

FLORIDA CITIES ARE VOTING ON IMPROVEMENT BONDS ORLANDO & CLEARWATER

Orlando Will Vote Bonds for Ownership of Public Utilities

TWO-THIRDS VOTE NECESSARY TO CARRY THE ELECTION—CLEARWATER WANTS IMPROVEMENTS

(By The Associated Press) ORLANDO, Feb. 21.—Citizens here today are voting on the proposed purchase of the water and light plants with two-thirds of a majority necessary to carry the election. The price of \$607,000 agreed upon for sale of the utilities and voters are asked for \$300,000 additional for rehabilitating plants.

A mass meeting of 300 citizens of Orlando, the overwhelming majority of them favoring their determination for municipal ownership of the water and light plants, brought to a close a seemingly one-sided battle for the ten-year-old problem of "what shall we do with the public utilities?" The heaviest guns available were brought up for the massed attack and the speakers, before an audience which applauded its approval, poured a final barrage of convincing arguments upon those who may be undecided, upon those who are "silent" and still thinking, and upon those who may be opposed to municipal ownership of the water and light plants.

CLEARWATER, Feb. 21.—Citizens of Clearwater today are voting on a proposed bond issue of \$240,000 of which \$100,000 is for municipal improvements, \$40,000 is to settle outstanding debts of the city. The balance would be used for paving, sewers, new city hall to cost \$50,000 and extension of water works system.

FLORIDA FEDERATION OF MUSIC CLUBS MEETS AT MIAMI

The annual convention of the Florida Federation of Music Clubs will take place in Miami, March 20, 21 and 22. This will be one of the largest meetings in the history of the Florida Federation as combined with this state meeting will also be a convention of the Federations of the South Atlantic district, including the states of North and South Carolina, Georgia and Florida.

A feature of special interest of this large convention will be two junior contests for young musicians. The Florida State contest will first be held, then the district contest in which winners of the state contests of North and South Carolina, Georgia and Florida will compete. The winners of the Florida State contest will receive certificates and winners of the district contests will be given prizes. The competition will be for voice, violin and piano, and the requirements will be as follows:

- 1.—Voice contestants must be 16 years or under. Piano and violin contestants must be 18 years or under.
- 2.—Pieces for contests are: For voice, "May Morning," (Denza); for violin, Seventh Concerto, (De Beriot), 1st movement; piano, "Rondo Capriccioso" (Mendelssohn).

Names and addresses of those desiring to enter the contests should be sent to Miss Margaret Haas, state junior chairman, 732 Oak street, Jacksonville, Fla. Miss Haas will also answer further inquiries regarding the contests.

HARDEE HEADS LIST OF SHRINE VICTIMS WALKING SANDS TODAY

(By The Associated Press) JACKSONVILLE, Feb. 21.—Governor Hardee headed a list of sixty-one candidates here today to be initiated at Morocco temple by Shriners tonight.

GENOA CONFERENCE WILL BE POSTPONED

(By The Associated Press) BERLIN, Feb. 21.—The French government today informed Germany it had requested Italy to postpone the Genoa conference for reasons stated in Poincaré's recent memorandum.

GOOD WATER, A CITY'S GREATEST ASSET

AN EDITORIAL

Good water is a city's greatest asset. Some cities are unable to obtain it for any price, some cities have to go 200 miles for it as Los Angeles does, other cities go almost as far as New York City and some cities spend millions trying to get water that is soft and pure for it is upon pure water that the health of the world depends. Sanford just now is looking for soft and pure water. We have pure water but it is sulphur water that comes from underground streams and that cannot be contaminated. In fact there is no chance to get typhoid or other germs in the artesian sulphur water of Sanford but unfortunately it is hard water and contains sulphur gas that is objectionable to many, especially to the guests in the city. Once becoming accustomed to the sulphur water the gas is unnoticed but it drives many visitors from the city who are unaware of the purity of the water and once they have formed a dislike to the water you can never bring them back. Another objection to the sulphur water is the fact that it rusts or corrodes the pipes and plumbing and causes no end of worry and trouble and expense in breaking and bursting pipes to the inhabitants and to the factories. In fact it is almost impossible for boilers to use the sulphur water hence the trouble of laundries and factories of all kinds and it is high time that the city of Sanford cast about for pure soft water that would be fit for drinking purposes and fit for all kinds of purposes. Some think that there is a strata of rock somewhere beneath the city where soft water could be obtained, some think the lakes in and around Sanford would be available. Other cities have tried lake water with varying success but most of them are casting about for better water than lake water realizing that if a pure spring of water could be tapped their difficulties would be over.

The Herald mentioned some time ago the fact that near Sanford was a spring of the purest water in the world—Elder Springs. We have watched the progress of Elder Springs since the time that Capt. Elder bought the place and first gave to the world this pure, sparkling health-giving water by bottling it and delivering it to the people of this part of Florida. By analysis it is almost 100 per cent pure. It is undoubtedly the purest and best water in the South and this paper said it would be a splendid idea to test the possibilities of piping Elder Springs water to Sanford. Some say the flow is not sufficient to supply Sanford. This remains to be seen and if the supply is sufficient Sanford would jump into the limelight over night as having the finest water in the South or any other part of the United States—a reputation that would boom this city as nothing else could do.

While we are casting about for a supply of lake water, while we are waiting for a test by driven wells in the city, while we are waiting for the hidden springs to reveal themselves under the soil of Sanford here is a source of pure water that we know is flowing hundreds of gallons every hour—much of it going to waste now that cannot be bottled.

Sanford uses now some \$12,000 worth of Elder Springs water a year. We do not know how much Orlando and other cities use. Would it not be a good idea to investigate Elder Springs even if it costs twice as much to get the water than to spend any time or money getting water that will not fill the bill after it is obtained? If an artesian well could be driven into pure, soft water near this city it would be the finest thing in the world for Sanford. But Elder Springs, four miles from Sanford could be piped to the city for a small sum of money considering the purity of the water after it has been obtained and unless a spring of water equally as good can be found in Sanford it would be good policy to investigate the feasibility of taking over this excellent water for this city. We have no knowledge of Elder Springs regarding the price of the property, do not know if the present owner wants to sell it, do not know how much it will cost to obtain it and bring it to Sanford.

We only rise up and remark that if Elder Springs water can be obtained for Sanford people we would have the best water in the world for all purposes and the future of Sanford would be assured.

Would it not be good policy to investigate this matter?

GIANT DIRIGIBLE ROMA EXPLODED AND SANK AT NEWPORT NEWS TODAY

May Be Second Catastrophe of This Kind—Death List Unknown

(By The Associated Press) NEWPORT NEWS, Feb. 21.—Officials at Langley Field announced this afternoon that the giant dirigible Roma exploded over Hampton Roads and sank immediately. What loss of life, if any, was not reported, but it is known a number of persons were aboard. Observers at Old Point said the Roma appeared to be well beyond the naval base when she took fire and fell. They believe she fell on land.

Roma exploded in air and landed in flames at army base. Four men were taken off her alive but badly burned. Conflagration so hot it was impossible to get near the ship and it is not known whether any more men are aboard. The Roma was only 35 feet from the ground at the time and nose-dived to earth within army reservation almost in front of reservation fire department headquarters. Langley Field reported forty men aboard when Roma left station.

STRIKER KILLED DURING A RIOT BY POLICEMAN

DISCHARGED RIOT GUNS AFTER MOB REFUSED TO DISPERSE

(By The Associated Press) PAWTUCKET, R. I., Feb. 21.—Joseph Assuncion, strike sympathizer, was killed today when police discharged riot guns after a mob of sympathizers refused to disperse, and two others were seriously injured. Mayor Kenyon, in command of the police, had read the riot act to the crowd. The shooting occurred near Jencks Spinning Company's plant where the strike is in progress.

The Florida family that does not have fresh fruit and vegetables on its dining table every day in the year is not enjoying an opportunity that belongs to all Floridians.

INVESTIGATIONS FORD'S OFFER THIS WEEK

BY HOUSE MILITARY COMMITTEE AND OTHER HEARINGS BEGIN

WASHINGTON, Feb. 21.—Investigation of Ford's offer for Muscle Shoals will be concluded this week by the House military committee, Chairman Kahn announced and hearings on the Alabama Power Company's proposal will begin immediately.

TEN MEN ARRESTED IN MOBILE TODAY

MOBILE, Feb. 21.—Ten men are under arrest in connection with what Solicitor Chamberlain announced in police court would develop a "\$10,000 swindle in Florida." They are alleged to be connected with wire tapping scheme in Florida and planning similar scheme here.

TAMPA BOARD OF TRADE WANTS CAPITAL REMOVAL DECIDE UPON LOCATION

LEWIS WANTS CONFERENCE TO STOP WAR BETWEEN UNION OFFICIALS AND COAL OPERATORS IMPENDING

(By The Associated Press) CHICAGO, Feb. 21.—President Lewis, of the United Mine Workers, asked the coal operators of the Central Competitive field to meet with union officials in Cleveland March 2 for a wage conference which he said might avert impending strike.

MARION COUNTY BOARD OF TRADE CHANGES NAME TO CHAMBER OF COMMERCE

(By The Associated Press) OCALA, Feb. 21.—After March first the Marion County Board of Trade will be known as the Marion County Chamber of Commerce. In changing the name of the organization the constitution and by-laws have been amended to provide for the admission of women to membership. This is considered a big step forward and one which will make for a very much more effective organization. Membership is to be sought also on a different basis from that followed in the past. Instead of seeking members for one year, for three or some other definite period, members will be signed up for an indefinite period. This will be done with a view to giving permanence to the work and to avoid frequent membership drives. The new membership will continue in force until the member submits his resignation in writing, or until his removal from the city or county.

DEMAND FORD'S PLAN ACCEPTED

ALABAMIANS DENOUNCE POWER CO'S BID FOR MUSCLE SHOALS PROJECT

(By The Associated Press) BIRMINGHAM, Ala., Feb. 21.—Resolutions denouncing the Alabama Power company's bid for the Muscle Shoals project, and demanding acceptance of Henry Ford's proposal, were sent to every Alabama congressman and senator. They were adopted yesterday afternoon by a mass meeting which filled the largest theatre here to capacity and from which hundreds were turned away.

The meeting turned into a great protest against the proposal of the Alabama Power company, despite the fact that this company maintains its home office in Birmingham. Its bid was denounced as an attempt to defeat Ford "for selfish purposes" and stress was laid on the charge that much English money is invested in the company while Ford's concern is American enterprise.

Opening with prayer, the meeting was then addressed by H. L. Harold, secretary of the Birmingham civic association and by Judge B. M. Allen, who presided. Judge Allen introduced former Gov. Emmett O'Neal, the principal speaker, who declared:

"The Alabama Power company and Wall Street interests are afraid for Ford to win out. They fear the generalization of labor by increased wages which would follow Ford's ownership of the Shoals.

"The interests have a staunch ally in Secretary Weeks to aid in delaying proceedings as much as possible.

"The power company is out to defeat Ford, not to make nitrates. God pity the people if their bid is accepted. The fertilizer and gunpowder trusts, and all other trusts who are seeking their personal interests, are furnishing the money to back the Alabama Power company. Do you think the power company could purchase this momentous project alone? No, they couldn't, even if they mortgaged their properties."

Sneeze into your handkerchief, not into the community; you get just as good a sneeze, and the community may avoid an epidemic.

Getting Down to Facts Concerning Division of the State

REFERENDUM VOTE

WOULD CHOOSE SOME CITY AND LET SOUTH FLORIDA WORK FOR MEASURE.

Capital removal, state division, reapportionment and state road-building were considered yesterday afternoon by the legislative committee and members of the board of governors of the Tampa Board of Trade, in view of the fact that progressive prosperous and populous south Florida appears to be getting only a morsel of what it deserves from the legislature, state road department and other boards.

T. M. Shickler, jr., was elected delegate of the board of trade to a good roads meeting in St. Augustine, March 29 and 30. He was also elected delegate to a meeting to be held March 15 for forming a capital removal association, recently called by the Palatka Chamber of Commerce. The Tampa board voted yesterday in favor of capital removal, and voted for having the organization meeting held in Tampa, on the ground that to avoid favoritism the meeting should not be held in Palatka, Orlando, Ocala or other contestants for the capital.

The meeting yesterday adopted a resolution presented by Col. W. F. Stovall, calling for a referendum at the primary next June, in peninsula Florida, to vote on what city is preferred for the new capital, the place selected to receive united support against Tallahassee. The resolution follows:

Whereas, There is every year renewed agitation, particularly in Peninsula Florida, for state capital removal; and

Whereas, until some specific made because of the several cities demanding that they be the new proposed state capital; and

Whereas, the apparent demand of at least 80 per cent of the voting strength of the state appears to be insisting on legal steps being taken this year toward settlement of the question; and

Whereas, Until some specific city town or locality has been agreed upon by all contenders for the proposed new honor, any steps taken will be leading only to the nowhere of past efforts; therefore, be it

Resolved, By the board of trade of the city of Tampa, that proper arrangements be made at the approaching primary election for a referendum to the people of Peninsula Florida of the question of location of said proposed new capital, and the place selected shall receive the support of all Peninsula Florida in any statewide capital removal campaign; and

Resolved, Further, that "Peninsula Florida," as referred to in this resolution shall be all of the state extending between the Gulf of Mexico and the Atlantic ocean, south of the north boundary lines of Dixie, Alabama, Alachua, Putnam and Flagler counties.—Tampa Tribune.

GENERAL FOSTER LEAVES FOR NEW YORK TO WORK

(By The Associated Press) ST. AUGUSTINE, Feb. 21.—General J. Clifford R. Foster, for many years adjutant general of the Florida National Guard, has moved to New York City to become executive manager of the Broadway Association. In this capacity he will direct all civic improvements to be carried out on Broadway, which is twelve miles in length from the Battery to Kingsbridge. General Foster has been engaged in promotion work for the American City Bureau for several years.

CHOLMELEY-JONES, FORMER DIRECTOR DIED IN NEW YORK

(By The Associated Press) NEW YORK, Feb. 21.—Colonel R. G. Cholmeley-Jones, formerly director of the bureau of war risk insurance, died in a hospital here today. He has been ill at the hospital since October.

SOCIETY

MRS. FRED DAIGER, Society Editor, Phone 217-W

If you have any friends visiting you if you are going anywhere or coming home, or if you are entertaining, write a point card to this department, giving details, or telephone the item. It will be greatly appreciated.

SOCIAL CALENDAR

Tuesday—Mrs. A. Vaughn will entertain the members of the Ilders' Club at her home on Sanford Heights at 3:00 p. m.

Tuesday—Miss Bessie Zachary will entertain the members of the Daughters of Wesley class at 7:30 p. m. at her home on Magnolia avenue.

Tuesday—Social Service Department of the Missionary Society will meet at 3:00 o'clock at the home of Mrs. C. L. Goodhue.

Wednesday—Mrs. A. W. Lee will entertain the members of the T. N. T. and Seminoles Clubs at her home on First street at 3:00 o'clock.

Wednesday—Mrs. Walter Morgan will entertain the members of the Bon Ton Bridge Club at her home on Park avenue at 3:00 o'clock in honor of Miss Marie Floyd, of Opelaka, Ala., the guest of Miss Fern Ward.

Wednesday—Music and Literature Departments will meet at three o'clock at the Club House.

Saturday—Hospital shower and reception from 3:00 to 5:00 o'clock.

Saturday—Children's Story Hour will be held at 4:00 o'clock at Central Park.

D. A. Kelly left last evening for Washington, D. C., where he went on business.

Mrs. Sam Yountz and baby returned last evening from an extended visit with relatives in Chicago.

Mr. and Mrs. J. R. Hall and two children, of High Springs, arrived here yesterday and will make Sanford their home, having bought a home on First street.

Mr. and Mrs. W. A. Abear, son Billie and Mr. and Mrs. J. D. Murphy, motored to Tampa, St. Petersburg and other points of interest, where they spent the week end.

Rev. A. S. Peck, Mrs. W. D. Holden, Billie Holden and Madam Harriet motored to Longwood yesterday afternoon where Rev. Peck held service at Christ church there.

Mr. and Mrs. B. W. Herndon and their guest, Mrs. J. E. Brouse, of Vancouver, B. C., accompanied by Mr. Ward and Mrs. Kellum will motor to Silver Springs tomorrow.

Raymond Key returned home last evening from Daytona where he attended the funeral of his uncle Walter Twitchell. During his absence Mrs. Key was the guest of Mrs. L. P. McCuller.

Mrs. Harry Driver, of Orlando, was the guest of Mrs. George DeCottes Friday evening and Saturday, coming over to attend the shore dinner and bridge party given by Mrs. B. W. Herndon at Daytona Beach Saturday.

SHOWER FOR HOSPITAL
Don't forget the shower for the hospital to be given Saturday afternoon. Come and bring your things and if it is inconvenient for you to come, send them to Mrs. T. N. Puleston. A reception will be held at the hospital from 3:00 to 5:00 o'clock. This is a worthy cause and all should contribute liberally.

JENNY SPAULDING CIRCLE
Jenny Spaulding Circle met Friday, February 16th, at the home of Mrs. Herbert Speer. There was a good attendance of members and several visitors. After the business session refreshments were served.

Next meeting will be held Thursday afternoon at the home of Mrs. Brannon.

NOTICE!
There will be a meeting of the Social Service Department of the Woman's Missionary Society of the Methodist church tomorrow afternoon at the home of Mrs. C. L. Goodhue, on Magnolia avenue at 3:00 o'clock. Mrs. L. R. Phillips will be leader.

FOR VISITOR
A pretty compliment to her guest, Mrs. J. E. Brouse, of Vancouver, B. C., Mrs. B. W. Herndon entertained the members of the Duplicate Whist Bridge Club and a few extra guests at a Shore Dinner at Cattaneo's at Daytona Saturday. At one o'clock luncheon consisting

of shrimp cocktail, broiled lobster, shoe string potatoes, hot rolls, hearts of lettuce and tomatoes with Russian dressing, French pastry and coffee were served. During the luncheon a three piece orchestra furnished splendid music. After luncheon, duplicate bridge was played in the sun parlor, the prizes, dainty organdie naprins with applied flowers were awarded to Mrs. J. E. Brouse and Mrs. E. F. Housholder.

Besides the members of the Duplicate Club, the guests included Mrs. J. E. Brouse, Mrs. Harry Driver, of Orlando, Mrs. George DeCottes, Mrs. G. W. Knight and Mrs. Forest Lake. The members who enjoyed this delightful occasion were Mrs. E. F. Housholder, Mrs. A. P. Connelly, Mrs. E. M. Galloway, Mrs. R. A. Newman, Mrs. F. L. Miller and Mrs. S. Puleston.

MARION DAVIES COMING

Appearing in a splendid picture story, Marion Davies will be seen in "Enchantment" her latest Cosmopolitan production at the Star Theatre Tuesday (tomorrow). The production is massive and beautiful and the story most appealing. Forrest Stanley is the leading man.

"LISTEN TO ME" AT THE NEW ATHENS, DELAND, TOMORROW

A stage setting outclassing all that has been done before, in brilliancy and detail, is one of the many beautiful settings in the fantastical extravaganza "Listen to Me" coming to the Athens Theatre, DeLand, tomorrow night. The picture is the frozen North; a blizzard is sweeping over the scene while a raging snow storm lends atmosphere. It is the land of the midnight sun, where Eskimo villages with dog teams resting after their long journey, great ice bergs, and snow crested peaks are bathed by the sombre radiance of the Aurora borealis. A theatrical party revel in a midnight frolic, building a snow man around the black face comedian, engaging in a snow ball battle and progressing into skating parties. This is the most novel and bewildering scene offered in a long time by a company numbering nearly fifty singers, dancers and entertainers, including Maude Baxter, Bessie Delmore, Billy Moore, Billy Murphy, Leslie Jones, Barbara Bronell, Ross Robertson, and the smartest, danciest chorus ever here. Seats now selling at the Athens Theatre, DeLand.

B. S. A.

Tuesday night at 7:30 there will be a "joint meeting" of the four chapters of the B. S. A. in the Saint Andrew's Brotherhood House. It will be an interesting occasion to get all the members of the four chapters together. Speeches are to be made by several of the boys and young men on various subjects relative to the history and work of the Brotherhood; also on George Washington, as statesman and churchman. A social time will be enjoyed after the meeting. All out!

SHOALS PLANT AS PUBLIC UTILITY SUGGESTION NOW

ALABAMA POWER CO. WOULD FURNISH ELECTRICITY TO ALL IF GIVEN CHANCE

(By The Associated Press)
WASHINGTON, Feb. 20.—Supply of hydroelectric power for municipal and industrial purposes throughout the region within transmission distance of Muscle Shoals, Ala., estimated by engineer experts at 400 miles, was promised last night by Thomas W. Martin, president of the Alabama Power Company, in the event congress accepts the offer of that company for purchase and lease of the shoals projects.

Mr. Martin's statement pointed out that the offer to operate at Muscle Shoals under the federal waterpower act obligated the company to function as a public utility bound to serve every one without discrimination, either in rates or in service.

The statement further said that a wide demand existed in the South for increased power facilities and that this consideration had prompted the Alabama company to make the offer.

Confidence was expressed by Mr. Martin that the entire power output would be promptly absorbed. He also declared that the company's policy would be if the offer was accepted "to make as wide a use as possible of this great resource" at Muscle Shoals.

Progress was made by the house military committee Saturday in its consideration of the Ford offer for purchase and lease of the shoals projects, although the committee's hearing were suspended Saturday until today. Members of that body individually summed up testimony taken in the last two weeks and conferred with Mr. Ford's representative.

W. B. Mayo, personal spokesman for Mr. Ford conferred with Representative James, Republican, of Michigan, before he left for Detroit. Mr. Mayo gave the Michigan member a statement for the committee's record showing the number of tons of finished fertilizers Mr. Ford could produce annually at Muscle Shoals by applying three formulas to the 110,000 tons of ammonium nitrates which he guarantees by the proposed contract to manufacture at Plant No. 2. By one formula, it was said, 1,825,000 tons would be possible while 1,283,000 and 962,500 would be produced respectively if the other processes were applied.

It was understood that Mr. Mayo would suggest several alterations in the Ford offer in addition to that ers shrdlu shrdlu shrdlu etnoin un un guaranteeing a minimum yearly production of completed fertilizers in lieu of the provision pledging the manufacture of certain fertilizer compounds which a number of committee members have insisted should be written into the proposed agreement.

SAULS DREW FREE LOT AT SUB-DIVISION SALE SATURDAY AFTERNOON

H. S. Sauls was the lucky one to draw the free lot in Buena Vista Saturday afternoon. There were two numbers called before his number but the holders of the lucky numbers were not on the ground to claim the lot and forfeited their rights to the same. The free lot Number two will be given away next Saturday together with the new Ford touring car and it is expected that a record-breaking crowd will be present at that time. Many other valuable presents were given away at the time of the lot and many were made happy who attended. Others were made happy by the purchase of some of the fine lots being sold at the new subdivision on such favorable terms that anyone can purchase a nice building lot now. Go out to the new subdivision and get a lot before they are all sold.

PARISH HOUSE CALENDAR

SELLS IT FOR LESS

Our Tailoring Man Will Return for Another Opening Thursday, Friday and Saturday, Feb. 23-24-25

OUR TAILORING SALE WAS A BIG SUCCESS

There is a Reason

We were offering the men, and young men of Seminole County big values in made-to-measure clothing for less money. We prefer selling five customers at small profits rather than sell one customer at a big profit—we make five friends instead of one—our volume is greater—in the end we make more.

The welcome that the people of Sanford and Seminole County have given us is certainly gratifying to us, and we want to say in return we like Sanford, and the people. We are here to stay.

The same values we offered last week in made-to-measure clothing will be offered Thursday, Friday and Saturday.

MEMBER THE ASSOCIATED PRESS

Get ready for a big season.

Remember that shipping poor stuff will kill the good market.

Sanford growers are sitting on the top of the world this season. Don't fall off.

It is reported that the ex-kaiser will marry again. Probably had monkey glands treatment.

Billy Sunday called on President Harding yesterday. Hope it will have its effect later on.

If Sanford will go after soft water for the domestic use of the people we will have accomplished something that will make this city great.

Highway work in United States this year will cost a billion. Florida will probably get as much as two hundred dollars out of it.

Airplanes will not be junked. The government is now using them to detect booze runners and it will take at least six thousand of them to detect all the "rummies" in Florida alone.

Orlando will vote on the question of owning the public utilities today. It is almost a foregone conclusion that the people down there will own their utility plants. Every progressive city is coming to it.

Sanford is paying too much for lights, for water, for gas and for ice and getting a poor quality of all of them for a big price. The only solution is to own the utilities and save the people money—also get real service.

Man who was victim of con men wants to sue the bank for allowing him to draw the money out. Banks will need "strong arm men" now to take care of all the foolish depositors. We need some here in Sanford.

The bonus bill is back in special committee today. The Republican party is certainly backing and filling on this question. Why don't they do one thing or the other and do it now? Either refuse to pass the bill or pass it. Be a man or a mouse.

Another American heiress has wedded a foreigner—this time a Swiss riding master. Suppose he will whip her every time he whips the other jackasses. Her father probably sweated his ill-gotten gains out of the blood of workmen for his daughter to fritter it away on some foreigner.

All the big banking interests say that prosperity is on the way again and it will now be possible to negotiate a small loan without pawing your grandfather's picture. Hard times and good times are made by the pressure of the money interests and not by conditions altogether. If they would have a change of heart sometime all of us could live easier.

Whole town in New York state was called out to suppress a fight between college students when the freshmen and sophomores became engaged in a friendly tussle. The townspeople should have allowed them to kill off

YOU'VE EATEN THE BEST NOW TRY THE BEST

We never try to kid ourselves into believing that any old kind of groceries will sell here. We found out, early in life, that one eats to live—so if they eat the best they live to enjoy it for a much longer time. Come to see us.

DEANE TURNER

Phones 497-494 WELAKA BLOCK

about sixteen on each side and the college would have been better off in many ways.

"I AM A DUB."

Patrick M. Tammany, secretary of the Kiwanis Club, of Seattle, recently contributed to the Kiwanian magazine a sermon, directed especially to the selfish citizens who sees nothing but his own business that is a masterpiece and its analysis of the modern individual who "let's George do it." He says:

"I have spent the days of my life building my business. I have been a slave to that business. My waking hours have been so full of my business that I have lost touch with my fellow man. The night is tedious and long and restless with worry that I cannot shake off, for I have no thought but of my business. My great city around me seems nothing more to me than a vast collection of prospects. I hear of men and groups of men who are said to be earnest, public-spirited citizens who are seeking to achieve things that mean nothing to me, for I see no immediate return in them to my business. Yet these men are far more successful than I am. And as they pass from the community great industries halt and men linger on their busy way to mourn for one who has been a friend to the community. Should I pass on tomorrow only my immediate family would miss me, and in my business there would be some slight speculation as to who would be the new boss, but this great city which has been my bread and butter, that has made it possible for me to raise and educate my family, that has given me everything that I have and which my family will have after me, will not care and will not miss me, for I have been narrow and selfish in my dealings with my city and with the men that have made my city worth while. I have failed to realize that my city could be no more prosperous, no better, than the men and business houses in it. I have not been broad enough, far-seeing enough, to realize that my business could not be a great business without a great city behind it. I have been too selfish and too much engrossed in my affairs to know that other men were facing the same troubles and difficulties as myself and that simple solutions could come thru co-operation. Down the street from me is a man in the same business. His problems are the same. Yet I do not know him and because I do not know him I distrust him. How easy it would have been had we met on a common footing and talked things over. What fine things he and I could have done by co-operating for the good of our city. And by making a better city, how we could have helped our business. All around me are successful business men. Men who are thinkers and have the confidence of the public. These men and I, what is there, that, working together, we could not accomplish for our city. And meeting them for an hour once a week, knowing them so we would be Jack and Joe to each other, talking as only friends can talk, how we would each have profited. I am a dub."

REPUBLICANS AND THE BONUS.

There need be little sympathy for the Republican majority in congress as it finds itself in a maze of 'embarrassments over the soldiers' bonus proposal. The nest is of Republican weaving. It is spun of demagoguery, double-dealing and insincerity. Let those who made the snarl unravel it. The question of a bonus, involving billions of dollars of the public treasury, has deserved the most unselfish consideration that enlightened statesmanship can give it. The issue has been clean; if the bonus is paid, the taxpayer must foot the bill. There is no alternative. Only two questions were worthy of consideration: first, should and can the bonus be paid; and, second, if it should be paid and can be paid without too great menace to financial stability, how can the funds be raised most equitably? But in so far as the majority of the Republican congressional bloc is concerned, these questions have had little weight. The whole matter from the first has been put upon the unworthy basis of vote-snatching. The one desire has been to find a way to pay—or pretend to pay—a bonus that will win the soldier vote without sacrificing the support of too great a number of the rank and file of taxpayers.

This unholy wish was father of the iniquitous proposal to obtain funds for a soldier bonus from the principal or interest of the foreign debt. Although it is notorious that there is no income from this source now and none in immediate prospect, certain gentlemen of capitol hill were willing to pass such a bill and trust to luck that its fallacy and insincerity would not become apparent until after the congressional elections next fall.

Fortunately there has been some statesmanship in Washington. The secretary of the treasury pointed out

MICKIE SAYS

FER TH' LOVE O' MIKE, LAY OFF THIS "HARD TIMES" TALK! WHEN A CUSTOMER COMES IN 'N YA START MOANIN' ABOUT HOW TIGHT MONEY IS, YER YALKIN' HIS MONEY RIGHT BACK INTO HIS POCKET SO YA ARE!

the absurdity of basing a bonus upon the foreign debt in logic that it is irrefutable. Even the president after shifting his position from frank opposition to any bonus to espousal of the proposal, has had to yield to the opposition to a bond issue.

No comprehensive knowledge of finance is needed to realize the unwisdom of further large bonding activities by the federal government at a time when all our resources should be directed toward reducing our colossal and burdensome debts. If the American people desire a bonus to be paid, they are quite willing to foot the bill, and they will take a certain measure of satisfaction in paying it directly and knowing what they pay. To suggest that the bonus can be paid from any other source than from the American pocketbook is an insult to intelligence.

If the administration is sincere in advocacy of a bonus, let the gentlemen frankly say to the people: "This should be paid; let us pay it, wholeheartedly and cheerfully." That would be statesmanly and would win applause. If the administration believes that the public finances will not stand the strain, or if it believes that a bonus should not be paid under any circumstances, let it say as much frankly. That, too, also would be statesmanship and would be applauded.

But one thing the gentlemen at Washington cannot do with impunity. They cannot play both ends against the middle. They cannot eat their cake and have it.—Tampa Tribune.

FORWARD NOW—TOGETHER!

The time has come for all of us in America to move forward—unitedly and with determination—into an era of sound Prosperity.

We are due to come into our own. NOW is none too soon.

We must make up our minds to GO AHEAD—flash this signal all along the line. The way is open if our will is strong.

The wheels of industry will turn in response to our command, expressed in terms of action.

It is up to YOU, to all of US, to say the right word and do the right thing to stabilize business. Stability waits on activity plus faith that all is well—faith in ourselves, in one another, in business.

FAITH is the very foundation of prosperity. Make it the cornerstone of your thinking and of your action.

TODAY, let us start putting our shoulders to the wheel, all together. Let us work a little more, think a little harder, but without foreboding—and sell with a conscience. We must keep a clear eye out for the other fellow's interests as well as our own.

The one rule that assures a full measure of prosperity is the Golden Rule. It is simple, sure, safe. Work this rule and let it rule your work.

Some say there has been a breaking down of faith by the recent scramble to "get while the getting is good." Even if that is so, we must dismiss from our minds that phase of reaction from war endeavors and declare for new, high standards.

Nothing tangible is holding us back. The fundamental factors making prosperity are all favorable.

At core American business is solid. At heart American men and women are courageous.

We must show the world, each other, ourselves, what American spirit really means.

Forward now, together, confidently.—(A Message from the Associated Advertising Clubs of the World).

OUR PROSPECTS.

Sanford never had better or brighter prospects in the past twenty-five years. This is big stuff, but you can sum it up and find out that this is

TRUCK

By a Sanford Celery-fed Man

A CONNOISSEUR.

"Have you lip rouge?" "Yes, miss."

"What brand would you recommend?" "Well, personally, miss," replied drug clerk, "I prefer the taste of this."—Ex.

RELAPSE AHEAD.

A physician claims to have restored two patients to sanity by pulling their teeth. When they see the bill they will go crazy again.

Yes, and I don't want the make-up man to put my stuff under the head of "Markets" today. It may be "Truck," but it is not marketable stuff. If it was I would not be here pecking away at a typewriter at so much per.

NARROW ESCAPE.

"That woman over there looks as if she were painted."

"Sir! That's my wife!" "I had not finished my sentence. She looks as if she were painted by Raeburn and had just stepped out of the frame."—Boston Transcript.

MAIL ORDERS.

An enterprising tradesman sent a doctor a box of cigars which had not been ordered, with a bill for six dollars. The accompanying letter stated that "I have ventured to send these on my own initiative, being convinced that you will appreciate their exquisite flavor."

In due course the doctor replied: "You have not asked me for a consultation, but I venture to send you three prescriptions, being convinced that you will derive therefrom as much benefit as I shall derive from your cigars. As my charge for a prescription is two dollars, this makes us even."

Did you read where that Jacksonville man was shot by a chicken. Not the kind you mean but a Dominicker hen. Of course, all who believe that story can stand up.

THAT'S ALL THERE IS; THERE IS NO MORE.

Two men were standing on our favorite corner yesterday. Said one: "I wonder if that woman over there looking in the window is trying to flirt with me?" Wait a minute," replied his companion, "I'll ask her; she's my wife."—St. Augustine Record.

real truth. All we need now is that spirit of optimism that will go ahead and build this city as it should be built. We need many improvements of all kinds and we should not hold back for one instant. We need better water, better lights and better gas and we need lake front improvements and we need more paved streets and sewers and all those improvements that mean a greater city. There are many buildings that should be condemned and torn down, streets that should be opened, all unsightly objects should be demolished and Sanford should be built into that big city of which we have talked and dreamed for so many years. Now is the time to do all of this for celery money will help much. Our people and our city will be on a solid foundation this spring and there will be more money here than ever at that time of the year. We should spend this money at home where it will do the most good, instead of throwing it into the rat holes that have received it in the years gone by. If all the money that was made in Sanford was spent in Sanford this would be the biggest city in the state. This is something to think about also. Then we need all those new buildings on First street that have been planned and talked about. This is the time to build them. This summer is the time to build the golf links and the country club and that tourist hotel.

We have the real prospects for success this summer. Are we going to take advantage of them or will we spend the money foolishly in foreign stocks, in automobiles, in summer trips, in riotous living, instead of making a real investment in real estate in the best city in the world. It is worth thinking about.

DEMOCRATIC EXECUTIVE COMMITTEE

WILL CONVEENE AT JACKSONVILLE TO PUT NAMES ON TICKET

TALLAHASSEE, Feb. 21.—The records of the secretary of state show that many state offices expire within the coming year, and provision to be made for these offices placed on the ticket for the primary election in June. It is doubtless to be made by the state democratic executive committee, which convenes tomorrow in Jacksonville. The following offices must be filled:

U. S. Senator, Park Trammell; term expires March 4, 1923.
Representatives in congress: First congressional district: H. J. Drane, Oklawaha, term expires March 4, 1923; Second congressional district: Frank Park, Gainesville, term expires March 4, 1923; Third congressional district: H. Smithwick, Pensacola, term expires March 4, 1923; Fourth congressional district: W. J. Sears, Kissimmee, term expires March 4, 1923.
Justices of the Supreme Court: R. Taylor, Tallahassee, term expires first Tuesday after the first Monday in January, 1923; Jefferson B. Brown, Tallahassee, term expires first Tuesday after the first Monday, January, 1923.
Railroad Commissioners: R. Hudson Burr, Tallahassee, term expires first Tuesday after the first Monday in January, 1923; A. D. Campbell, Tallahassee, term expires first Tuesday after the first Monday in Jan., 1923.
Circuit Judges: Judge A. G. Campbell, of first judicial circuit; term expires June 8, 1923; Judge E. C. Love, of the second judicial circuit, term expires June 8, 1923; Judge Mallory F. Horne, third judicial circuit, term expires June 8, 1923; Judge George C. Gibbs, fourth judicial circuit, term expires July 2, 1923. Judge W. S. Bullock, of the fifth judicial circuit, term expires June 11, 1923; Judge M. A. McMullen, of the sixth judicial circuit, term expires with next senate; Judge James W. Perkins, of the seventh judicial circuit, term expires June 8, 1923; Judge E. C. David, of the eighth judicial circuit, term expires April 26, 1923; Judge D. J. Jones, of the ninth judicial circuit, term expires June 11,

1923; Judge John S. Edwards, of the tenth judicial circuit, term expires on June 11, 1923; Judge H. Pierre Branning, of the eleventh judicial circuit, term expires June 11, 1923; Judge George W. Whitehurst, of the twelfth judicial circuit, term expires May 30, 1923; Judge F. M. Robles, of the thirteenth judicial circuit, term expires June 20, 1923; Judge C. L. Wilson, of the fourteenth judicial circuit, term expires June 20, 1923; Judge E. C. David, of the fifteenth judicial circuit, term expires June 13, 1923; Judge Charles O. Andrews, of the seventeenth judicial circuit, term expires June 3, 1923.

Criminal Courts of Record: Duval county—Solicitor L. D. Howell, term expires May 6, 1923; Monroe county—Judge W. Hunt Harris, term expires June 9, 1923; Solicitor Arthur Gomez, term expires June 24, 1923.

State Attorneys: Fifth judicial circuit, George W. Schofield, Inverness, term expires June 13, 1923; Eighth judicial circuit, A. S. Crews, Starke; term expires June 9, 1923; Tenth judicial circuit, B. O. Rogers, Lakeland; term expires July 4, 1923; eleventh judicial circuit, John C. Cramwell, Miami, term expires June 9, 1923; Twelfth judicial circuit, S. W. Lawler, jr., Fort Myers, term expires June 15, 1923; Seventeenth judicial circuit, Joseph H. Jones, Orlando, term expires June 9, 1923.

State senators in even-numbered districts, and in Districts Nos 9 and 27.

Members of the house of representatives.

Five county commissioners, each county.

Three members board of public instruction, each county.

Justices of the peace, and constables, where there are vacancies.

BOND ISSUE FOR MUNICIPAL IMPROVEMENTS

(By The Associated Press) MIAMI, Feb. 20.—Qualified electors of the city will on March 7 vote on a proposed bond issue of \$700,000 for municipal improvements under an ordinance adopted by the City Commission Monday. The proceeds of the bond issue would be utilized in carrying out the following projects:

Municipal building as an addition to the city hall, \$30,000; motor equipment for the street department and an asphalt repair plant for the same department, \$20,000; building for fire department and motor equipment for the same department, \$25,000; con-

struction of and equipment for parks, \$25,000; erection of additional buildings for hospital purposes, \$75,000; erection of comfort stations and their equipment, \$25,000; to dredge and deepen the harbor of the city of Miami, \$50,000; erection of a garbage disposal plant, trucks and equipment for same, \$20,000; erection of buildings and purchase of machinery for operation of sewage disposal, \$100,000; construction of sewers, \$200,000; erection of bridge across the Miami river at S. W. Second avenue (Avenue G), \$100,000.

"FLAPPERITIS" AS THEY CALL IT, IS INVADING THE BEST OF FAMILIES

NEW YORK, Feb. 21.—Flapperitis has reached the epidemic stage and is finding its way into the homes of the best educated and most aristocratic families, Miss Janet Richards, yesterday told the Girls' Protective League meeting in Mrs. Otto H. Kahn's Fifth avenue residence.

Well bred and educated girls, instead of being the personification of purity, refinement and innocence, appeared to be taking the initiative in cheek-to-cheek dancing, midnight automobile frolics and other "carrying on" she declared.

"Why," Miss Richards continued, "things have come to such a pass that every mother has reason to fear for the safety of her sons." She said conditions "certainly are deplorable."

Closing out Men's work shoes, prices down.—Lloyd's Shoe Store.

MOTHER AND CHILDREN ARE BURNED TO DEATH —HOME ALSO DESTROYED

(By The Associated Press) AIKEN, S. C., Feb. 21.—Mrs. E. E. Monts and her three children were burned to death today when her home here was destroyed by fire. The husband was also severely burned and is now in an Aiken hospital. The bodies of the mother and two of the children were recovered. A negro is being held for investigation, the officers believing the fire might have been incendiary.

The Pipe Organ Club Easter Bazaar will be held Saturday, April 8th at Moore's Optical Parlors, opp. P. O. 275-5tc

Lexington Leads Because It Lasts!

Announcing Series 'U'

The 'U' means ultimate! It is the matured product of a pre-determined plan behind everything Lexington has done for more than a decade.

This vast system affords advantages and effects economies enjoyed by no other maker.

The aim has been a car of maximum service and minimum upkeep, whose peak of efficiency will be maintained in excess of all previous standards.

The Series 'U' possesses all the essentials of gentility, has the charm of gracious proportions, and is decidedly a car of repose. Its range of effortless performance is phenomenal.

The theme of this notable car is durability. You can safely buy it with 100,000 miles of utmost satisfaction ahead of you.

Power has been put to music by the famous Ansted Engine! It has a split-second acceleration, is a champion on hills, and is a thoroughbred under every condition.

There can be no other quality car like it, because the factory-community system which produces the Lexington is like that of no other car in the world.

Come and see the most complete car ever put on the market by a manufacturer, or phone for a ride!

INTERNATIONAL CARTOON CO.

IN CHRONIC STATE OF FEAR

Observing Author About Night When He Describes Conditions Under Which All Live.

In his book, "The Conquest of Fear," Basil King says: "Look at the people you run up against in the course of a few hours. Every one is lying or working in fear. The mother is afraid for her children. The father is afraid for his business. The clerk is afraid for his job. The worker is afraid of his boss or his competitor. There is hardly a man who is not afraid that some other man will do him a bad turn. There is hardly a woman who is not afraid that things she craves may be denied her, or that what she loves may be snatched away. There is not a home or an office or a factory or a school or a church in which some hang-dog apprehension is not eating at the hearts of the men, women and children who go in and out. I am ready to guess that all the miseries wrought by sin and sickness put together would not equal those we bring on ourselves by the means which, perhaps, we do least to counteract. We are not sick all the time; we are not sinning all the time; but all the time all of us—or practically all of us—are afraid of some one or something."

MOVES ALTOGETHER TOO FAST

Writer Makes Complaint About Life That Will Be Echoed by Many No Longer Young.

Here is another new one already started and even on the second day we can seem to feel the finish just ahead of us, F. H. Young writes in Providence Journal. We shall have just time to save up for the summer vacation and then for another period of scripping preparation for Christmas and first thing we know they will be handing around the 1923 calendars. That is really the most alarming aspect of life, after one gets to be about 30. It is this infernal and relentless speed of the passing years which steadily becomes speedier. It is only youth that is able to worry about love-measuring machines, the erratic conduct of the equator and the north pole, the speed of the moon and the speed of turtles and all these contemporaneous scientific matters.

And yet, science is just wonderful, isn't it? In Toronto the American Association for the Advancement of Science has just received a report from a professor at the University of Wisconsin which reveals a new speed record. The champion racing turtle in an event which included 193 entrants finished the mile in three years eleven months and nineteen days. All we can get out of this is the thought that we would like to have life move as slowly as it does for a turtle.

Among Immortal Writers.

The year 1921 was so taken up by interest in the Dante sixcentenary that most persons failed entirely to note the fact that the year was the four hundred and fiftieth anniversary of the death of another of the world's immortals, Thomas a Kempis, the author of the "Imitation of Christ." A quarter of a century or so ago a discussion with regard to the world's greatest books was precipitated by an ingenious London editor who asked the question: "If you were to be marooned on a desert island for life and could take only a dozen books with you, what books would you select?" In the lists of answers Dante and a Kempis invariably occurred, in fact a Kempis was omitted from almost none of the lists of university men, and was included by many scientists, even Huxley himself selecting it.

Gifts of the Ocean.

As soon as the season ends, the beach combers get busy on all the beaches of the famous summer resort, says a New York correspondent. One beach comber observed was carrying a silk umbrella filled with jewelry and another half filled with coins. He explained that the rain had aided him in detecting the presence of the jewelry and coins in the sand. For years beach combing at Rockaway has been a full industry. Hundreds of persons frequently take part in the search and discover many valuable articles lost by summer visitors. Last year so numerous were the combers that the supports under some sections of the pavilions and hotels were weakened as the result of their activities and the police had to patrol the beach in an effort to check the undermining of buildings.

Of Interest to Bee Keepers.

Keep large, long-tongued bees, advises J. H. Merrill, of the Kansas State Agricultural college. He has found that the bees with the longest tongues and the greatest body weight bring home the most honey. To the American Association of Economic Entomologists' meeting in Toronto he declared it is possible to tell which colony of bees in a beeyard will collect the most honey during a summer by measuring the tongues, the amount of nectar, and obtaining the weight of forty bees from each colony in the spring.

The Engineer is a Lassie.

The first woman in Britain to complete a full apprenticeship in an engineering shop is a Scotch lassie, Miss V. A. Drummond of Dundee. Further distinction has come to Miss Drummond in the form of election to the British Institute of marine engineers.

TRY A DAILY HERALD WANT AD.

FIVE PERSONS IN U. S. AVERAGED \$13,000,000 YEAR

AVERAGE \$9,200,000 EACH FROM DIVIDENDS AND \$15,000 SALARY

WASHINGTON, Feb. 20.—Five citizens of the United States reported an aggregate gross revenue in 1919 of \$65,000,572 according to an official report issued by the treasury department. Deductions of \$14,465,873 were allowed, bringing the net income to \$50,534,699 on which the government collected \$33,301,085, or 65.77 per cent. The analysis of the income of these five taxpayers, made by the treasury showed that less than \$75,000 came from "wages and salaries," none from "business," \$20,000 from "partnerships and personal service corporations," \$11,000,000 from "sale of real estate, stocks, bonds, etc.," \$121,000 from "rents and royalties," \$40,000,000 from "dividends," \$9,713,000 from "interest and investment income" and the balance about \$380,000 from interest on government securities not entirely exempt from taxation.

For the year 1919 there were 5,332,700 individual returns filed for a total of \$19,859,000,000 as against 4,425,114 returns for a total of \$15,924,000,000 for the previous year. The tax collected on the 1919 returns amounted to \$1,270,000,000 which was an increase of \$141,008,000 over the year 1918. Personal returns of incomes of \$1,000,000 and over totaled 65 for 1919 compared with 87 in 1918, while for 1919 there were 5 returns filed for incomes of \$5,000,000 and over.

For 1919 there were 6 personal returns of income from \$8,000,000 to four million; 7 of income from two to three million; 18 from \$1,500,000 to two million; 34 from one million to \$1,500,000, and 60 from \$750,000 to \$1,000,000.

The average net income reported for 1919 was \$3,724.05; the average amount of tax \$288.08, and the average tax 6.39 per cent.

The number of joint returns of husbands and wives for 1919 was 2,858,597, and the number of wives making separate returns from their husbands was 58,534.

The number of corporation income tax returns, other than personal service corporations, for 1919 was 320,198 of which 209,654 reported net income amounting to \$9,411,000,000 with a total tax of \$2,175,000,000 compared with the 1918 figures of 317,579 corporations filing returns of which 202,081 reported a total net income of \$8,861,000,000 and tax aggregating 168,000,000.

Newspaper Man Warned to Leave Quiet MacClemey Was Not Wanted in Town and Like Trouble

(By The Associated Press) JACKSONVILLE, Feb. 21.—A newspaper man who went to MacClemey yesterday as the result of a serious trouble feared, which the Sheriff of Baker county Saturday night telephoned from Baldwin, arrived at MacClemey yesterday afternoon that several persons had to remain there. He added that residents of MacClemey were armed.

LONGWOOD

Friends of T. G. Roebuck will regret to hear of his death February 12th, at his home in New York.

Mr. Laing and Miss Jimmie Laing of Sanford, were visitors in town Sunday. Miss Etta Hartley returning home with them.

Miss Margaret Stuart spent the week end with her mother, Mrs. Geo. Stuart.

Mrs. J. S. Dinkel returned from Jacksonville Sunday after a three weeks visit with her daughter, Mrs. H. R. Chapman.

Mr. and Mrs. E. L. Dinkel were visitors in Sanford Saturday.

Mr. and Mrs. Frank Topf, of Orlando, Mr. and Mrs. Todd, of Pennsylvania, were visitors in town Sunday afternoon.

Mr. and Mrs. John Jenkins and children and Mrs. Perry, of Sanford, were calling on the Fuller's Sunday.

Those visiting the Tampa Fair were John Ranger, F. H. Ranger, Ralph Ranger, Mrs. Neimyer, Mr. and Mrs. Bistline. The Bistline and Neimyer chickens took a number of blue ribbons.

The federation of the B. Y. P. U. of Seminole county will be entertained by the Longwood Union Friday evening, February 24th.

Mrs. Jim Martin and two little boys arrived Tuesday to spend some time with her mother, Mrs. George Lewis.

A. Y. and J. K. Fuller attended the fair Tuesday.

J. E. Phipps left Wednesday for Miami where he will be for several weeks.

There will be services at Christ church Sunday afternoon at 3:30 Father Peck officiating.

Mrs. Welborne Phillips, Mrs. E. C. Maury and Miss Elizabeth Rand were visitors in town Monday.

Mrs. H. Newman was called home on account of her grandmother's death, Mrs. Entzinger.

TRUCKS FOR HIRE MUST BE LISTED

(By The Associated Press) TALLAHASSEE, Feb. 20.—Any motor vehicle, truck or bus, which carries passengers or freight for a compensation comes under the "for hire" class and must be rated in Class "B" under the new motor license law, according to an opinion given to the state comptroller by the attorney general and passed on to the Miami Motor Club, in response to a request for an interpretation of the statute.

This classification also applies to cars rented by firms or individuals, with or without a driver, whether rented by the hour, trip, week, month or season, the opinion said.

BRANNING WILL NOT BE A CANDIDATE

MIAMI, Feb. 20.—Judge H. Pierre Branning, of the Eleventh Judicial Circuit, has announced that he will not be a candidate for renomination in the June primaries. "I have felt for some time that I owe it to myself and my son to leave the bench and re-enter private life in order to lay by a competence not only for the future but to give the boy the best possible educational advantages," said Judge Branning. "Why my terms ends I will have served nine years."

Former Judge H. F. Atkinson and Will H. Price are regarded in local political circles as possible candidates for the judgeship.

POTATO ACREAGE THIS SEASON TO BE OVER 22,000

A most complete report of the total acreage of potatoes planted in the Hastings potato belt has just been completed by A. W. Clow, field manager for the Nix Produce Company. The report covers thoroughly the immediate Hastings section and gives a fair estimate of what is planted in the entire potato belt in this section. The total estimated acreage for the counties of St. Johns, Flagler, Putnam and Clay is believed to be 22,500 and will cost the planters in the neighborhood of \$1,500,000 to plant, dig and place aboard the railroad cars or steamboat lines. It is estimated that the crop will bring to this section of Florida in the neighborhood of \$4,000,000.00 within the next ninety days.

In the immediate Hastings section there is planted 15,750 acres divided as follows:

Hastings	7,000
Elkton	3,000
East Palatka	1,400
Spears	800
Orange Mills	550
Federal Point	500
Armstrong	100
St. Augustine	100
San Mateo	100
Bunnell	650
Espanola	375
Yelvington	300
Roy	150
Potatoville	125

Total 15,750

The above does not include the acreage for a number of important points in the potato belt such as Tocoi, Green Cove Springs, St. Johns Park, Dupont and others which it is believed will run the total up to about 22,500. Palatka News.

Ideal Hoosier Town.

Jimmie Blue, former Hoosier, now of Denver, says Mount Comfort, Ind., is the ideal town. A hungry tramp dropped off in Mount Comfort one bitter cold day. A diligent house to house canvasser availed him nothing. Cold and hungry, he walked to the intersection of the Big Four and Cumberland pike. He looked east, west, north and south, then cast his eyes on the ground, a forlorn expression on his face.

The constable noticed him and, walking over, ventured to ask what the trouble might be. The tramp answered, "Well, I've been in about every town in the country, but durned if this ain't the first place I ever saw that was finished."—Indianapolis News.

What the Reds Are Kicking At.

"You know what a difference a shave and a haircut make in your thoughts," observes the philosopher of the Type Metal Magazine, discoursing of social problems. "You sit in a barber's chair, tired and depressed. A half hour later you get up, cheerful and optimistic, refreshed in mind and body. Suppose you shaved about once a week, bathed every other week, slept between dirty blankets in a room with five other men, ate greasy, badly cooked food, and worked in a shop that never had a thorough cleaning. You might join the 'Reds' and protest against the government, but you would really be protesting against dirt and bad food."

Breaking It Gently.

CLASSIFIED ADVERTISING COLUMNS OF THE DAILY HERALD

LIKE GREAT, THROBING MARTS OF TRADE ARE THE CLASSIFIED ADVERTISING COLUMNS OF THE DAILY HERALD

Strange—what an immense amount of goods and services are bought and sold day after day through the classified section of this paper.

In the throbbing marts of the East one could buy, sell or exchange almost anything that has any kind of value; in Sanford an increasing number of people are using the modern mart—the classified section of this paper.

Many a family has more comforts—even luxuries—through taking advantage of the chance to buy things for a half or less from the advertisers.

Whether it be a job, a service, a business or an article advertised for sale—each want-ad represents a human desire with a hope for its fulfillment. He who responds profits equally with him who has sent out the call, for it is always "something for something," with the honors even on both sides. Study the classified section of—

The Daily Herald

In loving homage to the memory of George Washington

He who has ever been "first in the hearts of his countrymen" deserves every honor this nation can bestow. His fame is as undying as the sacred principles of independence, which were his, and upon which our Constitution stands.

THE WEATHER

For Florida: Generally fair tonight and Wednesday.

PERSONALS

The Rotary Club did not have their luncheon today as usual but postponed it until Friday night at which time they will celebrate the anniversary of the foundation of Rotary.

Friends of Mrs. Tom Moore will be glad to know that after an illness of ten days she is now able to resume her duties as teacher of the second grade, West Side Primary School.

Harry Driver was here today shaking hands with his many friends and attending to orders for the hotel supply company. Harry will supply the Hotel Montezuma with all its new equipment.

Mrs. Sam Baumel is in New York buying new goods and sending them here for Sam to sell during her absence. The Specialty Shop announces the arrival of many new and beautiful things in millinery and ladies wearing apparel.

The court house was the scene of much business last night. The Seminole Game Protective Association held a meeting in the court room, Captain DeCottes paid off the army in the basement and the Seminole County Bar Association met in the middle chamber, all at the same time.

The Buena Vista Estates have a half page in today's issue again calling attention to the sale of choice lots on Celery avenue. The beautiful subdivision is being sold rapidly and many Sanford people and many visitors to the city have availed themselves of this opportunity to purchase lots for new homes. Read the advertisement in today's Herald.

ANNOUNCING THE SERIES U.

The B. & O. Garage have an advertisement in this issue announcing the series U of Lexington cars. The series U means the ultimate car that you will buy and in looking over the new series you will say so, too. It is said to be the most complete car ever put on the market. Read the advertisement in this issue.

SEMINOLE COUNTY BAR ASSOCIATION MET LAST NIGHT

Officers Re-elected—Resolutions as to Judiciary and State Attorneys Adopted—Two New Members

The annual meeting of the Seminole County Bar Association was held last evening at the court house. Business of a routine nature was transacted and officers elected for the ensuing year.

President Thos. E. Wilson, and Secretary Schelle Malnes were re-elected for the year, and J. J. Dickinson with the officers named was retained as the executive committee.

At the session Attorney A. Thetford, of the firm of Thetford & Wilkinson and J. G. Sharon was elected to membership in the Association.

The following resolution was adopted:

Whereas, the State Democratic Executive committee will meet in Jack-

sonville, Florida, on February 22nd, 1922, to make all necessary arrangements for the coming Democratic primary, and,

Whereas, we are strongly of the opinion that the judiciary of the state of Florida should be kept out of politics and should be held above and free of entangling political alliances, and

Whereas, the matter of the selection of Circuit Judges and state attorneys is by the Constitution of the State of Florida, conferred upon the governor of the state, who shall appoint circuit judges and state attorneys, whose appointment shall be confirmed and approved by the senate, and

Whereas, we feel that the constitution of the state of Florida with reference to the appointment of the judiciary should be given full force and effect,

Therefore, Be it Resolved, that it is the sense of this body that no action should be taken by the State Democratic Executive Committee, authorizing the placing of the names of aspirants for appointment as Circuit Judges and State Attorneys on the primary ballot for recommendation to the governor for appointment to said offices, and,

Be it Further Resolved, that Honorable Schelle Malnes, the State Democratic executive committeeman from Seminole county, be advised of the adoption of this resolution and be furnished with a copy thereof, and requested to use his best efforts and endeavors as a member of the said State Democratic Executive Committee, to prevent the placing of the names of aspirants for appointment as circuit judges and state attorneys on the official ballot in the coming Democratic primary, and

Be it Further Resolved, that a copy of this resolution, duly authenticated by furnished to the press of the state of Florida.

The N. deV. Howard Chapter, United Daughters of the Confederacy, will meet at the home of Judge Stringfellow Friday afternoon at 3 o'clock. All the members are requested to be present.

OFF DAY FOR ATTORNEYS

In making the rounds yesterday afternoon the Herald "news hound" discovered that it was an "off day" for Sanford attorneys. He was told that Geo. A. DeCottes, Judge Householder, Geo. Herring and A. Thetford were off to DeLand; J. J. Dickinson was off to Daytona; Judge Malnes was off to New Smyrna and John Leonard off to Osteen. All in one day and Sanford rolled merrily along.

IF YOU

want to buy a good used car, see us at once. We have two LEXINGTONS that are in perfect condition. New paint, new tires. They look as good as new. 1920 and 1921 models, five passengers. The prices are right and terms to suit. Will accept your car in trade. See them at once.—B. & O. Motor Co., 209 Park Avenue, Sanford, Fla. 284-2t;w-1tc

THE GENEVA PLAYERS

Distinctly unique and delightful is the plan of the Geneva Players' program. The musical prelude of Part I is in itself a program classic. Music of a given period is presented in costume with faithful adherence to all the historic details. For example, a colonial sketch features a stately minuet and a series of the best-loved colonial songs with violin obligatos. The entire prelude is characterized by tuneful melodies and a distinguished grace of presentation.

Part II of the program, which includes at least two one-act plays, is a delightfully spirited diversion. One highly amusing sketch is a character comedy with all its opportunity for bubbling humor in situation, lines and interpretation. The Geneva Players are clever comedienne. But they are equally convincing in the more serious plays of power and deep feeling. There they display the fine and dramatic warmth of discriminating and highly successful artists. They are players of exceptional histrionic and musical ability—a company that wins instant popularity in any community.

Personnel—Geneva Adams Metzler, dramatic reader; Helen Allen, dramatic artist and control; Coral Binning, violinist and reader; Mildred Zaman, pianist, soprano and reader. The above will appear at the Princess Theatre February 28th at 8:15 p. m.

CIVIL WAR'S CAUSES SUBJECT ANNOUNCED FOR ESSAY CONTEST

To encourage the children of the Confederacy to take an interest in the historical facts of the war between the state the Florida division of the United Daughters of the Confederacy announce the subject of an essay contest for the Louis P. Lane medal of 1922. The subject chosen is "Causes of the War Between the States." committee of judge will examine the essays, and the medal will be awarded the winner when the U. D. C. convention meets in May.

Essays should be sent to the state registrar, Mrs. B. J. Bond, No. 305 North Call street, Tallahassee. All manuscripts must be typewritten and signed with a pseudonym, with a self-addressed envelope containing the fictitious and the real name, sealed and attached to the manuscript.

For further information, prospective contestants are urged to write Mrs. Bond, the registrar, or the president of the United Daughters of the Confederacy, Mrs. Frank D. Tracy, at Pensacola.

LEWIS MAKES SCREEN DEBUT

Comedian Supports Marlon Davies in "Enchantment"

In assembling the players for "Enchantment," the latest Cosmopolitan production for Paramount starring Marlon Davies, which will be on view at the Star Theatre tonight the choice for the father's part happily fell upon Tom Lewis, the fun maker of excellence, who makes his screen debut in this lecture. Like many other good actors, Mr. Lewis ran away with the circus when it visited his home town when he was a youngster. Since then his dramatic career has been a checkered one. He turned into acrobat, clog dancer, singer and all around vaudevillian. He had a long engagement as the Unknown in "Little Johnny Jones" with George M. Cohan, "The Sunshine Girl," "The Yankee Prince," "The Little Millionaire" and Arthur Hammerstein's "High Jinks" were among other of his notable successes.
