MAKE NEW CONTRACT WITH SOUTHERN UTILITIES THAT SEEMS EQUITABLE

Injunction Suits To Be Dissolved; Service Resumed

REACH AGREEMENT

NEW RATES THAT WILL GO INTO EFFECT AND EXTENSION OF SERVICE.

The following contract has been entered into by the City Commissioners of Sanford and the Southern Utilities Co., and closes up all the outstanding indebtedness and the injunction suits and is a fair and equitable settlement and contract from every point:

WHEREAS, There has been some difference existing between the City of Sanford, Florida, and the Southern Utilities Company, a corporation organized and existing under the Laws of the State of Florida, with reference to certain claims and rights of each of said parties against each other, pertaining to the furnishing of gas, water, and light by the Southern Utilities Company to the said City of Sanford, and the inhabitants thereof, and

WHEREAS, There is now pending certain litigation to-wit, two suits pending in the Circuit Court of the Seventh Judicial Circuit in and for Seminole County, Florida, one of which is entitled The City of Sanford, etc., versus The Southern Utilities Company, a corporation, which is a suit in Chancery, brought for the purpose of obtaining an injunction against the defendant, enjoining the defendant from increasing its rates charged for electricity, and also one suit entitled The City of Sanford, versus The Southern Utilities Company, a corporation, the same being a suit in Chancery brought for the purpose of obtaining an injunction against The Southern Utilities Company, enjoining it from dismantling its plant, refusing to furnish electricity, etc., and

WHEREAS, After mature consideration and investigation and conference between the City Commission representing the City of Sanford and the Southern Utilities Company and its representatives, a basis for adjustment of all such matters and things has been arrived at

NOW, THEREFORE, THIS MEMORANDUM OF AGREEMENT is made and entered into for the purpose of preserving a complete and definite understanding of the arrangement and agreement and basis of adjustment by and between the said parties, and it is therefore agreed by and between the City of Sanford, a municipal corporation, party of the first part, and The Southern Utilities Company, a corporation organized and existing under the Laws of the State of Florida, party of the second part, that the following adjustment is and has been agreed upon for and in consideration of the faithful performance of all of the mutual covenants and agreements herein-after set forth.

FIRST: It is agreed by and between the parties hereto that the City of Sanford, through its proper authorities shall enact an ordinance allowing the Southern Utilities Company to make a minimum monthly charge of \$1.00 per month to each consumer of gas, and that an ordinance shall also be enacted providing and giving to The Southern Utilities Company the right to elect whether it shall charge its customers a flat rate or the meter rate for the use of water furnished to the inhabitants of the City of Sanford, Florida.

SECOND: It is understood and agreed by and between the parties hereto that The Southern Utilities Company shall be the acceptance of a duly enacted ordinance pertaining to the water rates, agree thereby to accrete all of the water

furnished the inhabitants of the City of Sanford, and to reduce the bill rendered to the City of Sanford, in the sum of \$592.50, by allowing a credit for lack of pressure in one month, in the sum of \$197.50.

THIRD: It is further understood and agreed by and between the parties hereto that the parties shall and will enter into a contract whereby The Southern Utilities Company shall be permitted to charge the inhabitants of the City of Sanford, Florida, for electricity used for lighting purposes, according to the following rates:

For the first 150 K. W. H. at 15 cents

For the next 200 K. W. H. at 14 cents.

For the next 250 K. W. H. at 14 cents.

For the next 250 K. W. H. at 12 cents.

All over 850 K. W. H. per month at 12 cents.

or at a special rate to be agreed upon between the Southern Utilities Company and the consumer with a minimum charge to each consumer of \$1.50 per month, and these rates are to remain and be in full force and effect for and during the remainder of the term of the present franchise, or until such time as towns of like size and character charge a lesser rate to their inhabitants for similar services, and it shall also be embodied in and agreed to in said contract that the charge for electricity for the same time and period for power purposes shall be as follows, to-wit:

For the first 250 K. W. H. at 9 cents.

For the second 250 K. W. H. at 8 cents.

For the third 250 K. W. H. at 7 cents.

And all over 750 K. W. H. at 6 cents.

THIRD PARTY TO BE LAUNCHED

Delegates To Committee of 18 Convene Saturday

New York, July 14.—Delegates from most of the eastern states to the convention of the committee of 18 filled a special train leaving here today for Chicago, where the first session of the convention to launch a third party will be held Saturday.

In a statement issued at the committee's headquarters here today, it was said the new party would emphasize principles rather than stress the choice of a candidate.

Killed By Lightning

Brooksville, July 12.—When lightning struck the school building at Enville, a few miles south of this city, on the Tampa Northern railroad Sunday afternoon, 1 P. M., a man and his 17 year old daughter were instantly killed and 12 others were knocked unconscious.

The people were just assembling for church when the bolt struck the school house, which is used for a church. The building was set on fire by the lightning, but was extinguished before the blaze had destroyed the building.

Yatts Will Not Convene The Florida Legislature

Pensacola, July 12.—Governor Catts has refused to call a special session of the Florida legislature to take action on the Federal woman suffrage amendment, it was announced tonight by local suffrage leaders. They said the governor contended such action would be useless.

The governor's ground for not convening the legislature as requested by the national convention of the Democratic party, is doubtless the clause in the state's constitution which prohibits the action upon a national amendment by a state legislature the members of which were already elected when the enabling resolution passed the national congress. This same objection was raised in the 1919 session, and if convened now that same body would be called upon to act. The members of the lower house as now constituted were elected in 1918, as was one-half of the membership of the senate.

POTATO GROWERS LOSE OUT

HASTINGS SECTION GETS POOR RETURNS FROM WHAT WAS SUPPOSED HIGH PRICES.

Potato growers who were caught by the February floods and had to replant were later overjoyed at the fine prospects around the middle of May of maturing a splendid crop. Prices were high and the situation looked exceedingly rosy. Then the rainy period set in, changing the entire situation. It now appears that those growers who shipped during the rainy spell sold out at unusually high prices and considered themselves most fortunate. Now comes the unsatisfactory part of the story in the returns which are beginning to be received. Some severe criticism is being heaped upon the commission houses in the north who seem to have taken advantage of the appearance of some rot in shipments to condemn entire car loads. Instances have come to light where some of the Hastings and Elkton farmers became suspicious of the reports of cars having to be dumped, and hastened to the cities where these cars were being unloaded, only to find that while there were a few spoiled potatoes in the shipments, on the whole they had been unloaded and marketed at a big price. One grower is said to have saved himself \$6,000 by a trip to a northern city.

The farmers of the potato belt are now beginning to plan some method whereby their shipments can be inspected and checked on arrival at destination so as to prevent a recurrence of this season's very unsatisfactory procedure.

It should be explained, however, that this trouble developed only during the last few weeks of the season, when the first rot began to show itself, following the late May rains. Those who shipped early experienced no trouble whatever in getting cash returns for everything that was sent to market. In this connection the following from the Bunnell Tribune indicates that the Flagler county farmers have been up against the same a d d y method of doing business:

"There seems to be considerable dissatisfaction among the potato growers in Flagler county owing to the fact that but very few of them have been able to obtain settlement for their consignments, and the many instances of returns being even below the cost of the barrel in which they were shipped. The Tribune has received the information that there are a number of growers who have lost big sums of money on a crop that sold for prices far beyond the wildest dreams of growers, and that the method pursued by the purchaser or consignee who was presumably the purchaser so far as the means of almost if not entirely discouraging the farmers of this section from again trying the cultivation of this crop here. We have employed a man for this purpose of gathering the data on this subject and hope to give some detailed information in our next issue."

EXPRESS ROBBERY SOLVED

MESSENGERS ARE ARRESTED FOR ALLEGED FRAME UP ON COMPANY.

Gainesville, July 14.—Four arrests have been made in connection with the robbery of Coast Line train No. 39, Friday, the latest being former Express Messenger Dukes. He was arrested in Jacksonville at 2 o'clock Sunday afternoon for complicity in the affair. Messengers Holder and Wornack had been previously arrested, as well as Rosie Allen, negro char coal, as well as Rosie Allen, negro assistant to Holder. Dukes was charged with the robbery of \$2,205 from the express car. It is said that Holder and Wornack have confessed their connection with an alleged frame up, implicating Dukes.

When the negro assistant when examined by A. C. L. Superintendent Hunsel, said he saw Holder and Dukes in conversation in Jacksonville the day of the robbery. The engineer of train No. 39 said he saw Dukes get on the express car at Kings road, just outside of Jacksonville. The engineer of train No. 10 says Dukes rode his train back to Jacksonville, getting on at Baldwin, near the scene of the robbery.

According to information gathered from the testimony, the robbery had been planned for Friday, July 2, but there was evidently not enough money in the express car on that date.

When arrested Holder said the train had just left Baldwin when the door was suddenly opened and a voice commanded "hands up". The robber then cut the heel and brake cords and secured his wrists behind him. One cord being wrapped around his wrists, one around his legs, and another around his neck and fastened to the frame work of the car. The bandit then took the messenger's keys and opened the safe said "so long" and jumped from the car. He says the robber left the train just as it pulled out of Mattox.

He yelled, but failed to attract the attention of the train crew until the train reached Raiford. This car runs from Jacksonville to Parry, and at Raiford a helper is picked up. Holder stated that at Raiford the negro helper found him bound. He told him to run and get Wornack, who was in the next car. It was stated that Wornack rushed to the car and cut Holder loose, signaling the train to stop and reported the matter to the conductor. The messenger gave the following description of the robbery: "A low, chubby fellow wearing a light suit and straw hat. He said a blue steel pistol, not an automatic, was carried by the robber."

Wornack says he knew nothing of the affair until he heard the negro helper at Raiford. Wornack says he was raised around Alachua. He is 25.

According to a check on the funds it was learned that \$5,205 in currency was taken from the safe while \$5,000 in silver had not been touched. The money was consigned to firms in the western part of Alachua and Taylor county as pay roll funds.

The chef responsible for this wonderful collation is Victor Terpin who of course is French and knows his business, oui, oui.

After the last vestige of the unappetizing banquet had been cleared away President Miller arose with great difficulty it was noted and speaking with a voice full of chicken and dressing he stated how happy he was to see so many boosters present and to note the way in which they had attacked the food and the other problems of the day. He aroused great enthusiasm by stating that the feeds would be given at the same place once each month by the Board of Trade and he felt quite sure that they would prove popular. He then asked that the men who had something special for the good of Sanford to get up and "go to it" which caused E. T. Woodruff to dive in on the waterways which is a subject dear to Mr. Woodruff's heart and he told in a few words the great benefits to be derived from the inland waterways and what Jacksonville and other cities were doing and had done in this matter.

Co. Meets City Commissioners Half Way MADE GOOD OFFER

AND SHOULD BE ACCEPTED BY COMMISSION AND THE MERCHANTS.

Sanford will have her White Way this winter if the present plans of the City Commissioners and the Southern Utilities Co., can be carried out and the material can be obtained and sent here in time. This much was deduced from the meeting held last night by the City Commissioners with the representatives of the Southern Utilities Co., on the question of rates the settlement of same being given in another part of this issue.

Mr. Huston, the chief engineer of the Southern Utilities Co., with Manager Morris of this city and Attorney W. B. Crawford of Kissimmee met with the commission and City Attorney Herring and former city attorney Cary D. Landis of DeLand who having started with this weighty matter is desirous of finishing it.

On the question of rates the matter of the White Way was brought up and Mr. Huston very generously offered to put up half of the cost of the White Way posts and all the equipment necessary for the installation of fifty posts on First street and side streets if so designated the matter of the selection of the posts to be left to a committee of the Womens Club, the City Commission and the Southern Utilities Co.

Mr. Huston also agreed to furnish the current at a rate to be designated when the agreement can be reached and which will be low enough to induce all the merchants to have the White Way installed. The company also agreed to take the street lights that are now on First street and to distribute them over other parts of the city in the same proportion thus lighting up the city in better style and manner that has ever been done before. This is a very good offer on the part of the Southern Utilities Co., and will be accepted by the City Commissioners and if the folks here will get busy at once this White Way can be installed by the first of January at the farthest depending of course on the speed with which the materials can be moved. It means much to the city of Sanford and should be pushed to completion.

Will Wrestle in Orlando

Under the auspices of the Business Men's Club will be staged Friday, July 16th, at the Lucerne Theater a high-class tournament of wrestling and boxing.

The main features of the tournament will be the wrestling match between Andy Link and Collie Biggers who will work for the best two out of three falls. Andy is a local boy, being one of the Link Brothers, owners of the Palace Cafe. He is looked upon as one of the best wrestlers in his weight in the State.

The main boxing event of the evening will be between Ed. Douglas and Jack Joiner, who will go it for six rounds. Douglas is some kid with the gloves, having met and sent to their Waterloo such men as Jimmie Conway, of Savannah, Jake Abel, of Atlanta, and Young Wallace of New Orleans. However, Joiner is no novice with the gloves and his supporters say he will give Douglas more than a run for his money. At any rate lovers of clean sport will see a bout worth their admission and they can best pick the winner by being present.

Other event on the program will be matches for batonweights, four rounds, featherweights, four rounds; light weights, four rounds; welter weights four rounds, (colored). The ladies are especially invited as only clean sport will be permitted. —Reporter Star.

THE BOARD OF TRADE LUNCHEON FRIDAY NIGHT WAS GREAT SUCCESS

Over 1 Hundred Guests Sat Down To Feast AT VALDEZ HOTEL

AND WAS MOST ENJOYABLE AFFAIR IN EVERY WAY.

The Sanford Board of Trade get together meeting at the Valdez Hotel last Friday night was one of the best of the kind that has ever been

staged in Sanford. There were over one hundred members and guests sat down at the long banquet tables when the dinner hour struck and the dining room of this fine hotel never looked more beautiful being especially decorated for the occasion.

Hardly had the crowd been seated and Dr. Walker of the Methodist church asked the blessing when the doors of the dining room flew open and from that time forward there was a steady stream of waitresses and viands coming and going and from the chicken consommé, to the ice cream and coffee and cigars the

Weather And Crop Conditions In Florida For The Week Ending July 13 1920

Temperature. Temperatures were mostly moderate during the week.

Precipitation. Rainfall was light to locally heavy. It was very well distributed. Some of the weekly totals, inches and tenths were: Jacksonville, 1.5; Lake City and Live Oak, 1.3; Crescent City, 1.1; Satsuma Heights, 2.4; Orlando, 2.0; St. Leo, 1.5; Ft. Myers, 2.5; Maitland, 2.3; Tampa, 5.0; Blountstown, 2.2; Monticello, 1.6; Madison, 1.0; Quincy, 2.7 and Pinellas Park 2.4.

Condition of Crops. The showers and moderately heavy rains were mostly beneficial. Locally heavy rains were unfavorable for some cotton, but as a rule more good than damage was the result of the week's rainfall. Corn, as a rule, made substantial improvement, the prospect of that crop is gratifying. There are, however, local areas, where the corn crop is below the average, mostly from dry weather. Late corn shows general improvement over most of the state, being less decided on high lands. Cane responded favorably to the copious showers, and the general condition of the crop is gratifying. Peanuts, sweet potatoes, the small areas of rice and cassava, and peas generally advanced during the week. Citrus trees are generally in good condition, and the fruit is holding very well; some complaint is made of canker, but the trouble is not widespread. Cotton is still small, and some lost fruit during the week. The weevil is reported from all sections of the belt.

Montgomery, Ala. July 13.—On the report of a United States health officer stationed at Pensacola, Fla. State Health Officer S. W. Welch tonight ordered Dr. F. W. Derschimer of the state board to Dothan, Ala., to investigate a suspected case of bubonic plague.

Dr. Welch announced at a late hour tonight he would go to Dothan early tomorrow morning upon the same mission, his information from Pensacola being to the effect that a Dothan physician reported to the United States office the discovery of a case that bore symptoms of the disease. Disinclined to believe that the disease was as reported, Dr. Welch announced that a thorough investigation would be made at Dothan.

MAKE NEW CONTR'CT WITH SO. UTILITIES

(Continued from page 1)

and agreed by both parties hereto that said contract shall provide that said White Way shall consist of 50 White Way light or lamp posts, and that the cost of purchase of such posts, and their complete installation in the streets of the City of Sanford, shall be borne by the City and by The Southern Utilities Company, and that when so installed, the ownership of said posts shall be a one-half interest owned by the City of Sanford, Florida and a one-half interest owned by The Southern Utilities Company, and it is understood that said contract shall provide that The Southern Utilities Company shall take and remove all of the present street lights which cover the territory of the streets that are to be covered by the White Way and remove these lights to other portions of the City, and there install the same lights or other lights equivalent in candle power, which removal and re-installation shall be at the cost of The Southern Utilities Company, and said lights shall be located in accordance with the directions of the City Commission representing the City of Sanford. It being further understood that the character and kind of White Way lamp posts to be purchased and installed shall be mutually agreed upon by and between the City Commission of the City of Sanford and the Southern Utilities Company, and that the orders for the White Way lamp posts and other material for their installation shall be given and made not later than September 1, 1920.

FOURTH: It is further understood and agreed by and between the parties hereto that the contract to be entered into by and between the parties hereto shall provide that The Southern Utilities Company shall accept the sum of \$2,023.51 in full, final and complete settlement of the electric light furnished to the City of Sanford for the said months of November, 1919, to May, 1920, inclusive, thereby allowing a deduction on said bill for lack of service in the sum of \$871.48.

FIFTH: It is further understood and agreed by and between the parties hereto that upon the consummation of the various matters and things in this final and complete adjustment, the City of Sanford shall pay to The Southern Utilities Company the amount of \$2,023.51 in full of the bills rendered to the City for the months of November, 1919, to May 1920, inclusive, and shall also at the same time pay to the Southern Utilities Company on outstanding warrants held by them, approximately the sum of \$2,500.00.

SIXTH: It is further understood and agreed by and between the parties hereto that The Southern Utilities Company shall by its contract herein provided for, agree to and with the City of Sanford to make no charge to any of the inhabitants of the City of Sanford for the consumption of electricity for the month of March, 1920, and that in the event said March bills have been rendered and paid, that said persons so having paid their bills shall be allowed a credit either on prior unpaid bills or on subsequent bills, it may be allowed in partial payments on three subsequent months, the total allowance of credit however, to amount to a sum equal to the amount of the March bill, and in event that the March bills of any citizen or inhabitant is not paid, that this bill shall be entirely cancelled.

SEVENTH: It is further understood and agreed by and between the parties hereto that The Southern Utilities Company hereby does agree to extend the present water mains in the City of Sanford on Park Avenue from Ninth Street to Central Street within twelve months from the date of the signing of this contract, and that such extension shall be made of six inch pipe for a distance of 1300 feet of the extension, and of four inch pipe for the balance of such extension, and that four hydrants shall be placed located and installed on said extension, and that each hydrant shall be supplied with a six inch hub connection wherever the hydrant is connected with a six inch pipe or larger the location of which hydrants is to be mutually agreed upon between the City Engineer and The Southern Utilities Company, and The Southern Utilities Company agrees to replace the present Orlando type of hydrant within twelve months from the signing of this contract, and that when the extension above mentioned is completed and the hydrants installed the charge for all hydrants shall be fifty dollars per year in accordance with the present contract existing between the parties hereto.

EIGHTH: It is further understood and agreed by and between the parties hereto that the City of Sanford shall dismiss all litigation now pending against The Southern Utilities Company with the understanding that said litigation shall be dismissed in such a manner as that in the event of the failure of this compromise adjustment being carried out by either party that said litigation may be re-instated without prejudice to either party.

NINTH: It is further understood and agreed by and between the parties hereto that should any of the above terms of adjustment not be carried out by either party hereto that then the entire contract and agreement of adjustment fails, and each party shall be re-instated and restored to original rights, the same as if nothing had been done by various matters herein contained.

TO STOP PROFITEERING

Miami Women Go To Federal Agent With Their Troubles

Earnest Miami women who have been harassed by high prices and worse still, by the consciousness that they were being gouged by profiteers, have a means now of proving to themselves whether they have been actually swindled or whether the seeming too-high prices are not the outcome of any local profiteering.

This opportunity is given them through the presence in Miami of a federal agent whose business it is to run down reports of over-charging and investigate prices that are reported to be unreasonable or unfair.

Mr. Howe's office is in the federal building and he is desirous of doing all that can be done to eliminate over-charging and investigate prices that are reported to be unreasonable or unfair.

It must be remembered, however, that the only way that Mr. Howe or any federal agent engaged in this anti-profiteering work, can get results is through the intelligent co-operation of the people, especially the women, who buy supplies. When you are over-charged, or think you are over-charged, carry full data to the federal agent, and find just what the trouble is. It may be your own misunderstanding, or it may be an unintentional mistake of the dealer.

One thing is certain, the honest merchant welcomes these investigations. He is not making unreasonable profits and he is glad to have his customers see his invoice lists and understand his efforts to do business in a fair way and an honest way.

Sanford Wins

Smith pitching for Sanford held the Baptist General Assembly team helpless today and Sanford by hitting the ball hard won Score 16 to 1. Smith besides fanning fifteen men in seven innings drove the agate over right field fence for a home run. The first eight men up in the first part of the game were put out on three strikes each by Sanford's hurler.

Over Niagara In a Barrel

Niagara Falls, July 12.—River men are patrolling the gorge below the falls today in the hope of recovering the body of Charles G. Stephens, the Englishman who attempted yesterday to go over the falls in a barrel. Pieces of the barrel continued to float ashore until nearly midnight. It was impossible to tell which part of the casket gave way first under the force of 158 feet drop and pounding of the water.

Boby Leach, who has successfully made the trip gave it as his opinion the barrel was too light in some parts. Leach warned Stephens before his start, he was doomed to failure, but the Englishman was confident his casket was strong enough. A steel barrel is the only safe kind, said Leach and if I can have one made by July 25, the anniversary of my last trip, I'll duplicate it.

SECOND HALF OPFNS GOOD

Now that the misery that the local fans have been going through the first half is over and the thing all settled into the second half we all sincerely hope that between now and Labor Day the Feds will win enough games for us to keep right up around the top.

Sanford ended the first half this past Monday by dividing a double header with St. Pete, and tying up with Orlando in next to the bottom.

We should make a creditable showing in this second half with the eight that we have now. We are entitled to be a little weak yet in the pitching staff but we believe this will be overcome or at least tipped a lot when "Little" Chapman again on the job.

But—the biggest item that the local club is going to have to come up with is that same old question of finance. It is going to take pretty big money to run the second half as it did the first and unless all the good fans come across with their share it is going to mean that the same old ones will have to go deep in their pockets and sooner or later they are going to get tired.

A drive is being made now to raise enough money to carry things up to the end of the season, and so far, the names of the donors, as they are being in, show the same old ones. There are plenty of men that are not giving a nickel in the second half that should give now. It is just as much to their interest to come across as it is to any one, as the thing is not run as a paying business, but something for the fun of it. There are plenty of men that are not giving a nickel in the second half that should give now. It is just as much to their interest to come across as it is to any one, as the thing is not run as a paying business, but something for the fun of it.

Remember then Sanford fans, to keep your hand going it takes money and if you are not able to give any amount give what you can, and then all things come out to the fans, we need you there.

CELERY SEED

EDITED BY CHAS. L. BRITT

Well we are off for a new start. And this time we hope for a better luck.

So far Tampa hasn't lost a game. Now we wonder if they think they are going to get the second half.

Talking about Tampa, every game they win from Sanford in the first half was close and some of them certainly were. This second half the Feds are liable to turn the tables on them.

Crows at the ball park are picking up quite a bit. This is as it should be because the local club has got to have money to work on.

And there are quite a few people of this town who have given nothing towards base ball this year except a few cents at the gate. If they don't give more they can't expect to see any good ball.

The board of ball that our team has been putting out these last few weeks is the best ever. It is better than any of the games in the city and it is every day's work to get it to be in line on you will never find it getting sixty-five cents.

If you should strike a bad day and the team has an off day and you don't get your money worth remember—there will be a lot of people in the stands that have donated several hundred dollars towards the team. If they see good sports and don't applaud, why should you.

The Pace For The Cup

Sandy Hook, N. J. July 15.—Resolute, defender of the America's cup, withdrew from the yacht race today after she parted her throat halyards which support her main sail while leading Shamrock IV by about a half mile to the turning point in today's race of the 1920 series. Although her sail skipper and half-way down her mast, her skipper Capt. Charles Francis Adams, kept on sailing.

Resolute turned the outer mark at 2:52:34 headed back for the finish a run of 815 miles, with her two

head sails drawing. Her club top sail swung helplessly, with her crew meanwhile made every effort to replace the broken rope.

Turning the mark at 2:52:40 the Shamrock passed the almost sailless Resolute at 3 o'clock.

Shamrock IV, challenger for the America's cup, kept on to the finish after Resolute had broken her halyards. If the challenger does not herself withdraw and finishes within the six hour time limit she will be today's victor.

Manager Gafney and Vice President Spencer of the Sanford team were in Daytona last night after McCulloch. Gafney is easily one of the best ball players in the league and chief backer of the Celery Feds and his title as premier batsman is well earned. Mr. Spencer is one of the real baseball enthusiasts.—Daytona Journal.

The Islanders, has signed up with Sanford and he will prove a valuable man to the Celery Feds. McCulloch is one of the fastest and best shots in the league, and his weakness at the bat is the only reason Daytona let him go. He is also a fine boy—a gentleman all the way through—and has made a host of friends among Daytona fans whose good wishes go with him.—Daytona Journal.

East Coast Ball Club

Pt. Pierce July 14.—An all-home-organized baseball team is being organized for Pt. Pierce and proposes to show the people here some real stuff in the line of the national sport. The first game of the new aggregation is scheduled for Thursday afternoon, when it plays Oklawaha on the local diamond. Other games will be arranged from time to time.

While the new team is not designated as a competitor of the league regulars, its supporters believe they can after a little practice, put up

some playing that will just about equal anything seen on the local field this season. Several members of the team were former players on the regular lineup. There are some 25 to 30 men to pick from and just what strength and ability he dominant in this aggregation remains to be developed. Some of the men have fine amateur records.

Tunis Agricultural State.

The regency of Tunis, having its northern Mediterranean front in the same latitudinal position as the State of North Carolina and the North Carolina, supporting an estimated population of 2,000,000 on an area of about 200,000 square miles, is essentially an agricultural country, deriving its wealth from farms and mine.

Superstition Concerning Diamond.

The losing of a diamond is considered, apart from its material value, an omen of mis-fort. To be efficacious as a talisman the diamond should have been freely and never sold but never covered and never taken to be found or lost.

ELKS HOLD BANQUET AT VALDEZ

SANFORD LODGE SHOWS CANDIDATES JUST WHAT ELKDOM MEANS.

The Valdez Hotel was again called upon to play host to a bunch of hungry men on Wednesday night when Sanford Lodge of Elks invaded the dining room and with over one hundred members present sat down to one of the famous Valdez banquets.

Eight candidates were carried across the burning sands at the lodge room earlier in the evening and accompanied by the members of the lodge were escorted to the Valdez where they were enabled to enjoy the comforts and cooling shade of the oasis.

George DeCottes acted as master of ceremonies and there was something doing every minute. At every plate was a "popper" furnished by the Yowell Co. and also nickel plated whistles and those noise makers helped to make the speakers feel pleasant when they arose to address the assembled herd. Of course the candidates were all called upon to express their opinions of Elkdom and in this way they were assisted by good talks by George DeCottes and William Shelley and other "older Elks" who had been there many years before.

The menu was all that could be desired from fruit cocktails in which there was too much fruit to the dead taste of safe milk and of course chicken was the "piece de resistance" for all good Elks like chicken. The candidates were rather nervous throughout the banquet and ate rather sparingly as they felt that "something was in the air" as Doctor Ralph Stevens said when he was called upon to speak his piece and whatever it was fell out of the air.

Some of the candidates before the evening was over were talking to the Elks with glee. The evening was enlivened by songs and music of all kinds with tenor drum and bass drum solos by Willie Connor, Paul Biggers and Dr. J. C. Sherman King sang several beautiful songs and the Irish Trio of the Sanford Ball Club rendered the "Rose of Shannon". There were stunts of all kinds and fun galore and as usual the crowd left with the feeling that Sanford Elks were the greatest lodge on earth and the Valdez Hotel is the finest in the state.

Exalted Ruler R. C. Bower, secretary, Householder and their full staff of officers are to be congratulated upon pulling this big one Wednesday night and making the boys feel that Sanford is full of her old time "pop" and even though a "summer time" there is no dull time in this city as long as the Elks hold sway.

The Second Half Starts

The second half of the Florida series in organized baseball started Tuesday, the 13th. It is full of promise for the "fans" of Florida fortunate enough to have scheduled games.

The people of this city are proud, of course, that the Tampa team leads all organized baseball teams in the percentage of games won. It speaks volumes for the efficiency of the team, the loyalty of the members, and the work done by the club managers and owners. But not the least does it speak out the fine feeling of Florida and Southern training, and the climate of Florida as a stimulus for real ball playing. The Washington Americans, now playing in fourth place in their major league trained in Tampa, and Manager Clark Griffith declares they are coming "back next season because they left Florida in fine form." The Washington club also recognized the worth of Tampa players, raised and trained under these conditions, and brought from us Workmen, who did such fine work for Tampa in the long stretch of wins we pulled to our credit.

We congratulate the entire league membership. It is fine ball, clean ball, they are playing and the bats will be a royal one from now to the end, in September, for the pennant. We would be proud to see Tampa win the second half, of course, but we would rather see some other team win it by a close margin, and that team and Tampa contend for the post-season honors, and Tampa come out winner, for our boys deserve to win.

news print paper situation has not
improved any and it looks like hard

can be obtained anywhere it will be
obtained by the Herald for Sanford's

Governor Catts is still "firing" and
"hirng" them right and left. The
governor believes in action and the
office has had but few dull moments
since he was elected.

Harding, the Republican nominee,
believes in a "front porch" campaign,
Cox, the Democrat nominee be-
lieves in a Pullman car campaign and
Debbs, the Socialist candidate be-
lieves in a "front cell" campaign.
You can take your choice.

Sanford's new hotels are giving
the city a fine reputation and many
travelling men come here now to
spend their Sundays. With the big
tourist hotel that will soon be built
Sanford should be able to take care
of hundreds of new people next
season.

Suppose candidate James M. Cox
should come to Orlando. And we ex-
pect he will come as he has probably
heard of the twenty foot banana
tree. But suppose he comes, where
will we give him a banquet? Or
even a swell dinner? Everything
seems to be pushed out in the eating
line. Orlando Sentinel.

If you can't entertain him down
there bring him to Sanford and the
hotels here can take care of the
crowd, and give him a swell dinner
at any time.

Golf experts who have been here
say that there are several spots
around Sanford that offer the best
locations for golf links in the state
and if these lands can be purchased
at a reasonable figure the golf links
can be assured. It takes money to
make good golf links and since the
home people will have to build
them it behooves the people with
land available to make a reasonable
price on this land.

There are some of the finest res-
orts in the state in and around
Sanford in the nature of cool shady
springs, clear water lakes, flowing
crystal rivers and shady dells. And
then if you want a dip in the surf
there is a good road to New Smyrna
and Daytona on the ocean side and
to the gulf on the west side. There
is no need for Sanford people to go
out of the state unless their systems
need a decided change in environ-
ment.

Editor Naugle, of the St. Peters-
burg Times, was held up on the
streets of Akron the other day, and
relieved of \$300 and a gold watch.
There is much speculation as to how
an editor chanced to have that much
money, and Mr. Naugle is being
made the target of much good-
natured persiflage. Florida editors
as a rule are prosperous, but when
they go into the camp of the North-
ern Philistines they outthit to carry
any more wealth than what is needed
to get by with. Our northern friends
accuse us of robbing them when
they come down here, but at least
we do the job in a genteel way, with-
out using such crude and martinet
methods as were used on Friend
Naugle. Lakeland Telegram.

BEST EQUIPMENT
The greatest gift that the al-
mighty God can give to any man in
public life is to permit him to come
into the world under circumstances
which enables him to know the life
status of the man who works. Pro-
vidence was good to me. It was my
high privilege to come through the
ranks. I know the torments of the
boy who is without funds, and I
know his anxiety as to how he will
get an education that will help him
achieve his ambitions. If nomination
means election, I will take to the
White House the best equipment for
a man in public life--experience in
the ranks with those who toil--
Governor James M. Cox, Democratic
candidate for president.

Bishop, who has been seriously ill.
During her residence of several
months here she has made a large
number of friends to join in the
felicitations of the moment. Mr. De-
Cottes was nominated for district
attorney at the June primaries,
winning over David Sholtz, the
present incumbent, who is also an
excellent attorney, and popular man.
The two victories for the Sanford
lawyer would indicate that he is
successful because he deserves it. Both
he and his charming bride begin
their new life together under the
most happy surroundings. Daytona

Chief Speer and the entire police force are sporting jaunty new caps and in a few days will come out with their new summer uniforms. Our police are all good looking and make a fine appearance at any time but with their new togs they will be some nifty officers.

N. L. Bauman representing the Diamond Tire Co., was in the city yesterday calling on the local trade. Mr. Bauman is a Sanford booster and says that our hotels are now up to standard and exciting most favorable comment everywhere.

Arthur Yowell of the Yowell Co., has returned from a trip to New York and other markets and reports the north as being in a most prosperous condition with many people talking of coming to Florida for the winter. It was not as cool in New York as it is in Sanford and Arthur was glad to get back home.

The corner store room of the new Welaka Block on First street has been rented to W. E. Walthall and H. G. Deiterich for a show room for automobiles and trucks. Mr. Walthall is the agent for the Hudson and Essex cars and Mr. Deiterich for the Ranger cars and trucks. This room is ideal for a display room.

Mr. and Mrs. Reginald Holly of Palmetto are the guests of Mr. Holly's parents, Mr. and Mrs. R. J. Holly and are receiving the congratulations of their many Sanford friends having been married at Palmetto several weeks ago. Mr. Holly expects to go down the east coast to buy fruits and vegetables and Mrs. Holly will remain here for

some time. The house that stood at the corner of Palmetto and Commercial street for many years is being moved to a lot across from the Lincoln Hotel on west First street. The house is one of the old landmarks on the lake-front and is exciting much comment as it takes it way down the main street of the city. The house is being moved under the supervision of C. A. Reed.

The many friends of Mr. and Mrs. Floyd Palmer will be pleased to learn of the arrival of a little daughter in their Iowa home on Sunday. The little lady will be called Carlin Gretchen. Mrs. Palmer was formerly Miss Olga Schultz.

Odd Fellows Attention:

For information that will enable me to find E. E. Evans or proof of his death. His signature needed on valuable papers. H. REDGRAVE. 48-1tc

To Visit Europe

Among the important summer trips planned by Sanford folks, is the visit to relatives in England of Mrs. A. E. Hill and Mr. and Mrs. T. W. Jones. They will leave here on the twenty-fifth via the steamer to Jacksonville and New York and thence to England. Mr. and Mrs. Jones will be the guests of the former's relatives in Kent and of the Cleary relatives of Mrs. Jones in Surrey. Mrs. Hill is going also to Kent and will visit in Folkestone and Fish-on-Sea. During her absence she will make a tour of France. Upon their return to this country Mr. and Mrs. Jones will be the guests of Mr. and Mrs. John Maurier on Riverside Drive, New York, after which they will come back to Sanford to reside.

It has been twenty-five years since Mrs. Hill last visited the old country and nine years since Mrs. Jones, as Miss Cleary, ceased to this side to become the bride of Mr. Jones. All three are looking forward with joyous anticipation to the renewal of old friendships and relatives. They expect to be gone four months.

Rev. Fagther J. J. O'Riordan will leave New York, July 31st via the Ancor Line, direct to Ireland. He goes to the City of Cork for a three months vacation in his home town and among the home people and also anticipates a joyous re-union. Father O'Riordan is a splendid booster for America, rejoicing in the glorious liberty and freedom of the country of his adoption. He will spend three months in Ireland, and will return to Sanford and resume his duties in October.

With Mr. Ogilvie, principal of the Sanford schools, in Scotland, there will be a representative group of Sanford people enjoying their vacations in Europe, this summer. Their many friends here wish them bon voyage, a good time and a safe return.

In Memoriam
In the afternoon of June 20th, 1920, Alexander Kinchen Powers, died at Wilmington, N. C., as the result of being shot, at Wallace, N. C., Saturday night, June 13th. Major Powers was a native of Pindar County, North Carolina, and came to Tallahassee in 1909, where he was married to Miss Onia Zachary, Dec. 21, 1909. In 1912, the family moved to Sanford where they have since resided. He graduated from the Baptist College at Wake Forest, N. C. with highest honors and began the practice of law almost immediately. He was born March 15, 1884, his parents being Kinchen and Marie Faison Powers. During the incumbency of Gov. Kinchen of North Carolina he served as major on the governor's staff. He was also a great-nephew of former Gov. Mosely of Florida.

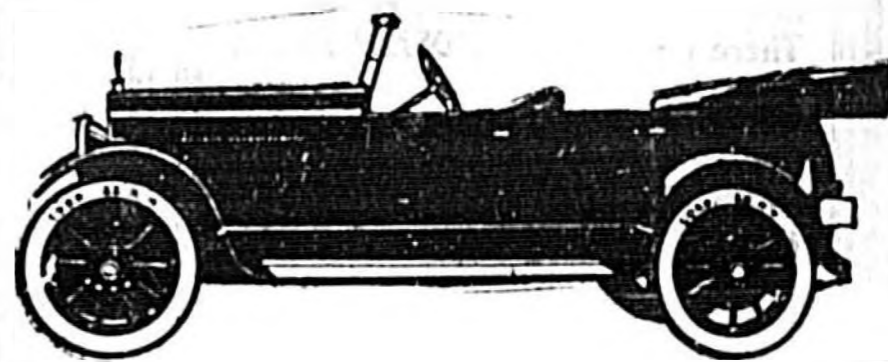

Major Powers possessed an unusually fine character. He was honest from principal and not from policy and he brought to his profession all the energy of a conscientious discharge of duty and to his adopted state the fealty and loyalty of a worthy son and subject.

But it was within the circle of his home and family where his virtues shone the brightest, and while it is not our province to enter that privacy, we can but say that he was a devoted husband, a kind father and a true friend and those who were in sympathy with the kindly feelings of his heart and loving disposition knew him in his true character.

He leaves a wife and two children Kinchen and Maria, a mother and two sisters, the Misses Virginia and Mary Lou Powers of Wallace N. C. who with a multitude of friends, deeply feel their loss in this sad bereavement and now—

"Our heart, like a bruised reed is ready to be broken." A Friend.

A FAMILY CAR

THE LEXINGTON IS TRULY A FAMILY CAR. ANY MEMBER OF THE FAMILY CAN DRIVE IT WITH EASE. IT WILL GO ANYWHERE YOU ASK, WHETHER IN CONGESTED CITY TRAFFIC OR ON ROUGH COUNTRY ROADS—YOU NEED TAKE NO ONE'S DUST.

WHEN YOU DRIVE A LEXINGTON YOU MAY FEEL THAT YOU'RE JUST A LITTLE BETTER OFF THAN THE OTHER FELLOW

We have had the Lexington agency only five months, a part of the time, not being able to secure cars, but have sold and delivered fourteen, several of these owned by Sanford citizens. You can ask any Lexington owner about the Lexington, and he or she will tell you that the LEXINGTON is the only car that they ever intend to own. We can show you today LEXINGTONS that have run 1500 miles, that have the original tires, which show very little wear, and as far as up-keep is concerned, has been practically nothing.

NOW IS THE TIME TO GET YOUR LEXINGTON. WE RECEIVED LAST WEEK ANOTHER CAR LOAD AND CAN MAKE IMMEDIATE DELIVERIES.

It's a pleasure to demonstrate.

BOARD OF TRADE LUNCHEON WAS BIG SUCCESS

(Continued from page 1)

telling them what could be accomplished by cooperation here and wound up by asking for R. J. Holly to say something and the latter spoke a few words in behalf of the golf links and country club pointing out the many advantages of golf and the necessity of having the links here before they could expect tourists. Col. George Knight was asked to say something and he being a new citizen was listened to attentively as he told of the advantages of this city over others that he had inspected and he made

a strong plea for cooperation among all classes and a good lively Board of Trade. Col. Knight expects to invest money here in buildings and the meeting Friday night was a most enjoyable surprise to him.

C. W. Zaring the well known wholesale greener of Jacksonville, Sanford and Miami being present was called upon and said that he never knew there were so many people in Sanford before and this gathering made him feel like getting out Saturday morning and getting more business where there was such a spirit of getting together. He is a great Sanford booster and gave the city a fine send off.

O. P. Swope of Oviedo, county commissioner, progressive citizen and large owner of City property here said this meeting made him feel good because it looked like business and it was the largest gathering he had seen at the Board of Trade since his residence in the county. He also stressed the get together meetings and the regular luncheons.

A. Raffield came next and gave a rousing talk about the good points of Sanford stating that it was a young man's town and the place to prosper as he came here with but ten dollars about two years ago and now he had a large stock of goods and an automobile.

D. C. Marlowe was asked by the president to make a few remarks and not soak any body and Mr. Marlowe promising to do this immediately shot a few at Joe Davis, the president and others and along with his humorous remarks gave some good points about Board of Trade meetings and the get together spirit. Mr. Marlowe was formerly the live wire secretary of the Board of Trade and knows whereof he speaks.

William Shelly was next and gave a fine talk about the great spirit of hustle and standing together for the upbuilding of the city carrying the crowd back to the early days of Sanford down to the present time and giving several humorous sketches of how some of the legislators in Georgia do things.

George Hilty wound up the addresses and made a most favorable impression with all present by his optimistic spirit and the humorous way in which he pleaded guilty for the Southern Utilities Co., shortcomings and said that had it not been for the Southern Utilities Co., going bad we would not have Col. Knight for a citizen. Mr. Hilty is a town builder and he gave a fine talk on town building and the great spirit of standing together likening the knockers to a chicken with the "pip" trying to hold back the healthy boosters who have the "pep" and he said that pip could never do anything where there was enough pep and the pips would have to go way back and sit down and be cured or die out in time.

Led by E. T. Woodruff the entire assemblage stood and sang "Auld Land Syne" and the greatest night in modern history of the Sanford Board of Trade was a pleasant memory.

This luncheon will be a regular event from this time forward and those who wish to attend the next one should remember that it will occur the first week in August and it will be a business meeting with the speeches cut out but the luncheon will be just as good and there will be just as much fun for everybody.

EDITORS MEET IN BARTOW

South Florida Press Association Gathers July 23-24.

The summer meeting of the South Florida Press Association will be held in Bartow, July 23-24, and prospects are for a well attended

meeting. Bartow is planning on much entertainment and several business topics of interest have been placed on the program issued by President Gilbert Leach and Secretary Walter Haynes. A meeting of the Franklin Printing club of South Florida will be held in connection with the press association. The program:

Friday Morning

10 to 12—Discussion and action upon questions of procedure and obligation of membership of the South Florida Franklin Club. President Geo. E. Hosmer in charge.

12:30—Luncheon at Hotel Stewart. Guests of Bartow Board of Trade. Invitation extended to members of both organizations.

Welcome on behalf of Bartow extended by Mayor Geo. W. Oliver. Response by President Gilbert D. Leach.

Friday Afternoon

2—Regular order of business, including appointment of regular committees. Report on progress of movement to establish printing craft school at Montverde. Arthur Greene. Round table discussion.

"The Newspaper Situation". Round table discussion led by M. E. Hetherington. Lakeland Telegram.

"The Value of a County Association". J. G. Gallemore. Polk County Record. Round table discussion.

"Are Editors Alert to Their Present Opportunities?" Gilbert D. Leach, president Florida Press association. Round table discussion.

Before adjournment motions for special orders of business for the Saturday afternoon session will be entertained.

Friday Evening

The 8 The Bartow Board of Trade will provide automobile for all who desire to visit Egypt Springs and take a plunge.

9 Reception and dance at the Oaks hotel. The Board of Trade assisted by the charming ladies of Bartow.

Saturday Morning

8:30—Automobiles leave the Oaks for a trip over fine asphalt roads past several irrigated farms to the Pierce Phosphate mine and Oak Hills farms, where every phase of phosphate mining will be shown and

demonstrations given for the benefit of the visitors. The farm management also will show what splendid results have been accomplished by proper methods.

12—Noon luncheon. Guests of Bartow Board of Trade. Toastmaster J. E. Worthington. Tampa Times Saturday Afternoon.

2—Business session. Plans for entertaining the National Editorial association in 1921. George E. Hosmer, Manatee River Journal Round table discussion and action if needed. Reports of committees. Special orders from Friday session. Election of officers.

Selection of place and date for winter meeting. Adjournment. Business sessions at Bartow City hall. Social headquarters, the Oaks hotel. Trouble shooter, J. Forrest Caldwell.

Workmen To The Nationals

Basil Workman, left-hand hurler on the Tampa Club's staff, and leading southpaw pitcher of the Florida State League, was sold to Washington yesterday, according to a wire from Business manager S. B. Denton who instructed Workman to meet him in the capital Monday morning. Workman left on the 11:30 train.

The telegram gave no details of the deal, which probably involves close to \$2,000, if not considerably more. Griff needs pitchers sorely right now and probably is willing to make a more liberal offer than the one the Tampa club turned down while Griff was in Tampa in the spring.

Workman first sprung into the limelight when he walked for the Indianapolis American Association club at St. Petersburg early in March, letting the Hoosier's down with two hit. He is a product of the West Virginia prep schools and might have donned a Smoker uniform a year ago, but for delay in getting a contract to him, he having in the meantime promised to play with a semi-pro industrial team in Kentucky, and with "Brownie" Fulton reached him with the Tampa club's proposition, he refused to go back on his promise.

"Brownie" induced him to come to Southern College last fall. While

You're Sickly

But PEPSINOL Has Helped Thousands Worse Off Than You

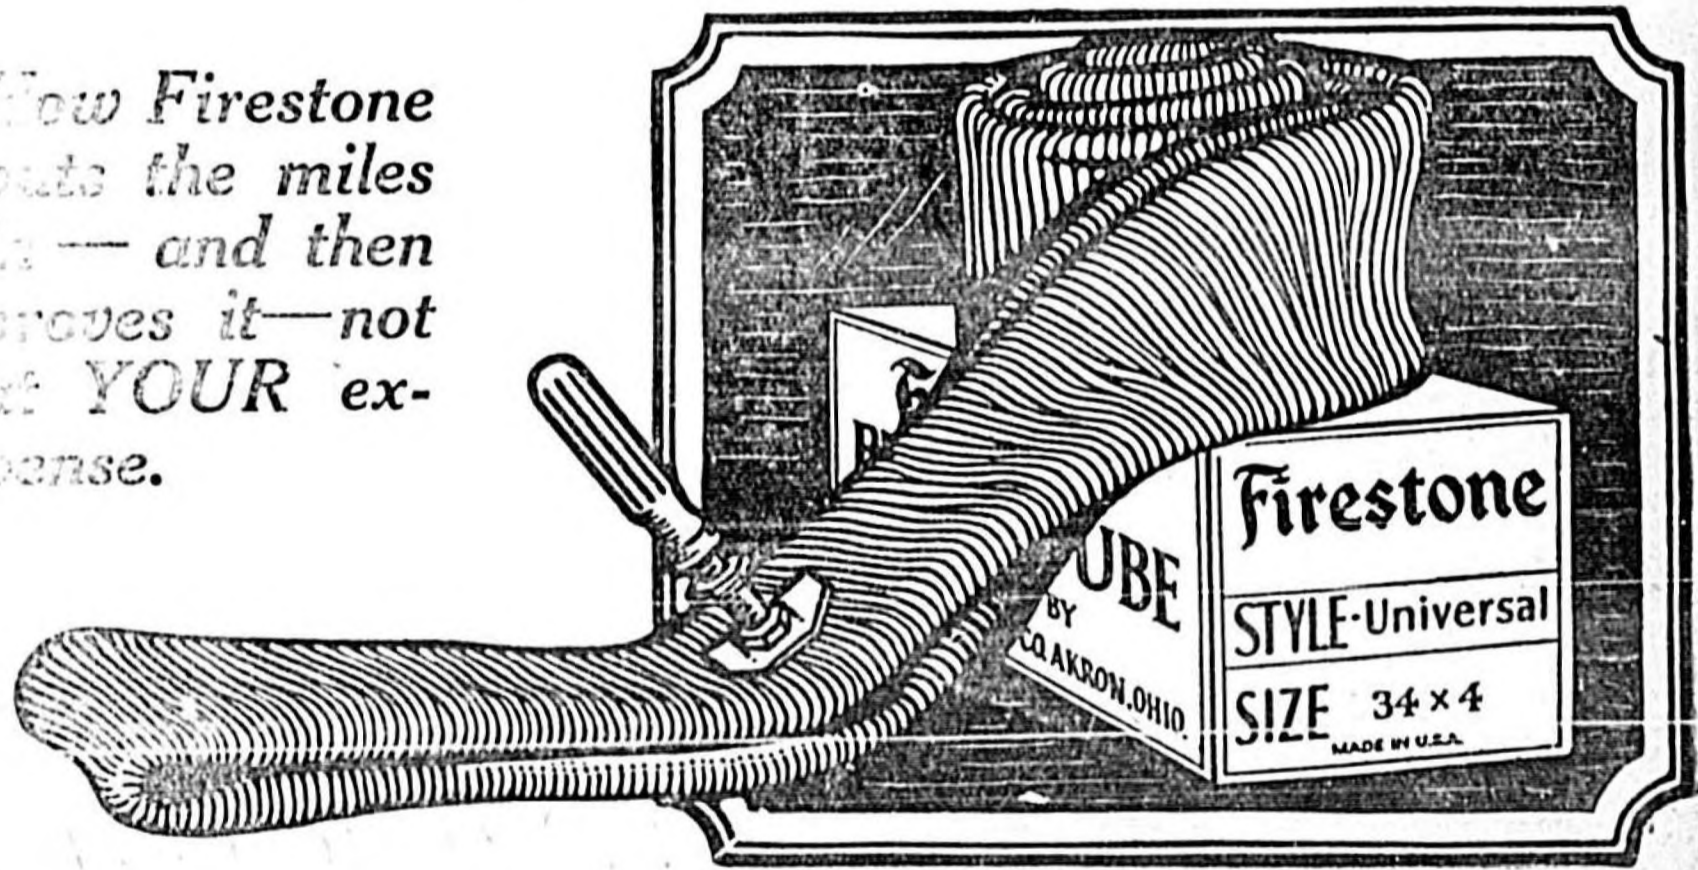

It is no wonder that you drag around and feel "all in." Everybody with indigestion and stomach trouble feels just as you do—hey, too, have the same sour breath, the same feeling of "stiffness," the same gnawing pains. Thousands of sickly, ailing people have found the stimulating, stomach-toning qualities of Pepsinol a sure relief for the troubles you are having. It helps the stomach do its work, and thus strengthens overworked, weak digestive nerves and creates a supply of rich, pure blood to nourish your whole body.

A big-scale road test on 3,200 tubes

How Firestone puts the miles to — and then proves it — not at YOUR expense.

No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly — improvements and developments are arrived at.

By close watching of a large number of tubes in service — not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test — in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

Donnelly Made Manager of Caps
 Several changes were made today in baseball circles, the most important being that of change in managers for the Caps Jim Black, who piloted the organization through the first half of the series has been replaced by Chas. Donnelly. The changes was made that Black may be relieved of the responsibility of managing the club and devote his energy to pitching.

Donnelly will today play right field, while Walsh will come into the game holding down second. Phillips will cover center field and Fillingham left.—Reporter-Star.

Temple Troop Scouts
 The regular meeting of Temple Troop of Boy Scouts was held

Monday night. Because of the absence of Mr. Nyman and the assistant scout master, Dick Terheun, patrol leader, presided.

The meeting was called to order at 8 o'clock by Patrol Leader Terheun. Dues were taken, after which one new member was enrolled. The meeting adjourned at 8:20 o'clock.

This troop is coming right along and we are looking forward to some dandy times to go along with our scout duties. We meet every Monday 8 o'clock P. M. at the Baptist Temple. Visiting scouts are always welcome. Sec'y.

Sunday School Picnic
 About two hundred Methodists and friends gathered at Palm Springs

Thursday for a Sunday School Picnic. It was a perfect summer day interspersed with light showers, but not dampening the ardor of the many enthusiastic bathers or interfering with the appetites of the crowd. At the noon hour everybody joyfully gathered round the sumptuous table overflowing with viands only the housewife knows how to prepare. L. F. Roper appointed to superintend the fish fry, was there with the best fish ever and fried to the Queen's taste.

T. F. Adams master of ceremonies presided efficiently. During the day watermelons were cut and enjoyed and lemonade served. Everybody pronounced the picnic a grand success.

Huge Parade Costs \$500,000.
 Chicago, July 8.—A huge parade to be held late today was the principal event on today's program for the Elk's convention session here. The program is the result of four months' planning and the expenditure of \$500,000 and will include 100 bands, 35 floats from as many states depicting important historical events, drill teams, musical clubs and numerous specialties.

"Tempus Fugit."
 The teacher gave Margaret some yarn and cardboard and after showing her how to work a design, told her to finish it at home. When she came to school the next day with the half-finished work, the teacher asked her why she had not finished it; if she had run out of yarn, "Oh, no," answered Margaret; "I just ran out of time."
