar

MICROWAVE MAGIC

Prepare light foods with a gourmet 'air'

Continuing our focus on eating light, nutritious food for fitness, the recipes in this column will have smaller portions of protein extended with vegetables. Eating a balanced diet is important. There is no need to eliminate any one food. High calorie beef is extended with lower calorie fresh vegetables. Some of these recipes also have a gourmet "air" and are full of flavor as well as being low in calories.

Stir-fry dishes can be microwaved to perfection

Midge Mycoff

without using oil. If you serve with this recipe it yields 190 calories per serving.

BEEF WITH PEA PODS
1 pound boneless beef top round steak, cut 1/4 inch thick
1 teaspoon seasoning powder
2 tablespoons dry sherry
2 tablespoons soy sauce
1 tablespoon brown sugar
1 clove garlic, minced
1/2 teaspoon grated ginger root
1 tablespoon cornstarch
2 tablespoons water
1/2 pound fresh pea pod
2 green onions, thinly sliced
1 can (8 ounces) sliced water chestnuts, drained

Slice steak into strips 1/2 inch thick and about 2 inches long. Combine steak, seasoning powder, sherry, soy sauce, brown sugar, garlic and ginger root in 1-quart casserole. Cover. Microwave on 100 percent power for 5-6 minutes or until meat is no longer pink, stirring twice. Combine cornstarch and water in 2-cup glass measure. Drain cooking juices into measure, mixing well. Set meat aside. Microwave on 100 percent power 1-2 minutes, or until mixture

boils and thickens, stirring once or twice. Stir into meat. Microwave on 100 percent power pea pods with 1/4 cup water, covered, for 2-3 minutes. Drain. Add pea pods, onions and water chestnuts to meat mixture. Microwave on 100 percent power, uncovered, 2 or 3 minutes or until heated through, stirring once. Can be served with rice.

The flavor of this next casserole...

Rich strawberry dessert is a real treat.

Strawberries and walnuts combine for an elegant, delicious torte

What's summer without a special strawberry dessert? Here is a rich torte, just like the ones you see in a posh bakery. It is not as difficult or time-consuming to make as it might seem. For full flavor, use pure vanilla extract as directed.

VANILLA-STRAWBERRY NUT TORTE

7 eggs, separated
5 teaspoons pure vanilla extract, divided
1 cup, 2 tablespoons sugar, divided
1 1/2 cups walnuts, finely ground
2 tablespoons flour

1/2 teaspoon salt
2 pints strawberries, divided
1 tablespoon orange liqueur or grated orange peel
1 teaspoon unflavored gelatin
2 tablespoons water
2 cups heavy (whipping) cream, divided
1/4 cup red currant jelly, melted

Preheat oven to 350-degrees. Grease 2 round (9-inch) baking pans and line with wax paper. In the large bowl of an electric mixer, beat egg yolks until light and lemon colored. Add 2 teaspoons pure vanilla extract. Gradually beat in 1 cup sugar; beat until very thick and mix-

ture leaves a trail when beaters are lifted. Combine walnuts (use blender or processor to grind nuts), flour and salt; fold into yolk mixture. Beat egg whites until stiff but not dry; fold into yolk mixture. Turn batter into prepared pans. Bake until a cake tester, inserted in the center, comes out clean; about 35 minutes. Turn out of pans onto racks; cool completely.

Meanwhile, hull and slice 1 pint strawberries; stir in 2 tablespoons sugar, liqueur and 2 teaspoons vanilla; set aside. In a small saucepan, sprinkle gelatin over water; let soften for 5 minutes. Heat over low heat to

dissolve gelatin; remove from heat. Beat 1 cup cream until it starts to thicken. Slowly pour in warm gelatin mixture, beating until cream is thick; fold in strawberry mixture. Spread over 1 cake layer. Cover with second cake layer. Lightly brush top with melted jelly.

Hull remaining 1 pint strawberries; arrange strawberries, point side up, on top of cake. Brush with remaining jelly. Add remaining 1 teaspoon vanilla to the remaining 1 cup heavy cream and beat until thick. Use to frost sides and pipe edge of cake. Refrigerate several hours before serving.

Volunteer of the Month

Mayor Bettye Smith, president of the Women's Club of Sanford Inc., presents Emy Bill the club's Volunteer of the Month award. Bill was cited for her numerous charitable endeavors including chairman, for several years, of the club's bridge tournament, a division in the annual Golden Age Games.

Parents gift of son's organs helps to take the sting from his death

DEAR ABBY: I have written and rewritten this letter several times, but I haven't been able to send it—until now.

Our son, Michael Ratliff Jr., was struck by an automobile on Oct. 7, 1987. He was diagnosed as "brain dead." In the intensive care unit he looked as though he was sleeping and would awaken any moment and speak to us. It was so hard to accept that he was really "gone"—much less think about allowing anyone to remove any parts of him—but time is so precious in this situation.

Over a year ago, my husband and I, Mike Jr. and his sister, Kelly, discussed a column you had written about the importance of donating organs after our death. We all agreed that we wanted to take nothing to our graves that could improve life for the living.

Abby, it was a tremendous comfort to be able to say with confidence that Michael wanted his organs donated at the time of death—which is what we did.

Most parents will find this decision impossible to make unless it has been discussed before. Please urge your readers not to say, "There's plenty of time," or, "I'll do it tomorrow." We signed the necessary papers

Abigail Van Buren

and donated all Mike's usable organs, tissues and bone while our beautiful son was functioning on machines. Finally, we were informed on Oct. 9 that it was all over—Mike was dead, and we could schedule the funeral service.

Then, a few days after Mike's funeral, possibly during our lowest emotional time, we received the letter I am enclosing.

All of us read it, and read it again. It was such a comfort!

Because you so often write columns to encourage donating organs, we thank you, Abby. Please keep printing those helpful, informative, soul-searching columns from time to time.

**MARILOU RUCKER
MICHAEL RATLIFF SR.
KELLY RATLIFF
BIRMINGHAM**

The enclosed letter was re-

ceived from the University of Alabama at Birmingham:

DEAR MS. RUCKER AND FAMILY: On behalf of the Alabama Regional Organ and Tissue Center, may I express my deepest sympathy to you and your family for the tragic loss of your son, Mike. I would also like to express my gratitude to you for understanding our situation at such a difficult time and responding to the needs of desperately ill people whom you have never met. I admire your ability to express your love for Mike by allowing his death to give the "gift of life" to others. I can assure you that this most unselfish gift will never be forgotten by the patients and their families who have benefited from your generosity.

Both of Mike's kidneys were transplanted at our hospital. One kidney was received by a 23-year-old female, and the other was received by a 48-year-old male. I am glad to report that both recipients experienced immediate function of their transplanted kidneys and are looking forward to returning home to their families to live a more normal life free of dialysis.

We located a woman suffering from coronary artery disease in need of a transplant. She is the mother of six children and had received a previous heart

transplant two years ago. She is in the intensive care unit recovering without complications from the transplant.

The bone will be stored in the cryogenic lab here at University Hospital to be used at Children's Hospital and throughout Alabama in the treatment of deformities of the spine in children and in patients suffering from orthopedic injuries and disease.

The Eye Foundation will soon inform you about how the corneas were used. Can you imagine what it must be like for these patients who have lived in darkness to regain this most precious gift of sight?

In closing, I would again like to express my sympathy and gratitude on behalf of these recipients and their families. I know that words cannot help the pain that you and your family must feel, but I hope that in the years to come you will gain some comfort in knowing that you have given the "gift of life" to many.

**BRUCE A. VON HAGEL,
R.N., D.S.N.**

Woman's club sets May Day Brunch

SANFORD — The Woman's Club of Sanford Inc. is planning the 12th Annual Spring May Day Brunch on Sunday, May 1, at the Sanford Civic Center.

The brunch began 12 years ago and has grown every year. Club members do most of the work and many food items are donated by local businesses.

The brunch menu includes: Fresh Fruit, Cheese Strata, Pan Sausage, Grits, Sweet Rolls, Orange Juice and Coffee.

Serving hours are between 8:30 a.m. and 1:30 p.m. Tickets are \$4. adults, and \$3. children.

Entertainment will be provided and also members are baking treats to be sold in a bake sale.

Through the years, proceeds have benefited civic improvement. The funds from this year's brunch are earmarked toward beautification of the park

located on Park Avenue between 8th and 9th Streets.

Inexpensive Cavity Prevention: Dental Sealants Protect Your Children's Teeth

By sealing the chewing surfaces of their teeth, dental sealants help your children stay cavity-free!

The chewing surfaces of molars are the most cavity-prone areas of your child's teeth. Unfortunately, they are also the most difficult areas to protect with fluoride. That's why the American Dental Association recommends that dental sealants be applied to permanent molars of all children as part of routine preventive dentistry. A "sealed" molar is actually ten times less likely to experience decay because bacteria and food debris cannot enter its tiny pits and grooves.

Sealants, which are tooth colored or transparent plastic resins, are painted on the teeth in liquid form and quickly harden into thin, very strong coatings. Their protection can last for up to five years, but they should be checked regularly.

The combination of sealants for the chewing surfaces and fluoride for the smooth surfaces of tooth enamel is a cavity-fighting powerhouse. Dr. Richard J. Simonsen, Chairman of the Department of General Dentistry at the University of Tennessee and author of several scientific studies on sealants, explains:

"With proper use of fluorides and proper use of sealants, children in families that are motivated to follow their dentist's advice on diet and oral hygiene will very likely stay cavity-free."

Sealing teeth is a simple, painless and inexpensive procedure. Ask your dentist about its potential for your children, or call our office, no cost consultation.

Healthy, good-looking teeth

Your dentist and hygienist are committed to keeping your smile healthy and good looking. So visit the dental office regularly — and do your part by taking care of your teeth at home.

A 'comfort zone' really exists for many people

DEAR DR. GOTT: My range of comfort is 65 degrees to 75 degrees. Otherwise, freeze or melt. It's discouraging at age 70 not to be able to enjoy the great outdoors. My doctor diagnoses my complaints. Do you have any suggestions?

DEAR DR. GOTT: My range of comfort is 65 degrees to 75 degrees. Otherwise, freeze or melt. It's discouraging at age 70 not to be able to enjoy the great outdoors. My doctor diagnoses my complaints. Do you have any suggestions?

DEAR READER: One of the inescapable consequences of aging is poor circulation. To most people, this means that hands and feet tend to be cold and are less able to withstand low external temperatures without discomfort. However, poor circulation also causes heat intolerance, because less blood reaching the extremities means less heat is radiated from skin capillaries. Hence, the elderly have problems with a hot environment and a hot one. In addition, some specialists believe that, with aging, a certain "thermostat" mechanism that maintains appropriate body heat — may lose sensitivity and function less efficiently.

Your problem is common. Although you may dismiss your complaints because he or she hasn't experienced them, age will take its toll on your physician, too. I suggest the following:

- 1. Exercise regularly, particularly in cool or cold weather. Physical activity improves circulation, and when you're active in the cold, low temperatures may be less of an annoyance.
2. Dress up in weather that you perceive as cold. Adequate extra clothing will help counteract your poor circulation.
3. Exercise regularly, particularly in cool or cold weather. Physical activity improves circulation, and when you're active in the cold, low temperatures may be less of an annoyance.

Peter H. Coth, M.D.

an aching feeling and a blotchy rash on the exposed surfaces of the body. The ailment usually lasts about a week; it is not serious and requires no treatment.
