# U.S. Keeps Canal Zone, Rusk Informs Panama

WASHINGTON (UPI) — Secretary of State Dean Rusk says the United States will not withdraw from the Panama Canal Zone or give up its military base along the vital waterway.

Asked Sunday if the United States could afford to give up "the zone or its military base," Rusk said: "The answer is no, and I have not heard any responsible person take any other viewpoint."

In a television interview Rusk said all parties involved in negotiations started after the bloody rioting in Panama are agreed that "the first order of business is the restoration of peace."

Panamanian President Roberto F. Chiari has demanded renegotiation of the 1903 treaty that gives the United States perpetual control of the Canal Zone and Panamanian Ambassador Aquilino Boyd has told the United Nations

that the United States must give up the canal.

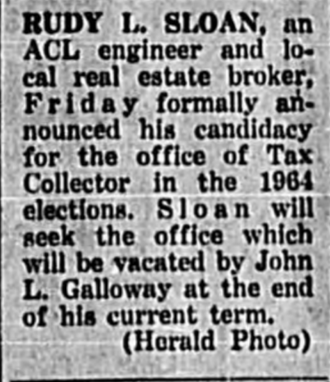

Rusk indicated that Chiari was in agreement with U. S. representatives in Panama that peaceful negotiations could iron out the crisis started last Thursday over flying of the Panamanian flag in the Canal Zone.

The secretary has been in close touch with Thomas C. Mann, newly appointed assistant secretary of state for Inter-American affairs who has been handling talks with Chiari.

Rusk said discussion was difficult under current tension in Panama. He reiterated that peace and security for U. S. citizens and property in the Canal Zone were the key matters to which "everyone is giving maximum attention."

He blamed "elements hostile both to Panama and the United States" for intensifying violence and fomenting friction between the two nations.

Rusk said Cuban Premier Fidel Castro "and Castro agents have been taking a hand in this one way or another." He added: "I think he has some responsibility for this."

**RUDY L. SLOAN**, an ACL engineer and local real estate broker, Friday formally announced his candidacy for the office of Tax Collector in the 1964 elections. Sloan will seek the office which will be vacated by John L. Galloway at the end of his current term. (Herald Photo)

## One Man 'Crime Wave' Keeps Police On Hop

A 24-year-old Sanford man, Oliver L. York Jr., reportedly residing at 610 West Ninth Street, kept Sanford police and other busy for a brief period Sunday afternoon... and is in the city jail today on multiple charges.

Police Chief Roy Williams recounted the incidents this morning thusly:

York took an Air Force uniform from a car owned by Joseph W. Traylor, just passing through, at a local restaurant. Traylor protested and York punched him. York is charged with petty larceny and assault and battery in this instance.

Chief Williams said York then went to his boarding house and stole a .22 pistol. He is charged with carrying concealed weapons in this instance.

York, according to the police chief, forced Mrs. Laura Gerrard at pistol point from her car at First Street and Magnolia Avenue, and drove off.

At First and French Avenue, York became involved in an accident with a truck. Chief Williams said York then proceeded to a car occupied by Tom Bayre and Sampson Harbert and demanded a ride. Chief Williams said Harbert took a gun from the glove compartment and held York until arrival of police.

Sheriff J. L. Hobby said this morning his deputies are investigating the theft of several cases of whiskey from the Melody Bar, Altamonte Springs, over the weekend.

Sheriff's deputies were continuing their investigation of the \$200 holding of the U-Town grocery on Lake Howell Road, near Tanglewood, Friday evening. A white man wearing a stocking mask, threatened the manager, Bernice Barley, with a revolver and escaped with \$200.

WEATHER: Fair and colder through Tuesday; high today in 60s; low tonight 38-44.  
VOL. 56 United Press Leased Wire Established 1908 MON., JANUARY 13, 1964 SANFORD, FLORIDA NO. 102

## City-County Drafting New Site Proposals For Board Of Control

By Fred Van Pelt  
Seminoles and Sanford leaders will sit down at an informal meeting Tuesday to analyze the "split" thinking of the State Board of Control

on a proposed university site and endeavor to agree on new proposals in an effort to bring the new undergraduate school to Seminole County. Tuesday's meeting follows

the 3-3 deadlock by the Board of Control Friday afternoon at Tallahassee, when the state officers reached an impasse in the choice between the Lake Ada site, south of Sanford

city limits, and the Bluestone site, 12 miles south of Orlando. Board of Control members requested Orange and Seminole County leaders to submit

other new site proposals in the two counties, but not eliminating Lake Ada, Bluestone, Econlochatchee River and Deerert sites.

**WOODRUFF BUILDING**, at the northwest corner of First Street and Park Avenue, will be razed and the site used for a city parking lot when deed of transfer has been formally negotiated. The City has contracted to purchase the property for a reported \$60,000. Purchase price will be paid from parking meter revenues, although the City has not yet decided whether to place parking meters on this lot. (Herald Photo)

## Winter's Worst Storm Batters Eastern U. S.

By United Press International  
The winter's worst storm raged throughout the eastern half of the nation today. Strong winds and heavy snow whipped up near blizzard conditions. Drifts piled up 10 feet high in Illinois.

Hundreds of schools were closed. Roads were blocked and snowplows were hard-pushed to keep others open. Transportation was generally snarled in what was one of the worst storms in years in some areas.

At least 23 deaths were blamed on bad weather. The weather bureau posted heavy snow or hazardous driving warnings with near blizzard conditions for most of the Ohio Valley and Tennessee and from the Carolinas through most of the North Atlantic states.

Cold wave warnings stretched from the lower Mississippi Valley into Kentucky and Tennessee. The temperature dropped to 28 below in Bismarck, N. D., Sunday.

The cold pushed temperatures down to 18 as far south as Tucson, Ariz., and El Paso, Tex.

Slight citrus danger was possible in Texas' Rio Grande Valley where freezing temperatures were expected.

Coast Guardsmen and firemen groped their way through heavy snowfall Sunday night to rescue 10 men stranded on ice offshore from Port Clinton, Ohio, near Catawba Island. The Coast Guard said the men, who were ice fishermen, fortunately were not on ice that broke off in choppy water and high winds.

Eight inches of snow fell in St. Louis. There were some school closings in St. Louis County. The St. Louis basketball team, on route home from playing at Cincinnati, was stranded in Chicago, unable to get to St. Louis. Schools were closed in the Kansas City area.

## Big Dump Truck Bangs Way Into \$11,000 Crash

It is difficult enough to get a new highway built without tearing it up before it is opened. But that is what happened Thursday on a section of incomplete I-4 south of the Lake Mary overpass.

A giant, 10-wheel dump truck, operated by Tom Bobbula of Leesburg, was proceeding south when the vehicle struck the blade on a road grader and crashed into the rear of another grader.

The second road grader, a 12-ton machine, was knocked some 50 feet. The impact demolished the front end and cab of the dump truck. Bobbula was pinned in the wrecked cab. After being rescued by Tom Bayre and Sampson Harbert and demanded a ride. Chief Williams said Harbert took a gun from the glove compartment and held York until arrival of police.

Sheriff J. L. Hobby said this morning his deputies are investigating the theft of several cases of whiskey from the Melody Bar, Altamonte Springs, over the weekend.

Sheriff's deputies were continuing their investigation of the \$200 holding of the U-Town grocery on Lake Howell Road, near Tanglewood, Friday evening. A white man wearing a stocking mask, threatened the manager, Bernice Barley, with a revolver and escaped with \$200.

## Army To Fly 4,000 Troops To Pacific

**TOKYO (UPI)** — The U. S. Army will fly 4,000 troops across the Pacific next month to test a new concept for stopping aggression within hours, it was disclosed today.

U. S. Army headquarters in Japan announced plans for air-lifting the 25th Infantry Division brigade task force from Hawaii to Okinawa.

Ships dispatched from a U. S. naval base in the Philippines will meet the soldiers on the beach with artillery, tanks and other heavy equipment needed in warfare.

The transpacific was games follows last autumn's airlift of a full army division from the United States to West Germany.

Washington is testing and refining methods for rapid development of combat troops and equipment in order to reduce American forces stationed overseas and to better meet sudden war in remote corners of the globe.

The United States announced in December that it will withdraw some 8,500 Air Force men from Japan during 1964.

Other American troop reductions in the Far East may follow.

The Army said the February exercise will be the first of the kind ever staged in the Pacific.

## United Fund Total Stands At \$31,911

The 1963 Seminole County United Fund has received \$31,911 as of Jan. 10, according to a report today from Paul D. Lewis, campaign chairman, and Mrs. E. F. Dams, executive secretary.

This amount, raised without the assistance of a professional fund raising organization this year, was greater than the amount received last year with professional help, Mrs. Dams said. She pointed out, however, that only 67 percent of the Fund's objective, \$48,425, has been realized.

## Americans In Zanzibar Are Being Removed

**ZANZIBAR (UPI)** — A U. S. destroyer today began taking Americans off the newly independent island nation of Zanzibar, where a leftist rebellion overthrew the British-ruled sultan and proclaimed a republic.

Observers in Nairobi, Kenya, on the African mainland opposite Zanzibar, said the new government was pro-Communist and some of its leaders were sympathizers with Communist China. There was speculation in Kenya that Zanzibar could become the Cuba of Africa—the first Communist foothold in the area.

Sources in Washington said some of the rebels are largely financed by the Communists, including those headed by Abdul Rachman Mohammed Babu, leader of the outlawed Umma party, and new defense and foreign minister. He was described as pro-Peking.

First reports said three persons were killed and 25 injured in the fighting that toppled Sultan Seyyid Jamshid Bin Khalifa Saturday night and Sunday.

The nation's new leader is Sheikh Abed Karume, who was named president of the rebel republic.

Karume also is considered a Chinese Communist sympathizer by many observers.

## Seminole Demos Name Howell

By Jane Casselberry  
Roy Howell Sr., of Lake Mary has been named vice-chairman of the Seminole County Democratic Executive Committee. Howell's appointment was made at a recent meeting of the committee at which time John McCloskey and Helen McCloskey were chosen committeewomen for precinct No. 1, Sanford.

W. O. Tanner Jr., was appointed for Precinct 3, Sanford and Jack Symas, Precinct 6, Goldenrod.

To fill the vacancies left by the resignation of Mr. and Mrs. Robert Wigles of Fern Park's Precinct 23, Mrs. Lillian Severs and William Chambers were appointed.

County Commissioner John Alexander spoke before the group on the duties of his office and the progress made under the present administration.

Other commissioners who had been expected to attend were unable to do so as they were in Tallahassee.

Plans were discussed for political rallies to be held prior to the primaries.

## Post Office Receipts Up

Sanford Post Office receipts were up \$26,000 in 1963 over 1962, it was reported today by Postmaster Cecile Heard.

Receipts in 1963 totaled \$27,200 as compared to \$21,200 in 1962, Miss Heard said.

Last quarter receipts in 1963, mostly Christmas mail, was up 20 per cent. Receipts for the last quarter of 1962 and 1963, respectively, were \$22,023 and \$27,517.

Highest annual volume of the Sanford Post Office was \$1.3 million prior to the re-activation of Sanford Naval Air Station when a woman's dress manufacturer operated at the air base.

## Winter's Worst Storm Batters Eastern U. S.

By United Press International  
The winter's worst storm raged throughout the eastern half of the nation today. Strong winds and heavy snow whipped up near blizzard conditions. Drifts piled up 10 feet high in Illinois.

Hundreds of schools were closed. Roads were blocked and snowplows were hard-pushed to keep others open. Transportation was generally snarled in what was one of the worst storms in years in some areas.

At least 23 deaths were blamed on bad weather. The weather bureau posted heavy snow or hazardous driving warnings with near blizzard conditions for most of the Ohio Valley and Tennessee and from the Carolinas through most of the North Atlantic states.

Eight inches of snow fell in St. Louis. There were some school closings in St. Louis County. The St. Louis basketball team, on route home from playing at Cincinnati, was stranded in Chicago, unable to get to St. Louis. Schools were closed in the Kansas City area.

## SNAS Asks Bids On 2 Contracts

Area small business concerns were invited today to submit bids for two contracts estimated to cost less than \$50,000 at Sanford Naval Air Station.

Bids will be open at 2 p.m. Jan. 29 for installation of toilet facilities in building 126, to cost less than \$25,000.

Bids will be opened at 2 p.m. Jan. 31 for replacement of automatic line heater and engine controls for an emergency power system, estimated at less than \$25,000.

## Casselberry To Swear In Two

Newly elected officials of the Casselberry Board of Aldermen, Owen Anstey as mayor and Mrs. Mary Hawthorne as clerk, will take the oath of office at today's 7:30 p.m. meeting of the board to be held in the Casselberry Women's Club.

Officials returning to office are Aldermen George Howard and Cliff Overman and Marshal Gus Sawyer.

Other business on the agenda for today's meeting includes a report from outgoing mayor Fred Heath and discussion of the proposed comprehensive zoning ordinance and a garbage collection franchise.

## Firemen To Install At Lake Mary

The annual installation of officers for the Lake Mary Volunteer Fire Department will be held at 8 p.m. Tuesday in the Fire Hall.

Installed will be E. Richard (Woody) Friend, president; Roger Crocker, secretary; and Ralph Schweickert, treasurer.

Director of the organization are Ed Zimmerman, Bob Willis, Charles Walker, Ed Sawyer, Fowler and Randall Chase.

During the business meeting following the installation, final plans will be made for the firemen's annual barbecue supper to be held Feb. 6. Plans also will be made for filling the large area where the fire trucks are stored and workdays for this project will be scheduled.

All members of the department are urged to attend.

## Snow Falls In Pensacola

**PENSACOLA (UPI)** — It snowed here today for the second time in five years.

Light snow flurries also were reported in Crestview and Milton in the Florida Panhandle.

Light snow was reported here New Year's Eve — the first snow since 1939.

With temperatures in the low 20's, the snow was expected to stay on the ground for a short time.

"It won't amount to much, though," said the Miami Weather Bureau.

## Success Rule

**WEST FRANKFORT, Ill. (UPI)** — Miss Alice Louise Grant 56, an English teacher at Frankfort Community High School, said upon being chosen as the Illinois teacher of the year that she had always tried to follow the advice given her long ago.

"Think like a man, look like a girl, act like a lady, and work like a dog."

## First Reading Of Annexation Ordinance Set

First reading of an ordinance annexing the southwest corner of 37th Street and Sanford Avenue will be given by City Commission tonight.

Commission also will consider an amendment to the occupational license ordinance to require nursing homes to be licensed by the state, a request for transfer of a beer and wine license at 203 West Third Street, and annexation of property on Roosevelt Avenue between 16th and 18th Streets.

## LBJ To Meet With Bryant About Visit

**MIAMI (UPI)** — President Johnson will meet with Gov. Farris Bryant and other Florida Democrats in Washington on Thursday to settle details for Johnson's Feb. 27 Miami Beach appearance.

It will be his first political address since assuming office. The \$100-a-plate fund raising dinner will be in the plush Fontainebleau Hotel.

A spokesman said indications are "several vice presidential hopefuls" will attend the Miami Beach meet.

## Best Dressed

**HOLLYWOOD (UPI)** — Jack Benny and Henry Fonda today held claims to the title of "best dressed men of 1964" given by the California Men's Apparel Club.

## Satellite Off

**VANDENBERG AFB, Calif. (UPI)** — The Air Force launched another secret satellite over the weekend from this West Coast missile base.

## Aliens Reminded Of Registration

Aliens now in the Sanford area are required to register with the Immigration and Naturalization Department before Jan. 31, it was reported today by Postmaster Cecile Heard.

Aliens may obtain the proper information card at any postoffice. It must be filled in and handed to a postoffice clerk — it should NOT be mailed.

## County Board To Reorganize

County Commission will reorganize for the coming year with the election of a chairman and vice chairman and the setting of committees.

There will be no change in the Commission membership: Gen. J. C. Hutchinson, James P. Avery Jr., John P. Merritt, John A. Bennett and Lee Gary.

## Art Meeting

The Sanford-Seminole Art Association will meet tonight at the Civic Center. The meeting will get underway at 7:30 p.m. There will be a demonstration of oil paintings of landscapes by R. B. Stone.

## Camel Bruce, supervisor of voter registration, says those who have not returned their postal cards to her office should do so at once. The deadline has passed for mailing them in but says her office will continue to accept them if you'll get them in quickly. If you don't you might not be entitled to vote in the coming primaries.

Another Clock watcher's comment about trucks on First Street: "It is true," says the watcher, "that trucks can be an inconvenience to motorists and pedestrians, but only because we have become so impatient. How many of us stop to think these trucks bring merchandise we need or want? Perhaps we should consider what these truck drivers must contend with to make out shipping more efficiently." The watcher has been a resident of Sanford all her life. She adds, "I guess I was moved by thinking of people living too fast, myself included. But our gripes are born from our demands."

That wraps it up for today. Let's get that university!

### North Orlando Committee To Meet

By Mona Griestead  
A meeting of the North Orlando Christmas Party Committee will be held at 8 p. m. Tuesday in the Civic Building at which time reports on the Dec. 15 event will be heard.

A full financial report will be presented and it is expected that a fund will be established for future community celebrations with money left on hand. Funds were secured through donations and money-making projects sponsored by participating clubs and organizations.

### X-Ray Units In Oviedo

Mrs. Ray Beasley, civic chairman of the Oviedo Woman's Club, has issued a reminder that the three chest x-ray mobile units will be in front of the City Hall from 1 until 5 p. m. on Wednesday. This service is provided by the Seminole County Health Department and the Florida State Board of Health in cooperation with the Seminole County Unit of the Central Florida TBB and RD Association.

Mrs. Beasley urges all residents to follow the association's advice . . . "protect your family circle, get your chest x-ray."

### Geneva HD Club Holds Meeting

The January meeting of the Geneva Home Demonstration Club was held last Wednesday at the Community Hall with Mrs. W. E. Yarbrough and Mrs. W. B. Heath as hostesses.

Members attending were Mrs. D. M. Ladd, Mrs. Elwood Shaw, Mrs. Vance Wagner, Mrs. John Williams, Mrs. J. W. Byrnes, Mrs. Florence Wallace, Mrs. Van Shuler, Mrs. A. Baxter, Mrs. F. S. Duyette, Mrs. Donald Norton and Mrs. A. Murphy.

Guests were Mrs. Alie Rosier and Mrs. Belle Johnson from Muskegon, Mich., and Mrs. Gray and Mrs. Martin from the Elder Springs Club.

The next meeting of the Geneva club will be held on Feb. 12 at the home of Mrs. Bruce Perry.

Lichtenstein, Ray European principal, has a telephone book requiring only three pages.

### "LET'S TALK DRY CLEANING"

By WOODROW CABE

COLOR plays one of the most important of all roles in clothing . . . even in a man's wardrobe today. Most of the beautiful colors we enjoy in wearing apparel and household textiles are produced by dyes.

The various types of dyes in use today are too many to go into here. As consumers our main concern about dyes is that they be durable and should not be changed by the action of light, acid and alkaline perspiration, and drycleaning. Unfortunately many dyes aren't that permanent.

Light, smoke-filled air, gas fumes and fumes from industrial plants often fade or others affect colors. In addition, fumes and smoke deposit a subtle film on the surface of the fabric that not only has a tendency to change the color, but can cause deterioration of the fibers as well. In some fabrics, particularly rayon acetates, this "fume fading" won't become visible until after cleaning . . . or whenever heat is applied, as in pressing. In such cases the fabric is at fault.

Frequent and thorough cleaning will in most cases help to remove the dangers of color fading, will remove the film and keep colors clear and bright. Send us your colorful garments, and all your dry cleaning, with confidence in quick, dependable service. We pickup and deliver.

DOWNTOWN CLEANERS & LAUNDERERS  
118 S. PALMETTO AVE PHONE FA 2-5292

**Hello, Central, Give Me...**

When telephones looked this way back in 1902, you can bet there were plenty of people around predicting that this new "phone" idea would never catch on.

But phones did catch on. Constantly improving . . . providing broader service. Today, here in Florida, Southern Bell has more than 1,650,000 telephones in operation. And still the planning and working goes on. In 1964 more than 679 million will be spent in the state to add new telephone facilities and improve existing ones. The number of customers served will top 1,000,000, and some 90,000 phones will be installed. By the end of the year Southern Bell's total investment in Florida will reach \$783 million.

There are some of the plans for 1964. Like Florida itself, Southern Bell is pledged to progress. And we've come a long way since 1902.

**Southern Bell**

## Lyman Brain Bowl Team Wins Over Leesburg

By Jane Casselberry  
Lyman High School's Brain Bowl Team got off to a good start last Thursday night by defeating the team from Leesburg High by a score of 70 to 50 in the first match of the season held in the Lyman auditorium.

Members of the Lyman team were Barbara Daniel and Pete Carlson, seniors and Dennis Hearn and Dorian Thermanos, sophomores. Pete is a veteran of last year's competition. Representing Leesburg

were Bill Abney, Bryon Casson, Kenneth Dewey and Steve Cumbas. Ray Pharr, assistant principal at Lyman, served as moderator presenting questions on such varied fields as art, science, math, literature, history and current events. Mrs. Paul French of Altamonte Springs served as judge and Mrs. Marge McCoy of Casselberry was official timekeeper.

Other Lyman students who will be serving as alternates for future matches include Arlene Mason, Carolyn Thomas, Mae McClellan, Frank Renew and Donna Lundgren. Fletcher Cockrell is faculty advisor again this season. Other matches are scheduled by Lyman with the following schools: Apopka, there, Jan. 16; Edgewater, here, Jan. 30; Lakeview, there, Feb. 6; Oakridge, here, Feb. 13; Semboles, there, Feb. 27.

SRB To Meet  
TALLAHASSEE (UPI) — The State Road Board will meet here Thursday, Chairman John Phillips announced today.

Lloyd Hatch Funeral Held  
Funeral services for Lloyd Hatch, 50, who died Saturday morning at his home on Lake Jessup, were held at 2 p. m. today at Brison Funeral Home with Rev. B. H. Griffin of the Elder Springs Baptist Church officiating. Burial was to follow in Oaklawn Memorial Park.

A commercial fisherman, Mr. Hatch had lived all his life on Lake Jessup. He is survived by his wife, Mrs. Pat Hatch; a daughter, Mrs. Dolly Francisco, and a sister, Mrs. Susie Myers, all of Lake Jessup; an aunt, Mrs. Christine Cartoway, of New Smyrna and several nieces and nephews.

## Expenditures Okayed By Village Council

Expenditures coming before the North Orlando Village Council last week were unanimously approved as follows: Membership in the Florida League of Municipalities, \$31.25; Citizens Band Radio for village police department, \$189; Pure Oil Station, \$73.64; ABC Fire Equipment Company, \$140; North Orlando Civic Association, \$10; Panning Lumber Company, \$7.67 and, for printing 1,000 letter-head envelopes, \$7.95.

In addition, council approved payment for a helper to assist the clerk, Mrs. Barbara Peters, in making a copy of the Seminole County Tax Roll and allocated an amount up to \$100 to the volunteer fire department for purchases of miscellaneous small equipment.

Fire Chief Bill Hahn recommended that in the future an operating fund for the department be set up by council, with deposits to be made on a six-month basis, in order that needed equipment required to effect lower insurance ratings for village homeowners could be purchased on a regular schedule.

Hahn also suggested that the volunteer organization be authorized to elect its own chief and assistant chief, subject to approval by council, in the future.

Council unanimously agreed to sell the old fire truck for a sum of \$150 to a Winter Park man who wished to remain anonymous.

In other business it was agreed that a letter be sent to Clyde Hart, chairman of the board for Seminole Raceway, explaining that use of roads in the Ranch Area for exercising the track horses has done a great deal of damage in the few weeks since the roads were graded and put in good repair. The Raceway will be asked to provide some system of reconditioning these roads.

It also was agreed that the county sanitarian be notified that a breeding grounds for flies has been created by the Raceway which is stockpiling manure on the shores of Wonder Lake.

Plans were made to continue with building a school bus shelter after announcement was made that permission had been received from Frank Fasula, manager of the North Orlando Company, for use of the vacant lot at Edgemon and Lombardy.

Council will call a special meeting within the next two weeks to act on the special election for a charter board and to further consider an ordinance for the annual March council election.

### City Hall Hit

PENSACOLA (UPI)—Bricks and windows in City Hall here were smashed by a bolt of lightning during a heavy rain storm Monday. There were no injuries and damage was estimated at \$500.

# SNAS Spends \$3 Million

If anyone has any doubts as to what the U.S. Naval Air Station means to the economy of Sanford and Seminole County, he has only to be reminded that during the past year a total of almost \$3.25 million was expended or funded for various improvement projects at the base.

During the year a greatly expanded building and improvement program was inaugurated. Included in the various projects are improvements and repair to runways which should be completed during 1966, the construction of a maintenance training building which was completed, the construction of two R&EC support buildings that are nearly completed, and under construction now are nose hangars, a washrack and pressure suit facilities.

In addition, during the year the station converted to JP-5 aviation fuel, installed the aviation fuel pipeline (done with private capital), is constructing a 300-man barracks which should be completed in late March, and completed is the building of eight units for family housing.

Among continuing projects are major building maintenance and repairs, the rehabilitation of mess halls and barracks facilities, and under construction is a new enlisted

men's swimming pool and lake pavilion.

These are just a few of the improvements which are in the process of completion or have been completed during the year.

These improvements are a part of a five-year expansion program which is estimated to exceed \$15 million by 1969. Meanwhile, awaiting Congressional clearance at this time are such 1964 projects as an aircraft parking apron and squadron hangar plus shops and offices to be built at a total cost of \$1,327,800.

The installation undoubtedly in the years to come will continue to add new facilities and it will more and more play a larger role in the overall economy of this county.

Of course, there is always the complaint of the noise created by the aircraft. But when we consider being without them the jet engines sound more like insurance and safety for ourselves and our families, both here and elsewhere.

Seminole County is proud to be the home of the Sanford Naval Air Station. And thousands of our citizens, we are confident, join The Herald in wishing for the Navy base here another successful year in 1964.

# Bruce Blossat—Ray Cromley

## Political Notebook

WASHINGTON (NEA) — The day after Christmas, Pennsylvania's Democratic Sen. Joseph Clark and former Philadelphia Mayor Richardson Dilworth were lunching quietly.

The subject of their chat: A replacement for the late Rep. William Green, long-time boss of the city's Democratic organization.

Their solution: To propose Dilworth himself to serve as next regular city committee election in May.

But while these two key figures were shaping their plan, city ward leaders secretly summoned by Green's lieutenants—were slipping into party headquarters a few blocks from the Philadelphia Club.

There in Green's old command post they signed a petition authorizing a special committee meeting for the following day, called to name Frank Smith, a top Green aide, as chairman.

When Clark and Dilworth emerged from their cosy lunch, they spied an afternoon paper which described the move for Smith.

They knew their own maneuver as spokesmen for Pennsylvania's liberal Democrats was lost. Next day Smith was chosen unanimously, though disgruntled Mayor James Tate stayed away.

The news of the "smooth transition" was conveyed by telephone to certain White House sources. Clark swiftly announced, however, that he would try to oust Smith in May.

He will have trouble finding a candidate, now that Smith is in. But what this episode illustrates is that the Democratic party in Philadelphia—and Pennsylvania—is in even worse shape now than before Green's death. And it has been badly off for many months.

Elements in the steady deterioration were the Clark-Green feud, grand jury inquiry into city scandals, loss of state jobs with the coming to power of Republican Gov. William Scranton, the death in mid-1962 of a potent behind-the-scenes party operative, James P. Clark, trucking executive and once part-owner of the Philadelphia Eagles.

This serious party chaos is duplicated in equally severe form in New York and Ohio, while difficulties of a lesser but still significant order threaten in California, Michigan and New Jersey.

These states, taken together with Illinois and Texas, hold 227 of the 270 electoral votes President Lyndon B. Johnson needs to win election next November.

Johnson's political allies in the White House, led by Clifford Carter, know that, whatever strength the President may show in the South and West, he has to crack some of the big industrial states.

That at least three of the top eight states are in dismal organizational condition greatly magnifies their burdens.

New York's Democratic party, faction-ridden for half a decade, is described by one party man there as "highly backward" today and making no progress. New York Mayor Robert Wagner still battles Bronx and Brooklyn leaders.

Ohio is torn by feuds in Cleveland, big Democratic vote stronghold, and Cincinnati. Efforts to establish unity have failed thus far. Party men look for some kind of signal from the President's men.

California's contending elements include Gov. Edmund G. (Pat) Brown, portly and powerful Jesse Unruh, the liberal California Democratic Council, and Mayor Samuel Yorty of Los Angeles, who recently stirred feathers by saying—without authority—that he would be LBJ's man in California in 1964.

On these quaking structures President Johnson must depend as he makes his run for election next fall in his own right. His aides are busy trying to settle them down.

## Letters

### To The Editor

Editor: Herald

This is a copy of an open letter to the people of North Orlando which has been read at a meeting of the Village Council and which has been publicly posted at the Village Hall.

As chairman of North Orlando in charge of recreation, I have been working diligently in the name of the people to obtain the recreation area for the village.

This project was begun several months ago, but until recently we received no acknowledgment. In the meantime, I have been working on a program but the council doesn't feel that the village should put money into the recreation area until it belongs to the people. This is understandable.

On Dec. 4, I had a meeting with Mr. Kenneth Frank, and as the representative of his company, he has assured me that it will be decided over to the village. Our meeting was amiable and both Mr. Frank and I feel that with a little negotiation between the council and himself, we can be certain of a much more friendly relationship than we have had with any former arbitrators.

As to the recreation program I have in mind, I hope to have a committee of sincerely interested people, some of whom have already been contacted and have accepted the responsibility. These people will work out a good year around program and will take into consideration all age groups, the budget they have to work with, and immediate necessities. High on the list is some heavy playground equipment, bleachers for the ball field, and shelling or paving the parking area. Money is our primary problem, of course,

and the recreation program cannot be put into full effect overnight. But if this committee starts it, there will be smoother sailing in the future.

As your first fully elected council in the village, we have inherited many problems not of our choosing, and many situations have arisen which need much consideration on our part.

Some of our inherited problems are bad roads and open ditches. We are working towards correcting these things, but again time and money play the important roles.

However, as a council we have not been idle as seems to be the general consensus. I would like to enumerate some of our activities in the past few months: We have

- (1) Given you a four man police force which has worked endless hours and the men have taken special training. They have done this for the good of the community—and WITHOUT pay.
- (2) Passed many ordinances—all of which have taken hours of time and hard work for research and so forth.
- (3) Given you an equipped fire department—with much more on this to be done.
- (4) Given a franchise to Florida power.
- (5) Given a franchise to Suburban Rulene Gas Co.
- (6) Given a franchise to a telephone company.
- (7) Passed a small tax on utilities to raise revenue for necessary city expenses.
- (8) Given the village a part time village clerk—at a very nominal fee.
- (9) Appointed a building and electrical inspector.
- (10) Paid off debts that we inherited.
- (11) Erected signs indicating trash dumps.

Many other routine business

matters have been undertaken — each matter time-consuming and involved to some degree. All of this ground-work will simply council matter for the future councils of this village.

Much of the work of the present council has been done in the face of bad publicity—originating from a few unhappy residents with minor grievances and imaginary complaints—and the animosity of the same few people. When the school teachers, who teach our children every day, ask what is wrong in this community — when new residents and neighbors, who have never attended a council meeting, and in many cases know nothing of the council work, and have never seen the councilmen and do not know them, make statements that they "hate this council" for what it has done — it is apparent that a vicious element is at work undermining every good work we hope to accomplish.

I wonder if these vicious people know that when they spread slanderous remarks they are in effect slandering themselves and the whole village—creating a bad image of the village and thereby causing property values to go down?

If these same people used these energies to work together with the council and build up the community, we could have a progressive and forward moving town — a place we are proud and happy to live in, a fine place to rear our children, and a peaceful community of congenial neighbors.

We need the support of every citizen in a community this size in order to build it up and put it on the map. We ask your indulgence; we welcome your suggestions; we are open to constructive criticism. We abhor unpleasant publicity, and statements that border on slander and libel.

Remember, a good word for North Orlando will be to your advantage. You live here and your children are growing up here. Make this a good place to live — with harmony and tolerance.

## Dr. Crane's Worry Clinic

CASE R-455: Jack Pickering is a talented advertising man at Rockford, Illinois.

"Dr. Crane," he began, "several years ago you spoke before our Rockford Advertising Club."

"At that time, you employed an 'audience participation' check list of successful book titles."

"Do you have a copy of that? For I am to address a group of factory management officials to explain some of these same basic principles of advertising and merchandising."

"And can you suggest any additional audience participation materials that would be appropriate for me to use?"

Jack proves his keen understanding of psychology by realizing the value of "audience participation" materials.

For the more you can get a crowd to participate in your public platform program, the more they will like it.

You are thus aware that stage magicians usually ask for a volunteer from the crowd. Why?

Because it perks up greater audience interest if one of their number is helping the platform artist.

Many musicians also get the crowd to join in a chorus or two, just to elicit audience participation.

Mitch Miller's popular "Sing Along With Mitch" on the TV is based on a similar idea.

For Mitch would urge all viewers to join in the singing, right there in their own living rooms, before their TV sets.

That makes popularity rat-

pulpita, largely because they don't utilize this simple "audience participation" technique.

Send for the booklet "New Psychology of Advertising and Selling," enclosing a long stamped, return envelope, plus 20 cents.

It contains this audience participation test that Jack requested.

The news of the "smooth transition" was conveyed by telephone to certain White House sources. Clark swiftly announced, however, that he would try to oust Smith in May.

He will have trouble finding a candidate, now that Smith is in. But what this episode illustrates is that the Democratic party in Philadelphia—and Pennsylvania—is in even worse shape now than before Green's death. And it has been badly off for many months.

Elements in the steady deterioration were the Clark-Green feud, grand jury inquiry into city scandals, loss of state jobs with the coming to power of Republican Gov. City Commission  
Sanford, Florida

I was unfortunate enough to be involved in an auto collision in your town about 10 p. m. on Dec. 15.

This experience gave me a keen appreciation of courteous and effective police work. I am sure that both police cars and ambulances were on the scene within a minute after we requested them. The uniformly courteous work of the policemen on the scene to all concerned made an indelible impression on me, and I will have a kind feeling for the police force of the City of Sanford for a long time! Such courteous work reflects great credit on the Chief of Police, his men; and, of course, the city government back of all of them.

It is indeed a pleasure to write such a letter and to express my own appreciation and the appreciation of my company to all concerned for the courteous and effective clean-up of this accident.

## Dear Abby: By Abigail Van Buren

**DEAR ABBY:** Why do so many women object to a man growing a beard? I am sure that the good Lord didn't put hair on the faces of men so that a razor company could sponsor boxing matches. And you line right up alongside the rest of the women and say, "If the beard scratches — scratch him!" Men parted with their beards about the same time women were given the right to vote and permitted to drive automobiles (you can do neither intelligently) but knowing how you women stick together I'll bet ten bucks this never sees print.

**DEAR TED:** You lose! Now send that ten bucks to the Cancer Society.

**DEAR ABBY:** I've never seen a problem like ours in your column, and hope you can help us. Three years ago my husband accidentally hit a boy on a bicycle, and the boy was killed instantly. It was a foggy night, the boy darted out in front of the car, and my husband was not exceeding

the speed limit, so no charges were brought against him. He was so heart sick he lost 30 pounds. Our problem is: Every Christmas since that happened we have sent the boy's family a lovely basket of fruit and a large wreath of flowers for the boy's grave. I have the feeling that perhaps we shouldn't do this because it reminds them that their son is dead and my husband is still living. We surely don't want to cause them any more heartaches in the future. Can you or someone who has been through this advise us?

**STUMPED**  
**DEAR STUMPED:** You didn't say how the family reacted to your gifts. If they appear appreciative, by all means continue. If your gifts are acknowledged coolly, or not at all—discontinue the practice.

**DEAR ABBY:** Your answer to "NOT MOVING" gives me the impression that you are plain stupid. I agree with the letter, NOT with your answer. I have 30 minutes for lunch and I

don't aim to spend it moving around so that people can sit together at a lunch counter. I also refuse to move. Why should I? I've never asked anybody to move for me. I'll bet you would stand in line at a grocery checkout with 6 or 7 people who each had about \$15 worth of groceries, and you'd let someone ahead of you with a loaf of bread and a pound of butter. I wouldn't, but I think you are stupid enough to. Yours truly,

**HOMER IN SOUTH GATE**  
**DEAR HOMER:** You sure have me pegged, Buddy. I frequently let someone ahead of me with a loaf of bread and a pound of butter. And I'm stupid enough to enjoy it.

**CONFIDENTIAL TO "HORATIO THE SECOND":** Many a successful businessman owes his success to a colorless, dull-witted or anti-social wife, whose boring company he has escaped by putting 18 hours a day into his work.

## Jacoby On Bridge By Oswald Jacoby

The late Louis Watson once conceived the idea of making a fortune by offering to listen to any bridge story for one dollar and to express sympathy if given a double fee. I was reminded of that when West came to me with his hard luck story. He started by telling me his hand and asking, "Everyone vulnerable. Your partner opens one spade. Second hand bids two hearts. What do you do?"

Before I could reply he gave me all the bidding up to his double of seven hearts and said, "Naturally, I led my deuce of clubs. South's ace picked my partner's king. South drew trumps, finessed against my partner's jack of clubs and made his contract. Do you think I am the unluckiest player in the world?"

**NORTH**

Both vulnerable  
East South West North  
1♠ 2♥ 3♠ 3♥  
4♠ 5♥ 6♠ 7♥  
Pass Pass Double Pass

Opening lead—♠ 4

My full sympathy goes out to poor East and I am sure even Watson would have failed to charge for sympathy had East come to him for condolences. East picked up a beautiful hand and bid it right up to six spades. He would have had no trouble making it, but South went to seven hearts whereupon West doubled and picked out the one opening lead that gave South the contract.

Of course, had West made his normal spade lead, South might still have guessed the club situation, but the chances are that he would have taken a simple finesse and gone down two tricks. East and West still would not have been happy, but at least they would have shown a profit rather than a 2,470-point loss.

## We The Women: By Ruth Millett

News item with a Chicago dateline reads: "Despite the convenience of prepackaged meat products, women want the personal attention of a butcher when buying meat..." So says the director of a national magazine's research organization. We sure do. And for good reason. The way it is now a woman has to examine most of the pork chops or pot roasts in the meat counter to find just what she wants for dinner, and then she may not find the right number of chops or the right thickness, or ones without too much fat. Even when she thinks a package of chops is just right, she is often disappointed when she gets them home. The top ones are nice and lean, while the ones underneath aren't so choice. But that's not the only reason why a woman likes to see her butcher face to face and have him make up her order. She likes the butcher's personal assurance that the T-bones are top quality or that the leg of lamb is really choice, just as she likes a saleswoman's assurance that a dress she is considering is a good buy. Also, if she is a young and inexperienced homemaker, she may want to ask the butcher questions about the best cut of meat for a particular method of cooking, how big a piece of meat she will need to serve a certain number of guests, and so on. All these assurances and bits of information a woman expected from her butcher—on the days when he stood out in the open and knew he had to face her displeasure if he sold her a tough cut of meat. But now that many butchers

work in a back room and have to be summoned to the meat counter by buzzer, a woman at the meat counter is pretty much on her own, and she doesn't like it. Why women haven't protested loud enough to get the butcher back out front is a mystery, since today's supermarket aims to keep the woman who pushes the grocery cart happy at all costs.

## Highlights

7:30-9:30 p. m. NBC. Monday Night At The Movies. "Singin' In The Rain." (color). This accurate and hilarious satire on moviemaking in the twenties stars Gene Kelly, Donald O'Connor, Debbie Reynolds and Jean Hagen. The musical comedy is set in Hollywood during the transition from silents to talkies, with Kelly playing a song-and-dance man who becomes a silent movie hero. When talkies arrive, his movie partner, Jean Hagen, finds her voice unsuitable and Debbie Rey-

## TV Time Previews

8:30-9 p. m. CBS. The Lucy Show. A good example of how Lucille Ball can make something out of a weak plot with her inspired antics. Lucy and Viv (Vivian Vance) enroll in an art class where they're both immediately smitten by a suave student (Robert Alda). Lucy turns green with jealousy when he asks Viv for a date and sets out to break up the romance, even to go-

**Daughters  
Of Wesley S. S.  
Class Meets**

The Daughters of Wesley Sunday School Class of the First Methodist Church met for the regular social and business meeting in McKinley Hall.

Mmes. J. N. Gillon, A. L. Hardesty, M. R. Strickland, Robert F. Cole, T. J. Taylor and Mrs. G. W. Bailey were hostesses. An arrangement of sweet peas, in pastel colors, centered the refreshment table and the speaker's table was trimmed with gerbera daisies.

Mrs. C. M. Flowers, class president, presided over the business session and routine reports were given by all committee chairmen. Mrs. Flowers, Mrs. Polley, Mrs. J. B. Monroe and Mrs. Taylor will represent the class working at the x-ray unit, in front of Garrett's Department Store, Jan. 21.

Mrs. Taylor, assisted by Mrs. J. P. Thurmond, gave the devotional. Mrs. Thurmond read the scripture and Mrs. Taylor read a new year's story, followed by prayer.

Mrs. Gillon and Mrs. Lucy Courier made contributions to the birthday bank and Mrs. Claude Herndon accompanied the group singing "Happy Birthday" to them.

A word game "Are You Soft-Soaping God?" was conducted by the hostesses. Mrs. Thurmond was declared winner of the game and given a prize. Coffee and cake were served to those attending:

Mmes. Charles McIwether, C. M. Flowers, Roy Tillis, Clark Leonard, Lucy Courlet, Claude Herndon, R. B. Monroe, Louise Knowles, J. P. Thurmond, W. E. Raines, Polley, I. J. Boyette, Thomas L. Sullivan, Brodie Williams, Grace Hudson, Harry Brown, P. W. Rowland and Misses Versa Woodcock and Aline Chapman.

**Casselberry**  
By Jane Casselberry  
Mr. and Mrs. F. R. Cartwright, Pittsburgh, Pa., arrived Monday for a month's visit with her sister, Mrs. Harold Wood, 241 Normandy Road.

Mr. and Mrs. Emery Britton and children have moved from their home on Quintuplet Drive to their new home on Lake Drive.

MR. AND MRS. WALTER COOPER, left, and Mr. and Mrs. Herbert Ware celebrated the Ware's Golden Wedding Anniversary with a dinner at the DeBary Restaurant.

One way to clean grimy fingernails is to dip a nail-brush into dry baking soda and scrub.

Combine equal parts of cranberry juice with vanilla ice cream, beating until smooth, then pour into tall glasses and add a measure of gingerale. You'll have a party trappe to pass with cookies.

A short note to a shut-in takes little time, does much good.

**Angeline Stewart, Scott Bolin  
Wed In Candlelight Ceremony**

Angeline Marie Stewart, daughter of Mr. and Mrs. Joseph A. Stewart, became the bride of Herbert Scott Bolin, son of Mrs. Muriel Bolin and Rodney J. Bolin, Chicago, Ill., Dec. 28 at 7 p.m. in the Holy Cross Episcopal Church.

Rev. John Thomas officiated at the double ring, candlelight ceremony. The church was decorated with floral arrangements of white fugl mums and pine boughs. A program of nuptial music was played by Miss Beatrice Buck, organist, and included "O Perfect Love," Handel's "March in B Flat" and "Trumpet Tune."

The bride, given in marriage by her father, was radiant in a formal gown of white velvet. The fitted bodice featured a sweetheart neckline trimmed with applied roses, centered with a seed pearl, and long tapered sleeves ending in points over the hands. The flowing pleated skirt fell into a brush train and was trimmed with applied roses. Her elbow-length veil of silk illusion was attached to a crown of pearls and hand-cut crystals. She wore a single strand of pearls, a gift from the bridegroom, and carried a cascade bouquet of white roses with lilies-of-the-valley backed by velvet leaves.

Connie Stewart, sister of the bride, was maid of honor and wore a peacock green velvet dress fashioned with a bell-shaped skirt and a fitted bodice with a scooped neckline and long sleeves. Her headpiece was a halo hat of matching green velvet with a short veil and she carried a bouquet of green fugl mums and bride's roses accented with velvet leaves.

The bridesmaids, Sunny Skinner, Mrs. Terry Smith, Mrs. Fred Parker, Tucson, Ariz., sister of the bridegroom, and Sharon Lupfer, Paris, Tenn., wore dresses identical to the maid of honor. Their flowers were bouquets of green fugl mums backed by green velvet leaves.

Rodney Bolin, Chicago, Ill., twin brother of the bridegroom, served as best man and ushers were Fred Parker, Tucson, Ariz., Jack Huiskamp, Durham, N.C., brothers-in-law of the bridegroom, Walter Neal, Liberty, N. C. and Terry Smith.

Mrs. Stewart chose for her daughter's wedding a kelly green brocade dress with matching jacket and wore a white orchid corsage. The bridegroom's mother wore a pink lace dress, matching accessories and a pink cymbidium orchid.

For her wedding trip the bride chose a blue wool suit with black accessories and a white orchid corsage. The newlyweds will make their home at 1124 Church Street, Evanston, Ill.

Out of town guests were Mr. and Mrs. Fred Lupfer and Sharon, Paris, Tenn.,

MR. AND MRS. SCOTT BOLIN

cake. Floating hostesses were Rosemary Southard, Leslie Jones, Pat Lavender, Judy Burichaell and Margaret Jones. Mrs. Floyd Bush kept the bride's books.

Mrs. H. J. Bolin, grandmother of the bridegroom, chose a blue dress and a white camellia corsage. Immediately following the ceremony, a reception was given in the church parish house, decorated with fugl mums and potted palms.

The five-tiered wedding cake, topped with a miniature bride and bridegroom, was placed on the bride's table with an arrangement of pink carnations and white mums with a five-branch candelabra.

Mrs. M. L. Nichols were in charge of the punch bowl. Mrs. Fred Lupfer, aunt of the bride, and Mrs. Al Stanley, served the

day afternoon with Mrs. James Wallin instead of with Mrs. Clarence Snyder as planned.

There are now nearly 14 million American families in which both husband and wife are working, reports the U. S. Dept. of Labor.

Mrs. Edward Pell is a patient in Seminole Memorial Hospital.

The Osteen Home Demonstration Club will meet Tues-

**Mrs. Joe Corley  
Hostess To  
Sorority**

Mrs. Joe Corley was hostess to Gamma Lambda chapter members, Beta Sigma Phi Sorority, at her home.

Gamma Lambda will be hostess chapter for the all-sorority luncheon Jan. 18, and elaborate plans were discussed and approved for this event. One of the luncheon attractions will be a fashion show of furs.

During the social hour members presented a necklace, with a torch pendant, to Mrs. Banks Golden, recent bride of Tom Spurlin. The Spurlins will make their home in Georgia. Mrs. Corley served miniature sandwiches and fruit cake to those attending:

Mmes. J. W. Carter, Jim Blythe, Banks Golden, Jo Kampf, Larry Mann, Jim Jones, Don Hammer, Gil Daigle, Billy Wynn, LaMar Meredith, Jim Daughtery and Mrs. Jerry McCabe.

**Household Hints**  
A common error in rooting cuttings from shrubbery is making the cuttings too long. A four-to-six inch length is desirable. Longer stems are more difficult to root.

Don't wait until house plants are infested with insects before doing something about this problem. A weekly bath in sudsy water is the recommended method for controlling these annoying pests.

To adjust a recipe that calls for sifted flour, remove two level tablespoons from each cup of unsifted flour.

The kitchen sink makes a good catch basin for drip-drying accessories sused out after the dinner dishes are done. Use the door handle of an overhanging cabinet to suspend a hanger or spring-type clothespin.

# Oviedo Wins; Lyman One And One; Tribe Loses

## SHS Improves But Evans Defends Well

Seminole High's case quieted found the range Friday night in Orlando when they sank 50 per cent of their shots—but they still dropped a 68 to 54 decision to the Trojans of Evans High of Orlando.

It was the defense the Trojans threw at the locals which limited the number of Seminole attempts. All season long the Tribe has been able to fire at the hoop enough times to whip anybody but couldn't sink enough of them to beat some of the Biddy Basketball League teams here in Sanford.

But finally when they get a night that they make their shots count they run into a defense that limits their attempts. Anyway, it was a different story.

Evans, undefeated in Metro loop play to date, racked up their fifth conference victory. It was their ninth win of the season. For Seminole, it was their fourth league loss and their eighth loss of the year.

David Biga, Chuck Ferrell, Dick Wiedenbeck and Larry Lample led the Trojans in scoring department. Biga and Ferrell posted 16 points each.

For Seminole, Mike Bowers, Mike McCleary and Barry Johnson led the scoring.

The Trojans took a 15 to 3 lead about midway in the first period before the Seminoles found the range and they cut the Orlando five's margin to seven points by the end of the frame. But it was almost the same story in the second period and the Trojans left the floor with a half-time lead of 32 to 21.

In the third stanza Evans racked up 21 points to pull far away from the Tribe but the Sanford quintet came back strong in the last quarter to cut the margin to 12 points.

The Seminoles find themselves led for last place in the Metro loop with the Pioneers of Oak Ridge.

In a preliminary JayVee contest, Evans took a 53 to 16 decision from the Baby Seminoles.

## About Sports

### Thinking Out Loud

BY JULIAN STENSTROM

**Shaw Has Job Cut Out For Him**

Graham Shaw of Columbia, S. C., about the biggest man in racing at six feet three, 235 pounds, will tackle about the biggest job in racing during the annual "Speed Weeks" at Daytona International Speedway in February.

The 27-year-old Shaw says he will drive in four of the major events of "Speed Weeks," that he has purchased four cars, and is reading them for the unprecedented assault on prize money and trophies.

Shaw plans to make his first appearance in the 250-mile American Challenge Cup race for sports, GT and prototype cars, which will be run over the 3.81-mile track-and-road course, Feb. 15. He will drive a Ford Cobra.

He will come back the next day in the 2000 kilometer (1243 miles) Daytona Continental, longest race scheduled for America in 1964 and which will require more than 12 hours to run.

Shaw will have a third try on the track in the 250-mile NASCAR national modified-sportsman race Feb. 22. He will drive a modified 1961 Ford in this duel against the best modified cars and drivers in the country.

The tireless South Carolinian will make his fourth and last go Feb. 23 in the sixth running of the world's fastest race—the Daytona 500 for late model stock cars. He will handle a 1964 Ford in this six-lap race.

Requests for invitation to both the American Challenge Cup and the Continental have come in from all over the U. S. and Europe and the two races promise to provide the fastest and richest weekend ever scheduled for cars of that type.

## Hounds Fall At Apopka; Beat Ocoee

The Lyman High School Greyhounds split a pair of weekend contests, defeating the Ocoee Cardinals 83 to 43 Saturday night for their fifth victory of the current season.

However, the 'Hounds dropped the big one Friday night, an Orange-Belt Conference affair, to the red hot Apopka Blue Darters, 49 to 35, at Apopka.

Of course, whipping the Blue Darters on their home court is something that hasn't been done in Apopka's last 42 consecutive home appearances.

The Blue Darters, with a record of seven wins and a single defeat going into the contest, had their hands full during the opening period. Lyman was heading Apopka, 13 to 10, at the end of the first frame. However, the Greyhounds cooled off and as a result they wound up the affair sinking only 27 per cent of their shots.

In the rebounding department the 'Hounds were also pace. But Don Smith did lug in 14 and Richard Grant was second with four.

The 'Hounds were strong in one phase of the tilt, they did sink .33 of their 17 charity shots.

Bill Sheppard picked up a dozen points to lead the game's scoring. Bruce Altman got 11 for Apopka and Dick Goding hit for 10. For the Longwood crew, Dennis Smith came up with 11 and Charlie Aasher got 10.

But it was a different story Saturday night. The 'Hounds scored their fifth win when they found the basket and hit 16 out of 41 attempts for 39 per cent.

The Red Birds and the 'Hounds were knotted at 9-all at the end of the opening quarter and Lyman took a half-time lead of 25 to 20. The Red Birds climbed to within one point of the Greyhounds in the third period but Lyman came up with 21 last period points for the margin of victory.

Smith posted 13 points to lead Lyman while David Grant, with 15, took all high-point honors for the night.

The Baby Greyhounds dropped a 37-32 decision to the Baby Blue Darters Friday night but came back Saturday night to whip the little Red Birds, 40 to 29.

## Little Ronda Opens At SOCK Tonight

Fast-finishing Little Ronda, who excited Sanford-Orlando greyhound racing fans with her whirlwind stretch drives last season, gets her first start of the season at SOCK in the featured 10th race tonight.

Little Ronda, owned by C. H. Scott, moves up from the Tampa track which closed Wednesday night. Another former SOCK favorite in the same field is O. J. Daniel's Ruby Kessler, who also moved up from Tampa last week.

Cecil Austin's Texas Lace, winner of last year's king and queen championship, runs in tonight's second event. With a victory tonight, Texas Lace will move back into feature competition and a chance to compete against the best.

Texas Lace was one of the top greyhounds at the track at the end of last season.

The annual charity night program is slated for Thursday night at SOCK. Profits from the program will be turned over to various charitable organizations in Orange and Seminole Counties.

**Tonight's entries:**

**FIRST RACE — 5/16 Mile**  
Grade A — 1. Kaffing, 2. Pherekes Sundial, 3. Notified, 4. Ident, 5. Brown Trass, 6. Pont

**SECOND RACE — 5/16 Mile**

## Hounds Fall At Apopka; Beat Ocoee

The Lyman High School Greyhounds split a pair of weekend contests, defeating the Ocoee Cardinals 83 to 43 Saturday night for their fifth victory of the current season.

However, the 'Hounds dropped the big one Friday night, an Orange-Belt Conference affair, to the red hot Apopka Blue Darters, 49 to 35, at Apopka.

Of course, whipping the Blue Darters on their home court is something that hasn't been done in Apopka's last 42 consecutive home appearances.

The Blue Darters, with a record of seven wins and a single defeat going into the contest, had their hands full during the opening period. Lyman was heading Apopka, 13 to 10, at the end of the first frame. However, the Greyhounds cooled off and as a result they wound up the affair sinking only 27 per cent of their shots.

In the rebounding department the 'Hounds were also pace. But Don Smith did lug in 14 and Richard Grant was second with four.

The 'Hounds were strong in one phase of the tilt, they did sink .33 of their 17 charity shots.

Bill Sheppard picked up a dozen points to lead the game's scoring. Bruce Altman got 11 for Apopka and Dick Goding hit for 10. For the Longwood crew, Dennis Smith came up with 11 and Charlie Aasher got 10.

But it was a different story Saturday night. The 'Hounds scored their fifth win when they found the basket and hit 16 out of 41 attempts for 39 per cent.

The Red Birds and the 'Hounds were knotted at 9-all at the end of the opening quarter and Lyman took a half-time lead of 25 to 20. The Red Birds climbed to within one point of the Greyhounds in the third period but Lyman came up with 21 last period points for the margin of victory.

Smith posted 13 points to lead Lyman while David Grant, with 15, took all high-point honors for the night.

The Baby Greyhounds dropped a 37-32 decision to the Baby Blue Darters Friday night but came back Saturday night to whip the little Red Birds, 40 to 29.

## Little Ronda Opens At SOCK Tonight

Fast-finishing Little Rhonda, who excited Sanford-Orlando greyhound racing fans with her whirlwind stretch drives last season, gets her first start of the season at SOCK in the featured 10th race tonight.

Little Rhonda, owned by C. H. Scott, moves up from the Tampa track which closed Wednesday night. Another former SOCK favorite in the same field is O. J. Daniel's Ruby Kessler, who also moved up from Tampa last week.

Cecil Austin's Texas Lace, winner of last year's king and queen championship, runs in tonight's second event. With a victory tonight, Texas Lace will move back into feature competition and a chance to compete against the best.

Texas Lace was one of the top greyhounds at the track at the end of last season.

The annual charity night program is slated for Thursday night at SOCK. Profits from the program will be turned over to various charitable organizations in Orange and Seminole Counties.

**Tonight's entries:**

**FIRST RACE — 5/16 Mile**  
Grade A — 1. Kaffing, 2. Pherekes Sundial, 3. Notified, 4. Ident, 5. Brown Trass, 6. Pont

**SECOND RACE — 5/16 Mile**

# Smoking Can Kill, U. S. Public Health Report Finds

WASHINGTON (UPI)—Cigarette smoking is such a danger to the health of smokers that the government should take "appropriate remedial action," a long-awaited federal report recommends.

The report, issued Saturday by the Public Health Service, found that use of cigarettes is a cause of lung cancer and contributes to other diseases such as heart ailments, chronic bronchitis and emphysema.

Just what "remedial action" should be taken was not spelled out by the committee of 10 distinguished medical scientists who compiled the 150,000-word report after 14 months of investigation.

But the medical experts, who had been assigned to weigh all available evidence on effects of smoking on health, concluded that "cigarette smoking contributes substantially to mortality from certain specific diseases and to the over-all death rate."

In other words, smoking can kill a person.

U. S. Surgeon General Luther L. Terry, who gave up cigarettes himself only three weeks ago, said that if he were a private physician asked by a patient for down-to-earth advice, "I would advise him to discontinue smoking."

Terry told a news conference that the Public Health Service would look immediately into the question of possible remedial action and he hoped to be able to make recommendations soon to President Johnson.

Such action would appear to lie largely in the area of education and research. No responsible leader in the campaign against smoking has given serious thought to any law to prohibit the practice.

In reporting that cigarette smoking is "causally related" to lung cancer in men, the report said data for women was less extensive but "points in the same direction."

The report said cigarettes were far more death-dealing than other forms of tobacco.

Smokers of pipes and less than five cigars a day appear to run much less risk than cigarette smokers, it said. The difference is reduced, however, if the pipe or cigar smoker inhales.

Dr. James M. Hundley, general assistant U. S. surgeon and vice chairman of the committee, also said that the group found no evidence "to

establish that filters have any effect whatever in reducing the health hazards of smoking."

Combining the results of seven different population studies, involving the medical histories of 1,123,000 men, "the mortality ratio of cigarette smokers over non-smokers was particularly high for a number of diseases."

"For lung cancer, the most frequent site of cancer in men, the death rate is nearly 1,000 per cent higher. For chronic bronchitis and emphysema, which are among the leading causes of severe disability, the death rate for cigarette smokers is 600 per cent higher than for non-smokers."

Other diseases cited, with the increased mortality ratio of cigarette smokers, were cancer of the larynx, 440 per cent higher; mouth cancer, 310 per cent; cancer of the esophagus, 240 per cent; peptic ulcer, 180 per cent; circulatory diseases, 160 per cent; and coronary artery disease, 70 per cent.

## Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA CHANCERY NO. 12711

FRANCIS S. MILLER, Plaintiff,

vs.

ERMA JEANNE CRAIG, a/k/a ERMA J. CRAIG, a/k/a JEANNE E. CRAIG, formerly ERMA J. HARRINGTON, and RICHARD M. CRAIG, her husband, et al., Defendants.

NOTICE OF SETTLEMENT OF CLAIMS

TO ERMA JEANNE CRAIG, a/k/a ERMA J. CRAIG, a/k/a JEANNE E. CRAIG, formerly ERMA J. HARRINGTON, Residence Unknown.

You are hereby notified that a suit has been filed against you in the above entitled cause, and that you are required to file your answer with the Clerk of this Court and to file a copy thereof upon the plaintiff or plaintiff's attorneys, whose name and address are:

Giles, Hedrick & Robinson, 125 South Court Street, Orlando, Florida, not later than February 17, 1964. If you fail to do so a Default Pro Confesso will be entered against you for the relief demanded in the Complaint. This suit is to foreclose a mortgage. The real property proceeded against is: Lot 2 and the North 15 feet of Lot 2, Block 12, of RIDGE HIGH SUBDIVISION, according to the plat thereof as recorded in Plat Book 11, page 84, of the Public Records of Seminole County, Florida.

WITNESS my hand and the seal of this Court at Orlando, Florida, this 9th day of January, 1964.

Arthur H. Beckwith, Jr., Clerk

## Projects Announced For Civic Building

By Mona Grinstead  
The North Orlando Civic Association has announced plans for making a number of improvements to the Civic Building in the Village Recreation Area.

A new door will be installed at the main entrance and the old one moved to the adjoining concession stand. Purchase of paint to repaint the building was authorized at last week's meeting of the association and a work day for this job will be announced

in the near future. Fire Chief Bill Hahn has volunteered to make two new tables, one to be used for business meetings and one for recreation.

Efforts to remedy difficulties with the water system, a constant problem since the association leased the building last year, will be undertaken and a four-burner surface unit for cooking will be installed in the kitchen. Eventually, the entire kitchen will be rearranged and a sink, already available, will be installed when work on the water system is completed.

## Retired Folks To Elect Officers

By Joan Magin  
The annual election meeting of the Chulona Retired Folks Club will be held Thursday in the Community Building with a ham dinner at 6 p.m.

Plans for the meeting were made recently when members of the board of directors met at the home of Mr. and Mrs. Roscoe Morrison on Sixth Street.

New members are always welcome and invited to attend.

## Macek To Head Geneva Group

Chester F. Macek was elected president of the Geneva Citizens Association at a well attended annual election meeting of the group held last Tuesday evening at the Geneva Community Hall.

Other officers named are Walton Torres, vice president; Edward Putnam, secretary and James Brown, treasurer. Trustees, who continue in office, are William G. Kilbee, W. L. Sieg and Edward Putnam.

A meeting of the new officers will be called in the near future at which time committee chairmen will be appointed and plans for the coming year will be outlined.

## Westside Conducts Revival

The Westside Missionary Baptist Church, Fifth Street and Holly Avenue, Sanford, is conducting daily 7 p.m. revival meetings this week.

Rev. T. B. Freeman, well-known evangelist, is leading the services which are open to the public.

Rev. Paul M. Calley, regular pastor for the church, extends invitation to all interested persons to attend the meetings.

By Julian Stenstrom  
The Seminole County university site committee met at noon today to draft plans for the group's next move in an effort to land the East Central Florida University.

No matter how you slice it, getting the university is going to take some doing. Just what... well, that's the reason the committee met today. The Herald will have a report for you Wednesday.

Several days ago we reported the disappearance of the bald eagle. You can imagine what's happened. Mrs. J. A. Nance, a long time bird enthusiast, reports that a bald eagle apparently is nesting in an area to the rear of her home, 2732 Country Club Road. She says he's a large bird, quite dark in color and has the typical white head of the bald eagle.

Students at South Seminole Junior High had an uncheduled fire drill last Friday. An anonymous phone caller warned that a bomb was set to go off at the school. While students waited at a distance Principal John A. Angel and members of the faculty along with Casselberry police and Sheriff's deputies, searched the buildings. The call apparently was a hoax.

Sometimes ago the Clock noticed that Mary Harkley, City Manager Pete Knowles' girl Friday, had this sign posted on a lamp located on her desk:  
"Think like a man,  
Look like a girl,  
Act like a lady,  
And work like a dog."

Monday The Herald carried the same thing on the front page, out of West Frankfort, Ill., by UPI.

Jim Coleman, head man at Celery City Printing Co., has been elected president of the Graphic Arts Association of Central Florida for 1964. That's another honor for another Sanford businessman. Good work, Jim.

The grapevine tells us that Seminole Raceway's opening date is still set for Jan. 31.

Plans are being formulated for Lake Mary Chamber of Commerce's "leap year" talent show slated for the Sanford Junior High School auditorium on Feb. 29. Quite a show, we hear, is being arranged.

By the way, also from out Lake Mary way comes word from Acting Postmaster Clarence Donaldson that the Lake Mary Post Office receipts for 1963 were up 24 per cent over those of 1962. There's a possibility that the Lake Mary office will become a second class post office sometime this year.

"Referring to those signs," says O. D. Farrell, "delicately hinting that trucks are not wanted on First Street, the City never meant to keep all trucks off the street. The city was gunning for the larger variety of trucks—not delivery trucks."

"Since our alleys are often filled with cars and other vehicles parked there, it becomes necessary for delivery trucks to use First Street. If they didn't our stores would be unable to replenish stocks of merchandise and would soon be forced to close."  
"If any of our citizens want to turn downtown Sanford into a ghost town, it is only necessary for them to keep all trucks off First Street."

**Floridan Saved From Gulf**  
NEW ORLEANS (UPI) — A freighter approaching New Orleans today carried a Florida man it plucked from an open boat far out in the Gulf of Mexico during heavy seas. Coast Guard officials here said the grain vessel Smith Explorer radioted Coast Guard headquarters in Miami that it had taken aboard a man identified as John Givens of Ft. Myers Beach.

## Cold Threatens State's Citrus

OWEN ANSTAY, right, new mayor of Casselberry, was sworn into office at Monday night's monthly meeting of the Board of Aldermen by Fred Heath, left, retiring mayor. (Herald Photo)

## Casselberry Board Swears In Members

New and returning officials of the Casselberry Board of Aldermen received the oath of office from their new mayor, Owen Anstey, at Monday night's regular meeting of the board after Anstey was sworn in by retiring Mayor Fred Heath. Taking the oath were Mrs. Mary Hawthorne, clerk; Gus Sawyer, marshal and C. L. Overman and George Howard, aldermen.

The board unanimously approved reappointment of Attorney Kenneth McIntosh as legal counsel for the town and re-elected Ed Lunn board chairman.

In other business McIntosh was instructed to present a resolution on behalf of the board today's meeting of the County Commission requesting that a joint participation agreement be reached for maintenance and drainage of Winter Park Drive from Hed Bug Lake Road to Seminole Boulevard with emphasis on the hazardous strip leading into the South Seminole Schools.

Petitions asking for this action by the town were presented Monday night by the South Seminole Junior High PTA and the South Seminole Elementary CTP. Representatives of both groups said that county school officials already had been contacted and that Supp. R. T. Millwee had advised them that he was "in complete agreement with our concerns and feels every effort should be made for the cooperative arrangement."

It will be requested that the area in question, over which 1,800 children are transported daily, be clay stabilized. The town would provide materials and the county the equipment.

Action by the board on the proposed comprehensive zoning ordinance was tabled as the Zoning Commission had not completed work on requested changes. However, the board issued instructions for the commission to meet within the next 10 days, with the attorney present, to complete this work in order that a combined meeting of the aldermen and commission can be called to consider the final draft. After this time a public hearing will be set.

Acceptance of a 200-space cemetery from Casselberry Gardens was tabled until a contract which meets approval of the board and attorney is drawn and presented. Deed to the property, with a survey and copy of rules and regulations, were presented.

**For John**  
SOTTO H. MONTE GIOVANNI XXIII, Italy (UPI) — SOTTO H. MONTE, the town where the late Pope John XXIII was born, changed its name to "Sotto H. Monte Giovanni XXIII," which in Italian means, "Under The Mountain John XXIII."

## Library Use Doubles In New Home

Use of facilities of Sanford Public Library has more than doubled during the first week in its new location at First Street and Palmetto Avenue. City Manager W. E. Knowles reported to the City Commission Monday night.

The library opened Jan. 6 in the old Post Office Building, removing from Fifth Street and Oak Avenue. "Use now," Knowles said, "is as high as during the summertime with children's programs running. More children and adults are using the library at the new location. It also has brought in more non-resident users, who pay a \$2 fee."

No action was taken by the Commission on Knowles' suggestion to retain the old library building and use it as a cultural arts building for ceramics, art associations, etc.

Knowles also reported that cigarette tax revenue for the first five months increased 49.5 per cent but was below the anticipated 55 per cent increase. Sanford anticipated \$203,000 for the year under the increased state cigarette tax. Knowles explained if the present level continues — especially in view of the recent government report — that the anticipated revenue will be \$7,000 short for the year.

J. H. Crapps was acting mayor at Monday's meeting. Mayor A. L. Wilson.

In other action, City Commission: Placed on second reading an ordinance annexing land at the southwest corner of 27th Street and Sanford Avenue; granted a 90-day extension on condemned property at the rear of 1115 Myrtle Avenue and 1209 West 11th Street; approved the transfer of a beer and wine license at 605 West Third Street from C. C. Flowers to Edward E. Flowers; denied a request for annexation of property on Roosevelt Avenue between 16th and 18th Streets; approved another time extension to March 15 to Mrs. C. H. Olliff, Largo, on the condemnation of the Palma Hotel, West First Street, and instructed Knowles to negotiate with the School Board and County for construction of a bus driveway and standing apron at Goldsboro School.

**\$60,000 Paid General Fund**  
A little more than \$60,000 in excessive fees was paid into the county general fund this morning by two county officeholders.

Arthur H. Beckwith Jr., clerk of Circuit Court, paid in \$30,385.58 in excessive fees for 1963, as compared to \$21,274 paid in for 1962. This was the first year excessive fees topped \$30,000.

John Galloway, county tax collector, paid in \$29,680 in excessive fees for 1963, as compared to \$17,000 in 1962.

Other county officeholders also submitted reports this morning, with no or minor excessive fees.

**Shortage Of Men**  
DOUGLAS, Isle of Man (UPI) — The Isle of Man has a shortage of men.

## Drop Into 20s For Central Area Forecast

LAKELAND (UPI) — A great Eastern storm dropped temperatures below freezing over much of Florida today, and weathermen warned of worse conditions tonight that would threaten Florida's citrus crop, still recovering from a 1962 freeze.

The Federal-State Frost Warning Service here in its morning temperature bulletin forecast a "hard freeze" tonight in the state's northern districts and in colder parts of central Florida, where most of the state's fruit groves are located.

The bulletin warned of "long durations of critical temperatures," and said the thermometer would drop below freezing by 9 p.m. in the central districts. Lows in the teens were predicted for North Florida and in the low and middle 20's for the central districts.

Frost or scattered frost was forecast for all of the state's growing areas, including the rich vegetable growing sections of the Everglades around Lake Okeechobee and the farmlands south of Miami.

It takes temperatures in the middle 20's lasting over a period of several hours to freeze the sap in orange and grapefruit trees and do severe damage. A days-long freeze in December of 1962 did millions of dollars worth of damage to the citrus crop, killing hundreds of trees.

This year's crop is smaller than normal because of the effects of the freeze.

## Florida Cigar Firms Hopeful

TAMPA (UPI) — Cigar makers are optimistic about the effect of the surgeon general's report on smoking on their industry.

Morton L. Annis of Tampa, senior vice president of General Cigar Co., said Monday the report could mean increased sales for the cigar makers.

James J. Corral of Corral-Wodiska in Tampa said the report "can't do the industry any harm." But Corral was not "overjoyed" to see any part of the tobacco industry being mixed up in such a report.

L. D. Hupp, executive vice president of King Edward Cigar Co. of Jacksonville, said his firm should have "some sense of direction within the next 30 days" in light of the report. Hupp said he was waiting to see what the Cigar Institute of America does.

**Oviedo Game Transferred**  
The Oviedo-Oroco basketball game, scheduled to be played in Oviedo tonight, has been transferred to Oroco on account of the cold weather, Paul Minkler, Oviedo athletic director and basketball coach announced today.

The Oviedo gym is not heated, Minkler said. The game will start at 6:30 p.m.

IT DIDN'T RAIN HERE last night. A sprinkler in the yard of Clifton Taylor of 101 Mayfair Circle was left on for eight hours and the 26 degree cold did its work well. Objects in front of the barbecue grill are iced toys. The swing is decorated with frozen "stalactites" and the grass is crusted over.

## \$650,000 Grant For Seminole Hospital Seen

TALLAHASSEE (UPI) — A request for \$650,000 in federal Hill-Burton funds for a 60-bed addition to Seminole Memorial Hospital in Sanford is expected to be approved by the development commission next month.

Hospital division officials said the request has an "excellent priority" and should be okayed without a hitch.

It goes to the hospital advisory council Feb. 7 and then to the full commission at its February meeting.

Local funds will provide \$350,000 for the proposed \$1 million hospital wing.

## Bryant To Name Ervin To Court

TALLAHASSEE (UPI) — Gov. Farris Bryant will name Atty. Gen. Richard Ervin to serve the unexpired Supreme Court term of the late Justice Glenn Terrell Wednesday, and for Ervin it will be the fulfillment of a life-long ambition.

Although Bryant has refused to discuss the appointment until after today's services for Justice Terrell, Ervin has told newsmen he would accept the appointment if it was offered. Sources said Monday the job was his.

To replace Ervin, the governor will name his administrative assistant, James W. Kynes, to become attorney general, the sources said.

Kynes, a 35-year-old Ocala attorney, will have to begin campaigning right away for a two-year term expiring in January 1967 and then would run in 1968 for the full four year term.

Ervin, 59, can hold the Supreme Court judgeship without campaigning until 1968. Terrell's unexpired six-year term runs to January, 1967.

**\$61 Million In Taxes Collected**  
TALLAHASSEE (UPI) — Beverage Director Richard R. Keating said today his agency collected \$61,128,045 in beverage and cigarette taxes during the first half of the fiscal year.

Revenue was up 29 per cent over the same period last year, he said, which was a strong indication that collections would reach the prediction of \$120 million for the year.

**Hearing Set**  
TALLAHASSEE (UPI) — A legislative committee studying the need for stronger conflict of interest laws in Florida will hold a public hearing in Pensacola Friday, Chairman Clyde Galloway, DeFuniak Springs, said today.

**Plane Hits Snow**  
WASHINGTON (UPI) — An Eastern Air Lines DC7 airliner with 20 persons aboard skidded during takeoff at National Airport early today and landed in a snowdrift. There were no injuries reported.

**\$3.4 Million Fund**  
TALLAHASSEE (UPI) — The Cabinet released \$3,408,000 to pay competence awards to 8,745 outstanding teachers today but directed the comptroller not to write the checks until money was available in the state treasury.

## Sanford Phone Users To Get Metro 'Ballot'

The final address by members of the Metropolitan Telephone Committee of the Seminole Chamber of Commerce will be made by the committee chairman, Clifford McKibbin, Monday when he talks at the weekly luncheon meeting of the Sanford Rotary Club, McKibbin said today.

The Southern Bell Telephone Company plans to get into the mails, during the final week of January, McKibbin said, a "ballot" on which company patrons in the greater Sanford area can indicate their preference on whether they would agree to a slight increase in monthly rates to create a metropolitan system in Seminole County.

Such a system, says McKibbin, would eliminate any toll charges on telephone calls within Seminole County.

Local Chamber officials are making an effort through this committee to crack what they have described as a "wall" between the northern and southern sections of the county.

At the present time, McKibbin says the Winter Park Telephone Co., which provides telephone service for the southern section of the county, has toll free communication with approximately two-thirds of the population of Orange County. They do not, however, have toll free service with Sanford, the county seat, which has approximately half of Seminole County's entire population, he declared.

"The decision concerning the metropolitan system will depend upon Sanford subscribers of the Southern Bell firm," McKibbin stated. "The system will not call for any increase in rates to Seminole subscribers who are serviced by the Winter Park company. This is due to the fact that south Seminole telephone rates are 78 per cent higher than Sanford rates and 51 per cent higher than Orlando rates. These are residence rates."

"Approximately one-half of Seminole County's population who are subscribers to the Winter Park Telephone Company's service, are highly desirous of the proposed metropolitan telephone system," another Chamber official said.

It is anticipated that if Sanford's subscribers of Southern Bell service will decline to agree to the slight rate increase the metropolitan system can be put in effect in approximately 15 months.

## Reports Of New Buildup In Cuba Heard

WASHINGTON (UPI) — Sen. Thomas J. Dodd, (D-Conn.), says he has been receiving reports from Cuban refugees on a new military buildup in the island nation similar to that which triggered the 1962 missile crisis.

Despite a question about their accuracy, a spokesman for Dodd's office said Monday the reports represent a "pattern of information and intelligence disturbingly similar" to those received before the discovery of Soviet missiles in Cuba.

## Lawmaker Asks Enforcement Of Tobacco Laws

WASHINGTON (UPI) — Rep. J. Edward Roush, D-Ind., called upon law officers Monday to enforce laws against the sale of tobacco products to minors.

Roush said the report of the surgeon general's committee on the health dangers of smoking was "an indictment... which by no means should be sloughed over or ignored."

## York Case To Circuit Court

Oliver L. York, Jr., who is accused of keeping Sanford police quite busy Sunday afternoon with a so-called "one-man crime wave," has been transferred from City Court to the Circuit Court on the charge of armed robbery of an auto.

## Two P-T Groups Ask County Board For School Improvements

Two parent-teacher delegations descended on the County Commission this morning with pleas for road improvements to schools.

Mrs. Gabriel Markishon, speaking for the English Estates Parent-Teacher Organization, requested the Commission join with the English Estates promoters in a joint participation program in paving new access roads to the new English Estates School.

County Commission already has approved a clay stabilized road from the subdivision to the school and a paved roadway between the school and Highway 436. The delegation also asked for a four-foot sidewalk along the road pending final im-

provement. The matter was referred to County Engineer William Bush for study and recommendation.

Mrs. G. O. McGinnis, speaking for the South Seminole Elementary School Council of Parents and Teachers, requested Winter Park Drive in Casselberry be completed.

Town Counsel Kenneth McIntosh informed the Commission that Casselberry has obtained necessary rights-of-way for straightening Winter Park Drive and has funds available for a joint participation program.

County Commissioners and Casselberry councilmen will meet at 7 p.m. Friday at the courthouse to plan a program. In other action this morning, County Commission: Approved a request by Joe

Baker, president of the Seminole County Farm Bureau, for a 30-year lease on county property across Highway 17-92 from the County Home as a site for a Farm Bureau building; approved a resolution requesting the State Board of Health to grant a license to the Sapreta Nursing home pending completion of plans for a new county nursing home; discussed with a del-

egation the leasing of county property as a site for a Forest City fire station; referred to Bush complaints of lack of drainage of a ditch through private property from Big Bear Lake to Little Bear Lake to Cub Lake; commenced appointment of various county committees.

Commission adjourned until 2 p. m., when it will elect officers for the next year.
