

Coach Carl Kettles Drags Out Crying Towel For Seminole

Four Players Sidelined For Contest With St. Augustine Jackets On Friday

By ARTHUR BECKWITH, JR., Herald Sports Editor

Coach Carl Kettles got out the crying towel for the first time this year at the Seminole High School Celery Fed football practice at the high school field. "We are in bad shape for the contest with the St. Augustine Yellow Jackets Friday night," he declared.

Donald Deal will probably see little action in the contest due to a bad knee and a pulled back muscle. Charles Anderson will only see limited duty, since he is suffering a pulled ligament in his right knee. Deal and Anderson have been carrying most of the burden of the Fed offense this year. Deal works at left wing or spinner and Anderson plays at the spinner position.

E. B. Smith and Britt Yates two reserve ends on the Fed squad, are sidelined for the game. Neither youngster will be able to participate in the game due to pulled muscles and bad knees.

Yesterday the Fed mentor went home early with a bad cold. "I might not even be able to be out there myself," Kettles grinned.

One bright spot did loom in the Sanford lineup. That is the improved play of Richard "Fatfish" Bass. The boy is really doing a swell job with that left foot of his," Kettles asserted. Kettles meant that Bass has been kicking with accuracy and ability.

Anderson and Eugene Harper have been named co-captains in the contest with the Ketterlinus aggregation.

Bill Meyer Is Named Manager Of The Year

NEW YORK, Oct. 27, (AP)—William Adam (Bill) Meyer today was voted the "manager of the year" in a nation-wide poll conducted by the Associated Press.

The 56-year-old freshman pilot of the Pittsburgh Pirates named Billy Southworth, leader of the National League championship Boston Braves, in a neck and neck race. Meyer received 89 votes to 87 for the veteran World Series champion.

In all, 220 baseball experts took part in the voting. Besides Meyer and Southworth, Lou Boudreau, Tom McCarthy, Burt Shotton, Steve O'Neill, Buck Harris and Connie Mack received scattered support.

Some peaks in the Andes are more than 20,000 feet high.

Gator Gridders Are Handed Heavy Workout Duties

GAINESVILLE, Oct. 27, (AP)—Heavy duty was handed the Florida Gators yesterday in order to get the Sourins in top shape for the Furman encounter Saturday in Greenville, S. C.

After a full day's respite from heavy contact work, which allowed the Florida squad to rest game breaks gathered in the Georgia Tech game, Head Coach Ray Wolf again has his squad running into pressure work.

The Florida mentor emphasized that the Gators were meeting a team that has well drilled, rugged forward wall. Furman has yielded but one touchdown yet and this far this season, and Wolf is endeavoring to sharpen the Gator running attack in an effort to penetrate the Hurricane defenses.

Southeastern Conference rushing leader Charlie Hunsinger will lead a fast array of Gator seat backs into the Furman fray, and early afternoon drills had the Illinois speedster working hard at developing a fast break from scrimmage.

The Gators will be faced by a man who proved to be a constant horn in their side in last year's encounter. Tom Wham, rangy senior end on the Hurricane team, will be a defensive mainstay in new Coach Red Smith's aggregation. The Gators well remember the football ability of the all-state Wham, and are seeking to build a strong defense against the big six footer.

Added punch has been found in the Gator attack with the hard punning of Russell Godwin at the fullback post. Godwin played a major share in setting up Florida's major score against Tech.

Coach Wolf has shifted little Joe Michael to quarter back to give needed relief to regulars Doug Belden and Angus Williams. Michael looked confident in the new assignment and handled the ball with ease.

Pennsylvania Center Tagged Best Lineman

NEW YORK, Oct. 27, (AP)—Chuck Bednarik, All-America center at the University of Pennsylvania, won the football "linemen of the week" award in this week's Associated Press poll.

As against Dartmouth, Princeton and Columbia in previous games Bednarik was the sparkplug against Navy last Saturday.

He was at the bottom of the pile that stopped Navy short of a first down early in the last quarter when the Middies tried a running play instead of punting on fourth down. And it was through Bednarik's position in the middle of the Penn's back that they proceeded to tear off consistent gains for the winning touchdown.

The former Bethlehem, Pa., schoolboy shared the punting duties against Navy. In Penn's three previous games he demonstrated a tackle, pressed well as tackle. Many observers believe Bednarik's play alone has kept Penn unbeaten and untied.

Leo Nomellini, 250-pound Minnesota guard, and Len Szafary, North Carolina tackle, pressed Bednarik for top laurels.

Bill Healy, Georgia Tech guard, starred in the southeast. Florida made less than 15 yards through him.

Other linemen nominated this week include Wimberly, Louisiana State end, and Copp, Vanderbilt tackle.

MISS REQUEST FAVORED
NEW YORK, Oct. 27, (AP)—Miss Request, Mrs. Ben F. Whitaker's three-year-old filly, is favored to win the \$25,000 added Cromely Handicap for mares and fillies at Jamaica today.

Miss Request, coupled with Ben Whitaker's Carolyn A, has won her last three starts in impressive fashion and will tote 150 pounds. Carolyn A gave Colonel Farms great Citation a battle her last time out in the \$100,000 Gold Cup at Belmont before tiring to win up third.

Babe Ruth hit 16 home runs with the bases filled in his major league career.

The Clubhouse

By FRANK ECK
AP Newsfeatures Sports Editor

NEW YORK—Baseball's annual fall housecleaning is in full swing. It's always interesting to see changes made in major league player personnel but when some of the game's outstanding stars pass over the hill it's a bit hard to take.

Since the season closed a number of former standouts have been given their release as players. Among those who have passed from the scene one player stands out. He is Terry Moore, one of the greatest center fielders in National League history. Moore will be a coach with the St. Louis Cardinals next season.

It seems like only yesterday that he was making glittering catches in a World Series against the Yankees. In the 1932 Series he made 15 putouts, many of them sensational grabs. In the 1946 classic with the Red Sox he had 17 putouts.

But the last two years Terry's 36-year-old legs lost their springiness. He hit only .227 this year against a lifetime average of .283. Moore realized he was at the end of the trail when he misjudged a fly ball in Brooklyn. It was his second such offense in 1,300 League games. The game loses a great competitor in Moore.

Among other veterans who have been released as players are George McQuinn by the Yankees, Rudy York by the Athletics, Manager Buckey Walters by the Reds, Babe Young by the Cards and Arky Vaughan by Brooklyn.

McQuinn, an 11-year veteran in the American League, hit only .218 this year. He batted .304 in 1947 but just didn't have it. In the 1944 all-St. Louis World Series he hit .438 for the Browns.

York, who was sent from Detroit to the Boston White Sox to Athletics within the last three years, is another former World Series star. The big Indian slugger from Alabama hit 200 homers. As a first baseman in the '40 Series against the Cards York accounted for two of the three Red Sox victories in a losing cause. He won the opening game with a 10th inning home run to beat Howie Pollet, 32. He also won the third game when he homered with two on in the first inning to beat Murry Dickson, 4-0.

In York's greatest year—1940—he hit 33 homers, batted .310 and drove in 134 runs for the Tigers. Some team may yet use his big bat even though Rudy is past his peak at 35.

Walters, one of the most popular players to ever wear a Cincinnati uniform, has called it quits as a pitcher. Bucky, of course, may change his mind. He needed only two wins at the start of the season to crash the elite 200 circle. He failed in his few starts this year.

The former third baseman, a three-time 20-game winner with the Reds, reached his peak with a pair of victories over the Tigers in the 1940 Series. After a great season in 1944 when he won 23 and lost only 8 he hurt his pitching arm in a 2-0 shutout against the Cardinals and his service was limited.

Another grand competitor who has called it quits to his pitching career is Fritz Ostermuller. At 41 he won eight games for the Pirates to run his lifetime total to 114 against 115 setbacks. However, Manager Bill Meyer of the Pirates thinks Fritz will be back. "He loves the game too much to retire," says Meyer.

Other stars who passed out of the picture before the season ended were Joe Medvick, Bobo Newsom and Bill Lee. For some of these fellows there may be a place in baseball but as far as playing the game goes their hitting or pitching deeds will long be remembered.

Irish Develop Abnormal Streak Of Generosity

Notre Dame Club Has Given Up 59 Points In 5 Tilts

SOUTH BEND, Ind., Oct. 27, (AP)—The football Irish of the University of Notre Dame developed an abnormal streak of generosity this season—intentional or not.

The thought may give some comfort to Navy at Baltimore Saturday.

Coach Frank Leahy's green-clad battlers this fall have added five links in a chain of 23 games without defeat.

They have scored 165 points in the process, comparing favorably with 141 they collected in their first five games last season and 177 in the first five contests of 1946. At the same time they have given up the unheard-of total of 59 points.

Leahy's 1947 team allowed its first five opponents only 13 points among them. The 1946 Irish yielded three touchdowns in their first five games.

Notre Dame this fall blanked Pittsburgh, 40-0, after being given a 28-27 scare by Purdue in the opening game. Since then its goal line has been crossed once by Michigan State, twice by Nebraska and twice again by Iowa.

Only the Purdue game was close. There's speculation that the Irish want no more withdrawals of such major opponents as Army and Michigan and deliberately relax in the late stages of already-won games.

Actually, it always has been Leahy's policy to use as many men as he can and still win a game. His third or fourth string frequently has poured on three or four touchdowns that turned a modest victory into a lopsided score. He can't vary well ask substitutes to avoid scoring.

An explanation of Notre Dame's touchdown generosity this fall may be that the squad's strength doesn't run as deep as usual.

Cowell Searches For Formula To Convert Stetson's Hatters

DELAND, Oct. 27, (AP)—Head Coach Brady Cowell of the Stetson Hatters today searched for a formula to convert his "second half" football team into one that is offense-minded during the first two quarters.

He said the Hatters would have to play that kind of football to stop the much-improved Florida State University here in Saturday's homecoming clash.

"If the boys play the kind of ball they are capable of playing, it should be an even-stepen match," he said. "But if they fail to come to life until the second half as they did against Tampa last weekend, it again may be too late."

Today's football lesson was devoted to scrimmage, with the second string employing Florida State's mixture of the single wing and "backed T" formations as first the variety.

Only two regulars are on the casualty list: 100-pound fullback injured in an automobile crash here Saturday night; and quarterback Chris Steinmetz who has a twisted ankle.

Bill Lanigan, 190-pound guard from Wauchula, has been named game captain for the Saturday afternoon Dixie Conference tilt.

Navy Day Memorial in the Pacific

Officers and men of an American submarine stand solemnly on the bridge of the conning tower as a chaplain reads a memorial wreath upon the waters of the Pacific at the conclusion of a Navy Day memorial ceremony for the men who lost their lives at sea during World War II. The submarine then proceeded further out to sea where the flowers shown packing her forward deck were strewn upon the ocean. (Official Navy Photograph)

23 Players Lead In Voting For AP All-Southeastern Conference Team

ATLANTA, Oct. 27, (AP)—The second half of the football season gets underway this week with 23 players leading in votes for the Associated Press' All-Southeastern conference team.

Thirty-one players were nominated in the fifth poll after last week's games. A majority of them received their second, third or fourth vote.

Alabama, Tech and Georgia placed four men each on this week's team. Florida, Tulane and Ole Miss elected three players each, while Auburn, Tennessee, Mississippi State and Vanderbilt placed two each. LSU and Kentucky have one apiece.

No player has been nominated in all five polls, the best records being four votes after five games for those men: Barney Fools, Ole Miss end; Bill Healy, Georgia Tech guard and Frank Ziegler, Tech fullback.

Ziegler missed a vote Saturday against Florida for the first time this season.

Players with three votes each are: Abner Wimberly, L.S.U. end; Jimmy Rauch, Georgia quarterback; Shortly McWilliams, Ole Miss

Half: Chuck Hunsinger, Florida back, and Herb Rich, Vanderbilt wingback.

Two votes have gone to: end: Dick Sheffield, Tulane and Bill Waddell, Auburn; tackles: Paul Lea, Tulane; Bob Gain, Kentucky; Cliff Sutton, Florida, and Porter Payne, Georgia.

Guards with two votes are: Homer Hobbs, Georgia, Fletcher Groves, Florida and Ken Cooper, Vanderbilt.

No center has repeated in balloting, however seven have received a vote apiece.

Backs with two votes are: Bob McCoy, Tech; Eddie Price, Tulane, and Bill Cadenhead, Alabama.

Mike Mizerany, Alabama guard, is off to a fine start. Against Mississippi State he was in the Tide's starting lineup for the first time and won an all-southeastern vote for his play.

Two other Tide sophomores received votes Saturday, neither having started before. Tom Calvin, defensive fullback, was nominated for his offensive play. Elton Speed was his own namesake at center.

Tennessee's W. C. Cooper got in the game against Tennessee Tech in the second quarter and that was

USDA Okays Strict Rules For Oranges

Strict Regulations Are Imposed On In- terior Florida Citrus Effective Oct. 30

LAKELAND, Oct. 28, (AP)—The Secretary of Agriculture approved today some of the strictest regulations ever imposed on oranges leaving Florida.

The new shipping rules effective Saturday provide that fruit from the interior of Florida must be of No. 1 grade only. Indian River shippers will be permitted to send out No. 2 grade fruit.

The Federal Marketing Agreement committee which submitted the new shipping proposals to the USDA also lowered the size of oranges to that requiring 250 to fill a standard box. The stiff shipping rules will remain in effect for three weeks.

Methodists To Hold Ground Breaking For New Building

Ground breaking exercises for the new educational building of the First Methodist Church on Park Avenue will take place Sunday afternoon at 2:30 o'clock. It was announced today by the Rev. J. E. McKinley, pastor.

State Flood Control Project To Be Aired

COURT REPORTER TALLAHASSEE, Oct. 28, (AP)—

Maurice Golder, court reporter at Tallahassee, was appointed court reporter for ninth judicial circuit today to succeed Helen W. Curtis resigned.

Schools, Roads Vie For Seventh Cent Of State Gasoline Tax

TALLAHASSEE, Oct. 28, (AP)—The top men in Florida's school and road systems, at odds over what use should be made of the \$6,000,000 annual take from the seventh cent of state gasoline tax, today presented long range estimates of need for millions more in funds.

Neither official mentioned in his independent statement the proposed constitutional amendment which would take the seventh cent of gas tax away from the general fund and earmark it, as the first six cents are, for highway expenditure.

The schools and most other agencies and institutions are financed by the general fund, and school men oppose the transfer. The State Road Department and road-building groups favor it. The amendment will be subject to ratification or rejection at the polls next Tuesday.

Poll Of Florida Papers Predicts Dewey Victory

JACKSONVILLE, Oct. 28, (AP)—Florida's newspapers, generally divided in presidential commitments, nevertheless think Governor Thomas E. Dewey will take the state by a small margin.

Support Dewey, 5 Aid Truman And 2 Back Thurmond

The Jacksonville Journal polled 25 dailies and got answers of four for Dewey, five for President Truman and two for Governor J. Strom Thurmond.

Red Infiltrations In Korean Army Made Under U.S. Military Supervision

SEOUL, Oct. 28, (AP)—Prime Minister Lee Bum Suk said today Communist infiltrations of the Korean armed forces began early under the American military government because the United States policy then held that democracy and Communism could co-operate.

The Prime Minister's statement was given after a flying trip to the revolt area which Loyalist troops conquered yesterday. Lee, who is also minister of defense, earlier had said that Communists within the Korean army (consabulary) had touched off the localized rebellion.

Team Work In Government Is Vow Of Dewey

Truman Pledges Never To Surrender In Fight On Communism In America

EN ROUTE WITH DEWEY TO BOSTON, Oct. 28, (AP)—Governor Thomas E. Dewey predicted today that his election will reverse what he said is growing world suspicion that "there is something weak about free government."

With Truman enroute to New York, Oct. 28, (AP)—President Truman said today that Governor Thomas E. Dewey "is on the run" and "he is turning right behind me."

Johnny McVeigh Denies Killing J. F. Stringfellow

FITZGERALD, Ga., Oct. 28, (AP)—Johnny McVeigh of LaGrange, Ga., today denied he killed John Frank Stringfellow and declared he told a grand jury what officers "told me to say."

Ambassador to Britain, is shown arriving at La Guardia Field, New York. He served as best man at the wedding of Princess Elizabeth and Prince Philip and his name was once romantically linked with Princess Margaret Rose. He's in the U. S. on business. (International)

Rural Common Sense
By Spud Johnson

FARMER WHO SELLS HIS SCRAP GETS SOMETHING FOR IT, HELPS NATION
During the war, Florida farmers collected thousands of tons of scrap metal and turned it in to junk dealers to help win the war and now peace, they are being urged to do the same thing to help the nation's industrial plants to provide tools, machines, and other things of metal that they and other citizens need for their work and comfort.

There are several good reasons why the farmer should collect the scrap on his place and sell it to the junk dealer.
Discarded, broken pieces of plows, tools, and machinery are worthless to the farmer if they are left lying in the field, fence row, yard, or barn, and through very rapid oxidation or rusting will be worthless to everyone if allowed to lie around very long. The farmer can realize something from three-fourths of a cent to one cent a pound, depending on however, if he will haul it to the junk dealer.
If he collects and sells his scrap, the farmer also is protecting himself and his family from trouble. Quite often, such material causes a bad fall or other mishap to the farmer or some member of his family, resulting in suffering, disability and loss of time from work and doctor and hospital bills.
Removal of pieces or piles of old scrap from the farm also makes the place neater and more attractive.

Then, too there's the matter of helping the nation's industrial effort. Scrap metal is needed to mix with new metal to produce steel for making autos, trucks, tractors, plows, and thousands of other machines, tools, and articles needed by farmers and other citizens. More steel is needed to fill the peace-time needs of America, and industry has not yet caught up with the very heavy demand which developed during the war when production of peace goods was reduced to a minimum in favor of war equipment. The more steel made available, the more autos, trucks, plows, and other things there will be for farmers and others.

WATER DESTROYS CROPS
Punta Gorda, Fla.—Most of Charlotte County's fall vegetables were destroyed by excess water in September, according to County Agent N. H. McQueen.

The matter is a close relative of the Russian sabbie. Once identified, it is found now only in the heavily timbered regions of America.

Plantoids or tiny planets were formed, according to one theory, by the explosion of a larger, primitive planet.

Congressmen Will Be Named In 4 Of 6 Florida Districts

By ASSOCIATED PRESS
Florida will have congressional contests in four of its six districts in next Tuesday's general election.

Voters in the Second, Fourth, Fifth and Sixth Districts will be able to choose between Republican and Democratic candidates for their areas' seats in the national House of Representatives.

Only Rep. J. Hardon Peterson of Lakeland in the First district and Rep. Bob Sikes of Greatview in the Third, both Democrats, are unopposed for re-election.

In the Second District, Charles E. Bennett of Jacksonville, a Democrat, is opposed by Republican Camille Gensau, also of Jacksonville. Miss Gensau is one of the nation's few women candidates for Congress. She ran unsuccessfully two years ago as a Democrat.

In the Fourth District, incumbent Democratic Congressman George A. Smathers of Miami faces J. L. Wambough of Ojus, the Republican candidate for the position.

Democrat A. S. Herlong, Jr., of Tavares is campaigning against Republican M. J. Moss, Jr., of Orlando in the Fifth District. In the Sixth District, incumbent Dwight L. Rogers of Fort Lauderdale, a Democrat, has opposition from Republican Rolf Kaltenborn of Palm Beach.

The Republican bid for Florida seats in Congress is far from the token appearance on the ballot which the GOP has staged in many previous elections.

The Republicans are campaigning earnestly, particularly in the Central and South Florida Fifth and Sixth districts where the party is much more of a force than in almost solidly Democratic North Florida.

Stalin Speech

(Continued From Page One)
Majority.

Pravda's correspondent asked Stalin if it was true that, while the Berlin question was being discussed in the Security Council, an agreement was again reached in unofficial talks before the Security Council voted on the question.

Stalin said this was true.

The representative of Argentina, Dr. Juan D. Bramuglia, the chairman of the Security Council, who had unofficial talks with Mr. (Andre Y.) Vishinsky on behalf of the other interested powers, did indeed have in hand an agreed draft solution of the question of the situation in Berlin," Stalin said. "But the representatives of the U.S.A. and Britain again declared this agreement non-existent."

The Prime Minister went on record against the possibility of a new world war.

"Where can all this end?" asked the correspondent.

Stalin replied:

"It can only end in an ignominious failure on the part of the instigators of a new war. (Winston) Churchill, the main instigator of the new war has already managed to deprive himself of the trust of his own nation and of democratic forces throughout the world."

"The same fate lies in store for all other instigators of war. The horrors of the recent war are still too fresh in the memories of peoples and public forces favoring

Dewey Speech

(Continued From Page One)
lowed the Cleveland-to-Boston trail the President took a day earlier.

In belaboring each other last night with the Communist issue, Mr. Truman told Bostonians that the Republicans, by what he called their appeal to "the passions of prejudice and intolerance," are helping a "Communist intrigue" to beat him.

In Cleveland, Dewey charged that "some Americans in place of authority are voicing day after day the world wide Communist propaganda that America is headed from boom to bust."

The New York Governor added: "They are ridiculing the old-fashioned idea of teamwork and unity. They are trying to divide our people by appeals to fear and prejudice."

Such persons, he said, "are not Communists" or "even Communist sympathizers."

"Perhaps they do not understand the meaning of what they are saying," Dewey continued. "Perhaps, being in office, they are acting from the human urge to stay in office at all costs."

Stalling out anew at the Truman Administration's handling of foreign affairs, Dewey said, "We shall not achieve peace by conducting these desperately important matters on a happy-thought basis or by joyfully remarking that we like good old Joe."

This was a reference to Mr. Truman's remark in Salem, Ore., last June that he likes "Old Joe" but that Stalin is a "prisoner of the pillbox."

In his address in heavily-Catholic Boston, Mr. Truman pledged a "never surrender" fight against "Communism" and its "Godless creed." He said the voters can back this fight "with a clear-cut vote to defeat Republican reaction."

The President also lavished praise on the late Al Smith, who ran for the presidency in 1928. He said the Republicans now are using the same appeals in religious prejudice as they did against Smith, who was a Catholic.

Noting that the Republicans say they stand for unity, Mr. Truman added:

"To the old days Al Smith would have said 'That's baloney.' Today, the Happy Warrior would say 'That's a lot of hokey.'"

"And if that rhymes with anything, it is not my fault."

Dewey's arrival in Cleveland coincided with word from Alvanby Johnston, head of the Brotherhood of Locomotive Engineers, that he regards the New York Governor as "the man of this fateful hour for America."

Johnston also backed Dewey four years ago. But the GOP candidate's views said privately they particularly welcomed this endorsement in view of the repercussions from Dewey's recent remark that the railroad engineer who backed his special train into a southern Illinois crowd was a "lunatic."

The President of another railroad union, A. F. Whitney of the Trainmen's Brotherhood, is supporting Mr. Truman.

peace are too strong for Churchill's pupils in aggression to overpower them and to set a course for a new war."

Wallace Charges Truman 'Sold Out' To Robber Barons

Henry A. Wallace today accused NEW YORK, Oct. 26.—President Truman of "revolving like a top" on the Palestine issue. The Progressive Party presidential candidate made the charge in a speech on a street in the garment district.

"The Democratic Administration's hands are dripping with the oil of the Mideast and the blood of the men of Israel," Wallace declared. He said "double talk" on Palestine must stop.

NEW HAVEN, Conn., Oct. 26.—Henry A. Wallace entered the final days of his presidential campaign today with a bitter charge that President Truman had "sold out" the country to monopolies.

The Progressive Party nominee contended here last night that "quilltip robber barons, on loan from Wall Street to Washington" occupy key posts in the Truman Administration.

"Truman is desperate—the way all men who have sold out are desperate when their time is up and they must face the consequences of their betrayal," the former Democratic Vice President said.

"Three years ago, Harry Truman sold his country to the monopolies," he said.

Wallace charged that "the men of monopoly" came into possession of power during World War II and after President Roosevelt's death "they needed only a weak and willing President to allow them to take over completely."

"They found that President in Harry Truman," he continued.

The Progressive nominee said that both old parties share responsibility for encouragement of monopolies.

"The concentration of private power is the greatest menace to democracy," he said, "and we now have in the United States, thanks to the two old parties, the largest concentration of economic and political power our country has ever seen."

Wallace, given an enthusiastic welcome by an audience of 3,000 in 1900, said the Republican nominee, Thomas E. Dewey was campaigning "on a platform

WINS NOBEL PRIZE

STOCKHOLM, Oct. 26.—The discoverer of DDT won the 1948 Nobel Prize for medicine tonight.

The Carabine Institute, the university of medicine in Stockholm, chose Dr. Paul Mueller of Basel, Switzerland, as the winner of an award set aside for services to humanity. He will receive 139,772 crowns (about \$44,000).

Ceres is the largest planetoid, and is about 180 miles in diameter. Nearly 2,000 planetoids or tiny planets have been catalogued by astronomers.

In a striking clock, the first stroke usually marks the exact hour.

The Mississippi River actually flows uphill, since its mouth is farther from the center of the earth than its source is.

The average motorist today has a better grade of fuel for his car than Lindbergh had to fly the Atlantic.

For growth plants need carbon, oxygen, hydrogen, calcium, iron, magnesium, nitrogen, phosphorus, potassium, and sulfur, and sometimes traces of other elements.

BIBLE VERSE TODAY

SOMETIMES OUR DESTINY SEEMS DIFFICULT OR OBSCURE, BUT GOD KNOWS THE SHORTEST WAY HOME. TRUST HIM. Lead me in a plain path. - Ps. 27:11.

Both Parties See Victory Near Tuesday-headline. They say.

As Al Smith used to say, "No matter how thin you slice it, it's still baloney!"

"I hate Communism," said President Truman to his Boston audience, but he forgot to add, "again, and again, and again."

German labor leaders say they can get plenty of German pilots for the air lift. Yes, and probably for the more important task of running the Russians out of Berlin.

When Mrs. Elizabeth Patricia Ferreri of Los Angeles, Calif., picked up a meat cleaver and chopped up her husband, it must have been a case of love at first fight.

Martin Andersen of the Orlando Sentinel virtually admits that Truman is a gone goner, urges Democrats to split their tickets, support Heston, Warren and Andrews.

According to some of our leading political authorities today, it would seem that an election will be held next Tuesday to determine the accuracy and reliability of the Gallup Poll.

Kathleen Winsor, author of "Forever Amber," has just gotten a divorce from Arnie Shaw, her third and his sixth. It may be another week or two before they marry again.

It isn't the atomic bomb or germ warfare that Americans will have to fear if there is a war with Russia but rather internal enemies, saboteurs and fifth columnists originating out of that insidious disease known as Communism.

We suppose in presidential campaigns of yore there was as much mud-slinging and banana oil as there has been in this one, but without the radio and such widespread newspaper coverage, the public just didn't hear so much about it.

"Get out and keep out" is the warning irate Miami citizens have given to prowling gangsters and criminals from the north who at this season of the year are in the habit of heading southward for easy pickings. Former FBI agent Dan Sullivan is planning to make things hot for any who do not heed his warning.

David Feldman, 34, of New York City, has been on relief for 15 years. During that time he managed to save over \$6,000. It is now revealed in New York police court. Some of the rest of us who have not been on relief and have been unable to save anything during the past 15 years, but have paid the taxes out of which relief payments are made, may well wonder what kind of justice this is.

Things are not always what they appear to be on the surface. To understand the news of the day it is important to know something about what lies behind it. When we read that King George has asked Parliament for the nationalization of steel we are apt to think that King George must believe in Socialism and be of the opinion that nationalizing the steel industry would increase production, and we remember that his speeches are written for him without regard to his opinions by the government in power, which at the moment happens to be a Socialist government. And when we read that an important Atlantic newspaper has come out for President Truman re-election, we are apt to think that this represents a prevailing opinion point of view, and we recall that the publisher is a Jew.

Interstate Divorce

Sometime during the current sitting of the Supreme Court a new interpretation may be expected on the validity of the "quickie" divorce—one obtained by temporary residence in a state other than the one in which the plaintiff actually lives or intends to live. Nevada is commonly thought of as the mecca of divorce-seekers, but actually there are half a dozen states, Florida being one of them, where it is practical, from the standpoint of residence requirements, to go for a divorce, if one has sufficient financial resources.

The new case to go before the Supreme Court involves the circumstances under which another state having jurisdiction over one or the other of the persons involved may set aside such a divorce. Usually, the critical question is whether husband or wife went to another state for the specific purpose of obtaining a divorce. Criticism of the "quickie" divorce stems chiefly from the motives for which a person seeks a divorce in another state—usually either a desire for secrecy or to make it harder for the spouse to contest the action. Such motives must almost invariably be suspected, since South Carolina is the only state in which divorce is not possible, New York the only state which permits but one cause for divorce.

Whenever a person crosses state boundaries to seek a divorce or other legal action, there is bound to be the presumption by others that he does so to escape the responsibility imposed by society, as represented by his own community and state. Any clarification of the legal bounds of such escape should be welcome.

Battle Of Ideologies

The Russian Communists, like the Nazis before them, have cast away as excess baggage such abstract values as morality and truth as well as the warm human virtues of kindness and compassion. Representatives of the Western nations, especially the United States, have been following what we regard as more ethical principles in treatment of the vanquished.

Observers in Germany are impressed by the strong contrast between Russian and American tactics there. Eastern Germany has been stripped of food and materials, and provided with a strong police force which keeps the German people in subservience in the Western zone the people are being helped toward self-government, and food and coal are made available even though the cost is high. Both as a nation and as individuals, Americans are showing magnanimity. American soldiers are kind to the children and friendly to their elders, in contrast to the stern, aloof attitude of the Russian rank and file.

Rarely in the world's history has there been witnessed a more dramatic contest between the positive and the negative, between generosity and greed, between, to use much-abused terms, good and evil.

500,000 Words A Minute

There may be more usefulness than would appear at first glance in the recent development of a process, combining micro-photography and television, by which messages can be sent by radio at the fantastic speed of 500,000 words a minute.

Essentially a way has been found to transmit the image of motion picture film at extremely high speed, making at the receiving end a copy of the film comparing in quality with the original. The possibilities for use of this process are innumerable.

Used to transmit printed or written matter, it would almost inconceivably multiply the amount of material which can be transmitted in a minute of radio time. Thus it might offer an answer to the increasing problem of the crowding of available radio frequencies, permitting commercial message transmission to be cared for adequately in greatly reduced radio channel time.

David Sarnoff, president of the Radio Corporation of America suggested it might lead to commercial applications which would make it worthwhile to overcome the complex obstacles to television systems crossing the oceans.

This is one of those technical developments which fire the imagination.

Peru's Government Rushes Troops Into Revolt At Arequipa

LIMA, Peru, Oct. 22, (AP)—The government rushed loyal troops to its defense today after an army garrison revolted at Arequipa. It was Peru's second major rebellion within 25 days.

President Jose Luis Bustamante Rivero's government announced late last night that Brig. Manuel Odris, commandant of the Arequipa garrison and a former minister of government (interior), and troops under his command had

launched an insurrection. A communique, which gave no details of the progress of the revolt, said the government was taking "necessary measures to subdue the subversive movement."

The government said troops at Lima, the capital, and other garrisons in the north and south had remained loyal. Arequipa is in southern Peru, about 135 miles from the Bolivian border.

The President broadcast a message to the nation denouncing the Arequipa revolt as the work of a small group of "ambitious and resentful" men.

He warned that the government was ready to act firmly and appealed to the rebels to lay down their arms.

THE NATION TODAY

By JAMES MARLOW

WASHINGTON, Oct. 22—(AP)—The man elected President on Tuesday can look forward to very little peace of mind the next four years.

You can take a look for yourself into the future, and you don't need a crystal ball. In the first place, there may be war with Russia in these next four years. No one says there will be, but that's a possibility.

And the man who wins on Tuesday, whether it's President Truman or Governor Dewey, will have that on his mind.

In the second place, if there is no war, what happens in this country the next four years depends largely on what happens abroad.

And what happens abroad depends largely on what happens here. It's a complete circle, round as the earth.

So the new President will have to juggle the world, not just one country.

If the country's economy should collapse from a bust following the present boom, the rest of the western world's economy is almost sure to collapse.

And through the doors opened by misery, despair and chaos Communism can rush in and grab power without need of war at all.

When the new President throws open the White House windows the day after inauguration, he'll look out on a wondrously prosperous America.

It will be a country with full employment, people making the highest wages in history, and factories working at their fullest. But it won't be quite that rosy underneath the glow.

For living costs—at just about the highest point in history—are chewing up the dollars the workers make.

To get the nation's prosperity back to solid ground, the President will have to try to get living costs down.

Yet, in doing that, he'll have to see that prosperity doesn't explode and tumble the nation into shuddering depression.

One of the things he'll have to try to do to head off a bust is cut down on government spending. But how?

Doing it will take a lot of brains, not only the new President's but the brains of the best advisers he can gather around him.

Some of the present prosperity is tied in with government spending—over \$20,000,000,000 for the armed forces and help for Europe. (Providing supplies, food and weapons for the armed forces and food, fuel and other supplies for Europe keeps a lot of people employed in this country.)

But the big armed force and the help for Europe have been made necessary (1) because of fear of war with Russia and (2) to help Europe recover so Communism can't take over.

So long as Russia keeps the world jittery, piling crisis upon crisis, the big armed force will be necessary. So will help for Europe.

Yet, how long can we keep on paying out billions for the armed forces and aid for Europe without a bust?

What's the way out of this endless circle? How can the country get back to normal so long as Communism remains a danger?

No one has come up with the answer yet.

(Marriner Eccles of the Federal Reserve Board said yesterday it's necessary for this country's economic safety to "bring about a condition of world peace at an early date, even at the risk of war.")

(He said unless there is some kind of world peace, unless and

Lions Provide 30 County Children With Eyeglasses

Approximately 30 children of Seminole County have been provided with eyeglasses at a cost of more than \$300 during the past year as part of the Lions Club's aid to the blind program. It was announced today by Clyde Ramsey, chairman of the club's Sight Conservation Committee.

Dr. G. S. Selman has donated his services for the eye examinations and fitting of glasses, said Mr. Ramsey. The funds for the program were derived by the Lions from proceeds of gum-ball machines.

County health nurses, working under Dr. Frank Quillman, director of the Seminole County Health Unit, have pointed out a number of these cases where children in underprivileged families were in need of glasses.

Dr. Quillman, a member of the Lions, today revealed that he had asked the nurses about the success of the program, and had learned that at least four students who were getting behind in their work because of defective eyesight, had after receiving glasses, picked up in their studies and had been promoted. Others who were just making passing grades, showed marked improvement. More than 90 percent of the children, fitted with glasses, by the Lions are now doing better school work, Dr. Quillman declared.

Roads

(Continued From Page One) the total road mileage, he said.

Improvements proposed in the overall program cover 51 percent of the road miles and 34 percent of the total feet of bridges. On the list are such items as multiple-lane highways on the Florida east coast and other interstate routes established by traffic surveys the past few years.

To arrive at the 10-year fund deficiency of \$32,682,000 Bayless said the Road Department had to contemplate spending an estimated \$100,000,000 on state-maintained highways, all of the counties' 80 percent surplus of money left from two cents of the gasoline tax after payment of old road bonds.

Without anticipating expenditures of that money on the state's 40 percent of road improvement projects during the next ten years should be made to state roads and their connecting links inside city limits. The total cost of such urban street projects was forecast at \$137,250,000.

In the 10-year improvement program schedule is \$34,898,000 for new construction to bring the total miles of state-maintained roads from 8,730 to 10,000 by 1958, \$62,791,000 for maintenance of present highways, and \$18,750,000 for administration and planning.

unlimited spending on military and foreign aid programs almost surely will upset anything that can be done to hold the U. S. economy steady.)

THURSDAY
Seminoles Rebekah Lodge No. 43 will meet in regular session at 8:00 P.M. in the Odd Fellows Hall. All visiting Rebekahs are welcome.

Members of the Y. W. A. of the First Baptist Church are cordially invited to a Halloween party at the home of Mr. and Mrs. W. K. Stokely.

The Intermediate Girls' Auxiliary of the First Baptist Church will meet at the home of Mrs. LeRoy Strawder, 1204 Park Avenue, at 7:30 P.M.

Wardens, vestrymen and the Women's Auxiliary will honor Rev. and Mrs. H. L. Zimmerman with a reception at the Parish House from 8:00 until 10:00 P.M.

FRIDAY
The P. T. A. of the Wilson School will sponsor a Halloween carnival at 8:00 P. M. at the school. A costume parade will be held with the climax being the crowning of the king and queen.

Members of the United Daughters of the Confederacy will meet at 3:00 P.M. for a boat trip aboard the F. E. Roumillat yacht.

SATURDAY
A Halloween party will be held at the Beardall Avenue Chapel for all residents of that location. The party is being sponsored by the Brownlee Class and adults of the Presbyterian Church. All members are urged to attend and for transportation they may telephone 521-W or 256-W.

SUNDAY
A practice of all officers of the Order of Eastern Star will be held at 3:00 P. M. at the Masonic Temple. All officers are asked to be on time.

MONDAY
Group No. 1 of the Ruth Speering Girls' Auxiliary will meet with Laura Phillips, 1215 Oak Avenue, at 3:30 P. M. Group No. 2 of the Ruth Speering G. A.'s will meet with Nancy Rountree, 604 Elm St. at 7:30 P. M. at the F. E. Roumillat yacht at the Sanford Boat Works.

Bridge Party Given By Mrs. E. Higgins

Mrs. Edward Higgins, Jr. entertained on Tuesday afternoon at 2:00 o'clock with a dessert-bridge party at her home on Magnolia Avenue. Attractive arrangements of geranium daisies, koeleruterin and pom-pom chrysanthemums were used in decorating the rooms. Halloween tallies were used.

Preceding the bridge games a sweet course was served by the hostess assisted by Mrs. Leo Moore and Mrs. Herbert Mose. After several progressions of bridge the scores were added and a high prize awarded to Mrs. John Higgins, second high to Mrs. W. A. Leffler, Jr. low to Mrs. Roy Greene and the screeno prize was won by Mrs. Edwin Shinholzer.

Those enjoying the afternoon were Mrs. Fred H. Williams, Mrs. James Crapps, Mrs. H. B. Odham, Jr., Mrs. B. L. Perkins, Jr., Mrs. John Higgins, Mrs. Dale Scott, Jr., Mrs. Frank Woodruff, Jr., Mrs. Julian Ponder, Mrs. W. A. Leffler, Jr., Mrs. Roy Greene, Mrs. Lee Moore, Mrs. Roy Frank Symes, Jr., Mrs. Herbert Mose, Mrs. Edwin Shinholzer, Mrs. James Higgins and the hostess.

Personals

Mrs. Bert Course has as her guest at her home at 1113 Park Avenue, Mrs. Lillian Nicolls of Clearwater.

Mr. and Mrs. P. M. Gingles and daughter Diane left yesterday for Murray, Ky. where they will visit their parents while attending the homecoming events at Murray State College.

Mrs. L. F. Garner, Mrs. Kenneth McLeod and Mrs. Evelyn Peacock have returned from Jacksonville where they attended a three-day beauty show of the Florida Cosmetologist's Association held in the Hotel Roosevelt.

Mr. and Mrs. R. W. Turner have had as their guests their son and daughter-in-law Mr. and Mrs. R. E. Turner and son Jim of Lakeland. Mr. Turner returned to his home on Sunday and Mrs. Turner and her son left yesterday for Lakeland.

Fine Arts Group Holds Art Exhibit

Opening its season of activities the Fine Arts Department of the Sanford Women's Club presented an art exhibit featuring displays of local artists at the club house yesterday and last evening until 9:00 o'clock. Forming an attractive setting for the displays were artistic arrangements of star jasmine, bright fall berries and all-fa foliage. Miss Ellalee Kirchhoff was in charge of decorations. The art exhibits were placed on the walls, on the stage and mounted on easels about the auditorium of the club.

Artists who entered exhibits were Mrs. W. M. Scott, Mrs. Mildred Babcock, Mrs. H. H. Coleman, Mrs. R. L. Cornell, Mrs. Gretchen Lewis, Mrs. C. P. Henderson, Mrs. Helen Mays, Mrs. D. C. Howard, Mrs. Dorothy Whitner, E. B. Stowe, Mrs. H. B. Pope, Mrs. May Woodruff, Miss Elise Hutchison, Mrs. Amy Ginson, Mrs. G. L. Jones, Mrs. W. C. Satler, Mrs. Vinupp, Mr. Merrill and Charles Dawson, Jr.

Sanfordites To Take Part In Hat Showing

Sanford women and girls who will serve as models in a hat showing at the Fall carnival being sponsored by the Magnolia Circle of the Sanford Garden Club on Nov. 6 are Mrs. Raymond Lundquist, Mrs. Ernest Southward, Mrs. Helen Burtchell, Mrs. Frances Holz, Mrs. Max Lassing, Mrs. Edwin Shinholzer, Mrs. J. P. Callen, Miss Lou Livingston and Miss Mary Alice Herndon.

The hat display will be presented by Mrs. Edward Kircher, owner of the Shoppe Chappau. Hats will be shown from the "Bonnet Bar" and from the more costly groups for casual wear, for dressing for cocktail parties and for evening.

By means of ingenious settings and lighting effects, the models will appear as framed miniatures and the Hatten Electric Company is in charge of the lighting for the affair. The carnival will begin

Story League Met At The Tourist Center

The Story League met at the Tourist Center on Oct. 25 at 8:00 P. M. Following a short business session conducted by Mrs. Fred Robb, chairman, a program was presented under the direction of Mrs. W. L. Roche. "Feather Top" by Hawthorne was read by Mrs. Clarence Welch and "Scarface" an Indian legend by Washburn, was presented by Mrs. S. J. Nix.

Refreshments consisting of cookies, salted nuts and punch were served to Mrs. Fred Robb, Mrs. Donald Middleton, Mrs. O. E. White, Mrs. R. C. Maxwell, Mrs. W. L. Roche, Mrs. Murray Jarvis, Mrs. L. C. Williams, Mrs. R. C. Long, Mrs. C. C. Welch, Mrs. F. L. Crosby, Mrs. Helen Schultz and Mrs. S. J. Nix.

FREE METHODIST SERVICES

Special services will be held at the Free Methodist Church, Fourth Street and Laurel Avenue, from Friday through Sunday nights with the guest speaker being the Rev. M. C. Ballew. He was pastor for several years and is now district superintendent. Evening services will begin at 7:30 P. M. and the public is cordially invited to attend.

NYLON WATCH STRAPS

New watch straps made of nylon are said to have remarkable strength and abrasion resistance. They can be worn for a long period without loss of original smart appearance.

A typical electric refrigerator has almost 1,400 parts.

AROUND the TOWN

Do you have any idea of what a "stretch one walking" is? Just ask for one at Touchton's, and see what you get. . . MRS. R. E. TRUE of Lake Mary was in town yesterday looking very attractive in a soft moss green suit. Do you think that the Halloween carnival at the South Side School could have had anything to do with all the soaped car windows yesterday? . . . You would have thought that Tuesday was Halloween. At first we thought MRS. TOM BOLT was reverting to childhood when we saw her walking down the street with a big doll until we found it was for a window display for Yowell's. . . We see that WARREN OBAMA of Miami is in Sanford. . . MRS. R. T. HUNT was buying material in Penney's yesterday. . . JACK RATIGAN, manager, and J. M. BAKER, office manager, of Seminole Motors viewing the soaped up cars made at night. . . pointed out that if they had been made according to rules they might have won cash prizes. . . E. M. ARMITAGE in red flannel shirt, back from a summer in Canada, and greeting all his friends on First Street. . . A. H. MARCHMAN cleaning soaped windows at Strickland-Morrison in a not so cheerful mood. . . NED SMITH heading back from Homer's to his store with a Coca-Cola in his hand. . . Singers DR. H. W. RUCKER, FRANK LAMSON and MARTIN STINE, CIPHER enjoying the High School Glee Club renditions at Kiwanis meeting. . . Salvation Army Captain BYRD HUDSON heading for the Post Office with a bunch of letters in his hand. . . MISS ELLEN HOY in lovely pink sweater hurrying down First Street. . . MRS. LITTLE MERO, DR. WADE GAINES' assistant and recently of Liberty, N. Y. . . MISS EVA CARPENTER arriving from Orlando to visit her sister MRS. G. CHELLETTE. . . MRS. HERBERT PREATT adding up grocery items at the A & P store with amazing speed. . . Some years ago, a prominent matron offended the society editor of the local newspaper by refusing to furnish a guest-list. The editor neither pulled hair nor tried to scratch her eyes out. But year after year, whenever the matron figured in a news item, she was described as wearing the same dress. No matter whether she was attending a tea, vacationing in the mountains, giving a ball, or in a wedding—the identical black velvet dress was described in lavish detail.

Hollywood

HOLLYWOOD Oct. 28—(AP)—"I've been wanting to do this for a long time," said Kirk Douglas as he punched me in the chin. His boxing glove caught me again—and again. "Very interesting," I commented.

Douglas was demonstrating the gentle art of harmless offense, as practiced in movie fights. He would thrust his arm out with a murderous jab, then hold back at the last split-second before the blow. The effect was like being assaulted with a stick of cotton candy.

The angel's tap is necessary only for closeup shots. In many movie slugfests that you see, not a blow is exchanged, even though the hero and villain appear to be killing each other.

You see, the camera isn't fast enough to detect the hero's missing the villain's chin by six inches. The crack of the fist on chin is heard on the sound track, and the hero's teeth backward under the impact of the imaginary blow. And then you are thinking, god, how can those actors take such punishment?

Such trickery will not always be possible, in Douglas' next film "Champion," for which Director Mark Robson is seeking the realism of closeups. I found Kirk in a slugging match with his coach, Muzzy Chelmsford, the Hollywood YMCA gym. Neither have a scar of the battle.

Douglas has been working out daily for five weeks. Despite his lack of experience (he was a champion wrestler at St. Lawrence University), he looks fairly hot to the boxing line. In fact, ex-fighter Muzzy ranks him with the best of his star pupils—Errol Flynn ("Gentleman Jim") and Wayne Morris ("Kid Galahad").

Muzzy, a veteran at staging movie bouts, said they're much more exciting than the real thing. "Ninety per cent of the regular bouts are just plain dull," the matchmaker fighter remarked. "In the movies, we can put excitement in a fight because they're staged for thrills.

"One of the most successful fighting teams I remember was a couple of boys who were rematched 20 times. They always put on a good fight. Why? Because they lived together and could stage their fights before hand at home."

However, Muzzy wouldn't venture his suggestion that boxing should follow its legitimate relative, wrestling, and start working from a script.

Today's feature: 20 years ago in Hollywood, Garbo was helping to popularize the bob. . . Fay Wray and Gray Cooper were billed as Paramount's glorious young lovers in "The First Kiss" . . . Universal was getting ready to shoot "Dracula."

Korean Army

(Continued From Page 1) the south had not promptly lost momentum because it failed to gain sympathizers from the population.

Schools

(Continued From Page One) when it adopted the sliding-scale foundation program. The Legislature, meeting next April, may be asked to make a deficiency appropriation for that year.

American Court

(Continued From Page One) chief of the general court-martial staff of the high command. He was charged with issuing orders that Russian prisoners of war be executed for political reasons.

Georgia Murder

(Continued From Page One) grand jury was not the truth and was given because he was "scared." The defense rested its case at the end of a half hour statement by McVeigh. His attorneys did not present any sworn testimony.

Panyushkin

(Continued From Page One) Here is the text of Panyushkin's statement about the meeting: "According to the reports of the U.S. press agencies from Japan, a secret military conference with General MacArthur was held in Tokyo during the period of Oct. 12-14. At this conference, according to the Associated Press report of Oct. 15, there was discussed the question of increasing American occupation forces in Japan and that of preparing measures against a surprise attack on Japan, although it is known for everyone that nobody threatens Japan."

Seminole Students

(Continued From Page One) girls were "Tea For Two" and "Little Man You've Had a Busy Day." Soloists were Miss Anita Aiken, who sang "Just A Cottage So Small" and Miss Ingrid Esterzon who sang "Surprise and You." Stanley Brunley was the boy soloist with "Just A Memory." The final number, "Swing on a Star," was sung by the whole group.

French Troops

(Continued From Page One) held up at French ports by the dock strike. Army forces edged cautiously toward the Communist strongholds of the Flanders and Artois minefields in the north. Communist leaders had threatened "blood will flow in the streets." But gunplay, in which two strikers were killed and five in the week, was absent.

City Merchants

(Continued From Page One) of memorial exercises held on Armistice Day, Nov. 11, the Merchants recommended an hour closure on that day between 10:15 and 11:45 A.M. This period for closing will be similar to that recommended by the Orlando Retail Merchants Association, said Mr. Morrison.

Poll Of Papers

(Continued From Page One) the fight would be between Dewey and Truman. The Clearwater and "Sun" are Florida papers for Truman; and the St. Petersburg Independent and the St. Petersburg Times are for Dewey.

French Troops

(Continued From Page One) grand jury was not the truth and was given because he was "scared." The defense rested its case at the end of a half hour statement by McVeigh. His attorneys did not present any sworn testimony.

T. W. Lawton

(Continued From Page One) mated \$288,180 in state funds during 1948-49 under the minimum foundation program. "This is 74 per cent of the total amount of money spent in the county on schools under the foundation program," he stated.

Automatic Water

(Continued From Page One) kept as pure as distilled water, he said. The water is pumped out from a storage tank to wash the prints. Then it circulates through the columns back to the tank.

Householder Named

(Continued From Page One) His work will be to review classifications for either the Local Board or the registrant. The Board is located in room 230 and 232 of the Mosch Building, Telephone No. 1284.

French Troops

(Continued From Page One) held up at French ports by the dock strike. Army forces edged cautiously toward the Communist strongholds of the Flanders and Artois minefields in the north. Seminole Coaches Promise Surprises For Friday's Game

Seminole Grids Are Sent Through Hour Long Drill To Prepare For Tilt

By ARTHUR BECKWITH, JR., Herald Sports Editor.

The Seminole High School Coaches drilled with plenty of pep and vigor yesterday afternoon, despite the probable loss of Britt Yates and E. B. Smith, two reserve ends and the possibility of getting little assistance from regular backs Charles Andersen and Don Deal in the Friday encounter with St. Augustine.

Coach Carl Kettles has several schemes "cooked up" for the contest. "We do not want to say anything about the surprises, but we will have a few for St. Augustine, when the game opens Friday night. We had to do something to off-set the loss of the players," the Fed mentor grinned. The game starts at 8:15 Friday night at the high school field.

An hour long scrimmage session was held at the practice field yesterday afternoon in preparation for the Friday night grid battle with the Yellow Jackets. Coach Kettles, Assistant Coach Otis Mooney and "B" squad Coach Fred Ganas assisted the youths in sharpening up the ground attack for the contest. "We need a lot of practice on this ground attack," Kettles said.

Following the regular practice, the coaches sent the boys into a five minute wind sprint session led by game captains Charles Andersen and Gene Harper.

Gators Work Hard For Contest With Furman University

GAINESVILLE, Oct. 28, (AP)—A well stirred pot of backfield action has been brewed by Coach Ray Wolf of the University of Florida Gators as the genial mentor tapers his squad off for the Saturday meeting with Furman University.

The Saurians end their home workouts this afternoon with more emphasis on pass defense. Thirty-seven Gators will leave tonight for Greenville, and all players that made the trip to Atlanta last week are included on the travel roster with the exception of newly-added LeRoy Poucher and doubtful traveler Billy Parker. Parker is suffering from a recurrent knee injury, and Wolf is waiting for last minute results to determine whether or not he will make the trip.

"We know that Furman has a tough ball club," stated Wolf. "Any ball club is tough that has only allowed one touchdown per game. However, our boys are in shape for the game, and we aren't going up there to lose it. It should be a hard fought game, and we will be ready."

The Gators will be playing in Furman's homecoming game this year, and indications show that the Purple and White will be leveled up for the clash.

The Florida ball carrying corps will be led by SEC rushing leader Chuck Hunsinger, who will head a big array of backs that will include John Cox, Russell Goswin, and Doug Belden.

A determined fight for first string end position on the Gator squad has been renewed with Joe Hawkins making Fal Johnson dig deeper to retain his starting berth. Big Vic Vaccaro is also making his presence known, and is out to out both boys from the right end terminal.

The Florida squad is injury free, with the exception of Parker, and pre-game indications that a hard fought contest is on tap.

Rock Stroud, a former star guard for the University of South Carolina Gamecocks, is coaching the freshman squad.

50 Quarter Horses To Enter Daytona Beach Race Meet

DAYTONA BEACH, Oct. 28 — (Special)—Upwards of 50 horses will go to post at Daytona Beach this weekend when the Volusia County Quarter Horse Running Assn. sponsors its first racing meet in this area over the newly laid track at the Old Naval Air Station.

Ranchers from all over the state have entered Quarter horses which are an in-breed of thoroughbred racers and common draft horses in order to combine speed with calmness, gentleness, and the ability to do ranch type work or to be used as saddle horses, etc. Twelve qualifying races will be held on Saturday, Oct. 30th, with the main racing schedule being held on Sunday for a total purse of \$2400 which will be distributed among the winners on a percentage basis. Four horses will come out of the shoot to the race with running distances of 220 yards, 330 yards, and 440 yards, with four races being run at each distance.

Jockeys will be children not weighing over 90 lbs., and there will be no Pari-Mutual betting. Post time for the two day event is 1:30 P. M.

Maryland Points For Bowl Tilt In Miami

COLLEGE PARK, Md., Oct. 28 (AP)—The University of Maryland football squad flew into the bow country today to meet Miami, hoping to impress any sponsors looking for a contestant.

Coach Jim Tatum took 32 players along in the plane for tomorrow night's game in the Orange Bowl. The only regular left behind was Francis Evans, out for the season with fractured cheek bone suffered in last week's game.

A 180-pound sophomore from Glassport, Pa., Stan Karnush, will take over Evans' spot at left end.

Florida is no strange place to most of the Terps. They wound up last season in Jacksonville's Gator Bowl on New Year's Day, tying Georgia 20-20. Georgia beat Miami 32-21 last Friday.

The Terps go into the Miami tussle with a record of four triumphs and a 13-12 loss to Duke. Their total offensive average of 291.8 is sixth best in the country. The Duke points are the only scored against them.

Michigan State College can field an entire football team of Flint, Mich., boys with the exception of one guard post.

The Clubhouse

By FRANK ECK AP Newsfeatures Sports Editor.

NEW YORK — In an effort to clean the cuff and clear the head here are some of the things baseball men say will happen in the future:

Marty Marion, peerless shortstop, will get a front office job when his playing days are over, says Bob Hannegan, St. Louis Cardinal president. Marion is great with youngsters. Coach Terry Moore had a chance as manager in the minors but wasn't sure it was the job he wanted.

Bill Nicholson's shift from the Chicago Cubs will help the Philadelphia Phillies, says Jeff Heath. Nick will be nearer his Chestertown, Md., home and figures to hit better.

Larry Doby, Cleveland center fielder, will be one of the best American League outfielders. He can hit that long ball, run and has a great arm. Almost everyone agrees on the Negro as a real star.

The Boston Braves will be the team to beat in the National League next year but the Brooklyn Dodgers may be joint choices to win the flag. Marvin Rakley, Gil Hodges, Roy Campanella and Rex Barney are four of the Brooklyn reasons.

When Barney Shotton steps down as Brooklyn manager, Clay Hooper of Montreal is his logical successor.

Bucky Harris, deposed Yankee manager, may wind up in Detroit some day.

The Boston Red Sox will have the best rookies in spring training. Among them are first baseman Wal or Droop and outfielder George Wilson of Birmingham and outfielder Jim Piersall, 18 of Watertown, Conn., and pitcher Willard Nixon of Lindale, Ga., who played for Scranton in the Eastern League.

Harris had three \$20,000 pitchers who weren't doing much good sitting on the bench, says Yankee General Manager George Weiss, in giving a reason that the popular Bucky was relieved of his job. These pitchers, says Weiss, were Frank Shea, Joe Page and Alie Reynolds (Reynolds won 16 games). "Yet Bucky wanted Bob Porterfield from Newark," says Weiss.

Bob Feller is in for a salary slash. He has yet to win the "big game." In 1940 when he won 27 games he lost an important one, 2-0, to Floyd Ginkel of the Tigers, he missed out against Hal Newhouse on the final day this year and dropped both his World Series starts. He's baseball's "hard luck" pitcher.

And Commissioner Chandler won

Al Dark Is Named Rookie Of Year In National Loop

NEW YORK, Oct. 28, (AP)—Alvin Dark, brilliant young shortstop of the Boston Braves, was voted today the National League Rookie of the Year.

It was a virtual landslide for the 25-year-old native of Lake Charles, La. in a nation-wide poll conducted by the Associated Press. Dark romped in as the No. 1 freshman of 1948 with 160 out of a possible 220 votes.

Only four other players received consideration from the baseball experts. Richie Ashburn, fly-by Philadelphia outfielder, was second with 57 votes.

Dark gained the distinction by his fine batting, his skill in the field, his speed afoot and his colorful all-around play. In 137 games, the former all-around athlete at Louisiana State University totaled .332 to finish third among the regulars.

It was the second time in his brief career that Dark has been acclaimed as the No. 1 freshman of his league.

The 6-11, 185-pound youngster played with Milwaukee last year and was hailed as the top rookie in the American Association. It was his first full season of professional baseball.

Jack Kramer Listed No. 1 For Tennis

NEW YORK, Oct. 28 (AP)—From the top of amateur tennis ranks to No. 1 among the professionals in one year is the achievement of Los Angeles' Jack Kramer.

Young Kramer, winner of the Wimbledon and National Amateur Championships in 1947, is placed first in United States pro rankings, announced today.

Two veterans who have had a corner on the top pro spot for years—Bobby Riggs of Chicago and Don Budge of Los Angeles—were placed second and third, respectively.

"GO-AHEAD"

NEW YORK, Oct. 28, (AP)—Norman (Red) Strader has been given the "go-ahead" as coach of the New York Yankees of the All-American football conference.

His status up in the air since he took over the club's reins after Ray Flaherty was dismissed earlier this year, Strader yesterday was named coach and general manager of the team for next season.

Chuck Dressen Will Manage Oakland Nine

OAKLAND, Calif., Oct. 28, (AP)—Chuck Dressen, New York Yankees coach, will manage the Oakland club in the Pacific Coast Baseball League next season.

The announcement was made today by Clarence (Brick) Laws, owner of the Oaks.

Dressen will succeed Casey Stengel, named recently as manager of the New York Yanks.

TITLE DEFENSE

NEW YORK, Oct. 28, (AP)—A rate of \$95,000 is seen for Willie Pep's featherweight title defense against Sandy Saddler tomorrow night in Madison Square Garden.

The Hartford, Conn., world champion is a 5-12 favorite over the New York challenger, who has 63 knockouts in about 90 professional starts.

IT'S IN YOUR HEAD

PITTSBURGH, Oct. 28, (AP)—A Temple University psychiatrist says that old bugbear—the toothache—may be caused by a lack of emotional balance.

Dr. John W. Lyons, Jr., told a meeting of the Western Pennsylvania dentists society that while laboratory proof still is lacking, "research has indicated that bleeding gums and tooth decay is directly traceable to emotional disturbances."

Only eight of the original 72 men invited to football practice this fall at Michigan State College are seniors. Thirty-five are sophomores.

The University of Mississippi played its first night football game on Oct. 18, 1929, in New Orleans with the Rebels outscoring Loyola, 16-24.

There are about 187,000 clergymen in the United States.

Truman Advocates Renewed Efforts To Pass Civil Rights

President Tells Harlem Negroes He Will Do What He Can To Get Equal Rights

NEW YORK, Oct. 29. (AP)—President Truman moved today to pledge "resolute and unwavering" support to the Civil Rights program which split southern Democrats away from the regular party.

Speaking at a rally in New York's populous negro district, Mr. Truman said:

"Democracy's answer to the challenge of totalitarianism is its promise of equal rights and equal opportunity for all mankind. The fulfillment of this promise is among the highest purposes of government.

"Our determination to attain the goal of equal rights and equal opportunity must be resolute and unwavering.

"For my part, I intend to keep moving toward this goal with every ounce of strength and determination I have."

It was the first time since the campaign began that the President had his hand for his proposals for anti-lynching, anti-poll tax and anti-discrimination measures.

He didn't mention them in those terms. But once more he put himself squarely before the public in a special committee which studied Civil Rights.

It was exactly a year ago today that the committee submitted to the Chief Executive what he termed an "immediate report."

Hereafter during the campaign, Mr. Truman had made only vague allusions to the Civil Rights issue.

It was his strong support of a Civil Rights program, plus a plank in the party platform supporting it, which brought out the southern rebellion in the party and the entry of Governor J. Strom Thurmond of South Carolina into the presidential race as the candidate.

At the meeting of the Past Monday evening Commander Wright and Adjutant James Slinglety will tell of their experiences at the National Legion Convention in Miami.

Members are urged to bring their 1948 dues. Al Gilyard and his swing-billy band will entertain, and a comedy act and black face comedian will be presented. Other surprises are promised by Legionnaire Gilyard in the way of entertainment.

Refreshments and soft drinks will be served.

The membership for 1947-48 under the command of James J. Slinglety, was the second largest membership roll in the history of the local post with 336 members.

The only commander to exceed this record was J. J. Rocca, who in 1946-47 had 440 members. Past Commander Joel R. Field was the post adjutant under both commanders.

The third largest membership was back in 1936-37, according to Capt. Earle Loucke, post historian, when Post Commander Leroy P. Chittenden, with his able adjutant, W. S. Leak, had 304 members.

700 Jailed In Drive To End French Strike

2 Walkouts, Led By Communists, Begin In Italian Provinces

PARIS, Oct. 29. (AP)—Police today they have jailed 700 Frenchmen and foreigners in an attempt to end the 25-day-old coal strike.

The interior ministry announced today that police and army occupation of the big northern coal fields was moving 12 to 24 hours ahead of schedule.

"There was no noticeable resistance and no incidents," the ministry said.

The pro-Communist newspaper Ce Soir said strikers were counter-attacking at the Bonnel mine, one of the 12 occupied today.

The ministry estimated there had been 625 arrests up to Wednesday night, including 180 North Africans and 85 other foreigners.

Another 82 foreigners already have been thrown out of the country in fulfillment of Interior Minister Jules Moch's threat to expel any foreigner found taking part in demonstrations. French mines employ many Poles and other Eastern Europeans. An estimated 30 to 50 strikers were jailed yesterday.

Most of those arrested were charged either with assault or with violating non-striker's "freedom to work."

While the coal stoppage seemed ending, Communists pushed a dockers' strike to keep-out coal imports.

Trains at two French ports, La Rochelle and La Pallice, were unloading American coal shipments. Communist-led stevedores, sympathizing with the coal strike, refused to work at eight ports.

Hullway workers, on the other hand, failed to heed an appeal to halt coal trains at the border.

The walkout now has cost France approximately 4,000,000 tons of coal. Observers estimated yesterday that fewer than 10 per cent of the nation's 335,000 mines were back on the job.

ROME, Oct. 29. (AP)—Two general strikes began in Italian provinces today, but one of them was called off within a few hours.

The strike in Florence Province ended when agreement was reached between union representatives and management of a manufacturing firm.

PHILIPPINES ASK PAY FOR WAR FIGHTING

MANILA, Oct. 29. (AP)—Two thousand Filipino guerrilla veterans staged a demonstration in front of the United States embassy today demanding payment for service in World War II.

Dewey Pledges Teamwork In Government

GOP Candidate Pays Tribute To Speaker Joseph Martin In Massachusetts

By JACK BELL
ENROUTE WITH DEWEY TO NEW YORK CITY, Oct. 29. (AP)—Governor Thomas E. Dewey and House Speaker Joseph Martin today exchanged pledges of cooperation between the White House and Congress if the Republicans win next Tuesday.

Pausing in a barnstorming tour of Massachusetts, Rhode Island and Connecticut, the Republican presidential candidate paid tribute to Martin at North Attleboro, Mass., the speaker's home town.

Dewey told a crowd of 10,000 of Martin's neighbors gathered in the high school grounds that Martin represents "a solid progressive and sound America."

In introducing Dewey, Martin said he looks forward to working with Dewey when the latter occupies the White House.

"I'm sure that we are going to get in the next Congress what the people of this country desire, cooperation between the Congress and a Republican President," Martin said.

"We'll succeed in making this a strong solvent country," the speaker declared.

Dewey said that if he is elected, this country will have a government of "teamwork" with the executive working closely with Congress.

"We'll have an administration that knows how to work with Congress," Dewey said. "I have absolute confidence that there will be harmony between the executive and Congress. It will not be a case of one man trying to give orders."

"For the first time in a great many years you will see President Dewey and Congress working together." (Continued on Page 3)

T. C. Blaisdel Visits Relatives In City

T. C. Blaisdel, Jr., acting Secretary of Commerce, arrived here Wednesday by plane enroute to South America from Washington, D. C., and visited his parents, Mr. and Mrs. T. C. Blaisdel and his brother-in-law and sister, Mr. and Mrs. G. E. Dawson, at 10:31 A.M. today in San Francisco.

Blaisdel is on his way to Buenos Aires, Argentina. He is accompanied by his wife, Mrs. Blaisdel, and his children, Mrs. Blaisdel and her children.

A Department of Commerce plane arrived here yesterday noon to take Blaisdel, Jr. to Miami to board a plane for South America where he will confer on economic problems with American consuls and South American officials.

Blaisdel will visit Buenos Aires, Argentina; Rio de Janeiro, Brazil; and Lima, Peru, said Mrs. Dawson this morning.

Musical Association Ends Drive Tomorrow

The Seminole County Civic Music Association will close its annual membership campaign tomorrow night at 8:00 P.M.

Andrew Stine, president of the Association, announced today.

"According to the plan under which the Civic Music Association operates," Mr. Stine said, "all persons interested in hearing the finest entertainment may join the association until the deadline tomorrow night. After that time no one will be accepted as a member, and admittance to the programs will be by membership card only. We wish to stress, however, that these cards are transferable, and people may take out several cards in their name for the purpose of entertaining guests."

Peru Government Admits New Revolt

LIMA, Peru, Oct. 29. (AP)—The government acknowledged today the new revolution spread 200 miles north of Arequipa when the Cuzco division joined the rebellion.

All troops except the original revolutionaries at Arequipa, main city of Southern Peru, and those at Cuzco remained loyal, a communique asserted. The Arequipa rebels denied this, saying other army units based in Southeast Peru had joined the rebellion.

General Manuel Adria against President Jose Luis Bustamante.

Cuzco is 350 miles southeast of Lima, and 200 miles north of Arequipa.

Wilson Explains Amendments At Jaycee Meeting

City Attorney Favors Combination Of County Offices

City Attorney Fred R. Wilson explained the proposed amendments to the Florida Constitution at the meeting of the Seminole County Junior Chamber of Commerce at the Pointe Garden yesterday.

President Gordon Bradley presided and introduced the speaker.

"The last amendment proposes to allocate to the State Road Department one cent of the present seven cents tax on gasoline, in addition to the six cents already allocated to the State Road Administration," Mr. Wilson said.

"At present the one cent referred to raises approximately \$6,000,000 which is divided equally between the State and Federal governments."

"The House of Magic" show will give people of Sanford and surrounding area at the Seminole High School auditorium on Nov. 1 through the 15th.

The House of Magic will demystify many of the tricks and illusions which are performed by a "magician" who will be held at 7 P.M. on the High School Auditorium.

Hoffman Says Soviets Lead French Strike

President Truman Reaffirms U.S. Support Of Turkey's Political Freedom

WASHINGTON, Oct. 29. (AP)—Paul G. Hoffman, Economic Cooperation Administrator, said today the French coal strike is Moscow directed and may be the Communist "last determined effort" to block European recovery.

Just back from Europe, Hoffman explained that he did not mean the Communists would make no hampering efforts after the strike. But he said he thought the ability of Communists to interfere with recovery would wane.

"The trend is against them," he said.

There is no country in Europe where there is a free state in which the Communist have not lost ground.

Hoffman also announced formally before that he will not be permitted to accept the \$5,055,000,000 European recovery appropriation in 12 months instead of 15.

Monthly President Truman announced today that he will support of Turkey's political independence and territorial integrity.

In a message to President Truman of the 25th birthday of the Turkish republic, Mr. Hoffman said the cooperative way in which the U.S. Turkish aid program is being carried out is a "most striking example of the best thinking."

"House Of Magic" Will Be Held At Seminole High

The House of Magic will give people of Sanford and surrounding area at the Seminole High School auditorium on Nov. 1 through the 15th.
