## AROUND THE CLOCK

If your husband offered to make pancakes for your breakfast this week... it's all in practice for this Saturday's Kwanza Panada Supper and Auction. Public is invited, starting at 4:30 p.m.

First United Methodist Church, Sanford, will sponsor a car wash for benefit of the Gayle Sawyer Fund from 10 a.m. until 5 p.m. Saturday at the Shell Station, corner of French Avenue and 20th Street. Advance tickets for the event are available from any MYF member.

Those who attended last week's convention of State Tax Collectors were loud in their praise for Seminole County's Troy Ray and his staff for their hospitality, the Chamber of Commerce's ample "goodie-bags," the beauty of the "Nile of America" and Holiday Inn, the gourmet service of the Marriott and A. J. Thomas' Holiday Inn. Charlie Seligman's Mid-Florida buffet and Mike White's fine golf layout were appreciated.

Since 82 counties of the Sunshine State were represented, and Secretary of State Tom Adams attended as a guest speaker, good of Seminole's reputation as an excellent convention spot got some well-deserved fan-dime support.

Parents of Seminole High Athletes will be the guests of the coaching staff for the night's game with Seaboard. An important meeting, at 7 p.m., will have a strong bearing on the continuance of spring sports at the school.

While Seminole Junior College's basketball sharpshooters were racking up their own strivings from Lake City before a jam-packed gym at Seminole High School, Duke Ellington and his music makers were winning the hearts of a host of Sanford enthusiasts at the Civic Center.

The principal piece of equipment for the SJC Raiders is a basketball — and it was a GOOD one. The principal piece of equipment for Duke Ellington is a piano — and it was... While we are giving Sgt. Don Brunley leave on his police force, we congratulate Casaberry on picking a top rank man as his police chief. Let's hope he has smooth sailing. Don's departure breaks up a fine crime detection unit that he formed with Sgt. Ralph Russell. But Tom Depoy's advanced study in this field undoubtedly will qualify him as a capable replacement.

Speaking of police, our Chief Ben Butler is getting a good thing under way with his school boy patrol. Let's hope it will be a great opportunity for upcoming American voters to learn more about their local laws and at the same time have fun on the range and in the other activities being lined up for the kids.

The new lineup of Chamber of Commerce committees seems fully aware of the responsibilities that go along with being part of one of the nation's fastest growing counties. Several groups have already met to line up programs for the year. There will be at least three more meetings this week.

# Ambulance Via Helicopter Given Dim View

By VIRGINIA SCRUGGS

Rather than having to clear the path for siren-blowing ambulances, motorists may someday view helicopters in flight to emergency scenes—but in Seminole County, that day is a long way off.

Under the year-old Highway Safety Act, the federal government will finance half the cost of rescue helicopters for qualified organizations — principally state county, and city governments.

Florida Sanitarium and Hospital in Orlando is already building a helipad, the only hospital in the state to do so.

All the major helicopter manufacturing companies are positioning such air ambulances in the air, and one company, Orlando Helicopter Airways Inc., is remanufacturing former military helicopters to be sold to police and fire departments, hospitals, and other rescue groups.

Frank Clark of OHA reports that the corporation has sold a number of converted machines for related work, "but none of them were strict ambulance conversion jobs."

Most of the converted machines, he says, are being used in Ohio, and other northern and midwestern states.

The helicopter ambulance can carry up to six liters for the injured, a doctor, and an attendant, and emergency equipment such as oxygen tanks.

The cost of \$45,000 fully equipped.

The price, including the cost of qualified personnel to fly the helicopter, is one of the drawbacks cited by Gene Herndon, Herndon Ambulance Service Inc., the only company offering ambulance service in Seminole County.

"The cost of the pilot and an engineer are \$25 an hour. I've been told they would have to be paid for sitting there between calls, and this would raise the price of an ambulance call to \$4,000."

Another drawback, Herndon reports, is the warm-up period required.

"Say we had a call to Ocala," he pointed out. "The helicopter would have to warm up for 10 minutes, with a time-

check. Why, in an ambulance we'd be almost there in 15 minutes."

"Another thing — I watched when one tried to land the other day (at Florida Sanitarium). He had to make seven or eight passes because the wind was blowing."

Herndon, vice president of the Florida Ambulance Association, heard about the recent innovation in emergency service during a conference in Las Vegas last year. He feels that the greatest need in this area is not for helicopters, but for direct radio communication between the ambulances and the hospitals.

He maintains that the helicopters are valuable at times, but the times are too few and far between to make them economically feasible, at least in this area.

Besides, he says, "all we have to do is call the government, and they have to respond," referring to armed forces helicopters stationed at various bases. Patrick Air Force Base, near Cocoa, has provided helicopters for emergency use in Central Florida several times.

The most recent usage of a helicopter was in last week's search for a woman who drowned.

"But we may not need one for several years," Herndon adds. "We may not get a call for one for months and months."

The maneuverability of the helicopter does not seem as an advantage.

"If it ever comes to the point that it's a necessity, we'll be one of the first ones to apply," says Gene Herndon. But he thinks that time is still in the far future.

# School Board Seen Violating Court Rule Redistrict

By DONNA ESTES

Seminole County's School Board is constituted contrary to the "one man, one vote" ruling of the Supreme Court, in violation of the school district redistricting equity in population as possible and may be subject to a suit to require it to redistrict, survey conducted by The Herald today indicates.

The survey using voter registration figures as a guide shows that the School Board district three has nearly as many voters residing within it as district one, two and five combined.

The Board which administers funds totaling some \$9 million annually has not redistricted itself since 1958 when there were only 16 precincts in the county. Today there are 33 precincts in Seminole.

"Since that time, the county has drawn new precinct lines with the result being that three of the districts run midway through precincts. With the districting as it is, persons living within the same precinct could serve on the school board representing different districts."

When The Herald queried School Board Chairman John Egan on the matter, he said that the Board redistricting itself this year, he stated that "it has not been discussed."

He also pointed to the possibility that the Board may wait until the next census.

However, if action is not forthcoming before the 1970 census, another election will be held and three new members will be elected on the basis of the top-sided districts.

As best as could be determined with precinct lines varying higher and lower within School Board districts, largest district voter-registration-wise is the one represented by Pat Bala in South Seminole. As well as can be estimated some 10,827 registered voters live there compared to 1,964 in Ray Blanton's district two (Sanford) and 1,708 in Ketch's Lake Mary-Sanford district five; 4,912 in Jean Bryant's Sanford district one, and 6,185 in John Egan's Casaberry-Oviedo district four.

At the same time, constable and peace justice district three (Oviedo area) has some 5,881 registered voters in the district while Constable Robert Jane and Peace Justice Tom Lovett have 12,505 in their district six—South Seminole, and Constable Fred Galloway and E. E. Carr have 12,534 in their district seven (Continued on Page 2 Col. 3)

# Motorist's Car Hit By Bullets

A California man was treated at Seminole Memorial Hospital early today for shock after complaining to county authorities that someone had been shooting at him while he drove along E-4 toward Daytona Beach.

Philip T. Abell, Fullerton, Calif., told Deputy Roy Rice he did not want to prefer charges against an unidentified person who either threw rocks or fired bullets into his car's windshield around 5 a.m. today.

Abell was not hurt when Rice found the man alone sitting in his car after the vehicle crashed into a peach orchard along side the highway.

The man reportedly had a mobile radio in his car and had been calling local citizen's band radio operators telling them of his plight and asking help in notifying authorities.

Since the man would neither identify his pursuers or prefer charges, the county is unable to charge anyone in the incident, Deputy Rice said.

In another county investigation report, the office building for John Pilon's Farms at Oviedo was entered some time Monday and cash taken.

According to a report filed by Tom Simmons, county investigator, burglars took between \$75 and \$100 in cash and removed an assortment of tools valued at \$70.

The money was taken from the cash box while two large wooden cabinets were opened for the tools.

The office is located just off SR 419, Simmons said.

# City Frowns On Mayor's Election

By BILL SCOTT

Former Sanford commissioner M. L. (Sonny) Raborn last night met with members of the City Commission to try to interest them in a plan to elect the mayor by a vote of the people rather than the present method of allowing the commission to choose a mayor from among the commissioners for one-year terms.

Commissioner Earl Higginbotham suggested a wait until a plan was brought out that would give the city a mayor for some time next year when the city is expected to have a new charter drawn for approval and submission to legislative delegation at Tallahassee.

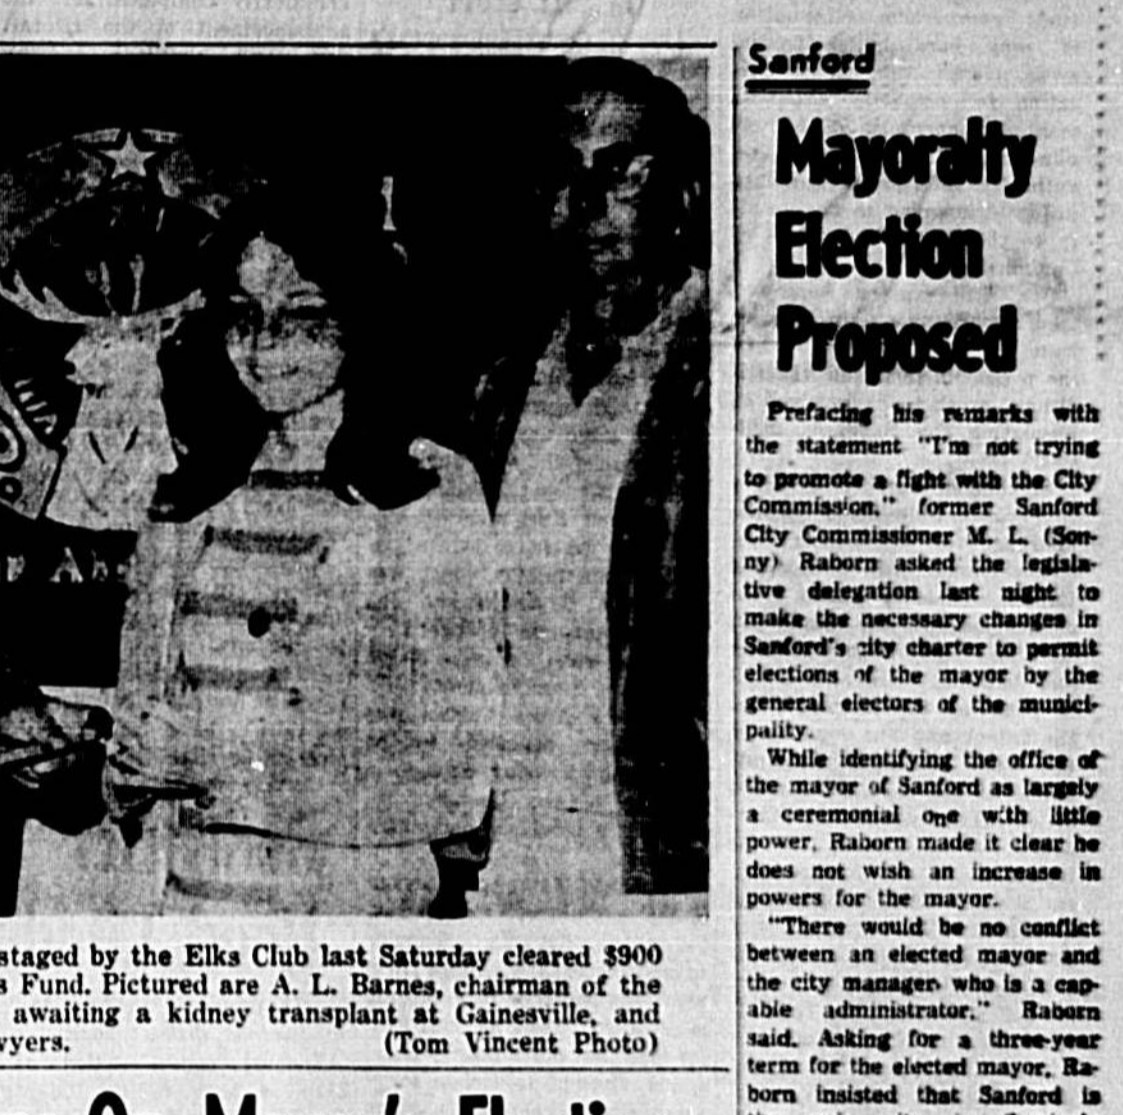

J. H. Crapps, Raborn's successor on the commission, said Raborn's contention to elect a mayor for three years would work a hardship on the mayor, since he is also a businessman and this would tend to keep him away from his work.

Commissioner A. L. Wilson advised he wanted to keep the status quo until charter is changed.

Present mayor and Commissioner Lee P. Moore objected to the plan.

Convicts

Convicts of Florida State Prison at Raiford will present their "Operation Teenager" program for students and other interested persons at 1:00 and 1:57 p.m. Thursday at Sanford Junior High School.

CHICKEN BAR-B-Q staged by the Elks Club last Saturday cleared \$900 for the Gayle Sawyer Fund. Pictured are A. L. Barnes, chairman of the event; Gayle, who is awaiting a kidney transplant at Gainesville, and her father, Blake Sawyers. (Tom Vincent Photo)

# Mentally Ill Eyed

Temporary housing of mental incompetents at the county jail may be discontinued if a favorable report is forthcoming from Seminole Memorial Hospital board of trustees.

Board of County Commissioners today unanimously agreed to request the trustees to evaluate and advise of the cost and capability of providing retention facilities for mentally ill persons at the hospital while they are awaiting competency hearing and disposition to state hospitals.

The mental incompetents are currently held in a padded cell at the jail.

Commission Chairman John Alexander left no doubt any arrangement with the hospital would be only for temporary care. "A change in certainly desirable," Alexander declared.

# City Frowns On Mayor's Election

Completed by Clark, Dietz Associates Engineering firm.

Heard a request from Seminole Junior College to receive skid mounted office buildings at Sanford Naval Air Station but took no action as base had not yet been conveyed.

Expected to seek delegation approval for his plan of having voters select mayor for three years.

In regular session of commission, the group approved the request of Robert Thomas and a group of county sportsmen to consider the possibility of leasing the Fort Mellon swimming pool for conversion into an aquarium.

The commission also approved the employment of Jerry Dake as planning consultant to get the city's workable program re-certified for a two-year period. Board turned down the offer of James Law to sell city 25 acres of land north of Narcissus Avenue near Highway 17-92 at a reported \$15,000 total price.

In other action, the commission: Took no action on a question posed by Warren E. Knowles, city manager, asking if city would consider utilizing the county's tax rolls and collection functions.

Accepted alternate plan 2 for planning purposes only of the storm drainage report recently

# Voter Number Sets Record

As of Jan. 31, a record 28,764 persons were registered to vote in Seminole County, Mrs. Camilla Bruce, supervisor of elections, reports.

Of the total, some 28,935 were designated as Democrats and 7,208 as Republicans with the balance divided among the splinter parties.

Largest precinct voter registration-wise were 8 in the Eastbrook section, with 12,534. The Springs with 1,567 voters each. Smallest precinct with 364 voters was 13 in North Orlando.

At the same time, four persons have changed their political affiliation from Democrat to Republican so far in February including Mrs. Janet Bondar of Fern Park. Mrs. Bondar's husband, Walter, ran for the School Board in the Democratic primaries and was defeated last year.

# New York Digs Out Of Paralyzing Snow

**NEW YORK (AP)**—Willi workers working around the clock, the Northeast dug out to May from the big weekend storm that paralyzed transportation, blocked access to major bridges, tunnels and highways, and still blocked the tracks of commuter trains and bus service was slow.

Kennedy Airport, closed for two days, officially reopened this morning as one runway was cleared for take-offs.

Helicopters proved invaluable in supplying food to 6,000 stranded passengers at the airport Monday. They also made a number of ambulance runs, carrying several heart attack victims who otherwise could not have been aided.

An estimated 4,000 persons remained marooned at the airport Tuesday. They bled down as

doors, benches, chairs and in some cases in planes. When one train ran out of diapers for its 150 passengers, it was left at low cases.

Flight operations at Kennedy were expected to resume this morning and at LaGuardia this evening. Newark Airport reopened Monday afternoon and Logan International Airport in Boston Monday night.

Throughout the snowbound state, the failure of delivery trucks, carrying several heart attack victims who otherwise could not have been aided, could not have been aided.

Both the American and New York Stock Exchanges closed Monday and the city's Commerce and Industry Association reported that absenteeism at commercial establishments ran at 75 per cent.

At the cleanup operation got into high gear, the Massachusetts Department of Public Works asked the assistance of the National Guard to remove an estimated 2,000 abandoned cars on state highways.

Most of the 1,000 cars that stalled on the three-mile-long Tappan Zee Bridge at Tarrytown, N.Y., were removed during the day but the six-lane span remained closed to traffic because of clogged access roads.

## Home Rule Proposed For City

**Cassberry**  
County Commission Chairman John Alexander gave a lengthy explanation of the county's proposed legislation to initiate incorporation for the creation of a local government...

## Battleship Returns To War

**SAIGON (AP)**—The battleship USS Oregon returned to the Vietnam war after a month of the frigid tide and smashed 40 enemy bombers south of Da Nang, military spokesmen reported today.

For four hours Monday, the 50,000-ton battleship hurled 1,200-pound shells at North Vietnamese fortifications which are air-targeted and have been hit by several previous strikes.

The New Jersey's bombardment was in support of South Korean marines and killed at least five enemy soldiers, a spokesman said.

The battleship had been in Japan for routine maintenance and replenishment of her supplies.

## Allied Control Drops Move

**By BILL SCOTT**  
Allied Control Company's valve division headquarters at Plantville, Conn., will not be moving to Sanford — at least for the time being.

This information was furnished during the regular meeting of the Sanford Industrial Commission by Don Rathel, SIC director, who displayed a letter from George E. Larson, president of the valve plant, giving notice of the firm's decision to delay a move until a later unspecified time.

Rathel further notified that other bills being considered by the Commission include transfer of hunting and fishing licensing from the county judge to the county tax collector; minimum housing and building code and a bill to clear up the language and intent of the law and the Port Authority appointments to the Port of Sanford are currently considered. Alexander hinted broadly that legislation is not forthcoming; the appointment issue may be decided in the courts. Current law requires the county judge to file two recommended names to the governor for appointment to the Port Authority with the governor to appoint one of the persons recommended. The governor on the past three appointments has ignored the Commission's recommendation.

Rep. E. Pope Bassett, meanwhile, said he is considering introducing legislation concerning the port, but he did not reveal content of the legislation he is mulling over.

## Citizens Bank Bids Welcome

The valve plant had intended to establish a 75,000 sq. ft. facility on 100 acres on U.S. Road purchased several months ago from Earl Higginbotham, city commissioner.

Rathel informed the plant did not wish to sell the property, and he would be hoped to employ 300 persons.

Another heavy assault came before dawn when enemy forces pumped 50 to 100 mortar rounds into Phu Son, a provincial capital in the Central Highlands.

Then stored the town's military headquarters. Firing bazooka rockets and small arms.

Again 12 South Vietnamese soldiers and at least seven of the enemy were killed, five or six civilians were also killed, and the wounded included 18 government troops and five or six civilians.

The sprawling Da Nang air base and U.S. and South Vietnamese army base 27 miles northwest of Saigon also were shelled.

## Redistrict Need Cited

**(Continued From Page 1)**  
Inequal representation can be seen in the County Commission districts using voter registration as a basis with district four—Robert Parker—having 7,781 voters, nearly as many as district one—Edward Yarborough—and district five—Jan Pelham—combined.

Parker represents part of Cassberry and Longwood, England Estates and that area and on out into Oviedo while Yarborough with 4,378 represents part of Sanford and Geneva and Pellam represents part of Sanford and Paola.

John Alexander's district two representing parts of Sanford, Lake Mary, Longwood and North Orlando has 6,846 voters and Robert Toy's district three comprising Altamonte Springs, Forest City and Bear Lake area has 6,638 voters.

The Commission redistricted itself last in 1965.

The Seminole-Orange legislative delegation was approached recently by a citizen who requested legislation to freeze the governing bodies to redistrict themselves periodically. The delegation gave no indication as to whether they will consider the request favorably.

Security of the voter registration rolls by precinct shows that certainly the county will feel called upon at sometime this year to draw new precinct lines. Policy of the Board has been to limit precincts to 1,000 voters. At this time, some 10 precincts have more than 1,000 voters and 10 others are rapidly approaching the 1,000 mark.

## Another Skyjack

**MIAMI (AP)**—A Venezuelan DC's government-owned jetliner with 73 people aboard was hijacked to Cuba today, reportedly by a band of five armed individuals.

The U.S. Federal Aviation Administration said in Miami the plane, a Douglas DC-8, landed at San Juan in extreme eastern Cuba at 3:25 a.m. EST.

The FAA said the plane took off from Maricao at 4:13 a.m. with 60 passengers and a crew of 11. The plane was hijacked by a crew of five men, including pilot Vladimir Fernandez reported to the control tower at Caracas a short time later that a hijacker had ordered the plane to Havana.

However, the plane landed at Santiago, about 50 miles east of the Cuban capital. Santiago is a little more than 700 miles from Maricao.

**Red's Trip Raises Hope**  
**PARIS (AP)**—Le Duc Tho's two previous trips home from the Paris peace talks coincided with a delicate phase in negotiations between North Vietnam and the United States. Tho's chief adviser to Hanoi's peace conference delegation is on his way home again.

The left Monday with steps en route scheduled in Moscow and Peking, the principal contributors to North Vietnam's war effort. Tho's departure is seen as a sign that the U.S. delegation is calling for a policy review. They are discouraging speculation that he is taking back a new U.S. proposal for top-level consideration.

## Tony Atcal, Spring Lake School First Grader, Starts Construction

**Tony Atcal, Spring Lake School first grader, manages to lift a shovel of dirt as he helps in the groundbreaking ceremonies accompanying the start of construction of Spring Lake School, expected to be completed by Sept. 1.** (Staff Photo)

## Sanford Mayorality Election Proposed

**(Continued From Page 1)**  
He stated that limitation on the police department authority outside the city limits places a hardship on the PD.

The hot pursuit would extend outside the city limits into Seminole County only. "I could be wrong, but I feel these acts which extend the city's authority outside the city limits for arrest warrants, etc. may be unconstitutional," he explained as one reason for not wanting the authority into other counties.

He further requested authority to permit the chief duty officer at the police department to issue search warrants by making him a deputy clerk. Present chief requirement is that the city judge or clerk issue the warrants.

Hitchcock asked for, in addition, amendment to the charter to increase salaries and expense allowance of mayor to \$300 and \$150 and salary and expense allowance of Commissioners to \$300 and \$100. Also requested was permission for the mayor to use a facsimile signature, and raise in the limitation of expenditures before sealed bids are called from \$500 to \$1,000.

Mrs. Edna Norman of Wylie Avenue appeared along with attorney Carroll Burke and 37 citizens who rose to indicate their support to protest the proposal of the City of Sanford to redefine the city limits and annex pockets currently unannexed by the city.

"They are not going to redefine the city limits," she declared. "They are just going to take in these places when the people absolutely do not want to be taken in. They want to straighten the lines out and don't give a hoot if they never straighten them out."

## Area Deaths

**MRS. PEARL TYSON**, 76, of Osteen, died Monday in Orange Memorial Hospital from burns received Feb. 8 when a gas heater she was attempting to light exploded.

Born in LaFayette, Kan., she moved to Osteen in 1930 from Klammeess. She was a school teacher prior to her marriage to Andrew C. Tyson. She was a member of First Baptist Church of Osteen.

Survivors, in addition to her husband, are a son, Millard Tyson of Chulohota; a daughter, Mrs. Ty Owens of Daytona Beach; two grandsons, David and Peter Tyson of Chulohota; two brothers, Paul Swinney of Marsing, Idaho, and Claire Swinney of St. Petersburg, and a sister Mrs. Lela Brooks of Osteen.

Funeral and burial arrangements are under direction of Brisson Funeral Home, Sanford.

## Funeral Notice

**TYSON, MRS. PEARL**, Passed away at 12:30 p.m., Thursday, Feb. 14, 1968, at St. Luke's Hospital, Sanford, Fla. She was 76 years of age.

Funeral services will be held at 10 a.m., Saturday, Feb. 16, at the First Baptist Church of Osteen, Osteen, Fla.

Interment will be in Osteen Cemetery, Osteen, Fla.

Brisson Funeral Home, Sanford, Fla.

## The hopefulness of faith...

is a pillar of strength to those who have lost someone. Our memorial service reflects that faith and inspires the living to go forward with renewed hope and trust in God.

## Red's Trip Raises Hope

**PARIS (AP)**—Le Duc Tho's two previous trips home from the Paris peace talks coincided with a delicate phase in negotiations between North Vietnam and the United States. Tho's chief adviser to Hanoi's peace conference delegation is on his way home again.

## THE INQUIRING REPORTER

by **DONNA ESTES**

### Question: More than 50 persons are in Florida's Death Row. How do you feel about capital punishment?

Seventeen students have been named to the A Honor roll at South Seminole Junior High School. They are:

John Paul, Kristen Eklow, Richard Brubaker, Van Portnow, Deborah Griffin, Susi Taha, Debra David, Judith Scott, Krista Storey, Donna Warren, Edward White, Ruth Wilberger, Earl Bayler, Walter Emsweth, Kathy Morris, Deborah Perale and Richard Taha.

Named to the A and B honor roll were:

Seventh grade — Deborah Adeock, Paul Began, Sharon Bell, Bridget Bordenick, Karen Bowen, Michael Brantley, Stanley Chase, Steven Conrad, Lawrence Deas, Paul Eshabi, Vicki Fisch, David Foster, Hal Gallagher, Hal Gettings and Nancy Hartwig.

Eighth grade — Lynn Ellen Blair, John Chery, Lori Gayle Kahn, Gary Lannon, Pamela Lund, Marcella Masters, James Miller, Mitchell Sault, Ginger Smith and Rochelle Zern.

Ninth grade — Fred Heman, Mary Hutchinson, Susan Johnson, Richard Lippert, Elizabeth Mengel, Rhonda Nelder, Linda Norris, Katina Patterson, Jeffrey Pierce, Barbara Shuler, Greer Spence, William Wheeler, Glen Wolf and Denise Yates.

Tenth grade — Debra Baehus, John Becker, Harlan Bell, James Birkmeier, John Blinn, Sylvia Boyle, E. L. D. Burkhart, Dale Davies, Stephan Dennis, Michael Ferguson, Gregory Kitchens, Michael Kowarski, Linda McLean, Debra Moore, Mary Norton, Susan Simmons and Peter Wilson.

Jean Blair, Terri Brogan, Brenda Clements, Cynthia T. Cher, David Ford, Charles Gipson, Coleen Harrison, Terry Heim, Phillip James and Jeff Lotz.

Judy McCall, June Meyers, Jeff Savage, Margaret Sheets, David Shields, Deborah Skipper, Ruth Stead, Lynne Strickland and Paul Turner.

Ninth grade — Gary Adeock, Gayle Everhart, William Hammond, Janice Hartog, Sandra Heath, Sara Herring, William Howell, Bobby Jarrell, Mary D. Bridges, Karen Dacre, Denise Duquette, Kathy J. Eggle, Mary D. Findell, Juanita Fritz, Kathleen Rae Ferguson, Michelle Gell and Paul L. Gleason.

Eileen Krol, Martha Klinger, William Morris, Richard Olander, Clinton Smith, Diane Wilson, Carl Huffman, Kay Griswald, M. A. Heron, Cathy Kohler, Diane Lepird, Angela McKinney, Pamela Morris, Carolyn F. Paul, Meredith Row and James Sumneck.

### 17 Pupils Capture A Honors

**DESSERT CARD PARTY** will be sponsored by DeBarry American Legion Auxiliary Unit at 1 p.m. Wednesday at the Community Center. Those in charge of the event include (seated, from left) Mrs. William Chambers, music; Mrs. Christopher Butler, president; Mrs. Alfred Newell, recording secretary; Mrs. T. Van Arsdale, committee member; (standing) Mrs. Carl Weber, adjutant; Mrs. Alfred Marvel, chaplain; and Mrs. John Pick and Mrs. Arnold Dodd, committee members. (Middleton Photo)

### Circle Gives Aid To Boys Ranch

**By PAT BRATTON**  
The Good Morning Circle of First United Methodist Church of Oviedo recently sponsored a project for Edgewood Boys Ranch which caused goods and other foods were collected and taken to the ranch by Mrs. Phil Gowen, Mrs. C. E. Mariner and Mrs. Jack Bratten.

While there, the women were given a tour of the temporary housing for the nine boys who are residents at this time. Within eight of the present location another building is going up which will be the first of four dormitories to be erected. This unit will house 24 boys. When others are completed, there will be facilities for a total of 96 boys. An administrative building and dining hall, with 16 kitchen, also will be built as well as a place for worship to be

### Deltona VFW Groups Have Social Night

**By MILDRED HANEY**  
Deltona Veterans of Foreign Wars Post and its Auxiliary Unit designated their January meeting as "social night" with each group enjoying an evening of cards and other games.

The men joined in the evening for refreshments prepared and served by the auxiliary.

The post donated \$10 to the Deltona Volunteer Fire Department and it was decided that members would join the Halifax area organization in Daytona Beach in a joint effort to create interest in a veterans hospital at Daytona and to promote veterans welfare.

Officers of the post were appointed by Commander Manuel Rodriguez with the auxiliary in obtaining flags for both unit groups. Auxiliary members in the committee, appointed by President Claire Genron, are Carolyn Haege, Mary Vining, Mary O'Leary, Laura Lavery and Joie Thomas.

Men welcomed as new members of the post were Preston Carpenter, Samuel D'Ylave, David J. Fortler, Ray H. Hayes, Raymond P. Kenney and Stephen T. Puskas.

The President's Committee on Mental Retardation reported that 42,715 attendances were employed in mental institutions last year but that 80,000 were required to meet needs.

### And The Band Played On

**CHICAGO (AP)**—Patrons of a Disneyland nightclub in Chicago's near North Side continued to drink their beer and sing along with the band when fire broke out in an apartment three floors above them.

A few persons went outside to watch the firemen work. One resident was injured slightly and an estimated \$10,000 in damage was caused by the fire early Sunday.

Water dripped through the ceiling of the nightclub and formed large pools on the floor, but the band played on.

There were 22,626 post offices in the nation last year.

### Before you invest your money, invest a little of your time.

We believe there's something that might help you in your dealings with the market. Knowing a little bit about what you're doing. So, without charging you a penny, we'll teach you some of the ropes.

Our class will be held at 7:30 p.m. on Thursday, February 13, at the Florida State Bank in Oviedo. Call Ray Curtis at 841-6910 or mail the coupon. And learn some of the facts of life of the stock market. At our expense, not yours. Consequently, please enroll me in your class.

## Book Fair Slated At English Estates

**By JANE CASSELLERRY**  
English Estates Elementary School will hold a Book Fair in the school library Feb. 19, 21 and Feb. 23. It will take place during regular school hours Monday through Thursday and from 1:4 p.m., Friday and Sunday.

A spaghetti supper sponsored by the English Estates Parent Teacher Association will be held in conjunction with the Book Fair, Sunday, Feb. 19, at 6:30 p.m. in the cafeteria.

Books for both adults and children will be on display in the library. Orders will be taken and delivery made in five days. Profits from the sale of books will be used to purchase more books for the school library.

Mrs. Ray Lyons, school librarian, has announced that the display will feature Golden Press Books, including the ever popular Walt Disney stories.

There will be paper books as well as hardcover volumes. Adult books will include many subjects of interest, such as fashion, cooking, the arts, biography, and history.

General chairman of the supper will be Fred Tartaglia. Menus will include meatballs and spaghetti, salad, apple bread, ice cream, coffee, tea, or milk. Seating will be available and, in addition to adult and children's tickets, there will be a special bargain price for large families.

Other committee chairmen are Mrs. Howard Reiss, serving committee; Mrs. Howard Koster, decorations; Donald O'Donnell and Cynthia Speer, tickets; and David Jones and Thomas Kleppa, clean-up.

## Honor Students Named

**By MRS. RITCHIE HERRIS**  
Honor roll for the fourth, fifth and sixth grades at English Estates Elementary School has been announced by Mrs. Sylvia Hardin, principal.

Named were, fourth grade, Jamie Gevers, Carol McDonough, Wendy Perko, Ramona Bentsch, Vivian Weldon, John Eshols, David Cobb, Jeff Burgard, Carmen Shelley, Jill Hetroti, Beate Frank, Donald Cames, Linda Kimball, Deborah O'Donnell and Cynthia Speer.

Fifth grade, Becky Davis, Christy Potter, Linda Washer, Alan Prunier, Barry Wilson, Kerry Bruce, Pamela Kirtley, Cynthia Rice, Louisa Stantz, Connie Vernon, Tony Drummond, Michael Saavedra, Byron Wilson, Tommy Yon, Arlene Basky, David Johnson and Catherine Leomber.

Sixth grade, Faye Bertogli, Elizabeth Blackford, Cheryl Brown, Debbie Robinson, Cindy Yensel, David Bennett, Paul Ford, Cindy Caldwell, Doreen Gordon, Peggy Lewis, Debra Neyer, Cathy Rie, Joan Rivet, David Benson, David Gerber, Darlene Carrier, James Vernon, Russell Brown, Billy Goggin, Darlene Gould and David Parker.

## Circle Gives Aid To Boys Ranch

**By PAT BRATTON**  
The Good Morning Circle of First United Methodist Church of Oviedo recently sponsored a project for Edgewood Boys Ranch which caused goods and other foods were collected and taken to the ranch by Mrs. Phil Gowen, Mrs. C. E. Mariner and Mrs. Jack Bratten.

While there, the women were given a tour of the temporary housing for the nine boys who are residents at this time. Within eight of the present location another building is going up which will be the first of four dormitories to be erected. This unit will house 24 boys. When others are completed, there will be facilities for a total of 96 boys. An administrative building and dining hall, with 16 kitchen, also will be built as well as a place for worship to be

## MR. AND MRS. ELLIOT DAVIS

**Dad**, as they are called by the boys at the home, all first offenders, range from 11 to 16 years old. Average stay at the ranch is four to seven months after which the boys are returned to their homes with opportunity to "live a good clean life without a police record." It was reported there always is a waiting list at the detention home and in private homes waiting to live at the ranch.

The youngsters attend school at Ocoee and are said to be well behaved and to make good grades after being at the ranch for a short period of time. They keep their rooms in order and clean and all share in any work needing to be done.

Last October, Mr. and Mrs. Elliot Davis took over the job as house parents. "Mom and

## Club Trip

Empire State Club of Deltona is sponsoring a trip to the West Coast of Florida to visit several places of interest, including the famed Kapok Tree Inn at Clearwater where the group will enjoy dinner. The trip will be made by chartered bus. Further information may be had by calling Walt Jones.

## STANDARD OF THE WORLD

**Cadillac**

When the conversation turns to cars, a Cadillac owner is seldom asked the model and year of the one he drives. The fact that he drives the car of cars is sufficient. For a Cadillac, regardless of its year, is the most universally desired of all motor cars.

This is because the beauty, craftsmanship, luxury and performance inherent in a Cadillac never go out of style. A case in point is the 1960 model shown above. Its Turbo Hydramatic transmission of new and previously-owned Cadillacs today.

## The cars for people who believe that style never goes out of style.

## Insurance For Problem Drivers

If your automobile insurance is ever canceled, or if you have a poor driving record, you will spend quite some time and effort trying to locate a company that will insure you at a reasonable cost. Kazzarian Auto Insurance, Inc. in Collierville is Central Florida's unique insurance agency; it specializes in the writing of automobile insurance only.

Seminole County problem drivers can save up to \$150 by making a 30-cent telephone call to Kazzarian.

Kazzarian Auto Insurance Agency specializes in helping those who have been rejected or canceled by their former companies as well as those who have poor driving records, or motorists who have been involved in accidents and are required to file an SR-22 filing.

Young drivers under 25, who generally have to pay high premiums for auto insurance, can save from 20 to 40 percent. This also holds true for sports car owners and the owners of high performance cars such as Corvettes and V-8 Mustangs.

Central Florida has a great number of senior drivers over 65 who have unjustly been canceled or rejected because of age alone. Kazzarian feels that

the senior citizens are entitled to a low-cost policy for the senior driver.

The Kazzarian Auto Insurance Agency is located at 229 N. Fern Creek Ave. (at the corner of Mt. Vernon Street) in Orlando.

## Securities Thefts Run Into Millions

By JOHN CUNIFF  
AP Business Analyst

NEW YORK (AP) — When asked the extent of securities thefts in the financial district here, a member of an industry committee formed to study the problem replied: "There just aren't any reliable figures."

And another, in answer to the same question, stated: "It is definitely a problem but we don't know the scope and depth." Unofficial estimates, however, place the total in the millions of dollars.

The inability of industry officials to give reliable estimates is closely tied to the problem. No agency of the industry compiles complete statistics on thefts. In fact, little coordinated effort was given to the matter until recently.

Last year the New York State Joint Legislative Committee on Crime set up offices in the financial district. And the big firms that insure brokers against losses began to rebel at having to pay out so much money.

Earlier this month the industry committee was formed "to study the incidence of securities thefts and other crimes against financial institutions." But it must work from scratch: very little data are available.

Information on securities thefts is gathered by police agencies, but generally it is unavailable to others. Brokers or their representatives cannot see the criminal records of the New York police or the Federal Bureau of Investigation.

The head of a company that investigates the backgrounds of hundreds of newly hired brokerage house employees, a former FBI man, commented: "There is no legal way to obtain criminal records. They must be obtained subterfugeously."

Nor is there any central agency for listing the names and backgrounds of brokerage house employees who have been dismissed on suspicion of embezzlement or for breaches of acceptable behavior.

A dismissed employee may move to a similar job with another broker, perhaps in another city. In these days of clerical shortages some brokers eagerly put an experienced hand to work immediately, with few questions asked.

Because of the chaotic condition of records in some brokerage offices, the new employee might find himself in a position to walk off with securities and not even be suspected of theft for many months.

Some brokers feel that if records of dismissed employees were maintained by an industry agency, and the records made available to all, the hiring of potential thieves would be greatly lessened.

Also needed, they say, is a central records system for stolen securities. If missing stocks and bonds are to be recognized

## Road Of Gold... Green Caps NY Meet

By TOM SALADINO  
Associated Press Writer

NEW YORK (AP) — The road of Gold... a personable 28-year-old from Eminence, Ky.—population 2,500—first came upon the flashy sprinter Jim Green but national spotlight in last year's NCAA championships when he took the 40-yard dash.

Green, a personable 28-year-old from Eminence, Ky.—population 2,500—first came upon the flashy sprinter Jim Green but national spotlight in last year's NCAA championships when he took the 40-yard dash.

Green, trained by running on railroad beds and he says, "I often tried to dodge broken glass and empty beer cans. I also practiced by running against the traffic on the state highway."

Despite the difficulties, Green became the Kentucky state champion in the 100, 220 and 440-yard dashes and with many football scholarships dangling chose Kentucky and track.

"He's one of the nicest boys you could ever meet," says his Wildcat Coach Press Whelan.

Green came to New York last weekend to run in the dash at the Madison Square Garden Invitational meet and came away with the title in record time of 8.8.

He had to beat three Olympians, John Carlos, Lenox Miller and Ronnie Ray Smith, before the race, Carlos, the controversial sprinter from San Jose State, told Green "I won't take much to me to beat you tonight."

"He responds well in the big meet. He's a real tough competitor," Whelan said Monday by telephone from New York.

Green's biggest disappointment came last year when he pulled a hamstring muscle in his leg. He couldn't participate in special tryouts for competitors who were injured.

He pulled a hamstring muscle in his leg. He couldn't participate in special tryouts for competitors who were injured.

Bob Thomas of the Seminole County Sportsman's Association rambls the upcoming steak supper at the Sportsman Park, March 15, with feeding to start between 4:30 and 8 p.m. that Saturday evening. The public is cordially invited, and tickets may be bought from any member or at the night of the supper. **WALL COME AND HAVE A GOOD TIME.**

## Pete Pops Again

By HAL ROCK  
Associated Press Sports Writer

Floated Pete Maravich shot up Tulane but when the smoke had cleared, it was Louisiana State that came out full of bullets.

Maravich set a Southeastern Conference scoring record Monday night, pumping in 66 points but Tulane overcame the 66-point Associated Press Top Ten to see action Monday—moved to easy victories.

North Carolina bombed North Carolina State 85-82 and Kentucky rolled past Mississippi State 91-69. In other games, Georgia Tech walloped Air Force 88-67, Duke walloped Maryland 103-83, Georgia Tech walloped Alabama 87-77, Florida edged Vanderbilt 75-73 and Tennessee beat Mississippi 81-45.

Also, it was South Carolina 106-79 over Clemson, Colorado 92, Oklahoma 69, Kansas 45-41 over Oklahoma State, Creighton 84, Oklahoma City 70, Chicago 67-77 over Virginia Military, Seattle over Portland U. 107-63 and Southern Miss over Spring Hill 111-79.

Tulane's balanced attack led by Johnny Arters, Terry Habig and Bob Spruck overcame Maravich's scoring surge and enabled the Green Wave to beat LSU.

Arthers had 29 points, Habig 26 and Spruck 17 as Tulane shot 54 per cent from the floor.

Maravich, playing on a bad knee and a sore ankle, sank 25 field goals and 16 of 29 free throws, shattering the SEC single game record of 68 scored by Bob Pettit of LSU against LSU.

## Tackle Boxes

A well-stocked and well-kept tackle box is an important to the angler as a nicely appointed home is to the wife. Both help you to be happy and more successful in doing what they set out to do.

A good tackle box is the angler's suitcase and although he will replace small items from time to time there are essentials that he will need wherever he is fishing.

A well-stocked box will carry many items other than plugs and extra hooks. It should have a place for a pair of sunglasses, a real eye-saver on days when the sun is glaring off the water.

An unbreakable tube of suntan oil should be included, for those days when no shade can be found and yet the fisherman wants to stay out and keep catching fish. Also an unbreakable container of mosquito repellent can be invaluable when the little pesky ones get rough.

Another small item that we hope never to use but still carry for insurance is a snake bite kit. A bite from a poisonous snake is almost as rare as elephants, but it pays to be prepared.

A small pocket compass is an item that will take up little space in the tackle box, but can be a life saver when it is needed. If possible get one with a lid on it, the lid will protect the compass cover and dial from injury.

Most anglers include a pair of long-nosed pliers in their box, as handy as a pocket in a shirt when it comes to getting a hook out of a fish's mouth. Choose a pair with side cutters on them, so if the occasion arises you could cut off a hook against Tulane, which also beat LSU on the road earlier in the campaign.

But he did his best, hitting 16 of 28 free throws in addition to his field goals.

Maravich's scoring was the highlight of SEC action Monday night, with the three league leaders — Kentucky, Tennessee and Georgia—posting easy victories.

## Maravich Top Scorer

By RON SPEER

Associated Press Sports Writer

Pete Maravich now holds all the field goal records in the Southeastern Conference, but the floppy haired basketball All American from Louisiana State isn't bragging about it.

The 6-foot 5-inch junior, who pumped in 66 points Monday night, declined comment and got on the Louisiana State bus as just another passenger.

Despite his prolific point production, the Tigers bowed in New Orleans to Tulane, 119-94 against Tulane, which also beat LSU on the road earlier in the campaign.

But he did his best, hitting 16 of 28 free throws in addition to his field goals.

Maravich's scoring was the highlight of SEC action Monday night, with the three league leaders — Kentucky, Tennessee and Georgia—posting easy victories.

HE'S NO FLOP — Dick Fosbury is shown with a picture of himself high jumping in backwards style that's become known as the "Fosbury Flip." Unorthodox style is no flop. Fosbury used method to win gold medal in the 1968 Olympic Games in Mexico City.

## 'Iggly' Katona Readies For Daytona Tri-Oval

DAYTONA BEACH, Fla. — Fifteen years ago, Egnatius (Iggly) Katona sang an auto race and "thought it would be fun."

Today, he still thinks it's fun but the drivers who have to compete against the Willie Mays, veteran can't find anything about which to smile.

The 52-year-old Katona, who like Jack Benny claims he's only 35, is getting his 1969 Dodge Charger ready for Sunday's sixth annual Automobile Racing Club of America (ARCA) 500 at Daytona International Speedway.

And with the Daytona Katona has compiled in the annual speed classic for the top drivers from the Midwest, his competition may find even less humor in the situation.

Only once in the previous five ARCA races on Daytona's high-banked, two and a half mile track has Katona finished lower than third. That was in the 1966 running and mechanical trouble dropped him to 21st place.

Besides capturing the 1965 race, Katona finished third last year, was runner-up in 1967 and ran third 1964.

When he won the 1965 race, his average speed was 132.684 miles per hour and the record has since climbed all the way to 148.572 miles per hour, established last year by Andy Hampton of Louisville, Ky.

Katona ranked fourth in the season.

Randy Denton, a 4-foot-10 240-pound sophomore, scored 30 points and pulled down 10 rebounds leading Duke to its sixth straight victory over Maryland.

Will Hesel set 23 and Mickey Wiles 21 for the losers.

Rich Yunkus scored Georgia Tech's first six points and finished with 22 as the Engineers walloped the Air Force. Yunkus sat out the last 12 minutes of the game.

Ted Tonsavich had 20 for Tech and Cliff Parsons led the Air Force with 19.

Wally Anderson poured in 29 points—21 in the second half—helping Creighton past Oklahoma City. Bob Portman had 21.

Charles Wallace led Oklahoma City with 21 while Rich Travis, who had been averaging 28.5 points per game, was limited to 14 by the tenacious guarding of Jack Retterer and Dave Hickey.

## Troublemaker.

### A letter without Zip Code may require 5 more sorting operations —and slows up the mail!

You wouldn't believe how much trouble one little letter can cause —when it doesn't have the Zip Code in the address. It usually needs extra handling at the Post Office. Then it has to make extra stops at different post offices as it travels to its destination. It may well lose a day in the process. And because it requires more handling, it often slows up other people's mail, too.

So, why make trouble. On all your mail—from parcel post to airmail—use Zip Code, and mail early in the day. Then the Post Office guarantees fastest possible mail delivery. For local Zip Codes, see the information pages of your phone book. For others, call your Post Office, or use its ZIP Code Directory.

Mail moves the country—ZIP CODE moves the mail!

## Tomorrow Night Is Appreciation For Our SJC Raiders

By TOM ALEXANDER  
Herald Sports Staff

Seminole County's most outstanding basketball quintet will be honored with an appreciation night tomorrow, as Sanford's Seminole Junior College Raiders play their final home game against tough St. Johns Junior College of Palatka in the Seminole High Gym. Game time is set at 8 p.m.

The fine Sanford basketball squad has earned a 21-3 mark this season winning their last six games in succession after being beaten by Lake City J.C. in a game played at Lake City, 67-65. Seminole got revenge for that defeat last Thursday night before one of the largest crowds ever to see a cage tilt in this area, 76-70.

The appreciation night festivities are being sponsored by The Sanford Herald's Sports Department and Radio Station WTRR. A large crowd is expected to be on hand to pay tribute to a team that has brought national and state recognition in the sports world to Seminole County.

Seminole must beat the tough Palatka squad before they will be allowed to advance to a playoff game with Lake City next Tuesday. The game if played will be held at 8 p.m.

Make this your personal night of appreciation for one of the best sports teams that has ever been originated in Seminole County. Back the Raiders.

YOU DON'T NEED A BALL... just an expression helps to topple the plans for these Seminole High School girls, who have bowling as a part of their physical education classes. Mrs. June Winn (bottom photo) instructs the students in the proper bowling grip... and then the "expressions" take over.

## Powerful Seabreeze Here...

# Seminole Goes After Revenge Tonight

By SCOTT KIRK  
Herald Sports Staff

Tonight's game will have a tinge of revenge for the Seminole basketball team as they host the powerful and explosive Seabreeze Sandhogs in a home battle at the S.H.S. gym. The Junior Varsity match is scheduled to begin at 8:30 p.m. while the Varsity starts at 8 o'clock.

In the first meeting, the Seabreeze team was kept on the bench because of inexperience. The Seminoles with a 14-9 dunking. However, the Seabreeze outfit will be looking up at two new faces they have never seen before. They come in the form of 6'5" forward Ricky Fordham and his partner 6'4" postman Larry Kears. Senior Ricky Fordham was unable to play in the earlier contest because of a badly twisted ankle. He is back in top shape now, and looking forward to making up for lost time.

Kears was kept on the bench because of inexperience. The Seminoles with a 14-9 dunking. However, the Seabreeze outfit will be looking up at two new faces they have never seen before. They come in the form of 6'5" forward Ricky Fordham and his partner 6'4" postman Larry Kears. Senior Ricky Fordham was unable to play in the earlier contest because of a badly twisted ankle. He is back in top shape now, and looking forward to making up for lost time.

## Lions Are Traveling For Tonight's Game

By DOUG ARIE  
Herald Sports Staff

OVIDEO—The Ovideo Lions will travel to New Smyrna tonight to meet scrappy New Smyrna Beach High School's Barracudas in another crucial match for the Lions.

When the Lions met the New Smyrna squad on their home court, the Cudas overcame the Lions by a six point margin with the final score reading 72-66.

The Lions are still looking good in practice but according to the stats, they will have to look extra good tonight. The Lions are keeping a close eye on Mike Carlin as he was the top scorer in the first meeting of the two teams with 34 points, making 22 of them in the first half.

Steve Bratton, Rex Reipe and George Parker have shown great improvement in their last four outings. Bratton, the tough forward, is always under the basket to get the necessary rebounds for the Lions. Reipe, playing one of the guard positions, is noted for his sure shots outside the foul line and in the last several contests Reipe has been pouring on the coals in the scoring column.

Parker, a sophomore at the Ovideo based school, has been playing the other forward post and has been getting his share of rebounds and has made quite a few points to fatten-the-Lions-score.

The Lions have shown that they do have a capable squad. But, it seems that most of the

## Match Reset

By TOM ALEXANDER  
Herald Sports Staff

LONGWOOD—Tonight the Greyhounds from Lyman High School still hop on the trail after defeating the Lakeview Red Devils Friday evening host Apopka's Blue Darters tonight.

The match, formerly scheduled for last night, was changed and will be staged in Longwood's Distline Gym starting at 6:30 p.m. with the junior varsity tilt followed by the varsity contest at 8 p.m.

With only three games remaining in the shortening in the 1968-69 basketball season the Lyman quint, coached by Head Mentor Bill Daugherty overcame the Lakeview threat imposed on them by Jim Craig's Devils Friday and boasted their slate with an 80-64 win.

Chris Buttsworth, high point man with 22 points for the Greyhounds and 6'4" sophomore Paul Cronse pumped in 18 points for the second place side.

Lyman's record now stands at an improved seven win and 10 loss slate overall and a six five mark in the O.B.C.

The victory over the Red Devils Friday evening assured the Greyhounds of third place in the powerful Orange Belt Conference falling slightly behind first place holder, DeLand and second place filler Leesburg.

## Over Forty

HARLINGEN, Tex. (AP)—Curtis Person, the defending champion from Memphis, Tenn., crushed Bill Ryan, Fort Worth, Tex., 5 and 4 in the first round Tuesday of the Life Begins at 40 Golf Tournament.

TYPICAL OF THE ACTION which Ovideo fans have been watching all season long is this scene from one of their recent games.

## Professional Track And Field On The Horizon?

WINNING SCENES—Dick Fosbury, far left, clears 7 feet, 3 1/4 inches in high jump; Jim Ryan, second from left, breaks tape on winner of another mile; Jimmie Elms, third from left, is greeted by Charlie Green (44) after 100-meter victory, and Ralph Boston, right, goes way up while capturing long jump.

By THE ASSOCIATED PRESS

Crippled transportation facilities in the snowed-out North Carolina continued to set back the area's sports schedule today but relief was in sight for the postponement of a Monday night doubleheader at Philadelphia between two of the four clubs were unable to arrive on time.

The Boston Celtics and Philadelphia 76ers, who were to play that city by air or rail, met in Philadelphia, but the twin bill was postponed Monday to Thursday because of the snow-transportation tie-up.

Three New York Rangers players, stranded in the snow on the way to the city Sunday night, missed the National Hockey League game against Philadelphia—only about one-third of the 17,250 ticket holders showed up—but finally arrived at 2 a.m. Monday.

The Rangers, who stayed in a midtown hotel after the game, scheduled practice at a suburban rink today and then hoped to board an afternoon flight to Oakland—provided the logjam at the airports is broken.

**Esposito Closing In On Point Scoring Record**

NEW YORK (AP)—Boston's Phil Esposito is closing in on the all-time National Hockey League point scoring record and could become the first player in history to score more than 100 points in a season.

Esposito, the shifty Bruins center, picked up nine points in four games last week, running his season's total to 87—14 more than Detroit's Gordie Howe, who is in second place in the scoring race.

The 87 points matches the total Chicago's Stan Mikita had when he won the scoring title last year. And Esposito has 25 games remaining in which to top the one season record of 97 shared by Mikita and teammate Bobby Hull.

Esposito also has 53 assists and had a good shot at shattering Mikita's record of 62 for a season.

Mikita, fourth in the scoring race behind Esposito, Howe and Hull, has 69 points including 59 to score more than 20 goals and 44 assists for 73 points while Hull is 34-37-71.

The leading scorer in the West Division is St. Louis' Rod Berenson, who has 60 points and shares seventh place in the scoring race with Ken Hodges of Boston.

**Bacon Wins**

BERLIN (AP)—Kevin A. Bacon of Australia won the opening event Tuesday in the Berlin International Equestrian Tournament, clearing a 12-gate course in 47.4 seconds aboard his 8-year-old gelding, Chichester.

FIRST TEAM to enter this year's Annual Sanford Women's Bowling Tournament is Witt's Amoco. Left to right, Marge Witt, Pat Slayley, Marge Harris and Ann Almou. Missing when picture was taken, Elaine Marston.

## Hialeah Show Boat

MIAMI (AP)—Hialeah fans will have another look at Meadow Stable's superb filly, Gay Matelda, when the daughter of Sir Gaylord comes out for the 27th running of the Columbian Handicap on Wednesday.

Cotopweight with Cain Hoy Stable's Too Bald at 126 pounds, Gay Matelda will be trying for her second win at the meeting. She won first time out here, at seven furlongs, with authority. Last season she took the Alabama, Princeton and Jersey Hialeah.

Too Bald already has won two races of the Hialeah season, with efforts that made a strong impression on handicapper Ken Noe Jr. The 5-year-old mare won the Barbara Fritchie and Red O' Roses handicaps in '68. Lacy F. Ranch's Treacherous, female star at Hialeah last year with victories in the Black Helen and Columbian, gets in with an impost of 114 pounds. She'll have a chance to rack up a Columbian double, but conditions have changed.

This year, the Columbian is at 1 1/8 miles on the grass, whereas 25 renewals have been at seven furlongs on the main strip. The inaugural of the race, in 1941, was at nine furlongs.

Happy Hill Farm's Luthian, under 125 pounds, should be a factor on her 1968 record. Last year she won the Matron, Modesty, New York Sheepshead Bay and Suwannee River handicaps.

Others expected to start are Hobbes Farm's Harrow Lady (118); G. B. Wallace's Spirit (116); Harry Minahan's Kissy Poppy (112) and Brardale Farms' Baby Jane II (116). Spirit collected first prize in last season's Beverly. Eleven are listed as "probable" Crystal Palace as an entry.

## BOB HAN CONSULTANT WILL EXPLAIN HAIR PROBLEMS FREE

Birmingham, Ala. Feb. 11 (AP)—Mr. P. E. Adams will be back in Sanford, Fla. again Thursday, Feb. 15. Now is the time to get on top of your hair problems. Every man and woman now losing hair should take advantage of this FREE CONSULTATION.

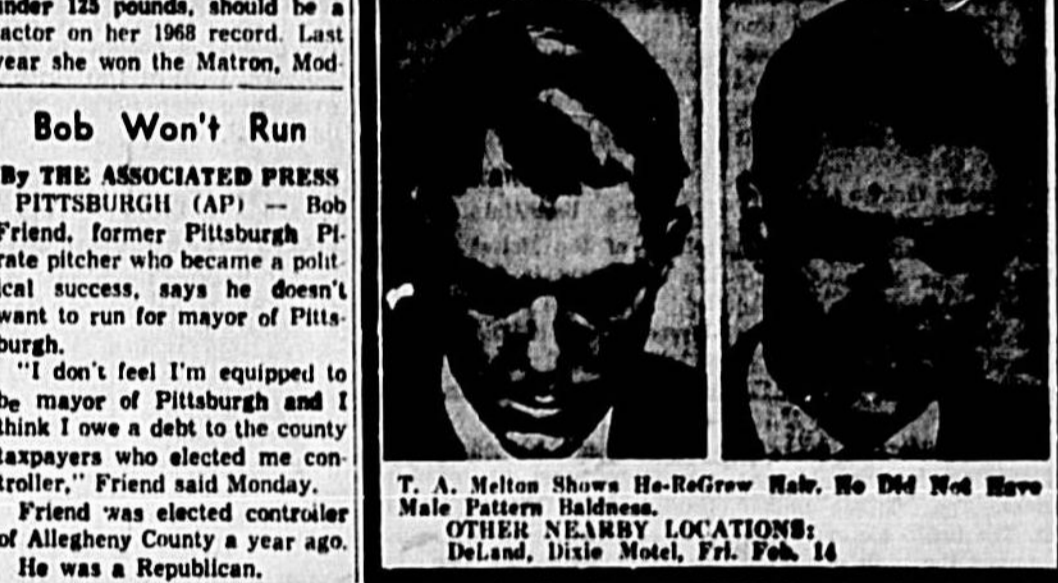

GUARANTEED You will be given a written guarantee on a pro-rated basis from the beginning to the end of the treatment. Naturally we could not give you such a guarantee if it didn't work.

CAN'T HELP? Male pattern baldness is the cause of a great majority of cases of baldness between 1 a.m. and 9:30 p.m. and ask the Desk Clerk for P. E. Adams, room number.

There is no charge or obligation. All consultations are private, you will not be embarrassed in any way.

Just take a few minutes of your time on Thursday, Feb. 15, and go to the Holiday Inn in Sanford, Fla. between 1 a.m. and 9:30 p.m. and ask the Desk Clerk for P. E. Adams, room number.

There is no charge or obligation. All consultations are private, you will not be embarrassed in any way.

**Oil Price Going Up Shortly**

LAKELAND, Fla. (AP)—Consumers may have to dig their pockets deeper for gasoline in a few days to keep up with steadily increasing prices for Texas crude oil.

The oil industry is confident the buyers will do it.

"Demand for gasoline is great with consumers spending \$7 million per week for gasoline in January, which represents a 25 per cent increase over last January," said an official of the Florida Citrus Marketing Council.

The official, Robert W. Rutledge, said this week Monday to back up a recommendation that prices increase for Feb. prices from the current standard of 1.15 to 1.25 for a dozen six-ounce cans of concentrate.

The 25 packers agree, it would mean an in-store increase of at least 1.5 cents on each six-ounce can. Most stores now sell gasoline for 21 cents.

Citrus officials are describing consumer demand as near fantastic this season.

Florida should produce some 20 million more boxes of oranges than it did last season, but this doesn't seem to be the most important supply figure currently. Because of much drier weather, citrus growers are talking in terms of concentrate yield. More fruit will be producing less juice this year, and this is the destiny of most Florida oranges.

The U.S. Department of Agriculture estimated Monday that each box of oranges will yield only 1.80 gallons of juice this season, compared with average of around 1.25 gallons in earlier years.

Citrusmen lay blame for this on a freeze last December. The seriousness of the damage caused by the cold weather wasn't completely known until the middle of January.

Rutledge's recommendation for higher prices came on the heels of the USDA's February estimate of 12 million boxes of round oranges for the 1968-69 season. The January estimate was for 12 million boxes.

**Urge Junior Colleges Operate Independently**

TALLAHASSEE, Fla. (AP)—The Florida Public School Board recommends that control of the junior colleges be taken away from the State Department of Education.

"To realize its full potential, the junior college system must be permitted to establish its own identity and develop independently of the other components in the educational system," the 15-member advisory group said Monday in its first annual report to the legislature.

The State Junior College Board should have its own staff for the development and coordination of the junior college program independent of the State Department of Education, the group said, and financial control of junior colleges should be taken away from local school boards.

County school boards lost their policy-making control over junior colleges last year, but have been unable to operate the institutions.

State Education Commissioner Floyd Christian, boss of the Department of Education, has said the public school board should be abolished because it duplicates the functions of the Cabinet Board of Education.

The board also recommended that the Minimum Foundation Program either be scrapped or overhauled because it doesn't take into account "that educational costs vary from county to county because of local economic conditions."

In order that school boards can hire the best available principals and supervisors, the group said, tenure should be abolished.

It said the state should only support those vocational and technical programs that lead to "the development of marketable skills which will qualify the student for gainful employment."

The state should draft stand and architectural plans for school buildings, it said, and prepare to operate the schools all year.

**Tutoring Program Offered**

A pilot program in tutoring has been established at Seminole Junior High School, by the guidance office, under the direction of Mrs. Madeline Walsh, who developed it.

The tutoring program is being started in response to requests from students, parents, and teachers.

The subject area of mathematics will be the initial offering, with hope of expanding it to other subjects gradually.

Due to transportation problems, the program is now limited to afternoon students. Any student able to get to school at 10:45 a.m. twice weekly, is eligible.

The session will end at 11:30 a.m. so that the student will have time to eat his lunch.

Tutors will be other students who have demonstrated their abilities in the subject and are approved by the teacher.

Those tutored will be students who need help in understanding particular areas or sections of the textbook, or who need help in homework.

This will be an opportunity for students to help each other and names of tutors will be publicized and noted on their permanent records.

Grants belong to the cattle family and are sometimes called the poor man's cow.

**110 Return From Cuba**

MIAMI (AP)—The 110 passengers hijacked to Cuba Monday were allowed to fly to Miami and two hours later aboard the hijacked plane—touching off speculation that Fidel Castro has changed his policy toward the uncommitted Havana hops.

Return of the passengers marked the first time in 27 hijackings—dating back to last July—that all the passengers were allowed to return with the crew.

In New York, Eastern Airlines Vice President Jonathan Rinehart said prompt release of the hijacked crew and passengers indicated a "light thaw" in the Cuban government's attitude toward hijacking.

The pilot of the hijacked plane said he didn't know why the Cubans let the passengers return.

Another says failure to bend the hijacked crew and passengers let the passengers return in the Cuban government's attitude toward hijacking.

The pilot of the hijacked plane said he didn't know why the Cubans let the passengers return.

Another says failure to bend the hijacked crew and passengers let the passengers return in the Cuban government's attitude toward hijacking.

**Urges Junior Colleges Operate Independently**

Taken away from school administrators.

And, it said that although good communications between different segments of the school community is important, proposed legislation to require schools boards to enter professional negotiations with teachers and other groups should be defeated.

A volunteer teacher program should be created and coordinated in all counties by the State Department of Education, the group said, and "increased citizen participation and support for the educational system is vital for the development of better educational programs," the board said.

It said the state should only support those vocational and technical programs that lead to "the development of marketable skills which will qualify the student for gainful employment."

The state should draft stand and architectural plans for school buildings, it said, and prepare to operate the schools all year.

**Gift Of Sight**

PATNA, India (AP)—An American eye specialist, Dr. William Caccamise, performed 735 eye operations during a visit to India.

The doctor has come to India six times in the last 16 years to help bring relief to some of India's completely sightless or defective-sighted persons.

Holy Family Hospital at Patna provided the medicine and nursing care.

**Join Oldsmobile's Great 88 Escape.**

Step into the big-car world without overstepping your budget.

Once you move into 88's big-car world, you've got yourself a lot of basic value.

But we don't stop there. We always put extra value into an Olds 88 that keep it way ahead of its price.

Like new guardrails built in the chassis for added security.

Even a pushbutton ashtray.

They're little things that make the big things about an 88 that much more enjoyable.

The smoother, softer ride on the new, longer, 124-inch wheelbase.

The quiet comfort of that roomy big-car body.

And the big, responsive Rocket V-8 engine.

Go let an Olds dealer show you: you're closer to Olds than you think.

**Altamonte Youth Captures Honor**

By PHYLIS BRANNON

A recent recipient of the "Young American of the Day" award was Richard U. Tobin, son of Mr. and Mrs. Richard Tobin of Altamonte Springs and a sixth grade student at South Seminole Junior High School.

A straight A student for the past three years, Richard is a member of the National Honor Society and presently is serving as sergeant-at-arms. He also is an active member of Boy Scout Troop 821, has earned his Eagle badge, and is working toward his God and Country badge.

"Richard," as he is known to his friends, also plays forward on the 55th variety basketball team and state year, he is a member of the student council.

He looks forward to college and a degree in mechanical engineering and would like to go to the United States Air Force Academy at Colorado Springs, Colo., upon his graduation from Lyman High School. Richard thinks high school will be quite a challenge but is anxiously awaiting next year.

**110 Return From Cuba**

MIAMI (AP)—The 110 passengers hijacked to Cuba Monday were allowed to fly to Miami and two hours later aboard the hijacked plane—touching off speculation that Fidel Castro has changed his policy toward the uncommitted Havana hops.

Return of the passengers marked the first time in 27 hijackings—dating back to last July—that all the passengers were allowed to return with the crew.

In New York, Eastern Airlines Vice President Jonathan Rinehart said prompt release of the hijacked crew and passengers indicated a "light thaw" in the Cuban government's attitude toward hijacking.

The pilot of the hijacked plane said he didn't know why the Cubans let the passengers return.

Another says failure to bend the hijacked crew and passengers let the passengers return in the Cuban government's attitude toward hijacking.

**Toe Touchers May Cheat**

CHARLOTTE (AP)—Two orthopedic surgeons say you won't be cheating if you bend your knees in toe-touching exercises.

Leaning over without bending your knees puts a tremendous strain on the lower part of the back, one says.

Another says failure to bend the knees could cause a severe back muscle sprain.

And Charlotte, physical education teachers are advising their pupils not to keep the knees straight.

"This exercise stretches the hamstring muscles behind the knees, and a child's hamstring muscles don't need stretching," says Miss Rianella Bryant, director of elementary health and physical education for the school system.

**Spill Broken**

WALNUT CREEK, Calif. (AP)—Over the past two years, 23 members of Walnut Creek's 53-man police force became fathers—every offspring a son. The spill was broken Saturday when officer Sherwood Smith's wife gave birth to a 7-pound, 12-ounce daughter.

**FEA Fires Geo. Dabbs**

TALLAHASSEE, Fla. (AP)—Another major shakeup in the Florida Education Association loomed today. Former President Geo. Dabbs charged that FEA President Jana Arnold was trying to fire him through a "star chamber" method.

Dabbs, now director of communications, said he received a letter of dismissal from Miss Arnold last week.

"The development came two days after the surprise firing of Phil Constans, executive secretary of the huge teacher organization, Constans and Dabbs both played major roles in last year's teacher walkout.

"I work for the (FEA) administration, not the FEA board. There's been no dismissal procedure initiated by the administration," Dabbs said.

Dabbs said the proper channel would have been first for Constans or Associate Executive Secretary Jack Stephens, acting under Miss Arnold's instructions, to send him a letter notifying him of "deficiencies" to be corrected. Then, if deficiencies weren't corrected within a period of time, Constans or Stephens could dismiss him with "indifference."

"I'm in the position of a teacher who gets a letter from the chairman of the school board saying he's fired. They don't have the right to fire me. We do have dismissal procedure that the board has approved," Dabbs said.

He said the dismissal letter came "with no previous warning." No nothing. A star chamber.

Of the more than 40 adults who attended the meeting, there were many questions offered from the floor, including, "Why can a city like Gainesville, or Auburndale or...

**County Nixes Splitting County, Juvenile Court**

Lack of space and the possibility of legislative review of the judicial section of the state Constitution have led the County Commission to seek no legislation to separate the functions of the county and juvenile judge's office.

County Commissioner Chairman John Alexander, in explaining the board's decision after consideration of separating the office, said it has been determined that since the Legislature may review the judicial section of the Constitution with view toward possibly making changes in the courts statewide during the coming session of the legislature, it does not seem appropriate at this time to separate the office.

He also pointed to the seemingly insurmountable problem to be met if the office were separated with lack of sufficient space in the county facility for an additional office.

The chairman said the matter would be reviewed by the Commission before the 1970 session of the Legislature.

**The Herald Applauded**

Resolution of appreciation to The Sanford Herald for its "excellent coverage" of the 40th annual convention of the Florida Tax Collectors Association was adopted by the convention as one of its major items of business before its adjournment.

The convention held at Holiday Inn last week was attended by several hundred members from throughout the State of Florida.

In the formal resolution unanimously adopted, the association's desire to present The Herald with tangible evidence of its gratitude.

**Chappell Opposes Surtax**

Democratic Congressman William Chappell said today there is a place in both parties for conservatives and neither the party has a monopoly on conservatism or liberalism.

Speaking to assembled news media and Sanford officials gathered in the law offices of Stetson, Davis and McIntosh this morning, the fourth district representative said, "Both national political parties are recognizing the importance of the southern states which have an electoral vote large enough to be a real factor."

Replying to newsmen questions, Chappell commented on the legislation he had introduced in Congress.

This included a bill to allow prayer and reading of holy writings in the public schools.

The so-called prayer bill set out the words that tended to show the Christian religion as the concerned persuasion in the legislation, and had "deity and holy writings" in place of prayer and Holy Bible.

Also introduced by Chappell was a bill to deal with the hijacking of airplanes to Cuba.

Chappell's plan would work out an agreement with other governments flying planes to Cuba which would force the Castro regime to return the hijacker to the United States.

Chappell co-introduced this legislation with Congressman Danie Fackell of Miami.

A local act, introduced by Chappell, would establish a 500-bed Veterans Administration hospital at DeLand.

A final bill associated with Chappell, who is a freshman member of the banking and currency committee, would take the supervision of credit unions away from the U. S. Department of Health, Education and Welfare (HEW) and place the control to an unspecified independent federal agency.

Replying to other questions posed by The Herald, Chappell said he voted against seating Adam Clayton Powell in the Congress and would vote against the 10 cent federal surtax.

The congressman advised Mayor Lee P. Moore and City Manager Warren E. Knowles of his desire to help the city and county in pushing forward the three important projects now being advanced.

These include the Naval air station soon to be released to the St. Johns-Indian River Canal and the Seminole County Port Authority, of which Moore is chairman.

Chappell indicated his willingness to help the city and county in every possible way to realize the fulfilling of these time at the earliest possible time.

Chappell's district covers 11 counties and the congressman is presently making a canvass of the area talking with local government officials in an effort to learn the problems faced and the desires of his constituency before returning to Washington next session which starts Monday.

**Parents' Apathy Given As Reason**

PRINCIPAL ANDREW BRACKEN (second from right) answers some of the questions fired at him by the parents of Seminole High School athletes, organized the meeting last night at the school. An action committee was organized to rekindle interest in the Boosters Club and will have another meeting Tuesday at 7:30 p.m. at the school.

(Photo by John A. Spolski)

Parents' apathy was given as the reason for the decline of the football program at Seminole High School, according to the school principal, Andrew Bracken, and the athletic director, Ralph Blumof, at a meeting last night at the school.

Bracken said the parents of the school's athletes are not attending the school's athletic events, and this is a major reason for the decline of the football program.

Blumof said that the school's athletic program is in a state of apathy, and this is a major reason for the decline of the football program.

Blumof said that the school's athletic program is in a state of apathy, and this is a major reason for the decline of the football program.

**Local Hospital Overcrowded**

Overcrowding at Seminole Memorial Hospital is causing concern among the medical faculty of trustees and, as a result, the group voted yesterday for its regular meeting to remain in session on an earlier date than the 150 bed capacity will allow.

Administrators of the hospital have revealed the hospital has a patient load of 152 patients and this is 12 more than the 150 bed capacity will allow.

The group discussed the problem of obtaining sufficient federal help, explaining that \$11.7 million funds needed to add 45 more beds would not be available until 1974, if then, has asked Reeser to contact two architects about fees they would charge.

The board also discussed limiting the number of patients at the facility to alleviate the increased work on the hospital staff, which has been depleted in the past month due to sickness brought on partially by overwork, but took no action.

**Needs For Airport Cited In U.S. Paper**

Continued increase in airline passenger volume forecasts the need for additional general aviation facilities and, in accordance with a recommendation that another such airport be established in the Sanford area by the East Central Florida Regional Planning Council, FAA (Federal Aviation Agency), anticipating the closing of the Navy base, listed the need of a general airport at Sanford in its report.
