

COUNTY FAIR FOR SEMINOLE IS NOW BEING AGITATED

A STREET FAIR OR FAIR GROUNDS AND RACES IS QUESTION

The great question that is agitating the minds of the boosters of Seminole county is whether it will be possible to hold the annual fair this year or not.

At a meeting of the Commercial Club held last Friday night to determine whether an exhibit should be held at Orlando or not the enthusiasm was intense but the ardor was somewhat cooled among certain ones.

The men who made the fair possible last year feel that the burden should fall upon other shoulders this season although they stand ready to do their part.

Mr. Doune also stated that he would be home again in a few weeks.

TURKS CONTINUE TO MASSACRE ARMENIANS

New York, Oct. 3.—Documentary evidence of atrocities inflicted by the Turks on the Armenians was made public tonight by the committee formed by Cassus R. Kane, Cleveland H. Dodge and others, to investigate the facts of the Armenian massacres and to aid sufferers.

Oviedo School Opens

The Oviedo public school opened Monday morning for the present scholastic year. Many of the school patrons, together with the local board were present at the opening exercises.

The primary department is in charge of Miss Stevens, a graduate of the University of California, with normal work at the Florida State College for Women.

Senator Buys Hotel
Senator Arthur E. Hanger, the long-time legislator, Hotel property, which includes the entire block on Broadway from Ponce to Dakin avenues, the hotel building, Graystone Casino and other buildings.

Mr. Doune also stated that he would be home again in a few weeks.

K. R. Murrell and family arrived Saturday from South Carolina, where they have been spending a month visiting old friends and relatives.

GREECE ENTERS THE GREAT WAR ON SIDE OF THE ALLIES

FRENCH TROOPS HAVE BEEN LANDED AT SALONIKI TO LEND ASSISTANCE TO THE GREEKS

Athens, Greece, Oct. 4.—All doubt as to the entrance of Greece into the war on the side of the entente allies has now been disposed of.

In regard to the landing of the French troops, the governmental organ says that if for the present the government considers the assistance of the allies as premature, it is none the less to aid and support Greece that the allies are at Saloniki, France and England enter the Balkans as traditional friends of Greece and not otherwise.

The Greek government has seized the Macedonia railroads, of which two are Austrian and one French.

and the Bulgarian people, no repressive measures will be adopted against Bulgarian subjects in Russia.

The foreign office explains that the fact that Russian alone sent an ultimatum to Bulgaria was due to voluntary recognition on the part of her allies of this nation's pre-eminence in the Balkans and of her moral claim upon the gratitude of the Balkan peoples.

Whether England, France and Italy will withdraw their representatives at Sofia in case Russia takes the initiative has not yet been decided.

RESCUE WORK OF STORM VICTIMS AT NEW ORLEANS

OVER TWO HUNDRED PEOPLE DEAD AND MANY ARE MISSING—DAMAGE TO PROPERTY IS ENORMOUS

New Orleans, Oct. 4. Stories of relief vessels dispatched from almost every point along the Louisiana and Mississippi Gulf coasts today were searching all sections of the storm stricken district, where hundreds of persons were reported marooned and without food as a result of Wednesday's hurricane.

None of the 183 persons reported missing had been accounted for and it was feared that many of them must be included in the number of casualties.

None of the relief vessels sent to the more remote points throughout the devastated area has reported navigation believed to be difficult in many places because of the enormous quantities of debris floating in bays and harbors and it is known here that in some sections the vessels can operate only in daylight.

stories of hardships and suffering. In nearly every instance they were being landed with no belongings other than the clothes they wore.

Committees in charge of the rescue were still landing out vessels with supplies as rapidly as boats could be obtained and it has been arranged to forward large quantities of food and clothing to central supply stations to be established throughout the stricken area.

Conditions in New Orleans are being improved rapidly. Public service corporations and municipal departments have employed extra help and the workmen are rapidly bringing order out of chaos.

Pretty Mrs. Smith at the Star

Pretty Mrs. Smith, stirring Friday School dramatic society comedy drama, written by Messrs. Oliver Morosco and Elmer Harri. The play has been successfully staged to meet the debut into photoplay work of this brilliant star, and also the initial production of The Oliver Morosco Photoplay Company.

J. B. Johnson Returns

J. B. Johnson and family have returned from Elkmont, Tenn., where they have been spending the summer. Mr. Johnson has a fine farm near Elkmont, where he spends his summers and farms along the same lines as he does in Florida.

FAIR EXHIBIT AT ORLANDO TO BE MADE IN FEBRUARY

Millinery Opening

One of the latest business ventures in Sanford was launched on Friday with the fall opening of the French Millinery Parlors under the management of Mrs. Eleanor Glasgow Mehrtens.

The hats and toques shown at the opening on Friday are copied from the latest Paris models and carefully selected in the northern markets.

Deputy Sheriff Geo. Baker of Palm Beach county was in the city Saturday to take into custody one Charley O'Bryant, colored, wanted for embezzlement in that county.

The registration fee is \$2.00 payable to the Secretary of State, and the penalty for failure to so register any automobile, motorcycle, or other motor driven vehicle is \$100.00.

SEMINOLE COUNTY LIKELY BE PRIZE WINNER AMONG COUNTIES

Seminole county will have a fine exhibit at Orlando when the big Five County Fair takes place in February. At a meeting of the members of the Commercial Club and several others last Friday night it was decided to suggest to the county commissioners that they make a suitable appropriation for the Seminole county exhibit at Orlando.

These five counties are in the lake region belt of counties and raise the finest fruits and vegetables, live stock, hay and grain that can be grown in the state.

Last year in conjunction with the Seminole county fair the exhibits were collaborated and after our fair exhibit for Orlando was much larger and finer than ever before.

As there seems to be some impression that state registration of automobiles is no longer required, the Tax Collector recently took this matter up with the Secretary of State who replied as follows:

Tallahassee, October 1, 1915 Hon. Jno. D. Jenkins, Sanford, Fla. My Dear Sir: Replying to your letter will state that Chapter 6881, Acts of 1915, does not repeal Chapter 5437, which requires the registration of all automobiles or motorcycles in this office.

THE ST. JOHNS RIVER ROUTE IS ENDORSED

The Lakeland Board of Trade, Geo. E. Southard, president; M. E. Hetherington, treasurer; A. J. Holworthy, secretary; September 24, 1915; Mr. E. T. Woodruff, secretary Waterways Committee Sanford Commercial Club, Dear Sir:

I have been very busy and until now unable to look into the matter presented by you. It does seem to me that there can hardly be any question, prejudice excepted, with regard to the desirability of the St. Johns, Lake Harney, Salt Lake and Indian River Line, in preference to the route via Daytona and St. Augustine.

and other industries which should have a deeper waterway and that these same arguments cannot be used for the Titusville-St. Augustine route.

It hardly seems possible that the Federal Government can be induced to take up the proposition which the stockholders of an unsuccessful venture are trying to get from under, and while we are too far south to be specifically interested in this project, we do feel sufficiently interested from a general standpoint to hope the St. Johns route will be adopted, because it has been reported as in every way practicable, will cost less and accommodates the territory referred to.

I hope to have the pleasure of helping support this proposition at the meeting of the Atlantic Deeper Waterways Association at Savannah in November. In the meantime with best wishes, I am, Very truly yours, A. J. Holworthy, Secy. Lakeland Chamber of Com.

Office in Herald Building Telephone No. 148

Greetings and best wishes for Broward county.

Some one said that summer was over the first of October. We would like to swat him.

Wish some foot ball player would kick old summer out of the lap of winter. He is lingering too long.

Seminole County Fair should be boosted in every part of the county by every resident thereof, for in boosting will the fair be made.

Many of our citizens are anxious to try the county fair this year with regular grounds and buildings and the idea can at least be given a fair trial.

Senator Donegan has become a hotel proprietor at Kissimmee. Dear Senator, beware of the next campaign. Your guests will all be dead heads about primary time.

Holly in the Sanford postoffice sounds like Christmas. Well, for good will and boost giving Bob is an all the year round Christmas spirit—Okeechobee Call.

Brother Holly makes an interesting paper of the Sanford Herald. Good town, good editor, good paper. Manatee Record.

Thanks, Sister Holderman. The same to you.

October Fifteenth is Newspaper Day in Florida and The Herald on that day will contain several fine articles written by the ladies of Sanford. It will be a premier advertising medium, as it will be sent to every voter in the county and also to many people living in other states. Every citizen of Seminole county should buy some extra copies and send them to friends in other states. It will be a real boost for your county.

We have been boosting Bob Holly of the Sanford Herald for postmaster in his town, as far as we might properly do so as an outsider, and now Bob says he don't want the job, but does want a million dollars to help build up and beautify his little city, and with any surplus left help pay the funeral expenses of certain people he doesn't mention, but leaves us to guess as obstructionists standing in the way of progress. Lakeland Telegram.

There has been much talk and plenty of bum puns about making Editor Holly postmaster of Sanford, Fla! There are probably a hundred clerks and bookkeepers in Sanford, any one of whom would make just as good a postmaster as Holly or anyone else, but there's nobody who would make as good an editor of the Herald. If the people of Sanford have as much sense as celery, they'll chip in to pay Holly a salary for keeping out of the postoffice and attending exclusively to his nobler calling—Auburndale News Era.

Thanks, Bro. Hannu, for the suggestion. We do not want the postoffice, now.

COMING OF THE EDITORS

The indications are that there will be a large crowd of editors and publishers in Jacksonville October 13, 14 and 15.

The editors will not only be given a most hearty welcome, but the meeting promises to be most profitable.

There are many things of interest to the newspaper men to be discussed many things that have long been needed.

It will be good to have such a worthy element together, and there's nothing too good in Jacksonville for them.

We want 'em all—their wives and daughters, and even the babies.

The banquet to be tendered the visitors by the Chamber of Commerce will be a most elaborate affair, and no expense is to be spared in making it one of the greatest successes of its kind in the history of the city.—Dixie.

ENDORSE THE ST. JOHNS

At the meeting of the Board of Trade Thursday evening, the St. Johns river, Salt Lake and Indian River route was endorsed as the official inland water section in Florida for the Boston to Key West intracoastal canal. The Star has had several articles endorsing this route. It would be by the St. Johns from its mouth to a point about 25 miles southeast of Sanford, then by a canal, easy to cut, of about five miles into the Indian river. Its natural route, as nearly all of it is already available for big boats. It connects with the Oklawaha, the Wekiwa and several other of the larger inland rivers, which intersect a large portion of central Florida, and be another short and easily cut canal will connect with the Withlacoochee and other streams running into the Gulf. The East Coast canal, cut by the state at vast expense, is proving of little use, and at its best could not serve one-tenth of the people who live in touch with the St. Johns route. This route was also endorsed by the Orlando board of trade at a meeting held Wednesday evening.—Ocala Star.

WHEN THE EDITORS MEET

"When the editors meet at Jacksonville it is hoped that some definite step along this line will be taken, and in this connection the Tribune offers the suggestion that each association pass a law establishing a minimum basis of advertising rates declaring what class of matter should come under that head making a strict adherence to the law a prerequisite to membership in the association.

"The editor of the Tribune has been reliably informed that newspapers in a nearby town are taking advertisements as low as two cents an inch, and many newspapers over the state never think of asking more than ten cents an inch and will contract space as low as five and six cents an inch. Every member of the Press Association knows that it costs fourteen cents an inch to print advertisements, based on an eight page, six column paper, having twenty-four columns of advertisements and twenty-four of reading matter.

"Months ago the Tribune inaugurated the system of charging for 'cards of thanks,' resolutions of respect, and all such matter, as well as refusing to give free local notices of firms who placed display advertisements in its columns, and while it grated on the nerves of a few at the beginning, today it is generally accepted, and the paper has not lost a friend or subscriber by the act.

"The Tribune goes upon the theory that a man has no more right to ask for a line of free advertising than he has to ask the baker for a free loaf of bread or the cigar man for a cigar, nor has the merchant any more right to ask for a free write-up because he inserts a ten inch ad than the editor has to ask merchant to throw in a pound of coffee when he purchases a pound of tea.

"We know the custom has prevailed ever since the newspapers were established for the public to work the newspapers for free space, making the editor believe it was news, and it is likewise a fact that ever since the days when Gutenberg discovered the art of printing, editors have been wearing patched clothes and writing boasts on empty stomachs and empty pocketbooks. But we believe the times are changing for the better, editors are acquiring a fraction more business sense, and if the editors, at their meeting in Jacksonville, will pass a few resolves and stick to them, it is possible we will have a different tale to tell at the State Press Convention in Kissimmee next March."—Kissimmee Gazette.

Eucalyptus is Healthy

The eucalyptus tree will keep away mosquitoes and miasms, is the belief of Professor Henry G. Walters of Philadelphia, who is quoted by J. E. Junkin of Miami, as saying that mosquitoes cannot tolerate the odor of the eucalyptus tree and will not remain in the immediate vicinity if a eucalyptus grove.

Mr. Junkin is just in receipt of information to this effect from Philadelphia, and suggested that it would be well for the people of Miami and vicinity to bear this in mind and plant eucalyptus trees in every available spot.

This statement of Professor Walters would seem to be founded on knowledge gathered from a wide field of investigation, for Professor Walters conducts a plant research institute at Langhorne, Bucks county, Pennsylvania, where he has made a more or less extensive investigation of the eucalyptus tree as to the various properties pertaining to the eucalyptus family.

The mosquito chasing proclivities have been observed in this vicinity before, and residents of Davie, where the Everglades Sugar and Land Co. has an experimental grove

of the eucalyptus, have found that they may safely sit in the shade of the grove without fear of annoyance by mosquitoes.

In view of what seems an established fact, Mr. Junkin suggests that the people of Dade county and the lower coast generally, might do well to write the government's experts regarding Professor Walters' statement, and if warranted by the reply to their letters, take up the matter with the Chamber of Commerce, city council, board of county commissioners, and the various civic associations of Miami.—Ex.

WEKIWA AND ETHEL EVENTS

The community was thrown into sorrow when the news reached here from Sorrento last Monday evening that Mr. Jerry Bresco had breathed his last at 3:00 o'clock. He was taken from his home on his homestead by the kind neighbors to Sorrento, where he could be under the care of a doctor daily. He was only sick two weeks from typhoid malarial fever. Mr. Bresco was a lovely Christian gentleman and was beloved and respected by all who came in contact with him. Oh how we will miss him in our Sunday school, or Epworth League and prayer meetings. He was the Bible teacher in the Sunday school, the first vice president in the League and the leader in the prayer meeting. But his work was finished on earth. God said "It is enough, come up higher." His ways are not our ways, but we feel that we could have given up any one else better in the whole community than he. It was sad to see him laid away by strangers entirely not one relative to follow him to the grave.

Johannie Boyd, 17 years old, son of Mr. James Boyd who lives at Ethel died at Lakeland last week and was buried there. He was also a member of our Sunday school and will be missed very much. His mother is very ill with consumption and not expected to live, but she stood his death much better than her friends expected she would.

Mr. Ben Boyd, who has been under the care of Drs. Miller and Denton is very ill at his brother Hardy's at Ethel.

Mr. J. W. Kelso of Wekiwa, who has been very sick for nearly three months, and who was under the care of Mrs. A. O. Powell for several weeks at her home was taken to Sanford some time ago and is now under medical treatment from Dr. Denton. He improved very much for awhile but for the past week

MAKING TYPHOID SCARCE

VACCINATION IS A SURE CURE FOR THIS MUCH DREADED DISEASE

THE STATE BOARD OF HEALTH

"There is no reason why typhoid fever should not be a rare disease by 1930."

The statement is credited to the Public Health Service in a recent news dispatch from Washington and it is supplemented by the estimate that not less than 300,000 persons in the United States will be immunized in 1915.

Attention has been called repeatedly by the press within the last two years to the results gained by inoculation with antityphoid serum. So thoroughly has it been tested that the treatment has passed entirely beyond the experiment stage and it is classed with vaccination against smallpox among the "sure things" of medical science.

During the six months mobilization of United States troops in camps in 1898, the year of our troubles with Spain, War Department doctors were called upon to fight 20,000 cases of typhoid. There was but one case of the disease in the entire army of 90,000 inoculated men in 1913, and this record stood against an average death rate from the disease of 16.5 per 100,000 of the civilian population of the country.

Every enlisted man in the United States Army and Navy is required to take the antityphoid vaccination. It is compulsory in the French army but it is still optional in the British army. Typhoid has been until the present decade, the apparently unavoidable scourge of war, as also in civil life. Now the discovery that the dead bacillus in sterilized solution injected into the human blood is a preventative of the disease has changed it all. Just why the dead bacillus, literally billions of them in a man's circulatory system should nullify the live germ is probably beyond the understanding of the average layman, and it really is unimportant that he should know the why, if he avails himself of the fact.

If typhoid has a liking for one season of the Florida year over another it is the late summer and fall months, and it is at this time that more than ordinary precaution should be taken to ward it off.

has been very much worse, his friends will be sorry to learn. Mr. Eugene Brown took his wife into Sanford last week to consult Dr. Denton, as she has been quite sick for some time. Mr. Brown has also been under his care for the past two months. Mrs. A. O. Powell accompanied them to town and while there called on Mr. Kelso and found him very much worse. Mrs. Andrew Rush has been quite sick at her home in Wekiwa for the past two weeks. Little C. W. Rush left last week for Gainesville, where he will enter the state school for his first term. Mr. Irvin Stultz of Roanoke City, Va., left for his home last Saturday after spending a week with Frank Powell at Wekiwa. Mr. Stultz made many friends while here and especially with the girls, by whom he will be greatly missed. This was his first trip to Florida and he expressed himself as being much pleased both with the people and state. Frank Powell of Wekiwa and Irvin Stultz spent one day in Sanford last week. Mr. Ed. Von Hurlless of Wekiwa, who has been very ill for the past three weeks and who was taken to the hospital for treatment returned home last Tuesday very much improved. Little Willie Lee was taken to Sanford by her mother last Sunday and is under Dr. Denton's care. Her case developed into pneumonia and her life was despaired of for some time but we are glad to say when

last heard from she was some better. Miss Minnie Holiday returned here last Thursday from New York after spending six months in the north. After a pleasant visit to her home in Wekiwa Miss Minnie Holiday returned to Winter Park to resume her studies at Rollins College. She was accompanied by her sister, Miss Frances who will take up the study of art.

Miss Daffnia Virgilion returned yesterday to Sanford, where she will enter school for the winter.

Rev. Bartlett of Enterprise came over to Ethel last Tuesday when he was called to preach the funeral of our dear Bro. Bresco. Bro. Bartlett is the preacher in charge of Ethel church and we are always glad to see him. He spent the night with friends in Wekiwa and returned to his home Wednesday.

Miss Achsa Haladay has taken the postoffice here for a time. Have you not some neglected letters that you should answer? Get busy with your pen.

LAKE MARY ITEMS

Mrs. Evans was a week end visitor to Sanford.

Miss Helen Iserman spent the week end with friends in Sanford.

R. N. Poston left Tuesday for Mr. Dora and other places along the line making the trip in his car.

Mr. and Mrs. Will Evans moved into their new house last week and have a good prospect for a pretty home on the lake.

There were quite a number of the young people here attended the social Saturday night at mpsala. They were chaperoned by Mr. and Mrs. Thos. Morris.

Dr. Puleston of Sanford was summoned here Monday for professional services.

The latest news here announces the arrival of a baby boy via "The Stork, Limited" at the home of Mr. and Mrs. Will Evans.

Mrs. W. V. Dunn had as her guest last week her sister, Miss Letitia Melvin, an employee of the Atlantic Coast Line in the offices of Wilmington, N. C.

Miss Bessie Michael of Oakland spent over night here, the guest of Miss Iserman. She was on her way to Tallahassee, where she is entering her senior year at the State Normal College for girls.

Harry Objected. Harry, two years old, whose mother is a widow, protests vigorously when she goes out with any of her friends in the evening, as he is left at home with an aunt. One evening recently Harry was left to entertain a caller while his mother was putting on her hat. After a long silence Harry blurted out "Have you a mamma?" The amazed friend said that he had, whereupon Harry said "Well, why don't you take your own mamma out, then?"—Chicago Tribune.

Fourth of July. The Fourth of July is not a national holiday. There is no national holiday in this country not even the day on which we declared our independence. There are several legal holidays, the Fourth of July being among them but no national holiday.

Daily Thought. There is not a man in the world but something improves in his soul from the moment he loves—and that, though his love be vulgar. Maeterlinck.

WANTED! WE WANT you to TEST OUR CAPACITY for handling business and to know that your money is deposited in a safe place. We invite investigation as to our responsibility and method of doing business, and would appreciate your account.

SANFORD TO HAVE Y. M. C. A.

PRESIDENT WILSON IS TO BE MARRIED

Washington, Oct. 7.—Woodrow Wilson, President of the United States, announced tonight his engagement to Mrs. Norman Galt of Washington.

The brief announcement from the White House by Secretary Tumulty came as a surprise to social Washington, but to a number of friends it had been expected for some time.

It was Miss Margaret Wilson and her cousin, Miss Woodrow Baines, who drew Mrs. Galt into the White House circle.

Mrs. Galt spent a month this summer at Cornish as a guest of the President's eldest daughter.

Mrs. Galt is the widow of a well known business man of Washington.

Congregational Church Notes. Rally Day was a good day with a large number of people getting in line for better things.

CITY COUNCIL HELD REGULAR SESSION

Council met in regular session Oct. 4th, 1915, at 7:30 p. m.

Present, B. W. Herndon, president; C. H. Dinger, W. W. Abernathy, J. Adams, J. D. Davison and R. C. Maxwell.

Mr. F. J. Karnatz appeared in regard to placing telephone poles. The matter was referred to the city engineer.

Mr. Aspinwall appeared and asked for an appropriation to support a city band.

Supt. Hansell appeared and opposed the placing of safety gates at certain street crossings.

The officers reports were read and ordered filed.

Moved and seconded that the bill as signed by the president and approved by the finance committee be paid.

Woman's Club. The Woman's Club held its first regular meeting of the season at the Congregational church.

Mrs. Deane Turner, first vice president filled the chair in the absence of the president, Mrs. J. W. Dickson.

Killed in Auto Accident. The Seminole Bank of this city received a wire from Sydney, Iowa, on Tuesday stating that Jesse Morrison had been killed near there in an auto accident.

Michigan Celery Bad. Celery growers in other parts of the country have their troubles as well as the Sanford growers.

Welcome! Methodist Services. You will be met at the door of the Star Theatre with a hearty welcome next Sunday.

Speaking of Fogg. The Orange County Citizen has a cut of N. H. Fogg of Altamonte in the last edition and the following write-up of this genial gentleman.

Contrary to some investigators Mr Fogg believed in letting the world know the results of his labors and for years he was a valued correspondent of the state and county papers.

He is well along in years now, the accompanying photograph having been made after he was seventy, and his remaining years are being quietly spent upon his home place.

PRE-ORGANIZATION COMMITTEE UNDER THE DIRECTION OF MR. HYMAN MET TUESDAY AND FORMULATED PLANS

SANFORD NOW HAS A POPULATION SUFFICIENT TO SUPPORT A YOUNG MEN'S CHRISTIAN ASSOCIATION AND A LONG FELT WANT WILL BE SATISFIED—OLD BAPTIST CHURCH IS TO BE BOUGHT FOR ONE DOLLAR—RENT IS FREE.

Tuesday afternoon a number of young men of Sanford met together with Mr. Hyman of the Baptist church to talk about organizing a Young Men's Christian Association for Sanford.

Mr. Hyman stated that the Baptist trustees had decided to sell the old Baptist church to a Sanford Y. M. C. A. for \$1,000 and not charge one cent of rent for the use of the lot, provided it was used as a Y. M. C. A. location.

A pre-organization committee was formed with the following named officers: Mr. H. C. Phillips, chairman; Mr. Schell, secretary; and Mr. E. J. Moughton, treasurer.

The chairman then called the committee to order and stated the object of the meeting, to discuss plans leading to the permanent organization of a Young Men's Christian Association.

Mr. Phillips made quite a talk on this line, outlining the many features of a Y. M. C. A. in the good they are to a city and the community, and the much good they have been to young men and old men of his acquaintance.

Mr. Hyman talked at length on the better plans of organization and the help that we should obtain from every citizen of Sanford, or of Seminole county for that matter.

REVIVAL MEETING STIRRING SANFORD; BIG ATTENDANCE PRESBYTERIAN CHURCH IS CROWDED AT EACH SERVICE—SERVICES HELD 3:30 AND 7:30 P. M. DAILY

Rev. J. G. Venable of Jacksonville, who has been holding a series of revival meetings in the Presbyterian church this week is stirring the hearts of the people and each afternoon and night the church is packed with people anxious to hear the message that this forceful speaker brings to this city.

Mr. Venable has won the people by his earnest appeal to their judgment by the plain explanations used, by his undemonstrative demeanor and by his interesting lectures.

The meetings were held in the Presbyterian church at 3:30 and 7:30 the first day, but the demand for Mr. Venable to speak in the mornings was so insistent that the office of F. L. Woodruff was secured and each morning the business men, farmers and all who can spare twenty minutes gather there to hear the word of God.

Chicago, Oct. 7.—Chicago for the first time in forty-four years will be dry next Sunday.

The order that 1,152 saloons, cafes and restaurants where liquor is sold shall obey the Illinois Sunday closing law will go into effect at 12 o'clock Saturday night.

Euastis Votes Bonds. Euastis, Oct. 5.—Euastis today decided at the polls by a five to one vote in favor of issuing bonds for sixty thousand dollars to construct a system of sewerage and hard surfaced streets.

Soft Tires. Is the subject for consideration next Sunday night, 7:30, at the Congregational church.

Frank Giles of the firm of Irwin & Giles had the misfortune to break his arm on Tuesday, while cranking the auto delivery wagon of the firm.

THE CITRUS FRUIT INSPECTORS APPOINTED

Tallahassee, Oct. 7.—N. O. Penny of Miami; H. D. Berry of Winter Garden, and W. Y. Edwards of Ocala citrus fruit inspectors, spent three days at the capital last week with the state chemist for demonstrations, instructions and practice in the application of the United States standard for testing the maturity or immaturity of citrus fruits.

The building will represent an investment of about twenty thousand dollars when completed and equipped and this undertaking at this season of the year demonstrates that the Elks have faith in their lodge and their city and the building will be completed and ready for occupancy in the early spring.

The officers of the Sanford lodge of Elks forming the corporation rejected all bids for the new building at the meeting held for the purpose last Monday afternoon and decided to appoint Contractor George Venable of this city to take entire charge of the work of the erection of the new home under the supervision of Architect Hutton and the building committee of the lodge, comprising the trustees, Forrest Lake, R. J. Holly and S. Maxwell and the four members appointed by Exalted Ruler Neal as follows: C. F. Williams, W. J. Hill, Fred T. Williams and Frank L. Woodruff.

The building has over two hundred members and the membership is constantly increasing and the members think that there should be no delay in the raising of sufficient funds to complete the building once begun.

The opening of this building will be in Sanford, as it will be one of the best lodge rooms in this part of the state and every detail for comfort of the members and their families has been worked out to the minutest detail.

The building will have one of the most dance floors possible to build, as the members believe in the art of terpsichore and will do everything possible to make the building meet all requirements of comfort and beauty.

At the millinery opening of Mrs. Grace Williams, throughout the day Tuesday, a beautiful line of fall and winter millinery was on display, showing the latest styles and shapes in hats and toques.

ELKS HOME WILL BE READY NEXT SPRING

The officers of the Sanford lodge of Elks forming the corporation rejected all bids for the new building at the meeting held for the purpose last Monday afternoon and decided to appoint Contractor George Venable of this city to take entire charge of the work of the erection of the new home under the supervision of Architect Hutton and the building committee of the lodge, comprising the trustees, Forrest Lake, R. J. Holly and S. Maxwell and the four members appointed by Exalted Ruler Neal as follows: C. F. Williams, W. J. Hill, Fred T. Williams and Frank L. Woodruff.

The building will represent an investment of about twenty thousand dollars when completed and equipped and this undertaking at this season of the year demonstrates that the Elks have faith in their lodge and their city and the building will be completed and ready for occupancy in the early spring.

The officers of the Sanford lodge of Elks forming the corporation rejected all bids for the new building at the meeting held for the purpose last Monday afternoon and decided to appoint Contractor George Venable of this city to take entire charge of the work of the erection of the new home under the supervision of Architect Hutton and the building committee of the lodge, comprising the trustees, Forrest Lake, R. J. Holly and S. Maxwell and the four members appointed by Exalted Ruler Neal as follows: C. F. Williams, W. J. Hill, Fred T. Williams and Frank L. Woodruff.

The building has over two hundred members and the membership is constantly increasing and the members think that there should be no delay in the raising of sufficient funds to complete the building once begun.

The opening of this building will be in Sanford, as it will be one of the best lodge rooms in this part of the state and every detail for comfort of the members and their families has been worked out to the minutest detail.

The building will have one of the most dance floors possible to build, as the members believe in the art of terpsichore and will do everything possible to make the building meet all requirements of comfort and beauty.

At the millinery opening of Mrs. Grace Williams, throughout the day Tuesday, a beautiful line of fall and winter millinery was on display, showing the latest styles and shapes in hats and toques.
