WASHINGTON (AP)—The Internal Revenue Service has received \$3,900 from Chicago, apparently mailed by a taxpayer with a troubled conscience.

The money, 30 bank notes of \$100 each, was in a plain brown manila envelope, with no accompanying note. On the back of the envelope was a return address reading:

J. O. Thimach
983 Clybourne Ave.
Chicago.

The revenue service said there was no such address in Chicago. The money was sent to the Treasury's conscience fund.

The Cincinnati Redlegs finished 8th in the National League in 1955 but their pitchers led the loop in strikeouts with 42.

Next in line for the altar is actress Eva Gabor, shown at left with Dr. John Williams whom she will wed soon in Connecticut. And, of course, there's Zsa Zsa, who will marry Hal Hayes, businessman. Mama Jolie stands beside the newlyweds. (Internatlonal)

Wood Industries Offer Boy Scouts Forestry Awards

FERNANDINA BEACH (Special)—More than 50,000 Florida Boy Scouts will intensify their study and practice of forest conservation this year in striving for a new "Award of Merit" offered to qualifying troops by wood-using industries.

New emphasis on forestry and work toward winning the award will begin in April with use of a special forestry kit by all of the state's Scout troops, according to Seaman Hudson, chairman of the Florida Forest Industries Committee. Some 2,250 kits are being provided by American Forest Products Industries, Inc., represented in the state by Hudson's committee.

To win the award, 75 per cent of the Scouts in a troop must participate in three top conservation projects, and 70 per cent of the boys must attain individual conservation goals.

Directions for suggested troop conservation projects, all designed to do a "good turn" for the forests, are included in the forestry kits. Among them are planting seedlings on a Tree Farm, participating in a local tree insect and disease control project, erecting roadside Keep Green fire prevention signs and conducting mock forest fire fighting demonstrations.

The forestry kits also contain directions and suggestions for a variety of other activities designed to stimulate Scout interest in

Bodies of Marines Sent Home Today

PARRIS ISLAND, S. C. (AP)—The bodies of six Marine recruits who drowned on a forced march into a tidal stream here Sunday night were sent home today for burial.

Even as a big plane chartered by the Marine Corps took off carrying five of the six flag-draped coffins to relatives in northern cities, there were indications that investigation of the tragedy might be widened.

Chairman Vinson (D-Tn) of the House Armed Services Committee had a scheduled conference with corps commandant Gen. Randolph Pate on the drownings.

Vinson said he would make no statement about the possibility of a committee investigation until after he talks with Pate, who came to the Marine base here Monday to take personal charge of the investigation. Later he flew back to Washington.

A court of inquiry here continued the painstaking work piecing together details of the drownings today after a warning to the Navy from Sen. Ives (I-NY) that "an inadequate investigation or explanation of the tragedy by the Navy would result in a congressional investigation."

Dartmouth football captain Robert Rex carried the last of his fullback position only five times during the 1955 season.

Collins' Visit Set Wednesday

Interest Growing As Crowds Increase At Demo Rallies

Interest, issues, passion, and campaigning are increasing in the local races on the political scene in Seminole County.

Candidates are beginning to bite and bite back as they appear before increasing crowds at the Democratic Rallies being held throughout the County.

The fifth rally, in a series of eleven that will be sponsored by the Seminole County Democratic Executive Committee will be held tomorrow night at Bear Lake in the Florida Power Corp. Lounge.

Chairman Jim Lee of Oviedo will be on hand to emcee the event and to introduce each candidate in his turn on the rostrum before the microphone.

Last Thursday night, in Longwood, Rudy Sloan continued to pound away on his permanent absentee exemption system by a card method. "I sincerely believe that in the growth of our county we need this new streamlined system," he said.

Jack Stempier told one of the largest crowds yet to turn out at a Democratic Rally "I do not intend to disrupt our tax structure."

Miss Mary E. Earle, due to illness, was unable to attend Thursday night's vote-getting roundup. Staleja King reiterated his stand "The assessors job is not an office job. Therefore consider will the person you select."

John Meisch told the Longwood Democratic Rally "If elected, I intend to have a reappraisal of" (Continued on Page Eight)

A gigantic celebration has been set for Governor LeRoy Collins' visit to Seminole County Wednesday afternoon.

Dan Wright, Campaign Director in Seminole County for Gov. Collins said this morning that he will meet Gov. LeRoy Collins in DeLand and Wednesday morning to bring the Governor to Sanford.

Gov. Collins will stop in De Bary for about 10 minutes to greet his many friends there, Wright said.

"We will then come directly to Sanford and will be at the corner of First Street at Magnolia by Touchton's where he will speak for about 15 minutes," said Dan Wright.

"From downtown Sanford, Gov. Collins and his party will go to the Sanford State Farmers Market where he will meet hundreds of Collins' friends and supporters," he said.

A gigantic celebration has been planned for Governor LeRoy Collins at the "Collins For Governor" Headquarters on the Sanford-Orlando Highway next to Smith's Snapping Turtle, according to the Seminole County Campaign Director.

Sandwiches and soft drinks will be served there, said Dan Wright, where the Governor can meet and talk to his hundreds of friends and supporters who are expected to turn out en masse to meet him.

A group of ladies have been selected for hostesses at the celebration and rally to be held at the local headquarters, Wright said and a number of special events will take place when Governor Collins is greeted at the newly repainted and redecorated Seminole County "Collins For Governor" headquarters.

From the local headquarters, Governor Collins will go to Longwood and from there to Oviedo where John Courier and Frank Whiteley have arranged a reception for him there.

Following the Oviedo reception Gov. Collins expects to go to St. Vival before continuing his campaign tour on into Orlando, where he is scheduled to make a TV address over WDBO-TV at 8:30 p.m.

Elsewhere on the political scene around the state Farris Bryant will start the week with a hand shaking tour of the Miami and Fort Lauderdale areas today and tomorrow. He will appear on television in Miami tomorrow night with a five minute talk at 8:30.

Sumter Lowry will be in Pensacola and Cantonment today and tomorrow will visit Milton and Crestview.

Folter Warren will stump Dade County today with a television talk at 7 p. m.

Tomorrow, he will visit Collier, Hendry, Lee, Charlotte and Sarasota counties and on Wednesday will campaign in Manatee, Hardee, De Soto, Okechobee and Glades.

Sirens To Signal Start Of Cancer Society's Drive

The sounding of sirens through Sanford streets will be the signal tonight between 6 and 6:30 p.m. for the start of the Seminole County Unit, American Cancer Society's all out "Lights-On" drive for funds.

Every area of the city will find volunteer workers calling on homes with literature and educational material along with their request for contributions to carry on the three-point program of the American Cancer Society.

Headquarters will be set up in the Florida State Bank for receiving the contributions as they are collected by the volunteer workers under the chairmanship of Mrs. Don Bates.

Already, thousands of Sanford and Central Florida citizens have had an opportunity to see the program of the American Cancer Society depicted in display. The window at Vowell's through the generosity of Jack Hall and Elmer Wintzen contains an exhibit of the three-point program of research, education and service. Many complimentary remarks have been made about the exhibit said the Seminole County Unit's Chairman, Mrs. Gertrude Dinsfelder.

We hope that the people of Sanford will not become alarmed when the sirens are sounded this evening, said Mrs. Dinsfelder, for it will only be a signal that the Lights-On drive is in progress.

Farm Bureau Will Hear Poultryman

The Seminole County Farm Bureau membership meeting will be held tomorrow night at the Seminole High School Agricultural Building, said Donner Carter, secretary-treasurer of the organization.

The meeting will begin at 7 o'clock with a covered dish supper and the business session will get underway at 8 o'clock, he said.

Julian S. Moore, Extension Department, of the University of Florida, will be the principal speaker, at tomorrow night's meeting.

The Seminole County Poultrymen Association will also attend the meeting of the Seminole County Farm Bureau tomorrow night to hear the Extension Poultryman.

Parking Lot To Open For Citywide Sale

Final plans for the gigantic sales event in Sanford Thursday, Friday, and Saturday are nearing completion as Sanford Merchants Association President B. L. Perkins Jr. announces the official opening of the Municipal Parking Lot just off Commercial Ave. will be held Thursday morning at 9:30.

Perkins said that members of the Merchants Association, Seminole County Chamber of Commerce, Sanford Board of City Commissioners, Board of Seminole County Commissioners and the City Manager will be on hand for the event.

In the meantime, merchants are feverishly completing huge stock lists of items that will be offered at prices far beyond the expectations of the thousands that will visit Sanford from the trade area.

Sanford Armory Is Entirely Repainted; Improvements Told

The Sanford Armory, housing Co. B, 15th Armored Infantry Battalion, commanded by Captain Joseph D. Bryant, has been completely repainted at a cost of approximately \$2,250.

Further plans, said officials, include the repainting of the ceiling of the auditorium on the second floor of the armory and the repainting of the panels of the top floor.

General Mark W. Lanco was in Sanford last Wednesday to inspect the last armory and said, "I am well pleased with the work done here."

Additional plans for improving the armory include the relighting of both floors with modern lighting facilities.

Col. R. O. Nunnemaker, of the Third Army Headquarters at Fort McPherson, Ga., recently completed the annual Federal inspection by the Inspector General. The unit here expects a favorable report.

The inspection included personnel, arms, vehicles, communications, supply, administration, training and training schedules.

A check for \$1,229.56 was mailed to the Harry Anna Crippled Children's Home by the Sanford Lodge, BPOE No. 1211, last Saturday, according to Roy Green, Exalted Ruler.

The \$1,229.56 was raised in various benefits including the Charity Day contributions from the Sanford-Orlando Kennel Club, the Exalted Ruler said today. The total included contributions for the past year up to April 1, 1956 and is made on the basis of \$3 per year per member.

This is the second check to be mailed to the Crippled Children's Home for the past year, said Roy Green.

Registration Shows 11,329 Qualified Voters In County

Bloodmobile Here Tomorrow At Elk's Club For Donors

The bloodmobile of the Central Florida Blood Bank will be in Sanford tomorrow, at the Elk's Club, for the purpose of receiving blood from local donors.

Harry Weir, Administrator of our new Seminole Memorial Hospital in an interview said, "I recently heard a surgeon state that the great strides made in surgery in past years could largely be accounted for by advances in three fields: first, improved techniques; second, developments in anesthesia; and third, the use of blood transfusions."

Weir continued by saying that our new hospital is using the services of the Central Florida Blood Bank, and while headquarters of this organization are in Orlando, many of our people know of the operation as patients and as donors, either in Sanford or elsewhere. He said that the Central Florida Blood Bank was a licensed bank, and is qualified to and does handle hundreds of transfusions monthly.

"Of course," Weir continued, "the service of any blood bank is dependent upon the contributions of blood from citizens of the area, and we have been told by members of the blood bank staff that our community has always been a good supporter of the bank and many citizens have been faithful donors."

"Replacing blood used by patients who have received transfusions is but one way we have of assuring sufficient blood in the bank," Weir said. "Ever since the organization of the Central Florida Blood Bank, Church, Civic (Continued on Page Eight)

Absentee Ballots Available

Registration completed more than a week ago has been tabulated and shows that Seminole County has 11,329 qualified voters, according to the records in the office of Mrs. Camilla Bruce, Seminole County Supervisor of Registration.

Mrs. Bruce said that the total figure represents an increase of 2,300, or about 25 per cent over the total registration in force two years ago before the spring primaries.

In breaking down the registration, she said that there are 10,488 Democrats, 81 Republicans, and 31 with other party affiliations. With no Republican primary slated in Seminole County this spring, those voters will be eligible to take part in the General Election next Fall. The 31 registered with "other party affiliation" will also take part in the General Election.

The greatest increase in registrations, Mrs. Bruce said, was in the Fern Park-Altamonte-Longwood-Oviedo areas. However she said that there was considerable interest shown in the Sanford area and the three precincts here.

The Supervisor of Registration pointed out that applications for absentee ballots can be secured at her office now in the Chamber of Commerce Building on East First St., at Sanford Ave.

By precincts, the registration for the 1956 spring Democratic Primary is as follows, No. one, Sanford, 1498; No. two, Lake Monroe, 311; No. three, Sanford, 254; No. four, Paola, 202; No. five, Oviedo, 543; No. six, Geneva, 274; No. seven, Chulavita, 71 No. eight, Goldenrod, 264; No. nine, Longwood, 593 No. 10, Lake Mary, 172; No. 11, Altamonte Springs, 320; No. 12, Forest City, 212; No. 13, Slavia, 77; No. 14, Fern Park 725; No. 15, Sanford, 204; and No. 16, Bear Lake, 256.

This year, the registration books were taken to each precinct outside of Sanford to give eligible voters an opportunity to register who otherwise would not have an opportunity to come in Sanford.

Mrs. Bruce was assisted in the out-of-city registration by the Seminole County Junior Chamber of Commerce and their "Get-Out-the-Vote" Committee.

'Confidence Brings Progress' Subject Of Rotary Speaker

The President of the Florida Savings and Loan League spoke to the Sanford Rotary Club today at its noon luncheon meeting at the Yacht Club.

Joseph S. Guernsey of Orlando based on his address on the subject "Confidence Brings Progress."

He told the Rotary Club today "Our forefathers gave us an example of confidence in our American principles."

As he held his audience spellbound, he told them "This same confidence has helped build a great nation and a wonderful State of Florida within this nation."

Guernsey said, "The growth of Florida is an illustration of confidence in one of Florida's leading financial industries. In my opinion this confidence is justified."

Speaking on another phase of growth, Guernsey told the Rotary Club audience "The growth of the Savings and Loan industry in Florida is an illustration of confidence in one of Florida's leading financial industries. In my opinion this confidence is justified."

On still another phase of Florida's prosperity, Guernsey pointed out, "I believe Florida's present prosperity is based on more solid ground than was Florida's prosperity or boom in the 1920's," as he illustrated his belief with examples of the prosperity's foundation upon the present mushrooming growth of the entire State.

"It seems to me with the past to learn from," he concluded, "the present growth which unfolds before our eyes, that all of us can face the future with optimism and confidence."

The speaker was introduced by George Touhy, Executive Vice-President of the First Federal Savings and Loan Association of this city, as President of the Florida Savings and Loan League; Organizer and President of the Orlando Federal Savings and Loan Association; owner of the Hotel Wyoming and Vice-President of Kilmath Shores of Orlando and director and member of many other activities.

Guernsey's talk was received with enthusiasm by an interested group of representative business and professional men. The meeting was in charge of President William (Bill) Bush.

Attention was called to the district assembly of Rotary International at Ocala, beginning with a Fellowship Dinner at the Hotel Maroon, Sunday night.

Safety Club Meets Tomorrow At 4:30

A meeting of the Southside Bicycle Safety Club will be held tomorrow afternoon at 4:30 in the First Room of the School Administration Building on Commercial Ave., according to Mrs. Frances Murray, chairman of the organization.

She said that the meeting has been called in that Safety Chairman of all of the civic clubs could attend and join in the efforts for safe bicycle riding for boys and girls of Seminole County.

"Anyone interested in this project and would like to take part is invited to be present and take part in the meeting," said Mrs. Murray.

The Bicycle Safety Club, which has held three meetings in the registration and inspection of boys and girls and their bicycles, has resulted in a membership of several hundreds of boys and girls, Mrs. Murray said.

Plans now are to complete a countywide summer-long program to entertain the youngsters who like to ride their bicycles and to install in them the basic safety rules to observe on highways and streets.

SNAAS Charities Drive Has \$6,800

More than \$6,800 has already been collected or subscribed to the combined charities drive at the Sanford Naval Auxiliary Air Station up to this date, Captain R. W. Jackson, Commanding Officer, said this morning.

April 20 is the last day of the drive, said Captain Jackson, and all efforts are being made to reach the goal of \$10,000 by that date.

"This is the one drive of the year," Captain Jackson said, "and we won't have another until March next year."

Reports Say Youths Are Sent To School With Mumps, Rash

Several complaints have been received relative to children being sent to school, apparently with mumps and with rash on them, spreading the disease to other children who ride the school buses, use the playgrounds, and those in the school rooms and lunch rooms.

Children are being exposed unnecessarily, according to one mother. In one instance, she said, a child came to the school bus stop with face swollen and running a high temperature.

Dr. Terry Bird, Seminole County Health officer, said this morning that this is the season for mumps and there are quite a number of cases among the children and many among the adults.

"However," he said, "We are taking every precaution in the schools and are checking the children who apparently have the mumps and sending them home."

Dr. Bird said, "For the sake of the children, if they have any indication of mumps or rash, they should be kept at home where proper care can be given them."

TODAY'S BIG SPECIAL

at a price that will open your eyes (and Purse)

If you're in the market for a real buy, take a good look at this one. It's a 1936 Buick SPECIAL—which means, of course it's a big car. But look again at the price news it carries. It tells you this big Buick SPECIAL can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars. (And the price we'll show you proves how true that is.)

The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series. Even that, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones. To understand the big reason, you've got to know something about how much pure automobile you get for your money in a 1936 Buick—

The extra satisfaction of commanding Buick's wallowing new 322-cubic-inch V8 engine—

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure—

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflow.

Those are some of the things we'd like you to know, firsthand, about the 1936 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Persons Seeking Fire Protection Can Be Sure Of Capable Fighters

The Board of Sanford City Commissioners has been confronted with the problem of supplying the needs of the Sanford Fire Department for many years.

Hardly a year, in modern history, has passed by without someone making the statement "inadequate," "a disgrace to the city," "wholly unprepared with equipment to properly serve the citizens."

However, with a well trained staff of firemen, sometimes underpaid and working long hours, Sanford's Fire Chief Mack N. Cleveland has been able to furnish the maximum of service with a minimum of equipment.

Fire trucks outdated, insufficient equipment, modern gadgets for taking care of specialized fires, and a myriad of other improvements have all gone by the board because of insufficient funds, insufficient interest or one of many other problems that has confronted the firefighting department of the city.

No one knows what a tremendous blessing a fire department is until his home is levelled by a raging fire.

And most of us, because of some incident, some fire, or some particular experience, don't want to be involved in a fire of any kind.

Now, meeting the problem with every consideration, the Board of Sanford City Commissioners has laid down certain requirements.

After July 1, 1956 the Sanford Fire Department will not go out of the city unless the property owner has applied for protection.

With the application, a fee must be paid, and a rider for \$100 attached to fire insurance policies guaranteeing the payment of \$100 to the city of Sanford for making the fire call.

The full amount of \$105 seems to be a lot of money, but compared to the protection of other properties, the saving of a home, the saving of a life, of furnishings and clothing, the amount is minutely small.

Certainly, in front of the Sanford Fire Department is a vast expansion and improvement program—from the standpoint of location of the Fire Department Headquarters, the addition of new and faster trucks, more and better equipment, the gadgets that make the control of fire possible, and the saving of lives more specific.

Living Costs Are Up This Year

By THE ASSOCIATED PRESS

How are prices of the things you buy compared to a year ago? An Associated Press survey gives this picture: Living costs in most parts of the country are up a little from early 1955. Many items are sharply higher. Food prices—a major element in the average family's budget—are down.

Bankers, economists and businessmen are betting on a little more inflation this year. Interviewed by Associated Press reporters in 20 major cities, the overwhelming majority expressed this view: Inflation is gaining ground. And chances are you'll be paying higher prices soon for a wide variety of goods and services ranging from food, automobiles and office machines to haircuts, hats and houses.

"I see no break in the inflationary trend," says Clifford Allison, executive manager of the New York State Council of Retail Merchants.

For many businessmen, this reasoning is based on price increases already announced or expected shortly for such key industrial materials as copper, coal, aluminum, lumber, cement and steel. Freight rate increases granted last month will add to shipping costs.

The rising cost of labor also figures in their thinking.

Nationwide cost-of-living figures for March, scheduled to be announced by the U.S. Labor Department's Bureau of Labor Statistics in a week or so, are expected to show an increase over February. Living costs as measured by the Bureau for February were unchanged from January 15 but per cent of the 1947-48 average and just a shade higher than the year-ago figure of 114.3 per cent.

The AP survey showed general price levels up slightly from last

year—but expected to rise faster from now on—in at least 18 of the 20 cities checked. One of the more significant trends: A definite turn-about in food prices. Reports from the great Midwest farming areas said prices of many food items are moving up again. It was the sharp drop in food prices last year that kept overall living costs in check. Economists point out that even if food prices merely stay the same, total living costs are likely to shoot up faster than last year because almost all other items are up.

Prominent among other items most frequently mentioned as candidates for a price rise are automobiles, appliances and other products containing large amounts of steel. Retail prices of cars and appliances are depressed right now because of a temporary market glut. Production costs, however, are rising. Prices of basic steel are expected to go up sharply in mid-summer—perhaps by as much as \$5 or \$10 a ton. Unions steelmakers are expected to lose wage increases at that time, and steelmakers are expected to lose little time passing this added expense on to their customers. This will hike the cost of making cars, refrigerators, washing machines and a host of other steel-containing consumer products.

Advance reports from Detroit indicate that factory prices of 1957 model automobiles will almost certainly be higher than factory prices of comparable 1956 cars. Whether auto retailers can pass this increase on to their customers directly is a moot question, but the consensus seems to be that the consumer will eventually foot the bill.

Life Insurance Week

By proclamation, Governor LeRoy Collins has set aside the week of April 16-21 as Florida Life Insurance Week.

To most people, life insurance has always been a great mystery. The life insurance agent always speaks a "foreign language". Life insurance is something for George, "but what do I need with that stuff? Besides I can't afford the added expense."

The simple truth about life insurance, unlike other forms of insurance, is that it is an investment. Insurance on your car prepares against an eventuality which may or may not happen.

Life insurance is protection for your family when something does happen—something which you already know is going to happen, you just don't know when.

Examined in those terms, life insurance is something which most of us can ill afford to be without.

We need the assurance that the wife will have a home in which to spend the rest of her days after we're gone. We need to be sure that the children we leave behind will be at least partially supported in our absence.

Life insurance isn't really a mystery after all. Instead, it holds many answers. Answers to problems which we can help solve even after we're gone.

Mid-East War Would Stir Memories

By JAMES MARLOW

WASHINGTON (AP)—Any war in the Middle East—springing out of Arab resentment of the Jews of Israel and the West—will have its roots in nationalism and memories that go back beyond World War I.

The Mediterranean is at Israel's back. On all other sides it is surrounded by Egypt, Jordan, Syria and Lebanon. All four fought the Israelis in 1948.

Britain and France dominated that area between the end of World War I and the end of World War II and reluctantly let go. The British hold on Egypt went back even further.

When World War I began the Turkish Empire included what has become Lebanon, Syria, Palestine and Jordan. Britain and France, to win over the Arabs when Turkey got into the war on Germany's side, promised freedom to the Arabs if Turkey lost. Turkey lost. The League of Nations then gave Britain and France a mandate—control—over what had been Turkish territory. The French got Lebanon and Syria, granted them independence in 1920, but didn't get out.

The British got a mandate over Palestine and what is now Jordan but didn't give Jordan independence until 1946. The British didn't get out of Palestine until 1948.

Meanwhile, the Jews, who had not had a majority in Palestine since the Romans defeated them in 70 A. D., began in the 20th century to demand that Palestine be made a Jewish homeland. In 1917 the British said they looked favorably on the idea.

The British did nothing to make it a reality. When Jews swarmed into Palestine to escape Hitler's persecutions in the 1930s, the Arabs were alarmed.

Came World War II which weakened the French and British. France got out of Lebanon and Syria in 1946. Britain let Jordan declare independence the same year but retained military ties

with the Jordanian. In 1947 the United Nations voted to divide Palestine into two states: One Jewish state, the other Jewish.

The Arabs protested this creation of a Jewish state where none had existed for 1,900 years. The British were getting out of Palestine. On May 14, 1948, the Jews there declared the republic of Israel.

Syria, Jordan, Egypt and Lebanon went to war against the Israelis. It lasted a year. The armistice that followed has been broken many times since by border clashes. The Arabs refuse to recognize Israel as a state.

In that war the outnumbered Israelis—there are about 1,600,000 of them while their four neighbors have 40 million people—outfought the Arabs and wound up with much of Palestine which the U. N. had said should be Arab. That was another sore spot for the Arabs.

Egypt has a leading part in this picture now. Britain moved into the kingdom of Egypt in 1882 to administer it and make it a protectorate in 1914 to defend it from the Turks.

In 1922 Britain ended the protectorate, recognizing Egypt as a United Nations voted to divide Palestine into two states: One Jewish state, the other Jewish.

A movement for complete independence began in Egypt, and in 1947 the Egyptians went before the U. N. to demand that Britain get out. The British did, finally.

On July 25, 1952, revolution led by the army threw out King Farouk. The man behind this coup was Lt. Col. Gamal Abdel Nasser, now Egypt's Premier, all-around strong man, and new leader of the Arab world.

In stepping into Arab leadership Nasser did what someone was bound to do sooner or later: He took over a vacuum. The Arabs had been disoriented, their leaders distrustful of one another. This lack of unity helped whip them in the war with Israel.

Virginia Langiotti, G. Pope Wed In Quiet Home Ceremony

Miss Virginia Pearl Langiotti, daughter of Mrs. Eddie Langiotti and the late Eddie Langiotti, and Gerald LaMont Pope, son of the late Mr. and Mrs. C. R. Pope of Fayetteville, N. C., were united in marriage Friday, April 4 at 7:30 p. m. at the home of the bride, 717 Park Ave.

Officiating was the Reverend Clarence E. Ross Jr., cousin of the bride and pastor of the Orange City Baptist Church, in a very beautiful double ring ceremony. The unique setting for this impressive wedding was the drawing room. The couple pledged vows before an improvised white altar decked with white gladioli and carnations with sprays of fern. The room was further decorated with potted palms, fern and white status giving a distinct impression of an outdoor garden.

The tapered candelabra standing on each side of the altar was lighted by Robert Carl Langiotti, brother of the bride.

The radiant bride descended the fern entwined stairway into the reception hall which was artistically decorated with greenery, a profusion of fresh cut carnations and entered into the drawing room to meet her husband-to-be at the altar.

The new Mrs. Pope wore a ballerina wedding dress of fringed lace with the upper portion of white lace and a bride's tiara of white straw with pearls, sequins and a nose tip veil. The bride's bouquet was of white carnations centered with a white orchid.

Miss Marian Davis, maid of honor, wore a ballerina length, bell-sleeved tulle dress and carried a bouquet of pink carnations.

The bride was given in marriage by her brother, Edward A. Langiotti, of Washington, D. C.

The mother chose for her daughter's wedding an attractive dress of pale pink linen with a neckline of lace and wore a lavender orchid.

Mrs. Pearl Peters, grandmother of the bride, was charming in a light blue linen suit and wore a lavender orchid.

John Greenwood was Mr. Pope's best man.

The traditional wedding march and other nuptial music through out the ceremony was played by Mrs. C. E. Ross Jr. seated at the baby grand piano which held lighted sterling silver candelabra and also a garden basket of white gladioli and carnations.

Guests were met at the door by Miss Luena Franklin and the bride's book was presided over by Mrs. Gerald Ayers, cousin of the bride of Orlando.

Immediately after the ceremony the reception was held in the dining room, decorated with cut garden flowers, carnations, and greenery. A traditional three tiered wedding cake and punch were served from the dining table covered with a hand made lace cloth. Cake was served by Mrs. Herman E. Morris and the punch bowl was attended by Mrs. Shannon Winn.

Mrs. Anna W. Glass celebrated her 66th birthday with a dinner party at 2:30 p. m. recently in Entertainer with a small group of her friends and relatives including Mr. and Mrs. T. Stewart Harris, Grand Beach, cousin of Mrs. Glass; Mrs. Max M. Sheppard, Windsor, Canada, sister of Mrs. Harris; Mrs. Catherine Clapp, great niece of Mrs. Glass; her husband, Judge Alfred C. The dining table was ever laid with a white linen cloth and centered with a bouquet of mixed carnations which were given by a neighbor, Mrs. Amy Fulton, and given to the honoree as a birthday gift.

Bouquets of sweet peas decorated the living room and the music was played with cards from near and far wishing Mrs. Glass "much happiness."

The Arranger's family of New Smyrna Beach arrived as a surprise later that evening and included Jack Arranger, great nephew of Mrs. Glass; his wife, Mary, and their two children, John, Richard, 5, and Cheryl, 1 who has the same birthday as her great aunt.

Each honoree had a birthday cake. Mrs. Glass's cake was a four layer tiered creation decorated with green and yellow. Mrs. Cheryl had a two-layer frosted cake also decorated in cream of green and pink.

Mrs. Glass "learned" in pleasure at everyone who had caused her to have so much happiness. Judge and Mrs. Clapp will spend the week with her at her home "Thornby."

The Bible teacher, Mrs. J. E. Nichols, continued the study of Bible Homes by a most interesting lesson on the home of Naomi and Ruth. Many refugees today face very like conditions, she related. "There would be less in law trouble if Naomi's example were followed in dealing with daughters-in-law."

After a prayer a social hour followed with the hostess serving refreshments. Circle No. Five will have charge of program for the inspirational meeting.

Cubs Trounce Tigers 7-4 In Friday's Game

In the Friday afternoon game of the Rotary league the pennant-seeking Cubs trounced the Tigers 7-4, behind the effective chinking of Ken McMurray and his willow-wielding battery mate, Doyle Corley.

Although McMurray gave five free tickets to his opponents, he also struck out nine, giving up only three hits. Corley, meanwhile, was racking up three bingles for three trips to the plate and two of them were converted into runs.

In the first frame the victors pushed across two tallies on three passes, two bobbles, a passed ball and a single. They chased Willie Doven across home plate with another run in the second after he drew a walk, stole second and scored on Corley's single.

Trailing by three runs, the Tigers evened the count in the third. Adams, asked, went to second on a wild pitch and came home on a passed ball. Harriott, who hit safely, and Bush, put on the paths by four balls, were the other tallies that tied up the ball game.

The Cubs sent 10 men to the plate in their half of the fourth inning and the first four men to bat, Bowen, McMurray, Corley and Robinson all marked. Bowen and Robinson walked, McMurray doubled and Corley got his third single of the game.

The best of the tralling Tigers could do was one run, with Steve Powell making that one after being put on first as McMurray's pitch hit him.

Stengel Confident Of Team Victory

NEW YORK (AP) — Casey Stengel pointed a gnarled finger at a reporter today after singing the praises of his New York Yankees and rasped: "Now maybe you'll wonder how we'll ever lose a game this season."

Quite so, quite so.

The professor seems to have convinced himself (and most parts) that the Yanks will be in their accustomed place in the World Series when the American League chase ends.

"We're starting this season in stronger shape than a year ago," he said before leading his men to Washington for the opener tomorrow. "And that includes our injuries."

The younger players, particularly the pitchers, have more experience. And our pitchers are stronger with Don Larsen at his best the way he has been recently."

The injuries Stengel referred to are of a minor nature, but they have hit three of his starters. Catcher Yogi Berra is nursing a swollen right ring finger; outfielder Elston Howard has a slight groin pull and outfielder Mickey Mantle still is playing on a bruised leg.

Right now, Stengel has "only" three regular, full-time, certified starters. They are Larsen, Whitey Ford, and Bob Turley. Even Johnny Kucks, who will pitch the second game in Washington, is not in that category.

THE MAN-AGONY . . . By Alan Maver

Sam Snead Says 'No Business' Winning

By KEN ALTYA
GREENSBORO, N.C. (AP) — By his own admission, Sam Snead won a golf tournament he had "no business" winning when he took down first money of \$2,200 in the Greensboro Open yesterday.

The 43-year-old White Sulphur Springs, W.Va., veteran and darling of Greensboro Open crowds since he won the first tournament here in 1938, made it two straight here and six all told. But he had to travel two holes of a sudden death playoff to win from Fred Wampler in the rain.

Snead, after watching Wampler come from nine shots behind with a third round 64 to move into a one-shot lead over Sam after 34 holes, finished a half hour ahead of the 27-year-old Indianapolis pro Billy Pierce (18-10).

Only 20,000 are expected to see the Red Sox lift the curtain against Baltimore in Boston. The Red Sox are a vastly improved team with the addition of Bob Porterfield and Mickey Vernon and Ted Williams starting from scratch.

Southpaw Bill Wight (6-8) will pitch for Baltimore against right-hander Frank Sullivan (18-3).

As expected, the biggest National League crowd will be in Milwaukee where the Braves will try to snap Chicago's six-game opening day winning streak. Some 43,000 will see a battle of right-handers between Milwaukee's Lew Burdette (13-8) and Chicago's Bob Rush (13-11). The Braves, with the same lineup that finished second last year, are considered the Dodgers' main threat.

The Dodgers' only team with two home openers (they will open against Philadelphia in Jersey City next Thursday), will be host to the Phillies at Ebbets Field tomorrow. About 25,000 are expected to watch the Phil's Robin Roberts (23-14) oppose Don Newcombe (20-3).

Another 25,000 is expected at the Polo Grounds to see the New York Giants take on the Pittsburgh Pirates, Southpaw Johnny Antonelli (14-16), will oppose right hander Bob Friend (14-9).

The St. Louis Cardinals and Cincinnati Redlegs, both rated as "dark horses" in the pennant scramble, will oppose each other in Cincinnati before a capacity crowd of some 32,000.

Wilmer (Vinegar Bend) Mizell, back after a two-year term in the Army, gets the nod for the Redbirds. He will be opposed by Joe Nuxhall (17-12).

Sawatski Released

CHICAGO (AP) — Catcher Carl Sawatski was released outright by the Chicago White Sox today to Toronto of the International League.

Sawatski appeared at the plate 13 times during the exhibition swing getting a home run and a single.

The move reduces the Sox roster to 31 players plus southpaw Howie Pollet who is still on a "look-see" basis.

Dodgers, Yankees Favorites

By JOE REICHLER
NEW YORK (AP) — The defending champion Brooklyn Dodgers and New York Yankees, on the eve of the opening of the major league season, were solid picks today to win again but that doesn't mean the other clubs should save time and energy by sitting it out.

The Yankees and Dodgers definitely appear to have the over-all strength to repeat but injuries to their key men could scramble the entire pennant picture. Boston, Cleveland and Chicago in the American League, and Milwaukee, St. Louis, New York and Cincinnati in the National are rated as strong, if not stronger than they were a year ago.

The Yankees, in fact, will have three "cripples" in the lineup tomorrow as they help the Washington Senators inaugurate the home season in Washington. Mantle still has a swelling of the hamstring muscle he pulled several weeks ago. Elston Howard has a pulled groin muscle and Yogi Berra a swollen finger.

A sellout crowd of 28,578, including President Eisenhower, who will throw out the first ball, is expected to see a pair of right-handers, Don Larsen (9-2) of New York and Camilo Pascual (2-12) of Washington square off on the mound.

Approximately 250,000 spectators probably will witness the eight openers tomorrow. The largest crowd is expected at Detroit where some 45,000 will watch the Tigers inaugurate the season against Kansas City.

Right-hander Frank Lary (14-15) will oppose Alex Kaliner (11-4), the Athletics' veteran southpaw. A crowd of 35,000 in Chicago will have their eyes glued on shortstop Chico Carrasquel and Luis Aparicio and center fielders Larry Doby and Jim Busby as the White Sox and Indians come to grips for the first time. Three of these four figured in a trade last winter with Cleveland sending Doby to Chicago for Carrasquel and Busby. Aparicio, a flashy fielding young Venezuelan, will be trying to fill Carrasquel's shoes. Both teams, rated top contenders behind the Yankees, will lead with their best on the mound. Right-hander Bob Lemon (18-10) will be the Indians' choice against southpaw Billy Pierce (18-10).

Only 20,000 are expected to see the Red Sox lift the curtain against Baltimore in Boston. The Red Sox are a vastly improved team with the addition of Bob Porterfield and Mickey Vernon and Ted Williams starting from scratch.

Southpaw Bill Wight (6-8) will pitch for Baltimore against right-hander Frank Sullivan (18-3).

As expected, the biggest National League crowd will be in Milwaukee where the Braves will try to snap Chicago's six-game opening day winning streak. Some 43,000 will see a battle of right-handers between Milwaukee's Lew Burdette (13-8) and Chicago's Bob Rush (13-11). THE QUICKSILVER POOL

CHAPTER THIRTY-THREE
LORA went into the hall, meaning to look for Morgan, when she heard the sound of raised voices from the front of the house—as if some argument was going on. This was a moment for ordinary manners and she hurried to investigate.

The drawing-room door was ajar and she pushed it wide without ceremony. Morgan and Wade stood with their backs toward her. Morgan seemed to be resisting indignantly some request which Wade seemed upon her. Lora broke in on them at once.

"Morgan! The fire has reached the steepled places now. If it jumps to the stable anything can happen. Have you packed up what you want to save? You may have to abandon the house."

Morgan looked at her as blankly as though she had forgotten the fire. But Lora's words seemed to encourage Wade in his purpose.

"I'll take to some down," he insisted to Morgan. "You mustn't risk having it burned to ashes."

Anger blazed in Morgan's eyes. "I'm an old mistress of this house. I'll be happy to see it burn with the house, if the house must burn."

Wade turned away from her to stride the length of the room as if his limp allowed him.

And now Lora saw his purpose. The desperado had been pulled back from the painting of Morgan and Virginia, and as Wade went toward it she saw the kitchen knife in his hand and realized that he meant to cut the canvas from its frame.

Morgan, however, saw down the room ahead of him, her state plainly one of near hysteria. "Let it burn. I tell you I won't have Virginia staring at me any longer with those pale eyes. All along I've wanted to see that picture destroyed."

"Don't behave like the heroine of a bad play," Wade said coldly.

M. Hage Heading For Dallas Tourney With Women Pros

BEAUMONT, Tex. (AP) — Marlene Bauer Hage, whose great putting bagged first money in the Babe Zaharias Open, headed the women golf professionals toward Dallas today for the second tournament on the summer tour.

Mrs. Hage shot even par 73 over the Beaumont Country Club course yesterday to wind up with 218 for 54 holes and take \$900 first prize in the fourth Zaharias Open, beating out Louise Suggs of Sea Island, Ga., by three strokes.

The Asheville, N. C., shotmaker, winning her second tournament of the year, was magnificent on the green, coming from one stroke back of Miss Suggs to triumph in the final round. Miss Suggs took a 77.

Hage from sixth to fourth among her victory here pushed Mrs. the money winners with \$3,242. Miss Suggs, whose 222 won second money of \$630, leads with 4,131.

Betty Jameson of San Antonio, who won here last year, finished third with 223 and earned \$350.

At Dallas the pros will play in a \$7,500 tournament starting Thursday. It will be a 72-hole affair.

values in Seminole County." However, he pointed to his stand on lowering taxes in 1933-1934 and 1935.

One candidate was missing from the group speaking on their own behalf for Sheriff of Seminole County, P. H. Lanina, because of illness, was not present.

C. G. Owens outlined the qualifications of a sheriff and said, "I think I have these qualifications and am better qualified than the other candidates to hold this office."

C. W. Beck, usually brief and to the point, said "I believe the people now want an honest and hardworking sheriff."

J. D. Correll spoke on what had been done in the sheriff's office since he took over Dec. 3. "I sent each of my men to FBI school to keep them informed on the latest methods of fighting. I've made quite a few changes to help the people and I have many more changes if I am continued in office."

J. L. Hobby told the Longwood audience "I give you a sheriff's office pledged to none — marked suits, commutations, school bus patrol, and road blocks. I worked hard and diligently to give you clean law enforcement."

Senator Douglas Stenstrom reviewed his record in the State Senate as a freshman senator. "I cordially invite you to check into my record in any way and on every vote I cast."

Bob Holly, manager of Paul Miller's campaign in Seminole County, explained that Miller was attending a Harvard Rally and would see the voters personally and visit with them. "He is a business man and has asked you to put a business man in a business job," Holly said.

In the race for House of Representatives, Thomas Bringer said Thursday night, "I feel that I know the feeling of all the people in all the county. I would like to continue to work in the interest of children by providing a sound educational system."

Wilson Alexander emphatically told his audience, "I am the first professional man with courage enough to open an office in the south end of the county. If there is one way to know the problems of the people, it is to live with them."

Don Bales emphasized "To have representation in the Legislature from all professions." For a candidate to promise you a lot of things is just plain foolish, Bales said. However he told the Longwood Rally "I am for segregation in our schools but for equal facilities."

Gordon Frederick led off with the fact "It seems as if all political candidates are casting stones at one another. I feel that I can represent the people of Seminole County in spite of the fact that I am a lawyer. I can't make you a lot of promises — the person who does is after your vote for selfish reasons."

To climax Thursday night's Democratic Rally at Longwood, Edward G. Hornsby, a candidate for Secretary of State was allowed ten minutes to speak on his platform. He said, "I am the only candidate for Secretary of State who people have seen. It is an office equally important as that of Governor."

Richard Boorman Catches Striped Bass At Dug-Out

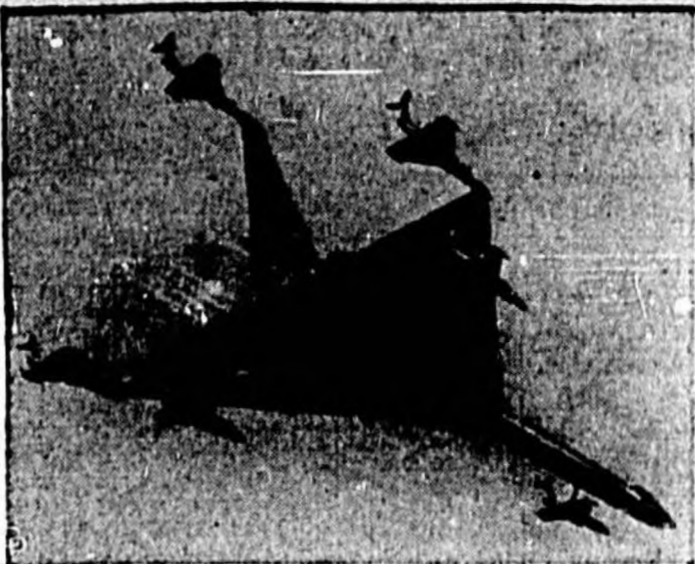

A silk line, plenty of spinners, lures, flies and bait along with a fine reel and rod may be excellent equipment for catching fish of various descriptions and species in the waters around Sanford.

But to 12½-year-old Richard Boorman who lives on the Lake Mary Road, a stick that he picked up in the woods, a piece of line with no weight test, and a stray hook attached to the end, meant success Sunday afternoon near the Dug-Out at the Lake Monroe Bridge.

With only eight feet of line and some muscle that he got from the banks of the lake, Richard brought in a 2½ pound striped bass after 15 minutes of fighting the game fish that wandered far from its usual place of abode.

Known as a salt water fish, the striped bass that measured 20 inches in length, is sort of a variety here, according to the lad who was quite proud of his unusual catch.

"I didn't even have a cork on my line," said Richard Boorman as he displayed the fish he pulled in.

THIS IS AN ARTIST'S conception of an atomic-powered bomber capable of carrying along its fighter escort. Banner Days will be a citywide event this week-end with a three-day carnival of values never before seen in Central Florida.

"The savings offered the shoppers of Central Florida in Sanford's first Banner Day event," said Merchants Association President B. L. Perkins Jr., "will be the most astounding ever seen in stores here."

"This is not a stock clearing, or stock reducing scheme," said Perkins as he explained that Banner Days will bring each store's newest items for the current spring and summer season out on the display counters at the lowest prices ever offered.

Merchants are currently receiving brand new stock each day especially ordered for this gigantic sales event, according to merchants in Sanford.

Banner Days will officially begin Thursday morning at 9 o'clock and continue through Saturday at store closing time.

"Expect to see displayed during Banner Days," said Gordon Sweeney, Chairman of the Banner

Anderson Says Rain Creates Healthy Vegetation Nature

"With an all day rain last Tuesday, April 10, it certainly created a more courteous feeling in humanity and a more healthy condition in all vegetation," said Sandy Anderson in his weekly news letter reporting on the Sanford State Farmers Market.

Sales at the Sanford State Farmers Market last week, said the Market Manager, Sandy Anderson, amounted to 32 varieties totalling 60,388 packages, at a gross valuation of \$107,743.03.

From a price-wise standpoint most vegetables and fruit sold at satisfactory figures, said Sandy Anderson.

Steve Peters Fund Nears \$700 Total; Many Helping Out

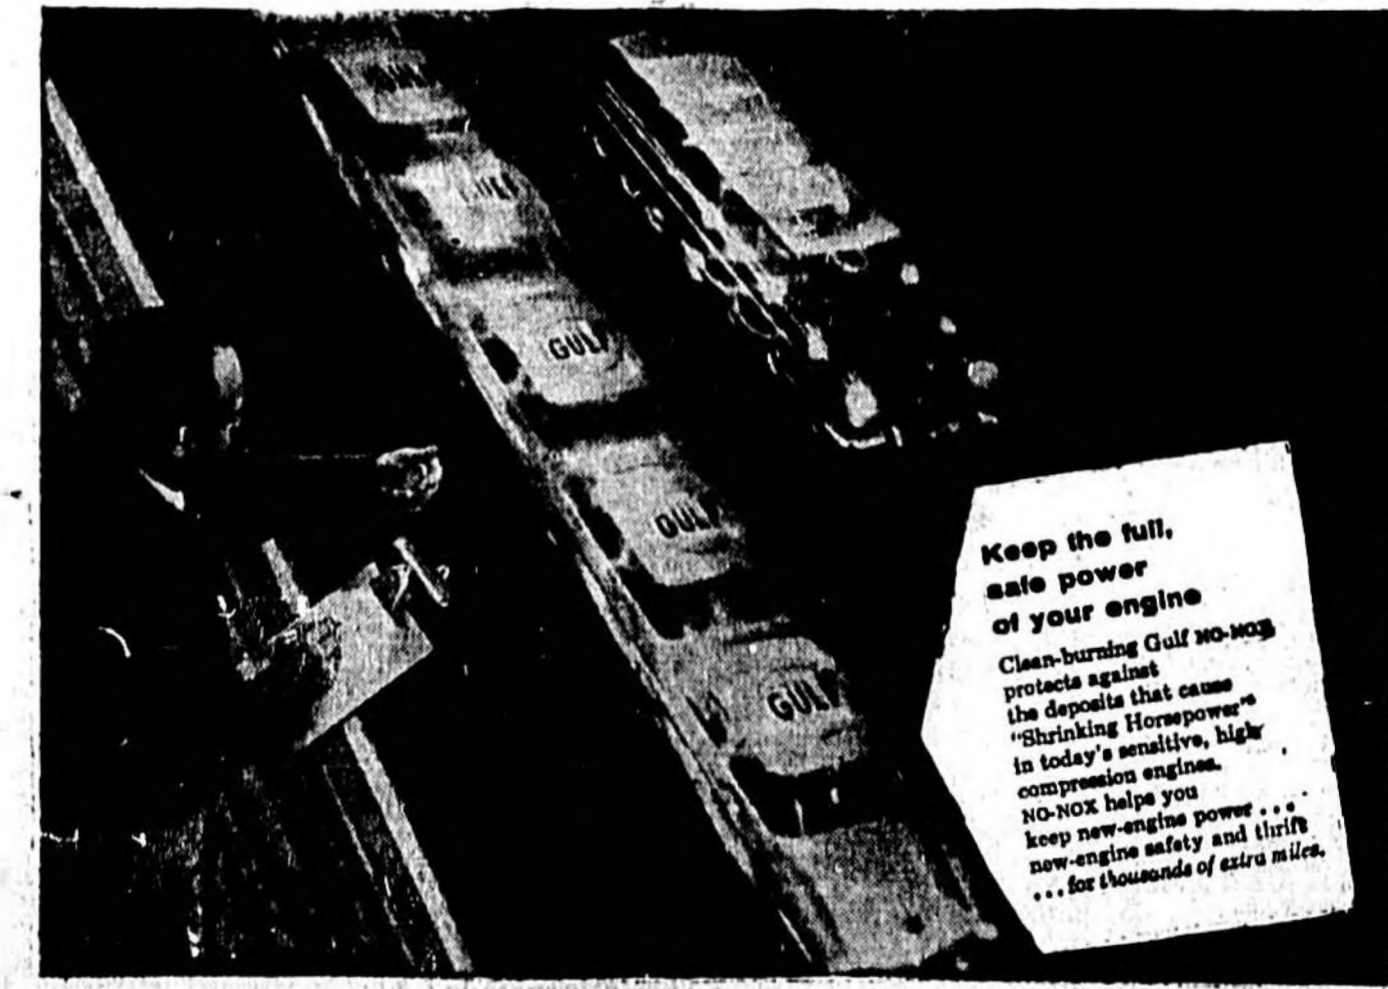

The Steve Peters Fund has reached a total of nearly \$700, according to those interested in providing a fund for the family burned out of their home on Geneva Ave. recently.

The Sanford Kiwanis Club has contributed funds for clothing for the ten children of the family with David Gatchel as chairman of the committee providing the funds.

A local shoe merchant has outfitted the entire family of ten children with shoes.

Ken Gustavson and other interested citizens have been active in requesting funds for Steve Peters and his family whose home was completely destroyed by fire. Contributions may be mailed to the "Steve Peters Fund" at the Florida State Bank.

Bloodmobile

(Continued From Page One)

and fraternal organizations have been solicited to form group accounts which would provide credits upon a moment's notice, to members and their families, and be a constant source of actual blood in the hospital refrigerator." He continued by saying that many people do not realize that blood only keeps for three weeks (after which it is processed into plasma—it is not wasted) so that while an organization's balances will be honored until all credits have been used, this means that blood must be collected daily to maintain a stock of all types at the Seminole Memorial Hospital, and other institutions throughout Central Florida.

Weir said he had been asked what arrangements had been made to take donors regularly in Sanford, and that he could make the following announcements:

"Technicians from Central Florida Blood Bank are in Sanford twice each month for the purpose of taking replacement donors. Other donors taken are those who are giving for reserve or group accounts and periods who are putting blood in the bank to establish a credit for patients who plan surgery in the near future. On the first and third Tuesdays of each month, white donors are taken at the Elks Club, 1008 East Second Avenue, from 3 to 5 P. M.; Colored donors, the same days at Doctor Starke's Clinic, 1011 South Sanford Avenue, between 5:30 and 7:30 P. M. Notices are sent to patients who have received transfusions, who have no reserve or other advance credits, a few days after blood is given, so that they may arrange for their donors promptly and thus discharge a serious obligation—their debt to the community blood supply."

Weir said further that all reserve accounts formerly held in Orlando are available to the Seminole Memorial Hospital upon authorization of the reserve chairman (as has been policy in the past) and blood credits may be transferred from Sanford through the Central Florida Blood Bank, to nearly every section of the United States via the National Blood Banks Clearing House System of which Florida is a charter member. "We have a fine service approved by our Doctors, that is dependent for future performance upon the support of our people, and every effort is made by the hospital and the blood bank to make this support easy and convenient," he concluded.

Work Week Changed

Seminole County Attorney Mack N. Cleveland Jr. told the Board of Commissioners this morning that he had been assured by the Legal Department of the State Road Department that all documents for the filing of the condemnation suit for right-of-way properties on 17-92 will be in Sanford Monday or Tuesday of next week.

A hearing has been set for May 11, said Attorney Cleveland, for the appointment of appraisers.

In other action at the meeting of the Seminole County Board of Commissioners this morning, the work week of the County Road Department was changed from a six-day 30-hour week to a five-day 47 1/2-hour week when Cecil Fields representing the employees of the County Road Department requested a reduction of the number of days and the number of hours worked. The work day will be 9 1/2 hours according to an agreement reached this morning when a motion was made by Commissioner Otis Fourakre for the change and unanimously approved by the Board of Commissioners.

J. P. LaRoche, of Elder Springs, appeared before the Board of Commissioners requesting that the old clay pit, recently located to Seminole County by Orange County be sold to him.

Referring to a previous offer to buy the property, LaRoche said that his property bounded the clay pit on all three sides.

When confronted by the Board with the fact that all property must be sold at auction LaRoche said "I'll go the limit - there'll be another election."

However, Attorney Cleveland explained, "We have to abide by the law the same as you."

LaRoche agreed to submit a bid on the property.

Residents in the area of the Koonhatchee Creek, south of Oviedo, complained according to Commissioner B. C. Dodd, that sewage from the Orlando Disposal Plant was being dumped into the stream off Route 50 creating an obnoxious odor and that fish were being killed in the stream.

The odor exists late in the evening and early in the morning, said Commissioner Dodd, and has been going on for about 12 to 18 months.

The report was referred immediately to the County Health Department for investigation.

April 20, reported O. P. Herndon, secretary to the Board, has been set as the date for a meeting of all clerks to be used during the election with a representative of the Shoup Voting Machine Company for instruction in the use of the voting machines.
