

FIVE BROTHERHOOD HEADS IN CONVENTION TODAY FIRST SINCE SATURDAY

Will Go Over General Plans for Conducting the Strike TO TIE UP TRAFFIC AND BRING RAILROADS TO REDUCTION OF RATES OR RAISE IN SALARY

(By The Associated Press) CLEVELAND, Oct. 18.—Chiefs of the Big Five Brotherhoods convened here today for their first conference since authorization of the nation-wide railroad strike in Chicago last Saturday.

CLEVELAND, Oct. 18.—The scheduled meeting here today of the Big Five transportation brotherhoods was cancelled this morning when the five executives were requested by the Railroad Labor Board to meet with the Board in Chicago Thursday.

CHICAGO, Oct. 18.—Telegrams summoning the chiefs of the big four brotherhoods and switchmen's unions to a conference with the United States labor board in an endeavor to forestall actual walkout on the nation's railroads today. A conference is called for two o'clock Thursday afternoon at the labor board headquarters here.

Road Superintendent in Volusia Attacked By Negro Convict

Who is Suspected of Being Tom Martin's Assailant

(By The Associated Press) DELAND, Oct. 18.—H. B. Powell, convict captain and Road Superintendent of Volusia county, was painfully and probably internally injured this morning at the convict camp near Bishopville when Nathan Williams, a negro convict, attacked him with a shovel.

SUNSHINE SPECIAL WRECKED IN TEXAS NO CASUALTIES.

(By The Associated Press) EL PASO, Texas, Oct. 18.—Two cars of the Sunshine Special, which left here over the Texas & Pacific railroad late yesterday, for the east, turned over near Vanhorn, Texas, last night according to reports received here.

KIWANIS AID CHILDREN

(By The Associated Press) DAYTONA, Oct. 18.—The Kiwanis Club of Daytona, will provide dishes and equipment for the school children here so that they may secure lunches at a low cost. It is proposed to serve a bottle of milk and a couple of sandwiches for a dime.

MARION COUNTY HAS SHIPPED 80 PER CENT OF ORANGES FORWARDED.

(By The Associated Press) OCALA, Oct. 18.—Eighty per cent of the oranges shipped from Florida up to the first of this week were forwarded from Marion county, according to citrus men here.

KU KLUX KLAN INVITES FOCH TO VISIT THEM

WHEN HE COMES TO THE UNITED STATES ON VISIT

(By The Associated Press) PARIS, Oct. 18.—Marshal Foch has received by cable an invitation from the Ku Klux Klan to be the guest of that organization while visiting the United States.

LABOR BOARD SUMMONS HEADS TO CONFERENCE

DESCRIBED IN OFFICIAL CIRCLES AS FIRST STEP OF AGENCY

(By The Associated Press) WASHINGTON, Oct. 18.—Action of the Railroad Labor Board in summoning railroad union chiefs to Chicago for conference was described in high official circles today as the first step to determine whether the railway board is to be regarded as efficient government agency or a failure.

ROTARIANS AND KIWANIS CLUBS HAVE MULE RACE PLANNED FOR FAIR.

JACKSONVILLE, Oct. 18.—If the Rotary and Civitan clubs accept the challenge of the Kiwanians, a mule driving race at the State Fair this year, November 12-19, is expected to be one of the outstanding features of the racing program on the new \$72,000 race track, now rapidly nearing completion at the fair grounds.

SUPREME COURT FINDS UNCLE SAM LIABLE FOR VIOLATING "JIM CROW."

WASHINGTON, Oct. 18.—The United States was responsible under the transportation act of 1920 for damages arising from its failure to enforce state rules and laws regulating transportation within their borders.

Capt. Gillette, representing the U. S. Health Board, and the State Health Board, was here today conferring with the city officials. He was the guest of the Rotary Club at luncheon and gave them a good talk on public health and venereal diseases.

Hungary Honors an "Unknown Soldier"

Like other nations that were engaged in the World War, Hungary has honored its armies by burying, with great ceremony, an "unknown soldier." The photograph shows the procession, led by Archduke Joseph.

CHARACTER EDUCATION IN CHILDREN IN CONTRAST WITH EDUCATION OF MIND AS EXEMPLIFIED IN SCHOOLS

Mrs. William F. Blackman, Chairman of the Department of Education of the Florida Federation of Women's Clubs Aably Discusses Important Question.

Among the many organizations attempting to minister to the needs of public education, none is more worthy our consideration and cooperation than the National Institution for Moral Instruction, with headquarters at Chevy Chase, Washington, D. C., formed for the purpose of research into the best methods of character education in children, in contrast to the education of the mind as exemplified in the public and private schools.

The present organization is the outgrowth of investigations and experiments begun twenty-four years ago by Milton Fairchild, who took up the field of character education of children, devoting his entire time to its problems, and in an effort to interest the education of the nation in this all important phase of children development.

His first effort was to discover some way by which moral ideas could be made influential over the daily lives of the children. He spent ten years making a collection of original photographs of moral episodes in the lives of children and adults.

A visual lesson on Conduct Becoming a Gentleman, another on The True Sportsman, and a third on Thrift of Time and Opportunity, were given extensively in high schools. In elementary schools, there was a visual lesson on What I am Going to do When I am Grown Up, and there was a lesson on What People Think About Boys' Fights.

For three years Mr. Fairchild gave these visual morality lessons in public schools, and the experiment seemed to exert a profound influence over the opinions of children relative to the right and wrong in the common daily affairs of their own lives. Mr. Fairchild was invited to make Baltimore his headquarters, and during the years from 1906 to 1914, these lessons were distributed to superintendents and principals of schools and shown to fully a half million children.

In 1914, when progress was blocked by the financial distress of the world war, a man of wealth and vision, who wished to be known only as "The Donor" came to the rescue and liberally financed the undertaking. He offered a prize of \$5,000 through the institution for the best "Code of Morals" for boys and girls. Fifty-two codes were submitted, and it took the committee of three almost a year to reach a decision.

LEESBURG ACTS AS HOST FLORIDA WATER TRAFFIC LEAGUE HELD LAST NIGHT

State Rests Case Rev. Stephenson, Alabama Murder

(By The Associated Press) BIRMINGHAM, Oct. 18.—The state unexpectedly announced just before noon recess today its case against Rev. Edwin Stephenson, charged with second degree murder in connection with the killing of Father James Coyle, was completed. The state introduced only five witnesses.

FINAL VOTE PEACE TREATY HELD TODAY

IT SEEMS THAT WE HAVE NOT MADE PEACE WITH GERMANY

(By The Associated Press) WASHINGTON, Oct. 18.—A final vote on the ratification of the peace treaty with Germany is expected by Republican and Democratic leaders in the senate today. If necessary, a night session would be held to assure action.

RAILROADS ASK REDUCTION IN ALL WAGES

BUT SAY NO REDUCTION IN FREIGHTS RIGHT NOW.

NEW YORK, Oct. 18.—The railroads of the United States through the Association of Railway Executives, last night announced their intention of making immediate application to the Railroad Labor Board "for a reduction in wages of train service employees sufficient to remove the increases made by the labor board's decision of July 20, 1920, (which would involve a further reduction of approximately 10 per cent) and for a reduction in the wages of all other classes of railroad labor to the going rate for such labor in the several territories where the carriers operate."

Thomas DeWitt Cuyler, chairman of the association, declared the proposition of the public group of the labor board, that the twelve per cent wage reduction recently authorized be translated into lower freight rates before asking for more wage reductions, had not been formally brought to its attention, the information being obtained from the press. After asserting that "the intimation of the public members of the railroad board is that the public has had no benefit from the twelve per cent reductions in wages, authorized in July," Mr. Cuyler declared that "there have been, in fact, extensive reductions, most of them voluntary, in railroad rates, bringing about a larger loss in earnings to the railroads."

Freight Rate Question Under Consideration—Adjusted Some Time

(By The Associated Press) WASHINGTON, Oct. 18.—The impression was given in administration quarters today that the freight rate reduction was under consideration. No statement to indicate how soon a decision on the question might be reached, but high administration officials said an announcement concerning the rate adjustments might be forthcoming within a few days.

It will be one big step toward normalcy when editors forget that word. Nashville Tennessean.

plans for character education in the public schools. So far as we know, the prize has not been bestowed. MRS. WILLIAM F. BLACKMAN, Chairman.

Several Hundred Were Present at Enthusiastic Meeting

SERVED DINNER

SANFORD WAS WELL REPRESENTED AT ANOTHER IMPORTANT MEETING OF LEAGUE

At a special meeting the Leesburg Chamber of Commerce called for the purpose of co-operating with the newly organized Central Florida Water Traffic League, a large representation from their local organizations were present to hear discussed the plans the League had provided to assist the Merchants and Growers to ship the most economical way.

A dinner was served prior to the formal meeting which took place in the dining room of the Lake View Hotel. G. G. Ware, president of the Leesburg Chamber of Commerce, and also President of the Leesburg National Bank, presided as chairman. S. J. Sligh, of Orlando, president of the Central Florida Water Traffic League was the first speaker. He called the attention of the meeting to a conference of shippers and railroad representatives to be held in Jacksonville on October 27th for the purpose of securing a rate reduction on Florida perishables. Prior to this meeting of the shippers which has been called for 6 p. m., on the 29th. The meeting of the shippers will be for the purpose of presenting to the railroads specific facts showing costs of production per acre of Florida produce, and secure any other information of value to present at the joint meeting of the shippers and railroad representatives on the 27th. Both of these meetings will be held in the Chamber of Commerce building, Jacksonville. On the morning of the 29th, Mr. Sligh stated, a representative from the Interstate Commerce Commission will have a representative meet the shippers in Orlando to go over sundry problems effecting the shipper. This meeting will be held in the Orlando court house. Mr. Sligh briefly stated the purpose of the visit to Leesburg and the general plans of the League. Col. Geo. W. Knight, vice-president of the League and president of the Sanford Chamber of Commerce, went into lengthy detail explaining the objects and purposes for which the League was created. He stressed the co-operation the League had already received during its short existence and the wonderful possibilities it held for

CREATE BOARD TO REFUND DEBT FOREIGN NATIONS

MEASURE IS SUBSTITUTE FOR ADMINISTRATION BILL

(By The Associated Press) WASHINGTON, Oct. 18.—Favorable report authorizing the creation of a commission to arrange for the funding and refunding of foreign debt was offered today by the House Ways and Means Committee. The measure is a substitute for the administration bill which would have given the secretary of the treasury blanket authority over foreign debt negotiations.

Pure Food Act Does Not Prohibit Citrus Fruit Shipm't

Washington Asked to Take Hint in the Matter.

(By The Associated Press) JACKSONVILLE, Oct. 18.—Washington correspondent of the Florida Times-Union telegraphs Senator D. U. Fletcher advised by secretary of agriculture that pure food and drug act does not prohibit shipment of citrus fruits which do not pass the so-called acid test provided such fruit is not artificially colored to conceal maturity but is edible and in nowise misrepresented.

**Former Sheriff of
Okeechobee is Now
a Federal Officer**

FORT PIERCE, Oct. 17.—W. M. Collins, former sheriff of Okeechobee county, who recently resigned that office to accept appointment as federal district prohibition enforcement officer for the district, which includes Okeechobee, Orange, Brevard, Palm Beach and St. Lucie counties, has established Fort Pierce as his headquarters and is now on the job in his new capacity.

Mr. Collins is said to have made an enviable record as sheriff of Okeechobee county and his friends are offering congratulations on such worthy recognition of his services in the interest of law enforcement.

Law-abiding people of this section believe he will continue his good work and welcome him here.

At the time of his resignation as sheriff of Okeechobee county, Mr. Collins had three years more to serve. C. O. Miller has been appointed to fill out the unexpired vacancy.

**GAINESVILLE WINS
FROM SANFORD BOYS
BY A SCORE OF 59 TO 0**

Gainesville won the game here Saturday afternoon by a score of 59 to 0, winning on their weight, and showing their ability to score, chiefly through the fact that they had considerable more training and having met several good teams this season. The Sanford lads have only had two weeks of practice and lacked the skill and weight of the Purple and White.

Gainesville scored two touchdowns in the first half. Their great interference helped to win the game. Sanford endangered the Gainesville goal once or twice but could not put the ball over and only by their aerial attack could they gain any ground at all over their heavier opponents. Gainesville was strong on end runs and line plunges. There were no particular stars on either team but every man played the game from start to finish and showed real team work throughout both halves. The game was slow on account of the heavy field. Despite the threatening weather a good crowd was present at the game, the first to be staged in Sanford this season. The lineups: Sanford (0): Fred Pope, C.; Adams, L. G.; Aycock, R. G.; McAlexander, L. T.; Howard, R. T.; Moya, L. E.; Stone, R. E.; McLucas, Q.; Woodruff, R. H.; Holly L. H.; Scoggans, F.; Gainesville (59): Sarr, C.; Hatt, L. G.; Flowers, R. G.; Brinson, L. T.; Ends, R. T.; Hodges, L. E.; Vrooman, R. E.; Bishop, Q. B.; Bower, R. H.; Brannon, L. H., Ludwig, F. B.

Referee, Roy Chittenden. Umpire, John Meisch. Lineman, Ned Chittenden.

RACE DRIVER KILLED.

ATLANTA, Oct. 17.—O. T. Barr, of Bainbridge, Ga., automobile driver, died last night of injuries suffered in a race at the Southeastern Fair here. He is survived by a widow and a young son.

**PLANT CITY DEFEATS
ORLANDO IN TITLE RACE**

ORLANDO, Oct. 17.—Plant City High school eliminated the Orlando team from the race for the state foot-

ball championship here Saturday, defeating the locals 85 to 0. Plant City presented a well organized defense against which Orlando could do little, and the visitors scored in every quarter of the game. The Plant City backfield, Merrill, Smith, Howell and Barnica showed excellent ability, while the Orlando backs were unable to break through the strong line of the visitors. Anderson, of Orlando, suffered a broken collarbone and was taken out in the first quarter.

**TIGERS EMERGE VICTORIOUS
OVER FLORIDA RESERVES**

GAINESVILLE, Oct. 17.—In a hard fought game Duval High defeated the University of Florida Reserves five to nothing. Duval's first score came in the first quarter when they forced Florida over their goal line for a safety in the third quarter Jones kicked a beautiful goal from placement. The entire team played jam-up football.

Duval outplayed the University scrubs from the start, keeping the aerial attack to a better advantage. The break-up field running of Captain Brown featured Duval's game while Murphee starred for the University's second eleven.

**PALATKA HIGH LOSES
FIRST FOOTBALL GAME**

PALATKA, Oct. 17.—Ocala High defeated Palatka here Saturday afternoon in the first game of football ever played by a Putnam high school team by a score of 26 to 0. Not a member of the Palatka team had ever played a game of football before, and at least six of them had never seen a game.

The showing for the locals was considered excellent, as after their first fight in the first half they held the Marion county boys without a score.

Smith, for Ocala, was the bright particular star, scoring three of the visitors' four touchdowns.

**HILLSBOROUGH HIGH AND
PETERSBURG PLAY TIE**

TAMPA, Sept. 17.—Hillsborough High school and St. Petersburg played a scoreless tie here Saturday. Both teams attempted several passes with but little success although St. Petersburg intercepted one of the locals' passes for a ten yard run. Both teams managed to push their opponents back to within the shadow of the goal one time each, but both lost the ball and

**High School Athletic
Association Met in
Gainesville Saturday**

GAINESVILLE, Oct. 17.—The annual meeting of the executive committee and the board of control of the Florida High School Athletic Association was held at the University of Florida Saturday. The following men make up the personnel of these bodies: Executive committee, president, G. Elmer Wilbur; vice-presidents, F. W. Buchholz, W. D. Wilson, H. A. Hazeltine, R. M. Seeley; secretary, B. F. Ezell; treasurer, I. M. McAlpin; Governing board: Prof. E. C. Beck, George E. White, Major Van Fleet, Capt. Atkinson, Judge Cockrell, Coach W. G. Kling, Dr. Manchester.

Among the important matters decided upon were the following: Congressional districts decided upon as units for deciding boys basketball championship.

Championship tournament to be staged at University of Florida not later than March 4.

Ten leading teams to compete for championship, to be selected by the board of control.

All teams must have their basketball records in the hands of W. D. Wilson, of Fort Myers, not later than the end of the third week in February. Competent officials are to be chosen to officiate at all association games.

Soccer football was officially adopted by the association, the season to begin at the opening of school and close January 1.

Schools not paying annual dues on or before November 1 will be suspended from the association.

Madison High School was suspended from the association for the remainder of the school year for disregard of association rules.

The following paragraph was recommended to be added to section 8 relative to eligibility of players.

"Any student having played on a college team, that is a school which offers work higher than a standard senior high school offers, shall be ineligible to represent his high school in any branch of athletics."

punts carried it back to the center of the field.

St. Petersburg had the shade of the best of things. Their backfield had more speed but the Hillsborough line was more solid and the heavy north wind apparently proved to be the ground gaining factor of each team.

New Abstract Co. Established in Sanford—Ready to Start Soon

R. C. Burnsdale, of Orlando, has arrived in the city and will make it his future home. He will be in charge of the business of the Nash-Link Abstract Corporation and will immediately go to work to compile the data for his abstract books from the county records in the office of the Clerk of the Circuit Court, E. A. Douglass. This work takes much time and is necessary in order that a complete set of books can be obtained for the records of the county.

The Nash-Link Abstract Company is a duly incorporated company, composed of W. R. Link, George S. Nash and R. C. Burnsdale, all of them experienced men in the abstract business. They now have a business of the same kind in Orange county and are well known to many people in this and adjoining counties. Mr. Burnsdale will rent office space and become a part of the business life of Sanford. Mention of the company was made in the Herald at the time of the incorporation.

Manager Herndon Wants Clean Pictures—Refuses Certain One

The Daily Herald was unable to print the program for the Star Theatre today on account of the picture that was scheduled did not meet with the approval of Manager Herndon and he refused to show it. It was necessary to call off the program in the Herald and wire for another picture that would stand muster. Mr. Herndon is trying to get better pictures and expects to give the public only the best. It makes a big difference in his plans from time to time but he has the satisfaction of knowing that he is only running the best.

HALLOWE'EN DANCE AT THE PARISH HOUSE MONDAY NIGHT, OCT. 31

The Men's Club will hold a Halloween Dance at the Parish House on Halloween night, Monday, October 31st. The Men's Club are arranging a program that will be a joy to the hearts of those who attend and they will have a fine orchestra, refreshments, Halloween favors, etc. The Halloween dance will open the season for the various social affairs that will be held at the Parish House during the winter months. Everybody is invited to attend the Halloween Dance and assist the Men's Club in the great work they have undertaken for the winter season. Watch for other announcements.

THIRTY GOLD DOLLARS FOR HIGH SCHOOL PUPIL MAKING BEST AVERAGE.

Col. A. M. Thrasher, for many years a resident of Sanford, and a man who always had a great interest in the schools, sends the following letter to Supt. Lawton that was read to the high school scholars at the opening of the schools:

Paris France, Aug. 10, 1921.
Hon. T. W. Lawton,
Supt. of Education, Seminole Co.
My Dear Sir:

Being a citizen of Sanford, and one who knew Sanford before she had a school, I feel a lively interest in her schools, and the school children of the dear old town. Her schools are the pride of Sanford. Sanford ought to be proud of them.

To show, in a small way, my interest in the schools, I herewith send you my check for thirty gold dollars, which I offer as a prize to be given to the student of the high school, class of 1921-22, who, at the close of the scholastic year, shall stand head of the class in scholarship.

True, it is a small prize, but if it induces even one of the class to greater effort to achieve success, and to study just a little more, to win it, I assure you I shall be greatly pleased. On the day you present this prize to the winner, if in your opinion so small a prize, offered in this way, has, or will probably benefit the high school, you may then, and there, state that I offer another prize of the same amount, to the one who shall stand head of the high school class of 1922-23.

If notified, practically a year in advance, it will give the ambitious student ample time to prepare himself, or herself, in friendly rivalry with their fellow members of the class, and resolve to win. I am quite sure you are proud of the great success, and advancement, made by the schools under, and during, your administration.
Cordially yours,
A. M. THRASHER.

It is not too early to think about the Sanford exhibit at the Orlando fair. This is something that should have the earnest cooperation of all the people.

ARMISTICE DAY PARADE

WHICH WILL BE STAGED BY THE LOCAL POST OF THE AMERICAN LEGION.

The following business concerns, fraternities and Clubs, of Sanford have liberally subscribed their names in agreement to enter a decorated float or automobile to represent their respective lines of business. Names will be added from time to time and from the floats already listed it will be a parade of magnitude never before witnessed in the city:

- American Legion.
- Sanford Paint & Wall Paper Co.
- Woman's Club, Welfare Dept.
- D. C. Marlowe.
- Hopkins Shoe Shop.
- A. J. Lossing, (6).

HIGHLANDER WINS CONTEST OF PAPERS

LAKELAND, Oct. 18.—The Lake Wales Highlander won first place in a front page contest judged at Lakeland Saturday at the meeting of the South Florida Press association. The three judges, Arthur Green, D. B. McKay and Chris Codrington, decided that the Lake Wales paper led in style of heads, balance and other points of general make up.

Thorn and Triplett, a beauty team, defeated Rube Allyn and Lee, another beauty team, but not so beautiful, after interesting debate in which each of the contestants argued for his own Apollolike qualification.

The conference of the newspaper workers, under the chairmanship of Miss Gail Binkley, came to a close Saturday afternoon, with much work done and good fellowship exchanged.

Sanford should have a Post Card Day and have every citizen send out Sanford post cards to friends all over the United States.

Other cities are doing this and getting good publicity from it.

Try a Herald Want Ad today.

MEETING OF UNION PRINTERS SUNDAY HELD IN ORLANDO

BANQUET AT EMPIRE HOTEL ONE OF PLEASING FEATURES OF THE ENTERTAINMENT

Bringing to a close late Sunday afternoon a most successful semi-annual convention the members of the State Typographical Conference voted West Palm Beach as the next meeting place, that city winning over Lakeland and St. Petersburg.

The conference went on record as heartily in favor of the employment bureau which the conference is conducting for the benefit of the employer as well as the employe. The bureau aims to fill as far as possible open situations during the winter months with 100 per cent union printers when printers are usually scarce in Florida. Endorsement was also given to a movement to keep as far as possible printing from being sent out of the state, it being pointed out that Florida shops were equipped to handle most any kind of a job.

It was also voted, at the suggestion of President O'Hara, to uphold the Saturday half holiday, or 44-hour-week for job plants. A unanimous vote of confidence was given the international officers, John McPharland and J. W. Hays.

The local typographical union was host Sunday at noon to a banquet served the visiting delegates and members of the local union and their friends. During the course of the meal President O'Hara called upon several speakers who responded with interesting talks, among them being S. J. Triplett, who spoke on "Why I Am a Union Man"; W. C. Barnes, of St. Petersburg, champion typesetter, told of the "Art of Printing"; L. W. Zim, state labor inspector, spoke on "Child Labor and Woman in Industry"; C. C. Guy, "Conditions in St. Petersburg"; C. R. Paris, of Tallahassee, "The 100 per cent Typographical Town" and others.

The speeches were fully enjoyed and showed the members of the union have speakers who are as skilled in the art of eloquence as they are in printing.

A vote of thanks was tendered the local union for their hospitality and entertainment afforded the visiting delegates.—Orlando Reporter-Star.

RECITAL AT HIGH SCHOOL.

The Business and Professional Women's Clubs will present Miss Ava Williams, teacher of expression in the Sanford high school, in a recital, on Monday evening, October 24, at the high school.

Miss Williams will give the comedy, "Mice and Men," by Madeline Ryley, in four acts. This is a clever play of the day of 1786. The leading characters, a man over forty, believing that the perfect wife must be educated from a state of simplicity to the ideals of her husband. He therefore proceeds to impart his views to a girl fresh from school. The result is a clever comedy which Miss Williams gives in full, furnishing a full evening of fine entertainment.

Miss Williams is a graduate of the Curry School of Expression of Boston, and comes to us with the highest recommendations. Don't fail to see this fine play. Tickets on sale at drug stores.

CIVIC ASSOCIATION WILL TOUR FLORIDA FOR POST CARD DAY.

JACKSONVILLE, Oct. 18.—A tour of Florida, with all expenses borne by the General Civic Associations committee, of Jacksonville, will be an added feature of the visit here, beginning November 14, of three young women and three Boy Scouts from five cities as the result of Jacksonville's annual Post Card Day, October 22. Arrangements have been completed to send these visitors through the State, particularly the orange growing section, after their visit to Jacksonville. The State tour probably will consume ten days, with more than a dozen cities on the itinerary.

Forty-three cities in twelve States and Canada have been entered in the contest by local people in the "old home town" feature of the annual Post Card Day, and more than three hundred thousand post cards with "Florida sunshine messages" have been prepared for mailing. A close check is being made in all such cards prepared and the five cities to which the greatest number of cards are sent will each send one representative on this Florida "sunshine tour." The city to which the actual largest number of cards goes as the result of the local effort, will send two representatives, who will be chosen by the correspondent club of the Jacksonville club leading in the local civic organization race in connection with Post Card Day.

CAMPS TO KEEP ALIVE

Twenty-four years ago E. F. Lamberth was told he had only a few days to live unless he lived in the mountains of the world, eating but one meal a day. He makes his living by writing. Lamberth was snatched up by the White House grounds in Washington.

STATE NEWS

Atlanta, Oct. 18.—A syndicate composed of lumbermen from Mississippi Saturday, purchased all hardwood timber on the 56,000 acres of land owned by the Oklawaha Valley railroad owned by the Florida Farms and Lumber Co. The timber, estimated at 100 million board feet, was sold by J. Paine and Fred Featherstone, of Washington, Ky., who recently purchased the first sawmill will be erected in the vicinity of Kenwood and it is planned to begin operations before the first of the year. Other mills are being erected later.

Ocala, Oct. 18.—The Georgia National Highway Association will meet in White Springs, in Hamilton county, Florida, October 20, this date having been selected in order that the delegates from the various Florida counties along State Road No. 2, which are to appear before the Highway Commission and Governor Harney in connection with plans for completion of the road, might be able to attend the White Springs meeting the day before going to Tallahassee. Information received by the Marion county Board of Trade indicates there will be a large delegation from Georgia, at the White Springs meeting as road boosters from the neighboring State are greatly interested in the completion of State Road No. 2, through Central Florida.

Miami, Oct. 18.—Bids for the purchase of the Dade county court house, and property upon which they stand, will be received by the Board of County Commissioners until Tuesday, November 8. In the event a bid is received which the Board regards as fair, the Commissioners will order the sale and call a special election for confirmation or rejection. Other property would be purchased and a new court house and jail would be erected. The property on which the buildings stand was donated to the county by a land company many years ago and now it is regarded as one of the most desirable business sites in the city. The buildings were erected in 1901-02 at a cost of \$60,000 and an addition to the court house was made six years ago at an expense of \$18,000. At the same time the jail was remodeled at a cost of approximately \$35,000.

Chattahoochee, Oct. 18.—Dr. W. H. Spiers, who has been connected with the Florida State Hospital here since August, 1916, has resigned as chief physician and clinical director to take up private practice, with the expectation of opening an office in Orlando about November 1.

Polk county has twelve newspapers, which is something to brag about, and having this number of "workers" for the county good, it has been decided to form a separate press association for the county. The representatives of the county newspapers gathered at Crooked Lake a few days ago and formed the Polk County Press Association. Roy Childs was made president. The next meeting of the association will be held in Bartow in November.

CAPTAIN SUBDUES MUTINEERS

Heed-Craged Crew of Steamer Chester Kivwaha Finds His Fist Worse Than Hurricane.

Latest reports from the mutiny on the shipping board tramp steamer Chester Kivwaha while she was anchored off Staten Island early the other morning, indicate that it was not for assistance Capt. Job Cunningham called the harbor squad of the police department. The captain and his chief engineer, although they were only two against thirty-four drunken and quarrelsome seamen, finished the job of quelling the mutiny in such a workmanlike manner that they thought it a shame there were no witnesses to the results of their efficiency, the New York World states.

The mixup started when some of the white sailors, having smuggled aboard a quantity of bootleg booze, renewed a quarrel with the eight negro members of the crew, who appealed to the captain for protection. There had been friction all the way over from Boulogne, from which port the Chester Kivwaha cleared and Capt. Cunningham was pretty well fed up with argument.

Therefore he went to the forecabin, where he found the crew had barricaded itself in. With one blow of his huge fist the captain shattered a pane of the door, driving his forearm clear through. At this point a sailor made a tactical error of biting the captain's wrist. After that the captain laid out every sailor within reach, and he managed to reach about all of them. Chief Engineer Michaelson joined the fray and although he got a couple of black eyes, he gave better than he received, and it was not long before all was quiet along the Staten Island shore.

That was the time that the captain and the chief decided it was too hot for one to see their handwork. Therefore, when one of the crew below started to yell they summoned the police boat, explaining that they "feared a second outbreak."

Current opinion among the crew is that those two officers are not in fear of anything.

CARRIES STOOL TO WORSHIP

Woman at Jersey Resort Village Acts As Her Own Usher on Sunday—Provides Own Seat.

Summer resorters get accustomed to doing without the many little conveniences of home life. They philosophically accept conditions as being necessary to "camping out." So oil stoves take the place of gas ranges and they carry water for the household from the public hydrant down the bungalow-lined street, says the New York Sun.

On week-ends most of the bungalow colonies house added guests and the kitchen and porch serve as overflow bedrooms. Few of the churches in the summer towns are able to seat all the worshippers on Sunday. But this doesn't hinder the attendance. At Jersey resort village the other Sunday one woman was carrying a camp stool to church. Her neighbors thought no more of it than had they seen her carrying a bundle of groceries from the corner store.

A Scientific Prediction

The story is often told of the great naturalist, Cuvier, that given a single bone he could reconstruct the animal to which it belonged. That a somewhat similar law of organization runs through the various species that form families in the animal kingdom is indicated by a curious case of scientific prediction, to which attention was called at a recent meeting of the Biological society in this country.

Uhrenberg, while studying the minute animals called diatoms, found that many species were distinguished by the number of rays they possessed. But in the series of specimens that he had he could find none having respectively 27, 29, 31, 37, 39, 41, 42, 44, 45, 46, 48 and 49 rays. Still he predicted that the missing species would some day turn up, and he was right, for ten of them were afterward discovered, although the remaining two have not yet been found.

Soda Mixer Recalls Dentist

"I'll have a chocolate malted milk, please," said the stenographer to the soda clerk. "Please mix it with a spoon instead of the electric mixer." "Mix it with a spoon!" exclaimed the clerk, somewhat surprised. "That will take me three times as long, and I'm busy!" "But it must be mixed with a spoon!" the little thing at the counter exclaimed. "Why?" asked the clerk. "Well," she replied, "I can't stand the noise that that soda mixer makes. It sounds just like that thing that the dentist puts in my mouth when he wants to make a filling. It makes me creep all over when I hear it."—New York Sun.

Quarter to Spank Pirate

At the junction of two roads in New Jersey Sunday motorists have halted in either indignation or amusement when a small girl, wearing a policeman's hat, halted them and demanded a fine of 10 cents for speeding. "The men generally laugh and surrender," said the owner of a country store nearby. "And most of the time the women do, too. But the other day three girls came by. They'd been held up three times before at the same place. This time they reached out, pulled the youngster in the car and spanked her. Then they had to make it up with a quarter."

Asbury Park's Annual Baby Parade

Six hundred children took part in the annual baby parade at Asbury Park, N. J., this year, the record being broken. The photograph shows part of the procession of gaily decked chariots filled with infants.

ITEMS OF INTEREST

In the East, as a general rule, Turks wear yellow slippers, Armenians red and Jews blue.

Australia is said to have about 100 species of snakes, three-fourths of them venomous.

Oysters live in water that contains a salt called ferrous sulphate. It is called as a land bear.

Fifty-four nurses are attached to the American forces in Germany. Feather fans on long handles were regarded as symbols of royalty by the ancients.

The Ibis club has been formed by women of Dallas, Tex., whose husbands have a social organization called the Boncheur club.

To reduce mortality and counteract the effects of indigestion numerous German municipalities have established schools in the woods.

THRILLS OF A LIFE-TIME

COCOA, Oct. 18.—John A. Fiske, a prominent hardware merchant here, recently had the thrill that seldom comes to erring automobilists. He was arrested by the county's new motorcycle policeman for speeding. The policeman brought his captive into court where Mr. Fiske was fined \$15 and costs. Leaving the court room he dismounted the policeman's motorcycle parked parallel to the curb in violation of a city ordinance. He promptly swore out a warrant and his former accuser was placed in the role of defendant. The policeman also drew a fine of \$15 and costs.

MUNICIPAL LODGING HOUSE AT MIAMI

MIAMI, Oct. 18.—City Manager Coe is considering the establishment of a municipal lodging house to care for unfortunate job-seekers who, it is said are coming to Miami in large numbers because of reports that there was plenty of employment here. Nine men recently sought lodging of the authorities and were allowed quarters in the jail overnight. Should the lodging house materialize, the city plans to give the men employment and charge them 25c a night for lodging. Officials have reported many men coming to this city with their families and with only financial means to get them here. While the city has no unemployment bureau of its own, officials point out that many jobless men could hardly be absorbed by the city's industries.

ad Church Ex-Methodist Episcopal, Pa., do we raise and fire that every of societies, and of life, donate to raise one thousand second Sunday in

November, 1921. Prof. P. W. Spears, is the builder, and secretary of the trustee board. Dr. E. D. Strickland is treasurer, J. M. Trammell, Jr. is secretary of the building committee.

ASK FOR YOUR RECEIPT.

Subscribers to the Daily Herald should ask for a receipt when the carrier boys collect from you. It is the only protection you have in case the carrier changes or there happens to be a mistake in the account. Each carrier boy is supplied with receipt books, and is commanded to give a receipt by the Herald. See that you get your receipt at the end of each week if you are paying that way.

FOUND HIS OLD WAR CUP.

OCALA, Oct. 17.—Dr. H. F. Watt, city physician of Ocala, Captain Watt when the war ended by virtue of his service as an army surgeon in France, had a pleasant surprise and an unexpected reunion with an old friend. Before leaving for France, Captain, then Lieutenant Watt, purchased among other articles an aluminum canteen cup, on which he had his name inscribed in a peculiar manner. He carried the cup from the autumn of 1917 until nearly two years later, when, on returning to America, he left it in France, thinking perhaps that some impoverished Frenchman might make use of it.

A few days ago, H. A. Faussett, a merchant here, received a quantity of miscellaneous articles which he had ordered, the result of an advertisement of a bargain sale in a northern city. On examining his purchase he discovered a name cut on a canteen cup and was surprised to find that it was "Watt." More in "ast than anything else, he called Dr. Watt and told him he had a cup that belonged to him. Dr. Watt went to the store and asked to see it. Much to his surprise, he found that it really was his old cup, identifying it by the odd manner in which his name was upon it and by other marks it had received during its two years of service. Mr. Faussett presented it to Dr. Watt and it now occupies an honored place among the physician's war relics.

NO INDIGNATION MEETING OF WHOLESALERS HELD IN ORLANDO.

A dispatch from Lakeland under date of Friday, Oct. 14, states that representatives of the Inland Florida Wholesalers appeared before the Florida Press Association in annual convention there and requested the association to assist them in combating the wholesale grocery merger recently inaugurated at Tampa, describing the merger as a plan to obtain a monopoly in the grocery industry of South Florida. The dispatch announced also that inland wholesalers would meet in Orlando Saturday to perfect an organization to protect themselves against what they described as a "trust octopus." Local wholesalers yesterday professed ignorance of any meeting of wholesalers for this city and did not appear unduly alarmed at the menace to their business from the recently organized Florida Warehouse Company.

The commenting on the visit of the seven wholesalers from Tampa, organizers of the Florida Warehouse Company, to Orlando Thursday for the purpose of selecting a site for the location of a warehouse of their new corporation in this city, one wholesaler described amusingly the social visit paid him by the Tampa business men and laughed at the alarm which, according to the Lakeland dispatch, was being felt among the wholesalers in that city.

"I told them to come ahead, that there was enough business in Orlando for a dozen concerns such as theirs, and they were welcome to all they could get away from me by honest competition. The way Orlando is growing there is more room being made for competitive business concerns every day. The more the merrier. I will not worry over any influx of wholesale grocery concerns into my territory," he finished with a broad smile.—Orlando Sentinel.

"Foot of First St."

New Abstract Co. Established in Sanford—Ready to Start Soon

R. C. Burnsdale, of Orlando, has arrived in the city and will make it his future home. He will be in charge of the business of the Nash-Link Abstract Corporation and will immediately go to work to compile the data for his abstract books from the county records in the office of the Clerk of the Circuit Court, E. A. Douglass. This work takes much time and is necessary in order that a complete set of books can be obtained for the records of the county.

The Nash-Link Abstract Company is a duly incorporated company, composed of W. R. Link, George S. Nash and R. C. Burnsdale, all of them experienced men in the abstract business. They now have a business of the same kind in Orange county and are well known to many people in this and adjoining counties. Mr. Burnsdale will rent office space and become a part of the business life of Sanford. Mention of the company was made in the Herald at the time of the incorporation.

Manager Herndon Wants Clean Pictures—Refuses Certain One

The Daily Herald was unable to print the program for the Star Theatre today on account of the picture that was scheduled did not meet with the approval of Manager Herndon and he refused to show it. It was necessary to call off the program in the Herald and wire for another picture that would stand muster. Mr. Herndon is trying to get better pictures and expects to give the public only the best. It makes a big difference in his plans from time to time but he has the satisfaction of knowing that he is only running the best.

HALLOWEEN DANCE AT THE PARISH HOUSE MONDAY NIGHT, OCT. 31

The Men's Club will hold a Halloween Dance at the Parish House on Halloween night, Monday, October 31st. The Men's Club are arranging a program that will be a joy to the hearts of those who attend and they will have a fine orchestra, refreshments, Halloween favors, etc. The Halloween dance will open the season for the various social affairs that will be held at the Parish House during the winter months. Everybody is invited to attend the Halloween Dance and assist the Men's Club in the great work they have undertaken for the winter season. Watch for other announcements.

THIRTY GOLD DOLLARS FOR HIGH SCHOOL PUPIL MAKING BEST AVERAGE.

Col. A. M. Thrasher, for many years a resident of Sanford, and a man who always had a great interest in the schools, sends the following letter to Supt. Lawton that was read to the high school scholars at the opening of the schools:

Paris France, Aug. 10, 1921.
Hon. T. W. Lawton,
Supt. of Education, Seminole Co.
My Dear Sir:

Being a citizen of Sanford, and one who knew Sanford before she had a school, I feel a lively interest in her schools, and the school children of the dear old town. Her schools are the pride of Sanford. Sanford ought to be proud of them.

To show, in a small way, my interest in the schools, I herewith send you my check for thirty gold dollars, which I offer as a prize to be given to the student of the high school, class of 1921-22, who, at the close of the scholastic year, shall stand head of the class in scholarship.

True, it is a small prize, but if it induces even one of the class to greater effort to achieve success, and to study just a little more, to win it, I assure you I shall be greatly pleased. On the day you present this prize to the winner, if in your opinion so small a prize, offered in this way, has, or will probably benefit the high school, you may then, and there, state that I offer another prize of the same amount, to the one who shall stand head of the high school class of 1922-23.

If notified, practically a year in advance, it will give the ambitious student ample time to prepare himself, or herself, in friendly rivalry with their fellow members of the class, and resolve to win. I am quite sure you are proud of the great success, and advancement, made by the schools under, and during, your administration. Cordially yours,
A. M. THRASHER.

It is not too early to think about the Sanford exhibit at the Orlando fair. This is something that should have the earnest cooperation of all the people.

ARMISTICE DAY PARADE

WHICH WILL BE STAGED BY THE LOCAL POST OF THE AMERICAN LEGION.

The following business concerns, fraternities and Clubs, of Sanford have liberally subscribed their names in agreement to enter a decorated float or automobile to represent their respective lines of business. Names will be added from time to time and from the floats already listed it will be a parade of magnitude never before witnessed in the city:

Anyone wishing to enter call Lloyd's Shoe Store. 168-1f.

LAKELAND WINS CONTEST OF PAPERS

The Lakeland Highlander won first place in a front page contest judged at Lakeland Saturday at the meeting of the South Florida Press association. The three judges, Arthur Green, D. B. McKay and Chris Codrington, decided that the Lakeland paper led in style of heads, balance and other points of general make up.

Thorn and Triplett, a beauty team, defeated Rube Allyn and Lee, another beauty team, but not so beautiful, after interesting debate in which each of the contestants argued for his own Apollolike qualification.

The conference of the newspaper workers, under the chairmanship of Miss Gail Binkley, came to a close Saturday afternoon, with much work done and good fellowship exchanged.

Sanford should have a Post Card Day and have every citizen send out Sanford post cards to friends all over the United States. Other cities are doing this and getting good publicity from it.

MEETING OF UNION PRINTERS SUNDAY HELD IN ORLANDO

BANQUET AT EMPIRE HOTEL ONE OF PLEASING FEATURES OF THE ENTERTAINMENT

Bringing to a close late Sunday afternoon a most successful semi-annual convention the members of the State Typographical Conference voted West Palm Beach as the next meeting place, that city winning over Lakeland and St. Petersburg.

The conference went on record as heartily in favor of the employment bureau which the conference is conducting for the benefit of the employer as well as the employe. The bureau aims to fill as far as possible open situations during the winter months with 100 per cent union printers when printers are usually scarce in Florida. Endorsement was also given to a movement to keep as far as possible printing from being sent out of the state, it being pointed out that Florida shops were equipped to handle most any kind of a job.

It was also voted, at the suggestion of President O'Hara, to uphold the Saturday half holiday, or 44-hour-week for job plants. A unanimous vote of confidence was given the international officers, John McPharland and J. W. Hays.

The local typographical union was host Sunday at noon to a banquet served the visiting delegates and members of the local union and their friends. During the course of the meal President O'Hara called upon several speakers who responded with interesting talks, among them being S. J. Triplett, who spoke on "Why I Am a Union Man"; W. C. Barnes, of St. Petersburg, champion typesetter, told of the "Art of Printing"; L. W. Zim, state labor inspector, spoke on "Child Labor and Woman in Industry"; C. C. Guy, "Conditions in St. Petersburg"; C. R. Paris, of Tallahassee, "The 100 per cent Typographical Town" and others.

The speeches were fully enjoyed and showed the members of the union have speakers who are as skilled in the art of eloquence as they are in printing.

A vote of thanks was tendered the local union for their hospitality and entertainment afforded the visiting delegates.—Orlando Reporter-Star.

RECITAL AT HIGH SCHOOL.

The Business and Professional Women's Clubs will present Miss Ava Williams, teacher of expression in the Sanford high school, in a recital, on Monday evening, October 24, at the high school.

Miss Williams will give the comedy, "Mice and Men," by Madeline Ryley, in four acts. This is a clever play of the day of 1786. The leading characters, a man over forty, believing that the perfect wife must be educated from a state of simplicity to the ideals of her husband. He therefore proceeds to impart his views to a girl fresh from school. The result is a clever comedy which Miss Williams gives in full, furnishing a full evening of fine entertainment.

Miss Williams is a graduate of the Curry School of Expression of Boston, and comes to us with the highest recommendations. Don't fail to see this fine play. Tickets on sale at drug stores.

CIVIC ASSOCIATION WILL TOUR FLORIDA FOR POST CARD DAY.

JACKSONVILLE, Oct. 18.—A tour of Florida, with all expenses borne by the General Civic Associations committee, of Jacksonville, will be an added feature of the visit here, beginning November 14, of three young women and three Boy Scouts from five cities as the result of Jacksonville's annual Post Card Day, October 22. Arrangements have been completed to send these visitors through the State, particularly the orange growing section, after their visit to Jacksonville. The State tour probably will consume ten days, with more than a dozen cities on the itinerary.

Forty-three cities in twelve States and Canada have been entered in the contest by local people in the "old home town" feature of the annual Post Card Day, and more than three hundred thousand post cards with "Florida sunshine messages" have been prepared for mailing. A close check is being made in all such cards prepared and the five cities to which the greatest number of cards are sent will each send one representative on this Florida "sunshine tour" The city to which the actual largest number of cards goes as the result of the local effort, will send two representatives, who will be chosen by the correspondent club of the Jacksonville club leading in the local civic organization race in connection with Post Card Day.

The speeches were fully enjoyed and showed the members of the union have speakers who are as skilled in the art of eloquence as they are in printing.

A vote of thanks was tendered the local union for their hospitality and entertainment afforded the visiting delegates.—Orlando Reporter-Star.

CAMPS TO KEEP ALIVE

Twenty-four years ago E. F. Lamberth was told he had only a few months to live unless he lived in the woods. Since then he has walked three miles around the world, eating but one meal a day. He makes his living by selling. Lamberth was snapped as he entered the White House grounds in Washington.

STATE NEWS

Palatka, Oct. 18.—A syndicate composed of lumbermen from Mississippi Saturday purchased all hardwood timber on the 50,000 acres of land along the Oklawaha Valley railroad owned by the Florida Farms and Lumber Co. The timber, estimated at thirty million board feet, was sold by J. H. Paine and Fred Featherstone, of Arlington, Ky., who recently purchased it. The first sawmill will be erected in the vicinity of Kenwood and it is planned to begin operations before the first of the year. Other mills are to be erected later.

Ocala, Oct. 18.—The Georgia National Highway Association will meet at White Springs, in Hamilton county, Florida, October 26, this date having been selected in order that the committees from the various Florida counties along State Road No. 2, which are to appear before the Highway Commission and Governor Hardee in connection with plans for completion of the road, might be able to attend the White Springs meeting the day before going to Tallahassee. Information received by the Marion County Board of Trade indicates there will be a large delegation from Georgia, at the White Springs meeting as good roads boosters from the neighboring State are greatly interested in the completion of State Road No. 2, through Central Florida.

Miami, Oct. 18.—Bids for the purchase of the Dade county court house, jail and property upon which they stand, will be received by the Board of County Commissioners until Tuesday, November 8. In the event a bid is received which the Board regards as fair, the Commissioners will order the sale and call a special election for ratification or rejection. Other property would be purchased and a new court house and jail would be erected. The property on which the buildings stand was donated to the county by a land company many years ago and now it is regarded as one of the most desirable business sites in the city. The buildings were erected in 1901-02 at a cost of \$40,000 and an addition to the court house was made six years ago at an expense of \$18,000. At the same time the jail was remodeled at a cost of approximately \$35,000.

Chattahoochee, Oct. 18.—Dr. W. H. Spiers, who has been connected with the Florida State Hospital here since August, 1916, has resigned as chief physician and clinical director to take up private practice, with the expectation of opening an office in Orlando about November 1.

Polk county has twelve newspapers, which is something to brag about, and having this number of "workers" for the county good, it has been decided to form a separate press association for the county. The representatives of the county newspapers gathered at Crooked Lake a few days ago and formed the Polk County Press Association. Roy Childs was made president. The next meeting of the association will be held in Bartow in November.

CAPTAIN SUBDUES MUTINEERS

Mooh-Crazed Crew of Steamer Chester Kiwanis Finds His Flat Worse Than Hurricane.

Latest reports from the mutiny on the shipping board tramp steamer Chester Kiwanis while she was anchored off Staten Island early the other morning, indicate that it was not for assistance Capt. Job Cunningham called the harbor squad of the police department. The captain and his chief engineer, although they were only two against thirty-four drunken and quarrelsome seamen, snubbed the job of quelling the mutiny in such a workmanlike manner that they thought it a shame there were no witnesses to the results of their efficiency, the New York World states.

The mixup started when some of the white sailors, having smuggled aboard a quantity of bootleg moon, renewed a quarrel with the eight negro members of the crew, who appealed to the captain for protection. There had been friction all the way over from Bohigne, from which port the Chester Kiwanis cleared and Capt. Cunningham was pretty well fed up with argument.

Therefore he went to the fo'c'st'le, where he found the crew had barricaded itself in. With one blow of his huge fist the captain shattered a panel of the door, driving his forearm clear through. At this point a sailor made a tactless error of hitting the captain's wrist. After that the captain laid out every sailor within reach, and he managed to reach about all of them. Chief Engineer Melneson joined the fray and although he got a couple of black eyes, he gave better than he received, and it was not long before all was quiet along the Staten Island shore.

That was the time that the captain and the chief decided it was too hot for one to see their handiwork. Therefore, when one of the crew before started to yell they summoned the police boat, explaining that they "feared a second outbreak."

Current opinion among the crew is that those two officers are not in fear of anything.

CARRIES STOOL TO WORSHIP

Woman at Jersey Resort Village Acts as Her Own Usher on Sunday—Provides Own Seat.

Summer resorters get accustomed to doing without the many little conveniences of home life. They philosophically accept conditions as being necessary to "camping out." So all stoves take the place of gas ranges and they carry water for the household from the public hydrant down the bungalow-lined street, says the New York Sun.

On week-ends most of the bungalow colonies house added guests and the kitchen and porch serve as overflow bedrooms. Few of the churches in the summer towns are able to seat all the worshippers on Sunday. But that doesn't hinder the attendance. At a Jersey resort village the other Sunday one woman was carrying a camp stool to church. Her neighbors thought no more of it than had they seen her carrying a bundle of groceries from the corner store.

A Scientific Prediction.

The story is often told of the great naturalist, Cuvier, that given a single bone he could reconstruct the animal to which it belonged. That a somewhat similar law of organization runs through the various species that form families in the animal kingdom is indicated by a curious case of scientific prediction, to which attention was called at a recent meeting of the Biological society in this country.

Uhrenberg, while studying the minute animals called diatoms, found that many species were distinguished by the number of rays they possessed. But in the series of specimens that he had he could find none having respectively 27, 29, 31, 37, 39, 41, 42, 44, 45, 46, 48 and 49 rays. Still he predicted that the missing species would some day turn up, and he was right, for ten of them were afterward discovered, although the remaining two have not yet been found.

Soda Mixer Recalls Dentist.

"I'll have a chocolate malted milk, please," said the stenographer to the soda clerk. "Please mix it with a spoon instead of the electric mixer." "Mix it with a spoon!" exclaimed the clerk, somewhat surprised. "That will take me three times as long, and I'm busy!"

"But it must be mixed with a spoon!" the little thing at the counter exclaimed.

"Why?" asked the clerk. "Well," she replied, "I can't stand the noise that that soda mixer makes. It sounds just like that thing that the dentist puts in my mouth when he wants to make a filling. It makes me creep all over when I hear it."—New York Sun.

Quarter to Spank Pirate.

At the junction of two roads in New Jersey Sunday motorists have halted in either indignation or amusement when a small girl, wearing a policeman's hat, halted them and demanded a fine of 10 cents for speeding.

"The men generally laugh and surrender," said the owner of a country store nearby. "And most of the time the women do, too. But the other day three girls came by. They'd been held up three times before at the same place. This time they reached out, pulled the youngster in the car and spanked her. Then they had to make it up with a quarter."

Asbury Park's Annual Baby Parade

Six hundred children took part in the annual baby parade at Asbury Park, N. J., this year, the record being broken. The photograph shows part of the procession of gaily decked chariots filled with infants.

ITEMS OF INTEREST

In the East, as a general rule, Turks wear yellow slippers, Armenians red and Jews blue. Australia is said to have about 100 species of snakes, three-fourths of them venomous. Oysters can only live in water that contains at least thirty-seven parts of salt to every 1,000 parts of water. Sixty coconuts to the tree is regarded as a good yield in the Philippine island plantations, although trees bear as many as 300 good nuts.

Fifty-four nurses are attached to the American forces in Germany. Feather fans on long handles were regarded as symbols of royalty by the ancients. The Hills club has been formed by women of Dallas, Tex., whose husbands have a social organization called the Bunchhead club. To reduce mortality and counteract the effects of malnutrition numerous German municipalities have established schools in the woods.

AN APPEAL TO THE WHITE PEOPLE OF SANFORD.

Dear White Friends: You are cognizant of the fact that the pastor and officers of the Trinity Methodist Episcopal church is leading our people in the building of a \$12,000 church house, a church that is to be modern in every way. It is to have a basement, with rooms for the following purposes: Domestic science, library, kindergarten, shower bath, and a Sunday school room. This building is to be 42x60 feet, two stories, and when finished, it will add a great deal to the grandeur of our fair city, and the colored people are rallying to this great enterprise.

THRILLS OF A LIFE-TIME

COCOA, Oct. 18.—John A. Fiske, a prominent hardware merchant here, recently had the thrill that seldom comes to erring automobilists. He was arrested by the county's new motorcycle policeman for speeding. The policeman brought his captive into court where Mr. Fiske was fined \$15 and costs. Leaving the court room he discovered the policeman's motorcycle parked parallel to the curb in violation of a city ordinance. He promptly swore out a warrant and his former accuser was placed in the role of defendant. The policeman also drew a fine of \$15 and costs.

FOUND HIS OLD WAR CUP.

Ocala, Oct. 17.—Dr. H. F. Watt, city physician of Ocala, Captain Watt when the war ended by virtue of his service as an army surgeon in France, had a pleasant surprise and an unexpected reunion with an old friend. Before leaving for France, Captain, then Lieutenant Watt, purchased among other articles an aluminum canteen cup, on which he had his name inscribed in a peculiar manner. He carried the cup from the autumn of 1917 until nearly two years later, when, on returning to America, he left it in France, thinking perhaps that some impoverished Frenchman might make use of it.

NO INDIGNATION MEETING OF WHOLESALERS GROCERIES HELD IN ORLANDO.

A dispatch from Lakeland under date of Friday, Oct. 14, states that representatives of the Inland Florida Wholesalers appeared before the Florida Press Association in annual convention there and requested the association to assist them in combating the wholesale grocery merger recently inaugurated at Tampa, describing the merger as a plan to obtain a monopoly in the grocery industry of South Florida. The dispatch announced also that inland wholesalers would meet in Orlando Saturday to perfect an organization to protect themselves against what they described as a "trust octopus." Local wholesalers yesterday professed ignorance of any meeting of wholesalers for this city and did not appear unduly alarmed at the menace to their business from the recently organized Florida Warehouse Company.

MUNICIPAL LODGING HOUSE AT MIAMI

MIAMI, Oct. 18.—City Manager Coe is considering the establishment of a municipal lodging house to care for unfortunate job-seekers who, it is said are coming to Miami in large numbers because of reports that there was plenty of employment here. Nine men recently sought lodging of the authorities and were allowed quarters in the jail overnight. Should the lodging house materialize, the city plans to give the men employment and charge them 25c a night for lodging.

Member of The Associated Press

Attend the big sales in Sanford and save money Read the Daily Herald.

The American Issue is circulating again in Florida. Its motto, "A Sallow Nation," sounds rather funny now in view of the fact that moonshine flows like water.

W. R. O'Neal, of Orlando, says the railroad strike will never materialize. We think it will. It is simply a showdown for the railroad unions and the railroads, and the public will decide who is the winner.

There are dozens of people here every day looking for houses to buy, rent, lease, etc., and they naturally look in the Daily Herald for information. It is up to the real estate men as to whether they get it or not.

If you ask our advice we would say that Congress has no more right to investigate the Ku Klux Klan than they have to investigate all secret orders and Congressman Upshaw, who calls for the same treatment in every other order, is right.

A very encouraging advance has been made in the past ten years in the manufacturing industries of Florida. For the year 1920 her manufactured products amounted to \$213,327,000. That is a very tidy sum, and will no doubt be quite a surprise to many people.

BEAUTIFY THE ROADWAYS.

In the get together meeting in Sanford of the Orlando and Sanford Chamber of Commerce, Judge John M. Cheney, and I. W. Phillips, two of Orlando's greatest boosters, spoke about the plans for beautifying the Sanford-Orlando road.

Florida is called "the land of flowers." It is a pretty name and suggestive of fascinating dreams. The climate of the State is such that some kind of flower may be found blooming at all times of the year.

And yet many visitors to Florida are disappointed in not seeing as much flowers here as they see at their own

APRICOT BROWN BETTY. Open a can of Del Monte Apricots and place a layer in a baking dish. Cover with soft bread crumbs, sprinkle with sugar and cinnamon. Repeat layers having the crumbs on top. Pour 1/2 cup juice over all and bake until brown. Deane Turner, WELAKA BLOCK, Phone 497-494

homes They are forgetful of the fact that they come here in the winter when no flowers at all are blooming at their homes. But we can make their imaginings of Florida come true and it would profit us to do so.

We are not enough in favor of this plan of beautification to advocate the payment for it by taxation. The money that we have for the roads should be spent in giving them a hard surface and keeping them in good condition for travel.

But civic organizations should take the matter of beautification in hand. The people along a road should make it attractive and with the people along the road we do not include the land-owners alone. We include the people of the cities the road reaches.

The poinsettia, coming at a time when there are few other flowers, is probably the most attractive flower that grows. A poinsettia bush may be cut into number of pieces and each stuck in the ground.

The Cherokee rose is a wild flower and is not dependent for its growth on hot house methods. The coral vine, twining itself in the branches of a tree, makes a flaming bouquet of beauty.

SOUTHERNE TO SANFORD.

It was a short and sweet but a mighty good report that President Ward Klingensmith made to the Civic League Wednesday night.

The report was from the committee, that visited DeLand Wednesday in the interest of the Southmere-Sanford road, not out of commission.

They met with the Seminole and Volusia commissioners, and found everything lovely. The Seminole and Volusia county commissioners had been reading the Titusville specials in the Times-Union and were posted about that road.

The Seminole commissioners agreed to appropriate \$2,000 to repair the bridge and approach. Volusia commissioners did likewise, and appropriated the money. And the deed was done.

From Titusville to Sanford is now 67 miles. When the Southmere road is completed the distance will be 37 miles, a saving of 30 miles.—Titusville Advocate.

OUR MANY BLESSINGS.

Dr. Brownlee, of the Presbyterian church, in a most able sermon Sunday night, called attention to the fact that no one was ever able to get the best out of life, to see the big things in life, to make good citizens, unless they had at some time in their life, suffered a great sorrow that brought to them the sterner realities of life.

the almighty dollar, forget the blessings they enjoy," he is quoted as saying.

"Why, back in Danville, long years ago, before the days of gas, electric lights, the telephone, electric railroads and other marvelous inventions that have brought comfort to the people, the folks of the town opened their eyes in amazement at the light of an oil lamp in a store window.

"Just look back at those days. Well do I remember when the people thronged down the street to see the first kerosene lamp burning in that shop window. It was in the days of the tallow dip candle.

"Now, see what we enjoy today, in life's comforts and conveniences. Look at the revolutionary changes gas and electricity and the other public utility services have wrought. These are the happy days, but so few of us realize it.

"The 'Gloomy Gus' of business must wake up to the big future ahead. Most prosperous, most resourceful of all nations, the citizens of these United States are blind to the many advantages for which they should be thankful."

PUBLIC SENTIMENT WILL DECIDE.

Great minds run in the same channels, and yesterday the editor of the Florida Metropolis and the editor of the Herald, had the same thought when they penned something about the railroad strike.

W. G. Lee, president of the Brotherhood of Railroad Trainmen, discussing the threatened railroad strike, says "It is a fight to the finish for the life or death of our organization," and if the strike really materializes, the truth of his words are going to be proved.

The nations will not dictate the final terms if this general walkout is ordered, nor will the railroad—but the public.

Public sentiment is going, either to smash the unions or defeat the railroads, for the public is tired of the arguments between railroad employers and employees. "Let's have it and get through with it" or words to this effect is a common expression among "outsiders."

The railroads hope to reduce wages and keep rates on the present basis, which is not satisfactory to the public.

The unions hope either to force the continuation of war-time wages or governmental control of the railroads, or both, which is not satisfactory to the public.

The public realizes the seriousness of a strike as much as Mr. Lee realizes it; doubtless the railroads are aware of what it means, and all the economic facts are in their favor just at this time. The unions, however, point to the fact that transportation reductions are not following wage reductions, and claim the railroads are misrepresenting their claims, which are facts in their favor.

RAILROAD HEADS SHOW A LACK OF BUSINESS SENSE.

It is to be feared that some of the executive heads of our railroads are not good business men. They object to lowering freight rates, claiming that with the present volume of business they must hold rates up in order to pay expenses. They forget, or are ignorant of the fact, that the high rates are responsible for the light business, and that lower rates would vastly increase business, and consequently, revenue.

Idle cars would have been earning something, their men would have been kept busy, and their overhead expense would not have been increased appreciably. And what is true of cargoes has been true of a multitude of other commodities. They do not discriminate properly between cause and effect. The exorbitant rates have caused the loss of business. They have virtually killed the goose that laid the golden eggs, and now that their nests are bare, they are groping blindly for the cause.

This is not saying that railroad wages are not too high. They are, and both rates and wages must be reduced to a parity with other things. Successful merchants long ago realized that a large business with small profits on individual sales, was better than a small business with large profits on fewer sales.

The railroad executives should profit by the example of the merchants.—Tampa Times.

IN DOLLARS AND CENTS.

There are upwards of seven thousand girls in Florida who are receiving a portion of their training at the hands of the home demonstration agents of this state, according to unofficial figures from the office of Miss Sarah W. Partridge, state home demonstration agent.

Seven thousand girls! Can you conceive what that represents? What it means? Girls who tomorrow will grace as mistress seven thousand Florida homes. Girls who will rear and train the next generation.

One man has said that it costs about \$400 a year to raise a boy or girl. The average age of our seven thousand club girls should be about 15. If we accept this man's estimates we find that the average club girl in being reared represents an expenditure of about \$6,900. But there are 7,000 of these girls. All right, the club girls of this state represent an expenditure, to bring them to the average age, of \$48,300,000.

Then the home demonstration agents of Florida are playing a large part in the training of a part of the state's investment, a part that is conservatively estimated to be worth \$48,300,000.

But this girl-club work is not the sole work of these agents. In fact, it is a mere trifle in comparison to all they do. Their community leadership, their work among women, their civic-club and farm bureau work and the time they spend helping with—often practically conducting alone—the community and county fairs; none of these are even considered here. Were the values of all these figured out as has been the girl-club part, the total would be appalling, astounding.

MOVING PICTURES OF HUNTING AND FISHING SCENE.

The Men's Club of the Congregational church have arranged with the publishers of the Field and Stream to exhibit their splendid hunting and fishing motion pictures on the night of October 27th, at the Princess theatre. Watch for the big ad. and program soon to be published. t-f-p.

MASONS ATTENTION

In order to correct an erroneous impression that seems to be prevalent it is announced that the Third Degree will be exemplified at the next meeting which will be held on Tuesday evening, October 18th, at Masonic Hall, corner Second and Magnolia avenue. Work will be conferred on several candidates.

THE WEATHER

For Florida: Unsettled weather tonight and Wednesday; probably local rain.

J. S. Dinkle, of Longwood, is among the visitors to the city today.

"Hot-Mac" the "duy" word for better batteries for less money. 178-6tp

D. C. Marlowe, the well known shipper of Florida vegetables, is in Jacksonville on business.

Why punish your battery with your generator out of order. See Hof-Mac Battery Co., "Foot of First Street." 178-6tp

Seminole county will have a fair some time in January. This is a move in the right direction.

Have your watches and jewelry repaired at McLaulin's. Two first class watch makers. Prompt service. 140-1fc

Henry Davis and Fred Bass, of Orlando, were in the city today demonstrating the new Cadillac car.

The Ladies of the Episcopal Church will hold their bazaar and supper, December 1st and 2nd in the Parish House. 171-1fc

Tom Martin left Sunday afternoon for Waycross where he goes for treatment at the A. C. L. hospital. Tom's many friends wish him a speedy recovery.

Fred Fredericks, who was shot by city officers some time ago, and taken to the Fernald-Laughton hospital, has recovered and has been taken to his home.

IF YOU WANT TO BUY, SELL OR Rent property, give us a trial.—C. A. Matthews, W. V. Wheeler, Real Estate, 115 Park Ave. Phone 840. 178-3tp

Mrs. P. T. Wakefield, of Geneva, was in the city today and reports the Wakefield Preserving Co., as flourishing and supplying guava jelly and preserves to the world at large.

BATTERIES—America's first car was regularly equipped with starting and lighting Batteries in 1911, this battery was an "EXIDE", today the master battery of the world. Do not be misled by the so-called just as good.—Ray Brothers, Phone 548. 175-1f-c

The Sanford high school football team will play the Ocala high at Ocala on next Saturday. Several Sanford parties will be made up to accompany the boys on the trip.

Mr. and Mrs. B. F. Toole, of Sanford, are visiting friends in the city. They will go from here to Madison on a visit before returning home. Mr. and Mrs. Toole used to live here and hope to move back soon.—Gainesville Sun.

"EXIDE" BATTERIES—Our Pullman cars, airplanes, submarines, telephones and great 7,000 mile wireless stations are equipped with the master "EXIDE" Batteries, the battery is the life of your car, get the best. We recharge and repair all makes.—Ray Brothers, Phone 548. 170-1f-c

Mr. and Mrs. R. R. Eldridge have arrived from an extended visit to many points in the north where Mr. Eldridge is engaged in the shipping of fruits and vegetables. Mr. and Mrs. Eldridge have a fine country place at Paola and their many friends are giving them a welcome home again.

Tom Martin has been taken to the Waycross hospital for further treatment and examination. Tom was shot by the man who was stealing a ride on the cars near Palatka and had his arm badly shattered. He is improving and his many friends hope for his speedy recovery.

The many friends of Miss Frances McDougal Swanson, have received announcements of her graduation from the St. Joseph's Training School for nurses at Hot Springs. Miss Swanson is the daughter of Mr. and Mrs. G. McDougal, of Celery avenue and her many friends here are glad to know that she has finished with honors and will probably be home in a few days.

SANFORD'S TEMPERATURE

Winter is not here yet. Probably stopped at Enterprise on the way over and yesterday the old bulb goes up to 85 again. However, the gentle drizzle, drozzle, sizzle, sozzle of the rain continues and the money crops of Florida are growing right on so why should we worry?

Table with 2 columns: Temperature type and Value. Includes Maximum 85, Minimum 64, Range 72, Barometer 29.00, Rain .10, and Calm and Cloudy.

Frank Akers left Sunday for Jacksonville, where he went on a business mission.

Chas. J. Cavanaugh, of Wilmington, spent several days here attending to business.

R. C. Burnsday was a business visitor here yesterday from the "City Beautiful."

H. W. DeHart was among those from DeLand transacting business here yesterday.

M. D. McCaslin, of Dorhan, Ala., is stopping at the Montezuma while in the city on business.

The Rotary Club held their regular weekly luncheon and meeting at the Valdez Hotel today at noon.

Howard P. Smith left Saturday for Jacksonville where he went on business. He will return this evening.

H. W. Cameron, of Bartow, representing the Automotive Co., was in the city yesterday attending to business.

The Men's Club announce that they will hold a Halloween Dance at the Parish House on Halloween night, October 31st.

The many friends of Mrs. Ben Caswell will regret to hear that she has been quite ill. Though slightly improved today.

J. A. Keltner, representing the Intertype Corporation, with headquarters in Memphis, was in the city today calling at the Herald office.

New line of place cards, tally cards, etc., at the Herald office. Don't go out of town for anything in this line. See our new willow/leaves tally cards.

Will Stringfellow, of Jacksonville, is spending a few days in the city with his many friends. Willie claims Sanford as his home and has a wide circle of friends here and elsewhere in the state.

The friends of Mr. and Mrs. T. K. Roll sympathize with them in the recent loss of their 11-day-old son, Harry Gibson Roll, who died Monday at the home in this city. Mr. Roll is an employee of the A. C. L. Railway.

We want every lady in Seminole county to remember that the Herald has the finest line of Christmas cards that have ever been shown in Sanford. They are fresh from the manufacturers and you cannot buy anything like them in this part of the State. Reasonable in price and beautiful in design.

It is rather early to talk about Christmas, but we just want to remind the ladies especially, that the Herald Printing Co., has the finest line of Christmas cards that have ever been shown in Sanford. They come direct from the manufacturer, and the cards are all special designs and at special prices. You will not have to go out of the city this season for your Christmas cards and favors. See them any time at the Herald office.

MASONS' ATTENTION Regular meeting of Sanford Lodge No. 62, F. & A. M. tonight in the Masonic Hall. Work in the third degree. It is rumored that Big Chas. Chapman and Lane will serve an oyster stew after the meeting. Visitors always welcome.

For office supplies, stationery, etc., come to the Herald office.

CATES' BLOCK BIG ASSET TO BUSINESS HOUSES OF CITY; BE FINISHED SOON

The Cates' Block on West First street and Oak avenue is one of the finest of the new buildings now going up in Sanford. When finished it will contain four store rooms and eight apartments on the second floor. Store rooms and apartments will be strictly up-to-date and most modern in every detail. J. J. Cates, the owner, is rushing the work to have it finished by the first of December although he has already moved into two of the store rooms but the apartments will not be ready before that date. Store rooms and apartments will take care of the great demand for business houses and apartments in Sanford and Mr. Cates is to be congratulated upon his progressive spirit in building such a fine structure and filling up one of the good business corners with a real building.

FREE VOCATIONAL SCHOOL OPENS TONIGHT WITH CAPABLE INSTRUCTORS.

The free vocational classes to be conducted by the Board of Public Instruction will open tonight with strong instructors in charge. Mr. A. H. Stone will conduct a course in Blueprint Reading, and Mechanical Drawing for machinists, metal workers and men in the A. C. L. shops.

Mr. Donald Whitcomb, who will probably have charge of the course in Blueprint Reading and Architectural Drawing for carpenters and others in the building trades, is out of town, but will soon return. Announcement of his courses will be made through these columns.

These classes meet on two nights a week for two hours each and will be open for enrollment tonight at 7:30 at the high school building. All men interested should be at this place at this time, for the size of classes must be limited.

It is hoped that every one expecting to take advantage of the course in Blueprint reading and Mechanical Drawing will be present and enroll tonight, in order that all may begin the work together, thus avoiding confusion and aiding the instructor in planning the work.

T. W. LAWTON, Superintendent.

MONUMENT TO CONFEDERATE SOLDIERS

MARIANNA, Oct. 18.—Arrangements have been completed for the unveiling here, November 2, of a monument, to the memory of the Confederate soldiers who fell in the Marianna raid of September 27, 1864. The battle was one of the three fought on Florida soil during the Civil War. The legislature at its last session appropriated \$5,000 for the erection of the monument, which supplements a fund raised by the local chapter of the United Daughters of the Confederacy.

The unveiling ceremonies will be under the direction of the Florida division of the U. D. C. Mrs. Frank M. Tracey, president of the Florida division at Pensacola, will make the presentation address and Gov. Hardie will deliver the unveiling address.

The program for the ceremonies call for a street parade, in which national guardsmen, Confederate veterans and others will participate. A 20-piece band from the naval station at Pensacola, will furnish the music for the occasion.

The monument is of Georgia granite, 35 feet in height.

UNDERScore ARMISTICE DAY.

From all points of the State come reports of unusual activity in preparations for a celebration of Armistice Day, the 11th day of the 11th month of the year from now on until the end of time. Our Legioners will always take an active part in these celebrations, as it is fit they should, but it is distinctly up to the citizenry-at-large to take hold and help—with funds, and generously of their time and labor. This is a great day, second in importance to none we now observe. Washington's observance will be the most impressive in the country, for the "unknown hero" will be buried thereat that time. President Harding is going to call a halt of the entire nation for a period of two minutes at a time to be announced. It should be a labor of love and reverence for our boys that have gone beyond for us to bare our heads and pay tribute to the spirit that sent them to the battle fields and for the bravery with which they died for this, our country.—Florida Grower.

NOTICE

Club women interested in entering a class in parliamentary law, will have that opportunity Monday morning at ten o'clock, October 17th at the Woman's Club. For further information apply to Mrs. E. M. Galloway, phone 4900. 178-2tc

Back in the 60's Men used to think that a woman's place was in hoop skirts—and at home. Now the wise men know that a woman is more at home at a men's underwear counter than the man himself. Ladies as keen appreciators of Underwear, we want you to see how far this store has gone to win the buying that is entrusted to you. AND THAT STANDS FOR EVERYTHING THAT THE HUSBAND MIGHT WANT IN OUR LINE PAY US A VISIT Perkins & Britt THE STORE THAT IS DIFFERENT Sanford, Fla.
