

Celery Feds Split Two Overtime Tilts With Gainesville

Kettles And Payne Slated To Face G-Men In Twin Bill This Evening

Sanford Cops 10-Inning Opener By Score Of 9 To 3 But Gainesville Rallies In 13th To Capture Nightcap By 5-4 Count

The Celery Feds return tonight for another double header, their third consecutive twin bill in three days. Goose Kettles and Jim Payne will face against the G-Men. The first tilt is slated to get underway at 6:30 P. M. at the Municipal Park.

HARRIS FIELD, GAINESVILLE, June 26, (Special)—Manager Ed Levy's Sanford Celery Feds came within an inch of winning their second double header in as many days last night when the second game Florida State League captured their first half of a twin bill by a score of 9 to 3 but dropped the second tilt by a 5 to 4 count.

Both halves of the twin-bill were overtime tilts, the first going 10 innings and the second lasting 13 frames. Sanford racked up six runs in their half of the tenth frame in the initial contest to capture the 9 to 3 win and in the second engagement Sanford scored twice in their half of the 13th frame to break a 2-2 deadlock but the G-Men came back with a three run rally to capture the night cap.

Charlie Bison was on the

ground for the Feds in the opener and held the G-Men to five blows through the tilt. Bison walked six batters and fanned a pair of G-Men. On the hill for Gainesville was Bud Manchester. Manchester was nicked for 10 safeties in nine and a third inning before he was relieved by Herbert Van der Molen. However, the Feds cracked two hits off Van der Molen. Jim Schantel took the hill for the Feds in the second contest and was nicked for 10 G-Man bingles. George Fultz hurled the entire contest for Gainesville. Gainesville chalked up a single run in the first inning but the Feds came back with one in the third. In the seventh the Levymen captured the lead with another safety. Gainesville pushed over a single tally in the sixth but the Feds knotted the count with a single marker in the seventh.

Scoring hostilities ceased until the first half of the 13th frame when Sanford counted twice but a three-run outburst by the G-Men in their half of the 13th proved fatal to the Feds. All three G-Men runs were scored before a single batsman was retired. Fultz issued 10 free passes to

Robson Sporting Goods Noses Out Sanford Herald In Nightcap, 13-11

Loop Play Resumes Tomorrow Night When Herald Tangles With Moss and Haynes & Williams Plays Security Lumber

Tomorrow evening at the Lakefront Park, City Softball League play resumes with The Sanford Herald playing the Moss Amusement Company in the opening contest slated to start promptly at 7:30 o'clock. In the second half of the scheduled twin-bill the Security Lumber Company will meet the league-leading Haynes and Williams Furniture Company.

The Security Lumber Company came through with its second win of the current City Softball League season last night when the lumbermen defeated the highly touted Carpenters' Union by a score of 7 to 2 in a contest which saw Security nick Geetch Swafford for a total of eight hits.

In the second contest of the evening, Robson Sporting Goods came through with their first victory in four starts by nosing out The Sanford Herald by a 13 to 11 count. It was the first appearance of the Newsmen in the loop this season.

In the opener, Junior Dyess was on the hill for Security and he kept four Union bingles well scattered throughout the tilt. Security broke the scoring ice in the opening stanza with a single score. However, the Carpenters came back in their half of the third frame to score twice on a pair of hits combined with two Security mistakes. They were the only runs tallied by the Carpenters during the engagement.

Going into the fifth inning trailing by one run, the lumbermen punched out a pair of bingles and scored twice to take a 3-2 lead. In the sixth, three outs and a pair of Union errors proved fatal for the Carpenters and Security pushed over four runs.

Pennington and Lee led Security attack with a double and a single each. John Cullum and Harry Robson tangled on the hill in anything but a pitchers' duel in the night cap. The Sportsmen jumped into the lead with three runs in the opening frame. The Newsmen came back with a single marker in their half of the first inning. Robson added another pair in the second and two more in the third. However, The Herald tallied four times in their half of the third.

Going into the fourth leading The Herald by a 7 to 5 count, the Sportsman pushed over six runs off four hits and two Herald errors. This was all the scoring by Robson.

In their half of the fourth, the Newsmen pushed over three runs and continued to whittle away at moundman Robson. "Doc" Epps took over the mound duties for The Herald and held the Sportsmen scoreless in the fifth, sixth and seventh stanzas. Meanwhile, the Newsmen pushed over three more runs in the sixth which brought the score to 13 to 11.

In the final half of the seventh, Kanner beat out an infield hit and advanced to second when Wood was safe on an error by Roy Echols. Ables fanned but Johnson beat out another infield roller to fill the sacks. Al McMillan then grounded to Pete Echols at third and threw to Sikes in time to force Kanner at the plate.

The Sportsmen banged Cullum for seven hits and obtained a single safety off Epps. The Newsmen rocked Robson for 13 safeties during the encounter.

Big Four To Give Greece Dodecanese

Deadlock on Trieste Question Prevails; Only 32 Hours Left Before the Deadline

PARIS, June 27. (AP)—The Foreign Ministers Council agreed today to give the Dodecanese islands to Greece. The only string attached is that the islands must be demilitarized.

The Dodecanese are 13 islands in the eastern Mediterranean and were governed by Italy before the war. The largest of the 13 islands is Rhodes.

In the meantime, the foreign ministers are said to be considering the Bulgarian and Hungarian treaties.

The foreign ministers have just about 32 hours left before their self-imposed deadline for the Italian and Balkan treaties. The deadline was set last Saturday. Russian Foreign Commissar Molotov said at that time that he wanted to sign the treaties made by this Friday. And then, said Molotov, he would be able to decide whether to go along with the American plan to call for a general European peace conference on July 15.

Last night's meeting on the Trieste question came to naught. The deadlock still prevails.

Meanwhile, one Russian broadcast charged that the western powers are trying to force unilateral concessions by Russia.

A storm of defiance and disillusionment appears to be gathering over the Big Four foreign ministers conference in Paris.

The Russians, the Yugoslavs and the Italians are laying down verbal barres against the maneuverings inside and outside Luxembourg palace. With the foreign ministers still deadlocked on the disposition of disputed Trieste, the Moscow radio castigated today that the stalemate was due to western pressure to force concessions by the Soviet Union. The Russian broadcast went so far as to use the ugly word "blackmail."

In Paris, Edward Kardelj, Yugoslavian deputy premier, has taken an all-or-nothing stand. Yugoslavia must have Trieste. His country, he says, won't agree to any proposal for joint control of the Adriatic port with Italy. It won't agree to internationalization. It won't accept any settlement by a 21-nation peace conference or the United Nations assembly. The Trieste question, insists the Yugoslav official, must be settled by the foreign ministers in Belgrade's favor.

In Rome, the Italians are both defiant and resigned. Italy, it is being said in Rome, has a right to Trieste. But the newspapers are picturing the Big Four as about to tear Trieste from Italy. A highly-phrased editorial in one paper today described Italy as stretched out on a table ready to be cut up—for the sole purpose of preventing the surgeons from coming to blows.

In almost every other quarter, trouble and discord remain the most marketable international item.

The delegates to the United Nations Security Council in New York are holding their heads after yesterday's acrimonious debate on the Spanish issue. The heaviest throbbing is the realization that Russia's use of the veto has become an over-powering weapon in their deliberations.

In Athens, the government has announced that armed clashes between extreme left and right forces continue, with ten more persons killed in recent days. In Tokyo, the Japanese complain that they have appealed to the Allies more than a dozen times for a speed-up of repatriations from Russian-controlled territory, without much success.

In Melbourne, Sir Thomas Blamey, former commander of the Australian arm, says that Australia and not the United States should control the big naval base built by America on Manus Island in the Admiralties.

Eisenhower Wants 50 Thousand Officers

WASHINGTON, June 27. (AP)—General Eisenhower wants the regular Army to have twice as many officers as it now has.

The five-star General asked Congress today to double the number of regular Army officers to a total of 50,000. Eisenhower said a bigger corps of professional officers will be needed for the next 25 or 30 years or until—as he put it—the United Nations becomes a definitely hostile force for world peace.

Fireboats Battle Terminal Blaze

Streams of water are poured by fireboats on the flames raging through the Municipal Ferry Terminal Station Island, N. Y. Thousands of commuters between Manhattan and the island were temporarily stranded yesterday as firefighters sought to bring the conflagration under control. Two persons were said to have died in the fire.

H. Stenstrom Is Seriously Injured In Truck Accident

Beacon Dairy Truck Overturns On Paola Road With 3 Boys

According to the latest reports from Orange Memorial Hospital, Herbert Stenstrom, who was injured in an accident yesterday afternoon near Paola, is gradually improving from a serious stage of shock. Attending physicians have not been able thus far to determine the extent of injuries to his left knee and right leg. A fracture of the right ankle is also believed to have been sustained.

Herbert Stenstrom, 16, son of Mrs. J. W. Salsbery of Fifth Street and Myrtle avenue, and five other boys, were in a truck overturned on a curve on Paola road about 2 1/2 miles west of the Country Club Road while proceeding west at about 1:45 o'clock yesterday afternoon. Stenstrom had come along just for the ride with Deal and Gamman on their milk delivery run. Gamman and Deal were bruised and cut to some extent but received no serious injuries. O. R. Smith and Carl Shultz received the call at the Erickson Funeral Home and upon arrival found Herbert Stenstrom and Donald Deal lying by the roadside and a crowd of persons who had gathered, trying to lift the overturned truck off of Dewey Gamman who was pinned underneath.

According to Mr. Smith, it took about three-quarters of an hour before the truck could be lifted enough so that Gamman, lying in a welter of broken milk bottles, could be removed. The three boys were rushed to Fernald-Laughton Memorial Hospital where they were given first aid by Dr. J. N. Tolar and Dr. C. L. Park.

Herbert Stenstrom was given several blood transfusions and was taken in the Erickson Ambulance to Orange Memorial Hospital, as according to Dr. Tolar there was no bed available for him at the local hospital. Serious injury to the kneecap and to the right ankle of Stenstrom was reported by Dr. Tolar.

The accident was investigated by State Highway Patrolman H. E. Douglas who was called to the accident from Deland in the absence of Patrolman L. C. Bender, who was off duty for the day. The milk truck, he said, is a 1941 Chevrolet and is open at both sides. The truck, turning over on the curve, made a complete flip flop before landing on its right side. Occupants of a lumber truck aided in getting the boys from underneath the car, he said.

President Rios Of Chile Dies Of Illness

SANTIAGO, Chile, June 27. (AP)—Juan Antonio Rios, president of Chile since 1942, who was elected in a sweeping victory of the leftist popular front, died today. He was confronted with an international crisis resulting from his country's relations with Axis powers and after he took office when the United States charged that Chile, along with Argentina, was a hotbed of Nazi spies.

Corporations Indicted For Conspiracy

Basis Of Suit Said To Be Monopoly Of Raw Materials Used In Atomic Bombs

DENVER, Colo., June 27. (AP)—A criminal indictment of two corporations was returned today against a conspiracy charging that they conspired to monopolize vanadium industry. The industry is an important source of uranium raw material for atomic bombs.

Five individuals—officers of the corporations named—also were indicted by a federal grand jury at Denver, Colo. The eleven defendants are charged with conspiring to create a monopoly and fix prices.

Besides its importance in the atomic field, the metal vanadium also is used as an alloy in steel. In announcing the indictment, Attorney General Tom Clark said vanadium is found chiefly in connection with radioactive mineral ores in Colorado, Utah, Arizona and New Mexico.

The two chief defendants are the Vanadium Corporation of America and the Union Carbide and Carbon Corporation, both with general offices in New York City. Also named in the indictment were four corporations owned by Union Carbide: The United States Vanadium Corporation, the Electro Metallurgical Company and the Electro Metallurgical Sales Corporation, all of New York, and the Vanadium Chemical Company of Chicago, Ill.

Individuals indicted were J. Van Fleet, president, and Ben Russell and W. G. Ashburn, president of U. S. Vanadium and E. J. Brennan, president of the Vanadium Chemical Company, all of New York.

Members Of Illegal Jewish Underground Get Long Sentences

Dollars Are Melted To Obtain Silver

NEW YORK, June 27. (AP)—Money seems to have a natural aptitude for melting away in front of your very eyes. But in New York the photo-engraving board of trade is helping the process along. They're going to melt the dollars down literally.

You see, silver dollars contain silver nitrate. And silver nitrate is one of the items essential in the photo-engraving process. Silver nitrate is just what the industry does not have much of at the moment. In fact, says the photo-engraving board, supplies are so short that many engraving plants are faced with a shutdown within a week.

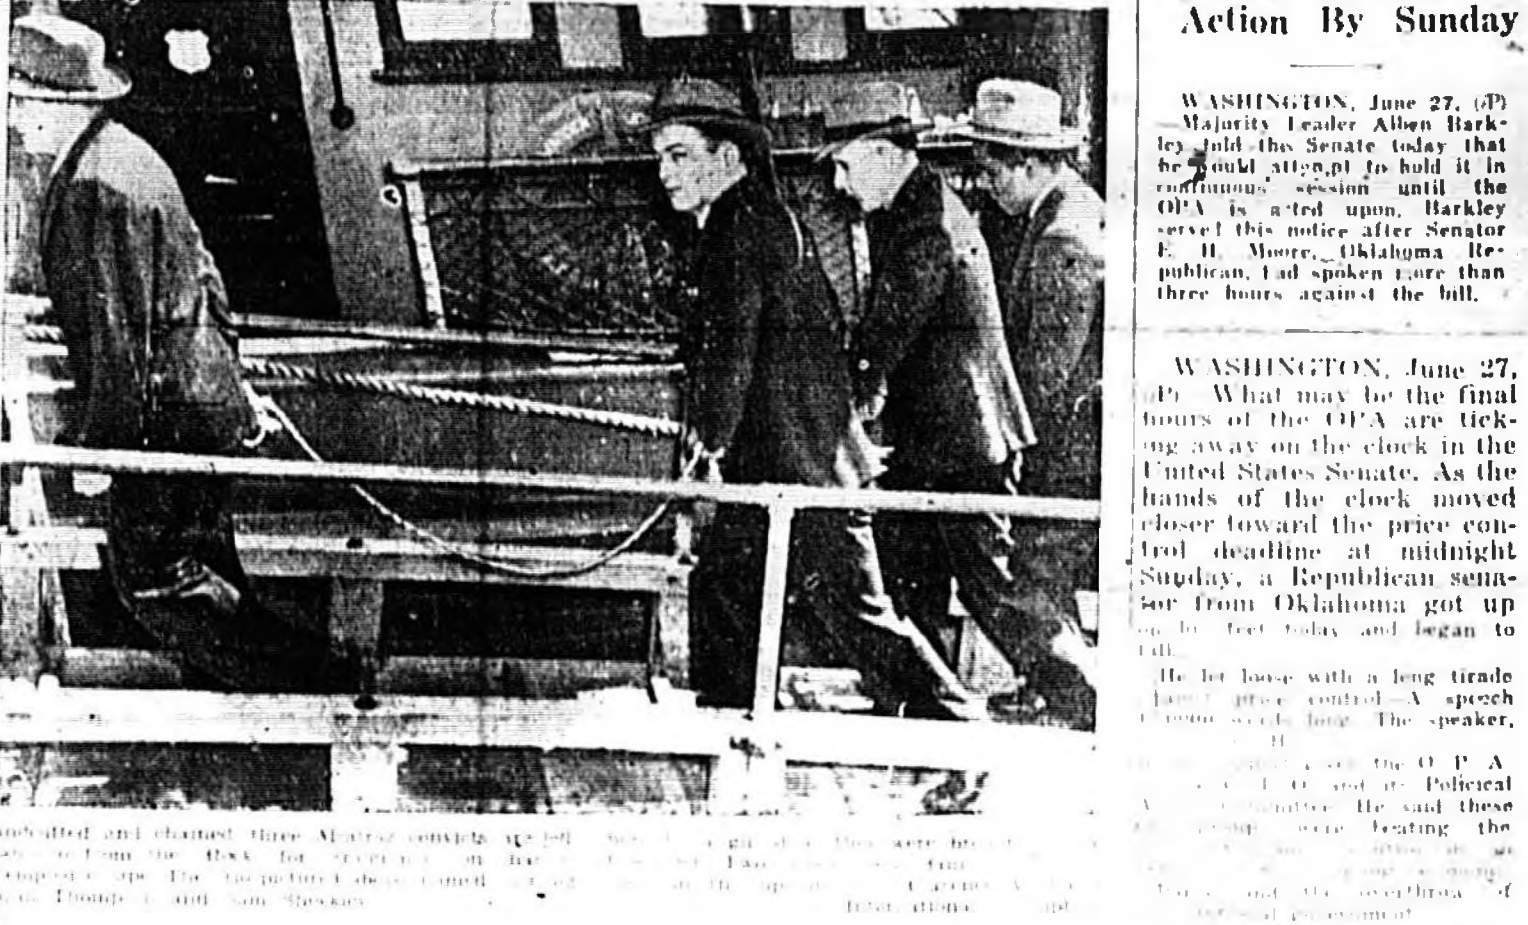

Three Young Sisters Are Burned to Death

PHILADELPHIA, June 27. (AP)—A fire in a south Philadelphia home early today cost the lives of three young sisters. Firemen found the body of 16-year-old Marie Ocasio with her head and arms resting on the window sill of her second floor bedroom. She had been overcome by smoke as she screamed for aid.

The bodies of Rosalie, aged 13, and Carmella, 11, were found huddled together on the floor near their bed. The mother and step-father of the victims, Mr. and Mrs. Frank Ocasio, jumped from their room on the third floor after vainly attempting to reach the girls.

Senator Charges CIO With Seeking To End Capitalism

Break Convicts Leave 'Rock' For Arraignment

WASHINGTON, June 27. (AP)—Majority Leader Alben Barkley told the Senate today that he would attempt to hold a continuous session until the OPA is acted upon. Barkley served this notice after Senator E. H. Moore, Oklahoma Republican, had spoken for more than three hours against the bill.

WASHINGTON, June 27. (AP)—What may be the final hours of the OPA are ticking away on the clock in the United States Senate. As the hands of the clock moved closer toward the price control deadline at midnight Sunday, a Republican senator from Oklahoma got up on the floor today and began to talk.

He let loose with a long tirade against price control. The speaker, E. H. Moore, said the OPA was a "monstrous" bill. He said these "monstrous" bills were being passed by a "monstrous" Congress. SPY TRIAL

SEATTLE, June 27. (AP)—The prosecution presented a key witness today in the trial of the Russian naval lieutenant, Nikolai Radin, who is charged with espionage and conspiracy against the United States. The witness was Herbert Kennedy, an engineer for the Todd-Pacific Shipyards. Kennedy testified that the Russian naval officer cultivated his friendship for a year and then began a campaign to get him to divulge confidential information about radar and ship fire control. The witness said he finally agreed to give Lieut. Radin the information only after making up his mind to first contact the Federal Bureau of Investigation.

Opponents Of Price Control Begin Filling Action By Sunday

WASHINGTON, June 27. (AP)—What may be the final hours of the OPA are ticking away on the clock in the United States Senate. As the hands of the clock moved closer toward the price control deadline at midnight Sunday, a Republican senator from Oklahoma got up on the floor today and began to talk.

Waiting is tough on us, too

For months we've been hoping to present each and every one of you with the new Packards you've ordered, and have been waiting for so patiently.

But to make life more complicated, everybody seems to want one of these grand new Packards. Over 65% of the people out to buy new Packards are now driving some other make.

Look what has happened! Then came material shortages. Parts shortages. For reasons completely beyond its own control, Packard was able to keep its assembly line moving only nine days in the first quarter of this year.

One of these days, the shortage of parts and materials is bound to ease up. And when it does, those twin-assembly lines at Packard will really roll.

In the meantime... Our friends have kept calling us up and asking, "Hey! Where's that new Packard I ordered weeks ago?" Many of these are old friends—Packard owners since way back.

So, we hope you'll be patient a little longer. We're doing the best we can, and so are the folks at the factory!

Hints To Housewives

WEEKLY FROM HOME DEMONSTRATION

BREAD-MAKING

As supplies of bread have become short in stores and bakeries, many housewives are trying to avoid failures and waste. Experts are sure you have a reliable recipe and follow it carefully to insure success. Many parts of the bread-making process require experience for success. For example, the amount of flour to mix into the liquid is needed for an adequate dough, or whether potatoes and other foods may be used instead for the "feel" of the dough. Finally, satisfactory meals. First priority should be given to feeding children and heavy laborers, easy way than baking loaves to provide poultry "thaw" who must carry for one or two meals when bakery loaves, and to low-income families are short.

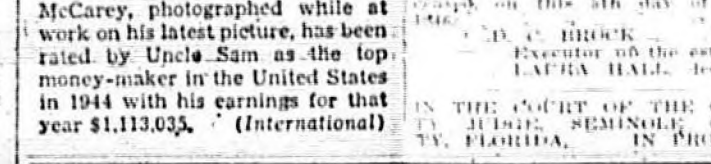

One following bread-making points are offered by home economists especially for beginners: Milk is the preferred liquid for

HEALTHY MINDS AND BODIES GROW AND ARE RENEWED: Be not conformed to this world, but be ye transformed...

Ohio Farmers Call Marketing Strike—headlines Striking is a game that two can play; in fact, three, or four.

The price of beer is being boosted a cent a bottle, which will probably not make much difference in the number of people who are getting too fat.

The caste system in the Army is being abolished. Men will no longer have to salute their officers while off duty.

Of America's Army today, Rep. Short of Missouri says, "The Army is made up of three classes, the 18 and 19 year olds, the rascals and riff raff who are enlisted to rape, plunder and loot, and the brass hats."

Recent activities in the neighborhood of Trieste seem to reveal the results of Marshal Tito's recent visit to Moscow. The Yugoslav army will proceed to seize the Italian port despite American and British forces drawn up on the Morgan line to prevent it.

The Times-Union calls attention to the "twilight zone" created for some boys by the draft plan which takes 19 year olds but exempts 18 year olds. What a 18 year old do when he graduates from high school and has another year before the Army takes him?

If current disregard for the public by union leaders continues, the time may well come when it will be as big a handicap politically to be an organized laborer as it was a few years ago to be a prohibitionist.

One of the first-moving pictures we ever saw showed a rip snorting cowboy of the wild and woolly west riding hell bent for election with both guns blazing on a fire-bald Pinto up to a high cliff that dropped straight down at least a hundred thousand feet into the rocky gorge below.

The people of the South are increasingly coming to realize that they are being short-changed by both big political parties as a result of the one-party system which exists in the South.

"Made Work"

Drew Pearson of Washington Merry-Go-Round fame, with whom we do not always agree but whom we always find interesting, says that in some of the Balkan countries now under Russian "influence" printers in newspaper offices refuse to set editorials with which they do not agree.

"Meanwhile, the Indianapolis Star informed the St. Petersburg, Fla., Times that it was unable to get its printers to set up an advertisement recruiting printers for St. Petersburg," Pearson says.

"The St. Petersburg Times is published by one of the most pro-labor men in the country; Nelson Poynter, who fought for labor's right to bargain even in the days before Roosevelt, and who has vigorously opposed the Florida anti-closed shop amendment.

"The issue is not wages but so-called 'made-work.' In the same way that Petrillo has demanded that the small Chicago Radio Station WAAF hire three additional music librarians at \$60 a week when it only needs one, so Randolph demands that newspapers set up the type for afternoon newspaper ads, even though the same ad already has run in the morning paper.

"This duplication of work in order to increase printers' payrolls is one reason why small independent newspapers have difficulty staying in business. Only way they can compete with big city papers is to adopt streamlined methods, and the Petrillo of the printing trades blocks the way.

"Publisher Poynter ran into this road block last November when he wanted an arbitration clause in a new contract permitting the discussion of 'made-work.' Czar Randolph replied that such things were not arbitrable. A strike followed.

"Publisher Poynter, however, continued to publish. He used photoengraving instead of linotypes and struggled along without printers. More than seven months have now passed and his printers are still on strike, though A. F. of L. pressmen and stereotypers have not only worked but crossed picket lines under instructions from their international unions.

"Poynter, however, made one mistake which now has brought the National Labor Relations Board—an organization which he enthusiastically supported—on his neck. "During the strike, the St. Petersburg Times merged its mechanical work with the St. Petersburg Independent, forming a new company. And during a talk with the striking printers in January, two months after the strike started, Poynter remarked that he was under no obligation to bargain with them because the new company had replaced the old.

"Because of this remark the NLRB has cracked down on the St. Petersburg Times, charging that Poynter has refused to bargain. The NLRB regional head in Atlanta who ordered the crack-down is Paul Styles, a former member of the International Typographical Union and a close friend of Printer Czar Randolph.

"Hearings are now being held in Florida. Outcome of the case will influence the future of 'made-work' in the printing industry, and most important of all, whether small independent newspapers can stay in business."

Peace Hope For India

India still seems deadlocked over acceptance of the British plan for a 14-man interim Indian government, as a step toward India's independence. Both Congress and Moslem committees adjourned indefinitely at New Delhi, leaving the constitutional negotiations in a stalemate.

The British persist in hoping to arrive at an accord in this difficult Indian question. The head of the British mission, Lord Pathick Lawrence, meets Indian leaders with much in common. Jinnah, founder of the Moslem League, was educated in England and practised law in London, while Nehru is a graduate of both Harrow and Cambridge.

Despite the inherited complexities, so difficult for an American to grasp, it is obvious that the great country of India is fortunate in having such leaders as Jinnah and Nehru who have travelled beyond their own shores and have the vision and breadth that such an education as theirs brings. The interchange of knowledge coming from the British Mission's present stay in India and the Indian leaders' past residence in Britain must eventually be a basis for sound understanding between the two countries.

Very truly yours, Claude Pepper

You remember that I said recently, in advocating that we continue to hold the cost of living down through the continuation of the OPA, that 90% of the children in the non-farm families of the country were members of families whose annual unit income was less than \$750.00 a year.

Now a survey made for the Federal Reserve Board, as carried in the Associated Press June 18th, shows that two out of every five families have an average only \$40.00 each saved in money or liquid assets.

This survey shows also that 40% of the nation's families have only 1% of the nation's liquid savings.

In contrast, the top 40% of the nation's families have 87 1/2% of the liquid savings of the country. Each family in that top third of the country's families has average savings of \$1,100.00.

The Daytona Beach Morning Journal at 128 Orange Avenue is continuing to publish while a new building with an extra story for a radio station is being built on the same site. The answer to this seeming puzzle is that the contractor is putting new walls outside the old ones, and also working on sections of the inside at the same time.

New assessed value of property in Marion County is \$35,378,202 as compared to \$33,500,000 in 1945, an increase of \$1,878,202, according to Tax Assessor Ernest Noff. County lands valued at \$95,550 have been purchased by individuals, and the county has 268 more homesteads than in 1945. Railroad and telephone assessments were reduced from \$3,399,283 to \$3,273,388.

The party rooms were beautifully decorated with summer flowers, consisting of gladioluses, asters, daisies and roses. Games and prizes were enjoyed by the guests with prizes going to Betty Thurmond, Mildred Awalt, Elsie Farley and Mrs. J. M. Leonard. A scrap book was made by the guests for the honoree.
At the end of the contest Miss Brown was seated in a special chair which was marked with white satin ribbon and a large bow and fern. Her gifts were brought in on a cart decorated with the fern and satin ribbon. An arch formed the top of the cart in the middle of which was placed a wedding bell.
After the gifts were opened a salad course was served by the hostess assisted by Mrs. Roby Laine, Mrs. C. W. Laine and Miss Jeanette Laine.
The guests included were the honoree, Miss Janiece Brown, Mrs. J. M. Leonard, Mrs. W. P. Brooks, Mrs. Carl Chapman, Mrs. Boston Steele, Mrs. B. Chapman, Mrs. C. W. Laine, Mrs. Roby Laine, Mrs. J. C. Laine, Mrs. T. C. Brown, Mrs. Cecil Bales, Miss Elsie Farley, Miss Mildred Awalt, Miss Jeanette Laine and Miss Betty Thurmond.

Joseph Senkarik Is Wed In Jesup, Iowa Ben Jones Of Oviedo

Miss Jean Lee, with a blonde, daughter of Mrs. Ida L. Condit, was united in marriage at 3:00 o'clock June 8 in the Baptist Church at Jesup, Iowa to Joseph Senkarik, son of Mr. and Mrs. John Senkarik of Sanford.
Presiding at the service, Mr. Clark Peterson played a group of selections and accompanied her daughter, Miss Helen Peterson, as she sang "Because" (Harold) and "The Lord of Love" (Lorenz).
The bridal party approached the altar which was beautifully decorated with candelabra, ferns and floral arrangements of white gladioluses, peonies and mock orange blossoms.
The double ring service was read by Rev. H. M. Robinson, pastor, in the presence of over a hundred guests.
The bride, who was given in marriage by her uncle, Floyd P. Davis of Waukegan, was attired in a broad white satin floor-length gown fashioned with a full skirt, fitted bodice, sweetly laced sleeves and sweetheart neckline. A net crown and plaited tulle held her finger-tips veiled in place and she carried a colonial bouquet of pink roses and white gardenias and sweet-peas. Her only jewelry was a gold pendant necklace, gift of the groom.
Mrs. Lloyd E. Howell, matron of honor, chose a gown designed like that of the bride and made with yellow tulle skirt and organza bodice. Her shoulder length veil was held in place with a tiara and she carried a colonial bouquet of yellow and pink delphinium, pink Ranunculus, white gardenias and pink Ranunculus.
The bridegroom wore a tuxedo with a white shirt and a white bow tie.
The wedding will be in exact accordance with the custom of the church in this city.

Kids Are Best Art Critics At Age 16

By ELEANOR GRIESEMER
BALTIMORE—Mrs. Adele D. Breeskin, director of the Baltimore Museum of Art, says that from an ideal public, she'll take children. Her verdict, after 15 years in the museum business, is: "They may be traditionally thought of as conservatives, but when it comes to abstract art, nobody could be more appreciative. They like color and design and they don't have adult inhibitions against unconventional expressionism."
Her ambition for a children's wing for the museum is on paper and as soon as possible will be put down in tone and cement.
It will be the first city children's museum, complete with studios, exhibit rooms and art teachers. Walls will be lower and there won't be any adults crowding the younger generation from an open view of the pictures—figuratively and literally.
The children's wing, with its own entrance, will be set in the museum's garden which surrounds the museum with studios built by the National Art Education Society.
Mrs. Breeskin came to her native Baltimore in 1930 after working in the Boston Fine Arts Museum and the New York Metropolitan Museum. She saw the Baltimore museum which broke ground last year but had not yet started to get its start on municipal funds from a second floor "apartment" to a large graceful building with a large attendance of 100,000 a year.
Mrs. Breeskin, who became director in 1942, when she former head of the museum was dead. Her job was to build a museum for the future, not just a museum, but an eye for the future.
When there isn't some crusty old man who says, "there's no room for anything new," there's a room for it.

Mountain Music Soothes The Governor

RICHMOND, Va., (AP)—Virginia's governor William M. Tucker is a "mountain-music" fan.
The governor says his interest in folk music goes back to his childhood when he spent many nights around a tobacco curing barn, just singing.
"Mountain music, says the governor, "makes you forget all of your troubles."
HEAVY OVERHEAD
JOHNSTOWN, Pa., (AP)—A landlord from nearby Altoona has "evicted" troublemaker, but Area Rent Director Leo Akers says the CPA can't do anything about it. The landlord asked Akers to evict a tenant from a second-floor apartment because "the tenant weighs 300 pounds and I can't carry a cooling fan on the first floor."

Engagement Of Miss Leticia Gornly Announced At Tea Given By Aunts

Miss Leticia Gornly's engagement to James G. Lee was announced yesterday afternoon, 10:30, at a tea given by her aunts, Mrs. Morris Spencer and Miss Margaret Roberts, at their home at 116 Laurel Avenue between the hours of 4:00 and 6:00 o'clock.
Miss Gornly is the daughter of Mr. and Mrs. Charles E. Gornly, Jr. of this city and Mr. Lee is the son of Mr. and Mrs. James M. Lee, also of this city.
The bride is the largest hearing child of Mr. and Mrs. Gornly and is a graduate of the University of Florida. She is a member of the Phi Kappa Phi Honor Society and has been employed by the City of Sanford and County of Volusia for the past two and one-half years.
Mr. Lee was educated at the local schools and served in the Army for two and one-half years with the rank of Captain in the Chicago-Burnside Theater. He is now a member of the Phi Kappa Phi Honor Society.

Payne Twirls No-Hit, No-Run Tilt As Feds, G-Men Split.

Kettles Victim In 1-0 Opener While Feds Grab Second, 2-0

Jim Payne, big Sanford right-hander, was the second Celery Fed moundman this season to hand in a no-hit, no-run contest when he whitewashed the Gainesville G-Men 2 to 0 in the seven-inning nightcap of last night's twin-bill, with the University City boys at the Municipal Park.

In the opening tilt Goose Kettles went to the mound for the locals but continued to encounter bad luck and when the curtain came down on the tilt the G-Men had a 1 to 0 margin over the Levymen.

Kettles limited the G-Men to four hits in the first game while his mates were collecting five off Dick Bass. The Feds were able to stir up trouble on several occasions but lacked the necessary punch to push over even a single run to knot the count.

Gainesville scored its one and only but winning run in the seventh. Coats was safe at first on an error, went to second on Gourgeous's grounder, to short, took third on Laurin's sacrifice and scored on a sacrifice by Manager Bass.

In the second contest Payne mastered his opponents throughout the entire contest. Howell was on the hill for the G-Men and the Feds were only able to muster five blows off his hurdling during the abbreviated tilt.

Both Sanford markers came in the fourth frame by virtue of two walks, a hit batsman and an error.

Buddy Lake, now playing third

Australians Seek U.S. Swim Coach

SYDNEY, (AP)—The Australian Swimming Union, determined to win an Olympic title in London in 1948, has asked the Commonwealth Government for a grant of 2,000 pounds (\$3,400) toward the cost of bringing a leading American coach to Australia.

No Australian has gained an Olympic title since Roy Graham won the 1,500 meters and Dick Fox the diving at the Paris games in 1924.

The new president of the Cleveland Indians—Bill Veeck—insists that there will be no immediate change of manager.

Calling for an end to speculation about the manager's position, Veeck declared: "Lou Boudreau is our manager. I've never heard of a club having more than one manager. That's not all. He is going to continue as our manager, certainly for the current season. There is no change in prospect, either."

Veeck added: "I'm saying this to combat gossip. I figure gossip hurts the ball club. So let me repeat it—there is no change in prospect."

Billy Southworth apparently has convinced the Boston Braves that they can murder southpaw pitching. Heretofore, the left-handers had found the Braves easy pickings. But so far this season, the Boston club has beaten southpaws 12 times in 15 tries. The Braves have faced all of the good left-handers in the league except Vic Lombardi and Joe Whitten of the Brooklyn Dodgers.

Dixie Summer Stock Car Race Slated Sunday

DAYTONA BEACH, June 27, (Special)—Thirty three years of world famous racing history written by colorful men who rode on its sands to new records have made Daytona Beach the symbol of speed. The next chapter in high speed will be etched in the speed-burned sands early Sunday afternoon with the post-war revival of the Dixie Summer Stock Car Championship.

The race is scheduled for a distance of 103 miles, 30 laps around the internationally famous and tricky beach-and-road track. It's 60 miles less than the pre-war grinds and promises to set the stage for a new record.

The speed classic will also mark the first appearance of new model stock cars in racing tests. Resultingly, Promoter Bill France expects to count some 10,000 noses at the natural-made course come June 30.

Behind the wheels of the fancy racing crates will be a number of past and present champions, including Bob (Red) Byron of Anniston, Ala., the ex-GI who won the February event at Sanford and then took the national title in April; Joe Littlejohn of Spartanburg, S. C., the 1941 kingpin; Reckless Roy Hall of Atlanta, the 1940 champion, who has cracked up in all three of his last outings; and Lt. Marshall Teague, the Army whiz driver, who sped to victory at Greensboro, N. C., last week.

SPORTS ODDITY

The most ardent fan at the Bay Meadows Track near San Francisco used to be Frank Moody. Moody was in charge of the mutual ticket windows just a step away from the track. Yet in ten years at Bay Meadows he never witnessed a horse race. The ticket room was a virtual jail and Moody was not permitted to leave it during the day's program. Although he could hear the horses pounding a few yards away, Moody had to be content with studying the form charts in the evening when he wasn't on duty.

As a club, the Red Sox are hitting only .202 in night games. Bigby Higgins is batting .300 in night games. The Red Sox have played six night games and one twilight contest, and have won only one of the seven.

Last week, Federal Judge Lloyd Black of Seattle ruled that the Pacific Coast League would have to reinstate infielder Al Niemiec or pay him his salary for one year. Niemiec had brought suit to force the club to live up to terms of the G. I. Bill of Rights, particularly that section which guarantees a veteran his job back.

Today, Judge Black explained his ruling. He declared: "Since it has been argued correctly that baseball is the great American game that it is, it certainly ought to bear its share in meeting obligations to service men."

The club contended that Niemiec's age, 36, was a factor in letting him go. Judge Black replied: "Youth must be served, but not at the expense of men who have worn the uniform, and contrary to law."

The Judge also criticized organized baseball contracts. He said that the terms used in connection with baseball contracts are reminiscent of chattels. He pointed out that such contracts give the club the right to fire a player at any time, but do not give the man the right to resign.

Airways Softball Team Wins Initial Series In Havana

MIAMI, June 27, (Special)—The world's first international softball series was played in Havana, Cuba, June 22 and 23, between TACA Airways System and Havana's leading team, Club Bancario, at the famous Havana Yacht Club.

Arranged by TACA as part of the general program of fostering good will and understanding between the United States and the Latin American republics, the game got under way at 8:00 P. M. Saturday, with the TACA lineup as follows: P. Koger, 1st base; H. Budd, catcher; M. Ogle, pitcher; James Kees, pitcher-manager; Ralph Moore, center field; White Whitehurst, left field; Jake Moody, outfield; Sandy Sanderson, 2nd base; Huck Borden, shortstop, and Red Powell, right field.

Kees struck out 15 men and limited the local team to one hit, a punt, in the first game, which TACA took 2-0.

The second game was played Sunday at 3:30 P. M. with the good will going to TACA 3-0. An enthusiastic public welcomed the TACA team, and TACA pitchers, Kees and Ogle, were both applauded for their brilliant performance.

The players were entertained at the Vedado Tennis Club and the Club Bancario, and an invitation to play a return series in the near future in Miami.

SPORTS LAUGH

There is a popular fallacy which contends that a race horse which shows the white of his eyes when he is getting ready to run is of necessity high-spirited and very fast.

The famed British turf writer, "Mankato," once had this to say about that theory:

"In neglecting to observe a horse's general condition and concentrating on 'white of the eye,' a critic of race horses is on a par with a motor specialist who formed his opinion on the speed and reliability of a car from the size and shape of its headlights."

Hairdo Suggestions For Water Babies

By BETTY CLARKE
AP Newsfeatures Beauty Editor
You don't have to be a drip at the beach—not if you plan one of the new aquatic hairdos that will keep your hair looking sleek and well-groomed in spite of a high dive or an unexpected wave.

At a recent New York showing of "Hairdos for Water-Babies," a number of specially created aquatic hairdos were suggested. Models displayed their seaworthy hairdos in a setting of candy beach and tropical palm trees.

These new underwater hairdos covered many attractive coil styles from the shoulder-length bob to the ear-tip length. Plastic bows and ribbons and other pretty hair decorations worn by the models should be popular for girls who may find that bathing caps don't always keep their hair dry.

You can take a dip in the ocean or pool in one of these tight-to-the-head hair styles reminiscent of the Gibson Girl era, and still be in the swim for an evening date. This was proved by models who, wearing their bathing suits, were seen to be dancing without disarranging so much as a ribbon.

In the quick-change operation, the plastic ribbons were replaced with taffeta bows, flowers and jeweled clips.

One hairdo was arranged of six rolls and a neck bun. Another was parted in the center from forehead to nape of neck. The two sections of hair then were individually bound with rubber bands, each twisted and pinned into a roll of curls on either side.

If you like braids you can try the back-braid variation. Sweep all the hair to the back of the head and braid down the back from crown to neckline. Tuck two or three little plastic bows down the back of the braid.

Of course, a girl can't jump from water to dance floor if her hair isn't clean. A dirty head of hair will only look worse after it becomes wet and it will take longer to dry. If it has been immersed in salt water, so much the worse.

During the summer months, hair should be washed often. Dry shampoo isn't a good bet if you plan to dunk your head in water. It will cause your hair to become more unmanageable because it may be sticky.

Use a conditioning liquid shampoo that is as effective in salt as in plain water. This will give your hair luster and sheen that will still be apparent after a swim.

Plan to avoid beach-biting in the sun. If your hair is wet, this way it should dry within the hour. Then you should be all set for an evening date with a glamour hairdo that can be brushed out and combed back, neatly into the same hairdo.

When exposing your hair to the sun, it is wise to remember that it should be in the sun long enough to dry. It is not wise to permit the hair to be baked longer than necessary. Sunshirts beating down on the scalp may dry and dry. A scaly scalp may bandanna or other sun cap for protection.

Rural Common Sense

HOMES BETTER, PEOPLE HAPPIER AS RESULT OF VIRGINIA MOORE'S WORK

For nearly a quarter of a century, Virginia P. Moore has been working with rural people of Florida, helping and planning with them to make their lives more comfortable and more complete.

As a result of her work, hundreds of Florida's rural homes are more comfortable and thousands of Florida's rural people are happier than they would have been without her aid. Since 1923 she has been visiting rural homes, talking with families, making observations on their accommodations and surroundings, and emphasizing always the primary importance of making one's abode a home in every sense of the word and not "just a place to live in."

And there are folks in communities from Pensacola to Miami to Jacksonville who have profited by her efforts and who readily acknowledge their debt of gratitude to her.

She has made hundreds of speeches—of her friendly, conversational, and inspirational little talks can be called speeches—to home demonstration and 4-H club members and to members of other organizations. Those who have heard her have listened eagerly while she told in practical, simple language how a "coat of paint" would make a house look like new, how a green, well-kept lawn enhanced the surroundings of a home and reflected the pride and confidence of its owner, how a flower bed took the homemaker's thoughts from house-keeping jobs for a little while, and served as an aesthetic tonic, how running water and electricity in the home would relieve drudgery and help to keep the family well, and how attractive home-made furnishings could make the interior of a home shine.

She has emphasized the comfort and attractiveness of the home and the welfare of its inhabitants. She has carried her ideas of home improvement to individuals as well as groups, and many a rural family recalls with pleasure Miss Moore's visit and the way she talked with them about things that meant so much to them.

Germans Want Music — Not News Reports

BERLIN (AP)—Germans would rather listen to music than news on their radios, a survey by Allied Military Government shows. The sampling of opinion announced by Major Gen. Robert A. McClure, Director of Information Control, disclosed that 65 percent want musical programs. Twenty-five percent prefer news of an interpretative nature. Less than 10 percent want political commentaries.

Flying Red Steak Comes To Florida

LAS CRUCES, N. M. (AP)—Floridian boosters probably won't admit it, but Mrs. Frances T. Virjin of Miami has been having New Mexico steaks air expressed to her.

Mrs. Virjin lived in Las Cruces during the war, acquired a taste

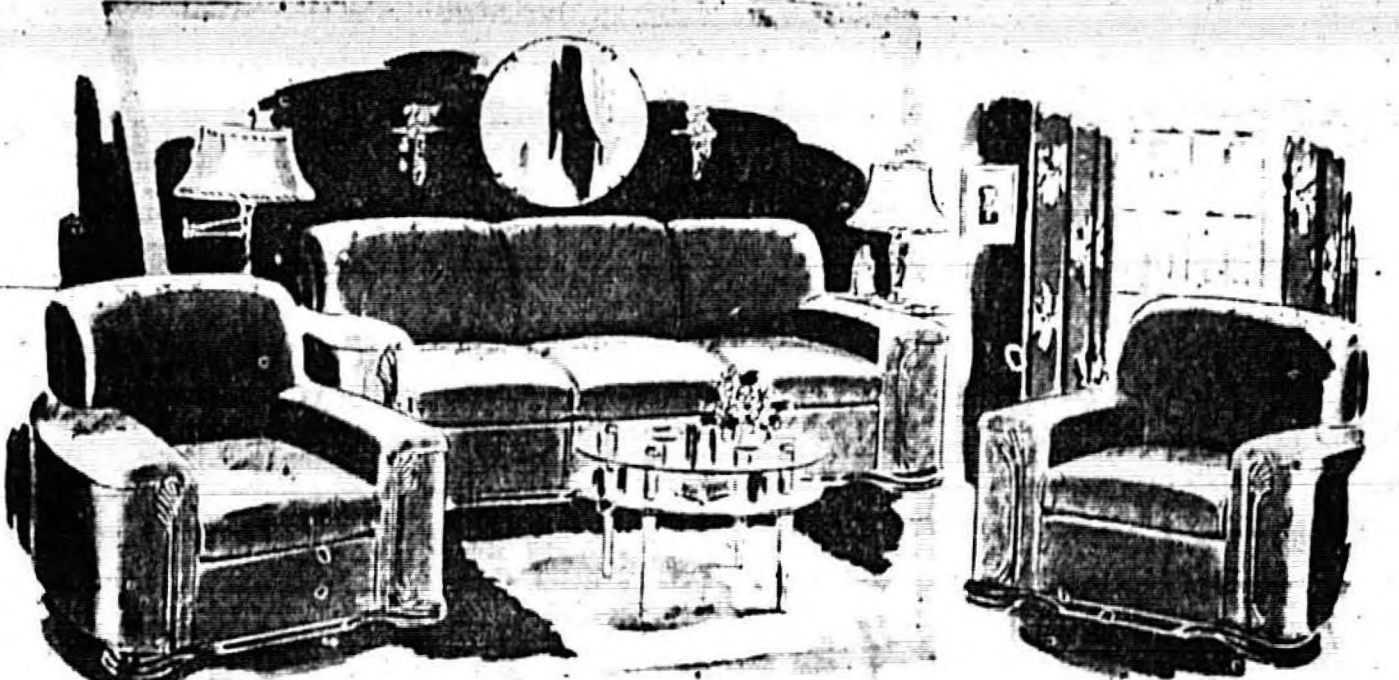

for western steaks and, missing them in Florida, had some Mesilla valley beef butchered to her desires and air-expressed to her.

Byrnes Seeks Decision On Peace Parley

Senator Bridges Hits Russia As Stumbling Block To Establishing Peace

PARIS, June 28, (AP)—An American source said today that Secretary of State James Byrnes has served notice that he intends to seek a decision tomorrow on the calling of a general European peace conference. He served the notice today on the foreign ministers' council meeting in Paris.

Meanwhile in Moscow the executive committee of the World Federation of Free Unions voted to ask the United Nations to declare Generalissimo Franco an outlaw. The committee also urged the recognition of the exile (fugal) group as the real Spanish government. The secretary-treasurer of the W.F.U., James Carey, attended the Moscow meeting as United States delegate.

And in Washington Senator Styles Bridges of New Hampshire had some harsh words for Russia. Senator Bridges, known as "The Great Roadblock" to the peace of the world, the New Hampshire Republican declared that if the Soviet Union won't move that road block, we'll have to build a road to peace around it.

Bridges spoke before the graduating class at the National Academy of the FBI. He said Russia is trying to turn world opinion in its favor by distorting the truth, but that honest men won't be fooled. He asserted that the Soviet Union is not yet ready to be given the secret of the atom.

Another commencement speaker was Francis Cardinal Spellman of New York. He urged the FBI to continue to fight against hatred, greed and bigotry, which he described as the seeds of war.

Last Call Is Made For Tax Payments

The last call was made today for the payment of County taxes assessed on the 1945 tax roll and remaining unpaid. Persons who have purchased real estate during 1945 or 1946 should ascertain if the taxes are paid on their purchases. Jno. D. Jenkins said today. In some cases it has been found that since the tax assessment was made, property has changed hands several times and none of the owners paid the taxes.

The sale of tax sale certificates for delinquent 1945 county taxes will be held at the Court House on Monday. The first certificate will be sold at 12:30 noon and the sale resumed at 1:00 o'clock.

List of lands advertised for unpaid 1945 taxes appeared in The Sanford Herald on May 31, June 7, 14 and 21.

These delinquent taxes may be paid to the County Tax Collector at any time before the tax sale and in such cases the paid items will be stricken from the sale list.

Mr. Jenkins called attention to the Florida Law which provides that: "All owners of property shall be held to know that taxes are due and payable; therefore annually, and are hereby charged with the duty of ascertaining the amount of such tax and paying the same before the first of April of each year."

Senate Group Asks Pay Hike For Judges

WASHINGTON, June 28, (AP)—The Senate Appropriations Committee has approved a Labor-Security money bill with an amendment prohibiting recognition of foremen's unions by the National Labor Relations Board. The amendment would prohibit the N.L.R.B. from spending any of its funds in the new fiscal year beginning July 1 on cases involving unions of supervisors and employees. Senator Joseph Ball of Minnesota, says it would have the effect of preventing unionization of foremen during the next year.

PIER COLLAPSES

PHILADELPHIA, June 28, (AP)—A dozen or more workers have been killed in the Delaware River at Philadelphia by the collapse of a pier and at least five others are not yet accounted for.

The collapse of the 180-foot pier also threw a 100-foot crane into the water, which is 20 feet deep at that point. At least six of the workers thrown into the water later managed to get out, but the fate of the others has not been definitely determined.

Senate Group Is Grady Hudson, 25 Seeking To Block Killed In Crash Foremen's Unions At Intersection

WASHINGTON, June 28, (AP)—The Senate has been asked to approve a flat pay raise of \$2,000 a year for all federal judges. The measure, which is included in the Senate Judiciary Committee.

That would mean a pay boost of 50 percent for district court judges now getting \$40,000 and an increase of 25 percent for associate justices of the Supreme Court, who now are paid \$20,000 a year. It would hike the salary of the chief justice of the United States to \$25,500.

A bill granting the \$3,000 a year increase for all federal judges was introduced here and endorsed by Attorney General Tom Clark and a sponsor by Democratic Senator Robert Wagner of New York, chairman of the committee which recommended it.

Liquor Sentence Is Upheld On Appeal

Police Chief Roy G. Williams today revealed that the sentence of three years each imposed on Jerry Martin and Will, alias Jack Johnson, in U. S. District Court on Oct. 10, 1945, was upheld by the U. S. Court of appeals recently in New Orleans.

Martin and Johnson, Sanford negroes, were conducting an extensive and profitable bootlegging business until police, Federal and State agents swooped down on them last April at their shack on Belle Avenue and seized 50 gallons of liquor, 127 jugs and 100 sugar sacks, and thus broke up a bootleg ring which made high profits.

CONCORD, N. C., June 28, (AP)—The pattern of the CIO membership drive in the South is taking shape. Ten organizers today began a campaign among the 20,000 workers at Cannon Mills, the world's largest manufacturer of towels.

KRAMER DEFEATED

WIMBLETON, England, June 28, (AP)—Jack Kramer of Los Angeles was beaten today in the Wimbledon Tennis Championships. Kramer, seeded second, was defeated by Jewish Drobny of Czechoslovakia. The score was 6-3, 7-5, 6-3.

Opposition To Celery Pact Is Heard At Meet

Leffler and Cullum Declare Restricting Shipments Is Harmful To Farmers

Opposition to the celery marketing agreement as proposed by the Florida Vegetable Committee in order to correct low celery prices at times of heavy shipments through grade size or volume limitations, was yesterday voiced at the U. S. House of Representatives by the president and M. L. Cullum, sales manager of Chase and Company, and Leffler, secretary of the Florida Vegetable Committee and local shipper, charged terms of the marketing agreement and told of functions of the various committees.

Sam Dighton, as a grower opposing the agreement, said Leffler West president of the U. S. A. offered for permission to sell to the stand leading Royal Sarasota and Palm Beach growers and leading component of the proposed agreement. Mr. Dighton pointed out that the celery growers were not the only ones who had been in the Bell, Cal., and that a lot of it had been shipped to other parts of the country.

Congress Plans Sweeping Probe Of War Profits

Passage Of Bill Is Expected By Night; O'Daniel Gives Up His Own Filibuster

WASHINGTON, June 28, (AP)—In a matter of hours at most the compromise OPA extension bill should be on President Truman's desk, and Administration leaders in the Senate have advised the President to sign it even though he doesn't like it—as it will be that or nothing.

The House-passed measure is being held up temporarily in the Senate by 15-minute filibusters by senators who want to junk the OPA controls and let price controls expire at midnight Sunday. Each senator is limited to one hour of debate under an agreement obtained by Democratic Leader A. Brien Barkley at the end of Senate Chief Clerk O'Daniel's eight-hour filibuster this morning. The time allotted for debate is running out so there should be a final vote on the compromise today. It should be signed by the President before midnight.
