At the Presbyterian Church History of the Early Days Proved Most Interesting Topic

Last Sunday night at the Presbyterian church the early days of the pioneers was reviewed and the evening was given over to a revival of these first steps in Presbyterianism. The first Presbyterian church was founded in this part of Florida at Ft. Reade in the Orange House, the only hotel in the region. This was before the present city of Sanford had been founded and the real settlement was at Ft. Reade. Some thirty years ago a few devoted souls met in the reception hall of the Orange House and founded the first Presbyterian church that at that time was the only one south of Palatka. There were at that time only about eight families living in that vicinity. Mrs. Holland, one of the members and founders of the church read a very interesting paper at the meeting Sunday night, relating the circumstances, and was followed by Hon. J. N. Whitner, himself one of the devoted band of early Presbyterians. He told in a most interesting manner the early struggles of those pioneer days in the wilderness and the little church of Silver Lake where Presbyterians were forced to meet in a single room at one of the houses. It is difficult to believe that story of the first Presbyterians in Sanford or hark back to the first days in view of the fact that the congregation has grown to such proportions in this age and forces one to believe that many of us who are living in the luxuries of this age and who are living in the luxuries of 1913 would hardly have gone through such vicissitudes to attend church.

Bringing up these bits of history of the church and the country in which we are living and enjoying the fruits made possible by the hardy pioneers made a wonderful story and many who were present were greatly interested. At the conclusion of Mr. Whitner's address Hon. D. L. Thrasher was called upon to make a prophecy for the future of the churches in Sanford and the Presbyterian church in particular and in his usual happy manner gave a brief outline of what should be done and would be done in the way of building a new structure and new members and his prophecy was a glowing account of the many good things in store for the church.

The musical program of the evening was one of the features and was greatly enhanced by a solo rendered by Mr. Suhr who has a voice of wonderful depth and timbre.

Dr. Browder assisted by the choir, hood and the officers of the church and the ladies propose to make these Spiday evening services very interesting each night and the laymen of the church will take a more active part in the Sunday night services and also the prayer meetings on Wednesday nights.

Mix Up In Orlando Schools

Anent the mandamus proceedings against County Treasurer J. H. Tucker, for the non-payment of the school warrants issued in favor of the teachers of the Orlando public school, Mr. Tucker stated today that he would file an answer to be heard before Judge Perkins at the Kissingmire court on Friday. "I want this matter as to the legality of payment settled by the court," said the treasurer, "although I think the warrants should be paid, and am perfectly willing to pay them, but as there is \$1400 a month to be paid out I think the matter is of sufficient importance to know that it is being legally done. I am anxious that the matter be settled at an early date, as next Tuesday the second months school warrants will become due." The status of affairs that has led up to the point where the teachers are being deprived of prompt payment of their salaries found its origin in the double day session of the school, in which teachers, although putting in the legal five hours' time each day, the children are only being taught four hours a day. Owing to disappointment in the erection of a new school building, this double daily session was inaugurated as the best means of tiding over a condition over which the trustees had no control. The superintendent, Mr. J. F. McKinnon objected to the double session, stating that other buildings could have been provided and when the scholars failed to receive the legal five hours per day that such teacher was supposed to give, he refused to issue the warrants in payment, on the ground that they had failed to put in a full day in teaching the pupils. The county school board came to the relief of the trustees and teachers when President James Knox signed the warrants after they had been drawn by Superintendent McKinnon as secretary. But owing to the fact that the superintendent had balked at the questionable legality of the proceedings, the treasurer of the school fund decided to withhold payment, hence the mandamus proceedings which were argued before Judge Perkins Saturday in DeLand at which time Treasurer Tucker was ordered to make payment or show cause why said payment should not be made. Reporter-Star

Independent Ticket

At a meeting of the Independent voters of Sanford on Nov. 24th, on motion C. B. Rhoads was nominated as chairman and C. S. Preston on motion was chosen as secretary. On motion A. Robbins was nominated for mayor. On motion the following men were nominated as aldermen: Frank L. Crosby, E. R. Randall, Jr. and W. A. Fitts. On motion it was decided to vote individual choice on three aldermen from aldermen already in nomination. On motion convention adjourned. C. B. Rhoads, Chairman. C. S. Preston, Sec.

CASSIA

Messrs. Hodges and McNeil of Umatilla and Mr. Hagan of DeLand were business callers on Monday. Mr. and Mrs. Warron Royal and daughters, Helen, Kathleen and Eunice spent Sunday with Mrs. Royal's parents, Mr. and Mrs. D. D. McEwen at Paisley. They attended services, hearing Rev. J. B. Rooney's eloquent sermon, "We would see Jesus." Dr. and Mrs. Callahan of Sorrento were visitors here Monday. Misses Vivian Royal and Ruby Cobb will spend Thanksgiving at the home of the latter in Eustis. Mr. Wilbur Royal will go up on Saturday, returning with the young ladies on Sunday. J. A. Wyman captured a five foot rattlesnake while at his farm one day last week.

The pupils have been busy with their mid-term examinations. Now that the worst is over their faces are beginning to wear their usual smiles.

Mr. Rose, being an ardent supporter and advocating good roads decided to adhere to the governor's proclamation by working on the country roads on the 21st and as he had over exerted himself by noon, after eating his dinner he decided to take a snooze before going back to his road. While he was dozing he dreamed he was in the wilds of Africa and to his surprise when he awoke there was a big catamount, as big as a Bengal tiger staring him in the face, and he said the first thing he thought of was to jump in the creek, but as the cat was so close to him his only chance was to try his gun, and to his surprise he killed him. Mr. Rose says the next time the Governor issues a call for road work he can order out the state militia to protect him from cats and panthers, or there will not be much work done by Ross Rose.

Contribute to Enterprise Orphanage

On Wednesday afternoon the ladies of the Woodman Circle met at the residence of Mrs. T. W. Williams and combined business with pleasure. After the business of the order was transacted the ladies packed two large boxes with good things to eat that had been cooked and donated by each one to surprise the children of the Orphanage at Enterprise with a good Thanksgiving dinner. Mr. Stegner of the New Market contributed a large pork ham, Mr. J. L. Miller kindly roasted three hams, Mr. W. W. Long delivered boxes to the beat, Capt. Tattle carried boxes over free. Mr. J. M. Lord contributed a box of oranges. Each one seemed to be delighted to assist in this good work of making the fatherless and motherless little ones happy on this Thanksgiving day. The ladies wish to thank through The Herald at this time those who so kindly gave them assistance and wish each one a happy Thanksgiving and many happy returns of the day. LADIES OF WOODMAN CIRCLE.

Kick on Cleaning Day

Mr. Editor: As last week was set aside for Cleaning-Up-Week I wish to call your attention to some neglected places. Now, Mr. Editor, it does not seem to me to have so much partiality shown in this cleaning up business that some persons who try to be law abiding and have pride in their places should be notified to clean up and others who are allowed to go scot free. There are lots owned by parties that are very filthy and dangerous, snakes and other vermin hide in them. These parties should have these lots cleaned up and charge up to those owners who do not pride themselves enough to clean up themselves. I would also like to call your attention to the sidewalk between Second and Third streets on Market avenues, there is only one path, weeds having grown up on the sidewalks and being in such close proximity to the switch yard of the A. C. R. R. the sidewalks are very much smoked, and the people cannot walk through them without soiling their clothing and shoes.

Local Druggist Makes Statement

Says Dodson's Liver Tonic is the Best Remedy for Constipation and Sickening Liver he has ever Sold. Every person who has tried Dodson's Liver Tonic and knows how it works and gently it starts the liver to working and relieves biliousness will bear out the statement about Dodson's Liver Tonic. "It is a purely vegetable preparation entirely takes the place of the harmful, harmless and pleasant to the taste, that has proven itself the most satisfactory remedy for a slow working liver that most of our customers have never tried. A large bottle sells for 50 cents and we do not hesitate to give the same to any person who tries a bottle to the strength of this statement. In these days of cheap imitations and dangerous drugs, the above is a pleasant surprise. Dodson's Liver Tonic is a safe remedy for both children and adults. In buying a bottle for yourself or for a child use it well to make sure you are getting the genuine Dodson's Liver Tonic and not some spurious imitation. It has come our claims for the same and we stand behind of their guarantee. J. R. Phillips & Co. Sole Agents. Advertisers.

GAINESVILLE NOW ILLUMINATED BY FINE MUNICIPAL PLANT

CURRENT TURNED ON YESTERDAY FOR FIRST TIME

PLANT FINEST IN THE SOUTH

OTHER NEWS OF INTEREST GATHERED FROM ALL PARTS OF THE STATE FOR BUSY READERS

Gainesville, Dec. 1.—From now on the streets of Florida's interior metropolis will be illuminated by current from its new municipal plant, one of the largest and most modern in the South. In fact, experts from various concerns who have been sent here to supervise installation of the various parts of machinery have stated to the Times-Union correspondent that nowhere south of the Potomac river will be found a plant as well equipped when the size of the city is considered. The new plant, including the extension of the water works system, cost in excess of \$100,000, and will, it is believed, be sufficient to supply Gainesville's needs for several years to come. The plant has not been sufficiently received by the city, although the street lighting system was tested several weeks ago, and has been in use nearly ever since. The plant will be received by the municipal public works department, as a balance of the purchase price of the water works is installed. For nearly twelve years the streets of the city have been illuminated by power of the Power company, and the cost to the city has averaged over \$100,000 a year. The new plant will cost the city about \$100,000, but will save the city about \$100,000 a year. The plant will be received by the municipal public works department, as a balance of the purchase price of the water works is installed. For nearly twelve years the streets of the city have been illuminated by power of the Power company, and the cost to the city has averaged over \$100,000 a year. The new plant will cost the city about \$100,000, but will save the city about \$100,000 a year.

the hotel will be specially decorated for the occasion and a large orchestra will furnish the music. Many improvements will be made on the hotel.

Attorney General West interprets the law to prohibit the sale of secondhand or rebound school books even if such or rebound school books even if just as serviceable and much cheaper than new ones. That seems to guarantee the school book publishers all the money, all right, but who else is benefited?—St. Petersburg Times.

Extensions of water mains has commenced in St. Petersburg to carry water to people now living outside of the Sunshine City. This will supply the people in Bayboro in the south side and the entire north with water.

THE CELERY CROCK

Sanford Will Have the Chance to Make Good this Season

Sanford, Fla., Nov. 28.—While it is too early to make an estimate as to the approximate yield of celery per acre, if weather conditions continue favorable, growers in this section will be as large as last year. The crop is about the same as last year, and the price is about the same. The crop is about the same as last year, and the price is about the same. The crop is about the same as last year, and the price is about the same.

SEMINOLE'S COURT HOUSE NOW ONE OF THE FINEST

ELEVATOR INSTALLED AND IN RUNNING ORDER

OFFICES ARE WELL LOCATED

BUILDING IS ONE OF THE FINEST INTERIORS FOR OFFICES AND RAPIDLY FILLING UP

The Welborne Block that has been renovated to be used for the Seminole county court house has been made into one of the finest office buildings in this part of the state. The building is a three story affair and although of ancient vintage was well built and has survived the ravages of time with credit to the builder. When the county desired a haven of refuge after the stormy period of reconstruction the Welborne block was leased from M. F. Robinson, the owner. By Messrs. Lake and Rosseter, who very generously consented to allow the county to have the building for a court house and the owner not to be outdone agreed to install an up to date elevator service in the building, an innovation that is greatly appreciated by those who have to ascend the three floors of the building.

SIXTY THIRD CONGRESS

SESSION GETS DOWN TO BUSINESS TODAY

SENATE ON CURRENCY BILL AND HOUSE ON APPROPRIATION ADD BOTH BUSY

Washington, D. C., Dec. 1.—Congress today settled down to the second stage of what promises to be the longest continuous sitting in its history. The regular December session, following without a break upon the heels of the extra long session that has run since April 7, brought to tired law makers today a new host of problems and the prospect of steady work for many months. There was little formality about the ushering in of the new congress at noon. Its opening was signalled by the fall of the gavel in each house with the announcement of the presiding officer that the second session of the Sixty-third congress had begun.

MEXICAN REBELS VICTORIOUS. MARCHING TOWARD CAPITAL

GEN. VILLA SAYS HE WILL END HUERTA'S REGIME

TAXES RAISED FOR FUND

OTHER NOTES OF INTEREST CONCERNING THE WORLD AT LARGE BY GRAPEVINE

Juarez, Mex., Dec. 1.—Gen. Francisco Villa, Constitutionalist commander, said today that Northern Mexico embracing the States of Sonora, Chihuahua, Coahuila, Nuevo Leon and Tamaulipas, and including the territory from the border to a line 500 miles southward, will be wholly under the authority of the rebel forces within two weeks. The forces fighting Huerta then will join at Guadalajara, with a view to marching on to Mexico City. This campaign, he said, contemplated not only the capture of Chihuahua City but also the spreading of the Constitutional authority further south. He is to be joined in the interior by General Carranza, head of the Constitutional forces.

lieve that any one who has read the whole of Mr. Babson's article can labor under any misapprehension as to the point that he intended to make. He certainly committed no injustice in warning his readers against buying advertised land, either in Florida or anywhere else, without making the fullest investigation of the property and ascertaining the character of its soil, its proximity to market, and the chance that the average man would have to make good upon it.

Florida like every state of the Union which affords exceptional opportunities to the hard-working man of experience, capital and agricultural knowledge, has had real-estate agents who have been none too scrupulous about the claims made in their advertisements and who have victimized small purchasers living at a distance. This does not mean that Florida, which like California, Texas and the Western apple country has had its unscrupulous real-estate men, does not hold splendid opportunities for the man of determination who sees and investigates land before he buys. It assures itself that there are good markets for the land, and that these prospective purchasers should expect to receive a fair price for their land.

Another week of disagreeable weather is ahead of the section part of the country, according to the weather bureau. The weather bureau predicts that the weather will be generally fair, except that rain is probable Monday in the Gulf states, but the Arizona disturbance probably will prevent any frosts of consequence for several days at least.

The finance committee of the general committee made a report a few nights since by which it was shown that the descriptions to date amount to \$4,000, and as the chairman said, the cost on a pound is increased to \$7.00 or even \$8.00. The city has appropriated \$1,500 for the chairman stated that there is no doubt that this amount would be needed if needed. It was expected that a benefit concert which was expected to be given on the following night and something from other sources would run the total up to \$12,000. This is a pretty snug sum and ought to finance a pretty elaborate celebration.

The Baptists of Orlando are moving in the direction of the building of a new church. The Methodists of that city have a handsome new building now almost completed, and as there is always a wholesome rivalry between the two denominations in all good works the Baptists are now endeavoring to catch up with their friendly rivals. There was a rousing meeting held a few nights ago in the church auditorium for the purpose of considering the matter of building and to concert measures for raising the necessary means to make a start at once. Prayers were called for toward the building fund and resulted in the promising sum of \$12,205, which is doing exceedingly well for a single meeting and insures the success of the undertaking.

That Joseph Smith's \$11,000 worth of negotiable money order blanks out of the local office of the Southern Express Company as an inspector will not be brought back here for trial was learned today. It is said that under the laws of Florida he could be punished for only the value of the paper, since it was of no value to him. As the laws of Pennsylvania are more stringent regarding such cases and they can be meted a heavier sentence under the laws of that state, the authorities of the company have decided to prosecute the case there.

The famous Tampa Bay Hotel will be formally opened in Tampa for the season on Friday, December 19. It is the intention to open with a grand ball and

ghost of roadway, who has charge of the construction work for the Atlantic Coast Line was in the city yesterday, and gave out some interesting information relative to the improvements that will be started at once on the roadway of this section in Florida.

The first force to be made will be the 2500 tons of the line between Lakeland and Tampa where a hard rock ballast will be laid in the next few weeks. Material is now being gathered at Plant City, where the work will start. The bed from that city to Tampa will be the first done.

When this is completed rock will be placed all the way from Lakeland to Jacksonville, making the best and smoothest line in the state.

Travel has picked up so much on the line from St. Petersburg to Jacksonville, that it has been found necessary to lay a larger rail, and the Coast Line has ordered enough eighty-five pound rail to rebuild the entire line. It is expected that the first shipment will begin to arrive about the first of the year at least. This line will also have a rock ballast.

The Atlantic Coast Line is now running four trains daily between Tampa and Jacksonville, and when the new roadway is completed, they will be able to make better time, and the travel will be just as good as any in the country.

Democratic members of the senate voted all day yesterday to complete the agreement on the currency bill so that the measure might be pushed for immediate consideration today. Senate leaders hope that by holding the senate to long hours the bill may be passed in time to permit a short recess at the holidays. If it has not been acted upon the senate will forego all vacation except on Christmas day.

Methodist Revival Services. The revival services at the Methodist church begin at 11 o'clock in the morning, 1:30 in the afternoon and 7:30 in the evening. Rev. J. A. Bowen, who is doing the preaching is from Birmingham, Ala. Conference. There were fifteen bowed for prayer at the close of the afternoon service Sunday. The meeting looks good.

Hon. Ernest Lake is spending the day in Jacksonville on business.

HEAR YE! HEAR YE! HEAR YE!

Know ye all by these presents that the last opportunity to cooperate in the special Seminole County Edition of the Sanford Herald is now at hand. The edition will be published on December 16th and the work of preparation is rapidly drawing to a close. It is absolutely necessary that all copy be in this office not later than Saturday, December 6th in order that the edition may appear on schedule time. Those in charge of the work have endeavored to cover the county thoroughly, but it is possible that some of those desirous to cooperate in the project have been inadvertently overlooked. If this is the case, the management of the Herald will be glad to accept the cooperation of any who wish to be represented in the edition, but it is urgently requested that this office be notified at the earliest possible moment. The edition will constitute the first proposition of its kind that has been inaugurated since the formation of Seminole county and deserves the cooperation of all progressive citizens who desire to increase the prosperity and general business conditions of this section of the state.

Another week of disagreeable weather is ahead of the section part of the country, according to the weather bureau. The weather bureau predicts that the weather will be generally fair, except that rain is probable Monday in the Gulf states, but the Arizona disturbance probably will prevent any frosts of consequence for several days at least.

Generally fair weather will follow for a day or so after, but the eastward movement of another marked disturbance now over Arizona will probably be attended by rains over the southern districts and rains and snows over the northern districts from the Rocky mountains eastward beginning about Monday morning along the east slope of the mountains, reaching through the plain states into the central valleys and the upper lake region about the middle of the week and the lower lake region and the east about Thursday or Friday.

This disturbance will be followed by fair and colder weather that will reach the central valleys after the middle of the week and the S. Eastern states by the end of the week. However, temperatures will not be unseasonably low.

Miss Virginia Brady entertained a number of her friends with a delightful party on her thirteenth birthday. Progressive games were played during the evening. Miss Frances Gonzales winning the first prize, a very pretty silver coin purse, while Edna Chittenden was awarded the booby, a tin horn. When the beautiful birthday cake was cut it was found that Miss Dorothy Davis had gotten the button, Miss Corinne Keane the thimble, and Miss Frances Chappell the dime. Delicious refreshments were served by the attractive hostess, assisted by her mother, Mrs. J. T. Brady and Miss Ruth McDaniel. The guests included Misses Fern Ward, Alice Caldwell, Frances Gonzales, Dorothy Davis, Frances Chappell, Edna Chittenden, Elizabeth Stafford, May Thrasher, Anna Bell Smith, Ruth Waldron, Fannie Rea Munson, Corinne Keane, Ruth McDaniel, Alice Hodges, Agnes Rothamly, Helen McLain, Helen Hand, Olive Lough and Nellie Lough.

Fit's Not a Candidate. I notice an article in your last Friday's issue which states that I am a candidate for alderman on an independent ticket. Will you do me the favor to correct such an impression in your next issue. I am not an alderman or any other office and did not know my name had been proposed until reading your paper. Although your next issue will not be published until after election, please make the above statement in order to let my friends know where I stand. Yours truly, W. A. FITZ

CURBSTONE GLEANINGS

BUDGET OF OPINION "JUST BETWEEN YOU AND ME"
EVEN THE GATE POST NOT IN IT

A CHIEF IS AMONG YE TAKING NOTES AND FAITH. "HE'LL PRENT 'EM"—SO SAYS SAUNTERER.

Wanted—A Little Girl
Where have they gone to, the little girls. With natural manners and natural curls. Who love their dolls and like their toys. And talk of something being the boys?
Little old women in plenty I find. Mature in manner, and old in mind. Little old girls who talk of their beaux And vie with each other in stylish clothes.
Little old belles, who at nine and ten. Are quick of pleasure and swift of men. Where of travel, of balls, of fun. And find no new things under the sun.
Once, in the beautiful long ago. Some dear little children I used to know, Girls who were merry as lambs at play, And laughed and rollicked the living day.
They thought not at all of the style of their clothes. They never imagined that boys were beaux— Other girls' brothers and mates were they; Splendid fellows to help them play.
Where have they gone to? If you see One of them anywhere, send her to me. I would give a medal of purist gold To one of those dear little girls of old, With an innocent heart and an open soul.
Who knows not the meaning of "first" or "last" he

SANFORD, FLORIDA, FRIDAY, DECEMBER 5, 1913

Volume V

TAXES WILL BE ASSESSED AT THEIR FULL FACE VALUE

NEXT TERM WILL WITNESS BIG CHANGE IN TAX ROLL

STATE COMMISSION DECRIES SANFORD GROWERS ARE GETTING GOOD PRICES

TAX ASSESSOR BATES RECEIVES ORDER TO ASSESS SEMINOLE PROPERTY AT FULL VALUE

Tax Assessor T. K. Bates will have his work cut out for him next year when the time comes round to assess the county. The state tax commission formed by the last legislature has decided that the rate shall be assessed at full value instead of one-third or one-half as has been heretofore and that the county commissioners should lower the millage. This means that the different tax assessors will raise the value to the present figures and in order to avoid any unnecessary controversy over the subject the Herald publishes the letter directed to County Tax Assessor Bates from the state commission.

The Legislature of the State of Florida, at its session for 1913, passed a law creating a tax commission, prescribing their duties as follows:

Sec. 6, Chap. 6500. It shall be the duty of the commission and its successors to:

- To make and cause to be printed a uniform schedule of values for all lands, tenements, personal property, and franchises of the state, over which an ad valorem tax is levied, and to cause the same to be published in the official gazette of the state; and to cause to be printed and published in the official gazette of the state, a uniform schedule of values for all lands, tenements, personal property, and franchises of the state, over which an ad valorem tax is levied, and to cause the same to be published in the official gazette of the state; and to cause to be printed and published in the official gazette of the state, a uniform schedule of values for all lands, tenements, personal property, and franchises of the state, over which an ad valorem tax is levied, and to cause the same to be published in the official gazette of the state;

VEGETABLE SEASON IS ON

COOL WEATHER MEANS THAT LETTUCE AND CELERY WILL THRIVE

Sanford, Dec. 2.—Sanford is now in the vegetable season and it is getting good prices. The crops are of the usual size of indications locally, and from what are gathered as to conditions in other producing sections, the trend of favor is decidedly with Sanford for the present season.

Along early in the season the "lock state" celery crop had a very promising outlook. It was expected that the yield would be the best in years (State and county) and the quality was to the stock to a point which indicates a short supply for the holiday trade. The weather conditions in the celery fields are most ideal for the crop. The celery is now in the hands of the buyers and the price is being paid for the crop.

COUNTY COMMISSIONERS MEET TO TRANSACT REGULAR ROUTINE

BRICK ROAD NOW ASSURED

BOND TRUSTEES PASS INSPECTION AND LEGAL MATTERS ARE SATISFACTORY

Seminole County Board of County Commissioners met in regular session at 10:30 A. M. Tuesday, Dec. 2, 1913. Present, Chairman F. L. Woodruff, Commissioners, Hagan, Clark, McLean and Entzminger.

Minutes of the last regular meeting read and approved, also minutes of the called meeting of Nov. 26th, read and approved. Bonds of the various departments were examined and approved. A report from E. E. Bond, for county engineer, for the month of November, 1913, was read and approved. The report shows that the work of the department is well advanced and that the county is well prepared for the winter season.

ELKS MEMORIAL SERVICES

LODGE OF SORROW WILL BE HELD SUNDAY AFTERNOON IN STAR THEATRE

The Elks Memorial services or Lodge of Sorrow will be held at the Star Theatre on the first Sabbath of December, the 7th inst., at 2:30 P. M. The services will be held in the parlors of the theatre and will be a most interesting and profitable one. The services will be held in the parlors of the theatre and will be a most interesting and profitable one. The services will be held in the parlors of the theatre and will be a most interesting and profitable one.

BRICK ROAD NOW ASSURED

BOND TRUSTEES PASS INSPECTION AND LEGAL MATTERS ARE SATISFACTORY

Seminole County Board of County Commissioners met in regular session at 10:30 A. M. Tuesday, Dec. 2, 1913. Present, Chairman F. L. Woodruff, Commissioners, Hagan, Clark, McLean and Entzminger.

RECENTLY DESTROYED BY FIRE WILL BE BUILT BETTER

NEW JAIL BUILDING

WILL REBUILD THEIR PLANT

SANFORD WILL NOT LOSE PLANT

The new county jail will soon be ready for occupancy which is not a general with joy of anticipation as few people ever expect to occupy one of the cells that are being fitted up. Rapidly Assuming Shape and Will be Ready in Thirty Days.

The new county jail will soon be ready for occupancy which is not a general with joy of anticipation as few people ever expect to occupy one of the cells that are being fitted up. Rapidly Assuming Shape and Will be Ready in Thirty Days.
