

France Has Triple Lines Of Defense In African Colony

Franco Was Decorated For Success In Riff Campaign

TUNIS, Feb. 8. (AP)—Three hundred miles of tortuous mountains and shifting sandunes conceal France's "African Maginot Line" along the frontiers of Italian Libya.

Many military experts believe it is along those frontiers that decisive battles of the next world war may be fought.

These experts point out that Germany and France virtually are stalemated by their lines of fortifications: from Switzerland to the North Sea and that the Alps form a formidable barrier between France and Italy.

So with the quarrel between the democracies and the dictatorships now turning on colonies, the experts believe any eventual armed conflict may be settled in the colonies themselves.

The Tunisia fortifications built in the past two years are more recent than those of the great line along the German frontier. Some reports have placed the number of troops in the line at 100,000, but the French command acknowledges only some 35,000 in all Tunisia, with about 25,000 manning the forts.

The scant information brought out of the area is of pyramid-like forts that seem to melt into the parched countryside.

This line is but one of France's triple Tunisian defenses. Behind the forts—known officially as the Marech line from the name of a city—range the hardy cavalrymen of the famed French Foreign Legion, and the possibly even more doubly native North African cavalry recruited from desert tribesmen.

Behind these two is a still more secret area—and foreign observers can only "guess" that extensive fortifications are being built there, 25 miles in the interior to guard the narrow corridor between northern and southern Tunisia.

The protectorate is cut almost in half by three great lakes—Chott El Kharsa, Chott Djerid and Chott El Fedjadj—which run from north to south for 20 miles of the Mediterranean on the east. Miles of marshland hinder an approach from the south to the first two and a chain of mountain curves protectively in front of Chott El Fedjadj.

So the French would need only to close a 20-mile bottleneck to check invasion from the deserts of the south to the more fertile north—the agricultural, industrial and administrative heart of the protectorate.

Most of the French manpower in Tunisia is made up of colonial troops thoroughly trained in the strike and fan desert warfare which defies even modern equipment.

Every few months the South Tunisian headquarters at Medenine orders new regiments into the "African Maginot Line" to become familiarized with the fortifications which form the fixed base for their operations.

Nathan Mayo, Commissioner of Agriculture for Florida, officiated on Future Farmers Day held last week at the Florida Fair and Hermando De Soto Exposition, now being held in Tampa. The Fair will continue until Feb. 18.

Miami, Fla., reported business around December 1, 1938, showed a 103 percent gain over the same period of 1937.

Distraught World Pauses To Mourn Pope Pius' Death

First Of Nine Services For Pontiff Will Be Held In Cathedral Sunday

Cardinals To Name New Pope Feb. 25

General Franco's Forces Score New Victories In Civil War

A world distraught with strife paused today to mourn the death of Pope Pius XI, its champion of peace. Pope Pius was "the pope of peace." He had filled his declining years with labor to instill peace and religion in men's hearts. Aged and ailing, His Holiness had sacrificed himself for the cause for which he often said he would gladly give his life.

Tomorrow the body of the Pope will be taken to St. Peter's Cathedral where the first of nine funeral services will be held Sunday. Burial will be Feb. 15 in St. Peter's.

Eugenio Cardinal Pacelli will fill as "Chamberlain of the Holy Roman Church" until a new pope is elected. A conclave of cardinals may convene Feb. 25, although it may be called as late as Feb. 28, to choose a successor to Pope Pius XI.

Three United States Cardinals were expected to leave New York tomorrow to attend the assembly. He died today at 8:41 A. M. (11:21 P. M. EST) at the Vatican. His death ended his 17-year reign as the 61st Pope of the Roman Catholic Church. He would have been 82 years old next May 31.

Pope Pius had grieved over war-torn Spain. An cardiac ailment, which had afflicted him for two years, finally took his life. Spain appeared to be on the eve of peace after two and one-half years of civil war.

After a double victory of Generalissimo Francisco Franco's insurgents in reaching the French frontier of Catalonia and taking the island of Minorca, surrender of the Government's last territory was confidently predicted.

In London, Great Britain was disclosed to have sent peace proposals to insurgent Spain and was reported ready to lend money for rehabilitation in return for assurances of the removal of Italian and German troops from Spain.

Landing of Japanese troops on China's Hainan Island caused new tension in the Far East, with French being particularly concerned because of the island's proximity to French Indo-China. The Holy Father's last words, according to an unimpeachable source, were:

"We still have so many things to do."

The Pope's condition grew worse just before 8 A. M. after earlier reports that he was resting under. Physicians and high church officials barely had time to reach the pontiff's bedside before he had expired.

The Pope was 81 when he died. It was only his remarkable physique and indomitable will which carried him through the strenuous final years of his life.

The Pope's death was announced in the Vatican on Feb. 10. The pontiff had been ailing since the month of his death. His condition had been reported as "serious" and "critical" in the days before he died. It seemed a sudden ending of the long which made the Pope a world figure.

Cold Wave Works Eastward Through Plains' States

Low Temperatures, Heavy Snowfall Reported Over Nation

Another wave of bitter cold worked eastward through the plains states today.

Havre, Mont., recorded 40 degrees below zero, while further inland numerous reports of zero or lower were on record. Heavy snow fell, especially at Minneapolis where 12 inches was measured.

At New York reports were received that four rescue ships had turned back to their courses after a futile search for the survivors of the British freighter Maria de Larrinaga which wireless Wednesday night it was sinking with 37 aboard.

Fresh rains pelted the floodway Ohio and Cumberland valleys yesterday.

J. L. Kendall, U. S. meteorologist at Louisville, said the precipitation might continue for 24 to 36 hours but opined "considerable rain would have to fall to stop the fall of rivers" in most places.

Nearly two inches of rain was reported in Memphis, Tenn., and more than an inch was recorded in Savannah, Ga., Shawneetown, Ill. and other centers east of the Mississippi.

Heavy snow piled up in Minneapolis, South Dakota and eastern Nebraska. It reached a depth of 11 inches in Fairmont, Minn. and was so thick in Minneapolis that tests of nine army planes under winter conditions was postponed.

Snow continued to fall in parts of Oregon and Washington, more rain and snow were predicted for California, where cold threatened extensive damage to citrus crops. Snow and dust storms beset southern New Mexico.

A blizzard isolated several small communities in Utah. A snow slide killed two women and a man in Bingham but a youth who had been buried in the avalanche was brought out alive by rescuers.

LOYALISTS FLEE TO FRANCE

Spencer Heads Jackson Day For Seminole Demos

Local Attorney Named Head Of Drive For Party Funds

Appointment of Garland W. Spencer as the chairman for Seminole County for the Jackson Day celebration to be staged in Florida, on Feb. 18 has been announced by Herbert E. Wolfe of St. Augustine, State chairman of the committee appointed by Gov. Fred P. Cone, Senator Charles O. Andrews and Senator Claude Pepper to handle the plans.

The observance of the day was postponed until Feb. 18 in order that there might be no conflict with other events in Florida. It was explained by Chairman Spencer.

Through the funds raised the Democratic Party's efforts will be financed, 25 per cent of the amount being allocated for the exclusive use of the State Democratic Executive Committee to be expended for the benefit of the Florida party leaders, it was explained. Florida's goal in the National drive was set at \$30,000.

Contributors will be privileged to attend any of the 12 celebrations to be staged. The sites of the parties will be: Tampa, St. Petersburg, and Lakeland in the First Congressional District; Jacksonville and Lake City in the Second District; Tallahassee, Pensacola and Panama City in the Third District; Miami and West Palm Beach in the Fourth District; and Orlando and Daytona Beach in the Fifth Congressional District.

The state committee plans to present honor plaques, which are to be awarded on the following basis: one to the county sending in the largest net return; one to the county having the largest increase in percentage of its quota this year; and one to the individual turning in the greatest amount of contributions. The plaques will bear the engraved signatures of Governor Cone, James A. Farley, chairman of the National Democratic Executive Committee and T. T. Turnbull, chairman of the Florida State Democratic Executive Committee.

W.C. Touchton And J.E. Weathered Are Indicted By Jury

Companions Of Wreck Victims Are Charged With Drunken And Reckless Driving

4 Face Trial For Lotteries

Cuba Cases Will Be Set For Trial On Feb. 20 By Court

W. C. Touchton, Jr. and J. E. Weathered were charged with manslaughter in two counts in a joint indictment presented in court this morning in connection with the drowning of Mildred Mercer and Myra Machen, prominent DeLand girls, when the car in which they were riding plunged through an open draw bridge across the St. Johns River on State Highway No. 3 just west of here early in the morning of Dec. 23.

The Seminole County Grand Jury also returned indictments against Harry Bradham and E. B. Smith charging violation of the State anti lottery statute in five counts.

The first count of the indictment against the girls' companions who managed to extricate themselves from the wrecked auto before it settled in 18 feet of water, charged that they "did unlawfully and feloniously cause the death by drowning of one Mildred Mercer and one Myra Machen, human beings, by operating an automobile while intoxicated over a public highway."

The second count charged "driving an automobile in a reckless and negligent manner and that by this careless and culpably negligent manner of handling" the auto broke through a guard rail and through the draw which was opened to permit a boat to pass.

Bonds for the two were set at \$2,500 and they will be arraigned before Circuit Judge Millard B. Smith next Friday to enter pleadings.

Touchton, son of an Avon Park druggist, is said to have been driving the auto at the time of the accident. Weathered was the owner. Both boys were said to have been drinking and were returning the girls to their homes in DeLand when the fatal mishap occurred shortly after 2:00 A. M.

Indictments against Bradham and Smith implemented the information against the two filed by Assistant State Attorney Lloyd F. Boyle and State Attorney Murray Overstreet a short time ago.

These two will also be arraigned before Judge Smith to enter pleadings next Friday. Bradham was not represented by an attorney at today's session. These two cases, along with the case for violation of the State's anti lottery law against Stinson Kinlaw and Lewis Mitchell are expected to be set for trial on Monday, Feb. 20.

The grand jurors also returned an indictment against Hubert Green, charging first degree murder, and against George Morgan, charged with being an accessory after the fact. Green was not arraigned but Morgan entered a plea of not guilty.

Francis Mills, charged with breaking and entering, was passed temporarily and the case of Lillian Hatcher, indicted by the last grand jury for first degree murder, was set for trial next Tuesday.

General Turner, charged with a heifer will be tried Friday morning second offense in larceny of a pig at 9:30 o'clock. A jury failed to reach a unanimous decision in this case during the last term of court.

The case against William Clark, Jr. was set for 10:00 A. M. Monday and the case of C. R. Barco, charged with a statutory offense, was passed until Feb. 20.

The jurors were expected to recess this afternoon.

Members of the Grand Jury are as follows: B. J. Overstreet, Jr. (Continued on Page Three)

Salvation Army Advisory Board Has Supper-Meet

Members of the Salvation Army Advisory Board complimented Capt. R. E. Rose highly on the report on the activities of the local post during the past year at a supper-meeting in the Valdez Hotel last night.

Capt. Rose also presented a report on the income and expenses of the post during the past year and submitted for approval a budget of anticipated revenues and expenditures for the coming year.

Mrs. J. Dingfelder was made chairman of a committee to make arrangements for a motorcade to the Salvation Army hospital in Tampa in the near future. Other members of the committee are Dr. Elizabeth Tracey and Fred R. Wilson.

Chairman H. J. Lehman presided over the meeting.

WPA Supervisors Are Called To Jax Meet

JACKSONVILLE, Feb. 10.—(AP)—WPA area supervisors from every section of Florida were called today to hear Florida Administrator Robert J. Dill describe plans for operation of the unemployment relief program in this state under the recently enacted \$725,000,000 efficiency appropriation.

State Field Representatives of WPA's Division of Unemployment were also called into the conference at which changes to be put into effect in various sections of the state were to be discussed.

City News Briefs

All owners of boats, regardless of size, which ply the St. Johns River, were requested to be present for a meeting in the Seminole County Chamber of Commerce building tonight at 8:00 o'clock.

The Boy Scouts of the city have chosen the Methodist church as their place for worship, Sunday, Feb. 12 and will attend the 11:00 A. M. preaching service in a body.

C. E. DeWate of Lake Mary spoke on the "Poultry Farm Without Buildings" at the regular meeting of the Seminole County Poultry Producers Association held in the vocational agriculture building in the rear of the High School last night.

The observance of "College Day" at the Methodist Church will take place in a special program at 7:30 o'clock Feb. 12. Students will have parts on the program as follows: "My Personal Interest in Education," Miss Helen Chapman; "The Peculiar Advantage in Attending a Small College," Braxton Huntley; and "Florida-Southern College," Edward Wilson. There will be an address on "Christian Education" by Marvin Barnett of Enterprise.

Louisiana Governor Stops Gambling Halls

NEW ORLEANS, Feb. 10.—(AP)—Governor Leche yesterday said, upon his instructions, two gambling houses in Jefferson parish, just across the city line from New Orleans, had been closed.

The governor additionally said that the district superintendent, foreman and work crew of district No. 1 of the Louisiana highway commission, had been suspended pending investigation of the alleged graveling of a parking lot adjoining one of the gambling houses.

Governor Leche is a patient at the Baptist hospital here for removal of several teeth believed to have caused him a recent attack of arthritis.

The announcement by the governor followed publication in Wednesday's Times-Picayune and New Orleans States of reports allegedly showing tracks of the Louisiana highway commission, worked on a lot across from the Old Southport Inn, a gambling garden gambling resort, during gravel which was used by a work crew of the truck.

Gambling activities of the Old Southport Inn and the original Southport club were suspended suddenly last night about 11 o'clock without explanation by the authorities.

AFOL Clears Way For Fight On Wagner Act

MIAMI, Feb. 10.—(AP)—The American Federation of Labor executive council cleared the way yesterday for an aggressive campaign in congress to revise the Wagner act and head off any parallel action by organized business which might "weaken, modify or destroy the act."

After a session with the council, President William Green said the AFL program to change the law in respect of union dues has been unanimously approved. He offered an extraordinary combination of federation proposals to give emergency powers to the act and freedom of association within the union.

At the same time, the council made it known that it would support a series of amendments to the Wagner act, which would be introduced in the House of Representatives.

Edison Day Proclaimed

TALLAHASSEE.—(AP)—Governor Cone yesterday proclaimed "Edison day" in Florida, Feb. 11 in honor of the late Thomas Alva Edison, the electrical inventor, who maintained his residence and workshop at Fort Myers for many years.

Freight Equality Advocate Gets Post

WASHINGTON, Feb. 10.—(AP)—J. Haden Aldredge of Alabama, outspoken advocate of national freight rate equality, won nomination yesterday for membership on the interstate commerce commission.

The President's choice drew hearty applause from southern congressmen, who are making a drive for adjustment of rate differentials between the nation's railroad freight territories. Some southerners declared the nomination bore testimony of white house friendliness to the south's rate plea.

The name of Aldredge, principal transportation economist for the Tennessee Valley authority, has become well known to the Senate and House since June, 1937, when the Alabamian published a strongly-worded "denunciation of the existing rate structure."

Rotary Meeting

The inter-city supper meeting of the Sanford and DeLand Rotary Club will be held at the Mayfair Hotel this evening beginning at 7:00 o'clock following the final match of a golf tournament at the Sanford Country Club.

LOCAL WEATHER

Partly cloudy and unsettled, possibly showers in extreme north and west central portions tonight and Saturday; somewhat colder in extreme northwest portion tonight and in extreme north portion Saturday.

INFORMATION PUBLIC

WASHINGTON, Feb. 10.—(AP)—The Senate Military Committee agreed today to permit members to make public all information they obtain in future closed sessions, except military secrets.

It voted down, however, a motion to hold open hearings on the Administration's current defense program.

Both the House and Senate were in recess, but the committees were busy with hearings.

Doss Named Head Of Chiropractors

Dr. L. T. Doss, local chiropractor, was named president of the Florida Chiropractor's Association at a recent meeting in Lake Wales. This is Dr. Doss' second term as president of this organization, having served in this capacity during 1937.

In the business session of the organization, consideration was also given to legislative matters of importance.

Other officers elected for a one-year term are Dr. Wilbur H. Hicks of Plant City, vice-president; Dr. C. W. Farnsworth of Miami, secretary; and Dr. G. T. Simpson of Tampa, treasurer.

The following were named to the board of directors: Dr. William Johnson of Daytona Beach, Dr. E. J. Wendland of Bradenton and Dr. E. P. Pridemore of Tampa.

All Girls In Germany Must Serve On Farm

BERLIN, Feb. 10. —(AP)—Rich or poor, pretty or no, willing or not, German girls are being mobilized. All sturdy Frauleins between 18 and 25 on Mar. 1 must be ready for farm work.

The call to the colors for a "year of duty to the people" was made by Field Marshal Goering; Dr. Friedrich Syrup, employment chief will enforce it.

The skirted legions will be flung into the thin ranks of Reich manpower, now straining under requirements of the military and the Four Year Plan to make Germany self-sufficient.

Authorities hope some will marry farmers. The Nazi policy seeks to build up a settled rural population, especially on frontiers—to develop a love of the land and the will to defend it.

Marriage is one cause for exemption from the ruling, physical disability another. Elder daughters of large families may serve at home. An alternative to labor service is two years as probationary nurse. Girls who served in the voluntary farm labor program in other years can do their stint in six months.

There were 120,000 girls in the voluntary program last year. Under conscription the number may reach 400,000. Pay was not mentioned in the new order; the voluntary workers got about 30 cents daily. No girl may obtain private employment unless she has served her "year of duty to the people."

Girls may choose their place of service, subject to local labor bureau approval. But they will have to go where needed most to work in field or kitchen.

Barter System Gains Favor Of University

PULLMAN, Wash., Feb. 10. —(AP)—A crate of pumpkins or hams from the old farm smokehouse can be the down payment on an education at Washington State College.

Possibilities of the barter system are offered newly students who live in the new cooperative dormitory. Farm youths can do-turn in vegetables, fruits or meats from home as payments on board and room bills. They get credit at the market price.

The co-op students set their own rules and do all the work but the cooking. They don't take a chance on rotting that job. The reputation of their food is an important attraction.

They're The Goats In Mortgage Tie-Up

LIVERMORE, Calif. —(AP)—Unless they can eat some of the court records a herd of 21 goats here face starvation.

The owner can't feed them because he's broke and on WPA. He can't sell them because there's no offer equal to a mortgage on the herd. The mortgage won't free them because the law doesn't require him to.

So far the goats have depended on hay sent by the Oakland Society for the Prevention of Cruelty to Animals.

Distraught World Pauses To Mourn Pope Pius' Death

(Continued from Page One)

he was able to return to duty. Last November he had a grave release at the Vatican and for a time his life was almost despair of. The last sacrament was administered.

The Pope rallied, however, and resumed almost full activity, constantly holding audiences and making vigorous speeches, including strong utterances on Italy's racial policy and the situation of the church in Nazi Germany, subjects which worried and grieved him greatly.

In mid-January, the Pope received Prime Minister Neville Chamberlain and Foreign Secretary Lord Halifax of Great Britain. To them he expressed his concern over the state of civilization and the fate of the church in the present troubled world.

Several times in the last two years the Pope has mentioned the probable imminence of his death, and his willingness to go if God should call him.

His final illness began on Feb. 7, when all audiences were cancelled and he was ordered to bed. For a time he appeared to rally, but two days later began to sink. Up until 4 A. M. today the Pope slept and appeared to be resting satisfactorily. Then he began to utter unintelligible words which Dr. Philip Reich, in an armchair in the Pope's bedroom, heard.

Aid was summoned quickly.

Feds Drop Game To Daytona Bucs By 47-28 Score

Seminoles Fall Out Of Loop Title Race By Losing Contest

The Seminole High School Celery Feds were beaten by the Daytona Beach Buccaneers in the coastal city last night.

By losing last night's game the Feds lost their only chance of claiming the Northeast conference title for the second consecutive season.

With last night's victory, the Bucs alone for a 24 to 19 loss suffered in their first encounter with the Feds.

After the first quarter, the Bucs pulled ahead of the Feds by leaps and bounds and at the half-time were leading by a score of 20 to 11.

Capt. Joe Nelson, veteran Buc forward, again led his mate by scoring 15 points. Williams led the Feds' scoring attack, followed closely by Darrell Ferguson.

The Feds play their last game on the home floor tonight at 8:00 o'clock against the Miami Edison Hurricanes.

Males' Hound Takes Another Victory At Longwood Track

Valentine's Girl, one of the Gus Major stars, scored a great victory in the feature race at the Sanford-Orlando Kennel Club last night when she broke the box like a shot and took a six-length lead at the first turn...

The victory lent credence to Gus Major's claim that girl was the best of his four Valentine stars. Incidentally it was the fifth straight victory for the fastest of the four stars.

Again last night the 2-4 combination won the double and the quintuple. The double greyhounds were Blue Wing and Battle Cap...

It was a night of long leads. Quiet Please, Don Duff and Dark Grove all paying over \$20 for win tickets.

In the feature race tonight Pleasant Sam—a newcomer to the track will match strides with Valentine's Heart, rated the best greyhound at Longwood thus far this season.

Lee Meadows Signs As Skipper For Deland

DELAND Feb. 10.—Lee Meadows, for 10 years a member of the Pittsburgh Pirates in the National League, and more recently manager of Leesburg in the Florida State League, today was signed as skipper of the Deland Reds for 1934 in the state league.

President W. W. Wolff, in announcing the appointment of Meadows, said, "I think Deland is fortunate to get a man of Meadows' ability and character to live here and to manage our ball team."

The former major leaguer was in Deland this morning to sign his contract with officials of the local baseball association and stated that he and his family would move here around February 15 from their home in Leesburg where they have lived for the last 18 years.

Spring training will get under way around March 20, Wolff said, and should be in full swing by April 1. The club president said he did not believe Red workouts would interfere with the Spring training of Southern association Memphis, March 13 to April 5.

In reference to acquisition of players for the coming season, Wolff said "we have several line contracts out at the present time in connection with players we want and need."

Girls' Softball League To Open Next Thursday

Preliminary plans have been made for the organization of a girls diamond ball league made up of three teams, according to Recreational Director Gerald L. Ash who stated that these teams have already been formed.

Beginning next Thursday night, the girls will play five inning games before the men's games two nights weekly for the remainder of the season.

Mr. Ash said that more girls for the teams are needed and that any desiring to play in the league should get in touch with him at the Chamber of Commerce building.

The teams already formed for the girls' league are the "Celery Hearts", the "NVA and Me-Cours".

Orlando Students Give Interesting Program At School

By ELIZABETH DYSON

On Feb. 2, Orlando High School presented a most interesting program to the students of Seminole High School.

The Master of Ceremonies, Mr. Goforth, gave a short welcome in which he said how delighted Orlando was to be able to present this program.

The first number on the program was a Hill Billy Orchestra composed of Fred Oweny, Archie Cason, Paul Moore, and Cissy Stephens. This quartet rendered two selections. The hymn "Blessed Assurance" which was a beautiful selection. The hymn "Blessed Assurance" which was a beautiful selection. The hymn "Blessed Assurance" which was a beautiful selection.

A short play entitled "On a Park Bench" was given by Frank Adams and Sue McCoy. Dorothy Tinsley gave a reading bearing the title "Cooking Lesson". In this poem she gave the recipe for baking a delicious apple pie but due to several interruptions she gave up.

Lou Ann Taylor and Leonard King gave a selection from the Operetta "Pinafore". The next number was handsome Billy Fuller singing "I Won't Tell a Soul" and "I Love You Truly".

Next a melodrama was presented by a group of "Gems of Florida". "There's a Sandspur in Grandma's Stocking" Characters were:

The Heroine, Oh! beauty divine
 Mrs. Norman.
 The Hero, the original Hand-
 some Harry—Staring Hill.
 The Villain, he's a—Pat Madler,
 the Father of the Heroine—
 the Grandfather.
 The Playwright who relates the
 events of the comedy—Myri
 Jones.

That Seminole High School Students thoroughly enjoyed the program was proved by the splendid attention and enthusiastic applause.

Rollins Scholarship Offers Are Revealed

By Mary Martha Emerich

Scholarships that are being offered by Rollins College for the 1939-40 annual award are:

A. One scholarship of \$1000.00 per year, totaling \$4000.00 for four years.

B. One scholarship of \$750.00 per year, totaling \$3000.00 for four years.

C. Thirteen scholarships of \$300.00 each per year, totaling \$3900.00 each for four years.

Applicants for these scholarships are restricted to senior students in a limited number of secondary schools selected by the College. The scholarships will be given to these applicants in the judgment of Rollins College, based upon the following qualifications: 1—Character and mental leadership; 2—Scholarship; 3—Athletic and other extracurricular activities.

Applicants will compete equally for the fifteen scholarships; the candidates considered best by the College receiving Scholarship A, the candidates considered second best receiving Scholarship B, and the next thirteen candidates each receiving one of the thirteen Scholarships C.

Each candidate must be recommended by Rollins College by the principal of his high school.

Applicants for these scholarships may be made out later than Feb. 1, 1939. Application card may be obtained by mail. For details see Rollins College Bulletin, dated May 20, 1938.

It is hoped that the candidates who will be successful in securing these scholarships will be able to get the most out of their college life.

News And Views Of Coming Fashions Are Reported By Student Reviewer

By EMMA TEMPLE

In the Spring . . . a young girl's fancy lightly turns to" . . . yes, of course, I know . . . but also to clothes and new quirks of fashion as evidenced by all the pert bits of frivolity commonly known as ribbons flapping their myriad colors from atop all the tops of local femininity. As soon as dull winter garb can be decently laid away of the gayer (?) sex are confronted . . . by means of the shops . . . with a bewildering array of lovely Spring clothes . . . so light, so colorful and dewy fresh that we are at once both peeved and delighted . . . peevish because we can't have everything we want . . . many of us, anyway . . . and delighted with the choosing from such an unhorizoned (?) and boundless field. But let's away to the business at hand . . . that of advising you in your selections . . .

COLOR, COLOR . . . and striking contrasts . . . such as clear lime with purple, magenta pinks with green (from Mademoiselle) . . . Gold, exclamatory stripes . . . up, down, and all around . . . depending on which direction you're physically inclined . . . Scotch plaids are very much in favor . . .

In general get away from even, precise, all-over prints of not much distinction . . . and express your OWN INDIVIDUAL tastes and opinions . . . don't please just buy something because someone . . . or everyone . . . else has one . . . 'cause that only makes it less desirable . . . If you can't be among the first to have something in the way of a new fad . . . by all means do so . . . it's smart . . . if a bit expensive . . . but for goodness' sake don't buy something after every Sadie, Sally, and Sue in this and every town has one . . . Individuality and simple becomingness are the keywords and watchwords of the ever-demanding Dame Fashion . . . an example of this desired quality is the cute way Clays had her ribbon "on the other day" . . . wound around her head just above the curls all around and tied in little flat bows before and aft . . . did you notice? Do it again, Clays, please so we can all see . . . it may not have been an original idea but nevertheless it was different and very fetching . . . so much for that . . .

Speaking of hair . . . did you know that Hollywood's turning "thumbs-down" on the "little-girl-just-out-of-the-bath" upswep?

half-do? . . . the ultra in hair-lines is up at the temples . . . curls stop, if you know what I mean . . . and low . . . on the nose of the neck in tuck . . . more curls . . . really, I read that the newest was to have curls just anywhere your little heart desires . . . they come all ready to pin on . . . so long as it's becoming, tho', remember . . .

As a herald of Spring—what's more appropriate than fresh flowers? . . . You'll be seeing . . . or wearing . . . pink, white, or scarlet geraniums, pink bouvardia . . . I don't know what that is either but that's what the book (said) . . . white or yellow freesias . . . just between you and me and Susan Kirtley—do we have 'em here? . . . strawflowers, bachelor's buttons, which we 'DO have and brilliant tulips which we 'DO NOT have in these parts . . . I hear Susan's been one jump ahead of us by sporting a beautiful camellia . . . they're worn hugging the throat, nestled in the hair, at the waistline, wrist or wherever your fancy dictates . . . now to shoes . . . the latest is bright colored kids . . . japonica reds or cherry reds . . . even white shades often combined with beige and white, as you would your tans . . . light navy in combinations . . . figured fabrics are OUT . . . definitely . . . the aforementioned are done up in cool open air effects . . . lace, heels, and insteps open to the breeze . . . gobs of elasticated ones for a snug fit and more COMFORTABLE than ever before. These I've just described are not for school, of course . . . the heavy looking, square-toed ones for that . . . if you can get 'em to they don't hurt . . . above these (not the school ones) wear complexion colors in hose: rachel shades, pinky beige, powdery mauve tones, and meeches . . . use discretion in buying your accessories for they make or break a costume . . . harmoniously speaking . . . According to Wilhelma Cushman . . . style editor for the Ladies' Home Journal . . . a soft flattering neckline sometimes forming a half sleeve will gain seasonal favor for Spring and summer . . . interesting details not yet mentioned . . . but about to be: smocking, cowl and boat necklines, and bevy of ashes . . . All right, sisters under the skin, a word to the wise is sufficient . . . don't watch and wait for others to get 'em . . . adopt these little twists NOW and get a lot of credit for being smart! . . .

"Lets Get Rich" Is Professor McKay Announces Offer Play To Be Given Thursday Evening

By Jane Lloyd

What do you demand from a good play? Humor? True-to-life characterization? Love interest? Surprises? A bit of human drama? Clever dialogue? Fast action? Well, you will find all these ingredients and many more you like in "Let's Get Rich", the play that has been chosen by the Juniors, at their annual Junior play this week. "Let's Get Rich" will be presented Thursday night at 8:15 P. M., Feb. 16, 1939 in the Seminole High School auditorium.

Perfumed laundry soap! Who ever heard of such a thing? But it plays an important part in the play. Mattie Scott makes a large sum of money out of it which gets her in a lot of trouble because there is something wrong with her formula. The soap rots the clothes in record time. This is only one of the unusual situations in "Let's Get Rich".

Virginia Williams, Rose Harley, Jane Schultz, Madlyn Truitt, Grace Wiggins, Peggy McTeer, Cary Whiddon, Arthur Brannan, Raymond Ball, Edward Higgins, Arthur Beckwith, Jimmy Shoemaker, Constantine, and Wolke have been chosen to take parts in the play, and each plays his part unusually well.

Tickets are on sale at Jones & Stephens Drug Store.

Many Uses Of Radio Related By Student

Margaret Spencer

Almost everyone has a radio—in fact almost everyone in America has access to this wonderful machine. Radio is useful in many ways and one which is steadily increasing in use for educational purposes. There are class lessons given over the radio and many schools use them in the classrooms. There are also programs which tell of the world of new discoveries in science, medicine, and other professions. There is a program devoted to discussion of music; this program is conducted by boys and girls.

Probably the greatest use of radio is for pleasure. Many of the finest comedians, actors, and musicians are heard over the radio. People who cannot afford to go to concerts and plays can get almost the same pleasure by hearing performers on the air.

Everyone knows that radio is invaluable for use in disaster. In the recent flood, rescue workers used radio to direct boats and rescue people in danger. Airplanes are carried safely out of trouble by means of radio and often times ships in danger are saved by contact with other ships.

One doesn't have to buy a paper to keep up with the news—just turn on the radio and almost throughout the day, news broadcasts may be heard and special bulletins are on the air frequently.

Radio is educational; it is useful for disaster and rescue work; it gives people pleasure and gives them knowledge of the news of the world.

Plans Are Made For Latin Club Banquet

By Susan Kirtley

With the approach of Spring comes the suggestion of the annual Roman Banquet, held each year at this season. At the last meeting of the "Vox Romanorum" Club plans were made and committees appointed to begin preparation for the largest and most successful banquet ever given by the Latin Club. According to custom, the members of the Signiferi Chorus, which is composed of second year Latin students, are entertained by the members of the first year club, whose members serve as slaves to the masters. Since the banquet is carried out as nearly as possible following the Roman customs, all guests and slaves are elaborately and appropriately dressed in Roman costumes, which make the entire entertainment very picturesque and enjoyable. From the Signiferi arises the mighty Caesar chosen by popular vote. This is a gay and auspicious occasion for the great leader, who rules triumphantly at the feast.

Members for the various committees are as follows: Food—Clifford Proctor, Earline Kelly, and Patty Hodges. Those on the decoration committee are: Bill Brannan, Martha Wright, George Spear, Mary Grace Brown, David Gatchel, and Susan Kirtley. The regular program committee is arranging the entertainment. The other business consisted of plans for raising money and the appointment of a Latin newspaper staff who are: Editor-in-chief—Mack Cleveland; Assistant Editor-in-chief—Winfred Lowell. Reporters—Earline Kelly, Clifford Proctor, Earl Jeter and Mary Walton. Literary Editors—Sherwood Jacobson, Lois Nipper, and Katherine Spencer. Business Manager—Joe Tenhet. Faculty Advisor—Miss Williams. Student advisor—Dr. Kadar (president).

At the conclusion of the business meeting a short, but enjoyable program, was presented by Gladys Pippin, the program chairman.

Fred H. Schwann, a Spanish War Veteran, living at St. Cloud, reports growing sweet potatoes as large as 30 pounds each. Seed for these potatoes come from India.

Grammar School Notes

By MRS. CHARLES B. COLE

ROOM 2—James Drummond, from our room, sang at the regular weekly meeting of the Kiwanis Club on Wednesday.

ROOM 3—Enjoyed Margaret Dingfelder's collection of dolls from foreign countries. We especially liked the Chinese twins "I Sing and You Sing." Our colonial costumes have aroused much interest. We learned that patterns must be cut true to the lines to make coats and bodices really fit.

ROOM 4—Sally Morrison and Billy Gray were voted to represent our class at the W. P. A. Art Exhibit in Orlando. They gave very interesting reports to the class concerning the trip.

"Sorry" that Ralph Cranston is still unable to be back in school. Glad to have David Howard back after an illness of over a week.

ROOM 5—Inces Room 5 has two teachers we sent four people to represent us at the W. P. A. Exhibit in Orlando last Thursday. These four were Myriene Coughburn, Virginia Carter, Lindberg Hall, and Kelly Smith. We are glad to have Margaret Lito in our room. She is from Ohio, but came here from West Palm Beach.

ROOM 6—Neil Powell and Martha Page attended the W. P. A. Exhibit in Orlando.

We are glad to add Frank Stewart to our class. Frank has been living in DeLand.

ROOM 7—Paul Hodgins and Mary Louise Smith were voted to attend the W. P. A. Exhibit in Orlando. Both gave interesting reports about the exhibit.

ROOM 8—Room 8 has organized a Citizenship Club with Billy Eppe, president, Betty Moore, secretary, and Hoop Petras treasurer.

Frank Robinson and Betty Moore represented Room 8 at the W. P. A. Exhibit in Orlando.

ROOM 9—Doris Dunn and Troy Ray represented our room at the W. P. A. Exhibit in Orlando. They gave interesting reports to the class of their trip.

ROOM 10—Louelle Altman and Bobby Callahan went to the W. P. A. Exhibit in Orlando last week. They brought back interesting reports of their trip.

We have a new pupil in our room, Stella Cherry from Lake Monroe. We are very glad to have another girl.

Schools To Display Work At County Fair

By Edith Lundquist

The much awaited fair—with its 14 mammoth rides, 14 big feature shows, agricultural exhibits, and large display of educational features—is on its way. Monday, Feb. 13 is the big opening day.

All Seminole County schools are planning to display their best work. Each department—including the Mathematics, English, History, Science, Spanish, Latin, Physical Education, and Manual Training Departments has the privilege of entering exhibits. The object of this exhibition is not competition but to display the excellent work of the students to the public.

On Tuesday, Feb. 14, all school children will be admitted free. All rides and shows will be only 5c for children on this day. School will be dismissed at 2:00 o'clock, and every student will be given a ticket to enter the fair grounds.

The attractions at this year's county fair are many, and the prices are small, so everybody come—have a good time and see the fine exhibits.

SOUTH SIDE PRIMARY NEWS

The South Side Primary School was host on Tuesday of last week to the County Council of the Parent Teacher Association.

The Teacher Organization of Childhood Education Association sponsored a Magic Show Thursday, January 31, which was greatly enjoyed by the boys and girls.

Every class in school is trying hard to win sufficient points in good citizenship to merit the award of a flag. Only two classes have earned their flags: Miss Barber's Fourth Grade Class and Mrs. Mitchell's Second Grade class.

Mrs. Nix's class is making a map of Florida with periwinkle shells, also drawing scenes of the St. John River for exhibit work in the Fair.

Miss Barber's room has been busy making Geography notebooks. They will have an exhibit and program this Friday afternoon. The mothers and fathers are invited. Sam Maddox of Alabama has been enrolled in this class just recently.

A Valentine Program will be presented by the pupils in Miss Swain's Second Grade class in chapel this Friday.

Miss Morrow's Third Grade class is planning a George Washington program for chapel next week.

The First Grade Rooms have been very quiet this week as the boys and girls have been busy taking their tests.

Thomas Fowler from Miss Morrow's Room has been ill at his home on Colony Avenue.

James Floyd from Alabama is a new pupil in Mrs. Walker's Room. Nick's Room is in the hospital in Philadelphia. We hope she will soon recover.

Miss Callahan's boys and girls are busy making maps in the Fair. The South Side Primary Association of the County held a joint meeting with the First Primary Association on Tuesday, Feb. 14, 1939.

A letter of strength, on standard paper, will be given to each child at the conclusion of the year.

Photoplay Studies Are Help To Pupils

By Fricelle Reynolds

The Photoplay Studies, which are familiar to all of us students, are furnished for the English department by Mr. Marston.

The pictures which are discussed in these booklets are very educational and go hand-in-hand with the English work.

The object of these booklets is to help the students more deeply understand and appreciate the background and the story of the pictures discussed.

The picture which is taken up by the Photoplay Studies this month is "Drums", a re-enactment film of India. It will be shown at the Elba Theatre on Tuesday, Feb. 14. The setting of this picture is near the Eyer case in India. The picture was actually filmed there and over four thousand natives were employed. In order to make one series of scenes, it was necessary to destroy an entire native village by shell fire. The costumes for the picture were also made in India by natives.

The theme of the picture is the relationship of the British and the natives in India and the entire story revolves around considerations of ambition, loyalty, and affection.

The title of the picture is on an Indian tapestry which is 14 years old. The first actress attention in the film "Elephant Boy" and it was in this picture that he achieved a triumph.

I truly think this is a picture which will be very enjoyable and I believe everyone who sees it will find it the time and money well spent.

Forest Is Planted By Future Farmers

Two acres have recently been set aside by the Sanford School Board for development into a forestry planting demonstration. This plot is located at the corner of 16th and Elm Avenue. During the past week 2500 slash pine seedlings have been planted by the Future Farmers of Seminole Chapter. The seedlings were donated by the Florida Forestry Service. These seedlings have been planted eight feet apart and five breaks will be established, and every possible aid given them for their development. In 1939 Seminole Future Farmers planted a one acre block across the road from the County Home. These trees are now over ten feet high and are flourishing.

CHAPEL PROGRAM FEBRUARY, 1939

The program was opened with McCracken singing several songs. The scripture was read by Dick Mason. There was a vocal solo, "Garden Song" by James Drummond, accompanied by John Hamrick.

The program was centered around the activities of the local Boy Scout troops, and the Scouts staged an impressive flag ceremony, composed of the flag salute, the presentation of the flag, the playing of the national anthem, and they were accompanied by Francis Finch of the Scout Troop.

Dr. W. H. Morris, Seminole, stated: "This year, more interest has been taken in the Boy Scouts than in any other year of our history." Mr. Morris also stated that more money is being contributed to the Scout organization this year than any other.

M. A. Morris, U. A. Representative of a prominent business firm, presented a check for \$100.00 to the Scout Troop.

Girl Dies Of Injuries In Auto Mishap

Grace Davis Crushed When She Is Pinned Under Overturned Auto Near Bridge

Coroner's Inquest Is Held In DeLand

Hitchhiker, Driver Escape Serious Injuries In Accident

Grace Davis died in a DeLand hospital late yesterday afternoon shortly after being admitted for treatment of injuries sustained when she was pinned under an overturned automobile on the DeLand highway just north of the St. Johns River Bridge, in which she and two others were riding.

The others Ruth Jones, the driver, and Paul Miller, a hitchhiker, were not seriously injured, it was revealed after an examination and first aid treatment in a DeLand hospital.

Witnesses to the fatal mishap stated that the late model Chevrolet sedan in which the three were riding turned over at least seven times when the driver apparently lost control while driving at a high rate of speed and attempting to pass a truck.

The accident occurred just beyond the bridge across the St. Johns River on State Road No. 3, four miles west of Sanford.

A coroner's jury was called into session at 1:00 o'clock this afternoon at the residence of Maxie F. Foster in DeLand.

The Davis girl was slung through an open door of the overturned auto which came to rest on her body, fatally crushing her.

Deputy Sheriff Slaughter of DeLand said that very little was known about the girls other than that they were said to be from some small town in South Georgia.

They were said to be returning to Jacksonville from Orlando in the car which bore a Leon county license plate and a Duval county bridge tag. It was reported that the auto belong to a Jacksonville man.

815 Ask For WPA Assistance In Seminole County

JACKSONVILLE, Feb. 11.—During the calendar year 1938, 815 residents of Seminole County were certified to the Works Progress Administration for placement as employment became available. It was announced here today from headquarters of the State Welfare Board.

At the same time the announcement was made that during the year more than 90,000 investigations of applicants had been made in the state and that of this number 60,000 had been found eligible. Certifications prior to June 30 numbered 28,619 and for the succeeding six months 31,890.

The number of applications pending at the end of last week was announced as 4,868, indicating that the case load is declining as business conditions improve and seasonal employment increases.

President To Leave For Florida Monday

WASHINGTON, Feb. 11.—(AP)—President Roosevelt was better, his physicians reported, but still confined to his bed in the White House with grippe. Dr. Ross T. McNamee ordered the President to remain in bed tomorrow but said it would be all right for the Chief Executive to leave Monday night for Florida where he expects to board the cruise ship for a Caribbean cruise during which he will watch a part of the fleet's annual maneuvers.

Townsend Draws Pension Attention

Pen-pointing out a pension argument, Dr. Francis Townsend, right, ballyhooed his \$200-a-month plan to Representative Ralph Brewster of Maine. Townsend remains in pension foreground as he testifies before House Ways and Means Committee on proposed changes in social security set-up.

Mark Wilcox To Attend Hearing On Canal Feb. 20

Boat Owners Unite To Back Proposed Outlet To Atlantic

Mark Wilcox, one of the most ardent supporters of the proposed St. Johns-Indian River canal while in Congress, will be among those attending the hearing on the project to be conducted in the City Hall Feb. 20 by the Army Engineers, according to information received today.

Mr. Wilcox was extended an invitation by local boat owners who organized at a meeting in the Chamber of Commerce building last night to give support to the project.

The group is also making efforts to have Joe Hendricks, representative from this district, present for the hearing. Senator Charles O. Andrews of Orlando spoke in behalf of the proposal when an investigation of the project was made by the group of Army engineers, including Maj. Gen. Julian I. Soble, head of the engineering department.

At a well-attended meeting of boat owners last night, plans were made to have a delegation present at the hearing in Orlando on Feb. 21 in connection with a proposed canal from the St. Johns River to the Kissimmee River.

Workers Are Continuing Improvement Of Links At Sanford Country Club

Work on improvement of the links at the Sanford Country Club is continuing under the supervision of the City Parks Department and with a few more rinks. Manager Bert Fort stated that the remaining nine holes will be in good condition for play.

It will be just too bad, Mr. Fort declared, if the person who has been driving an auto on the greens is ever caught. Mr. Fort said that for the second time one of the greens was dug up and ruined for play by an automobile running in circles over the delicate grass.

Those who played the course one or more times during the past week are as follows:

F. A. Everhard, E. Condon, Allan Stewart, E. B. Smith, G. W. Spencer, Raymond Lundquist, Ralph Stewart, Geo. Thurston, E. E. Lloyd, Claude Locke, Phil Grashoff, A. W. Wilson, Henry Zurichide, Nap Fleming, G. D. Workman, Dr. S. Palston, G. K. Falkner, S. D. Highley, and Ellis Loyd.

Also, F. A. Urie, H. M. Grimball, Dr. G. E. Selman, H. W. Rucker, Pete Higgins, John Cowler, Richard R. Deas, Dr. D. G. Scott, Fred Harrison, F. L. Miller, B. C. Moore, W. C. Austin,

Mercury Falls Below Zero In Midwest States

Westerners Warned By Weatherman As Cold Moves Toward Atlantic Seaboard

By Associated Press
Another cold wave was moving eastward from the Mississippi Valley and the weather bureau warned westerners to put on warmer clothes tomorrow. Saturday temperatures gripped the middle west, the mercury plunging to 24 below at Minneapolis.

Bitter weather was general from the Great Lakes south to the Gulf of Mexico between the Appalachians and Dakotas. Madison, Wis., reported six below zero and Des Moines, Iowa had two below.

The mercury went down to 20 below at Havre, Mont., and 18 below at Sheridan, Wyo. Chicago had a low of only four degrees above zero. There was a temporary respite from the cold spell along the Atlantic seaboard but forecasters warned of more cold weather tomorrow.

Andrews Charges Non-Compliance With Wages Law

NEW YORK, Feb. 11.—(AP)—The wages and hours administration launched federal court action yesterday against the New York operators of a Georgia textile mill where it was alleged wages as low as eight cents an hour had forced employees to seek relief aid to live.

Administration Andrews filed the suit, first of its kind in New York, against the Triumvir Manufacturing company, headed by Robert Kernan of New York. The company's plant in Jasper, Ga., employs about 100 persons all white and makes men's shirts, trousers and overalls.

The civil enforcement section of the wages and hour act of 1938, which was invoked in the action, provides employees who have been underpaid may recover by individual suits twice the minimum wages required by law less the amount already received. Employees are required to get attorney and court costs also in the event the employer wins the actions.

SAN FRANCISCO, Feb. 11.—(AP)—A new step in the "revolt of a Fresno business group against Federal payroll taxes, and the outbreak of a farm leader against retail costs today marked apparently growing dissatisfaction in California over its social security situation.

The Fresno movement came to the attention of Congress when Representative Elliott (D. Calif.) told the House Ways and Means Committee that a group of San Joaquin County employers had vowed to go to jail rather than pay any more taxes under the Social Security Law.

This group, under the leadership of John A. Martin, Fresno contractor, also was preparing for a meeting tonight to demand the immediate deportation of Harry Bridges, West Coast CIO director.

Retired ACL Engineer Celebrates Birthday
Lincoln Grow, pioneer resident of Sanford and retired Atlantic Coast Line engineer, celebrated his 73rd birthday at his home on Third Avenue this week.

Mr. Grow, known as "Shorty" to his fellow workers, has been a resident of Sanford for the past 35 years. He began his work with railroads 56 years ago as an engine wiper on the Central of New Jersey Railway. He was promoted to helper at the age of 16 and two years later became a fireman for that railroad. At 19 he was promoted to an engineer.

Before he became employed with the Atlantic Coast Line Railway in October of 1904, Mr. Grow was connected with the Big Four, the Union Pacific, and the Texas Pacific.

California's "campus style" group of state administrative buildings will be enlarged by \$1,000,000 worth of construction in 1939.

NEWEST WASHINGTON ARRIVAL

The newest arrival in Washington official family is little Miss Cherry Hopkins, six-and-one-half pound granddaughter of Harry Hopkins, recently appointed Secretary of Commerce. The cabin member is shown at right admiring the child of his son, David, center, and wife Cherry. Nurse Bernice Crossman is holding the sleeping baby for the proud forebears to see.

Rotary Team Gets Inter-city Golf Trophy 2nd Time

Sanford, DeLand Clubs Hold Joint Meeting At Mayfair Hotel

Sanford's Rotary golf team was awarded a golf trophy for the second consecutive year at an inter-city supper meeting with the DeLand Rotary Club at the Mayfair Hotel last night following the final match of a golf tournament which has been in progress during the past month.

Permanent possession of the trophy goes to the club which wins three times in succession.

W. C. Hill, a former charter member of the club, and Helen Swan, head of the DeLand Rotary Club, were welcomed into the club as new members by President George H. H. Cole, who presided over the meeting, and by H. H. Colburn, who reported the origin and purpose of the trophy.

The new Rotary Club, which was founded by Paul Hayes in Chicago, has over 100,000 members in 10,000 cities and towns throughout the United States.

Mr. Hill introduced A. Perkins, chairman of the program committee of the DeLand club, who had charge of the program last night, and William L. Wolfe, president of the DeLand club, who expressed the appreciation of his club members for the trophy extended them.

The golf trophy was presented by Mortimer MacDonell of the DeLand club, who had charge of the program last night, and William L. Wolfe, president of the DeLand club, who expressed the appreciation of his club members for the trophy extended them.

Proceedings Begun To Test Homestead Law
TALLAHASSEE, Feb. 11.—(AP)—Proceedings were started in Supreme Court to test whether homesteads may be taxed to support district schools. Attorneys for J. L. Clark filed the case against Hillsborough county officials.

They said the schools were not able to operate efficiently and pupils were denied educational opportunities because to much property went off the tax rolls because of the homestead tax exemption.

LOCAL WEATHER
Partly cloudy, probably showers and somewhat colder in extreme north portion tonight and Sunday morning and in central portion Sunday afternoon.

Successor To Pope Pondered By Catholics

Names Of Nine Cardinals In Forefront Of Eligibles For Pope Pius' Throne

11 Are Killed In Burma Riot

Rumanian Soldiers Re-pulse Terrorists' Bucharest Attack

By Associated Press
As Catholics throughout the world mourned for Pope Pius XI, the faithful in Rome passed in homage before his bier in the Sistine Chapel and the Roman Catholic Church pondered who next would sit on its throne.

Clothed in white and wearing a priest's Red Chasuble, the Pope's body lay in state near the entrance to the chapel while in the background red-robed ecclesiastics, facing each other in long rows under Michelangelo's Frescoes of the Last Judgment, conducted devotions for the repose of the Holy Father's soul.

Names of nine cardinals came to the forefront among those who might succeed in the throne made vacant by the death of Pope Pius yesterday. Pious' precedents are looked by the College of cardinals, the pope it will elect will be an Italian and an archbishop of a large diocese who has had administrative experience.

Reports reaching the French frontier from Spain said division had split the Spanish government with Premier Juan Negrin and Jose Alvarez del Vayo, his foreign minister, on the one hand and his military leaders on the other.

It was not clear, however, whether the disagreement had arisen over the peace negotiations with Insurgent Generalissimo Franco or Franco's offer of the best chance of continuing the war in the one fourth of Spain still in government hand.

Negrin who returned to Spain from France yesterday, reestablished the capital in the besieged Madrid as a symbol of continued resistance and declared the war would be an aerial campaign accepted by the people. Franco's supporters that Spanish troops of foreign influence, might decide by force of government and no records on government supporters.

France has refused to consider anything except unconditional surrender by the government.

Eleven persons were killed and 19 injured yesterday in Mandalay, Burma, when police fired into a crowd of 20,000 demonstrating in defiance of a government ban on public assemblies. The demonstrations were held to demand the release of prisoners held following previous disturbances.

In Bucharest, Rumanian soldiers firing rifles and pistols in a clash with terrorists last night produced what was said to have been an attack on the Bucharest radio station. A communication and one of the attacking group was killed and 15 captured. Neither their identities nor motives were disclosed.
