**Jan. 20**  
Republican executive committee of Seminole County, 8 p.m., Casselberry city hall; speaker, Rep. William D. Gorman.

## Work Session Slated For 7 Tonight Longwood's Top Positions Will Be 'Defined'

By DONNA ESTES  
LONGWOOD — Work session of the City Council has been scheduled for 7 tonight to "define the position of the mayor, clerk and each member of Council," Chairman Eugene Jaques said at the meeting.  
Jaques said purpose of the gathering is "to get an understanding of who and what each official represents."

NEW SCHEDULE — Mrs. Louis N. Ludwig, left, and Mrs. J. B. Williams, librarians, stand by sign announcing the new Deltona Public Library schedule. The local library will be open weekdays, Monday through Friday, 11 a.m. to 3 p.m.

Memorandum Council instructed Gene Cooper, principal of Sea-coast Construction Company, to submit a new annexation petition containing the description of the city-county road the developers of Devonshire Subdivision, located north of SR 434, wishes included in the city.  
Cooper said his company wants to restripe the road for 2,600 feet from 434 to 100 feet from the entrance to the development. City has received a letter from the county offering no objection to annexing the road.  
To a question from Councilman William Kinsky whether land will be set aside for re-striping within the development, Cooper said the city's subdivision has no such requirement.  
Kinsky made it clear, he advocates amendment to the ordinance setting this requirement and that the water connections cannot be made until the system is expanded.  
Authorized Mayor Kenneth Brown to obtain four city proposals from fiscal agents interested in leasing the city's Laundromat, bounding U.S. 17-22. Second and final reading will probably take place at the meeting expected to be called Thursday night.

### Longwood Sets Weekly Sessions

By DONNA ESTES  
LONGWOOD — City council will be held weekly, rather than semi-monthly, beginning immediately, under a new program suggested by Mayor Kenneth Brown and approved by Council.  
Brown, in asking for the extension of city days, told Council that 242 cases were scheduled for hearing at the first court session of the new year in comparison with 800 cases in all of 1971.  
"I feel the caseload will be in excess of 1,000 to 1,300 in 1972," Brown said. Noting the city is not a speed trap, the mayor said with the increased population in the area more traffic law violators happen to be coming through the city.  
Council also on Brown's recommendation doubled the monthly fee to Municipal Judge Gene R. Stephenson in line with the doubling of his duties from \$100 to \$200.  
Police report for the month of December showed fines during that 31-day period were up 14 per cent over the previous month from \$2,538 to \$3,302.  
The fines were for 74 traffic violations including seven driving while intoxicated; three reckless driving, one red light, two careless driving, 30 speeding, eight no or improper driver's license, one improper parking, two stop signs, one no passing, three failure to have vehicle under control, four no or improper vehicle license, one lane usage, one leaving scene of accident, one improper backing, two failure to have vehicle under control, two expired inspection stickers, and one unauthorized permission to drive.  
Twenty-three of the arrests were accomplished by use of radar.  
Criminal arrests included three failure to appear, two public intoxication and one soliciting without a permit.

## Longwood To Nix Fairy Lake Plat

By DONNA ESTES  
LONGWOOD — Further consideration of the controversial C. A. Hobbs development of 833 rental apartments and 266 patio homes on 85 acres surrounding Fairy Lake will be halted at next week's meeting of the City Council. Dick Crenshaw, newly elected member of the Council, told the Herald Tuesday night, following a work session of the Council, that he will make a motion at next Thursday night's meeting to return plans for the development to the builder.  
Crenshaw said basis for returning the plans is that the builder has filed no official request with the city for either annexation or a change in zoning. In addition, Crenshaw said the developer's verbal request for multiple family zoning does not meet with his approval and the city currently has no planned unit development zoning designation.  
The new councilman added that a significant number of the residents of the city have announced to him opposition of the plan. Crenshaw said, in his view as well, the ratio of rental apartments to homes is out of line.  
Crenshaw became the third councilman to turn "thumbs down" on the Hobbs development. Councilman E. E. Williamson stated his opposition the first time the matter was brought before Council. New councilman William Kinsky in last week's meeting said he would vote against the proposal and with Crenshaw's vote, this adds up to the majority of Council.  
Citizen opposition was based on the possible pollution to the lake because of the large development, increased traffic and costs of providing city services to the area.  
Another invitation in the mail from Economy Cars of Sanford and their gigantic Grand Opening this Friday and Saturday. Big crowds expected with equally big savings from Guy Thornton and his crew on these hot Toyotas.  
Communication Gap? Not in the minds of those Seminole High School students who took part in a "mock trial" conducted today under the supervision of Circuit Court Judge Dominick Salfi.  
If you can't get 'em all at visit an actual trial in progress . . .  
In the same realm, more and more schools are starting to learn that the best text book they could ever hope to buy for the benefit of their students is what you have in your hands right now . . . the daily newspaper!  
And still on the subject of the Fighting Seminoles . . . finally had the opportunity of crossing paths with Principal Jack Redding. First impression — one terrific individual and lucky for us to have him at the helm.  
Quick Question . . . Think the Indians are gonna use us, too?  
Haven't had time to read in detail, but appreciate Mr. Homer Rowley's forecast calling for no the official "Protest To The President." Requesting of Mr. Nixon not to go to visit the Communist regime in Peking.  
Like I said . . . I haven't read it completely, yet . . . reserving comments on same, thank you.  
About that 2-year-old who is suffering from a kidney disease and his mother, is convinced that she can cure him with watermelon juice. She said that she had nephrosis 20 years ago and was cured via the same route.  
Well, an Orlando doctor said it's an old wives' tale "discouraging the juice-cure theory."  
If they ever organize hula dances, there'll undoubtedly be a request for fringe benefits.

## 'Green Substance' Noted Winter Springs 'Treats' Water

By ANN RILEY  
NORTH ORLANDO — Col. Robert Lavel, assistant county sanitarian, confirmed today that residents of Winter Springs are being asked to boil drinking water or add two drops of chlorine to each quart as a precautionary measure due to apparent contamination.  
He stated that a corrective order was sent at 8:30 a.m. today to Southern States Utilities, owners of the Winter Springs utilities, giving them 72 hours to rectify the situation. Samples have been taken and a complete report is due Friday.  
When contacted today, Arthur Daere, manager of Southern States Utilities, admitted that there was a possibility of contamination. "We will do whatever necessary to assure our customers safe drinking water," he promised.  
"Water woes seem to be plaguing the residents of Winter Springs" was the comment by John Griffiths, of Dove Lane, Tuesday evening in an interview at his home. He explained by saying "We had to boil a plumber into our new home as we were receiving only a trickle of water. Upon taking the filter off he found it clogged with a green algae type substance. Our washer was taking 1 1/2 hours to fill up and it also ran. It was checked and found to be clogged with the same green stuff. I was advised to remove the filters ever so many days in order to keep the water flowing."  
"I wrote a letter to Tom C. Kravik, president of Southern States Utilities, explaining my problem. He sent a reply saying he didn't understand what the green substance was or where it was coming from as their unit was completely sealed."  
Aere, Winter Springs, said yesterday his wife was told by the Seminole County health department not to use the water unless it has been boiled or two drops of chlorine or bleach had been added to it. Nancy Lariviere took a sample of the green algae type substance to the health department as they had been treated with the same procedure as the residents.  
Friday at noon they had had no water in their home. Lariviere stated that the Orlando office of Southern States Utilities said it had no knowledge of what his trouble might be. "It was too bad they had to send for a part and would be out in an hour. This was at noon and after repeated calls on the part of my wife and me they finally showed up about 8 p.m. with three water meters on the truck. All three were tried and clogged up. They finally passed this procedure by taking all the "guts" out of the meter so water would go through. The same procedure had to be followed for my neighbor as he had no water also, Lariviere reported.

## County Leans Toward Wild Wekiva River

By MARION BETHA  
County Commissioners yesterday imposed a one-week moratorium on building permits on the Wekiva River in an area of 200 feet of what would appear to be the shoreline.  
County Planner David Farr will delineate the area.  
The matter has arisen over the designation of the Wekiva in the scenic rivers program, in which the suggestion was made that there either be a moratorium on the building permits or creation of a special zoning district or both.  
Commission Chairman Greg Drummond suggested that the zoning district be recreationally oriented.  
Administrative Assistant Rodney Laver told the board that he had spoken with Chairman Harold Rowland, who said recommendations had been made in Tallahassee that the moratorium be declared on at least 200 feet of the dry bank. He also recommended the zoning.  
Drummond said it is his opinion that 300 feet from the center line is needed in the issue but a problem has arisen, according to zoning Director Robert Brown, in that the center line cannot be determined in the area. "Nobody," Brown said, "even knows who owns the islands in the Wekiva."  
It was stated that Randolph Hodges, state director of natural resources, was pleased that Seminole County was well represented at a meeting on the subject of the scenic rivers and he disclosed the Wekiva is first or second in line for a study on scenic or wild rivers.  
The Wekiva already has been designated as a state canoe trail. Commissioner Sidney Vihlen Jr. remarked that should the Wekiva be designated in the wild river program, federal funding is available as well as state funds for the purchase of easements.  
During the week's interim, the commission will study the definition of the area to which the moratorium is being applied, with consideration being given to the new zoning classification.

FAUCET WIDE OPEN—NO WATER! Winter Springs residents John Griffiths and Paul Lariviere demonstrate how to install a faucet and meter in the subdivision. Customers of utilities in the subdivision are urged to boil their drinking water. (Ann Riley Photo)

### Vegetable Report

Shipping point information for Monday, Jan. 17. All sales F.O.B. for stock of generally good quality, unless otherwise stated. Precooling charges extra.

### Headlines Inside THE HERALD

**SPACE CENTER, Houston**—Members of the space agency science community call the Skylab program crew selections unfortunate and predict an exodus of some scientists-astronauts.

**DEFUNIAK SPRINGS**—A 24-hour manhunt for a young father wanted in the slayings of his teen-age wife and infant daughter ends when the fugitive shoots himself after police corner him in an abandoned farmhouse, sheriff's deputies say.

**WEATHER**—Yesterday's high 67 low 55. Generally fair today and Thursday. Highs mid to high 70s. Low tonight in 50s. Cold air once again stung the nation's midsection today after a brief spell of January mildness.

## Altamonte Okays Expansion Pacts

ALTAMONTE SPRINGS — Steel Company at \$379,800 was awarded the civic center and the civic center award was given to low bidder, Sorenson and Fletcher at \$222,354.  
The civic center is to be completed within 180 days once construction has begun. Construction time for the hydro-pillar water storage tank — 240 days. The bids accepted were ones recommended by the city engineer in the case of water system expansion and of Architect Robert Webb in the case of the civic center.  
In other business, Council: Approved request for abandonment of Eucalyptus Street, an unopened right of way that runs through the middle of the Valley Forge Golf Course.  
Referred bids for sewer and water extensions to the engineer for study and recommendation. Apparent low bidder were Hubbard Construction Company at \$48,337.50 for sewer lines and Central Florida Underground at \$9,870.33 for water lines. Total of the two low bids was \$57,467.83 in comparison with total estimated by engineer of \$71,125.90.  
Referred to the city clerk bids on a calculator. Apparent low bidder on a printing electronic calculator was Victor at \$500 and NCR at \$229.36 on a multiplier.  
Hearing on a request by developer William Goodman for change in zoning on a 50-acre tract fronting on Montgomery Road and the Little Wekiva to permit construction of apartments.

## Schools' Financial Situation Is Eased

By BILL SCOTT  
Seminole County School Board's financial condition is improving, with the announcement today by Walter A. Teague, assistant finance superintendent, that state recalculation funds in the amount of \$793,815 have been received.  
Teague disclosed the funds will enable the board to expand its contingency account, which has been shrinking.  
With the additional state monies, based on the just-over 10 per cent increase in average daily attendance for the second month this term over the same period in 1971, the board can fulfill all monetary obligations promised but delayed because of a lack of contingency funds.  
With the \$793,815 just received from the state, the School Board contingency was boosted to \$1,037,812.84. Due to commitments already made that amount was decreased by \$184,022.36 to a balance of \$853,790.48 as of last Monday.  
Some of the balance may be spent by the board if it agrees at the Jan. 25 meeting to approve a request by Sup't. John Angelo to hire a data processing coordinator for \$14,400 salary.  
The superintendent said the coordinator's salary could be in-

ACCIDENT VICTIMS AIRLIFTED TO HOSPITAL  
Herndon Ambulance helicopter, Lifesaver One, was called to the scene of a two-car accident at O'Brien Road and U.S. 17-92 in Fern Park yesterday. Traffic was held up in both directions as the 'copter set down in the northbound lane and the two injured people were loaded aboard. The accident, which happened during afternoon rains, allowed traffic for nearly an hour and at one time backed cars up nearly a mile in the southbound lane. (Related Photos Page 2A.) TERESA ANN REESE, 16, of Winter Park, the driver of this 1961 Mercedes, and her passenger Patricia K. Berrian of Milton, Fla., were ejected and released at Florida Hospital following a 2:30 p.m. accident on wet roads at U. S. 17-92 and O'Brien Road in Fern Park yesterday. Evelyn J. Sabbarese, 54, of 115 Ellsworth Street in Altamonte Springs was the driver of the other car, a 1971 Oldsmobile. Mrs. Sabbarese was charged with failure to yield at a stop intersection. Trooper Terry McIntyre of the Florida Highway Patrol investigated the accident. The sheriff's department assisted in handling the traffic which was tied up for nearly an hour. (Gary Taylor Photo)

# Ambulance Controls In New Act

By MARION BETHA  
County Attorney Thom Rumberger is drafting an ordinance which, hopefully, will resolve ambulance controls in the county.  
The issue has arisen over an accident last week involving an automobile and school bus on Semoran Boulevard in which there was a reported controversy between two ambulance firms over assistance to the injured.  
Rumberger told a meeting of the County Commission yesterday it is his recommendation that an ordinance be drafted which would be similar to a special act passed in Brevard County, in which either an exclusive or non-exclusive franchise is granted to ambulance companies.  
He contended that the rules and regulations in the ordinance would pertain to equipment and drivers as well as outlining standards for drivers and other personnel. The present agreement which the county has with Herndon Ambulance Service, was queried as to whether the service would be in agreement with the non-exclusive franchise.  
Rumberger explained it is his further recommendation that a non-exclusive, non-geographical franchise be allocated.  
Commission Chairman Greg Drummond said the accident last week "saliently illustrated the evident need of understanding as to who would provide service to the injured parties; that arguments such as occurred last week could precipitate traumatic shock to the victims hearing the discussions, and that the county does not want a recurrence."  
Rumberger said the situation also had all "the earmarks of a scandal" in that a television comment intimated many ambulances may not have the equipment necessary for basic safety and that many drivers may not meet the standards.  
A requisite of the ordinance, Rumberger said, would be that these conditions are checked, to which Commissioner Al Davis injected that the checks should be on a periodic basis.  
Drummond called for a work session on the matter but Commission Edward Yarborough pressed for expedition, noting that he did not need a work session to initiate a work session.  
Drummond then called for a consensus, which disclosed that the majority favored a non-exclusive franchise.  
Miss Willis, president-owner of Herndon Ambulance Service, was queried as to whether the service would be in agreement with the non-exclusive franchise.  
Rumberger explained it is his further recommendation that a non-exclusive, non-geographical franchise be allocated.

DEPUTY Randal Silcox (left) and Trooper Terry McIntyre check damages to two vehicles after an accident at U.S. 17-92 and Apartan Drive in Fern Park yesterday shortly before noon. The vehicle at the left of the photo, a 1970 Ford, was driven by Robert Eugene Miller, 41, of Orlando and leased to the Winter Park Telephone Co. Harriett Spire, a passenger in the car, was taken to Winter Park Hospital. The second car, a 1968 Chevrolet, was driven by Robert Louis Brown, 35, of 124 Oak Street in Longwood, who was charged with failure to yield at a stop intersection. According to McIntyre, Brown wore 3 for a service station and the car belonged to a customer who had left it at the station for repairs. (Gary Taylor Photo)

# Land Developers Warned By Mayor

LONGWOOD — Mayor Kenneth Brown Tuesday night warned land developers "to deal across the table with us, you will find us to have open minds, willing to listen to your proposals and to consider them," he said firmly.  
Brown's remarks followed requests for an indication of feelings of Council on a proposal to develop the 80-acre Sand Hill Grove located on the Markham Road into homes in the area of 100 to 200 lots.  
Fielding Development Company, to build or the area, asked the board if it would be possible for the company to purchase the land and deed to the city package sewer plant to serve the area.  
Mayor Brown said Council has an open mind concerning such proposals since the recent tour of Pensacola developments which have this. The mayor said approval probably could be given if the plan were constructed to strict specifications under direction of the city engineer and providing there is no harm to the city or residents of the area, and that the city changes its ordinance to allow such changes.  
Representatives of the Fielding company said the homes would have 1,300 to 1,600 square feet each on 80 by 100 foot lots.  
Council Chairman Eugene Jacques pointed out to the board the city currently has requests from four or five developers who also desire to build and give sewer plants to the city.  
He recommended the city officials sit down with the developers and decide a proper course of action. He suggested money from all the developers might be pooled to permit construction and operation of the first phase of the city's sewer system while federal funds are awaited for the overall system.  
Council agreed to hold the matter over until the next meeting with developers and the zoning board on the matter next Tuesday at 7 p.m.

# Suspect Questions Police Jurisdiction

By KATHY NIBLACK  
CASSELLBERRY — In a preliminary hearing in municipal court, lawyers for Robert Burns, who had made charges of police brutality following his arrest early Dec. 20, filed for a dismissal of the three charges against their client.  
Their contention is that the charges did not occur within the city limits, therefore, the officers, Ptl. Herbert Johnson, had no jurisdiction. A hearing was set for Feb. 3.  
Burns, an Orlando resident, was arrested by Johnson with the aid of Orange County sheriff's deputies in Azalea Park after a 10-mile chase at speeds in excess of 100 miles per hour and was charged with resisting arrest with violence, driving while intoxicated and trying to elude a police officer.  
During his struggle following his apprehension, police said, Burns received injuries for which he was hospitalized, resulting in his charges of "police brutality." Following an extensive investigation, Police Chief George Karcher charged the patrolman of the charges.

# Altamonte Approves Expansion Contracts

Continued From Page 1  
tract on SR 436 west of I-4 to be the site of the new Holiday Inn.  
Approved on first reading an ordinance rezoning the southeast corner of SR 436 at Longwood Avenue to allow construction of a gasoline station by Posco Petroleum Company.  
City Engineer William Taylor instructed City Engineer William Palm to calculate the amount of utility tax the city will realize on water sales during the next 10 years. The utility tax is to be pledged for construction of the city hall and civic center.  
Approved waiver of the \$100 per day occupational license fee for the South Seminole Jaycees to permit them to sponsor a carnival on the Galtier property adjoining State Road 436 from Feb. 1 through 6. The Jaycees are to receive 20 percent of the receipts from the event with proceeds to be used as part of the fund to acquire an emergency vehicle for the Altamonte fire department.  
Approved the first unit of Barclay Woods to be constructed by developer, Irving Berger. Adapted on first reading an ordinance amending the 40-acre

# Area Deaths

SETH WILKIN  
Seth B. Wilkin Jr., 65, of 104 1/2 W. 18th Street died Tuesday morning in a home nursing home. He was a native of Colquitt, Ga., and came here 38 years ago from Albany, Ga. He was a commercial residential painter and an Army veteran of WWII.  
Survivors include his wife, Marie D. Wilkin of Sanford; four sons, Harry R. Wilkin and David S. Wilkin, both of Sanford; Robert Wilkin, Lake City; and Jimmy Wilkin, U.S. Marine Corps; a brother, J. P. Wilkin of Georgia; three sisters, Mavis Sars and Nellie Wilkin both of Colquitt, and Miss Allen Wilkin of Atlanta, Ga.; two grand-children.  
Funeral services and burial will be in Colquitt, Granfork Funeral Home, in charge of local arrangements.  
MRS. EVA KOONTZ  
Mrs. Eva M. Koontz, 62, 1201 Oak Avenue, died Tuesday morning at Seminole Memorial Hospital. She was a native of

# New Controls Cover Bikes

By GARY TAYLOR  
While some bicycle riders feel they may do as they please when riding on the roads, the State Uniform Traffic Code Law states that "every person riding a bicycle upon a roadway shall be granted all the rights and be subject to all the duties applicable to the driver of a motor vehicle." Several special rules are also included in the new traffic laws.  
According to the state laws, anyone violating these regulations may be fined up to \$25 or have his bicycle impounded for up to 90 days.  
Parents or guardians are responsible for the actions of minor children. In the case of a minor, the bicycle can be impounded for such a period of time as the court determines.  
No bicycle can be used to carry more persons at one time than the number for which it is designed or equipped. The person propelling the bicycle must ride upon or astride a permanent and regular seat which is attached to the bicycle.  
Any person operating a bicycle upon a roadway is required to ride with the flow of traffic as near to the right side of the roadway as practicable and is required to exercise due care when passing a standing vehicle or one proceeding in the same direction.  
Unless on a path or part of a roadway set aside exclusively for bicycles, they can be operated more than two abreast. The person operating the bicycle must have at least one hand on the handlebars at all times.  
After sundown, every bicycle must be equipped with a headlight in front exhibiting a white light visible for at least 500 feet. The bike also must have a tail light or red reflector that can be seen at least 500 feet away.  
Finally, no person riding on a bicycle, coaster, roller skates or toy vehicle shall attach the same or himself to any vehicle on a roadway.

# For Altamonte Water Fluoridation Urged

By DONNA ESTES  
ALTAMONTE SPRINGS — Fluoridation of the city's water supply was recommended last night to the City Council by a resident of Alden Gardens, which is served by city water.  
But the idea got little favorable reaction from the Council and one member of the board suggested a referendum on the issue would have to be held before he could approve the request.  
Kenneth Klos appeared before Council with the request that the water supply be fluoridated. He said it is widely known that fluoridation of water supplies helps prevent tooth decay in children.  
To a question of why he doesn't add fluoride to his own water supply, Klos answered that the chemical is added but expensive. He mentioned a cost of \$2 per day while the cost of the city handling the procedure would be pennies per household.  
Councilman Dan Dorfman told Klos he should gather supportive and authoritative documentation which can be verified and show the need for the action. In any event, Dorfman said, that he would not arbitrarily say that the water supply should be fluoridated unless the citizens of the community voted for the action.  
Mayor Lawrence Swiftford at the same time asked the man if it was his desire to have the city "provide medicine" for their children. The mayor continued, "I do not get the point of why the city should put the fluoride in the water supply. Two many people are taking a free ride at the expense of the people today."  
The mayor also said the idea of using fluoride in the water supply was considered when the water system was begun years ago and rejected.  
Richard Holcombe gave a progress report on air conditioning for the center, a project that is progressing favorably. He also reported on re-surfacing and repainting of streets in Delray where necessary.  
Earl Merrill, chairman of the public service committee, spoke about a new mobile home park planned on 724 acres north of Highway 17-92 directly west and contiguous to the property. Application for rezoning this

THOMAS L. SIEGFRIED, member of the Altamonte Springs Volunteer Fire Department, has been appointed acting fire chief by Mayor Lawrence Swiftford with approval of the City Council. Salary for the 90-day probationary period was set at \$140 weekly. Members of the fire department, including Siegfried's appointment. (Donna Estes Photo)

# City Docks Agreement Reached

By BILL SCOTT  
City of Sanford and Monroe Harbour, Inc. former lessee of the city-owned marina, have settled all legal problems involving the restoration of the long-sunken docks in the west harbor.  
This was disclosed by City Attorney W. C. Hutchison, who added that under the agreement reached between the city and the former lessee, costs for dock restoration in Pier A will be borne by Monroe Harbour and costs for erecting a breakwater in the west harbor along with electrical wiring will be paid for by the city.  
Hutchison said costs of these projects have not yet been finalized but it is expected that both city and the lessee will pay approximately the same in costs to fulfill the agreement.  
The docks issue has been unresolved for approximately two years, ever since the shelling and damaging of 102 of the units in the latter part of 1969. Monroe Harbour, lessee at the time of the shelling, has since sold its marina lease to Jack Rethwell, who has proposed new configuration for that section to be restored.  
The controversy surrounding responsibility to fund docks replacement was ultimately carried to court, with a recent decision by Judge Dominick Saffi requiring the former lessee to replace the docks if the city would construct a breakwater to prevent high wave action from again sinking the floating concrete units.  
The decision announced by Hutchison is an agreement reached after both sides studied the court's finding.  
No estimates of time was given for actual work to start on either the breakwater or docks restoration.

# 200 DeBaryites Hear Of Defensive Driving

DeBARY—James West, Director of Volusia County Traffic and Safety Commission, spoke at the regular meeting of DeBary Civic Association recently in the Community Center with 200 members and guests present.  
He was introduced by Magistrate Ray Schroeder. His message was timely in view of the alarming number of highway accidents and fatalities.  
He explained that his department conducts classes in defensive driving throughout the county in all cases where 20 or more persons agree to take the course.  
Richard Holcombe gave a progress report on air conditioning for the center, a project that is progressing favorably. He also reported on re-surfacing and repainting of streets in Delray where necessary.  
Earl Merrill, chairman of the public service committee, spoke about a new mobile home park planned on 724 acres north of Highway 17-92 directly west and contiguous to the property. Application for rezoning this

# Wife Freed In Shooting Of Mate

Mary Cook Harris, 65, was released from custody Tuesday afternoon by Justice of the Peace Robert E. Carroll, who ruled "justifiable homicide" in the shooting of her husband, Wallace Harris, 66, in their Bungalow Boulevard home Sunday.  
According to County L. A. J. Krix, the woman told the court her husband knocked her down and was going to cut her with a knife. She reached into her pocket, drew a .22 caliber pistol and shot him three times in the stomach.  
Harris was dead on arrival at Seminole Memorial Hospital. An autopsy established the cause of death as massive internal hemorrhage as a result of the three gunshot wounds.  
At the hearing, witnesses corroborated the woman's story and the charges were dropped after it was determined she shot her husband in self-defense.

# Luncheon Held By Retirees

DELTONA — More than 100 members and guests attended the recent luncheon sponsored by the DuPont Retiree Club staged in the Deltona Woman's Clubhouse on Normandy Boulevard. Special entertainment during the afternoon featured the Modern Dancers, a popular mixed chorus group from the Deland High School, under the direction of Paul Kaski.  
Robert Wright, president of the local chapter, introduced two new member-retirees and their wives—Mr. and Mrs. T. Jones of Daytona Beach and Mr. and Mrs. Paul J. Miller of Moultrie.  
Paul Royer of Lake Placid was commended in recognition of his perfect attendance record — never missing a DuPont. He has three reunions even though he has to travel a total of 270 miles to attend.  
In other action, Mrs. Sara Ingram of Deland was elected treasurer to fill the vacancy created by the resignation of Ted Erfmann. Also, Charles G. Patterson of Ormond Beach was named program chairman.  
The next meeting is tentatively scheduled for some time during February—date to be announced as soon as plans have been finalized.

# Siegfried Named Acting Fire Chief

By DONNA ESTES  
ALTAMONTE SPRINGS — A list of requests and recommendations by the volunteers of the city's fire department were considered by the City Council in work session.  
Heading the list was the recommendation that Thomas L. Siegfried be named to the post of fire chief, from which Gary Kaiter resigned some weeks ago.  
Council informally agreed Siegfried, as predicted in The Herald, will be named acting chief on 90-day probation at a salary of \$160 weekly.  
The fire department, in asking for Siegfried's appointment, said it would prefer that a member of the department be named chief rather than someone from outside the department.  
Council also agreed that the paid department will go on a 36-hour work week with 24 hours on duty and 48 hours off.  
The volunteers urged that Council approve payment of \$11 per hour to volunteers who assist in the department each night to assist the paid firefighters. In addition they asked that volunteers be paid \$2 per run for three runs for week. Four men will be making each run. Indication was that this recommendation will be approved Tuesday.  
In naming Siegfried, Commissioner Dan Dorfman, fire commissioner, said with the volunteers having enough confidence to select him for the post they want a known rather than an unknown quality leading them. He pointed out by appointing the young man the city will be adding to the department.  
GHAUFF REINERT, South Africa (AP) Golfer Lionel Howe was about to hole out in five strokes here when something stroked in the cup. He pulled out a new-born rabbit. Howe put the baby on the green where its mother might find it.

Editorial Comment

Askew Appeals For Reform In Education

Alert, responsible and lively school teachers must have had the very sensitive fibers of their profession being tingling when they heard of Gov. Reubin Askew's vigorous and logical demand for reform within the public school machinery of this state.

One is, of course responsiveness and the other is accountability. In a column by the experienced Washington observer Helen Fuller on this page today, there is a rather startling comment on the latter of these factors.

At present the State Cabinet sits, in addition to its other duties, as the Board of Education. It takes no expert to realize that this task is impossible to properly execute by these Cabinet members.

For the performance under the old-style rules has now produced a situation — for which blame has no person but conditions over which they have no control — in which the funds are running out (or have run out) and expansions in personnel which the school superintendent believes essential cannot be approved if fiscal responsibility is the guide.

Warning Bombs

The time bombs that were planted by American revolutionaries in eight banks in three cities across the United States of America, purportedly in an effort to gain the release of "political prisoners," bring home a grim warning to the nation.

'IT'S CALLED THE LITTLE DAVID MODEL'

First Class Style

The subtle pressures of diplomacy are apparent in Red China's precautions to avoid embarrassing incidents during President Nixon's visit next month, including even the choice of cars for official motorcades.

Define Courtship - Marriage

NEW YORK (AP) — Courtship is the way life goes. Marriage is the way life is. He used to give her roses. Now, after 23 years of marriage, he brings her in a pale tomato he grew in the backyard as if it were a thousand roses.

'Critical' After Suicide Try Father Held In Murders

DEFUNIAK SPRINGS, Fla. (AP) — A 24-hour manhunt for a young father wanted in the slayings of his teen-age wife and infant daughter ended late Tuesday night when the fugitive shot himself after police cornered him in an abandoned farmhouse, sheriff's deputies said.

other two shooting victims were not seriously wounded and the abducted girl was later released. Sheriff Campbell speculated that Fox's motive in the shooting was jealousy.

# Electric Cagers Top Dekle's Gulf

**RIDDY LEAGUE**  
Sanford Electric 25  
Dekle's Gulf 29

Sanford Electric got back on their winning ways after dropping their last two games. Kenneth Brown had 24 points. Chip Wilkins and Ronnie Ryan scored. Bobby Ray six and Rick Rosemond had 11 for Dekle's Gulf. Dan McClintock scored. Gordon T. Raloff Clark was high for the Colts with 12. George Kenis had eight. Bill Lykens five. James Rose three. Joe Brister and John MacGregor two each and John Doye one. Eagles 51 — Jets 22.

The Jets lost their season's high scorer, David Barkley, in the first quarter because of the injury. Dennis Hartcock was high for the Eagles with 16 points. Robert Smith had 11. Tom Hollingsworth eight. Dean Smith six. John Westbrook four. James Gibson one. For the Jets, David Provencher had 16. Mark Neiman four and Clinton Westbrook two.

**Sanford Atlantic National Bank**  
48-First Federal 18  
Sanford Atlantic had only a five point lead at the half, but then showed their power in the second half, scoring 21 points. Dennis Williams was high for Sanford Atlantic, scoring 18 points. Jeff Anderson had 14. Mark Renaud eight. Rocky Jermain seven and Paul McKinnon two. Pat Johnson had 10 for First Federal. Billy Lee five. Glenn Marcel two and Richard Holt one.

**Eddie's Bakery 31 — WTR 25**  
Eddie's Bakery remains tied with Sanford Atlantic for the lead in the second half, both undefeated. Doug Packard had his high of the year for Eddie's Bakery with 21 points. Greg Law had 11. Todd Graham three and Michael Wilkins one. For WTR, John Bogas had 11. Ed Dougherty eight. Raymond Bracken three and Kenneth Bogas two.

**Florida State Bank 28 — United State Bank 33**  
The best game of the day with the outcome in doubt until the last minute. Doug McCook was high for Florida State with 15 points. James Edmonds had nine. Pat Schirard six. Jack Godwin four. Chuck McCallum two and Kenneth Williams two each. Wesley Spake had 11 for United State Bank. Joe Smith nine. Scott Reagan and Dennis Germain four each. Trueman Watts two each and Ted White one.

**Vikings 25 — Colts 49**  
Fool shots in the closing seconds of the game kept the Vikings from their first loss. David Bernsky had 11 points for the Vikings. Shaun O'Brien had nine. Pat Schirard six. Jack Godwin four. Chuck McCallum two and Kenneth Williams two each. Wesley Spake had 11 for United State Bank. Joe Smith nine. Scott Reagan and Dennis Germain four each. Trueman Watts two each and Ted White one.

**Royals Blast Celtics**  
GIRLS BASKETBALL  
ROYALS 25—CELTICS 7  
The Royals put it all together Saturday morning, as they outplayed the Celtics with four points. The score at half-time was 14-4. Five players shared in the scoring for the Royals. Juanita Hayes led with nine points. Greta Pitts had eight. Marcia Ruid six. Melanie Ruid four and Janet Thomas two.

**322-2611**  
The Celtics were in trouble from the beginning as they scored only two of seven points. Karen Lawson led in the scoring for the Celtics with four points. Equilla Shaw followed with three. The Celtics played as if they were in shock from the previous Saturday when they played the Rockets. ROCKETS 20—LAKERS 19  
In the second game Saturday it looked as if the Rockets were going to have a easy game. The Rockets led by 10 points in the first quarter. But the Lakers came back and were down only by one at half-time. In the fourth quarter the Lakers pulled ahead and "didn't" let up. In the last minute Ann Grimsone made two field goals for the win. Ann was leading scorer for the Rockets with seven points. Arlene Coopers six. Beryl two and Allison Smith one.

**STANDINGS**

## On March 14 Ballot

# Judicial Reform Debated

By MARILYN GORDON

Once again, a judicial reform amendment is being placed on the ballot in the March presidential primary. To bring understanding of the need for judicial change, the administration of justice committee of the Seminole County League of Women Voters hosted a panel discussion by five persons prominent in the judicial system of our county.

Moderator was Thomas Freeman, with other members of the panel including Judge Dennis Salvi, Judge Wallace Hall, Arthur Beckwith Jr., Clerk of the Circuit Court, and Sheriff John Polk.

Principal items on the agenda were proposed revision of Article V, Florida Constitution, impact of article V on Seminole County, proposed new juvenile judge for Seminole County, budget factors of the courts, consolidated police force and the legislative bill introduced by Judge Salvi.

Sheriff Polk was asked how growth in the county has affected his department. "Our budget when I took office was \$395,666," he replied. "The budget for this year is \$744,000 and my next request will be for \$900,000. The starting salary for our men has grown from \$375 to \$533. At the present time we have 22 inmates sleeping on the floor. They have mattresses but no bunks."

At the close of the panel discussion each of the members was asked if he was in favor of the amendment. Beckwith felt the expense would be between \$20 and \$30 million. He was not sure the change warranted such expense.

Judge Salvi said he believed there would be a period of confusion, but that "after this we will have a better system."

Judge Hall seemed in favor, with reservations concerning additional judges. Polk felt the system has some pitfalls, but he, too, is in favor. Freeman was in favor. At the present time, he said, "We have 37 levels of court. It is very baffling for the attorney to determine which court he should see, think what it must be like for the average citizen."

## Nixon's Economy Plan Soon Ready For Solons

By BILL NEIKIRK

Associated Press Writer

WASHINGTON (AP) — The Nixon administration hopes to be the last on major new trade deals and send its dollar devaluation bill to Congress by early February, a high Treasury official says.

The trade package and the dollar-devaluation measure go hand in hand, Paul Volcker, undersecretary for monetary affairs, told newsmen Tuesday. He said he sees no difficulties in trade negotiations.

"The trade package is going to be wrapped up. I feel quite sure," he said. "I think we can make it by that date (early February). I think it's in everybody's interest."

Volcker, an architect of President Nixon's international economic policy, held a rare on-the-record news conference, the first since he was instrumental in the international monetary settlement reached last Dec. 18.

He declined to be specific on negotiations with the nation's major trading partners. As part of the deal to devalue the dollar, the "United States has insisted that Japan, Canada and the Common Market countries agree to some trading concessions."

Volcker said he sees no trouble with the dollar-devaluation bill, predicting that Congress "will deal with this legislation expeditiously." Technically, the dollar would be devalued by raising the price of gold from \$35 to \$38 an ounce. In foreign exchange markets, that amounts to a devaluation of 7.89 per cent.

On other topics, the undersecretary said:

—The Nixon administration will roll up a "very substantial deficit" in fiscal 1972, and the 1973 budget due to go to Congress next Monday will be deeply in the red. But Volcker said both deficits are justified under current slack economic conditions. Other sources said the budget deficit for fiscal 1972 may reach almost \$40 billion, the biggest in 27 years.

—He does not expect the monetary agreement, in which a new system of currency exchange rates was immediately put into effect, will become unstack.

## Scientists Dismayed Over Skylab Crews

SPACE CENTER, Houston (AP) — Some members of the space agency science team are dismayed that scientist-astronauts were limited to three of the nine crew berths for Skylab, an orbiting laboratory designed to study the earth with special sensors and the sun with telescopes.

The first three-man crew is scheduled to spend 28 days aboard the Skylab mission starting next May, and the second two crews are to be aboard 56 days each.

Two pilot-astronauts with little academic background and a physician-astronaut make up the first crew. Each of the remaining two has an astronaut with a doctorate in engineering and two pilot-astronauts.

"If this is a selection which doesn't try to get people of true scientific training on the mission, then we're in trouble," said one scientist who had contributed heavily to the Apollo moon-landing program.

The scientist, like five others who commented unfavorably about the selection, declined to give his name for print because of a close association with the space program.

A flight surgeon said more physicians should have been chosen. Maxine, of the Skylab program is designed to learn about the effects of long-term space travel on the human body, he said, and subtle changes not obvious to the layman could be overlooked by an

## Water Poison Plot Seen 'Hairbrained'

CHICAGO (AP) — An alleged plot to poison city water supplies was a "hairbrained scheme" that could not have worked, says James J. Jardine, Chicago water and sewage commissioner.

Two men, both city college students, were charged Tuesday with conspiracy to commit murder by introducing typhoid germs into the Chicago's supply of drinking water.

Jardine said any attempt to poison the water supply was bound to fail. Chlorine added continuously to the one billion gallons of water pumped daily to Chicago would have destroyed the typhoid bacteria, he said. Security police also guard the two water filtration plants round the clock.

Held in Cook County jail to stay on \$20,000 bond each were Steve Pera, 18, a former hospital worker from Evanston, Ill., and Allan Schwander, 19, of Chicago.

Chicago police arrested the men at midnight Monday in Schwander's North Side apartment.

State's Atty. Edward V. Hanrahan of Cook County said in a statement that a week-long investigation disclosed that the two men had formed an organization called "RISE," through which they allegedly planned to poison the area's water supply.

He said members of RISE allegedly were to be inoculated against the water poisoning "in form of the basis of a new master race."

The two students appeared before Judge Robert J. Sullivan in Circuit Court. Jack Schmeider, an assistant state attorney, told Sullivan that among the apartment were substances tentatively identified as typhoid micro-organisms.

He charged the typhoid culture was apparently prepared by Pera in a laboratory at Mayfair City College, where a quantity of the deadly germ was found.

**Fresh Beef Brisket**

**Roast \$1.08** lb.

RECIPE SUBMITTED BY  
Mrs. Ruth Khopakoff, Orlando

1 Fresh Beef Brisket (6-7 lbs.)  
1 cup Light Onion Soup Mix  
1/2 Teaspoon Onion  
1/2 Teaspoon Seasoned Pepper  
1/2 to 3/4 Cup Burgundy Wine  
Oil or Keweenaw Wrap

Place foil in roasting pan long enough to fold over and seal tight. Sprinkle 1/2 of Onion Soup Mix on bottom, place meat on top and sprinkle remainder of Onion Soup mix. Season with Onion and Seasoned Pepper. Pour wine around meat and seal tightly. Place in pre-heated oven 350° to 375° for 3 to 3 1/2 hours. Remove from oven and let stand 15 to 30 minutes for easy slicing. Slice thin.

### Hot Apple Cider

Where would America have been without the apple? Apple-les, you might say. But the significance of apples in our history is far greater than one might think.

Methods of budding and grafting the apple tree were well known from the Caspian Sea to the Atlantic Ocean more than 2,000 years ago. Europeans cultivated apples long before America was settled.

But it wasn't long before they brought apple seeds to the New World. And, apples spread rapidly from settlements in Virginia, the Carolinas and New England to America's heartland, as pioneers pushed westward.

Wherever apples went, they proved to be friend winners—in trade, diplomacy, at the table, under the tree, or at informal get-togethers.

In addition to fostering good domestic culinary relationships, apples also proved to be a valuable diplomatic aid in America's history.

The first recorded trans-Atlantic shipment of apples was made in 1738 to Benjamin Franklin while in London. It is reported that Franklin, a good salesman as well as a diplomat, convinced the English that American apples were superior to their own. So, when Britain had a poor apple harvest a few years later, our young country began a large export trade to England.

During Queen Victoria's first year on the throne, she received several barrels of Yellow Newtown from Arthur Stevenson, the American ambassador to England. The useful and delicious gift was responsible for the lifting of an import tax on American apples. And it helped build good will between two countries.

Early Americans literally drank their apples—as apple juice, cider and applejack. For the first 200 years of our history, much of every apple crop was pressed into liquid of varying degrees of potency.

Apple cider was so important it often served as "coin of the realm" to pay the doctor, lawyer and even the schoolteacher. In C. course, early homemakers also used apples to make sauces, pies and puddings. And some of the distinctive apple dishes they created still serve us well.

This year, you'll miss a good bet if you don't follow the example of pioneer woman, and serve apples in all of the delicious ways you can think of. The U.S. Consumer and Marketing Service says apples are unusually plentiful this winter.

How about Hot Apple Cider? It's a welcome treat after an active day in the season's brisk air? It's made with apple juice or cider, milk and spices. Top it with a dollop of whipped cream and give it extra zest with a cinnamon stick used for a stirrer.

**HOT APPLE CIDER NOG**  
2 eggs, beaten  
1/2 cup sugar  
1 cup apple juice or cider  
1/4 teaspoon salt  
1/4 teaspoon cinnamon  
1/4 teaspoon nutmeg  
2 cups milk, scalded  
1/2 cup whipping cream whipped

Combine eggs, sugar, cider, salt and spices. Add scalded milk, gradually; beat, stirring constantly.

Pour into mugs while hot; top with whipped cream. (Makes about 4 1/2 cups and should serve 6 people.)

**CHICKEN MAYO**  
Cooking chicken with sauerkraut, onion and apple yields good flavor.

3 pound frying chicken, cut up  
2 tablespoons butter  
Salt and pepper  
1 can (1 pound, 11 ounces) sauerkraut, undrained  
1 medium onion, quartered and cut into thin strips  
1 medium red apple, unpeeled and sliced

Wash and dry chicken. In a 10-inch skillet heat the butter; add chicken and brown on both sides; remove and sprinkle with salt and pepper. If chicken does not give off fat, you may have to add a little more butter. Arrange chicken in a heavy 4-quart casserole or Dutch oven. Remove oil but 2 tablespoons of fat from skillet, mix in sauerkraut, onion and apple; place kraut mixture on top of chicken. Cover tightly and bake in a preheated 325-degree oven until chicken is tender—about 1 hour. There should be plenty of juice in casserole during baking; if not add a little broth or water. Makes 4 servings.

Mashed Butternut Squash

Nutritious and economical vegetable.

2 pound butternut squash  
1/4 cup boiling water  
1 teaspoon salt  
1 to 3 tablespoons butter  
1 teaspoon lemon juice  
1/2 teaspoon nutmeg

Cut squash in half lengthwise; remove seeds; cut 1/2 inch portion. Pare; cut into 1/2 inch cubes—makes 4 to 5 cups. Cook rapidly, covered, with boiling water and salt; just until tender—3 to 10 minutes. Drain and dry by shaking squash in pan over hot heat. Mash with remaining ingredients. Make 4 to 6 servings.

EASY POTATO SOUFFLE  
Made with a convenience food.

1 envelope (3-serving size) instant mashed potato flakes  
2 eggs, separated  
1 tablespoon parsley flakes  
1 teaspoon white pepper  
Buttered bread crumbs, if desired

Prepare potatoes according to envelope directions, increasing salt to 1/2 teaspoon. Beat whites until they form stiff peaks. Beat egg yolks slightly; mix with parsley and pepper into potatoes. Fold in egg whites. Turn into greased 1-quart souffle dish or casserole. If used, top with buttered crumbs. Bake in a preheated 350-degree oven until puffed and brown—35 minutes. Makes 6 servings.

### Cooking For An Ulcer

By ATHLEEN CLAIRS  
NEA Food Editor

Occasional or peptic ulcers plague more than 10 million men, women and children in the United States. Along with the pain of an ulcer comes the "ulcer diet blues." An ulcer patient must cooperate with his doctor and follow an "ulcer rigid diet plus working on a better emotional approach to life around him. Once he is on his way to recovery he can doable in some more exciting dishes prepared specifically for his problem. Helpful to the wife or girl friend of someone with ulcers is a collection of tasty recipes in "For Gourmets with Ulcers" by Toni Harris Rivers and Sidney Jean Robey (Newton). It stemmed from the need of one of the authors to cook for a French husband who developed ulcers.

Few American women cook celery, but the adventurous one who cooks for the ulcer dieter should try this recipe. Celery, when cooked, is nonacid and has a plus-alkaline factor.

**CELERY CYBBLE**  
1 bunch young celery  
Salt  
1 vegetable bouillon cube  
1 cup boiling water  
1 tablespoon butter

Wash celery, carefully scrape to remove strings, and cut off leaves. Cut celery, lengthwise through heart, making 4 pieces. Cut in half, if necessary, to fit into a shallow casserole that has a cover. Arrange celery in bottom of casserole and sprinkle with salt. Dissolve bouillon cube in boiling water, and add only enough bouillon to cover celery. Dot with butter. Cover, and bake in 375-degree oven for one hour. Makes 3 to 4 servings.

**SALMON SOUFFLE**  
2 cans (7 1/2 ounces each) salmon in water pack  
1/4 teaspoon salt  
2 tablespoons lemon juice  
1/2 cup milk  
1/2 cup bread crumbs  
3 eggs, separated

Drain the fish and separate into flakes, being sure all bones and skin are removed. Mix fish with salt and lemon juice. Put the milk and bread crumbs into top of a double boiler, and heat until well-blended. Beat the egg yolks well, then beat the egg whites until stiff. Add the fish to the milk and bread crumbs mixture, then add the egg yolks, but do not overbeat. Fold the egg whites into the mixture. Now spoon the mixture into a buttered baking dish. Set the dish in a pan of hot water, and bake in a 350-degree oven for 30 minutes, or until firm.

# What's Cooking Sunday?

Associated Press Food Editor

We've discovered a lovely dish to serve for Sunday brunch or Sunday night supper. It's an Egg Fondue with Tomato Crab Sauce.

The egg mixture comes out of the oven in a form that is a cross between a custard and a soufflé. The crab sauce served with it is delightfully seasoned. You can relax while the egg dish is baking because it needs no tending. The crab sauce may be made ahead and reheated at the last minute.

**EGG FONDUE WITH TOMATO CRAB SAUCE**

3 large eggs  
1 cup grated sharp cheddar cheese  
1 cup cream-style small-curd cottage cheese  
1/4 teaspoon salt  
1/4 teaspoon pepper  
Tomato Crab Sauce  
Turn all the ingredients except the Tomato Crab Sauce into an electric blender; cover and blend until smooth. Pour egg mixture into a buttered 1 1/2 quart soufflé dish or similar utensil.

Bake in a preheated 350-degree oven until a silver knife inserted in center comes out clean—40 minutes.

Cut into wedges and serve at once with Tomato Crab Sauce. Makes 6 servings.

**TOMATO CRAB SAUCE**  
1 can (7 1/2 ounces) Alaska King crab or 1 package (6 ounces) frozen Alaska King crab  
1/4 cup diced onion  
3 tablespoons diced green pepper

1 tablespoon butter  
1 can (6 ounces) tomato juice  
2 medium tomatoes, diced  
1 tablespoon minced parsley  
1 1/2 tablespoons red wine vinegar  
1/4 teaspoon sugar  
1/4 teaspoon salt  
1/4 teaspoon pepper  
1/4 teaspoon Worcestershire sauce

Drain canned crab and slice. If frozen crab is used, defrost, drain and slice. Gently cook onion and green pepper in butter until soft. Add tomato juice, tomatoes, parsley, vinegar, sugar, salt, pepper and Worcestershire; simmer 3 minutes. Add crab and heat through.

By AILEEN CLAIRE  
NEA Food Editor

Although housewives turn out casserole dishes by the dozens, inside reports are that most men really don't appreciate the effort. Here, however, is a hearty casserole that will have the men at home asking for seconds. It is a Coney Island Casserole chock full of frankfurters, ground beef, Spanish olives, Cheddar cheese with macaroni and a hearty tomato sauce. Serve with crusty Italian rolls, fruit and possibly a dry red wine.

**CONEY ISLAND CASSEROLE**

1 tablespoon salad oil  
1/2 pound frankfurters, cut in quarters crosswise  
1 pound ground beef  
2 cans (15 ounces each) tomato herb sauce  
1/2 cup sliced pimiento-stuffed olives  
1/4 pound sharp Cheddar cheese, grated  
1 tablespoon salt  
3 quarts boiling water  
2 cups elbow macaroni (8 ounces)  
Salt and pepper  
Pimiento-stuffed olives slices, for garnish

Heat oil in large skillet. Add frankfurters and brown on all sides, turning frequently. Remove and set aside. Add beef to drippings and stir constantly until browned. Drain off excess fat. Stir in browned frankfurters, tomato herb sauce and 1/2-cup sliced olives.

Meanwhile, add 1 tablespoon salt to rapidly boiling water. Gradually add macaroni so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander.

Add macaroni to meat sauce mixture and toss lightly until combined. Season to taste with salt and pepper. Turn into 2-quart casserole; sprinkle cheese around edge of casserole. Bake in 350-degree oven 40 minutes; garnish casserole with olive slices. Serve with finely sliced onion, if desired. Makes 8 to 9 servings.

# Peanut Butter Bread

By CECILY BROWNSTONE  
Associated Press Food Editor

A friend of ours who lives in Old Deerfield, Mass., and who in her youth took cooking lessons from Fannie Farmer, told us recently that she has been baking peanut butter bread for more years than she cares to remember!

That got us started. We decided to offer you a recipe for the best peanut bread that could possibly be made. A New York friend of ours, the mother of three children, volunteered to do the testing.

Here then is the result of her efforts—and a delicious bread it is. Besides trying it on her own youngsters, our New York friend offered it to seven other kids, two mothers and one father; all gave the bread rave reviews.

Then one of her sons, who was going to a Boy Scouts staff meeting, took a loaf along with him. The ten boys, from 12 to 14 years old, ate up every crumb.

When we served the bread at our house, we liked it best fresh from the oven with butter and jam.

**PEANUT BUTTER BREAD**  
2 cups unbleached flour, stir to aerate before measuring  
3 teaspoons baking powder  
1/4 cup (1/4 of a one-quarter pound stick) butter or margarine, softened  
1/4 cup chunky peanut butter, at room temperature  
1/4 cup sugar

1 large egg  
1 teaspoon vanilla  
1 cup milk  
On wax paper thoroughly stir together the flour, baking powder and salt.

Turn into a medium mixing bowl beat together the butter and peanut butter until blended; beat in sugar, then egg and vanilla.

Add the flour mixture; with a pastry blender mix in until fine crumbs form. Add milk and stir just until mixture is moistened.

Turn into a greased loaf pan (9 by 5 by 3 inches). Bake in a preheated 350-degree oven until a cake tester inserted in the center comes out clean and top of loaf is golden-brown—5 to 60 minutes.

Place loaf in pan on a wire rack and let stand 5 minutes. With a small spatula loosen edges; turn out on rack; turn right side up. Cool. Store wrapped in transparent plastic wrap or foil.

Baked potatoes are a popular item in most family menus. When combined with a tuna - sour - cream - Parmesan dip, added, they'll really turn up appetites. For some this combination served with a mixed green salad and light dessert could make a pleasing and nutritious meal.

**TUNA SAUCED SPUDS**  
8 baking potatoes  
1/2 cup butter or margarine  
1 tablespoon finely chopped onion  
1/2 cup flour  
1/4 teaspoon salt  
1/4 teaspoon pepper  
1/2 cup milk  
1 cup light cream  
1 cup sour cream  
1/2 cup dried pimiento  
2 cans (8 1/2 or 7 ounces each) tuna in vegetable oil  
1 teaspoon dried dill weed  
1 tablespoon lemon juice  
2 tablespoons grated Parmesan cheese

Scrub potatoes well. Dry. Prick with fork to let steam escape during baking. Bake in 425-degree oven 1 hour, or until tender when tested with a fork. About 30 minutes before end of baking time, melt butter in saucepan. Add onion and cook until tender. Blend in flour, salt and pepper. Gradually add milk and cream and cook stirring constantly; until mixture thickens and comes to a boil. Remove from heat; blend in sour cream. Add remaining ingredients; heat to serving temperature. To serve, cut potatoes lengthwise and crown about 1 1/2 inches deep. Press sides to push up potato. Spoon a generous amount of sauce over each potato. Makes 6 servings.

### Crepe Caramel Dessert

By CECILY BROWNSTONE  
Associated Press Food Editor

If you want to dine out while staying at home, you might look into one of the best specialty cookbooks this season has brought.

We're talking about "The L. A. Gourmet—Favorite Recipes from Famous Los Angeles Restaurants" by Jeanne Voltz and Burks Hamner (Doubleday). This small volume has had double-checking: after the restaurant recipes were collected they were tried by home cooks.

Our favorite recipe in "The L. A. Gourmet" is one for a fabulously good Crepe Caramel that comes from La Parisienne restaurant. It's the one that Jeanne Voltz and Burks Hamner call "very, very French."

We had utter success with this Crepe Caramel, as did a friend of ours, and it's now going on our list of epicurean desserts. If you want to try the recipe, here it is just as it is given in "The L. A. Gourmet."

The recipe suggests using a 2-quart quartette mold or a loaf pan for baking the dessert. Lacking the big charlotte mold we used the loaf pan (9 by 5 by 3 inches) and unmodified the Crepe onto a rectangular serving platter. If you are in the same predicament, don't hesitate to follow suit.

LA PARISIENNE'S CREME CARAMEL

1 quart milk  
1 four-inch piece vanilla bean or 2 teaspoons vanilla extract  
1 1/4 cups sugar  
2 tablespoons water  
8 whole eggs  
2 egg yolks

Scald milk with vanilla bean and set aside. (If vanilla extract is used, add after eggs and milk are mixed.) Combine 1/2 cup of the sugar and the water in a 2-quart metal charlotte mold or loaf pan, place over moderate heat, and let heat until syrup is golden brown, tipping mold now and then so syrup does not scorch. Tilt pan again to coat sides and bottom.

Beat together whole eggs, egg yolks, and the remaining 1/2 cup sugar. Remove vanilla bean from milk and add milk to eggs slowly, beating constantly. Pour into mold coated with caramel. Place in a pan of hot water in oven and bake at 250 degrees 1 to 1 1/2 hours or until a knife inserted near center comes out clean. A deep charlotte mold takes longer baking than custard in a loaf pan. Cool, then refrigerate. Loosen around edges with a sharp knife, invert plate over mold, then gently turn upside down so as not to lose any of the caramel syrup. Makes 6 to 8 servings.

SUNDAY BRUNCH

Bacon and Eggs Toast  
Concord Coffee Cake  
Beverage  
CONCORD COFFEE CAKE

Jam goes into the topping.  
1/2 cup plus 2 tablespoons butter or margarine, softened  
1/4 cup granulated sugar  
1 egg  
1 cup milk  
2 cups unsifted flour  
2 teaspoons baking powder  
1/4 teaspoon salt  
1/4 cup firmly packed light brown sugar  
1 tablespoon cream  
1/4 cup Concord grape jam  
Confectioner's sugar

In a medium mixing bowl, blend 1/4 cup butter and the granulated sugar, stir in egg and milk. Stir together 1 1/2 cups flour, baking powder and salt; stir into egg mixture. Spread over bottom of 8-inch square cake pan. Blend brown sugar, remaining 1/4 cup flour, remaining 2 tablespoons butter, cream and jam; use to top butter in pan. Bake in a preheated 375-degree oven until a cake tester inserted in center comes out clean—about 25 minutes. Serve warm or cold, sprinkling with confectioner's sugar and cutting into squares. Makes 8 servings.

Story of Outlaw

HOLLYWOOD (AP) — Ben Johnson, former rodeo rider and stuntman, has been signed for the role of Sheriff Mean John Simpson in "Dime Box," a 26th Century-Fox production now being filmed on location in Durango, Mexico.

It is the story of an outlaw who enters a small Texas town at the turn of the century with intentions of going straight.

WE FIGHT INFLATION WITH SUPPORT THE U.S. ECONOMIC PROGRAM **A&P MART DISCOUNT FOODS**

**It takes an expert to grade beef!**

In our great country we're lucky. Our government trains and employs experts... men who inspect and grade beef at hundreds of locations throughout the nation. They protect you... and retailers, like us.

That's why A&P is happy there's a U.S. government inspector on the premises of our meat plant serving this area.

Also important are A&P's own beef experts. Their job is to see to it that A&P Beef measures up to our own "SUPER-RIGHT" quality standards... standards which don't exactly fit our government's grading categories.

For instance, some beef graded U.S. Choice just doesn't meet our "SUPER-RIGHT" specifications.

No wonder we don't hesitate to guarantee that the "SUPER-RIGHT" Beef you buy will be as flavorful and tender as you think it should be, or your money back.

So, you don't have to become an expert to choose great beef for your family... just shop A&P!

Northern Italian Delicacies

by TOM HOGGE  
Associated Press Writer

The name of the place suggests plain, old-fashioned food served on calico-topped tables. But Mama Laura's specialties in an elegant, international cuisine with the accent on North Italian delicacies.

The menu, from the appetizers through the desserts, runs a broad range of meat, chicken and fish specialties, with a heavy stress on pasta.

You expect good pasta in an Italian restaurant, but Mama Laura Albertario's homemade, hand-cut noodles with a rich, creamy sauce form a fettuccine that is something else. Tossed at tables with a handsome flourish, it is one of the many dishes that have been drawing food lovers to the cozy New York City eatery.

Another offering is Pollo Dorado, a sauteed creation of boneless chicken, egg and flour that is as tasty as it is simple. And there is Lobster Fra Diavolo, expertly prepared with a sauce many find irresistible.

The desserts prepared by Chef Vincent Mazza also are mouth watering, such as the airy zabaglione or the strawberries Alla Mama served in white wine and served with a dab of rich ice cream.

Mama Laura's is going into its 22nd year, but if you add the time the personal owner and her late husband, Frank Albertario operated, Mario's around the corner before World War II, it would total more than three decades.

After her husband died in 1949, Mama retired briefly, then opened the restaurant that now bears her name.

The atmosphere at Mama Laura's is warm and friendly and her son, Carlo, who shares the duties of host, is very personable.

Here is Mama Laura's recipe for one of her most popular dishes.

**LAMB CHOPS ALLA MAMA**

8 rib lamb chops  
1 cup flour  
4 eggs  
4 tablespoons water, warm  
1/4 teaspoon pepper  
1/2 teaspoon crushed oregano  
1 cup bread crumbs, unflavored  
8 tablespoons butter  
1 lemon

Flatten chops with mallet, coat on both sides with flour then dip into eggs beaten with water, salt, pepper and oregano. Roll in bread crumbs, heat butter in skillet till it stops foaming. Sauté lamb chops several minutes until done to taste. Serve with aquit sauce and very good with the so-called "sweet spices" — cinnamon, cloves, nutmeg, ginger and allspice. Cooks around the world also season them with herbs such as tarragon, marjoram, parsley or chervil. Easily prepared are Ginger Glazed Carrots, cooked with ginger and honey, Italian-style.

By AILEEN CLARIE  
NEA Food Editor

Before refrigeration, root vegetables were squirreled away for winter eating because they are ordinarily good keepers. They're also some of the best subjects for imaginative spicing. Carrots, parsnips and sweet potatoes are sweet vegetables and very good with the so-called "sweet spices" — cinnamon, cloves, nutmeg, ginger and allspice. Cooks around the world also season them with herbs such as tarragon, marjoram, parsley or chervil. Easily prepared are Ginger Glazed Carrots, cooked with ginger and honey, Italian-style.

GINGER GLAZED CARROTS

6 large carrots  
2 cups water  
1 teaspoon ground ginger, divided  
1/2 teaspoon salt, divided  
1/4 cup butter or margarine  
1/4 cup honey

Peel carrots; cut into 2-inch long by 1/4-inch wide strips. In a medium saucepan combine water, 1/2 teaspoon of salt. Bring to boiling point. Add carrots and cook 8 to 10 minutes for usual carrots are almost tender. Drain. In a medium skillet melt butter. Stir in honey, remaining 1/4-teaspoon ginger and remaining 1/2-teaspoon of salt. Add carrots and cook, stirring frequently for 8 minutes or until carrots are tender and nicely glazed. Makes 6 portions.

# Dear Abby: By Abigail Van Buren

DEAR ABBY: My husband and I are building our dream house, after many years of planning.

It is practically finished, but here's the problem. Our contractor's wife, who's a friend of ours, fancies herself an artist. And she may be a good one, but I don't care for her kind of work.

The last time by husband and I went to look at our house, I noticed the beginning of what appeared to be a large mural covering a wall in our dining room.

I called this contractor's wife and told her that we had a problem. She said, "Oh, no! You can't do that. I'm going to paint an abstract version of 'The Last Supper' as a housewarming present."

My husband says "You can't insult the woman. Let her finish it. You may like it."

I know I will not like "The Last Supper" on my dining room wall, but I don't know how to tell her without insulting her. What is your advice?

INDIANAPOLIS  
DEAR ABBY: Three years ago I started to crochect an Afghan for my sister in law. (My husband's sister.) She

# At Altamonte Springs Apartment Zoning Studied

By DONNA ESTES  
ALTAMONTE SPRINGS - The city's planning and zoning board has been handed the knotty question of whether the city has sufficient apartment zoning and has been asked to determine if additional zoning to permit the multi-family dwelling should be denied.

City Council again discussed particularly the 50-acre tract facing the Little Wekiva River and fronting Montgomery Road in a dangerous situation.

10-11 CBS "Mannix" Mannix is brought in to find out who is trying to kill businessman Ken Mitchell. Suspicion falls on a mysterious partner, Mitchell's later confides to Mannix that he never had a partner, merely invented one as a tax dodge. But someone is trying to kill Mitchell. Jessica Walters is featured, and Art Buchwald, the Washington satirical columnist, has a bit part.

10-11 NBC "Red" Serling's "Night Gallery" Two tales tonight, one involving a suspected insurance fraud, the other ghosts that haunt a Scottish mansion. Harry Guardino plays an insurance investigator who trails a couple, Julie Adams and Ray Dornie, to a shrine in Mexico certain that the husband has planned a "miraculous" recovery there from an accident which he collected \$500,000 in marks at the funeral. "The Ghost of Sorworth Place," Richard Kiley can't figure out why he is drawn there and enlisted to help Jill Ireland rid the place of her husband's ghost.

# Jacoby On Bridge Jacoby and Son

There is a lot of counting in today's hand. South counts 22 points and opens two no-trump. North counts 14 more and raises to six.

West opens the 10 of clubs. South looks at dummy and counts 11 top tricks. He can score a 12th if either clubs or hearts break 3-3. If neither of those suits behaves nicely South still has a two-way finesse for the queen of diamonds.

All in all it is the sort of guideline slam your banker would lend you money on.

A studious South would cash three top cards in every suit but diamonds while watching the fall of cards from the East and West hands. He would note that West showed out after two leads of each major suit and had dis-

# Worry Clinic

By GEORGE W. CRANE  
P. D. M. D.  
CASE 575: Peter B., aged 38, is consulted by "Dr. Crane," he began, "my blood pressure had been rather high for my physician said it was 185/95."

"He thought I had too much cholesterol in my blood so he put me on a diet of unsaturated fats."

"Thus, I had to omit eggs because of the cholesterol in their yolks."

"And I couldn't nibble at the suet on the steak or take other saturated fats."

"Instead, I used vegetable oils and other unsaturated fats."

"Well, now I understand that a recent medical report showed more heart attacks among those on the unsaturated fatty diet."

# Teasing

PRETORIA, South Africa (AP) - Justice Minister Pietrus Pelser has warned bar owners the government may review the presentation of strip-tease performances on premises where liquor is available. Pelser said the subject may come up when bar owners apply for renewal of their liquor licenses.

**Sewer System Delay Upsets Airport Unit**

Sanford Airport Authority today expressed concern over the six to eight months required by an engineering firm to complete plans to connect the airport's sewer system to that owned by Sanford, J. S. Cleveland, airport manager, told the authority that state pollution control people "had written us up" for allowing sewage from the airport to remain in open tanks, pending the hook-up to the city's system.

The airport recently sold the former Navy electrical and telephone systems to private utility companies to obtain enough money to fund the work to join the city's sewer and sewer systems.

Cleveland also advised that the airport lost about \$900 in the last year selling city water to the airport tenants. He said the water is pumped by the city into holding tanks with electric pumps that come on automatically whenever the pressure is needed to force the water to users.

Because of the costs to operate these electric pumps and the low price of water sold to the tenants, the airport's costs to provide water amounted to \$6,875, compared with the \$5,800 the authority took in from water sales.

"It's costing us \$200 a month to operate electricity to provide water," Cleveland disclosed.

**County Approves Aerial Map Flight**

County Planner David Farr has advised the County Commission that a special aerial map flight will be undertaken in February by member counties of the East Central Florida Regional Planning Council, and that the council is requesting bids on the flight. Estimated cost is \$3,500.

Farr said that the expense to Seminole County could be recouped by selling the maps in a 22 month county period. Farr continued that aerials cannot now generally be made because the present ones are not reproduced even by Xerox. It was stated that funds for the undertaking would come from the county's contingency account.

Zoning Director Robert Brown told the board that several agencies have requested aerials, and concurred with Farr's statement that those presently available are not reproducible. Farr went on to explain that the maps probably would be received by mid April.

Commission Chairman Greg Drummond, in calling for a board consensus, received a nod of approval. In other business, the board discussed appearance of some members at the hearing on the county's hospital districts to be considered by the state Legislature in February. The board has been advised that the hearing will be held early in the legislative session. Drummond cited the need for bicycle paths in the county with the growing trend in this area of recreation. Drummond suggested that the parks advisory committee be authorized to consider this matter.

**Nixon Urges Congress: Present A United Front**

By FRANK COMMER  
Associated Press Writer  
WASHINGTON (AP) — President Nixon, handing the election-year Congress a retreat legislative program with a couple of new wrinkles, called on the Senate and House today to reject "the intense pressures of a political year."

In a 4,000-word State of the Union address, prepared for delivery at a live broadcast joint session, Nixon said he and Congress should close ranks "in making sure that legislation the nation needs does not become hostage to the political interests of any party or faction."

The President, an announced candidate for a second term, said he wants a bigger defense budget and a "new technology program" to encourage research, create jobs and make American industry more competitive abroad.

He promised to unveil later in the year a plan to finance public schools without burdening the property-tax system. Nixon's delivery of the message coincided with the beginning of his fourth year in office. Otherwise, Nixon said little about new initiatives but stressed instead that Congress should act on "more than 99 major administration proposals" such as welfare reform, government reorganization and revenue sharing that have been hanging fire for a year or longer.

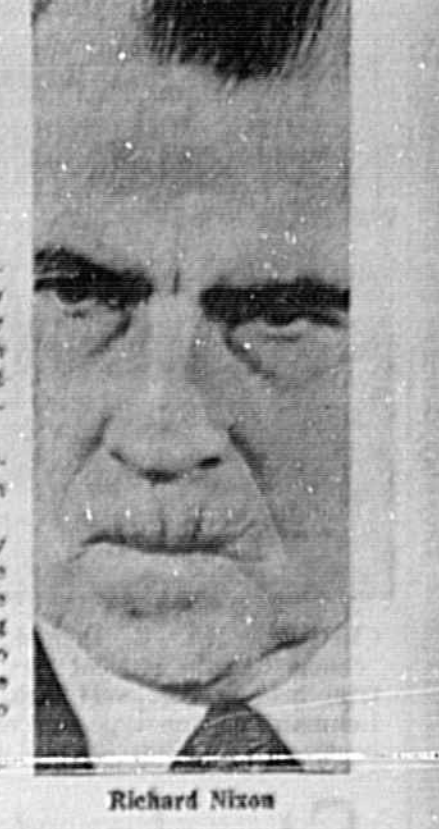

In a companion 15,000-word written State of the Union document, the chief executive warned over his past arguments on behalf of the pending bills.

In his written presentation, Nixon said his planned visits this year to Communist China and the Soviet Union "will mean not that our differences have disappeared or will disappear in the near future." The important thing, he said, "is that we talk about these differences rather than fight about them."

"There has been a tendency among some to swing from one extreme to the other in the wake of Vietnam, from wanting to do too much in the world to do too little in the world. We must resist this temptation to overreact."

For the United States to win, Nixon wrote.

(Continued on Page 2 Col. 3)

**THREE CARS TOTAL LOSSES**

Three people were injured in a traffic accident on U. S. 17-92 in front of the County Agricultural Center shortly after 10:30 a.m. today. Joan Jacquelyn McGowan, 45, of Franklin, Mich., was driving the car on the right and was charged by Trooper C. E. DeFuy Jr. with failure to yield right of way.

She was driving a 1968 Ford. Janet Jessup Daniels was the driver of the other vehicle, a 1970 Chevrolet. Both drivers and an unidentified passenger in one of the cars were taken to Seminole Memorial Hospital. DeFuy was assisted by Trooper Terry McIntyre and the sheriff's department.

**Pollution Source Sought**

By ANN RILEY

WINTER SPRINGS — Residents of this plush South Seminole development today were boiling water and purchasing bottled water for drinking, the county health department and Southern State Utilities were seeking the solution to "gross pollution" of the plant's water supply.

Col. Robert Lawler, assistant county sanitarian, distributed to some 60 homes copies of a letter to Southern State Utilities, warning the company to cooperate to "produce legal action."

Lawler's letter said his opinion is that the quality of the water presently being served by the company to the residents, especially on Otter Lane, is a continuation of "an act in maintaining a sanitary nuisance," defined by chapter 263.11, Nuisances injurious to health, Florida Statutes.

Lawler said a sample of water Sunday indicated "pollution as defined under state law and further shows the presence of foreign organic substances." The sanitarian said the organic substance was algae with "small numbers of bacilli feeding on the dead algae."

The sample, Lawler continued, indicates "gross pollution," and constitutes a "health hazard."

The sanitarian issued a corrective order by certified mail to eliminate the sanitary nuisance within 72 hours. A report on the bacteriological quality of the water sample was to be available today.

Meanwhile, disturbed residents said today apparently some chemical has been added to the water. Others were attributing recent illnesses of their children to the water problem.

Mrs. John Griffiths, whose husband is treasurer of the Winter Springs Development Association, he hastened to add that no arrangements have been made to date.

Seminole's jail has 14 spaces reserved for women but at present none are confined, but Polk added, "We would like to keep this space open for women."

The sheriff said he believes the emergency barring the acceptance of any more prisoners in the state's correctional institutions will last about 30 days.

(Continued on Page 2A, Col. 3)

**Sheriff Polk Counters: 'More Prisons Needed'**

By BILL SCOTT

Sheriff John Polk said today he is against early release of prisoners from Raiford "just for reasons of overcrowding."

Polk, commenting on the report that early release of 250 prisoners from Raiford would make room available to allow the lifting of a temporary ban against accepting new inmates in the state's prisons, said if prisoners who merit early release because of good conduct were chosen, then he would favor it, but otherwise, "I'm opposed to it."

Polk said the state will have to build more prisons immediately to handle the state's institutional overcrowding. "MI-ami alone sends 100 persons a month to Raiford," Polk said.

Commenting on the possible use of available space in the county jail to house the burgeoning overflow, Polk said, "as of Wednesday, we had 71 adults in the 72 spaces we reserve for them." There is room in the county jail for 12 juveniles but, at present, there is only one juvenile incarcerated in this section, Polk said.

He explained, "We could contract juvenile workers and perhaps move the inmates temporarily to another area like Lake County and provide these 12 spaces for holding state prisoners." He hastened to add that no arrangements have been made to date.

Seminole's jail has 14 spaces reserved for women but at present none are confined, but Polk added, "We would like to keep this space open for women."

The sheriff said he believes the emergency barring the acceptance of any more prisoners in the state's correctional institutions will last about 30 days.

(Continued on Page 2A, Col. 3)

**Students Act Parts In School 'Trial'**

Actual court attaches were on hand to give the students a glimpse of the schematics of our system of jurisprudence. Circuit Judge Dominick Salfi occupied the bench, Assistant State Attorney Newman Brock and Attorney Jack Bakwin presided.

Jane's Panico and Steven Johnson presided the defense.

Kirby mostly attributed the obvious success of the endeavor to the "busy professional people who so generously gave of their time to come out here," but students were prone in praise of the teachers involved.

Debi Keeling, for instance said, "I think the school should have more activities of this kind instead of the routine of..."
