SENATE FACES BATTLE OVER TAKING RECESS

Copeland Warns That Adjournment Ought To Be Voted Due To Strain Of Members

WASHINGTON, Nov. 20.—(INS)—Warned by its physician-member, Sen. Copeland (D) of New York, that it is "mentally and physically unfit to legislate," the Senate today prepared for another battle over proposals to adjourn the special farm relief and tariff session Friday night, Nov. 22.

The long nerve-racking grind on the tariff, Copeland declared, has sapped the vitality of members to a point where tariff interfering millions of consumers are decided with little comprehension of the subject and with only half the Senate in its seats.

The movement for adjournment is expected to come from the Democratic side, and its advocates in the Senate will reverse its decision of last week when it refused to even temporarily abandon the Hawley-Smoot bill.

While the "young guard" is still solidly against adjournment, backers of the movement expect a virtual split in the ranks of the Republican "old guard" and most of the insurgents to support the new effort.

Failure thus far of efforts to prevent a split of the insurgent Republicans on the sugar tariff and the threat of increasing restriction of tariff-making jurisdiction was said to have moved on the Democratic-insurgent coalition leaders to seek a respite.

A second postponement of consideration of the sugar schedule brought the charge from Sen. Day (D) of Washington that action on it would be delayed until every other schedule has been disposed of.

Unless the Senate reverses action, it will swing into the wool textile schedule late today and again delay the sugar items.

The Senate adjourned for the funeral of Secretary of War Good, but the coalition was prepared to resume its swing by slashing finance committee increases in wool textiles.

West Is Gripped By Cold Weather That Causes Suffering

DENVER, Nov. 20.—(INS)—Temperatures were sent tumbling to zero and near zero and much of the Rocky Mountain region today still was in the grip of a storm which swept down from the crest of the continental divide to the plains yesterday.

Extremely low temperatures prevailed throughout Wyoming. Only in the vicinity of Cheyenne did the temperature remain above zero. At Lander, the mercury dropped to as low as 12 degrees below zero, and a low mark of 8 degrees below was registered at Sheridan. In Yellowstone National Park, the thermometer ranged from ten to 11 degrees below.

Ice and sleet contributed to hardships in Montana, and numerous accidents were caused at Helena by slippery streets, automobile skidding and crashing into buildings and telegraph poles.

The temperature dropped to 20 degrees in Denver, which was blanketed by its seventh snowfall of the season, and little change in temperature was promised as the storm moved southward into New Mexico.

LAST NIGHT GRID GAME TO BE SEEN HERE ON FRIDAY

The last opportunity to see a football game during the 1929 season will be provided Saturday afternoon by the Stetson University and St. Johns College football teams at Municipal Field in the college grid club to be seen since Mexico and Rollins played in the fall of 1928.

The night football game will be played at Stetson University, colleges and high schools next year, as it is expected wherever it has been introduced. Sanford enjoyed the distinction of being the first city in the state to have a night game when the local high school team lost to the Rollins College team on Nov. 4 and since that time many requests for a similar game during the present season have been voiced and the game Friday night will not only give fans the thrill that come from night football but will present the opportunity to witness a real football contest as well.

Intense rivalry prevails between Southern and Stetson and it is certain that both teams will be well supported by students in addition to thousands of people from Lakeland and DeLand. An advance sale is being conducted in the Volusia county city and a good demand is reported, indicating that a large crowd will attend.

Southern plays Rollins at Winter Park on Saturday, a number of students and football fans from Lakeland and vicinity will in all probability attend the novel night feature here.

The game has been widely advertised over the central section of the state and a turnaway crowd, such as witnessed the first night game, is expected to attend. Improvements in facilities for handling the crowd, and seating arrangements have been made in Municipal Field. For the convenience of those who wish to avoid the usual last minute rush for tickets, an advance sale is being conducted at James' Drug Store.

Convicted Banker Is Enrolled In Prison

ATLANTA, Ga., Nov. 20.—(INS)—Charles DeW. Waggoner, Telluride, Colo., banker who defrauded a group of New York banks out of \$500,000, arrived at the Atlanta federal penitentiary today to begin serving a 10 year sentence.

Waggoner was convicted of having misled the banks into supplying him with money to "save deposits" of his Telluride bank. Before the New York banks learned of the deception, the money had passed into "silent hands," making its recovery impossible.

RAIL LEADERS ARE PLANNING BIG EXPANSION

Hoover Receives Assuring Words From Executives Who Attend Business Meet

By George R. Holmes International News Service Staff Correspondent WASHINGTON, Nov. 20.—"Business as usual—and full steam ahead."

These encouraging assurances from leaders in the railway, banking world reposed on President Hoover's desk today to strengthen the government's effort at keeping American business on an even and prosperous keel until it gets out of the waters muddled by stock market gyrations.

From the executives who control the nation's railway systems, Mr. Hoover received assurances that irrespective of what conditions the stock exchange may bring through at this time, the railroad are going full steam ahead with upward of a billion dollars in cash expenditures during the next year.

From the bankers, members of the Federal Reserve Board, came the promise of a "pastor money" outflow, which will give a boost of inestimable value to every line of business activity.

"Each member of the team is confident that business and banking throughout his district are in sound condition, and the prospects were that money will be available in larger quantities," a statement issued at the White House.

This statement, varied in its face the plan intention that to do so, it is expected that the New York rate will be lowered to 4 1/2 per cent, and a loan will be made which will be more than \$1,000,000,000.

Heartened and encouraged by these signs of business strength, President Hoover was preparing today for the third of his series of business conferences at the White House tomorrow.

This conference will bring a half dozen of more substantial industries to Washington to discuss their problems with government officials. President Hoover was not ready this morning to make public the list of those who are coming, but it is expected that Owen D. Young, General Electric; Alfred P. Sloan, General Motors; Henry Ford, and men of similar type.

If the industrialists, who the assurance, already given by the national men of continued high production and normal expansion, Mr. Hoover will have succeeded in his plan to give the country a reassuring picture of the basic soundness of the country's business structure. And he will be pretty well satisfied.

Agriculturists and labor leaders will follow the industrialists later in the week. Thanks to the stimulus already given agriculture by the federal farm act, the farmers are in a better position today than in some years. There is not much worry or that sort.

Spivey To Continue His Lecture Series Throughout Week

Dr. Ludd M. Spivey will continue his series of lectures at the First Methodist Church tonight in his talk on "Jesus and the Pharisees." Tomorrow morning at 10 o'clock his subject will be "How to Live More," followed tomorrow night at 7:30 o'clock by "Jesus and the Scribes."

INSURANCE PLOT INVOLVING DEATH MAY BE SOLVED

Alleged Slayer Faces Verdict Following His Blanket Denial

OKLAHA, Ok., Nov. 20.—(INS)—After making a blanket denial of an insurance policy, Harry K. Sligh, charged with committing a murder, today awaited a verdict of a jury in his case in the first superior court.

The defense put a charge before the jury and requested a verdict on a \$100,000 insurance policy of the defendant in which he declared the testimony of John Dawson, a state witness, as inadmissible, false and that he, Sligh, was not guilty of the charge.

Sligh is charged with the killing of Harry L. Young, a Hamilton, Va., youth, and Harry L. Young, a Hamilton, Va., youth, and Harry L. Young, a Hamilton, Va., youth, and Harry L. Young, a Hamilton, Va., youth.

After several months two Hamilton youths, Aubrey C. Hays and James Hoover, were arrested in Florida and were taken to Oklahoma where they were jointly indicted with Sligh on a charge of killing Young.

Dr. G. W. Williams and J. P. Fitzgerald, underwriters, testified that the test found in the first thought to be the body of Sligh, was really the body of a young man less than 25 years of age.

Mrs. Judge Powers, mother of the young youth, testified she came to Tulsa to look for her son and that Sligh would not talk to her. She said she had several of the warrants against Sligh charging him with murder.

Dawson, the state witness whose testimony Sligh said was false, testified that he, Sligh, was employed by Sligh and the Sligh told him in the fall of 1928 that he planned to kill and burn a large number of people in a building in such a fashion that it would be identified as his own. He said Sligh planned to appear and collect his insurance and return in four or five years with a story that he had lost his memory.

SEARCH RUINS SAN FRANCISCO, Nov. 20.—(INS)—Ruins of a three-story building in the commercial district were being searched today to determine the fate of two men trapped on the upper floor who flames swept the structure with \$500,000 damage. Firemen reported seeing two of a dozen men in the building plunge down a brick-strewn way. Fire Chief Charles Brennan was injured as well as several other members of the department in fighting the spectacular blaze.

CAPITAL IS STIRRED OVER INDICTMENT OF CONGRESS MEMBER

SINCLAIR TO END HIS PRISON TERM IN CAPITAL TODAY

WASHINGTON, Nov. 20.—(INS)—Warden Peake today announced that the indictment of Rep. Sinclair (D) of Illinois, a leading dry, for violation of liquor laws, shocked congressional dries today and threatened to precipitate a new prohibition war immediately after Congress launches its regular session Dec. 2.

Although "dries" friends maintained confidence in his innocence and congressional courts included in opinion of the floor, the indictment is the culmination of a series of prohibition assaults on a largely affected congress.

Embarrassed by its own members and shared with harboring "wet" members, dry-wing legislators, the House has as a result of its members involved in prohibition a reputation for lawlessness.

KEARNS OPPOSES JACK DEMPSEY IN PROMOTION GAME

Ties Up With Harmon In Competition To "Manassa Mauler"

By Davis J. Walsh
International News Service
Sports Editor

NEW YORK, Nov. 19.—According to the word hereabouts today, Jack Kearns, who is said to have made Dempsey the man he was now intended to see what can be done about making Dempsey, the man he is going to be. Mr. Kearns they say, is about to tie up with Paddy Harmon in Chicago and begin promoting in opposition to Mr. Dempsey, just to be congenial and harmonious and elderly.

I think clubby is really the word I want. Mr. Kearns undoubtedly would like to get very clubby with Mr. Dempsey—franciscan the clubs are no smaller than the average piano leg. That it means that the first of the now-ancient feud are due to be replenished.

Our John, the boy friend, will not like Mr. Kearns coming in there and playing the game from the opposite side of the net. He has been promoting around Chicago just long enough, to put on two or three shows that made him no money at all, hand over fist, and so far as he is concerned, if he never gets any more opposition, it will be premature. Things have gone more or less well for John since he stopped accepting prizes and began giving them.

John, by the way, arrived in town yesterday, promptly made a noise like a rubber head and disappeared. In the old days, John would have been in the city for a week, but all he has to do now is step out on a crowded street and he is just another ship, sailing around on the human tide, in a great city. Such is life. There seems to be a minimum of interest in watching a former prize-fighter promote.

The result of the young man's visit, by date, was the signing of the new Harmon to meet La Mariner in Chicago on Nov. 26.

I doubt whether John yet has learned the glad tidings about Kearns. The details, as I understand it, haven't been completed, but the tentative program, it seems, calls for Kearns to be a block of coal in Harmon's corner, and operate as the latter's punch-line. Nate Lewis has been handling the job on behalf of Mr. Harmon and all he has done is to tie up with Harmon's corner, to fight Harmon's corner. Yesterday, Coach Rinko gave the first thing in a day of rest to recuperate from the effects of the Texas side that, however, I understand that he has been suffering with the nation's gift to buying promotion of promoters, so to speak. It was money. He was willing to take the first \$100,000 that came in and let the promoter spend the rest in getting a slave and a husband. Mr. Kearns, being a log about three

LAFAYETTE, Ind., Nov. 19.—(INS)—Here, where the football championship of the western conference meets, a scene of busy preparation is being enacted. Take the machine for granted, Purdue is being in it to keep it record when it meets Indiana Saturday in the last game of the season.

CHICAGO, Nov. 19.—(INS)—The University of Washington's football squad was to arrive here today for its intercollegiate series with Chicago this Saturday. The "travelling university" consists of 31 football men and six professors.

CHAMPAIGN, Ill., Nov. 19.—(INS)—With the Ohio State game in the offing for Saturday, Coach Bob Zuppke has announced that Bud Zandi, backfield ace, will be sufficiently recovered from his injuries to be in the lineup. The Blue regulars had an easy day at yesterday, watching the rival present Ohio State formation.

ANN ARBOR, Mich., Nov. 19.—(INS)—Michigan today was to spend two hours at scrimmage in preparation for the final game of the Big Ten season with Iowa. Yesterday the regulars were sent through an hour's drill in a driving storm which was half rain and half snow.

ATLANTA, Ga., Nov. 19.—(INS)—Georgia Tech's Yellow Jackets today settled down to two days of intensive practice for the Thanksgiving game with the Auburn Plainsmen.

ATHENS, Ga., Nov. 19.—(INS)—Austin Downes, snappy signal caller for the Georgia Bulldogs, is back in the lineup and will play against the Clemson Tide of Alabama in Birmingham on Thanksgiving.

UNIVERSITY, Ala., Nov. 19.—(INS)—Grove, a holiday after their defeat at Georgia Tech Saturday, the Mountain Men of Alabama today settled down to practice for the Thanksgiving encounter with Georgia.

CAMBRIDGE, Mass., Nov. 19.—In order that the entire squad may be in the best of shape when practice is resumed tomorrow, Harvard will engage in no work today. Rain interfered with yesterday's drill. With the exception of Harper, the Crimson last evening is in excellent condition.

NEW HAVEN, Conn., Nov. 19.—(INS)—Yale will engage in its first work in preparation for the Harvard game, today, and indications were that practice would be light. Albie Booth, who spent yesterday resting in the infirmary, will be in uniform today.

ATHLETIC UNION WARNS AGAINST TAINTED SPORTS

Decay Of College Athletics Is Seen In Present Tendencies

St. Louis, Mo., Nov. 19.—(INS)—Delegates to the Amateur Athletic Union turned to the election of officers today after Avery Brundage, national president, last night warned members that commercialism is threatening amateur athletics in America.

The report of the Carnegie Foundation is an earnest study pointing out certain demoralizing tendencies that exist in college sports today, calling attention to the evils which all students of athletic affairs realize may follow in the train of football games attracting receipts of a million dollars. Brundage told delegates at a banquet last night.

Brundage predicted the final decay of college athletics if the present tendencies persist. "If the tendencies pointed out in the Carnegie report are allowed to prevail," he continued, "it will not be long before our college stadiums are as forlorn and empty as the Roman Coliseum."

"During the past few years it has become increasingly popular to attack the amateur code. It is asserted that our amateur rules are producing a race of cheats and liars, and that they should therefore be abolished.

"The amateur code has been supplanted with the Veldstad Act as an agent tending to break down respect for law, and the Amateur Athletic Union has been denounced for attempting to uphold such an archaic system.

"Into the amateur code has been incorporated all the laws of good sportsmanship, and if amateur sport is not marked by fair play and courtesy, by an honest observance of the rules without resort to technicalities, and if it is not conducted on a lofty plane with a chivalrous regard for friend or foe, it falls short of its object."

Those of the new world record were entered in the book yesterday as events made with the starting blocks. The starting blocks have not been officially sanctioned as yet by the A. A. U. and will not be formally recognized until the international federation passes upon them at its next session in May.

In the meantime starting blocks may be used, but records, such as the 9.25 seconds for 100 yards dash, and 2.04 for 230 yard dash, credited to George Simpson of Ohio State, and the 22.8 for the 220 yard low hurdles, allowed R. C. Rockaway, also of Ohio State, will have to be described as marks "made with starting blocks."

Other world records recognized at yesterday's session included: 10 pound shot put, 51 feet, 11 5/8 inches, made by Herman Hris, 183, Los Angeles, A. C.; discus throw, 163 feet, 8 3/4 inches, made by Eric Irvens, Stanford U.; pole vault, 14 feet, 1 1/2 inches, made by Lee Barnes, U. of Southern California; 25 foot rope climb, 6 seconds, made by Robert Hutton, Los Angeles, A. C.; Charles Booth, Southern California; F. M. C. Wyckoff, Glendale Junior College; and Emmett Toppin of Loyola University, New Orleans, tied the world mark for 100 yards at 9.25 seconds.

Joan McSherry of the Whiting Community Association, Heaton, was presented with the largest number of records. She made three new aquatic marks in the 50, 75, and 100-yard back stroke, events.

FARMERS DEFEAT PIGGLY WIGGLY IN GAME LAST NIGHT

Grocerymen Go Down Fighting To Lose By Score Of 16 To 7

J. M. Stinecipher
The East Side Farmers tucked away another game last night, this time at the expense of the Piggy Wiggly, who seem doomed to remain in the cellar for the first half of the season. The Piggly Wiggly team went down fighting just as hard in the last frame as in the opening innings.

The Farmers scored in every inning, but the fourth, getting five runs in the third and sixth and two in each of the other three innings, while the Piggly Wiggly scoring was limited to the third, fourth and sixth innings. The East Side collected 11 hits, being led by Spencer with a single and two doubles. The Piggly Wiggly hit safely eight times, G. Cochran and Stouffer getting credit for two apiece. Some of the best hitting on both teams failed to connect for even a single.

Noah's Ark Will Be Feature Sunday at Milane's Program

"Noah's Ark," the romance of the old world and the far yesterday which is to be presented at the Lane Theatre next Sunday has been built on a stupendous scale, beginning at the opening of the ark, the din and destruction of the battle makes itself felt in the audience. Then, after a most impressive scene, all the characters are spirited back five thousand years to the time of the building of the ark. This Warner Bros. picture is at, and above all, vital and delightful entertainment. It is not a picture—not a Biblical story—kept in the sense that it depicts nearly as possible, follow the times and the customs of the widely separated periods. It is a story of erring humanity which is the same yesterday, today and forever.

Darryl Francis Zanuck wrote the story of "Noah's Ark" and Cecil Cortis directed it. The picture is starred by Dolores Costello and George Brent, and they are supported by Noah Berry, Louise Fazenda, and Williams, Paul McAllister,

A DISH A DAY BY NANCY BOHRIS

Keeping her eye on the ice box where foods are stored, the practical housewife fore-thinks any waste that might follow the over-loading of odds and ends. Every bit of food there stored should utilize intelligently and with good results.

What to do with the egg whites that accumulate during the week causes more than one housewife slight concern. When the yolks are a part of the baby's diet, or raised and used as dressings demand them, the whites fill a cup before many days.

Not every family cares for angel food cake or white layer or loaf cake. If used as is not wanted, everyday, and neither is melting for pastries.

MARSHMALLOW MOULD

One envelope of gelatin. One half cup cold water.

One cup of sugar
Two cups of hot water
Seven egg whites
Small bottle Maraschino cherries
Serranos, six to eight.

The simplicity of the pudding is given and the ease with which the ingredients may be combined into a fluffy marshmallow like cream will appeal alike to cooks of experience and those in the process of acquiring experience.

Whipped cream flavored with a little of the Maraschino syrup will add richness to the dessert when occasion demand it. Almost any nut, dried or candied fruits or flavoring may be used instead of the cherries suggested.

Soften the gelatin in the cold water five minutes. Heat the hot water to the boiling point and dissolve the sugar in it, then stir in the softened gelatin.

Whip the egg whites very stiff and continue beating as the hot water-sugar gelatin mixture is poured over them. Beat well until cool and the cream becomes heavy and luscious looking.

Cut the cherries into shreds or halves and drain well. Fold the cherries into the marshmallow cream and pile into a large mould or individual moulds, previously rinsed with cold water. Set in the ice-box to chill, the time may be two or six hours. Serve with dainty or angel square ice, daintily.

MIAMI PREPARES FOR BIG SPORTING EVENTS OF YEAR

Florida-Oregon Game Will Dedicate New Magic City Stadium

Miami, Fla., Nov. 20.—In less than a month Miami will fire the opening gun in the annual sports campaign, launching the six-month holiday season with an inter-sectional football game bringing together the University of Florida and the University of Oregon.

Aside from giving Miami its first taste of big league football with the added touch of international rivalry, the game will be one of a series of notable events on the afternoon of December 7. Chosen as the vehicle to dedicate Miami's new Madison Square Garden stadium, it will take on the aspect of an inter-sectional gala with dignitaries from the two states involved, heading a cast of notable visitors that probably will include President Macnido of Cuba; His Excellency Charles William Orr, C. M. G., governor of the Bahama Islands; and President Portes Gil, in whose country football is now the reigning sport.

Madison Square Garden as a gesture of friendship to the City of Miami, through whose cooperation the stadium was possible, thus leaving the Garden free to promote boxing bouts in the newly discovered rich market of South Florida, is herding to gether its 600 millionaire stockholders for a general meeting in Miami in a special train that brings them into the city the day before the game.

Shortly before the game there will be fitting dedication ceremonies of the variety that make Miami the most colorful playground in the United States.

Following in its rapid succession as good judgment permits will be sports of every sort, except those requiring ice skating shoes and sleds.
