## U.S. Will Assume Some Of British Supply Contracts

### Country Will Be Relieved Of Part Of Burden Of Filling War Orders

Sum Involved Is Over 300 Million

Nation's Obligations To Be Reduced By About 25 Percent

WASHINGTON, Mar. 13.—(AP)—A \$246,385,144 appropriation bill to carry forward the war-time Navy construction program was presented to the House today along with a warning from the Navy's high command that the critical work situation may continue to grow worse for some time to come.

A fund of \$1,515,000,000—the largest single item in the bill—is for ship building.

WASHINGTON, Mar. 13.—(AP)—A high Administration official disclosed today that the Army and the Reconstruction Finance Corporation are negotiating to assume between \$300,000,000 and \$350,000,000 worth of British war contracts and factories in this country.

The official added that this is no way means the British "will be relieved of the remainder of their obligations in this country."

He explained that negotiations probably would cut British war obligations between 25 and 35 percent.

The President noted yesterday in making for an appropriation under the lend-lease bill that while the defense equipment produced under the lend-lease bill remains under the control of the United States until it is ready for disposition, "it is the fixed policy of this government to make for democracies every gun, plane and munition of war that we possibly can."

Importance of the message was shown by the fact that it was referred to the Appropriations Committee as usually is done. An appropriations sub-committee headed by Representative Woodrum, Democrat, Virginia, was to begin hearings on the measure today under a program which would bring it before the House early next week.

Senate leaders prepared to give the legislation a green-light after the House acts and they appeared confident of being able to defeat "pay-as-we-go" and other amendments which non-interventionists reportedly are planning to offer. Some leaders felt the entire matter could be disposed of in less than a fortnight.

Budget Director Smith made three recommendations in his communication designed to insure the President flexibility of spending under the multi-billion dollar program. One would allow the President to transfer a maximum of 20 percent of the money earmarked for one category of war material to another, provided the total amount of the second item was not increased more than 20 percent by the shift.

## Labor Board For Defense Takes Shape

### Secretary Perkins, Knudsen And Hillman Submit Their Ideas On Question

WASHINGTON, Mar. 13.—(AP)—President Roosevelt received from Secretary Perkins and Defense Directors Knudsen and Hillman a specific recommendation for a mediation board to handle the labor problems related to the defense program.

No details in what they had suggested were announced, but Perkins told reporters the idea of a mediation board was taking definite shape.

The Office of Production Management yesterday kept a watchful eye on the strike situation in national defense industries but announced through Sidney Hillman, associate director, that the defense program was not being seriously hampered.

Hillman told a press conference that he and Director Knudsen were exploring proposals for the establishment of a national mediation board to handle strike situations. If such a plan were agreed upon, he said, it could be put into effect by President Roosevelt without legislation.

At a Washington, legislative session today, the Agricultural Department's authority to concentrate government-owned cotton was approved by the House Banking Committee by a 19-9 vote.

Chairman Steagall (D-Ala.) said he hoped to get House consideration early next week.

## Directors

Carroll L. Wilson (right) is congratulated by Secretary of Commerce Jesse Jones after Wilson took the oath of office in Washington as director of the bureau of foreign and domestic commerce yesterday.

## Nearly \$1,500 Is Raised For Baseball Team

### Committee To Meet Tonight To Make Plans For Drive

At \$1500 was collected yesterday for the Sanford baseball team by the finance committee headed by Dr. E. T. Doss and the remainder of the money is expected to be in by tomorrow. Dr. Doss said today in reporting a meeting of the committee at the Chamber of Commerce at 8:00 o'clock tonight.

At the meeting tonight the committee for the drive expected to organize plans and all interested in the baseball situation are urged to attend the meeting. Dr. Doss said he added that "there definitely will be a baseball in Sanford this year."

Members of the committee that is to meet tonight are: T. H. Boyd, H. B. Pope, George Moffet, Homer Little, R. E. Smith, Tom Holt, Zeb Raloff, Herb Reitz, Earl Turner, W. A. Newman, W. G. Fleming, W. A. Lovett and M. R. Strickland.

A meeting of the directors of the baseball club is expected to be called within the next two or three days, Dr. Doss said, to reorganize the group. C. E. Goodshaw's resignation last week leaves a vacancy on the board.

## Nazi Victory Foreseen By Adolf Hitler

### German Pilots Claim Heavy Attack Upon City Of Liverpool; Drop 10,000 Bombs

LINZ, Germany, Mar. 13.—(AP)—Hitler keynoted the Nazi celebration commemorating the third anniversary of the Union of his native Austria with the Reich by predicting today in a speech at Linz that the war would end in a tremendous German victory insuring the development of a "greater Germany."

German pilots returning from raids over England reported that 10,000 incendiary and incendiary bombs were dropped on Liverpool, inflicting destruction even "exceeding that at Coventry"—in reference to the England midlands town which was all but wiped out on the night of Nov. 14.

Enactment of the British aid bill by the United States Congress is making a profound impression in all strata of German life and continued last night to be the subject of the most serious thought.

But the final analysis of all available comment is that anything the United States may do to help Britain cannot change the forward surge of the German political and military forces toward the "new European order" envisaged by Adolf Hitler.

The country's both semi-official and informal reflects German opinion that the American decision may have vast importance in immediate developments.

Yet the general conclusion is expressed in Berlin, is that "it won't change things in the end."

## Heaviest Raids Of War Launched Upon Germany By British

### Fled Norway For America

Standing on the stern of their ship in the harbor, refugees fled from Norway to America.

### More Powerful Bombers Are Used In Assaults On Hamburg And Bremen

### Invasion Coast Also Attacked

BERLIN, Mar. 13.—(AP)—The Luftwaffe yesterday reported that since the war German armed forces have sunk more than 5,000 British ships.

British bombers smashed at Berlin, Hamburg and Bremen in the heaviest raid yet launched on Germany. It was officially announced in London today, while several hundred Nazi planes struck with fire bombs and high explosives in a large-scale assault on Liverpool.

Heavy rain clouds across the Channel this morning indicated that RAF bombers were following up the night raids with attacks on the German-held invasion coast.

With new and more powerful bombers thrown into the assault, well-placed sources reported that as a result of the night raids, the British navy now stands to receive a really effective reinforcement.

The British offensive started with a heavy attack against Berlin, Hamburg and Bremen, described as the heaviest yet launched by the RAF.

The RAF's attack on Berlin, the heaviest since the outbreak of the war, was reported to have been the most successful in the history of the RAF. The British declared today they had been struck by heavy bombs in four of their heaviest targets.

At Berlin, the RAF's attack was reported to have been the most successful in the history of the RAF. The British declared today they had been struck by heavy bombs in four of their heaviest targets.

## Blanding Gets Five More Troop Trains

CAMP BLANDING, Mar. 13.—(AP)—The 4th and 5th regiments of the 88th Central Postal Directory, U. S. Army, are scheduled to leave for Europe on the first of the five special trains in another mass movement of the forty-third division to Camp Blanding.

Only a few hours behind them came their commanding officer, Maj. Morris B. Payne of London, Conn., scheduled to take over the camp today in succession to Maj. Gen. John C. Perkins, commander of the thirty-first division, by reason of seniority in the service.

Another 204 of them came by motor convoy after battling snow and rains part of the way. They were the gladdest to arrive for those who came on the trains rode in steam-heated Pullmans.

H. Pickett, manager, said today, extending an invitation to housekeepers to take advantage of the opportunity to learn to cook the waterless way in the Majestic Waterless Cookware.

Miss Mildred Herman, food expert, is conducting the demonstration and shows how to avoid "pot watching" and stirring, in addition to how to bake and roast on top of a stove.

All the housekeepers attending the free demonstrations are sensing an unusual opportunity to acquire expert, practical information on cookery and the way to cut fuel costs and at the same time retain the food values and the flavor of the various foods prepared.

## Army Drive Reaches One-Fifth Of Goal

Passing the \$700 mark in the mercury on the thermometer, indicating the progress of the Salvation Army campaign, has reached one-fifth of the goal of \$3,500. Capt. R. E. Rose said today.

The Salvation Army leader pointed out that more than the goal was needed as the annual budget of the local program is \$2,884. The emergency is expected to contribute the \$600 and the remainder of the budget, \$5,284, will be raised by other means during the year. Capt. Rose said.

"Mr. and Mrs. Sanford's will will not die down deep and give as large a contribution as possible in order that your fellow citizens have the necessities of life and therefore be kept from suffering," Roy Williams, general chairman of the campaign, urged today.

## Early Settlement Of Bus Strike Expected

NEW YORK, Mar. 13.—(AP)—Indications point Wednesday night toward a settlement of a Transport Workers Union strike against Manhattan's two major bus lines which has kept 10 percent of the borough's surface transportation at a standstill for three days.

Mayor LaGuardia in a statement which he read in the presence of union representatives and officials of the two companies after a conference, indicated that both sides had agreed to negotiate their differences before Arthur Meyer, chairman of the New York State Mediation Board.

## Governors Queried On "Jim Crow Car" Law

MONTGOMERY, Mar. 13.—(AP)—Governor Frank Dixon said today he is writing governors of 10 southern states to ask their opinions regarding calling a meeting of attorney generals to consider a joint action to protect the section's law requiring segregation of races on railroads.

## Ribbons Are Awarded Entries In Garden Club's Annual Flower Show

Counter Attacks By Italians Are Halted By Greeks

ATHENS, Greece, Mar. 13.—(AP)—Italian counter attacks against a Greek government spokesman today have been halted by the Greek government.

The spokesman said that the Italian government had been notified that the Greek government had decided to halt the Italian counter attacks.

The spokesman said that the Greek government had decided to halt the Italian counter attacks.

## Marine 'Swallows' Return To Springs

OCALA, Mar. 13.—(AP)—Swallowing the war, the world came back to their own Capital Wednesday.

Millions of small silver-blue menhaden from the Atlantic ocean came down the St. Johns and Delaware rivers into Silver Springs as they do every seven years.

## Attention Drawn To Food Demonstration

Much attention is being attracted by the demonstration of waterless cooking conducted at the Piggly Wiggly Store at First Street and Magnolia Avenue. H. Pickett, manager, said today, extending an invitation to housekeepers to take advantage of the opportunity to learn to cook the waterless way in the Majestic Waterless Cookware.

Miss Mildred Herman, food expert, is conducting the demonstration and shows how to avoid "pot watching" and stirring, in addition to how to bake and roast on top of a stove.

All the housekeepers attending the free demonstrations are sensing an unusual opportunity to acquire expert, practical information on cookery and the way to cut fuel costs and at the same time retain the food values and the flavor of the various foods prepared.

## New Plan For F. E. C. Railroad Submitted

WASHINGTON, Mar. 13.—(AP)—Trustees of the estate of Alfred I. duPont submitted to the Interstate Commerce Commission yesterday a plan of reorganization for the Florida East Coast Railway.

ICC hearings on reorganization proposals for the railroad will open Monday.

A plan, previously submitted by the deposit committee for the railway's first and refunding mortgage 5 percent bonds, was called within the next two or three days, Dr. Doss said, to reorganize the group. C. E. Goodshaw's resignation last week leaves a vacancy on the board.

## Schools To Have Easter Holiday; Close Mar. 21 For Education Meet

Two school holidays were authorized by the Seminole County School Board at its meeting Wednesday morning, one being Mar. 21, to enable principals and teachers to attend the Florida Education Association meeting in Tampa and the other is an Easter holiday April 11, W. L. Lawton, school superintendent, said today.

All of the teachers and principals are expected to attend the Tampa meeting and delegates have been named to represent each school in the county. Delegates-at-large are: C. W. Iabill, W. A. Tougas, W. L. Sieg, B. E. Steel and R. E. True.

Representatives of Seminole High School at the meeting are: G. E. McKay and R. E. Gillespie; of the Sanford Junior High School, Miss Jane Eshon; of the Sanford Grammar School, Mrs. Frances E. Smith; of the Daryling Park School, Mrs. J. N. Nix; and Miss Mary Robertson; of the Orlovie school, Miss Margaret Harper; and Miss Lois Reddell; and of the Lyman School, W. J. Wells.

A complete program has been arranged for Mar. 20, 21 and 22 with educational leaders as speakers and the University of Florida Glee Club, directed by John W. DeBruyn, giving a concert on Thursday afternoon.

Among those listed as speakers are Governor Holland, Dr. C. W. Knudsen, professor of Psychology, University of Florida; Hon. R. F. Terry, president of the Board Members State Association; Colin English, Florida state superintendent of schools; and Dr. Romeo Quicke, professor and education of the teachers college of Columbia University.

To make reservations those who expect to attend are recommended by "The Journal" to write to A. K. Dickinson, director of the convention and courier bureau, Tampa or Mrs. Louise Hinkle, Seminole Heights School, Tampa. Registration begins at 1:30 o'clock Thursday afternoon at the Davis Island Coliseum.

## British Invasion Barges Disclosed

LONDON, Mar. 13.—(AP)—Britain has invasion barges of her own, it was disclosed today, and used them in last week's raid on the Lofoten Islands of Norway.

The press carried pictures of one of the barges bearing the names today commemorating the third anniversary of the amphibious landing on the island of the British.

## Was This You?

Yesterday's identification was Earl Varn, 1508 Palmetto Avenue.

At exactly 2:30 o'clock Wednesday afternoon you came out of the Triple "B" Groceries; turned to your right and as you passed B. L. Perkins' Men's Store, you spoke to Karlisle Housholder who was standing there. You then turned the corner by Touche's Drug Store and walked south on Magnolia Avenue.

You were not hat which fact made this "Hoving Reporter" notice your very attractive hair-do. You were wearing a light-weight, long white coat, tan shoes and brown and white socks. Your dress was of an unusual material and resembled to some degree a striped spring. You carried the office to match. You missed the office of Dr. J. L. Ingram where a local man wanted his glasses tightened.

Identify yourself at The Herald office before your name appears in this column. Privacy and respect are guaranteed to you. "Come Live With Me" marriage. Mrs. J. L. Ingram and James Stewart, at the Dix Theater next Sunday and Monday.

## HOSPITAL SHIP ATTACKED

ATHENS, Greece, Mar. 13.—(AP)—The ministry of marine asserted last night that an Italian bomber had attacked a loaded hospital ship last night "which already had been announced to the Italian government as such and was bearing the regular Red Cross sign."

## City News Briefs

The Brotherhood of the First Baptist Church will meet tonight at 7:45 o'clock at the church.

Robert Meyer of Wisconsin and Miss Carolyn Owen of Orlando, were issued a marriage license at the Court House yesterday.

A building project to repair the roof of a building at 1410 West Thirtieth Street at a cost of \$10 was issued to M. S. Coates at the City Hall yesterday.

## NAMED TO STAFF

PLANT CITY, Mar. 13.—(Special)—J. B. Porter, Plant City, has been named to the staff of Governor Holland. He received his appointment Friday.

TAVARES RENAMES MAYOR

TAVARES, Mar. 13.—(Special)—Mayor J. B. Prevatt was re-elected in the city election Tuesday, with Mrs. K. M. Lacey, Jerry B. Booth, Jr., and C. C. Thuberry as councilmen.

## HINDUS RESIST

BOMBAY, Mar. 13.—(AP)—Hindu Mahasabha, the third largest political party in India, decided yesterday on a campaign of civil resistance because of the refusal of the viceroy to secure Dominion status for India within one year after the war is over.

MILITARY ARRIVES

LINZ, Germany, Mar. 13.—(AP)—Adolf Hitler arrived here unexpectedly last night for the occasion today commemorating the third anniversary of the amphibious landing on the island of the British.

## Birthday Dinner Is Planned By Legion

Campbell-Lessing Post of the American Legion will have a birthday dinner party Monday at the hut on Lake Shore Boulevard. It was announced by Joe E. Field, commander. Refreshments and coffee are provided for the occasion and a birthday cake will be served.

Plans for the dinner are on at Forrest Gabel's Cash Grocery, 1000 E. Poy, and at the home of Mrs. E. E. Poy, 1000 E. Poy, and at the home of Mrs. J. L. Ingram and James Stewart, at the Dix Theater next Sunday and Monday.

## City News Briefs

## LOCAL WEATHER

Mostly cloudy tonight and Wednesday; light scattered showers in the southeast and central portions this afternoon and tonight; slight to colder Friday.

### Farm Aid, Eight Years Old This Month, Is Billion-Dollar Business

By ALEXANDER R. GEORGE  
AP Feature Service Writer  
WASHINGTON, Mar. 13—(AP)—American agriculture notes a landmark anniversary of the "revolution" in government aid to the farmer.

On Mar. 8, 1933, while debt-ridden farmers were rioting over mortgage foreclosures, sweeping milk and battling representatives of the law, President Roosevelt sent out a call for a national conference of farm leaders.

At that conference major farm organizations joined in recommending unprecedented action by the government to meet the agricultural emergency. Two months later, Congress enacted the first Agricultural Adjustment Act providing for crop acreage reduction and benefit payments to farmers.

Meanwhile, the farm revolt had reached a climax in conservative, agriculturally-rich Iowa. A crowd of 100 Hawkeye farmers dragged a district judge from his courtroom, put a rope around his neck and threatened to lynch him when he refused to swear he would sign no more foreclosures.

A few months later, a flood of Uncle Sam's money began pouring into rural mail boxes. These benefit payments amounted to \$181,000,000 in 1933, soared to a top of \$807,000,000 in 1939 and totaled \$766,000,000 last year. For the eight years the grand total of government payments to farmers is \$3,800,000,000.

The "new deal in agriculture" stirred a storm of controversy. Critics said the tremendous subsidies eventually would bankrupt the nation. Others charged that farmers were being regimented by a government moving toward "dictated collectivism." There still are reverberations of the political battles over Uncle Sam's "massacre of the pigs."

Some farmers voiced resentment at what they termed governmental interference with their business, while others expressed concern over the national debt. Acreage reductions and marketing quotas, however, were approved by huge majorities of farmers in referendums.

When the Supreme Court in 1936 invalidated the processing tax and production control provisions of the first AAA, there was an abrupt shift in the farm program. Congress enacted the soil conservation and Domestic Allotment Act providing for payments to farmers for replacing soil-depleting with soil-conserving crops.

THE droughts of 1934 and 1936 nearly wiped out crop surpluses but with the return of good weather in 1937 coupled with an increased acreage following the killing of the first AAA—aggregate production of 53 leading crops reached an all-time high.

Came the second AAA with its "ever-normal granary" program for storing surpluses and parity payments to producers of cotton, wheat, corn, rice and tobacco. Soil conservation was continued and crop insurance was provided for wheat.

Some progress was being made in reducing surpluses of major crops when the war and the European blockade came along to knock the bottom out of the farm export market.

The surplus bugaboo now is about as bad in cotton and wheat as it was when the "farm aid revolution" began. Despite a cut from 58,494,000 acres in cotton in 1932 to 25,000,000 acres in 1940, last year's surplus of 23,200,000 bales exceeded those of 1932 by about 700,000 bales.

WHEAT supplies are only slightly less than those of 1932 but the wheat farmer in 1940 was getting an average price of 65 cents a bushel compared with 38 cents in 1932.

Cash income from farm products had dropped from \$11,221,000,000 in 1929 to \$5,278,000,000 in 1933. In 1940 it was \$8,328,000,000, near the 1937 peak.

Increasing surpluses may lead to an expansion this year of governmental control over production and marketing. For the first time the Department of Agriculture is planning to invoke strict marketing quotas on wheat and corn. If the growers vote approval, farmers would be required to limit sales and feedings to department allotments or pay penalty taxes.

A sailor from the Norwegian freighter Olaf Beryh rides to safety in a breeches buoy as 19 of the crew of 23 are taken off the ship, caught on a sand bar 100 feet offshore at Ocean City, Md. The armed vessel was en route from Hull, England, to Philadelphia when blown aground. The captain and eight assistants remained aboard.

### Money Available For Building Of Homes Is Ample

WASHINGTON, MAR. 13.—(Special)—Once again, as during the past five years, the nation is approaching the Spring building season with home-building and financing facilities in accord with normal building needs, Federal Housing Administrator Abner H. Ferguson said today.

The Spring season of this year will be marked, Mr. Ferguson said, by a more abundant supply of mortgage funds, wider use of the long-term mortgage, and continued improvements in construction practices.

"Today there is a free and steady flow of mortgage funds from the centers of supply into communities where funds are normally scarce," attributed to the increased safety which is

now available to the home buyer and to the mortgage lender. The insurance protection and other safeguards placed around the insured home mortgage by the Federal Housing Administration are largely responsible for this change.

"The whole aspect of mortgage lending is changed today largely because of the reforms introduced under the National Housing Act. Home-financing charges have been reduced all over the country, and the uniform interest rate estab-

lished by the FHA serves to restore health and vigor to mortgage lending and, consequently, to the country's residential construction."

The improvements in construction practices which have come about in the past six years, resulting in better homes everywhere, may be regarded as one of the important developments in the building industry, according to Mr. Ferguson.

lished by the FHA serves to restore health and vigor to mortgage lending and, consequently, to the country's residential construction."

Men Wanted Signs Hung On Gates Of Defense Industries

By FREDERICK GARDNER NEW YORK, Mar. 13.—(AP)—The "Men Wanted" signs will be out on the employment gates of scores of new war industry factories destined for completion in the United States in the next 12 months.

the growing fighting forces. Through this re-arrangement effort, some analysts figure, the United States finally may be able to liquidate its unemployment. Projecting the trends, some estimate the jobless would be largely absorbed by the middle of next year, when defense output is expected to attain its peak under the present program.

OVIEDO

F. H. Bryant, assistant freight traffic manager of the Seaboard Air Line Railway Company of Portsmouth, Va., and A. M. Baker, district freight agent, of Orlando were in Oviedo last week.

Prince Paul of Greece

According to Athens reports, King George II is ready to abdicate in favor of his youngest brother, Prince Paul, as a prelude to an armistice in the Greek War.

LONGWOOD

The Longwood Club had the usual weekly dinner program and guests on Wednesday night. The club has now a membership of 102 members.

### Florida R.O.T.C. Gets Good Rating During Inspection

GAINESVILLE, Mar. 15.—(Special)—The University of Florida's 2,000-man R. O. T. C. corps received a rating of excellent, superior, or satisfactory on every standard in a recent routine inspection by Col. H. E. Bledsoe, chief of the R. O. T. C. affairs, Fourth Corps Headquarters, President John T. Heart announced today.

Excellent ratings were received on the condition and adequacy of equipment, adequacy and means provided by the institution for training for government property, and for precautions taken by

### 21 Graduates Of University CAA Join Air Corps

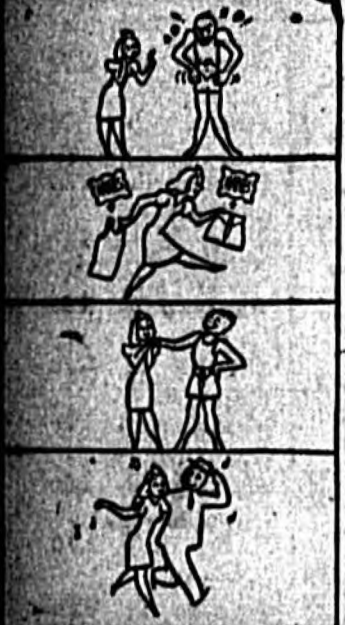

GAINESVILLE, Mar. 15.—(Special)—The University of Florida's Civil Aeronautics Authority training school has been the place of preparation for 21 men accepted by military air corps since the program's inception Dean Joseph Well, coordinator, announced today.

Nineteen primary graduates, one graduate of the secondary course, and a former instructor are now engaged with United States Army or Navy forces of the Royal Canadian Air Force.

Fred C. Nagel, Shreveport, La., a former instructor here, is now a flying officer of the R. C. A. F. while Harry Edwards, Gainesville, a primary course graduate, is receiving further training in Canada.

Accepted by the Army have been Leon Blizotes, Gainesville, the secondary graduate; and Paul B. Ash, Fort Lauderdale; William D. Carter, Jacksonville; Odell B. Culpepper, Ocala; Gordon W. Garner, Rudolph M. Mira, Tampa; Harvey H. Hartstein, Jr., Miami; David W. Pinkerton, Orlando; Richard W. Skelton, Bartow; and Leslie A. Towson and Richard G. Williams, Gainesville.

Primary graduates accepted by naval air forces are William B. Thum, James Davton Beach; Hugh B. Duval, Harvey Low, Marvill Jack G. Hamilton, Jasper; Edward K. Halsey, Clearwater; Rolando A. Hanon, Corwin F. Moran, Gainesville; and Robert St. G. Wilam, St. Charles, Ill.

—AND SO THEY LIVED HAPPILY EVER AFTER

George was short-sighted about fitting shorts. He bought smart-looking HANES broadcloth shorts, always double-checked the accurate sizes. Now both George and wife are happy. These popular garments are tailored generously full for your comfort. They won't cut or bind. HANES shorts come with either the new snap fasteners or with buttons, securely sewed. Try this comfort idea. Wear a HANES Underwear and the shorts—not tucked under.

### Solicitor General Speaks At Stetson On Law School Day

DELAND, Mar. 15.—(Special)—Barriers from all over Florida and the southeast who received their college training at the Stetson University College of Law will hear United States Solicitor General Francis Biddle, as the principal speaker for the institution Law School Day, on May 5, Dean Paul E. Raymond announced today.

Solicitor General Biddle has accepted the invitation to speak on the subject of the legal aspects of subversive activities in this country.

Biddle will read a list of prominent legal and business authorities slated to fill the program for the Law School Day celebration, a day set aside each year as a special Homecoming for Stetson law graduates.

The 55-year-old legalist, who has been solicitor general since 1939, has a record of judicial activities which includes service as a judge in the U. S. Circuit Court of Appeals, as private secretary to Justice Holmes, an outstanding record as practicing attorney in Pennsylvania, and special investigation work for the federal government.

university personnel to protect government property.

The organization, efficiency, and cooperation of authorities of the military department, and the desirability of the institution for the purposes of military education were superior, and the correctness of number and ages of students carried satisfactory to the inspector. No deficiencies or violations of regulations were found.

## Additional Society

### Event Calendar Is Made By Sorority

Final plans for the Girl-Break Dance to be given in the City Hall on St. Patrick's Day were made by the Phi Alpha Kappa sorority at a meeting of the sorority at the home of Miss Muriel Knox Tuesday afternoon. The next meeting will be with Miss Elizabeth Whigham and Miss Jean Whigham on West First Street.

Other business consisted in making out a calendar of events as follows:

Mar. 1, St. Patrick's Dance in the City Hall.

Apr. 15, South American Dance.

Apr. 25, Bridge party.

May 29, Junior-Senior Prom.

Miss Nancy Rosetter, above, has been elected head of the Stetson University Women's Council.

### Sanford Student At Stetson Heads Woman's Council

DELAND, Mar. 15.—(Special)—Nancy Rosetter, 23, of Sanford, will serve for the coming year as president of the Stetson University Women's Council, following an election by Stetson girls last Monday night.

Miss Rosetter, who succeeds retiring president Julia Ann Pennington, Indianapolis, is a junior and has an outstanding record of academic, religious and extra-curricular activities.

Election to a post in the council is considered a distinct honor by Stetson co-eds, due to the group's responsible position in the administering of women's rules and regulations. The new president is the daughter of Mr. and Mrs. A. K. Rosetter, of Sanford.

Miss Rosetter's associates, elected Monday, include Clair Brandies of Callahan, vice president; Eleanor Hillman of Orlando, secretary; Mary Mick of Philadelphia, N. J., treasurer; Jane Reese of Jacksonville, sophomore representative; Mary Helen Hill of Miami, representative-at-large; and Elizabeth Futch of Leesburg, sergeant-at-arms.

### County Home Visit Described To Circle

A report of the visit to the County home was given by Mrs. Ira Southward at the meeting of Circle Six of the First Baptist Church at the home of Mrs. Preston Sherrill on Monday afternoon with Mrs. Maxwell Stewart, co-hostess.

The Bible Study was taught by Mrs. J. J. West and Mrs. W. P. Brooks conducted the mission study. Mrs. W. L. Vance gave a talk on tithing. The Lord's prayer was prayed by the group in closing.

Refreshments were served by the hostesses, assisted by Mrs. J. T. Denton to the following: Mrs. Harold Hiers, Mrs. H. Leonard, Mrs. H. E. Morris, Mrs. W. P. Brooks, Mrs. R. E. Feurly, Mrs. Britton Johnson, Mrs. B. G. Methvin, Mrs. W. L. Vance, Mrs. I. E. Southward, Mrs. R. N. Ripper, Mrs. R. R. Gray, a visitor, Mrs. J. J. West, Mrs. Boston Steele and Audrey Hiers.

### New Smyrna Fair To Be April 1-5

NEW SMYRNA BEACH, Mar. 15.—(Special)—The second annual fair sponsored by the New Smyrna Beach Agricultural Association will be held April 1-5, it was announced today, and a bigger and better exposition than ever before is expected by officials.

Given under the auspices of the American Legion Post No. 17, the fair will have a large exhibit of agricultural products, advertising booths, and school exhibits. Business men are seeking to make the fair dates "old home week."

This year a popularity contest will be held among five of the most popular girls in New Smyrna Beach, it was announced.

### Germany Corners Half Of Europe's Supplies Of Coal

BYRLIN, Mar. 15.—(AP)—By occupying Poland, Holland, Belgium and northern France, Germany has become a dominating producer of one of the most essential raw products—coal.

The Nazi press estimates the country's present supply at 483,014,000,000 tons of hard coal, or more than half of the total estimated European deposits. Lignite is estimated at 35,001,000,000 tons or 80 to 85 percent of the world supply.

Germany's success in the war has "dethroned England as King Coal," the publication "Signal" commented recently, reporting: "For the last few years the German iron industry has increased its steel production to a point where it surpasses by 50 percent the steel production of England and France combined."

"New Germany's economic sphere has also come to the fore as far as coal production is concerned. Next to Germany and its occupied territories there is no noteworthy coal producer on the European continent."

Coal mining areas which fell to Germany were the Polish enterprises of East Upper Silesia, Krakow and Olsa, with a combined annual output of more than 50,000,000 tons; Holland workings producing 14,000,000 tons annually, and Belgian mines with an annual yield of about 30,000,000 tons.

Occupied France contains mines which will produce upwards of

### 7 Year Unbeaten Gator Swimmers Prepare For Meet

GAINESVILLE, Mar. 15.—(Special)—In seven-year winning streak in dual meets extended to 48 by wins in all three meets this season, the University of Florida's 1041 swimming team has its eyes set now on the Southeastern Conference meet May 20-22. The Gators have been conference champions for the past four seasons—ever since the meet was begun.

The great record proved a disadvantage to the schedule makers this year, and the only meets that could be arranged were with Emory, Georgia Tech, and Georgia. Coach Frank Genover's tankmen won by scores of 55-20, and 53-21.

The 10-man team looks for great competition, and possible defeat, at the hands of L. S. U. in the conference meet, and is working daily to stave off possibility of loss of the crown it has held so long.

Members of the squad, and their records in the three meets, are: Jack Youngblood, Tampa, junior, 31 1-2 points. Took three first in the 100 yard dash, two first and a second in the 50, and anchor-man of the free-style relay team to victory twice.

Sonny Welch, St. Augustine, junior, 30 points. Undefeated in the 20 and 440 yard free-style races.

Arthur Van Haven, Moline, Ill., sophomore, 26 points. Has three seconds in the 220; two thirds, one third in the 440; and a first and second in the breast stroke.

Roger Holmes, Jacksonville, sophomore, 19 points. Three firsts in the backstroke, a second and third in the 50.

Bill Van Cliff, Winter Haven, junior, 16 1-3 points. Two firsts, one second in the 100, member of medley relay team.

Dave Germain, Jacksonville, senior, 13 points. Two firsts, one second in diving.

Bill Reed, Jacksonville senior, 6 1-2 points, one third in the 100, swims on both relay teams.

Capl. Joe Rood, Bradenton, senior, 5 1-6 points. A top-flight sprinter or distance man, he has concentrated on the relays this year.

Harry Wanman, Miami, junior, 4 1-3 points. One third in the backstroke, member of medley relay team.

### Germany Corners Half Of Europe's Supplies Of Coal

BYRLIN, Mar. 15.—(AP)—By occupying Poland, Holland, Belgium and northern France, Germany has become a dominating producer of one of the most essential raw products—coal.

30,000,000 tons of coal for German disposal during the remainder of the war.

Total Nazi output during 1940 recently was placed by Reichsmarshall Goering at 600,000,000 tons "or half the world production." He pointed out the vast new deposits now under German control also constitute an unlimited resource of raw materials for the production of synthetic gasoline, oil, artificial fibers, fats and Buna rubber.

The defense Office of Production Management has handled more than 350 labor disputes covering more than 500,000 men since last June.
