## Arts Alive in Seminole County

### Fete benefits students

By MARIA OREM  
Herald Staff Writer

HEATHROW - Students and school staff will show off their special talents during a black tie event on Thursday at the AAA building in Heathrow.

As part of American Education Week, Seminole County public schools will host Arts Alive in Seminole. The event will feature live performances by students, teachers and administrators and also an art show, according to Dede Schaffner, coordinator of See Arts, Page 4A

Herald Photos by Tommy Vincent  
Two organizers of the Arts Alive celebration, Fran Kemp, left, and Dede Schaffner, display some of the colorful artwork to be auctioned Thursday.

## Option A all the way: City cops stay, so does Chief Dillard

By RUSS WHITE  
Herald Staff Writer

SANFORD - It's over. In their eighth and final meeting, the members of the city's Law Enforcement Options Committee came up with not just one but two unanimous recommendations:

•Option "A" is the only way to go. The Sanford Police Department stays.

•Chief Joe Dillard is the man in charge. His efforts, however, must be evaluated in six months and after one year.

"If Joe Dillard doesn't grab the ball with all the support he has today, he is in trouble," said Longwood Police Chief Greg Manning, who chaired the committee. "He should have had this in January when he was named chief. Total support."

The committee's recommendation to the city commissioners is to give Dillard its support

**"I have a goal that before I leave this job, I will put together the best police force in Sanford's history."**

Police Chief Joe Dillard

also, allowing him to reshape the SPD and to decide which services the department needs to obtain from the Seminole County Sheriff's Office.

The five-member city commission makes the final call. The options committee's recommendations are just that - recommendations. They are not binding. They do reflect, however, the opinions of 15 men and women who were willing to help the city solve a problem that a consultant said has existed for far too long.

The SPD was a mess, said consultant George See Cops, Page 4A

## Security director addresses concerns about school safety

By MARIA OREM  
Herald Staff Writer

ALTAMONTE SPRINGS - With more than 55,000 children attending Seminole County public schools, safety is a concern for both parents and school administrators.

At a safety workshop held at Altamonte Springs Elementary School on Tuesday, Wolfgang Halbig, director of security for the school district explained to parents the key issues children face.

"Parents wanted to know the truth and they wanted to talk," Halbig said. "People are very interested in this [safety] for all schools."

Key concerns for elementary school age children are bullying, extortion, and, according to Halbig, starting in fourth and fifth grades, an interest in gang activities. By middle and

high school age, concerns include weapons, drugs and smoking.

"Parents and children need to call us and let us know if they suspect something is going on," he said. "The sooner we can start prevention, then we can start prevention so that we can slow this down."

Through the save-a-friend anonymous hotline at 1-800-338-2337, Halbig said his office received about 230 calls last year.

"People need to have the courage to call because you could save someone by doing that," he said. "They have to have trust in us."

Stressing prevention, Halbig, who holds several workshops throughout the year for parents, said education must start at an early age and it must start in the home.

Wolfgang Halbig, director of security for the school district, addresses concerned parents at a meeting Tuesday.

## Local military unit stands by for deployment to Iraq

By DAVID FRAZIER  
Herald Staff Writer

SANFORD - Secretary of Defense William Cohen announced Tuesday the deployment of additional air assets to the Gulf region by the end of this week. Six F-117 stealth fighters from the 49th Fighter Wing Holloman A.F.B., New Mexico, will be going to Kuwait. Six B-52 bombers from the 2nd Bomb Wing Barksdale A.F.B., Louisiana, will be going to Diego Garcia.

The Air Force will also deploy four tanker aircraft to Diego Garcia from locations yet to be determined. An Orlando unit has been put on alert.

Additionally, an Air Expeditionary Force with approximately 30 aircraft, including F-15Cs, F-15Es, F-16Cs and two B-1 bombers, has been approved to deploy

to Bahrain if requested by the commander in chief, U.S. Central Command.

A Pentagon spokesperson said that the move was a decision partly due to Iraqi air defense actions that the spokesperson classified as an offensive threat to U.S. forces.

As of now, all reserves have not been put on alert to go over. "There has been no word yet," said National Guard reserve Steve Britt of Chuluota. Britt is a part of Charlie Company 2nd 214.

Sgt. Craig Vago of the Army National Guard in Orlando confirmed that there has been no word for reserves to be on alert. His reserves can be called for anything from a crisis such as the one in the Persian Gulf to hurricane relief. "There is none at this time," said Vago.

Vago admitted, however, in See Deploy, Page 5A

## County picks Reflections center for extra space

By RUSS WHITE  
Herald Staff Writer

SANFORD - The Board of Seminole County Commissioners authorized staff on Tuesday to

negotiate a lease agreement with the owners of the Reflections Building for an additional 2,500 square feet of office space.

The space is needed to accommodate personnel who have been working at the Environmental Services building which is being ac-

quired by the Florida Department of Transportation. These county employees must be relocated by June, 1998.

The Directors Office and Engineering Division are presently housed in approximately 22,000 feet at the Reflections Building on Lake

Mary Boulevard. The cost of this additional lease area is anticipated to be \$27,500. This cost, along with minor renovations, was anticipated within the Public Works 1997/98 budget.

See Space, Page 4A

## Lake Mary City Commission to hear second reading on private school

By SHARI BRODIE  
Herald Staff Writer

LAKE MARY - City commissioners Thursday will hear the second reading of a land use amendment and development agreement for the building of a private school on Rantoul Lane.

Learning Unlimited International Schools is in the process of purchasing 10 acres of property on the west side of Rantoul, north of the city's sports complex. The purchaser would like to build a private school, with a lighted track and football field on the land.

The school would accommodate, at opening, a student body of 800, grades K-12.

The commission has been supportive of the project, unanimously approving the first reading. All commissioners raised concerns regarding the impact of traffic on the paved and unpaved portions of Rantoul Lane.

Dean Alcott, director of the project, asked the commission to "fast track" the project, so the school could be built in time for the next school year. Alcott told the city commission that plans included the paving of Rantoul within a three-year period after the school is completed.

Commissioners, in their approval vote on Nov. 6, stipulated that the developer would have to pave Rantoul to County Road 46A before a certificate of

occupancy would be issued and a traffic study was to be done to determine the impact on homeowners and public safety on the paved portion of Rantoul.

The commission designated the Local Planning Agency to conduct the first of two public hearings of the development agreement on Nov. 13.

At the LPA meeting, Alcott asked that the agreement be modified to allow for the paving of Rantoul within 18 months of C.O. Alcott said the owner of the property LUIS is purchasing, BML, plans to build a housing development on the adjacent property and had proposed rerouting Rantoul through the development, out to C.R. 46A, across from the entrance to Mayfair Meadows. A traffic light would be installed at the intersection.

Alcott said that BML had agreed to pay for 80 percent of the cost of the road, with the school picking up the balance, but it was "physically impossible" to complete the engineering and build the road in time to open the school.

"This road looks to be a necessity," Alcott said. "We understand that the city is going to expect an absolute air tight guarantee" for the completion

# Questions, answers on nutrition for kids

Special to the Herald

**Q: What is chronic "non-specific" diarrhea?**

**A:** Chronic "non-specific" diarrhea is defined as any increase in the number of bowel movements per day and increase in the water content of the stool lasting more than 15 days. It's "non-specific" because it has no particular cause.

Children will have loose stools for a long period of time, but otherwise are perfectly healthy. It usually strikes children at age 1 year and can sometimes last until age 3.

Many times parents will give kids suffering with this type of diarrhea more liquids to prevent dehydration. But more fluids equals more loose stools, creating a vicious cycle. The best way to stop chronic "non-specific" diarrhea is to decrease fluids for a short period of time. It usually takes about two or three days for a doctor to determine if fluids are contributing to the diarrhea.

Keep in mind, parasites can also cause diarrhea and children may need to be tested. It is best to consult a pediatrician.

**Q: What are some healthy snacks I can feed my kids when they get home from school?**

**A:** Some parents believe snacking is bad for children, but nothing could be further from the truth. CNRC nutritionists say 20 percent of a child's energy and nutrients comes from snacks.

Instead of feeding kids cakes and cookies, make sure there are plenty of fruits and raw vegetables in the refrigerator. Lowfat yogurt, raisins, low-salt pretzels or whole-grain, graham or animal crackers, milk shakes made with bananas or fruit juice, skim or low-fat milk, and low-fat cheese also make healthy snacks.

**Q: My child likes to play with his food. Could it be that I am serving him "bad" foods?**

**A:** Children should learn there are no "bad" foods, only bad eating habits.

Instead of changing the menu, teach your child to make wise food choices by including him in meal planning, grocery shopping, and meal preparation.

Offer your child chicken, fish, broccoli, or green beans, custard or fruit, instead of foods like hamburgers and ice cream. Take him to the grocery store. Let him pick out fruits and vegetables, whole-grain breads and cereals. Choosing groceries with kids is a good way for parents to point out what foods are healthy and why.

Remember to consult the USDA Food Guide Pyramid when planning your menu.

**Q: Does breastfeeding cause women to have elevated cholesterol levels?**

**A:** During pregnancy, serum cholesterol levels often increase 10 to 50 percent over pre-pregnancy levels. The ratio of "good" cholesterol (HDL) to "bad" cholesterol (LDL) also increases. After delivery, HDL ratios continue to be higher in mothers who breastfeed than in those who do not. However, cholesterol levels normally return to pre-pregnancy levels within 3 to 6 months for both breast-feeding and formula-feeding mothers.

If you have a question about children's nutrition send it to: Kids Nutrition Q&A, USDA/ARS Children's Nutrition Research Center, Baylor College of Medicine, One Baylor Plaza, Room 176B, Houston, TX 77030. Individual responses are not possible, but selected questions will be answered in this column.

## Deputies recognized for life-saving efforts

Special to the Herald

A Sheriff's Office Awards Presentation was held during the Annual Sheriff's Office Picnic on Saturday, November 8, 1997 at L & L Acres near Lake Mary.

The awards were presented as the result of a traffic accident that occurred on Friday, October 3, 1997 on Red Bug Lake Road near Casselberry. A Chevrolet Lumina went out of control and mounted the curb. The vehicle struck 19 year old Kevin Halpin pinning him underneath.

Deputy Sheriff Mark Stanley organized six passersby into a group which lifted the vehicle off the ground. This allowed Deputy Sheriff Brenda Sonafelt to pull Halpin from under the vehicle. Halpin suffered severe fractures to both of his legs. He still cannot walk and has undergone skin grafts. Doctors expect him to make a full recovery.

Deputies Stanley and Sonafelt were presented with the Sheriff's Office Life-Saving Ribbon for their actions. The six citizens were presented with the Sheriff's Office Community Service Award.

## IN BRIEF

### PAL free throw contest

The Seminole County Police Athletic League (PAL) is sponsoring Health Shot, a free throw shooting contest to be held during the Health South Classic at Seminole Community College on Friday, Nov. 21 and Saturday, Nov. 22.

Each player must shoot at least two shots as possible. Each player must shoot at least twice. Winners are based on the average number of shots made by a team.

The teams can be all-male, all-female or coed. They will be divided by age groups - fifth through fifth grade, sixth through eighth grade, ninth through 12th grade and adults. The top two teams in each category will compete during half-time of the Health South Classic on Saturday, Nov. 22.

The 1997 Health South Classic will feature women's teams from Seminole Community College, Central Florida Community College, Palm Beach Community College and Gulf Coast Community College.

There is no charge to register for Health Shot. To register, call the Seminole County Police Athletic League (PAL) at 330-8600, Ext. 283. The deadline for registration is Thursday, Nov. 20.

### Girl Scout calendars

It's time to buy your 1998 Girl Scout calendar! Through Nov. 28, Central Florida Girl Scouts will be selling the attractive wall calendar for \$4.00 and the pocket-size calendar for \$2.

The Girl Scout calendar sale is important to Girl Scouts because it provides Girl Scout troops with the start-up money they need to carry out activities such as working on badges and providing community service projects. Girl Scout troops keep half of the sale price of the calendars. The rest of the money pays for the cost of the calendars and the cost of the sale. The new calendar also offers troops and groups an exciting opportunity to increase the awareness of Girl Scouting in local communities. By purchasing a calendar, you are supporting girl Scouts throughout your community. For more information about Girl Scouting or to purchase a Girl Scout calendar call (407) 896-4475 or (800) 367-3906.

Citrus Council of Girl Scouts

annually serves more than 25,000 girls through 5,000 adult volunteers in six Central Florida counties: Brevard, Flagler, Orange, Osceola, Seminole and Volusia. Citrus Council of Girl Scouts is a United Way recipient agency. The calendar is a collaborative project of the Florida Girl Scout Council.

### Consumer alert

It has been determined that Masonite Hardboard Siding was distributed and used extensively in Orlando-Daytona Beach-Melbourne area. A proposed settlement to a class action lawsuit regarding this product has been reached. If the Settlement is approved by the court, eligible homeowners with damage associated with Masonite Exterior Hardboard Siding may be entitled to monetary benefits.

Masonite Hardboard Siding is a wood composite product which looks like regular wood. It is typically identified by a stamp of the name "Masonite" and/or number "X-90" on the siding itself.

Please advise consumers that complete information on the Class Action Settlement and their rights may be obtained by calling 1-800-330-2722 or by accessing the Internet at <http://www.kinsella.com/masonite/>

### Register for GED

The GED Tests, leading to a Florida High School Diploma, will be offered at Seminole Community College on Dec. 6, 8 and 9. You must register before taking the tests. Test registration dates are Nov. 24, 25 and 26 at 11 a.m. or 7 p.m.

To sign up for the test or find out more about the FREE GED study program, call SCC student services at 328-2153.

### Quilt at arts show

The Seminole County Historical quilt featuring meaningful highlights in the county's heritage will be on display at the Bradley McIntyre House during the Longwood Arts & Crafts Show.

The dates are this Saturday and Sunday, Nov. 22 and 23.

The quilt is sponsored by the Seminole County Historical Society to benefit the Museum of Seminole County History. Donations to the quilt are \$1 each and \$5 for six tickets with the raffle to be made April 25, 1998 which celebrates the county's 85th birthday.

**Looking for a few good men and women**

Commandant Richard Booth, Marine Corps League (MCL), Orlando Detachment, recently presents a \$500 check to Capt. Helen Pratt, Marine Corps Reserve, at the Reserve Training Center. The donation will be used to help reduce the cost of the Marine Corps Birthday Ball Ceremony for the lower grade marines. The check reflects donations received each month from the coffee and donuts provided at the RTC by the MCL. The league is a veterans' organization for current and former marines with in excess of 90 days honorable service. The league aims to perpetuate the traditions and spirit of the U.S. Marine Corps through the continuous association of marines who served under the Globe and Anchor at any time in war and peace. New members are sought. For more information, call (407) 884-9508 after 5 p.m. weekdays.

**Happy Birthday Frances Spiegel!**

As you can see, Fran is delightfully happy about turning 65 this year!

She has been both navigator and friend, to all who know her. It has been quite an accomplishment! So, from all her family and friends, we would like to wish her - ALL THE LOVE AND HAPPINESS IN THE WORLD!

**Cancer Society sponsoring Great American Smokeout**

**From Staff Reports**

**SANFORD**—The American Cancer Society is educating the public about the cost of tobacco on society during the Great American Smokeout, which begins Thursday. "Our goal for the Great American Smokeout has evolved from just helping adults quit smoking to helping children and teenagers understand that they should never start smoking in the first place," said Fred Wittenstein, M.D., Sanford/Lake Mary physician and medical adviser to the American Cancer Society's Sanford/Lake Mary Unit Board of Directors. The cost is best measured by the number of people who die

or suffer illness because of the use of tobacco. One in five Americans die each year from tobacco use. Annually, 53,000 nonsmoking adults die as a result of breathing the smoke of others' cigarettes. The total annual American death toll from tobacco-related causes is estimated at 419,000. For more than two decades, the American Cancer Society has continued its campaign to reduce the number of cancer deaths in this country due to smoking. Its Great American Smokeout is launched every year on the third Thursday in November. This year's campaign commences on the Great American Smokeout day, November 20, but continues with educational and awareness ef-

forts through the New Year. "The Great American Smokeout is also a time for Americans to renew their commitment to a smoke-free environment for themselves and for their children," said Dr. Wittenstein. Tobacco use also drains the U.S. economy of more than \$100 billion in health care costs and lost productivity. Health care expenditures caused directly by smoking totaled 40 billion in 1993, according to the Centers for Disease Control and Prevention. Forth three percent of these costs were paid by government funds, including Medicaid and Medicare. Even though smokers die younger than the average American, over the course of their lives current and former smokers generate an estimated \$60 billion in excess health care costs. Tobacco costs Medicare more than \$15 billion per year.

campaigns, and: telling the truth about the dangers of tobacco. Lost economic productivity caused by smoking cost the US economy \$47.2 billion in 1990, according to the Office of Technology Assessment. Adjusted for inflation, the total economic cost of smoking is more than \$100 billion per year. This does not include costs associated with diseases caused by secondhand smoke, burn care resulting from cigarette smoking-related fires, or prenatal care for low-birth weight infants of mothers who smoke. The American Cancer Society is the nationwide community-based voluntary health organization dedicated to eliminating cancer through research, education, advocacy, and service. For more information about the Great American Smokeout, contact your local American Cancer Society, call toll-free 1-800-ACS-2345, or visit on the World Wide Web (<http://www.cancer.org>).

**POLICE BRIEFS**

**Disorderly Intoxication**  
Jeffrey Spotts, 21, of 114 Rahun Ct., Sanford, was arrested Monday by Seminole County deputies. Spotts was charged with disorderly intoxication and resisting without violence. Spotts was arrested in the 1900 block of Southwest Road. Officers said that Spotts was allegedly intoxicated and cussing at them as they were trying to conduct official business.

**Man stabbed**  
Trina O'Leary, 39, of 4214 Meeting Pl., Sanford, was arrested Sunday by Seminole County deputies. O'Leary was charged with aggravated battery and arrested at her residence. O'Leary was accused of stabbing her boyfriend three times in the shoulder.

**Retail theft charged**  
Edgar Ashley, 48, of 1814 W. 10th St., Sanford, was arrested Sunday by Sanford police. Ashley was charged with retail theft and arrested in the 1500 block of French Avenue. Report said that Ashley allegedly entered a bathroom and exited with product concealed.

**Drug charges**  
Keith Edensfield, 42, of 414 Sanford Ave., Sanford, was arrested Sunday by Sanford police. Edensfield was charged with possession of drug para-

phernalia and arrested in the 1100 block of Sanford Avenue. Report said that Edensfield was found loitering in an alley way. Officers found items on him.

**Undercover operation**  
Willie Edman, 18, of 2070 Muddy Lane, Sanford, was arrested Monday by Seminole County deputies. Lawson was charged with sale of a controlled substance and arrested at the corner of Kings and Broadway. City/County Investigative Bureau was performing an undercover operation.

**Incidents**  
A Coleman Powermate 3600 watt generator worth \$350 was stolen Monday in the 2900 block of Orlando Drive. Cash totaling \$30 was stolen Monday in the 200 block of South Oak Avenue. Cash totaling \$80 was stolen Monday in the area of Exeter Court. Currency totaling \$60 and a check made out for \$300 were stolen Monday in the 200 block of Lakerview. A Rolair eight horse power air compressor, a pallet of 100 nails and 50 feet of air hose were stolen Monday in the 2800 block of West 25th Street. Cash totaling \$640 was stolen in the 1000 block of West 25th Street on Monday.

"Influencing government through an effective advocacy program can be one of the greatest achievements in the fight against cancer in Florida," said Dr. Wittenstein. These efforts have yielded the successful passage of several pieces of life-saving legislation in Florida including the Florida Clean Indoor Air Act, The Medicaid Third Party Liability Act and, Youth Access to Tobacco.

In 1997, the State of Florida won their lawsuit against the tobacco industry. The settlement aims to recover billions of taxpayer dollars in Medicaid payments for health problems attributed to tobacco-related illness; protecting children from falling victim to the tobacco industry's marketing

**Millionaire Swears Under Oath He Can Show Any Orlando Area Resident How To Build Wealth**

Orlando—Self-made millionaire Russ Whitney of Florida has given several hundred thousand dollars to residents in Florida, Colorado, Vermont and Texas to buy real estate.

**Incredible, But Actually Very Smart**

Whitney, a real estate millionaire since age 27, says anyone can cash in big right now because it is an incredibly smart time to buy income-producing real estate.

**Bird Dog Program**

Whitney has scheduled six seminars in the Orlando area (among other cities) where he wants to buy properties. He will show interested area residents how and what to look for at the free workshops scheduled November 18<sup>th</sup> through 20<sup>th</sup>. He will then put up all the cash for qualifying properties and split the profits up to 50/50.

**Proof That It Works**

"It's a dream-come-true," says Heidi Dickman of Colorado Springs, a young single mom. "I went to the seminar and joined the Bird Dog network. I found a 24-unit building, and Mr. Whitney gave me \$33,000 to purchase it. Together we made a \$115,000 profit! People would have to be crazy not to at least go see how this works."

**Want To Know More?**

Here's how: There will be six free working seminars. At each you will learn:

- How to get cash from the Bird Dog Network to buy property. You find the deal, he shows you how. Split the profits with him up to 50/50.
- How to start a part-time business and make up to thousands from home. Start immediately.

Free \$100+ Gift For You

Just for attending the event you will receive a free gift valued at over \$100! In addition, throughout the workshop there will be drawings for valuable, money-making gifts and prizes.

**Coming To Orlando November 18<sup>th</sup> - 20<sup>th</sup>!**

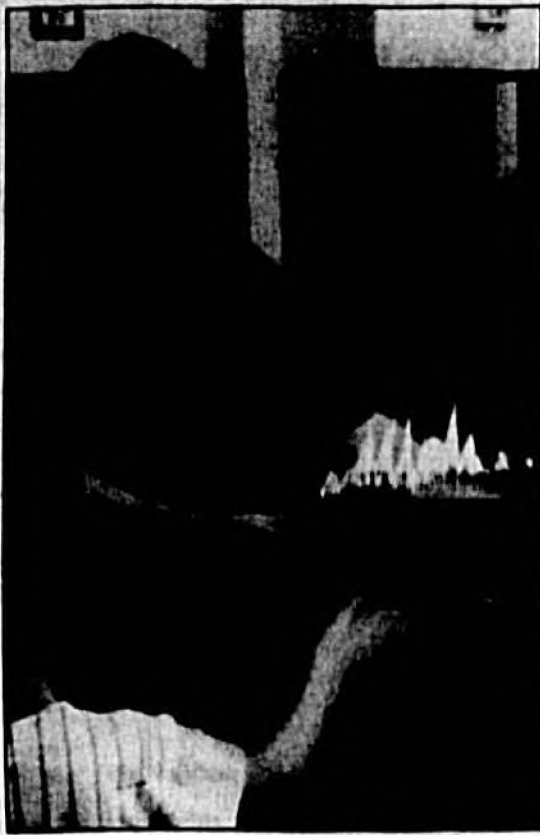

If you would like to hear more about these fantastic new wealth-building programs, call 1-888-988-7744 to attend the workshop listed below. Seating is limited, so remember to call to register early.

Millionaire Russ Whitney

Idylwild Elementary School students are treated at special assembly to a lesson in science, by Mr. Wizard's assistant Scott, who is teaching about BTUs.

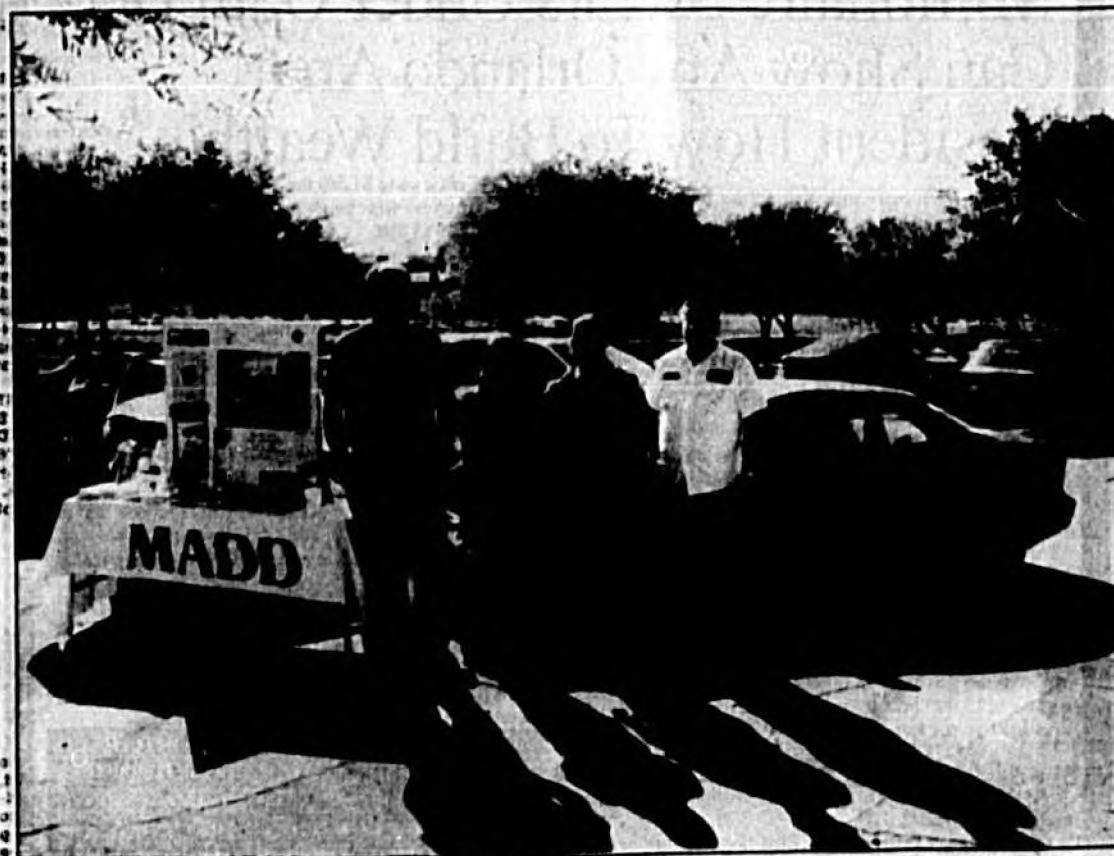

Second grader Keith Fletcher helped the experiment heat up as he volunteered his services to Idylwild's Mr. Wizard.

Idylwild Elementary School Tuesday hosted an Appreciation Breakfast for community members and business partners, recognizing American Education week. Among those attending are, from left: Organizer Dianna Smith, PTA Hospitality co-chairman; San-

ford City Commissioner Brady Laseard, Sonya Banner, PTA Hospitality co-chairman and David Scott, principal. Seated far right is Sanford Mayor Larry Dale.

Shawn Barkley, a University of Central Florida art student, paid tribute to the late Princess Di with an art happening portraying one result of drinking and driving. Shawn and Seminole County Deputy Bill Morris are flanked by sponsors Dave and Chet from Ad-

vanced Automotive, who provided actual cars involved in drunk driving accidents. The reenactment took place in the parking lot of AAA in Heathrow. Shawn created the display because several of her friends have died in alcohol related driving accidents.

*Celebrating Education Week*

## Cops

Continued from Page 1A

Huber this summer in a report that cost \$53,000. It was "dysfunctional...unaccountable...needing an overhaul," Huber said, suggesting an options committee jump start the process. "We've done that," Manning said Tuesday.

Manning wanted a decision before Christmas and got it before Thanksgiving. "I wasn't sure this would happen and I wasn't sure I'd be able to put my name to a recommendation the way we started out but I feel we've done the right thing."

Two weeks ago, the committee recommended Sanford change its city charter in order to have the police and fire chiefs report to the city manager instead of the five commissioners. A referendum is needed to accomplish this, and residents may be voting as early as January or February 1998.

Tuesday's decision came after 2 1/2 hours of debate by the members. Tapes of the session will provide historians a chilling look at Sanford at the turn of the century. Highlighted will be the efforts by the crime-troubled city's first black police chief to run a department rife with dissension.

Sanford builder Bobby VonHerbulis said that he believed Dillard was "too good-hearted" and "too much a gentleman to fire someone's butt. I think Joe Dillard is in over his head," VonHerbulis told the others.

Dillard, who sat through the 2 1/2 meeting,

was stunned by vonHerbulis' remarks and the opinion he had accomplished little since becoming chief in January upon Ralph Russell's retirement. He heard several committee members express opinions that his job was made doubly tough because he is black.

"The SPD is my responsibility and I'm qualified to make the calls," Dillard said. "Unless someone has been here, seen what has gone on each day, he can not possibly understand what is and has been done."

His being black made no difference, he said, as he proved himself a worthy police officer in each of the duties and positions he has held in 26 years with the SPD and should not make a difference today. "There are jealousies that exist," he said. "Not necessarily because of the fact I'm black."

"I have a goal that before I leave this job, I will put together the best police force in Sanford's history."

"This is his show, not mine," Manning said. "He has to make people turn to him to make the calls and be the No. 1 man. He has to talk about them, too. That's his job - not Sgt. Darrel Presley's job. Joe has to be the spokesman for the department."

Former city commissioner A.A. "Mac" McClanahan, who doggedly fought to keep the SPD intact from the start praised Dillard's service to the department. "He's done the job from the time he began to now," McClanahan said. "Let's let him run with it."

## Halbig

Continued from Page 1A

Halbig said school staff performs many services on a daily basis to promote safety in the districts 52 schools. For example, teachers watching bus ramps, sign-ins and hall monitoring. Students also help out by serving on safety patrols. In addition, there are both badged and unbadged security officers at all middle and high schools and some elementary schools, he said.

The sign-in process is especially important because so many people come and go and we need to know who is on campus, he said. Childnapping

has become a growing concern particularly in elementary schools.

"You have many legal things going on concerning custody. It's a major endeavor just keeping track of all these things," he said.

To enhance safety, the schools use technology such as video surveillance of the buses, buildings and grounds, intrusion detection devices, and two-way radios carried by the resource officers and school administrators.

At the beginning of the school year, students also sign a code of conduct outlined in a student handbook where accepted behavior is spelled out. Noting the poor attendance

at the workshop, Halbig said it is important for parents to understand what is going on and to become involved.

"The ones who are here are the ones who are really interested and want to know," he said.

Halbig, who has conducted the workshops since 1993, said safety has become the major issue in schools across the country. However, despite all outside efforts, Halbig said kids must also take responsibility for their actions.

"There are just so many problems out there coming from the community, it's just overwhelming," he said. "We want to get to the kids before they are arrested."

## School

Continued from Page 1A

of the road in the 18-month period. Alcott said LUIS would post a performance bond and that BML would become part of the agreement.

The LPA approved the changes to the developer's agreement, in a vote of 3 to 1, giving the applicant 18 months to complete the road. Board members did not want to delay the fast-track process. "I think it is important to get this thing started and get it done," Frank McDonald said. "If it takes suffering through a year's worth of problems, it's worth it. The city needs this school."

As part of the fast-track process, the PUD and site plan was reviewed by the Planning and Zoning Board prior to the LPA meeting. The P&Z requested the developer install a sidewalk along the length of the road.

The City Commission will discuss the P&Z and LPA actions at the regular commission meeting on Thursday.

The Lake Mary City Commission meets at Lake Mary City Hall, 100 N. Country Club Rd. the meeting begins at 7 p.m.

## Arts

Continued from Page 1A

community involvement for the Seminole County school district.

When searching out talent for the production, Schaffner said she didn't need to go very far.

"Sometimes you just have to look in your own back yard," she said, adding that four of the performers are nationally recognized professionals.

Among some of the noteworthy performers is South Seminole Middle School teacher Cindy Brown, who according to Schaffner, "does an Aretha Franklin medley that will knock your socks off." Brown has appeared at Universal Studios several times. Brown's brother, Gerald Casanova, assistant principal at Oviedo High School, will also sing.

Other professional entertainers include Michelle Morrison, assistant principal at Geneva Elementary, and Daniel Merchant, assistant principal at Goldboro Elementary.

Starting at 6 p.m., entertainment will be provided in three areas at AAA. There will be a stage at the back of the building with continued per-

formances lasting no more than five minutes each, Schaffner said.

"That shows just how many performers we'll have," she said.

Another area will be located in the Blue Room downstairs and on the ground level auditorium there will be two shows, one at 6:30 p.m. and the other at 8:30 p.m.

Students who have appeared nationally will be featured on all the stages, while the Seminole High School Gospel Choir will be singing as they stroll along the overhead walkway at AAA.

In addition to the performances, there will be a silent auction featuring more than 250 pieces of art created by students from many schools in the county.

Proceeds will benefit the visual and performing arts in the county's schools through a special foundation and the Midway Elementary fine arts cluster school.

Tickets are \$75 each or \$1,000 for a corporate table of 10. The gold sponsor is Lockheed Martin Corporation. For information, call 320-0176.

## Space

Continued from Page 1A

"We'll go into negotiations with John Knight and Pat Christiansen," said Cindy Coto, deputy county manager who made a list of proposals to the board. "We've solved our immediate needs and set a path for the future."

Christiansen told Coto last week that 2,651 square feet on the ground floor is available for immediate use by the county. He said that Reflections at Hidden Lake Inc. could support the county in both its short and long term space requirements.

The board voted, 4-1, to approve a short term-lease with Reflections and authorized staff to draw up an RFP (Request for Proposal) for long-term space requirements. Kevin Spolaki of Sanford presented a comprehensive plan

that offered the county his views to the short and long-term solutions. Spolaki said staff approached him in April.

He proposed an alternative government center at 1723 West Airport Boulevard. As impressive as Spolaki's plan was, the commissioners said they wanted an RFP and have staff do a thorough study of what facilities will be needed in the future.

Sanford Mayor Larry Dale gave input at the work session. His request to the county was to leave the city's waterfront for as much private industry as the town can muster. "We're proud that Sanford is the county seat and we want to keep it that way," Dale said. He said he was willing to support the county's plans as long as they did not interfere with economic development on the waterfront.

## OBITUARIES

**JEFF HELLMAN**  
Jeff Hellman, 37, Grant Street, Longwood, died Sunday, Nov. 19, 1997. Born in Cincinnati, he moved to Central Florida in 1989. Mr. Hellman was a general manager for Pinter Enterprises. He was a Catholic.

Survivors include wife, Bonnie; sons, David, Kevin, both of Cincinnati, Justin, St. Louis; father, William, Cincinnati; mother and step-father, Marlene and Donald Pfarr, Phoenix; brothers, Gregory, Cincinnati, Timothy/Bel Air, Md., Douglas, Island Lake, Ill.; maternal grandmother, Theresa Kroes, Sarasota.

Gaines Carey Hand Garden Chapel Funeral Home, Long-

wood, in charge of arrangements.

### MOSES ROUNTREE

Moses Rountree, 84, Callahan Street, Winter Park, died Monday, Nov. 17, 1997. Born in Morven, Ga., he moved to Central Florida in 1989. Mr. Rountree was a laborer. He was a member of Mt. Moriah Missionary Baptist Church.

Survivors include wife, Verneda V.; daughter, Doris Cain, Newark, N.J.; step-daughters; Line Read, Barbara Berger, both of Plainfield, N.J., Velma Speakman, Decatur, Ga.; sons, Moses Jr., Newark, N.J., the Rev. Malachi D., West Orange, N.J., John, Winter Park, John Wilson, Miami; step-sons, Frank Kelly, Plain-

field, N.J., Willie Kelly, Decatur, Ga.; sisters, Connie Miller, Elizabeth, N.J., Loomie Johnson, Newark, N.J.; brothers, Rayfield, Newark, N.J., Lonnie, Winter Park; 11 grandchildren, three great-grandchildren.

Golden's Funeral Home, Winter Park, in charge arrangements.

### FUNERAL

**HELLMAN, JEFF**  
A memorial service for Jeff Hellman will be conducted today at 2 p.m. at Gaines Carey Hand Garden Chapel, 355 E. State Road 434, Longwood.

Arrangements by Gaines Carey Hand Garden Chapel Funeral Home, Longwood. 834-8550.

## CALENDAR

### Alzheimer's Support

Presently, the Alzheimer's support group in Sanford has been dissolved due to lack of support. Those needing assistance and information may call 1-800-330-1910.

### Rotary Club

Rotary Club of Lake Mary meets Thursday mornings, 7:30-8:30 a.m., at the Marriott Courtyard, off West Lake Mary Boulevard. Contact Brian Overby, president, at 322-0634.

### Sertoma Club

The Sertoma Club of South Seminole County, dedicated to the advancement of speech and hearing children, meets every Thursday morning, from 7:30 to 8:30 a.m., at the Sabal Point Country Club on Wekiwa Springs Road, Longwood. Potential members are invited to attend.

### Weight Watchers

A local chapter of Weight Watchers meets at the Lake Mary Community Building every Thursday from 4:45 to 6:45 p.m.

### Toastmasters

The Omni Toastmasters Club #6861 will meet at 5:30 p.m. every Thursday at the AAA Building, 1000 AAA Drive, Heathrow. Guests and prospective members are welcome. Call Bertram Glick, 323-6089, for more information.

### Senior Friends

The Columbia Medical Center-Sanford Chapter of Senior Friends meets every second Thursday, at 10:30 a.m., at the Sanford Senior Center, 401 E. Seminole Blvd. Interesting and timely programs are featured monthly plus social exchange. All Seniors are welcome. For information, call Liz Lawlor, director, 321-4500, Ext. 5784.

### Pot Luck dinner

Widowed persons are invited to attend a pot luck dinner at 5:30 p.m. every third Thursday of the month at the Caselberry Senior Center, 200 Lake Triplet Drive, Caselberry.

### ALANON and ALATEEN

ALANON and ALATEEN meetings are held every Thursday, at 8 p.m., at Sanford Christian Church, 730 Upala Road, Sanford. For information, call 323-8524.

### Sanford Blue Grass Pickers

Sanford Blue Grass Pickers meet every Thursday, from 6-10 p.m., at the Greater Sanford Chamber of Commerce. Pickers and grinders are welcome. For information, call Charles E. Miller (407) 323-8294.

### Sanford Historic Trust

The Sanford Historic Trust meets the first Thursday of the month, at 7 p.m., at the First Street Gallery, 207 Magnolia Ave.

### Amateur Radio Society

The Lake Monroe Amateur Radio Society meets every first Thursday, at 7:30 p.m., at the Senior Center, Lake Triplet Drive, Caselberry. For information, call Karl Lambert, 695-8764, or Al Kirk, 322-4487.

### University Women

American Association of University Women meets the first Thursday of each month at 7 p.m. at the Rolling Hills Moravian Church, State Road 434, Longwood.

### Pigeon Fanclers

The Central Florida Pigeon Fanclers Association meets the third Thursday of each month, at 7:30 p.m., at the Seminole County Agricultural Center, 4300 Orlando Drive, Sanford. For more information, contact Dick Kelly at 291-4346.

## Food

Continued from Page 6A

Combine the sugar and water in a pan. Heat gently until the sugar dissolves. Bring to a boil and add cranberries. Reduce heat immediately to a very slow boil, cooking and stirring occasionally for about 10 minutes. Remove from heat, allow to cool to room temperature and then refrigerate until ready to serve.

Yield: 2 cups.

— Recipe from Chef Michel LeBorgne, New England Culinary Institute, Montpelier, Vt.

### ROASTED VEGETABLES

2 bunches raw beets  
Several handfuls string beans  
Several red, yellow or green bell peppers, or combination

2 yellow squash  
2 bunches scallions  
1 pound carrots, preferably the peeled "baby" carrots sold in packages

Other vegetables, such as leeks, red onions, asparagus, white pearl onions, broccoli and zucchini  
Extra-virgin olive oil  
Kosher salt

Preheat the oven to 350 degrees. Cut the tops and trim the root ends of the beets. Rinse them well. Wrap in aluminum foil and roast them until tender (may take up to 1 hour for a large beet). When done, remove from heat and allow to cool. Slip off skins and set beets aside. (This can be done the night before.)

Rinse all vegetables well and allow them to drain. Trim all the vegetables: if using string beans, remove the "tops" and "tails." Seed the peppers and cut them into quarters. Trim the scallions. Cut the squash on the diagonal into pieces about 1/4-inch thick. Clean and trim the carrots, and cut them as you did the squash (if you are using baby carrots, leave them whole). Depending on the size of the beets, halve or quarter them. Prepare any other vegetables in a similar manner, taking care to peel onions before roasting.

Using a pastry brush, lightly coat a large baking pan or cookie sheet with oil. Arrange the vegetables in a single layer on the pan and brush them lightly with oil. (You may have to use 2 pans) Sprinkle with kosher salt.

Just before serving, preheat the oven to 500 degrees.

Roast the vegetables until fork tender, 10 to 15 minutes. Remove the quicker-cooking vegetables, such as the scallions, as they are done. If the vegetables blacken a little, that's OK.

Note: You can increase this recipe by adding as many vegetables as you like.

— Inspired by "Cucina Simpatica," by Joanna Killeen and George Geron (HarperCollins, 1991).

### PUMPKIN CHEESECAKE

For crust:

1-1/2 cups graham cracker or ginger snap crumbs  
1/4 cup packed brown sugar  
1/2 cup melted butter

For filling:

2 pounds cream cheese, softened  
1 cup granulated sugar  
1/2 cup packed light brown sugar  
5 eggs, beaten  
2 cups canned or fresh cooked pumpkin  
2 teaspoons pumpkin pie spice  
1 teaspoon vanilla

For optional topping:

1 cup chopped, lightly toasted pecans  
About 1/3 cup chopped dried cranberries

Make this the night before you plan to serve it.

Preheat oven to 425 degrees. Combine crust ingredients and press into bottom of a 9-inch spring-form pan. Bake 8 to 10 minutes.

Place the cream cheese in a very large bowl and beat in sugar until mixture is light and fluffy. Beat in eggs. Add remaining ingredients and mix well. Pour on top of crust and lower oven temperature to 325 degrees. Bake for 1 hour and 30 minutes, or until cake is firm around edges. Turn off heat and let cake remain in oven an additional 30 minutes. Cool completely, cover and refrigerate until thoroughly chilled.

Just before serving, remove sides of pan. Top cake with nuts and cranberries, if desired.

Yield: about 12 servings  
— Recipe from Chef Michel LeBorgne, New England Culinary Institute, Montpelier, Vt.

# Wife's addiction overrules her love

DEAR ABBY: My wife is the most unselfish person I know. She'll do anything except for one thing. She loves her children and does everything they ask — except for what they want most. My wife adores our grandchildren and will indulge them with anything they ask — except for what they harass her about most often. She refuses to quit smoking.

Her love for her family is exceeded only by her addiction to nicotine. Cigarettes are her first thought in the morning, and they receive her last caress at night. She has emphysema, breathes heavily and coughs constantly. We haven't shared a bed in years because her coughing keeps me awake. She sleeps on the living room couch to elevate her head and facilitate her breathing.

Cough drops and other non-prescription drugs temporarily relieve a variety of ailments, so she ingests them daily along with prescription medications. She has undergone angioplasty to clear a clogged artery and was advised by her surgeon to stop smoking. Unfortunately, her addiction is more powerful than her desire to live.

I also have lung disease from 40 years of smoking cigarettes, pipes and cigars. Five times I quit for more than a year. Twice I quit cold turkey without help. Twice I had acupuncture. I quit the last time three years ago during a "smoke

ADVICE

ABIGAIL VAN BUREN

stoppers" class at the hospital. I know smoking is a difficult habit to break. And I suspect it's more difficult for people who are genetically prone to addictions. (My wife is a recovering alcoholic.)

She has tried to quit smoking. She's had acupuncture twice and she also attended the "smoke stoppers" course. She has worn nicotine patches and has chewed nicotine-based gum. But she has never gone more than a day or two without a cigarette. (She confessed that she lit up while driving home from one of the \$100 acupuncture treatments.) In deference to her family, she doesn't smoke in the house. In wind, rain and cold temperatures, she goes outside to light up. And this further aggravates her respiratory problems.

I'm angry. I'm angry with my wife. I'm angry with myself for being her co-dependent. I'm angry at cigarette companies for enticing

us to take up this insidious habit. And I'm angry with the government for not enacting more control over a drug that kills 500,000 Americans every year.

My wife was born of sturdy Norwegian ancestry on a farm in Minnesota, and for years her body stubbornly resisted the hourly doses of nicotine. But little by little, her body is losing the battle. She needs help. I need help.

THE MAN WHO LOVES HER

DEAR MAN: Your wife may be beyond the help you seek, but perhaps it will comfort you to know that your powerful letter may convince another person to stop smoking. And tomorrow will provide the perfect opportunity.

READERS, tomorrow, Nov. 26, marks the 21st Annual Great American Smokeout. The Smokeout is a one-day campaign to encourage smokers to quit smoking for 24 hours — to prove that they can do it. Last year, more than 11,000,000 quit for the day — a giant step in the right direction.

My readers tell me that while "cold turkey" is the most difficult way to kick the habit, those who need help or want more information about the effects of tobacco may call the local chap-

ter of the American Cancer Society at 1-800-ACS-2843.

# Lake Mary girls just get better and better

**SANFORD** — Playing the Lake Mary girls' basketball team isn't as much a game as it is a slow torture.

It's death by a thousand cuts.

It's the Lake Mary water torture.

Dr. Kervorkian could coach the team instead of Carl Brown.

There aren't many ways to describe the brutal beating that the Lady Rams can put on opponents this season. Last year, Seminole was one of few teams in Seminole County that could give Lake Mary a game.

This season, the Lake Mary girls flick away a team like Seminole like an annoying fly. That's how good they are. And that's what they'll do to anyone who tries to step onto the same court this season. Look out Oviedo, Lyman and all the other contenders for the second spot in the Class 6A-District 3 playoffs come next February.

You're all playing for second place.

The weapons on Lake Mary are lethal.

Start out with the marquis player.

Okay that didn't narrow things down since the Lady Rams have at least three players who will star at Division I schools somewhere down the road. We'll start with Lauren Bradley.

Bradley is probably the most well-known of the team, a center that has college scouts wiping drool off of their faces. She has every part of the game down pat and can bang one minute and put up the prettiest little jumper in the gym a minute later.

Ashlee Ballance is the point guard. As a sophomore last season, she ran the show as sort of a quiet, but dominating presence.

Things have changed this season. Against Seminole last night, Ballance was a coach on the court. She dished, drove and dominated.

Then you have Scully, known on her birth certificate as Mary Leah Sutton. She takes pride in her bruises and she collects them as much as she collects memorabilia from her beloved X-Files. Sutton can pull down any rebound Bradley doesn't get and has the fire that creates a winner. Sutton simply wants it more than anyone else on the court.

Stephanie Dale represents the seniors. She hides behind the spotlight of her teammates but has the all-around game that sparks any team.

There's also Brown. Believe it or not, it isn't always easy to coach the best team in the state. There are egos, attitudes and parents to deal with. It may be even more difficult at Lake Mary.

Consider the situation. The Lady Rams had a junior varsity program that was almost unbeatable last season and those kids are ready to move up to varsity.

The problem is that the Lake Mary team from last year consisted of three sophomores and a junior in the starting lineup.

The roster doesn't look much different than last season so there are bound to be some itchy parents. Somehow, Brown was been able to keep the peace. Wait 'till next year.

Sometime, somewhere, someone is going to knock off the Lady Rams.

It just might not be in what's left of this millennium.

**Last Second Shot:** Dan Marino is currently the third-best NFL quarterback in the state of Florida.

Did you catch that? I just said that Trent Doofus, er, Dilfer is better right now than Dan Marino.

# Rams display power

Lake Mary junior point guard Ashlee Ballance (No. 33) drives inside Seminole's Barbara Guy for two of her 16 points during the Rams' 67-31 thumping of the Fighting Seminoles at Bill Fleming Memorial Gymnasium Tuesday night.

# Lake Mary girls show that they are class of county

**By KELLIE WEBBER**  
Herald Staff Writer

**SANFORD** — The Lake Mary girls' basketball team traveled to Sanford last night and proved for the fourth time this season why it is the second-ranked team in the state.

The Lady Rams devoured Seminole, taking the ball away from the offense 29 times in their 67-31 Seminole Athletic Conference win at Bill Fleming Memorial Gymnasium.

"Turnovers killed us," said Seminole coach Sylvester Wynn. "You can't turn the ball over against a team like Lake Mary. We are very young in the guard position and we allowed the ball to be taken away from us too many times."

Lauren Bradley, who had 16 points in the game, was in Seminole's face all night. Everyone knew she was one of the most dominating players in the county, but the Lady Rams gained first-hand evidence of that fact last night.

Seminole also learned what an important member of the Lake Mary team Ashlee Ballance is. With 16 points of her own, the junior point guard ran the offense like a seasoned professional and was instrumental in converting many of her team's steals.

"We're really beginning to gel and work together as a team," Ballance said. "There are no excuses, but we did just get the volleyball players. But we have two good players up from junior varsity and they are familiar with the program. We just have to keep playing against ourselves and improving."

From the looks of things last night, they don't have far to go.

Lake Mary jumped out to a quick 12-0 lead and never looked back. Bradley scored 12 of her points by the end of the first quarter and almost completely stopped Seminole from getting near the basket. Rosetta Jackson hit a three-pointer to keep her team from being shut out and Lake Mary led after the first period, 26-3.

Good defense on both teams allowed little shooting in the second. Dee Dee Hampton stepped up and made two baskets and Amanda Cook added one more to help Seminole outscore the Rams by two points and trailed 32-9 at the half.

In the third quarter, Seminole came back to life. Tamara Gilchrist and Felicia Henderson started hitting baskets and pulling down rebounds, combining for eight points.

Unfortunately, Ballance also came alive, along with Mary Leah

# Women close season with upsets

**From Staff Reports**

**SANFORD** — The Sanford Recreation Department Women's Fall Slowpitch Softball League closed its season Tuesday night with a pair of upsets at Pinehurst Park.

In the first game Insurance World took a 5-0 lead in the top of the first inning and never looked back in winning its second game of the season, 13-7, over the Nightmares.

In the nightcap, the Sharks took a 4-0 lead with two runs in each of the first and fourth innings and held on for a 5-3 victory over the Vivona's to gain a share of third place.

The final standings were: Paul's Auto and Truck Repair (10-2), Today Homes (9-3), the

Insurance World	811 000 0 - 13 18
Nightmares	000 000 0 - 7 8
Sharks	300 301 0 - 8 10
Vivona's	000 000 1 - 5 11

Sharks and Vivona's (both 8-4), Vaughan Incorporated (4-8), Insurance World (2-10) and the Nightmares (1-11).

Providing the offense were:

Insurance World: three hits — Diane Colangelo (triple, run, three RBI); two hits — Gayle Minnig (triple, three runs, two RBI), Lisa Garrett (three runs, RBI), Angela Whitney (run, RBI), Wenda Wilson (run); one hit — Michelle Berning (two runs), Ginger Shaw (RBI), Colleen Degue, Dana Dunn (one run scored each).

Nightmares: one hit — Lynne Smith (double, run, RBI), Terri Talton (double, two runs), Tina Hill (double), Cathy Prager (run, RBI), Becky Simpson (two runs), Tracy Howarthman; one run scored — Darlene Capps; one RBI — Jenn Kibler, Sharon Ritchie.

Sharks: three hits — Kathy Spellman (two RBI); one hit — Denise Stallings (triple, run), Robin Bishop (double, run, RBI), Deborah Vandemark, Gloria Efrid (one run scored each), Lisa Berg (RBI), Sheila Sanders, Jenny Blowers; one run scored — Tanya Getger.

Vivona's: three hits — Dawn Neff (two RBI); two hits — Dee Walden (run), Shae Brown; one hit — Barbie Bartels, Leah Sparrow (one run scored each), Angie Carpenter, Cheryl Hubbard.

# AT&T knocks off Vicky's in fastpitch

**From Staff Reports**

**LAKE MARY** — Tammy Lent's two-run triple in the bottom of the sixth inning drove in the tying and winning runs as AT&T handed Vicky's Permit Service its first loss of the season with an 11-10 upset in City of Lake Mary Department of Parks and Recreation Women's Fall Fastpitch Softball League action at the Lake Mary Sports Complex Monday night.

TWC (Time Warner Communications) had opened the night's action by scoring four runs in the bottom of the first inning and going on to beat AT&T 7-1, holding AT&T to only four singles.

Vicky's Permit Service, which had swept a doubleheader on opening night, then got a leg up on AT&T in the nightcap by scoring two runs in the top of the first inning.

But AT&T answered with seven runs in the bottom of the first inning and the fight was on.

Vicky's Permit Service eventually fought back to tie the game at 8-8 and with time running out after five innings the team's went to the international tie-breaker.

In the tie-breaker, the person who made the last out in the previous inning is put on second base

AT&T	000 001 - 1 4
TWC	410 000 - 7 8
Vicky's Permit Service	214 100 - 10 9
AT&T	710 000 - 11 13

to open the inning.

In the top of the sixth inning Catherine Duchock was placed on second base for Vicky's Permit Service and she was singled to third by Ali Shevlin. After a stolen base, Connie Fishbaugh doubled in both runners to give Vicky's a 10-8 lead.

AT&T put Jenese Nieves on second to open the bottom of the sixth inning and Angie Schlei reached on an error. Laura Stapleton doubled in Nieves to cut the lead to one and Lent followed with her triple to end the game.

Vicky's Permit Service still leads the league with a 2-1 record, while TWC is 1-1 and AT&T is 1-2.

TWC will play the doubleheader next Monday night starting at 6:30 p.m. at the Lake Mary Sports Complex on Rantoul Lane across from the Mayfair Country Club.

Providing the offense were:

TWC: three hits — Corey LeSage (run, RBI); two hits — Robin Gianelli (home run, run, four RBI), Colleen Smith (home run, three runs,

**See Fastpitch, Page 2B**

Jessie Nieves had a single, scored two runs and drove in one as AT&T upset Vicky's Permit Service in Lake Mary women's fastpitch softball action Monday.

# Leiffer and Sons continues unbeaten streak in Lake Mary

**From Staff Reports**

**LAKE MARY** — Leiffer and Sons Trucking came up with 20 hits, including seven for extra bases, as it remained undefeated with a 13-5 beating of many-time champion TRC (Tim Raines Connection) in City of Lake Mary Department of Parks and Recreation Men's Fall Friday Night Slowpitch Softball League action at the

Lake Mary Sports Complex.

TRC led 2-1 after one inning, but Leiffer and Sons Trucking came back with seven runs in the top of the second inning and TRC could never recover.

In the other games, the Superstore Slammers got a 7-0 forfeit victory from Sanford Paint and Body and Modern Welding kept its championship hopes alive by rallying for six runs in the top of the seventh inning to top Beer :30 13-10.

Leiffer and Sons Trucking is now 8-0 on the season and has clinched at least a tie for the league championship with only two games remaining on the season.

Trailing the leaders are Modern Welding at 6-2, Beer :30 and TRC each with a 4-4 record, the Superstore Slammers at 2-6 and Sanford Paint and Body at 0-8.

The league plays a triple-header every Friday night at

the Lake Mary Sports Complex on Rantoul Lane across from the Mayfair Country Club starting at 6:30 p.m.

Beer: 30 kept getting a lead, but Modern Welding had an answer each time as Beer :30 broke a 3-3 tie by scoring four runs in the bottom of the fifth inning and then broke a 7-7 tie by scoring three runs in the bottom of the sixth inning.

But once again, Modern Welding had the final answer

to the question of who would win as a walk, a double and five singles led to six runs to claim the victory.

Contributing for Modern Welding were Lee Alexander (four singles, two runs, three RBI), Jimmy Still (four singles, two runs), Todd Hunter (two singles, run), Will Battan (double, single, three runs, RBI), Rich Hanratty (double, single, three RBI), Ethan Bauer (two singles, RBI), Andy

Latimer (triple, run), Ed Mengani (double, run, RBI), Randy Lewis (double), Vince Pedigo (single, two runs, RBI), Dave Schult (single, run, RBI) and Chuck Hoffman (RBI).

**See Lake Mary, Page 2B**

Modern Welding	021 013 0 - 13 21
Beer :30	300 043 0 - 10 13
Leiffer & Sons	170 300 - 13 20
TRC	210 000 - 5 9

Seminole High School junior varsity head coach Ray George (left) closed out his coaching career with a 34-14 victory over Lake Brantley that gave the Tribe an undefeated season.

# Tribe junior varsity gives coach a 'perfect' sendoff

By **AMY HAWKINS**  
Herald Correspondent

**SANFORD** — As varsity football moved toward the post-season, the junior varsity season was winding to a close.  
The Seminole High junior varsity team went in its last game with a mission, to beat the Lake Brantley Patriots and finish the season undefeated.  
And they did in fine fashion, clubbing the Patriots 34-14.  
Seminole had traveled to Lake Brantley's Tom Story Field for that final game last Tuesday with a lot at stake. They had a perfect season on the line, and it would be Ray George's last game as head coach, and he wanted to go out with a win.

His players were behind him, especially sophomore Mario Fredrick.  
Fredrick accounted for all five Seminole touchdowns including an interception which he returned for six points.  
Fredrick probably had more at stake than the rest of the Seminole junior varsity squad as he dedicated the season to his grandmother, who passed away recently, and he wanted it to end with something that he could be proud of.  
He added that it was "greatest season ever" and that the entire team "played their hearts out" for this win.  
After the final gun went off on his last game, George was excited to "go out on top."  
This junior varsity team is the future of the Seminole varsity team, and with this year's varsity squad being packed with 18 seniors on a 28-man team, the future is getting closer.

## Preps

Continued from Page 1B

**Sutton and the Rams** continued their dominance. The period ended with Lake Mary still on top, 48-21.  
The final quarter was a battle and although Seminole did lose the game, they never stopped fighting. If they had a few more quarters to play, Seminole may have closed the gap a little tighter.  
"Seminole fought the entire game," said Lake Mary coach Carl Brown. "I think we came out with a lot of intensity and did what we had to do. Right now I am trying out different combos to find out what works best for us. I have to have everyone ready to play and all I ask of them is that they play hard for 32 minutes. We need to keep improving and making the right decisions on the court."  
Next up for Lake Mary (4-0) is a game at Lake Brantley on Thursday at 7:30 p.m. Seminole (3-2) will also be on the road to Oviedo on Thursday at 7:30 p.m.

**LYMAN TAMES LIONS**  
**LONGWOOD** — The Lyman Greyhounds went into the "paint" Tuesday night and came away with a 61-49 victory over visiting Oviedo in a Seminole Athletic Conference girls' basketball game.  
The Greyhounds outscore the Lions (4-1) in each of the first three quarters with a 23-16 bulge in the second period giving the hosts an insurmountable 35-26 lead at intermission.  
"It was a very emotional game," said Lyman head coach Bruce Boneventura. "Just like last year when we beat them in the district semifinals.

"Our overall defense was super, we knew we had to contain Mary Lou (Johnston, Oviedo's star sophomore guard)."  
In addition to the strong defensive effort, the Greyhounds also pounded the ball inside as Nekeasha Smith (12 points) and Lisa Bergenske (10 points) combined for 22 points at the center position. Brianna Hickey also contributed 10 points to the winners' attack.  
Johnston led the Lions with a game-high 20 points.  
Both teams will be back in Seminole Athletic Conference action on Thursday with Lyman traveling to Winter Springs to take on the Bears and Oviedo hosting Seminole. Varsity action is set for a 7:30 p.m. start in both games.

**HAWKS CLAW BEARS**  
**WINTER PARK** — The Lake Howell Silver Hawks destroyed the Winter Springs Bears 69-25 in a Seminole Athletic Conference girls' basketball contest at Lake Howell High School Tuesday night.  
"After coming off a loss against DeLand on Monday, I was pleased with the win," said Lake Howell head coach Dennis Codrey. "Winter Springs is a young team with only freshmen and sophomores, but they hustled and played hard."  
The Silver Hawks completely dominated the first half, building a 38-9 lead at intermission.  
Christina Pizza earned game-high scoring honors dropping in 13 points, while teammate Kerry Kane added 11 points for the winners.  
Winter Springs will host Lyman at 7:30 p.m. on Thursday, while Lake Howell will be idle until Monday when it hosts Pine Ridge starting at 7:30

p.m.  
**BOYS**  
**RAMS NIP THUNDER**  
**LAKE MARY** — Ben Kerensbrock, Jerome Bingham and Randy Abrams each scored in double figures as the Lake Mary boys' basketball team successfully opened its season by edging the Lake Region Thunder from Eagle Lake 63-60 at Lake Mary High School Tuesday night.  
Lake Mary led throughout, taking a 13-7 lead after one period and holding a 10 point lead for most of the game before Thunder closed the game with a 16-7 fourth quarter advantage to get close at the end. Kerensbrock and Bingham tied for game-high scoring honors with 17 points each, while Abrams added 10 points for the Rams.  
Lake Mary will travel to Allen Gymnasium in Sanford tonight to take on Crooms in its first varsity basketball game in its 30th season starting at 7:30 p.m.

**PATS PIN PANTHERS**  
**ALTAMONTE SPRINGS** — Drew Morgan tossed in a team-high 23 points as Lake Brantley opened its season with a 70-62 victory over visiting Pine Ridge Tuesday night.  
A 21-14 scoring advantage in the second quarter spelled the difference as the rest of the quarter scores were virtually even.  
In addition to Morgan, also scoring in double figures for the Patriots were Miguel Malcolm with 11 points and Frank Pirillo with 10 points.  
Friday night, Lake Brantley will travel to Lake Mary to take on the Rams at 7:30 p.m.

two RBI), Danny Hewitt (triple, single, two runs, RBI), Bobby Shaw (double, single, RBI), Paul Liseno (double, single, run), Manny Silvia (two singles, two runs, RBI), Kevin Vernoch (two singles, run), Mike Clark (single) and Tom Szabo (run).  
Providing the offense for TRC were Robert Stevens (home run, single, run, three RBI), Greg Hardy (two singles, run, RBI), Calvin Davis (double, run), Steve Dennis (single, run, RBI), Myriell Reid (single, run) and Tony Smith and Nakia Roberts (one single each).

# Take precautions to avoid skin cancer

DEAR DR. GOTT: I am 15 years old, with a light complexion, and have been severely sunburned on my chest several times in the past two years. I am probably at risk for skin cancer. How do I get tested?

DEAR READER: You're correct that frequent sunburning is associated with a subsequent risk of skin cancer. In my opinion, you should check your skin now and then for new lesions, especially dark ones that bleed or irregular ones that don't heal. Your family doctor can advise you about the necessity of an examination by a qualified health professional.

If you were to develop skin cancer from sun exposure, the problem would probably not appear for decades. Thus, I urge you to exercise prudence in the future. Avoid sunburn, be careful of direct sunlight and use an SPF 15 sunblock when appropriate. Although ultraviolet light adds to your risk of skin cancer, it is by no means a foregone conclusion that you will develop it as you grow older.

DEAR DR. GOTT: Can a person forget how to breathe? I have emphysema and have been taught special breathing exercises to help overcome it. However, my over-controlling husband, who blames me for everything, says that I'm stupid and have forgotten how to breathe.

DEAR READER: How cruel. Your husband should be ashamed of himself.

Patients with chronic lung diseases haven't forgotten how to breathe. Rather, their usual muscles of respiration are not powerful enough to overcome the lung disorders.

For example, emphysema causes the lungs to fill with stale air that is difficult to expel. As the lungs trap more air, their volume increases. This pushes down the diaphragm, which is the major muscle of respiration and separates the chest from the abdomen. As the diaphragm is depressed downward, it loses its contractile strength, leading to the panting respiration that you probably experience. Moreover, the overfilled lungs also expand laterally, causing the chest wall to stretch, resulting in a "barrel shaped" chest that further stresses the respiratory muscles.

The purpose of special breathing exercises is to train you to use accessory muscles of respiration, such as the abdominal muscles. Once you get the hang of the novel feeling from your new breathing mechanics, your respirations should be less labored.

You are learning new skills. You haven't forgotten how to breathe. It seems your husband has forgotten, however — forgotten how to be a loving and supportive partner.

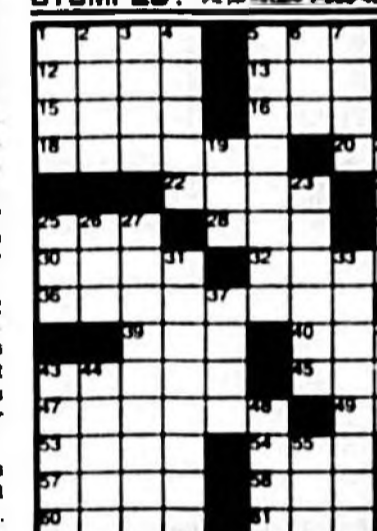

To give you more information, I am

sending you a copy of my Health Report "Living with Chronic Lung Disease." Other readers who would like a copy should send \$2 plus a long, self-addressed, stamped envelope to P.O. Box 2017, Murray Hill Station, New York, NY 10156.

DEAR DR. GOTT: I have very dry eyes — so dry, in fact, that contact

# WIN AT BRIDGE

## From the founding fathers

By Phillip Alder

There are three independently published bridge magazines in England. The youngest, Bridge Plus, is the one I think most of you would enjoy — except that you must mind the Ace bidding. It is a monthly aimed squarely at the majority of avid players. There is very little for the expert.

As an example, here's a deal from the Improver Page. How would you play in three no trump after West has led the spade jack?

There is a natural impulse to take an immediate club finesse. Fine if it loses, but what do you do if it wins?

Before leaping, look — count your top tricks. Here, you have seven: three spades, two hearts, one diamond and one club. So, you need two more

Obviously, if the club finesse is working you can get the tricks there. But what if the finesse is losing and East knows enough to duck smoothly the first time? Then you'll need the ninth trick from diamonds.

After winning trick one, duck a diamond.

Let's suppose East takes the trick and switches to the heart queen. Win and now take the club finesse. After it wins, as it must, continue with the ace and another diamond. Are they 3-3? If so, claim. If not, take a second club finesse.

Why not take the club finesse before ducking a diamond? Because a good West will win with the diamond 10 and return a club, forcing you to commit yourself before you know the diamond position.

A one-year subscription sent airmail "for free" costs \$70. To order by credit card, call or fax 011-44 1822 833080 during work hours in England.

# HOROSCOPE

## Your Birthday

Thursday, Nov. 20, 1987

In the year ahead, you could be fortunate in promoting ventures in which you'll play a significant role. Your possibilities for rewards and recognition are strong.

**SCORPIO** (Oct. 24-Nov. 22) There is nothing so serious that it can't be worked out today, even if it appears insurmountable. Pursue positive purposes with victory in mind. Scorpio, treat yourself to a birthday gift. Send for your Astro-Graph predictions for the year ahead by mailing \$2 and \$ASE to Astro-Graph, c/o this newspaper, P.O. Box 1758, Murray Hill Station, New York, NY 10156. Be sure to state your zodiac sign.

**SAGITTARIUS** (Nov. 23-Dec. 21) If a conflict of ideas arises today, take time to discuss things with everyone involved. A mutually gratifying balance can be achieved.

**CAPRICORN** (Dec. 22-Jan. 18) Move cautiously in joint endeavors today, because money management could create problems within the group. Everyone should be held equally accountable.

**AQUARIUS** (Jan. 20-Feb. 18) Do not feel you have to stick to your original blueprint today if you find better ways to achieve your objectives. Adjust your course when necessary.

**PISCES** (Feb. 20-March 20) You may need to rely upon others to assist you today with an important assignment. You should be able to choose from a pool of qualified assistants.

**ARIES** (March 21-April 19) Things should work out well for you today if you bank upon your own abilities. Nothing is guaranteed if you rely on the talents of a newcomer.

**TAURUS** (April 20-May 20) Early in the day you might try too hard to win peer approval. Later when you start to relax, you'll receive acknowledgment and endorsement.

**GEMINI** (May 21-June 20) You might want to ignore the suggestions of a friend today if you feel you're better equipped to evaluate a particular development than he or she.

**CANCER** (June 21-July 22) Financial trends look promising today if you diligently follow up your leads. You could begin to generate earnings from previously unproductive channels.

**LEO** (July 23-Aug. 22) Your initial plans might be rejected today, but don't let this upset you. The back-up you have going for you will be better than the original.

**VIRGO** (Aug. 23-Sept. 22) Be patient and persistent today if you make a few mistakes at the onset of an important involvement. Problems can be rectified rather easily.

**LIBRA** (Sept. 23-Oct. 23) Large groups will be more gratifying today than spending time with a smaller circle. Being able to mix with lots of people has its advantages.
