### S. E. C. Grid Teams Report For Workouts

ATLANTA, Sept. 2.—(AP)—More than 600 short-cloth football players some of them splashing in rain, went through light drills Monday as 12 Southeastern conference colleges opened practice for the 1941 season.

While most schools reported all players present or accounted for, several Tennessee—defending champion—disclosed the loss of still another first-string player, Tullback Van Thompson. One of the few holdovers from last year's undefeated team, Thompson announced he would not return to school, remaining on a summer job in a shell-loading plant at Milan, Tenn., where he is classed as a defense worker.

Forty-eight Tennessee players reported for practice. Coach John Burnhill said others would be on hand tomorrow. Alabama, rated with Mississippi as principal challengers of Tennessee, also had 48 men reporting.

Smallest squad in the conference reported to Coach Tom Lieb at Gainesville, Fla., where only 25 men were on deck.

At Auburn Coach Jack Meagher sent 45 men through preliminary muscle-loosening work, and said physical examinations had failed to disclose any serious ailments.

Main pulled the lever. Mississippi valley, and squads at Tulane and Louisiana state, worked out in a persistent drizzle. Coach Bernie Moore said his L. S. U. squad looked in "tip-top shape" and predicted early doses of rough work for the 40 men.

Forty-four candidates, seven less than expected, reported to Coach Abe Kirwan at the University of Kentucky.

Thirty-nine Vanderbilt players, with all prospects on deck, worked

### Bantams Furnish Exciting Play At Forest Hills Meet

By GAYLE TALBOT  
NEW YORK, Sept. 2.—(AP)—An almost interminable match between a brace of bantamweights, Pancho Segura of Ecuador and Brass Grant Jr., of Atlanta, supplied nearly all the excitement and pathos for 6000 fans who sat through the third day of the national tennis championships at Forest Hills.

This is the big show of the tournament, like defending champion Don McNeill, Frank Kovacs, Pauline Betz and others, were displaying their talents in virtual privacy to outlying courts.

Pancho and Bitay took over the stadium and held on to it like a couple of homebats.

After three solid hours of play, the shadows heavy on the center court and the crowd only slightly diminished than the two little gamecocks—it had been evening. Grant finally staggered through to victory by scores of 6-4, 6-6, 4-6, 5-7, 6-2, placing the Atlanta veteran in the third round.

Seldom has Forest Hills witnessed a wilder scene than at the conclusion. Both players flopped on the grass after Grant won the final point, and the big crowd stood and cheered and shouted for probably five minutes until Pancho and Bitay were able to walk off together.

Bobby Riggs, an ex-champion who is seeded No. 1, made quick work of Frank Bowen, of New York, 6-1, 6-3, 6-2. Don McNeill had some difficulty eliminating Seymour Greenberg of Chicago, 6-4, 6-4, 3-6, 6-2.

Mrs. Sarah Falfrey Cooke, co-favorite with Pauline Betz to win the women's crown, made her first appearance and after a shaky first set, defeated Louise Brough of Los Angeles, 6-6, 6-1, 6-1.

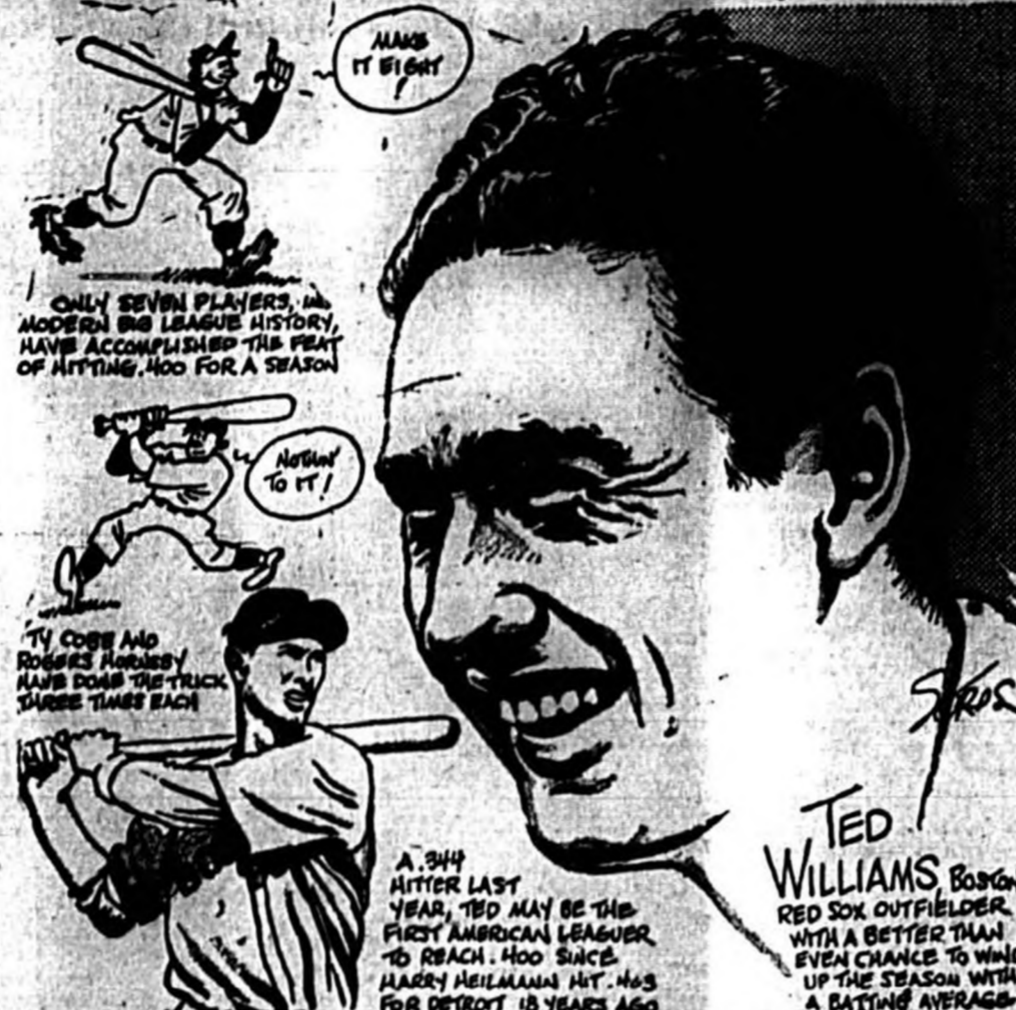

Miss Betz also dropped a set before subduing Pearl Harland of Santa Monica, 5-7, 6-4, 6-2.

Frank Kovacs, seeded second to Riggs, also reached the quarter-finals.

Tournament officials and players were saddened by the death in mid-afternoon of Ben H. Dwight, secretary of the Umpires association, who suffered a heart attack in the mezzanine and died on plays and went through passing drills and Coach Red Sanders later called for light contact work in regulation equipment. "It's things go right," he said, "we might be doing a little rough work by the end of the week. The boys look in fine condition."

### Sugar Corporation Reports Earnings

NEW YORK, Sept. 2.—(AP)—United States Sugar Corp., operating sugar-cane plantations in the Florida Everglades and a new cane-sugar house at Clewiston, Fla., Monday reported net income of \$1,050,000 after charges for the fiscal year ended June 30.

This was equal after preferred dividend requirements to 67 cents a common share.

James Hlakok, Deputy Talton, Earl Tyler, Ed Weinberg, Quentin Bitte and Sam Pugh.

McDowell said prospects for the year, who lost last season to Davidson and had a perfect record in the S.I.A.A. were "not too hot" in view of the loss of 13 players through graduation.

### Smallest Squad Reports For Gator Drills

GAINEVILLE, Sept. 2.—(AP)—A University of Florida football squad of 30, the smallest in eight years, reported yesterday as Coach Tom Lieb started preparations for the season opening only 20 days away.

Only 35 of an expected 40 players were on hand at the morning workout, but John Barbery, guard, reported later to leave but four missing. The four were Earl Harrison and Robert Johnson, sophomores ends; Frank Buell, promising sophomore backfield prospect; and Carl Mitchell, senior end.

More than a score of last year's squad was lost by graduation and 12 to the draft, national defense jobs or other causes.

The Gator gridgers were in high spirits and good physical condition for this stage of the season. An early check by Trainer Sinky Scholts showed several of the Gators bigger and more rugged than last season.

The squad on the opening day consisted of six ends, five tackles, nine guards, three centers, four quarterbacks, only two left halfbacks, four right halfbacks, and three fullbacks.

The practice schedule calls for two drills a day until school starts on the 15th.

before he could receive medical attention. Dwight was 49, and for many years had superintended all of the officiating both at Forest Hills and at all other major tournaments, usually umpiring the final matches himself.

### Franck Named Best Player By All Stars

CHICAGO, Sept. 2.—(AP)—George Franck, former Minnesota halfback and All-American, Friday was named the most valuable player of the College All-Stars, who were defeated, 37 to 13, by the Chicago Bears, professional champions, in last night's preview of the 1941 football season.

Franck scored one of the College All-Stars touchdowns and was the sparkplug of the All-Stars attack until he was removed from the game in the third period because of a shoulder injury. He will be awarded a trophy during the 1942 All-Star contest.

The Bears, scoring in each period of last night's game and three times in the final quarter, chalked up the third consecutive professional victory in the eight-year All-Star series. The professionals now have won four of the contests, the collegians two, and two have been ties.

### Tar Freshmen And Varsity Men Report To Mentor

ASHVILLE, Sept. 2.—(Special)—Twenty-five varsity players and a half dozen freshmen reported to Head Coach Jack MacDowell yesterday as the Rollins College football squad of Winter Park opened preparations for the coming season.

McDowell conducted a drill in the morning and another in the afternoon. The players worked out in full uniforms but no rough work was attempted.

McDowell, assisted by Alex White, gave the Tars a blackboard lecture and later drilled them in three new plays at Asheville's Memorial Stadium.

Only six lettermen from last season were on hand—Frank Grunder, Buddy Bryson, Doyle Darnold, Paul Meredith, Bill Justice and Grady Ray. Others reporting were Mervin Thal, Ronald Green, Pershing Scott, Ed Fredison, Ed Arves, Bill Wharton, Tom Knight, Trammell White, Oliver Barker, Gus Kouloris, Floyd Jaggars, Les Harris, Ralph Chisholm, Bill Middlebrook.

### TO WITHDRAW ENVOYS LA PAZ, Bolivia, Sept. 2.—(AP)—The Bolivian government announced Monday that it had complied with a German request that its diplomatic representatives in all occupied countries be withdrawn.

## Surplus Tank Cars Said Available To Carry Oil To East

Sufficient Equipment To Move 6,000,000 Barrels Per Month Reported On Hand

Pipe Line From Florida Slated

Company Given Right To Acquire Land For Construction

WASHINGTON, Sept. 3.—(AP)—The Senate committee investigating the eastern oil situation was told today that 20,000 surplus railway tank cars are available to transport oil from the Texas fields to the Atlantic seaboard.

President J. J. Pelley of the Association of American Railroads estimated that to lend sufficient equipment to move from six to eight million barrels of petroleum per month.

Meanwhile, President Roosevelt issued a proclamation giving the Southeastern Pipe Line Company of Delaware the authority to acquire by eminent domain parcels of land needed for an oil pipeline from Port St. Joe, Fla., to Chattanooga, Tenn. It helps the eastern shortage.

Automobile operators in the eastern states who use their cars for pleasure were called upon by the government Tuesday to get along in September with 10 percent less gasoline than they burned in July.

Announcing the gas curtailment program for September, the office of petroleum conservation said that the 10 percent curtailment in gasoline deliveries to retail consumers during the next two weeks in August would be continued.

Ralph K. Davis, acting co-ordinator said, however, that commercial, agricultural and emergency vehicles, would get their full needs so that spreading of the remaining supplies would amount to a 15 percent curtailment for private motorists.

"We must protect our reserve supply of gasoline," Davis said. "So that we will have a supply on hand when winter approaches and fuel oil shipments to the east coast must be increased."

Meanwhile, Davis endorsed a move to obtain reduced rail rates on all movements from producing areas to the east. He said the railroads, in conjunction with the oil industry transportation committee for the Atlantic seaboard, "can render a real service by obtaining rate adjustments and faster car handling which will make the use of tank cars economical."

## Song Written By Local Residents Is Well Received

"Stand by America," the patriotic song which was written by two Seminole County residents, Willard Connolly and Harry Wester, is meeting with success at Fort Bragg, N. C., and soon may be broadcast over a nation-wide hookup. It was revealed today in a letter from Mr. Wester, who is stationed at the Carolina post.

Mr. Wester wrote his friend Mr. Connolly that he was working on a fine club arrangement of the song for use on the weekly Fort Bragg program over the Mutual network. Mr. Wester says he is adding the lyrics and that he is in the process of having the song recorded and first published at Camp Beal, N. C.

Mr. Wester, who is stationed at the Carolina post, is a member of the Army band and first published at Camp Beal, N. C.

## Going To China

Brig. Gen. John Magruder heads the United States Mission which soon leaves for China to lend advice and assistance to that country in relating Japanese aggression. Japanese spokesmen bitterly assailed sending of the mission.

## Chamber Election Results Are Made Known In Report

Sanford Names 34; 17 Are Selected Out In County

Clarence Adams, chairman of the election committee of the Seminole County Chamber of Commerce, today announced the results of the annual election of directors to a report to W. A. Laffler, president.

Seventeen directors were elected from towns over the county, and 34 were named from Sanford. In four towns no ballots were cast. Their directors will be appointed later.

An organization meeting for the election of officers will be held before Oct. 1. Edward Higgins, secretary, said. The directors are elected for the Chamber's fiscal year, which begins Oct. 1, 1941, and ends Sept. 30, 1942.

Directors elected from Sanford are as follows: George D. Babop, Lloyd F. Boyle, E. Gordon Brinson, W. P. Brooks, Jr., T. Bradford Byrd, Andrew Carraway, Randall Chase, H. H. Coleman, Roland L. Dean, F. A. Dyeon, Forrest Gatchel, B. G. Gray, H. James Oak, G. C. Harper, O. P. Herndon, E. F. Housholder, J. L. Ingley, T. W. Lawton, W. A. Laffler, Lee E. Lester.

Also: M. G. McNair, John Melch, Sr., Charles S. Morrison, Clyde Partee, E. L. Parkins, M. L. Raborn, G. E. Rollins, P. E. Rousslet, Hal Wright, E. B. Wink, Fred T. Williams, Volie Williams, G. D. Workman and E. Yawell.

Directors from the county towns are: Altamonte Springs, C. E. Bradshaw, Benjamin F. Esham and Mrs. Benjamin F. Esham; Lake Monteith, F. Jacobs; Longwood, George H. Bridge and Mrs. George H. Bridge; Oviedo, George W. Morgan, Frank W. Talbot, B. F. Wheeler, W. J. Lawton, for the Hunt, R. F. Cooper and G. R. Clark.

No ballots were cast from Slavia, Ocoee, Lake Mary and Geneva.

## Services Held For Mrs. Chittenden

Funeral services for Mrs. Jeanette Chittenden were held at the home of her son, Mr. J. H. Chittenden, at 1115 S. Palm St., Sanford, Fla., Tuesday afternoon.

The deceased was born in the town of Chittenden, Vt., and was a member of the Methodist Episcopal Church. She was a devoted wife and mother, and was well known in the community.

She was buried in the Chittenden family plot in the town of Chittenden, Vt. The funeral was conducted by Rev. J. H. Chittenden.

The services were held at 2:30 p. m. and were attended by a large number of friends and relatives. The burial took place at 4:00 p. m.

The deceased was a member of the Methodist Episcopal Church and was a devoted wife and mother. She was well known in the community.

## Ship Program Is Ahead Of Its Schedule

Over Thousand Craft Will Be Launched By Close Of 1943, Official Predicts

WASHINGTON, Sept. 3.—(AP)—Asserting that the Maritime Commission's construction program "is not behind, it's ahead," Chairman Emory S. Land predicted today that 1,153 new ships of about 12,410,000 deadweight tons will be placed in operation between July 1, 1941, and the end of 1942.

Land said these figures do not include 105 vessels delivered on Sept. 3 or additional small craft for which the commission is contracting.

The new supply priorities and allocations board made it clear yesterday that a shortage of raw materials needed for defense would necessitate the closing of some less essential industries.

The board, appointed as the master-agency of the defense production effort, took up its duties, as President Roosevelt announced, in a new drive to increase production. It is spending more money and putting extra shifts to work.

The president's statement was made at a press conference at which he said the increased expenditures would come through a rise in general appropriations, rather than through augmentation of the less-than-10 percent program, estimated to total \$5,000,000, is expected to be ready for Congress within a week.

As the president spoke, the board, under the chairmanship of Vice President Walter C. Reuther, held its first meeting and drawing up a declaration of general policy to guide its activities. Reuther, he called for:

1. Employment of every available man and machine "in direct defense requirements or at work essential to the civilian economy."

2. Curtailment of production of less essential articles so that there may be "an abundance of the essential," and stripping the civilian economy of non-essential. To this end, a system of controls will be developed with a view of assuring the widest use of available raw materials.

3. Routing out and setting to use of materials which are being hoarded by certain industries and traders. Legislation is being drafted on this point.

## Mrs. Watt Gives Account Of Jaunt Through Northern, Southern States

over to the Hinsdale Sanitarium one afternoon. In leaving Chicago she drove around night-driving for some time, then continued through Rockford and Elgin.

"While driving through Wisconsin we raved about the lovely hills, high bluffs, level farms and fields and sheep. It was a treat to see such rich fields of clover and fine fields of ripened grain.

"We saw many huge white milk trucks along the highway and enjoyed the bright blinding lights, accented everywhere. We continued to Minnesota, passing through Winona, Red Wing, St. Cloud, Minneapolis, Anoka and finally arrived at my old home town of Alexandria, where I spent two weeks visiting relatives and friends whom I hadn't seen since 1917. Alexandria is a famous tourist resort in the heart of the lake region.

"We had a delightful trip to Laska State Park while at Alexandria," Mrs. Watt said. "The park is about 100 miles farther north. The forests are chiefly of white, red and yellow pine trees, with some spruce. 25,000 acres and 200 lakes. The water flowing from Lake Itasca is the source of the Mississippi River.

"We were much impressed at seeing the famous Kensington Runestone which is kept in a large glass case in a special room at the Chamber of Commerce Building in Alexandria. This ancient rock was found in the fall of 1837 on a wooded farm. It became the property of a well-known Norwegian scholar and historian who devoted much time to research as to its genuineness.

The stone is inscribed with the names of both here and there. The date on the stone is 1686 which agrees with the story that the Norwegians explored the upper Mississippi territory 150 years before the discovery of America.

The stone is very old and made of granite. It is about 100 miles north of the mouth of the Mississippi River. The stone is very old and made of granite. It is about 100 miles north of the mouth of the Mississippi River.

## Japan Premier Cites Crisis Facing Nation

New Reinforcements Reach Singapore, Nippon-American Talks Continuing

TOKYO, Sept. 3.—(AP)—Premier Prince Kooye today said government war industries were "in a crisis" and that total mobilization is necessary to overcome the emergency.

Kooye's blunt admission coincided with the arrival of new strong reinforcements for Britain's Singapore bastion with Japanese-United States negotiations for rapprochement now in progress at Washington.

German advisers are pressing the Japanese government toward Asiatic continental and defense of the United States and Great Britain, reliable foreigners recently arrived from Japan said yesterday. They added that the Nazis are bringing all pressure possible to force Japan to war.

These foreigners, including Axis nationals, asserted the Kooye government probably would have to choose between yielding to the extreme demands—possibly the army—or face the possibility of overthrow by violence. Moderates in Japan who wish to avoid war with the democracies are being intimidated, it was said. The recent attempt to assassinate Baron Hiranuma, vice premier, was a deliberate warning to the moderates, the travelers said.

Baron Hiranuma, considered an outstanding moderate began an investigation of Nazi penetration of Japanese government and industry when he was home minister in an earlier government, the news of the plot against Hiranuma leaked out prematurely, and on Aug. 8, the night before he was shot, an Axis journalist told whether Hiranuma was dead.

## School Program Will Emphasize Defense Trades

Cultural Subjects Will Not Be Neglected, Says Kipp

Training deemed necessary for the defense of the country will be stressed in the high school program this year as it was last year, when the schools open their doors for the beginning of the school term Monday, Sept. 2, R. E. Kipp, principal of the Sanford Grammar School, said today after a meeting of all school principals to plan for the opening of school held at T. W. Lawton's office yesterday afternoon.

Boys and girls will have opportunities in home economics, agriculture, farm shops, woodwork, chemistry, physics, and mathematics classes which will help fit them to enter defense industries when they finish their school careers, Mr. Kipp explained.

"However, the stress on these skills will not neglect the cultural aspects which go into the making of a good citizen," he added. "Musical education will be available in voice and instruments for every student as well as art instruction, along with English, social studies and others."

In an effort to protect the health of the children, principals, teachers, transporters, janitors, lunchroom workers, and pupils who have been out of the county during the two weeks prior to the opening of school will be required to present a doctor's certificate showing that they have not been in any community in which there are any cases of infantile paralysis, Mr. Kipp said.

The corps of music teachers devoting whole or part time will include Miss Dorothy Sanford, of Seminole High School; Miss Lenora Whitford, Sanford Junior High; Mrs. Aldin Miller, Lytle.

## Primary Schools To Register On Monday

Registration of the South Side and West Side Primary Schools will take place at 9:00 o'clock Monday morning, with buses running on their regular morning schedules and returning at noon. It was announced today by Mrs. Stella P. Arrington, supervising principal of the Sanford primary schools.

No lunches will be served at the schools on Monday, and no welfare lunches or supplies will be provided until welfare certificates are signed by the proper authorities, Mrs. Arrington said.

The principal asked parents to provide their children with health and signed certificates as required.

With certificates are required for children entering the first grade for the first time. Unless parents and teachers have been in contact for two weeks before the opening of the school, certificates of health and immunization are required.

## Deadlock Seen In Conflict Between Soviets And Nazis

Lord Mountbatten Takes Over The Illustrious

Capt. Lord Louis Mountbatten (left, foreground), cousin to King George of England, has taken over command of the vessel, which had been in the port undergoing repairs. Gen. Sir G. S. Tuck and at right is Lieut. Col. Alex Faulstich, division commander. Lord Mountbatten recently flew to the U. S.

## Sanford Residents Apply For Jobs On Parole Commission

Six Sanford residents were among the 282 applicants for appointment to the three-member State Probation and Parole Commission, it was reported today in an Associated Press dispatch from Tallahassee.

They are: Mrs. Tracie McRae-Hamill, Frank Leonard Miller, Herman Elder Morris, James Gibson Sharon, David L. Tinsley, William Howard Tinsley.

Applicants from Orlando included: Walter Akerman, Robert B. Brossler, Donald A. Cheney, Joseph J. Dickinson, Arnold Patrick Mckler.

Those who have applied for commission posts will be offered written examinations Sept. 8 at Jacksonville, Tampa, Miami, and Tallahassee. A rating committee will grade these papers, and later will conduct oral examinations of those who successfully pass the tests.

A list of 10 eligibles will be established. The State cabinet will select three parole commissioners from among the top five on the list, the others then moving up in position for later selection to fill any vacancy. Commissioners will receive \$4000 a year salary.

Secretary of State Gray made public the list of examination applicants. It also includes former Congressman Herbert J. Brant of Lakeland and Burton Bohannon of Tampa, candidate for governor last year.

## City News Briefs

The Lions Club will meet tonight at 7:00 o'clock at the Valdes Hotel.

The Board of Deacons of the First Baptist Church will meet tonight at 8:00 o'clock at the church.

The Board of County Commissioners will hold its regular meeting tomorrow morning at 10:00 o'clock at the Court House, O. P. Herndon announced today.

W. E. Watson was issued a building permit to repair and alter a building at 207 Oak Avenue at a cost of \$78. L. K. Bonham is named as the contractor for the construction.

Doctors of Sanford have made arrangements to close their offices on Thursday afternoon instead of Wednesday afternoon. Dr. O. L. Berk stated this morning the change goes into effect immediately and offices will be closed tomorrow.

## OPPOSE TAX INCREASE JACKSONVILLE, Sept. 3

M. C. Moore, president of the Jacksonville Theater Owners' Association, said Tuesday the association was opposing a proposed increase in the Federal tax on tickets to motion picture shows. The association will open a three-day meeting here next week.

The total vote in the referendum was 2009, with 1179 voting against the five-man set-up and 821 voting for it. Approximately 7800 were qualified to cast ballots in the election.

The referendum was held under authority of a local bill sponsored in the recent Legislature by Representative George W. Sanford.

The referendum was held under authority of a local bill sponsored in the recent Legislature by Representative George W. Sanford.

## Aerial Offensive Is Increased By Both Warring Countries; Berlin Is Attacked

Russians Claim Victory In Air

Red Armies Seek To Retain Leningrad; Odessa Is Circled

WASHINGTON, Sept. 3.—(AP)—President Roosevelt today appointed a five-man mission headed by W. Averell Harriman, lend-lease expert in London, to go to Moscow to discuss material aid to Russia in her fight with Nazi Germany.

Heading possibly for a deadlock which makes for a war of position and attrition in the World War tradition, Russia and Germany today stepped up their aerial offensives.

At Germany's rear on the western front, Britain's aerial offensive; thus far he man active aid to Russia, he gained hitting power.

Dispatches from Berlin itself said on R. A. F. night raid on the Reich's capital was one of the strongest in months.

The fate of the Russian armies holding Leningrad, at the northern end of the sprawling Nazi-Russian front, and Odessa, now encircled on the southern extreme, may determine the Russian hope of stabilizing the 1,800-mile front.

Claiming an edge in the war in the air, the Russians said they shot down 198 Nazi planes over the weekend with less than a third of that number on their own. If the Luftwaffe and German land forces fail to break the threatening deadlock on the eastern front, regions hitherto untouched by the war may be engaged in a battle Turkey would be a likely prospect as a new battlefield.

The Germans asserted last night that their advanced forces in the north had within a matter of days captured the city of Leningrad, and that their Romanian allies were about to strangle Odessa in the far north by cutting off the water supply of that besieged Black Sea port.

Moscow in its communique early this morning officially acknowledged the fall of Tallinn, the old Estonian capital west of Leningrad on the Gulf of Finland, which the Nazis had claimed last Friday, and said of the front only that heavy fighting was in progress everywhere.

Russian counter-attacks were continuing on a large scale, however, and most important of all the Soviet command claimed that the invading Nazis were falling so thickly that Hitler had been forced to rush up reinforcements from occupied Europe for his newly weakened eastern armies, in some cases leaving wounded convalescents to hold the west.

Nazi garrisons in France, in Belgium, in Holland, had been stripped of even recruits who went in there originally to replace the regulars who helped make up the initial invading forces of the east—the so-called official Russian account.

## Sanford Golfers Lose Final Meet To DeLand Team

Loosing to DeLand by the score of 214 to 144 Sunday afternoon, the golfing team of the Sanford Country Club closed the season of the inter-city matches, begun the first of the summer, Raymond Lundquist, golf pro, reported yesterday.

The single match won by a local team on the DeLand course was garnered by E. J. Nelson and Dr. G. H. Putnam, playing against Mr. Clark and Mr. Friserson of DeLand. Their victorious team edged out their opponents by a score of four to five.

G. W. Spencer and Harry Tooke dropped their match to Mr. Sweeney and Mr. Thompson while Lawrence Lundquist and Joe Masters were defeated by Mr. Robertson and Mr. Nilsson. P. D. Scott and John Ivey were defeated by Mr. Simmons and Mr. Hammer of DeLand.

A three-way tie split the winnings of the final hole of the tournament at DeLand. P. D. Scott and E. B. Smith, both of Sanford, each scored a hole-in-one.

The total score of the Sanford team was 214, while the DeLand team scored 144. The Sanford team was defeated by the DeLand team by a score of four to five.

The Sanford team was defeated by the DeLand team by a score of four to five.
