

THE SPORTING SCENE

by PETE LEVEQUE
HERALD SPORTS EDITOR

Capacity crowds are already predicted for the Seminole High gymnasium on Jan. 20 when the Senior High faculty meets the Junior High faculty in a March of Dimes benefit game at 7:30.

The Junior High faculty has already spent several afternoons in practice for the big event. Players are Ralph Mays, Dan Felham, Owen McCarron, Ted Barker, Hugh Carlton, Tod Hunt, and Ed Buckner.

Seminole senior high players for the big faculty clash include Tom Richey, Carlton Henley, Jim Martin, Ira Hindman, Don Reynolds, John Colbert, Jim Pigott, and (we hope) Jim McCoy.

Admission will be 25 cents for students and 50 cents for adults.

The size of the new Oviedo High football field will be in the shape of a square—600 feet by 600 feet. Expenses for lighting the field will be cut down by providing lights only on one side of the field and utilizing individual switches so that not all the lights need be on at one time.

Happened to be out at Seminole High School Thursday and saw Sanford's star quarterback on the 1938 Celery Fed team shooting a few baskets in the gym. One of the more athletically-minded Sanford physicians, Dr. John Morgan frequently spends afternoons off from the office watching the boys practice and, occasionally, dropping a few in himself.

With so many of the City Recreation teams dropping out because of the fees, maybe Sanford could use a team made up of doctors. Anyway, if one did start, you could lay odds that Dr. Morgan would make first string.

With City Recreation Basketball for the Men's League well under way with Wednesday's openers, Sanford's Jimmy Gracey once again returns to the sports spotlight. Gracey scored 27 points to take top scorer honors for the night.

Gracey was the top-dog for the Wilson-Maler team as they won over Perfection Daries 60-48. In the second game, the Florida State Bank players whipped the VAH-7 team 61-48.

Rumor has it that Seminole High Coach Jim McCoy might not be in the lineup for the Sanford Faculty game next week. Can't imagine why though, because we hear that Coach McCoy was a top-notch cager a few years back... Go ahead and play Coach. Remember, it's for a good cause.

New gym bleachers at Seminole High School were installed at a cost to the County of \$7,587 reported Supt. of Schools R. T. Milwee. The new bleachers are in two-section units of 20 and eight feet in length, providing a total seating capacity of 1620.

The Oviedo High gym has also had new gym bleachers installed by the County. Work on the installation should be completed this week with a finishing coat of varnish. The Oviedo bleachers are the permanent type and work was done by county workers.

Seminoles Play Winter Park On Road Tonight

Coach Bud Layer's Seminole take their (5-2) record for the season up against Coach Bob MacHardy's wild and woolly Winter Park Wildcats tonight at 8 p.m. as the Seminole make the trip over to Winter Park for what is expected to be one of the roughest Orange Belt Conference battles of the season for the Sanford players.

Before the rash outbreak of flu in Sanford and other Seminole County schools, the Seminole had a decided edge on the Winter Park team. Weakened to an undetermined degree by illness, performance of the Sanford team is expected to be below par. Because of this, tonight's cage activity could turn out to be anybody's ball game.

Heading for their eighth game of the season, the Seminole have had bad luck with two losses, both in conference competition. If tonight's game should go into Sanford's winning column, the Seminole would come out with a conference record of (2-2).

Last year the Wildcats had an overall cage record of (12-14) and in the conference, a record of (6-9). Top man in experience for Winter Park is Gary Houmes, a six-foot-one senior who has lettered the past two years.

VAH-7 Wives Pace Navy Loop

In the Holier Motor Navy Wives League this week, VAH-7 Enlisted Men's Wives are in first place, with the Navy wives Club number 211 in second place position.

High game of 209 was rolled by Dorothy Holbrook. Betty Allen rolled a 186-517 series. Verna Volton rolled a 173-486 series.

Still in 1st

Sanford Herald remains in first place in the T League this week with the standings unchanged. Weibold's Camera Shop is in second place with Sinko's Tavern in third place. Fourth place is Karn's Insurance. Thriftway is in fifth place with Nationwide Insurance in sixth.

SOKC Tri-City Match Set Tonight

The two greyhounds representing the Sanford-Orlando Kennel Club will have the advantage of breaking from inside boxes in the Tri-City match race which is the tenth event on an 11-race program at the Sanford-Orlando Kennel Club tonight.

Oswald Bros.' Inaugural winner, O.B.'s D.D.T., will leave from the one hole while P. C. & E. J. Alderson's Tuffy O'Leary has drawn the two box.

As for the invading stars Doc Jim from Jacksonville has the four box, Hunza from Tampa the five box, Velvet Sis from Jacksonville the seven box and Tampa's pride, Big Spread, the eight box.

It is a six-dog race and the

first time in track history that three elites have been represented locally in a single contest. The race tonight is the second in a series of three. The first Tri-City match was held at Tampa last Saturday when Velvet Sis, Big Spread and Doc Jim finished in that order.

Velvet Sis goes to the post tonight as an 8 to 5 favorite on the morning line. She is the 1961 national champion and last year won two of the country's richest purses. Schooling here Wednesday night she turned in the fastest clocking, a sizzling 31.25 seconds. Velvet Sis's running mate, Doc Jim won the recent Jacksonville Inaugural.

Both Big Spread and Hunza have been starting at Tampa and have very similar records. In 20 starts Big Spread was a quintuple factor 12 times, six times with wins. In 23 starts Hunza has also been a quintuple factor 12 times, six times with wins.

As for the two S.O.K.C. greyhounds, both Tuffy O'Leary and O. B.'s D.D.T. have had six Grade A starts and each has triumphed three times. Tuffy also placed once.

RESULTS

1st Race 5/16 Mile Time 21.70	W	P	S
Mac Tray	4.20	3.80	5.00
O.B.'s Deacon	14.00	7.60	19.00
Old Darky	Quin. (7-8)	46.40	
18th Race 3/8 Mile Time 41.45	W	P	S
Inca Chief	10.20	5.20	3.80
Easter Token	4.00	3.00	3.40
Resistant	Quin. (2-4)	23.80	

Stemper Holds 1st Place Lead

Stemper Agency remained in the number one position in the Sandspur League this week after losing three and winning one game from Robson Sporting Goods. Robson remains in fifth place with Lil Ogden rolling the high series with a 474. Faye Underwood rolled a 180-444 series for Stemper Agency.

Jet Inn coped three games from Welsh Tire Shop to remain in the fourth place position. Welsh Tire Shop took one game to remain in second position. High series rolled for Jet Inn was a 477 by Alice Anderson and a 417 by Peggy Stewart.

Two Teams Tie For 1st In Loop

In the Midget Food-Mart Country Club Manor League this week, The Corals and Foodmarkettes tied for first place with both teams having a record of 4 1/2 wins and 2 1/2 losses.

Following in second place are Sugar and Spice with their record of 3 1/2 wins and 2 1/2 losses.

Mary Jane Gorton, a substitute in the league, rolled the high game with a 222 and high series of 537.

Writer Dies

BALTIMORE, Md. (UPI)—E. Palmer Heagerty, a writer and chart caller for the Morning Telegraph and Racing Form for 18 years, died Wednesday of a heart attack. He was 45.

Covington Signs

PHILADELPHIA (UPI)—The Philadelphia Phillies today announced the signing of outfielder Wes Covington, who played for four major league teams last season. Covington started the 1961 campaign with Milwaukee, then played with the Chicago White Sox and Kansas City before joining the Phils.

To Revise Slate

LONDON (UPI)—The European Ice Hockey Federation will draw up a revised schedule at its Jan. 24 meeting in Geneva to accommodate Yugoslavia, which Thursday became the 16th country to enter the 1962 world championships at Colorado Springs, Colo.

Ratelle Farmed

NEW YORK (UPI)—Rookie center Jean Ratelle, who scored four goals and assisted on eight others for the New York Rangers this season, has been sent down to Kitchener in Canada's Eastern Professional Hockey League.

Brito Gets Help

PHILADELPHIA (UPI)—Gene Brito, the partially paralyzed former National Football League star, has been voted a \$400 playoff share by the Philadelphia Eagles from money they received for playing in the runner-up bowl game with the Detroit Lions in Miami last Saturday.

Oviedo Plays Lyman Tonight In Homecoming

Coach Paul Mikier's Oviedo Lions play Homecoming hosts to Walt Drurus' Lyman Greyhounds tonight at 8 p.m. in the Oviedo gymnasium for a battle between the two Seminole County teams that sees the visiting Greyhounds as the favored team.

Oviedo has nine basketball games behind them for the season compared to the three games that Lyman has played. Lyman's Greyhounds suffered their first loss of the season Tuesday to the Ocoee cagers.

Homecoming is the big event for the Oviedo team tonight as it is the first in the school's history. A crowning of the homecoming queen is scheduled to take place just prior to the game.

The Oviedo team will select one of the three following girls to become their first homecoming queen to reign over the game and dance after the game: Linda Harris, Joanie Ridenour and Sandy Mays.

New High Team Series Set

Lovely Lady Beauty Salon set the new high team series as they won four points from Stenstrom Realty. Lake Monroe Harbor climbed back into first place as they split the points with Shoemaker Construction 2-2. The CPO Wives and Grapevine Nursery also split their points. W.S.F.R. won three points from Stoveland Drive-In Theater.

Top Pro Gridders Set For Bowl Sunday

LOS ANGELES (UPI)—Two football squads with the world's best players—according to their coaches—clash Sunday in the 12th annual Pro Bowl at Memorial Coliseum.

Both East coach Allie Sherman of the New York Giants and West coach Norm Van Brocklin of the Minnesota Vikings say—in violation of tradition—they've got easy jobs because of their material.

There is a special incentive for the players to win—each member of the winning squad gets \$800 which is \$200 more than the losers get.

The West is rated a 6 1/2 point favorite. All-stars from the National Football League's Western Conference have a 7-4 edge over the Easterners.

Sherman said he'd like to have any number of the East squad players on his own New York team which won the Eastern Conference title.

"These are the best football players in the world," said Sherman, the NFL coach of the year. "There's not much to coaching when you have the men I've been exposed to this week."

Van Brocklin, a rookie head coach like Sherman, expressed similar sentiments. "All you have to do with these guys," he said, "is roll the ball out there. Give them the terminology, that's all. They've got the execution. Their techniques are perfect."

Brown said he talked to Peppi-Cola's special market supervisor, Harvey Russell—the man whom Brown is attached to in the organization—but no decisions will be made until the football stars get back to his home in Cleveland. However, in Cleveland, coach Paul Brown of the Browns said he expects the former Syracuse University star to be with the team next fall.

Brown Thinking Of Quitting?

LOS ANGELES (UPI)—His coach thinks it simply is a gimmick to get more money in 1962—but Cleveland's Jim Brown, the National Football League's ground gaining champ for the past half decade, said today he seriously was thinking of quitting football.

Brown, rushed for more than 1,400 yards during the 1961 season to lead the NFL in that statistic for the fifth year in a row. He said Thursday he may retire from football to concentrate on his off-season job with the Pepsi-Cola Co. in New York.

"I won't know for a while," the 228-pound fullback said, "I have a lot of talking to do."

Brown said he talked to Peppi-Cola's special market supervisor, Harvey Russell—the man whom Brown is attached to in the organization—but no decisions will be made until the football stars get back to his home in Cleveland. However, in Cleveland, coach Paul Brown of the Browns said he expects the former Syracuse University star to be with the team next fall.

Bulletin

A plane believed an A-3D skywarrior from the Sanford Naval Air Station crashed some 1,000 yards from the Oviedo school at 1:45 p.m. today.

One man is believed to have bailed out while two were presumed dead. No other details could be learned at press time.

By Larry Vershel
The death of Bob Bauman was a serious loss . . . the community lost a good citizen and and me . . . a fine friend.

Circuit Judge Volie Williams Jr. tells this story. "Driving to Circuit Court in Brevard County I got stopped by a Highway Patrol Trooper outside Mims. Where you going buddy, says the trooper? Have to be in court, says the Judge. What court, says the trooper. Circuit Court, says the Judge. Who's the judge, says the trooper. Judge Volie Williams, says the judge . . . You don't need a ticket, you're in enough trouble already," says the trooper.

Look for an announcement soon of major improvements at the Naval Air Station including some new buildings . . . That comes from a reliable source.

The County School Board will meet Wednesday morning to consider annexing three schools in Casselberry. Indications are that the board will turn thumbs down on the proposal.

How about some wider parking stalls by the post office . . . Hard to get some of these new cars in the area.

Did you ever notice the obsolete signs in the downtown area. There are signs on buildings that should have come off years and years ago.

Attendance has improved in schools around the county. Schools will stay open, Supt. of Schools R. T. Milwee reports.

The sunshine committee of the Chamber of Commerce is really on the ball. Some 48 hours after they were appointed the temperatures rose 30 degrees . . . Nice going.

Salaries paid out to county employes in 1961 totaled \$305,981.68 . . . This does not include fee offices.

Salaries paid out to city employes during 1961 were \$314,755.

The County Commission will meet with the legislative delegation, medical examining board and some of our judiciary officials Thursday night at 7:30 in the courthouse to discuss strengthening the authority of the examining board.

Things that POSITIVELY won't appear in this column this year:

The County Commission today rehired Dr. Clyde D. Brothers as health director and boosted his salary to \$15,000 per year.

The County Commission will ask the legislature to cut its salary next year.

The Palms Hotel will be torn down and a brand new facility constructed on that site.

Bear Lake Road will start in a few days, County Engineer L. Carlton Bliss reported and the property owners agreed to donate all the rights-of-way.

Commissioner Vernon Dunn reports he won't seek re-election. "Plenty of good men in this district," says Mr. Dunn.

Naval Clash Off Dutch New Guinea Coast

Support Your C Of C Membership Drive Launched

TOMMY McDONALD didn't waste any time completing his membership list. McDonald, two hours after the C of C drive got under way, zoomed into the Chamber office with his completed list of two new members and two renewals. McDonald is shown handing over the list to Chamber secretary Camilla Bruce. McDonald was awarded a \$25 bond for his job. (Herald Photo)

The Seminole Chamber of Commerce launched its 1962 membership drive at a kick-off breakfast at 8 a. m. today at the Civic Center. Between 45 and 50 members attended. The meeting was opened by Bill Hemphill, who with Scott Burns, is co-chairman of the drive. Hemphill introduced Richard R. Deas, president of the Chamber. Deas spoke only briefly, calling for a concerted effort to conclude a successful campaign. Captains of the six teams called their teams together and gave out the assignments for the three day drive. The captains are M. L. Raborn

LOOKING OVER their C. Of C. membership drive cards at the kickoff breakfast this morning are S. J. Davis Jr., Sanford attorney, and Bill Lovelace, of the Ritz Theatre.

Red Germans Free Two U. S. Youths

BERLIN (UPI)—East German Communists today released two American youths jailed four months ago for allegedly trying to smuggle

'Dead' Man To Be Arraigned

NEW YORK (UPI)—A Florida shrimp fisherman, who was believed dead by his family, was to be arraigned before a U.S. commissioner today on charges of perpetrating an alleged boat accident in which he was reported drowned. The fisherman, John Pterudis, 36, of Fort Myers, was arrested Sunday by the FBI and accused of arranging with a friend his fake drowning last April 10 in the Gulf of Mexico.

The Sanford Herald

'Super Echo' Collapses After Shot

CAPE CANAVERAL (UPI)—The U. S. space agency rocketed a huge silvery balloon into space today but the 135-foot "super echo" tore apart in a faulty ejection from the rocket.

The balloon was clearly visible to points in southern Florida not covered by clouds during the brief time it was inflated. Observers on the cape then could see five separate smoking trails signifying the malfunction of the experiment as fragments burned up on the plunge back to earth. Scientists said early indications were that the unfolding process as the balloon left its capsule in the rocket was "pretty violent."

A spectacular 30-second clip of film televised back to earth from the TV transmitter in the capsule showed the balloon flaring out and then ripping wide open less than a minute after ejection.

The inflation was much more rapid than we had expected," spacecraft manager Walter Bressette said. "There is a very good possibility there was too much air left in the balloon before it was launched," causing extreme expansion in the vacuum of space.

Bressette also said it was possible the aluminum and plastic balloon was not properly folded. A movie camera carried aboard the rocket was spotted floating in its recoverable container several hundred miles south of the cape, and attempts were begun to recover it and its valuable film.

An 84-foot Thor rocket hurled the balloon and its container aloft at 6:06 a. m. The balloon apparently reached the planned altitude of 1,000 miles but it soon became evident that the shot had failed.

OVIEDO HOMECOMING Queen Joan Evelyn Ridenour was crowned Friday night at the Oviedo-Lynn basketball game. Honoring the lovely Miss Ridenour, the Oviedo cagers went on to pull off a stunning upset victory over the favored Greyhounds. Complete story on the sports page. (Herald Photo)

news... BRIEFS

Probe Crash

BIRMINGHAM, Ala. (UPI)—The Federal Aviation Agency today investigated the crash-landing of an Eastern Air Lines four-engine plane here late Sunday afternoon.

Arrest Smuggler

NEW YORK (UPI)—U. S. customs officials today held a Chinese merchant seaman on charges of attempting to smuggle into the country 25 pounds of opium strapped to his legs and back.

Angola Debate

UNITED NATIONS, N. Y. (UPI)—The General Assembly plunges today into debate on Angola, an issue which could lead to Portugal becoming the first member to quit the United Nations.

Air Problem

WASHINGTON (UPI)—The Supreme Court agreed today to examine a ruling that Pan American World Airways has been illegally monopolizing air commerce between the United States and South America.

FEPC Hearing

WASHINGTON (UPI)—A House labor subcommittee today opened hearings on fair employment practices legislation that may never get through Congress, but promises to roll up plenty of political mileage.

U. S. Objects

WASHINGTON (UPI)—The United States has objected to Britain's recent sale of six Viscount turbo-prop transports to Red China and has warned a U. S. firm against furnishing navigational equipment for them.

10 Die In Fire

CENTER RIDGE, Ark. (UPI)—The Conway County sheriff's office reported that a family of 10 perished today in flames that destroyed their home. The victims were identified as Mr. and Mrs. Andrew Paladino and their eight children.

Congress Begins Legislative Grind

WASHINGTON (UPI)—Congress went to work today on the first legislative business of the election-year 1962 session.

The Senate opened debate on a bill designed to ease the tax and market impact of a court order requiring the DuPont company to dispose of its General Motors stock.

A number of House and Senate committees begin hearings. Sen. Albert Gore, D-Tenn., a leading opponent to passage

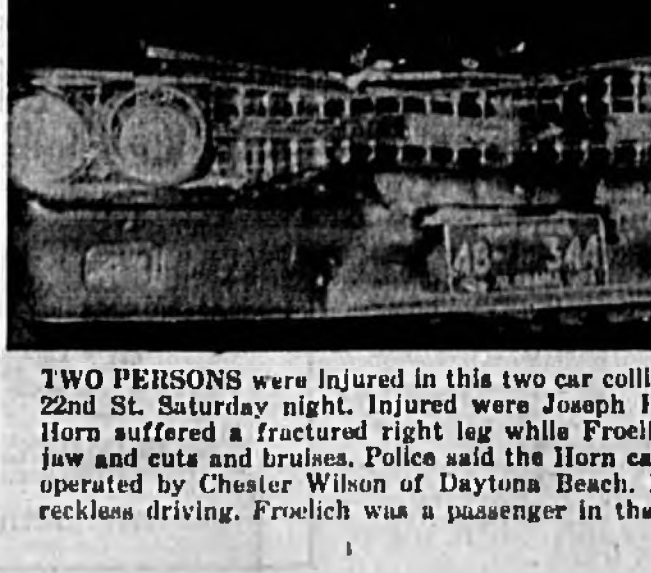

Jaycee Contest Judges Named

Judges for the Jaycee outstanding young farmer of the year were announced today. The outstanding young farmer will be announced during Jaycee week. All entries should be addressed to the Jaycee Information Booth on French Ave., or to the county agent's office.

Judges are Cecil Tucker, Ben Wiggins, M. L. Cullum, Harold Kastner and Dr. John Westgate. The deadline for entries is Jan. 22.

Troop Lift Set

WASHINGTON (UPI)—The Defense Department said Sunday 6,900 U. S. soldiers would be air-lifted to Germany Tuesday in a training maneuver testing troop mobility. They will include members of three battle groups of the Army's Fourth Division.

TWO PERSONS were injured in this two car collision on French Ave. and 22nd St. Saturday night. Injured were Joseph Horn and Jack Froelich. Horn suffered a fractured right leg while Froelich received a fractured jaw and cuts and bruises. Police said the Horn car collided with a vehicle operated by Chester Wilson of Daytona Beach. Horn was charged with reckless driving. Froelich was a passenger in the Horn car. (Herald Photo)

Terrorists In Algeria Kill 3 Europeans

ALGIERS, Algeria (UPI)—Terrorists shot and killed three Europeans today in what police said appeared to be "executions" by rightwing extremists.

Police said one of the three men was Victor Demare, head of the Oran district postal and tele-communications service. Another was identified as Camille Bagur, an outspoken opponent of the terrorist Secret Army Organization and the son of an avowed anti-OAS village councillor at nearby Souma.

Their deaths and the slaying of a policeman at Oran brought the death toll since Jan. 1 to 239, an average of 15 persons a day. More than 500 persons have been wounded in attacks by both OAS and Muslim rebel assassins during the same period.

Demare, 47, previously had received threatening letters from the OAS, police said. He was shot down as he entered a building today. Bagur, 38, had previously survived OAS plastic bomb attacks, police said. He was shot and killed at Illizia.

All three victims apparently were on the OAS "execution list," police said. The policeman was not identified.

Winter Raps Midwest Anew

By United Press International
Winter lunched another offensive through the center of the nation today, hitting the Midwest with heavy snow, Dixie with driving rain and the northern plains with sub-zero cold.

The storm whipped out of the southern Rockies, ahead of the second major polar cold wave in a week. It dropped up to a inches of snow along a line from Kansas City through Chicago and into Michigan.

Thunderstorms accompanied an inch or more of rain in many areas of the Deep South.

Hattiesburg, Miss., reported an unconfirmed tornado which uprooted trees, clipped power lines and unroofed a vacant building along a three-mile path through the city. There were no injuries.

For the second day the mercury dropped below zero from Montana to Minnesota.

2 Indonesian Boats Sunk In 'Invasion' Try

HOLLAND, Dutch New Guinea (UPI)—The Dutch navy said it sank two Indonesian motor boats and sent a third fleeing in a naval battle off the south coast of Dutch New Guinea today in what a Dutch official said appeared to have been an unsuccessful invasion attempt.

Dutch naval spokesman Capt. K. M. Elbers said, "It looks as if we frustrated an Indonesian invasion attempt." In The Hague, the Dutch cabinet met in an emergency session to discuss the battle. A Defense Ministry spokesman, however, said "no comment" when asked if the clash meant a state of war between the two nations.

It was not immediately known how many vessels were involved in the battle, which Dutch sources said took place in Dutch territorial waters south of the Iruu Mountains of New Guinea.

The battle was reported to have been a short one. The Defense Ministry in The Hague said Dutch naval units had no choice but to open fire. It said the Indonesian vessels were heading for the New Guinea coast and ignored a Dutch challenge.

The Dutch aircraft carrier Karel Doorman left Rotterdam today for what was described as a training cruise to the Netherlands possessions in the Caribbean. Accompanied by two destroyers and two submarines, the big carrier will spend three months in the Caribbean on a "show-the-flag" mission.

Indonesia has claimed that the Karel Doorman actually is headed for the New Guinea area. But a Dutch spokesman in The Hague denied that the Caribbean trip was a screen for a New Guinea assignment.

Holland currently has two 2,400-ton frigates, the Eversten and the Kortenaar, and a 2,200-ton submarine, the Utrecht, in New Guinea waters.

These are backed up by Firefly jet fighters and about a dozen Neptune fighter bombers.

Capt. Elbers said in announcing the sea battle: "It looks as if we frustrated an Indonesian invasion attempt."

"Our radar carried both by ships and an aircraft picked up blips which seemed to indicate that a large number of Indonesian warships were on their way to the coast. "We fired at what turned out to be a motor torpedo boat. Fire broke out on board and it sank."

"A second vessel of the same type was sunk shortly afterwards. A third motor torpedo boat was seen fleeing with the rest of the invasion fleet.

According to our information, the largest of these ships could carry about 60 men and the total number of troops carried by this fleet could presumably have staged an invasion."

Elbers said no Dutch warships were hit.

Jump In Citrus Prices Expected

LAKELAND (UPI)—Florida Citrus Mutual promised to advise growers this week about reasonable on-tree prices to ask for their fruit, expected to jump sharply in value following the sharp freeze in Texas.

Last week's freeze in the Rio Grande Valley was expected to kill virtually all the fruit still left on the trees there. It was expected to prove a boon to Florida grapefruit prices, which have been less than desired through the season so far.

Prices for Florida Citrus remained steady last week, but volume fell in comparison to the previous week, which followed the nine-day Christmas shipping holiday.

Better Check Up

A few weeks ago a drama was enacted in Bushnell that deserves the attention of every property owner. A transient dealer in building materials had fast talked a Sumter County couple into installing siding and without realizing it they'd signed a mortgage not only on their home, but on their entire farm!

The here-today gone tomorrow dealer escaped with a tongue-lashing from the judge because he had done nothing illegal. Sharp practices thrive when home-owners permit themselves to be pressured into signing any document without the advice of a trusted local businessman or attorney.

These transients usually contract to put new roofing or siding on a house, clean and repair septic tanks or treat a house for termites. Sometimes they operate from their cars or trucks, and once in a while they rent temporary offices.

In spite of repeated warnings, Seminole County residents every

year fall for the smooth lines and hand over their hard earned cash to these people, who frequently give little or nothing in return.

If you doubt this, check with City Manager Pete Knowles or the Chamber of Commerce. The city manager's office receives close to five calls a day on this problem.

The "Snowbirds" so called by reputable local dealers and craftsmen, live in the North and spend only the top tourist months in the area.

During that time they call house to house and solicit business. Their lines includes guarantees that are impossible of fulfillment.

No guarantee is worth more than the character of the man who gives it—and, needless to say, a guarantee is worth little if the salesman leaves no forwarding address.

There is one quick way to find out if a solicitor is on the up-and-up. Call the Chamber of Commerce and ask if he is well-established. If he's a fly by night, the Chamber will be glad to put you on the right track.

Letters

To The Editor

The Garden Club of Sanford is a part of the Florida Federation of Garden Clubs and is NOT the Sanford Federation of Garden Clubs. The Florida Federation of Garden Clubs at the last official count has 36,637 members, of which number the Sanford Garden Club, has been 345, which by no means can be called a majority of the Federation.

The opinion as stated in the article as the official opinion of the Garden Club was not the official view taken by the Board of Directors. Any opinions stated by individual members of the Garden Club is their own personal opinion. Any Garden Club member worthy of being a Garden Clubber would not, and I repeat,

would not release news or publication without proper authorization.

Our Board Meeting began at 9:30 a. m. and was adjourned at 11:30 a. m. of that time only a very few minutes was taken up on the subject of the triangle at Park and 25th Street. The official opinion was "Anything is an improvement over what was there before." This is verified by excerpts from our minutes. A motion was made, seconded and unanimously carried to write Mr. Knowles, our City Manager a letter offering assistance in his efforts to beautify the City of Sanford.

While a valued member did resign from a Chairmanship, her letter read in part, "I find my personal affairs

require more time each year and I believe my first duty to my family." What she did not say was that her health is poor. The Board accepted her resignation with regret and understanding.

We have obtained from Mr. Knowles permission to submit for publication part of a letter received and read to the Garden Club Board. The part released is pertinent to the situation above discussed. We believe in the truth and the whole truth.

The Executive Board of the Garden Club

This is a copy of the letter in part which was written by Mr. Knowles to be read at the Board Meeting of the Garden Club. The exact, etc., at the triangle were donated by Mr. Gail.

The three cabbage palms were moved from the triangle and replanted on the lake front boulevard.

The triangle is not completed and we are looking for money to do so from anyone who wishes to complain loud enough. This should include funds for "washed gravel" in addition to plants.

The City of Sanford does not have funds to hire a professional consultant. In fact, funds are not available for any landscaping and everything that is done is on a beg, borrow and steal program. This includes the need to borrow equipment and personnel from other city departments and jobs to move trees.

There are 81.3 acres of city parks, plus the grounds and lawns of city buildings, plus the parkways and traffic islands of 93 miles of streets. To take care of these parks and lawns, the City has seven laborers and a superintendent. There is neither time nor personnel to adequately care for this acreage and the result is that the city work must concentrate on the "used" areas such as baseball fields, stadium, tennis courts, etc., and the rest is merely kept mowed. Taking in the whole picture, I personally feel that a remarkable job is done with what has to be maintained and that there is little to no time or money for landscaping, hand care, watering, or other individual needs that are desirable.

I wish you to know, that I appreciate your attitude, patience, and understanding of the City's problem. It is hoped that more people will gain in understanding that a municipality functions for the health, safety, and welfare of its residents. Beautification becomes a desirable luxury that is added after the necessities are provided and to the extent that it can be afforded.

Very truly yours,
City of Sanford
W. E. Knowles
City Manager

Sanford Soldier In Korea Games

1ST CAV. DIV., KOREA (AITING)—Army Pte Freddie Robinson, whose foster parents, Mr. and Mrs. Thomas Henry, and wife, Joan, live at 3027 Grapeville Ave., Sanford, recently participated with other personnel from the 1st Division's 8th Cavalry in a winter training exercise in Korea.

The 8th Cavalry, the northernmost stationed battle group of the division, was tested to determine its combat efficiency under adverse weather conditions. The exercise stressed the importance of cold-weather - injury prevention during long periods of exposure.

A rifleman in the cavalry's Company B, Robinson entered the Army in June 1960, completed basic training at Fort Jackson, S. C., and was stationed at Fort Lewis, Wash., before arriving overseas last March.

Drips Add To Cost
One drop of water from a leaky faucet every two seconds amounts to 24 gallons of wasted water a month, reports the Department of Agriculture.

Dr. Crane's

Worry Clinic

CASE L-118: George Washington would be the staunchest supporter of newspapers if he were alive today.

"The mass of citizens of the United States," he said, "mean well and I firmly believe will always act well WHEN THEY CAN OBTAIN A RIGHT UNDERSTANDING OF MATTERS."

I have capitalized the key clause, for newspapers are the ONLY free, unregulated mass medium for informing adult Americans!

"When the press is free," said Thomas Jefferson, "and every man able to read, all is safe."

Let me give you some shocking facts. Our radio and TV stations are under coercion by the federal government because they must get a renewal of their licenses every 3 years!

This is contrary to George Washington's idea and also Thomas Jefferson's.

When a radio or TV station is granted a license, that license should be perpetual and free from future governmental regimentation as the daily newspaper!

It is obviously proper that the original application should be analyzed to make sure the newcomer to radio or TV is not jamming the frequencies already allotted to prior stations.

But once that simple engineering principle is decided, the government should thereafter leave radio and TV as free as daily newspapers.

And why do I harp on "daily" newspapers? Well, the weekly newspapers and magazines also are potent forces for molding public opinion, but they figuratively have their necks in the government's noose.

I wish you to know, that I appreciate your attitude, patience, and understanding of the City's problem. It is hoped that more people will gain in understanding that a municipality functions for the health, safety, and welfare of its residents. Beautification becomes a desirable luxury that is added after the necessities are provided and to the extent that it can be afforded.

Very truly yours,
City of Sanford
W. E. Knowles
City Manager

For they depend largely on the U. S. Post Office for delivery!

The daily newspaper (only about 1,750 left in America) do not require a federal license nor do they depend more than about 10% on the Post Office for delivery.

For the vast majority of daily newspapers are delivered by newspaper boys or rural truckers or are bought on the newsstands.

Land Your Editor
Lead your publishers and editors, therefore, as the last hope for free government in this great Republic.

For they are the final chance we have of obtaining George Washington's desire for "a right understanding of matters."

They still are the "free press" that Thomas Jefferson cited.

But all freedoms in America are fast slipping away via the rapid trend toward socialism.

The French philosopher Montesquieu warned: "A nation may lose its liberties in a day and not miss them in a century."

Then, alas, it may wake up too late and find itself in serfdom to central dictatorship.

Since most Americans are through with formal classrooms forever by the age of 18, they depend almost solely

for their remaining 52 adult years on daily newspapers, weeklies, magazines, radio and TV.

All of those 5 vital media should be FREE from federal licensure or reprisal via raised postal rates.

So wake up; stand up, and then speak up for a fair deal for all 5 of these vital media for insuring our liberty.

Political Notebook

WASHINGTON (NEA)—It has taken the New Frontiersmen to show what a piker former Vice President Henry Agard Wallace really was, when it comes to free lunch, do-gooder ideas.

Twenty years ago this May, when World War II was really young, Wallace made a speech in which he said: "The object of this war is to make sure that everybody has the privilege of drinking a quart of milk a day."

For this humanitarian idea, the VP was lambasted unmercifully. His words were distorted into an interpretation that he wanted to give a quart of milk a day to the Hottentots.

He never said that, although this remark is frequently attributed to him. He didn't say "give" and he didn't say "Hottentot." He said everybody should "have the privilege" of drinking a quart of milk a day.

Today, the conservatism of Wallace's 1942 words would almost entitle him to an honorary membership in the John Birch society. For the New Frontiersmen have cooked up a plan "to establish school lunch programs involving at least 500 million children within five years."

Ex-congressman George McGovern, D-S.D., now director of Food for Peace in the President's office, proposed this in a letter to Secretary of Agriculture Orville L. Freeman and Foreign Aid Administrator Fowler Hamilton. They're studying it. The prospects are not dim.

It might require congressional approval, but this isn't inconceivable, either. For the plan is being set up as something that will help get rid of American surpluses of wheat and dried milk. So it's a subsidy for American farmers as well as a relief project to feed hungry foreign kids.

Food for Peace officials estimate the cost at \$264 million a year for the two million tons of dried milk, which would make 90 billion glasses of milk. They estimate \$432 million for 7.2 million tons of wheat, which would make 13 billion loaves of bread.

To this would be added \$215 million for ocean freight. This would make total costs \$911 million a year. Call it an even billion for short. (Are you listening, Henry?)

That would be at world market prices. If you figure what the government's Commodity Credit Corp. actually paid to acquire and store these surplus stocks of wheat and milk, you double the cost to \$2 billion.

Don't Sit This One Out
Sitting, not stuffing, makes a teenager overweight.

Researchers have found that lean adolescents actually eat more, averaging 4600 calories a day compared with only 3400 for the "fatties." The difference: The lean youngsters use all their food energy, but the heavy ones let their calories settle all body fat.

Late in January, McGovern will make a round-the-world tour to survey possibilities and the acceptability of his plan in foreign countries. He is scheduled to meet with Presidential Assistant Arthur Schlesinger Jr. in Hong Kong, India, Egypt and Tunisia.

The half-billion children they're talking about feeding are said to be in the Far East, South Asia, Africa and Latin America. This is one-sixth of the world population.

The lunch ration proposed is a glass of milk and four ounces of bread a day for an average 180-day school year. What the children have for lunch the other 185 days isn't explained and is not included in the plan now.

Food for Peace officials estimate the cost at \$264 million a year for the two million tons of dried milk, which would make 90 billion glasses of milk. They estimate \$432 million for 7.2 million tons of wheat, which would make 13 billion loaves of bread.

To this would be added \$215 million for ocean freight. This would make total costs \$911 million a year. Call it an even billion for short. (Are you listening, Henry?)

That would be at world market prices. If you figure what the government's Commodity Credit Corp. actually paid to acquire and store these surplus stocks of wheat and milk, you double the cost to \$2 billion.

Don't Sit This One Out
Sitting, not stuffing, makes a teenager overweight.

Researchers have found that lean adolescents actually eat more, averaging 4600 calories a day compared with only 3400 for the "fatties." The difference: The lean youngsters use all their food energy, but the heavy ones let their calories settle all body fat.

Actually, since it would take time to set up an operation of this size, only a fifth of these amounts might be spent the first year to feed a mere 100 million kids. Then 100 million more would be fed each year following.

The food supplied would be on a grant basis under Titles II and III of Public Law 480. The grant would be government - to - government and would not have to be paid for, except by the American taxpayer.

This isn't, of course, a new idea. You may not realize it, but U. S. surplus foods are now being distributed to 30 million children overseas through school lunch programs run by foreign governments and American private relief agencies.

There is also the U. S. school lunch program—which goes back to Wallaces time. It now feeds a much better diet to 14 million American school children.

Federal government costs on this are \$155 million this year. State and local governments spend \$650 million on it and collect an average of 27 cents a day from those who can afford to pay. For others, it's free lunch.

If you were born before 1910 . . .

Mrs. Spolski Honored With Stork Shower

Mrs. John Spolski was guest of honor at a surprise stork shower recently by a group of lady bowlers.

Mrs. Spolski, wife of the manager of the Jet Lanes, had been spending one afternoon a week with her husband and visiting with the bowlers. He arranged to have her present on the big day, but made sure she was kept in conference in another part of the building while the women arranged the party.

The time was set for 12:15 between the time the morning league finished their games and just before the afternoon group took over.

When Mrs. Spolski walked in a large group of women started singing "Rock-a-bye Baby." About 90 members of five leagues participated in the shower. They were from the Foodmart Country Club, Jet Bowlerettes, Hi-Nooners, Kingswood Builders, T-League and Hötter Motors Navy Wives Leagues.

She received a stroller, bathinette, scales, night light and christening shoes from the group.

A cake with a miniature stork and decorated with booties centered the refreshment table. Small cakes and coffee were served to those present.

WINDOW GLAMOUR

Here's a face-lifting trick for vintage windows. Two or three narrow windows on one wall may be updated easily by installing one large shade across the entire area for a modern, picture window effect.

Miss Selma Jane Williams To Marry Paul Morgan Jr.

Mr. and Mrs. Ted Williams, approaching marriage of their daughter, Selma Jane, to Barney Paul Morgan Jr., son of Mr. and Mrs. Barney Paul Morgan Sr., of Wichita Falls, Texas.

Miss Williams was born in Sanford, attended schools here, is a graduate of Seminole High School and attended Florida Southern College and Orlando Junior College.

While in High School she was a member of the Majorities, the Glee Club and Student Club. She has been employed for the past several months by Gibbs Louis in Orlando.

Mr. Morgan was born in Wichita Falls, is a graduate of the Nocona, Texas, High School and attended North Texas State College. He is presently serving with the U. S. Navy in the Weather Service Department and stationed at the Sanford Naval Air Station.

The wedding will be an event of March 17, at the First Methodist Church, Sanford.

THREE GENERATIONS of the Ward family, are shown at the home of Mr. and Mrs. Henry Ward Jr. in North Orlando. Mr. and Mrs. Ward Sr., have returned to their home in Indianapolis, Ind. after a visit with their son, his wife and grandson, Henry Ward 3rd. This is the second trip to Florida for the guests and they especially enjoyed their stay this year. They visited many Central Florida attractions, including Cape Canaveral and enjoyed watching the oranges being harvested. (Herald Photo)

Circle Installs New Officers

At an impressive ceremony conducted by Rev. Joseph Stock, new officers of the Ethel Root circle of the Congregational Christian Church were installed at a meeting held at the home of Mrs. Howard Rollins, 1705 East Fourth Street.

Mrs. Ralph Lossing led the devotions, based on the 27th Psalm, after which Rev. Stock gave the oath and committed the new officers. Those installed were Mrs. Helen Remusat, president; Mrs. Edward Simpson, vice president; Mrs. G. O. Nordgren, secretary; Mrs. Oscar Zittrower, treasurer; and Miss Ruby Booth, chaplain.

The new president appointed the following committees

for the coming year: Mrs. Bea Alford, sunshine; Mrs. Ralph Lossing, friendly service; Mrs. Rollins and Mrs. Norma Cook, budget; Mrs. Gus Schmah, program, and Mrs. Harold Herbst and Mrs. Marion Keeling, public relations.

Plans were discussed for the covered dish luncheon and annual meeting and tentative plans were made for the annual amorgasbord, scheduled for Feb. 24.

Following the business session, a social hour was enjoyed and refreshments served by the hostesses.

Mrs. Alford will be hostess to the next meeting on Jan. 22. Members present for the meeting were Mrs. Clyde Stinson, Mrs. Edward Woods, Mrs. Owen Meredith, Mrs. Herbert Thurston, Mrs. Robert Getman.

Mrs. Joseph Stock, Mrs. T. R. Alford, Mrs. Maurice Corbett, Mrs. William Bailey, Mrs. Henry Dilts, Mrs. Cook, Mrs. Schmah, Mrs. Keeling, Mrs. Lossing and the slate of new officers who were installed.

Enterprise

Personals

Mr. and Mrs. Kirby Sellers and children have returned from a visit with Mrs. Sellers' mother and brother in Blackshear, Ga.

Mr. and Mrs. Andre Aylies of Jacksonville were recent guests of Mrs. Aylies' parents, Mr. and Mrs. C. A. Henderson.

Mrs. Mary Martin has returned from a two week vacation with relatives in Cullman, Ala.

About 32 Intermediate MYF members went on a hay ride and wiener roast at Daytona Beach last Friday evening. Accompanying them were Mr. and Mrs. Allan Sain, Mrs. Katherine Sellers, Miss Helen Snodgrass, Rev. and Mrs. Fred Foster and son, Ted, and Mr. and Mrs. Bill Foster of Daytona.

Mrs. W. B. Brinson, Mrs. H. W. Rucker, Mrs. George Wells, Mrs. John Eick and Mrs. Charles N. Rust were named on the nominating committee to present a slate of officers for next year.

Guest speaker Mrs. Mona Bridges, spoke and gave a demonstration on flower arrangements. She stated that a new spray may be obtained that serves as a preservative.

Memorial Service Given By Club

The first luncheon meeting of the new year for the Fine Arts Department and the General business meeting of the Sanford Woman's Club was held Wednesday at the Club House.

Luncheon hostesses were Mrs. H. A. Monteth, Mrs. E. C. Harper, Mrs. J. E. Baker, Mrs. J. L. Jewell and Mrs. Donald Flamm.

Receiving guests in the foyer were Mrs. C. R. Dawson, Mrs. E. M. Hoke, Mrs. Sybil Routh and Mrs. E. D. Rinehart. The blues won in the membership count.

A memorial service was held for two deceased past presidents, Mrs. O. P. Herndon and Mrs. James Moughton. Mrs. Roy Tills gave the memorial for Mrs. Herndon and Mrs. R. A. Smith for Mrs. Moughton. Red roses were placed in a container, in

their memory and sketches of their club work reviewed.

Mrs. Tillis introduced her guest and sister-in-law, the former Miss Cora Lee Tills, of New Jersey.

It was reported that several members rang the Salvation Army bell prior to the Christmas season. Two new members, Mrs. Richard Gleason and Mrs. Lloyd Siafford, have been received by the club.

Mrs. W. B. Brinson, Mrs. H. W. Rucker, Mrs. George Wells, Mrs. John Eick and Mrs. Charles N. Rust were named on the nominating committee to present a slate of officers for next year.

Guest speaker Mrs. Mona Bridges, spoke and gave a demonstration on flower arrangements. She stated that a new spray may be obtained that serves as a preservative.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: Every Christmas my husband gets an 18 or 20-pound turkey from his boss. Our problem is that neither my husband nor I care for turkey that much and there are just the two of us. Once I roast it we have to eat it up and you know how sick you can get of turkey after a while. We aren't so well off that we can throw or give it away. Would it be all right to sell it? That doesn't seem right somehow. TROUBLED

DEAR TROUBLED: Don't sell it. Why not roast it and invite some friends in? Or cook it and freeze what you don't eat. Or get a cook book and discover how many ways there are to fix turkey. There's turkey soup, turkey hash, creamed turkey, stewed turkey and cold turkey. If you prepare it properly, you'll gobble it up in no time.

DEAR ABBY: My parents won't let me do *The Twist* as they say it causes heart attacks. Is this true? TWISTER

DEAR TWISTER: For those doing it, or those watching it?

DEAR ABBY: I read in a horoscope magazine that people who are born under different signs don't get along with each other. I think that's the trouble with my mother and me. She is very bossy and crabby and is always asking me a million questions. She complains a lot that she doesn't feel good, but I'm sure it's just an act she puts on to get sympathy. She is more strict with me than any of my friends' mothers are with them. She forces me to go to Sunday school and take piano lessons. I am 14 and am treated like a baby. Is what the horoscope magazine said true? And what does the future hold for me? FOURTEEN

DEAR FOURTEEN: Since you are old enough to read, may I suggest a very good book? The Bible. I don't know what the future holds for you, but it will hold much more if you will honor your mother.

CONFIDENTIAL TO "OLD ENOUGH TO VOTE": And you are also old enough to know better. Leave him alone. He's still married.

GINA: A Blonde? — Yep. Italian actress Gina Lollobrigida is a blonde, temporarily, for her role in the film, "The Beauty of Ippolita." Here, Gina does a few calisthenics in Rome in the work clothes she wears in her role as a gas station attendant.

Ohio State 'All Alone'

United Press International
Ohio State's magnificent Buckeyes reached the halfway mark of the 1961-62 college basketball season as the nation's only major unbeaten team, and from the looks of things they may wind up the campaign the same way.

The Buckeyes were left all alone on the perfect record list when Mississippi State, a threat to Kentucky's bid for southern supremacy, lost to Vanderbilt, 100-86, Saturday night while Ohio State, the nation's top-ranked team, was making Michigan its 12th straight victim, 89-64.

TV Key Previews

TV Time critics preview coming television shows by attending rehearsals, watching screenings, and analyzing scripts in New York and Hollywood. These are their previews for today:

8-8:30 p.m. CBS. Pete and Gladys. This one has some good slapstick moments, thanks to the irrefragable Cara Williams (Gladys). She's mistakenly arrested when she tries to change an accidentally stained dress in a friend's hotel room. Funniest scene is in the police line-up as Gladys faces unseen witnesses along with three strippers. Pete (Harry Morgan), as usual, is chagrined at the situation, compounded by the fact that one of her ex-boyfriends was indirectly responsible for her arrest.

8-8:30 p.m. NBC. Lee, the Virginian, Robert E. Lee was not an American patriot, yet his memory is revered as few others in this nation's history. Lee did not fight against the union, nor did he fight for slavery or secession. He resigned his commission in the U. S. Army rather than fight against his beloved state, Virginia, and it was as commander of the armed forces of the State of Virginia that Lee began his military career with the Confed-

erate Army. "Virginia is my country," his father had said. "And her will I obey." This is one of the more important aspects in the life of Robert E. Lee pin-pointed by writer-producer John McGiffert in his second NBC Civil War Centennial portrait. Utilizing a skilful blending of still photos and film, the program draws attention to Lee's heritage as a Virginian, his military career just prior to and during the Civil War, and on to Appomattox and his last years as a college president. Thomas Mitchell narrates.

Mulloy Wins Title
ORLANDO, Fla. (UPI) — Gardner Mulloy, now a frisky 47, won the Florida invitational tennis championship Sunday by defeating Ed Rubinoff of Miami, 2-6, 6-6, 6-1, 6-4.

Jacoby On Bridge

This week will cover interesting plays and today's hand is a conspicuous example of brilliant dummy play nullified by brilliant defense.

You don't have to approve the bidding any more than I do, but the five-diamond contract would have been a cinch against a reasonable trump break.

South was sure that the bidding marked East with all three missing trumps, but he saw a ray of sunshine.

West held the first trick with the king of hearts and shifted to the King of clubs. South took it with the ace, ruffed a club, ruffed the heart, ruffed another club, ruffed

heart, led his last club and ruffed with dummy's king of trumps.

This line of play which was based on the correct assumption that West had started with five clubs and four cards in each major suit deserved a better fate than actually befell it.

If East had discarded his last spade when dummy ruffed with the king, he would have been forced to ruff the third spade and lead away from his queen of trumps.

How did East avoid this end play? He underplayed dummy's king of diamonds. Then he was able to follow to the third spade and avoid the end play.

We The Women:

Have you noticed how many people in selling jobs today act as if they don't want to sell you anything? You walk into a store all set to make a purchase—knowing exactly what you want and ready to do business quickly. Does a clerk hurry over to you, give you his undivided attention, and then set about to find you what you want? Sometimes. But all too often these days you walk into a store and stand around feeling like an intruder. Nobody looks your way.

A couple of clerks are standing off in a corner hav-

ing a private chat. They obviously have no intention of being interrupted. Another is on the telephone, talking and doodling while carrying on a personal conversation.

So you have a choice of either turning around and walking out or saying meekly, "Can someone wait on me, please?"

If you decide on the latter don't be surprised if you get an irritated look and catch a glimpse of a shrug of the shoulders as one clerk indicates to another that here's one of those bores again—a customer who insists on buying something.

Quartet To Give Concert

WINTER PARK—The Hungarian String Quartet, recognized internationally as great interpreters of chamber music, will appear in the Rollins Concert Series January 14.

The four noted musicians will perform at 8:30 p.m. in the Winter Park High School Auditorium. Tickets may be obtained at the door.

Zoltan Szekely, violin; Michael Kuttner, violin; Dennis Koromay, viola and Gabriel Magyar, cello, have played chamber music at leading cities on five continents.

For their Rollins performance they will present Beethoven's "Quartet in E Flat Major, Opus 74," Bartok's "Third Quartet," written in 1927, and Schubert's "Quartet in D Minor, Opus Posthumous (Death and the Maiden)."

The members of the Quartet studied under Bartok at the Royal Academy of Music in Budapest. They have since become known as the leading ensemble playing the master's music.

Bartok's only violin concerto and one of his rhapsodies are dedicated to the Hungarian first violinist, Szekely.

CLARENCE SHRINER

Shriner To Speak To Business Group

All interested persons are invited by the Sanford Business and Professional Women's Club to hear an address by Clarence Shriner of DeLand on Tuesday at 8 p.m. at the Christian Church on Sanford Ave.

Shriner, after thirty years with the Boy Scouts of America, retired from the position of Regional Executive for the Boy Scouts to become Executive Vice President of Patriotic Education, Inc., which was established in 1952 under his direction.

The objective of this organization, a nationwide non-profit movement of patriotic men, women and young people, is to carry on a broad program of activities dealing with the basic ideals and principles of the United

States in order to assure the perpetuation of our American heritage for today's children and for succeeding generations.

In addition to his long career in Scouting, Shriner has been active in the Sons of the American Revolution, serving that organization in many capacities including Vice-President General of the National Society.

Other of his appointments and positions of public service and philanthropy are too numerous to mention fully, but it may be noted that he has worked with youth groups wherever he resided.

He is a member of many civic organizations both local and national, including the Chamber of Commerce and Rotary Club of DeLand. He belongs to the First Baptist Church of DeLand and was a recipient of the George Washington Honor Medal of the Freedom Foundation.

Hospital Notes

JANUARY 9 Admissions

Mr. and Mrs. Lish Harden of Sanford, a boy.

Discharges

Mickey Joe Jones, Altamonte Brgs.; Carol Roach, N. Orlando; Iola Crane, Oriedo; William Kilbee, Geneva; Judy Howard, Yvonne Sehnest, Dorothy Evans, Equilla Walton and Brownie Lisa Lee of Sanford.

We'll Change Name Of Grapefruit?

LAKELAND—A mere hint at changing the name of Florida grapefruit has aroused commotion akin to the legendary debate brewed by the years-ago suggestion that the state of Arkansas become Arkansas.

It all started out so innocently, as do so many great issues. In the interest of selling more Florida grapefruit, a top U.S. marketing expert wrote a treatise on the subject for Florida Citrus Mutual. In his discourse he tossed in the suggestion that maybe another name would give the product a more sale-

able consumer image. As a starter, he wondered in print if maybe "greatfruit" wouldn't do the trick.

Following this lead another researcher looked into grapefruit's history and learned it has, over the centuries, been called such as "Adam's Apple," "zambo," "bustanbun," "shaddock" and "pummelo."

Most reaction from a number of writers-in was leave the grapefruit name be, but try a few new, or embellished, approaches to selling and consuming it.

A lady from Palm Beach: "Take a less formal ap-

proach to grapefruit eating . . . Peel it, like an orange, and dip the sections in sugar, or not." She also wrote that if there was to be any tampering with the name call the finest quality "Queen Grapefruit."

A gentleman from Riviera Beach forthrightly wrote that "here is a wonderful hot weather cooler: Sally Dog. Juice of one-half fresh grapefruit, one an a half ounces of salt on top to enjoy. No need to change the name of a wonderful fruit."

A Florida processor is already putting up "Salty Dogs" in small cans for individual servings.

A Sanfordian who shone back in the days of the Big Apple writes . . . "why doesn't someone develop it (grapefruit) into a big orange and forget the whole thing?"

A Miamiian: "Make it possible to buy good grapefruit

for two for 15 cents, or less, and do matter what you call it, people will buy it."

In a nutshell—or should that be in a grapefruit rind? —as Mutual's Bob Rutledge puts it, "there seems to be no popular demand to change the name grapefruit, but there is a swelling grower demand that the industry put all its intelligence and energy to work to develop more ways to sell more grapefruit to more people."

Jaycee Week

TALLAHASSEE—Governor Farris Bryant today proclaimed Jan. 20-27 as "Junior Chamber of Commerce Week" in Florida and asked all state and local organizations to cooperate in the observance.

He said the purpose of the week is to focus attention on young men and the work they are doing, and emphasize that the Florida Jaycees have

done an outstanding job in the fields of community development, youth work, traffic safety, and leadership training.

During Jaycee Week observance in Florida, the U.S. Jaycees will be recognizing America's Ten Outstanding Young Men of 1961 in Santa Monica, California, with national Jaycee President Bob Conger making the presentations.

The week celebrates the founding of the Junior Chamber in 1915, when Henry Giessemer saw a need for a young men's civic group and organized the first chapter, according to state Jaycee Week Chairman Bill Gunter of Orlando.

The Florida Jaycees, over 7,000 strong, have local clubs in more than 100 cities throughout the state. State headquarters for the organization is located in Lakeland.

Firemen Name Audit Group; Hear Reports

The Lake Mary Volunteer Fire Dept. appointed an auditing committee and heard annual reports at its installation meeting last Tuesday night at the Fire Hall.

Recommended for the committee to perform the annual audit of department records were J. Leon Taylor, Fred Wells and Woody Friend.

The annual treasurer's report showed that the department received a total of \$1,016, spent a total of \$738 and now has a balance of \$278.78.

The men voted to discontinue use of a safety deposit box and appointed Harry Bucklew to check with the Southern Bell Telephone Co. on the possibility of having the Lake Mary Fire Dept. numbers listed with the emergency call numbers in the new directory.

Growers Set Meeting Dates

Dates for the 1962 Convention of the Florida Fruit & Vegetable Association will be Sept. 18 through 21, according to an announcement by Joffre C. David, Orlando, General Manager of the Florida Fruit & Vegetable Association.

The Board of Directors of FFVA has chosen these dates as being most suitable for the trade and members, generally.

Tentative plans are for a Golf Tournament on September 17, three days of general meetings and a final day of scheduled committee and conference meetings," David said.

"Headquarters hotel for the meeting will be the Americana, at Bal Harbour, Miami Beach," David added.

Enterprise PTC Sets Meeting

The Enterprise Parent-Teacher Council will meet at 7:30 p. m. Tuesday in the school auditorium for the regular monthly business meeting.

Harold Wooten, physical education coordinator, will present a program on "Physical Fitness."

Old and new projects of the PTC were discussed at a meeting of the executive board last Tuesday when it was reported that the new 23-inch television set now in use in the cafeteria and the school is participating in the Educational TV programs.

Paper Collected

The Junior Sunday School Class of the Chuluota Community Church has collected more than 5,000 pounds of paper during the past several weeks as a class project to aid the church building fund. R. Moon of Sixth St. donated time and the use of his car to help with collections.

When the Going's Rough...

When you have a loss you expect fast, fair settlement, not a mountain of details and delays. That's where The Big Difference in Insurance comes in. An independent insurance agent handles all details—follows through to see that you are reimbursed promptly and fairly.

When you buy insurance for your car, home or business through an independent insurance agent, you can also expect guidance in choosing the right policies from established companies and news about recently-issued, improved policies.

LOANS MADE TO RESIDENTS OF ALL NEARBY TOWNS

Bulletin

MIAMI (UPI) — Walter C. Grady of DeLand told the Florida Racing Commission today he had been blackballed by the racing industry because "I was the focal point in a swindle at the Daytona Beach dog track three years ago."

By LARRY VERSHEL. NOBODY ASKED ME, BUT I don't dig the twist. The fascination of fishing has eluded me. Despite all the latest criticism directed at him, Carlton Bliss is the best engineer this county has ever had. I can't get over the job the Sunshine Committee of the Chamber accomplished.

Anyone who doesn't join the Chamber has "got no right" to complain if the county is stalemated for the next 20 years. I get angry when I buy a pack of cigars and have to ask for a book of matches. Why does politics have to enter into it when choosing a new postmaster? Why doesn't the County Commission go back to meeting in the mornings? If the reappointment referendum passes, Seminole County can't go wrong if it elects Mack Cleveland for the job.

Maybe the Washington Redskins should try Soccer next year. Why doesn't Gordon Frederick change his mind and run for the Legislature? What is the difference between a broken marriage and a trial separation? Jack Benny improves television just by showing up.

How can you enjoy fishing when you need a traffic cop on the river these days? When are we gonna do something about these vacant stores on First St.? Most county officials answer the simplest questions as though they were afraid of committing perjury.

When are we gonna get an active humane society? People who knock Sid H. Chard's rock garden probably have the worst looking lawns in the county. No one can tell a story better than Volie Williams, Jr.

Now that the weather has warmed up, what excuse can I use for my golf score? No drive is worth more attention than the heart fund.

How come there were more persons booked at the county jail on Christmas eve than on New Year's.

I hope when the Jaycees pick the Distinguished Service award winner they don't forget County Judge Vernon Mize.

People who say "I'm going to tell him what I think of him," seldom tell him what they think of him. I don't trust people who get confidential about domestic troubles the first time you meet them.

Oviedo mothers can never be thankful enough to the pilot of the A3D that crashed near the Oviedo school Monday. I wouldn't have Karlise Housholder's job as prosecutor for all the oranges in the county.

Those scoundrels who thought the boat marina was another Circusland are keeping "man" loose guys.

Wreckage Of Navy Plane In Which 3 Died

Herald Photos by David Brown

C Of C Drive For Members Off, Winging

Chamber of Commerce officials today expressed high optimism that the 1962 membership drive would be a success with the organization reaching its goal of 75 new members. Membership chairman Scott Burns and Bill Hemphill reported that in the eight hours of the concerted "crash" drive, 25 new members were enrolled. "We appreciate the splendid response by the workers and the wholehearted effort this drive is getting," the chairman reported. The drive will continue through Wednesday night and officials reported that "there is every indication that we will reach our goal of new memberships and renewals."

Shop Looted Third Time

A breaking and entering which occurred sometime early this morning at Jones Tire Shop, 2311 West First St., is being investigated by the Sheriff's Dept. Deputy Slim Galloway was called out to investigate the burglary and theft in which over \$15 dollars of merchandise and coins were taken. This was the third time the store had been burglarized in three months, reported shop owner J. Videl Jones, who said that each time the same type of goods was taken, including, candy, and cookies. Entry was gained through a rear window, he said.

WEATHER: Fair through Wednesday. High today, 75-82. Low tonight, 57-65. VOL. 53 United Press Leased Wire Established 1908 TUES., JAN. 16, 1962 SANFORD, FLORIDA NO. 367

U. S. Pulls Back Berlin Forces To Ease Tension

BERLIN (UPI)—The United States Army announced today it is pulling back its tanks and armored cars from the area around the key Friedrichstrasse crossing point on the walled East-West Berlin border. The Army said it was withdrawing its armor to Tegelhof airbase "to improve the dispositions of the U. S. forces in the American sector." Observers felt the move indicated a lessening of tension along the border. Soviet armor was pulled back from the crossing point some time ago, but was reported within striking distance of the Friedrichstrasse hole in the Communist-built wall that divides the city.

Fisherman Faces 'Hoax' Charges

NEW YORK (UPI) — A Florida fisherman will return home to face charges stemming from an alleged drowning hoax last April. John Vasilis Pierdua, 36, agreed Monday in federal court to return to Fort Myers, where he will be tried on charges of conspiracy to mail a false statement to the Coast Guard. "Everybody understands three motor boats don't constitute a convoy for landing," Jani said. He added that Indonesia will inform the United Nations about the attack.

County Given \$9,949 By Mize

County Judge Vernon Mize today turned over \$9,949.91 in excess fees for 1961 to the County Commission and reported that his office handled 2,304 cases during the year. Mize said that 75 percent of the cases were for traffic violations. He added that there were 1,374 warrants issued in 1961. In his letter of transmittal to the County Commission, Mize said that excess fees turned over to the county were up during 1961 in the amount of \$5,268 over fees for the previous year. The total receipts for 1961 were \$3,089 more than 1960 and the expenses of the office for 1961 were \$1,610 less than the expenses for 1960.

Probe Slated On Congo Charges

LEOPOLDVILLE (UPI) — Captured leftist leader Antoine Gizenga will be held in Stanleyville for investigation of so-far secret charges against him, Congolese sources said today. Diplomatic sources said the investigation is likely to center around the deaths of several of Gizenga's political opponents shortly after former Premier Patrice Lumumba was killed in Katanga 11 months ago.

Dutch Charge Invasion; Attacked, Says Jakarta

JAKARTA, Indonesia (UPI) — A top ranking Indonesian military official charged today that Dutch planes and warships deliberately attacked Indonesian vessels in the "open sea" off the coast of disputed West New Guinea Monday night. President Sukarno met for more than an hour in emergency session with his military advisers to discuss the clash that has pushed Indonesia and Holland to the brink of war. The president, who has been stirring up war fever for weeks in blistering speeches about Indonesian claims to West New Guinea, had no immediate comment on the incident in which two Indonesian vessels were reported destroyed. "Everybody understands three motor boats don't constitute a convoy for landing," Jani said. He added that Indonesia will inform the United Nations about the attack.

Shergales Bail Set At \$10,000

MIAMI (UPI)—U. S. Commissioner Roger E. Davis set bail at \$10,000 Monday for William J. Shergales, soldier of fortune accused of acting as an unregistered foreign agent for Cuba. Shergales, 35, of West Hollywood, Fla., denied he is or ever was an agent for Premier Fidel Castro. He said he spent 22 months in a Cuban jail and was released Dec. 6 only because of the persistent pleas of his pretty wife. FBI agents arrested Shergales Friday night as he got off a flight from Jamaica. He is also accused of violating the federal aviation act by making a private flight to Cuba without filing a flight plan.

Seek Lead In Lecturer's Death

SANTO DOMINGO (UPI) — Provincial authorities set out today to determine whether a body unearthed near San Jose de Oca is that of Jesus de Galindez, long-missing Columbia University lecturer. In Haiti, the city nearest San Jose, District Attorney Raul Fontana said he had been instructed by national authorities to investigate the case. The newspaper El Caribe reported Monday that Abel Ballesteros, a friend of Galindez and like him a Spanish refugee, had identified the body as that of the missing man. The report was denied Monday night by Radio Caribe.

Seven Engineers Go On Trial In Volusia

DELAND (UPI)—Trial of seven partners in a Jacksonville architectural engineering firm accused of grand larceny opened today before Circuit Judge P. R. Revels and a six-man jury. The jury was chosen Monday to hear the case of the partners in the firm of Reynolds, Smith and Hills. They are accused of failing to provide supervisory services on three Volusia County high schools, for which they were allegedly paid by the Volusia County School Board. The defendants are George Hills, Ivan Smith, Walter Schultz, James Shively Jr., P. M. Huddleston, and A. N. Lande, all of Jacksonville, and Norman Bryan of Deland. Revels denied a motion for continuance Monday from State Attorney W. W. Judge, who said a major witness for the prosecution had not been subpoenaed.

Fire Sweeps Sanford Lots

A wind-whipped brush and grass fire swept across several vacant lots and a two-acre area just beyond the Sanford City limits late Monday and burned to death three Chihuahua puppies and singed clothes on a line in a neighboring backyard. Mrs. Betty Moore of 1029 Santa Avenue was charged with burning trash on a windy day without adequate protection and supervision, according to Hangers Lewis Williams and Arthur Blanton of the Seminole County Unit of the Florida Forest Service. Mrs. T. N. Dillard of Narita Avenue reported the fire to the Sanford and Navy Fire departments. As the city is not authorized to fight fires outside city limits, the Sanford Fire Dept. stood by in case the fire spread. Residents of the surrounding area fought the fire with garden hoses and buckets of water. They succeeded in keeping the flames under control until Navy firefighters and Forest Servicemen arrived. Damage other than burned grass in back yards included several phone lines reported out of order.

Fourth Decrease

TALLAHASSEE (UPI) — The State Industrial Commission reported Monday that jobless insurance payments in the state dropped in December for the fourth straight month.

Navy Begins Investigation Of A3D Crash

A Navy investigation team today hunted through the smoldering wreckage and debris of an A3D Skywarrior crash in Oviedo that took the lives of three of the plane's four-man crew Monday afternoon.

All three crewmen who lost their lives in the flaming crash of the Skywarrior from the Sanford Naval Station were identified today by the Station. Four men were aboard the plane which caught fire shortly after takeoff from Ramey Field and crashed in Oviedo, a short distance from the Oviedo High School at 1:41 p. m. One parachuted to safety. Dead was the pilot, Lt. Charles Holgate Jr., 29, who is survived by his wife, Mrs. Donna J. Holgate, and an 18-month-old son, Charles. Plane captain, Horace E. Marks ATR3, age 20, son of Mr. and Mrs. Clyde Marks, R. F. D. 2, Bremen, Ga. Third crewman, John W. Bush, A03, age 21, son of Mrs. Louise E. Bush, Port Henry, N. Y.

The lone survivor is Delton E. R. Wilson, PH-1, age 33, bombardier-navigator, 115 Sunland Drive, Sanford. Officials at the Naval Station said that Holgate had difficulty with the plane soon after takeoff and that the starboard engine caught fire. This was borne out by eyewitnesses at Oviedo who reported seeing smoke streaming from the craft. Navy spokesmen said that the pilot tried to return to the base, but apparently realized he could not make it. He then made a sharp turn eastward to avoid the heavily populated areas near Orlando. The Navy official said that Holgate apparently ordered his crew to bail out, but that only one was able to make it. The other two apparently had tied as their safety belts were loose. The Skywarrior came in over Oviedo and close to the school and crashed in a cut of the Seaboard Airline tracks. It hit the tracks with such impact that they were bent out of alignment. It then plowed into the embankment and burst into flames. Bodies of the three victims were found in and near the debris. The crash occurred in a populated area with houses all around the scene of the crash. Two houses located near the railroad were separated from the crash only by the depth of the back yards. The flaming wreckage ignited dry grass and the flames swept over an area along the rail tracks for almost an eighth of a mile. Several orange trees in the grove adjacent to the railway were burned black by the intense heat from the wreckage.

Broader Scope

GENEVA (UPI) — Britain and the United States plan to ask the Soviet Union to move the three-year-old nuclear test ban conference into the wider framework of worldwide disarmament talks, it was learned today.

Kennedy For Talks

WASHINGTON (UPI) — President Kennedy feels the U. S. - Russian exploratory talks on Berlin must go on "for a reasonable period" before it can be determined whether they are doing any good.

Kovacs Buried

BEVERLY HILLS, Calif. (UPI)—About 1,000 mourners paid final respects to Ernie Kovacs during simple funeral services Monday at a church six blocks from the scene of the comedian's fatal car accident.

Budget Thursday
