trying to make the Melbourne the Greyhounds get their third chance at Orange Belt Con- have already lost to the Lions. ference regular season co-champ DeLand Thursday night in In the earlier game Oviedo outing, the Lions took a fine

son average to 75.9.

The Lions have been hitting

Ind's 'Hounds with as much all-around height as anyone in the OBC.

Only Apopka has been able to outdistance the Greyhounds in both regular season conference games, but DeLand proved the Blue Darters aren't invincible with a victory over the Orange County outfit Friday night.

The OBC tournament should be an interesting affair. DeLand and Apopka, of course, will be the favorites, but four of the other five teams can be troublesome. This four, including Lyman, are Kisalmmee, Lakeview and Leesburg.

The tournament is very helpful in another aspect. Since group playoffs begin the following weekend, it gives the teams experience under tournament pressure.

Greypups Seek OBC Championship

Ind's 'Hounds with as much all-around height as anyone in the OBC.

Only Apopka has been able to outdistance the Greyhounds in both regular season conference games, but DeLand proved the Blue Darters aren't invincible with a victory over the bourne quintet.

Oviedo continues to throw a well-balanced offensive at its foes. The Llons possess four out of the top six scorers in Seminole Counting Herbida State and Priscilla Mitchell and Bobby Davis, of Orland and

will be gunning for the OBC crown.

In a preliminary to the OBC tournament final on Saturday night, the Greypups of Coach Ted Barnes will meet the Apopka sophomores for the league's junior varsity crown.

Both teams finished OBC play with 10-2 marks.

The Greyhound JVs are composed of the same boys.

The Greyhound JVs are composed of the same boys.

The Greyhound JVs are composed of the same boys.

In the junior varsity game at 6:30 p.m., the Lion Cubs at 6:30 p.m., the Lio The Greyhound JVs are composed of the same boys that went undefeated at South Seminole the year before, with two exceptions. Stuart and guard Mike Hargis, both sophomores, made the Lyman variety, but even without these sophomores, made the Lyman variety, but even without these victory over Hernando Friday way from Gsinesville to parture in a 2.90 the first two in the Lyman varieties way from Gsinesville to parture in a 2.90 the first two in the Lyman varieties way from Gsinesville to parture in a 2.90 the first two in the Lyman varieties way from Gsinesville to parture in a 2.90 the first two in the Lyman varieties and the Lyman varieties way from Gsinesville to parture in a 2.90 the first two in the Lyman varieties and the Lyman varieties way from Gsinesville to parture in the Lyman varieties way from Gsinesville to parture

two, the Lyman youngsters were able to pick up 14 victories against all competition.

The success of the Lyman JVs makes the basketball future look even brighter at the Longwood school. The return of Newell and Stuart in the forecourt next year and Hargis and Allgaler in the backcourt will furnish the Hounds enough experience and height to offset the forecast it is part ticipate in this horse show. The wedding will be solemn.

'LET'S TALK DRY CLEANING'

BY WOODROW CASH Foremost emong consumer-created clothing headaches are those four Loss r change of color from cold wave soluions, caramelized sugar stains, damage from heat and pressure of ironing, and perspiration damage. Cold wave damage is not a new probom. It's plagued the drycleaner for years. Many women, and some men, are

simply careless when they apply home permanent waving and neutralizing solu-tions. Once in your clothing, these chem-icals are invisible. With the aid of time and heat, however, they'll permanently remove garment Caramelized sugar stains can also be permanent. These stains are caused by fruit juices, soft drinks, beer, and cock-

tails. When spilled they disappear into the garment. Heat or slow aging will make the spilled substance reappear as a Even slight misuse of home pressing equipment can cause clothing shine, scorch, glazing and fusing. Finishing or pres-sing with steam-heated equipment greatly reduces these risks. The fourth leading problem is perspiration damage. The Garmont Analysis experts report that perspiration leaves the body as acid and decomposes into alkaline. The alkaline in turn damages the dye. This damage can be availed if you have clothing dry-cleaned regularly. This reduces the alkaline concentration.
