Quiz Show Winners

By FRED DANES
United Press Staff Correspondent
NEW YORK (AP)—What would you do if you became one of these TV-created American folk heroes known as quiz show big money winners?
If the past is any guide, chances are you'd spend the lot wisely or not at all.
Up-dating the doings of the brainy bankbusters, we find that Charles Van Doren, who left "Twenty One" with \$129,000, now has a wife, a more sumptuous apartment in Manhattan, a \$60,000-a-year contract with NBC as a consultant on educational programming, and is writing a book. He still teaches literature at Columbia, where his salary was raised \$100 to \$4,500.
Police Lectures
The first winner on "94,000 Question," New York patrolman Redmond O'Hanlon, a Shakespearean expert, used part of his \$15,000 to enlarge his home and buy a station wagon. He retires from the force in eight years and then plans to become a college professor. Since winning in June, 1955, O'Hanlon has in his spare time delivered lectures and written a book on "The Bard."
Showgirl Barbara Hall, another Shakespearean authority, banked her \$64,000 winnings. She is now rehearsing for her first part in a "legit" Broadway production.
Marine Capt. Richard McCutchen, a cooking expert and the first top winner on "94,000 Question," resigned from the Marines last

Woman's View

By GAY FAULEY
United Press Women's Editor
NEW YORK (AP)—It makes me wince to see what Gene Moore does with a girl's best friend, diamonds.
They're supposed to be precious stones, but Gene drags them casually through mud puddles, tosses them into snow, even "bakes" them in a pot-bellied stove.
It's part of his job as the display man responsible for all the local and visiting gawfers queuing in front of Tiffany's on Fifth Avenue these days.
Unveils Christmas Displays
This week, Moore unveiled his Christmas window displays and had quite an audience in spite of the rain and subway strike. Maybe the \$500,000 Tiffany diamond, a rare canary type, helped. Moore suspended it in one window, with a backdrop of a Venetian street scene. He said he was inspired by a visit to Venice last summer. But to give a Yuletide touch, he replaced the usual pigeons with snow and sprinkled it with lesser diamonds.
"Handling that \$500,000 stone always scares me," said the young display man, whose unorthodox settings for jewelry have made him the talk of the town. "And emeralds... I'm always afraid I'll drop one and it'll shatter."
"I suppose these are fears no girl would have."
Elihu Huggar
Moore, a native of Alabama, studied at Chicago's Academy of Fine Arts and started in life as a portrait painter. He said hunger drove him to the display field, first for a chain of shoe stores, then to specialty shops, and now to the jewelry store.
In two years at Tiffany's, he has had diamonds "floating" on a running stream using a fish tank motor to agitate the water and invisible plastic discs to hold the diamonds on the surface; rubles pouring forth, like blasts of heat, from pot-bellied stoves, and pearl bracelets casually draped across a miniature highway lined with telephone poles.

Cooper Always Gets Top Leading Ladies

By VERNON SCOTT
United Press Hollywood Reporter
HOLLYWOOD (UP)—Gary Cooper, who's starred with three generations of great leading ladies, is co-starring in a new movie with a glamour girl who can't act her way out of a soap opera, according to critics.
The newcomer is Susy Parker, the sultry beauty who drew critical brickbats in her first picture, "Kiss Them For Me." The reviews of Susy's smolder were so severe there were no bars left for Jayne Mansfield's acting in the picture.
Susy shifted to TV with a "Playhouse 90" performance in "The Death of Manolete." Her video gambit stirred up more abuse than ever.
Instead of dropping from sight or heading for the actor's studio, a La Monroe, Susy has landed a top role opposite Cooper. And O! Cooper likes the idea.
"I usually choose my leading ladies," he said in his clipped, non-committal way. "There's a cast approval clause in my contract. And this isn't the first time I've worked with a girl starting out in the movie business."
"Susy is a beautiful, warm girl with a nice personality. She has the desire to become a star and she might just be great."
Helped Girls To Stardom
Cooper started Marlene Dietrich, Sylvia Sydney, Grace Kelly, Joan Leslie and Patricia Neal on the road to stardom when the girls were testing their celluloid wings.
In his own quiet way the spine-thriller actor has managed to snag off the best of Hollywood's leading ladies down through the years, which puts him in a class by himself when it comes to screen lovers.
You can separate his co-stars into three separate eras, starting with the newest crop of beauties.
Audrey Hepburn, Ruth Roman, Grace Kelly, Elizabeth Montgomery and Lorraine Day climbed the stardom ladder playing opposite Cooper in the past few years.
Go back 10 years and Cooper's leading ladies were Ingrid Bergman, Joan Leslie, Susan Hayward, Lauren Bacall and Teresa Wright.
Now go back to the 1930s and you'll find the tall Montana man starting with Carole Lombard, Paulette Goddard, Barbara Stanwyck, Marie Oberon, Loretta Young, Joan Crawford and Ann Harding.
You can go back further, but of Cooper just as soon you wouldn't.
No Box Office Duels
He's made 90 pictures in his career and seldom has one been a boxoffice dud. Gary says much of his success has been due to his choice of glamorous girls.
"I think I've chosen some mighty good ones," he says. "The greatest actress I ever worked with was Helen Hayes. The only two I regret never having appeared with are Grete Garbo and Olivia DeHavilland."
"And if I had to bet on it, I'd say Susy's going to do herself real good."

West Still Holds 'Margin Of Power' Ike Tells NATO Conference

PARIS (UP)—President Eisenhower told the opening session of the first NATO summit conference today the West still holds "the margin of power."

But he said the Western nations "must work to maintain this lead over the Communist bloc" because the triumph of freedom over despotism is not inevitable.

"It takes a lot of hard work and sacrifice by a lot of people to bring

about the inevitable," he declared. The President said in his keynote speech the Atlantic alliance nations are willing to join the Soviet Union in bringing "under rational control in the common interest" what he termed "vast physical forces which cast a pall over the world."

"Until that can be done," Eisenhower said, "we must continue to create and sustain within the

free world the necessary strength to make certain of the common security. All of us must have the assurance that the strength will be used to sustain peace and freedom."

"We are in a fast-running current of the great stream of history," he said. "Heroic efforts will long be needed to steer the world toward true peace."

Eisenhower's address set the tone for the meeting of the chiefs of state of the NATO alliance who have gathered here to seek an answer to recent Soviet scientific and diplomatic successes.

He met first with British Prime Minister Harold Macmillan to align Anglo-American policies and then used the full weight of his immense personal prestige in a

speech aimed at infusing the alliance with new strength and unity.

Authoritative sources indicated Eisenhower's opening statement would lead the three-day, 13-nation meeting into an agreement on the future setting up of U. S. missile bases in Western Europe—the key issue facing the conference.

Eisenhower spoke in the modernistic, box-like Chalfont Palace NATO headquarters just across the Seine from the Eiffel Tower. He spoke as the only one of the 15 heads of government present who is also chief of state.

Eisenhower went through a full Sunday schedule, appearing in despite his long drive through the Paris street in cold weather on his arrival Saturday. The President

—Got up at 6 a. m. and breakfasted with Gen. Lauris Norstad, SHAPE commander, at the U. S. Embassy residence.

—Attended special services at the American Cathedral and sat through the 75-minute service in apparent excellent spirits. Ironically, the processional hymn was a 19th Century Russian tune.

—Sent a cable to Indian Prime Minister Jawaharlal Nehru stating the United States was prepared "to stop nuclear tests immediately" on condition other nations did not take advantage of the interval "to conceal the threat of nuclear war."

—The cable was in reply to Nehru's appeal to America and Russia to halt the tests.

—Met for an hour with Gallard and Foreign Minister Christian Pineau Secretary of State John Foster Dulles sat in on the meet-

Downtown Drug Store Gutted By Flames Today

A fire gutted the stockroom and kitchen of Roumillat and Anderson Drug Store this morning shortly before 8 o'clock.

Extent of damage had not been determined, at a late hour this morning, but smoke damage throughout the three-story Brumley-Puleston building will be extensive.

The fire started, according to Francis Roumillat, when a pan of grease on the restaurant's cook stove caught fire and spread flames into the stove's hood where an accumulation of grease was ignited. Spreading flames through the exhaust pipe caught wood frame and walls.

Fire spread quickly through the

stockroom and onto the balcony of the stock room.

Fire Chief Mack N. Cleveland Sr. said that had the fire been reported five minutes later "the entire building would have been involved."

"It was easy to get to the fire," said Chief Cleveland, "because the store was open and firemen

had access to the flaming room."

One fireman remarked "This would have been a flaming inferno had we not arrived at the scene when we did."

One of the new pumpers and the aerial truck responded to the alarm. "The stockroom was completely involved when we arrived," said Chief Cleveland as he surveyed the damage and inspected possible locations where sparks could have remained.

All of the Brumley-Puleston Building was filled with thick smoke. The smoke was so thick firemen were forced to fight the fire wearing gas masks.

The front of Roumillat and Anderson's Drug Store was not touched by the flames but smoke passed through the store's display cases causing some damage to the prescription department and parts of the front of the store building.

Smoke billowed from office windows of the building as windows were opened to rid the building of smoke.

R. N. Blackwelder, manager of Penney's next door to Roumillat and Anderson, said that there was no damage to his building at all. Some smoke seeped into the stockroom portion of Penney's but not to such quantities that would cause damage.

A new office, that was to have been occupied by Stenstrom Realty Co., was damaged by water. The ceiling and walls of the new office, originally scheduled to be opened tomorrow were damaged by water only.

Bergstrom Photo Studio, just over the stock room of the drug store, had film, paper and chemicals damaged from heat and other equipment damaged from smoke.

Chief Cleveland said this morning that the fire was brought under control in less than 20 minutes and clean-up work began when smoke was cleared from the building.

Five Seminoles Selected For All Conference Squad

By JERRY COVINGTON
The coaches of the Orange Belt Conference met last Thursday night and selected five Sanford Seminoles to the All-Conference squad. This was the largest number from any squad and also the largest number the school has ever had selected.

Co-Captains Eddie Barbour and Billy Tyre, Center Jack Stotsky, Tackle Claude Hittell, and Junior guard, David Stanley were all unanimous selections. Eddie paced the offensive attack throughout the season and Tyre, Hittell, Stotsky, and Stanley made up the bulk of the great defense that brought the school its finest season. All Seminoles fans are in full agreement with the selections and feel that these lads have brought many honors to the city and school. They are all fine athletes and citizens and should go a long way.

The Herald, sports fans, and students of Seminole High School extend warm congratulations to all of these Seminoles.

C. Monty Bush, chairman of the Brahman Bowl, also presented the most valuable player trophy to Hittell. Claude was a tremendous defensive player in the bowl classic making eleven tackles, 11.5 and completely stopping Ellis and Company. The strapping six-footer was very honored and stated that it was his greatest thrill since playing in sports at Seminole High.

Red Barbour, famed sports announcer of the New York Yanks, was also on hand to see all these awards passed out to these football heroes of S.H.S. Red played here as a lad and received a big thrill in sharing in the happiness of the squad. He told of his successes in life and urged every student to "work his hardest every day" to be a complete success in life.

Burkemo Wins PGA Open With 65; Edges Out Hebert, Oliver

Walter Burkemo, the greatest match play golfer in the world, maintained his lead for the second day with a great five under par, 65, to edge out Jay Hebert and Porky Oliver for top money of \$2,000 in the third annual Mayfair Open. His total was a very impressive 131 for the 72 hole event—eleven under par. Burkemo, who can defeat anyone in match play, and has won his first medal play tournament since winning the 1950 National PGA tourney. Wait stated this his putter was the club that was responsible for this very fine victory. His card for the final

day read: 3-5-4-4-2-5-2-4-4-33 3-4-4-4-3-3-4-4-32-65.

This was probably the hottest finish seen here in the past three years. Although Wait played wonderful golf yesterday, the finest round to be witnessed was on part of Porky Oliver. Oliver, who was pro here in Sanford last year, finished the front nine with a scintillating 21-5 under par. He picked up another birdie on the back side and came roaring in with a terrific 64.

Not to be outdone, Jay Hebert, playing pro from Sanford, played a "red hot" round of 66 to the Porky for second with a 270. Both these boys would not give an inch until the last putt had dropped. Jay needed only to drop a four footer on eighteen to the wait but it rimmed the cup to cinch it for Burkemo. Jay and Porky are two of the favorites here and the large gallery saw many great golf shots. Both picked up \$1350.00 for second place.

Gary Cowan, 1955 Canadian amateur champ, fired a 295 to take the amateur honors. Gary, who hails from Montreal, is only 19 years of age and shows great promise as a golfer. He was followed by Bob Benning, All Service Champ, from Camp LeJeune with a 297. Bob is a first Lieutenant in the U. S. Marines.

This is the type finish that makes a golf tournament so successful. These three battled it right down to the wire and the gallery was in doubt as to who would win until the last stroke of the club. Frank Mebane, Carl Hubbell, Horace Stoneham, Mario Carzago, and all the staff at the Mayfair are to be congratulated on making this third event the biggest and best yet. Not to be upset by bitter cold that hampered things the first two days, they went all out and made this very wonderful right down to the last match.

Others to be congratulated are the Women's Golf Association, headed by Jeannie Foulk, and Joe Baker and his Marshall force for the fine job they did. Jeannie headed up the ticket committee and Joe took the great task of heading up the "police force" for the third time in as many years.

The money winners in yesterday's tournament were:

289, Burkemo, \$2000.
270, Hebert, \$1350; Oliver, \$1150.
274, Balding, \$950; Doering, \$950.

Negro Youth Loses Control Of Car, Hits 'Phone Pole

An automobile, driven by a 17-year-old Negro youth, crashed into a telephone pole on Grapeville Ave. this morning shortly after 7 o'clock.

Clarence Corley, 17, son of Edward Corley was driving his father's car south on Grapeville Ave. when he lost control of the car as he apparently attempted to turn into a road leading to Dongalaw City just off Grapeville.

A brother, Willie Corley, was a passenger in the car and received an abrasion of the forehead and a cut lip as he was thrown forward in the automobile from the impact. The front end of the car was a total loss.

Deputy Sheriff A. E. Evans, at the scene, said that Clarence Corley will be charged with operating a car without a driver's license and failure to have the car under control.

Infant Boy Dies Yesterday Morning

An infant son of Mr. and Mrs. Charlie E. Beasley of Oviedo, died at Seminole Memorial Hospital Sunday morning.

Survivors are his parents; two sisters, Barbara Ann and Virginia Carol Beasley; and a brother, Charlie E. Beasley Jr.

Funeral services will be held at 10 o'clock tomorrow morning at St. Luke's Lutheran Church in Slavia with the Rev. Stephen M. Tuhy officiating.

Interment will be in Slavia Cemetery.

Gramkow Funeral Home is in charge.

Lions Club Ladies Night, Christmas Party Tomorrow

The Sanford Lions Club ladies night and annual Christmas party will be held tomorrow night at 7:45 p. m. at Jim Spencer's Restaurant.

Sanford Lions Club president W. Hugh Duncan, said today, "a good program has been arranged with musical entertainment by David Mathes."

Principal speaker for the occasion will be the Past International Director Millard Conkline of Daytona Beach.

"All Lions are urged to attend and bring a gift for the Christmas tree," said President Hugh Duncan. The gifts, he said, will be distributed to needy children.

Funeral Services For Infant Today

Infant boy Edward Mihel Rockey, son of Mr. and Mrs. Stanley Rockey of Jacksonville, died Sunday at St. Vincent's Hospital.

Survivors other than his parents are a brother, David Stanley (Pat) Jr., and sister, Debra Lynn.

Burial was this afternoon in Lakeview Cemetery with Dr. Rutland officiating. Brisson Funeral Home was in charge.

Over 500 Attend Market Dedication

The Sanford State Farmers' Market was officially opened and dedicated Friday afternoon at 2 o'clock with more than 500 local citizens attending the ceremony.

Dignitaries from Sanford, the Sanford area, and from Tallahassee attended the official opening.

Agriculture Commissioner Nathan Mayo, dedicated the huge market for the second time as he spoke at both a luncheon preceding the ceremonies, held at the Mayfair Inn and at the program held at the market itself.

Mayo called attention to the fact that he first dedicated the market in 1934 as a "guinea pig" toward establishing a state market system.

"I want to extend the regrets of the Governor and other members of the Cabinet who were unable to attend," Mayo said.

"I felt it was my duty and an honor to dedicate the same market today," he said. "It cost a lot of money but it may have been a blessing in disguise."

Mayo said that the markets have done more for the farmer than anything else that could have been done for them. He admitted that the Sanford Market is the best one "in the state." It handles a greater variety of vegetables, produce and fruit than any of the others in the state, he said.

L. H. Lewis, Director of the State Market System told the luncheon group that "markets do have a tremendous influence."

"We consider we have an outstanding building," said Lewis, and speaking of the future he commented "we'll get there faster and better cooperatively toward a common goal."

Senator Douglas Stenstrom told the luncheon group "This is a real letter day so far as agriculture is concerned in our county."

"We have something that will be a milestone in Seminole County," he said. And turning to the officials from the State Department of Agriculture he said "We're deeply indebted to you for what you have done."

Representative Mack N. Cleveland Jr. served as Master of Ceremonies at the luncheon. Attended by several officials from the Sanford Naval Air Station, Representative Cleveland in introducing them said "We are happy to share our significant accomplishments with our friends of the Navy."

Post Office Offers Hints On Mailing Cards, Packages

Postmaster Joel S. Field reminds everybody today that service windows at the Post Office will be open from 8 a. m. until 6 p. m., including Wednesdays and Saturdays, to take care of the growing flood of outgoing Christmas cards and gifts.

He says it looks as though this Christmas season will break all previous records and asks that everyone help ease the pressure by going to the Post Office before 10 a. m. or between 1:30 p. m. and 3:30 p. m. to mail Christmas cards and packages. Put first-class postage on all Christmas cards, along with the return address. To speed their delivery, secure free labels from the Post Office indicating "all for local delivery" and "all for out-of-town delivery" then sort and tie cards in two separate bundles with the addresses all facing one way.

Address all packages and cards accurately and clearly, include postal zone numbers, and be sure the stamps are firmly attached. Mail all packages and cards for distant states immediately, and there for local delivery should be mailed at least a week before Christmas.

Volunteer Firemen Answer Urgent Call In Upsala Area

The Lake Mary Fire Department answered its first call of the Christmas season when it responded to an urgent call from the Upsala Section of Loch Arbor last Friday afternoon around 7:30 p. m.

Within minutes after sounding the alarm, all Lake Mary Volunteer fire-fighting equipment supported by eight volunteer firemen were on the scene ready for action.

Volunteer Fire President Ed Zimmerman stated that the use of chemicals or water was unnecessary as the fire was caused by faulty wiring and was controlled in the shutdown of electric current.

The fire occurred outside the zone of responsibility of the Sanford Fire Department, Zimmerman stated.

R. Hite Is Top NAS Bombardier

For the third consecutive month the top bombardier at NAS is from Heavy Attack Squadron Eleven. He is Raymond Hite, A-1st Squadron Ordnanceman First Class of 127 Luair Drive, Sanford. Hite also won top honors for the month of November.

The contest has been running for two months. Each month the ten bombardiers at NAS with the best bombing scores are announced by Lcdr. C. F. Fitton, Training Officer, and their names are posted on a large scoreboard at the NAS Navy Exchange building. In July a "bombardier of the year" will be announced.

Friends Help Local Fire Victims

By J. Marion Harman Sr.
A friend in need is a friend indeed!

How many times have you heard that adage? Perhaps many times folks around Sanford have had an opportunity to hear it, and on Thursday night of last week the adage was again proven true.

Jimmy and Julia Davis, a Negro couple who lived on Southwest Road, owned their frame dwelling. It was well furnished and many modern conveniences were installed to take care of their needs and the needs of four children, including a seven-month-old baby.

However, tragedy struck and their home was destroyed by fire while Julia was downtown to pick up her husband from his work at Hunt Lincoln-Mercury.

The children were in the house,

all four of them, when a kerosene stove exploded. Three of the children got out of the burning inferno. But the baby, lying on a couch was burned to death.

"That is when folks 'pitched in' to help Jimmy Davis and his wife Julia as well as the three children.

By Friday night, the Negro couple were located in a rental home, one month's rent paid, furniture, bedding, groceries, and other necessities furnished them.

The employees of Hunt Lincoln-Mercury all pitched in to help out. Echols Bedding Company assisted, as did the Furniture Center, and Lodge Grocery. Thrifty Service Station helped out, too. And the Salvation Army furnished the one month's rent, bed clothing, and \$6 for food.

There was clothing for Jimmy, clothing for Julia, and possibly clothing for the youngsters, too. The living room, two bedrooms, fuel oil, drugs, and other things were there for the couple's use.

Willie F. Hunt, of Hunt Lincoln-Mercury, and employer of Jimmy Davis, said "It was wonderful the way people responded when someone really needed help."

"Tragedy is a terrible thing and no one knows when, where or how it will strike. But the reassuring thing is that here in Sanford folks think about one another sharing with neighbors, wherever they are, in their moments of happiness and in the time of need.

It might be well to keep that adage in front of us, for in many ways it has been revealed that "A friend in need is a friend indeed!"

Non-Essential Spending Reveals Broad Non-Essential Taxation

The administration's plans for increased non-essential spending are being gradually revealed—and the economy advocates in Congress are continuing to maintain that all unnecessary Government spending must be terminated immediately.

Rightfully—for the benefit of the citizens everywhere—this should be done. It should be done to avoid deficit spending and to provide a sufficient surplus for essential tax reduction necessary to stimulate the nation's continued prosperity.

Every penny essential to national defense must be approved—all of us agree. But, like the economy advocates in Congress, we believe that sufficient savings can be made in a \$78 billion budget to pay for any necessary increase in defense spending.

There are military requirements that must be met to put our nation on a sound basis defense-wise. These must be met by increased funds, funds into the millions of dollars. But unnecessary defense spending and the non-defense spending programs must be

trimmed to meet any increase for the huge programs that are ahead of us in Navy, Army and Airforce appropriations for the most essential protection to this and friendly countries.

There is an important "grass roots" level through which a campaign can be waged to get our government on a sound and fair program of spending that will meet the demands for tax cuts.

Senator Byrd (D-Va.), a long-time leader of the economy forces puts it this way: "If the missile crisis forces us to spend more in one direction, we must find ways to spend less in other directions. The communist view that we can be made to destroy ourselves fiscally and economically stands more clearly before us than ever before. We must not and shall not allow ourselves to be enslaved by our own extravagance."

The fact still remains—and it is clearly shown by those who advocate economy—that non-essential Federal expenditures require non-essential Federal taxation.

There's A Need For Knowledge

A top level placement firm estimates that the need for business executives in 1968 will be twenty per cent less. It seems that fewer organization men will be needed, although top level executives are wanted.

With automation spreading, it seems to be inescapable that the total number employed in manufacturing consumer goods will probably drop somewhat in the years to come, and that the need for those who perform services will be greater. Increased foresight is now called for on all levels of American life, both personal and organizational.

Not everyone can or ought to be an organization man, a potential business executive. If many of the new generation will study science, history, politics and the humanities, the country will gain. If we all realize that our minds and our feelings are important and need to be more developed, then the climate of this country will be such as to make welcome an increased number who will teach, think, write and create.

More educated and alert men and women will be needed for the hard days that America and the free world face in the international arena. It is now plain that many of us, both leaders and others, have not known enough in the past. We must develop a body of men and women of knowledge and understanding who can think through the tough problems that lie ahead.

Perhaps we need to revamp our curricula in high schools—and maybe grammar schools, too—to meet this particular need. Teachers and instructors now responsible for guiding our young men and women into channels of usefulness should take the "bull by the horns" and see to it that the proper subjects are taught at high school levels that will benefit all mankind in the future.

Certainly such approaches toward our school subject problems should be undertaken at the "grass roots" level to prevent a national "regimentation" of subjects in all of the nation's schools.

We believe in our teachers and it is our belief that teachers on the local level are better qualified to prepare children for "tougher" subjects and to channel their minds into paths of usefulness in the future.

A Practical Dreamer's Dream

There are dreamers. There are practical men. And there are practical men who are also dreamers. These latter are often the great ones of the earth. Captain Chester Kennison, who has attempted for years to get his findings before the great men of our country, is such a man.

Since his pioneering work on the atom in the days just after World War I, Captain Kennison has delved deeper and deeper into the various types of atomic materials for weapons. He has invented, he has created,

Brazilian Living Costs Are Rising

By LOUIS STEIN
United Press Staff Correspondent
RIO DE JANEIRO (UP)—The normal good humor of the Brazilian housewife is rapidly dissolving under the pressure of the rising cost of living which is shrinking her husband's salary to little more than a subsistence wage.

The government statistical office announced last week that the cost of living was being held in line in a statement which showed that while it rose 24 per cent in 1956 the increase so far this year has been only 5.7 per cent.

Since the first of the year the price of meat has risen from 43 cruzeiros per kilogram to over 100. During the same period potatoes have risen from 9.7 cruzeiros to 14, beans from 22 to 28, butter from 87 to 140. Other food-stuffs have kept pace. (The cruzeiro is worth one U.S. cent.)

Frozen items disappear. Basic food items which are frozen often disappear from store shelves in merchant campaigns to force price increases. The system was successful recently when the government price commission gave in to meat producers who

refused to slaughter cattle for over a month. Rio bus companies are trying similar tactics by reducing the number of buses in service. They said they will not restore the regular service until fare raises are okayed. The result is short-tempered bitterness among rush-hour crowds struggling to get aboard the limited transport.

According to Labor Ministry figures, the average Brazilian family spends 50 per cent of its income on food, 25 per cent for housing and the remainder for clothing, medicine, transport and other essentials.

However, the latest statistics were compiled in 1955 before the inflationary trend really began to gather momentum. Since then rents have gone up to the point where a three-room apartment would consume the entire 6,000-

cruzeiros-per-month average wage of a Rio de Janeiro worker. While unions clamor for raises and threaten strikes, Brazilian workers in the interim spend less time at home. All city dwellers who can manage it hold two jobs. Some have three. The large majority of government workers in Rio with a six-hour day also work in private clerical positions.

Last Saturday night Finance Minister Jose Maria Alkmin went on the air to appeal to Brazilians to cooperate with the government and help hold down inflation by curbing Christmas buying.

Newspapers commented next day that Alkmin's appeal came too late, since most families are already committed up to two years from now for time purchases of home appliances.

"Fast me and away from thy presence and take not thy holy spirit from me."

Foreign News Commentary

By CHARLES W. McCANN
United Press Staff Correspondent
Last week's good and bad news on the international balance sheet:

The outlook for the big North Atlantic Treaty Organization meeting brightened considerably last week.

Heads of government of the 15 NATO countries are to meet in Paris Monday to try to strengthen their alliance against Communist aggression.

Prospects for success had been growing dimmer for weeks. Complicated and controversial political and military problems, including the establishment and control of missile bases in continental European countries, were on the program for solution in a mere three days of talks.

Such developments as Soviet Russia's success with its Sputniks and the abortive test of the United States Vanguard satellite increased pessimism.

The atmosphere started to brighten when it was announced that President Eisenhower would be able to attend despite his slight stroke.

Then the leaders of the chief NATO countries decided to go to Paris well in advance of the opening of the conference to talk over some of the tougher issues and try to reach agreement on them before formal negotiations started.

The atmosphere changed from pessimism to guarded optimism. Soviet Russia embarked on a transparent attempt to sabotage the conference.

Premier Nikolai A. Bulganin sent a series of letters to the leaders of NATO countries, including the United States, Britain, France, West Germany, the Netherlands and Belgium.

Some of the letters repeated threats that European countries would endanger their existence by permitting the establishment of missile bases on their territory. Others repeated Russian calls for East-West talks on cold war issues and disarmament proposals which already had been rejected.

The letters fell flat. Their motive was so obvious that they made little impression.

Indonesia steadily intensified its attempt to make The Netherlands give up West New Guinea.

It was indicated that the government was determined to take over all Dutch interests in Indonesia, and to force out most if not all of the 46,000 Dutch residents in the islands.

In France bickering continued in Premier Felix Gaillard's coalition cabinet over his anti-inflation program. Gaillard was forced to give in to Socialists demands that civil servants be given salary increases. But Parliament approved his request for authority to raise 238 million dollars in new taxes.

TALLAHASSEE (AP)—Gov. Le Roy Collins says that Russia's Sputnik and existing international complications have made "urgent" the need for speedy development of a civil defense plan of survival for Florida.

"Should this nation suffer an enemy attack, no state will escape the impact of disaster and the combined efforts of all governmental agencies will be required to implement Florida's operational plan for survival," Collins told a civil defense conference here.

He pointed to the "hair-trigger" possibility that one small irresponsible nation with a nuclear bomb could "touch off the end of civilization by provoking an atomic war no one wanted."

"Any number of political com-

binations could generate brush fire which could develop into world conflagration," he told the group of state and federal officials gathered here for a progress report on a procedure to best guarantee survival of Floridians in case of an atomic attack.

Other speakers included Col. Gregory J. Freeman of Sarasota, who heads a state civil defense planning project located in Winter Park; Judge Thomas H. Goodman, federal regional civil defense administrator; and State Civil Defense Director H. W. Parkington. Freeman, a retired army colonel, proposed immediate creation of civil defense planning and operational services within existing state agencies to equip them for civil defense emergencies.

He said the survival plan can be accomplished only under the supervision of state officials' saving the authority for its execution. But, he added, these officials are so involved in current governmental operations they have "little or no time for civil defense emergency planning."

"It therefore appears desirable to create within the government a planning organization to provide the plans needed for successful

in Seminole County, Mr. Dial has invited our group to the Road Board meeting in Tallahassee on December 19th to discuss a practical method of design, incorporating a center section that could be removed and a draw added when the Sanford-Titusville Canal is approved for construction.

We hope this will clarify the position of the Seminole County Chamber of Commerce in this matter.

Sincerely yours,
John Krider
Manager

Dear Sir:
Recently several news releases have appeared regarding the proposed bridge across the St. Johns River, one mile south of Lake Harney, which originated from protests of the Seminole County Chamber of Commerce on the proposed clearance of this bridge as inadequate.

For many, many years countless organizations and individuals have worked and hoped for the day the Sanford-Titusville Canal will become a reality. We are confident that this dream will soon be realized, and we are therefore urging the Corps of Engineers and the State Road Department to do nothing that would jeopardize this most vital project.

Our protests imply no criticism toward the State Road Board members. We have the utmost confidence in these gentlemen. Without question their accomplishments have been outstanding for true to their promise, they have built roads where they are needed and justified by traffic count, and not for political expediency.

We are especially grateful to Mr. William Dial, member of the Fifth District, for through his efforts more miles of roads in Seminole County have been built in four years than have been constructed in thirty years. In complete cooperation with our problem here

government agency operations during an emergency period." Principal agencies that would be involved include the governor, Highway Patrol, Board of Health, Department of Welfare, Road Board and Utilities and Industrial commissions.

A total of \$147,500 in federal funds have been pledged the state through federal civil defense to finance the planning and most of it has already been obligated for surveys, preliminary planning and preparation of an operational plan at the state level.

Work will be completed by May, 1958, on plans for five "metropolitan target areas" in the state, including Miami and Jacksonville, the Tampa-St. Petersburg area, Orlando and Tallahassee.

IT WAS NOTHING
ROLLA, N. D. (AP)—Sheriff Clarence Johnson set a record the other day when he arrested three burglars before he got to the scene of the crime. Johnson was on his way to a liquor store that reported a break-in when he stopped to investigate a parked car. He arrested three rickshak men sampling the stolen liquor.

BAD TIMING
NEW CASTLE, Ind. (AP)—A forger suspect with bad timing was jailed when he tried to pass a forged postal order. He made the attempt just as Mrs. Wilma Masengales, a store employee, put down a notice about stolen postal orders she had been reading.

Fingernails Often Warn Of Ailments

By **HERMAN H. BUNNEN, M.D.**

YOUR fingernails can be late allergic conditions which might affect the nails. Many industrial chemicals play havoc with the nails of factory employees. Tobacco, too, can be a factor. Housewives sometimes have trouble with certain soaps and detergents. And there have been many cases of nail discoloration through the use of nail polish and undercoating.

Keep Them Nice

Since so many things can happen to your nails, it seems sensible to keep them looking as nicely as you can.

For one thing, you should wash them frequently. Keep a file handy and use it often. When drying your hands, push the cuticle back.

Here is one more tip, especially for those of you who work with grease: Dig your nails into a bar of soap and fill them with it before you begin the dirty work. That will make them easy to clean when you wash your hands.

QUESTION AND ANSWER

B. R.: Is cancer contagious?
Answer: There is no evidence that cancer is contagious.

Serious Symptoms

But more important than good grooming is the fact that symptoms of some serious systematic disorders are first noticed in the fingernails.

Radiodermatitis of the fingers, for example, generally is noticed because of ridging, splitting and brittleness of the nails.

May Be Arthritis

Arthritis also produces changes in the nails. Poisoning and even reactions to certain drugs frequently disturb the customary growth patterns of the nails.

Thus, simply by examining your nails, a doctor often is able to tell that something is wrong internally. In fact, it might even give him an indication of whether your condition is getting worse or better.

Of course, there are countless

Pizza Success Story

By **DOC QUIGG**
United Press Staff Correspondent

NEW YORK — Hats off today—chef's caps, that is—to a dish that has conquered the Western world. We speak, naturally, of the powerful pizza, new champion popular eatable, which rose from obscurity in the streets of Naples. Born in the dim antiquity of Italian cookery, shaped with loving skill by some Neapolitan genius with munching on his mind, the lowly pizza lay for generations unloved, unsung, while the hot dog soared to fame in America and the ice cream cone slid down a myriad of gullets.

The pizza just couldn't seem to get off the ground. But suddenly,

a few years ago, it just took off like an unguided missile and began rambling all over.

Pizza Success Story

James Beard, a food and cooking expert who travels constantly in his advisory and cooking school work, states flatly that the pizza now is "the Western world's most popular food." That's a big statement but Beard is a big man 6-feet-3, 260 pounds and he's willing to be stuck with it. Pizza, he claims, has achieved ubiquity.

Interviewed over a 75-cent hunk of cheesecake, he explained: "As you know, the pizza has zoomed to eminence in the United States. Four years ago, I found it was beginning to show around Europe, two years ago, it was more in evidence there. This year, I found it everywhere, spread all over Europe."

All right, but will it last? Does it have staying power, or will it die out, like the comedians on television. Time will tell.

Meanwhile, Beard is willing to demonstrate he is absolutely fear-

less in the field of opinion by naming the 10 best-eating cities in the United States, in terms of food obtainable at great restaurants.

Remember this is the man who has authored "Cook It Outdoors," "Hors d'Oeuvres and Canapes," "Fowl and Game Cookery," "The Fireside Cookbook," "Paris Cuisine," "Fish Cookbook," "How to Eat Better for Less Money," "The Party Cookbook," "The Complete Book of Outdoor Cookery," and next year is coming out with Beard's "Basic" cookbook.

Best-Eating Cities

Here goes, by the numbers, and in the order named, and it's his neck that's sticking out, not mine.

1—New York "certainly;" 2—Los Angeles "perhaps;" 3—San Francisco. "In the old days, until and during Prohibition, there were only San Francisco and New York at the top, but that's been changed;" 4—Chicago; 5—Detroit "Because of only two people;" 6—New Orleans; 7—Boston; 8—The Section between Palm Beach and Miami, in season; 9—The Cape

Cod section, including the islands. In season; 10—A tie, Seattle and Dallas.

Now that that ordeal is over, let's turn to another one, said to be common at this season, the hangover. Beard is the creator of a number of hangover drinks. For sufferers, here's one free of charge:

"A jigger of cognac, the yolk of an egg, a dash of Worcestershire sauce, and a pinch of salt—all in a six-ounce glass. Keep the yolk intact. Drink fast. Don't dawdle."

Okay, Me. I like cool, clear water.

REDS BEAT SWEDEN

SACRAMENTO CIRCLE
The Sacramento Circle held its annual Christmas party and dinner at the Standard Woman's Club Thursday night. Hostesses were Mrs. B. W. Anthony, Mrs. J. T. Little, and Mrs. C. G. Tyne.

The music, stage and tables were decorated with poinsettias, pine cones and Brazilian pepper. Lighted candles were placed around the flowers.

The turkey dinner was served by Mrs. Homer Little, cateress. She was assisted in serving by the hostesses.

The short business meeting was conducted by the chairman, Mrs. J. C. Andrews. There was an exchange of gift plants. The Christmas program was given by Mrs. Josephine Taylor, Mrs. E. W. Anthony, Mrs. E. C. Campbell, and Mrs. J. C. Andrews all participated. The meeting closed as Mrs. Whitney led the group in the singing of Christmas carols, accompanied by Mrs. Burke Steele. Members present were Mrs. George Evans, Mrs. E. H. Gibson, Mrs. C. M. Flowers, Mrs. Bertha Rhodes, Mrs. David Hunter, Mrs. N. R. Whitney, Mrs. S. B. Jones, Mrs. J. T. Little, Mrs. C. G. Tyne, Mrs. R. C. Andrews and Mrs. J. F. Lewis.

MAGNOLIA CIRCLE
The Magnolia Circle met with Mrs. Gus Bamberger Thursday night. Mrs. W. J. Sinclair was the co-hostess. Lovely decorations gave the home a Christmas atmosphere. Refreshments were served to the guests upon their arrival.

Mrs. J. E. Nichols read an Indian translation of the Christmas story and led the group in prayer.

Mrs. Arthur Harris gave the report from the Garden Club board. It was decided to send two plants at Christmas to lonely homes.

Homemade candles were exhibited by Mrs. H. K. Ring. Plants were exchanged by the members for Christmas gifts. A letter was sent to the former chairman, Mrs. Richard Klamm, Key West. Mrs. Perry Stone was welcomed as the courtesy member.

Those enjoying the Christmas party were Mrs. Frank Leiske, Mrs. J. E. Nichols, Mrs. Frank Deane, Mrs. Ray Herron, Mrs. Bralley Odham, Mrs. J. J. Weber, Mrs. W. L. Dickert, Mrs. H. K. Ring, Mrs. Arthur Harris, Mrs. Perry Stone, Mrs. W. J. Sinclair, and Mrs. Bamberger.

ISORA CIRCLE
The Isora Circle met at the home of Mrs. Douglas Stenstrom in Mayfair. Co-hostess was Mrs. W. H. Stenstrom.

The mantle was beautifully decorated with a white and gold motif of styrofoam, tulle and tinsel. Silver leaves, Christmas balls and pink tapers flanked the charming centerpiece.

Coffee, small doughnuts and sweet rolls were served before the meeting, which was conducted by Mrs. W. H. Meriwether. Mrs. Taylor Brown received an excellent response to her request for volunteers to decorate a Christmas tree in the lobby of the Seminole Memorial Hospital. Mrs. John Burton IV was welcomed as a new member.

Attractive Christmas decorations were displayed and explained by Mrs. Stenstrom, Mrs. Stenstrom, Mrs. Ralph Dean, Mrs. John Morgan, Mrs. W. V. Roberts, Mrs. Donald Jones, Mrs. Meriwether and Mrs. A. J. Bracken. Others attending were Mrs. Karlyle Householder, Mrs. A. J. held in the Loch Arbor home of Mrs. Harry Cushman Friday morning. Co-hostesses were Mrs. W. P. Gardner, Mrs. C. W. Baker, and Mrs. L. E. Leeper. They greeted the members with attractive candy corsages.

The house and coffee table were decorated for Christmas with white and gold arrangements predominating. The Christmas tree, which won an Award of Distinction for the circle at the recent garden show, was displayed on a coffee table in the living room. White palm leaves topped with gold formed the tree. Bunches of frosted grapes and gold birds adorned the tree.

A brief business meeting followed the delicious coffee. Mrs. Gardner then asked the members to vote for the most beautifully wrapped gift package, on display by members. First prize was awarded to Mrs. Jean Adams, second to Mrs. C. W. Baker. Mrs. Helen Winquist gave each member a potted begonia, which she had grown.

Mrs. C. W. Baker presented ideas for Christmas decorations, corsages, favors, eardrums and yarn dolls. She demonstrated how to make several of the ornaments and assisted individual members in trying their skill. Mrs. Baker gave each member a yarn Santa Claus which she had made.

Members exchanged the gifts which had been judged on the beauty and originality of the wrapping, and the plants which had been brought for exchange.

Dirt Gardeners enjoying the Christmas party were Mrs. E. S. McCall, Mrs. M. L. Cullum, Mrs. S. C. Dickerson, Mrs. H. H. McCash, Mrs. W. A. Young, Mrs. Myron P. Smith, Mrs. Helen Winquist, Mrs. F. D. Pianist Will Tour The World In Beta Sigma Phi Concert

When versatile Art Steddom comes to Sanford December 27 to play for the Beta Sigma Phi concert at the Mayfair Inn, music lovers will enjoy a treat. Mr. Steddom will begin the evening of piano melodies with "Around the World with Music," including a French cancan, Swiss music box, New Orleans boogie and the Grand Canyon suite. Selections from the scores of Spain, Russia, Hawaii, China and Austria will whirl the listener around the hemisphere. Themes and favorite concertos will follow; among them, Rachmaninoff, Tchaikowsky, and Grieg.

During intermission the Mayfair Inn "Populares" will play for dancing. There will be several breaks during the evening. Other selections chosen by Mr. Steddom include Haval's "Le Gibet" and "Bolero," Rachmaninoff's "Prelude in C Minor," Debussy's "Sunken Cathedral," Gardesias in the Rain, "Malaguena," "The Ritual Dance of Fire," "Slaughter on Tenth Ave.," and "Rhapsody in Blue." Mr. Steddom will close the concert with a program of modern compositions, among them, "Bumble Boogie," "Stella by Starlight," "Laura," "Fascination," "Apple Tree," "Tenderly." Depending on the time, those attending may request their favorites.

Art Steddom has been playing the piano since the age of three. He is so versatile that he can play his own arrangement of almost any request. He is an accomplished composer.

Mr. Steddom has a background as interesting as the variations he presents to his audiences. He graduated from DePauw University in New Castle, Ind., where he majored in arts and science. He served with the U. S. Air Force for three years, as a pilot. He writes a certain amount of fiction, enjoys outdoor sports and even cooks!

In 1951, after playing more or less for fun, Mr. Steddom started playing professionally in Florida nightclubs. From there the sky seemed to be the limit, and the talented young man became known all over the country and in many European spots.

Mr. Steddom is unusual as a musician in his love for both modern and classical music. He believes that a popular theme may be enhanced by a background of the classics. Mr. Steddom is presently living in Bellevue, where his mother is in the Real Estate business. He will leave the first of the year for an engagement in Texas. He is unmarried which always makes a handsome young man twice as interesting.

The concert is being sponsored by Beta Sigma Phi sorority. The performance will start at 8:00 P. M. December 27—in the Mayfair Inn Ballroom. Tickets may be obtained from any member of Beta Sigma Phi.

Conning The News

By VIRGINIA CONN, Society Editor

Tonight the Mayfair Country Club lies still and quiet, the fairways bearing the litter of thousands of spectators, the divots of a large field of professional golfers, the silent echo of clapping and groaning. The P. G. A. Open is over for another year.

The week began with the threat of cold weather; a threat which soon became a heart-breaking reality. Spectators and golfers alike shivered in the below freezing temperatures. The balls skidded on the frozen greens. The wind forced magnificent drives into sand traps. It looked like a below the belt punch for Sanford and the Mayfair Inn. But things always seem to improve, and in that case improve is far too mild a word. Enthusiasm had been whetted in spite of the weather when a young golfer named Stan Mosel set a new course record, with a 62.

The next two days showed Dow Finsterwald and Walt Burkemo vying for the lead. The weather turned warm again. The wind abated, the sun shone. On Saturday the crowd came. On Sunday it seemed as if most of Central Florida came. They were not disappointed. Possibly one of the best rounds of golf in history unfolded before their eyes. With not one close to them, Jay Hebert, Walt Burkemo and Porky Oliver, playing in a threesome, captured the attention of several thousand golf fans; a race so tight it was phenomenal right up to the very last putt. It will be a long time before they stop talking about this Mayfair Open. It was wonderful!

Reminder to girls of the Woman's Golf Association. The luncheon is next Wednesday at 12:30 P. M. at the Country Club. Lee Cunning is trying to call everyone, but in case she has been unable to contact you, if you cannot go, please call her or the club and cancel your reservation.

Speaking of the Cunnings, Dave and Lee gave one of the first Christmas cocktail parties last Friday night. Lee decorated the house with Christmas ornaments and pine—really put one into the spirit. Dave's parents and sister Zachary, Mrs. Futrell, Mrs. White, Mrs. J. B. Williams, Miss Versa Woodcock and Miss Allie Chapman.

Birthday Cake Delivered To New Resident By Mr. Field

A letter to Postmaster Joel Field from a devoted daughter-in-law paved the way to a birthday surprise for Mrs. Rinehart Yennie of 414 Scott Ave.

Several weeks ago Mr. Field received a letter from Mrs. Olive Yennie of Wychoff, N. J. saying that December 12 was Mrs. Yennie Sr.'s birthday and that it was the first time in at least twelve years that the family had not been together on this occasion.

Mr. and Mrs. Rinehart Yennie moved to Sanford four months ago. Mr. Yennie carried mail in Ridgewood, N. J. for nearly forty years before retiring and moving to Florida.

The highlight of the birthday celebration was always the cake; "glowing with candles to the delight of all, especially my three children" writes Mrs. Olive Yennie. The purpose of the letter was to obtain the name of a local baker and order a cake to be delivered December 12.

Since the young mother knew no one in Sanford, her first thought was the local postmaster. She also requested the Yennie's street address since she had nothing but a box number.

Mr. Field not only complied with the street address, the Baker's name, but personally delivered the

Italian Countess Guest Of Honor At Dinner Party

CASSELBERRY—The Countess Marie Croizat of San Remo, Italy, was the honored guest at a small dinner party given by Joseph H. Welmer Wednesday night. Other guests were Mr. and Mrs. Ernest Lowndes of Casselberry, and Col. and Mrs. William E. Baker of Lake Mary.

Countess Croizat, a cousin of Mrs. Lowndes, arrived from Europe about three weeks ago. Before coming to Casselberry she visited her brother, Col. Victor Croizat, a member of the French diplomatic staff in Washington. She left Saturday for Washington and will return to her home on the Italian Riviera later this month.

Mr. Welmer prepared a continental dinner for his friends, which was acclaimed as a gourmet's delight.

Miss M. Baker Dies Yesterday

Miss Mary E. Baker, 54, of Rt. 1 Sanford, passed away at her residence Sunday afternoon.

Miss Baker was born Feb. 18, 1903 in Minnesota and came to Sanford about 19 months ago from Bernadillo, N. M., where she taught Indians in the Pilgrim Holiness Church. She was educated by the Missionary Alliance Church for teaching in missionary work. She taught for about three years at the Intercession City Biblical College and also in a number of other missions throughout the country.

She is survived by two brothers, Ellsworth W. Baker, Milaca, Minn., and Carroll A. Baker, Grandview, Mo.; and a sister, Mrs. Ruth Young, Milaca, Minn.

Funeral services will be held at 8:30 p. m. tonight at the Gramkow Funeral Home chapel with the Rev. Cecil Shaffer officiating. Remains will be sent to Milaca, Minn., for further services and interment.

Seminoles Take 4th Doubleheader Here Friday Nite

The fast coming Sanford Seminoles took their fourth doubleheader in as many games here Friday by a JV score of 32-25 and a Varsity score of 48-39. This has established another school record by being the longest winning streak of any recent Sanford team. Coach Bud Lauer and his troupe have worked hard and it seems to be paying off. Although these four victories have been very impressive the fans are waiting until they can see OBC competition before they commit one way or the other. The conference action won't begin until after the holidays and competition promises to be much keener than.

Big Joe High took a commanding lead in the scoring department here Friday as the Seminoles teamed with 18 points. Joe has hit in the double figures for the entire season and with this good start could establish many new records here. Taking advantage of Ken McMurray's alertness and passes Joe was able to hit 9 buckets and see free throw. He also got his share of the rebounds away from Big Ken Miller of Lyman who was great on part of the Grayhounds. Miller was the workhorse for his team and poured in 17 points for the losers cause. He was terrific on the boards and made things tough for High at times.

Jim Gracey and Ray Lundquist, two flashy sophomore guards, hit eight points apiece to tie for second honors in the scoring department. Both were very effective in the ball-handling department and were also a big help on defense.

Although McMurray was held to only one tally throughout the night, he was probably responsible for half of High's points. He set up several beautiful plays and fed the ball to Joe all night. He was alert and helpful on practically every play.

The JV's also took their fourth game and were very impressive in doing so. With Earl Summersell and Don Carter handling the rebounding chores they closed out the JV's from Lyman by a score of 32-25. Alex McKibbin and Don Carter paced the Seminoles with 7 apiece.

Angeloch Services Are Held Today

Mrs. Amelia K. Angeloch, 70, of 134 Marsella Rd., DeBary, passed away at her residence at 3:45 p. m. Friday.

Mrs. Angeloch was born Oct. 13, 1887 in New York City and came to DeBary about five years ago from the Bronx, N. Y.

She was a member of the DeBary Baptist Church.

Survivors include her husband, William Angeloch, DeBary; one daughter, Mrs. Lillian Heppner, DeBary and two cousins, Catherine and Dorothea Henninger of DeBary.

Funeral services were held at 2 p. m. today at the DeBary Baptist Church with the Rev. Richard Heany officiating.

Palbearers were A. W. Willahan, E. Leon Magee, Harold Seger, John A. Havelson and Howard T. Wirth.

Interment was in Oaklawn Cemetery.

Teachers Feted At Holiday Coffee

A Christmas surprise was enjoyed recently by the teachers at Southside school when they were invited to the Pinecrest Inn for coffee. The charming hostess was Mrs. Velma Mitchell, principal of the school.

The coffee was held in the private dining room. The tables were beautifully decorated with small Christmas trees. Miniature teachers formed the place cards.

The group sang Christmas songs and enjoyed the delicious food. Attending were Mrs. Ruth Carlton, Mrs. Wilma Morgan, Mrs. Caroline Wiggins, Mrs. Frances Walton, Mrs. Florence Shelbenberger, Mrs. Barbara Hartwig, Mrs. Emily Sikes, Mrs. Nancy Lane, Mrs. Martha Rowland, Mrs. Helen Brokenshire, Mrs. Beulah Roe, Mrs. Hilda Davis, Mrs. Bea Anderson, Mrs. Arletta Coberly, Mrs. Mildred Babeock, Miss Ernestine Westphal, Miss Zillah Welsh, Miss Dorothy Chambers, Mrs. Margaret Dotson and Miss Caroline McInnis.

The first charter to operate a telephone company in Michigan was granted in October, 1879, to the Ontonagon Telegraph Co. It consisted of wires strung among four farm homes in Ontonagon.

Ohio has 143 cities whose population is more than 5,000 persons.

Goode Funeral Services Held Friday Afternoon

Funeral services were held Friday at 2 p. m. at Brison Funeral Home for Hyrd J. Goode, 76, who died Dec. 11 after a lingering illness. Interment was held in Oaklawn Memorial Park with the Rev. John Thomas of Holy Cross Episcopal Church officiating.

Mr. Goode resided at 703 W. First St. and had been a resident here for approximately 20 years. Born in Danville, Va., he was retired from the All-American Cable Company, International Telephone and Telegraph Company of New York City.

He is survived by his wife, Mrs. Byrd F. Goode; step-son, John O. Keeling Jr., one granddaughter, Karen; three brothers, William Goode, Clearwater; Nathan Goode, and Alvin Goode both of New York City.

Sanford Resident Dies Saturday

Mr. Wesley Lee Allman, 71, died suddenly at 5:30 p. m. Saturday at his home, 1019 E. 25th St.

Mr. Allman had lived in Sanford for 23 years. He was born Nov. 23, 1880 in Osteen.

He attended the Methodist Church in Osteen, was a member of the Woodmen of the World, Sanford Camp, and was a farmer.

Survivors include his wife, Mrs. Annie M. Allman, Sanford; one son, Kias Allman, Sanford; one grandson, Robert Allman, Jacksonville; one granddaughter, Darlene Allman, Sanford; three sisters, Mrs. Sally Harly and Mrs. J. W. Woods of Sanford and Mrs. Alice McDonald, Port Orange; and two brothers Jasper Allman, Osteen and Allen Allman, Port Orange.

Funeral services will be held at 3 p. m. tomorrow afternoon at Brison Funeral Home.

Burial will be in Osteen Cemetery.

Palbearers will be members of the Woodmen of the World.

The seamstress, professional or amateur, loves to receive gifts to make sewing easier or more fun.

New Orleans is 1,703 nautical miles from New York.

SOKC Smashes All Records Saturday Night At Opening

Iando Kennel Club smashed all records with its opening night program Saturday night.

Attendance of 4,325 was the largest in track history. The motor handle of \$88,555 was an opening record by far, running almost 36 per cent ahead of the \$60,971 waggered opening night last season.

Knocker scored a solid victory in the inaugural handicap, winning by a length over Pat's Shado, Colina ran third.

Golf Star Chick Harbert presented the trophy to Mrs. M. V. Kirland, owner of the new champ.

AN EXCITING PLAY in Friday night's Peanut Bowl Game when the Cobras took the championship and the Lions beat the Tigers (Staff Photo)

Cobras Take Peanut Bowl Championship;

By JERRY COVINGTON
A very speedy and aggressive Lion team, paced by Dick "Preston" Richards, and George "Lightning" Pittard, took advantage of the breaks here Friday night and completely shut out the fifth grade Tigers. Although the score indicated differently, it was an even match throughout the contest and skilled the large crowd.

Several threats were snuffed out. It was a tremendous effort on the part of both squads and they thrilled the large crowd on many occasions. Lt. Cdr. Louis Hoop, Chairman of the Grammar School PTA event stated that, financially, and otherwise, the classic was a big success. He wishes to thank all the parents and faculty of the school for all the cooperation that was received in making this a big success.

Buddy Carter of the Cobras spelled the difference in the youngsters championship tilt by breaking loose for a 25 yard TD jaunt. Late in the game Carter started around left end, met a good defense, reversed his field, and scampered all the way for the TD. He ran the Gators ragged all night and was without a doubt, the star of the contest. The Gators were paced by Lloyd Freeman who was very impressive at quarterback.

Throwing in a lot of "ham", the passing of Pittard and Berge to Richards proved to match for Cy Pittard's Tigers. Pittard also got off several nice runs for the winners. The Tigers looked at first as if they might have had what it took when Bralley "Milkman" Odham intercepted a Lion pass on the 25. But a charging line led by Lou "Soggy" Samuels and "Smiling" Jim Hunt failed to give an inch and

Hobbs Making Good Showing For Gators

GAINESVILLE—Guard Joe Hobbs, who set a record of 433 points last season for the most points ever scored during a basketball season by a Florida Gator is hitting an even faster pace early this season.

Forward Richard Hoban of Miami follows Hobbs in Florida team scoring with 47 points, an average of 13.4 per game, while Guard Charlie Pike, also of Miami, has scored 39 and averages 13 points. Center Jim Zinn, six foot seven senior from St. Petersburg, paces the stars on rebounds with 40, an average of 13.3 in the three games which figure in NCAB statistics.

GALENTO TO WRESTLE

NEWARK, N. J. — Willie Gillenberg, manager of two-ton Tony Galento, one-time heavyweight challenger, is negotiating with Promoter Emil Seals for Galento to make a tour of Southeast Asia wrestling rings. Galento has offered a guarantee of \$10,000.

While Florida's record is three victories against one defeat, statistics are being figured on only three of these games. A regularly scheduled game which Florida won 97 to 36 against Jacksonville NAS cannot be counted in statistics, according to NCAB rules.

Mays Has .626 Average

COLUMBUS, Ohio (UP) — The biggest crowd ever to attend a sports banquet here watched the presentation Thursday night of the United Press Annual Trophy for the nation's top college football team to Ohio State.

The award was made by Hushell Short, manager of the Columbus United Press Bureau, to Ohio State Coach Woody Hayes before a cheering crowd of about 2,500 at a \$10 a plate bucks for braces banquet.

On hand for the occasion were Gov. C. William O'Neill, Sen. John W. Bricker (R-Ohio) and the four football teams representing Ohio State in the Rose Bowl, the squads of 1956, '54 and '57.

Formal presentation of the trophy will be made Sunday night on the Ed Sullivan television program. President Frank H. Bartholomew of United Press will present it to President Novice Favest of Ohio State.

In accepting the trophy Thursday night, Hayes said he would "rather have this trophy than any they could have given me."

"We are extremely proud of this great honor because it is a team award," Hayes said. In presenting the handsome three-foot high gold trophy, Short pointed out that it was awarded by a board of 35 outstanding coaches, distributed throughout the country in such a way as to prevent one section outdoing another.

Ohio Gets Trophy For Nation's Top College Grid Team

NEW YORK (UP)—Willie Mays, the New York (San Francisco) Giants' amazingly versatile outfielder, topped the National League sluggers in 1957 with a .626 average to take the title for the third time in the last four years.

The 26-year-old Willie, who tallied 365 bases in 385 official at bats, was a scant .014 points ahead of Stan Musial, the St. Louis Cardinal ace who set four league marks and tied a major league record. Hank Aaron, whose 390 total bases led the circuit, ranked third in slugging with 400 and Duke Snider of the Dodgers was fourth at .587.

Snider, who tied a National League record by hitting 40 or more homers for a fifth straight season, topped the league by striking out 104 times, however, and also grounded into 17 double plays. Musial, who won his seventh batting championship, set league marks of 893 consecutive games played, 10 straight years in which

Eoghanviola Kennels Still Leading League

In the line-up for the week in the Sandspur Women's Bowling League Eoghanviola Kennels is on top with 20 wins and 18 losses. Robson Sporting Goods is close behind with 17 wins and 21 losses.

The Hollywood Shop and Rollins Hobby Shop have a tied score of 22 wins and 23 losses. Leary's and Wilson's Diner has won 22 and lost 26 with Harriett's Beauty Nook having won 19 and lost 28.

Individual high game scratch of 187 goes to Naomi Jackson and individual high game handicap of 194 goes to Peg Russel. Individual high series scratch of 450 and handicap of 504 both go to Eve Rogers.

Team high for three games of 2288 goes to Rollins Hobby Shop and team high for single game goes to Harriett's Beauty Nook with 791.

Signs First Players

ST. LOUIS — Joe Cunningham, reserve first-baseman whose spectacular pinch-hitting played a major role in the St. Louis Cardinals' bid for the National League pennant, has signed for 1958. He is the first player signed by Bing Devine, who succeeded Frank Lane as general manager of the Cardinals.

Capt. James Cook of England, from 1773 to 1775, sailed around Antarctica without seeing land.

Rountree Winds Up With Good Record

GAINESVILLE—The Univ. of Florida's star halfback, Jim Rountree, wound up the 1957 football season at the head or near the top in every individual statistical column kept for the team.

The final statistical report released on the Gators by the University's Sports Publicity Department shows that Rountree was the team's leader in ground gained rushing and punt returns. He was second in scoring, kickoff returns, pass receiving and punting, and third best in passing.

Rountree, who was a senior this season, gained 411 yards rushing, nosing out Fullback Ed Sears, who had 304, and Halfback Berale Parrish, who had 320. He scored 30 points, beaten by Bernie Parrish who had 30 points on touchdowns and kicked 14 of 18 extra points attempted.

Rountree returned five kickoffs for 102 yards, bettered only by Parrish, who returned four for 106 yards. For the past two years he has been the team leader in pass receiving, but this year was bettered by Halfback Bill Newburn, who caught eight for 136 yards and one touchdown. Rountree caught six for 113 yards and two touchdowns.

In addition to his rushing, kick off returns, and scoring, Parrish proved his all-around worth to the team by punting three times for a 47.0 yard average, returning three punts for 30 yards, and completing a pass for 36 yards and a touchdown.

Jimmy Dunn wound up this season the Southeastern Conference's leader in pass interceptions, short circuiting six for 71 yards returned.

GOES ON TOUR
CHICAGO — Scout Jack Sheehan will pass up a Christmas at home this year to make reports on 16 Chicago White Sox players competing in the Cuban, Puerto Rican, Venezuelan and Dominican Republic winter league. Sheehan takes off on his trip on Dec. 17.

Try and Stop Me

By BENNETT CERF

JOE FRISCO tells about the clean-up man on a prison baseball team who hit a rival pitcher's fast ball a country mile. He tore around first, zipped past second, rounded third and headed for home—but they finally nailed him between third base and—the Mexican border.

Gene Sherman thinks the most tactful man in Los Angeles is the one who had to fire a mail carrier for destroying the morale of the office crew. "My boy," was the way the tactful boss did it. "I don't know how we're ever going to get along without you here, but beginning Monday morning, we're going to try."

The youthful son of a Park Avenue family came home to report that a tough classmate in school had dared to call him a sissy. "What did you do?" demanded his judgment father. The son answered, "I hit him with my purse."

Theatrical Season

NEW YORK—It develops that the first half of the 1957-58 theatrical season—June through November—has been the victim of a bum rap.

Almost since the new productions began to roll off the assembly line in any quantity in October, people in and close to show business—they probably are, personally, the shortest-remembered persons extant—have been complaining that things have been mighty drab.

Yet a smash hit musical, always a big boost to any season, arrived as far back as September—"West Side Story" at the Winter Garden. Five days later came the first dramatic success in a "Look Back in Anger," a genuine "sleep!" another type that always gives a theatrical season a lift.

Figures Are Impressive
The total figures are even more impressive. The first half of the current season brought in 23 Broadway productions (excluding one—man exhibitions, arbitrarily limited runs and repertory, none of which is assayable by the commercial standards applied to Broadway productions in general). This compares with 23 in the first half of the 1956-57 season and 21 in the comparable part of the 1955-56 season. So, in numbers alone, 1957-58 is head.

Of the 23 shows, 9, possibly 10, are potential money-makers in greater or lesser degree—thus indicated successful productions. Even if a couple of these should weaken and fall to make the grade the total would be high. Only nine were quick flops by Nov. 30.

The first half of the 1956-57 season held only five genuine commercial successes. There were 12 brief runs.

The score for 1955-56 was six money-makers at most, and 10 of the 19 left quickly and quietly. So any talk that a flurry of early-season flops has eliminated the proverbial theater shortage is without foundations. Twenty-six of the available 31 houses were occupied as of Nov. 30. Four of the empty five were booked for early December occupancy.

Miss Show's Are Hits
The current nine shows that give every indication of being paying propositions representative of the first half of 1957-58 are "West Side Story," "Look Back in Anger," "Romanoff and Juliet," "Compulsion," "Jamaica," "Fair Game," "Time Remembered," "Nude With Violin" and "Look Homeward, Angel" (a dramatic blockbuster, without doubt), "The Cave Dwellers" and/or "The Rope Dancers" also may make the black ink ledger.

For Thee, Lord, art good, and ready to forgive; and plenteous in mercy unto all them that call upon Thee.—(Psalm 86, 5.)

Our Heavenly Father is all-good, all-love, all-merciful, all-wisdom. He hears every sincere prayer for forgiveness and help. The gift of His loving-kindness is not measured, but is abundant beyond human conception.

Allies Line Up Behind U. S. Plan To Checkmate Aggression Threat

PARIS (UP)—The Western NATO allies began lining up today behind the Eisenhower-directed offer of 1,500-mile range ballistic missiles to checkmate the threat of Soviet aggression. Russia opened a new and massive propaganda campaign to defeat the American plan, but authoritative sources said the NATO summit conference almost certainly would accept the offer of missiles with nuclear warheads. But the Soviets appeared to be winning one of their propaganda demands—early East-West talks. Sentiment snowballed through the 15-nation alliance on the desirability of such talks to end what President Eisenhower called "this appalling arms race." A few nations apparently were

willing to go slow on the missile program while seeing what could be won in direct talks with the Russians. Some Resistance Expected The American proposal for European missile bases was one of the key defense items facing the Atlantic alliance. Some resistance was expected, and it came from Norway and Denmark. But authoritative sources said despite this reluctance the summit conference as a whole will formally "welcome" the offer. The sources said this generally worded acceptance would be contained in a policy decision by the NATO Council for release with the final conference communique expected on Thursday. The 15 NATO foreign ministers met today to discuss an eight-point agenda which included the problem of disarmament but did not specifically include the controversial missile question. They were to report to the chiefs of government later in the afternoon. The defense ministers met Wednesday morning.

President Eisenhower met Italian Premier Adone Zoli at the U. S. Embassy and it was understood he planned to discuss the missile issue then. Meets Adenauer Eisenhower met West German Chancellor Konrad Adenauer a half hour later and it was believed they discussed Adenauer's reported reluctance to set up missile bases on German soil. Adenauer, known to favor a later decision on missiles because of his own political problems at home, said in a speech Monday that NATO "must be armed in general with modern weapons as good as those of the enemy." While the meetings were in progress in Paris, Moscow released a new propaganda campaign aimed at undermining the conference itself and especially the U. S. missile program. It accused Eisenhower of proclaiming "the old Dulles bankrupt-war scheme" in his keynote address Monday and said he was ignoring Premier Nikolai Bulganin's appeal.

SAC's Protective Shield Important To Nation

WASHINGTON (UP)—Top members of the Senate Preparedness Subcommittee said today it is apparent the Strategic Air Command's SAC nuclear bomber force must be maintained at maximum strength until U. S. ballistic missiles are on the firing line. Importance of SAC's "protective shield" in the critical interim period was emphasized before testimony by high Air Force officers in the subcommittee's broad investigation of the nation's missile and satellite programs. Scheduled Air Force witnesses included Secretary James H. Douglas; Gen. Thomas D. White, chief of staff; Gen. Curtis E. LeMay, vice chief of staff and former commander of SAC, and Maj. Gen. Bernard A. Schriever, commander of the ballistic missile division.

Adenauer, known to favor a later decision on missiles because of his own political problems at home, said in a speech Monday that NATO "must be armed in general with modern weapons as good as those of the enemy." While the meetings were in progress in Paris, Moscow released a new propaganda campaign aimed at undermining the conference itself and especially the U. S. missile program. It accused Eisenhower of proclaiming "the old Dulles bankrupt-war scheme" in his keynote address Monday and said he was ignoring Premier Nikolai Bulganin's appeal.

Fox Protests Release As County Zoning Director

John Fox, an employee of Seminole County, protested his release as director of the County Zoning Commission and was backed up by citizens who appeared at this morning's session of the Board of County Commissioners. Mrs. Volie Williams Sr. told the board of county commissioners "We do not feel that he has been shown the proper courtesy." Mrs. Williams was at the meeting accompanied by three other Seminole County citizens. "Since there is a principle involved I want to let you know we do not approve of the action you have taken," Mrs. Williams stated. E. E. Brady, long known for his outspoken manner, also spoke to the board of commissioners in behalf of John Fox. He said "I got him his job with the State Road Department." Brady also mentioned that Fox had received the best recommendation "I have ever seen." "I would appreciate your rescinding your action," said Brady. Fox stated his own case before the board of commissioners when he brought out that a meeting of the Zoning Commission was held at a member's home on the night of Nov. 27, 1957. "I was not notified of it," he said. He also stated that there were no minutes produced and that the "meeting was held in the manner in which they had been held."

Leg To Continue Senate Democratic Leader Lyndon B. Johnson, subcommittee chairman, told newsmen it was "very clear that it is going to take some time for us to catch up" with the Russians on missiles. During this time, he said, national security depends "to a tremendous extent" upon SAC. The H-bomb-equipped SAC "must be the instrument which acts as a protective shield behind which we develop weapons of the future," he said.

Sen. Styles Bridges (R-N.H.), ranking GOP member of the subcommittee, said he expects the administration to ask for money to purchase more B32 long range SAC bombers than had been planned before the Russian Sputniks and the Soviet claim to possess an intercontinental ballistic missile.

Polaris Work Speeded It had been disclosed earlier that more money will be asked to strengthen SAC by greater dispersal of its bomber bases. After testimony by Navy officials Monday, Bridges said development of the 1,000-mile Polaris missile apparently had been speeded up. But, he said, it is "not ready" and won't be "until some time in the future." High Navy officers contended that the Polaris would be the "rough equivalent" of an ICBM because it would be fired from surface ships and submersibles over the world's seas and oceans.

Morrison To Head Novelty Program At Bureau Meet

Members of the Seminole County Farm Bureau, at their annual Christmas meeting to be held starting at 7 o'clock tonight in the hut of the Future Farmers on the grounds of Seminole High School, will be entertained by a novelty program arranged by Charlie Morrison, well-known local public relations director. "Musical Memories" presented by Glen Nelson, organist, and Roger Gregory, narrator, both of the Cooper's-Gregory Music Co., will start the program which will include the singing of Christmas Carols and the offering, by Morrison, of one of his "notorious" silver dollar quizzes. Several new categories, "brain testers," "super-doopers," "for a genius" and "for those who know Sanford" have been evolved by the quiz-master, all of which, it is hoped, will add to the festive occasion highlighted by a turkey dinner.

Accident Victim Dies Last Night From Injuries Lewis C. Henderson, 65, of Geneva, injured in the crash of a pickup truck and a Langston Construction Company dump truck last night at the Orange Memorial Hospital. Sheriff J. L. Hobby's office reported that Henderson was taken to Orange Memorial Hospital last Saturday for treatment of injuries received in the smashup which occurred at the intersection of Geneva and Beardsall Ave. shortly after 1 o'clock. Driver of the pickup truck which crashed into the rear of the dump truck as it attempted a left turn into a filling station was Palmer L. Morris, 44, of Geneva. Morris posted bond at the Seminole County Sheriff's Office on a charge of driving while intoxicated.

The accident was investigated by Florida Highway Patrolman James L. Sikes and assisted by Deputy Sheriff A. E. Evans. Little damage was reported to the dump truck but the pickup truck was reported a total loss. No charges have been made as yet as a result of Henderson's death from injuries received in the crash.

County Employees Get 1st Social Security Cards

The first Social Security cards for State and County employes delivered since the state referendum was held on Nov. 25 were handed yesterday to Clerk of the Circuit Court O. P. Herndon and Deputy Clerk E. L. Burdick by Dorothy Colomora, Field Representative, Social Security Administration. The referendum held last month was passed by a majority vote favoring Social Security. Herndon said yesterday, as he received his blue and white card bearing his permanent social security number, that employes now have the privilege of obtaining social security coverage if they so desire. If, however, they have not elected to participate by Jan. 1, 1958 they could not be covered. "All employes entering the department after Jan. 1, 1958 will automatically be covered by social security," he said. Miss Colomora said yesterday that the Social Security Act Amendments of 1956 provided that the retirement system of Florida could be divided into two parts, those favoring Social Security and those opposing. Upon a favorable vote in the referendum, Governor LeRoy Collins was empowered to enter into an agreement with the Social Security Administration. It has been anticipated that the agreement between the State of Florida and the Social Security Administration would be signed before the end of 1957 in the legislation passed by the State Legislature. One phase of the agreement is that if the documents are signed before Jan. 1, 1958, social security coverage will be effective as of Jan. 1, 1956. However, Miss Colomora pointed out, if the agreement is not entered into this year it cannot be retroactive any further back than Jan. 1, 1937.

Singers Entertain Rotarians Monday At Luncheon Meet

A group of 40 "hand picked" young singers from the glee clubs of Edgewater High School received the plaudits of the members of the Sanford Rotary Club at its weekly meeting yesterday afternoon at the Holy Cross Episcopal Church Parish House. The occasion was the bi-annual appearance of the group under the direction of Mrs. Estelle M. Thomas, glee club mentor, and marked the fourth time the Chorales appeared before the Rotarians. The program, arranged by T. W. (Tommy) Mero general program chairman for the current year, was introduced by Charlie Morrison. Donald Moore, introduced by Mrs. Thomas as "All-state clinic accompanist", was at the piano. Mrs. Thomas was in her typical enthusiastic "Eva Tanguay" form in her introductions of the various numbers, according to club president Myron A. (Mike) Reck, in charge of the meeting.

County Sales Tax Collections Rising

Sales tax collections continue to zoom upward in Sanford and Seminole County according to a release from the office of Ray E. Green, State Comptroller. November sales tax collections, based on October sales, totalled \$2,288,653, an increase of \$187,713 over collections during the same period last year. However, the jump in sales tax collections over the previous month amounted to only \$2,633.54.

Heart Disease County's Leading Cause Of Death

The Florida State Board of Health's report for the nine-month period from January through September revealed that heart disease is the leading cause of death in Seminole County. Heart disease, which has claimed 100 deaths in the reporting period, is three times greater than the next leading cause, Cancer. There were only 27 deaths in Seminole County from cancer during the nine-month period beginning with January 1957. Cerebral vascular disease claimed 32 deaths in Seminole County, accidents 16, motor vehicle accidents 11, influenza and pneumonia 16, diabetes 9, chronic nephritis 6, CVD disease 5, tuberculosis 2, diphtheria, acute poliomyelitis and anemia, 1 each. In another comparative picture from the Florida State Board of Health, there were 297 deaths in Seminole County during the nine month period of 1957 as compared with 83, births.

Two Men Involved In Fight; One Dies

A warrant will probably be issued for murder in the second degree against a 23-year-old Midway Negro, Waldo Kent following the death of Lewis James, alias Buddy Hord, who died from injuries received in a fight last week between the two Negro men. James, Sheriff J. L. Hobby's office reported, was hit in the head with a four foot board. He was first taken to Seminole Memorial Hospital and later moved to Orange Memorial Hospital for treatment. He died at the Orlando hospital. The argument between the two men occurred on Slipes Ave. almost at the intersection of Geneva Ave.

Christmas Lighting Contest Open

The annual Christmas Lighting contest will again be sponsored this year by the Sanford-Seminole County Junior Chamber of Commerce, according to an announcement made today by David Thrasher, chairman of the Jaycee Christmas Lighting Committee. "We know that we are late starting this year," Thrasher said, "but we also believe that homeowners in and around Sanford are expecting us to again head this important Christmas project." Thrasher urged all homeowners and businessmen to enter the contest as quickly as possible in order to give the judges an opportunity to carefully see all entries. Names of the judges, Thrasher said today, have not yet been announced. The contest will again be divided into two categories: residential and commercial Christmas Lighting. Florida Power and Light Company will again have their "Traveling Trophy" for the business or firm taking first place in the commercial competition. The residential Christmas Lighting Contest will be divided into four divisions with each division first place winner receiving a \$25 Savings Bond. Second place winners in each division will also receive recognition. Complete details of the contest will be announced immediately, Thrasher said. Following so closely on the heels of the Christmas Parade, sponsored by the Sanford-Seminole County Jaycees, it has been impossible to get all of the details worked out. Homeowners may choose any one of three categories in which to enter. All entries are being received at the Jaycee Information Booth each day. "Again, we urge everyone to get their entries in as quickly as possible," Chairman Thrasher said today.
