Go To Church

Something's in the making here. Maybe it's a garden. Maybe it's nothing more than a ditch. But what really counts is that father and son are working together

Sonny may be more hindrance than help just now. But, says Dad patiently, "How ever will the boy learn if he doesn't

When you watch, with ebbing patience your child's fumbling efforts to imitate yours, do you ever think about your heavenly Father's patience with you when you are in the wrong?

He's right there, working alongside you too, wanting to show you how to carry on, and staying close by in

case you get into trouble. If you keep in touch with Him through prayer and regular church attendance, you will learn from Him how to live, just as your child learns from you through talking and being with you.

THE CHURCH FOR ALL ALL FOR THE CHURCH

the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy ner civilisation onn survive. There are four sound remens why every person should uttend services regularly and support the Church. They are: (1) For his own soke (2) For his children's soke. (3) For the sale of his community and nation. (4) For the sake of the Church itself, which needs his meral and material support. Plan to go to church reqularly and read your Bible daily.

Can Really Be Proud Library, Museum

Just four days ago, the granddaughter the founder of the City of Sanford, Mrs. farlo Pansa, turned over the first spade of dirt to start the construction of what is settined to be one of the most important buildings is our city.

In a short while, where this first spade of dirt was turned there will mushroom from the earth a building, the inside of which will be an exact replica of the library of the General who realized that Sanford would some day be one of the most important oots on earth.

In Fort Mellon Park, soon, there will be ha Henry Shelton Sanford Memorial Libary and Museum.

Housed in the Library and Museum will the library of General Henry Shelton denford which contains original books of bismamed value. Here will be history, untesched, except by those who have followed the footsteps of a General whose career was unmatched—unparalleled.

... Senford, we know, is proud to have this important addition to our City become a reality.

From Derby, Conn. will come this in-Valuable history, this important Library and other historical objects, to rest within the corporate limits of Sanford, Florida—the fown General Henry Shelton Sanford found-

To Sanford will stream untold thousands to see this library and museum. Thouands will interest themselves monthly in the thinking and reading, the study and same of one of our country's important

The Henry Shelton Sanford Memorial Library and Museum will occupy an important place in Sanford, Florida. Its prominence can be seen by countless thousands in their daily walks, travels, and casual passing by, The attractiveness of the location, the building, and its surroundings, not even to mention the beautiful artificial lake which seems to have been placed in its setting primarily for the location of this memorial, will draw additional thousands who otherwise would not notice.

Not only is Sanford proud to have the Henry Shelton Sanford Memorial Library and Museum, but it is indeed fortunate.

To Mrs. Carola Dow, the daughter of General Sanford, we owe a debt of deep

TODAY'S BIBLE VERSE For we are laborers together with God. -- Corinthians 3:9.—God has no hands, he

gratitude for allowing the Library and histropical pieces to be placed in the Memorial Building.

Here in Sanford will now be located one of the important segments of our country's history. Its importance to us here cannot be determined so great is the magnitude.

Truly, this WILL BE Sanford now, and we're proud!

Water Supply Problem

We have every reason in the world to be concerned about our diminishing water sup-ply. The acuteness of the situation has spread

to fear in many places. Sometimes, however, 20th century man gets cocky about his vast achievements. He builds mighty dams, and towers that chal-lenge the skies; he spreads a network of roads across the face of the earth; he sails upon the seas, and beneath the seas, and his winged ships roar swiftly through the air. He makes the fertile land to yield more abundantly than ever before.

Modern man is justly proud of what he has done. But now and then history teaches him a lesson of humility by showing him that ancient man, too, was capable of great accomplishment.

One such lesson comes from the Negev, a desolate region in Israel south of the Dead Sea. The kingdom of the Nabataeans, a powerful Arab people, lay in this desert more than 2,000 years ago. And there in a barren land with average rainfall of only four inches, they practiced agriculture on a

our times. They did it by making the most which is the most practical, funcof that scant rainfall, by building an intricate system of stone walls and terraces to ever seen. eatch the soil-laden water as it rushed down normally dry watercourses.

Now those shrewd, scientific methods that worked out more than 20 centuries ago service, pine good food, have on the Avon today not returning the veto. are being used by Israeli farm experts to make the desert bloom again. The ancient Nabataeans have something to teach us, and in this case, at least, modern man is making Embassy Staff, which session was we have done to the "Nth" degree, the most of it.

As we have pointed out so many times, folks from everywhere like Sanford to such an extent that they never forget it.

The welcome mat is always out in our a tendency toward stuttering lights of the day were first a tour as Valencia orange trees. city—as has been evidenced by the remarks when he becomes excited over of Lancaster House, which is preof famous golfers who were here for the his subject, a state, incidentally, sently being used for the Disar-Mayfair Inn's first annual \$15,000 PGA in which he remained when speak-Open— the remarks of W. CHICAGO Un Jersey Joe Wal-cott says that he was "real sur-prised" to be subpoensed to that-ify before the Cook County grand jury Monday.

The former heavyweight boxing

champion, in Chicago the past week to promote a movie, "The Harder They Fall," in which he Harder They Fall," in which he has a small part, was served the summons yestarday in front of the Woods Theater. The movie, which has as its theme erockedness in boxing, is playing at the Woods. "I don't understand why they would subpoens me," he said, "I'm real surprised."

The grand jury wants him to testify concerning any possible know-ledge he may have of alleged cor-ruption in Illingia boxing.
"Walcott made the inference he

"Walcott made the inference he might have information concerning corruption in the boxing game in this county, so our affice is investigating," said frank Ftriic, assistant state's attorney.

Walcott and Illinois State Athletic Commissioner Lou Radzienda had a sharp debate on a television show Tuesday night. Walcott said he accepted the movie tole of a trainer because he felt boxing should be "cleaned up."

Radzienda, president of the National Boxing Assu, rebuked him for appearing in the movie after boxing had been "good" to him. The commission today is to cross-examine Jack Begun, veteran Chicago fight manager, on his an Chicago fight manager, on his allegations that the recent Car-men Basilio-Johnny Saxton welterweight title fight was not "on the up and up." Begun made the charge in an amusement circular.

Safest U.S. Drivers Follow Simple Rules By Joanne Smith, Dodge Safety Consultant

IF YOU'RE PLANNING an automobile vacation frip, you'll probably pass many of the safest motorists on the road. Drivers of huge haulaway trucks, carrying new ears from factory to dealer-

ship, boast the best highway safety records in the country.

Current statistics from the National Safety Council show that these trucks, owned by companies composing the National Automo-ested in Bleau's hints for safe

bile Transporters, have only one highway motoring. This is remarkable when one which you are driving. Then ad-

charged even if terist rams one of the trucks. most outstanding safety rec-

ords within the

association is held by Automobile Shippers, Inc., whose 275 Miss Smith adrivers travel 19,000,000 miles each year. During the past five years this company has averaged only one accident for each 263,-

158 miles of driving. Norman J. Bleau, who carefully selects and trains Automobile Shippers' new drivers, says that every motorist can travel the highways in safety by observing the same caution and rules practiced by his drivers.

He teaches them to be defensive drivers. In other words, they are trained to keep their vehicles froe from accidents despite the carelessness and recklessness of other motorists.

vacation driving will be inter for the "crary" one!

1. Blend into the traffe in

considers that the distance is just your speed to weather and equivalent to six times around the road conditions. Look far enough world, and that an accident is ahead to observe the need to reduce speed for smooth stops and easy turns. Always reduce your. speed near the crest of a hill un-til you can see beyond the hill-

> 2. Keep year eyes in constant motion to the front, left and right and into the rear-view mirror to observe traffic in all directions. Never turn your head to talk to someone in the rear seat Never admire the scenery while driving. Don't daydroom at the wheel.

3. Avoid blind swerves away from side hexards. These instinctive swerves are the most fre-

4. Be extra careful between 4 and 8 p.m.—the dangerous twilight hours when visibility is tricky for you, pedestrians and other drivers. Turn your lights on early. Remember that you lose, three-fourths of your visibility by driving with grimy windshields and headlights. 5. Do not blindly trust traf-

fic signs and signals - some drivers do not see them, others often ignere them.

Women drivers, who frequently 6. There are lot of good drivers "take over" for long stretches of on the highway—but watch only

Troubled Taxpayer Sends Internal Revenue \$3,900

WASHINGTON US-The Internal Ravenus Service has received \$1,000 from Chicago, apparently mailed by a taxpayer with a broubled conscience.

The money, 20 bank notes of \$100 each, was in a plain brown manila envelope, with no accompanying note. On the back of the envelope was a return address eeding:

1. O. Thismuch 935 Clybourne Ave.

Chicago. The revenue service said there was no such address in Chicago. The money was sent to the

Treasury's conscience fund. The Cincinnati Redlegs finished fifth in the National League in 1965 but their pitchers led the loop in shutouts with 12.

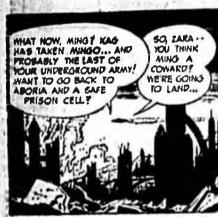

SETTING THE MARITAL PACE for the famous Gabor sisters, Magda is shown (right) with her husband, Tony Gallucci, after their wedding in Franklin, N. J. Next in line for the alter is actress Eva Gabor, shown at left with Dr. John Williams whom she will wed soon in Connecticut. And, of course, there's Zan Zsa, who will marry Hol Hayes, businessman. Mama Jolie stands beside the newlyweds. (International)

'Confidence Brings Progress' Subject Of Rotary Speaker

Registration completed more Savings and Loan League spoke The bloodmobile of the Central than a week ago has been tabu- to the Sanford Rotary Club today at its noon buncheon meeting at

Joseph S. Guernsey of Orlando office of Mrs. Camilla Bruce, based on his address on the subject "Confidence Brings Progress." He told the Rutary Club today

"Our forefathers gave us an example of contidence in our American As he held his audience apell-

bound, he told them "This same confidence has helped build a great nation and a wonderful State of Florida within this nation." Guernsey said, "The growth of Florida is an illustration of con-

lidence in Florida's future," Speaking on another phase of growth, Guernsey told the Rotary Club audience "The growth of the Savings and Loan industry in Florida is an illustration of confidence in one of Florida's leading financial industries. In my opinion this confidence is justified,"

On still another phase of Florlda's prosperity, Guernsey pointed out, "I believe Florida's present prosperity is based on more solid ground than was Florida's prosperity or boom in the 1920's," as he illustrated his belief with exam-

confidence."

The speaker was introduced by the organization of the Central Oviedo, 513; No. six, Geneva, 274; George Louny, Executive vice-George Toulty, Executive Vice-Savings and Loan Association of Goldenrod, 264; No. olne, Long this city, as President of the Florida Savings and Loan League; Orgammer and President of the Orfamily Federal Savings and Loan Association; owner of the Hotel Wyoming and Vice-President of Kemiworth Shores of Orlando and director and member of many other activities.

Guernsey's talk was received with cothusiasm by an interested group of representative business and professional men. The meeting was in charge of President William (Bill) Bush.

Attention was called to the district assembly of Rotary International at Ocala, beginning with a Fellowship Dinner at the Hotel Marion, Sunday night,

Reports Say Youths Are Sent To School With Mumps, Rash Several complaints have been re-

sent to school, apparently with mumps and with rash on them, spreading the disease to other children who ride the school buses. use the playgrounds, and those in the sabout rooms and lunch rooms. Children are being exposed un-

necessarily, according to one mother. In one instance, she said, a child came to the school bin stop with face swollen and running a high temperature. Dr. Terry Bird, Seminole County

Health officer said this morning that this is the season for numps and there are quite a number of cases among the children and many among the adults.

"However," he said, "We are taking every precaution in the schools and are checking the children who apparently have the mumps and sending them home." Dr. Bird said, "For the sake of the children, if they have any indication of mumps or rash, they should be kept at home where proper care can be given them."
