The theft of color televisions and radios at the Sanford Firestone Store and the opening of a safe at the Sanford Sears catalog office highlighted a series of break-ins and robberies occuring in Sanford and Seminole County during the weekend,

Detectives Ralph Russell and Tom Deppen are investigating the theft of \$1,000 in televisions and radios taken during the night from the Firestone Store, First Street and French Avenue.

Russell reported two color televisions, a portable television and four 715x14 tires were taken after intruders entered the store after tossing a rock through a window.

Police said the safe at the Sears store was opened by the combination and no forcible entry was used. Sears employes reported the robbery of an undeter mined amount of money upon arriving to open the

Other burglaries occurred at Mid State Fiber Glass, 219 East Second Street, where a total \$2,250 in Volkswagen parts was removed by a burglar who kicked in the wooden door to gain entry. __ A television set, two hi-fis and a radio were removed from the Edward Humphrey home at 1017 Locust Avenue by an intruder who pushed in a screen

and removed a glass jalousie. An intrusion at the Sanlando Springs home of Dorothy Green resulted in the loss of clothes and food
