## Rickard Informs Public That Tunney's Opponent Will Be Heeney Or Risko

By Davis J. Walsh International News Service Sports Editor. NEW YORK, Mar. 23 .- (INS)-

Through devious channels, comes the word-from Militie today that George Rickard and Brother Tunney have reached an "understanding." If they are referring to the beavyweight alguation, this makes them exactly 7 up on the rest of us but, anyhow, the word is that Tunney, will defend his title no later than July, that his opponent olibrat will be. Tom Heeney or Johnny Risko and that the site of the transaction will be New

Broney, it seems, is the proferred capdidate at the moment and it in to be assumed that, if the championable were to be fought for tomorrow, he is the man who would: be in there taking uncalled for liberties with brother Tunney's knuckles. The latter usually are most discriminating but this is not the time for financial proprieties. Shrink though they may from this contact, an undeserving chin simply must strike them very rudely before the end of the summer.

Apparently for lack of more adethe chin might de well be licency's. However, I understand that neither George nor brother Tunney is definitely committed to any opponent. Heeney is a superior attraction over Risko, provided this pai doesn't have at it in the meantime, It is brother Tunney's thought that elve again. July will furnish the ideal linte, it below quite logical contention that, bargain at second base last year if an opponent is unavailable by but is a good man for utility dury, than, he, the opponent, will be particularly since be also can to equally "non est" in Sept. and lieve the fading George Burns at probably more so.

# Pay Your Taxes Promptly

delay or failure to pay

means an added burden

next year

ROPERTY owners can best lower taxes by paying the assesments due before April 1

AlLURE to pay means that the City will not have enough money to meet running expenses. Bonds that should be retired will have to be refinanced with the result that taxes will mount higher than ever before.

HE number of city employees have been reduced to a minimum, and salaries cut. Overhead has been pared to the bone. If this year's taxes are paid, the City's financial problem for this year will be practically solved. If payment falls short, no amout of economy can prevent increased millage next year.

S EVENTY-five per cent of the total revenue the City is supposed to receive comes from the payment of taxes.

T'S a serious situation and narrows down to just this:

F you, as a property owner will pay your taxes this year, then the burden for next year will be lighter.

F you, as a property owner, DO NOT PAY, then money will have to be borrowed, interest and principal will have to be paid and the result will be HIGHER TAXES NEXT YEAR

Which shall it be?

## HOW MUCH IS \$1,000?

FOR instance, spending \$100 is equivalent to paying \$100 down. and \$4 a year for the rest of your, life. For that \$100, saved, would go on earning \$4 a year for you

Think of a \$1,000 that way-a \$1,000 saved, then safely invested. It would earn for you in the saving and, invested, pay you \$50 or \$60 annually as long as the principal is not disturbed. That probably means \$60 a year, \$5 a month, for you from now on!

Think what that means -\$5 a month extra income. Twentyfive gallons of gas a month; a new suit, hat and pair of shoes every year; taxes or insurance premiums; innumerable things as your needs dictate:

How much is \$1,000? In income, it is \$50 or \$60 a year, every year. In principal it is \$1,000 worth of protection against adversity, of self-confidence in living, of luck in opportunity.

### School Teaching

We wonder how many teachers take their teaching as seriously as their religion and, if they do, is that serious enough. The Bible has given us the Ten Commandments, ten rules to live by which, if we observe them, will leave very little to be wanted in the way of proper conduct.

So the Federal Bureau of Education at Washington has prepared ten commandments for teachers which it is hoped will make better instructors and result in better pupils They are as follows:

"Thou shalt have other interests beside thy school

2. "Thou shalt not try to make of thy children little im- state will not militate against in patriotion, experience, characages, for they are a live little bunch, visiting the wriggling- him when men available for the ter an intellectual equipment to of their captivity upon you, their teacher, unto the last weary | presidency a v being considered. | the twon't have time to tell all the moment of the day; and showing interest and cooperation. There was a time in the nation's but be use he is from the South unto those who can give them reasonable freedom in work history when the eyes of the peo- he is the available.

3. "Thou shall not scream the names of thy children in irritation, for they will not hold thee in respect if thon screamest their names in vain.

4. "Remember the last day of the week, to keep it happy. 5. "Humor the feelings of thy children that their good will may speak well for thee in the little domain over which thou rulest.

6. "Thou shalt not kill one breath of stirring endeavor ion. It is outnumbered in voting before, We ask more, Thousands

in the heart of a little child. 7. "Thou shalt not suffer any unkindness of speech or

8. "Thou shalt not steal for the drudgery of any 'paper' the precious hours that should be given to recreation, that thy strength and happiness may appear unto all that come stupendous sacrifices for great government and the atitude of the

9. "Thou shalt not bear witness to too many 'schemes of at made up their minds as to work, for much scattered effort is a weariness to the soul and a resentment of the South's posi- and a better sectional understand-

10. "Thou shalt laugh-when it rains and wee, wooly ones all means hear her speak. Harvey S. Firestone, Jr., Sends First Message From Liberia To Rubber Company's Own Station In Akron-Daily Reports On Rubber Growth To Follow . To Follow ... thing that oreidould bring home.

tories at Akron, Ohio.

This marks a new era of communication with the interior of inaccessible countries. Heretofore, messengers through jungle trails, taking days to get in touch with the outside world. Broadcasting by radio direct from one continent to another thus gives the Firestone Tire & Rubber Co. a great advantago in developing its million acres of rubber lands that were secured from the Liberian government, stone native employees who had Although these properties are located over 5,000 miles from the ferns at the entrance of the properties are located a great agreed agr Ohlo, it will now be possible to sides as he drove through eleven mend reports every day by radio miles of the plantation to headfrom the Liberian plantations to quarters.

100,000 Acres Laid Out rubber-growing countries of the world. Mr. Firestone said that during the first year two 50,000acre plantations had been laid out, 150 miles south of the Du on the and willing to work in an organized way. This has made possible

time had constructed over 75 miles of roads and had built and established hendquarters on the two plantations, with housing facilities for the resident staffs of 118
Americans. Power plants for the development of electric power, light and refrigeration and been built as well as hospitals and plant replies. They called the Americans and also to supply the needs of the 15,000 natives who are employed in clearing the jungles and planting rubber trees.

1,500,000 Trees Planted

During the past year, according to Mr. Firestone's first radio report, over 1,500,000 rubber free nave been planted on a total of over 15,000 acres of cleared jungle lands. This is a record in rubber plantation work. It is the largest number of trees set out and acres planted by any single company in the same length of time. And Mr. Firestone stated that the rate of progress in clearing land and planting rubber trees is being constantly increased.

Mr. Firestone reported that the steamship sent over for service had been placed in commission along the Liberian coast and is now linking up the Firestone plan-tations and the coast towns of Liberia. He expressed the hope that vessels operating directly between New York and Liberia, making the Atlantic passage in less than two weeks. When this is done, it will not only give Firestone an advantime as compared with other rub ber-growing countries, but will also greatly reduce the cost of

transportation. was also reported. Mr. Firestone are being taught to be carpenters, seriously considering the question blicksmiths, plumbers, electricians, of abandoning or at least modify.

When Premier Baldwin brought year to America if the present up the question of modifying rab- price is maintained.
