

BOARD TRADE SECRETARY GETS BUSY

SANFORD WILL SEE RESULTS OF HAVING MAN ON THE JOB

To establish permanency, a slow beginning is oftentimes necessary, but such a beginning must, by persistent effort bring success. Such may be said of almost any enterprise or business, in fact a review of records will show this to be a fact.

The Board of Trade of Sanford has had a slow beginning but a remarkable one when one stops to consider that heretofore official time devoted to your Board of Trade, which means so much to your city and county has been gratis.

A Board of Trade is nothing less than a union of citizens, determined to benefit and unbuild their respective cities or sections. They have no secrets, they do everything above board, their whole duty is to boost not merely in words but in action.

As you read this, many things needed in Sanford will occur to your mind. Remember, we have the same Board of Trade.

The Board of Trade does not mean to clutter your city with business that because of competition might cause failure.

One new enterprise, and a necessary one is now being handled; that of a business college for Sanford.

Our newcomer is Mr. A. H. Perry, president of the Pan-American Business School of Miami, Fla. For the past three years this college has been in successful operation in Miami.

Along these lines the Board of Trade will build, only larger and

greater and in turn we want their cooperation. We can afford to ask it because it means a tag of success to you and your business and success means dollars.

The Board of Trade has a permanent office nicely equipped in the lobby of the Carnes Hotel. Secretary Marlowe is there on the job, meeting the strangers that come to Sanford, showing them what we have and is boosting the many needs you have in mind to the front.

The publicity committee is now beginning an advertising campaign under the direction of the Board of Trade and before long, facts not heretofore known will be told of Sanford that will turn interest in our direction.

M. P. Lipe had a very narrow escape at the railroad crossing in Orlando last Saturday. He did not see the approaching train or hear its whistle and on account of his ears on the side track could not hear and the train was on him before he knew it.

BAR HEAVY TRUCKS ON CO. ROADS

ROADS OF LAKE, VOLUSIA, ORANGE, SEMINOLE AND OSCEOLA PROTECTED

At the invitation of the board of county commissioners of Osceola county, the boards of county commissioners of Volusia, Lake, Orange and Osceola counties sent representatives here last Saturday to meet with Seminole's board with the ultimate view of organizing a kind of system whereby the use of the good brick and other hard surface roads of the counties mentioned may be preserved.

At this meeting a committee was organized to prepare such things necessary to be prepared and to take the lead in urging the legislature to pass suitable laws preventing the use of these trucks. Chairman Bramley of the Seminole county board was made chairman of this committee, and Geo. A. DeCottes was made secretary.

The Lake Monroe Bible Conference will begin regular annual sessions at Enterprise next Wednesday night, Jan. 24th to continue eight days. Prominent speakers from three states will deliver lectures daily.

OUR CITY NEEDS GOOD CHAUTAUQUA

GREAT SPEAKERS WILL TELL US ABOUT CITY BUILDING

In all the history of this southern land of ours there has never been a time when "Opportunity" has been so insistently knocking at the door as now. Everywhere the wheels of industry are whirling, while the hoe and plow are beginning to bring forth the treasures of grove and field.

Between the Potomac and the Gulf of Mexico, there are fifteen hundred towns like Sanford. Some larger, some smaller. They include a larger percentage of English speaking, native born Americans than any other similar area of the entire United States.

You must hold your boys and girls by making the "old home town" the most attractive spot on earth. A "dead town" will never hold them. You have got to give them clean, decent amusement and entertainment and you have got to give them a chance for as great a career at home as they think they can find elsewhere.

There is an abundant opportunity right in your town and in the surrounding country for every one of your young men and young women to achieve the very greatest success. You need them in developing your natural resources, in promoting more scientific farming, in making better schools, in strengthening your churches, in building better roads, in promoting manufacturing enterprises, in bringing in up to date methods of merchandising, in improving sanitary conditions, in beautifying your homes.

Your town needs an excellent Chautauqua. It is one of the things that helps to make a town a better place to live in. It is a creative of ideas and a source of inspiration.

The Chautauqua for Sanford this year brings you a message from some of the brightest lights in music land and some of the best speakers. They are town builders and boosters and Sanford will be better for having had them in our midst.

Death of Mrs. Hodges One of the saddest deaths of recent occurrence was that of Mrs. J. H. Hodges, wife of J. H. Hodges who died at her home in the Monroe residence on Palmetto avenue very suddenly.

Decensed came here from Florence, S. C., and leaves two small boys and a husband to mourn her early demise. The funeral services occurred from the late home, Dr. Hyman of the Baptist church officiating and a quartette from the Baptist church rendering several selections.

The sympathy of the community and especially those who were near to them goes out to the bereaved husband and children who mourn the loss of mother and wife.

Mr. Ross Thompson and Mr. Francis David Hoskins of Orlando are the week end guests of Mr. and Mrs. C. M. Berry.

REST ROOM AT THE FAIR FOR LADIES

EVERY CONVENIENCE IS ARRANGED—BIG DISPLAYS OF ALL KINDS COMING

There is nothing left undone for the comfort and convenience of the visitors to the Seminole County Fair and Chairman Miller is having a nice Rest Room fixed up that will contain beds and clean linen and have a maid in attendance.

The grounds are changing in appearance every day and the tents and booths and displays of various kinds are getting ready. The stock pens are all made and the poultry sheds will soon be roofed and all ready. And that poultry display will be "some chicken" as J. H. Wendler, one of the best in the country has been engaged as judge and will see that the best chickens in the south are here.

The cattle and hogs will not be here in large numbers but there will be enough to demonstrate what can be raised here and how to raise them and a display of feeds will also be made with the machines for making predigested foods for stock of all kinds.

The display of citrus fruits will be the first of its kind in the state. The display of citrus fruits will be the first of its kind in the state. The display of citrus fruits will be the first of its kind in the state.

At a meeting of the directors yesterday it was decided to charge ten cents admission at the gate, both in the daytime and at night and season tickets for twelve admissions will be sold in advance for one dollar.

GOVERNOR'S PROCLAMATION

Concerning "Florida Go To Sunday School Day," February 11th State of Florida Executive Department Tallahassee

A Proclamation To the People of Florida:

Whereas, it is of the greatest importance to the welfare of our state that the forces which make for intelligence, character and patriotism among the people should be encouraged, and

Whereas, one of the greatest forces for good, for strengthening character, for promoting patriotism and spreading Christianity is the Sunday school, and

Whereas, the beneficent efforts and benign influences of the Sunday schools of the various denominations are great forces for good in our state; forces worthy of recognition and cooperative assistance, and

Whereas, the Sunday schools of the state, through the Florida Sunday School Association, are making and have made special efforts for a great Sunday school rally day, which shall be statewide in its scope and influence; and have set February 11, 1917, as the day for the great statewide Sunday school rally day;

Therefore, I, Sidney J. Catts, governor of the state of Florida, do hereby issue this proclamation calling upon all of the people of the state of Florida, and the visitors who shall be within our borders, to attend Sunday school in the church of their choice on Sunday, February 11th, 1917, that they may give encouragement and honor to those who faithfully labor in this noble work, and that they may receive to themselves the benefits of participating in this particular devotion to and worship of their God.

In testimony whereof, I have hereunto set my hand and caused the great seal of the state of Florida to be affixed at Tallahassee, the capital this the 14th day of January, A. D. 1917.

Sidney J. Catts, Governor. By the Governor, attested: H. Clay Crawford, Secretary of State.

Wanted to Hog Contract

Washington, Jan. 23.—Secretary Daniels issued a statement today explaining and defending his action in awarding to Hadfields, Limited, a British munitions company, contracts for a large number of navy piercing projectiles at a price of about \$200 each below the lowest American bid.

PRESIDENT FOR PEACE IN NATIONS

IN STIRRING SPEECH SAYS UNITED STATES MUST HAVE VOICE

Washington, Jan. 23.—The President yesterday afternoon in the question of the part the United States is to take in the proposed International League for the Preservation of Peace. Secretary Tumulty announced the President would discuss and outline the United States attitude toward the peace league arrangements and stated positively that no pending questions between the United States and other nations will be taken up.

Senator Stone told the senate the President proposed to elaborate on subjects contained in his recent peace note. This was done to quiet reports regarding the purpose of the address.

"The United States must have a voice in determining whether peace terms ending the war are such as would guarantee a lasting peace," declared the President to the senate. "It is inconceivable that the United States should not play a part in any organization formed to preserve future peace," he said.

Germans Make Reprisals. London, Jan. 23.—A Ruter dispatch from Berlin via Amsterdam dated Jan. 15 and delayed, says that the German government announces its intention to make its reprisals against France in the matter of prisoners. It is explained that France, having failed to reply within the specified time to Germany's demand for the removal of German prisoners from the fire zone in the area of French operations.

STOCK CONSIDERATION FOR FLORIDA

RAISE BETTER STOCK AND PLENTY TO FEED THEM

The meeting of the Florida Live Stock Association at Gainesville last week brought out many good points for Florida stock men to consider.

"If I can impress just this one point on the members of the Florida State Live Stock Association and their guests, that whenever one pound of any product is sold from the farm, some of the farm goes with it, I shall feel amply repaid for the time and expense required to attend this meeting," said Dr. Tait Butler of Memphis, speaking on the subject "The Place of Live Stock on the Southern Farm."

Continuing he said in part: "We must go back further to consider the matter than merely having stock for profit or to convert forage into meat and dairy products, to the relation of soil fertility. An animal is really a destructive agent as he adds nothing to the farm. They destroy a large per cent of the humus forming organic matter. Then why keep live stock on the farm?"

"First, to add a second or third money crop. Second, to consume the waste products that otherwise would be wasted and turn them into profit third, to consume products that ought to be grown on lands that now are not producing profitable crops.

"I would insist upon one or two years pasture in crop rotations every six or eight years, even on the best farms. Use a minimum of concentrates to utilize the forage crops most profitably. It is necessary in the south to build up soil fertility, not merely maintain present crop yields, which are very low.

"The big national problem is increasing crop production of Florida acres. That comes by growing legumes. The farmer who buys nitrogen in his fertilizer five years from now has done bad farming in the meantime. He will continue to buy phosphate and potash, but should make leguminous crops furnish the necessary nitrogen, which at present is the most expensive part of commercial fertilizer.

"It is the opinion of the cow that she can get as much feed out of six pounds of legume hay as she can out of four pounds of bran. There is no feeding the hay to live stock is better financing than plowing the legume crop under for fertilizer, if you conserve the animal made manure."

Nude is Banned

New York, Jan. 23.—The nude in motion picture art has come under the ban of the National Board of Review, it was announced here tonight. All producing companies which are members of the national association have agreed, it was said, not to permit the production in their studios of photo-plays producing such a figure. Action was taken after a "widespread disapproval" of such pictures was disclosed by an investigation covering the entire country.

Danger of over-production of sex-problem plays also has been recognized by the Board of Review, it was announced.

Try The Want Column

All for the Ladies
Fashion hints from gay Paris and New York are found in all sections in the Vitagraph Blue Ribbon feature, "His Wife's Good Name," which is playing on the Lyric Theatre on Monday.

The model for most of the attractive creations in this V-L-S-E release is Lucille Lee Stewart. Already is this young lady gaining the reputation for being one of the best dressed women upon the screen, and fairly, too, for Miss Stewart wears any number of beautiful gowns in this feature film.

In the first part of the story Miss Stewart is a little country girl and here she must dress accordingly. Her frock takes the form of a typical country lass's dress. Made of a flowered muslin the waist, which is short is trimmed with narrow black velvet and forms a strong contrast to the French models seen elsewhere in the production.

An afternoon dress of navy blue tulle is made with a jacket effect, the collars and cuffs of which are a

slender lawn with a bit of embroidery. The skirt is perfectly plain with a few small pleats.

A green chiffon evening dress is embroidered in a deeper shade of green, with many over-lays, all of which are edged in satin, one falling below the other and affording a unique effect. The waist falls below the waistline and is gathered into folds by a wide crushed girde of a delicate shade of pink. The sleeves are wing effect and also edged with satin.

An evening wrap which covers this dress is a flesh color with trimmed with black fox fur. The cloak is long and full, insuring safety to the finery underneath. The sleeves are wide until they meet the wrist, where they are gathered into a ruffle by the band of fur.

The various scenes in the restaurant and cabarets offer many other players' gowns in the latest creations. In fact there is no end to the fashion hints which this drama offers as the story runs its course.

The latest thing in hair ornaments, hosiery and other accessories also finds a conspicuous place in the story, which deals with a country girl who comes to the big city in order to become a prima donna.

The New York restaurant scene in the Vitagraph Blue Ribbon Feature, "His Wife's Good Name," which is playing at the Lyric Monday is in reality the setting for many a dinner party in New York. Instead of erecting this scene, Director Ralph W. Ince decided to use the real article, with excellent results.

Progress in South
Columbus, Ga., Jan. 17.—The Industrial Index says in its issue for this week:

"The southeast is as busy as it is prosperous. With manufacturing plant operating at full-time and full capacity, announcement of plans and awarding of contracts for important construction, organization of new industrial enterprises and reasonable activities in general business, the southeast has given in the first half of the month an earnest of what 1917 holds in store for this section.

"Business men are expecting and are preparing for a year of great activity, plans for additions and extensions—being a notable feature of the news.

"The southeast has more money than ever before for its operations. In the striking phase of a bank's comment and review it is wearing a path to the receiving teller's window, to which has been added the declaration that southern people are becoming leaders instead of followers.

The southeast is keeping at home millions of dollars that in previous years it has sent to other sections for things that now are being produced in the southeast. Much of this money will aid in the upbuilding of the southeast.

"Thirty-two corporations were formed during the week with minimum capital stocks aggregating \$578,000.

"Among the items of construction work to be done, as reported this week, are:

"Bank building, LaGrange, Ga.; church building to be enlarged, Greenville, Miss.; and Savannah, Ga.; club houses, Atlanta and LaGrange, Ga.; bridges, Copiah county, Miss.; railway passenger station, Wrightsville, Ga.; school building, Union county, Ga.; and the new building, Savannah, Ga.; roads, Sevier county, Miss.; and Taylor county, Florida; waterworks system and sewers, Chesterfield, S. C.; and Swainshora, Ga. Contract for erections of school buildings has been awarded to the local contractor.

"Industrial plants will be established as follows:

"Boat yard, Miami Beach, Fla.; feed mill and fertilizer factory, Dothan, Ala.; hardwood lumber mills, Birmingham, Ala.; and Meridian, Miss.; ice factory to be enlarged, Union, S. C.; pipe plant, Panama, Fla.; woodworking plant, Dothan, Ala."

Florida Christian Endeavor Sanford Presbyterians gave \$20.00 and Monroe \$11.50 for the Children's Home Society fund.

In the January number of Dixie Endeavor are remarkable statistics. The Dixie Standard of Excellence plan is growing more popular every month. So far, Florida still leads with 14 Standard and Excellent societies. On the Honor Roll of Excellence Societies, out of 16 in the south 3 are Florida ones, Live Oak and Sanford Presbyterians and Tavares Legion Congregational. Of the Standards, we have West Palm Beach, Central, Orlando and Florida Presbyterians; West Tampa and Daytona, Congl.; Glenwood, Bradenton; Lake City; United Brethren of Tampa; and 1st Christian, Winter Haven; also the three Excellents are counted in the lower degree of Standard societies.

In the campaign for the State Children's Home Society, our spell all-together mission work, we gave last fall, \$315.06. This was only about one-third which was contributed in the similar campaign two years ago, although the number of Young People's societies have increased since that time from about 75 to 107, with also some gain in Intermediate and Junior organizations. Forty-nine societies aided in the year 1916 campaign and Mr. Fagg says they appreciate not only the money but the genuine interest in the hearts of those who have contributed. Next time let us try to give more.

Be sure to observe Christian Endeavor Week; Jan. 28-Feb. 4. Are you laying plans enthusiastically already? The Springfield Presbyterians in Jacksonville have their week mapped out and the entire city union is "thinking" of what's to be done to make it the best C. E. Week observance ever in the metropolis.

Feeling it is best, the press superintendent sent her resignation to State Union last week to President Curry and it was accepted. This to take effect in April at the Orlando convention, thereby closing sixteen days of State Union official and "everyday" living in this work. The press, Sunshine and Introduction Departments, all about ten years old are going on well and surely we hope for them even better days under the care of the next superintendent.

The Presbyterian Endeavors of St. Petersburg delight in having a real pastor again. Rev. Garrison began service in such capacity a few weeks ago and Mrs. Chas. Whitbeck, reporter from that society feels sure it will go on all the better now.

News came via Interlachen's district secretary, Miss Sophia Reinckel that a beautiful plan is under way, whereby Dr. and Mrs. Clark will be given funds, the gift of Florida Endeavors, so that they can spend the remainder of the season

in some quiet place of southern Florida. Dr. Clark has never received salary, all his income coming from what he has written, and as his health is much broken now, it is surely a fine thing to give them a taste of our lovely climate. Each society is to send its district secretary (or direct if so desired), one or more dollars and do it soon. It is expected that it will take about \$400 to make this Sunshine plan come true.

Grace A. Townsend, Interlachen, Jan. 13th.

Galm Rebuke.

"I suppose it is a privilege of the postmaster to read all the post cards," said the irritating person. "I suppose it is," said the woman who was sorting mail. "Maybe I'd do it if anybody was to come along of sufficient importance to read any cards."

I, a Southern Gentleman, am Named

Open Your Dictionary At This Page And You Find "Sovereign" King Of Them All

Well, way back in 1901, after I had been in this bright, happy world for several days, I began to get worried like. I didn't have any name.

Folks were calling me "it" and "the new one" and "whatdya-call-it." I didn't like it a bit. Then one day I heard the Big Chief telephoning all his department heads to meet in his office.

Pretty soon they all came filing in. Tall chaps, short chaps, fat chaps and skinny chaps. "Now that he is here," said the Big Chief, "what will you name him?"

My! how they wrangled and wrangled

and wrangled. You know, you have heard them argue whether He'd be called Jack or John or Jim before. Finally, one fellow spoke up and said:

"Why not call him 'SOVEREIGN'? His mother was a Virginian, his father an aristocrat of the Carolinas. He comes from the very best stock. He comes from the very sweetest, ripest, mellowest Virginia and Carolina tobacco. He is being raised right in one of the cleanest, whitest, healthiest homes on earth. He is a Southerner born, a Southerner bred, a Southern gentleman—the king of them all—a real SOVEREIGN.

*The Folks of the South KNOW good blood.
The Folks of the South KNOW good tobacco.*

SOVEREIGN—the best—is none too good a name." So I was named, friend, for I want you as one of my friends, and it means a whole heap when I say—

I am guaranteed by *The American Tobacco Co.* —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.

Sarasota is to have a new hotel and it will cost a million and a half dollars and be one of the finest in the south. Now what do you think of that, you Sanford people who have been seriously thinking of a hotel here?

The action of the Board of Trade is obtaining the services of a paid secretary and their selection of D. C. Marlowe is a move in the right direction. No trade body can expand or progress without the services of a paid secretary and the Sanford Board of Trade should get results that will more than measure up for the salary of the secretary.

Adjutant General Foster says that he will stay on the job until he is deposed by law and wrapping the flag around his manly form will go down fighting to the last. General Christian says he will ask Foster for the arsenal and all the military effects but will evince the Christian spirit and will not resort to violence to take possession of the arsenal. Call out the state troops and let us see who is boss.

We are not trying to mix into a scrap but really it would be the right and proper thing for those Lakeland editors to stop airing their personal grievances in their respective papers and go out in the piney woods and settle the fight, where the public would not have to witness it. Anyhow it is about time for them to stop that trouble. Certainly the state press is tired of it. We want more of Hetherington's boost and Bloom's progressive stuff in their papers and less of the personal stuff. This is handed to both of them as a friend and in a friendly spirit. Some of their readers may like that scrap but it will do Lakeland harm in the end.

OUR BANKS
Just now when there is a flurry in banking circles in Jacksonville and other parts of the state over the suspension of one of the state's largest banks in Jacksonville there should be no cause for alarm here or

elsewhere in Florida over the banking situation. Especially is this true here in Seminole where we have four solid financial institutions owned and managed by home people. Their officers and directors are men who have the entire confidence of the people and the people should never waiver in their feeling of confidence and security. There is no reason in the world for any uneasiness upon the part of the depositors and it is stated on good authority that the depositors of the Heard National Bank in Jacksonville will not lose one penny on account of the bank's suspension.

The suspension of a bank in the state should mean no more to other banks that have no connection with it than the suspension of a business house would have upon other business houses. We believe that banks at all times should have our confidence for upon them the finance of the world is built and the people of Seminole county should feel proud of their four good strong banks and let no rumors or chimerical statements shake that confidence. One swallow does not make a summer and one bank suspension does not affect all the banks in the state. Your money is safe in the vaults of any bank in Seminole county.

BERMUDA FOR PASTURE

Live Stock Association Listens to Good Papers
Gainesville, Jan. 17.—(Special)—The second day's session of the annual conference of the Florida State Live Stock Association was well attended. The paper by C. K. McQuarrie of the State Agricultural Experiment Station, on "Bermuda Grass," started about as lively a discussion as any subject so far treated. Strong partisans for it and strong opponents to it using all the time available. The consensus favored it for a pastoral grass.

The following officers were elected at the business meeting: President, Dr. W. F. Blackman, Lake Monroe; honorary vice president, J. N. Whitner, Sanford; first vice president, Mrs. Potter Palmer, Osprey; second vice president, J. C. Henry, Live Oak; fourth vice president, Pat Johnson, Kissimmee; secretary, P. L. Sullivan, Jacksonville; treasurer, C. L. Willoughby, Gainesville.

Live Oak, Kissimmee, Ocala and Jacksonville are bidding for the next meeting. The location will be decided upon by the executive committee later.

The registrations totalled 175 this afternoon and a great many of the members are taking an active part in the discussions.

A letter was read from the National Dairy Council asking support of the move to encourage large consumption of dairy products in Florida. Several dairymen and others stated the demand here is already larger than the supply and the real movement should be to eradicate the ticks so better milk cows can be brought in to meet present demands.

Congregational Church
Tourists, strangers and friends are invited to worship with us and will be made welcome.
Sunday at 9:45 the Sunday school meets, C. R. Walker, Supt.
At 11 o'clock the minister will speak on "The Name which is Above every Name."
At 7 o'clock the subject will be "Young People and Their Habits." Special music, Mrs. Julius Takach soloist.
Christian Endeavor at 6 o'clock—The Young Peoples Society.
Prayer meeting Wednesday night, 7:30. To all of these services you are invited to have a part.

Baptist Activity Growing
In making the plans for the First Baptist church for the year 1917, the officer have found that perhaps the greatest work of the church is to be accomplished this year.
Eighty-six members were added in 1916 which brings the total enrollment to 369. The aim has been set for 500 by the close of the year. Individual records have been installed by which a record of every member is recorded in the various activities of the church. When a member is at work in all the departments the degree of B. T. R. is awarded.

Ron. John D. Jinkins and his able band of Sunday school workers have the teaching service of the church well in hand and have made plans for greater growth this year. Two hundred and fifty as an average attendance for the year has been set.

The Training work of the church for 1917 is in the hands of the following leaders: Mrs. S. G. Kennedy, Federation President; Mr. A. A. Wainwright, Flake Union President; Mr. K. R. Murrell, Temple Union President; and Mrs. W. E. Betts, Junior Union Leader.

The services next Sunday will be in charge of the pastor, Rev. George Hyman, and will be as follows: 11:00 Preaching on "Thinking" by

special request of the trustees of the church.
7:15 Preaching. "Madness" will be the subject.

The Sunday school will meet as usual at 9:30 and the unions at 8:00. You are invited to all the services.
Miss Sheldon from Stetson will play a violin solo at the evening service.

England Takes Contract
Washington, Jan. 18.—Secretary Daniels awarded the Hadfields Limited, an English munitions concern contracts for \$3,041,000 worth of armor piercing fourteen and sixteen inch shells. The Hadfield's bid was more than \$200 per shell less than the American firms.

BIG WATERWAY MEETING

Everybody Come and Participate in the Discussions
Every citizen of Florida is vitally interested in our waterways. We have not thus far been able to accomplish what we desire, to any large extent.

Thoughtful minds have studied out a plan which is believed to be feasible for producing results. Public opinion of this scheme is desired and for that purpose a meeting of representatives from various parts of the state is called to convene in the city hall, Sanford, Friday afternoon, February 2nd at 3 o'clock. Consulting Engineer, Isham Randolph of Chicago, also Jacksonville's well known attorney, P. A. Vans Agnew and others will address the meeting, giving the convention the benefit of their experience and their views.

Will you be present, Mr. Business Man, Mr. Professional Man and Mr. Farmer? You are needed, your judgment and counsel are respectfully solicited and it is urgently requested that you let nothing prevent your attendance.

Presbyterian Church

The pastor of the Presbyterian church will preach at both services Sunday.
All those who are not affiliated with any church in Sanford are invited to worship with us at the following services Sunday:
9:45 a. m. Sunday school.
11:00 a. m. Morning preaching service.
7:00 p. m. Evening preaching.

Methodist Church

Program of Sunday services:
Sunday school, 9:30, A. R. Chapell, Supt.
Preaching by pastor, 11:00, subject, "Use of Life."
Senior League, 6:15 p. m., Miss Edna Plant, leader.
Intermediate League, 6:15 p. m., Mrs. Balgitt, Supt.
Preaching by pastor, 7:00 p. m., subject, "Following."
Great day expected. All visitors to city are welcomed by members of this church. Come to the "Home-like" church.

Have Great Minstrel Show

Coburns Minstrels is a household word in Florida and are always good but the Coburns Minstrels this season surpasses all their former efforts. The band is a crackerjack and the street parade great but the real show is the thing. From the time the curtain rises on the beautiful scene depicting the "American Hunt Club" at the palace of a Maharajah in India to the close the show is excellent in every respect. Coburn believes in stage effects and the costuming of each part especially the magnificent first part that departs from the stereotyped "opening" shows that no money has been spared by the management for real dressing of the stage. The music this season is entrancing and led by Lester Lucas interloctor and basso, Frank Melville, Earl Rowland, Ed Clifford, Arthur Fulton, Chas. Cameron (Prima Donay and those black face artists, Chas. Vermont, Tom Post, Price Jenkins, Boni Mack and Elmer Simons the singing is all that could be desired. Especially is this apparent in the quartette composed of Lucas, Clifford, Fulton and Rowland. The fine band of Charlie Gano is noticeable all through the show and it is hardly necessary to state that he is the premier minstrel man on the stage today. He starts the audience laughing from the time he appears until the close and his stuff this year is better than ever. His (zaiged mul) is worth the price of admission and Charlie has a reputation in Florida that will live long after he quits the show business and when Charlie does quit he will move to Sanford and grow spaghetti.

Rebecca Meeting

Rebecca Assembly will meet Tuesday evening, Jan. 23rd in Modern Woodmen Hall. All visiting Rebecas and members are requested to be present.

It must be an awful strain on a bishop to listen to a young preacher.—Galveston News.

Safety! Service! Strength!
Safety and strength are prime factors in that part of our statement just made to the Government of the United States, which shows how conservatively and wisely our funds are invested. Service is a part of every day's business upon which we especially pride ourselves and which we believe if our growth may be taken to mean anything, is appreciated.

NOTICE

Mrs. Wilnot leaves on the 29th for a few days in New York for Ready-to-Wear and will be pleased if all those desiring any certain dresses or coat suits will call and let her know.

She will be glad to do anything she can to supply the wants of the ladies of Sanford. The French Millinery Shop is putting in a much larger line of wearing apparel for ladies, such as underwears, corsets, brassieres, dresses, coats, short waists, evening dresses and coat suits, as well as millinery of the very latest, including Fiske, Knox, Knickerbocker, Gage, Gold Medal and other imported numbers from the French designers that are now arriving daily at the Shop.

The French Millinery Shop has all been remodeled. They are now ready to please and wait on all their customers, small orders, than ever before. The work room is now open with a competent force and awaiting you to come.

Daily Thought.

The best independence is to have something to do, and something that can be done, and done most perfectly in solitude.

Miss Olga Schultz	

Miss Gretchen Schultz has kindly consented to recite for us at our next meeting. All friends and patrons of the Cecilian Music Club are invited to attend our next meeting on Jan. 21th, 3 o'clock.

Attractive Bridge Party
 A lovely and attractive was the bridge party, with which Mrs. Julius Schultz and her daughters, Miss Gretchen and Miss Olga Schultz entertained on Wednesday afternoon at their home on Park avenue. A charming simplicity prevailed in the decorations of cut flowers and prettily arranged with ferns. Poinsettias were used in the hall and living room and pink roses and pink hibiscus in the dining room. The score cards were hand painted and designed in diamond, hearts, spades and clubs, the red tied with black ribbons and the black tied with red ribbons. To Mrs. S. E. Barrett for high score was given a brass flower basket filled with Dorothy pink roses and ferns, a pink tulle bow ornamenting the handle. Mrs. Cecil Butt cut the consolation, a small flower basket filled with purple violets and tied with violet tulle. There were ten tables of bridge players and twenty-five tea guests, the latter were served with refreshments at different hours from four to five thirty. Assisting the hostesses were Mrs. R. C. Bower, Mrs. F. E. Roundhill, Mrs. Allan Jones, Miss Charlotte Hand and Miss Frank. Elaborate and dainty refreshments were served with hot coffee and whipped cream. Besides those already mentioned the invitations included Mrs.

WHAT IS LIFE INSURANCE?

- LIFE INSURANCE** Is the hostage which a man gives to a selfish world for the security of his family and himself.
- LIFE INSURANCE** Organizes generations, as an army organizes individuals.
- LIFE INSURANCE** Guarantees to every man, his natural right to air, light, something to eat and a chance in life; all without beggary or robbery.
- LIFE INSURANCE** Is the bond a man gives, that when he dies he will not be a defaulter.
- LIFE INSURANCE** Is the supplement which a wise man adds to his marriage vow---it goes farther than "Until death do us part."
- LIFE INSURANCE** Is civilization, morality, temperance, virtuous living, practical religion.

Played Five Hundred
Miss Adelaide Higgins was the gracious young hostess at a Five Hundred party on Wednesday evening followed by informal dancing and music. The prizes were won by Miss Lettie Caldwell and

Mr. Wheeler. Enjoying the charming hospitality of Miss Higgins, who was assisted by her mother, Mrs. J. C. Higgins and Mrs. LaVerne Hurt were Mr. and Mrs. Ralph Wight, Mr. and Mrs. Ed. Higgins, Misses Nellie Elder, Lettie Caldwell, Muriel

Harold, Rena Murrell, Lillian Herring and Messrs. Pifer, Kilgore, Wheeler, Fitzpatrick and Geo. McLaughlin.

Evening Bridge

Mr. and Mrs. W. E. Watson delightfully entertained the members of the Evening Bridge Club on Wednesday evening with Mr. and Mrs. Deas, Mrs. Puleston, Mr. and Mrs. Bishop, Col. Thrasher and Mr. Youngs guests of the club. Mrs. Roy Symes won the lady's prize, a lovely embroidered cover in linen for card-table with dishes to match. Mr. Deas won the gentlemen's prize.

A Splendid Record

Miss Mamie Kate Williams and her brother Robert, of the Sanford Baptist Sunday school, made a perfect record for 1916, judged by the six point system. They made 100 per cent, each of the fifty-two Sundays in attendance, on time, bringing Bible, an offering, lesson studied, and preaching attendance each Sunday. That is a splendid record—the first we ever heard of. Attendance is only one-fifth a perfect record.—Baptist Witness.

DON'T throw away your damaged or worn auto tires and tubes. Bring or send them to us, or phone and we will repair them, or if they are not worth repairing we will tell you for us.

No tube too badly cut or torn for us to repair. Burned tubes repaired, and made as good as before being burned. By our process there are no unsightly patches put on tubes to chafe inside of tire, or to come off.

Make Home Beautiful

For very little money you can make your home the best looking in your neighborhood. These ornamental collections are especially selected and you may use them as one group or plant them separately.

PRIZE COLLECTION \$2.50 Two assorted palms, two pretty flowering shrubs of different kinds, two handsome foliage plants, two good fruit trees (your selection)—eight large specimens—worth \$12.25.

ROYAL COLLECTION \$5.00 Four flowering shrubs, two each of palms, shade trees, foliage plants, ferns, fruit trees—fourteen extra size specimens—all assorted, which if bought separately cost \$16.25.

THE "PRIDE OF FLORIDA" YARD COLLECTION \$10.00 Four each of palms, shade trees, fruit trees (your selection), six flowering shrubs, three foliage plants, two ferns—twenty-three extra size beauties in all, every one different, carefully selected for size and quality. Separately these would cost \$12.25.

In filling orders for these collections, unless you distinctly state a preference, we will ship plants that we know will thrive in your locality. Order one or more of these collections. Send us sketch of property for close planting suggestions. We will enclose our new catalog, listing the largest variety of ornamentals in the South. Order free on request. Ask for it.
