

World's Finest Army Supports Hitler's Moves

Experts Say German Force Has Replaced French In Last Year

By ALEXANDER R. GEORGE
WASHINGTON, Mar. 23.—(AP)—Nazi Germany remakes the map of central Europe under the marching feet of a soldier now rated the finest in the world.

Arms experts here agree the German army has replaced the French in the last year or two. Many of the military sharpshooters use the Mauser rifle, the same type as used by the German army.

The Hitler military machine is listed as tops in three highly important respects:

1. The average German soldier has been selected more carefully and is superior physically and mentally to the average soldier of other European nations.
2. The German soldier is more highly trained.
3. The German forces are in general the best armed and equipped.

Of an available manpower considerably larger than that of France, the Germans have picked the cream for army service. German young men have been trained by highly capable officers from 12 to 14 hours a day compared with about six hours a day in most other armies.

Famed Technical Talents

In the last four years, the Germans have concentrated on their famed technical talents and thoroughness in mass production of rifles, machine guns, medium and heavy artillery, tanks, airplanes and motor transport.

Restricted by the Versailles treaty to a force of 105,000 men, Germany by 1934 could get out more than 175,000 first line men into the field. Right now she could muster 550,000 first class soldiers, military experts think.

Four years ago Germany had an organized reserve of about 100,000 back of the 175,000 first liners. Today her 550,000 active men are said to be supported by a trained reserve of 2,000,000.

Moreover, union with Austria means a substantial increase in Nazi military might. Austria has 50,000 active, well trained and fairly adequately armed. These are supplemented by a reserve of 350,000 to 400,000 men, almost on a par with the active.

French Forces Scattered

France, informed observers say, has a first line army of some 700,000 and a trained reserve of 5,000,000, but many of the active are stationed in French outposts. Much French equipment, artillery and aircraft, is old compared with the Germans.

Italy has a first line army of 750,000,000, ranked by several authorities as a shade superior to the French in training and physical characteristics. Trained Italian reserve numbers 5,000,000.

Russia, with a reputed first line army of 1,000,000 and a reserve of 11,000,000, leads in manpower. But the effectiveness of the Russian organization, particularly since the purge of many of its ablest high-ranking officers, is considered a doubtful quantity. Besides, the bulk of soviet military forces are said to be concentrated in Siberia, far from Europe.

Great Britain, Relying on Its Navy

Great Britain, relying on its navy supplemented by a strong air force as the first line of defense, is rated as comparatively weak in land strength. Britain has an active force of 350,000 men, including about 150,000 in India. She has a reserve of 275,000 at home.

Czechoslovakian Doubts

Little Czechoslovakia, fearing the German threat, has a first line army of 100,000 and a reserve of 1,500,000, fairly well trained. But military observers doubt if it could successfully resist for more than 10 days the forces of Germany, vastly superior in numbers and equipment.

The German air force also is rated tops in Europe. Italy is classed second, France third and Britain fourth. The British are coming up as an air power and type for type the modern Brit-

State Market Bright Spot In Farm Picture

Continued From Page One

are brought here from surrounding counties and more remote parts of the State. Orange, Lake and Volusia county farmers use the Market extensively, but crops grown by farmers in Duval and Palm Beach counties on the lower East Coast are marketed here almost as frequently.

Between July 1, 1937 and Feb. 28, 1938, no less than 3,360,687 pounds of green cabbage was sold through the local Market. Other crops ranking high were snap beans (17,742 bushels), peas (10,102 dozen bunches), celery (27,711 crates), carrot (6,583 dozen bunches), peanut hay (59,530 pounds), iceberg lettuce (1,795 crates), onions (1,018 dozen bunches), parsley (2,199 dozen bunches), English peas (1,589 bushels), Bullnose peppers (1,076 bushels) radishes (8,102 dozen bunches), yellow squash (1,485 bushels), strawberries (22,960 pints), sweet potatoes (30,852 pounds), and turnips (10,264 dozen bunches).

Widely Used

While approximately 65 percent of the produce sold at the Market is raised in Seminole County, a report for the previous season reveals that no less than 25 counties in the state made use of the facilities there. In general the produce bought here is sold in Georgia, South Carolina, North Carolina and Virginia, but the report shows that purchases from the Sanford Market have been made in 21 states of the union and two Canadian provinces.

Outside of the Southeast, principal markets found for Sanford produce were for the most part in the smaller cities and towns of Tennessee, Kentucky, West Virginia, Pennsylvania, Ohio and Illinois, though some was sold as far west as Connecticut, and as far east as North Dakota and Colorado.

The majority of the vegetables distributed by trucks in these states went into communities which ordinarily could not assimilate carlot shipments. While most of them could have secured supplies in the larger carlot markets, it is generally true that the ultimate cost to the consumer is materially reduced through this "direct service" by trucks.

Mixed Shipments

It was also pointed out at the Market that most of the sales to truck buyers are in quantities ranging from one package to as high as 10 tons. Seeking to have a full supply of all commodities available at all times, the Market management has found that the average truck driver in assembling a mixed load, takes it around one or two vegetables.

These basic commodities are generally cabbage, celery, beans, citrus, or tomatoes, while the balance of the load is filled out with an assortment of other vegetables. For instance, a truck loading five tons of produce might take on three tons of cabbage and two tons of carrots, peas, peppers, eggplant, and perhaps five or ten other items.

Helps Farmers

As comparatively few farmers are in a position to ship a carload of any one kind of vegetable at any one time, with the exception of celery, these less-than-carload farmers have found in the Market an excellent opportunity for disposing of their miscellaneous produce advantageously.

Though most of them are small farmers, the aggregate of the produce grown by them throughout the season is surprisingly large.

Most truck buyers, it was further indicated, sell in the smaller markets either direct to the local produce merchant or direct to the retail stores. If it were otherwise, these local merchants would have to order their supplies from the larger carlot markets, pay a profit to the carlot receiver, and then pay a delivery charge either in freight or "crayge" for transportation to the store.

The primary purpose of the Market at the time of its establishment was to furnish an outlet for the products of the

The Germans, however, have been producing combat planes at a rate of four to the British one.

smaller farmers and growers, and in this respect the farmers are agreed that it has proved its worth this season. But the larger farmers and shipping organizations are also finding it of great assistance to them in their marketing problems.

Kiwanis Told Of Need To Preserve State Wild Life

Life Conservation Week and also of its educational program and the colorful stamps depicting various types of wild life that are being distributed. He stated that these stamps are being sold to carry on the educational program of the organization and that they were drawn by Ding Drayton, president of the Federation.

At the meeting today plans were discussed for attendance at the inter-club Kiwanis meeting to be held in Mt. Plymouth Tuesday night at which Fred Parker, international secretary, will be guest speaker.

Dr. D. G. Scott, in a report at the meeting, also told of the work of the organization and other civic groups in the City in connection with child welfare. He displayed pictures of deformities among children in this county that have been to a great extent corrected through the cooperation of the civic organizations.

The guests at the meeting which was presided over by President Sidney J. Nic were: Dr. J. H. Griffin of Winter Haven; Dr. J. Bristol and H. G. McClain of Geneva.

willing to co-operate with Chamberlain on a non-political basis to place the arms and aircraft factories on double shifts provided the Prime Minister reasoned his foreign policy to labor's taste, and pledged that union labor would not suffer from the speeding up.

In France an outbreak of new strikes led worry on top of worry for the Popular Front government of socialist Leon Blum.

In Spain the insurgent armies took a new tack in the drive against the northeastern territory of the government, shifting the offensive to the north. The insurgents continued to report victories.

In China counter-attacking Chinese forces prevented Japanese troops from crossing the Grand Canal. Chinese counter-offensives north of Suchow extended the lines of the 10-day old battle to a zigzag hairpin 50 miles deep and 30 miles wide along the Tientsin-Pukow railway.

The Japanese, after a 375-mile march southward from Tientsin sought to force the crossing of the Grand Canal 22 miles north of the vital junction with the Lungehai Railway at Suchow, but Chinese attacks from both flanks threatened to force a withdrawal.

Chinese claimed successes in attacks upon Tenghsien, Lincheng and Hinchowang along the railway but the Japanese said a force of 3,000 Chinese were decimated when it attempted a crossing of Lake Weishan in a flotilla of junka for an assault on Lincheng.

More Funds Are Granted To Buy Surplus Celery

Continued From Page One

would take 100 cents a price not to exceed 80 cents per crate but later gave in to the requests of the Control Committee to increase the price by 10 cents per crate.

The purchase program for the coming week has not been announced but will probably be subject to the recommendation of the Control Committee at its meeting in Hotel Thelma in Lakeland Friday afternoon at 5:00 o'clock.

Although market conditions especially continued unfavorably, there seems to be some hope among the farmers as to the effects of the drastic 33.33 percent shipping allotment declared effective for the current week and also the possible effect of the three-day shipping holiday for this week.

As a result of the shipping holiday only 13 cars were shipped during the first two days of the week and it is probable that the entire amount of this was government purchases, it was indicated.

Since arrivals at terminal markets of celery shipped the latter part of last week are expected to cease Monday or Tuesday of this week, those close to the industry are forecasting an upward trend of the market as the full effects of the shipping holiday will be felt and will give the market a chance to clean out the track holdings.

Shipments started today on the 220 cars of celery that were allotted for shipment during the current week.

The celery market today was about steady in most terminal markets with a light wire inquiry, and was considered good in view of the trackholdings of over 300 cars for yesterday. Prices continued to range from \$1.50 to \$2.25 on most sizes with small sizes as high as \$2.50.

Hull Proposal Is Approved By Roosevelt

President Enlarges Plan To Embrace Minorities Of Russia And Elsewhere

Domestic Policy Goes Back To 1789

Number Admitted To U. S. Governed By Immigration Laws

WARM SPRINGS, Ga., Mar. 25.—(AP)—President Roosevelt said today the American proposal to give an asylum to political refugees in Germany and Austria also applied to oppressed minorities in Russia, Spain and Italy and any other country abroad.

He added it was designed to help all groups seeking to get out of troubled lands—Jews, Catholics and Protestants, that no legislation was required to accomplish the purpose and that it was in line with a domestic policy that goes back to 1789 when the United States held itself out as a asylum for political refugees.

He said the number of refugees admitted to the United States from any one country would be governed by the present immigration laws. As for the Austrian and German minorities, he said, American law provides that when two countries merge their quotas are merged into one. This would permit about 20,000 to come from the enlarged Germanic nations.

Hull Proposal

WASHINGTON, Mar. 25.—(AP)—The United States has proposed to nine European and all the Latin-American nations that they join this country in offering sanctuary to political refugees from Germany and Austria, the state department announced yesterday.

Secretary of State Hull said the administration has suggested establishment of an international

Senate To Take Action Monday On Revamp Bill

WASHINGTON, Mar. 25.—(AP)—The Senate, after voting to abolish the comptroller general's office, agreed yesterday to adopt, or reject the administration's reorganization bill not later than 5 P. M. (E. S. T.) Monday.

In response to demands from a cautious bloc of Southerners, however, it made certain that the bill would not be revised as an amendment. Administration leaders said the reorganization measure passed its last major amendment vote when it defeated, 47 to 36, a proposal by Senator Byrd (D., Va.) to preserve the comptroller general's office.

The bill would abolish that office and divide its duties between the director of the budget and a new officer, an auditor general.

Before the vote the chamber heard charges that abolition of the comptroller general's office would turn over the purse strings to the Chief Executive, and counter-charges that the comptroller general had not complied with the law in making reports to Congress.

Senator Schwelmbach (D., Wash.) asserted the comptroller had made no reports from 1936 up to March 4 of this year, despite a law which, he said, required annual reports to Congress.

Senator Adams (D., Colo.) contended the new auditor general, to be appointed by a congressional committee of 14, would have no power to prevent illegal expenditures.

The Senate later turned its attention to a section of the reorganization bill which would set up a national resources planning board.

ACCUSED SLAYER DECLARED INSANE

Bound to a stretcher, Roy Ridenour, accused of slaying his aged father and wounding his mother with an axe, is shown being carried into the court house at Jacksonville, Fla., where he was declared insane. He is a former inmate of the Florida state hospital for the insane.

Senate Groups Concur On TVA Investigation

Bridges Is Not Sure If Inquiry Will Be By Senate Or House

WASHINGTON, Mar. 25.—(AP)—All Senate groups seeking an investigation of the Tennessee Valley Authority agreed today on a new resolution providing for a congressional inquiry.

Senator Bridges, now Republican, author of one TVA resolution, told reporters he and Senator King, Utah Democrat, co-author, had agreed with Senator Barkley, Ky. Democrat, and Norris, Neb. Independent, authors of other resolutions, on the form of the new proposal.

Bridges said the compromise resolution would include eight of 22 charges which he originally made against TVA and which Barkley and Norris had omitted from their proposals.

He added it had not been decided whether an investigation would be made by the Senate and House or by the Senate alone. House Speaker Bankhead said it appeared certain that an inquiry would be made by a joint Senate and House committee.

Movement Begun To Create Better Demand For Celery

With the celery market at an unusually low ebb at the present time, local persons outside the industry are realizing the importance of making efforts to create a better demand through individual advertising campaigns.

Gordon Barnett, Fern Park fern producer, is including in every box of fern shipped this week two stalks of locally grown celery and a card advertising the value of the celery prepared by the Florida Power and Light Co.

Mr. Barnett stated that he would ship approximately 500 boxes of the ferns all over the nation this week and that the celery will be included in every box.

One of the most extensive individual advertising programs for celery produced in this section has been undertaken by the Florida Power and Light Co. under the direction of H. H. Coleman.

In addition to furnishing cards advertising celery and stamps for customers to mail to friends and relatives in the north, the company yesterday mailed 5,000 cards to one of the terminal markets in a concentrated program to gauge the results of advertising in this industry.

Working in conjunction with County Agent C. R. Dawson and a celery advertising committee composed of local business men, the cards, were mailed to homes, where names were found in a telephone directory of this city.

“Battleship” Wins Famous English Race

Son Of Man-O-War Is First Horse Owned By American To Win In Over 100 Years

AINTREE, ENGLAND, Mar. 25.—(AP)—By the narrow margin of a head, the United States scored the first American owned and bred victory in the 100-year history of the Grand National Steeplechase today when Mrs. Marion Scott's Battleship, son of the famous Man-O-War, led 25 rivals over the difficult course of four miles, 850 yards.

H. C. McNally, Royal Dane's second, Sir Alex Macgregor's Workman third, James V. Hank's Coolen, one of favorites, fourth. Battleship paid 40 to 1. Fourteen Americans won \$150,000 each when Battleship won the Grand National at Aintree. Eight others won \$75,000 on Royal Dane and eight won \$50,000 each on Workman to bring the total of Americans' winnings to \$1,671,916.

History of the race shows only three horses ever won the classic two successive years—Abel El Kader in 1849-50, The Colonel in 1889-90 and Reynoldstown in 1935-36. It's a fact only four horses have managed to win with the maximum handicap of 175 pounds allotted to Royal Dane, commanded wise money support.

Except for Delachance, all the American-owned entries are outsiders. Mrs. Marion Scott's Battleship, a son of Man O' War, is held at 15-1; Robert Lehman's Doloris at 50 to 1 and Frank Gould's What Gave You, an offspring of Trysley, at 100-1.

Delachance favors the Aintree turf, and if the threatened rain materializes, he may go post-ward the favorite. There are four other American-owned horses in the field, two of which are American bred, but one of them, Mrs. Jesse Metcalf's K. D. H., quoted at 100-1, may be withdrawn before race time because of an accident to its jockey today. The rider, Tom Issac, fell in a race today and suffered a concussion.

The field was below the average this year. Not one of the three dozen horses could be counted out before the race began. Behind the four leaders in the betting were Marquis De Bismarck, French bred; Talvor Park, Sir Warden, Chilton's Dunhill Castle, Mrs. D. DeSilencourt's Proway, Sir John Grey's Stalbridge Park and Alfred Sims, the little Irish jumper owned by Sir Francis Towse.

Senate Scratches Estate And Gift Tax Provisions

Levies Of Existing Measure Preferred By Finance Group

WASHINGTON, Mar. 25.—(AP)—Senate Finance Committee today scratched the House approved estate and gift tax provisions out of the revenue bill.

Chairman Harrison, Miss. Democrat, said the committee decided the estate and gift levies in the existing law were preferable. The Senate Committee eliminated the House provision which would have consolidated exemption from gift and estate taxes.

The House provided total \$40,000 exemption from both levies while the Senate Committee approved existing provision of \$10,000 for each.

The Senate group also restored a separate \$5,000 annual gift exemption which the House had cut to \$3,000.

Harrison said the Senate action would not curtail revenue.

Old Age Assistance Rolls Are Reduced By 1,714 Persons

JACKSONVILLE, Mar. 25.—The Old Age Assistance rolls of the state were reduced by the closing of 1,714 cases between July 1, 1937, and February of this year, according to announcement here today from the office of Clayton C. Coddington, state welfare commissioner.

Death had the feature role in the closing of these cases, 1,205 persons receiving this form of assistance having died during the period. The Grin Resper is thinning the ranks of the aged beneficiaries at the rate of approximately 10 per cent annually.

President Rides In Specially Designed Car

Capt. Rose Urges Investigation In Charity Matters

President Roosevelt here lifts his hat and smiles from the tonneau of the specially designed new car of the United States secret service as it rolls through Gainesville, Fla. The new machine has a 148-inch wheelbase, carries guns in special compartments, Mayor Pierpont Brown of Gainesville rides between the President and Gov. E. D. Rivera of Georgia. The President dedicated Roosevelt Squares, new civic center built on the ruins left by the disastrous tornado of 1936.

Declaring that before money is given for any cause, it should be investigated to find whether or not it is worthwhile. Capt. E. H. Rose, commanding officer of the Citadel here today outlined the operations of the Salvation Army and asked local contributors to decide whether the cause was worthwhile.

Capt. Rose pointed out that the Salvation Army keeps an accurate record of all persons it helps, open to public inspection, and further stated that the work of the organization was methodical because it is well organized.

The local Army leader pointed out that the Salvation Army is operating in more than 90 countries and colonies over the world, providing the gospel in 78 languages and dialects.

In the questionnaires the Salvation Army investigates applicants for assistance, Capt. Rose explained, it does in a friendly manner, but temporary relief is given while investigation is in progress.

Another question, "Why should I give to the Salvation Army?" was answered, "Because it does the work you would like to do if you had the time."

"If Merchants and residents more generally were brought to realize the importance of caring for the stranded, homeless people at a central point, and if trained workers rather than untrained them to go promiscuously from store to store, and from house to house over the city, they would readily respond to this Annual Maintenance Appeal," Capt. Rose said.

Colonel G. D. Workman of the Men's Division has called a meeting of the Majors at the Salvation Army Campaign Headquarters for the purpose of completing the general canvass of which begins Apr. 4 to 19.

In conclusion Capt. Rose asked "of what is a boy worth whom kindness has kept from crime? What is the worth of a girl sobered and sent home from a reckless adventure? What value is self-confidence and self-support restored to hopeless, cold or hungry men and women—and do not forget the value of religious instruction?"

Manatee Growers Expect Excellent Crop Of Tomatoes

BRANDENTON, Fla., Mar. 25.—With an estimated 3,500 acres planted and expecting a shipment of between 1,200 and 1,500, Manatee county growers are looking forward to the biggest tomato season in at least ten years.

There was a marked increase in acreage this year and growing conditions have been almost ideal. Those who have inspected the crop in this section report that it is excellent. Ralph S. Campbell, manager of the Farmers' State Market, described it as "the finest it has ever been in the history of the county."

If the present favorable weather continues and there is an average market, indications point toward a heartening "come back" from year when disastrous rains spoiled the crop when it was ready to pick.

Capt. Rose Urges Investigation In Charity Matters

Salvation Army Has Accurate Records Open For Inspection

County Agent C. R. Dawson spent today in Orlando where he attended a district meeting for County Agents.

Dr. G. S. Selman was granted permission today to make repairs to his property on Palmto Ave. by local building Inspector G. E. Rose, commanding officer of the Citadel here today outlined the operations of the Salvation Army and asked local contributors to decide whether the cause was worthwhile.

The eyes of many residents glanced skyward shortly after 10:00 o'clock this morning to catch a glimpse of the approximately 60 United States Army planes that winged their way over central Florida on this day.

Home Demonstration Agent Mrs. Gladys Kendall left today for Tampa where she attended a meeting of the Home Economic Association of Florida which was being held in connection with the meeting of the Florida Education Association.

A large party of tourists left the Municipal Pier aboard Capt. El. Rice's yacht "Charlot" this morning for a trip up the St. Johns river to Lemon Bluff where given while investigation is in progress.

With less than a week left in which to file applications for homebased exemption, Tax Collector Sanford Doney today stated that to date there were more than 400 who had not filed exemption applications, and that nonpayment waived their right to the exemption if the applications were not filed before Apr. 1.

Mr. Doney stated that for the benefit of those who could not get to town at any other time his office will remain open Saturday until 6:00 P. M. and urged as many as possible of those who have not filed to do so at his office tomorrow.

Elk's Benefit Dance To Be Held Tonight

Exalted Ruler George Thurston of the local Elk's Lodge today extended a cordial invitation to all who wish to attend the regular monthly benefit dance of the organization to be held in the Elk's Hall tonight beginning at 9:30 o'clock.

Mr. Thurston explained that the proceeds of these monthly affairs were used to carry on the charitable work of the organization, adding that ladies will be admitted free and that Peckham's Orchestra will furnish the music for the occasion.

NORWAY SYMPATHETIC

OSLO, Norway, Mar. 25.—(AP)—The Norwegian press received sympathetically last night Secretary of State Hull's suggestion that an international committee be established to get political refugees out of Germany and Austria.

Government circles temporarily withheld comment.

Celery Prorate To Be Fixed At Lakeland Parley

Californians May Be Asked To Join In Marketing Program

Members of the Celery Control Committee will meet by telephone in the Hotel Thelma this afternoon at 5:00 o'clock to discuss preparation for the coming week and also to discuss further efforts to improve the present condition of the celery market.

J. C. Lottice, secretary of the Committee, indicated today that Loring Bond, vice chairman of the Committee may have been seen to visit California growers in an effort to effect a gentlemen's agreement for regulation of shipments from that section.

The California celery industry does not operate under a Marketing Agreement and it was stated that Mr. Bond as a representative of the industry at this state will seek to interest the shippers in the far west in a voluntary plan of cooperation for shipping coordinated in a final effort to stabilize the demoralized condition of the celery market.

With the advent of the unusually warm weather for this time of year, Florida celery is suffering a heavy natural prorate, and in view of this factor many local growers and shippers are advocating that the Control Committee recommend prorating of shipments during the opening week, following drastic action of the Committee for this week.

Shipments of the 220 cars allotted for this week started yesterday and will continue through Saturday but as yet no improvement has been noted in the terminal markets as a result of the three-day holiday declared by the shippers following the heavy prorate adopted at the meeting of the Control Committee last week.

In an effort to maintain a minimum price for the commodity, the government, through the Surplus Commodities Corporation, will purchase 100 cars at 80 cents per crate this week and is expected to continue the purchase program through the coming week.

More than 20 percent of these accidents occurred in Duval county with a total of 793; Duval county reported 468; Polk 216; Hillsborough 206; Orange 148; Palm Beach 142; Pinellas 138; Nassau 129; Gulf 107; Escambia 68.

The above 10 counties reported a total of 3,111 accidents against a total of 833 for the balance of the State.

Duval county reported two fatal accidents. Orange county one, Polk county one, and Sarasota county one. These fatalities occurred in Ice Manufacturing, Highway and Bridge Construction, General Contracting, Stevedoring and Auto and Filling Station Trade.

Picture Of River To Be Published Again

A picture of the St. Johns River at Sanford which appeared on the front page of the Atlantic Coast Line News for March and April was so striking that another railroad magazine has decided to use it.

Robert Scott, editor of the Atlantic Coast Line News has received a request from I. S. Holman, editor of the Chicago and Eastern Illinois Magazine, for the copper half tone plate from which the picture was made.

Labor Is Made Vital Factor In War Crisis

British Labor Chiefs Confer On Plans To Speed War Preparations By England

France Hit By 'Stayin' Strikes

Insurgent Drive Captures Many Prisoners, War Materials

By Associated Press
Labor today became more than ever the pivotal factor in the British and French attempts to put up a bold armed front in unsettled Europe.

In Britain three labor organizations conferred on Prime Minister Chamberlain's appeal for unstinted cooperation to speed rearmament as the "first priority" of the Chamberlain foreign policy.

In France nearly 27,000 workers were staging "stay-in" strikes to demonstrate support of the Popular Front government headed by Socialist Premier Leon Blum, as well as to force new collective contracts.

It was unanticipated and possibly an unwelcome gesture as he had plenty of trouble from the balky Senate over defense appropriations but his cabinet—12 days in office—nipped a budding ministerial crisis by approving Blum's proposal to ask the lower house for ratification of a bank at France loan to meet immediate government bills.

In Spain the insurgent forces were sought to clear a way for an infantry advance toward Gijón.

A Chinese counter-offensive followed by German-trained reinforcements threatened to wipe out Japanese gains in the chief offense against China's central front.

Swift moving insurgent columns in Spain, advancing on the Aragon front from the west and southwest, reported they had reached a point three miles from the strategic government stronghold of Barcelona.

Navyres and Gabbani troops, supported by cavalry, drove down the Zaragoza-Lerida highway during the night, an insurgent force of 1,000 men.

Industrial Mishaps Take Lives Of Five During Past Month

Death by accident was the penalty paid by five workers in the industrial field in Florida during the month of February. Accidents during this month in the industrial field totaled 2,244. Of this number eight percent were first aid cases, 89 percent required medical care and three percent are compensable under the State Workmen's Compensation Act.

The ten industries leading the list of accidents were: General Contracting 475; Hotels, Clubs and Restaurants 290; Saw Mills 180; Highway and Bridge Construction 167; Trade (Auto and Filling Stations) 160; Municipal Employment 115; Packing Houses (Fruits and Vegetables) 111; Trade (Department Stores) 92; Food Preserving 73; Trade (Beer and Liquor, Wholesale) 72.

More than 20 percent of these accidents occurred in Duval county with a total of 793; Duval county reported 468; Polk 216; Hillsborough 206; Orange 148; Palm Beach 142; Pinellas 138; Nassau 129; Gulf 107; Escambia 68.

Transportation Accidents

Accidents of all kinds were responsible for 106,000 deaths during the year of 1937, according to the Statistical Bureau of the National Safety Council. In addition about 375,000 persons were permanently disabled and more than 9,400,000 temporarily injured.

Five Pairs Of Shoes

Every housewife should have not less than five pairs of shoes. This advice comes from no less an authority than Elizabeth Gordon in Good Housekeeping.

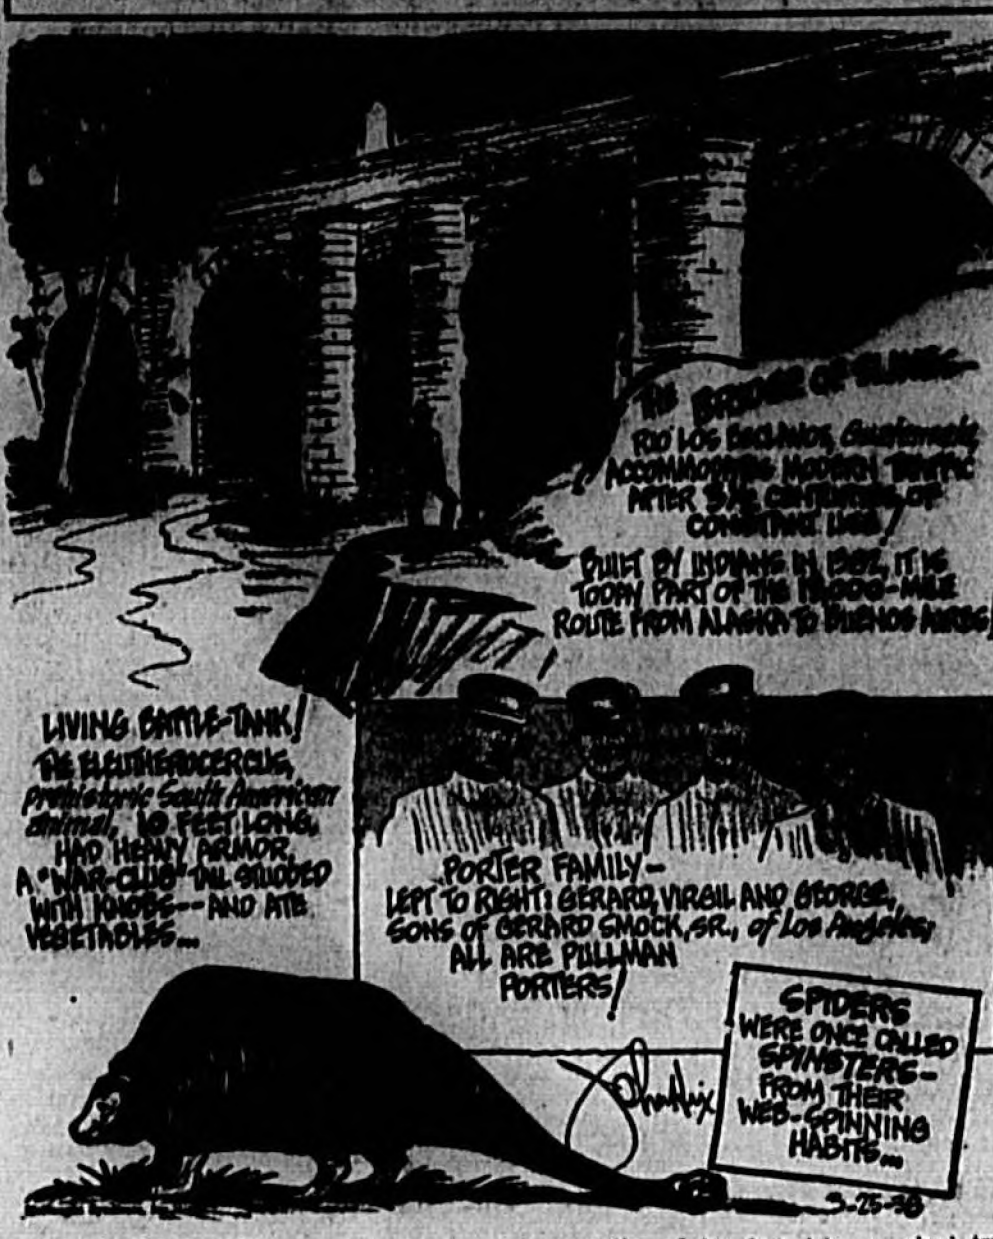

First, occupational shoes. They should be definitely protective instead of dressy, with a medium-low heel and a medium-wide toe.

I KISSED my first woman and smoked my first cigarette on the same day. I have never had time for tobacco since.—Arturo Toscanini, quoted in Collier's.

Social Calendar

THURSDAY
The Palmetto Club of the First Presbyterian Church will have a supper at 7:00 P. M. at the home of Charlotte Smith West Side. This will be followed by a business meeting and election of officers for the coming year. All members are urged to be present.

The Townsend Club will hold its regular meeting at 7:30 o'clock in the Welka Building. There will be speaking and singing with music furnished by the "Townsend Orchestra." The public is invited to attend.

FRIDAY
Rev. Bud Robinson of the Los Angeles Nazarene Church will preach at Lake Mary Community Church tonight. Everyone is invited to attend.

The N. De V. Howard Chapter of the United Daughters of the Confederacy will meet with Mrs. George D. Bishop at her home in Rose Court at 8:30 o'clock.

MONDAY
The Executive meeting of the Woman's Missionary Union of the First Baptist Church will be held at the home of Mrs. M. R. Cleveland, 4185 Palmista Avenue, at 8:30 o'clock. All W. M. U. officers and Circle Chairmen are urged to be present.

The regular social and business meeting of the Truth Seekers Class of the First Methodist Church will meet with Mrs. J. C. Russell at her home at 618 Elm Avenue, at 8:00 o'clock. Hostesses will be Mrs. M. Holt, Mrs. H. H. Duncanson, and Mrs. Ida Chamberlain.

Play Is Planned By Grammar School
The children of the Sanford Grammar School will present the play, "A Backwoods School in '49," by Walter Ben Hare on Apr. 1, at 8:00 o'clock.

The schoolmaster, who is played by James Lee, finds himself in some very smug situations with his class of about 22 bad pupils.

During the school period a group of children will represent 10 of the most famous pictures in the world, some of them being "Whispering Mother," "The Age of Innocence," "The Boy With the Rabbit," "The Solemn Pledge," and "The Angelus."

The Grammar School Orchestra will play several numbers.

NOTICE
The Public School Musical Festival will be held Apr. 3 at the High School Auditorium.

COBRECTON
The Senior Play will be presented on March 30 rather than Apr. 30 as previously announced.

To-Night
The Sanford Grammar School Orchestra will play several numbers.

FRIENDLY CLUB
The Friendly Club held their meeting on Tuesday evening at the home of Mrs. C. W. Johnson on West First Street.

After a short business session refreshments were served to the following: Mrs. Mark Palmer and the Misses Edith Bales, Dorothy Clauss, Wynelle Faircloth, Louise Packard, Bonnie Broeden, Margaret Jones, and Ruth Cummings.

Monthly Meet Held By Baptist Group

The monthly meeting of the W. M. S. of the First Baptist Church was held Monday afternoon with about 150 members present. A program was presented depicting the work of the Southern Baptists in Europe after the World War.

The first pantomime had as speakers Mrs. H. C. Moore who gave "The Spirit of Missions," and Miss Nancy Rossetter, speaking for the Southern Baptists. Both were dressed in flowing white, while Miss Doria McCall in a white and gold costume of a heraldic bore the Christian flag. The trumpet call to arms was given by David Gatchel. The program was "Bringing in the Sheaves," and a song "We kept the Home Fires Burning" was sung.

The procession of the second pantomime was "In the Beauty of the Lilies," by the Sunbeams and the Girls' Auxiliary, led by Mrs. Myron Smith, W. M. S. and Mrs. Roy Britt, auxiliary leader. All wore robes of white bearing sheaves of lilies and carrying Bibles. Others taking part in the pantomime were: Peggy Pippin, Kay Holtsclaw, Martha and Lois Hanson, Jean and Alice Hall, Emily Ruth Burns, Dorothy Carter, Mary Helen Tew, Margaret Myers, Marjorie Jones, Esther and Ruth Strango, Emma Sue Leathe, Gladys and Elizabeth Pippin.

The Baptist Mission Fields in Europe constituted the third pantomime, with representation of Spain, Italy, Yugoslavia, Hungary, and Rumania. All participants were in the costumes of the country represented. Those taking part were: Mrs. Raleigh King, Mrs. E. C. Harper, Mrs. H. R. Pippin, Mrs. T. D. Inabnet, Mrs. L. B. Reed, Mrs. A. M. Gordiner, Mrs. C. H. Eckerson, and Mrs. Forrest Gatchel, David Gatchel, and Jimmy Carter. Also taking part were: Mrs. R. N. Nipper, pianist; Mrs. Marvin Mison, organist, and Mrs. Robert Herndon and Robert Herndon, Jr., cornetists.

Proceeding the program a social hour was enjoyed with Mrs. Fred Myers, Circle Chairman, in charge. The punch table was spread with a lace cover and held bowls of purple verbena and white sycophila, colors of the W. M. S.

Mrs. J. H. Colclough gave a talk upon "America Fifty Years Ago. Today and Baptist Work among Europeans in the South Land." And Mrs. Forrest Gatchel spoke upon "Europe Fifty Years Ago Today—What of Tomorrow?"

The Bible Study, "Spiritual Sympathy" was led by Mrs. William Kader. Mrs. Sarah Stewart led in prayer. The hymn, "Publish Glad Tidings" was sung.

The auditorium decorations consisted of a Map of Europe as background, and formal arrangements of lilies in white containers.

Personals

Maxwell Stewart is visiting in Tallahassee this weekend.

Miss Dorothy Raines is spending the day in Tampa.

Mrs. Joe Ticeoni and Mrs. Jack Hyatt spent yesterday in Orlando.

Miss Mary Forester will visit Mrs. Jack Russell for the weekend in Gainesville.

Miss Martha Fox has been called to Philadelphia upon the illness of her brother, Meade Fox.

Miss Kathleen Laney is spending today in Leesburg as the guest of Mrs. James Boyd.

Dr. and Mrs. E. D. Caswell have as their guest Mrs. Fred Hicks of Allentown, Pa.

Mr. and Mrs. W. A. Adams have as their guest Miss Lily Fraser of West Palm Beach.

Bruce Laney of Tampa will spend the weekend here with his parents, Mr. and Mrs. E. H. Laney.

Miss Oleda Dyson and Miss Betty Lou Flish will spend the weekend in Gainesville.

P. P. Campbell of Knoxville, Tenn., will spend a week here as the guest of Miss Mary Williams.

Mr. and Mrs. E. M. Carroll have as their guests, Miss Betty Jean Henderson and Miss Molly Folsom of Cocoa.

Mr. and Mrs. Ralph Wight and Mrs. H. B. Pope have returned from Cuba where they spent the past week.

Mrs. W. M. Thigpen and Mrs. G. W. Spencer left Wednesday for Lakeland where they will visit for several days.

Miss Cecelia Truluck, Miss Madeline Truluck, and Miss Elizabeth Dyson will visit in Tampa and Sarasota this weekend.

Miss Marian Estridge and guest, Miss Doris Hill of Cocoa will visit Miss Estridge's parents, Mr. and Mrs. J. H. Estridge during the weekend.

Mrs. Ralph Blackwelder has had as her guest for several days Mr. and Mrs. E. C. Barrie, Miss Eloise Barnhard, and Miss Deasie Moore of Concord, N. C.

Mr. and Mrs. R. F. Mann will have as their guests over the weekend their parents, Mr. and Mrs. S. E. Ives, Jr., and Mr. and Mrs. W. F. Mann, all of Orlando.

Miss Gladys Souder who has been the guest of Mr. and Mrs. J. O. Laney for the past week, will return tomorrow to her home in Macon, Ga.

Mrs. J. M. Wallace and daughter, Jean, left yesterday for Oakville, Ontario, Canada, after visiting here for several days as the guest of Dr. and Mrs. A. W. Knox.

Professor and Mrs. E. B. Henderson of Cocoa were the overnight guests of Mr. and Mrs. E. M. Carroll on Wednesday. Professor and Mrs. Henderson were enroute to Tampa to attend the Teacher's Convention.

Average Family Spends Third Of Income On Food Usual Working Class Families Save Nothing For Rainy Day

NEW YORK, Mar. 25.—(P)—How does the typical American family spend its money? One dollar out of three, said survey published today, goes for food. One dollar out of 10 goes for clothing. One dollar out of 20—for amusement and recreation. The average American working class or white collar family does not put aside a cent for a rainy day. About 75 cents out of every dollar spent by American families goes for the three great necessities—Food, clothing and shelter. The pamphlet, "How We Spend Our Money," by Maxwell S. Stewart, published by the public affairs committee of New York and based on recent investigations by the bureau of labor statistics and a study of consumer purchases conducted as a WPA project, also said that.

Only 40 cents out of every \$100 goes for educational purposes—about \$5 to \$6 a year. "Most families spend more for movies than for reading. Judging by such information as is available, the typical American family rarely, if ever, purchases books, though members may borrow them either from a public or circulating library. "On the lowest income levels, expenditures for reading average only about \$0 a year, which means that the reading matter is limited to a daily paper and that some families do not even have that."

The investigation showed, said the survey, that most families do not spend what money they have to full advantage. However, a Brookings Institute report estimated that even in 1929, 74 percent of America's families did not have sufficient income to provide "an adequate diet at moderate cost."

The recent studies, Stewart's pamphlet said, indicated that one-third of the families in the northeast and far west, and 40 percent of the white and 60 percent of the negro families in the south were not spending enough money for food to provide an "inexpensive but adequate diet."

"Taken as a whole, the families of wage earners and clerical employees spent every cent of their earnings in 1930. "In some localities, the situation was even worse. New York city families spent an average of \$96 more during the year than they received."

The Smiths (typical Americans) may not have adequate housing facilities, or a fully satisfactory diet but they are almost sure to own a radio. "Four out of five New Yorkers possess radios. Even on the lowest income level, out of every three owned receiving sets. "The ratio of ownership is highest on the Pacific coast. Even on the lowest income level, 85 percent of the families have managed to obtain radio sets."

Man was found to spend almost as much for clothes as women. Most families seem to feel that if their income were about one-third higher than it is at present, they would reach a "satisfactory" living standard.

JACKSONVILLE, Fla., Mar. 25.—(P)—J. A. Browning used to blow himself out pushing a hand blow over his three-acre truck garden. "It was awful tough," he recalls, "I just about worked my soul out to get that. Then I got to thinking about my two goats. "The goats were living an easy, carefree, aimless sort of life. Browning didn't mind that, of course, but it was hard on his back pushing that plow. "He couldn't see anything else to do but harness up the goats and let them pull the plow. "It's easier for me now," he says, "and as for the goats—they don't seem to mind it."

It is still the spoken language of the Hebrides islands, off the coast of Scotland. British Empire's first immigration was conducted in their eyes.

FRISCH LOOKS OVER A PAIR OF 'IF' ARMS

If the throwing arm of Duffy Dean is back in shape, and if Dixey's holds up well this season, too, the St. Louis Cardinals may go places. Here is Frankie Frisch (right), Redbird manager, looking over Duffy's flippers as the club opened spring training at St. Petersburg, Fla.

Hull Proposal Is Approved By Roosevelt

Continues From Page One. committee to facilitate emigration of the refugees, and has urged "speedy co-operation if widespread suffering is to be averted."

Nations invited to participate. In addition to the Latin-American countries, were France, Great Britain, Belgium, The Netherlands, Denmark, Sweden, Norway, Switzerland and Italy. The department announcement said: "This government has become so impressed with the urgency of the problem of political refugees that it has inquired of a number of governments in Europe and in this hemisphere whether they would be willing to cooperate in setting up a special committee for the purpose of facilitating the emigration from Austria, and presumably from Germany, of political refugees."

"Our idea is that whereas such representatives would be designated by the governments concerned, any financing of the emergency emigration referred to would be undertaken by private organization within the respective countries. "It should be understood that no country would be expected or asked to receive a greater number of immigrants than is permitted by its existing legislation. "In making this proposal the government of the United States has emphasized that it in no sense intends to discourage or interfere with such work as is being done on the refugee problem by any existing international agency."

"It has been prompted to make its proposal because of the urgency of the problem with which the world is faced and the necessity of speedy co-operative effort under governmental supervision if widespread human suffering is to be averted."

Veteran foreign affairs experts seized on the announcement as a slap at Germany and its anti-Semitic policy which was extended to Austria last week through Adolf Hitler's bloodless conquest of the little central European republic. Scores of prominent Austrian Jews have been arrested or are under some form of restraint among them Sigmund Freud, philosopher and father of psycho-analysis.

Hull did not elaborate on the statement which has no precedent since passage of the 1931 immigration act.

Room Used In 1168 Found In Arizona

WASHINGTON, Mar. 25.—(P)—Al Wupatki national monument in Arizona recent excavations in prehistoric stone ruins have brought to light a room which geologists estimate was occupied in 1168.

It held seashells from the Gulf of California which are known to have been traded from tribes to tribes over several hundred miles, as well as remnants of squash, shell cornucopia cans, a shell of native cotton, and sandals woven from leaves of the yucca plant.

Chinese banks in Tientsin, North China, are lending money to Japanese industrial projects in their eyes.

GEORGIANS VISIT CUBA

ATLANTA, Mar. 25.—(AP)—Governor Rivers and a large group of other prominent Georgians departed today to join about 200 Riverside Military academy cadets on a good will tour to Cuba.

English War Head Is Most Colorful Cabinet Official

Hore-Belisha, Once A Newspaper Man, Likes Publicity
By Associated Press
LONDON, Mar. 25.—A man to watch as Europe marches and England gropes for a foreign policy is Leslie Hore-Belisha, Britain's Jewish minister for war.

\$15,000 a year as newspaper writer. In 1931 helped form National Liberal party and became parliamentary secretary to the board of trade. Promotion followed fast: 1932, financial secretary to treasury; 1934, minister of transport; 1935, privy councillor; 1937, war minister.
Though he has had several love affairs he has never found a wife. He lives in a luxurious bachelor flat adorned with exquisite statuary, leads a gay life, likes the theater and movies, knows the best restaurants and the reigning entertainers of the moment, eats, simply and drinks champagne.

Sanatorium Desires Public Cooperation

Cooperation of the public with the State Tuberculosis Sanatorium was requested today by W. T. Edwards, chairman of the State Tuberculosis Board and Dr. R. D. Thompson, medical director and superintendent.

Visiting hours at the sanatorium have been set daily from 10:30 to 11:30 A. M., 3:30 to 4:30 and 7:00 to 8:00 P. M.
Visitors are requested to observe these hours and a few simple rules adopted to safeguard patients and protect the public.

"We cannot permit anyone to visit during rest periods. Treatments and other routine are carried out during the hours not specified for visiting. Visitors are welcome and are permitted to wait in the lobby or on the grounds until visiting hours should they arrive ahead of time."

CHAIRMAN MORGAN GOES HOME DEFYING ROOSEVELT

In the face of President Roosevelt's threat to censure him as chairman of the Tennessee Valley Authority, Dr. Arthur E. Morgan appeared in high good humor upon his arrival at his home in Yellow Springs, Ohio, for a visit. He is shown (left) laughingly receiving greetings from students at Antioch College.

Treaties May Bind Soviet Union In Case Of New War

NEW YORK, Mar. 25.—(AP)—Alexander A. Troyanovsky, Russian Ambassador to the United States, asserted last night "it is very likely that the Soviet Union will be involved" should there be a world war "because of treaties with other countries."

"I don't say that peace for the Soviet Union is absolutely secured by our strong army," declared Troyanovsky at Mecca Temple, "but I wish to point out that it is not necessarily the Soviet Union which will be the next to be involved in a world war.
In my personal opinion, it is very likely that the Soviet Union will be involved in the war because of treaties with other countries.
Our defensive treaty of mutual assistance with Czechoslovakia provides that we have to come to the help of Czechoslovakia in the event that she is attacked by any aggressor if France also comes to the assistance of that country. Also, our treaty with France makes it obligatory for us to come to her assistance if she is the subject of unprovoked aggression by a third country."

French Minister Charges Germans With Propaganda

PARIS, Mar. 25.—(AP)—Joseph Paul-Boncour, foreign affairs minister, told the chamber of deputies foreign affairs committee yesterday that Nazi Germany was conducting a large propaganda campaign in Alsace-Lorraine.

He told committee members that despite Hitler's pledge that Alsace have no territorial demands against France, attempts constantly were being made by German agents to turn citizens of the Alsace-Lorraine region, which was German before the World War, against France.
Paul-Boncour said in discussions have been given French police in the recovered provinces to stamp out "Hitlerian intrigues."
Even partial success of Nazi propaganda among the recovered provinces, many of whose 2,000,000 citizens speak only German was seen by deputies as threatening smooth French mobilization on the eastern frontier.
They referred especially to France's Maginot line, built along the German frontier in Alsace-Lorraine.
France last night faced a new cabinet crisis when the hostile senate rejected one of Premier Blum's financial bills, and made it clear it wanted him to resign to make way for a national government.
Strikes grew in the Paris region among metal workers and 6000 chemical workers in factories in the Lille district quit work for an hour and a half as a "warning."
The strikers warned that a national government might be an excuse to put rightists into power.

LANGDON "FLAT BROKE"

LOS ANGELES, Mar. 25.—(AP)—Harry Langdon, once a top ranking film comedian, testified in court yesterday he is "flat broke." His former wife, Mrs. Helen Langdon, contends he is behind \$2920 in alimony under her 1935 divorce decree. Langdon said his earnings since December, 1935, totalled only \$1090.

George Innes is considered the greatest of early American landscape painters.

ASSOCIATED DAILIES MEET

PALM BEACH, Mar. 25.—(AP)—Directors of the Associated Dailies of Florida will hold a session here tonight to open the organization's regular spring meeting. Election of officers will be held at a business meeting Saturday morning. Later Charles Francis Coe, author, will address the gathering.

Groius, a 17th century Dutch jurist, is regarded as the founder of international law.

The imperial crown of India cost about \$300,000.

Text includes: 'Everyone feels lighthearted in certain public buildings. The main reason is modern lighting. Similar results are obtained in well-lighted homes. Flood ordinary rooms with properly diffused, mellow light and they become more cheerful, gay, livable. Discover how low cost modern lighting—with smart I. E. S. lamps—can help your Quest for happier living. See your electrical dealer.' It also includes a small photo of St. Augustine and the text 'To clear Florida of unproductive Spanish militia, General Oglethorpe in 1766 marched his English army against St. Augustine. Capturing the batteries on the island at the harbor mouth, he laid siege. For 35 days his cannon pounded the settlement... unsuccessful, finally Oglethorpe withdrew. His appraisal of Florida, however, led England to trade Cuba for it in 1766. England held Florida for 20 years and before ceding it back to Spain in 1780 developed the state with many fine plantations and farms.'

the very face of the earth in many places. Beaver dams, beaver ponds, are nature's means of flood control and erosion check. In the course of centuries, hundreds of square miles of fertile fields have resulted from beaver work.

Beaver are among the wild life species that are "coming back" under management and careful trapping regulations. The valuable beaver pelt could with proper care again become a real economic asset to the country. The new spirit of conservation and restoration has saved the beaver from extinction in many areas and reestablished by restocking many of the former beaver colonies which had been completely depopulated.

Sanford Is The Only Central Florida City Affording Rail, Highway And Water Transportation

Seminole County Produces More Fruit And Vegetables Than Any Similar Area In America

VOLUME XXIX Member Associated Press SANFORD, FLORIDA, SATURDAY, MARCH 26, 1938 Established In 1908 NUMBER 182

Teachers Vote To Push Plan On Retirement

Florida Educational Association Also Endorses Single Salary Schedule

Urge Stringent Gambling Laws

I. D. Bailey Of DeFuniak Springs Is Elected President

TAMPA, Mar. 26.—(AP)—The Florida Education Association voted today to authorize its legislative committee to push for passage at the next session of the legislature the teacher retirement plan voted by Governor Cane in 1937.

The FEA also endorsed a single salary schedule for elementary and high school teachers, based upon the same qualifications and experience; urged stricter enforcement on gambling laws; and support of the amendment making it mandatory for the legislature to provide sufficient funds for each school year.

I. D. Bailey of DeFuniak Springs was elected president of the association. Dr. Carleton Washburn of Wintetka, Ill., school superintendent and author of the Wintetka plan of instruction, told the association that public schools need "well adjusted, emotionally balanced teachers" allowed to live their own lives like other citizens of the country.

Stocks Tumble To Lowest Average In Last Three Years

NEW YORK, Mar. 26.—(AP)—The heaviest of a series of March selling sales topped stocks 91 to more than 75 a share yesterday to the lowest average price in three years.

At the close of the worst day the market had experienced since last November, little remained of the many billions of dollars added to quoted values on the two-year upswing running from March, 1935, into March last year.

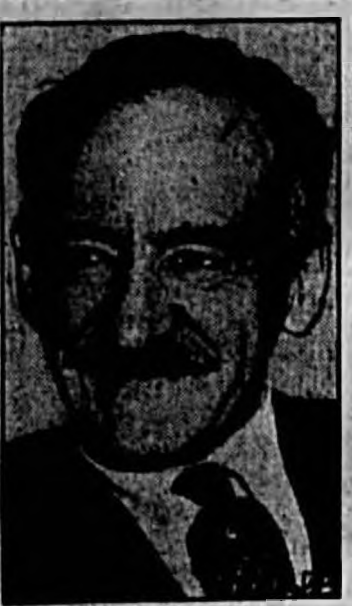

When previous support levels cracked under the surge of offerings, many margin traders who had survived the autumn decline or had entered the market meanwhile, found themselves in difficulty. Brokers reported margin accounts as being in the red in the industrial groups were bowled over for sharp losses.

Group Organized To Wage War On Cancer

Mr. W. L. Decker, of Sanford, is to be leader in Seminole County of an organization to save thousands of lives from cancer which will begin this week.

Apr. 1 has been set as the date when scores of Florida women, under the direction of State Commissioner Mrs. J. R. Ralston White, begin a fight to make the state cancer-free. They hope to enroll at least 5000 women to be the nuclei of a permanent Women's Field Army whose members will be to keep before the public the importance of early diagnosis and treatment in the cure of cancer.

French Pretender Awaits Call To Throne

Louis Philippe de Bourbon (above), who claims descent from the lost dauphin, ill-fated son of Louis XVI and Marie Antoinette of France, held modest court in New Orleans, La., recently, and said he was awaiting the call of royalists for him to ascend the French throne. He lives in a small apartment in the French residential section of New Orleans.

Watson Releases Roster For State League Ball Club

First Practice Will Begin Tomorrow; Manager Not Here

Pony Henry Watson of the local Baseball Association today announced a roster of 31 players that have been signed to tryout for posts for the Sanford team during the coming baseball season.

In announcing the roster, Mr. Watson stated that the lights, gas and water facilities for the clubhouse will be installed today and that practice of all members of the roster in the city at present will be launched at the ball park tomorrow.

Manager Lay, who will hold down an infield position on the team has not returned to Sanford from his itinerary in quest of material. Mr. Watson said and added that the full roster of players and the manager will probably not arrive before Apr. 1, when practice sessions will get under way in earnest.

The Sanford representative in the league will open the season at the local park on Sunday afternoon Apr. 17 against the DeLand outfit and baseball officials indicate that everything will be in readiness at the opening call of the umpire.

Mr. Watson reported that the following players had been signed: Pitchers: Rook, Spartanburg, S. C.; Hany, Chattanooga, Tenn.; Ward, Newberry, S. C.; Hunsucker, Dalton, Ga.; Carter, Jackson, Miss.; Fisher, Bryan, Ohio; Felton, Philadelphia, Pa.; Lester, Jersey City, New Jersey; Moss, Hill City, Ga.; Cristfield, Bechtel, N. Y.

Catchers: Young, Sumler, Ga.; Parker, Tampa; Phillips, San Francisco, Cal. Infielders: Lacy, Cleveland, Tenn.; Kirby, Spartanburg, S. C.; Noma, Greenville, S. C.; Lacy, Spartanburg, S. C.; Addy, Columbia, S. C.; Ruggels, Niagara Falls, N. Y.; Wells, Jacksonville, Georgia; Birmingham, Michigan; Minting, Birmingham, Mich.

Outfielders: McDaniel, Jackson, Miss.; Murray, Baltimore, Md.; Hill, Jackson, Miss.; Holton, Dalton, Ga.; Mihalic, Chattanooga, Tenn.; Clark, Nashville, Tenn.; Baker, Atlanta, Ga.; Kano, Brooklyn, N. Y.

Sixteen Persons Die In Norwegian Storm

TROMSØ, Norway, Mar. 26.—(AP)—Sixteen persons are known to be dead and many others are missing after a gale off North Norway took several fishing boats. A Norwegian Government fishery protection vessel rescued 21 men from the galeing ship which had drifted in an ice pack five days after leaving a port Monday in the north.

Celery Group Votes To Ship 396 Car Quota

Committee Requests Commodities Corporation To Buy 75 Cars Of Crop

Members of the Celery Control Committee at their weekly meeting in Lakeland yesterday recommended to the Secretary of Agriculture shipment of 396 cars of celery to terminal markets during the coming week, J. C. Lettice, secretary-treasurer of the committee, announced today.

The committee also passed a resolution requesting the Surplus Commodities Corporation to purchase 75 cars of the commodity during the ensuing week at \$1.00 per crate. The S. C. C. this week allotted for purchase, 100 cars at 90 cents per crate and the Control Committee agreed that a higher price per crate should be paid even though there was a reduction in the number of cars purchased.

The shipping allotment which was almost unanimously agreed upon by members of the committee, represented approximately half of the amount of celery estimated as available for shipment during the week, but was decided upon as all the market could absorb without disastrous effects.

California shipments, according to reports, will continue at 125 cars for another week. It was pointed out, however, that the coming week will probably end celery shipments from that producing area.

At the meeting in Hotel Thelma the prevalent feeling seemed to be that although the market has not yet had time to react to the drastic curtailment of celery shipments during the past week a favorable trend will be expected during the earlier part of the coming week.

Track holdings at principal markets have shown a reduction during the latter part of the week and a further clean-up is expected as the effects of the three-day shipping holiday is felt during the earlier part of next week.

No definite arrangements were made for sending Lovin Raoul to California to contact celery shippers in that area in an effort to promote co-operation in the shipping curtailment which have been enforced upon the industry in this state through the Marketing Agreement.

G. O. Hyde, attorney for the Department of Agriculture, was present at the meeting and explained to the committee members the enforcement of provisions of the act. Mr. Hyde, it was reported, is in Florida investigating two violations of the agreement which have been reported to the Secretary of Agriculture.

Sea Scouts Plan To Conduct Canoe Races

Plans for canoe races on the lake had the building of the Sea Scout second shell boat was discussed at the weekly meeting of the club in their headquarters on the lake shore Thursday night, officials reported today.

During the meeting Skipper Rector Viblen appointed Clifford Bell to the rank of first mate. Bell was formerly skipper of the ship but due to business connections was forced to resign his post and last night was welcomed again into the organization.

The Society also announced that they hoped to have a large number of sail boats on the lake within a short time and reported that plans for a winter regatta were being made.

Those attending the meeting were: Skipper Viblen, Mace Clifford Bell and Walter Ward; William Grogan, Hugh Lecher, Joe Criswell, Henry Jamison and Robert King. Non-members attending the meeting were: Valde Williams, Jacob Richter, and Bill White.

SCORE INJURED AS FISTS FLY IN ANTI-NAZI RIOT

More than a score of persons were injured in a "free-for-all" riot in Philadelphia, Penn., which resulted when an anti-Nazi crowd stormed what police described as a German-American bond meeting, which, it is said, was attended by Wilhelm Kunze, national bund leader. This Philadelphia Inquirer copyright photo shows band members, in uniform, beating off the invaders.

"Andy" Carraway Elected To Head Local Elks Club

Young Sanford Business Man Is Named As Exalted Ruler

Andrew Carraway, prominent Sanford business man, was elected Exalted Ruler of the local Elks Lodge for the coming year at the election of officers held in conjunction with the Elks' regular meeting in the Lodge Hall last night, retiring secretary, Rev. J. J. Kelleghan, announced today.

Others named to office in the election were: John Zeremon, Esteemed Leading Knight; John J. Kelleghan, Esteemed Knight; Charles A. Strickland, Also, N. Lungre, Secretary; W. J. Toll, treasurer; Edward B. Houck, clerk; and H. H. Coleman, W. R. Dupree, and H. J. Lehman, as trustees.

The retiring Exalted Ruler George Thurston was named as alternate representative to the Grand Lodge convention.

The newly elected officials will be installed at a meeting in the Lodge Hall on Apr. 8. Officials of the New Smyrna Lodge will be in charge of the installation ceremonies.

Mate Is Acquired For Baboon In Zoo

At last a mate has been acquired for "Jerry" Hamadryas Baboon who has whiled away five lonely years as a bachelor at the Municipal Zoo.

Mrs. "Jerry" arrived at the Zoo from European headquarters of Louis Rube, Inc. of New York City, dealers in animals, and was the finale for the extensive efforts of the Seminole County Chamber of Commerce which for the past several years has tried in vain to secure a mate for the rare animal which is found only in the rocky reaches of Africa.

"Jerry" seems well pleased with his new companion and officials in charge of the Zoo state that he has a much better disposition, having lost his temper and nervousness since her arrival.

The name of this baboon was derived from the Greek mythological wool nymph "hamadryad", although curiously enough the animal bears no resemblance to the nymph.

The Hamadryas Baboons have been worshipped by all the inhabitants of the inner African Steppes, and examples of such worship are found even today in the harems of the Abyssinian natives, who part their hair in imitation of the manner in which it grows on the head of these Baboons.

FLORIDA WINE PROVIDENCE, R. I., Mar. 26.—(AP)—University of Florida, University of Wisconsin and Cornell University were announced as the winners of the three intercollegiate hitting tournaments by Nolan R. Jones of Brown yesterday.

Cone Will Allow Courts To Decide Legality In Case

Will Take No Action On Britton's Resignation From Board

TALLAHASSEE, Mar. 26.—(AP)—Governor Cone said yesterday he would let the courts decide legality of the appointments of Chairman Wendell C. Heaton and C. A. Britton to the state industrial commission.

He will take no action on the resignation of Britton, he said, until the courts rule on an ouster suit recently filed against the two members.

Britton submitted his resignation soon after the suit was started and Heaton predicted this would cause the supreme court action to be withdrawn. Cone's decision to withhold action on the resignation leaves the case in the courts.

The governor said he appointed E. T. Lay of Jacksonville as the representative of industry.

"I said nothing about who Heaton represented," he added. "Since the supreme court case has been started," he said, "I don't know any thing to do except let the court decide it. I have no feeling in the matter, and I will not take sides. I will comply with whatever order the court makes."

Heaton was appointed chairman of the industrial commission in 1935 by Dave Shotts while he was governor. He was reappointed by Cone as chairman after the 1937 legislature amended and broadened the commission law. Heaton is the only major appointee of Shotts to be reappointed by Cone.

Heaton is president of the Florida Federation of Labor, and Britton is vice president. The supreme court action charged they both represented labor, while the industrial commission law provided for one member to represent labor, one to represent employers and one to be neutral.

The supreme court directed Heaton and Britton to answer the ouster suit by March 31, and Heaton said they would do so.

Captains Appointed For Army Fund Drive

Fifteen Captains for the Battalion Army's annual fund drive were appointed in a meeting of Majors called by Col. G. D. Workman yesterday. Capt. R. W. Hogg announced today.

The Captains who will aid in the drive with the three Majors are: Major C. M. Adams; Captain John Irey, John Galloway, James Rowland, F. D. Scott, and Maxwell Stewart, Major H. H. Coleman, Captain Roy Holler, L. R. Lecher, H. B. Pope, B. V. Turner, Clyde A. Parker, Major B. J. Hiss; Captains Arthur Brunson, Harry Woodruff, Henry Russell, E. B. Randall Jr., T. E. Simpson.

The General Chairman, Fred R. Wilson, has called a meeting of the Advance Gifts Committee Monday afternoon at 5:00 o'clock in the Campaign Headquarters.

City News Briefs

A. P. Spencer, vice-director of the Florida Agricultural Extension Service, visited County Agent C. R. Dawson at his office today.

A motorcycle wall crash will be staged on the lake front tomorrow afternoon for the benefit of local thrill-seekers, the City Brier was advised today.

C. A. Wales yesterday registered with Clerk O. P. Herndon as a candidate for Democratic Committee member from precinct No. 14 subject to the May primaries.

Fire Chief Mack Cleveland will leave this afternoon for Ocala where he will attend a meeting of the executives of the State Firemen's Association tomorrow.

Violations of City Ordinances will be tried before Judge Frank L. Miller in a session of the Municipal Court at the Police Station Monday afternoon at 4:00 o'clock.

The semi-monthly meeting of the City Commission will be held in the City Hall Monday night at 7:30 o'clock. City Clerk Frank H. Lamson reported today.

E. M. Davis, curator of the Rollins College Museum, will be the guest speaker at the luncheon of the Rotary Club Monday at 12:15 o'clock. O. E. Rollins, program chairman, announced today.

ACL Pays \$13,513.79 For 1937 City Taxes

Officials of the division of the Atlantic Coast Line Railroad yesterday paid City Clerk Frank R. Lamson \$13,513.79 in 1937 taxes. Mr. Lamson reported today.

Payment of the large tax total authorized by Col. W. E. Kay, general solicitor for the railway's interests, and was made in the City Clerk by LeRoy Giles, division counsel, and G. E. Hollins, Division superintendent.

The assessed valuation of rail property in this City is \$460,459.54. Mr. Lamson reported and added that amount was apportioned to the debt service and the general fund.

Texan Is Arrested For Dallas Jewelry Theft

DALLAS, Mar. 26.—(AP)—Federal agents today arrested a Dallas school man in connection with a Florida jewelry theft. The Dallas News said agents recovered \$10,000 in stolen jewels, and the case was connected with the slaying of a man in Florida Wednesday.

Insurgents Roll On Towards Coast In Relentless Drive

Press Agents Get Terse Warning By Nazis In Austria

American Correspondent Ordered To Leave By Monday

VIENNA, Mar. 26.—(AP)—Nazi rulers of Austria last night warned all foreign newspaper correspondents that they would be expelled from the country if their dispatches displeased German authorities.

As proof that they meant business, George Gedy, veteran correspondent of the New York Times and the London Telegraph and Morning Post, was ordered to leave Austria before Monday night.

The Government press department summoned foreign correspondents and admonished them regarding "atrocity" stories. Foreign correspondents were told they generally had proved to be objective in their dispatches, but that "there have been exceptions."

In a dispatch to the Times last Sunday, Gedy said the first expulsion order apparently was based on his reporting of an incident in which several foreign fliers were retained in the chancellor by a German officer with drawn pistol. The correspondents had gone to the press department for passage to hear Adolf Hitler's speech in Vienna. As they were about to leave they were driven back by a German officer under a threat to shoot.

Later they were released, but they missed Hitler's speech.

FDR Asks Power To Make Public Loans For RFC

WASHINGTON, Mar. 26.—(AP)—President Roosevelt, Senator Glass (D-Va.) said today, has requested that Congress give the Reconstruction Finance Corporation authority to make self-liquidating loans to public bodies but the authority was rescinded by Congress when the PWA was established.

He asked also that the agency be granted additional latitude in financing business and industry. The Emergency Relief Act of 1932 authorized the REC to make self-liquidating loans to public bodies but the authority was rescinded by Congress when the PWA was established.

Since the PWA was no longer empowered to make loans, the RFC proposed to resume them.

Increased Interest Is Shown At Revival

Declaring that there had been an increase in attendance each night since the beginning of the revival services at the First Baptist Church here, Rev. W. P. Brooks pastor of the Church, announced today that the services will continue through next Wednesday night under the direction of Dr. Griffin of Winter Haven.

Rev. Brooks also stated that there will be no services on Saturday night but that services will be held as usual over Sunday with the visiting evangelist preaching at both the morning and evening services.

The local pastor also extended a cordial invitation to the public to attend these services.

Police Investigate Action Of Slain Man

WEST PALM BEACH, Mar. 26.—(AP)—Officers continued investigation today into the activities of a man identified as Charles Edward Davis, fatally shot at Boca Raton, Wednesday by a policeman who said Davis was trying to break into a residence.

Officers said they were trying to connect Davis with a series of robberies in south Florida, among them theft at the Palm Beach home of Philip E. Hill, British financier, Feb. 6.

French Workers Demonstrate In Protest Against Non-Intervention In Conflict

Laboring Classes Plan Mass Meet

Chamberlain Studies Labor Opposition To His Foreign Policy

Insurgent forces, welded into a front 125 miles wide, today rolled over northeastern Spain—a juggernaut aimed to crush the Barcelona government—while French workers massed to protest the "diabolical" pronouncement of the tragic-comedy of non-intervention in Spain.

It seemed the last days of the Spanish Republican regime were being checked off by strafing and bombing planes and artillery, tank and infantry assaults. Ahead of the northern wing of Generalissimo Franco's wall of men and steel lay rich in Catalonia and Barcelona while between the southern wing and the government seaboard lay a neck of land only 40 miles wide.

The French General Confederation of Labor ordered its Paris membership out for a monster demonstration not only to press for an end to French non-intervention in Spain but to protest against Senegal opposition to Premier Blum and above all the policy of non-intervention and resistance of employers to collective contracts.

In Britain Premier Chamberlain retorted for the week end for study of related problems presented by labor opposition to his "sift tight" foreign policy and the necessity of gaining labor cooperation to speed rearmament.

Rebels, however, and other Nazi leaders were humbling through Greater Germany in a campaign for "ja" votes in the Apr. 10 plebiscite on the Austrian coup.

China's defenders reported victories in several sectors after months of almost uninterrupted defeat.

ROME, Mar. 26.—(AP)—Pasciati Italy last night challenged her neighbors to prove that Premier Benito Mussolini has sent a sign.

Czech Nazi Leader Asks Government For New Elections

PRAGUE, Czechoslovakia, Mar. 26.—(AP)—Kondrat Henlein, Nazi leader in Czechoslovakia, last night called on the government for new elections to end a system under which he said his followers were "denied their rights."

He coupled his demand with an assertion that he controlled 1,000,000 votes and 81 seats in the National Chamber of Deputies. This would give his party by far the largest vote in parliament.

The government, through a coalition of Czechs and Slovaks, is supported by 163 of the 300 members in the chamber. The largest government party is the Czech Agrarian party with 68 seats. The recent adherence of two minor German parties to Henlein gave him definite control of 68 seats.

Speaking before a meeting of his adherents, Henlein demanded an end to the existing system under which he said "minority problems are evaded." (There are 3,500,000 Germans among the republic's population of 15,000,000.)

Prior to Henlein's demands, German social democrats withdrew their cabinet member, Dr. Ludwig Czech, minister of health, from the coalition government.

The Germans assured President Edward Benes that although they left the coalition, they would by no means join the government opposition.

LOCAL WEATHER Fair tonight and Sunday.
