Notre Dame And Top Ten Hitters Texas Stand Out And More Leaders As Grid Champs In Majors Named

Challenge The Army Mustal And Vernon Cop Honors, With Large Averages

By THE ASSOCIATED PRESS
In the collegiate grid world, Notre Dame and Texas stand out as the most serious challengers of Army's two-year reign over college teams.

Notre Dame will face Pittsburgh this week, and should get by that one without any difficulty. Texas, meanwhile, will meet the Oklahoma Aggies, and that may be the best game of the day. Army will clash with an improved Cornell team.

Other top games this week: Navy against Columbia, Colgate Yale, Brown at Princeton, Syracuse at Dartmouth, Tufts at Harvard, Detroit at Holy Cross, Lafayette at Pennsylvania, Iowa at Michigan, Wisconsin at Northwestern, Indiana at Minnesota, Purdue at Illinois, Kansas State at Nebraska, Texas A. & M. at Oklahoma, Missouri at St. Louis, Boston College at Michigan State, Tulsa at Drake, Arkansas at Texas Christian, Texas Tech at Southern Methodist, Southeastern at Rice, Ohio State at Southern California, Oregon at California, UCLA at Washington, Idaho at Washington State, Utah State at Colorado, Alabama at South Carolina, Tennessee against Duke, Furman at Auburn, Florida at Tulane, VMI at Georgia Tech, Xavier at Kentucky, Mississippi State at Louisiana State, North Carolina State at Clemson, Virginia at Virginia Tech, Wake Forest at Georgetown and William and Mary at the Citadel.

SPORTS LAUGH

By Associated Press

Former Heavyweight Champion Max Baer held his own in other fields than pugilism. Max not only won the title, but also claimed to be one of the best dressed men in the country. Baer's wardrobe included 80 suits of clothes, four full dress suits, 20 pairs shoes, 250 neckties of gaudy color, six golf out-

INSIDE SPORTS REPORT

By ARTHUR BECKWITH JR.

Golf at Seminole
Floyd Terwilliger, popular pro at Seminole Country Club, is giving little time and effort to teach the boys and girls of Seminole High School something about the golf game. He is doing this fine job on his own hook and is not being compensated by the school or athletic association. The golf enthusiasts number approximately 150 which is a large group for the first year; that golf has been offered to the students. When the "swingers" learn how to hold the clubs and a little more about golf they will be invited to the Country Club on Saturday mornings to play around.

The golf clubs and other equipment are being furnished by the Seminole Country Club through the generosity of Manager Ed Levy. White and the defensive flate off to a new venture in sport!

The Barracudas
The New Smyrna Barracudas are making a point eleven into conditions in an attempt to recapture the North Central Florida Conference championship for the second straight year.

The Barracudas have at present a strong eleven and without inexcusable difficulties entering the picture the New Smyrna eleven will be as potent as they were last year.

Capt. Johnnie Ferriss, a big 225 pounder and David Ritchie at 185, hold the tackle positions. Tackle positions, also, George Van Z'n, 140; guards, Milton White, 140 center; Bobby Henderson, 148, and John Fanelli, 140 at the ends.

The backfield combination will probably be Tommie Hall, 155; QB, Louis Clayton; and Walter Middleton at the halves, each a 150 pound mail lugger; and Bruce McCray, 170, in the full-back slot.

The ends are backed up by a pair of heavy boys: Jerry Coleman, 180, and Till Spencer, 150. Tackle positions, also, heavy and well trained replacements, William Rape, 210, and Bob Cain, 170; guard replacements are few and small, Allan Ward, 125, Joe Holland, 117, and Duncan Eason, 158.

Prairie Anderson
Whitely McMullen of the Gainesville Daily Sun has high praise for the Sanford Fullback, Willis Anderson.

Anderson has this to say about the team: "The failure to stop Anderson and the general let down by the team proved costly to the locals."

"They knew in advance that Anderson was the man that they had to stop. Hank Greengard of Detroit in runs halted in 1:27, and in runs, 41. Johnny Peaky of Boston led in hits, 294. Stan Spence of Washington was the leader in doubles, 22. Hank Edwards of Cleveland topped the list with 10. Dave Ferriss of Boston had the best pitching average, 25 and 6 for a mark of .606.

Two dozen hats and one high silk hat. In addition, Max sported a velvet top which also served as chauffeur, tourist and accountant.

PURCHASE JOOST

PHILADELPHIA, Oct. 1. (AP)—The Philadelphia Athletics have purchased shortstop Eddie Joost from Rochester of the International League. The A's will give up outfielder Russ Derry, outfielder Vernon Benson and shortstop Jake Cauffield, as well as \$10,000.

HUMS WANT DUCATS
NEW YORK, Oct. 1. (AP)—Despite a chilling rain, Brooklyn baseball fans lined up seven abreast for two blocks yesterday to buy tickets for Thursday's playoff game with the St. Louis Cardinals. Although the tickets didn't go on sale until 9 A. M., the line started forming before dawn. 8,000 reserved seats went on sale, with 22,000 unreserved seats scheduled to go on sale Thursday morning.

Hill, Jr. vs. Frances Hall and that the relief sought is an absolute divorce.

You are therefore required to appear in said cause in person or by attorney at the Court, to be held in Sanford, Florida on the 21st day of October, 1946, and that in default thereof a decree of divorce will be entered and the said cause will be taken as confessed.

Plans Being Mapped Out For Hanging Of Hitler's Henchmen

Redoubled Force Of American Guards Surround Ancient Palace Of Justice

NUERNBERG, Oct. 2 (AP)—Allied Control Council delegates are disclosed to have met secretly today to map out details for the hanging of Hitler's eleven surviving henchmen.

The detail committee was composed of four men, one each representing Britain, Russia, France and the United States. They assembled under a security blackout in a courtroom where for ten months Nazi's leading war criminals were tried.

A redoubled force of American guards surrounded the ancient Nuernberg courthouse to assure that justice is not hampered. The American soldiers are under orders to "shoot to kill" in the case of any provocation and it has been announced that security measures will be maintained until the day of retribution has passed.

Meanwhile, with the shadow of the gallows hanging over the doomed war criminals, their defense attorneys are busy preparing appeals. The four-power Allied Control Council in Berlin is the last hope of the condemned Nazis. But there appears little likelihood of a reversal of the decision of the International Military Tribunal.

The convicted war criminals have until midnight Saturday to file their pleas.

Unless there is a reversal of the tribunal sentence, Goering, Von Ribbentrop, and ten other of the international conspirators, will hang on Oct. 16, two weeks from today.

Convicted Nazis who drew prison terms, from ten years to life, will serve their time in a four-story jail in Berlin, from which they once ruled supreme. The names of the prisoners is being withheld for the present for "security reasons." For the same reason, the time of the transfer of the prisoners is being kept secret.

The three defendants whom the court restored to freedom shortly will depart to their proper domiciles. The freed ones, Hjalmar Schacht, Franz von Papen and Hans Fritzsche—spent last night in jail.

In jail, in greatly improved quarters, they merely are awaiting the arrival of proper papers and for transportation.

There still is the possibility, however, that they must face German denazification boards in their home areas. The point has not been settled.

London Conclave Is Temporarily Adjourned Today

LONDON, Oct. 2 (AP)—An official British source today announced the temporary adjournment of the Palestine Conference at London. The spokesman says the Arab plan for settlement of the controversial Holy Land problem will be announced tomorrow.

It was said, meanwhile, that the Arab delegations probably would return to their homes as a result of the indefinite adjournment and that the British and Arab views on the desirability of the adjournment would be disclosed later today.

The official said that a date for reconvening the Palestine Conference would be announced later. The spokesman made his disclosures after Foreign Secretary Ernest Bevin and Colonial Secretary George Hall today attended the sixth meeting of the Arab sessions, begun 22 days ago.

Sturdivant Joins Thorpe Sales Group

R. M. W. Sturdivant, formerly of the Sanford Atlantic National Bank and resident of this city for the past 20 years, has joined the sales force of the Thorpe Furniture Company, and replaces A. W. Upchurch who has been transferred to company's store in Orlando.

Dr. Austin, manager of the Sanford branch, reported that the Thorpe store has exceeded that of any month since the new was reopened. He declared he is optimistic over the outlook of business in Sanford.

Driver Survives 225-Foot Fall

CRASHING OVER THE SIDE of a 225-foot cliff in his station wagon at Fort Washington, N. Y., Oscar Gloeckler, 27, a veteran, managed to climb back to the road, despite being badly injured, to be picked up by a passing motorist. The car, which bounded against huge boulders as it fell, is shown being removed from the rocky gorge. (International)

Marshall Dendy And Alex Waite Speak At Kiwanis Luncheon Today

Loyalties grow out of convictions that are deep and fundamental. Dr. Marshall Dendy, Orlando Presbyterian pastor and president of the Orlando Kiwanis Club, told Kiwanians today at an interclub meeting attended by many visitors from Winter Park.

Possibilities of the Rollins College football team were optimistically outlined by Dr. Alex Waite, line coach under Jack McDowell and professor of psychology at the college.

Final announcement of voting on Kiwanis officers and directors carried over from last week resulted in announcement of the following men elected: Lester Tharp, president; Frank Lanston, first vice president; W. A. Morrison, second vice president; P. B. Campbell, treasurer; Oscar Harrison, financial secretary; also as directors, Roy Mann, Dr. L. T. Doss, Ed Lane, E. G. Kilpatrick, Joe S. Field, S. F. Doudney and B. B. Crumley.

In his talk, Dr. Dendy stressed the Kiwanis motto of primacy of the spiritual over the material and in translating the Golden Rule into private life. He told of the need of aiding the churches in fighting evil, intemperance and immorality. He pointed out that juvenile delinquency is on the increase and told of the case of 12 boys in Orlando recently for stealing. Stories of business men who had done outstanding aid to young men were cited. New and latent possibilities of life as revealed by research such as was done on penicillin and the sweet potato by George Washington Carver, the great negro scientist, were explained.

Dr. Waite predicted that despite the fact that Rollins had a new and untired team with many GI veterans, something spectacular and interesting might result. Up until four weeks ago, at least half of the men had not seen each other or the coach, he said. Bob Johnson of Winter Park and Howard Montleith of Sanford introduced the speakers.

Winter Park visitors included: Dr. Waite, G. N. Denning, Harold Mullis, R. C. Baker, Ray Travillian, Herb Barnum, Bob Johnson, Russell Libbey, Dave Andrews and Bob Houche. From Orlando were Dr. Dendy, Charles Clementson, Jr. and Ois Taylor. Other visitors were Holmes Melton, Dr. L. B. Amich of Iowa and A. V. Clark of Arcadia.

Local C. Of C. Names Biting As President

H. H. Coleman Reviews County's Progress During Past Year; Higgins Is Lauded

W. V. Biting, manager of Touchton Drug Store, was elected president of the Semnole County Chamber of Commerce at a meeting of the board of directors held in the Commercial Building last night. E. G. Kilpatrick was elected vice president, J. L. Ingley, treasurer, and Edward Higgins, manager.

The retiring president, H. E. Coleman reported on the progress of the Chamber of Commerce since 1940 and particularly stressed the accomplishments of the past year. The organization at present has a membership of 427, he said, with an annual budget of \$19,100 and a cash balance of \$6,073. Mr. Coleman also thanked the directors for their support and for their contribution to the untiring work of Manager Higgins and the efficiency of Miss Margaret Deila.

Upon suggestion of George Touhy, Senator L. P. Boyle was appointed temporary chairman of the meeting. A nominating committee was then appointed consisting of R. L. Dean, H. James Galt, John Ivey, Andrea Carraway and W. A. Patrick. They retired and later presented a list of nominees for the various offices. Nominations were called for from the floor, but there were none. The nominating committee's elections were unanimously elected.

In addition to the officers already named the following district vice presidents were elected: District No. 1, Frank Shames; District No. 2, B. H. Crumley; District No. 3, J. A. Bithune; District No. 4, H. P. Wacker; and District No. 5, W. G. Kilbey.

Previously in the meeting, the directors adopted the report of a committee headed by Lea Leshler to complete improvements to the home of "Whittling Willie" as authorized by the Chamber of Commerce two and a half years ago. And a request from the Junior Chamber of Commerce for assistance in establishing a Tourist Information Booth was granted to the extent of \$1,500.

Fred R. Wilson and W. A. Laffie were appointed as a committee to present to former President T. W. Lawton a plaque expressing the appreciation of the Chamber of Commerce for his unselfish work for the organization during the years of 1943-45.

Outlining the work of the organization during the past year, Mr. Coleman had particular emphasis on the importance of the various jobs. Higgins' progress and revealed that despite recent government action in holding up virtually all public works projects he had the assurance that both the proposed 10-foot channel and the 12-foot channel would be completed within the coming year. He also said that progress has been satisfactory in establishing a large line on the river with lower freight rates in prospect.

The Chamber of Commerce has been active, he pointed out, in assisting in the reconversion of the Sanford Naval Air Station to peacetime activities. Contracts have been signed with Roy Browning to operate the airport and with the Intercession Institute to operate a vocational training school. The Fernald Lighthouse has taken over the Naval dispensary and is expected to occupy it within a short time. Applications are pending for the use of a number of other buildings at the station.

Mr. Coleman mentioned the work of the Chamber in promoting road construction in this county, revealing that No. 44 is about completed from Mims to Lake Jessup, that No. 293 will be under contract in about 30 days, that No. 292 will be rebuilt this year and that approximately \$100,000 will be spent improving No. 17 to Orlando.

Other work of the Chamber of Commerce, he said, includes the fact that Rollins had a new and untired team with many GI veterans, something spectacular and interesting might result. Up until four weeks ago, at least half of the men had not seen each other or the coach, he said. Bob Johnson of Winter Park and Howard Montleith of Sanford introduced the speakers.

Winter Park visitors included: Dr. Waite, G. N. Denning, Harold Mullis, R. C. Baker, Ray Travillian, Herb Barnum, Bob Johnson, Russell Libbey, Dave Andrews and Bob Houche. From Orlando were Dr. Dendy, Charles Clementson, Jr. and Ois Taylor. Other visitors were Holmes Melton, Dr. L. B. Amich of Iowa and A. V. Clark of Arcadia.

United States And Britain Charged With Betraying Big Four Agreement On Trieste

King George Returns To Throne In Greece

ENDING FIVE YEARS OF EXILE, King George II of Greece, through the streets of Athens on the way to the royal palace with his brother, Crown Prince Paul, and his wife, Paul's wife, beside him. He drove from Phaleron Bay, where he landed in a motor launch, greeted by a medium-sized crowd. The Greek monarch was recalled from exile by a parliament vote on the referendum. (International Radiophoto)

Reds Say Chiang Is Using Nearly 2,000,000 Troops

Nationalist Forces Only 35 Miles From Key City Of Kalgan

NANKING, Oct. 2 (AP)—The official Chinese Communist news agency, New China, today claimed that Chiang Kai-shek is using more than 1,700,000 men in China's civil war. The Communist agency alleged also that the fighting cost the Nationalist government approximately \$30,000,000 in five months. New China said that was 70 percent of the Nationalist government's expenditures for the year.

Meanwhile, Chiang troops are said to be only 35 miles from the Communist stronghold of Kalgan in a three-way drive on the city. In Shanghai, the Communist propagandist, General Chou En-Lai, said that forces of the Communist army must muster all arms for all-out resistance instead of contenting themselves with local defense tactics.

The Catholic newspaper, Social Welfare, declares at Peking that Chiang's forces still consist of only 200,000 men. The paper says that the Communist forces in Manchuria have been reduced to 50,000 men. The publication quoted General Hsiang Shi-Hui as stating that he would move Chiang's Nationalist Manchurian headquarters from Mukden to Changchun after Harbin has been occupied.

21 Percent Increase In Auto Drivers Permits Revealed

A 21 percent increase in automobile drivers license applications as compared with those issued up to Oct. 1, 1945, was reported today by County Judge G. W. Ware. At 5:00 o'clock yesterday afternoon, the last day licenses could be secured without taking a driver's test, 8,227 licenses were issued as compared with 6,796 issued at this time last year. However, during the fiscal year, licenses issued totaled 9,690, but it is believed that this figure will be exceeded during the present year ending Oct. 1, 1947.

Those drivers who now wish to secure licenses may obtain them by contacting state highway officials at the Sanford Army on Mondays and Thursdays from 2:00 to 4:00 P. M. Before taking this test, it is advisable to carefully study the booklet on driving put out by the State, and available at the Court House.

Goering Termed As Phony By Experts

NUERNBERG, Germany, Oct. 2 (AP)—Two experts on mental disorders at Nuernberg agreed that at least one of the Nazi ring leaders condemned to die is strictly a phony.

The phony is the titular head of the 11 Germans who will be hanged two weeks from today — Hermann Goering.

The experts said Goering liked to think of himself as a devil-may-care type, but that in reality he is a phony through and through — and all the other defendants know it.

RENOVATION UNDERWAY

Extensive repair work is taking place at the South Side Primary School. Inside courts where water stood have been repaired. A bid has been received on roofing work.

Yugoslavia Accuses Nations Of Attempt To Set Up Military Base On Adriatic

PARIS, Oct. 2 (AP)—Yugoslavia launched another tirade against Britain and the United States at the Paris Peace Conference today, accusing the two nations of betraying the Big Four agreement on the free state of Trieste.

Yugoslavia's fiery delegate today made the charge in an angry rapid-fire torrent of French before the Italian political and territorial commission. He declared that the "Anglo-Saxon powers" had renounced the "most important" decision of the Foreign Ministers' council in order to establish a British-American military base on the Adriatic. Using an American phrase, he alleged that democratic principles in the British-American and French proposals have gone with the wind.

The Yugoslav delegate's speech followed as part of the preliminary debate on the status of Trieste. Yesterday's discussion on the Trieste issue is expected to be followed by a series of hot arguments today.

Meanwhile, in addition to the Italian Political and Territorial Commission, four other conference committees are continuing their work on Major peace problems. In all, ten committees convened this morning for additional work toward their weekend deadline. These of the groups included cable day and night sessions in the hope of completing their work.

George Touhy To Direct Christmas Seal Sale Here

George Touhy has been named chairman of the committee which will direct the 1946 Christmas Seal sale throughout the county. He is a member of the county tuberculosis control committee, and will continue to control work according to an announcement made today by Mrs. Mary Rawlins, president of the Semnole County Tuberculosis Association. The county campaign is part of the nationwide 40th annual Christmas Seal sale which opens Nov. 25 and will continue until Christmas.

"We are deeply gratified that we shall have a man of Mr. Touhy's caliber to head our annual fund-raising campaign," said Mrs. Rawlins. "We know that the contribution which he will make to our program to prevent and control tuberculosis will extend beyond seal sale time into the year ahead when seal sale funds will go to work to improve the health of our communities."

Mr. Touhy said he readily accepted the chairmanship because he recognized the value of the work of the association and because he knew the people of the county were 100 percent back of the association in its fight against tuberculosis.

Within a few days, he added, he will name a committee to assist him in conducting the campaign.

"I should be happy to have people volunteer for the committee," Mr. Touhy added. "Anyone who feels he can help in this important community undertaking will, I hope, communicate with the office of the association."

Security Lumber Cops First Tilt

Security Lumber Company trimmed the Haynes and Williams Furnituremen in the third game of the playoff series to determine the champions in the City Softball League by an 8 to 3 margin last night.

Red Williams and Roy Britt on the hill for the Furnituremen allowed ten safeties while their mates committed 4 pair of miscues. The Security bats, Junior Drenn, allowed the Haynes and Williams nine but five scattered bingles.

Haynes and Williams hold a 2 to 1 game margin over the Security Lumber aggregation. Play will be resumed at Lake Front Park on Monday night.

NOTICE
The West Side Primary School P.T.A. will meet in the school auditorium at 8:15 P. M. All members are urged to attend.

BIBL VERSE FOR TODAY

THEY THREW AWAY MANY THINGS THAT THEY TREASURED, BUT THEIR LIVES DEPEND ON PARTING WITH ALL THAT THEY HAVE...

Too bad! That rumor about an attempt to assassinate Marshal Tito...

American Soldiers Stunned by Italian Deadline... Italian Communists to be tried...

You may not be able to build your new home yet, but you can buy your lot, and that will save you money in the long run.

Air mail can now be sent for five cents instead of eight cents. And air mail planes may soon be landing at the Sanford airport.

It was not news when Wilson Wyatt, national housing expediter, told a press conference Monday that this year's housing goal will not be met.

The Daytona Beach Chamber of Commerce has decided to spend \$10,000 advertising for tourists this winter, but it hasn't decided yet what to do with those who go there.

Now that one of the lights has burned out in the traffic light at Melroseville and Calley Avenue, wouldn't it be a good idea to wait until the other one burns out and then take the whole thing down?

Secretary Anderson rules that meat is so scarce that it must remain under price control. He put it another way, because it is under price control, meat is scarce.

The only thing we have to fear, said Roosevelt a few years before the second World War broke out, "is fear itself." But after 14 years of the New Deal, we have lots of things to fear besides fear.

Do you wonder why reconversion has been slow, why you haven't been able to buy that car? The Bureau of Labor Statistics reveals that during the first eight months of this year, 3,423,000 persons went out on strike.

The democratic committee has decided to put Senator Pepper on its list of speakers but he won't be sponsored as a party spokesman. They will take Pepper with a grain of salt.

The Philadelphia Record, completely out of newspaper the other day, printed one of its editions on brown kraft paper. All of us may be printing on wall paper before long, as newspapers had to do during the Civil War, if we can find any wall paper.

Marshal Stalin made a great impression last week when he said he saw no immediate danger to world peace, but that his country was before he dispatched his troops to Turkey demanding control of the Dardanelles. We have an idea the Turks would fight as well to defend the Dardanelles as we would to defend the Hawaiian Islands.

We are rapidly approaching the time when loyal Americans will have to stand up and be counted," says FBI Chief J. Edgar Hoover of the Communist menace in America. "The veteran who fought for America," he adds, "will be among the first to suffer if the Communists succeed in carrying out their diabolical plot to wreck the American way of life."

American tolerance of those who would destroy our civilization is the worst of our vices.

George Wallis, former Under Secretary of State, said one of the reasons we are losing Africa to the Communists is that we permit speeches of Henry Wallace and other entirely un-American influences to be broadcast from our own stations.

Nuernberg Verdicts

Enthusiasm for the verdicts in the Nuernberg trials is tempered only by the thought that it might have been better to have shot the whole kit and kaboodle of Nazi leaders within a few short hours after they were captured.

However, they have probably not enjoyed their imprisonment during the past year, nor the necessity of sitting in court while their crimes were paraded before them for the whole world to see. The postponement of their punishment, which is now so soon to come, cannot have afforded them much relief.

Although one can agree with the verdicts in most instances, unless we are to assume that hanging is too good for them, it is a little hard to understand why that arch-conspirator of modern Germany, Franz Von Papen, was acquitted. So were Hjalmar Schacht, who supplied the financial brain for the Nazi heirarchy, and Hans Fricke, the radio propaganda chief.

But Von Papen was a scoundrel of the first water long before Hitler came into power. During the first World War he was a military attache at the Germany embassy in Washington, and finally had to flee for his life as a result of his espionage activities at that time.

He was the last German chancellor before Hitler and is accredited with having been largely responsible for influencing President Von Hindenburg to turn the country over to the Nazis. Though Hitler repaid the favor by ordering him "murdered" in 1941 when his life was saved only by the timely intervention of Von Hindenburg.

After a period of "retirement" Von Papen again appeared upon the European scene when, apparently having made his peace with Hitler, he was sent as a special envoy into Austria, just a short time before the German invasion. Many similar odd jobs were performed by Von Papen during the Nazi regime, the last being his mission to Turkey where he is assumed to have been responsible for keeping that strategic country out of the war.

Although it would have seemed to have been a rank miscarriage of justice to allow this master schemer and diplomatic stool-pigeon to go free, the trials on the whole mark a vast improvement in dealing with international criminals; and their verdicts, if promptly carried out, should have a wholesome effect on others who at some future time may be tempted to lead their nations into reckless adventures.

For, as the court held, it is the waging of aggressive warfare that is the supreme crime. The fate of the Nuernberg defendants should serve as a warning for all time to come.

Eyes On New Jersey

The whole nation will watch reports of New Jersey's special legislative session called for Sept. 30 to study veterans' housing. Gov. Walter Edge claims the federal administration suddenly has shifted responsibility to state agencies, whose funds are inadequate to meet housing needs of former service men.

New Jersey veterans' groups want \$10,000,000 for moving and reconstruction of army buildings into dwelling units. The governor says this sum is insufficient for such a project, and anyway, long-range permanent housing should be encouraged instead of this emergency type.

New Jersey's problems are typical of those in other states. A good deal that will come to light here will be applicable elsewhere. One conclusion, however, is apparent, even before the legislative reports: veterans' housing is the victim of buck-passing between federal government and states. Each one is trying to pin responsibility and the expense on the other. In the meantime, the veteran and his family live with the in-laws.

Life Among The Lolos

The recently revealed capture of American flyers by the Lolos in Southwest China gave many people their first news that China has other people besides the Chinese. In the South-west mountains are several primitive peoples, perhaps China's earliest inhabitants, pushed out of the lowlands by the Chinese.

Besides the Lolos there are the Mossos and the Miaotze, short dark people of unknown race. Nominally under Chinese rule, they pay little obedience to their supposed governors and even raid Chinese territories from time to time. Their languages are somewhat like Chinese but not related. They use a picture-writing known only to the priests of their spirit-worshipping religion.

Life among the Lolos with their low standard of living cannot have been very comfortable for our flyers in their two years of slavery. But at least they have not been deliberately ill treated, like prisoners in supposedly civilized Germany and Japan.

YOU'RE TELLING ME!

By WILLIAM RITT, Central Press Writer

THE RED SOX have the pennant put away in the deep freeze and from now on the role of the other American league clubs will be that of just seven assorted sparring partners.

Joe Cronin's boys stomped the opposition early in the summer and from then on it was strictly a breeze in.

The secret of Sox success was that they flew a jet-propelled job while the rest were still depending on the old-fashioned propeller type.

Boston's ex-CI stars acted all summer as though they didn't know the war was over and kept on hitting at a fever clip. What they did to the western clubs of the league hasn't been duplicated since the Sioux Indians and Custer kept a date.

Boston's hitters slammed the ball this season as though they had developed a particular hatred for horsehide.

The Red Sox hitters since the hell beat enemy hitmen in a manner that suggested they were flying forty-five from the hip.

The Dodgers and Cardinals in the National league have been so busy scrapping over their flag that they haven't noticed what has been going on in the junior circuit. Well, what they don't know won't hurt them until the World Series.

EVEN A SOAP SHORTAGE CAN BE BENEFICIAL IF IT LASTS LONG ENOUGH

TOO LATE TO CLASSIFY

By RUSSELL KAY

While more of us dormant sense and good taste. In my job with the United States Sugar Corp., he said, "I follow this simple formula. First, get my own house in order. Second, help my neighbor. Then tell the true story of U. S. Sugar to the world."

Frank S. Wright, newly elected president of the group, determined to put PPPRA in the forefront among organizations that serve the phases of publicity and public relations work was former Mayor John T. Alsop of Jacksonville, who, because of his long and consistent record as a publicist of the state became known naturally as "The Mayor of Florida."

Leading off a battery of speakers each of whom discussed different aspects of publicity and public relations work was former Mayor John T. Alsop of Jacksonville, who, because of his long and consistent record as a publicist of the state became known naturally as "The Mayor of Florida."

Richard D. (Dick) Pope of Cypress Gardens, Winter Haven, told of the work his organization has done in publicizing the state by means of pictures and termed "Picture Power" the greatest force in selling today.

Recognized nationally as one of the Nation's foremost picture men, Pope has placed hundreds of thousands of Florida pictures in the top notch newspapers and magazines of the nation. His skill and technique in staging and taking acceptable news and rotogravure pictures is second to none, and over the years he has probably given Florida more national publicity than any other individual or agency.

Turning to industrial public relations, Josiah Ferris, Jr., assistant to the president of the United States Sugar Corporation in Ocala, told how Florida's largest industrial organization has attained leadership and goodwill through the employment of an intelligent and constructive public relations program. He termed the fundamentals of good public relations "sound judgment or horse sense."

Speaking at the noon luncheon, Urie Davis, of New York, national public relations authority, stressed the work that had already been done to publicize our state and pointed to the need for even greater effort in the future. He explained that today the development of favorable and worthwhile publicity and the establishment of good-will in public relations is an established profession and results are measured by the ability of the person who directs such programs.

Altogether the convention was very much worthwhile and all Florida should be proud through the pooling of knowledge and experience in the public relations field that such gatherings and clinics afford.

Local C. Of C. Names Bittner As President

(Continued From Page One)

Commerce as pointed out by Mr. Coleman include a Navy Day dinner given for officers at the Station, the Veterans' Homecoming Celebration, assistance in promoting a colored veterans' celebration, sponsorship of government work on the river project, payment for services of a state expert in connection with the transportation assistance in establishing a radio station, public parks, Spring training for ball clubs, assistance in publishing a county directory, arrangements for a public hearing in connection with the St. Johns-River canal project.

Among those attending the meeting last night were Rev. Mark Carpenter, W. A. Morrison, Andrew Stine, W. A. Patrick, H. B. Pops, Sanford Doudney, B. B. Crumley, Fred R. Wilson, J. A. Bistline, Andrew Carraway, Frank

Jack Pope with his magnificent pictures, and Earl Brown with his marvelous exhibits, have done more to put Florida on the map than all other agencies combined. No bureau or commission of this or any other state has been able to compete with them, and the amazing fact is that they have accomplished this at little or no expense to the taxpayer.

One of the interesting features of the convention was a panel made up of the public relations representatives of the airlines serving Florida, Pan-American, National, Eastern and Delta, represented respectively by S. Roger Wollin, Ronald S. Gall, M. N. (Jack) Frost and James H. Cobb, Jr. These gentlemen painted a bright future for aviation in its relation to Florida's progress and development and told of the plans of their several lines to provide improved facilities for handling traffic to and from this state.

Speaking at the noon luncheon, Urie Davis, of New York, national public relations authority, stressed the work that had already been done to publicize our state and pointed to the need for even greater effort in the future. He explained that today the development of favorable and worthwhile publicity and the establishment of good-will in public relations is an established profession and results are measured by the ability of the person who directs such programs.

The Townsend Club will meet in the Court House at 7:30 P. M. The public is invited to attend.

Seminole Chapter No. 2 of the Order of the Eastern Star will meet at 8:00 P. M.

Mrs. Joe Stewart Honors Mrs. Morrison

Mrs. Joe Stewart entertained for Mrs. Jack Morrison on Friday evening with a stunner dinner. The guests were Mrs. J. H. Varnum, Mrs. Gladys Smith, Misses Mary and Elizabeth Smith, Mrs. E. B. Smith, Mrs. D. B. Hodges, Mrs. Luther Doss, Mrs. Ann Thornly, Mrs. Bill Pippin, Mrs. Roy Britt, Mrs. Leslie Went, Mrs. W. J. Morrison, Mrs. H. D. Smith, Mrs. J. R. Eritt, Mrs. Sutton, Mrs. Varnay, Mrs. Smith and Mrs. Stewart.

Baptist Training Group Enjoys Party

The Training Union of the First Baptist Church enjoyed a westermost and swimming party at Sand Springs on Saturday evening.

Those attending were Nancy Williams, Helen Slaughter, Jean Sayer, Louise Lundquist, Peggy Pippin, Bobby Merton, Susie Hutchins, Mona Ruth Mills, Betty Shannon, Ruth Carroll, Dee McClain, Barbara Saunders, Barbara Rucker, Shirley Morland, and Betty Colham.

Also Francis Wilson, Gwynn Reel, Jan Jenkinson, Buster Faircloth, Andy Andersen, Herbert Stenstrom, Bobby Pullin, Alvin Ivinley, Billie Duncan, Theron Madden, Douglas Stenstrom, counselor, and Mrs. Stenstrom.

F. C. C. Exams To Be Held In Jacksonville

MIAMI, Oct. 2 (Special)—A member of the Miami office of the Federal Communications Commission will conduct commercial operator and Class "A" and "B" amateur operator examinations in Jacksonville on Nov. 2, according to an announcement today by the Miami office.

The examinations will be held in Room 108 of the Duval Junior High School, 625 Ocean Street.

Commercial exams will begin at 9:00 A. M. and amateur exams at 11:00 A. M. Applicants for commercial and amateur examinations are to bring fountain pens and pencils. Examinees must also allow themselves sufficient time to complete their exam by 5:00 P. M. All applicants intending to appear for the examinations must notify the Miami office of the class license desired. Forms should be completed and filed with the Miami office before Oct. 25.

Annie Ruth Willis Weds Vernal Carroll

Miss Annie Ruth Willis and Vernal E. Carroll were married on Friday evening at 8:15 o'clock in a double ring ceremony at the Assembly of God. The Rev. K. D. Wright performed the ceremony before an altar banked with white gladioluses, chrysanthemums and fern.

Mrs. V. M. Grines, sister of the bride, served as matron of honor and the bridesmaids were Mrs. G. M. Willis, Miss Ruth Carroll, sister of groom. The best man was Roy Carroll, brother of groom, and ushers included G. M. Willis, Jr., brother of bride, and R. C. Carroll.

The bride chose a gown of silk featuring a short train. She wore a fingertip veil caught with a coronet of pearls. She wore a single strand of pearls, a large diamond brooch, and a large white bridal bouquet.

The matron of honor wore a yellow taffeta gown with a white sash and carried a bouquet of lavender gladioluses and chrysanthemums. Mrs. Willis wore a crown of blue net and carried a bouquet of pink roses. Miss Carroll chose a pink net gown and carried a pink rose bouquet.

Out of town guests included Mr. and Mrs. Cho Hamm of Tampa, Mrs. LeRoy Newbold of Tampa, Mrs. Edward Penton of Tampa, Mr. and Mrs. Thurston Willis of Orlando, Mr. and Mrs. R. C. Carroll of Daytona, Mr. and Mrs. Paul Carroll of Daytona, Mrs. Albert Tryon of Thomasville, Ga., Mrs. V. M. Grines of Jasper, Tex., and Mr. and Mrs. Jack Willis of St. Augustine.

Ellen Vihlen Given Party On Birthday

Mr. and Mrs. Eric Vihlen honored their daughter Ellen on Sunday afternoon with a party on her sixth birthday at their home on the Lake Shore Boulevard. Pink and white predominated in the decoration and refreshment color scheme.

Favors were distributed and ice cream and cake were served by the hostess assisted by Mrs. Olga Hunter. Many lovely presents were given on the day.

Those attending were: Mr. and Mrs. Kenneth Robbins and children, Emma Jane, Kenneth and Randall; Mr. and Mrs. Sidney Vihlen and children Stanley and Sidney; Mr. and Mrs. William Dossie; Mr. and Mrs. C. E. Hunter, Mrs. Emma Vihlen, Mrs. William Hunter and Carolyn Buckingham; Mr. and Mrs. David Earle and Matt and Sandra; Mr. and Mrs. Jackalumbly of Orlando and granddaughter Judith and Carolyn Kinnard.

A well-centered yolk is what every cook wants in a hand-scooped egg for deviling or stuffing.

Edward Thomas Pinch of Longwood is a student at George Washington University. He also holds a position in the Admission Office of the university and has in the radio station.

Among the Longwood group attending college are: John Sullivan who is at Pennsylvania University; Frederick Bastline and Charles Stum who are at the Orlando Junior College.

Miss Gretchen Lauretine Lewis whose engagement to John Edison Crowell of Charlotte, N. C. was recently announced by her mother, Mrs. William Franklin Lewis of this city. The wedding will be an event of November 3.

Miss Jessie Millen Durden Weds Braxton Lee Perkins, Jr. In Georgia

Miss Jessie Millen Durden, daughter of Mr. and Mrs. J. N. Durden of this city, and Braxton L. Perkins, Jr., son of Mr. and Mrs. B. L. Perkins, Jr. also of this city were married Monday evening at 7:00 o'clock at the St. James Episcopal Church in Marietta, Ga. Father Edward L. Albroth performed the double ring ceremony.

Mrs. Perkins wore a delphinium blue suit with black accessories. She carried a white prayer book topped with gardenias. Mrs. William Morton Thigpen, Jr. was the bride's only attendant and chose a suit of beige with brown accessories and a corsage of tallinn roses.

The groom had as his best man W. M. Thigpen, Jr. Immediately following the ceremony the couple left for a short wedding trip to the mountains, after which they will return to Sanford and make their home.

Mrs. Perkins attended the local schools and was graduated from Florida State College for Women in Tallahassee in 1945. She was a member of the Delta, Delta, Delta sorority of which she was president in her senior year. In the past year she has taught Physical Education at Seminole High School.

Mr. Perkins also attended the local school and Fort Union Military Academy, Fort Union, Va., and the University of Florida in Gainesville. He was a member of the Pi Kappa Alpha fraternity. For four years he served as a member of the U. S. Naval Reserve and has since been associated with his father in the clothing business in this city.

Scotch Foursome To Be Played At Local Country Club

The first Scotch foursome of the season will be played Sunday at the Seminole Country Club, it was announced today by Clyde Terwilliger, club pro.

A mixed Scotch foursome is played with several teams of men and women. Both members of the team take from the tee, select the best drive and then alternate shots until the hole is completed. All men and women interested in playing are requested to notify Terwilliger by Saturday noon. Pairings will be made Saturday night and the Sunday starting times will be posted.

Teams will be paired as evenly as possible, so that all golfers will have a chance to win the prize.

Plans are being made for men's and women's tournaments in the near future, and all members and

INSIDE SPORTS REPORT

By ARTHUR BECKWITH, JR.

The Red Hats
A Chamber of Commerce committee and the directors of the local baseball club have studied plans for next spring and summer and have deferred action on the question of whether to operate the club independently or under the eye of a big league club next year.

It is also understood that the directors are trying in contact Eddie Gilliland, new head of the Detroit farm system, to learn if he has any proposition to offer regarding the DeLand team.

It is also believed that "Bill" Page will assist the club in organizing next year if he can get some assistance. Page has announced that he will be forced to give up his work with the Red Hats because of ill health, but it is believed that he would assist with good help.

Eddie Gilliland, formerly of DeLand, has been appointed the director of the farm club operation.

the NEC championship that his charges copped last year. The Blues open against the Spinners at 7 p.m. on Friday night.

Ted Twomey
Colonel Twomey of the University of Florida Fighting Gator football staff is Ted Twomey, line coach whose life reads like a Jack London novel.

A former trapper, prospector, hunter and guide in the Canadian northwoods, Twomey's "stories" about some of his experiences are good for an evening "bull session" any day.

He holds a private and commercial pilot's license, but says he's given up flying since the war. A genial story teller, he's always good for an exciting yarn.

A Message
Bill Kastletz, Sports Editor of the St. Augustine Record has this to say in Monday's Record: "This column has learned happily, who was the biggest factor in the Saints losing the play-off series in Sanford—and later was fired by the league. It was a letter to W. G. Bramham, minor league coach, giving a very pointed picture of the events taking place during and after the 5-8 game he presented on a platform in Sanford."

LETTERS HAVE A COPY OF HIS REPORT TO BRAMHAM IN OUR POSSESSION, ALSO ONE BY SPIKE DAVIS, THE OTHER EDITOR WORKING THAT GAME.

Lately a report has appeared that Bramham and his assistants were not only unqualified to coach and manage, but also unqualified to manage Bramham's own affairs. Bramham's own affairs were managed by Bramham's own affairs.

Orlando Senators Win Third Game

MOULTREE, Oct. 2 (Special)—The Orlando Senators downed the Moultrie Packers for the third straight time by a 5 to 3 count here last night.

The Senators had easy sailing the entire route as the Packers loose play field permitted the victorious margin. Tommy Hyde on the mound for the Senators pitched magnificent ball and was given perfect support by his mates.

SPORTS ODDITY

By Associated Press

C. R. Jordan of Kansas City, Mo., plays golf strictly for the fun he gets out of it. And he has his most fun on April 23rd, 1946, when he played 18 holes over the 7th Victory Hills Country Club course and took 7 putts. The 41-year-old stockyards weighmaster chipped in his approach shot on the first and second holes, then one-putted every 12, where he holed out in two putts.

SPORTS LAUGH

By Associated Press

Cobb, when he was in his prime, was a very smart player who used to like to out other players on his team how to do things while he ran down to them and whispered in Veach's ear.

The next batter was Harry Heilmann, who hit a line drive that was tipped into a double play, with Cobb being nipped off second. As Ty walked to the bench, dusting his pants and mumbling, Veach yanked over to him. "Hey, Ty, what do I do now?"

Byrnes Sees No Danger Of New Conflict

Secretary Of State Concedes, However, Serious Differences Exist Among Allies

PARIS, Oct. 3, (AP)—Secretary of State James C. Byrnes today conceded that there are serious differences among the Allied nations but, similar to the remarks made by Prime Minister Stalin, he felt sure there was no immediate danger of a new conflict.

The state secretary, speaking to the American Club in Paris, pointed out such differences as ways to handle peace making procedures following every major war.

Mr. Byrnes made three important points in his speech, one pertaining to Russia, another on Germany and the third on American foreign policy.

Regarding the Soviet Union, Byrnes expressed the hope that Stalin's recent statement would put an end to charges that any single power or group of powers is trying to "choke Russia," and that Stalin's words also would dispel accusations that the United States is trying to use the atomic bomb as a threat of force against the Soviet. Mr. Byrnes added, however, that American foreign policy will continue to follow a strong line.

Following up this implied answer to Henry Wallace, the Secretary of State asserted that the chief point of American foreign policy is a determination not to go back to isolationism.

Most of his speech, however, was devoted to the future of Germany. Byrnes said the did not want to see Germany become a pawn of a partner in a struggle for power between the east and west. The occupation of Germany, he added, must be continued, "soldiers are not enough as watch dogs," he said. Engineers, said Byrnes, will be able to spot any movement by manufacturers.

Elaborating on this, the Secretary of State said that should any suspicious war production arise, a report would be made to the control commission. The commission would demand of the German government that the plants be closed. If the government failed to act, the Allied representatives would, in 24 hours, call out the troops needed to enforce the closing. Byrnes recommended that all Allied Commission members have members available from any of the Big Four powers to back up its decisions.

Budget Approved Today At Meeting Of School Board

An open hearing for interested citizens of Seminole County to learn how school money is to be expended for the coming year was held this morning at the office of Supt. T. W. Lawton, where the School Board approved the budget, which includes a 24 percent increase in teacher's salaries, and a 50 percent increase in the state share of school repairs and replacements, according to Supt. H. E. Morris.

The budget will be sent to State Supt. Collin English for approval. One citizen, Mrs. Victor Green, a former board member, spoke at the hearing.

The school balance on hand totals \$507,978. Anticipated receipts of \$504,584 from federal funds (\$187,935), county taxes (\$153,911), district taxes (\$67,049) and other sources (\$5,689) make the total balance of \$509,472.

Proposed expenditures total \$483,255 and are as follows: administration, \$16,700; instruction, \$304,280; operation, janitor, fuel, etc. \$31,409; repairs and replacements, \$43,271; transportation, \$7,976; health, \$4,888; miscellaneous, \$1,815; insurance and rent, \$10,165; commissions, \$5,105; workers compensation, \$800; capital outlay, \$28,275; and debt service, \$700.

The former Miss Jessie Durden was retained as high school physical instructor in order to assume her new duties as Mrs. Braxton Perkins. It was announced, and the resignation was accepted.

Prof. Morris will leave for Jacksonville, Saturday morning in order to attend a meeting of the school committee on services relating to schools. These services include home, health, recreation, opportunities for a more spiritual life, self reliance and chance to learn to work and become better citizens. The meeting will be at the roof garden of the Mayflower Hotel.

Dodger Homer In Playoff

CROSSING the plate is Howie Schultz, one of the Brooklyn Dodgers, who is greeted by the hot boy and Stanky (12) after walloping out a homer in the third inning of the game with the St. Louis Cardinals at St. Louis. Card's catcher Garagiola looks on. The Cards won this first game of the playoff series to decide the winner of the National League pennant. (International Newsphoto)

Higgins Says Cattlemen Show Lack Of Interest In Fire Control Unit

Owners of large areas of outlying land definitely indicated last evening by their lack of attendance at a meeting on fire control at the Community House that they are not interested in the proposal by the Florida Park and Forest Association to establish such fire control in Seminole County, manager Edward Higgins of the Chamber of Commerce declared today.

Many cattle owners have telephoned Mr. Higgins that they would not sign a petition to bring the matter of county fire control to a vote in the Nov. 5 election.

In order to have the matter brought to a vote, it is necessary to have land owners controlling 66,000 acres in the county, sign the petition. Signatures of those controlling 58,000 acres were secured, or 40,000 short, said Mr. Higgins.

Present at the meeting were Owen Douglas of the state fire control department, and E. L. Mohan and William Jacobs of the State Forest and Park Association.

"The result of the meeting definitely indicated that there are not sufficient large land owners interested in fire control and reforestation at the present time to bring the matter to a vote," said Mr. Higgins. He pointed out that it is the practice of range owners to burn over land every year to secure fresh growth of grass, and that under a program of reforestation on burning could be done except at two year periods in order that young trees could grow.

In addition, some range owners are plowing over land to plant grass and are interested in less, rather than into tree growth, he said.

Rough Going Looms For Military Plan In Next Congress

WASHINGTON, Oct. 3, (AP)—Key legislators predicted today that there will be rough going in Congress for the Army's revised universal military training plan.

Most of the few lawmakers remaining in Washington during the current election-campaign have shied away from open comment on the issue—just as they have in the past. Almost all those willing to discuss it—friends and foes alike—are agreed that many a hot debate will break out over the problem once Congress convenes next January.

U. N. Group Approves Big Refugee Budget

LAKE SUCCESS, N. Y., Oct. 3, (AP)—The United Nations Economic and Social Council unanimously approved a \$155,000,000 budget for the proposed international refugee organization after lopping off approximately \$100,000,000. The vote was taken after nearly every member of the 18-nation council reserved the right to raise objections when the parent general assembly received the report. Thus, in effect the delegates merely passed the "controversial question from one body to another."

Dr. Steelman Warns Nation Of Depression

Reconversion Chief Makes Declaration In Quarterly Report To President

WASHINGTON, Oct. 3, (AP)—President Truman has agreed with Reconversion Director John Steelman's prediction that the meat shortage may become worse this winter. Previously Mr. Truman had expressed the hope the meat situation would ease somewhat in the next few months. The Chief Executive said today that there is no conflict between his own views and those of Dr. Steelman's report.

WASHINGTON, Oct. 3, (AP)—Reconversion Director John Steelman today sharply warned the nation against the threat of another depression.

Steelman submitted his quarterly report to President Truman and Congress. In it the federal bureau chief bluntly declared that a further rapid price rise, and a general round of large wage increases, might end with what he termed "serious economic and social consequences."

Mr. Steelman's report explained the matter this way: "If prices keep increasing and precipitate a wage-price spiral business and agriculture will find themselves priced out of the market and into a depression."

Almost simultaneously, the federal official warned that the government "must be prepared to the extent that the present 'extremely high' consumer and business spending should be curtailed and repressed."

On the other hand, the reconversion director emphasized that the national economy is "in a position of great promise" as well as great danger.

Steelman explained that if "we have successfully averted the rise in prices, the backlog of demand for goods, and the tremendous pool of savings and current income, should reduce the rate at which demand slackens."

Steelman's report said the nation's target is a balance of supply and demand at a level of production which will permit the nation to produce a sufficient amount of goods to meet the needs of its citizens.

39 Persons Are Killed When Overseas Airliner Crashes In Flames In Newfoundland

Death For One Nazi — Life For The Other

A Nazi war criminal, Hermann Goering (left), and Rudolf Hess (right) with grim concentration as Lord Justice Lawrence reads the verdict in the Nuremberg War Crimes Trial. Goering was sentenced to life in prison, Hess to death.

Disaster Described As Worst Tragedy In History Of U. S. Commercial Flights

NEW YORK, Oct. 3, (AP)—All 39 persons aboard an American Overseas Airlines plane are believed to have been killed when the plane crashed in western Newfoundland early today. An Air France transport captain who flew over the wreckage two hours after the crash had no arrival at New York that the plane burned completely and there was no sign of life nearby.

NEW YORK, Oct. 3, (AP)—A big DC-4 passenger plane of the American Overseas Airlines burst into flames and crashed in the rugged terrain east of Stephenville, Newfoundland today only two minutes after it had taken off from the airport enroute to Berlin.

An official coast guard report said that there is little possibility that the 39 persons aboard the air transport have survived, according to the information they have thus far obtained.

Rescue crews are speeding by land and helicopter to the scene of the crash near Stephenville. Rescue parties are hoping they will reach the site in 24 to 36 hours.

Three of the 31 passengers found for various points in Europe were said to be infant children.

In addition to the passengers, the aircraft also carried a crew of 8, including one stewardess. The cause of the crash is in the hands of the Belgian Sabena airline, which is operating Newfoundland routes.

One of the chief factors leading to the crash, it is believed, may be the fact that the plane was already carrying a full load of passengers when it took off.

Meat counters of downtown stores, which for the past week have been full of cheese and pickles, presented a welcome sight this morning to housewives as they saw Chicago and round steaks and other choice cuts of beef at OPA prices.

Several large shipments of western beef were received from Jacksonville this morning, but according to butchers, this first of the month quota will be gone in a week or two. A few carcasses of more restricted Florida beef also were received.

Pork, including bacon and ham, lamb, and sausage were conspicuous in their absence. There was a limited amount of veal. Fish and chicken were plentiful.

Feed merchants reported that they now have sacks of white flour for sale. A shortage of scratch feed for chickens and protein feeds was predicted. Prices on these items have risen somewhat during the last few days.
