

RANSOM E. Brooks (l.) receives 1972 Merit Award for Supporting Management from Rich Strune, Divisional Manager, ServiceMaster Hospital Corporation.

### Brooks Gets Merit Award

Randy Brooks, resident manager of the Housekeeping Department at Seminole Memorial Hospital, Sanford, received ServiceMaster Hospital Corporation's 1972 Merit Award. He was one of six managers singled out for recognition at the national meeting of over 900 managers and their wives at Chicago's famed Regency Hyatt House on January 12.

Brooks, who serves the 194-bed hospital under the direction of Robert T. Bessinger, Administrator, received the Merit Award for Supporting Management. The award which signifies an outstanding contribution to the hospital's team as a department head, is given annually to a manager selected from over 450 managers in hospitals across the U.S. Selection is based on participation in hospital activities, committees, personnel events and overall integration into the hospital family.

Brooks, an experienced ServiceMaster Manager, held previous assignments at hospitals in Henderson, Ky.; Knoxville, Tenn.; and Chapel Hill, N.C. after completing the company's intensive management training program. He became resident manager in Housekeeping at Seminole Memorial in January, 1972. He and his wife, Vera Ann, live at Lake Mary, with their children, Randy Jr. and Laura. In presenting the Award to Brooks, Rich Strune, Divisional Manager for ServiceMaster Hospital Corporation, said, "The success of the supporting manager can be measured to a great degree by the strong contribution this man makes to the hospital administrator's management team."

ServiceMaster, a pioneer in the concept of resident management support of administration, is the world's leader in hospital management services. The firm now serves over 270 hospitals, with over 55,000 beds and 40 million square feet of space.

## No Matter What Definition Budget Has To Be Used To Work

By JOYCE ROARK  
Copley News Service

The meaning of "budget" can have numerous interpretations. Some people think a budget is a means of saving money. Others find that a budget keeps them out of debt. Still others find it as a means of managing their finances so that they can buy the luxuries they have dreamed of owning.

Whatever way you define "budget," remember that it won't work unless you use it. If you don't have a budget, or if your present budget isn't working for you, then try setting up a budget from scratch.

The first step in setting up a budget is determining what your goals are. Do you want to save money, stay out of debt, or have money to spend on luxuries, etc.?

Next, list all your normal monthly bills. Add these together and subtract the total from your monthly income after deductions. If you get paid weekly or biweekly, calculate your monthly earnings on a four-week basis.

The amount left over after subtracting the regular monthly bills from your net income must cover all other expenses. This will be called expense money. Determine the approximate amount your family spends on food, medical care, entertainment, etc., each month. Add these to

gether and subtract the sum from the expense money. This resulting amount of money should be on the positive side of zero. If it isn't, you're in trouble. At this point you have to think ahead to expenses that occur less than once a month. These would include such items as car insurance, car license, income tax, property tax, magazine subscriptions, memberships, etc. Christmas, birthdays, graduations, etc., must also be estimated. Estimate how much money your family will need for each of these items. The total of these items must be subtracted from your yearly income. Either subtract one amount every month or have the money available in a savings plan when it's needed.

The money left after this last deduction is to be used for personal expenses, savings, vacation, luxuries, or whatever else you want to use it on. A budget need not be strict to be effective. You should make sure your monthly bills are paid on time and that you keep something aside for those few major expenses that occur once in a while. Try not to buy items on

credit, and credit cards at home when you go shopping. If you find something you want to buy, the trip home and back to the store will give you time to decide if you really want, need, or can afford the item.

WASHINGTON (AP) — President Nixon's Peking and Moscow trips made the Vietnam settlement possible, according to Henry Kissinger, which in turn frees the United States to work even more actively for a new global relationship.

Kissinger also used his "theory of international linkage" to define the role expected of China and the Soviet Union in making the Vietnam peace last.

"Whether the peace is fragile or not," Kissinger said Thursday, "depends in part on the Vietnamese; it depends in part on outside countries."

The presidential adviser added during his first major broadcast interview, with CBS diplomatic correspondent Marvin Kalb, that "I don't trust

# In Keeping Fragile Peace Moscow, Peking Have Big Part

By KENNETH J. FREED  
Associated Press Writer

WASHINGTON (AP) — President Nixon's Peking and Moscow trips made the Vietnam settlement possible, according to Henry Kissinger, which in turn frees the United States to work even more actively for a new global relationship.

Kissinger also used his "theory of international linkage" to define the role expected of China and the Soviet Union in making the Vietnam peace last.

"Whether the peace is fragile or not," Kissinger said Thursday, "depends in part on the Vietnamese; it depends in part on outside countries."

The presidential adviser added during his first major broadcast interview, with CBS diplomatic correspondent Marvin Kalb, that "I don't trust

the good will" of the parties. A lasting peace depends in large part "on the actions of the Soviet Union, the Peoples Republic of China and on the sort of relationship we'll be able to establish with North Vietnam."

What this means for Moscow and Peking, Kissinger said, is for them to see what massive military aid to Hanoi means "in terms of the incentives" such shipments lend to resuming the fighting.

This also holds true for the United States, the presidential adviser acknowledged, but he pledged strict adherence to the ceasefire agreement signed Jan. 28 which limits the American military aid to Saigon.

In explaining the over-all U.S. motives, the former Harvard political scientist said Nixon "felt that we had to end the war on honorable terms so that we would be free to be taken seriously in the conduct of other events."

## 18 Hepatitis Cases Listed In Sanford

By BOB LLOYD

Seminole County Health Director Dr. Julian Fried said today there have been no new hepatitis cases reported in the county since Friday. Through Friday the local health department recorded 18 cases concentrated the Sanford area. "We think it concentrated in one local area," Fried said, "but we have no bacteriological proof and therefore I hesitate to point a finger at any business or establishment."

Fried said contrary to published reports by the State Health Department of 60 cases of flu in Seminole his office has been unable to verify a single case.

"There's definitely no flu epidemic in Seminole," he said. "As far as I can see these cases reported by doctors as 'flu' were common colds and common upper respiratory infections."

**AROUND THE CLOCK**  
By John A. Spoliki  
All is forgiven, fellahs. And here we made such a big deal about those 100 chairs which the Sanford City Commission bought for themselves...

The State's Senate makes it look like chicken feed... \$400 for swivel chairs, \$17 ash trays, and \$25 for waste baskets! They spent \$279,752 on refurbishing their offices.

A couple of questions... if the waste paper baskets are \$25 then certainly it is logical to assume that which they are throwing into the receptacles would contain equally expensive "doddings" from their notebook pads!

In case you didn't know, today is Ground Hog Day; and he saw his shadow at 6:45 a.m. forecasting six more weeks of winter weather.

With all of the coughing, I'm doing right now, as well as all those absent from their desks... who needs it?

I'd just as soon keep under wraps where it might be a tad warmer. Today is also Candlemas Day... in the Roman Catholic Church it's the day on which candles are blessed to mark the purification of the Virgin Mary.

Thing that gets me about the ground hog is that the state of Missouri established it by legislation — Feb. 2 Ground Hog Day.

Which doesn't explain why all Americans look to Punks-lawney, Pa., to get the ground-hog verdict.

If you're interested... they're in need of additional personnel for the Sanford Police Auxiliary. Give Richard Quigley a call at 322-0907 — providing you're over 21 and a high school graduate.

Those six tornadoes we experienced in this state last week caused insured losses of \$1 billion according to the American Insurance Association's Property Claims Service.

## Joint Meet Includes Viet Cong

Associated Press Writer SAIGON (AP) — The chief delegates of the United States, North and South Vietnam and the Viet Cong on a peace-keeping military commission are to meet for the first time today to take up an agenda including arrangements for the completion of American troop withdrawals and prisoner exchanges, U.S. officials reported.

The observers from Canada, Poland, Hungary and Indonesia are already three days behind the schedule specified in the ceasefire agreement for setting up regional headquarters in Hue, Da Nang, Pleiku, Phan Thiet, Bien Hoa, My Tho and Can Tho.

U.S. officials termed the meeting "significant." There were other signs that the peacekeeping commissions are getting into action.

U.S. helicopters flew 40 more Viet Cong delegates and 4,000 pounds of their supplies from their district headquarters at Loc Ninh to Saigon to join the joint military commission.

U.S. officials reported that the target for deployment of Communist representatives to the seven regional headquarters where the international supervisory teams will be based.

The international commission sent advance teams today to Pleiku, Da Nang and Hue to check out accommodations, transportation and communication facilities.

Canadian delegation told newsmen at Pleiku that a full team of about 30 members should be there in two to four days.

U.S. Col. Le Trung Hien, chief spokesman for the South Vietnamese command, said there were no sustained battles anywhere in the country. But he claimed there were 200 more Communist violations of the ceasefire during the 24-hour period ending at 5 a.m. today. Many were shelling attacks.

Hien said 524 North Vietnamese and Viet Cong and 37 South Vietnamese were killed during the latest reporting period.

Weather  
Yesterday's high 74 low 68 with .28 of an inch of rain. Mostly cloudy today and tonight with rain likely today and a cooler of showers tonight.

High today and to upper 70s. Lows tonight lower to upper 50s. Rain probability 80 per cent tonight. Winter rains, drizzle and snow were scattered across the eastern half of the nation today while the West remained generally fair and cool.

Temperatures before dawn ranged from 32 at Evanston, Ill., to 78 at Palm Beach, Fla.

## Site Plan Okay Given Complex

By BOB LLOYD  
Site plan approval has been given a \$2 million, 132 unit apartment complex by Sanford's Zoning and Planning Commission.

Developer Frank Beal said construction on the 11 acre site west of Seminole High School on Reservoir Lake will begin within 45 days and be complete within eight months. "The project will be known as 'The Master's Cove'."

Site plan approval was given conditioned on the developer providing Ridgewood Avenue from the high school to the apartment complex.

Beal said the complex will feature covered loop parking areas for residents who will use the lake for recreation purposes.

Z-P members also approved the master development plan for 1,700 apartments and 457 townhouse units to be built by McCormick Enterprises in the "Carriage Cove" planned unit development south of Airport Boulevard and east of U.S. 17-92.

Approval was also given at the same time to Dreyfus Interstate Development Corporation of Sarasota's plans for a 475 lot mobile home park in the PUD with entrance from the Old Orlando Highway north of Sunland Estates.

## Woman Reports Jewelry Loss

By BOB LLOYD  
A woman living on a boat at Sanford Marina reported the loss of \$1,000 in jewelry to Sanford Police today.

Mrs. Edith Harrison told officers she believes a small pond containing two diamond rings and a necklace fell from her purse when she stumbled on a parking lot in downtown Sanford.

Sheriff's detective Sgt. William Hogan was leading the search today for two men who robbed Altamonte Pharmacy, SR 436, last night of an undisclosed amount of money.

Hogan said there were no customers in the pharmacy at 8 p.m. Thursday when the men, one armed with a pistol, tied up the pharmacist in a storeroom and made off with the money. Deputies are investigating the stabbing of a former sheriff's deputy at 5 p.m. Thursday at Casselberry Elementary School.

## Woman Reports Jewelry Loss

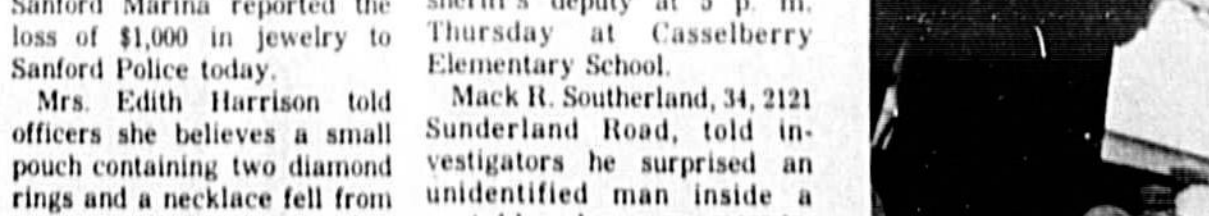

Mack R. Sutherland, 34, 2121 Sunderland Road, told investigators he surprised an unidentified man inside a portable classroom at the school and the man stabbed Sutherland in the stomach and left shoulder before running toward the Summerset residential area.

Sutherland, a plumber, was treated for the stab wounds and released at Orange Memorial Hospital, Orlando.

Deputies today were also investigating a burglary and vandalism at South Seminole Middle School, Casselberry.

## Woman Reports Jewelry Loss

Deputy State Fire Marshal Hugh Bethea, right, is shown with Sanford Fire Chief G. M. Harriett at front entrance of Crooms High School 1926 Administrative Building after wall was pulled down for safety reasons following Thursday blaze that destroyed auditorium, offices and four classrooms. Bethea was reported sick today and Chief Harriett said the probe to determine cause of the pre-dawn fire has been temporarily halted. (Related story on page 1B.) (Bob Lloyd Photo)

Pastor's Corner

Faithful Rewarded

REV. ROBERT LOY  
Central Baptist Church

Hebron therefore became the inheritance of Caleb the son of Jephthah the Kenazite unto this day, because that he wholly followed the Lord God of Israel. Joshua 14:14

Caleb was a man with a testimony like that. He was a great man of faith. Let me share with you some reasons why I believe Caleb was a great man of faith.

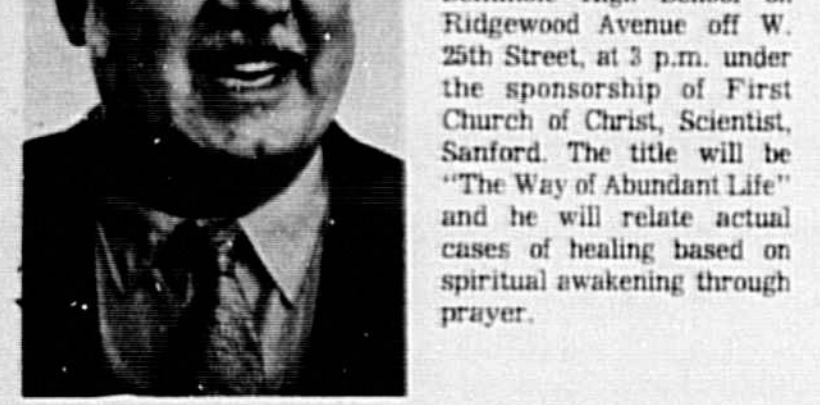

1. Caleb was consecrated unto God. In other words, he was set apart wholly unto the Lord. He wholeheartedly and completely served God with all that he had.

2. Caleb was obedient unto God. Obedience is following God each step of the way. I have never met a faithful man of God who was not obedient.

3. Caleb was led by God's Spirit. In Numbers 14:24 we read that "Caleb had another spirit with him." In the New Testament we read in Ephesians 5:18 to "be drunk with wine, wherein is excess; but be filled with the Spirit."

4. Caleb withstood the test of his faith. All faith is sooner or later tested. When he returned from spying out the Promised Land, his faith told him that God's people could conquer it even though the majority of the people do not agree with him. He stood courageous in his faith in the conquering God.

5. Caleb was rewarded for his faith. God is not unrighteous to forget the work and labor of those who faithfully serve him. Caleb inherited part of the promised land and even more than that he received God's approval in the tribute that he wholly followed the Lord God of Israel.

PAUL K. WAVRO, member of Christian Science Board of Lectureship

Paul K. Wavro, member of Christian Science Board of Lectureship currently on tour throughout the country will lecture Saturday at Seminole High School on Ridgewood Avenue off W. 25th Street, at 2 p.m. under the sponsorship of First Church of Christ, Scientist, Sanford. The title will be "The Way of Abundant Life" and he will discuss actual cases of healing based on spiritual awakening through prayer.

ETHEL ROOT Circle of Congregational Christian Church, installed new officers at the January meeting. Church pastor, Rev. Fred L. Neal was installing officer. Left to right are: Laura Ludecke, president; Helen Remusat, treasurer and Alice Nordgren, secretary. Installed as vice president was Bea Alford, not present when picture was made. Two new members were welcomed at the meeting and plans discussed for a spaghetti supper to be held on Saturday, Feb. 17.

Common Bible Now For Christianity

By GEORGE W. CORNELL  
AP Religion Writer  
NEW YORK (AP)—A common Bible, the long-cherished dream of the Christian unity movement, is now complete.

To be published in the United States this spring, it has approval of Protestant, Roman Catholic and Eastern Orthodox leaders in this country, in Europe and Asia.

It is the result of "vast collaboration," Pope Paul VI said a few days ago when presented with a copy in Rome.

Ever since the 19th century breakup of the church, contrasting versions of the Bible

have been a major cause of edginess among the separate branches of the faith, particularly among ordinary members.

"They use a different Bible," went the usual expression of the presumably inexpressible wall of division, with little awareness how slightly the Bibles really differed.

But increasingly in recent times, that wall has been breached with joint Bible research, joint commentaries and joint regional editions of Scripture, a sequence culminating now with the broad-scale

success of the new mutually approved volume.

Its cover reads, "Revised Standard Version Common Bible."

An international ecumenical group, the RSV Bible Committee, now headed by the Rev. Dr. Herbert G. May, of Ohio's Oberlin College, has worked out the presentation and format of the new Bible.

The new Bible also is annotated, meaning it includes notes of historical, geographical and other explanation, a long-held Catholic practice and one frequently used by Protestants.

Area Church News

Holy Cross Episcopal

A prayer group for young adults, 18-30, is held at 7:30 p.m., Sundays at Holy Cross Episcopal Church featuring prayer, sharing and singing.

Every Thursday at 11 a.m., Rev. Leroy D. Soper, Holy Cross rector, celebrates Holy Communion in the parlor at Bram Towers. Attendance has been as high as 55 persons and following the service there is laying on of hands for healing.

Christ United Methodist will include, Palm said, in the Church Sanctuary.

Christ United Methodist

Christ United Methodist Women are collecting good used clothing (no shoes) in the Sunland area for the needy overseas. Blankets and children's clothing are most needed. Deadline is Feb. 7, for more information, phone 322-5262 or 322-3399.

The youth of the church will meet at the church today at 7 p.m. All school age young people are welcome.

Immanuel Evangelical Presbyterian

Musical Talent Night will be observed at Immanuel Evangelical Presbyterian Church, Howell Branch Road, Goldenrod, at 7 p.m. Sunday. Featured in this annual infusing program will be many church musicians singing and playing along with various skits and other talents. The new Junior Choir made up of boys and girls, ages 7-12, will give its first performance under the direction of George Ufford.

One of the highlights of the church year is the annual Missions Conference to be held Feb. 11-14. Missions from Chile, Peru, Africa and India will be present to give first hand reports on the status of missions today. The schedule is as follows: Sunday (11 a.m. and 7 p.m.), Rev. Gordon Taylor, India; Monday, 7:30 p.m., Rev. Joseph Little Jr., Peru, S.A.; Tuesday, 7:30 p.m., Miss Lois Ooms, Kenya, Africa; Wednesday, 6:15 p.m., World Mission Banquet; and 7:30 p.m., Rev. Robert Auffarth, Chile.

On Sunday at 6 p.m. the youth will meet in Fellowship Hall to study "Now Listen, My Friend" from the book of Proverbs with Dr. Earl Joiner, Professor of Religion, Stetson University, teaching.

Sunday night, following worship services, the church will honor their Director of Music and Youth, Herbert W. Kennedy, and family with a reception in the Fellowship Hall. Kennedy has recently joined the staff of Central Baptist Church, coming from First Baptist Church of Glenville, Ga.

Pastor Robert Loy will preach the third and fourth sermons in the series of sermons from Ephesians Sunday.

February 7, 8, and 9 Dr. Earl Joiner of Stetson University will teach "Goliathians: Freedom Through Christ" to begin at 7 p.m. each evening.

WOMEN OF LUTHERAN CHURCH OF PROVIDENCE in Deltona, stand ready to serve members of the Church at special dinner of thankfulness, given Sunday at the Church. (from left to right, are:) Mrs. Clinton Brown,

Mrs. Fred Glazier, general chairman; Miss Elsie Kugler and Mrs. Wilhelmina Johnson. About 100 attended the dinner and 100 attended the services which proceeded it. (Charles Edwards Photo)

Community

United Methodist

Holy Communion will be celebrated at Community United Methodist Church Sunday at 7 p.m. There will be special numbers by the youth choir.

Thirteen adult leaders of the Youth Fellowship program will attend a Serendipity Workshop Saturday in Gainesville.

Altamonte Community

The Board of Trustees of the Altamonte Community Church will meet at 7:30 p.m., Monday and the Board of Deacons will meet at the same time on Thursday.

The first meeting of a four-week course the Chapel Guild will offer on Defensive Driving, with Mrs. Betty Renner of Seminole Junior College as the instructor, will be at 7:30 p.m. Tuesday in the educational building. The public is welcome to enroll if they call 828-5206 or 823-8623 by Monday. A small fee will be charged.

Former Sanford residents at the retirement home include Dr. and Mrs. W. P. Brooks Jr., long-time pastor of Sanford church, and Mr. and Mrs. Albert Tate, former members of the church.

Girls in Acteens made bedside holders for personal toiletry articles. The "bed caddies" were filled and distributed to residents in the infirmary section.

Kenneth W. McIntosh, RA counselor, led a devotional period. Johnny Thomas played the piano, and the group sang. Acteens also presented a skit.

The Baptist Men of Central Baptist Church will celebrate Men's Day Sunday. They will have breakfast at the church at 7 a.m. At the morning worship service laymen will speak concerning the special ministries of the church including the house, fish camp, jail, Holiday Inn, and visitation.

On Sunday at 6 p.m. the youth will meet in Fellowship Hall to study "Now Listen, My Friend" from the book of Proverbs with Dr. Earl Joiner, Professor of Religion, Stetson University, teaching.

Plans Laid For Sewer Completion

By DONNA ESTES

LONGWOOD — Details to be completed in order that the city can receive state funding for its sewer collection system were laid out for Longwood city officials by officers of the state Pollution Control Board in a meeting at city hall Thursday afternoon.

Attending the conference were Mayor Eugene Jaques, Council Chairman William Klosky, Harold Radcliffe and William Palm, consulting engineers of the firm of Glace and Radcliffe and Pollution Control Board officers, William Blommel and William Proctor. Proctor was identified as an assistant in the revolving and permanent funding division and Blommel as an assistant coordinator of state grants.

It was pointed out by the state men that an agreement has to be finalized between Longwood and Altamonte Springs on the routes Altamonte will charge for bulk sewage treatment at Altamonte's region newly designated regional sewage plant. The written agreement must be in hand before any state or federal money is released for either city, they said.

The price to be charged Longwood will include, Palm said, in the amortization of a portion of the remaining cost of 25 percent of the sewer plant plus operating costs. Then the City of Longwood would bill its customers tacking onto the Altamonte bill its operation costs, and amortization for interceptors and sewer lines.

The contract between the two cities on bulk rates would be subject to renegotiation annually. In answer to a question from Klosky, Swofford said it will not be necessary for any two-city joint operating authority to be named for the sewer plant. "If it were going to be operated jointly, it would be different," he said.

The two state men said once necessary for any two-city joint operating authority to be named for the sewer plant. "If it were going to be operated jointly, it would be different," he said.

Neighbors heard the bad news on radio newscast and broke it to Scott's four children. The sorrowing family grieved and tearfully went about handling final details—until four hours later when Scott turned up angry, nursing a swollen eye and cut lip.

"It was pretty shocking," Scott's ex-wife Ruby said. "I was in the apartment. Earlier she had succumbed to hysterics when informed at work that her children's father was dead."

She shrieked even louder when she unexpectedly came face-to-face with him on the way to the morgue to identify what she thought was his body.

Startled, Duval County deputies soon learned that the crushed car removed from Scott's demolished auto was apparently the body of a robber who had beaten him up and then stolen his vehicle.

Scott said he had picked up two hithekkers who robbed him and took his money and his car. Mingo said Scott took the news of his death "pretty brutally."

Two Sanford policemen were slightly injured when they struggled with a theft suspect allegedly fleeing from a Sheriff's Deputy.

Police reports listed patrolman Frank Chisari as treated and released with a bruised forehead and a lacerated wrist. Walter Jones treated for a pulled muscle after they wrestled with the suspect at Olive Avenue and 10th Street.

Steelman was later transferred to Florida Hospital at Orlando, according to jailors. Sanford police are investigating the theft of tapes and records valued at \$200 from the locked home of Ruth Belcher, 2843 Gale Place. Officers reported no signs of forced entry to the residence.

Patrolman Joe Dillard said thieves apparently used a ladder to enter a window at the home of Zeke Dixon, 1910 West 13th Street. Listed as missing were a 22 caliber .38 in. Smith and Wesson. A value of the missing items was listed as \$85.

Citizens Show Anger At City Councilman

By DONNA ESTES

ALTAMONTE SPRINGS — Citizens at the continued public hearing on the city's new proposed comprehensive zoning ordinance and land use map vented ire on Councilman Don Dorfman last night for his complete "flip-flop" in attitude toward the rezoning of Maitland Avenue.

Citizens present identified themselves as residing in Lake Orienta Hills, Hidden Harbour and in other areas adjacent to Maitland Avenue. The city is proposing much of the street to be rezoned from residential to PHO (professional building) category.

Attorney Allan Grant referring to Dorfman as "Congressman" nailed the second-term city councilman for the "fine stump speech" he had given immediately prior to last December's election battling to deny rezoning for a professional office on Maitland Avenue.

Grant, remembering Dorfman's comments at the time, said the councilman declared it was not necessary to have office buildings on the street because the city already had many offices elsewhere. "You got your vote," (and) Dorfman said if the city almost without notice, the thing

she thought was his body. Startled, Duval County deputies soon learned that the crushed car removed from Scott's demolished auto was apparently the body of a robber who had beaten him up and then stolen his vehicle.

Scott said he had picked up two hithekkers who robbed him and took his money and his car. Mingo said Scott took the news of his death "pretty brutally."

Jaycees: An Outstanding Service Group

"We believe that faith in God gives meaning and purpose to human life. That the brotherhood of man transcends the sovereignty of nations; That economic justice can best be won by free men through free enterprise. That government should be of laws rather than of men; That earth's earth's great treasures lie in human personality. "And that service to humanity is the best work of life." The above creed is recited by Jaycee groups everywhere during the course of their meetings and therein lies the motivation which heralds the many community activities of the national organization.

Here in Seminole County we are privileged to have two chapters of this movement devoted to training young men between the ages of 21 and 35 for leadership in various community endeavors.

Both county Jaycee chapters, Sanford-Seminole and South Seminole, have in the past week given recognition to a number of county citizens for their efforts toward improving the area in numerous ways.

These acknowledgements were presented to winners for their outstanding contributions at special Distinguished Service Awards. Sanford-Seminole chapter included among its honor winners: Laurel Ellmore, Outstanding Young Educator; Wayne Albert, Distinguished Service Award; Sgt. Johnny Wright, Outstanding Young Law Enforcement Officer; and to former City of Sanford attorney William Hutchison won the Good Government Award.

Harsh Laws For D.W.I.

According to "Trial," newsmagazine of the American Trial Lawyers Association, you would be wise not to be caught driving while intoxicated in the following countries: Malaysia, where not only are you jailed but, if you are married, so is your wife. South Africa, where you are given a 10-year sentence, a fine of \$2,800 or both.

Turkey, where you are driven 20 miles into the boonocks and forced to walk back — under escort. El Salvador, where you are executed by a firing squad.

Penicillin Can Kill As Well As Cure

By HAL BOYLE NEW YORK (AP)—Things a columnist might never know if he didn't open his mail. Penicillin can kill as well as cure. Allergic responses to the drug — penicillin poisoning — take about 200 lives annually in the United States.

Wood is one of the strongest as well as the most durable of substances. A block of it only one inch square and 2 1/2 inches long can support a weight of 16,000 pounds. Made up of millions of air cells held together by lignin, a powerful natural glue, wooden timbers more than 2,700 years old have been found in good conditions in ancient Turkish tombs.

We think we know how to live life well, but we don't seem to make it as long as some other people do. Only about three out of 100,000 Americans live to be 100. But in the Soviet republic of Azerbaijan, according to the National Geographic Society, 65 out of every 100,000 last a century. What is their secret?

What do you do if you get sprayed by a skunk? Scrub your body with carboric soap and wash shampoo your hair with tomato juice, and soak your clothes in tomato juice or wash them in ammonia solution or chlorox of lime. If your eyes are affected, wash them with a mild boric acid solution. But to avoid the problem altogether, don't try to pet any woodland critter that looks like a black and white kitty. No lack of saints: There is a

Pan Americana

Rebel Cradle Rocked By Socialite

By PENNY LERNOUX Copy News Service

BOGOTA, Colombia — The land that rocks the Latin American revolutionary's cradle may be neither red nor rough from toil. More likely, the nails are carefully manicured and the aristocratic fingers bejeweled.

Celia de la Serna de Guevara was a bourgeois lady with a socially acceptable name in Argentina until her son, "el Che," began dabbling in revolutionary politics. When Ernesto Guevara and Fidel Castro marched triumphantly on Havana, Mrs. Guevara was there to join the victory celebrations.

Like Mrs. Guevara, Isabel Restrepo de Torres was an elegant woman with all the right social connections in Bogota. A much-courted beauty in her youth, Mrs. Torres died Jan. 15 in Havana, few Colombians mourned her passing but almost everyone expressed respect for her commitment to the famous guerrilla priest's convictions. She was not some humble peasant, after all, but a lady, a "dona."

American POWs

Coming Home Will Be An Ordeal

By ROBERT BETTS Copy News Service

American prisoners-of-war in Vietnam have one more ordeal to face—the big American welcome back. A lot of fuss-cheering crowds, waving flags and blaring bands—is probably just what they dread. Ungrateful though it may sound, they would likely prefer to go quietly to their own homes, exchanging the bleak isolation of the prison camp for the warm comfort of family and friends, avoiding the curious gaze of well-wishers. At least they should be treated gently. They have suffered double shock—the shock of losing their freedom and the shock of regaining it. When they were first told it was all

Many of our local and county officials started their careers in service as a Jaycee.

Some of them are Sidney Vihlen Jr., Michael Hattaway, both now on the county commission and never forgot that the commission chairman John Alexander was also a Jaycee. Builder Brailey Odham; Dr. Tom Largent; Sanford Commissioner John Morris; Tom Embree, Casselberry City Council; Clifford Jordan, Winter Springs City Council; Richard Crenshaw, Longwood City Council and that Democrat executive committeeman Harry Kwiatkowski.

These are some of the many former Jaycees that have gone on to "do" things and are of a mind to believe that their membership in Jaycees helped their progress.

PROBATIONARY CAMPAIGN NEA-73

Global Report

North Viets Can Infiltrate Freely

By RAY CROMLEY

WASHINGTON (NEA) — An aide says the North Vietnamese have been able to move about freely in Japanese-held territory during a considerable period of time 1 held territory. During a considerable period of time 1 held territory. During a considerable period of time 1 held territory.

Though the Japanese had an army of more than a million men in China during World War II, as guerrillas my men and I were able to move about freely in Japanese-held territory during a considerable period of time 1 held territory. During a considerable period of time 1 held territory.

There is no way on earth the control teams, or three times their number, can police the shipment of arms and the resupply of men from North Vietnam to South Vietnam if the resupply is carried out cautiously. Sizable amounts of extra arms and munitions can be brought in undetected after the first Laos agreement back in the 1950s when they were allotted areas of their own as part of a compromise settlement.

The Communists now have secure base areas scattered through South Vietnam where they can train guerrilla fighters, organizers, terrorists, irregular troops and tax collectors for work in the Saigon-controlled areas, and to which they can recall these cadres for rest, recreation and retraining. This is the North Vietnamese advantage added after the first Laos agreement back in the 1950s when they were allotted areas of their own as part of a compromise settlement.

The more important question, however, is how well can the South Vietnamese stand up politically in the underground struggle which will follow the cease-fire? In guerrilla war, military strength is less important than political strength—the ability to organize the people, the local police and village militia to be effectively able to resist and control terrorism and to manage their own hamlet, village and district affairs effectively.

One Man's Opinion War Was 'Secret', Will Peace Be?

By DON OKLEY

You could hardly tell a dove from a hawk in Congress (and you may never need to use those terms again) when the Vietnam cease-fire was announced. While the former were perhaps not as brimming over as the latter with praise for President Nixon's steadfastness in pursuing a peace agreement that has a chance of working and lasting, both were united in their expressions of joy that the war has finally come to an end.

That, in a nutshell, pretty well sums up the role of Congress throughout the Vietnam war. It was an executive trial-over the revelation of some of the secret assessments and reports which led to our involvement in Vietnam. In the middle of the war, lacking solutions or a consensus on alternatives, Congress could only continue to support the President. Its repeal of the Tonkin Gulf resolution, which President Johnson had used as his authority to take whatever steps he considered necessary to meet North Vietnam's military threat to South Vietnam, was a symbolic gesture, changing neither the past nor the present.

Finally, at the end, Congress was reduced almost to a position of impotence and futility, talking endlessly about voting a cut-off of war funds by this date or that date, yet fearful of undercutting President Nixon in the Paris negotiations. Even now it may be asked what Congress can contribute, as Stanton hopes, to "efforts to maintain the peace." If it so much as debates a ban on any retaliatory use of U.S. air power in case the Communists break the peace, it will no doubt be accused of encouraging the very possibility of renewed aggression.

A "war powers" bill that has been kicking around Congress for a long time, among other things, limits executive latitude in responding militarily to the ground situation. But it has been criticized on the grounds that it actually would not have prevented Vietnam but it could actually endanger future national security.

BERRY'S WORLD

"But Serge, I thought we were stopping ALL military activity in South Vietnam!"

Longwood Council Actions

By DONNA ESTES

Proposed fire code for the city met with unexpected objections this week from Councilman E. E. Williamson who declared he would not vote for the ordinance as drawn. Williamson said, on reading the proposal, he found a section which would permit firemen on complaint to inspect a private home with or without the permission of the residents of the home. He pointed out a similar provision allowing inspection of dwellings was stricken from a Casselberry ordinance some months ago.

Fire Chief Carl Lommel, in answer to questions from The Herald, said the fire code was taken in its entirety from the resupply of men from North Vietnam to South Vietnam if the resupply is carried out cautiously. Sizable amounts of extra arms and munitions can be brought in undetected after the first Laos agreement back in the 1950s when they were allotted areas of their own as part of a compromise settlement.

According to Allamonte Fire Chief Thomas Siegfried of the fire department, under the city ordinance, is expressly forbidden to enter the premises of private dwellings for inspection purposes unless requested to do so by the occupants of the dwelling.

Fulltime Mayor

Another pitch for the office of mayor of the city to be a full-time paid position was made to the City Council for the third week in a row by Mayor Eugene Jaques. Pointing to the fact he made himself available on a full time basis to the board sometime ago, the mayor again laid the blame for the problems in Winsor Manor subdivision to a breakdown in administration.

He declared the breakdown was the direct result of the city not having a full time person to represent the Council. The mayor added that if the board elects not to have the mayor do the job, someone else must be given the responsibility of establishing and maintaining older schools as well as building new facilities.

In their continued quest for better communication between the City Council and the city's zoning commission was called for by Councilman B. H. Ferrell, formerly chairman of the advisory body. Ferrell said there has been a "big breakdown" in communications as far as Council is concerned and further that Council has not followed through on the zoning commission's recommendations.

The councilman's remarks were made after Council Chairman William Klosky said a good formula for the zoning board to use to function properly should be recommended by the Council.

The chairman pointed to a form which should be filled out by land developers before a plan is presented to the advisory board for action. Klosky added he would like the Council to allow plans sent to the engineer for study before the zoning board takes action to give the board ample time to look plans over.

Councilman Dick Crenshaw insisted everything to do with land development and developers should begin and end with the city's building inspector with a log of events out to date with each development kept on file.

Klosky also said he would like to see duplexes taken out of the R-2 category it is now in and perhaps placed in a separate category.

Work session on the proposed new city charter was set for 7:30 p. m., Feb. 6 by the City Council in an effort to come to an agreement on the document in time to submit it to the legislative delegation for passage in the upcoming session of the Florida Legislature.

Mayor Eugene Jaques reported to Council that City Attorney S. Joseph Davis Jr. approached a member of the local delegation on the matter and the finished document should be submitted by the end of February.

In other business, Klosky reported the C&M Corporation wishes to assist the city in cleaning up the property it donated to the city for park use. The chairman said the development company will dig a hole and bury the old refrigerators and what-not at the site.

Council deferred official action, leaving to the judgement of the mayor and the police committee the method of providing payment by the City of Winter Springs at the rate of \$200 per month toward the salaries of police dispatchers. Heard an opinion from the city attorney that if the wife of a paid fireman could be employed in another department by the municipality. But, Davis added, if a relative of a department head is working under that department head, it might be considered nepotism.

Approved payment of \$500 to seal tennis courts. Listed as Klosky told the mayor he wants the city to "get a fair shake" on access roads to the beltline highway to be built. Jaques said planner Harlan Hanson is to report at the CALNO Council of Local Governments meeting next Wednesday on which roads should be pushed as access.

Prexy Horne

Senator Buys \$17 Ash Trays

Associated Press Writer TALLAHASSEE, Fla. (AP)—Sen. Horne ordered \$17,352 worth of new furniture—including \$17-ash trays, \$25-walnut baskets and \$400-swivel chairs—for each senator's office "look like a senator's office."

Henry Vinson, executive assistant to Horne, said there was nothing excessive in the \$279,732 furniture order placed by Horne and Senate Secretary Elmer Friday. The expenditure was disclosed this week by Fort Lauderdale News reporter Bill Cox.

"Sen. Horne wanted to raise the president's office to the same level as that of the governor or Cabinet member, and he wanted to make a senator's office look like a senator's office should," said Vinson.

Horne was unavailable for comment. The \$279,732 involves mostly furnishings for the new Senate office building, and does not include a \$19,000 renovation Horne has commissioned for his office area in the old state Capitol building. That area will be ripped down in several years when the new \$25 million Capitol is constructed.

The renovation work includes new wall-to-wall carpeting, molded doorways, and moving Horne's desk into what was formerly a large conference room equipped with television lights. Horne will have a new desk costing \$1,203 with a matching credenza costing \$1,048. "He wanted to get good furniture for the offices," said Vinson.

School Millage Tax

Receives League OK

The League of Women Voters of Seminole County today announced support of the County School Board's request for a 4 mill levy for Seminole County Schools.

Mrs. William R. Adams, president of the League, said the Board of Directors reviewed the Springs consensus on school finance by the membership and the School Board's request before making their decision. Adams said that she is pleased that the League supports equality of educational opportunity for all public school students. Mrs. Adams commented that there are great inequalities in Seminole County school buildings and equipment, the Board's further endorsement of the establishment and enactment of financial policies that will move toward equalization. Mrs. Adams stressed that the Board believed equal opportunity must be given to renovating, equipping and maintaining older schools as well as building new facilities.

In their continued quest for better communication between the City Council and the city's zoning commission was called for by Councilman B. H. Ferrell, formerly chairman of the advisory body. Ferrell said there has been a "big breakdown" in communications as far as Council is concerned and further that Council has not followed through on the zoning commission's recommendations.

## Highlights

8-11 (CBS) — "Much Ado About Nothing" Updated and about new surroundings, this ageless Shakespearean comedy is a tribute to the boldness of the network which is preempting its entire primetime schedule for the play. It has been produced by Joseph Papp, re-creating the very successful New York Shakespeare Festival presentation which first was seen in Central Park and now a big success on Broadway. Its cast is very much the same, with Kathleen Widows as Beatrice, Sam Waterston as the deceived lover, and Barnard Hughes as the Falstaffian police chief. The performances are excellent.

## TV Time Previews

8-30-9 (ABC) — The Partridge Family. "The 11-Year Itch." Shirley's lawyer friend visits, bringing along his daughter. Danny promptly falls for her. The affection is returned in a peculiar way: when Danny steals a kiss, he winds up with a black eye, which certainly baffles him.

## Orange Belt Tilt

# Lions Should Devour Kowboys

By HERRY CUSH  
Herald Sports Editor

Beware of the underdog. That just might be the theme of Oviedo Coach Dave Miller when he instructs his Lions prior to their game this evening with the Kissimmee Kowboys.

Coach Miller would only have to point out the fact that the Lions fell prey to a team they had previously conquered in early fashion in the first game round.

Tonight the Lions are at home

against the Kowboys in hopes of improving on their record in the Orange Belt Conference. The Lions have a two game lead on second place Lakeview which saw the Lions rip Oviedo in overtime while the Red Devils of Lakeview were not as fortunate, losing to Apopka in two extra periods, 59-56.

Oviedo destroyed Kissimmee 39-22 in a game played early in the season. That victory came on the heels of the only loss inflicted upon the Lions. And that defeat was handed to the Lions by a Leesburg team the Lions had soundly thrashed in the first meeting.

But that loss came on the home court of the Leesburg team and tonight the Lions will have their home fans cheering them on against the Kowboys of Kissimmee.

Leon Cobb continues to be the leading scorer for the Lions with a 13 point average. Cobb, a 6'1 leaping sophomore, was the high point man for the Lions in their big win Tuesday night,

scoring 16 points on seven hoops and a pair of free throws.

Clemmie Patterson had his best night of the season, and for that matter the best night of any Lion, when the Oviedo crew met Kissimmee the first time. Patterson, a 6'2 sophomore, cannot 14 field goals and a free throw against the Kowboys for a solid 29 point effort. In Tuesday's overtime win over Oviedo Patterson was good for 12 points including several long markers in the extra session.

Also hitting the double figures in Tuesday's game was Doug Allen who pumped for 15 markers.

Reputable Freddie Rhodes, one of the smoothest guards in the Orange Belt loop, only had eight points in Tuesday's win but he hit several key tallies including the two that sent the game into the extra session.

Other valuable performers on the Lion team include Carlton Brudette, Allen Daniel, Robbie McCall and Frank Gosch. Oviedo uses a eight man team in all of its games and each makes a solid contribution in every game.

Perhaps the one most outstanding aspect of the Lions this season is their ability to stay out of foul trouble. There have been countless games this season when the Lions have had 10 or less personal fouls charged to them. This prevents the opposition from getting into the bonus situation as well as keeping all of the Lions available at all times.

In the first meeting with Kissimmee the Lions committed only six fouls. They had only one foul in their win over Lyman a few weeks back and only seven in their big win over Lakeview. And against Oviedo only 10 times did the whistle sound all of the Lions on the part of the Lions.

The Oviedo crew is well disciplined and follow the instructions of their coach to the letter. They operate out of a 1-3-1 sliding zone and utilize the fast break when ever the opportunity presents itself.

The big man for the Kowboys tonight is Jim Adams, the senior ace who hits the 20 point mark regularly. He had 22 in the first meeting with the Lions and had 19 in the loss Tuesday to New Smyrna Beach.

Tomorrow night the Lions will be trying for another repeat victory when Eau Gallie visits the Oviedo gym. The Lions won handily over the Commodores back in December. The meeting with Eau Gallie is a non-league encounter and they may see action before too long, reported Coach Mills.

His replacement, Rick Russi, has been handling the Seminole floor generalship along with Wheaton, in a very credible manner, contributing 12 assists and five rebounds against the Red Devils Tuesday.

The Purple 'Canes are big, mills hopes his inside "quickness" and teams play will help overcome the Gainesville height advantage.

Manley and Jim Clements, who both reaped 10 rebounds in the Kathleen game, along with Zeuli's 19, Wheaton's nine and five by Russi, completely dominated both offensive and defensive boards against Lakeland, will have their job cut out for them matching that feat.

At that time the Seminoles had been hampered by the loss of Junior playmaker Pat Crimmins, who broke his hand in a game against DeLand. Crimmins practiced for the first time Thursday and may see action before too long, reported Coach Mills.

McDonald hit 11 tosses from the floor and one of two charity throws for 22 points, while Brown got his double decade figure from 10 free throws, seven of them coming in the first half.

Clayton Williams, another Hurricane starter hit for 13 points in the Purple point guard, shooting from the floor, 80 per cent from the charity stripe and a fine 4-26 rebounding cut that helped push the Seminole cagers past the relentless Red Devils.

The local quint will have to do a similar job in Gainesville if they are to stay in contention. Saturday night, the Seminoles travel to Titusville. Both Varsity tilts start at 8 p.m. with the Junior Varsity opener scheduled for 6:15.

Against the 'Canes, the Tribe will have to stop the scoring attack of Reggie McDonald and Charlie Brown, who combined for 42 of the Gainesville 82 markers for the evening.

McDonald hit 11 tosses from the floor and one of two charity throws for 22 points, while Brown got his double decade figure from 10 free throws, seven of them coming in the first half.

TOP FINISHERS in the United State Bank Senior Tournament at the Mayfair Country Club are shown here. Winner was Vivian Conklin who had a 80 gross and a 66 net. Mariam Andrews had a 89 gross and 70 net to finish second. Making presentation is Tom McDonald of the U.S. Bank.

## Greyhounds At Home With Edgewater '5'

By HERRY CUSH  
Herald Sports Editor

Lyman's puzzling Greyhounds have a pair of outings this weekend starting with the Eagles of Edgewater this evening and then the DeLand Bulldogs tomorrow night. Both games have a 4 p.m. starting time.

Tomorrow night the Lions will be trying for another repeat victory when Eau Gallie visits the Oviedo gym. The Lions won handily over the Commodores back in December. The meeting with Eau Gallie is a non-league encounter and they may see action before too long, reported Coach Mills.

Edgewater blew Lyman off the court in the first half of their first meeting. The Eagles built a quick 21-9 first period lead and then increased it to 48-27 by the half. The Hounds outscored the Eagles 35-28 in the second half.

Lyman had good scoring balance in their loss to Edgewater and it's been something they haven't been able to do often enough. Kenny Hoek had 15 in the first game with the Eagles while John Williams and Jerry Carter had 14. Randy Wright, the Lyman second leading scorer, had only four points that night.

In Tuesday's loss to Jones, the Greyhounds 10th in Metro play, the high point men were Wright with 17, Williams with 12 and Pat O'Neal with 10. Williams and Wright lead the Bulldogs.

Leonard Cook, a strapping 9-6, 200 pounder is the Bulldogs leading scorer and rebounder. And he's the man the Hounds will have to contain if they are to retain their "streak" over the Bulldogs.

Edgewater sports the top scorer in the area in Mike McCants, a slick 6-1 senior who can do it all. McCants had a slow start in the first game with Lyman but then warmed up and finished with 20 points to lead all scorers in that affair.

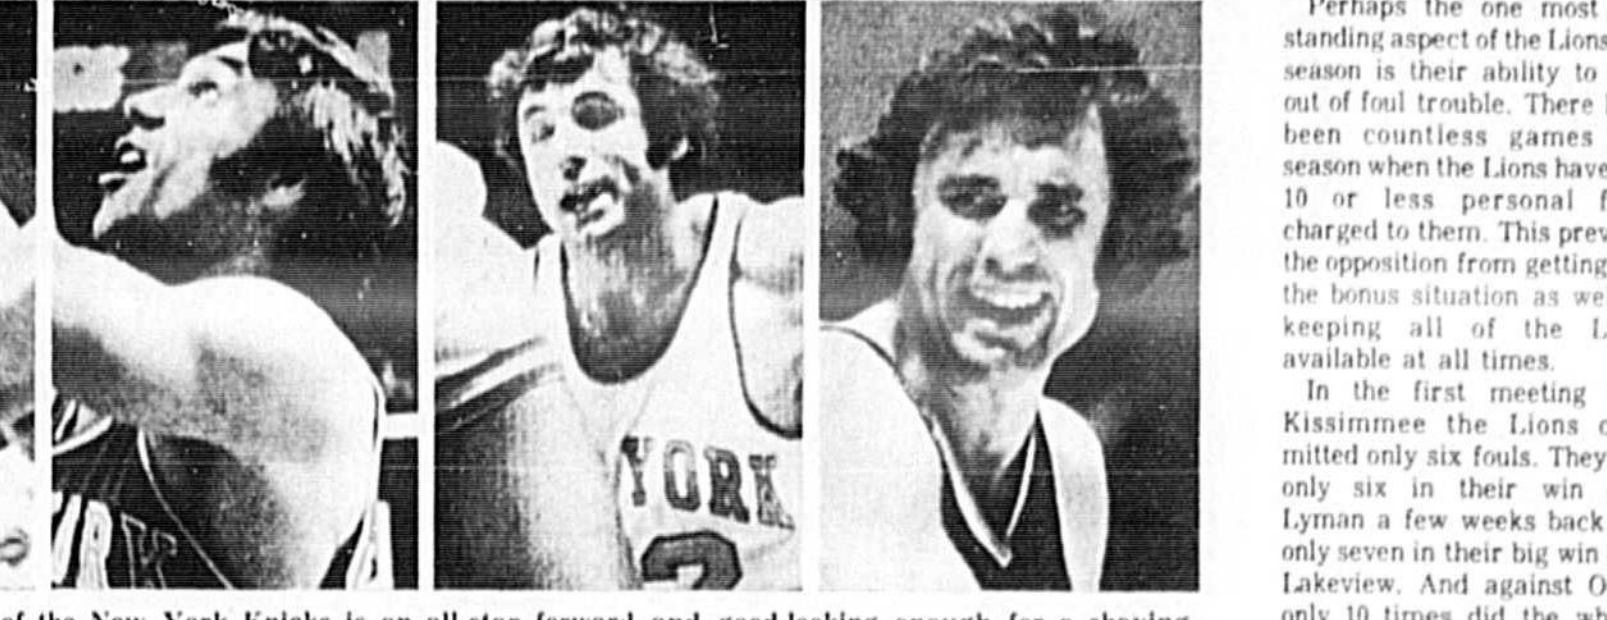

The Eagles have a solid balanced scoring attack and while McCants is the leader there is usually three others who hit double figures with regularity. In the first meeting with Lyman the Eagles had Mike Anderson with 18, Larry Gorman with 14 and Lefloy Gorman with 14.

In Tuesday's loss to Evans Missouri Valley Conference, whipping Drake 73-68. It was the 17th straight victory for the No. 1 Tigers, who took over the conference lead when St. Louis surprised Tulsa 69-64.

Drake threw a huge scare into Memphis State, leading throughout the first half until a freshman-led zone press spun off 13 consecutive points, seven by Bill Cook. Larry Kanan had 16 points and 16 rebounds to lead State. Dennis Bell hit 24 for the loser.

Elsewhere in the MVC, defending co-champion Louisville got 16 points apiece from Bill Buller and Ken Bradley to defeat Bradley 77-74. Allen Murphy and Junior Bridgeman added 14 each to the balanced Cardinal attack.

Note Dame got 25 points and 17 rebounds from John Shumate to defeat Villanova 82-66. Tom Ingebly led the losers with 30 points and 22 rebounds.

DAVE DEBUSCHERE of the New York Knicks is an all-star forward and good-looking enough for a shaving commercial. But he also appears to be leading the league in facial contortions.

## Big 8 Co-Leaders Seminoles Visit Gainesville

By J. RICHARDS  
Herald Sports Writer

A "much improved" Sanford Seminoles cage five takes on the Gainesville Purple Hurricanes in a Big Eight Conference rematch with revenge on their minds, in weekend of travel.

The Seminoles, who won their first loop tilt Tuesday against Lakeland Kathleen, 74-72, were 85-53 victims of a Gainesville attack on the bucket that produced 80 points from the floor against the Tribe.

Coach Jay Mills' Sanford crew has been "playing a lot better," recently, but they must do the good job in all aspects to stay with the 'Canes.

The Tribe put it all together against Kathleen, their winning score reflecting a 55 per cent shooting from the floor, 80 per cent from the charity stripe and a fine 4-26 rebounding cut that helped push the Seminole cagers past the relentless Red Devils.

At that time the Seminoles had been hampered by the loss of Junior playmaker Pat Crimmins, who broke his hand in a game against DeLand. Crimmins practiced for the first time Thursday and may see action before too long, reported Coach Mills.

McDonald hit 11 tosses from the floor and one of two charity throws for 22 points, while Brown got his double decade figure from 10 free throws, seven of them coming in the first half.

## Cougars Throw Height Around, Score Victory Over Centenary

By HAL BOCK  
Associated Press Sports Writer

Tiny Centenary College won its 11th-straight victory for the No. 1 Tigers, who took over the conference lead when St. Louis surprised Tulsa 69-64.

Drake threw a huge scare into Memphis State, leading throughout the first half until a freshman-led zone press spun off 13 consecutive points, seven by Bill Cook. Larry Kanan had 16 points and 16 rebounds to lead State. Dennis Bell hit 24 for the loser.

Elsewhere in the MVC, defending co-champion Louisville got 16 points apiece from Bill Buller and Ken Bradley to defeat Bradley 77-74. Allen Murphy and Junior Bridgeman added 14 each to the balanced Cardinal attack.

Note Dame got 25 points and 17 rebounds from John Shumate to defeat Villanova 82-66. Tom Ingebly led the losers with 30 points and 22 rebounds.

## Patriots To Host Trinity Prep JV

By J. RICHARDS  
Herald Sports Writer

A weakened Lake Brantley hardwood five returns to the scene of one of their three season wins tonight, as the Patriots play host to the Trinity Prep Junior Varsity, in a one-game match-up at 7:30.

The Brantley bunch took a big 65-30 win over the Baby Saints in December, but they had a higher scorer in that game, David Nelson, has just returned to the team after more than a week out due to illness.

Another Patriot regular, big man Rick Andrews, is still out and will not see action. While both teams are con-

prised of sophomores and freshmen, Lake Brantley's crew plays a variety schedule and has a little height advantage. In their last outing, Nelson led the Patriots' point parade with 17 markers, while Dan Angilli and Anthony Collins contributed 10 each.

While the loss of Andrews and Nelson may put a hamper on Coach Jay Hoover's Lake Brantley five, sophomore wingman Steve Hargis, who hit for only four points in the earlier tilt, has been ripping the courts at a double figure pace all month, and has developed into the most consistent Patriot play-off at the end of the season.

Saturday, the Patriots host tall Taylor Pierson at the Milwee Middle School gymnasium, for both a varsity and JV tilt.

The Wildcats already own a convincing win over Lake Brantley as their 6-foot-plus team ran over the younger, smaller Patriots. The Cats are paced by the double figure rebounding and scoring efforts of Earl Martin, a 6-foot-6 center.

The Brantley bunch features a deliberate, ball control attack, with wingman Hargis getting a major portion of the open jump shots. Anthony Collins, who played his best game of the year this week against St. Augustine Deaf and Blind with 14 markers coming from seven field goals will see starting action.

Pointman Dan Angilli, who has faced tight pressing defense all year, will start out front for Hoover's Hoopsters, while Curtis Merritt will handle the inside position and Toby Strober rounds out the Patriots starting five.

ANNAPOLIS, Md. — Rick Forzano resigned as head football coach at the U.S. Naval Academy today to become an assistant coach with the Detroit Lions.

PHILADELPHIA — The National Basketball Association's Philadelphia 76ers acquired forward Don May from the Atlanta Hawks in return for future considerations outlined as being other money, a draft choice, or a player now with the 76ers.

FOOTBALL — Charlie Winner, a former head coach of the St. Louis Cardinals, was hired by the New York Jets and will replace his father-in-law, Weeb Ewbank, as head coach after the 1973 season.

FOOTBALL — Jerry Wampler resigned as head football coach at Colorado State University.

MILAN, Italy — Top-seeded Ken Rosewall, Australian, reached the quarter-finals of the \$50,000 Milan Indoor Tennis Tournament by beating Adriano Panatta, Italy 6-3, 6-3.

TENNIS —

## Sports In Brief

BASKETBALL — The Houston Rockets of the National Basketball Association signed former Baltimore Bullets player George Johnson as a backup center.

# Another Crucial Game Raiders Risk Hopes At Central Florida JC

By HERRY CUSH Herald Sports Editor  
A "new" name pops up on the Seminole Junior College agenda tomorrow evening as Joe Sterling's Raiders will

venture to Ocala for a meeting with Central Florida Community College. Tomorrow's game is one of the important Division II games remaining on the Raider slate.  
"We have to win the rest of our games if we expect to make it into the playoffs," said Sterling. And even then the Raiders are not assured of getting into the playoffs since they are chasing not one but two teams.  
The top two teams in the division are awarded spots in the state tourney. The Raiders are currently behind Valencia and Lake City in the Division II race. Sterling's crew has made it into the tourney every year since their inception, as Valencia continued as the Division II leader when they hung on to defeat St. John's 56-50 last night. The win puts the Raiders record at 6-1 in division play and 12-2 overall. Also the Valencia crew extended its winning streak to six in a row.  
Central Florida is led by Phil Jones who is their most deadly shooter, hitting around 60 per cent of his shots.  
Central won nine of its first 14 games and among their losses was a two point decision to the Jacksonville Freshman, 101-89. Seminole is coming off a 93-84 victory over Daytona Beach in which Benjie Shaw established a new school record for field goals. Shaw, who leads the Raiders in scoring, sank 18 fielders in a super effort that eclipsed the previous mark of Vern Eilly.  
Shaw had 41 points against the Scots on Wednesday, the high single game effort this season by a Raider. He missed Eilly's single game record of 43 points by only two markers.

# FTU Stomps Piedmont; Clark Near Milestone

DEMAREST, Ga. — Another winning season for the Florida Tech Knights was assured last night when the Black and Gold of Coach Gene "Torchy" Clark added a 106-57 shellacking upon Piedmont College.

The victory was the eighth in a row for the Knights who raised their season record to 14-5. FTU broke the game open early as the host team never led and were out of range long before the first half came to a close. Big John Smith, the Knights leader in rebounding, turned scores in the first 20 minutes as he showed a half dozen shots through the cords along with a free throw for a big 13 point session.

Also aiding the Knights' first half scoring was Pete Haas who hit on four fielders.  
All told the Knights had seven players in double figures. Smith's 15 was high for the FTU crew. Reserves Steve Armitage

and Jeff Kernaghan also hit double figures and did most of their scoring in the second half. Each counted 16 tallies during the second half.  
Mike Clark, the all-time FTU scoring leader, inched closer to the 2,000 point plateau. His 14 points last night gives him a four year total of 1,892. He should reach the exclusive figure tomorrow night when FTU hosts Florida Bible College at Lake Highland Prep gym.  
Others hitting double figures for FTU were Haas with 14, Arnett Hill 10, and Zettie McCrimmon 10. The 108 points is the highest total reached by FTU this season and it was only the second time in 19 games the Knights have made it over the century mark.

### HERALD SCOREBOARD

Florida Tech	FG	FM	FT	P
Hill	5	0	10	10
McCrimmon	5	0	10	10
Clark	6	2	14	14
Smith	7	12	15	15

GOLFER John Miller is the picture of versatility when it comes to expressing disgust with himself. In recent tournaments, he has used the three-club-and-pout method, above, and the face-hiding, below.

# Gators Open Spring Drills

GAINESVILLE, Fla. (AP) — Coach Doug Dickey trots his Florida Gators out to begin spring practice today, ending one of the shortest off-seasons in college football ranks.

The Gators played their final 1972 season game less than two months ago when they met North Carolina on Dec. 9 in Jacksonville's Gator Bowl.  
Dickey said he's starting spring practice early to begin warmer temperatures later on.  
"Another reason is that we'll get through in time for players to participate in spring sports, if they wish," he said.

# Sanford Sets Registration

The Sanford Recreation Department is now registering boys for the 1973 summer youth baseball program.  
Boys should register early and get their names on the try-out roster. They must bring birth certificates when registering.  
Boys who attend try-outs will be drafted before those boys who registered after try-outs.  
Those who played last year and are assigned to a team do not have to try out again.  
Try-outs will start the week of March 12th.

# LEAVING HOME IS NO LAUGHING MATTER

But the Welcome Wagon hostess can make it easier to adjust to your new surroundings, and maybe put a smile on your face!

He managed a four-under-par 66 in Thursday's first round to tie youthful Tom Watson and old pro Gary Brewer, who has a habit of winning away from the continental United States, for the lead in this rich event that offers a \$40,000 first prize.  
Tied at 69, just one stroke back and three under par on the 7,154-yard Waialae Country Club course, were Doug Sanders, Larry Wadkins, Gibby Gilbert and Takashi Kono, a 130-pound Japanese.  
Arnold Palmer, a 43-year-old master trying to shake persistent putting troubles, defending title-holder Grier Jones and a half-dozen others were at 70.  
Lee Trevino, who scorched the plush layout by the balmy beaches of the Pacific with a 61 in Wednesday's pro-am, slipped to a par 72. He had to birdie the last hole to do that.  
Also in the big group at the figure was Australian veteran Bruce Crampton, already the winner of two tour titles this season.

# Archer Leading Hawaiian

HONOLULU (AP) — Big George Archer says he's at least a month away from playing good.  
"Let's just hope better days are ahead," the 6-foot-6 onetime ranch hand signed.  
But his position—a share of the lead—going into today's second round in the \$200,000 Hawaiian Open Golf Tournament, doesn't really reflect his pessimism.  
"I've changed everything around, the way I'm hitting the ball off the tee," Archer said. "It was just awful. Now I'm doing the right thing. But I don't feel comfortable. It'll take time. I'm at least a month away from playing the way I want to."

He managed a four-under-par 66 in Thursday's first round to tie youthful Tom Watson and old pro Gary Brewer, who has a habit of winning away from the continental United States, for the lead in this rich event that offers a \$40,000 first prize.

**CRITICS MAY HAVE BEEN RIGHT IN HANGING "WHO'S HE?" LABEL ON HIS FIRST OF 57 VICTORIES**  
BUT THEY MUST ADMIT NO. 38 WAS SOMEONE'S SPECIAL. SO NOW GEORGE FOREMAN HAS REPLACED JOE FRAZIER AS NO. 1 MAN IN BOXING'S "WHO'S WHO."

# SCGA Range Plan Show Top Effort

Seminole County Gun and Archery Association will have one of the top 10 target ranges in the entire country according to plans laid out by Ed Andrus, range designer for the National Rifle Association.  
Andrus is known the world over for his outstanding contributions in the field of range design, one of the most famous being the Alexandria, Va. Police target range. This range has had world wide publicity as the range of its kind.  
The range had to be built in a thickly populated area, and Andrus conceived the idea of overhead baffles to eliminate any possibility of a misdirected bullet going beyond the target confines.  
The local gun and archery organization which had its inception only a few short weeks ago, has created immense public interest. Membership now exceeds 130 with many people from Orange County participating.  
Andrus, who makes his home in Washington, D. C. when not visiting rifle clubs in all parts of the country, came to Sanford at the invitation of the local club.  
A personal inspection of the Osceola airfield site was made Tuesday, accompanied by Delbert Euga, President of the SCGA.  
The preliminary plans drawn up by Andrus call for ranges including pistol, rifle, archery, skeet, trap, moving targets, and small bore.  
There will be a maximum of 50 firing points of each range.  
"If completed as proposed, the only public range that would surpass this one is San Mateo County, Cal.," Andrus stated. "Seemingly very much impressed with the possibilities of the Osceola airport site, he continued, "The location of the range is good. There are not too many places left where it is not a hazard to fire a gun and the people of Seminole County and the surrounding area are fortunate to have such a place."  
Euga, SCGA president, mentioned that this newly formed chapter is probably the fastest growing club in the National Rifle Association and extended an invitation to anyone interested in firearms or archery to check with him for further information.

# Orlando Seminole Jai Alai

**TONIGHT'S ENTRIES**  
FIRST GAME — Doubles — Seven Points: 1. Eridosa Pedroza; 2. Arto Bengoa; 3. Angel Zarre; 4. Sala Yza; 5. Arto Bengoa; 6. Rene Bastida; 7. Maruri Jose; 8. Rene Gandi.  
SECOND GAME — Doubles — Seven Points: 1. Lizo Jose; 2. Eridosa Pedroza; 3. Angel Zarre; 4. Sala Yza; 5. Arto Bengoa; 6. Rene Bastida; 7. Maruri Jose; 8. Rene Gandi.  
THIRD GAME — Doubles — Seven Points: 1. Eridosa Yza; 2. Arto Bengoa; 3. Angel Pedroza; 4. Lizo Jose; 5. Arto Bengoa; 6. Sala Yza; 7. Ibarra Gandi; 8. Fernin Zarre.  
FOURTH GAME — Doubles — Seven Points: 1. Rene Toni; 2. Sala Yza; 3. Arto Bengoa; 4. Bayo Pedroza; 5. Pena Mencha; 6. Chicho Martorell; 7. Ibarra Luis; 8. Fernin Gandi.  
FIFTH GAME — Doubles — Five Points: 1. Equia Caballero; 2. Bayo Eilori; 3. Pena Pedro; 4. Manolo Augustin; 5. Arto Juan; 6. Gasti Garita.  
SIXTH GAME — Doubles — Five Points: 1. Ibarra Pedro; 2. Pena Yza; 3. Bayo Luis; 4. Fernin Martorell; 5. Altuna Gandi; 6. Chicho Caballero; 7. Pena Mencha; 8. Arto Laca.  
SEVENTH GAME — Doubles — Five Points: 1. Arto Yza; 2. Angel Bengoa; 3. Sala Zarre; 4. Eridosa Yza; 5. Arto Bengoa; 6. Maruri Jose; 7. Rene Pedroza; 8. Maruri Jose.  
EIGHTH GAME — Doubles — Five Points: 1. Equia Augustin; 2. Manolo Martorell; 3. Arto Laca; 4. Altuna Juan; 5. Pena Garita; 6. Gasti Eilori.  
NINTH GAME — Singles — Seven Points: 1. Pena; 2. Bayo; 3. Caballero; 4. Bayo; 5. Altuna; 6. Laca; 7. Equia; 8. Chicho Caballero.  
TENTH GAME — Singles — Seven Points: 1. Julio; 2. Garita; 3. Juan; 4. Eilori; 5. Eilori; 6. Manolo Augustin; 7. Arto; 8. Arto.  
ELEVENTH GAME — Doubles — Seven Points: 1. Fernin Caballero; 2. Rene Luis; 3. Bayo Mencha; 4. Julio Laca; 5. Equia Caballero; 6. Arto Pedro; 7. Chicho Laca; 8. Altuna Martorell.  
TWELFTH GAME — Doubles — Seven Points: 1. Chicho Pedro; 2. Fernin Luis; 3. Manolo Caballero; 4. Altuna Laca; 5. Arto Augustin; 6. Julio Eilori; 7. Gasti Juan; 8. Equia Caballero.

# Pfeiffer, Brown Putting Winners

Identical professional and amateur scores paced the winners at the weekly Fern Park Putt-Putt tournament, as course owner Clarence Daniels prepares to start his slate of 16 "Pepsi 200" tournaments.  
Mike Pfeiffer and David Brown carded three-round scores of 78 to take the pro and amateur divisions, respectively, while Ed King came in with a 98 total to take the Novice Division.  
Clarence Daniels carded an 82, while Buz Melson shot an 84 and Joe Joyner's 89 gave enough to round out the top four in the pro division.  
WESTSIDE ALL STARS Team  
Player: Manolo Augustin, Top Top; Antonio Melnyre, Top Top; Gasti Garita, Amvets; Willie Brown, Amvets; John Lilly, Amvets; Dan Jones, Amvets; Roger Herring, Amvets; Jimmy Bradley, Amvets; Henschelwart, Amvets; Tonye Hayes, Amvets; Gregory Ligon, Amvets.

# May Get 24-Hour Pole Matra Leads Early Daytona Qualifying

By BLOY'S BRITT AP Auto Racing Writer  
DAYTONA BEACH, Fla. (AP) — A hot little Matra prototype was expected to nail down the pole position today for the start Saturday of the Daytona 24-hour sports car race.  
Manned by three free-wheeling Frenchmen, the blue-and-gold Matra clocked the fastest lap during a rainy qualifying session Thursday as preparations began in earnest for North America's longest and most prestigious road course event.  
Henri Pescarolo, a 31-year-old veteran from Montfermeil, France, was at the wheel when the squat, stub-nosed machine whipped around the 3.81 mile Daytona road course at 124.04 miles per hour, splashing water

in all directions.  
But a final qualifying session beginning at 2 p.m. today will actually set the starting order for Saturday's 3 p.m. flagoff. If anybody is to beat the Matra's time and claim the No. 1 starting spot, he will have to do it today.  
Still to be heard from at their full potential were Gulf Mirages built by England's John Wyer, and a speedy little Lola assigned to a driver corps headed by Sweden's Reine Wisell, an experienced Daytona driver.  
One of Wyer's Mirages, driven by Britisher Mike Hallwood, got up to 115.871 m.p.h. Thursday. But after rain set in, he disappeared into the garage area and did not reappear. Reports were circulating that both Mirages were suffering from transmission troubles.  
Wisell's Lola, with backup driver Jean Louis LaFosse at the wheel, cracked the 115 m.p.h. barrier in an unofficial session just before the lunch break. But it, too, remained in the garage during the misty rain that continued most of the afternoon.  
Most drivers predicted, however, that no one would be able to get near last year's top speed of 131.484 m.p.h. set by Jacky Ickx in a three-liter Ferrari.  
The best speed ever recorded by a sports car at Daytona was 134.918 m.p.h. posted by Mark Donohue in a five-liter Ferrari. Donohue is among the 1973 entries and will drive a small Porsche Carrera. The box-like speed of about 80 m.p.h., all will little car finally received its official classification Thursday as a Grand Touring machine. It had been entered first as a prototype—meaning first of its class—because the German factory had not produced enough of them to attain the lower Grand Touring ranking.  
The entry list stood at 71 and if they can make the cutoff Porsche Carrera. The box-like speed of about 80 m.p.h., all will little car finally received its official classification Thursday as a Grand Touring machine. It had been entered first as a prototype—meaning first of its class—because the German factory had not produced enough of them to attain the lower Grand Touring ranking.
