Brannan Asks U.S. To Extend Farm Price Aid

Program Has Proved Worth As Stabilizer, Secretary Of Agriculture Says

WASHINGTON, Apr. 1.—(AP)—The Senate today voted to let non-Communist China have \$54,000,000 left over from a former aid fund for the country. The Senate's unanimous action restoring the fund came as an amendment to a bill authorizing continuation of the European Recovery Program.

WASHINGTON, Apr. 1.—(AP)—Secretary of Agriculture Brannan says government support of farm prices should be continued to prevent another "farm-fed" national depression.

The program, he adds, has proved its worth as a "stabilizer" of the national economy during the past 12 months' period of downward adjustment in farm prices.

Brannan gave his views in testimony before the House Appropriations Subcommittee which drafted the money supply bill for the Agriculture Department for the fiscal year beginning next July 1.

His testimony was made public today.

"I believe," he said, "that price supports are a fundamental and essential part of our total economy, that they have a proper basis, and should be continued unless somebody develops a very much better improved mechanism for accomplishing the same purpose."

Brannan declined, however, to express himself on the issue of whether the flexible price support system of the long-range Aiken law suits Truman Administration views. The Aiken system is due to go into effect next January. But a strong farm bloc in Congress is demanding it be changed to provide for higher level supports.

The Secretary is expected to outline Administration views in testimony before the House Agriculture Committee later this week.

Archie Williams, Negro, Killed In Fight At 66 Club

Archie Williams, young negro, died of wounds inflicted by a knife or sharp weapon, Saturday night at about 10:00 o'clock, following a brawl in the 66 Club, 101 Southwest Road. He formerly lived at Enterprise.

Donnie Prince, negro, alias Donnie Williams, was arrested shortly afterward in Goldboro by Sheriff J. A. Mero and is being held pending inquest into the death by a coroner's jury tomorrow afternoon at 1:00 o'clock at the Court House.

Dr. George Starke, physician, who examined the body at 1:00 A. M. Sunday at the Mosely Funeral Home, reported that the slashes had severed the jugular and carotid veins.

Early Sunday morning at about 3:00 o'clock, deputies were called to investigate the wounding of a young negro, Evelyn Jones, with a shot gun blast that shattered the bone of upper part of her left leg. It is hoped that the leg may be saved, said Dr. Starke, who attended her at the hospital.

According to Charles Beck, deputy, the shooting is believed to have followed a quarrel involving Evelyn Jones, her husband, and Willie Cheely, 60, her grandfather, who was arrested, pending investigation of the shooting. The brawl occurred in a two story house on Elpee Avenue.

State Legislators Begin To Get Hands In For 60-Day Session

TALLAHASSEE, Apr. 1.—(AP)—Florida's legislators began to get their hands in today for the 60-day biennial session which opens tomorrow.

The joint senate-house tax study committee held a pre-session meeting and toned down its earlier recommendation that the State Hotel Commission be abolished and its inspection services turned over to other agencies. The committee members decided instead to suggest only consolidation of overlapping inspection services in a general sense.

In place of the specific abolition recommendation it adopted at a meeting in Jacksonville several weeks ago, the committee agreed to substitute language calling only for consolidation of inspection services that now overlap.

The action followed a suggestion by Hotel Commissioners J. W. Landon that instead of abolishing his agency, it be broadened to take over all restaurant sanitary inspection services now performed by the board of health and all hotel inspections of the industrial commission.

He told the committee the industrial commission and Board of Health could cut off 30 inspectors under that plan and save \$120,000 a year.

"I think the Hotel Commission is better qualified to do the work," Landon declared.

Rep. Richard H. Simpson of Monticello suggested that Landon be named to the post.

Warren Advisor George Touhy Is Flays Critics Of Named President Fruit Program Of Rotary Club

TALLAHASSEE, Apr. 1.—(AP)—Three Florida citrus producers and growers' associations today were charged with opposing "every effort to better the eating quality of Florida citrus products."

Dodge Taylor of Howey-in-Hills, chairman of Governor Warren's Citrus Advisory Committee, declared the groups' joint attack on the Governor's citrus program is "misleading and confusing."

The Florida Citrus Association, Florida Canners Association and the Canners' League of Florida Saturday opposed the Governor's program which includes a taste test citrus and compulsory grade labeling of processed products.

Taylor said L. A. Mery of Prostopro, John A. Shively, Sr. of Winter Haven and W. C. Pederson of Weirsdale, members of the trade association legislative committee "have been the vocal defenders of the shipment early in the season of 'green fruit' from Florida."

The Governor's program for higher standards was adopted only after a series of full hearings, Taylor said, and "everyone connected with the Florida citrus industry has had more than ample opportunity to be heard."

Taylor said the association is making its last minute attack on the legislative committee on the Governor's program because it "represents the wishes of a few growers of this state and not of a few large green fruit shippers."

Taylor charged the growers of the state did not have confidence in the original Florida Citrus Mutual, which Maxey, Shively and Pederson organized. However, he added, under a new board of directors, 80 percent of the state's tons (Continued On Page 5)

Stovall, Betts, Moule To Furnish Earth Worms For 'Miracle Day'

Earthworms, too, are coming to Miracle Soil Conservation Day—3,000 strong.

There will be large four inch paper worms, smaller sized mama worms, juniors just entering adolescence, down to the tiny wiggling mites fresh from the egg capsule.

But they will all have on their overalls ready to assist the many machines and men in the Miracle of converting the 885 acre depleted farm to a state of fruitful usefulness. And they will begin work at their favorite spot—the fish pond.

Court Grants 2 Men Hearing In Bribe Case

Ban Against Union's Picketing Missouri Ice Plant To Halt Supplies Is Upheld

WASHINGTON, Apr. 1.—(AP)—Two men convicted of trying to bribe New York Giants pro football players today were granted a Supreme Court review of their trials.

The pair, Harvey Stemmer and David Krakower, were charged with offering bribes to Giants star Frank Filchick and Mele Hapes. The purpose was to get the players to throw a crucial game with the Chicago Bears on Dec. 11, 1946.

The incident led to the barring of Filchick and Hapes from the National Professional Football League.

Stemmer and Krakower were sentenced to prison terms of 5 to 10 years each. They appealed to the Supreme Court from a decision by the New York Court of Appeals which upheld their convictions.

Their appeal contended that New York state had improperly used evidence obtained by tapping telephone wires.

Meanwhile the Supreme Court upheld a Missouri state court's ban against union picketing of an ice plant in an effort to shut off ice supplies to non-union peddlers.

Justice Black said that in upholding the injunction, the high court "power to govern in this field is paramount."

Farmers Markets Offer Wide Variety Of Fresh Produce

JACKSONVILLE, Apr. 1.—(AP)—Florida State Market could be aptly called an "Epicurean's delight" because of the high quality and unusual variety of fresh farm produce passing over the platform. Very few sections anywhere can boast of corn-on-the-cob, a wide variety of tomatoes, squash, peas and peppers all before April 1st. These items have been coming in to the markets in increasing quantities during the past few weeks, and the menu can include potatoes, celery, cabbage, eggplant, green beans, and peas, and topped with luscious fresh strawberries. These certainly are shortages of vitamins in Florida just now and the annual "Spring tonic" is much to be desired.

The form of fresh garden produce according to reports from the office of William L. Wilson, Director of Florida's State Market.

Weather conditions have continued generally favorable to production, though here and there drought and hot weather are at times a factor in the crop.

Cruiser Roanoke Joins U. S. Fleet

PHILADELPHIA, Apr. 1.—(AP)—The U.S.S. Roanoke, mighty light cruiser in the world, joins Uncle Sam's fleet today.

And the most prominent native of Roanoke, Va., Louis Johnson was slated to keynote the commissioning ceremonies at the Philadelphia Naval Base.

It is to be Johnson's first public address since he was sworn in as Secretary of Defense last Monday.

The Navy says the 17,000-ton cruiser Roanoke, sister ship of the Worcester, cost \$20,000,000 and took four years to build.

The 680-ton ship has a beam of 70 feet and has a designed speed of 33 knots.

Police Fight Pickets

CLEVELAND, Apr. 1.—(AP)—Deputy sheriffs and policemen swung clubs freely today in a fight with 800 marching strikers and sympathizers at the Parkview Hotel. Four pickets were arrested and several others were injured slightly.

12 Nations Sign Historic North Atlantic Alliance; Truman Praises Document

President Launches Defense Treaty As Positive Influence For Peace In World

WASHINGTON, Apr. 1.—(AP)—President Truman, selecting Russia's charge that the Atlantic Treaty is "aggressive," today hailed the historic pact as "a shield against aggression and the best of all possible worlds."

In a speech prepared for the Atlantic signing ceremony, Mr. Truman asserted the people of the West are determined that the "outraging blow of unprovoked aggression" shall not fall upon the world again.

In taking steps to prevent aggression against our own people, the President said, we have no purpose of aggression against anyone. To suggest the contrary is to slander our institutions and to demean our ideals and our aspirations.

The President addressed a post-meeting assembly of diplomats, government officials and congressional leaders.

In this party, Mr. Truman said, he hopes to create a shield against aggression and the fear of aggression, a shield which will permit us to get on with the real business of government and to enjoy the business of achieving a better and happier life for our citizens.

Mr. Truman was the last of the speakers, preceding the actual signing of the 1,040 word alliance. When the final step of ratification is taken, the pact will bind the United States for the first time in history to join in resisting an attack against the nations of Western Europe.

The President said the alliance is "a shield against aggression and the best of all possible worlds."

The alliance is "a shield against aggression and the best of all possible worlds."

Two Persons Injured In Highway Collision

COLUMBUS, O., Apr. 1.—(AP)—Two persons injured in a two-car collision shortly before 3:00 o'clock on the Sanford Orlando highway near Matfield early this morning, were flown to a hospital in Atlanta, Ga., following preliminary treatment at Florida Sanitarium and Orlando Air Base Hospital for treatment of a compound fracture of the left arm and minor cuts and lacerations.

Cpl. Smith has been stationed with the 76th Band Squadron at Orlando Air Base since James R. King, sergeant, was killed in action in the left arm and minor cuts and lacerations.

Berry Dies In Chair For Girl's Murder

RAIFORD, Apr. 1.—(AP)—Arthur Edward Berry died in the electric chair today for the murder of 14-year-old Willie Mae Benton Bapentin. L. F. Chapman of the State Prison Farm said the switch was thrown at 9:05 A. M. and Berry was pronounced dead eight minutes later.

The condemned man, whose home was at Jacksonville Beach, wore a plain white shirt and dark trousers. He made no comment before the switch was thrown, Chapman said.

Outboard Meet

The Outboard Association will meet Tuesday night at 8:00 o'clock at Home's Restaurant, and will make plans for a picnic to be held in the near future. All members are urged by Roy O. Tillis, president, to be present.

Fire Destroys Marine Pilot Is Big Restaurant Killed In Crash At Miami Beach Near Cassadaga

MIAMI BEACH, Apr. 1.—(AP)—A fire of undetermined origin early today destroyed the Peter Barr Restaurant and damaged three other buildings in the heart of the fashionable Lincoln Park shopping district at a loss estimated at \$200,000.

The Chief of Police, Leonard, and crew of Miami Beach fire fighting equipment were called to the scene of the blaze which was first reported at 1:00 A. M. (AP).

The blaze was the first reported in the restaurant and spread to adjacent buildings.

A woman general store in the block across from the Peter Barr building, which had the restaurant, was damaged by the fire.

The damage to the general store was about \$20,000. The restaurant was destroyed and the damage to the building was about \$20,000.

The restaurant was destroyed and the damage to the building was about \$20,000.

12 Arrested For Picketing Plant

COLUMBUS, O., Apr. 1.—(AP)—Twelve persons, including the state director of the Progressive Party, were arrested today at a picketing line at the plant for violation of a court order prohibiting picketing.

The arrests were made by Capt. Hugh E. Legett of the Sheriff's office upon orders of Sheriff Ralph C. Paul. Capt. Legett said the group starting picketing the plant's main gate at 6:00 A. M.

Sherriff Paul said the 12 would be charged with contempt of court. Common Pleas Judge Hans E. Reynolds banned all picketing at the plant last Thursday. This followed a long period of labor strife at the plant involving members of the Mine, Mill and Smelter Workers Union.

Delegates Of Countries Declare In Brief Addresses Desires For Peace

WASHINGTON, Apr. 1.—(AP)—In solemn assembly, 12 nations today pooled their will for peace in the Atlantic treaty-hailed by Secretary of State Acheson as a powerful weapon to any aggressor.

Acheson described it in an address opening the signing ceremony of the historic treaty linking the United States, Great Britain, France and nine other non-Communist nations into a pact of mutual security.

Drawing on the Bible, Acheson said that the peace loving treaty is a guide to refuse and struggle and to the aggressor a warning of the consequences.

The 12 nations after Acheson the foreign ministers of the other nations came to speak for their countries before the actual signing of the document.

Through their brief addresses, the nations declared that the Atlantic Treaty nations want only peace and that they will stand united against any aggression.

In their addresses, the foreign ministers of the other nations came to speak for their countries before the actual signing of the document.

Mayor Carraway Welcomes Railroad Evangelistic Group

Mayor Andrew Carraway welcomed a group of evangelists who were here for a week, led by Luther Barker, to 50 railroad delegates and about 200 members from the Fellowship of Faith in the opening of the Railroad Evangelistic Association's annual conference at the Fellowship Point Auditorium.

Duncan Peterson Died On Saturday

Duncan Peterson, 66, brother of Mrs. J. H. Cowan and Miss Agnes Peterson of Lake Mary, died Saturday night at Central City, where funeral services were held this afternoon at 3:00 o'clock in the First Methodist Church.

Survivors include the widow, Mrs. Duncan Peterson, three daughters, Mrs. Hal Jackson of Lake Mary, Mrs. H. H. Harrison and Mrs. Betty Lou Peterson, both of Gainesville, and two sons, Donald and Fred Peterson of Central City.

Mr. Peterson was born May 18, 1882, in the township he frequently visited Sanford and Lake Mary.

Program Of Classical Music Is Presented At Woman's Club

A program of classical music, presented Saturday night at the Sanford Woman's Club by Miss Anne Lovell, violinist, Miss Alphonse Cole, pianist and Miss Catherine Gray, mezzo soprano, was greeted with enthusiasm by a small, but appreciative audience.

The performers and the announcer, Charles Dawson, represented Rollins College as pupils with the exception of Miss. Carlo, who is an instructor in music. Mr. Carlo is chief instructor in the Rollins Conservatory, assisted with planning of the music stands. Decorations included huge bouquets of red gladiolus presented by Mrs. W. E. Kirchoff.

Miss Anne Lovell displayed fine violin technique with her rendition of Greg Gonsale No. 2, with Mrs. Carlo accompanying and of Sonatina by Dvorak. The latter composer originated many noted works while staying with friends in Titusville some years ago. Miss Lovell, a former student of Seminole High School, is the daughter of Mr. and Mrs. W. V. Lovell of Sanford and prior to attending Rollins, studied under L. M. Dollison of Fern Park.

Two Local Residents Report Plane Wreck To Highway Patrol

By WILLARD CONNOLLY
The crash of a Miami plane and death of its pilot, Capt. Boone Moody of the U. S. Marine Reserve of Miami, Saturday afternoon 10 miles from Cassadaga, was witnessed and reported to the state Highway Patrol by two local residents.

Unemployment Shows 54,000 Drop in March—headline. But unemployment benefits keep right on going up.

John I. Lewis Calls Taxi Drivers out in New York—headline. Indicting the growing power of Mr. John I. Lewis, head of the United Mine Workers.

City officials, tourists and civic clubs are all hot and bothered over the use of the Tourist Center. But it will be hot enough this summer without worrying about that. Let's wait until next Fall to thrash that out.

Joe Provenzano was acquitted of the murder of Jimmy Velasco in Tampa largely through the testimony of Tampa policemen. But if Provenzano didn't kill him, it remains the duty of the police to find the man who did.

What happens when a police department becomes involved in a gambling racket was indicated last Thursday when Joe Provenzano was acquitted of the murder of Jimmy Velasco in Tampa following testimony in the former's behalf by virtually the entire police force. Dead men tell no tales anyway, they probably figured.

Winston Churchill tells America that the 13 men in the Kremlin are plotting to rule the world, that only America's sole possession of the atom bomb has kept Russia from over-running Western Europe. But there are many who will not listen to him, just as there were many who would not listen when he warned of Hitler's schemes for world domination. It is always hard for good people to realize what vicious designs can be hatched in evil minds. And it is so much easier and more pleasant to believe in beauty, love and justice.

Governor Warren says that the State must levy \$3,000,000 in new taxes if minimum requirements are to be met and an additional \$19,000,000 besides, if the schools get the proposed extra \$12,000,000 and flood control it provided with \$7,000,000. President Truman says \$4,000,000,000 in new federal taxes are also needed if a depression is to be avoided. But none of these sums makes any provision for City streets or sewers, low cost housing, street lighting, garbage collection, sewage disposal, better police and fire protection, parks and playgrounds, recreation facilities. All this has to come from City taxes which should be provided first before anything additional is given to the state and federal governments.

We are constantly amazed at the moderation of City officials in operating our City government. Our Chief of Police finally gets a salary raise to \$275 a month. For 27 years he has served as Chief of Police for Sanford. For almost a generation he has maintained order in a city almost equally divided between whites and negroes with only one inter-racial killing in all that time, no lynchings and no mob violence of any kind. While other police departments throughout the state and in virtually every city almost without exception have become involved at one time or another in gambling rackets of one kind or another, or have been condemned by public opinion for graft and corruption, he has continued to lead the Sanford Police Department for over a quarter of a century without any scandal of any kind. We have several County officers who are paid over twice as much and there are hundreds of State officials making three times as much without much greater responsibility. A man is not without honor save in his own eyes. We do not expect anyone to appreciate his services until after

The Greatest Editor

"The greatest magazine editor of them all" is the name that in his prime was often applied to S. S. McClure, who recently died at 92. McClure's Magazine, which he founded in 1893, blew a breath of fresh air into the monthly magazine business. Its great characteristic was vivid life. It told what was going on in the world, not in a formal chronicle, but by concentration on the vital occurrences. Marconi's discovery of wireless telegraphy and the work in radium done by Madame Curie were first made known to most Americans through their appearance in McClure's. Here too was published fiction by such authors as Kipling, Stevenson, and Hardy. Booth Tarkington made his first appearance in McClure's.

The most enduring achievement of the magazine was its exposure, followed by remedies, of evil conditions in big business and politics. Ida Tarbell exposed the unscrupulous methods followed in the formation of the first big petroleum firms. Lincoln Steffens showed that boss rule in big cities went back to business interests, whose servants the bosses were. Ray Stannard Baker laid bare the sordid side of the relations of capital and labor as manifested in employment maladjustments. From 1893 to 1908 McClure's was the most influential magazine which the United States had ever had.

Then came a split between McClure and his partner, John S. Phillips, who had prevented the magazine from being too visionary. The best of the McClure writers, Baker, Steffens and Tarbell, left to found an organ of their own. McClure finally dropped out of publishing altogether. But nothing can erase his contribution to American life.

Needed Inventions

For inventors who want to invent, a list of problems which cry for solution has been made by Oscar L. Chapman, undersecretary of the Interior.

One is a cheap method of purifying ocean water, and then turning it into the dry land of California and adjoining states. Another is a good way to control rain. Was there not an old fable of the farmer who was permitted by Providence to regulate the weather as he liked, and who then saw his crops fail? As for a method of utilizing the heat energy of the earth, a heat pump has already been developed, but little use has as yet been made of it.

Anyone with an ingenious son who likes to tinker should call his attention to these needs. Many an epoch-making discovery has come from the unaided and unexpressed experiments of a persistent young man.

No Treaty Smashing

One encouraging aspect of the Senate discussion of the Atlantic Pact is that no one is seeking the treaty-smashing role of Henry Cabot Lodge in 1919. Neither today nor in any of the post-war Congressional debates from San Francisco on has his name ever been cited in praise.

While the League of Nations might not have succeeded in any case, the Lodge destruction of President Wilson's plan to join is now recognized as having done deservingly to the United States and to the world. Thus far we have been spared from a repetition of his error.

Congressman Herlong Reports

By SID HERLONG

Not because there was no news, but because there was so much to report - we did not have the opportunity to report to you last week.

Committee meetings, lengthy sessions of the Congress, heavy correspondence - all of which we like, yet all of which take a time-consuming 12 to 14 hours a day we spent at our work. I want at this time to pay a tribute to the 3 loyal and splendid people who are working with us in the office. Regardless of the amount of work or the number of hours, Marion Gardner, Jimmy Golden, and Alan Hamlin are always right on the job, working as diligently for you as anyone could. I do appreciate them.

NEW APPROACH

My New York

By MEL HEIMER

NEW YORK—There is a place to be in this dark city when spring comes and its name is Washington Square. The cold and the wind have not gone completely but there are nights now when the air suddenly grows warm and seductive, when you can look up once more and see the lights and the buildings and the great city carnival after months of plodding along head down.

It is not long before you have crossed Fourteenth street, the northern edge of the world for the Greenwich Villager, and only a few seconds later you are in Washington Square. There are things to see in the Square but it is not to see the things that you have come. It is to feel the spell. There is the Arch, still empty and dirty, and a couple of beaten-up old statues.

Here is the place where for a hundred years the lonely and the loved ones have come on spring nights with the address and the exaltation in their hearts. This is the thick-trunked tree under which they stopped briefly to kiss, and there is the bench on which they sat, blind with heart-sickness and disillusion, with the rain finding its way through the tree leaves and spattering their coats. Poetry has been born here, and suicide.

Rural Common Sense

By SPUDS JOHNSON

FLORIDA CATTLE AND PASTURES HAVE BEEN MATERIALLY IMPROVED

No matter what the 1949 State Legislature does about a cattle feeding law, the great majority of Florida cattle will be under fence. A recent survey indicates that 76 percent of the cattle in the state are under the fence already.

It is not to see these mildly interesting sights that you come to the Square. The park's great charms are hidden and unseen, for they consist of love and the hot and idealistic dreams of the young.

Inside WASHINGTON

MARCH OF EVENTS

4,000-Mile Flight of P2V | Plans' Feet Cheer Up Navy Carrier Advocates

WASHINGTON—Naval aviation may be swallowed up by the Air Force under the "tough" new deal expected under Defense Secretary Louis Johnson. However, the sky sailors are still trying to prove that carriers are essential to national defense.

THE PRESIDENT AND CONGRESS—President Truman's conciliatory speech before the Conference of Mayors means that he publicly and officially has abandoned his idea of taking his legislative program to the people despite reverses in Congress.

ATOMIC WEAPONRY—Ever since the 1948 Bikini tests the Atomic Energy Commission has been referring to "atomic weapons" and to "new and improved atomic weapons" without any clear idea by the public as to what these terms mean.

NORTH ATLANTIC BASES—State Department officials are little concerned over the statements of Iceland and Norway that if they join the North Atlantic Security Alliance they will never grant peacetime bases.

Denmark's Position Delicate

The United States already has three bases, called "weather stations" on Danish soil in Greenland, and has no intention of giving them up. However, Danish statements by expressing good will toward Russia, they are saying nothing about military bases.

Answering The Ku Klux Klan

By Rev. William C. Kernan

Governor Fuller Warren of Florida is determined to smash the KKK. He has asked the 1949 legislature to outlaw it and "any other terrorist organization" in Florida.

Several Georgia communities now have ordinances outlawing the wearing of hoods or masks. Miami is the only city in the country which, so far as present information would seem to show, has prohibited the burning of crosses.

The Seminole Baptist Association will hold a quarterly rally at 10:00 A. M. A special fish luncheon will be served at noon.

Seminole Chapter No. 2, O. E. S. will meet at the Masonic Hall at 8:00 P. M.

FRIDAY
Sallie Hays is a Chapter, Daughters of the American Revolution, will meet with Mrs. E. B. Clements, 600 Park Avenue, at 8:00 P. M. All visiting daughters are invited to attend.

Hollywood

NEW YORK, Apr. 4—(AP)—News papers here and all over the country have been full of news about the Motion Picture Academy this week. It's time for serious talk about the future of the Academy.

The issue arose when Academy President Jean Herbold resigned with a blast against producers who opposed the annual awards. The producers replied with a few mortar shells aimed at "Dr. Christian," fired at the way Oscars are handed out, the big boys pulled the financial support out from under the Academy.

Let's face it—the Academy is an imperfect organization. Its original purpose is often clouded or ignored. It was founded 21 years ago to reward artistic and scientific achievements in the movies. This was important, since the industry was then almost devoid of prestige.

Academy Awards have added stature to the much-maligned industry. But they have often been handed out because of politics and sentiment, no matter how strongly the Academy denies it.

The Academy is a costly operation. It maintains a library, theater, a sizable staff and a publicity office. Its annual affair is done in the Hollywood manner—expensively. It has no endowments, as the Nobel and Pulitzer awards do. Someone has to foot the bill and so far it has been the major studios.

With the studios cutting costs wherever they can, the Academy is one of the casualties.

However, the Academy says it will carry on and find some way of financing the awards.

But if no other support comes forth, the Academy will have to allow its expenses to the bone or die. It seems doubtful that the long and rich tradition of the awards will be ended. Perhaps a cheaper and more accurate method can be found to reward movie stars.

The idea of a select committee of 10 to 15 top craftsmen has been suggested instead of the present electorate—the shapeless and

Army Scene Of Glee Club Ball

One of the most brilliant of the Seminole High School social affairs took place on Friday evening when the glee club entertained with its annual ball at the Sanford Armory. "April Star Light" was the motif effectively carried out in the decorations. Blue and white streamers and silver stars were employed to form an attractive setting for the occasion.

Small tables were placed around the dance floor and place cards were used to mark the seating.

Miss Bette Duncan, escorted by Arnold Harrington, glee club president, was chosen "Ball of the Ball." A floor show was presented by the Duxbury Dancing School and included Mrs. A. B. Duxbury, Miss Jackie McDonald, Miss Anne Whitaker and Miss Norma Faye Harvey. Several selections were rendered by Miss Anita Miller, Bettye Rene Ball and Stanley Brumley of the glee club.

Cold drinks and sandwiches were served by Joan Wilson, Norma Faye Harvey, Gretchen Kirchoff and Dorothy Gillyard. The decorating committee consisted of Bette Duncan, Bettye Rene Ball, Anita Aiken, Chery Singletary and P. R. Bach; arrangement committee: Carol Skinner, Joyce Hatts, Donna Lou Harper, Dial Boyle, Penny Wallace, Duncan Butler, Martha Chapman, Peggy Wilson, Mary Ann Bokhair, Ina Esterson, Arnold Harrington, Dan Batten, Zake McNab and Gene Hasty.

Chaperones attending were H. E. Morris, principal of the school, Mr. and Mrs. I. E. Batten, Mr. and Mrs. W. H. Duncan, Mrs. R. W. Ruprecht, Miss Barbara Ruprecht and Miss Olive Reese White. Music for dancing was furnished by an Orlando orchestra.

Personals

S. O. Chase, Jr. and Randall Chase have left for points in Georgia on a business trip.

Mrs. S. O. Chase, Jr. had as her guest over the weekend, Miss Pat Cloward of Ormond Beach.

David Meyer and daughter and son-in-law, Mr. and Mrs. John W. Inmanman and small son of New York City are spending some time at the Mayfair Inn.

Mr. and Mrs. Karlise Housholder and small daughter, Melissa Anne have returned to their home in Rose Court from Daytona Beach.

Dr. and Mrs. George A. Torrence of Hot Springs, Va. have returned to their home after an extended trip through Florida. They visited for a week with Mrs. Torrence's aunt, Mrs. Richard Ten Eyck.

Lieut. and Mrs. W. E. Bristol of Natchez, Miss. arrived today to visit Mr. and Mrs. J. N. Robson, Jr. and Dr. and Mrs. J. N. Robson.

Mr. and Mrs. M. L. Raborn, Jr. arrived today from Cincinnati, O. to visit in Sanford. Mr. Raborn plans to return in about a month to Cincinnati where he is attending the School of Laundry Management at Ohio Technological Institute.

Mrs. Miriam Russell and Miss Endley Meisch returned on Saturday from a convention of the Daughters of the American Revolution held at the Belle View, Hiltmore Hotel in Belle View, Fla. Mrs. Russell served as a delegate from the local Saller Harrison Chapter and Miss Meisch served as personal page for Mrs. David M. Wright, state regent.

Lieut. Col. Adams Entertains Officers

Lieut. Col. Julian Adams entertained on Saturday evening at 7:00 o'clock for officers of the state of Delaware who are attending a National Air Guard meeting in Orlando. The group met at the home of Col. Adams' parents, Mr. and Mrs. J. Ross Adams, 1118 Park Avenue, where the rooms were attractively decorated with pink roses and carnations.

Those enjoying the evening were Brig. Gen. Paul Rhoad, Col. John Greer, Col. Raymond Lynch, Lieut. Col. Jerome Stevens, Dr. Andrew Lattamus and the host Col. Adams.

AROUND the TOWN

A. E. WHITE coming out of Florida Power and Light Company. BYRON FOX talking with MR. and MRS. H. N. SAYER in front of Tourist Center.

Glad to see MR. SAYER back at work. DICK AXEN getting out of that yellow convertible on First Street.

MRS. W. B. BRINSON with a huge box of groceries on Saturday morning. MRS. JOEL FIELD in light blue chamber dress. Henry TAMM strolled in his car on Magnolia Avenue.

JIMMIE BRINSON strolling along First Street. MACK FLEVE LAND walking leisurely along the radio speaking to friends. MYRON RECK of the radio station going up Magnolia Avenue.

MRS. J. D. CALAHAN in orchid dress with purple violets in her hair.

MISS BARBARA ANN EDEN FIELD looking as cute as can be, going into the glee club ball on Friday with a good looking escort. MR. and MRS. E. B. SMITH and MR. and Mrs. JOHN WEYER chatting with DAVID MEYER of New York City at the Mayfair Inn Saturday night.

I. E. BATTEN crossing Magnolia Avenue.

An American woman visiting in Paris before the war went to a bureau which provided men as escorts. When informed that she could engage either a Northern or Southern, she asked the difference, and was told that the Southerners were gallant and debonair, while the Northerners were smooth talkers and romantic. "Well, then," she said "I'll take a Southerner for as far north as possible." — CWM

SANDERS MARRIED

HOLLYWOOD, Apr. 4—(AP)—George Sanders, pictured by movie press agents as a professional woman hater, today is a honeymooning husband. The bride—Sari Gabor Hilton, beautiful divorced wife of millionaire hotelman Conrad Hilton.

Sanders, suave, menacing, British actor, and the former "Hungry for love" were wed Saturday in Las Vegas, Nev. They flew back to California after the ceremony.

Hints To Housewives

LIMA IN SOUTHERN DIETS
Lima beans are one of the traditional vegetables in Southern meals and are eaten in greater quantity by Southern than Northern families generally. The early colonists in the South, on finding the Indians were growing lima beans, readily adopted these beans for their own, so that they have been traditional in Southern meals and gardens ever since. Another reason for the popularity of lima in the South is that the long warm summer season is favorable for growing them.

A third reason for the use of lima beans in Southern diet comes from the Mississippi E. permanent Station where research has shown that their protein, phosphorus, thiamine and riboflavin make them important nutritionally, especially when they are used in generous quantity. The fresh green beans offer more vitamin content than those which have matured to a white color or have dried, the table beans.

The Mississippi Station has tested seven different common varieties of lima beans for their vitamin content. The tests show that these varieties do not differ greatly in the vitamins they offer. Southern gardeners, therefore, who are not getting their gardens well to do need not be concerned about the variety of lima beans they prefer. But next summer they can get the most vitamins from their lima by picking them when they are full size but still green in color.

Vary the usual bacon and tomato sandwich by spreading the bread or toast with soft yellow cheese.

Mashed salads of desserts should not be taken out of their molds too far in advance of actual eating.

Christian Science Lecture To Be Given

The First Church of Christ Scientist of Sanford will present a lecture on Christian Science entitled "Christian Science: The Revelation of Man's True Being" on Tuesday night at 8:00 o'clock at the South Side Primary school by James Harry McReynolds, C. S. B. of Dallas, Texas, who is a member of the Church of Christ, Scientist in Boston.

In arranging for the lecture the members of the local church assert they are providing a means with many answers to frequent questions about Christian Science—what it teaches, how it heals and why thousands have become its adherents. The public is invited to attend this free lecture.

TEACHERS CLUB MEET

The Seminole Teacher's Club will meet tonight in the Sanford Grammar School auditorium. The program will be "Mid Summer Night's Dream" and will be given by sixth grade students of Miss Lucille Campbell's room. The meeting will be at 8:00 P. M.

Indefinable mass of Academy members.

The Academy will probably survive, in some form at least. After 21 years of being shot at, Oscar is a tough guy to kill.

MISS DE HAVILLAND ILL

HOLLYWOOD, Apr. 4—(AP)—Olivia De Havilland is seriously ill today, her studio disclosed, and every effort is being made by her doctor to save a baby she expects in August.

The academy award-winning actress has been confined to her bed for the past two months. Her physician said he doubted if she would be up again before the infant's arrival.

To make extra-pretty slices of cucumber for a salad, peel the cucumber then run the sharp lines of a fork lengthwise down the vegetable. Slice as thin as possible—each slice will have an attractive scalloped edge.

It's a good idea to keep a separate board for slicing and chopping onions so that the onion flavor does not affect other foods.

How Does Christian Science Heal?

If you would like to know more about this scientific religion which heals human ills and solves human problems, come to

U. of F. Gets Cancer Research Grants

GAINESVILLE, Apr. 4 (Special)—Two new grants totalling \$38,560 have been made for use by the cancer research project at the University of Florida, President J. Hillis Miller announced today.

The research project at the University of Florida will open around July 1, 1949, and will be headed by Dr. Francis E. Ray, and a 16 man research team.

CITRUS REPORT

WINTER HAVEN, Apr. 4 (AP)—The State Citrus Inspection Bureau 10:00 A. M. report today in boxes:

Table with 2 columns: Fruit type and Price. Includes Grapefruit, Oranges, Tangerines, Raisin, etc.

Vegetable Market

JACKSONVILLE, Apr. 4 (AP)—The Federal-State market for Florida fruits and vegetables... Beans, Peas, Corn, etc.

State Farmer's Market

SANFORD STATE FARMERS MARKET REPORT... Beans, Peas, Corn, etc.

Eggs and Poultry

JACKSONVILLE, Apr. 4 (AP)—Egg market firm on Florida nearby whites... Eggs, Poultry prices.

RAISING HIS FINGER to warn photographers against taking pictures, Police Chief Edward Farrell, Atherton, Calif., is shown (left) with Kenneth Owen Frazer, 34, as the latter is led away in tears following his arrest in connection with the shooting of three.

ACQUITTED OF MURDER CHARGES in connection with the slaying of her husband in Los Angeles, Mrs. Betty Ferrari (leopard skin coat) is restrained by her brother, George Laday, Jr., (third from right) and an unidentified friend, as she screams at her father-in-law, Vincent Ferrari. Her mother-in-law pleads with Betty to calm down.

Pilot Killed

(Continued From Page One) about 300 miles an hour. Parts of the plane were scattered as far as 200 yards away. Hardly a piece remained that a man could not pick up and carry away.

State Legislature

(Continued From Page One) this should be added appropriate criminal penalties to be directed against those who by connivance or neglect of duty have been responsible for murder.

Warren Advisor

(Continued From Page One) Taylor also charged, in his prepared statement, that some canners are opposing the Governor's program because it would put them under regulations of the Florida Citrus Commission and require them to put fruit quality grade labels on their processed products.

Supreme Court

(Continued From Page One) court does not pass on the wisdom of the Missouri statute. We hold only that as here construed and applied it does not violate the federal constitution.

ISRAEL'S REPRESENTATIVE Aubrey Eban (left) is congratulated by Secretary General Trygve Lie (right) at Lake Success, N. Y., following a nine to one vote by the Security Council in favor of Israel's admission to the United Nations.

RUSSIAN ARMY VETERAN Innocently Zyrzyanov is shown as he was interviewed by Allied and foreign press representatives on his arrival in Tokyo, Japan. Interpreting for the Russian is Lt. Alex Draboff of Houston, Tex.

Truman Speech

(Continued From Page One) naming the Soviet Union, he said that while the North Atlantic treaty would be "a long step toward permanent peace" the world over, "there are those who claim that this treaty is an aggressive act."

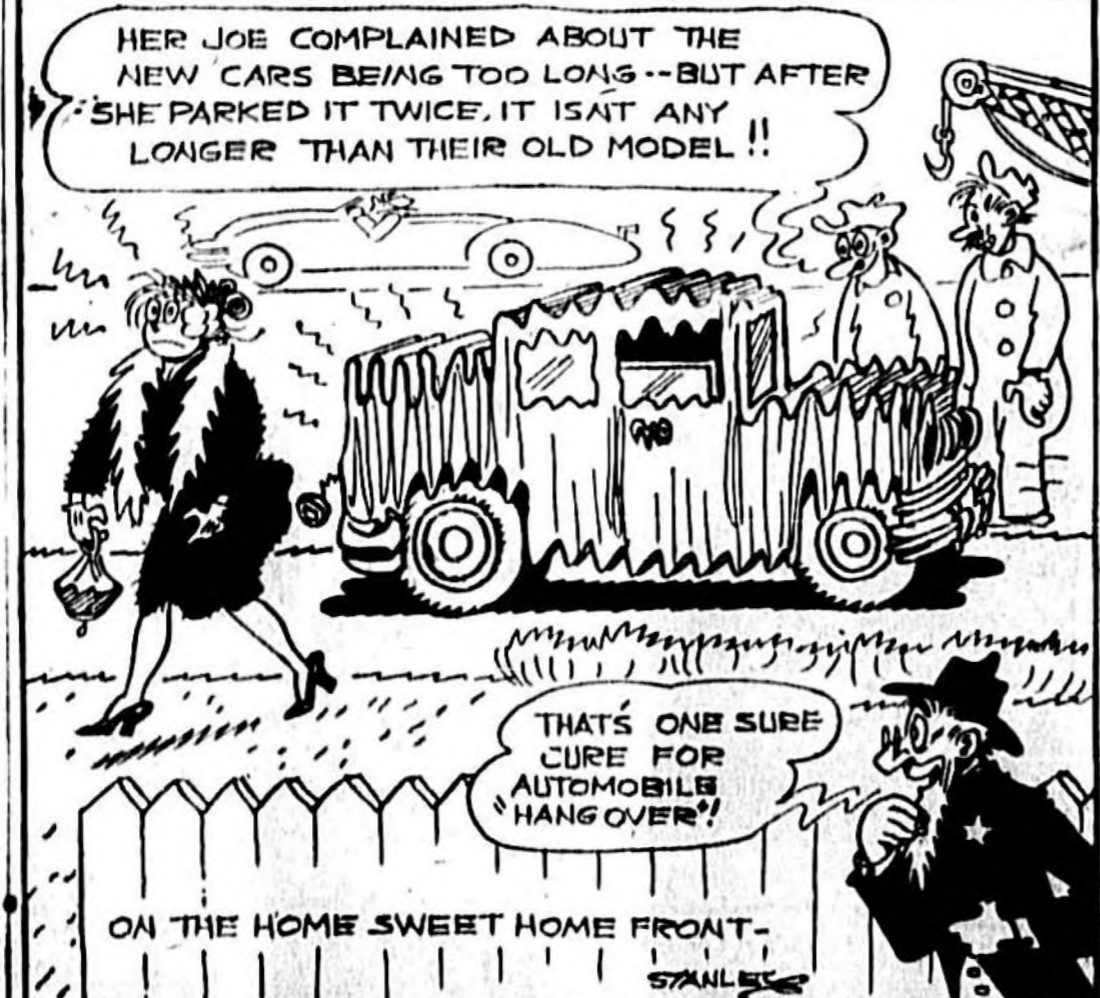

Pact Signed

(Continued From Page One) said the Atlantic Pact peoples "do not glorify war but they will not shrink from it if aggression is threatened."

Rotary Club

(Continued From Page One) Mr. Touhy, who will be installed as president of the Rotary Club at the first meeting in July, is manager of the Sanford Motor and Equipment Co.

THE OLD HOME TOWN By STANLEY

Try and Stop Me By BENNETT/CIRP

A MEMBER of the staff of a famous Hollywood producer did an unprecedented thing a few weeks ago. The producer had just outlined his idea for a new picture.

Soviet Reported To Have Attacked Iran

TEHRAN, Iran, Apr. 4 (AP)—A reliable military informant said today a Russian regiment attacked an Iranian army post in north-eastern Azerbaijan a few days ago and an "important battle" was fought.
