DRY LAW ISSUE LOOMS LARGE FOR CONGRESS

Anti-Prohibitionists Pledge That Bill To Repeal Liquor Act Will Be Introduced

WASHINGTON, Sept. 26.—(A.P.)—The frustrating controversy of prohibition as a controversial issue has been promised for the next Congress. From the welter of discussion trailing the American Legion's demand for a referendum on the liquor question arose today a pledge by the anti-prohibitionists that a bill for repeal of the Volstead Act will be introduced soon after Congress convenes. It came from Representative Britton, Illinois.

On the other side of the fence Senator Sheppard, Texas, co-author of the Eighteenth Amendment, expects to resurrect his bill making the purchaser of liquor equally guilty with the seller, also clarifying the Volstead Act to prohibit liquor making in the home.

At Omaha the veteran Texas prohibitionist predicted the Legion's action will have slight effect.

Representative Britton said the Legion's vote sounded the "death-knell" to the prohibition laws. He added if the repeal organization and the American Federation of Labor would use "their tremendous persuasive power" they could bring about repeal of the Volstead Act during the next session of Congress.

From the other side of the Capitol, Senator Glenn, another Illinois Republican, said he was ready to vote for reestablishment of the Eighteenth Amendment as recommended by the Legion, or for repeal of the constitutionally should be decided.

Delegates of Congress are expected to petition on the Legion's side, but some of them said privately it would have a tremendous political effect. Among those who would not comment was Senator Watson, Republican leader of the House.

Precautions Taken Against Any Local Spread Of Disease

All principals of schools in Seminole County have been sent letters by Superintendent of Public Instruction T. W. Lawton instructing them to make a careful inquiry of every pupil coming from other states to ascertain whether he has been in a section of the country where infantile paralysis exists, and to exclude any who have for two weeks, requiring a physician's certificate for admission at the end of the two-week period. This applies to enrollment from the first day of school.

Special Meeting To Be Held By Woodmen

The state manager, V. P. ... of Lakeland, and head ... of M. McCully, in attendance, ... meeting of the Colony ... Woodmen of the ... will be held next Tuesday ... at the Woodmen Hall ... Oak Avenue.

Major Doolittle Sets Speed Mark

INDIANAPOLIS, Sept. 26.—(A.P.)—Major Jax Doolittle, who left St. Louis at 9:35 o'clock this morning landed at the Indianapolis municipal airport at 10:27 o'clock covering the 240 miles in 52 minutes. The trans-continental record holder came here for the dedication of the airport. The record between the two cities was one hour and 10 minutes for 230 miles flying established by Captain Frank Hawks in his westward flight.

NEW HEARING IS REFUSED IN CASE OF RALPH CAPONE

CHICAGO, Sept. 26.—(A.P.)—Ralph Capone, elder brother of "Scarface Al" and a public enemy in his own right, yesterday was refused a rehearing of his income tax evasion case by the United States district court of appeals. Capone sentenced in the federal district court to serve three years in Leavenworth and fined \$10,000, now has but one recourse left in his effort to escape punishment. A writ of supersedeas from the supreme court would permit him to retain his freedom until the high court could act on his case. He has previously heard the court of appeals uphold his conviction.

The refusal of the district court of appeals to grant a rehearing to the brother of "Scarface Al" brought grief not alone to the Capone family. Two others whose names are included in the list of public enemies had entered pleas of guilty to income tax evasions qualified by the points raised by the elder Capone in his appeal. They were Terry Druggan and Frank Lake, erstwhile millionaire brewers and gangsters.

Ralph Capone was convicted April 26, 1930, of not paying taxes on an income which government witnesses showed to have been at least \$1,871,000 between 1921 and 1929. That amount, the government contended, had been deposited by Capone in seven different banks under fictitious names. Before his trial, the gangster, who operated a circus, cabaret, and owned a racing stable, pleaded he was only an insolvent race horse owner and offered to compromise for \$1000. His offer was refused.

Capone is one of the "big shots" of Chicago gangdom and politics, either serving sentences or facing imprisonment under conviction for failing to pay income taxes. His gang leader brother "Scarface Al" is facing trial on a similar charge, as well as for alleged liquor violations. Al Capone originally pleaded guilty to both charges on a compromise agreement that he would be accorded leniency, but Judge Wilkerson warned the gangster he had not been a party to the leniency treaty. Capone withdrew his guilty plea and is now awaiting trial late next month.

Stewart's Return To Club Presages Golfing Activities

Alvin Stewart, professional at the Sanford Country Club, who has been spending the summer in Minnesota, will return to Sanford tomorrow, according to an announcement today by Leon LeRoy, president of the club. It is the intention of the club officers, Mr. LeRoy stated, to map out a program of intensive activities for the club, as soon as Mr. Stewart arrives, to further stimulate interest in golf during the Fall and winter months.

Mr. LeRoy also pointed out that the campaign for new members which was inaugurated a week ago is meeting with considerable success, over a hundred new members having been secured. The campaign was launched last week when letters were addressed to all members of the club asking each one of them to bring in at least one new member.

"It is necessary, however," Mr. LeRoy declared, "for every member to exert himself as a few have done. We must secure several hundred additional memberships if the golf course is to be maintained in a proper condition. I hope to see some real work done by all the members next week and feel sure that we can reach our goal if everyone will do his part."

GIFFORD SAYS WAGE SLASH IS NOT GOOD IDEA

Head Of America Tel. And Tel. Re-Affirms His Stand On Keeping Existing Scale

WASHINGTON, Sept. 26.—(A.P.)—In the face of wage slashes by large steel corporations, the president of the American Telephone and Telegraph company yesterday re-affirmed his position that industry should strive to maintain existing pay levels.

Walter Gifford, now serving as national relief director, reiterated that "we ought to make every effort to maintain the wage scale." Shortly afterward it was learned the administration has no intention of reviving the war-time council of national defense to rule industry in the present economic depression.

The American Legion convention at Detroit urged this step as proposed by Howard Coffin, former member of the council. President Hoover feels, however, the Gifford organization is amply able to coordinate relief activities without resorting to more drastic measures.

The president is not of the opinion the country will reach the situation experienced at the time the council was created. He feels action, not advice, is needed and is being provided by the Gifford organization.

Meanwhile, the chairman of the Republican national committee gave further credence to the belief that wage reductions still were objectionable to the administration.

London Exchange Acts Promptly To Curb Speculation

LONDON, Sept. 26.—(A.P.)—The London Stock Exchange took drastic action yesterday to curb speculative trading which has been a feature of the minor boom markets of the last two days. Starting today, all dealings in stocks and shares will be for cash only as already in the case with British government securities.

Opinion in the financial district toward the exchange committee's action. It was pointed out that the possibility that a reaction market caused profit-taking cannot be ruled out and that in any case the uncertainty of sterling, as well as of the currency of some other countries, makes the present no time for reckless speculation.

Business was brisk on the London exchange yesterday but British funds were weak with quotations down 2 to 3 points, attributed to the weakness of sterling and continental selling for exchange into foreign issues whose interest is payable in dollars.

Trans-Atlantic favorites and oils were irregular owing to realization, but other sections of the market were buoyant. Industrials, gold mining stocks, Argentine rails and tin shares showed substantial gains.

HERE'S ARMY'S LATEST 'MYSTERY PLANE'

The giant Ford tri-motored bomber shown above is being tested by the army at Dayton, Ohio. Although the test flights are strictly private, and the plane is generally called the "mystery plane," it is understood that the plane carries 2,000 pounds of bombs and has a cruising radius of 750 miles.

COLLINGS' WIDOW TELLS HER STORY OF STRANGE CASE

JERSEY CITY, Sept. 26.—(A.P.)—Miss Lesora Advo to Muttari, nurse, who had looked after her husband to his death, and who had detectives that they would not be admitted without a search warrant because today an important figure in the investigation of the Collings' murder mystery. Authorities wanted to question her on a report she knew two Jersey City men who had a motive to kill Benjamin Collings.

STOCKS ADVANCE DURING SESSION OF WILD TRADING

NEW YORK, Sept. 26.—(A.P.)—Share prices were fast about in confusion in a day of erratic movements in the securities markets today, but most of the leading stocks ended the session on an upward, gains ranging from 1/4 to 1/2 a share.

Further reports, some later in the day, of repression in Europe from British financial crisis, together with a report from the New York stock exchange, failed to keep steady and a reaction market set in. The first decline occurred several issues 1/4 to 1/2 a share. These losses were not all recovered, and there were numerous issues of 1/4 to 1/2 at the close. It was notable, however, that several of the so-called "prospect" shares failed to drop below last night's final levels on the decline.

Austrian Swallows Given Airplane Ride

VIENNA, Sept. 26.—(A.P.)—Migration of Austrian swallows by airplane began yesterday when the first flock of 2000, too cold and faint to travel under their own wingpower, left for Venice.

Many Meetings Planned Monday As Mrs. Owen pays Visit To Sanford

It will be a day of one meeting after another Monday when Mrs. Ruth Bryan Owen, Florida representative to the United States Congress arrives in Sanford on her first official visit of the year to appear before various local clubs and organizations. Her first speech of the day will take place at 10 o'clock in the morning and the last one will be at the City Hall at 8:00 o'clock Monday night. Mrs. Owen's principal talk of the day will be heard at the City Hall Monday night at a meeting which will be sponsored by the Jacksonville District Progressive Club of the Atlantic Coast Line Railroad to which the general public is invited. In her talk she will give a report of her activities while in Congress during the past session.

Besides talks by Mrs. Owen and several officials of the railroad, a number of vaudeville acts, featuring local talent, has been arranged and a dance will be given afterwards.

\$50,000 Damage Suit Is Filed Against City

Suit asking \$50,000 in damages from the City of Sanford, was filed Thursday afternoon by the United Mutual Life Insurance Company with G. J. Patterson, Jacksonville, as counsel for the plaintiff.

SHARON CALLS ON LOCAL PEOPLE TO ATTEND CHURCH

Declaring that gold and luxury are never built a God-like character of a people, but have contributed more than anything else to tearing down civilization, Judge James G. Sharon today issued an appeal to the public to attend church as part of a homecoming program scheduled for Oct. 1.

NEW YORK, Sept. 26.—(A.P.)—Share prices were fast about in confusion in a day of erratic movements in the securities markets today, but most of the leading stocks ended the session on an upward, gains ranging from 1/4 to 1/2 a share.

Writs Are Served To Get Payment On Palm Beach Bonds

WEST PALM BEACH, Sept. 26.—Two alternative writs of mandamus ordering this city to levy a tax for all past due principal and interest on its improvement bonds, attacking a recent amendment to the city charter, were served on city officials recently, following their issuance by the state supreme court.

Florida Growers Protest Increase In Freight Rates

WASHINGTON, Sept. 26.—(A.P.)—Florida fruit growers told the Interstate Commerce Commission today that a 15 percent increase in freight rates would put them out of business. Northwest fruit growers joined the Florida producers pleading against an increase.

W. P. Ellis, representing Yakima and Hood River valley growers, painted a picture of orchards uprooted and abandoned because freight rates made them impossible to ship. C. E. Marshall, arguing for the Florida Growers and Shippers' League and the American Fruit and Vegetable Shippers' Association, declared the rates now "one out of gear, with present price levels and should be brought nearer the proper level."

Lindbergh And His Party Menaced By Starving Chinese

NEGROES' ARREST CLEARS UP LONG LIST OF ROBBERY

Activity on the part of Sanford's police department, under the leadership of Chief Roy C. Williams, during the past several days resulted in the arrest of four negroes afterwards directly connected with the theft of various articles from at least seven local residences.

The negroes, who were taken to custody Thursday are Willie Staley, Willie Curry and Russell Johnson, each charged with breaking and entering and Raymond Terry, charged with having stolen goods in his possession. The four were discussed by police in the home of Terry and were accompanied by two negro women, his Bell Crookes and Lucinda Harris, who were also taken into custody. The four men are held in jail awaiting action of the Seminole County grand jury which meets next December.

The arrest of the four partly cleared up the mystery which surrounded the disappearance of clothing, food and other articles in at least 15 Sanford homes during the last three weeks. The police believe that the negroes, already arrested, might be connected with other robberies but to file only seven thefts have been charged against them.

The list to report a robbery was E. A. Brotherton, who resides in Mayfair. Mr. Brotherton called in his call to the police Thursday afternoon and an investigation was immediately made by Chief Williams assisted by Officers Gray, Niebaum and Sheriff.

Others who have reported robberies at their homes recently are Mrs. W. L. Locke, 508 Oak Avenue; Chas. Kennedy, 1842 Palmerton Avenue; D. D. Caldwell, 2018 Hibiscus Avenue; T. E. Wells, 802 West First Street; Mrs. Richard Tenkoff, 1850 Washington Avenue; J. D. Dumas, 284 W. 16th Street; and Mr. Brotherton.

Three of the negroes, Staley, Curry and Johnson have been directly connected with the collection of the foregoing residences and are held responsible for the articles reported missing.

In nearly every section of the city, gobblers have been reported. The police conducted a thorough investigation in each incident and are said to have clues that may lead to the arrest of others. In two days the police have either interviewed or arrested 25 persons on robbery charges.

King George, who is due back in London Tuesday, from Edinburgh, Scotland, is understood to be opposed to an early dissolution of Parliament and a general election. It was unofficially said to be his wish that the national government emerge on until its economy program has been made effective and with confidence in the British pound restored.

The prime minister, however, apparently greatly reluctant after a few days in the country.

English Election Seen As Probable

GERMAN CHANCELLOR MAY VISIT AMERICA

LONDON, Sept. 26.—(A.P.)—A general election in Great Britain next month on the production tariff issue was regarded as a probability by London political observers yesterday.

With the cabinet meeting tomorrow to consider whether such an election will be held, the British Standard said it had learned that dissolution of Parliament will be announced in the House of Commons, Wednesday preparation to an election.

This development followed closely on the return of British Minister Ramsey MacDonald to his Downing Street post. He was on his way to Chateau Frontenac in the midland place of his recent visit.

King George, who is due back in London Tuesday, from Edinburgh, Scotland, is understood to be opposed to an early dissolution of Parliament and a general election. It was unofficially said to be his wish that the national government emerge on until its economy program has been made effective and with confidence in the British pound restored.

The prime minister, however, apparently greatly reluctant after a few days in the country.

WASHINGTON, Sept. 26.—(A.P.)—The possibility that German Chancellor Brüning might visit the United States was discussed yesterday at the state department.

Under Secretary Cuthbert said the chancellor would be cordially welcomed if he desired to come to the United States but that the state department had not been desired to make the trip.

WASHINGTON, Sept. 26.—(A.P.)—The possibility that German Chancellor Brüning might visit the United States was discussed yesterday at the state department.

SCRIBE PREDICTS MISSISSIPPI WILL SPRING GRID JOLT

Coaches At Ole Miss Adopt Win Or Die Policy For This Year

OXFORD, Miss., Sept. 25.—(A.P.)—Ole Miss will spring a surprise. It is either coming out with a whirlwind football machine or it will do a flip flop.

The style of coaching that is going on behind the wall of the stadium here does not call for half way measures. It is win or die with Coaches Ed Walker and "Chuck" Smaling who feel the University of Mississippi has had its football flag furled long enough.

If the squad, most of whom have never been in the front line trenches of football, can absorb their coaches' tactics they will win some games they are figured to lose. If they can settle down Saturday they may give Tulane a real battle.

An even dozen letter men from 1930 are missing, leaving Walker a squad composed largely of sophomores and juniors to wade through a tough 9 game schedule which includes Tulane, Alabama and Tennessee in a row starting Saturday. They may not win, but the Mississippians aren't dodging big teams.

Three missing end veterans, including Capt. Dick Peckles, are hard to replace. Brister, a half-back letter man of 1930, has been shifted to one flank and Swayze, 370-pound letterman, will handle the other.

Bowles, 210-pound experienced player and Billie, a sophomore, will handle the first string tackle assignments. Another junior and sophomore, Trapp and Britt, both weighing around 170, will play guard. Pete Ruly and Charles Ferrell, 190-pound sophomores, are the centers.

The backfield prospects are more encouraging. In Jack Burnett, a sophomore, Walker has one of the fastest halfbacks in the country. Casper is another first year varsity halfback who looked good in the opening 18 to 6 over Western Kentucky last Saturday.

Capt. Neal Biggers also plays halfback. Casper may share the quarterbacking job with Ross, a veteran who can pass and punt.

Haynes, White, Stone, Burke and Smythe are other backs of ability. The schedule: Sept. 26, Tulane at New Orleans; Oct. 3, Alabama at Tuscaloosa; Oct. 10, Tennessee at Knoxville; Oct. 17, open; Oct. 24, Southwestern at Memphis; Oct. 31, Marquette at Milwaukee; Nov. 7, Sewanee at Oxford; Nov. 14, Louisiana State at Jackson; Nov. 20, Mississippi A. & M., at Oxford.

FOUNDATION DEDICATED

MOSCOW, Idaho, Sept. 25.—(A.P.)—Booming cannon and parading soldiers featured the program at the dedication of the \$50,000 Senator William E. Borah foundation for outpouring of war at the University of Idaho here yesterday.

The allotments made the treasury's September 15 security is now total \$1,117,000,000.

WINTER PARK IS BEATEN BY LOCAL DIAMOND OUTFIT

Game Is Called Best Contest Ever Seen Upon Sanford Field

The Sanford picked team defeated the strong Winter Park team Thursday night 3 to 2 in the best played game of diamond ball that has ever been seen in Sanford.

Eddie Rawson for Sanford and M. Overstreet for Winter Park opposed each other in the box, and while both were wild at times issuing a number of free passes to first, but tightened down in the pinches and prevented the hit that would bring in the runs, Rawson striking out 14 and Overstreet 12.

Neither team was able to put over a run in the first two frames; nor could Winter Park come across in their half of the third inning. In the last half of the third inning, Bender for Sanford, drew a walk, as did Lake; Weaver hit a long sacrifice fly to right field, scoring Bender; Rawson doubled, which, incidentally was the first hit of this game, scoring Lake. In the fourth inning, Ward, first up for Winter Park, got a double, stole third and came home on a wild throw. The score stood 2 to 1 in favor of Sanford until the seventh inning when Winter Park managed to put over the tying run on two walks and a fielder's choice.

Fid Rive hit the ball that scored the run which won the game for Sanford. Going into the ninth inning with the score standing 2 to 1, Winter Park was retired in one, two, three order. For Sanford Bender, first up struck out; Tillis hit a fly to short left which the fielder dropped; Tillis going to third. Weaver grounded out. Rawson at bat. The Winter Park team went into a huddle and evidently decided it was a good policy to make Eddie a present of first base. At any rate that is what they did. Rawson stole second. Rive up. Rive hit a roller to left that he fumbled; the ball Tillis crossing the plate for the winning run.

Rawson limited the Winter Park team to two hits. On the other hand Overstreet held Sanford to four hits, Rawson securing two of these, a double and a triple.

Tonight Lake Helen, which wrested the city championship from the Watts team in DeLand last week, will play here. The game is scheduled for 7:30, and this should prove another mighty interesting game. The writer understands the Lake Helen team plays base ball in the day time and diamond ball night.

Sanford Girls Are Victors Last Night Over Orlandoans

By JOHN THOMAS CULLUM.

The Sanford girls team journeyed to Orlando last night and engaged the Blackwood Cleaners girls team, the Sanford team coming out on the long end of a 19 to 16 score in a nine inning affair that was anyone's game until the last out was made.

Ethel Gates pitched for Sanford, yielding 13 hits for a total of 16 runs. Miss Johnson was in the box for the Orlando team and gave up 16 hits.

The Sanford girls team forged into the lead right away, which they held until the fifth inning the score at that time being 4 to 1 in favor of Sanford. In the fifth inning the Orlando girls put over four counters to go into the lead 5 to 4. In the sixth inning the Sanford girls put over two to again assume the lead, 6-5. In the seventh inning both teams scored eight runs each. In the 8th inning Orlando put over one more counter tying up the game 14 all. However, in the 9th inning the Sanford girls staged another rally and five runs crossed the plate before the side could be retired, and at the Orlando girls were able to put over only two runs in their half of the 9th, the game was Sanford's.

SHARKEY STATES HE WONT FIGHT PRIMO CARNERA

By EDWARD J. NEIL.

Tommy Loughran May Tackle Boston Gob On 1st Of October

NEW YORK, Sept. 25.—(A.P.)—Primo Carnera, and Jack Sharkey now are scheduled to box 10 rounds in Ebbets field the night of Oct. 12. But what with the hemming and hawing going the rounds today, the only thing the faithful can be certain about is that Oct. 12 will be Columbus day. Tommy Loughran may tackle Carnera in Ebbets field Oct. 1, or later, if a substitution is decided.

After several days of complaint, Jack Sharkey appeared before four doctors at the New York state athletic commission yesterday with an injured left finger and rejected the original date, Oct. 1. Leon See, manager of Carnera, vehemently opposed the postponement.

The physicians found, however, there was a swelling at the base of the little finger on Sharkey's left hand and that a few days rest would repair the digit. After four days with a margin of three runs.

The Sanford team was composed principally of Piggly-Wigly players, only two of the Seminole Laundry girls team being in the game from the start — Ethel Gates and Margaret Wright. Later Sallie Rabun replaced Catherine Johnson in center field.

This makes 5 victories out of six starts for Sanford over Orlando.

much argument the commission set Oct. 12 as the new date, ordered both fighters to post \$5000 appearance forfeits by today noon, and gave Carnera permission to meet some "suitable" opponent at Ebbets field Oct. 1.

While Jimmy Johnston, the promoter, started negotiations with Loughran as Carnera's opponent on Oct. 1, Sharkey talked to newspapermen and indicated he would not be ready to fight on the 12th of October, either.

He answered a flat "no" to the direct question: "Do you think you'll fight Carnera Oct. 12?" Loughran said he was willing and even eager to swap punches with the Italian, who would outweigh him almost 100 pounds. Tommy's boxing skill in the past year has overcome such giants as Max Baer, Ernie Schaaf, and Victorio Campolo, who is even taller than Carnera but scarcely as massive. Joe Smith, Loughran's manager, said articles for a 15-round match would be signed today.

Ruth Bryan Owen Sees Prayer As Aid To Prevent Wars

LAKE WORTH, Fla., Sept. 25.—Prayer as a means of bringing nations to a realization of the futility of war was advocated by Congressman Ruth Bryan Owen at the conclusion of a 30-minute talk before the Lake Worth Men's Bible class recently.

"After great wars are waged," Congressman Owen said, "diplomats of the nations assemble and settle their difficulties. Does it not seem that this same method of settlement could be arranged before the battles are fought? A community police force deals with criminals and it is just as logical to assume that the entire

community must turn out to bring a criminal to justice as it is to assume that the entire world must arm to bring a criminal nation to terms."

Dwelling on the price of war, Mrs. Owen spoke of experiences in government hospitals.

"While we are inclined now to speak casually of the millions of men killed in the war, these figures are not mere numbers, but so many actual men, after one has spent a day in government hospital and has seen wounded veterans waging a futile battle against death.

"There is a solution to the problem of war, but without prayer there is no hope of solution," she said.

The city auditorium was crowded to capacity with the crowds overflowing to the porches of the building.

UNITED EFFORTS OF NEWS CAMERAS OF THE WORLD BROUGHT TO READERS DAILY

Stocks Advance During Period Of Electric Trading

(Continued From Page One.)

ended in Wall Street of a financial situation, was said by average circles to have caused a momentary concern in New York.

The foreign exchange again fluctuated wildly, the pound sterling dropping 37 cents, then recovering all but 8 cents of its loss, ending the day at \$1.71.

There was no repetition of yesterday's heavy selling by foreign banks of international commercial paper in this market today. The Federal reserve increased its rate of acceptance 1/4 of one percent, or two-thirds of the week's increase in the open market, after taking all of the offerings yesterday.

There was further feverish speculation in bar silver, which pushed up 2 1/2 cents, closing at 13 1/2 cents, an ounce within 1/2 cent of the year's high, established last March.

Bankers explained that England has merely lapsed from the gold standard temporarily, expressing her intention of returning to it, and asserted that recent rumors of other nations going off gold have been exaggerated. Authorities' unofficial advices were said to have been received from Japan stating that suspension of the gold standard had not been considered there. Japanese bonds advanced in response to this report.

In the stock market, American Telephone closed with a gain of 1/2 cent. U. S. Steel closed with a gain of \$2.02. General Electric closed \$1.37, and General Motors closed \$1.37. Some of the rails gained widely. Coca-Cola was a soft spot, after dropping \$8 cut its loss in half.

American Dollar Is Declared To Be Worth Much More

NEW YORK, Sept. 26. (A.P.)—For the last three months the American dollar has been worth more in purchasing power than at any time since the war, the national industrial conference board announced yesterday.

Necessities and average luxuries that normally cost \$1.64 now may be purchased for an even dollar, the statisticians reported.

When the drop occurred in the stock market in October 1929, the cost of commodities began to go up. It continued to fluctuate until it reached its present peak in June, 1931.

The statisticians took 1931 as the normal year. Figuring on that basis clothing now costs 78.2 percent of normal, food, 81.9 percent, housing, 81.5 percent, fuel and light, 89.6 percent, and sundries, 95.5 percent.

In October 1929, retail food prices averaged 110.1 percent of normal, housing 92.3 percent, clothing 98.6 percent, fuel and light, 93.1 percent, and sundries, 98.3 percent.

At present, clothing prices are the farthest below normal. The biggest drop since the stock market crash in 1929 has been in food prices, which at that time were more than 10 percent above normal and now are nearly 19 percent below normal, a drop of 28.2 percent.

Clothing has gone down 20.1 percent in the last two years and is now 21.8 percent below normal.

The present low level of food prices was said by the industrial board to have contributed more than anything else to the decrease in the cost of living, because such a large percentage of the average man's wage or salary is spent in that category.

Rollicking Rollins' Tars Train by Briney Deep

McDowell's gym grid gladiators learn to buck time by locking wild sea waves to stem tide of battle in swimming ocean tides in training at Rollins' new aquatic resort at Low Smyrna Beach, Fla., for the athletic life in their history.

Automobile Thieves Are Active In State

TALLAHASSEE, Sept. 26. (A.P.)—Automobile thieves have been active in St. Petersburg, Clearwater and Lakeland, state motor vehicle department officials said here yesterday in announcing they were assisting Pinellas county and Polk county authorities in attempting to uncover the illegal activities.

Most of the stolen automobiles have been new and of the same make, officials here said. Engine numbers have been changed, new license tags and certificates of title have been obtained in the regular way, officials said, and stolen cars with proper titles and title certificates sold to unsuspecting purchasers in other parts of the state.

New Super Duty Is Placed By Italy On Goods Brought In

ROME, Sept. 26. (A.P.)—A new super-duty of 15 percent, sharply affecting American exporters, was imposed yesterday by the Italian government to balance a budget that has been running a deficit of \$14,000,000 monthly. The reaction was taken to strengthen the position of the lira.

In addition to the super-duty, the government increased the sales tax on gasoline and petrol oil to a point where the tariff is approximately doubled. A 10 percent duty was imposed on coal.

The new super-duty, effective today, applied only to a small proportion of Italy's import trade, much of which is covered by "most favored nation" trade treaties.

The United States and England, which have no such treaties with Italy, will be most affected by the super-duty.

At the same time, a new classification of radios went into effect, increasing tariffs to five and six times their previous figure.

Gasoline, under the new taxes will be taxed about 16 cents a gallon.

Exceptions to the new super-

TOTS TURN TO TERPSICHORE FOR PLEASURE AND HEALTH

NEW YORK The Heckscher Foundation School for the dance aims to bring to a children between the ages of 2 and 16 the joy and health that comes through natural bodily movements in social interrelations and a most adequate means of expression.
