## SENATE OKES BANKHEAD'S COTTON BILL

### 3 Year Limitation Is Written Into Reciprocal Tariff Trade Agreement Measure

WASHINGTON, Mar. 29—(AP)—The Senate today passed the Bankhead compulsory cotton control bill and returned it to the House for action on amendments.

Democratic members of the House Ways and Means Committee decided today to insert a three year limitation into the Administration's reciprocal tariff trade agreement bill.

This limitation would apply to all treaties accepted under terms of the measure as well as to the authority granted the President to raise or lower tariffs for the purpose of reciprocal agreements.

The Bankhead cotton bill was denounced in the Senate Monday by one of the South's own senators—Bailey, Democrat of North Carolina—as a "slavery bill" that offered a choice between "a free republic and a regimented socialist or communism."

Administration leaders conceded the vote on the bill would be close after another day of debate which saw Senator Bush, Republican of Idaho, challenge the constitutionality and Chairman Smith of the agriculture committee compare it to the war time draft acts as a necessity to catch "smokers."

Bailey used plain language in opposing the bill.

"It should pass and be upheld by the Supreme court," he said. "I know the end of all things had come in America and I shall prepare for the socialist regime and the dictator."

"America needs more education in human liberty," he said. "Properly that God might pour out. The Fourth of July long ago lost its significance. You have got to preserve liberty to save the union."

Bailey carried his finger with law books into the Senate to challenge the bill's constitutionality, but Smith asked the Senate to "strain the constitution" if necessary to provide the relief that eighty-five percent of the cotton farmers believe is essential to their salvation."

### Bishop Cannon To Answer Charge Of Corrupt Practice

WASHINGTON, Mar. 29—(AP)—Bishop James Cannon Jr., and his secretary, Miss Ada Burroughs, today lost the final round in their effort to avoid trial upon federal charges of conspiracy to violate the corrupt practices act.

Justice Peyton Gordon of the District of Columbia supreme court overruled a defense demurral to the indictment against them, thus clearing the way for trial of the case, Apr. 9. Defense counsel previously had announced that they would not appeal if Justice Gordon overruled the demurral.

The charges accuse them of failing to report campaign contributions in 1930 when the Bishop campaigned against Alfred E. Smith.

### Insull Ship At Anchor In Istanbul Harbor

ISTAMBUL, Mar. 29—(AP)—Samuel Insull, 74-year-old warden from the New World arrived today at the gateway of the ancient East.

His mystery ship *Maintela*, for 12 days a phantom in the waters of the Mediterranean and Aegean seas, nosed through a cold morning mist around the Golden Horn and dropped anchor in the harbor here at 6:30 A. M., but the ruler of the steamer, who once held sway over a great utilities system and is now wanted for criminal trial in Chicago, left the work of provisioning the ship hastily begun.

There were repeated warnings that Insull would be arrested if he landed here. The captain told harbormaster the *Maintela* would leave for Germany as soon as provisioning was completed.

HONORED

## U. S. ASKS NEW BIDS ON AIR MAIL SERVICE

### Administration Held As Indicating That It Is Not Weakening In Its New Policy

WASHINGTON, Mar. 29—(AP)—New bids for temporary mail contracts were asked by the post office department. Airlines had companies that formerly held the awards, most resigning and removing offices who attended the famous 1930 air mail conference before they can compete.

The announcement showed clearly the Administration was weakening in its mail policy and that it remained firm in its attitude that cancellation of private air mail contracts on Feb. 1 was justified.

Temporary contracts with commercial aviation companies for transporting air mail will be made within the next three weeks Postmaster General Farley said. Advertisements for bids to be made within the next 15 days will be sent out within the next day or two. The successful bidders will be required to start operations within 30 days after they receive contracts.

The department announced 15 routes on which awards are to be made. These total 12,836 miles in 26 states. The 26 states include those in which no mail contracts had been let to private companies before the post office took over the management of the service.

The department announced 15 routes on which awards are to be made. These total 12,836 miles in 26 states. The 26 states include those in which no mail contracts had been let to private companies before the post office took over the management of the service.

Howard Overlin, local manager of the Southern Bell Telephone and Telegraph Co., Inc., who was presented with a gold pin commemorative of 20 years of consecutive service as a telephone company employee. The presentation of the pin was made at the Sanford Kiwanis Club luncheon in the Montezuma Hotel by Tom Davis, Orlando official for the Southern Bell Co. Mr. Overlin is in his 13th year as manager of the local plant.

## PROPOSE NAMING U. S. PRESIDENT BY NEW METHOD

### Majority Ballot Would Determine Winner Of Future Elections

WASHINGTON, Mar. 29—(AP)—U. S. President Roosevelt has proposed a new means of conducting presidential elections that may be adopted by the Congress in its present session, it was disclosed yesterday.

Rep. George H. Miller, D-Calif., chairman of the House committee, told the House committee that he had introduced the legislation with the President and it was understood that the

Senate would also accept the proposal, probably before the next session begins.

Miller outlined the new method of electing presidents, which he said would be adopted by the Congress in its present session.

Under the new method, each state would have a majority ballot, which would return the name of the candidate who got a majority vote in the state, according to the results of the election.

Miller said the new method would be adopted by the Congress in its present session.

## MARANVILLE OUT OF ACTION WITH BROKEN LEFT LEG

**Star Veteran Suffers**  
**Tragedy When**  
**Crossing Home Base**

ST. PETERSBURG, Mar. 29.—Grim tragedy overtook the brilliant baseball team of Walter "Dolly" Maranville, the "grand little rabbit," of the Boston Braves yesterday afternoon when his left leg was broken in an exhibition game with the New York Yankees.

Maranville, who will be 42 years old next month, was entering his last year of play when he became the major-champion in the major leagues, May. Never play another game of baseball. He was removed to Mount Park, where he will remain until he can return to his home.

At the hospital, X-ray pictures showed that it was a multiple break, with both bones in the leg broken between the knee and ankle. The skin was severely cut.

Although Maranville said that he would be unable to regain the Boston Braves within the next three months, there was some doubt among baseball men whether the "rabbit" would ever play another game.

The accident occurred in the last of the eighth inning of the

game.

## Central Florida League Will Begin 4th Season On Sunday April 22 As 4 Club Circuit

The Central Florida Baseball League will begin its fourth season of play on Sunday afternoon April 22, it was decided at an organization meeting held in Orlando last night. Four clubs will make up the organization at the start—Sanford, Orlando, Leesburg, and Cocoa.

Clubs represented at last night's meeting instructed the league secretary to get in touch with representatives at Kissimmee, New Smyrna, and Winter Park at once, in an effort to line up two additional clubs before the start of the season.

Two changes were made in the league's rules and regulations.

The franchise deposit was raised from \$25 to \$50 after a discussion in which it was decided that a larger deposit would be a better guarantee that all clubs would finish the season.

The league's "Class player" ruling which caused considerable friction last year, was amended so that it becomes at once broader and stronger.

Last year's rule read as follows:

"At no time during the playing season or post-season series shall any team have more than four players who shall have participated in 20 or more games of organized professional baseball, and no team shall employ any professional at any time 30 days after the opening of each half of the season."

The new rule will be as follows:

"At no time during the playing season or post-season series shall any team have more than four players who shall have played the following number of games of professional baseball during the past two years: 12 complete games in the case of a pitcher, and 50 complete games in the case of an infielder or outfielder. The Howe News Service of Chicago is hereby designated as the authority governing a player's classification."

Under the new rule, a player must have played several games in a "Class" league during 1931 or 1932, otherwise he is not a "Class" man. Such players as Bert Chapman, Bill Brazier, Hollie Atkinson, Johnnie Culbreth, Joe Barnes, Lefty Lane, Jake Baker, Jack Reed, Wally Shannon, George Cusack, and others are therefore considered navigable from its mouth to Bell Shoals, a distance of 10.4 miles.

The improvements proposed by the canal company include construction of a canal 30 feet deep and 150 feet wide beginning at the existing 30-foot channel at Hillsborough bay and extending along the course of the Alafia River to Lake Lakeland. The canal will be 20 miles long and will necessitate the construction of a lock and dam 70 feet wide and 450 feet long with a lift of 30 feet above Bell Shoals.

Bill Brazier, representing the Leesburg club, and Laodore Rubin of the Cocoa Club, both stated that their cities would have strong representation again this season. Each expressed the hope that Kissimmee could be induced to come into the league for the reason that it is a "red hot" baseball town with ans that follow the club all over the state.

Sanford was not represented at the meeting except unofficially through the league secretary, while Orlando, represented by John Ganzel, chairman of the Orlando Baseball Commission, indicated that steps would be taken there at once toward organization.

Vance E. Douglass, who accepted the presidency of the Sanford Baseball Club provided fans would raise a sum of money before the season started, stated this morning that only slow progress is being made here.

"I've talked with lots of men during the last few days," he said, "and they all say they want baseball but that they can't donate anything just now. We are all anxious for baseball but the old financial question has us puzzled. I'll be glad to do all I can but right now I'm slightly lukewarm about the whole thing."

However, Mr. Douglass indicated that there'll be a club in Sanford, and that the financial problem can be worked out satisfactorily. He again expressed himself strongly enough to indicate that he is for baseball and that

### Woman Socialist Goes To Jail Voluntarily

NEW ORLEANS, Mar. 29.—(AP)—Mrs. Louise Jessen, militant socialist party leader here, yesterday elected to go to jail rather than pay a \$250 fine imposed in recorder's court against her for distributing a circular on Canal Street without a permit, attacking the city administration.

Mrs. Jessen, a candidate for the commission council in the general election April 3, invited her own arrest and was accommodated. It was the second time she had been charged with distributing circulars without permit.

### Lakeland Gulf Canal Suits War Department Cut In Tobacco Taxes

WASHINGTON, Mar. 29.—(AP)—The War Department approved yesterday application by a House Ways and Means sub-committee Tuesday to back legislation

to permission to improve the Alafia River in Florida for deep-draught navigation as a private enterprise under authority of the Legislature of the state of Florida.

At the present time there is no federal project for the improvement of the Alafia River, and it is considered navigable from its mouth to Bell Shoals, a distance of 10.4 miles.

The improvements proposed by the canal company include construction of a canal 30 feet deep and 150 feet wide beginning at the existing 30-foot channel at Hillsborough bay and extending along the course of the Alafia River to Lake Lakeland. The canal will be 20 miles long and will necessitate the construction of a lock and dam 70 feet wide and 450 feet long with a lift of 30 feet above Bell Shoals.

War Department officials said Dern and Markham would meet the district Army engineers at Jacksonville and set out immediately on an inspection of projects undertaken by Army engineers with Public Works funds.

### Dern Enroute To State To Inspect Projects

WASHINGTON, Mar. 28.—(AP)—Secretary of War Dern and Major General Markham, chief of Army engineers, left yesterday for Florida to inspect the state's river and harbor projects, including the proposed trans-peninsula ship canal.

The governor particularly stressed the fact that country bankers probably will be large investors in these securities since the creditors of farmers who are being refinanced may not be in the position where they can hold the bonds so acquired and will find it necessary to sell them.

Secretary Andrews states that these bonds, which will be tendered to farmers' creditors in payment of the refinanced indebtedness, are "exempt from all federal state, municipal and local taxation, except surtaxes and estate, inheritance and gift taxes. They are lawful security for fifteen-day borrowings by member banks of the federal reserve system. They are also lawful investments for all trust, public and fiduciary funds of which the deposit or investment is under the authority or control of the government.

The payments of the interest on these bonds and the repayment of their principal are guaranteed by the United States, which means that if the Federal Farm Mortgage Corporation should ever be unable to meet the payments on the bonds, the Treasury will assume such payments.

These bonds will be issued in denominations of \$100, \$500, and \$1,000. However, amounts less than \$100 will be disbursed in cash. For example, a loan of \$900 would be made in a \$500 bond, four \$100 bonds and the rest in cash. In addition, to provide for certain debts, such as taxes which cannot be paid in bonds, cash covering the required amounts will be provided.

"Loans which have been applied for and approved, but on which the cash has not been paid out, as well as those approved by the bank in the future, will be financed on the above basis. This arrangement in no way disrupts or alters the other provisions of the loans. The interest rate on new loans will continue to be 4 1/2 percent for the emergency period when made through a national farm loan association and 5 percent when made directly by the bank."

### Glass Plan For Aid Of Industry Is Favored

WASHINGTON, Mar. 29.—(AP)—Approval of the Glass plan for five-year loans to industry by federal reserve banks was predicted yesterday by members of the Senate banking committee after it had side-tracked the Roosevelt-endorsed proposal for creation of 12 credit banks.

A rival plan for loans through the Reconstruction Corporation still was pending before the committee but members indicated they favored the Glass proposal for loans by reserve banks out of their surplus funds.

Eugene Black, governor of the federal reserve board, and Jesse H. Jones, chairman of the Reconstruction Corporation, will be given a chance Saturday to argue the relative merits of the two schemes.

### Hoover Continues Tour Of Kansas Farm Belt

EMPIRIA, Kan., Mar. 29.—(AP)—Herbert Hoover, pushing forward on a trip marked by conferences with Republican party leaders, came last night to Emporia in the heart of one of the few states which elected a Republican governor in 1932.

Today he will confer in Topeka with Governor Alf M. Landon who successfully bucked the Democratic landslide which swept Mr. Hoover out of the White House.

### EXONERATED

NEW SMYRNA, Mar. 29.—(AP)—Fred Clark, of Warner, N. H., a winter resident of Edgewater, southern suburb of this city, was run over and killed yesterday by a car driven by J. P. Richey, a Baptist preacher of Oak Hill. A coroner's jury held the accident "unavoidable" specified that "no blame should attach to the driver" of the car.

Elephant herds in Kenya, Africa, recently took their summer excursion to the seashore, and destroyed native farms at Kilifi.

### Land Bank Loans In Future To Be In Type Of Bond

(Continued From Page One) to principal and interest, which will be at the rate of 3 1/4 percent per annum for the bonds to be issued at this time.

These bonds will take the place of the cash distribution in the disbursement of the unclosed loans previously approved by the Federal land banks.

The bonds of the Federal Farm

## U.S. STEEL BOOSTS PAY OF WORKERS

**Wage Increases Also Announced By Many Other Firms To Be Effective Sunday**

**NEW YORK, Mar. 30.—(AP)—**The United States Steel Corporation announced today that its various manufacturing companies, after meetings with employees' representatives, had agreed upon an advance of approximately three percent in wages.

Wage increases that will boost the pay of thousands of workers in the South, East and West were announced yesterday by several companies.

The increases are five and ten percent of the present pay and generally will become effective the first of April.

Three of the announcements came from the South. The Tennessee Coal, Iron and Railroad company, a subsidiary of the United States Steel corporation, and the Republic Steel corporation, announced in Birmingham, a general 10 percent wage increase effective Apr. 1.

The Tennessee company employs about 12,000 persons and the Republic 15,000.

At Gadsden, Ala., the Gulf States Steel company posted a notice that 2900 employees, day workers, piece workers, and most salaried workers, would be raised approximately 10 percent Apr. 1. The boost will add \$16,000 to the company's monthly payroll.

Each of the 500 employees of the Pacific Coast Steel Company at Seattle will be increased 10 percent Apr. 1. The plant has added 250 men to the payroll in the last three months.

The Rubberest Company, brush manufacturers of Newark, will increase its factory wages by five percent Apr. 1.

Workers of the Continental Steel Corporation, 1800 at Koko-ko-ko, Ind., and 700 at Canton, Ohio, will find 10 percent more in their pay envelopes after Apr. 1. Salaried employees also will share in the increase.

The Houdaille Engineering Company, which employs 2000 men in the manufacture of shock absorbers at Buffalo, also announced a 10 percent increase in wages.

Ten percent raises also were announced by the Acme Steel Company employing 1400 men at Chicago and the Fore River plant of the Bethlehem Company at Quincy, Mass., which employs 3000 workers.

The American Steel & Wire Co., which employs 15,000 to 18,000 workers in a score of plants in the country also joined the wage increase parade.

**Turkey Promises To Arrest Insull For Extradition To U.S.**

**WASHINGTON, Mar. 30—(AP)—**The Turkish government informed the state department today that it would arrest and detain Samuel Insull for extradition proceedings.

Robert Skinner, American Ambassador to Turkey telegraphed the state department that the Turkish government had definitely promised formally to arrest Insull upon receipt of a certified copy of a warrant of arrest and a complete text of "Judicial rec-

The department immediately wired a copy of the warrant and arranged for a copy of indictment to be delivered as quickly as possible. Later, Ambassador Skinner reported that the Turkish government proposed to refer the papers to the proper Turkish court.

### PASSES LOAN BILL

**WASHINGTON, Mar. 30.—**The Senate yesterday conference report on the authority \$5,000,000 of loans to individuals, and local governments to reconstruct property destroyed by earthquakes, floods or fires since 1933 and the first quarter of 1934. The House

## RECALL OF CURRENCY PROPOSED

**Senator Has Plan To Bring Money Out Of Hiding By Issuance Of New Cash For Old**

**WASHINGTON, Mar. 30.—**Recall of outstanding currency under conditions which would realize a profit for the government, force possessors of illicit wealth to disgorge, and possibly aid in detection of the Lindbergh kidnappers has been proposed by Senator Tom Connally, Democrat, author, speaking before the Foreign Policy Association.

He stood for "nationalism" in the topic "Must America Choose Nationalism or World Co-operation?" He said in the Wallace proposal he saw, a call for redistribution in favor of the agricultural class with a resultant burden on industry.

Mr. Connally said he intended to propose a bill that would fix a time limit, probably two years, after which existing currency would cease to be negotiable. Prior to expiration of the time limit the currency could be exchanged without penalty for bills of a new issue. After the expiration date exchange would be subject to a progressively increasing discount.

"Hard times force money into hiding," Mr. Connally added, "and (Continued On Page Six)

## OTTO H. KAHN, 67, BANKER, PATRON OF ARTS, IS DEAD

**Clot On Heart Causes Death Of Powerful Financial Leader**

**NEW YORK, Mar. 30.—(AP)—**Otto H. Kahn, 67, whose operations in the field of finance wielded a powerful influence on the Twentieth Century, died yesterday.

At 1:45 P. M., the banker-patron of art and music, who died suddenly in his private office in New York City yesterday afternoon.

A clot on the heart caused death.

Word that Kahn had died spread over Manhattan rapidly. But the banking firm made no statement until the stock market closed at 3 P. M., fearful of a possible influence on trading.

Though a bit weakened by age and recent ailments, Kahn, Wednesday and earlier yesterday

had appeared in fair health. He

had occupied early this week his box in the "golden horseshoe" of the

Metropolitan Art institution he

helped to build to prominence in

the operatic world, only to lose

his native Germany for the United

States years ago.

A clot on the heart caused death.

Word that Kahn had died spread over Manhattan rapidly. But the banking firm made no statement until the stock market closed at 3 P. M., fearful of a possible influence on trading.

The Governor has a speaking engagement at Clermont at 11:00 o'clock Friday morning. That city

will be celebrating the 50th anniversary of its founding, and elaborate plans are being made

there for a fitting observance of the day.

The list of notable state officials who will be here next Friday to participate in the bridge dedication and Governor's Ball is increasing daily; it was learned at the Chamber of Commerce.

Among the latest public officials who have accepted an invitation to attend the celebration are:

W. S. Cawthon of Tallahassee,

State Superintendent of Public Instruction; George B. Hills of Jacksonville, former road department chairman, and an outstanding Democratic leader; Col. W. E. Kay of Jacksonville; F. R. Langley, M. H. Dovett and W. S. Evans, Coast Line officials from Jacksonville, Tampa and Orlando respectively; Asher Frank of Tallahassee, State Safety Director; Col. Harold Collier of Jacksonville, and Col. E. P. Owen of Jacksonville, secretary treasurer of the Florida League of Municipalities.

Lieutenant Edington was in the vault counting his funds yesterday afternoon when he was struck over the head by an unidentified intruder, naval officers said. The man or men then swept up all the cash in sight, locked the door of the vault with the officer inside and departed.

The Navy Yard robbery coincided with reports yesterday that John Dillinger, mid-Western desperado had been in Virginia. Nor

folk police were instructed to be

on the lookout for a car bearing

an Illinois license, said to have been operated by Dillinger.

## Dillinger Hand Seen In Robbery At Navy Yard In Virginia

**NORFOLK, Mar. 30—(AP)—**Bandits struck Lieutenant T. C. Edington, United States Navy Yard craft's pay officer, locked him in a vault for several hours last night, and escaped with approximately \$3000 of government money it was learned.
