## Wes Kay Has Many Firsts

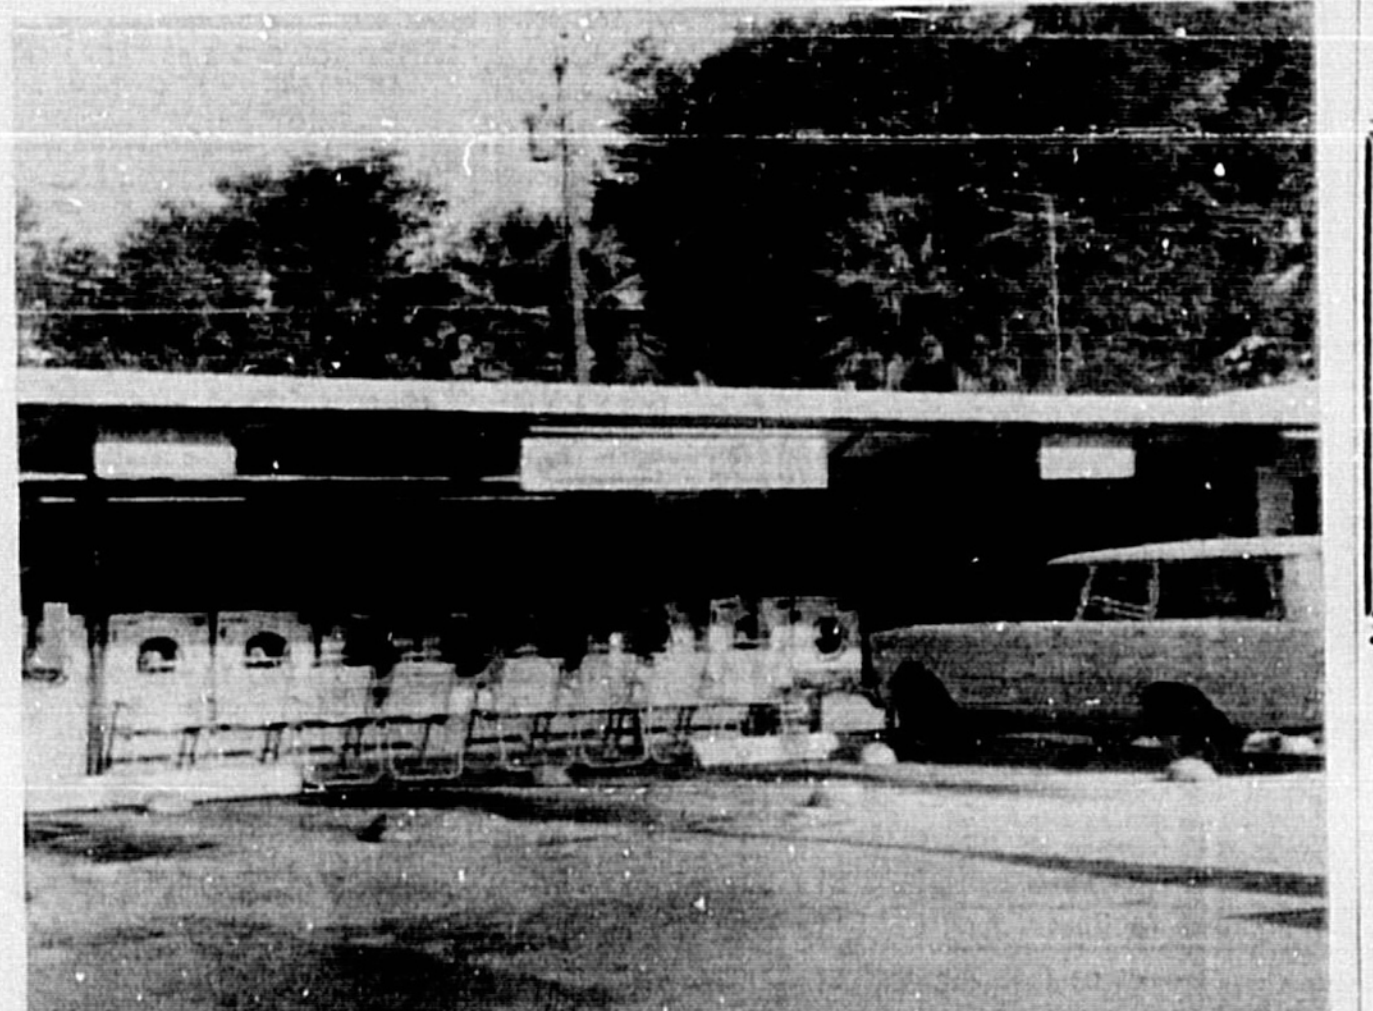

R. D. Wesley, better known as Wes to the many patrons of the WES-KAY WASHETERIAS, seems to always be coming up with a "FIRST AND ONLY."

Here are some of his past "FIRSTS and ONLYS":

1. FIRST and ONLY coin laundry in Sanford to offer DOUBLE LOAD WASHERS for the SAME PRICE as all other single loads.
2. FIRST and ONLY to offer air-conditioned comfort to his customers at the French Ave. location.
3. FIRST and ONLY laundry to offer SINGLE LOAD WASHERS for 40 per cent LESS THAN ANY OTHER coin laundry.
4. FIRST and ONLY to offer dyeing service at the French Ave. location.
5. The FIRST dollar bill changer in SEMINOLE COUNTY was installed at Wes-Kay on French Ave.
6. There are many others but this will give you an idea as to why people drive right by one, two, and three coin laundries to go to Wes-Kay.

Since Wes recently started operating the WES-KAY II WASHETERIA at 111 W. 27th St. (near Pinecrest School), he has been constantly improving the facilities offered, and NOW HE HAS AIR CONDITIONED COIN LAUNDRY IN SANFORD. This is ANOTHER FIRST and ONLY! Not only can you wash in air conditioned comfort, but you can save at least 40 to 50 per cent of the cost of doing your laundry anywhere else in Sanford! You can't beat that, can you?

WES KAY WASHETERIAS now are operating at two central locations in Sanford. One of the laundromats is located on French Avenue South of 20th Street while the other is located on 27th Street near the Pinecrest School.

## Charges Dropped; Son With Mother

An 18-year-old Sunland Estates mother accused of trying to drown her 14-month-old son under a bathtub faucet last August will not be prosecuted.

Assistant State Attorney Thomas Speer confirmed today that Virginia Joiner will not be tried due to insufficient evidence and the baby has been returned to the mother.

Mrs. Joyce Kelley, Family Services supervisor, refused to discuss the situation with the press or to relate why the child had been returned to the mother.

Speer said Mrs. Joiner and her son are residing with her parents, and no information charges will be filed.

Mrs. Joiner was arrested Aug. 5 by Seminole County authorities after she allegedly took Christopher, her son, into the bathroom and placed the infant under a faucet.

The woman was ordered bound over to Circuit Court by Judge Wallace Hall after the jurist reduced the \$1,300 bond to \$500.

The child's 19-year-old father had just entered the Marines the day before his wife was arrested, and it was reported that a custody hearing would be held to determine who should receive the child.

# Sanford County Seat, Supreme Court Rules

## Bonds OKd For New Building

TALLAHASSEE, Fla. (AP) — A lower court decision which declared Sanford to be the permanent seat of government of Seminole County was upheld today by the Florida Supreme Court.

The high court, in a 4-1 decision, stated: "After more than 30 years, during which Seminole County has functioned with Sanford as the county seat, it is now too late to question the permanent nature of the seat of county government."

The court in the same opinion upheld the validation of \$2.9 million in bonds to be used for construction of a courthouse and jail in Sanford. A suit had been filed against the bonds, contending that the bonds were not the permanent county seat.

"Infinitely more mischief and harm would result to the public from now declaring such location to be temporary than would result from approving the location as permanent, a status which has existed for more than half a century, with the acquiescence of the public."

**LIGHTNING STRIKES SANFORD**  
THE HEAVENS' protechnical show last night may be construed as a forerunner of today's Supreme Court decision favoring Sanford as the seat of Seminole County. The Herald's editor, John Spelberk, was experimenting with time exposure when he captured this shot.

## Herald's Prediction On Decision Upheld

By FRID VAN PELT

The Florida Supreme Court's ruling today — that Sanford is the permanent seat of Seminole County and upholding the validation of bonds — opens the door for the County Commission to commence construction of a new court house, at an estimated cost of \$3.2 million.

The high court's decision, released this morning, was forecast on Sept. 17 in The Sanford Herald in an exclusive page 1 news article.

"Preliminary building plans have been completed for the new court house, to be located on Park Avenue, between the present court house plant and the lakefront. All planning had been halted pending the Supreme Court's decision."

"I am tremendously pleased, of course, with the decision," said John Alexander, chairman of the County Commission, who continued: "I will call an early meeting with the county attorney, architect and fiscal agent to proceed with construction now that this legislative question is out of the way."

The Supreme Court's decision today upholds the original decision by Circuit Judge Roger Dykes and arguments advanced by Harold Johnson, county attorney, and William C. Hutchison Jr., special counsel, representing Seminole County.

Robert F. Tucker, for himself, and others similarly situated, represented by Harlan Turk, filed the original suit in 1966 in the local court, claiming it had never been determined legally that Sanford is the county seat.

Another suit was filed, Seminole County vs. the State of Florida, seeking validation of \$2.9 million in bonds for the court house construction.

Judge Dykes ruled in favor of the county, that Sanford is the county seat and approved validation of the bonds.

The District Court of Appeal reversed Judge Dykes' decision.

Hutchison and Johnson carried the court house suit to the Supreme Court. C. Vernon Mize, as a taxpayer, represented by Mack N. Cleveland Jr., carried the bond validation to the high court.

The club, headed by veteran pilot Dick Merrill, will have fishing tournaments, hunting trips and other events.

Sanford Mayor Joseph Malek reports a strong start in his efforts to raise money for a reelection campaign.

"A man walked into my office, told me what a great job I had done on the council, promised to support me for reelection and handed me a check for \$500," Malek said. "I looked at the check, looked at the man and said, 'Thanks, Dad.'"

**Military Wood**

By CHARNER LEONE

An effort to interest retired military personnel in the civic affairs of the community and attract other retirees to Seminole County will be made by a special committee of the Chamber of Commerce hopes to set up soon.

The Projects Development Committee will make an effort to reactivate the Armed Forces Committee that disbanded when the Sanford Naval Air Station left Sanford.

Committee member A. J. Peterson stressed that the new committee will encompass all retired military personnel in the area. Those from DeBary, Deltona, and other nearby areas will be encouraged to join, too, he said.

An organizational luncheon for the retired military will be held to set the committee up, said John Krier, manager of the Seminole County Chamber of Commerce. A retired officer will be asked to help set up the organizational luncheon. No dates have been set yet.

## Scores Orlando Newspaper Photo

## Angel 'Pot Shots' News Media

By BILL SCOTT

School Superintendent John Angel took aim at the news media today during his morning press conference and complained about the news coverage of recent confrontations between the public and his office over the many problems coming with the opening of school.

"I reckon that you have to write things in a way to sell newspapers but I have observed that in the past few months in hearing comments from the public and others, that I am in a constant state of confrontation with groups of irate people."

The educator pointed out a picture taken of him and published by an Orlando newspaper seemed to represent him as "chewing somebody" in connection with a parents protest of busing children to Spring Lake School.

Angel said the photo misrepresented the facts and accused the newspaper of using a photo which was not in line with the true situation.

"Several pictures were taken, but only the one showing me looking mad was published," he complained.

The superintendent said there had been no confrontation and the parents, opposed to overloading the buses, were courteous and nobody was angry.

Walter Feagles, school finance officer, said there was a need to keep people better informed about what was happening in the schools and quoted several instances of uninformed persons making statements about the school system which were not true.

Angel defended the spending of \$18,000 for lighting the Lyman athletic field and pointed out that athletics is an important part of the education picture.

He said some people were under the impression that he and Walter Feagles, school finance officer, are "sitting" on the \$1.8 million bond issue and did not know that reason the bonds were not sold was the bond market and the credit rating of the county.

Angel defended the spending of \$18,000 for lighting the Lyman athletic field and pointed out that athletics is an important part of the education picture.

## County Cattle Under Test

TALLAHASSEE (Sp.) — Florida's 35 counties which have modified certified status in the State-Federal brucellosis program for cattle could lose their status unless certain steps are taken to comply with Federal regulations which became effective Aug. 1.

Dr. John B. Healy of Jacksonville, Federal veterinarian in charge for the U. S. Department of Agriculture, said today that cattle in a non-tested herd in Florida is not certified.

"Only pictures were taken, but only the one showing me looking mad was published," he complained.

The superintendent said there had been no confrontation and the parents, opposed to overloading the buses, were courteous and nobody was angry.

Walter Feagles, school finance officer, said there was a need to keep people better informed about what was happening in the schools and quoted several instances of uninformed persons making statements about the school system which were not true.

## PTOs Face Problem On Carnival Sites

By ANN HILBY

The first Longwood Parent-Teacher-Organization meeting of the new school year was held Tuesday night and the main concern was how to raise additional money since the last Legislature removed the liability immunity from the schools.

Hendforth, the local PTOs are curtailed in their big money making project of the year, the carnival.

The question is now where the money is coming from to provide the things that the PTO has purchased in the past. It was even in doubt whether the PTO was legally entitled to hold a meeting on school property after school hours.

Committee chairman were introduced by David Tilson, president.

Mrs. Anetta Coberly and James Neville presented a program of slides and tapes on "Learning Unlimited."

Prior to the program, parents were invited to visit their child's room. Following the meeting refreshments were served.

# U. S. Cruiser, B52s Pound Red Gun Positions In DMZ

By GEORGE ESPER  
Associated Press Writer  
SAIGON (AP) — The U.S. cruiser Boston and American B52 bombers pounded North Vietnamese gun positions and base camps inside and just to the south of the demilitarized zone Tuesday night and today, the U.S. Command announced. U.S. headquarters also reported 6,437 "indications of enemy presence or activity" inside the buffer zone since the bombing of North Vietnam ended 11 months ago.

The Boston turned her five-inch guns on North Vietnamese mortar positions in the southern half of the DMZ Tuesday night after enemy mortar-towers there slammed 40 rounds into South Vietnamese positions just south of the zone.

The U.S. Command said there were no South Vietnamese casualties. The cruiser silenced the enemy mortars, and North Vietnamese losses were not known, U.S. spokesmen said. Fifteen B52s bombed base camps, bunkers, supply and staging areas six miles northeast of the U.S. Marine outpost called the Rockpile, the command said.

The steps in B52 raids indicate that the U. S. Command will use the big bombers in an attempt to fill the gap that the departure of the Marines is expected to leave. The 3rd Division Marines are going to Okinawa and the United States as part of the 35,000-man withdrawal ordered by President Nixon for the next three months.

U.S. officials claim that North Vietnam agreed to keep the DMZ free of military activity in return for the bombing halt. Hanoi has denied this, saying the bombing cessation was unconditional.

Of the 6,437 "enemy indicators," the U.S. Command said only 207 were "significant incidents of enemy-initiated activity." The other incidents, the command said, were minor, such as trail activity, moving lights at night, and new bunkers.

U.S. forces, in response to the indications of enemy presence or activity, have attacked positions inside the zone 4,325 times since last Nov. 1. U.S. artillery, fighter-bombers and 7th Fleet warships all have participated in the attacks.

Elsewhere, U.S. Navy river boats ambushed enemy soldiers attempting to cross the Saigon River 26 miles northwest of Saigon for the third time in the past two nights. Headquarters said 14 Viet Cong were killed, the latest ambush, raising the total enemy killed in the three past nights to 56. There have been no U.S. casualties.

In the same general area, 10 enemy were killed in a ground probe and 10 B2 raids indicate the night bivouac of an allied armor column.

WATER, WATER . . . completely surrounded Diana, three and a half miles from Osteen. (Herald Staff Photo)

## Taking Over From Civilians Military 'Fixing' Budget Again

By FRED S. HOFFMAN  
AP Military Writer  
WASHINGTON (AP) — The armed services have regained a leading role in shaping the defense budget under a significant shift by Secretary of Defense Melvin R. Laird away from the practices of his Democratic predecessors.

Guidelines laid down by Laird and Deputy Secretary David Packard give back to the service secretaries and the uniformed chiefs much of the budget responsibility they enjoyed before former Defense Chief Robert McNamara started gathering powers to himself and his staff more than eight years ago.

When McNamara became defense secretary, he threw out that system and instituted a centralized procedure under which his systems analysts experts took the lead in determining overall requirements, and how each service's forces and arms would fit into the total picture.

In the general-purpose forces, Pentagon planners would fashion packages in which the Army's division, the Air Force's tactical fighters and the Navy's carriers all would be considered together with the aim of achieving a balance to meet national commitments.

## Decision Due On Ev's Job

WASHINGTON (AP) — Sen. Hugh Scott of Pennsylvania was elected today leader of the Senate Republican minority.

By WALTER R. MEARS  
AP Political Writer  
WASHINGTON (AP) — Both candidates claimed the lead at Senate Republican caucus today.

Sen. Scott's victory was a surprise. He had been widely expected to lose to Sen. Everett M. Dirksen, who had been widely expected to lose to Sen. James Buckley Jr. as leader of their 40-member group.

The move is in line with Laird's policy of giving the individual services a greater and earlier say in planning.

However, some key elements of McNamara's budget reforms remain and Laird is not far from finalizing the final Johnson administration defense budget.

Both had discounted lingering talk that the 12-day campaign for the post might wind up in a compromise deal between the two.

As many as a half dozen senators refused to support them, serving openly to the detriment of the candidates in advance of today's closed-door, secret balloting.

Both had discounted lingering talk that the 12-day campaign for the post might wind up in a compromise deal between the two.

Nothing had been done since 1952 to establish a permanent seat and Sanford continued to serve.

## S.J.C. Dean's List

Dr. C. B. Gambrell Jr., Vice President for Academic Affairs, is pleased to announce the following list of full-time students from Seminole County who are on the Dean's List at Florida Technological University for the Summer Quarter academic year 1968-69.

## Rebuilding Of Capitol Runs Into Obstacle

By LAWRENCE L. KNUTSON  
Associated Press Writer  
WASHINGTON (AP) — The \$45 million plan to obliterate the old remaining original part of the nation's Capitol has run into its first Senate obstacle in the person of Sen. William Proxmire, chairman of the subcommittee considering the proposal.

Proxmire said in an interview. "There has been absolutely no justification for this extension, especially at a time when inflation is running riot."

The House last Friday approved \$2 million in planning funds as the first step in carrying out the extension.

The Stewart plan calls for re-erecting the administrative wings and sandstone walls with an extension housing a half-dozen restaurants, scores of offices and bathrooms and a handful of hearing rooms.

Proxmire, a member of the Appropriations Committee which must recommend funds for the project, is the author of a joint resolution calling for the study of the west front's restoration by a professional architectural consultant firm.

Proxmire, a member of the Appropriations Committee which must recommend funds for the project, is the author of a joint resolution calling for the study of the west front's restoration by a professional architectural consultant firm.

## Seminole Calendar

- Sept. 24: Longwood Chamber of Commerce will hold their first meeting of the year at 8 p.m. in the Longwood Hotel Dining Room.
- Sept. 25: Democratic Women's Club, 7:30 p.m., First Federal caucus room.
- Sept. 26: West Volusia Stamp Club, 7:30 p.m., Orange City trailer park.

# Agency Has 'Heart, Understanding'

The confidential nature of the services performed by children's Home Society of Florida probably makes it the one agency of United Fund about which the least is known.

Now the second largest private legal adoption agency in the nation, the Florida benefactor of unweaned mothers and couples who wish to adopt children had a humble beginning in 1902. For many years the advisor and convener personally of C. Marcus (Daddy) Page was the stimulation that created interest in and brought funds to the Society. There are still many "people with heart and understanding" of the plight of the unmarried mother who through donations and financial support their financial support to CHS.

United Fund has provided many of the dollars that are used in the state-wide operation of the Society. The headquarters of the agency and the Children's Center are located in Jacksonville. However, there are 11 regional offices that provide the close contact and knowledge of local conditions as an important in meeting the demands for the services that CHS provides.

# United Fund Campaign: Its Promise For County!

The next 30 days may well turn out to be the most significant period in the history of Seminole County.

Surely they will be the most significant in the record of the United Fund of Seminole County.

For it is the month long drive by UF to raise dollars to support the agencies which serve the people of this county which will be taking place.

No resident of this fast-growing Central Florida area should need to be reminded that there are factors which have tended to divide the county.

This would be not only illogical but practically stupid if allowed to develop. For Seminole County's strength is in a unification of all the strengths—personal, industrial, political and professional—which exist.

This year's UF drive has already produced an initial unification of leadership and direction which holds well for reaching a doubling of the announced goal of \$50,000.

Just read down the names of those who are

heading up the 1969 drive and there will be seen the very welcome sight of a mustering of the UF veterans and the recruiting of new and able campaigners.

At the kick-off breakfast yesterday in Holiday Inn, S. Joseph Davis of Sanford, campaign vice chairman, made a most pertinent observation when he said that the UF drive has "no geographical boundaries."

Services rendered by the agencies which receive the money raised from donations obviously have no geographical boundaries. The training of the young people in Boy Scouts or Girl Scouts, the helping of those in trouble by the Salvation Army or the Red Cross, do not stop at city or county limits.

But what is most important this year is the spirit of the campaigners. This reflects the enthusiasm, the vigor and the personality of Jack Horner, who is campaign chairman.

The boyant air of success is not a product of

mere words or hopeful expectations. Not at all!

Let us cite one such instance. This is the creation of a "pilot firm division". Reports already in from the dynamites plants of General Dynamics show such good results that the grins on the faces of those intimately informed must have come from knowledge of probable contributions which will be revealed soon!

New doors are being opened for the use of those who would take part in this one-year campaign and new workers are explaining what the "Your Fair Share" slogan means.

For with all the activity, with all the planning, with all the soliciting who has and will take place the entire emphasis is to be sure that every resident knows what the 11 agencies approved by the UF do and to point out that the "fair share" is "one hour's pay" per month.

We are entirely in sympathy with Mr. Horner's advice that there be no "arm-twisting" to secure

contributions and that there be no neglect in furnishing proper information so that everyone can decide intelligently.

With this approach being put in action in every part of Seminole County there can be little doubt that a very proper sense of unification of purpose should result.

Furthermore there will come about the discovery of new talent, of new enthusiasm, of new skills which have moved into the county in recent years but have not found any way in which to become involved in their new homes.

This is what should make these next 30 days most important to Seminole County. Success of the UF drive from a contribution standpoint is well within sight.

Success from the other point of view—the bringing together of all sections of our county and the welcoming of new talent in this most challenging period—is the bonus we can earn! Will we?

### Common Sense

Few people in any municipality deal more regularly with troubled teenagers and their problems than do juvenile court judges. It is their delicate task to guide young people—and very often their parents—when the adolescent's activities come into conflict with civil or criminal statutes.

One such jurist, Judge William of the Denver, Colo., Juvenile Court, wrote an open letter to all youngsters on that most persistent of all teenage questions "What can I do?" Judge Gilliam's thoughts, the product of over 100,000 court cases involving youth, bear repetition as the fall semester begins.

"Always we hear the plaintive cry: 'What can we do? Where can we go? The answer is go home! Hang the storm windows, paint the woodwork, rake the leaves, mow the lawn, wash the car, learn to cook, scrub some floors, repair the sink, get a job, study your lessons, or read a good book."

"Your parents do not owe you entertainment. Your village does not owe you recreation facilities. The world does not owe you a living. You owe the world something. You owe it your time and energy and talents so that no one will be at war or in poverty or sick or lonely again . . . In plain words, 'Grow up!' Quit being a crybaby, get out of your dream world, develop a backbone, put a wishbone, and start acting like a man, or a lady."—Nashville (Tenn.) Banner

### Still Kicking

A report by the U.S. Department of Labor details the nation's estimated manpower and womanpower needs through 1975, included on the list, in terms of annual openings, are:

Teachers — 200,000; secretaries — 175,000; retail sales workers — 140,000; truck drivers — 125,000; electrical engineers — 14,700; and advertising workers — 8,500. Way down near the end, but still alive and kicking, are black smiths — 600 — Savannah (Ga.) Evening Press

### "It's Worth a Try!"

### Crane's Worry Clinic:

## Here's A "Test For Hippies"

By GEORGE W. CRANE, PR.D., M.D.

CASE 1-518: Bob D., aged 16, is a college student.

Recently I addressed a Farm Bureau banquet where Bob was present. For he had been given scholarship aid by the Farm Bureau to study at Purdue University.

Bob was a handsome, clean-cut fellow, with a mature male haircut and no shaggy clothes, beads, sideburns or muck and other "jungle" decorations.

In my address I lauded his head "Thank you" talk to the crowd and held him up as a sample of the 85 per cent of college youth today who are working hard to attain a most notable skill for use when they enter our "free enterprise" system.

"Dr. Crane," Bob mentioned afterwards, "I was talking to a hippie a few days ago. 'He said he was having to head home this weekend to see his old man and get some more cash.'"

"For he grumbled that he was running short of money and his old man hadn't sent him his allowance check as yet."

Which brings out the obvious fact that hippies are "lept" youth who wouldn't even be able to eat their next meal if it weren't for the subsidies from hard working parents.

For hippies contribute nothing more to our productive system than wood ticks off the farm animals whose blood they suck.

You readers have enough practical experience with life to make a perfect score at diagnosing the usual make-up of hippies as per this true-

### Stilleys Says:

## Back To School

By JOY STILLEY

NEW YORK (AP)—According to the present rate of attrition, by next year our daughter may be going back to her senior year at college with nothing more than a toothbrush and a checkbook.

When she made her first excursion into the land of learning, Gay outfitted the Boy Scouts in preparation. What she took with her then would have been enough to establish clothing, shoe and appliance stores, with a drug and cosmetic business on the side.

To anyone watching her pack a trunk, suitcases, cartons and shopping bags, it was evident that she was headed for four years of isolation at an institute deep in the jungles of Africa. The fact is, she was going less than 300 miles from home to George Washington University, in the heart of the nation's capital.

Not only did she outfit herself with dishing sufficient to carry her through to a doctor's degree, but she armed herself with enough aspirin, allergy pills and cough syrup to enable them to declare an extra dividend.

As for cosmetics, she seemed

### Interpretive Report:

## New Trials For GOP Leaders

By RICHARD WILSON

WASHINGTON, D.C.—The idea of old-time Republican chairmen would be extremely uncomfortable these days at national committee headquarters here. The GOP technicians under the hailing Maryland congressman, Chairman Rogers C. B. Morton, are talking about strange things as "camp" of readiness, "voluntary action programs," "listening programs."

"They are hoisting about the black militant Republican leader in the 13th election district in Detroit, and the 'action centers' where Republicans are concerning themselves with such vital problem as local garbage collection rather than the merits of recognizing Red China or the world Communist threat."

Republicans, in short, are becoming "involved" as the saying goes. In the real problems of our time Chairman Morton himself is president and a pro-chief of Nixonian principal radicals of recognizing Red China or the world Communist threat.

Republicans, in short, are becoming "involved" as the saying goes. In the real problems of our time Chairman Morton himself is president and a pro-chief of Nixonian principal radicals of recognizing Red China or the world Communist threat.

### Domestic Comment:

## War - Freed Funds Not Free

By NAY CROMLEY

NEA Washington Correspondent

WASHINGTON (NEA)—Debate is growing on whether the end of the war in Vietnam will free large amounts of money for new federal programs for the city slums, the poor, the unemployed, the handicapped and for air and water pollution, cheaper housing and other social needs.

The answer, of course, is that there will be more funds available for non-Vietnam projects. The catch, as presidential assistant Daniel P. Moynihan has suggested, is that most of these to-be-available postwar dollars have already in a very real sense been obligated to existing programs without anyone having ever voted it so.

That is to say, the decisions on how to spend these dollars were already in existence when the "natural" growth, both north and south, of the federal budget rose of their own volition almost independent of what either Congress or the administration might will.

So, in a sense, the decisions on how these "new" money will be spent were made four, five, six and even 16 years ago.

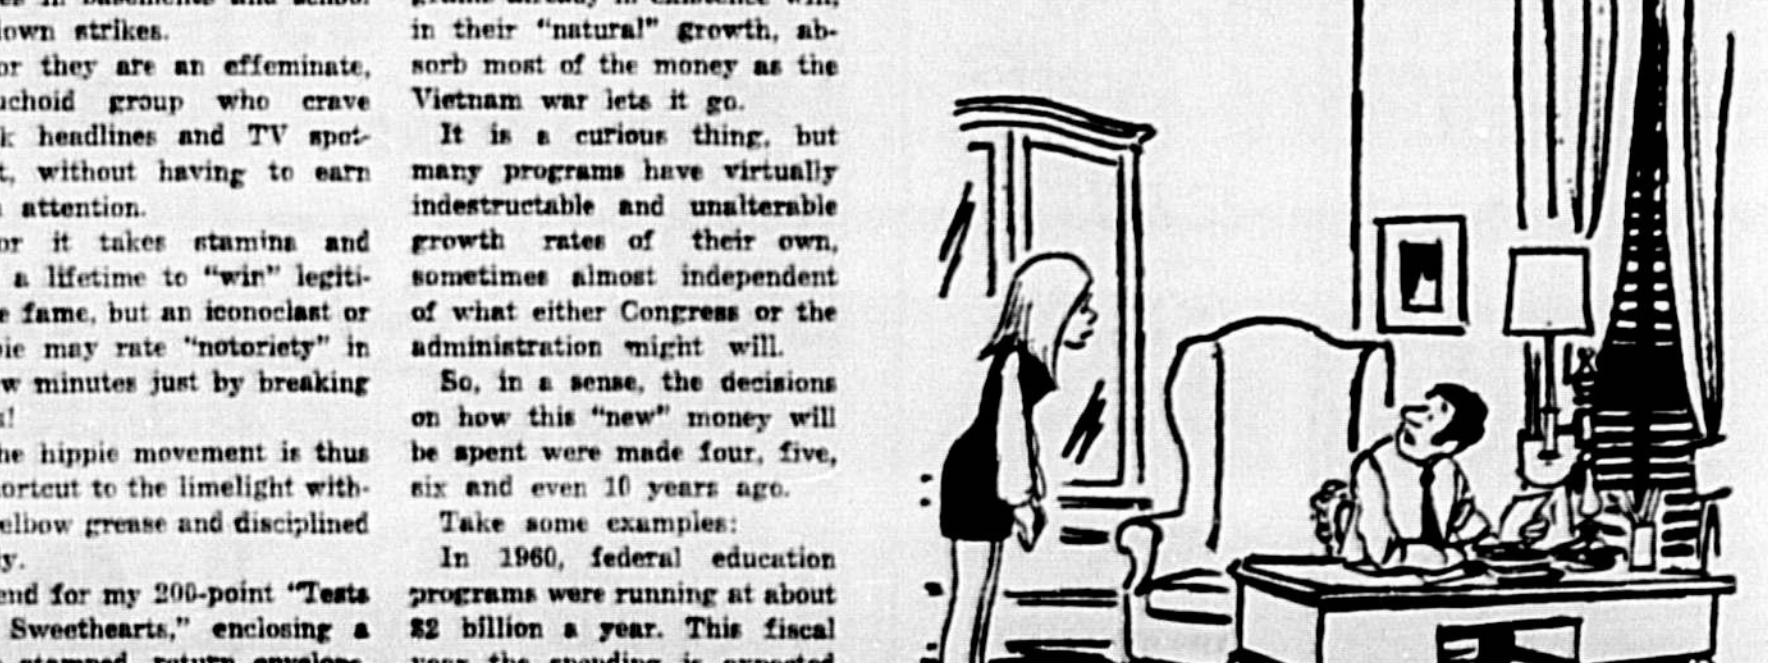

Take some examples:

In 1960, federal education programs were running at about \$2 billion a year. This fiscal year the education is expected to come close to \$10 billion.

In the period from 1964 to fiscal 1970, the manpower-employment programs were paid \$700 million to an estimated \$3.8 billion. From fiscal 1966 to 1970 federal health programs tripled from \$5.6 billion to \$18.3 billion.

Social Security leaped from

### BERRY'S WORLD

For they are an effeminate, smug, hood group who crave quick headlines and TV spotlight, without having to earn such attention.

For it takes stamina and half a lifetime to "win" legitimate fame, but an iconoclast or hippie may rate "notoriety" in a few minutes just by breaking laws.

The hippie movement is thus a shortcut to the limelight without elbow grease and disciplined study.

Send for my 200-page "Tests for Sweethearts," enclosing a long stamped, return envelope, plus 20 cents, and see how hippies also rate as "Very Poor" thereon.

For always write to Dr. Crane in care of this newspaper, enclosing a long, stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one, me (the booklets).

Social Security leaped from

A NEW 5 story administration building, being built at Florida Technological University at a cost of \$2.2 million, is scheduled for completion in April and will house offices for administration, faculty, and student government as well as classrooms. (Jane Casselberry Photo)

### 'Who The Hell Would Care?'

## Hidden Million Are Lonely

Editor's Note: Mental night-mares haunt many of the million elderly Americans in nursing homes, yet few receive any hint of psychiatric care. Instead, nursing homes turn to drugs and restraining straps.

By JAMES R. POLK

Associated Press Writer

WASHINGTON (AP)—The priest was saying Mass in the dingy Detroit nursing home when an old man with white stubble on his chin raised his grizzled face and blurted out a childlike prayer.

"New I lay me down to sleep, 'I pray the Lord my soul to keep."

"If I should die before I wake,

and alone, confused and frightened.

Half an hour past 7. Most are widowed. For many of them, the mind is ebbing, or eroded—and this, not ill health, is the main reason many are in nursing homes that haunt the aging.

The grim sight of rows of patients who sit and stare at nothing is not a fault of the nursing homes. It is a fact of health, and a flaw of a nation that has no real plan for taking care of the mental night-mares that haunt the aging.

A study by Dr. Alvin I. Goldfarb, former head of the American Psychiatric Association's committee on aging, has listed 86 per cent of the patients in

### Geneva Homemakers Convene

By LIZ MATHEUX

Mrs. Olga Hunter of Sanford, a member of Homemakers Extension Club for over 30 years, was introduced as guest speaker at the meeting of the Geneva Homemakers Extension Club held recently at the Geneva Community Center.

Mrs. Pearl Yarbrough.

She gave a resume of her activities at Camp McQuarry this past summer. Speaking with enthusiasm of her camp experience, she showed some of the many interesting things which she created and explained how to do it.

She stated that the Homemakers Clubs throughout the state are among the best formed groups of women in that they receive their information directly from their county agents.

Mrs. Emma Young showed how to make a smoked sofa pillow from a yard and a half of 18 inch wide material. Mrs. Kay Bodogh explained how she redesigned a plain old chair into a thing of beauty by means of decoupage, a little paint, and a lot of "elbow grease."

## Nudists Ruin Appetites

DADE CITY, Fla. (AP)—Charles and Virgie Mae Fox complain that strolling nudists in the Garden of Eden are ruining their Sunday diners.

"They're objectionable and unsightly," Virgie told the Pasco County Commission Tuesday. "You should do something about them."

But Robert Sumner, county attorney, said the commission was powerless to act against Kenneth Ellis, the Foxes' next door neighbor who operates the nudist camp.

The Foxes live just north of Hudson in the western end of this sparsely settled Florida Gulf Coast county. Last May, Ellis moved next door and established "The Garden of Eden" nudist camp.

"I've been seated at my dining room table and seen them out the window, walking around nude," said Fox, a 63-year-old retired auto mechanic who moved to Florida from Richmond, Va., 10 years ago. "And lots of other people have seen them, too."

But Ellis, a well-tanned man in his late 40s, insists his 10-foot sheet metal fence keeps his camp well hidden. "If they saw anything they've got to be peeping through my fence," he said. Ellis lives at the camp with his wife and 20-year-old son and Mr. and Mrs. Ernest Knowlton, who says Knowlton is the minister of "The Garden of Eden."

"We're Christians and we believe in body acceptance," said Ellis who says he has a permit from the Christian Naturalist Society of the Universal Christian Church.

Ellis says his camp church has about 16 members who gather on the grounds each Sunday for services. After church, he said, they picnic on the grounds and watch Oral Roberts on television.

"We don't require nudity," he said. "You can wear clothes if you feel you need them. But we do require good morals . . . no liquor and no profanity."

The problem really is a question of economics and religious intolerance, he insists.

"I think we are ruining the us," Ellis said of the Foxes. "They think we are ruining the value of their property."

After listening to the Foxes Tuesday, Sumner pointed out that Pasco County has no zoning laws and no way of forcing Ellis to move—or button up. He suggested Fox might try civil action.

Fox said Ellis had sent him a note telling him he felt the Bible sanctioned nudity and invited Fox to attend an open house next month.

### Strikes And Spares

BY JOHN A. SPOLSKI

Here we are talking about most of the leagues just starting their fall schedules, and yet our lead this week pertains to a banquet held last Saturday with all of the many Central Florida Knights of Columbus teams having a good time here in Sanford.

About 75 to 100 men and women visited the area and were royally entertained. Come to think of it, they'll all be back with us again on Sunday, Oct. 19, when they resume their own league schedule and will start toppling timber with 12 teams competing at 36 lanes.

**GALS NEEDED** on the Thursday evening Jet Swingers League and Darts Owens, secretary of the Sunday (8 p.m.) Mt. and Mrs. League is sending out the invitation for couples. She adds that it need not be husband and wife, since they are in need of couples, but will welcome any couple to join in on the fun.

### Holmes Leads City League

The Betty Natta Fivestone had little trouble disposing of the Trojans League opponents, who with Pal Hills having one of his better nights of bowling with a 628 series. Holmes got better with each game as he started with a 193, added a 211 and then finished with a gigantic 232 game.

On this same night, there were few others who could muster the lines as evidenced by the lack of 300 or higher series from the remaining eight teams within the league. Reggie Simons of Toyota had a 205/556, teammate Jim Brown: 213/551, Dick Richards 201/571 and Splishski: 209, 215/578.

### SANFORD PLAZA MERCHANTS MIXED LEAGUE

Merle Price 176, ditto for Bob Morgan 176, Don Myers 197/509, Don Lee 196, Ray Robinson 191/552, Ron Robinson 190/513, Betty Allen 177, Al邓小平 175.

However, the grand prize for the night falls to Bill Craves with his 221, 222/529 series. (And we want more attention what he'd like to give for just one more pit, eh Bill?)

### I SEE WHERE there was a couple of 'goodies' rolled in the Thursday eve Swingers League, also. Mary Brown clipped a 196, Fran Morton 199, Emma Lister 198 and Yvonne Marshall with a 132. Remember, most of these gals are just starting out in bowling and for them... these are good games!

### Perry Tops Church Bowlers

Although we quite frequently refer to the Community United Methodist Church League of Casselberry as a "church" league, don't let us lead you astray into thinking that they can't produce one or two into the "charmed circle."

Ted Perry couldn't do better on this past Friday as he finished together with best of 3x and finished with a 250/636 series.

### A couple of other notables...

Playla Cassher 176, Richard Van Wornner 180, Jim Stewart 178, Delmas Copeland 187/527, Chuck Hastings 190, Don Stevens 191/540.

### It's time to welcome all another one of those legions who've made it into that "first timers" category...

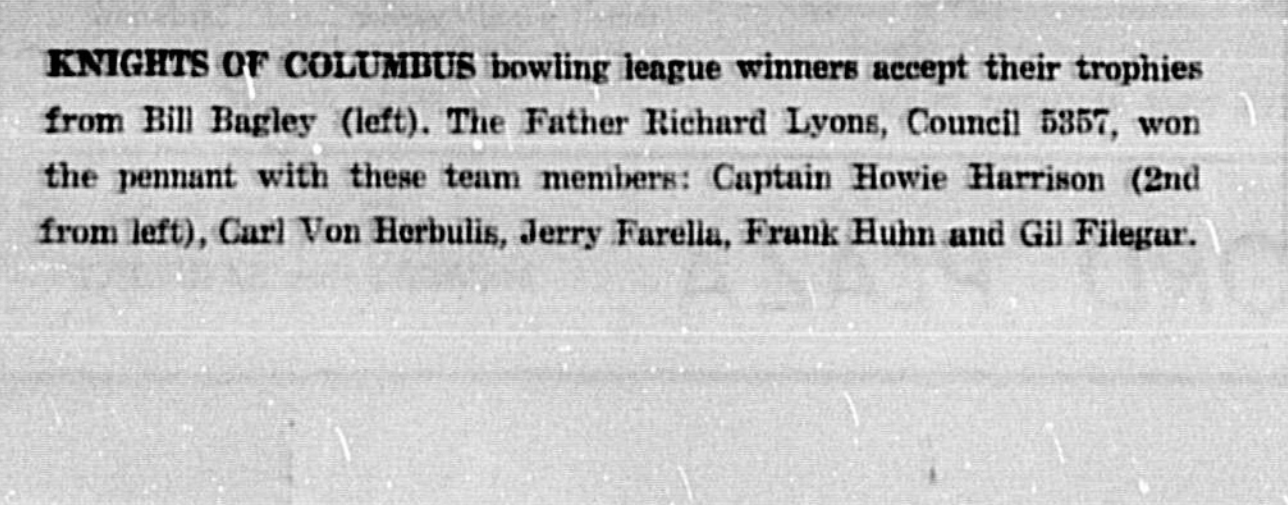

Referring to Pat Altman of the Harcor Aluminum Mixed League and her 206 game. (Next a 6 game, Pat?)

### THE BEETS FAMILY of Carolyn and Ralph had a good night in the Toyota Late Mixed League last Thursday. Carolyn shot a 198/547, making Ralph with his 201/521 combine. Others who bowled well included Rod MacLeay 212, Gordon Lynch 203, Jean Mikole 187/509, Al Bowling 214/546, Gene Miller 203/536, Betty Allen 177/516, Aliev Mahoney 209/524, Darlene Owens 187/533.

### But, let's shine that spotlight on a fellow who's been out of the sport for a couple of years, and we're proud to have him back as a regular again. Dick (Zookie) Zuckerman came back with a 221, 210/534.

### HI NOONERS — Jeanne Thurston 187, Kathy Gray Stenstrom, Beatty 183, Margaret Price (Joe's Laundry) 200/528, Lynn Cleland (Balmer Motors) 177.

### In case you didn't know it, there are tree lessons every Saturday at 2:30 in the morning. And then if you'd like to come out and "wing" a few of 'em, there are plenty of open lanes every Saturday night.

KNIGHTS OF COLUMBUS bowling league winners accept their trophies from Bill Bagley (left). The Father Richard Lyons, Council 5387, won the pennant with these team members: Captain Howie Harrison (2nd from left), Carl Von Herbulis, Jerry Farella, Frank Huhn and Gil Flieger.

## Middies Meet Bunnell Next

DARRELL COX, a big star for the Orlando Panthers, catches one of the many Junes passes fired at him. Cox picked up good yardage on this play while setting up a touchdown in the 53-10 come-from-behind win over the Chicago Owls, in a game played in Soldier's Field in Chicago. The Panthers host the Indianapolis Capitols Sunday at 2 p.m. (Sports Photo by Gary Taylor)

## Stars Look Bright For John Reen

**BY GARY TAYLOR**  
Herald Sports Staff

WEST PALM BEACH — John Reen, who starred in baseball for the Seminole Junior College Raiders last year and then inked a pro contract with the Montreal Expos, is back at his Winter Park home, preparing to leave for St. Petersburg and the first term of Winter baseball. After being signed by Montreal, Reen went to play for the West Palm Beach Expos, where he completed a 56 yard scoring pass to Clyde Stevens.

This coming Saturday night the Panthers entertain tough and rugged Lyman High School of Longwood in the Sanford Municipal Stadium. The Panthers expect Lyman to run and run hard but defensively they are prepared.

### Prep Schedule

LAST WEEK'S RESULTS:  
Seminole 45, Oviedo 6  
Lynham 12, Lakeview 6  
DeLand 21, Crooms 6

### RED-WING SHOES AND BOOTS

Seminole Plaza Casselberry

**WEST PALM BEACH:** The Permatex Company, an international manufacturer of automotive chemical products, will sponsor the first annual event of a third major Late Model Sportman stock car race, the Tallahassee-Permatex 200. This first annual event will be held on October 25, 1969 at the Alabama International Motor Speedway.

A significant purse and important national championship points virtually guarantee a "top 10" of drivers from across the country. The Permatex company will contribute \$400 to the driver of the winning car, \$100 to his chief mechanic and \$200 to the pit crew; they will also award \$200 to the second place car, and \$100 to the third. These prizes are in addition to the total purse estimated to be \$25,000.

## Oviedo Readies For Bout...

**BY DOUG ABE**  
Herald Sports Staff

OVIDO — The Oviedo Lions have made numerous changes in the last three days of practice after recovering from the tough Sanford Seminoles. The Lions are preparing for the Dunnington Tigers, who are coming to the John Courier Field in Oviedo. The game is scheduled for an 8 p.m. kickoff Friday night.

In the contest with the Seminoles, the Lions had to replace the regular center, Robert Davis, who had a broken hand, with tackle John Brooks. Brooks, having very little practice as the center position, also had another handicap, he is left-handed. It isn't so bad, except quarterback Joe Mikler is right-handed. This was the cause of Oviedo's 18 fumbles. Taking the center position for the Lions is David Jackson, who is coach Herman Lofton's words, "a looking real good."

The Lions have their offensive line straightened out, but have a problem in the backfield. Bruce Carvise, the Lions' best back, hurt his ankle in the Sanford contest enough that he won't be playing in the Dunnington scramble. Lofton has also made a change in the quarterback, Lynn Burch, previously the second string quarterback, is now occupying the number one quarterback position while Mikler, co-quarterback, has moved to the split-end position.

In the Sanford contest the Lions had two of their punts blocked. Lofton reported to The Herald that they have really put some work on this, and he feels that have it ironed out fairly good.

## COACH'S CORNER ON WTRR

7:30 a.m. - 5:30 p.m.

MONDAY — BILL KLINE, Sanford Naval Academy.  
TUESDAY — DICK EVANS, Crooms Hi.

REGISTRATION FORMS are available at your school office, local Prosess Ford, and Sanford Recreation Office. The forms must be taken home, filled out and signed by your parent. The signed forms must be returned to the school office before Oct. 1, 1969. Don't forget registration ends Oct. 1, 1969.

## Seminole Smoke Signals PALATKA Could Spell A Lot Of TROUBLE

**BY GIL LUKK**  
Herald Sports Staff

For Seminole High, P-A-L-A-T-K-A could be a seven-letter mask for the word TROUBLE. The Palatka-South High School Braves will visit the Seminole reservation this Friday night and a near-capacity crowd is expected to witness the 8 p.m. kickoff at Sanford Memorial Stadium.

Both teams opened their 1969 season last week. Seminole romped over Oviedo, 45-6 and Palatka held Live Oak scoreless, winning 14-0. The Braves will bring an eleven game winning streak to town. They have not lost a game in the last 15 outings. The Braves 1968 slate: 10-1. Palatka should provide the Seminoles with their toughest assignment of the season. The Braves have 11 returning lettermen. They'll start 10 Seniors. Athletic Director and Head Football Coach Billy Bennett describes this year's team as "just as strong on defense, but the offense needs more improvement." The 1968 defense proved mighty stingy, allowing only six touchdowns in 21 games.

ANDY ADCOCK, Seminole left tackle, and DANA YELINEK, Seminole quarterback, are expected to lead the Braves in their season opener.

Coach Bill Klein feels that his "without panic" senior quarterback, Chip Grant, is one of the best in the state. Grant is the fastest member of the Bluejacket squad and his "fingers turn magnetic" whenever the football goes in his air. Saturday night, he caught 10 passes for 181 yards and scored all 14 SNA points. These were also Middle School records.

Not enough credit can be given to the Bluejacket defense team for the job they did against Lake Placid. Bill Driscoll, along with Larry Johnston, Dale Hancock, and David Left, consistently put pressure on the Green Dragon quarterback, Lake Placid had a 167 total yards in the entire game. Last season, it wasn't unusual for them to gain that much in one quarter.

So, this Friday night could determine whether Sanford's own little Navy has enough artillery to be the state's top battleship.

## Lyman Preps For Crooms

**BY CHUCK GRILE**  
Herald Sports Staff

LONGWOOD — This Saturday night at 8 p.m. in the Sanford Memorial Stadium, the Lyman Greyhounds will face their second adversary of the gridiron season, in the likes of one of their county rival schools, Crooms of Sanford.

The Hornets are coming off a 12-0 victory last week in Winter Garden which was very hard earned. While the Panthers suffered a crushing blow from DeLand, 25-6. Last year was the first year that Lyman played Crooms. The game was extremely exciting for both schools. The final tally found the Greyhounds on top by a score of 14-0, but the Crooms Panthers put up an excellent battle, and surprised all on-watchers. The powerful Greyhound 11 could only score two touchdowns against Crooms, which gave much credit to the "Cat" defense.

This year, the match looks to be another exciting contest.

## Today's Stars

**BY THE ASSOCIATED PRESS**

BATTING—Pete Rose, Reds, was 3-for-5 in each game, including his 10th homer in the matchup, and drove in four runs as Cincinnati swept a doubleheader from Los Angeles 6-3 and 5-2.

The Syracuse University football team includes 28 lettermen.

## Brown Haunts Giants

### Atlanta Regains 1st Place

**BY HERSCHEL NINSEN**  
Associated Press Sports Writer

The San Francisco Giants left Ole Brown of their protection list for last year's National League expansion draft and the San Diego Padres promptly picked him No. 1. It took almost all made the Giant No. 2.

It all came about in the ninth inning of Tuesday night's game in San Diego. Roberto Pena singled with one out and pinch runner Ron Slocum came to second on a sacrifice. Frank Lyle's wild pitch, Up stepped Brown and singled to center, driving in Slocum and giving the Padres a 5-4 victory that knocked the Giants out of first place in the NL West.

The Giants fell one-half game and three percentage points behind Atlanta, which trounced Houston 10-2, eliminating the Astros from the race. Cincinnati remained in contention three games out by sweeping Los Angeles 2-1, 3-1 and 2-1, and dropping the Dodgers 5 1/2 games off the pace and virtually ending their flag hopes.

The amazing New York Mets clinched a tie for the title in the NL East, edging Bob Gibson and the St. Louis Cardinals 3-2 game in 11 innings. That put them six games ahead of the Chicago Cubs, who lost to Montreal 7-3. Boston drubbed the New York Yankees 8-3. Minnesota took Kansas City 6-2. Oakland swept the Chicago White Sox 4-3, 5-3 and California shaded Seattle 4-1. Washington and Detroit were 4 1/2 games and Cleveland topped Baltimore 3-1.

## DeMolay Sponsors Movie

TWO'S COMPANY, etc. Peter O'Toole, as King Henry II of England, and Richard Burton, as his chancellor, find there are better places to discuss affairs of state in this scene from "Becket," showing Thursday only at the Plaza Theatre under sponsorship of the DeMolay.

Seminole Chapter, Order of DeMolay, is sponsoring a one-day showing of "Becket" at the Sanford Plaza Theatre. Tickets may be ordered at 322-5681 or 322-5591 and the boys will deliver them.

The one-day showing will be on Thursday, with a matinee at 2:30 and evening show at 7 and 9:30.

Two of the world's most exciting actors, Richard Burton and Peter O'Toole, appear together for the first time in Hal Wallis' production of "Becket." This Paramount release has received much enthusiastic critical acclaim when it was first released, and won Academy Award nominations for both Burton and O'Toole for Best Actor of the Year.

"Becket" tells the story of the famous 12th century priest, Thomas Becket, who became Archbishop of Canterbury and the struggle he had with his king, Henry II. It is free of the clichés from secular control. The adaptation of Jean Anouilh's Broadway hit examines the changing relationship of the two men. In the beginning they are close friends who spend their time cavorting through the English countryside after game and girls. When Becket is made the Archbishop, however, the importance of the office alters his nature and he becomes more removed from his king.

filmed in Technicolor and widescreen Panavision, "Becket" incorporates the actual locale against which the drama took place 600 years ago. Since an important part of the events takes place in Canterbury Cathedral, producer Wallis had an exact replica of the church built on the largest sound stage in Europe. The company moved up and down England and France to get the details to make the production authentic.

## Adult Movies

BEAUTIFUL Catherine Deneuve stars as a wife at night and a brothel inmate in the daytime in "Belle de Jour," starting Thursday at the Seminole Cinema.

A double feature with a code rating of "X" is on tap for moviegoers starting Thursday for one week at Seminole Cinema.

The pictures are "A Man and a Woman" and "Belle de Jour." Directed by Luis Buñuel and starring Catherine Deneuve, "Belle de Jour" is based on the famed novel by Joseph Kessel of the French Academy. The story is of a young, beautiful wife, whose compulsions drive her to the arms of other men by day, while she is a loving wife at night.

Critically acclaimed in its initial engagements abroad, "Belle de Jour" became a huge box office success in Paris. Following its award at Venice, it was an immediate hit in Italy, and claimed as one of the most successful films of 1966-68.

Also starring in "Belle de Jour" are Jean Sorel, Genevieve, Michel Piccoli and Pierre Clementi. Robert and Jeanne's husband, Mike Almer, becomes Mike Pierre Barouh in real life.

The first fall meeting of the Great Lakes Club of Deltona will be held Wednesday at 6 in the Community Center. Meetings always are held on the fourth Wednesday of the month. All former residents of Michigan, Wisconsin, Minnesota and Canada are invited.

A carry-in dinner will be followed by a talk entitled "Scientific Crime Detection" by Clifford Bird, former assistant prosecutor for Wayne County and Detroit. After the talk, regular bingo will be played. Please bring a hot dish, salad, cake or pie and place setting per person. Also, bring one article not exceeding 30 cents in value for participation in bingo.

Since the dinner starts promptly at 6 p.m., it is advisable to check in around 5:30 p.m.

The shooting goes well and fast; the ceremony that celebrates the conclusion of the picture is a wedding. Mike Almer becomes Mike Pierre Barouh in real life.

## Lakes Club Plans Meet

The first fall meeting of the Great Lakes Club of Deltona will be held Wednesday at 6 in the Community Center. Meetings always are held on the fourth Wednesday of the month. All former residents of Michigan, Wisconsin, Minnesota and Canada are invited.

### Hot Lemon Sauce And Fruits

By ALLEN CLAIRE  
NEA Food Editor

Fresh fruits and a pudding and pie filling mix for a sauce make a different dessert with an haute cuisine aura.

Simply have fresh Bartlett pears, top with sliced and seeded red grapes and add a hot lemon sauce. It looks good enough to eat and it's PEARS AND GRAPES WITH

**HOT LEMON SAUCE**  
1 cup red, seeded Bartlett pears  
3 fresh Bartlett pears  
1 package (3 1/2 oz.) lemon pudding and pie filling  
4 cup sugar  
1/2 teaspoon salt  
1 egg  
1/4 cup water  
1 teaspoon grated lemon rind  
2 tablespoons butter or margarine (optional)

Have and seed grapes. Have and core pears. Place in dessert dishes and fill cavities with grapes. Combine pudding mix, sugar, salt, egg and 1/4 cup water and blend well. Stir in remaining water and cook, stirring until pudding comes to full boil and is thickened. Stir in lemon rind and butter. Cool slightly, then spoon over fruits. Chill remaining sauce for another day. Makes 8 or 9 servings.

If you want to serve one of the best party desserts you can possibly dream up, try Greta Hill's Company Crunch Cake. This great cook Greta says:

"When I was in San Francisco, I would go blocks out of my way—even when it was raining—to get a certain delicious cake from a confectionery shop. The shop, of course, was not giving out the recipe. But through my friends and their friends I managed to track down the what and how. The cake itself is a moist, rich sponge cake. It's the topping that makes it different and memorable."

As it happens, this Crunch Cake is available here in New York City because the San Francisco shop, Greta mentions has a branch here. But in New York the cake is made only on order. So we ordered ourselves one—truly out of this world—even more delicious.

**GOOD LUNCH**

New flavor for grilled cheese sandwiches—and so good!

Howard's Grilled Cheese Sandwiches

Fruit Salad Beverage  
HOWARD'S GRILLED CHEESE SANDWICHES  
Sliced bread  
Sliced cheddar cheese  
Long slices of scallion (green onion), sauté green top included  
Mayonnaise

bread, cheddar and scallion. Spread both outer sides of each sandwich with mayonnaise. In a heavy skillet or on an electric griddle slowly grill the sandwiches until golden brown on both sides and cheese has partly melted. Cut in half and serve at once.

**Bridge Club To Resume**

The Duplicate Bridge group conducted by Mrs. William (Molly) Bennett and sponsored by the Deltona Woman's Club, will resume play October 4 at 10 a.m. in the Community Center.

Anyone who has never played duplicate bridge before may take advantage of the special instruction given by Mrs. Bennett during the hour preceding regular play. If one desiring to play does not have a partner, one will be found for her.

A coffee break will be featured with classes concluding at 2 p.m. Cash prizes are awarded. Please contact Mrs. Richard David.

**Impressed**

EAST LONDON, South Africa (AP) — British historical Sir Arthur Bryant is impressed by tribal life in the Transkei, this country's first government-recognized semi-autonomous "homeland" for Africans.

"If a man from Mars could see the people in the Transkei and the people in London, I wonder which he would think the more civilized," he said after a visit to the coastal territory.

"The happiness and dignity of the Transkei people would seem at first sight much more civilized than the worried trust of London."

### Oriental Flavor To Chicken

By CECILY BROWNSTONE  
Associated Press Food Editor

**DINNER FOR FOUR**

A marinade gives oriental flavor to broiled chicken.

Watercress Soup  
Chicken Yoyo Steamed Rice  
Sweet Peas Blue Spinach Salad  
Pineapple Compote Beverage  
CHICKEN YO-YO

1/3rd cup teriyaki sauce and marinade (from a 3-ounce bottle)

2 tablespoons dry sherry  
1 large clove garlic, minced  
1 tablespoon minced fresh ginger  
3 pound fryer chicken, cut up in a wide shallow dish with a fork, heat together the teriyaki sauce and marinade, sherry, garlic and ginger. Arrange chicken, including liver, in marinade, turning to moisten both sides. Cover and allow to stand at room temperature for two hours, turning once. Arrange chicken on a rack in a small shallow broiling pan. Broil six to eight inches from high heat, turning once, until surface are brown and chicken is tender—about 15 minutes on each side. Brose each side twice during broiling with marinade mixture. Serve at once. Makes four servings.

### THE FAMILY LAWYER

While Fred was away on a business trip, his short-tempered wife, suddenly recalling some old grievance, dashed to the closet and ripped his clothing to shreds.

Upon returning home and discovering the damage, Fred decided (among other things) that he had a valid claim for insurance. When the insurance company disagreed, Fred filed suit.

"My policy is supposed to cover vandalism," he argued in court. "My wife ripped off my clothing."

And Fred collected. The

court said that, even though this was a rather unusual type of loss, it still fitted under the heading of vandalism.

Originally, the word "vandalism" applied only to the destruction of works of art, because that was supposedly the trademark of the marauding Vandal tribes of the fifth century. Now, however, vandalism includes the destruction of almost any kind of property.

Furthermore, there may be vandalism even if there is "nothing personal" about the destructive acts—so long as there is disrespect for the property itself.

Thus, the owner of a damaged building was able to collect vandalism insurance, even though the youngsters who did the damage did not know him. The court said their prank-leaving some faucets on overnight—was the kind of senseless mischief that vandalism insurance was meant to pay for.

Yet, there still must be that element of intentional wrongdoing—something more than mere accidental damage.

In another case, a warehouse owner put in a claim under his vandalism insurance for damage done to one of his trucks. He pointed out that the driver had lost control of the truck and struck a fire hydrant, while under the influence of alcohol.

But in a court hearing, his claim was turned down, simply because the driver had no intention of inflicting damage on the truck.

"In the absence of an actual purpose to do injury to property," said the court, "the conduct could not amount to vandalism."

## Seminole Students Bused To Maitland

By JANE CASSELLBERRY

In an effort to solve some of the problems of overcrowding at English Estates School starting today 141 pupils in five second grade classes will be "satellited" to temporary classrooms at First Presbyterian Church in Maitland by school bus. Children will leave English Estates at 9 a.m. and wait the church to come back at 3:10 p.m.

Built for 800 students the school has an enrollment of 1100 in grades kindergarten through sixth.

Teaching the classes will be Mrs. Merle Chisholm, Miss Sharon Booth, Mrs. Sue Hill, Mrs. Marilyn Scioma, and Miss Edna McCarty.

Notes will be sent home to determine how many students want satellite lunches and how many prefer to pack a lunch.

This new move was planned as an alternative because of the strong objections to double sessions for second and third graders voiced by irate parents at the school.

# Sanford Is 'Permanent County Seat'

## Court Decision Brings Elation

By MARION BETHA

General elation seemed to be the consensus today following the news Wednesday that Sanford had been determined as the permanent seat of Seminole County by the Florida Supreme Court.

The court held that the status of Sanford as "temporary seat" in the beginning reverted to a "permanent seat" through usage over the past half-century. It also ruled that the Circuit Court was correct in validating bonds to help in the financing of a new court house facility.

A random survey this morning elicited the following statements from local area leaders:

**HOWARD HODGINS:** "I think this is a fine thing. It should have an excellent effect upon the economy of the community. The court house facilities were in need of replacement. We should have an economic boom, and tremendous long range effects. Certainly this decision would be an advantage to any town."

**RALPH COWAN:** "Good economic value. The county has been relieved of a tremendous financial burden but the court house has been moved. The Supreme Court did what it had to do. It couldn't be any different. I think that the north and south ends of the county will work together harmoniously now. After all, only a few factions wanted to change the county seat, possibly just for the sake of change. Not all people felt this way, however."

**JAMES HOENIG:** "The new court house will have an impact on everything. We will not notice any great difference at the present time, since the court house is already located here. I think this decision will have a tendency to tie the county together."

**JOHN M. FERRER:** "I am pleased with the decision. It will be a saving to the taxpayers in that they will be relieved of the burden of moving a two-story jail and abandoning the new one which we have. It would have been a blow to the community had the county seat been moved. I sincerely hope that this will tend to solidify both ends of the county."

**WILLIAM BOATNER:** "Since this has been settled, I predict a definite upswing in the economy because things have become stabilized. Now we can proceed with renovations and other things necessary for the community."

**GEORGE TOUCH:** "While I generally conceded that Sanford has been the county seat of Seminole County, the fact that some resorted to court action to disprove the verity of the assumption is an indication that we need greater indication of county wide effort to place our community in the prominent position it can attain and deserve. With concerted action of public officials, the business community and other interested citizens, this area will become the vital business center that is projected for it in the statistics for the next ten years. The Chamber of Commerce will continue to do its best to achieve this goal. With the outstanding benefits to be derived through concerted action throughout our county, it seems unreasonable that any course other than close knit cooperation between all vital elements of the county would be a deliberately chosen course of action. Therefore I feel both ends of the county will work in harmony."

HERE WE GO AGAIN  
SECOND GRADERS in five classes board buses at English Estates Elementary School this morning to be transported to Orange County where they will be taught in the educational building of First Presbyterian Church in Maitland due to the overcrowded conditions at their school. (Herald Staff Photo)

## Buses May Be Provided For Young School Pupils

By BILL SCOTT

Seminole County kindergarten-through-sixth-grade children living less than two miles from school may soon be riding buses to and from the classroom. This was revealed today by Walter Teague, assistant school superintendent and school finance officer.

Commenting on the recent memo from Shelby Boone, state director of elementary and secondary education in state's 17 school districts, Teague said, "Herbert Muse, county transportation supervisor, was completing information on the costs of providing transportation for students living in a 1 1/2 mile limit, one-mile limit and no mileage limit from nearest school or kindergarten."

The information will be forwarded to Boone and then to Rep. John L. Ryals (Tampa Democrat), who first sought the information. Boone has asked all school districts to reply by Oct. 24.

Present limit for busing children is established by state at two miles, and no children are bused living less than the limit unless the buses have sufficient room and carry students as a courtesy.

Other information needed by the state to influence the decision to bus include total number of bus riders, number of new buses needed and the number of new schools to be served at the various limits.

## Man Jailed For Morals

A 50-year-old retired Navy man was ordered bound over to county court on \$2,000 total bond Wednesday by Peace Justice Thomas Lovett after he was arrested at his Casselberry trailer home on eight charges involving alleged incidents with minor children.

Robert I. Cecil, 790 Crestview Drive, was charged on eight counts, four for contributing to the delinquency of minors and four for indecent exposure and returned to the Seminole County jail.

Constable Robert Jane arrested the man after warrants were taken by parents of several children ranging in age from nine to 12 years.

Cecil pleaded not guilty at yesterday's hearing but failed to make bail on the charges, each of which carries a \$500 bond.

Constable Jane said this was the third time the man had been arrested on similar charges.

He stated Cecil had previously been arrested at St. Cloud and had paid a \$100 fine after a May Casselberry arrest.

## \$1 Million Apartment Project

By FRED VAN PELT

Permanent financing for a proposed \$1 million apartment project has been agreed by the Federal National Mortgage Association (FNMA), of Atlanta, it was announced today.

Seminole Garden Apartments, Inc., plans the 107-apartment project on a 7.5-acre site located in an area bounded by Fifth and Sixth Streets and Mangum and Pomegranate Avenues.

When the project was originally announced quite a few months ago, it was reported the federal government would insure rental payments and, in fact, would make partial rental payments for the residents.

The project will consist of 19 one-bedroom, 22 two-bedroom and 19 three-bedroom apartments in 33 semi-detached buildings. Special features in the masonry structure will include ranges, refrigerators, kitchen exhaust fans, separate laundry facilities and 128 parking spaces.

FNMA, large residential lender, which until last September was an agency of the federal government, is now federally sponsored but privately owned. Free of federal budgetary restrictions, FNMA operates at no cost to the taxpayer and pays regular corporate income taxes. In its role as the nation's central mortgage bank, FNMA performs the public purpose function of providing liquidity and stability to the FHA and VA mortgage market. Seminole Garden Apartments is an FHA project.

## Educator Accepts State Post

Dr. Harold H. Kastner Jr., of Winter Haven, son of Mr. and Mrs. Harold H. Kastner, of Paola Road, has been nominated as assistant director of the community junior college division of the State Department of Education at Tallahassee.

Dr. Kastner is a former high school and junior college teacher and consultant for education with the State Department of Education.

He received his bachelor's and master's degrees in economics from Florida State University and his doctorate from the University of Florida, where he was a Kellogg Fellow and first graduate of the Southern Junior College Leadership program.

**THE TEMPO** at the United Fund office picks up considerably this time of the year. Mrs. Margaret Ganas, (left) year-round secretary for the United Fund and her assistant for the Campaign period, Mrs. Mary Reed distribute the literature and coordinate efforts to insure the smooth operation of the campaign.

## Student Bank Loans Available

By CHARNER LEONE

Although college students throughout the United States are feeling the pinch of high money even more than usual this fall, local students find themselves in a somewhat enviable position. Many banks are hesitant to participate in government-sponsored student loans this year because of the low interest - low payback on them. And legislation that would boost the interest rate on these loans and make them more palatable to the banks has been shown, as Congress drags its feet on the issue.

But only one Seminole County bank has said outright it would stop making these loans. Even though they are a nightmarish combination of paperwork and little profit to the banks, four of the five county banks that make loans say they will continue their policy of making these loans to children of their customers. Those who are not regular customers of the local banks are out of luck in their hunt for this seven per cent interest loan.

For the past several years the banks have been making loans of up to \$1,500 a year for loans up to seven years of schooling to approved students. Following (Cont. on Page 1B, Col. 6)
