EGLIN AIR BASE, Oct. 6.—(AP)—Whatever is the final outcome of Air Force-Navy arguments over strategic bombing, there are strong indications that carriers will be given an important role in any light high command planning for the tactical phases of invasion operations.

Superfort Explodes Over Waycross, Ga. Killing Nine Men

WAYCROSS, Ga., Oct. 7.—(AP)—Five fires in one engine and fall of another engine preceded a thunder-clap blast that ripped apart a B-29 superfortress bomber over Waycross, Ga., with the loss of nine lives, survivors said today.

The giant four-engine craft exploded yesterday at an altitude of nearly 20,000 feet. Fragments of bodies and plane were scattered over 20 acres of the farm of Robert Schry, Jr.

Witnesses of the blast said "the whole town" heard a roar "like a terrific thunder clap" and stood frozen as bombs were scattered from the hurtling downward.

Three of four who leaped to safety returned last night to the air force base at Warner Robins, Ga., and told a tragic story of the disaster and their escape. They were Capt. H. W. Moore of Wilkesburg, Pa., co-pilot; Tech. Sgt. E. W. Murhee of Miami, Fla., and Staff Sgt. W. J. Penry of Bayonnes, N. J.

The plane was on a special mission testing secret electronic equipment and was scheduled to land somewhere in Florida. The other survivor, E. H. Meischer, is a civilian technician from Franklin Institute at Philadelphia, Pa.

The names of the victims were withheld until their families were notified. Capt. Harold R. Daniels, public relations officer at the Warner Robins Field said several civilian electronic experts were aboard.

Capt. Daniels said the cause of the explosion had not been determined.

Ed Snyder, an ambulance driver for 20 years, said "I never saw anything like it. A boulder twice as big as my ambulance came tumbling down the hillside and into the train."

H. D. Krugis, a railroad official, estimated the rock weighed "about 100 tons."

The collision jacked five of the nine cars, overturned both locomotives and ripped up about 200 feet of track. The last four coaches of the nine car train remained on the rails.

Work crews early today had reopened two of the four main line tracks to through traffic and continued clearing away debris.

Krugis said 125 passengers were aboard the train at the time of the accident at suburban West Bellevue, about 12 miles from where the Ohio River.

WASHINGTON, Oct. 7.—(AP)—A spectacular wreck of the Pennsylvania Railroad's Buckeye limited train, on one-half year ago is the subject of a new nationwide FBI lookout notice.

The Buckeye plunged over a 60-foot embankment into the Ohio River near Helen, Pa., on the night of May 16, 1941. Five persons were killed and 129 were injured.

Investigation showed that an entire rail had been removed from the track with such skill that the signal wire was not broken.

The FBI's notice, carried at the request of Pennsylvania Railroad police, is included in the October number of the FBI law enforcement bulletin. A previous notice went out in the bulletin of September, 1941.

Yesterday, another Pennsylvania railroad train was wrecked only seven miles from Baden at Bellevue, killing two trainmen. The wreck was caused by a rockslide. The same conductor was in charge of both trains. He was S. White of Alliance, O.

"Why, a judge who knows Masi (Boston Braves) pinch runner Phil Masi) real well tells me that Masi would have squawked like anything, if I had called him out."

Masi, the Boston catcher said he didn't know whether he beat the throw.

"All I can say truthfully is that it was very close," Masi said. "It would have been called either way. You can bet your boots I would have squawked if Stewart (Umpire Bill Stewart) had called me out."

FIRST INNING

Indians
Mitchell raised a foul fly to Elliott. Clark went down swinging. Elliott made a neat pickup of Boudreau's slow dribbler and tossed him out.

No runs, no hits, no errors, none left.

Braves
Lemon threw Holmes out. Gordon fumbled Dark's grounder allowing the runner to reach first base on the error. Torgeson lined a single to right and Dark scampered to third. Elliott singled over Boudreau's head scoring Dark with the first run, and sending Torgeson off second base with a lightning throw to Boudreau. Rickert struck out.

One run, two hits, one error, one left.

SECOND INNING

Indians
Dark tossed out Gordon. Rickert camped under Keltner's high fly. Doby blazed a hit into center and stretched it into a double. It was the first extra base hit of the series. Robinson walked. Mike McCormick hauled down Hegan's long fly.

No runs, one hit, no errors, two left.

Braves
Salkeld singled over first baseman Robinson. Mike McCormick, attempting to sacrifice, popped a bunt right into the hands of Lemon, but Salkeld beat the pitcher's throw to first. Stanky walked. Gordon made nice use of Spahn's grounder and threw him out as both runners advanced a base. Lemon threw out Holmes.

No runs, one hit, no errors, two left.

THIRD INNING

Indians
Lemon lined out to Rickert. Rickert raced into foul territory to catch Mitchell's long hop. Clark bounced out, Elliott to Torgeson.

No runs, no hits, no errors, none left.

Braves
Dark shot a line single over Boudreau's head. Torgeson popped to Clark. Elliott went down swinging. Rickert tapped weakly back to Lemon who tossed him out.

No runs, one hit, no errors, one left.

FOURTH INNING

Indians
Boudreau doubled just inside the right field corner. Gordon looped a single to left scoring Boudreau with the Indian first run of the series. Gordon took second on the throw to the plate. Keltner sent a long foul fly to Rickert. Doby singled into right field scoring Gordon to put the Indians ahead, 2-1. On Holmes' throw to the plate Doby raced to second. Robinson lined out to Rickert. Hegan was given an intentional base on balls. Lemon hit back to Spahn who threw him out at first.

Two runs, three hits, no errors, two left.

Braves
Salkeld walked. M. McCormick dropped a single into short left. Salkeld stopping at second. Stanky sacrificed the runners along with a near-bunt. Robinson to Gordon who covered first. Spahn was thrown out by Lemon both runners stayed to their bases. Holmes raised an easy fly to Mitchell in shallow left.

No runs, one hit, no errors, two left.

FIFTH INNING

Indians
Mitchell singled over Dark's head. Clark sacrificed. Torgeson to Stanky who covered first. Boudreau singled between Spahn's legs, scoring Mitchell. Charley (Red) Barrett, a righthander, replaced Spahn on the mound for the Braves. With the hit and run on, Gordon flung his bat as a pitchout and sent a ground ball to Torgeson who stopped on first for the out. Boudreau took second. Elliott threw out Keltner.

One run, two hits, no errors, one left.

Braves
Dark struck out. Robinson tossed out Torgeson. Elliott fouled to Hegan behind home plate.

No runs, no hits, no errors, none left.

SIXTH INNING

Indians
Doby struck out. Robinson singled into center field. Holmes made a spectacular glove hand catch in deep right field while running with his back to the plate.

air corridors.

Capt. Vincent H. Gookin, U. S. representative at the Air Safety Center, said he had protested to the Russians on two counter-attacks by bombers over the Berlin zone and the gunnery drills.

He said the Soviet announcement of the bomber flights over the city indicated that formation flying was contemplated. This would be a violation of Four-Power air rules, he said.

The contemplated gunnery drill, (Continued On Page Two)

U. S. air officers have said previously that the increasingly frequent Russian warnings of maneuvers in the heavily Allied corridors across the Soviet occupation zone were intended to harness the airlift.

There were indications, however, that the Soviet activity announced for today was connected with extensive autumn war games being conducted by the Soviet occupation army.

The salaries of the vice-president and secretary-treasurer would be boosted from \$18,000 to \$36,000 in that resolution.

A cost of living increase amount not made public—was given some time ago.

The convention also went to work today on "fourth round" wage and welfare demands to be handed coal operators next summer.

The miners, like workers in other basic industries, have had three yearly wage-rate boosts since war ended two years ago.

The union, in 40th convention, will approve the general objectives of a fourth postwar contract to be sought by John L. Lewis. The amount of pay increase to be sought was not expected to be fixed at this convention, but the 3,000 miners and UMW officials at the meeting were certain to ask at least for the same pay for a 35-hour week as the diggers now receive for five 8-hour days.

The amount to be sought in the next contract, to be effective July 1, may depend largely on the cost of an expansive medical and hospital service program which was announced today.

Dr. Warren F. Draper, former Army and Public Health Service executive, told reporters that the UMW was embarking on a program eventually aimed at taking care of the medical needs of every miner and his family "from having babies to the care of cancer."

Nat'l. Dr. Draper, Miss Josephine Roche, director of the multi-million dollar welfare and retirement fund, could suggest what the program would cost.

At present there are 75,000 injured or ailing coal miners receiving payments from the \$100,000,000 welfare fund. Another

Church of Nazarene To Have Anniversary

On Oct. 10 the Church of the Nazarene located at 113 Maple Avenue will join a churchwide celebration of the fortieth anniversary of the organization of the Church of the Nazarene as a protestant denomination, it was announced this morning by L. E. Bushon, pastor.

The union of separate groups from the West, the East and South took place at Pilot Point, Tex. in 1908 under the leadership of Dr. F. E. Himes of Los Angeles, Rev. Howard Hoople of New York City and Rev. C. E. Jernigan of Texas.

At the time of the organization in 1908 there were 10,000 members in 228 churches with a few missionaries in a half dozen foreign areas. At that time the Sunday School department had an enrollment slightly in excess of 6,000 and the total giving of the church was \$140,000. Since then the church has grown until its membership has reached 240,000 with 8,300 churches in the United States, Canada and the British Isles and 200 missionaries in 28 foreign areas. The amount of the Sunday School enrollment has increased to 100,000 and the total giving for all purposes during 1947 was more than \$44,000,000, making the per capita for this year \$100.28.

The Church of the Nazarene, which maintains its international headquarters in Kansas City, Mo., stations and by short wave in the United States, one in Canada and one in the British Isles and the Nazarene Theological Seminary, graduate school for ministers and missionaries, "Showers of Blessing," a church sponsored radio program, is heard over 160 radio stations and short wave in the entire world.

The local Church of the Nazarene was organized in August 1944 according to Rev. Bushon. Special fortieth anniversary services in observance of the founding of the denomination will be held next Sunday. The public is cordially invited.

Hollywood

HOLLYWOOD, Oct. 7, (AP)—Like a mellowing scotch, Errol Flynn has grown more reflective about his life and career.

Hollywood's noted cin-erater is making another western, "Montana." Between shots he relaxes on the set and talks. Some of his subjects:

His career: "As an actor, I am beginning to do what I want this year. I've really been trying for the first time. I want to please people. 'Robin Hood' was my favorite picture because I feel when audiences left the theater they were surprised by the real world."

His heroes: "The heroes I generally play are idiots. You can't get away from them. You spend your time trying to think of ways to stay out of scenes."

His studio: "One of the silly things about them is front-office secrecy. They never consult a star about a story until it is bought and a lot of money is put in it. It would seem more sensible to see if the star is going to like it or not. Still, I've never been suspended by Warner. We disagree a lot, but we compromise."

Television: "I've just discovered

Used Car Business Goes Into Bankruptcy

SPRINGFIELD, Ill., Oct. 7—(AP)—A used car business involving more than \$2,000,000 in deposits was in bankruptcy action after customers who didn't get their cars besieged the lots of two southern Illinois dealers.

Petitions for involuntary bankruptcy action were filed yesterday against both dealers by their customers. One dealer later filed a voluntary petition and was arrested on charges of fraud and false pretenses. The other dealer has not been found.

Arthur P. Kramer, who sells 1948 model cars at list prices from an alfalfa field near Jerseyville, filed the voluntary petition in bankruptcy in federal court here. He listed more than 1,800 persons from Illinois, Indiana, Missouri and 13 other states as "creditors with claims unsecured." The amounts owed them range from \$1,680 to \$1,740, and they came from such distant points as Pasadena, Tex., and Baltimore, Md.

RED PROPAGANDA WASHINGTON, Oct. 7—(AP)—

George V. Allen, assistant secretary of state, said today the United States should continue to let Russia and Soviet satellites distribute propaganda in this country.

It, I'm intrigued. Television is fighting for its freedom the same way the movies did years ago."

His writing: "I write for relaxation. Right now I'm writing a screen play called 'The Last Buccaneers' about a bunch of fellows commemorating the old days when pirates were heroes, not criminals. I also rewrote my last picture, 'Don Juan,' every night after shooting. That went on until I finally broke down. I'll never work that hard again."

From the above quotes, you might surmise that Flynn is a changed man. Could he, but don't count on it too much. You'd better stand by for later editions.

Today's Feature: 10 years ago in the movies. The U.S. was "doing the Lambeth Walk" . . . Lovebirds Tyrone Power and Annabella were appearing in "Sues" . . . Charles Farrell was making a comeback with Shirley Temple in "Just Around the Corner" . . .

David Selznick was trying to trim the "Gone With the Wind" script down to size and Miriam Hopkins, Paulette Goddard and Jean Arthur were being mentioned for the Scarlett O'Hara role. . . Columbia was seeking Tyrone Power or John Garfield for the "Golden Boy" role which William Holden eventually played.

The Andy Hardy series was going great guns. . . MGM's hit was "Boys Town," written by a gent who a decade later would be the studio's production boss—Dore Schary. . . "Snow White" usually far the screen's top box-office grosser of all time (before "WTW").

Connie Bennett was shedding Marjorie de la Bains. . . Fox bought Fox borrowed Spencer Tracy for "Stanley and Livingstone" . . . MGM issued a book, "How to Make Pictures in England" . . . Kate Smith introduced a "new peace song" by Irving Berlin—"God Bless America."

MR. CITRUS GROWER Do You Know

The new Central Florida Growers Cooperative offers complete facilities to do the job of picking, packing, processing and marketing your citrus crops this year—without investment or high retain fees.

You can still join if your groves produce quality fruit, although membership is limited to plant capacity and the quota is rapidly being reached. The purpose of this limitation is to insure prompt handling of all the fruit of each member. So join now. Get all the benefits this year, when you need them most.

THURSDAY OCT. 7, 1918
BIBLE VERSE TODAY

We become like that which we
love. Give your love then to good
and true and beautiful things. It
will give splendor to your life.
Col. 3:2; Set your affections on
things above.

Francis Whitehair of DeLand has
been awarded the Legion of Merit
with combat "V" for outstanding
war service in the Pacific.

The people of Oklahoma have
been denied the right to vote for
Governor Thurmond for president
... putting another state in the
Republican column.

Now that Winston Churchill has
said it, what we need in this coun-
try is a political leader with suffi-
cient courage to point out to the
Russians that America's frontier
is on the Elbe.

Senator Vandenberg was too
polite to turn President Truman's
characterization of the 80th Con-
gress as the "second worst" back
on Truman and call him the
"second worst" President.

Attorney General Tom Clark
says the Department of Justice
never tapped John L. Lewis' private
telephone wires, as the UMW chief
told so much, said Clark, it
was necessary.

The statistics are not all bad.
Since 1930 the number of illiter-
ates in the United States has de-
creased by 1,300,000, while the
population has jumped over 17
million. Perhaps the world is get-
ting better. But there are still
nearly three million Americans who
cannot read or write.

Another reason for voting for
Governor Thurmond for President
has been advanced by Governor
Wright of Mississippi. Not to do
so in the South would invite passage
of the civil rights legislation en-
dorsed by both major parties. The
States Rights Party is the only
party opposing such legislation. If
the South does not support that
party, it will be asking for whatever
trouble the North feels inclined to
provide.

Speaking of Mr. Truman's mix-
ture of give-'em-hell metaphors and
of the California politician who
once declared a thing had "all the
 earmarks of an eyecore," Vice
President Craig Smith of Avondale
Mills (Alabama) is reminded of
another politician who closed a
speech on this eloquent metaphoric
note: "As I look down the un-
traveled paths of the past, I see
dimly in the future the footprints
of an unseen hand."

Senator Vandenberg and Presi-
dent Truman do not agree on the
merits of the 80th Congress. Presi-
dent Truman said it was the worst
in American history. Senator Van-
denberg, on the other hand, equally
as competent an authority on con-
gressional merits, says, "When
history is written, the 80th Congress
will be remembered for this record
in foreign relations long after other
relatively transient issues have been
forgotten. I suggest that this record
makes the 80th Congress, in all
that relates to foreign affairs, not
the second worst in history, as
we sometimes hear, but the best."

What this old world needs, says
a Temple University professor, is
love, not "the perverted physiol-
ogical activity stimulated by drugs
and alcohol, leading to exciting and
dangerous sexual adventures," but
the good old-fashioned kind of
love based on approval, apprecia-
tion and recognition, the sufficient
satisfaction of which is an essen-
tial to both physical and spiritual
health. The Bible tells us to "love
thy neighbor as thyself," and the
fact that we do not is what is the
matter with the world. Without
love all the federal regulations or
Communist theories in the world
are as good as nothing.

The South's Opportunity

Although we are not prepared to say that Governor
Thurmond has a very good chance of being elected Presi-
dent of the United States on Nov. 2, we are inclined to be-
lieve that the best interests of the South will be served by
voting for him, and certainly no one living in this section
of the country need make any apologies for such action.

Governor Thurmond is as well qualified for the office
he seeks as any man running. He graduated in law from
Clemson College and has a long and creditable record in public
service. He has been a member of both the house and
senate in the legislature and served with distinction as circuit
judge.

On the day after Pearl Harbor he resigned this office,
which would have exempted him from military service, and
joined the Army. He was assigned to the 82nd Airborne
Division and landed in France by parachute on D-Day. He
participated in all five major engagements of the 82nd and
when Germany surrendered he was transferred to the Pacific
until the end of the war.

Wounded in action he received the Purple Heart and
was also awarded the Legion of Merit, the Bronze Star, the
French Croix de Guerre, the Unit Citation of the 82nd Air-
borne, the Bronze Arrowhead and five battle stars. Im-
mediately after his return from the Pacific he was elected
governor of South Carolina where he has made a somewhat
respectable record for his liberal policies and sound administration.

Governor Thurmond is not running for president merely
in opposition to President Truman's civil rights legisla-
tion but rather as a States Rights candidate. He believes
that such matters as voting requirements, criminal legisla-
tion, and segregation of the races should be determined by
the individual states, as provided by the Constitution of the
United States, and not by a strongly centralized federal gov-
ernment.

During the past few years we have seen an increasing
tendency to concentrate in Washington the rights and priv-
ileges of the individual states and their citizens, and in
Washington a further concentration of power in the hands
of the Chief Executive. This is the highway to dictatorship
followed by Germany, Italy and other European powers,
whether of Fascist or Communist philosophy.

If the President of the United States is empowered to
scrup the Constitution and tell us who can vote and who
cannot, he can tell business men whom they can hire and
what they shall pay, he can conscript the sons of farmers
and order them to mine coal, he can tell the trains to run
on time, or else.

If the people of the South make a united stand against
this continual encroachment upon the rights of the people
by the federal government, they may not elect Governor
Thurmond, unless the contest between Truman and Dewey
is close and the election is thrown into the House of Repre-
sentatives, but they will gain a position of influence with
both major parties which has long been denied them.

No Democratic or Republican party in the future will
dare to insult the people of the South when they know that
there are here 140 Electoral votes which will be used against
them.

Starvation Ahead

One of the major worries of agronomists is based on
their belief that the world's population is increasing toward
a point where the amount of land which is available for cul-
tivation will no longer furnish enough food.

A Cleveland chemist, Dr. L. S. Roehm, believes that this
doom may be averted by means of modern chemical discov-
eries. Modern breeding methods have for some time been
making two ears of corn grow where one grew before. An
improvement in quality and resistance to disease in corn and
other grains has been brought about also. Dr. Roehm's hopes
for further gains are founded on the recent application of
chemicals such as pure ammonia, which, when added to the
soil, promotes quick growth of plant life.

The men in the laboratories will no doubt continue to
perfect methods of growing more and better food products
in a given area, to the end that larger numbers of people
may be fed; if, that is, we can hang on to the soil we have
left. We have been pouring it into the sea at a rapid rate
and some of the chemists see getting necessary elements
out of sea water as the only solution.

World Mission

(Continued From Page One)
Just goes on as though as we were
doing our jobs in the old way. We
will never get Christ before the
world today if we do not have
bigger plans and exercise more
tremendous power than we have
exercised in the past.

Rep. Walter, Ze, Jud (R-Minn.)
last night featured speaker,
warned that Christians must be
prepared to go underground in
Asia if Communists gain control
there.

If the Communists win Asia,
Christians would be in the same
position they were in the days of
ancient Rome, said Jud, a former
China missionary and a member of
the House Foreign Relations Com-
mittee.

Diffenderfer asked the \$,000
dollars to rally behind plans
for a fresh missionary advance in
the next five years.

No specific recommendations
were made as to what each church
should do. Diffenderfer said 1,000
rural missionaries are needed in
the next 10 years to Christianize
rural life abroad. He said a
Hernsey campaign is necessary in
many overseas areas, and called
for more medical and public health
work.

Who needs more missionaries?
The answer is there are many
places where the world is
waiting for the gospel.

The World Today

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Senator Cham Gurney, chairman
of the Senate Armed Forces Com-
mittee, after conferring with Gen-
eralissimo Franco in Madrid, has
called for restoration of "complete
relations between Spain and the
other great powers," including
America.

James A. Farley, former chair-
man of the Democratic National
Committee, visiting the Spanish
capital had a conference with
Franco, also advocated renewal of
diplomatic relations with Spain.
He said this should be done with-
out delay, and added:

"We have helped the countries
of Europe in their fight on Com-
munist inroads. Spain's position
on Communism is well known. If
trouble faces us in the future,
Spain would be an important ally."

Well, now, this development is
of more than passing interest in
view of the fact that the General-
issimo for years has been made to
stand in the corner as the bad lad
of Europe. To be sure, the feeling
about Franco hasn't been so bitter
in some important world capitals
as would appear on the surface.
Still, he has been outside the pale.

Communist Russia and her sat-
ellites have, of course, been among
Franco's bitterest and most active
enemies because the Spanish gov-
ernment he overthrew in 1939 was
strongly leftist. As a matter of
fact the Soviet Union gave the re-
public material aid in the fight
against Franco.

Still, the generalissimo's great-
est sin was in accepting aid from
Nazi Hitler and Fascist Mussolini,
and then—in the view of many
observers—showing signs of re-
ciprocating in some degree during
the World War. There has been
much argument over this point,
but the generalissimo certainly
did himself open to the comment
that "birds of a feather flock to-
gether."

Appropos of this, when I was in
Madrid in '45 I had a long inter-
view with General Franco, and I
flung this blunt question at him:
"The people of the United States
have fought a great war against
Nazism and Fascism. Thousands
of our boys have died for this
cause. Rightly or wrongly the
American public feels that Spain
was in effect an ally of Germany
and Italy and find it hard to for-
give that. Did you subscribe to or
support Nazi and Fascist poli-
cies?"

I didn't know whether he would
call the guard and have me re-
moved from El Pardo Palace be-
cause of that, but he showed no
resentment. His reply was an em-
phatic no, with an elaboration to
support it.

I repeated that story the other
day to a distinguished German
(anti-Hitler) who during the war
was attached to the Berlin foreign
office. I asked him whether Franco
had played Hitler's game, and he
replied in the negative. He said
he was with Hitler when the
Fuehrer met Franco at the Span-
ish frontier and urged the general-
issimo to permit Germany to use
Spanish soil for operations a-
gainst the Allies. My German in-
formant said the generalissimo
turned Hitler down flatly, and the
latter stormed away from the con-
ference in a white fury.

However, all that is water over
the dam. It strikes a lot of ob-
servers that the important thing
now is how long it should take
a sinner to purge himself of mis-
deeds so that he can return to the
international fold. It certainly
looks as though the democracies
were encountering a lot more
hostility from certain other quar-
ters right now than they ever have
from Franco. It also is true, as
Farley points out that Spain would
be an important ally if we got into

the W and W Auto Parts Co. and
sold out his interest in 1943. After
a rest of one year, he assumed his
present position with the Akers
Co.

crease of 25 cents an hour. They
also seek pay at one and half times
the daily rate for any work on
Saturdays; double pay on Sundays
and holidays, and a minimum of
eight hours pay on such days re-
gardless of the time worked. These
demands total a proposed increase
of about 48 cents an hour. Their
present rates vary widely accord-
ing to classification of the job.

The railroad estimated the total
cost of the demands of the 16
unions at about \$1,500,000,000 a
year, or about twice the net in-
come the railroads expect this year
from their traffic at higher rates.

After the September collapse in
negotiations, the unions circulated
a strike ballot. Sentiment was re-
ported as 95 per cent in favor of
striking, with more than half of
the voters counting.

Two operations unions already
have settled new 40-hour week
demands by agreement. The new
settlements were announced by the
unions in the past few days.

Drop in Prices

3. Many packing plants are
short of help, which makes them
less aggressive buyers of live
animals than they otherwise would
be. A south St. Paul packing plant
manager said, "The help shortage
in plants is apt to be a factor
in the future in lowering prices."

4. The whole thing may just be
a temporary flurry, James Elliott,
president of the National Associa-
tion of Retail Meat Dealers, said.
"The chances are that after the
usual heavy runs at this time of
year meat prices will go back
where they were two weeks ago."

5. Consumer resistance was a
doubtful factor, Elliott said there
was none "to speak of." But the
Agriculture Department's official
in Indianapolis said the housewife
had heard so much about bumper
crops lowering prices that she was
reducing her buying.

Here are some of the retail
price reductions which will greet
housewives doing this week-end
shopping:

Chicago—Kroger Company is
reducing about 50 different meat
items from 5 to 20 cents a pound.
The A & P will offer fresh pork
10 cents and smoked hams and
picnics 5 cents a pound under 10
weeks ago.

Minneapolis—A drop of 10 to
15 cents in popular cuts of U.S.
good grade west expected a
chain and independent stores.

Philadelphia—Food fair, Inc.,
stores reduced pork about 10 cent
in stores in Pennsylvania, Mary-
land, Virginia and Delaware.

Indianapolis—Retail pork price
down about 10 cents, beef about
3 to 5 cents, at chain stores and
independents.

Cincinnati—Kroger Company
made reduction of 2 to 10 cents
on 40 pork and beef items.
NEW YORK—Further reduction
of 2 to 10 cents a pound made
today by A. & P. Portchouse
steak is now selling here around
80 cents a pound compared with
\$1.15 in July.

Some very lengthy Australian
earthworms lay eggs as big as
olives.

a jam—important strategically
and materially.

The U. S. State Department
yesterday reaffirmed its cold-
shoulder policy towards Franco.
Despite this it is given to wonder
whether a situation is developing
in which the democracies may be
called upon to decide whether the
generalissimo has been punished
enough.

Susan McCall Given Party On Birthday

Little Miss Susan McCall was honored on her third birthday recently with a party given by her mother Mrs. Edward S. McCall at their home at 606 East Fourth Street. Sweetheart roses were used in attractive arrangements around the rooms of the McCall home.
 During the afternoon games including fishing in the fish pond and ring toss were played with prizes being won by Emmett McCall and Cynthia Roumillat. Favorers consisting of whistles, balloons and noise-makers were distributed.
 After the games the young guests were seated at the dining table which was centered with a large birthday cake decorated with pink and green icing. Several with the cake were ice cream and baskets holding candies. While Susan opened her gifts pictures were taken of the group.
 Those enjoying the afternoon with Susan were Judy Ludwig, Cynthia Roumillat, Dorothy Ann Elaberry, Lynn Ratigan, Nancy Thurston, Jennie Rossion, Monty Williams, Jackie Ivey, Robert Rumbley, Al McCall, Harry Robinson, Jr., Francis Roumillat, III, Emmett McCall, Bobby Rumbley, and Ed McCall.

Julian Stenstrom Is Ordained As Minister

Julian Stenstrom, a student at Stetson University and well-known sports broadcaster, was ordained to the gospel ministry by the First Baptist Church last Sunday. An ordaining council consisting of 22 representatives of six nearby Baptist Churches, assembled at the call of the First Baptist Church of Sanford to help in the ordination.
 After a satisfactory examination by this council, he was recommended to the church as a candidate for ordination. Rev. W. P. Brown, Jr., was moderator and D. K. McNabb, clerk of the council.
 The ordination sermon was preached by Dr. W. C. Holland of the chair of Bible of Stetson University. The charge to the candidate was given by Rev. M. D. Jackson, pastor of the Longwood Baptist Church and clerk of the Florida Baptist Convention, and the Bible was presented by Rev. D. L. Brainerd, pastor of the Lake Monroe Baptist Church. The ordaining prayer was offered by Rev. W. B. Kezzer, pastor of the Geneva Baptist Church.
 Mr. Stenstrom has served the Geneva Baptist Church for over a year as educational director and was recently called by that church to serve as their associate pastor. Seminole Gridders Hold Another Scrimmage Session

Charlie Thomas And John Krider Look Impressive During Hour Long Workout

Coach Carl Kettles sent his Seminole High School Celery Varsity through another hour long scrimmage drill at the high school practice field yesterday afternoon in preparation for the Sanford-Deland tussle here tomorrow evening.

Outstanding in the activity was the end play of Charlie Thomas, who repeatedly threw varsity backs for losses. John Krider, Jr., tackle, was also different for the Sanford backs to evade. Assistant Coach Otis Mooney worked with linemen, giving them pointers to assist them in blocking assignments.

"We are going to have to look a lot better than we have. If we defeat the Deland squad," Kettles said during the practice yesterday afternoon.

Following the scrimmage, the Sanford coaches sent the youths to the playing field to run through offensive formations. Conditioning wind sprints were also the order of the day for the Celerymen.

DeLand will bring an experienced ball club to the Sanford field tomorrow evening. Coach Ross Martin will probably start McLaughlin and Padgett at the ends, Manning and Sing at the tackles, Penn and Rhodes at the guards and Pantan at center. The backs will probably include Gunby, Allen, Kiehligher and Hildebrand.

Hugh Casey To Play For Pirates In '49

JACKSONVILLE, Oct. 7, (AP)—Hugh Casey, veteran relief pitcher formerly with the Brooklyn Dodgers, has agreed to terms to play for the Pittsburgh Pirates next season, the Florida Times-Union said in today's editions.

Roy Hamey, general manager of the Pirates, made the offer, the Times-Union said. It learned from friends of the big hurler.

Casey played for Brooklyn in two World Series—1941 when he was charged with two defeats and 1947 when he was credited with two victories. The New York Yankees were the opposing club both times.

3 Outsiders Defeat Hard Court Masters

SAN FRANCISCO, Oct. 7, (AP)—Three outsiders defeated the quarterfinals of the National Hard Court Tennis Championships today on their upsets of three seeded players in the men's singles.

The non-seeded quarterfinalists, of San Francisco, are Nick Carter, Tom Brown, Jr., and Art Green.

Carter out-stoodled sixth-seeded Earl Cochell, San Francisco, 6-3, 6-6, 6-4 yesterday; Urgan whipped his fellow-townsmen Sam Catch, who was seeded eighth, 6-3, 6-2, 6-2; and Larsen knocked over seventh-seeded Vix Soman of Philadelphia in straight sets 6-3,

MEMPHIS, Tenn., Oct. 7, (AP)—E. H. Crump, Tennessee Democratic political leader, has thrown his support to the States Rights presidential ticket.

The head of the potent Shelby county Democratic organization endorsed J. Strom Thurmond and Fielding L. Wright in an announcement last night that included an appraisal of other presidential aspirants.

President Truman, said Crump, "has sold the South down the river for negro votes in large northern cities."

MONTEGOMERY, Ala., Oct. 7, (AP)—Governor James E. Folsom came out today in support of President Truman and hinted at possible court action to force Alabama's 11 presidential electors to vote for the Democratic nominee.

"Today Alabamians can not vote for the President," Folsom said in a statement "ever before in the history of this country have the people of any state been denied that right."

Folsom was a candidate for delegate at large to the Democratic National Convention himself. He was defeated in the race for delegate and withdrew as a presidential contender.

Alabama's Democratic nominees for elector announced even before their election that they would not vote for President Truman. Later, they agreed to support Governor J. Strom Thurmond of South Carolina, the States' Rights presidential candidate.

WASHINGTON, Oct. 7, (AP)—Senator Kenneth McKellar (D-Tenn.) split today with his long time political associate, Ed Crump of Memphis. McKellar said he will support the Truman-Barkley ticket.

McKellar said in a statement he is sorry that Crump made that decision. He added that Crump "evidently studied the matter and made up his mind, and those who really know Mr. Crump know that when he has made up his mind in political matters he does not often change."

"Mr. Crump is doing exactly what he thinks is right, and am trying to do exactly what I think is right and what is my duty under the circumstances," McKellar recalled he had said in a previous statement that he felt it his duty to support the regular Democratic ticket. He said he still feels that way "because of the many honors the party in the state bestowed on me."

Robeson Boomed

(Continued From Page One) the segregation law did not apply. Both meetings were sponsored by two locals of the Mine, Mill and Smelter Workers Union affiliated with the CIO. Union spokesmen charged the police used violent methods in halting the meeting in the city auditorium—a charge that Police Chief Truman F. Ward stoutly denied.

Clark Foreman, a leader of the Southern Conference for Human Welfare, said the officers shoved speakers from the microphones and swarmed throughout the auditorium with night sticks.

Ward replied that Savannah police have not carried "night sticks for some time and resorted to no violence "because none was required."

Robeson received an ovation at last night's meeting.

COWELL MAKES SHIFTS DELAND, Oct. 7, (AP)—A shift in the Auburn lineup has been made by Coach Brady Cowell to strengthen the matter forward all for the Southwestern game Saturday night. Cowell said Tom Ferrin of Miami, regular center and ace blocker last season, would go back to the pivot post after being groomed for the quarterback spot this year. A weakness in the matter line developed at center when Carl Blumore was injured in the opener with Mississippi College.

TANS TO SEE GATORS WINTER PARK, Oct. 7, (AP)—Coach Jack McDowell will take his traveling Bolling College football squad to Tampa Saturday so it can watch the University of Florida Gators in action. The Tans meet the Gators today at Gainesville and the Bolling Coach said "I don't know if we'll be able to stop the Gators but we should at least know what they are throwing against us." He also said "our offense is improving, but we'll have to show more than we did against Erskine and Miami in our first two games if we're to bother the Gators."

Florida Stresses Defense In Drill For Auburn Tilt

GAINESVILLE, Oct. 7, (AP)—With their first Southeastern Conference football victory as their only immediate griffin objective, Florida's Gators today settled themselves seriously to the task of devising a defense capable of stopping Auburn's Tigers in Tampa this week end.

The 3 o'clock kickoff in Tampa's Phillips Field, capacity 18,000, is assured of a pre-game sell-out. Less than 800 tickets were available this morning.

The Gators should be at virtually full strength in man-power only tackle Louis Carter, 225-pound right-hander, is of the doubtful list. Minor injuries of last week to tackle Cliff Sutton and Frank Dempsey and Halfback Charlie Hunsinger, Florida's leading ground gainer, are not expected to handicap this trio.

The Gators took a good look at Auburn's method of attack today as the freshman team ran play after play into the line and speed the offense with the pass pattern, set up when Captain Russell Inman and Travis McNeil

start throwing the pigskin Saturday night.

A year ago Tidwell threw the pass to Billy Ball which resulted in the 35-yard touchdown on which Auburn defeated Florida, 20 to 16.

Florida's Coach Ray Wolf has indicated that he may start the same back field which opened in Florida's 28-14 victory over Tulane last week. At a 194-pound average, the quartet of Doug Belden, Charlie Hunsinger, John Cox and Russell Gowdy is one of the huskiest starting outfits in the conference, and leaves speed merchants Hal Griffin, Loren Bronkus, Joe Michael and Bludge Beach for breakaway spot running.

ST. PAUL-MONTREAL CLASH ST. PAUL, Oct. 7, (AP)—St. Paul and Montreal will clash in the second game of the Little World Series at 8 o'clock tonight. The Saints hold an edge of one victory to none for the Royals.

Sain, the Braves' winning pitcher, was a surprise even to his pretty wife although she prepared it before leaving their apartment for the game.

"We are going to eat at home," she said after the game. "I have something in one refrigerator but I'm so nervous I can't remember what it is."

How To Relieve Bronchitis. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to fight and kill the bacteria. It dissolves bronchial mucus, loosens mucus, and your lungs are free to breathe. Tell your druggist to sell you a bottle of Creomulsion with the instructions you need. It works the very first time. It's the only one that quickly relieves the cough or you are to have your money back.
