

# Wife Afraid Of Injury, Hot Rod Racer Kills Her

SPRUCH, Mass. (UPI) — A leather-jacketed hot rod racer allegedly confessed today that he killed his wife because she feared he would injure himself in a race.

Police said George H. Frost, 19, admitted slaying his wife, Alice, 28, burying her and then telling authorities she had "disappeared." Frost led police to the well-hidden grave.

Police Capt. Frank Stackpole said the hammer slaying climaxed an argument over whether Frost could drive a friend's hot rod car in a race next Saturday.

"Mrs. Frost was afraid her husband might get hurt while racing the car, police said.

Frost, charged with murder in Spruch district court, said he was "sorry," police said. The couple had two children, Roger, 2, and

The children of the Beginner's Department of the First Baptist Church were entertained with a end-of-the-year party at the home of Mrs. Charlie Dishman, head of the Department, recently. Assisting Mrs. Dishman was Miss Yvonne King.

Games were enjoyed by the young group and favors distributed, after which delicious refreshments were served by Mrs. Dishman and Miss King.

Attending were: Lance Muse, Ben Wheeler, Tommy Malcom, Charles Adlin, Janet Alexander, Angela Ray, Ronnie Metcalf, Kaye Usery, Carol Wheaton and Marsha Radgale.

The Intermediate GA's of the First Baptist Church of Oviedo met Monday evening at the home of Mrs. J. Y. Harris. Miss Linda Harris was hostess for the occasion. Mrs. Bob Radgale and Mrs. Bob Ward were in charge of the meeting. Following the business, Mary Ann Clayton gave the Study Book Course.

Delicious refreshments were served by Miss Harris, assisted by Miss Julie Gore.

Those present included Miss Julie Gore, Miss Suzanne Partin, Miss Nancy Eiler, Miss Linda Harris, Miss Beatty Fleming, Miss Martina Mathers, Miss Julie Fleming, Miss Gladys Alford, Miss Carol Alford, Miss Ann Lundy, Miss Mary Ann Clayton, and Miss Rita and Nandra Chambers.

Those who attended the Cottage Prayer Meeting held at the home of Mrs. W. R. Beecher on Monday night, arrived to find the house without electric lights. Sally met us at the door with a lamp to light our way.

As we were seated in the spacious living room, we could not help but think back to childhood days, and visits to the country—when lamp light was all they had. We thought of the miracle of progress—the advantage we all enjoy from our electrical appliances. Then we tried to visualize the future generation with atomic power instead of electric.

We thought of how much we really had to pray for—and that was the occasion—Cottage Prayer Meeting.

Miss Lois Ruddle, program chairman of the circle, presided. Mrs. T. H. Daniel, WPU president, added a few words to those of Miss Ruddle.

Despite bad weather, a good many gathered for the occasion. Those included Mrs. T. H. Daniel, Miss Lois Ruddle, Mrs. L. A. Hardy, chairman of the Mary Lawton Circle; Mrs. J. G. Beasley; Mrs. H. R. Spencer; Mrs. A. D. Metcalf; Mrs. D. W. Willis; Mrs. Charlie Dishman; Mrs. J. B. Jones, Jr.; Miss Lois Ruddle; Mrs. Alex Leinhardt.

# Smathers Called 'Contact' In Probe

WASHINGTON (UPI) — House

investigators held charges yesterday that Sen. George Smathers (D-Fla.) and democratic mayor David Lawrence of Pittsburgh made behind the scenes contacts with Federal Communications Commission members in a TV channel award case.

Investigators also named George C. McConaughy as the former FCC chairman, previously unidentified, who was said in testimony Tuesday to have received and solicited bribe offers for his vote in the Pittsburgh Channel 4 case.

The three men were mentioned in testimony before the House subcommittee investigating subcommittee. The subcommittee originally had withheld the name of all three.

# Dade Negro Leaders Say Integration Plan Okay

MIAMI (UPI) — Negro leaders

today pledged their "entire cooperation" to a proposal by State Rep. John D. Orr Jr., calling for a blue ribbon legislature of local high school students to draw up a plan for gradual desegregation of public schools.

The Negroes, headed by the Rev. Theodore Gibson, also promised to halt all legal action by parents trying to get their children admitted to white schools—if the plan is accepted by the Dade County School Board.

Orr, currently engaged in a sharp political fight for reelection over his stand for integration, suggested the plan for Dade County but added that he hoped it would offer the whole South a solution to the problem.

Gibson said the parents would be advised to withdraw all legal maneuvers on behalf of the Negro students seeking admission to white schools in the county.

He said "We look to Mr. Orr's proposal with confidence and as a possible solution to the problem facing" the nation.

Pointing to squabbling over school integration in Little Rock, Ark., and Virginia, he said "we cannot afford any interruption of our educational process."

He told newsmen and several civil leaders attending a luncheon that the closing of public schools and "patchwork education," such as has been carried out in Virginia and at Little Rock, Ark., "can happen here, and soon" unless some new alternative is offered.

Orr said the plan drawn up by him and a committee of citizens would "provide at least one year's delay" in the desegregation of Dade County schools.

The legislator outlines 10 steps in the program.

First, the county school board would accept the idea then appoint an adult advisory committee of seven men and seven women based on the county's school districts. The committee would include some Negro members.

Secondly, community Negro leaders would have all law suits and applications for the admission of Negro pupils to white schools withdrawn.

The adult committee would set up the agenda, rules and procedure for the student legislature.

The fourth step would be election of an 80-member student legislature by high school students one representative for each 600, or major fraction, students in each of the county's 17 high schools.

Orr said this would result in 65 white pupils and 15 Negro pupils. The student candidates, Orr said, should be in the upper third of their class scholastically, certified to be of high character by religious or civic leaders and have the written approval of their parents.

The legislature would then draw up a plan for gradual desegregation of the county's public schools and submit it to the school board for adoption and modification by next June.

Orr said he felt that no state laws could legally block implementation of the students' plan for desegregation. He reported that student leaders in six high schools—four white and two Negro—already had endorsed the proposal.

Gov. LeRoy Collins, attending the Southern Governors' Conference in Lexington, Ky., was not available for comment.

# Henry Grunewald, 'Dutchman,' Dies

WASHINGTON (UPI) — Henry

W. (The Dutchman) Grunewald, one-time influence peddler and "mystery man," died here early today after suffering a severe stroke. He was 65 years old.

Grunewald was stricken in his apartment Monday and taken to Georgetown University Hospital. He never regained consciousness.

At the time of his death, he was awaiting trial on charges of conspiring to fix income tax suits. He was convicted of the charge in 1955 but the Supreme Court set the conviction aside last year on grounds that the judge had instructed the jury improperly.

A second trial last July ended with a hung jury and a third trial was scheduled for next month.

Grunewald, sometimes called "The Silent Dutchman," figured prominently in House investigations of tax scandals in 1951-52.

He once boasted that he had many friends in both parties in high places in the nation's capital, where he had lived off and on since the 1920s. His career at one time or another included jobs with such varied organizations as the Justice Department and the Republican National Committee.

# Armless Judge Quits; Enters Hospital

DADE CITY (UPI)—Judge A. J.

Haywood Jr., the armless jurist of Pasco County, has resigned and been committed at his own request to a state mental hospital, it was disclosed late Wednesday.

Judge Haywood, who was born without arms, tendered his resignation Tuesday and was sent to the state mental hospital at Chattahoochee following a commitment hearing in Tampa before Hillsborough County Judge W. C. Brooker. The resignation is effective Oct. 1.

A physician said the 38-year-old judge "has been ill for some time."

He said Haywood "needs hospitalization for a number of months and he realizes it." The doctor added that the judge "has a good bit of insight and his chances of recovery are very good."

Haywood submitted a resignation in October, 1956, and entered a Miami hospital. But the following month he withdrew it and resumed his duties.

Haywood is a graduate of Boston University and the University of Florida Law School. He was elected county judge in 1950. In 1952 he was cited as the most outstanding handicapped man in the United States by the National Society for Crippled Children and Adults, Inc. The Florida State Junior Chamber of Commerce named him one of the state's outstanding young men of 1954.

Haywood was unable to obtain artificial limbs because he is without even stumps of arms. But he makes up for his handicap by letting his feet do most of the work. He shaves and writes with his feet, except while in office, where he writes by holding a pen in his teeth.

# Walking Healthy

STAMFORD, Conn.—(UPI)—

Postal officials in Stamford have proof that a brisk walk every day keeps a man healthy.

Postman Edward O'Connor, 60, retired after having walked an estimated 120,000 miles over his route in almost 50 years. He left with a year and a half of unused sick leave to his credit.

Vanguard Tries To Orbit Moon

Odds Against It; Success Unknown

CAPE CANAVERAL, Fla. (UPI)—The Navy's seventh Vanguard rocket blasted high into the skies smoothly today, but whether it put a new weather-eye satellite into orbit remained in question. Two and a half hours after the firing at 10:38 a. m., a spokesman in Washington said, "We have nothing to report. You can put your own interpretation on that."

Negroes To Appeal Schools' Transfer Decision Of Judge

By BRUCE MILLER, United Press International. LITTLE ROCK, Ark. (UPI)—The National Association For The Advancement of Colored People was expected today to appeal a federal judge's rejection of its request to forbid the Little Rock School Board from leaving the city's four closed high schools as private segregated institutions. U. S. District Judge John E. Miller's decision Thursday apparently left the door open for opening of the schools, perhaps by Monday, under Gov. Orval E. Faubus' plan for sidestepping the Supreme Court's immediate integration order.

Four to One Odds

Navy men here were jubilant at the successful launching, but reminded that the odds on an orbit were about one chance in four. The Navy said that if the satellite is into orbit, there will be no attempt to extract information from it during the first 24 hours it whirls around the earth. This delay was to allow time for scientists to establish basic facts about the moon's orbit. But it meant the satellite would not be of any immediate value in tracking hurricanes Helene and Ilsa in the Atlantic.

Last One Failed

The Vanguard was launched exactly three months after the last attempt to orbit a 20-inch spherical satellite ended in failure 30 miles above the earth, because the second stage did not burn long enough. Navy missile men were disappointed again Sept. 16 when the rocket's first stage engine was off seconds after the command reached zero. But that Vanguard was undamaged and fired to its today.

One Change Made For Tuesday Vote

Mrs. Camilla Bruce, supervisor of Seminole County registration has announced polling places for the election Tuesday. One polling place has been changed. Three Ships Crack Quemoy Blockade; Fire 'Murderous'

TAIPEI (UPI)—Three Nationalist Chinese ships cracked the Communist blockade today and unloaded sorely-needed supplies despite a murderous artillery bombardment. The Air Force claimed its second aerial victory of the week. The Nationalist convoy was the first to reach Quemoy since Monday. Three LSTs lowered landing barges a mile offshore while 100 or more MIGs swarmed overhead and did not attack. Eighteen landing barges crawled down the LST bow ramps and moved gingerly to shore through heavy artillery bursts from Red guns that have raged in on the yellow sands of Liau Lu beach. It was one of the biggest landing operations, but the supplies were only a fraction of those needed on Quemoy.

Accidents, Pranks Keep Firemen, Police Active

Sirens screamed through Sanford yesterday afternoon when a rash of false alarms and accidents kept fire and law enforcement departments hopping for several hours, utilizing all of their equipment. At 4 p. m., 4-year-old Billy Dunn, son of Mr. and Mrs. Frank Dunn, 128 E. Woodland Dr., ran in front of a car driven by Charles Lowman Messer. The Dunn child was taken to Seminoles Memorial Hospital and later transferred to Orange Memorial with a possible skull fracture and abrasions. The accident occurred in front of the Dunn home. Sheriff's deputies investigated. Lloyd Edwards and Steve Mack of Orlando were arrested yesterday afternoon by Orange County sheriff's deputies working with deputy Vern Brewster of Seminole County. The men confessed to entering Owen's Garage, on Highway 192. They were found with tools, automobile parts, tires, wheels and other automotive equipment; charged with breaking and entering and grand larceny; officers said. On his way back to Sanford, Brewster made an emergency run to the Orlando Blood Bank for the Seminoles Memorial Hospital. Another accident around 3 p. m. caused injuries to two teenage boys, Jerry Smith, 15, and Tommy Freeman, 16, collided with an automobile on French Ave. Smith received minor injuries, while Freeman was taken to the Seminoles Memorial Hospital with a compound fracture of the leg. Capt. Arnold Williams and Sgt. Ben Butler, Sanford police officers, investigated. The second day of false alarms came yesterday when the Sanford Fire Department received three calls, two from a woman and one from a youngster. An engine was rushed to the Naval Air Station, where the caller frantically claimed that a plane had crashed into one of the barracks. Local firemen have an agreement with the Air Station on emergencies. While the truck was on its way another call was received, announcing a fire at Woodland Drive. Another truck was sent to the Pinecrest area. Immediately following this alarm, School Supervisor Stewart Gatchel reported to the fire department that a child had called the Pinecrest School, saying that a bomb had been placed in the teacher's lounge. Deputy sheriff's joined firemen in an investigation at the school. Principal Margaret Reynolds had dismissed the authenticity of the calls, since the lounge had been in use all day. The children were not removed from classrooms. Assistant Fire Chief B. F. Thomas told reporters this morning, "Every time we make a run there is always the possibility of injuries. We try to get there as fast as possible. Someone is costing the city money and endangering many lives."

Lee L. Mack Dies In Daytona Beach

Lee Elmore Mack, 38, former Sanford resident, died in Hall County Hospital, Daytona Beach Sept. 23, after a long illness. He was a police detective sergeant with the Daytona Beach Police Department. He joined the force in 1946. Mack received numerous commendations for police work. He was a member of the Florida Peace Officer's Association, Veterans of Foreign Wars and the Marine Corps League. He is survived by his wife, Edith, and an adopted son and daughter. Other survivors include his mother and a brother, T. Mark Mack, of Casselberry, a trooper with the Florida Highway Patrol.

War Or Peace, Dulles Says, Is Up To Reds

NEW YORK (UPI)—Secretary of State John Foster Dulles put the question of war or peace in the Far East squarely up to the Communists Thursday night. The United States, he said, is ready to negotiate a settlement with Communist China in the Formosa Strait. At the same time, he warned U. S. forces may be used more actively if the Communists step up their attacks on Quemoy and other offshore islands. "Although the United States is not prepared to retreat in the face of armed force, our position is otherwise flexible," Dulles said in a speech before the Far East American Council of Commerce and Industry. The council is a non-profit association of business men dealing with Asia.

Prisoner Escaped, Argument Useless

A Hillsborough County criminal court judge has charged that Tampa police department is holding a prisoner that Tampa police want to try. But, Police Chief Roy Williams says it isn't so. In the first place, Chief Williams said, Sanford isn't holding Elton R. Williams, the prisoner in question. Williams escaped Sept. 16 while working with other city prisoners at the Sanford Civic Center. In the second place, Williams said that "no one from Tampa has been in touch with us about Williams, even before he escaped." Williams was arrested in Sanford on charges of drunkenness and resisting an officer on Aug. 22. When he left, without permission, of course, he left behind his prison clothing. After Sanford Police found the clothing at the Civic Center, they assumed that an automobile had picked Williams up. There was another explanation about the clothing, but it is somewhat far-fetched to assume that Williams left in the nude to avoid attracting attention by wearing prison clothing. According to a Tampa Times article, Judge L. A. Grayson was quoted as saying that Sanford was holding Elton Williams on a misdemeanor when Tampa wanted him on a morals charge. The judge was quoted further as saying that Sanford officials had "refused to release Williams temporarily for us to try him on the morals charge."

New Church Plans Second Service

The United Lutheran Church opened its doors for the first time last Sunday, and then the doors were those of the Shrine Club. But response was immediate and "hailings" officials said. More than 100 attended the services. Music was furnished by a choir from Orlando. The young pastor, Rev. Ernest Jolick, gave sermons entitled "Stick to Your Guns" and "Sir, We Would See Jesus." Miss Frieda Arpen of Jacksonville, a 70-year-old Lutheran, boarded the bus in that city Saturday morning to be in Sanford for the first service. Miss Arpen made the fair linen for the altar. She is the aunt of a member, Mrs. Jeff Willmon. When she heard the congregation singing "A Mighty Fortress is Our God," Mrs. Victor O. Wehle a guest at the Mayfair Motel, hurried over for the last of the service. The Wehles are from St. Petersburg and were in town for the Elk's Convention. Judge Wehle is on the executive board of the Lutheran Church in America.

Imagination Helped Sally Create Dramatic Plight

ATLANTA (UPI)—Imagination and a dramatic flair helped ease the heartbreak of Sally, 10, the day her mother went to the hospital and her father disappeared, leaving six children alone. When policeman J. J. Morris was called to the three-room apartment by a neighbor—that same day—found Sally dusting and her lively mind composing romantic adventures of lost children. Somehow, Sally's imagined adventures of a brown-haired heroine just like herself ended up as the Welfare Department's official record of the case. Officer Morris found the children, and the room, clean. But there was no food. For three weeks, Sally said, she had washed and ironed and dusted after school every day. Neighbors brought over food, she added. She and a smaller brother hadn't dared miss a day in school,

Helene Roars Toward Carolina Coast

CHARLESTON, S.C. (UPI)—Hurricane Helene, a massive tropical storm with winds of 100 miles an hour, roared today in the direction of the South Carolina coast, which was put under "emergency" evacuation warning. Another tropical hailer, far to the south, was kicking up winds of 113 miles an hour. Helene was expected to slam ashore in the vicinity of Charleston, charged with ships and craft of all descriptions, about midnight. Coastal residents between Beaufort, S.C., and Cape Fear, N.C., were urged to flee immediately to escape being cut off by advancing tides. Hurricane Ilsa was far to the south but its winds were up to 115 miles an hour compared to 100 for Helene. "Safety precautions (for Helene) should be started immediately and completed by sunset," the weather bureau warned. Advance Floods Dangerous winds and high tides are expected to sweep an area from Beaufort, S. C., to Wilmington, N. C., starting this afternoon. "Storm tides and high seas will flood coastal lands, particularly from Charleston to Cape Fear to a height of four to six feet above levels reached by normal tides for this date," the weather bureau said. "In some local areas tides may be even higher. "Destructive winds and dangerous high tides should begin to be expected at the latest by 10 p.m." The hurricane's maximum intensity was expected about midnight, near Charleston, a big shipping center. Persons living in the warning area were urged to "evacuate immediately before rising water cuts off escape." "This is an emergency warning repeat emergency warning," the weather bureau said. Safety Preparations Southeastern Red Cross headquarters rushed 10 disaster and field staff workers into strategic Georgia and South Carolina points. Evacuation centers will be set up along the coast. They are ready to go into South Carolina on a moment's notice if the storm direction shifts.

Collins Considers Ousting Assessors If Taxes Too Low

TALLAHASSEE (UPI)—Gov. LeRoy Collins today considered suspending Florida tax assessors in counties where the State Railroad assessment Board found real estate valued for tax purposes at less than half the actual value. Collins refused to say Thursday what his plans are in the matter. But he promised an answer to the question at next Thursday's news conference. The Railroad Board reported Tuesday that only Palm Beach county is assessing real estate at its full cash value, and 52 of the 67 counties are assessing at less than 50 per cent of value. Collins last year called for tax assessors to make an honest effort to appraise real estate at a figure in excess of the full value are required by law.

LeRoy To Succeed Crittenden Here

Harold C. LeRoy of Jacksonville has been appointed Sanford plant manager for the Southern Bell Telephone Co. The appointment is effective Oct. 1. LeRoy succeeds E. E. Crittenden, who has been appointed Florida training supervisor, headquarters in Jacksonville.

Kids To Celebrate 'Day' Tomorrow

Tomorrow is "Kid's Day" in Seminole County. Hosted by the Sanford Kiwanis Club, boys and girls will see a free movie at the Ritz Theatre, get ice cream and comic books. Special guests of the Kiwanians will be 60 children from the Methodist Children's Home, Enterprise. Also invited were children from Lutheran Haven, Slavia, who cannot attend due to program commitments. Last year, about 1,000 children attended the "Kid's Day" program. Manager of the Ritz Theatre, Milton Hawley, will meet the children at the door. On the screen will be "The Last Wagon" and two cartoons. The movie starts at 9 a. m.

Apply Pressure, Like Ask Parents

WASHINGTON (UPI)—President Eisenhower made an indirect appeal to Southern parents today to increase their pressure on state and local governments to reopen closed public schools. The Chief Executive, in his strongest words to date dealing with the desegregation battle, aimed his message at parents in Arkansas and Virginia where the governors have closed some schools to prevent integration as ordered by federal courts. The President said school closures in the two states had caused a "material setback" in national progress toward the goal of equality of man. The continued use of school shut-downs as a weapon in the integration fight, he said, could eventually bring "disastrous" consequences to the entire nation. "I fervently hope that soon the schools will reopen and that progress toward our goal will resume," the President said. Stated in Letter Behind the scenes, the President hoped his statement would produce new encouragement for recently organized parent groups in both states dedicated to reopening of public schools instead of attempting establishment of private, segregated educational establishments. The President's public position was stated in a letter to J. Albert Rolston of Charlottesville, Va., chairman of "The Committee For Public Education."

Likes Sympathy, But Prefers Bus

GENOA, Ill. (UPI)—Mrs. Mary Holtman said today that persons "all over the country" are joining in her plea to the Greyhound Bus Co. to continue its twice-a-day stop at her front gate. Some offer only sympathy, she said, but others want to live with her on her Grace farm and chauffeur her around. "I don't want anything else but my bus, that's all there is to it," she said. "I'm grateful to people but I'm not interested in anything but my bus."

Major Will Speak To Rotary Monday

Maj. Don Loerzing, information services officer at McCoy Air Force Base, will be a guest speaker at the Sanford Rotary Club Monday noon at the Civic Center. Major Loerzing will inform Rotarians about the SAC bombing competition, sometimes referred to as the "World Series of Bombing." # Delegates Report Recent Council Meeting To Pilot Club; Hawaiian Journey Described

At the first fall dinner meeting of the Sanford Pilot Club Tuesday night at the Civic Center, members were told the highlights of the Fall Council meeting in Clearwater.

Three delegates from the local club, Mrs. Ernest Housholder, Mrs. Sue Stevenson and Mrs. Raymond Ball, gave the club a brief resume of the weekend.

One of the most outstanding talks given during the Council of Pilot District Four was delivered by Dr. Julia Anna Jordan, assistant professor of Languages

at Southern College, using as her theme "Understanding—Our Home of Tomorrow." Dr. Jordan was born in Germany where all of her possessions were destroyed by bombing, leaving her only her education. Dr. Jordan stressed the great asset education is to the individual.

Pilots from Sanford attending the Fall Council were: Mrs. Walter Carter, president of the local club, Mrs. Ernest Housholder, Miss Dorothy Foursacre, Mrs. Sue Stevenson, Mrs. A. K. Shoemaker, Sr. Mrs. Vern Messinger, and Mrs. Raymond Ball, accompanied by co-pilot, Raymond M. Ball.

Another interesting feature of the dinner meeting was the talk given by Miss Fouracre on her trip to Hawaii this summer. Miss Fouracre was dressed in the accustomed hawaiian dress called the maumu with a lei around her neck. During her talk, Miss Fouracre stated it took her only 26 hours to fly from Orlando air-

# Kay Estes Is Honoree At Shower

An unusual shower honored Miss Kay Estes, Oviedo bride-elect, Tuesday night. The party was held at the home of Mrs. John Courier with Mrs. George Means as co-hostess.

Guests received their invitations to the bathroom shower on cards shaped like an old-fashioned tub. At the door they were greeted by the hostesses and given a slip of paper on which some advice was to be written and tucked into a roll of toilet paper.

Among the arrangements displayed throughout the house was one designed with roses made from pink toilet tissue. It caused much comment. Gifts were presented to the honoree in a cloth-hamper, attractively decorated.

A color scheme of pink and white was carried out in the refreshments. Upon each plate was a tiny gift wrapped in the bridal motif. Inside each gift was a small satchet for each guest to have as a memento of the occasion.

Those invited were: Mrs. Ruby H. Estes, mother of the honoree; Mrs. Frank Wheeler, Jr.; Mrs. Al Dawson, Mrs. Young Harris, Mrs. Milton Gore, Mrs. James Brookshire, Mrs. Jim Fortin, Mrs. Walter Teague, Mrs. W. H. DeShazo, Mrs. Joe L. Beasley, Mrs. Link Hart, Mrs. Ben Jones, Miss Lois Ruddell, Mrs. Jim Lee, Mrs. Sparta Lee Clonts, Mrs. Ben Clonts, Mrs. Marion Harman, Mrs. Claude Bungeardner and Mrs. Maris Hodges. Following the discussion was a talk given by Rev. Herbert W. Goetts with members present looking up passages in the Bible relating to his subject, "Define the Spirit."

The business meeting was conducted by Mrs. Dave Green, president. Reports were given and final plans were made for the Open House to be held for Rev. and Mrs. Goetts at their home in Loch Arbor, September 28 from 7 to 8 p. m. All members and friends are invited.

The Ladies Aid will sell Christmas cards, candles and wrapping paper. Anyone interested in any of these items may contact any member of the Aid.

## Leaders Attempting To Limit Shooting

News dispatches from the Far East indicate that the U. S. does not plan to permit the Chinese Nationalists to bomb artillery positions on the Communist China mainland.

The decision, made against Chinese Nationalist wishes, apparently was made in the hope of confining the present conflict to the off-shore islands, which have been under bombardment for many weeks. The U. S. apparently believes in letting Red China make the first move, always.

Officials of the Eisenhower administration have said that the U. S. would defend Quemoy in event of a Red attack aimed at taking the island. Yet, the U. S. has not said "yes" or "no" to a Chinese Communist proposal, made in Warsaw, that the Quemoy be evacuated. The U. S. answer has been to the effect that a cease-fire must be first. Talks about evacuation could follow such cease-fire.

Informed sources on Formosa were quoted as saying that the Nationalists wanted to retaliate, that this request was made repeatedly to high U. S. officials. Under the circumstances, this appears to be a wise decision. Any retaliation by Chinese Nationalists could serve only to broaden the present conflict.

In the event that the Red Chinese attempt landings on Quemoy or other off-shore islands, then retaliation would be forthcoming, news dispatches said. Meanwhile, it appears that the U. S. is willing to let the Communists wear themselves out by hurling shells at the islands from shore batteries. At the same time, the U. S. is attempting to condemn Red China, and Russia, in the eyes of the world by taking its case to the United Nations.

It is our firm belief that Red China only waits for any kind of reasonable excuse to test President Eisenhower's statements that "there will be no appeasement." Failing to find this "reasonable" excuse, the Communists, perhaps, will try to take the islands anyway.

Chinese Communist leaders must have some way to "save face." As things now are going, they are working themselves into a hole where this could be impossible.

## Boost The Boosters

In the jet age, it is news when citizens take off from their work to aid a worthy cause.

The Seminole High School Boosters Club fits into this category. The club, made up of football team supporters and friends of the school, once again is attempting to provide that something extra for the team. The projects of this club in years past are well-known. Boosters Club support for the school has been, and is, invaluable.

This year, the Boosters again are working on a worthy project. All money obtained from memberships sold by the organization will go into the club's project for the year. Such things as uniforms for junior players and films of football games are valuable contributions to the athletic program at Seminole High.

Investment in youth is the best investment of Sanford, Seminole County and America. The Herald commends the Boosters Club for its work and urges all to become Boosters.

## ANOTHER NOTCH

## Official Accepted, Asked Bribes, Prober Declares

WASHINGTON (UPI)—A House staff investigator repeated today charges that a former Federal Communications Commission chairman both received and solicited offers of bribes in a Pittsburgh TV channel case.

The investigator, Oliver Eastland, also testified that the "mayor of a large city, who is a prominent politician" and a U.S. senator made behind-the-scenes contacts with members of the FCC regarding the same case.

Eastland did not name any of the persons. Eastland, assistant chief investigator of the House Intelligence Investigating Subcommittee, testified about the charges in a complicated 30-page statement at a hearing into the award of Pittsburgh TV Channel 4 to Television City, Inc., by the FCC in 1957.

Based on Rumors  
Eastland testified that the former chairman, after leaving the commission, entered into a law office partnership with an attorney for one of five applicants involved in the Pittsburgh case.

He read a "Dear George" letter addressed to the former chairman from an applicant in the case. Eastland testified that "principal" in the case repeated in him "rumors from some source or sources" that the unnamed former chairman "was soliciting or was attempting to solicit \$50,000" for his vote in the case.

Eastland also testified that a principal in the case told him of "another rumor from sources" that the former chairman "was attempting to set up an arrangement under which he would receive \$20,000 a year for a period of 10 years from one of the other

## Oviedo News

Mrs. Alex Leinhardt was telling us Monday evening that her first grandson had been named John Milton. Uncle "Milton" Gore is proud the little nephew has been named for his vote.

We have learned that Joan and Ivan Jakubek have named their son Michael Ivan.

Neta and George W. Alford are so busy getting their new home all fixed up, we hardly see them these days. Neta was telling us of getting their lots ready to build, when out of a clear sky—they bought one of the Douglas Jackson homes in the Lake Hayes section. We are looking forward to having circle parties at Neta's new home.

Mr. and Mrs. J. P. Eldridge have moved into a new home. Mr. and Mrs. Charles Peidavlis have moved into the house vacated by Mr. and Mrs. Eldridge.

The arrival of a baby boy at the home of Mr. and Mrs. Moore Persons has made the new arrivals on an equal basis now—three boys and three girls. And the funny side is that everyone seems to be getting what they had wanted.

# Conning The News

By Virginia Conn, Herald Staff Writer  
Consider the plight of one of our popular "young matrons." Recently chosen Sanford's best-dressed woman, she can no longer relax in those old blue jeans. Now her costume is examined wherever she goes and was be unto her should her slip fangle a fraction or a seam become parted.

## McKibbin Speaks At Coffee Club; Newcomers' Bow

New residents and businessmen were introduced yesterday at the Chamber of Commerce's monthly Coffee Club. A large crowd turned out at Mrs. Appleby's for the get-acquainted coffee and doughnut break.

Speaking for the Chamber of Commerce was Clifford McKibbin, SA membership chairman. McKibbin revealed that invoices would be sent to Sanford business men within a few days. He urged them to keep the total of \$10,000 in mind, and to either "equal or increase last year's contribution."

In citing next year's program, McKibbin mentioned the promotion of new industry, keeping SNAS in Sanford, Sanford-Titusville Canal, and the establishment of new buildings for existing Sanford manufacturers. New in the program are plans for distributing new maps of the county and an analysis of the area by professionals to promote industry.

Introduced by Charlie Morrison were Joseph A. Edwards, retired passenger traffic manager for the Southern Railway; Kenneth McIntosh, partner in the law firm of Stensford, Davis and McIntosh; Jim Lee, Seminole County parole officer; Lloyd Ruzic, new manager of Family Finance.

Victor Robello, Heris U. Drive II; Boyd Coleman and Jack West, Sanford men who have recently established the Gator Lumber Co.; H. D. Thompson; Walter Gielow, editor-publisher of The Sanford Herald; Woody Webber, district manager of Southern Bell; Bill Cavanaugh, Cavanaugh Tire Co.; David Mathes, Sanford music teacher; Bud Carrigan WOOD, and Mrs. Robert Conn, reporter for The Sanford Herald.

Farwell were said to Ed Mayer, plant manager of Southern Bell in Sanford, who has been transferred.

Roy Mann, treasurer of the United Fund Drive also was recognized.

It will take a big wardrobe to maintain her position, but as her daughter said, "Mother, they should have given it to me. You wear my clothes most of the time anyway."

This reminds me of another problem which fortunately does not appear to plague Sanford. In several cities, we hear, the schools have had to take over another parental job—that of telling the kids what to wear.

Officials have discovered that boys and girls who dress neatly and appropriately behave better. The "black leather jacket gang," with its tight jeans and duck tail haircuts, invariably looks like trouble, even if not causing any. Certainly, girls in stacks of jeans and slumpy shirt tails will not appeal as much to the men they favor as those who have made themselves neat and attractive.

School officials in other parts of the country may have to tell the students they can't come to school looking like hoodlums, but I doubt if dress will ever become a problem in Sanford. And if it does I hope the teachers really give the kids the word!

The Seminole County Cattlemen's Association is letting down the bars Oct. 4 and allowing families to attend the summer steak party. This "summer" steak party.

## Trial Is Ordered In 'Jaw-Breaking'

SARASOTA (UPI)—County Commissioner James D. Neville will be tried next month for allegedly breaking the jaw of a fellow Republican during a political argument.

Neville, also a member of the Sarasota County Republican Executive Committee, was bound over to the County Court and a jury trial at a preliminary hearing Tuesday.

Raymond F. Deacon, a former member of the GOP Executive Committee, charged Neville with attacking him and breaking his jaw the night of Aug. 27 after a meeting of the executive committee at which Deacon reportedly sought the ouster of Committee Chairman Mrs. James Day.

Neville did not testify at the hearing, but he had earlier denied that any blows were struck. Deacon told the hearing that Neville attacked him as the committee members were leaving for home. He said the county commissioner grabbed his shirt front and threatened him.

Deacon said he then heard someone say, "If this gets out, I'll blow the lid off."

ly seems a bit delayed in itself, but since the men do not usually have the benefit of wife and children at cattle affairs, perhaps the cool weather will take the warmth from the conversation.

And certainly the cattlemen who meet on Charles Lee's farm might find it more fun to cudde up to the Mrs. than to talk about some old cow. For edification of those who plan to go, the business meeting starts at 4 p. m., with the steak dinner right after.

Oh, those delectable Seminole County T-Bones!

## Ford, Burdette To Take Final Tune-ups Tonight

By MILTON RICHMAN  
United Press International

Whitey Ford and Lew Burdette take their final tune-ups tonight for the World Series, and Hoyt Wilhelm takes a once-in-a-lifetime crack at becoming the second pitcher in major league history to hurl two straight no-hitters.

Ford, who pitched the Series' opener for the Yankees the last three years, quite possibly could win the first game assignment again if he is as impressive against the Orioles tonight as he was in his last two outings.

The veteran Yankee curve-baller has yielded only one run in the last 12 innings he pitched and shows no effects from the arm trouble which sidelined him most of August.

Burdette, Milwaukee's logical

opening game choice, is pitching better now than at any other time this season. He has won his last three games, giving up only two runs, and will be shooting for his 20th victory of the year when he goes against Cincinnati tonight.

In the Yankees-Orioles encounter, Ford will be opposed by knuckle-baller Hoyt Wilhelm, who tossed a no-hitter against the American League champions in his last appearance Sept. 20. It's better than a 1,000-to-1 shot, but if Wilhelm can make it two in a row tonight he will become the only major league ever to hurl a pair of successive no-hitters outside of Johnny Vander Meer, who accomplished the feat in 1938.

The Detroit Tigers beat the Chicago White Sox, 7-1, Thursday in the only major league game scheduled.

At Kalamazoo, the Tigers raised his hitting average to .312 with a single and a double in three of five trips but was felled by a pitch and removed to a hospital for precautionary X-rays.

Jim Dunning of the Tigers fared a six-hitter for his 14th victory, the only run off him being a homer by Ron Jackson in the fifth inning.

## Jennings Selected Week's Top Coach For Penn Victory

By CHARLES WEISER  
United Press International

LINCOLN, Neb. (UPI) — A fellow who hangs around the University of Oklahoma for 11 happy years as a coach and later assistant football coach goes recognized to victory — a heart coaching job and has a 9-0 record in his first season.

Never. He opens his second season with a team to improve. It hands eastern power Penn State a 1-7 defeat in a major inter-collegiate upset.

That's lucky, square-jawed Bill Jennings of Nebraska, the first United Press International football "coach of the week" for the 1958 season.

On an opening Saturday marked by numerous upsets, Nebraska's triumph stood out because it reversed per game odds favoring Penn State by 13 1/2 points and it was a complete turnaround from last season, the worst in Nebraska's gridiron history.

The win bore the Jennings trademark — it was due in a large measure to sophomores, the first Nebraska players to be recruited by his staff.

Several times during the game six of the 11 Huskers on the field were sophomores.

But the 40-year-old Jennings figures this first injection of new talent isn't enough because he's still a year or so away from having the necessary depth for the kind of schedule he plays.

While the buildup is underway, he maintains, the "Huskers" will have to win a lot of games "strictly on desire."

At Oklahoma, Jennings developed such famed Sooner backfield stars as Eddie Crowder, Buck McPhail and Billy Vessels, and Nebraska fans believe he will give them equally brilliant players.

## Tourney Scheduled By Women Golfers

A two-ball mixed foursome tournament will be held Oct. 12 by the Sanford Women's Golf Association. It'll be a "pick your own partner" Columbus Day event. The tournament will be followed by a barbecue at the Mayfair Country Club. Plans for fall activities were made yesterday when the executive board of the S. W. G. A. met before the first fall luncheon. Fifty-two members and guests attended.

An inter-city tournament is to be played Oct. 3 at Hahamed Country Club. Members must sign up before Tuesday. Membership dues are being collected. No member may win prizes in weekly tournaments unless she has paid her dues.

Until Oct. 22, the date of the next luncheon, nine-hole tournaments will be played. Eighteen holes may be played for handicaps. The meeting was conducted by Mrs. W. K. McRoberts. Other officers serving this year are Mrs. Ellen Betts, vice-president; Mrs. Clifford McKibbin, recording secretary; Mrs. Jack Morrison, treasurer; Mrs. Ralph Chandler, corresponding secretary; Mrs. Roy Symes Jr., tournament chairman; Mrs. Bill Foulk, rules; Mrs. Robert Shelden, Mrs. Ken Torbett, membership; Miss Cle Heard, handicaps; Mrs. Jim Spencer, entertainment; Mrs. Robert Conn, publicity.

# Seabreeze To Invade; Seminoles Underdog

By JERRY COVINGTON  
The Sanford Seminoles go against the Seabreeze Sandcrabs here tonight in the second contest of the young season.

Both teams scored very impressive wins last week and it should be a fast, offensive contest. The Sandcrabs scored a 46-14 victory last week over Lakeview of Winter Garden. They also had three touchdowns called back. They're very versatile and speedy so it should be a thriller.

The Seminoles offense has continued to look good in drills this week and the local squad should be ready to give fight. Both units are very capable and the passing is especially good. If the forward wall can equal the split-T offense, the team should be able to stop

anything the Sandcrabs throw at them.

The squad is at full strength for this game and the line bench strength remains in the Seminoles favor tonight. Ray Lundquist and John Lovelace are two players on the second unit who will be a big help offensively. Sophomore Quarterback Mike Roberts also looked impressive last week and should give Cecil Dandridge plenty of backing.

In the line, Tackle Ross Neely and Guard Glenn Hodges give added strength to the starting group. Both should be ready to go tonight. The play of David Stanley continues to shine and he should be ready to lead the attack against Seabreeze. The ends are set with Allan Swain, Walter Middleton and Gerald Jones ready to continue their fine play. These three outstanding pass receivers could well be the difference in the contest.

Dandridge should be in top form to quarterback the first unit. His passing, playmaking and running continue to be a big asset to the offense and he has looked good throughout the week of drills. Harold Stone, Lin Bizar, and Vernon Kirk are also ready to greet the 'Crabs tonight with a tough offense.

They did a fine job last week against Laman and they will be

out to better their averages tonight. Stone and Duke Schirard are crack linebackers and should slow the fast Sandcrabs considerably.

The center chores will be shared tonight by Tommy Butler and Schirard. Butler has come around nicely this week and should be ready to do the job. Schirard is the stronger blocker of the two and will be in there a great deal.

With the impressive victory of Seabreeze last week the Seminoles will go into tonight's encounter as a slight underdog. It should be a high scoring contest and very pleasing to the spectators.

## Miami, Wisconsin Meet Tonight In First Big Contest

By TIM MORIARTY  
United Press International

Wisconsin, which never has won a night football game, and Miami, one of the South's best national teams, meet in the Orange Bowl tonight in the first of a host of weekend inter-sectional battles.

They have been playing football at Wisconsin for 70 years but the Hedges have appeared in only three previous night games — losing 'em all. However, the odds-makers weren't swayed by this fact as they installed Wisconsin as a one-touchdown favorite over the Hurricanes.

Miami, though, always has been tough to beat under the Orange Bowl lights and could upset the Big Ten Conference invaders. The Hurricanes have 10 lettermen in their starting lineup, including little Fran Curci and Joe Plevel. Curci, a hometown boy, weighs only 140 pounds but is a firing quarterback who is equally dangerous as a runner and passer. Plevel is one of 33 imported northerners on the Miami squad.

The rangy left halfback from Rochester, Pa., was the Hurricanes' leading scorer last season and also topped the rushers with an average of almost six yards per play.

In tonight's other major game, Georgia Tech, knocked off by Kentucky in its opener last week, entertains Florida State while Texas, victorious over Georgia in its opener, visits Tulane. The Engineers are 14-point favorites and Texas is an 8-point pick.

## Pro Teams Release 31 Gridiron Stars

United Press International  
Thirty-one professional football  
players, including a host of last  
year's campus heroes, were job  
hunting today.  
They were the unfortunate ones  
who were handed pink release  
slips Tuesday when all National  
Football League teams were  
forced to reduce their rosters to  
35 players for the start of the new  
campaign Sunday.  
Heading the list were Les Wal-  
ters of Penn State and Charlie  
Bruckman of the University of  
Pittsburgh — both members of the  
United Press International All-  
East first team last year.  
Walters, an end, was placed on  
the Baltimore Colts' waiver list  
while Bruckman, a center who  
was considered a "natural" for  
the pro ranks, was among three  
players released by the San Fran-  
cisco Forty-Niners.  
A few old pros also got the ax.  
The Washington Redskins asked  
waivers on four players — includ-  
ing linebacker La Vern Torgeon,  
a seven-year veteran, and half-  
back Leo Elter, a six-year man-

## Buckeyes, Auburn Solid Favorites In Saturday Games

ATLANTA (UPI)—The Auburn  
Tigers, enraged by a second  
straight three-year bowl ban, will  
be out to show the NCAA and a  
national television audience Satur-  
day that only the second-best will  
be in action on New Year's Day.  
Auburn was censured for alleg-  
ed recruiting violations. Word  
is the Tigers resent the charges  
and plan to take it out on their  
18 gridiron opponents.  
First to face Auburn's wrath, in  
the televised season opener for  
both at Birmingham, Ala., Satur-  
day, will be the Tennessee Volun-  
teers. The Vols are definite un-  
derdogs, not figuring to be on par  
with last year's Gator Bowl cham-  
pions who lost to unbeaten, un-  
tilled Auburn only 7-6 and nowhere  
near the 1966 team which whipped  
Auburn 35-7 at the start of a per-  
fect season of its own.  
Tigers Stronger  
In fact, these Volunteers may  
have trouble holding the margin  
low against the "we'll-show-'em"  
Tigers. Only 15 Tennessee let-  
tersmen returned and only one was  
a starter last fall.  
Auburn, currently sixth nation-  
ally, has 25 lettersmen back—in-  
cluding five who are being boom-  
ed for sectional and possibly na-  
tional honors. The line will be  
bulwarked by end Jerry Wilson,  
guard Zake Smith and center  
Jackie Burkatt, all on the all-SEC  
squad last year. Backfield stars  
are halfback Tommy Lofino and  
quarterback Lloyd Nix. Another  
may be sophomore fullback Ed  
Dyas, a standout in pre-season  
drills.  
The Auburn-Tennessee clash is  
one of five Saturday intra-league  
games on a heavy week-end sched-  
ule in the Southeastern Confer-  
ence.  
The other afternoon game  
matches the defensively strong  
Florida Gators against Billy  
Stacy-led Mississippi State. Flor-  
ida's line gave up only 14 yards  
in last week's 34-14 win over Tu-  
lame. This will be the State's first  
game.  
Saturday night, Kentucky and  
Mississippi will be at Memphis,  
Tenn.; Alabama and Louisiana  
State at Mobile, Ala.; and Vander-  
bilt will be host to Georgia.  
Kentucky, surprise 13-0 winner  
over Georgia Tech last Saturday,  
hasn't been scored on in two  
games but doesn't figure to repeat  
this performance against Missis-  
sippi, which is rated 10th in the  
nation and co-favored with Auburn  
for the conference title.  
Louisiana State solidly thrashed  
Rice 26-6 last week and should be  
a rugged opener for Alabama and  
Coach Bear Bryant in his first  
season.  
The Vanderbilt-Georgia game  
promises to be the closest of the  
closest of the lot. Vanderbilt ed-  
ged Missouri 12-8 while Georgia let  
a fourth-period lead slip away in  
a 13-8 loss to Texas.  
Friday night, Georgia Tech will  
be host to Florida State here and  
Tulane will play Texas at New  
Orleans. Florida State has won  
two, Tech none, but that should  
change Friday. Tulane, with an  
almost all-star offense, doesn't  
appear to stack up against Texas.

# Progressive Printing Company To Hold Open House

Tomorrow, Mr. and Mrs. J. M. Cameron will greet the public in the front office of their "dream come true", a new two-story office and apartment building at 306 West Thirteenth street.

Directly behind the cozy little front office of their modern concrete block building is the airy and spacious "factory" of the Progressive Printing Co., Sanford's most modern commercial print shop.

The Camerons decided a long time ago that Sanford was their town. They owned their home here. So when they bought the Progressive Printing Co. of Coena in September, 1951, they immediately decided to move the business—lock, stock and profit press—to Sanford.

Thus, in a way, the Cameron's grand opening in their new building is also an anniversary celebration, their seventh since moving the plant from Coena to their former location in the Central Florida Locker Plant, 403 W. Thirtieth st., one block west of the present location.

Mrs. Cameron is a native of Sanford and a graduate of Seminole High. Her husband moved to Sanford from Weirsdale, Fla., in 1921, and also is a graduate of Seminole High. They were married in 1931. They have two daughters, Jackie, Mrs. W. J. Sullivan, Atlanta, Ga., and Mary, a junior at Kentucky Wesleyan College, and one granddaughter, Maryford Lodge of Elka.

## Moscow Chief Lure For American GI's

FRANKFURT (UPI) — For the jaded GI who has seen everything else, its now Moscow for sightseeing.

If that isn't the slogan, it soon may be, to judge from the experience of two Frankfurt travel agencies during the past summer.

The agencies organized seven separate tours to the Soviet Union this summer almost exclusively from Americans stationed in Europe, primarily in Germany.

Officials of the agencies—Touropa and Transauropa—said most of their Soviet tour business came from American teachers working at service dependents schools in Europe.

But military personnel—apparently heavily weighted toward the medical and Signal Corps—made up the rest.

Transauropa, which runs one monthly tours from Easter through September, averaged 15-20 persons per tour.

Touropa ran two tours and

The new Progressive Printing Co. building is a worthy addition to Sanford's commercial growth. It is a modern, steel-reinforced, concrete block, two-story structure, with the two office rooms and print shop downstairs and two 2-bedroom apartments upstairs. It was designed and built by the Shoemaker Construction Co., Sanford, and all structural materials were obtained from Sanford suppliers.

Refreshments will be served and souvenirs given to all who attend the formal opening and open house Saturday, from 10 a. m. til noon and 2 p. m. til 4.

## Quotable Quotes

**United Press International**  
LITTLE ROCK, Ark. — A patrolman, after police received numerous calls about racial incidents, most of which turned out to be phony: "People are getting edgy."

CARTERSVILLE, Ga. — J. B. White Jr., on setting up a fund to defend Mrs. Izola Ware Curry, charged with stabbing integration leader Martin Luther King: "We want to go on record that we do not condone murder or violence in any form. But after all she is a southern Negro girl. We feel she might be railroaded. We love our Negroes here. We are very fond of them."

SAN FRANCISCO — Former President Truman, attacking the Republicans before a Democratic Party dinner: "They will not face up to the fact that the clouds of war hang over us."

LONDON — Brigitte Bardot called the "sex kitten": "My breasts never tell me

about sex or children or motherhood at all."

ELIZABETH TAYLOR and Paul Newman play the young married couple in emotional conflict in "Cat On A Hot Tin Roof", the Pulitzer Prize-winning play by Tennessee Williams. The movie begins Sunday at the Ritz Theatre.

### 'Thunder Road' To Play At Movieland

An exciting story set in the mountains of Kentucky where those who brew moonshine are in constant conflict with the "revenuers," makes up the colorful background of the latest Robert Mitchum picture, "Thunder Road" which starts showing at the Movieland Drive-In Sunday Nite.

Mitchum, whose company produced the picture, is also the author of the original story. He plays the part of a moonshiner who is caught between the Federal Agents on one hand, and a gang of racketeers who are trying to muscle in on the Kentuckians' illegal revenue, on the other.

Co-starring with Mitchum are Gene Barry and Jacques Aubuchon. The cast also includes some people who appear on the screen for the first time, but who, thanks to "Thunder Road," are now launched on an important screen career. They are Keely Smith (wife of Louis Prima) whose ability to bat out a song is already known to TV audiences and she now proves to be a fine dramatic actress as well; Stella Knight, chosen out of several hundred aspirants for the role, and Jim Mitchum, Robert's son, who plays his young brother in this film. This may sound confusing, but the young Mitchum is just "in proper name," and bears enough resemblance to the older, in fact, taken for his young brother. He gives a fine, believable performance. Seasoned actor Trevor Bardette turns in a realistic portrayal of the Mitchum's father.

Director Arthur Ripley got every last and dramatic moment out of the action-packed script.

Anita Ekberg, Phil Carey and Gypsy Rose Lee, showing at the Movieland Drive-In. The other feature stars Robert Mitchum in "Thunder Road". THIS IS A SCENE FROM "Screaming Mimi" starring

### 'Cat On Hot Tin Roof' To Play Ritz

MGM presents a distinguished attraction in "Cat on a Hot Tin Roof" filmation of the Tennessee Williams stage hit, which won both the Pulitzer Prize and the New York Drama Critics' Circle Award. It opens at the Ritz Theatre on Sunday.

Elizabeth Taylor, in her first role since her Academy Award nomination for "Rainbow, County," and Paul Newman, one of the screen's most popular younger stars, portray the wife and husband on the verge of a marital crackup, with the ace cast also starring Burl Ives, Jack Carson and Judith Anderson, with Madeline Sherwood.

Both Ives and Miss Sherwood create their original Broadway stage roles of the Williams drama; Ives as Big Daddy, the rich Delta plantation owner, Miss Sherwood as Mae, the avaricious daughter-in-law married to Carson, Judith Anderson, one of the stage and screen's outstanding actresses, plays Big Mama, whose love for the dominating patriarch of the family never wavers.

"Cat on a Hot Tin Roof" tells the story of a divided family and the conflict between its members when they are faced with the impending death of the father. The crisis brings to the surface the innate character of the two sons and their wives, revealing in one instance greed and opportunism; in the other, usefulness and devotion.

It is also the story of one of these couples, Brick Pollitt (Paul Newman) who takes refuge in alcohol in an effort to escape adult responsibility, and Maggie (Miss Taylor), chesses with a passion for her disturbed husband and an

## One Live Drama, Playhouse 90, Survives Funds Cut

HOLLYWOOD (UPI) — And then there was one — weekly "live" TV drama.

Live dramas of a once-flourishing TV standby is "Playhouse 90" which returns to the air tonight, the last of its kind. All the others, and there were a dozen at one time, have fallen by the wayside.

Producer Fred Coe, a battle-scarred veteran of live drama, looked around the lonely landscape and put the blame on the high cost of televising.

"When prices went up, quality went down," says Coe. "And, just as with Westerns now, there were too many live dramatic shows on the air."

Coe pointed out the "U.S. Steel Hour" and "Armstrong Theater" are still in business, but alternate every other week. Gone are "Climax," "Robert Montgomery Theater," "Kraft Theater," "Phillips Playhouse" and the rest.

Co-Producer Nine Shows, a Manhattan New Yorker, Coe will produce nine "Playhouse 90" productions this season, including the opener "The Plot to Kill Stalin."

A suggestion that New York's proclivity for producing downbeat, back-alley melodrama might have been responsible for the demise of live TV plays excited Coe to fury.

He turned out his share of the T-shirt and hono drum goodies.

"You can't blame a city for that," he flared. "The element of conflict is the very heart of drama."

Praised as to why he didn't offer stories of rich people with problems, the sports crowd's frustra-

tion of political slip-ups. Coe steamed, "There's nothing diller than rich people with problems."

He credits the success of '90 to its \$100,000 budget and the hour and a half running time.

"You can do one good show for \$100,000, maybe two," Coe said. "But can you do eight good shows in a row? I don't think so. The additional half-hour of the program gives us more scope, time to develop character and plot complications."

Coe switched the conversation to his forthcoming shows. In addition to the Stalin story, he will produce programs with such varying subject matter as the Marine Corps, Alcoholics Anonymous, an African search, the Dutch underground during World War II, and life along the Mississippi River.

"The most important thing about live drama is finding the right story," Coe said. "Personally, I hope live TV doesn't make a big comeback because the quality would again be jeopardized. Now is our opportunity to prove what we can do. Three years ago competition was so bad you couldn't find a cast. We have our choice of the best actors in the business now and as in the past, I think '90' will maintain its high average of good shows."

**Can Hide Socks**  
GLASTONBURY, Conn. — (UPI) — Town Court Judge Walter Downes was quite pleased with his new bench and matching witness boxes. They replaced his old straight-back chair and table.

"At least," said the judge, spectators won't be able to stare at my white socks."

Showdown Scheduled On Embattled Islands

TAIPEI, Formosa (UPI)—President Chiang Kai-shek today ruled out a cease-fire for Quemoy and I Ching and the Chinese Communists would deliver their war-or-peace stand by Wednesday, the Communist national day.

Letters Released, Nixon Charges Policy Sabotage

WASHINGTON (UPI)—The State Department declined to say today what action it may take against an official accused by Vice President Richard M. Nixon of trying to "sabotage" the administration's Far East policy.

Nova Scotia Feels Wrath Of Helene; Ilsa Still Harmless

HALIFAX, N. S. (UPI)—Violent winds and torrential rains of hurricane Helene smashed the Atlantic coast of Nova Scotia today with unexpected fury.

Weather officials at Halifax reported at dawn the worst of the storm had passed but said it was producing high tides, heavy seas and drenching rain over the southern maritime provinces.

Land and ship reports at dawn placed the storm center at about 500 statute miles east of Portland, Maine, or near latitude 43-N, longitude 65-W.

A sister storm, Ilsa, meanwhile was reported east past Bermuda and moving northeast at the fairly rapid rate of 25 miles an hour.

Land and ship reports at dawn placed the storm center at about 55 miles an hour. Shipping in the path was advised to exercise caution.

Mrs. Anne Sieczkowski, President of the Seminole County Unit of the American Cancer Society, announced today that the fall program has swung into high gear.

To launch this all-out program of cancer education to reach people where they live, where they work, and where they meet, letters have been sent to the mayors of all communities in the county, city and county commissioners, Chambers of Commerce, Clergy of all churches, Boards of Education, Home Demonstration Councils and agents, civic clubs, service organizations, military commanders, and community leaders.

Capacity Great BYRACUSE, N. Y. (UPI)—Miss Rosemary Peterson, on returning from a weekend trip out of town, said police had found evidence that an intruder had consumed two bottles of liquor, eight bottles of beer and a pot of coffee while she was away.

Many observers felt the disclosure Sunday night when he declared the United States faced "do-or-die" if it did not stop its "war provocations" in the Formosa Strait. Russia ceased the Communist national day.

Chiang, at one of his rare press conferences, said the Nationalists reserved the right to bomb the mainland if Quemoy is threatened seriously. He said the action would be carried out with or without American support but expressed conviction the United States would support him.

Chiang said Nationalist China would make no concession at Warsaw as the United Nations and said "Quemoy is not a pawn for international bargaining." He said Quemoy had endured five weeks of bombardment but would not endure it forever.

When the crucial time comes, he said, "there are no restrictions on our taking the right of self defense and bombing bases on the mainland." He said the Nationalists hoped for aerial and naval support from the United States "plus moral support they are now receiving at all material support."

Reports reached Taipei the Communists were installing long-range siege guns opposite the Matsu Islands, about 100 miles north of Quemoy. The islands in that group are much further off the coast.

Both the Chinese Communists and the Soviet press reported the Warsaw talks were hopelessly deadlocked and neither side was yielding from its initial positions. The Soviet press reported growing opposition in America to the "imperialist war policy."

Sen. Joseph C. O'Mahoney (D-W.Va.) called for a full airing of Nixon's charges. O'Mahoney, a critic of the administration's Far East policy, said the country was "entitled to a complete exposure of the vice president's allegations."

Sen. Joseph S. Clark (D-Pa.), another critic of the Quemoy policy, defended the State Department aide. Clark said the public was "entitled to know how others in the nation feel about the Formosa policy." He said Nixon was "off base again."

"It appears, then, from the figures released, the American people are a lot smarter than Mr. Dulles," Clark said. "I am confident that if Mr. Dulles is left to his own devices, he will get us into a useless war."

Dulles said Sunday he did not consider it "so significant" the letters opposing his policy.

De Gaulle Gets Landslide Victory, Complete Power

PARIS (UPI)—France has voted its shaky Fourth Republic out of existence by a four-to-one landslide that makes Premier Charles de Gaulle the nation's undisputed "strong man."

Returns from Sunday's referendum showed the constitution drafted by De Gaulle for a Fifth Republic had been approved 17,966,828 to 4,624,475 — a majority 10 per cent greater than even the most ardent Gaullists had expected.

The only report of a negative vote came from the French West African colony of Guinea, where the expected "no" majority was in effect a declaration of independence. De Gaulle told African colonialists they could have their freedom if they were willing to give up French aid.

In Algeria, the principal trouble spot in French Africa, the constitution was approved by a majority of nearly 98 per cent, with a vote of 2,022,060 to 36,202. Despite guerrilla threats of retaliation against Arabs who voted, only about 11 per cent of the voters stayed away from the polls.

Longwood Chamber Schedules Meeting On Town Problems

LONGWOOD—The Longwood Area Chamber of Commerce will meet at the City Park on Thursday, Oct. 2, at 8 p. m. and will be open to all who are interested in community affairs.

A program has been planned in the form of a panel discussion. The subject will be "Our Town". Panel participants will be Mrs. George Otto, president of the Civic League; Mrs. Sophie Matecki, president of the Home Demonstration Club; Bill LaBree, president of the Jaycees; R. C. Carlson, chairman of the Longwood Town Council; Joseph Rogero, president of the Citizens League; and Daniel J. Serency, president of the Longwood Area Chamber of Commerce.

Members of the board and school staff will be invited to attend. The school will be put into operation before Wednesday.

The corporation managed to get the lease signed before the National Assn. for the Advancement of Colored People could ask a federal appeals court to stop it.

The main object of the panel is to acquaint various local organizations with their interrelated ideas and problems, and how they can be of help to each other. Also, newcomers to the area will have an opportunity to hear about the progress of the community and meet the civic leaders.

Seminole Farmers May Get Seedlings

Some 50,000 slash pine seedlings are to be made available again this year, free of charge, to Seminole County farmers.

This is the second year that Continer Corporation of America has made pine seedlings available to the farmers for reforestation purposes.

No "strings" are attached, except that the farmer will plant the trees according to the recommendations for the best forest management. The only expense involved by the farmer is express for shipping and, of course, his cost of planting the young seedlings.

A number of pulpwood companies throughout America give away millions of young seedlings each year for reforestation and as an insurance for themselves that they will have an adequate supply of pulpwood in years to come.

Application forms are available at the County Agricultural Agent's office or at the County Forester's office and should be filed as soon as possible by those desiring to plant trees this season.

Forest products are big business in Florida. Foresters estimate that a total of 100 million board feet of lumber were cut in Florida last year. Delivered to the pulp mill, these were worth about 30 million dollars.

Spraying on the subject: "The Man from Outer Space," Graham challenged his audience to dedicate themselves to Christianity. He said, "Communism has a timetable for conquering the world and the Kremlin has announced that they are may ahead of schedule."

Sportsmen To Meet

The Seminole County Sportsman Association will meet tomorrow at 8 p. m. in the Elks Club Annex.

A report will be made on the State Federation Meeting in Tallahassee on Sept. 29. A contest also is scheduled.

Little Rock Leases Four High Schools To Private Group

LITTLE ROCK, Ark. (UPI)—The Little Rock School Board today leased the city's four high schools, closed four weeks in the integration crisis, to a corporation for operation as private, segregated schools.

Members of the board and school staff will be invited to attend. The school will be put into operation before Wednesday.

The corporation managed to get the lease signed before the National Assn. for the Advancement of Colored People could ask a federal appeals court to stop it.

Business Slump: Spaghetti Spine

NEW YORK (UPI)—Men: Look around at the women working in your office! Do they fall into the slouch, spaghetti spine or the pretzel leg categories?

The answer is probably yes. But don't be dismayed. A recent survey by the Bureau of Business Practices showed that most female office workers display quite a fascinating collection of horrible and unhealthy postures.

This "slump down in the chair" habit that many of the girls in the office have is difficult to fathom since women use all kinds of devices and gimmicks to look good—things that pull them in here and bulge them out there.

State Can't Deny Rights, Void Rule

WASHINGTON (UPI)—The Supreme Court held unanimously today that states may not "nullify" the constitutional rights of Negro pupils through "evasive schemes" for maintaining segregated schools.

In a sweeping formal opinion written by Chief Justice Earl Warren, the high court laid down this principle in a 500-word written opinion backing up its Sept. 12 ruling that the Little Rock School Board must proceed immediately with court-approved desegregation at Central High School.

Faubus reacted to the Sept. 12 ruling by closing all public high schools in Little Rock. Preparations were made today to reopen the schools as private academies, with the state paying tuition.

The Little Rock public schools had a number of school in Virginia have been closed to prevent the carrying out of federal court orders to integrate them.

Arkansas and other southern states with similar school-closing laws contend that the federal government does not have the power to force the states to keep public schools open. The Supreme Court differed with this view in these words:

Right to Schooling "The constitutional rights of children not to be discriminated against in school admission on grounds of race or color can neither be nullified openly and directly by state legislators or state executive or judicial officers, nor nullified indirectly by them through evasive schemes for segregation."

Chief Justice Earl Warren read the court's formal opinion in a "sparey" filled courtroom. State Blamed "One may well sympathize with the position of the board in the face of the frustrating conditions which have confronted it," the opinion said. "But, regardless of the board's good faith, the action of the other state agencies responsible for those conditions compel us to reject the board's legal position."

The court referred specifically to the actions of Gov. Orval E. Faubus and the Arkansas Legislature.

"The controlling legal principle is plain," the opinion said. "The command of the 14th Amendment is that no state shall deny to any person within its jurisdiction the equal protection of the laws."

Under the Virginia "massive resistance" plan, it is now up to Gov. J. Lindsay Almond to prescribe steps for reopening the schools on a segregated basis.

Long Lines Formed To Get Licenses

Long lines were formed at the courthouse this morning as Seminole County motorists attempted to beat the Tuesday midnight deadline for obtaining driver's licenses.

County Judge Wilson Alexander said the total issued through Saturday was about 500 less than had been expected. "Several hundred" is expected this year, Judge Alexander said.

Long lines are expected again tomorrow, the final day of obtaining new licenses.

Officials To Meet

The Seminole County Commissioners will meet at 2 p. m. tomorrow.

At this time Dowling Appraisals Co. must produce a performance bond for the reassessment of Seminole County property. The work is scheduled to begin Oct. 1.

High Court 'Firm' In Order Against Evasion Attempts

WASHINGTON (UPI)—The Supreme Court today said state legislatures may not, directly or indirectly, prevent the carrying out of the famous 1954 school desegregation decision.

The Little Rock public schools had a number of school in Virginia have been closed to prevent the carrying out of federal court orders to integrate them.

Arkansas and other southern states with similar school-closing laws contend that the federal government does not have the power to force the states to keep public schools open. The Supreme Court differed with this view in these words:

President Urges Strong Support For United Fund

WASHINGTON (UPI)—President Eisenhower has called for all citizens to "give generously to the United Community Campaigns of America to aid our neighbors in need."

In a kick-off message the President said the campaign beginning in 2,000 communities "provide us with a splendid opportunity to express the traditional neighborly concern of America."

"Indeed, I don't know of any one gift we can make which will mean so much to so many people as this good earth," Eisenhower said. "And here we will always share its pain, its trouble, and its stark blessings with each other."

Who's of the finest ways to do this is by giving generously to the United Campaigns in your hometown.

Savings Set Record

WASHINGTON (UPI)—Savings of individuals in savings accounts, U. S. Savings Bonds and life insurance hit a new record high of \$24,330,000,000 at the end of June, The Federal Home Loan Bank Board said today.
