## Loss of Life in the Big Storm Now Placed at Five

### HOOPER OF LABOR BOARD GOES TO THE BIG MEETING OF RAILROAD UNIONS TODAY

Visit Was Thought to Be Final Appeal For Strikers

NO GUARANTEE

WAS MADE THAT WAGE CUTS OR RULE CHANGES BE CONSIDERED

(By The Associated Press)  
CHICAGO, Oct. 27.—Ben Hooper, member of the Labor Board, went to the Masonic Temple this morning where presidents, general chairmen and executive committees of five big unions were in session. Hooper expected to make final appeal on behalf of government for calling off the threatened strike. The Board's proposal, it is reported, is a guarantee that neither wage cuts nor rule changes be considered until all pending cases are disposed of. Hooper's presence led to reports that W. G. Lee, of the trainmen, was backing the peace move. Hooper said before going into the meeting room he was making the call unofficially and that he had vague possibility for settlement in mind which he would outline to the union men. There has been much discussion in the union and railroad circles as to the possibility of the Labor Board putting out an order that the strike is illegal and ordering it be called off. The board members would not discuss the report this forenoon except to say no such order had been prepared.

Hooper remained with the union officials some time and after leaving he said the strike was not yet settled, that settlement could hardly be expected while he was at the meeting. Union meeting broke up soon after Hooper left, with the announcement that the five organizations would hold separate meetings at one o'clock and a joint meeting at three.

### RESOLUTIONS FOR EXPULSION OF BLANTON

MONDELL SAYS STATEMENT WAS VILE, FOUL AND OBSCENE

(By The Associated Press)  
WASHINGTON, Oct. 27.—Resolutions for the expulsion from the house of representatives of Congressman Blanton of Texas, was called up today by Republican Leader Mondell. Adoption of resolution was asked by Mondell, who declared while it was proper to inform the public of reasons for what the house was called upon to do "the publication which is basis of charge is of such character it cannot be presented on the floor." Mondell characterized objectionable words in an affidavit inserted in the Congressional Record by Blanton as "unspeakably vile, foul, filthy, profane, blasphemous and obscene."

### Harding's Address is Criticized Today By Sen. Harrison

Says It Should Not Have Been Delivered in the South

(By The Associated Press)  
WASHINGTON, Oct. 27.—Harding's address in Birmingham on the race question was criticized in a statement today by Senator Harrison, of Mississippi. "The president's speech was unfortunate but to have made it in the heart of the South where in some states the negro population predominates was unfortunate in the extreme," said Harrison.

### CALIFORNIA GETS A BIT OF STORM TOO.

SACRAMENTO, Cal., Oct. 27.—Scores of houses were unroofed, hundreds of windows were broken out and other damage, the full total of which can not be estimated at present, was done by a strong wind, approaching the force of a tornado, striking this vicinity yesterday afternoon.

Accompanying the storm, a torrential rain fell and added to the havoc wrought by the wind. The deluge poured into houses as the roofs were lifted or twisted out of place and thousands of dollars' damage was done to household furnishings.

In the outlying districts the damage will be as severe comparatively as within the city, and the full scope of the storm is now known. Wire communication is poor to neighboring communities and it is impossible to secure anything approximately a correct estimate of the loss.

Many business houses were flooded and stocks damaged, adding to the trouble of estimating losses.

Very little, if any, tornado insurance was carried in any of the instances of losses here.

If the scope of the storm was wider than this immediate vicinity, the damage to vegetation will be another heavy factor to be reckoned with but it is believed here that the disturbance was purely local and it is not anticipated that the losses will cover territory outside of this county.

### PRESIDENT AT COLUMBUS INSPECTS CAMP

GOES TO ATLANTA FOR ADDRESS THIS AFTERNOON

(By The Associated Press)  
COLUMBUS, Oct. 27.—President Harding and party arrived here this morning from Birmingham to spend several hours inspecting Camp Benning. He speaks there late today.

### WEATHER AND CROP

Conditions in Florida for the Week Ending October 25, 1921.

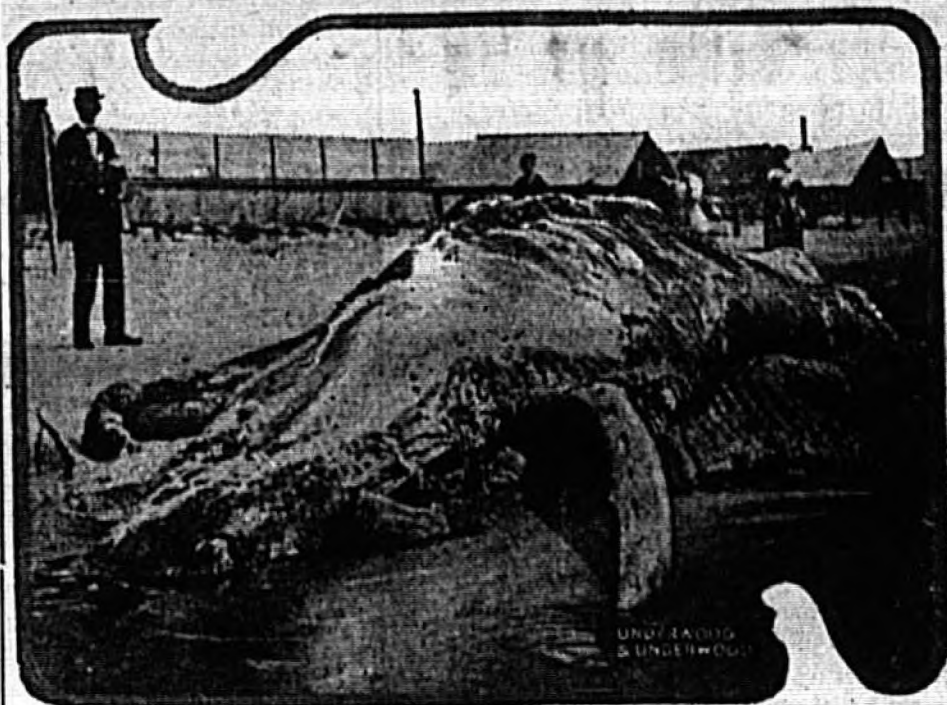

Temperature:—Temperatures were generally moderate to above the seasonal average during the week.

Precipitation:—Rainfall was heavy to excessive during much of the week over the southeast portion, extending northward during the latter part, incident to the eastward movement of the tropical storm of the 24-25. The center of the storm approached the State between Tampa and Cedar Keys, and entered the Atlantic between St. Augustine and Titusville. Twenty-four rainfall of 3 to more than 5 inches occurred over northern and central portions of the peninsula during the last day of the week.

Condition of Crops:—The forepart of the week was too dry for favorable growth of truck in the northern portion of the section, except where local showers had occurred, but rains became more general as the week advanced with heavy rains over most of the northern and central portions, which revived truck, strawberries, cane, sweet potatoes and citrus trees. Rain is still needed west of the Suwannee river, where all fall work is backward. The planting of oats was resumed in portions of the central and northern divisions, but the work is still much behind in western counties. Truck on low lands was damaged by heavy rains in portions of Brevard and Dade counties. The week closed with the soil in much better condition in the northern and central counties, but too wet in much of the south, and too dry west of the Suwannee river.

For first class job work—The Herald

### What Is the Strange Sea Monster?

When this sea monster was cast up by the waves on the New Jersey shore near Cape May, not the oldest sailor on the coast could say what manner of fish it was. They thought it looked like a cross between a whale and a sea cow. It was 76 feet long and had two huge tusks.

### YACHT BASIN PLANS COMPLETE BY DONNELLY

BLUE PRINTS AND SPECIFICATIONS SENT TO CHAMBER OF COMMERCE

William T. Donnelly, well known marine engineer, has fulfilled the promise to furnish complete plans and specifications for the proposed yacht basin on the lake front. This promise was made to the Board of Governors at the time of Mr. Donnelly's visit to Sanford last winter on board his yacht the Dawn and New Era. The plans as furnished by Mr. Donnelly are very comprehensive and if the yacht basin is built in accordance with these plans it will without doubt, be one of the finest in the state. A special committee of the Chamber of Commerce is now working on the projects to be included in a proposed bond issue and it is the intention of this committee to include this improvement in the proposed issue. The initial cost of this yacht basin will be within the financial means of the city and any money expended on this project can be considered as an investment that will pay handsome dividends to the city in that it will attract owners of pleasure craft to Sanford. As conditions are today localities where there are no provisions available for protection from heavy windstorms such as are experienced on Lake Monroe. The yacht basin will afford ample protection from the strong winds that often sweep across the lake and in addition will serve as a recreation pier for tourists who might care to enjoy the beauties of our lake. The building of a yacht basin along the plans laid down by Mr. Donnelly will be the most important permanent development that has ever been made on the lake front with the possible exception of the bulkhead. Unlike the bulkhead, however, it will immediately bring returns on the money invested in it, once it has become generally known amongst yachting enthusiasts that Sanford has a yacht basin. Lake Monroe is a gold mine to Sanford. Before gold is held in reserve, any field intensive development is necessary. In order to realize the greatest benefits from our priceless asset it is necessary that we begin at once to develop our lake front.

The following quotation from Mr. Donnelly's letter is very interesting and proves the value of an efficient organization:

"It will further be understood that insofar as I have prepared the plans and done any preliminary work in connection with this undertaking, that it has been done purely in a voluntary capacity for the Chamber of Commerce and without expense to them."

Mr. Donnelly is now on a return trip to this section of the state.

### MINE WRECKED BY DYNAMITE

(By The Associated Press)  
PITTSBURGH, Kas., Oct. 28.—The Gray Wolf mine near Gross, Kansas, was wrecked by two charges of dynamite shortly before midnight last night.

### SANFORD ESCAPED SERIOUS DAMAGE IN THE BIG STORM

WIRE SERVICE WAS HIT BUT PROMPTLY REPAIRED BY LINEMEN

Sanford was certainly lucky, again. When we count up our losses in the vegetable fields that can be replaced by another planting and then read of the serious loss of life and property in other places we cannot help but think that in all the various storms Sanford has been lucky indeed. Almost every city in Florida with but few exceptions had to spend down their utility plants and shut days fixing up the wires and poles and kept the cities in darkness for twenty-four hours or more.

The Herald wishes to congratulate Manager Morse, of the Southern Utilities Co., and his force of men for their prompt attention to the falling wires and breaks in the electric service lines. Manager Morse waited as long as possible before cutting the service on Tuesday night as he did not want to deprive the people of the lights but when the danger from live wires falling in the streets became so great he was forced to cut the juice off at the plant until Wednesday morning. It inconvenienced the Daily Herald and other manufacturing plants but we could not kick because this work is absolutely necessary and was not made through the fault of the plant but was caused by the storm and it would probably be well for the public to remember that whenever a severe storm occurs and there is danger from wires falling that the plant will be shut down until the trouble is repaired. When one considers that every time an employee of the Southern Utilities Co. takes his life in his hands on a pole or tree repairing the lines with the juice turned on their work can be better appreciated.

The Herald wishes to thank the manager of the Southern Utilities, The Southern Bell Telephone Co., and the Western Union Telegraph Co., and their men for their prompt work on Wednesday morning in restoring service after one of the worst storms that has struck the state in years—and Sanford seemed more fortunate than so many other cities in the state.

By this prompt service the Daily Herald started to work at eleven o'clock with telegraph wires working, with telephone working and with the electric lights and power working and we never missed an issue.

### JAPS ARE COMING IN COMPROMISE SPIRIT

BULLETIN—ABOARD STEAMSHIP KASHIMA MARU, Oct. 25.—(By the Associated Press)—That the Japanese delegation to the Washington conference on limitation of armaments and Far Eastern questions is coming in a "spirit of accommodation and compromise" was the statement today of Vice Admiral Tomosaburo Kato, his first public utterance since he was appointed a member of the delegation.

### PROPERTY LOSS WILL RUN INTO MILLIONS IN THE VICINITY OF TAMPA AND ST. PETERSBURG, WHICH SUFFERED MOST

### BRIDGE ACROSS OLD TAMPA BAY WASHED AWAY, SMASHING INTO SEABOARD BRIDGE WHICH GAVE WAY

Estimated it Will Be Ten Days Before the Seaboard Trains Can Reach St. Petersburg; All Highways Badly Damaged; Will Be Several Days Before Definite Information Can Be Had on Effects of the Hurricane.

(By The Associated Press)

ST. PETERSBURG, Oct. 27.—(By mail to Jacksonville).—No loss of life was reported at Passa-a-Grille, a Gulf resort Southwest of here as a result of the hurricane and property damage probably less than \$50,000. The death list here tonight remained at two and property loss estimated between half and one million dollars. Six pieces on the waterfront, including the municipal recreation pier and the Atlantic Coast Line railroad pier were swept away with a loss of a quarter of a million dollars and at least fifty small boats were sunk. The streets were cleared of debris today and electric power, off since Tuesday, was restored in the downtown section. High tide and rough seas here Tuesday afternoon backed the water from two to three blocks into the city, flooding the low places.

TAMPA, Oct. 27.—Property damage in that section of the peninsula swept by the hurricane was roughly estimated at five million dollars by insurance men here who have been analyzing reports reaching Tampa from other sections. Damage in Tampa was estimated at between one and one half and two million dollars but it will be several days before definite figures can be obtained. The known death list early today still stood at five, two in St. Petersburg, three in Tampa and vicinity. The Seaboard Air Line tracks from Tampa to St. Petersburg are blocked. The highway bridge across the head of old Tampa bay near Safety Harbor washed away and crashed into the Seaboard bridge tearing down a portion of it. It will be ten days before trains will be able to go through. Highways everywhere are damaged. No wire connections to Pinellas county.

### LITTLE ENTENTE SENDS IN NOTE TO HUNGARY

DEMAND SURRENDER OF FORMER EMPEROR CHARLES AND REPARATIONS

(By The Associated Press)  
LONDON, Oct. 27.—Little Entente composed of Rumania, Czecho-Slovakia and Jugo-Slavia sent a note to Hungary demanding the surrender of former Emperor Charles, demobilization of the Hungarian army and reparations sufficient to defray the expense of the Little Entente's mobilization. Unless Hungary replies satisfactorily within two days the Little Entente troops will enter Hungary.

### Bank's Vice-President Committed Suicide After Bank Closed

Merchants Bank at Augusta, Ga., Closed by the State

(By The Associated Press)  
AUGUSTA, Oct. 27.—Following the posting of a notice on the door of the Merchants Bank here last night stating the bank would be closed today and its affairs turned over to the Georgia State Banking Department, Eugene Roseborough, vice-president and director of the bank, committed suicide here this morning.

### EX-ARMY SURGEON IS FOUND GUILTY DEATH OF WIFE YEARS AGO

RICHMOND, Va., Oct. 27.—A verdict of guilty of murder in the first degree was returned by a jury in Henrico county circuit court here yesterday afternoon in the case of Dr. Wilmarth A. Hadley, former United States army surgeon, who was charged with the murder of his wife, Mrs. Sue Kathleen Tinsley Hadley, whose body was found in the James river near here about three years ago.

The verdict was returned after the jury had been out less than forty minutes. The verdict carries with it a sentence of death in the electric chair at the state penitentiary here.

It's a queer logic that strikes to lessen the social evil and makes no effort to lessen the divorce evil.

TAMPA, Oct. 27.—Little news trickled through from outlying points yesterday and last night, the first wire service received being a single wire which the Western Union got about 8 o'clock last night. For the greater part of the day there was a single W. U. wire out of Plant City, and the messages from Tampa were taken there by automobile and relayed, and a few messages were received for Tampa the same way. It was the only touch this city had with the outside world, as all long distance telephone lines were down, and still are down.

Boca Grande suffered severely, but the extent of the damage is not known. Fort Myers and the outlying islands were in the path of the storm. There was much damage there.

At Bradentown and vicinity the principal damage was to the citrus fruit crop, but there was some damage to buildings. Anna Maria key was swept by the storm and there was considerable damage to the buildings and to the dock there.

Passa-a-Grille caught much of the storm's force. Rumors that lives were lost there proved untrue. The pass was cut off from the mainland when the bridge failed, but yesterday motorboats from St. Petersburg reached the island with provisions and clothing for such as were in need. There was much property damage there.

The Gulf and Southern steamship Truxillo is reported to have left New Orleans Saturday with passengers and freight for Tampa, and should have arrived here Monday or Tuesday. It has not yet been heard from. The Truxillo carries no wireless equipment.

The Mallory Line steamship Lake Fillmore was due to arrive here from New York with general cargo Tuesday, but has not yet appeared.

Key West was not struck by the storm, contrary to the wild rumors of great devastation there. The storm merely sideswiped the Island City. A wireless received at the St. Petersburg station from Key West yesterday stated that there was no storm damage there.

Center Hill, in Sumter county, in (Continued on page 10)

## The Thompson Shoe

For years this store has been known as the "Style Center" of our city

In men's fine shoes we lead with THOMPSON'S — "The yard stick by which shoe values are measured."

Sanford Shoe & Clo. Co.

### PERSONAL NOTES

(From Monday's Daily)  
Mrs. Endor Curlett of Geneva is in the city today on a shopping expedition and is also attending to her many duties as member of the various societies and clubs of which she is a most active member.

Mr. and Mrs. Howard Lyman and family of Altamonte Springs were in the city today and their many Sanford friends were glad to see them.

W. H. Bruce, of Lake Wales, spent the week-end here with W. I. Adams, J. B. Lawson and Will Rowe, have purchased the Post place on the west side, and gone in for farming.

N. J. Lillard and H. A. Neel and Mr. and Mrs. Ralph Gore, and Deane Treadwell, all of the Sanford Herald, attended the meeting of the Typographical Union at Orlando yesterday, and enjoyed the visit to Orlando and the meeting very much.

J. P. Hall, the popular manager of the Western Union Telegraph Co., is taking a well earned vacation of two weeks, and in his absence his place will be filled by Mr. Robertson, of Jacksonville. Asked where he intended to spend his vacation, Mr. Hall said, "right here in Sanford."

Mr. and Mrs. W. P. Baker and Mr. and Mrs. W. P. Baker, Jr., of Atlanta, spent the week-end at the Montezuma, leaving here this morning for the southern part of the state.

Mr. and Mrs. V. C. Collier have returned from a delightful visit with relatives in New York.

Tanlac's best advertising comes from people who have actually used it.—Union Pharmacy.—Adv.

Mr. and Mrs. J. A. Redpath, formerly of Jacksonville arrived Saturday and will make Sanford their home. They are stopping at the Montezuma. Mr. Redpath is with Hoban, Hunter Feitner Co.

Miss Rineau and Walker Dickson, of Longwood were guests of Mr. and Mrs. Chris Matthews at dinner last evening.

Miss Clare Walker has returned to Winter Garden after a pleasant week end visit with her cousin, Mrs. M. Minarik.

Miss Winnie Brown spent the week end with her mother and sister at Fort Christmas.

(From Tuesday's Daily)  
Mr. and Mrs. F. C. Hester and daughter from Leesburg, were the week-end guest of their niece, Mrs. Edison Freeman.

We have in stock different sizes of Pipeless Round Oak furnaces, also automatic and instantaneous hot water heaters.—Mahoney-Walker Co. 10-4tc

Mr. and Mrs. J. B. Taylor, of Lakeland, were among the visitors here yesterday.

Twenty million people have taken Tanlac with the most gratifying results.—Union Pharmacy.—Adv.

The many friends of Mrs. M. S. Wiggins will be delighted to hear that she and her attractive little daughter Dorothy Ellwood are expected to arrive this afternoon from Grand Rapids and will be with her sister, Mrs. B. L. Perkins for the winter.

J. S. Dinkle, of Longwood, is among the visitors to the city today.

Mrs. P. T. Wakefield, of Geneva, was in the city today and reports the

Wakefield Preserving Co., as flourishing and supplying guava jelly and preserves to the world at large.

Mr. and Mrs. R. R. Eldridge have arrived from an extended visit to many points in the north where Mr. Eldridge is engaged in the shipping of fruits and vegetables. Mr. and Mrs. Eldridge have a fine country place at Paola and their many friends are giving them a welcome home again.

(From Wednesday's Daily)  
Rev. and Mrs. A. M. Daiger, of Umatilla were among those attending the district meeting at the Methodist church here yesterday.

Batteries at cut prices at Hof-Mac Battery Co., "Foot of First Street." 10-1tp

Mrs. Hurley and son, Kermith, former residents here but now of Winter Garden, were recent visitors in the city, calling upon friends.

A. F. Hunt has returned from a pleasant visit to Montgomery, Ala.

L. H. Smith and A. J. Houser, of Morrow, Ohio, are spending some time here.

No matter what the other fellow does, we do better.—Hof-Mac Battery Co., "Foot of First Street." 10-1tp

Jesse H. Trent, of Granly, Mo., is spending some time here at the Montezuma.

W. S. Stockton, of Palatka, was in the city yesterday calling on his local customers.

Over a quarter of a million well-known men and women from different parts of the country have signed written endorsements for Tanlac.—Union Pharmacy.—Adv.

Miss Ellen Trent, of Webb City, Mo., is among the visitors stopping at the Montezuma.

Rental Batteries for any make of car at Hof-Mac Battery Co., "Foot of First Street." 10-1tp

As usual, the most important book of the year is the pocketbook.

### UPSALA AND GRAPEVILLE

Mr. and Mrs. Lucas and two children, of Longwood, were dinner guests Saturday at the home of Mr. and Mrs. Cramer.

Emil Magnuson left Saturday to oversee the grapefruit and orange packing for Chase & Co., at their big grove near Windermere.

Miss Eunice Tyner left for the Ilsworth grove on Monday. She will board this winter at the home of her uncle, Mr. Noah Fry.

Mr. Henderson, of the A. C. L., shops, is having his vacation this week, and is spending it by taking his family in their auto to Tampa, where they will visit a married daughter, and with the grand mother at Kissimmee. The eldest son, who drives a bus for Lossing, could not go.

J. C. Collier had his man out improving the new cottage in Grapeville with a nice coat of paint this week.

We understand that Mr. Hersch, who bought near the church, also had their home painted and Mr. Stafford put a well down.

A pleasant little birthday party was held at the home of Archie Swanson on Saturday evening in honor of his 18th birthday. Archie is a fine young man and the tandby of his parents, Mr. and Mrs. August Swanson, being their youngest son.

We heard on Monday morning the first hobo of the season, gladly telling of his arrival at the first break of day, and the tourists will soon be here for winter' on the way.

Mr. and Mrs. West and young son, Leonard, of Nashville, Tenn., are camping out in their tent at the home of Mr. and Mrs. Westerdick. Having been engaged in school work for a number of years they decided to make the trip in their auto and are thinking of staying here if they can find a nice little place. They went with Mr. and Mrs. Westerdick over to Osteen on Sunday.

### OVIDO

Miss Nell King, of Tildenville, spent the week-end with her mother, Mrs. M. M. King.

Mr. and Mrs. W. E. Luther, of Waynesville, N. C., have returned to their winter home in Ovido to the delight of their many friends.

Mr. and Mrs. W. B. Williams spent several days last week in Jacksonville. Mr. Williams was in Tallahassee a few days also.

The mission study class of the Methodist church, met at Mrs. S. W. Swope's Tuesday afternoon with seven members present.

Mr. and Mrs. Joe Brown, Miss Kirkland and Mrs. Arnold, of Ambrose, Ga., have returned to Ovido for the winter, and have rented a house at Lake Charm.

Messrs. O. L. Harper and son, Geo. Brown and Mrs. Graves, of Ocoee, were business visitors to Ovido Saturday.

Dr. and Mrs. C. J. Marshall and baby, of Sanford, visited Ovido Tuesday.

Clifton Brown, of Ambrose, Ga., is spending the winter in Ovido.

Sam Brown, of Ocoee, spent Tuesday in Ovido.

L. E. Wright spent Tuesday in Sanford.

Misses Mable Swope and Elizabeth Lawton and F. W. Swope, of Rollins College, spent the week-end in Ovido, returning to Winter Park Sunday afternoon.

Mr. and Mrs. E. A. Farnell, Alton Farnell, and Miss Wanna Pope, motored to Davenport Sunday.

Mr. and Mrs. Sauer and little son, arrived Monday from Minnesota, and will locate at Lake Charm, in the Wheeler house for the winter.

Mrs. W. M. Wright spent Tuesday in Orlando.

Dr. Cason, of Enterprise, preached a splendid sermon at the Baptist church Sunday morning, and at 3:30 in the same church. Dr. S. W. Walker, of Sanford, preached an able sermon. These services were held in the Baptist church because of the repairs being made at the Methodist church. C. D. Lee spent several days last week in Jacksonville.

The members of the ladies bible class of the Methodist church, packed a splendid box for the orphanage at Enterprise Tuesday afternoon at the home of Mrs. S. W. Swope.

The home of Mr. and Mrs. S. L. Murphy, at Lake Charm, has been the haven of rest for newly weds this fall. Last week, Mr. and Mrs. W. L. Chandler, of Des Moines, Ia., who were recently married, were the guests of the Murphy's. Mr. and Mrs. Chandler came down in their car and expect to locate somewhere in Florida. This week, Mr. and Mrs. Robt. Murphy, of Oxford, Iowa, are visiting their parents. Mr. and Mrs. R. Murphy are not strangers among us, Mr. Murphy having spent one year here with his parents Mrs. Murphy will be pleasantly remembered as Miss May Field. Two years ago Miss Field taught in the Sanford city schools, and spent many week-ends in Ovido.

Mr. and Mrs. Murphy also came south by auto and expect to locate somewhere in this section of the state.

Mrs. J. H. Haigh returned home Sunday from Patterson, N. J. Mrs. Haigh was accompanied by her brother and sister, Mr. and Mrs. I. Kirkham, and their two sons, who expect to be permanently located in Ovido.

### LONGWOOD NOTES

Miss Omah Allen spent the week-end at home with her parents, Mr. and Mrs. Bill Allen.

Friends of Mrs. George Lewis will regret to hear that she is in the Fernald-McLaughlin hospital.

Miss Helen Moran spent the week-end in Geneva with her parents.

The little daughter of Mr. and Mrs. S. A. Wilkinson, had the misfortune to drink some kerosene and came near dying.

Friends of Mr. T. A. O'Neill will regret to hear that he will not return this winter to open the hotel. Mr. O'Neill made lots of friends while he was here last winter.

J. S. Dinkel and Miss Olive, were visitors in Sanford, Saturday.

J. E. Phipps was a visitor in Haines City, on Wednesday. They are making fast progress on the West Longwood road, and it will not be so many weeks before it will be completed.

Mr. Hayden Miller, of Jacksonville, was the guest of J. E. Phipps a few days this week.

Mrs. Balts and Miss Nellie Baker, mother and niece of Mrs. Roy Sours, arrived Friday to spend the winter.

Bill Satcher was a visitor in Sanford, Saturday.

Mr. Wadbrook, of New York, is

**RAILROAD COMMISSION DENIES RAISE IN FREIGHT RATES ON FLORIDA FRUITS AND VEGETABLES.**

The following communication from Chase & Co., will be interesting to Sanford fruit and truck growers:  
 Jacksonville, Fla., Oct. 22, 1921.  
 The Sanford Herald,  
 Sanford, Fla.

Gentlemen:—We are advised by the Florida Railroad Commission, Tallahassee, Fla., that the Intrastate Commission has denied the petition of the Fruit Growers Express Co., for a suspension of supplement No. 15 to I. C. C., No. 7, perishable protective tariff No. 1.

Supplement No. 15 publishes a flat reduction of thirteen per cent. in the refrigeration charges on Florida fruits and vegetables between all points in Florida to destinations in the United States and Canada.

This reduction of thirteen per cent. has been put into effect pending a further hearing before the Interstate Commerce Commission in I. C. C. Docket No. 10892, refrigeration case Railroad Commission, State of Florida, vs. Director General Aberdeen & Rockfish Railroad Co., et al.

A hearing before the Interstate Commerce Commission in this case will probably be held in Jacksonville some time after December 1st, and should the Interstate Commerce Commission decide that the reduced rates are reasonable and that they not be changed, it will result in a saving of around a quarter of a million dollars for the Florida fruit and vegetable shippers.

Yours very truly,  
**CHASE & COMPANY.**

**"These Rats Wouldn't Eat My Best Grain," Says Fred Lamb.**  
 "It's hard to keep rats out of a feed store. Tried for years. A neighboring store sold me some RAT-SNAP. It worked wonders. Gathered up dead rats every morning. Bought more RAT-SNAP. Haven't a rat now. They wouldn't eat my best grain when I threw RAT-SNAP around." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

**ONE BRIGHT THOUGHT.**  
 The possibility of a general strike on the railroads will be in all probability accelerate the movements of those who are stirring about, making preparations to spend the winter in Florida. Then old Jack Frost will take a nip at their heels and fingers and the coal man will fire in a circular quoting the season's price of fuel and the exodus to the Land of Sunshine will begin.—Haines City Herald.

**HOF-MAC BATTERY CO.**

We have been in business one month and we have done fine. We thank you for your part in it.

"Foot of First St."

**PRAISE FOR SEMINOLE COUNTY OFFICIALS FOR PROTECTING THE GAME**

Wild Life League of Orange County Will Assist in the Good Work

Orlando, Fla., Oct. 22, 1921.  
 Editor Sanford Herald,

Dear Sir:—I am inclosing to you clipping taken from the Orlando Morning Sentinel of a letter written to that paper by a Mr. E. G. Rogers, also a reply to same by myself in the same paper of the 20th.

These articles grew out of the posse of hunters that invaded the Wekiwa swamp section in Seminole county some weeks ago in which your sheriff got mixed up with the party and all ended up at Sanford.

We have a progressive League for the protection of game in Orange county and at the last legislature had some special acts passed that has helped us wonderfully along these lines.

Our ambition is to get all adjoining counties interested in this movement in order that we can preserve the game in this section of the state before it is too late.

The Orange county division of the Florida Wild Life League is planning a grand get-together meeting and "banquet" to be held at the Chamber of Commerce rooms at Orlando, Fla., in the near future the exact date will be determined later.

It is the desire of the League to have a number of the officers of the Game Protective Association of all the adjoining counties to make a special effort to be with us on the evening set for this meeting, we wish to get in touch with the Secretaries and Presidents of these organizations in Osceola, Lake and Seminole counties in order that they may be invited to attend, and the date.

Would appreciate it if you will furnish us with the proper officials in your county that we might take the matter up with them in advance.

Thanking you in advance for any information or assistance you might render us along these lines, I am,  
 Very truly yours,  
**JAS. KINCAID,**  
 Vice President, Orange County Division, Florida Wild Life League.

**Praise for Mr. Walker.**  
 Editor Morning Sentinel:

The Polk county hunters who were recently fined in Seminole county were not even accused of violation of the game laws. The carrying of repeating rifles is equally unlawful in season or out. I believe it is a bad law because owing to the fact that there is not at present a good single shot rifle on the market it operates against the attainment of skill in marksmanship by the people. The law is not in any sense a part of the game law.

Mr. Kincaid had better look out for some of his own Wild Life League. I know that some of the members have unlawfully carried repeating rifles in the past and I have not heard of any who proposed to do differently in the future. I know that some of them are hunting (unprotected animals) in other counties now. I know of some who have bought game killed out of season in the past which under the circumstances I consider a little worse than killing it unlawfully. I know that some of them have killed more than the unreasonably large bag limit and boasted of it. Look 'em up, Mr. Kincaid.

As to the Orange county law, I have not been into the woods in Orange county this summer because I do not care to go into the woods or on the water any time without a gun of some sort—and my gun in the past has saved more game by the killing of predatory birds and animals than all the game it has killed.

"A man who cannot be trusted in the woods with a gun cannot be trusted without one." A man who cannot resist the temptation to kill game out of season is on a par with the man who cannot leave the bottle until he has finished the whole quart, and I believe that such men are not plenty. I have met but very few.

A wisely administered state game department is the only salvation of Florida game, and a game reserve that is "advertised" will soon be exhausted.

Mr. Walker and his friends have my sympathy. I do not notice the Seminole people who invited him there were fined, and it looks as though it was a case of spite work. I have heard others complain of Seminole county justice. I am likely to move to Polk county before long and should like to meet Mr. Walker and at least get a chance to shake hands with him.  
 E. G. ROGERS.

Kincaid's Solution of Game Protection  
 Orlando, Fla., Oct. 15, 1921.  
 Editor Morning Sentinel,  
 Dear Sir:—In reply to Mr. E. G.

Rogers' letter of the 14th inst., commenting on the treatment of a party of hunters recently arrested by the Seminole county officials, and his apparent attitude toward the Orange County Wild Life League, I think it is very unsportsman-like. Truly, Mr. Rogers, if a good sportsman, cannot wish to persecute the Wild Life League, even if there are some unloyal members belonging to it. These things will happen in the best of organizations, but I do believe that the majority of the Wild Life League members are true sportsmen and are using their best efforts for the protection of game of this county.

Mr. Rogers seems to think the hunting party which went to Seminole county, and of which Mr. Walker, of Auburndale, was apparently a member, consisting of some ten or twelve men and a pack of some eighteen or twenty dogs, were justified and violating no game laws. If he thinks this number of men and dogs, turned loose in the swamp where deer and turkeys as well as bear abound, will not molest the game that the state law says shall not be chased or molested, he is either ignorant of the habits of game or he does not believe in the protection of game.

A permanent law for the proper enforcement of laws that will really protect our game state-wide seems almost impossible at Tallahassee for the simple reason that there are already a majority of the counties of the state so near depleted of big game that there is no interest taken in such counties to enforce the laws they already have. But should the counties in the state which have sufficient seed left to rebuild their game have special acts passed, as Orange county has done, and form organizations among the good sportsmen and hunters and use every effort to eliminate the unscrupulous hunter from the woods in closed season, also have their bags watched by the wardens and deputies during the open season, we can bring back the game which has been so unmercifully slaughtered in the past; and if our county can and will do it, the adjoining counties will see where they can profit in the same manner and they will gradually fall in line, I believe, and in time it will be a statewide undertaking.

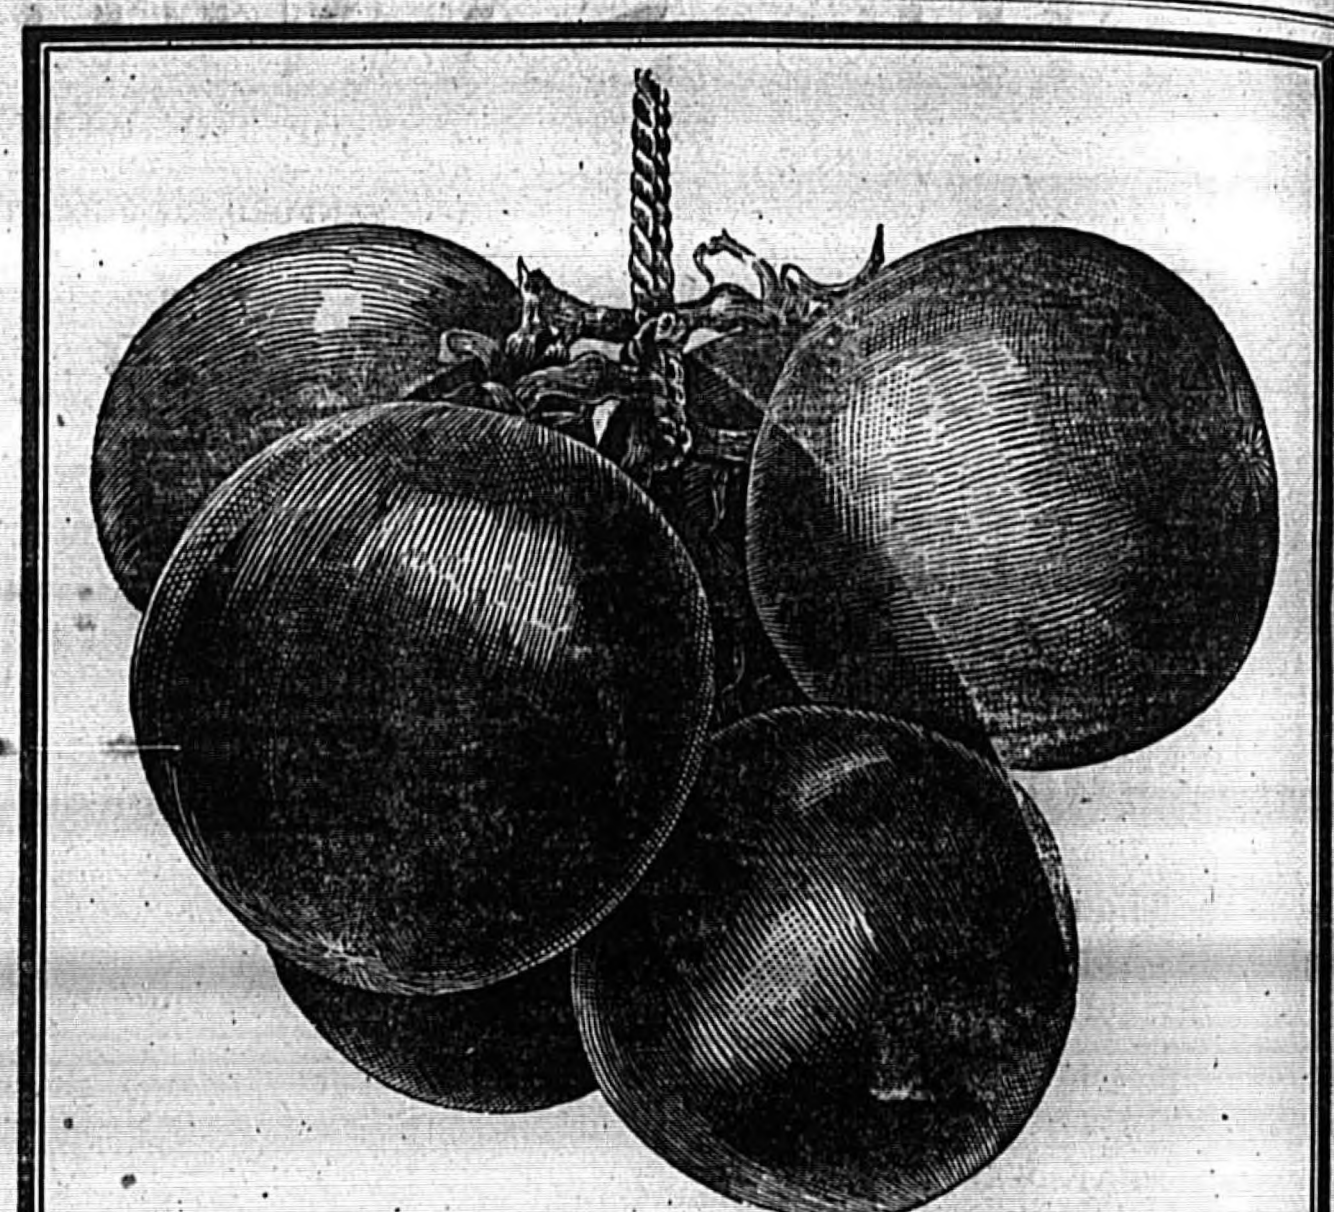

Mr. Rogers' motto "that the fellow that can't take a drink without emptying the entire bottle," also applies to the one that will not resist hunting one of season because he thinks some other fellow slips out and kills something out of season. I consider this a weak argument for one to put up if he really wants to have the game of his county protected.

Wild game will thrive and prosper regardless of the quantity of varmints there might be raised in the woods among them to destroy it, if the man with the gun will let them. This has been proven in the past in this county before the hunters started on them. The great buffalo of the west proves this. Where are they today and what exterminated them? Mr. Rogers says his, trusty gun has killed more destroyers of game than it has game. Leave that trusty gun on the rack, Mr. Rogers, during the closed season, you as well as all other good sportsmen and go to the woods and be true to your bag limit in the open season. Go to the woods with a warrant for the fellow that won't put his gun up, instead of in search of varmints that destroy game and you will see more game in your county and state.

I have no hand-shake of approval or sympathy as Mrs. Rogers says he has for Mr. Walker of Auburndale who invaded Seminole county's best hunting forest of bear, wild turkey and deer with such a horde of men, guns and dogs. With all respect to these gentlemen and so-called sportsmen of Polk county or anywhere else, should they attempt to perpetrate such an act in Orange county they will soon find the sheriff, his deputy and wardens hot on their trails if the Wild Life League's efforts can use any influence to bring them to justice.

The Wild Life League sincerely hopes that there will be no occasion for any such action, but they are determined to stop every honorable means possible to stop the unlawful hunting in Orange county and protect the game. They ask the loyal support of every good sportsman and law abiding citizen in the county to help them in every way they can within the law.

The game in Orange county can be protected and propagated if every huntsman will do his full duty. Do not fear the man who does not hunt.

**GULF STATE MARKET TOMATO**

Gulf State Market pays better than any variety you have ever grown, for the following reasons:

- 1—The vines are exceptionally robust, resulting in a heavy crop.
- 2—The vigor of the plants results in unusual freedom from blight.
- 3—The fruits are almost perfectly globe shaped.
- 4—The fruits on the same cluster mature well together and are of uniform size.
- 5—The fruit colors a rich purplish pink clear to the stem after packing.
- 6—Earlier than any other good purple tomato.

You can't afford to miss the chance. If you try Gulf State Market this year on part of your acreage, next year you will go strong on it. Write us for seed to be sent postpaid to your address at \$2.00 per oz.

Address **D. M. FERRY & CO.,** Detroit, Michigan  
 P. S.—Our facilities for producing choice pure-bred seeds are the best in America.

Game will not suffer by him. It is the sportsman and the hunter, the man who loves the game and this sport. He and he alone can bring about a success of these efforts, but he must be a true sportsman and carry fair and stand shoulder to shoulder with his brother sportsmen. Do not weaken by the thought that because one unscrupulous huntsman slips out and gets one, he must do the same in order to get his. Go after that fellow with a warden instead of the game with the gun.  
 This is my solution of real game protection.  
 (Signed) **JAMES KINCAID,**  
 Vice-President of Orange County Division of the Wild Life League, Orange County, Florida.

**Drinking a Glass of Hot Water is a Splendid Habit**

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.

### McLaughlin Says "Tell The World All About Florida"

The following from C. O. McLaughlin, formerly of this city, but now in the Development Department of the Seaboard Air Line Ry., is interesting: Norfolk, Va., October 19, 1921. Mr. R. J. Holly, Editor The Sanford Herald, Sanford, Fla.

Dear Holly: Every time I read an advertisement that looks good I think of you and Sanford.

I enclose a copy of The Peanut Promoter, October, 1921, edition, for the purpose of calling your attention to page 48: "Let's Tell the World."

"Telling the World" is what gets there. If a manufacturer tells the world in a proper fashion about his goods, he generally sells more than his advertisement costs. If a state, a county or a city has anything to tell the world, and tells, the people will be attracted to it. To prove this assertion I am sending you an advertisement published in the Photographic Section of the New York Times, by the City of San Diego, Calif. This is not the only advertisement these people have published in this particular section of The Times; they are at it constantly. For comparison, I am also sending you an advertisement by Jacksonville, Florida. I will appreciate it if you will return these ads because they are a part of my file.

If there is any place in the world, that I know of, that actually has something to tell the world it is Seminole county and Sanford, Florida. The county is full of things to tell, but we must tell it exactly like a man advertises his goods, or the product of his factory.

There is not an inland city in Florida enjoying a greater blessing than Sanford enjoys, by reason of its location on Lake Monroe at the head of navigation. Your system of artesian wells is filled with opportunities for exploitation. The celery and lettuce farms, from the breaking of the ground all through the period from the seed bed to shipping, are an opportunity for constant stories of human interest. The county is full of lakes and streams, and brick roads run in every direction. Not a day passes but I think of the wonderful opportunity for a good live advertising man to send out something about Sanford.

C. O. McLAUGHLIN.

## Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

# Camel

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

### PARISH HOUSE BE REMODELED AND ENLARGED

WILL ADD FORTY FEET TOWARD PARK AND HAVE A STAGE

Under the auspices of the Holy Cross Men's Club, at their last meeting, it was moved and adopted that the Club remodel, improve and enlarge Holy Cross Parish House so as

to make the building still more effective in its already large and embracing work. The plans include enlarging the building toward Park avenue about 40 feet in length. Inside on the east end, there is to be erected a fifteen-foot stage, the whole width of the building, with two dressing rooms adjacent. The stage will be equipped in an up-to-date manner with footlights, etc. On occasions when an extra large stage would be advantageous, provision is made for the larger space. Beyond this, there is to be the regulation 60 ft. clear floor space for the basket ball court. From that point back toward the west end of the building, there is to be erected in elevated tiers, permanent seats. When the basket ball court is not in use, for stage plays, etc., the floor space will be provided with chairs. Underneath the raised seats opening off Park avenue, will be two rooms, on one side for the priest's private use, and the other for committee room, meetings, etc. Shower baths, toilets and lavatories are provided so as to make the Holy Cross Parish House a very complete plant, and one of which the whole city will be proud.

The Parish House is being used more and more by the various organizations of the city, religious, fraternal, patriotic and social under the direction of Father Peck, rector of the Parish and with the needed new facilities the Parish House will fill the great need which is felt in Sanford for such a place.

### THOROUGH WORK

How a Sanford Citizen Found Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—Any curable disease of the kidneys, Use a tested kidney remedy. Doan's Kidney Pills have been tested by Sanford people.

Can you ask more convincing proof of merit? Mrs. Geo. Smith, Route A, Sanford, says: "It was several years ago that I used Doan's Kidney Pills for backache and other symptoms of kidney trouble. They gave me great relief and helped me in every way. Other members of my family have taken Doan's Kidney Pills with wonderful results, too. I am glad to give this endorsement."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Smith had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

### L. A. MICKY DIED YESTERDAY.

(From Monday's Daily) Louis Augustus Mickey died at his home near Ft. Reade yesterday after a short illness. Mr. Mickey had been in poor health for many years and came to Sanford about eight years ago for his health and the change of climate added years to his life. Although not in the best of health at any time Mr. Mickey was always cheerful and was an active worker and kept busy almost to the day of his death. He was born in Berkshire county, Pennsylvania, and at the time of his death was 59 years of age.

Deceased leaves a wife and three daughters and one son to mourn his death.

The funeral services will occur from the Methodist church tomorrow morning at ten o'clock, Dr. Walker officiating, interment being made in Lakeview cemetery.

J. E. Surling, L. Allen, E. D. Mobley, W. P. Fields, F. P. Rines and H. H. McCaslin, will act as pallbearers. The sympathy of the many friends of the family is extended to them in their hour of sorrow.

## What Henry Ford Says About Machine Power Farming

"In the tractor the farmer now has a machine in which is harnessed one of the most adaptable, efficient, economical sources of power in the world—the internal combustion engine.

"The tractor will multiply the productive capacity of each individual farm worker from three to four times over.

"It will put the farmer on a par with the city manufacturer. It will put his produce-producing factory—for that is what a farm is—on to an efficient production basis.

"It will enable each worker to earn so much more that he can be paid more and still leave a greater profit for the man who hires him. It will enable the farmer to work fewer hours in the day, giving him more time to enjoy life.

"I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

Office: HERALD BUILDING, Phone 111

Foreign Advertising Representative: THE AMERICAN PRESS ASSOCIATION

"Is Professional Baseball Sport," asks a headline in the Literary Digest. We don't know. Suppose you query Orlando?

We want to see Sanford High and Orlando High play football here on Thanksgiving day. We believe we can promise them a good crowd.

Daily passenger service on the St. Johns river between Jacksonville and Sanford, and a boat most every day from Jacksonville north to New York. A strike would not hit Florida so hard after all.—Orlando Reporter-Star.

At the International Editorial Association held in Honolulu it was decided that the future newspapers would be much smaller. We can vouch for the truth of that statement if paper and wages go any higher.

The circus is coming. It will be the same old program and the same old everything—at least it usually is the same but the circus never grows old to young and old alike. We might add that we will be there on a front seat that night.

Tampa says a stranger got there at 9:15 a. m. and by noon owned a home. That's nothing, Orlando has some strangers who arrive at 4:21 p. m. and by 4:22 they own the town.—Orlando Sentinel.

We have others who get here at 9:15 and at 9:30 they are in jail.

When a merchant talks about "affording advertising," he is getting ready for the live merchant to take his trade away from him. People do not "afford" advertising any more than the man who needs a suit of clothes, or a dollar's worth of groceries "affords" them. It is not a question of affording advertising. It is a vital necessity.

"Let's Tell the World" about Sanford, and in the telling let everyone have a share by joining the Sanford Chamber of Commerce and making it unanimous. The Chamber of Commerce is doing more for Sanford than any other body of men within the confines of the city limits, and they should have the undivided support of the entire citizenship.

Among the new papers of the State is the Umatilla Exponent, of Umatilla, in the county of Lake, State of Florida, and for a youngster of three issues, it is a lusty one. It contains eight pages filled with good reading matter, and much advertising—in fact, it has more advertising than any paper of similar size in the State. E. C. Miller is the man behind the pen on the Exponent, and we want to say that he is editing a good one. Success to the Exponent.

The "slip off" evening gown, is the very latest thing for evening wear, says the fashion magazines. Well, we hope not. Some of them we saw last year had some of these same tendencies, and we are afraid for the result, if the holdback strap breaks.

The Herald wants to see some action on the golf and country club. The Chamber of Commerce appointed a committee some time ago to take care of this project, and to start some action on the same, but since that time, nothing has been heard of the golf links. It is the most important question that confronts the tourist situation here today, and we should take it up at once.

The Railroad Labor Board warns the public to "Refrain from loose talk and provocative language" about either side of the controversy. We don't know just what the Labor Board means by this but the board can be assured that the public will do some talking and the board will come in for its share of roasting along with the rest. America is a free country or was up to a few years ago and we opine that citizens will continue to talk about their public servants just as much as they wish. We admit that everyone should use caution in the strike and do their part toward keeping peace in the community but people will use their prerogative and talk right on.

Lucky Sanford again.

Looks like sun would shine again.

Storm did no damage here—that is, nothing to mention.

We were wanting a change in the weather and we seem to have it.

It seems to have spent its fury on the lower east and west coasts, and even reached up as far as Lakeland.

The Herald has been prophesying that a violent storm could be looked for after that long dry, hot spell this summer.

And now that it is all over, we look for cool and wintry weather and a big change in atmospheric conditions all around. Let's get busy.

After the debris has been carted away and business resumes in south Florida, it will be found that the damage is less than first reported.

We never miss the water till the well runs dry, and we never miss the electric lights until a storm puts the plant out of commission by falling wires, etc. But it is all in the day's work.

And Florida can recover from a catastrophe more rapidly than many of the other states. We have such diversified interests that nothing less than the country going Republican makes us despondent.

The man that heaves to the line and lets the chips fall where they may, will win out. He will have his enemies of course. No upstanding man is without enemies, but he will win, nevertheless.

Nevertheless and notwithstanding, we would not order up any more storms this season. But it seemed that this one just had to come to give us a break in the weather, and now that it is over, we can go ahead looking for something else.

The big meeting of the Rotarians at Orlando has been postponed until Friday, November 4. The Rotarians will come from all parts of the state, and on account of the storm damage, they could not possibly get there this week, hence the postponement.

Chief in Chicago says that we can have a real Thanksgiving dinner for five people this year for \$7.50. Now if some one will loan us the \$7.50, we will try it out, and let the public see how it works. Or better still, send us the turkey and we will furnish the trimmings.

Received an important communication from the Department of Commerce telling about how to test a rope. We are glad to get this information for he has wanted it badly since we use so many ropes in the printing business. Suppose Congress is testing ropes getting ready to hang on them until they call time.

New Smyrna people had a mass meeting to protest against the high taxes. The protest will do no good. If they think the taxes are too high, let them investigate and see where the money is going and nine times out of ten, they will discover that the taxes are not too high, but living is. And we opine the New Smyrna mass meeting is just a case of the "ins" and the "outs."

Florida has so many bright days, that when it rains all day, it makes people feel blue. Now if you lived in some countries where this sort of weather prevails more than half of the year, it would be time to feel blue. There are only a few times that a whole day is given over to rain and clouds in Florida. And this little storm will make us appreciate the bright Florida sun when it appears again.

The New Smyrna News contains a picture of the "bungalow beautiful" that New Smyrna people are giving away to the person outside of Florida who writes the best essay about New Smyrna. This is probably the only instance of this kind in the United States where a city the size of New Smyrna is giving away a fine home absolutely free. The idea has given New Smyrna a bunch of good advertising all over the United States.

Sanford is developing into a factory town and the more small factories we can locate here and the more whole-sale firms we can locate here, the more pay rolls we will have every week or month. We can hardly hope to have any of the largest factories from the north, but Sanford offers a location second to none, in the State, for certain manufacturing plants, that can be located in Florida. This is one of the best locations in the State, bar none, having the best of rail and water facilities.

SOUTH FLORIDA SUFFERS.

South Florida seems to have felt the blow of the recent storm more heavily than other parts of the State, although at this time, reports from Key West are meagre, and nothing definite is known of the damage in that part of the peninsula. These equinoctial gales can be anticipated every ten years or more, and especially at the close of a long hot summer. It seems that if the September gales are forthcoming on time, but little damage is done aside from a severe blow accompanied by rain. But in the event that the storms are delayed until October, they are usually accompanied by wind and heavy rains that are damaging in many ways. This is the latest storm of this nature recorded in Florida in many years. About ten or twelve years ago, the State was visited by a late October gale that came about the tenth of the month, and lasted for two days, blowing and raining so heavily that people could hardly get out to attend to business. This deluge damaged the celery farms considerably, but the storm this year was not accompanied by so much rain, and but little damage was done in this section. It is rumored that lower south Florida has suffered greatly by the damage to the citrus trees, and our sympathy is extended to them. Florida has so few catastrophes of this kind, that we hardly realize a hurricane of any kind could happen, and in this instance, it seems that the damage to crops and property, will run into the millions. However, the loss of life is small, compared to the extent of the sweep of the storm, and what might have happened, and the people of the entire state can congratulate themselves that it was no worse. There is nothing quite as bad as a heavy wind and rain sweeping upon people, plunging whole cities into darkness, and in a few minutes placing a well ordered commonwealth back to the first degree of disorder. But Tampa and all of the other communities are quick to respond to the call of law and order, and to take up the work of reconstruction, and in a few weeks the effects of the storm will hardly be noticeable in the quick going and building cities and communities of south Florida.

The loss of life is deplored, but in the face of the worst storm that has struck Florida in many years, it is very marvelous that the loss was not greater. Monetary losses can be made good, and while sympathizing with those who have suffered financial loss, we cannot help but feel that it could have been infinitely greater and despite the toll of property loss entailed, and the set-back to many fine groves and farmers, we are thankful that it was no worse.

AND THE PEOPLE PAY.

If there is any doubt about where the Republican party stands in its relations to the poor man, let them keep up with the daily newspaper reports of the actions of the Republican congress when it comes to a question of placing the burden of war taxes. The Democrats endeavored to cut the tax from the poor man, and let the rich man pay out some of his ill gotten gains made during the war, while the poor man was starving to death. But the Republicans must protect the rich, for it was the rich corporations that put up the slush fund with which to elect the Republican congress and president. As the Jacksonville Metropolis aptly says: One of the fundamental principles of the Republican party is to make the "small citizen" bear the burden of taxes.

This is true because the Republican party is the political tool of the capitalist interests of this country. It is not surprising, therefore, that the Senate approved normal tax rates of four per cent on the first \$4,000 of income and eight per cent on all over that amount Tuesday.

The Democratic members of the Senate were opposed to a continuance of these rates already in force, but being in the minority they were helpless in putting over amendments. Perhaps the reason Senator Trammell did not introduce his three promised amendments was because he was assured beforehand they would be thrown out without serious consideration.

The Senate and House, both Republican controlled, are doing all in their power to relieve the big interests, but nothing is being done to lighten the burden of the small taxpayer. He is the "goat" as usual. The average American receives less than \$4,000 as compensation for his labors in the course of a year. In fact, the average salary is far below \$4,000, and legislation under this margin is enacted against the masses, not against the classes. The fact that incomes over \$4,000 are taxed eight per cent does not establish a fair proportion. Where tens earn \$4,000 or more in a year tens of thousands earn less than this amount.

The average citizen realizes that he must pay his share of the nation's burden, but he cannot see why he should be required to bear the major part of the burden—and the Senate has again decreed that this is what he must do. Is it any wonder that dissatisfaction is widespread in the country?

ENDORSE REAL FACTS.

There are always some people who object to the newspaper telling the truth and they usually camouflage by saying that telling the truth hurt the town or the county or the state. In some instances it is better to leave statements unsaid but where graft and political misfits are the rule the newspaper should take a hand and let the world know that the condition while being local existed through no fault of the newspaper. The Kissimmee Gazette has been taken to task lately for the same offense and tells about it in the following: Several weeks since there appeared in the Gazette a brief editorial squib which read as follows: "It is a fact worthy of comment that all of the confidence men and wire-tappers and robbers and thieves and thugs that have been arrested in Florida none have been punished. Bank looters are convicted—and go free. Sick men who shoot visitors in the back are convicted—and go free. Governors who connive at unlawfulness go free. Men are convicted of various crimes—and go free. Verily this is a free country." The writer was taken to task for the publication of the article by an able attorney—who insisted that such publication led the people of the north to believe there were none but law-breakers in the state, and its insertion would lessen the number of visitors to the state, and chiefly to Kissimmee, during the season now nearing.

It might be added that more than two-score papers have republished it to the effect that the statement was true. Without doubt the attorney who made the reprimand to the Gazette knows it is true—for he is a very successful criminal lawyer. It is always best to look all matters straight in the face—and not attempt to smooth our rumpings which the general public condemn.

WE WANT FREIGHT RATES REDUCED.

Regardless of how the railroad strike turns out, if it ever happens at all, the public is to be taken into consideration this time, and the public will not be denied. We want the railroads to know, and we want the railroad men to know, that we have suffered for the past four years and have seen ground between two opposing factions and every time they fought, the public suffered and now that they are getting ready to fight again, we want them to know in advance that regardless of the result—FREIGHT RATES WILL BE REDUCED AND WE EXPECT SERVICE. Don't misunderstand us, and we mean the public. And in the general starvation area, the newspapers of Florida were hit worse than anyone, and they intend to fight back. Don't misunderstand us—we have no fight to make on either side, but we intend to fight the victor in the result if the victor intends to run things and we think we know who the victor will be. The St. Augustine Record voices the sentiment of the newspapers in the following: More important to the public than the threatened railroad strike (for the reason that the strike in all probability will not take place, it having been seen that it cannot succeed; and it cannot succeed because it lacks the backing of public sentiment—and because there are several million more unemployed men in the country today than the number of prospective walk-outers)—more important, we say, than the threatened strike is the probability of reduced railroad rates. And reduced railroad rates can come only as a result of reduced railroad wages. There was a time, not so long ago, when the public seemed to believe that railroads and other public utilities were made out of money and that rates could come down and wages go up indefinitely; but through sad experience the people have learned that the one balances the other, that the greater the operating cost of the corporation the larger the revenue of that corporation must be—and Mr. Public pays that revenue. That's where you come in, where we come in, where all of us come in.

Whether the strike is called or not, it is pretty certain there will be a reduction of railroad wages, which increased during the war faster and in greater proportion than living costs increased and which have reduced since the war more slowly and in less proportion than living costs reduced. And the railroad executives propose to pass on to the public in reduction of rates any decrease in wages that may be effected. That's where you come in, where we come in, where all of us come in.

President Warren G. Harding is quoted as favoring a reduction in freight rates. Secretary of Commerce Herbert Hoover is quoted as favoring a reduction in freight rates. Secretary of Agriculture Wallace is quoted as favoring a reduction in freight rates.

Certainly Florida with its import of tourists and its export of fruits and vegetables would not like to see either passenger or freight rates increased. And a failure to reduce railroad wages will mean an increase of railroad rates as certainly as the night follows the day. Nothing that could happen would hurt Florida more at this time than a general transportation tie-up. For that reason we are glad the strike is not going to happen, and that it couldn't succeed if it did happen.

Postmaster General Hays inadvertently used a misleading phrase when he spoke of "the parties to the controversy." The implication might be taken to be that the threatened railroad strike is merely an ordinary contest between the men and the managers. It is not that. The railroads have nothing to do with the present dispute. The "parties to the controversy" are the railway unions and the Government of the United States. An agency of that Government, duly created by act of Congress, has decided, after fair and patient hearing of the railroad employer, that their wages should be reduced by an average of 12 per cent. The sole question, then, is between the unions and the United States Railroad Labor Board. On that issue there can be no compromise—certainly not by the Government. The Government is bound to support itself. This is credibly reported to be the position which President Harding will take. It is difficult to see how he could take any other. There may be a chance for give and take in secondary and related matters, but on the main question of upholding and enforcing the decision of the United States Railroad Labor Board the Chief Executive of the United States has no option.

PRINTER WAS PEEVED.

Charley Harris, of Fort Worth, Texas, a friend of Mr. Nubbins, in the printing business, got slightly puffed at a letter from a doctor who wanted bids on several thousand letterheads, different sizes, different grades and different colors, and wanted the printing form held standing. So Charley took his typewriter in hand and wrote: "Am in the market for bids in one operation for appendicitis. One, two or five inch incision—with or without ether, also with or without nurse. If appendix is found to be sound, want quotation to include putting same back and canceling order. If removed, succeed bidder is expected to hold incision open for about sixty days, as I expect to be in the market for an operation for gallstones at that time and want to save the extra cost of cutting."—Kansas City Post.

For office supplies, stationery, etc., come to the Herald office.

TOMORROW

Today has little sorrow, it is a good safe bet; but we believe tomorrow will show up better yet. And all things heavy, still hoping, always looking for better things ahead. And our loads we're bearing with patience, though weary be the way; for in us is implanted the faith in joy to come, in Eden lands enchanted, where birds are singing some. Without the faith we'd falter, and quit our usual chores, and you would need a balance to drag us from our doors. Ah, there no fine incentive this state life would accord, no spur to minds inventing, for progress no reward; then all our pep would vanish, and we would sink in sloth, and growing, also-ran, we'd end up in the broth. But all balanced mortals have faith in bliss ahead, and so they greet with choruses the bogies dire and dread. What if today is tougher than punk days gone before? We haven't long so suffer—tomorrow's at the door. What if we're overloaded and galled and chafed and vexed? We shall not long be goaded—tomorrow's turn is next. And so we erring critters toil onward day by day, and bravely take our bitterness—the nectar's on the way.—Wall Mason.

In the Circuit Court of the Seventh Judicial District of Florida, in and for Seminole County.

CITATION
Lilybel Hayes, Complainant,
vs.
Paul Hayes, Defendant.

It appearing from an affidavit filed in this case that you are a nonresident of the State of Florida, therefore, you Paul Hayes, are cited and required on the 5th day of November, A. D. 1921, to appear in the bill of complaint captioned against you in this case.

It is ordered that this notice be published in the Sanford Herald once a week for eight consecutive weeks, the first publication to appear on this 28th day of October, 1921.

E. A. DOUGLASS, Clerk of the Circuit Court, Seminole County, Florida.

WITNESS my hand and the seal of said court on this 28th day of October, 1921.

By: V. E. DOUGLASS, D. C. MARSSEY & WALKER, Attorneys for Complainant 11-114

Notice is hereby given that the Board of County Commissioners in and for Seminole County, Florida, at their next regular meeting to be held in Sanford, Fla., on Nov. 8, 1921, at 10 o'clock a. m., will receive bids for the purchase of one set of metal covers, and one set of sewer pipe, specification may be had by application at the Clerk of the Circuit Court's office, at Sanford, the board reserves the right to reject any or all bids.

Notice of Application for Tax Under Section 575 of the General Statutes of the State of Florida

Notice is hereby given that Geo. E. Hunter, purchaser of Tax Certificate No. 30, dated the 2nd day of June, A. D. 1919, has filed said certificate in my office, and has made application for Tax Deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Lots 123 and 124 Sanford Heights. The said land being assessed at the date of the issuance of such certificate in the name of Unknown. Unless said certificate shall be redeemed according to law Tax Deed will issue thereon the 23rd day of November, A. D. 1921.

WITNESS my official signature and seal this 20th day of October, A. D. 1921.

(SEAL) E. A. DOUGLASS, Clerk Circuit Court, Seminole County, Fla.

By: A. M. WEEKS, D. C.

NOTICE OF APPLICATION FOR DISCHARGE TO WHOM IT MAY CONCERN:

Notice is hereby given that I, as assignee of J. B. Lawson, trading and doing business as J. B. Lawson Motor Company, will on the 6th day of December, 1921, or as soon thereafter as convenient, will present my final account and vouchers to the Honorable James W. Perkins, at DeLand, Florida, or wherever he may be at that time be, for approval and ask for final discharge as such assignee.

VANCE E. DOUGLASS, Assigned J. B. Lawson Motor Co. DICKINSON & DICKINSON, Attorneys for Assignee.

A project is on foot to have an agricultural exhibit the year round at the state fair grounds at Jacksonville.

### PERSONAL NOTES

(From Thursday's Daily)  
Mrs. W. C. Hill has returned home from a delightful trip to Georgia and Tennessee.  
Mr. and Mrs. Donald Whitcomb returned home Tuesday evening from an extended visit with relatives in Illinois.  
Mrs. C. R. Kirtley returned home Saturday from a pleasant visit with relatives in Georgia.  
Mr. and Mrs. Carl Ferran, of Eustis, were the guests of the former's sister, Mrs. D. L. Thrasher. Mrs. Ferran was among the out of town attending the "shower" given Miss Thrasher yesterday afternoon by Mesdames A. P. Connally and S. Puleston.  
Mr. and Mrs. B. W. Herndon returned home yesterday afternoon from Tampa, where they spent several days.  
Miss Clara Phillips has returned after an extended visit to New York, and Boston, and is now ready to resume work at her studio.  
Mrs. R. H. Faircloth has returned to her home in Lakeland after spending a week here as the guest of Mrs. J. L. Faircloth.

**\$450.00 Cash and balance in 8 monthly installments, gets the best used car in Sanford—Studebaker Special Six. Looks and runs as good as new. Cord Tire equipment.—B. & O. Motor Co.**  
182-tfc

**HOLD CAR THIEVES STEAL CAR IN DAYLIGHT.**

G. C. Fellows, who resides on Sanford avenue, Sanford Heights, had his Cole eight car stolen Tuesday by a pair of nifty thieves. Mrs. Fellows was using the car and had stopped it in front of her house for a few minutes, and while she was in the house, two white men stepped in the car and drove it off. No one saw them take the car, but several saw them men on the railroad crossing that morning. As the storm came up and knocked out the service, Mr. Fellows has not been able to catch up with the thieves yet. It was one of the newest steals yet recorded.

**DRAMATIC RECITAL WAS WELL ATTENDED AT THE HIGH SCHOOL.**

The dramatic recital given on Monday evening, at the High school by Miss Ora Williams, reader, was well attended in spite of the bad weather. Miss Williams, who is teacher of expression at the High School, is a graduate of Brenau and the Curry School of Expression. She gave the four act comedy, "Mice and Men," by Madeline Riley.  
From her opening sentence she held the audience enthralled. Her interpretation throughout was characterized by the delicate sympathetic touch of the finished artist. Miss Williams was assisted by Miss Daphne Wimblish in "The Dance of Youth," and an "Oriental Dance," both of which she gave with indescribable grace and charm. Miss Julia Laing presided at the piano and gave several enjoyable opening numbers. This recital was given under the auspices of the Business and Professional Women's Club.

**TRUCK CROP IN POLK TOTAL LOSS.**

Fall trucking in the Wauchula section will probably be a total loss as the result of the Gulf hurricane that swept the southwest portion of the state, according to G. B. Skipper, prominent Polk county cattle man of Bartow, who arrived in the city on a business trip. Cucumbers and squash, the principal crops there, were just coming up.  
Mr. Skipper ran into the storm on his way into Bartow by motor. When he left the city the light plant was out of commission and the same conditions existed in Lakeland, Plant City and virtually every town in that section, he said.

Persons from Ft. Myers told Mr. Skipper that the trucking in Lee county was practically ruined by the gale. He placed no estimate on the money loss.—Jacksonville Metropolis.

**FOR SALE—Cabbage plants, \$2.00 per 1,000; express collect add 30c per 1,000 postpaid.** Orders shipped day received.—Dorris Plant Co., Valdosta, Ga. 11-4tp

#### MANY BIG SALES BRINGING PEOPLE TO SANFORD TO TRADE

Many big sales now going on or contemplated for the next few days, are bringing, and will continue to bring, people to Sanford to trade. Sanford merchants recognize the fact that the weather has changed and people can now be interested in buying winter goods. They also recognize the fact that putting on sales is the only way to stimulate business and help to make Sanford the big trading center for this part of Florida.

In the next week there will be many big advertisements in the Daily Herald, and also the weekly edition, for the many stores that are putting on special sales. This is the time to watch the store ads, and make your dollar go further. Dollar sales and all kinds of special drives are being inaugurated here by the various live merchants who want to start the buying of fall and winter goods. October has always been the first real start of the winter buying, but on account of the late summer and the hot weather prevailing, trade has not been brisk. However, winter is coming, and people are beginning to watch the store advertisements as never before, because they realize that in the store news as displayed in the Daily Herald, they can save money. Friday's Daily Herald from this time forward, will be filled with the market stories about the big saving in the many grocery and meat stores, and provision depots. Watch the Herald.

#### SOCIAL DEPARTMENT BRIDGE PARTY.

(From Thursday's Daily)  
Mrs. Ed Lane was the charming hostess for the members of the Social Department of the Woman's Club, Tuesday afternoon, at the club rooms.

The club house was beautiful with its decorations in keeping with the "Hallow'en Season." Jack-o'-lanterns covered the lights, while black cats, witches, and other Hallow'en features were used. Tall wicker baskets filled with yellow elder, the handles tied with huge bows, were effectively placed in the rooms where the card tables were arranged.

Of exceptional interest was the game of bridge played during the af-

### GIRL RIDERS CONTRIVE TO GET NATIONAL COLOR IN COSTUMING

The girl riders with the new consolidated circuses—Howe's Great London and Van Amburg's Trained Wild Animals, coming to Sanford, Wednesday, November 2nd; are American, English, Spanish and South American, and it is remarkable how each manages to effect a touch of her national characteristics and style in the more or less conventional garb of the lady bareback rider. There is just a suggestion of the hunt and the park in the fluffy flourishes of the English girls; there is an airy nothing that recalls the castanets and the fandango in the dainty dress of the Spanish girls, and there is a certain stamp of the exotic in those of the girls from Buenos Aires and Rio. But for chicness the American girls on the white

"resin-backs" lead them all. The current fad of the day on Fifth Avenue is reflected in the pretty fluffiness of the American girl's costumes. They're smart, those costumes, and they're invariably made by the girls themselves. And that's true of all circus wardrobes, except that for parade and opening spectacle, which the show furnishes. Every costume for every act is furnished by the acts, and the women of the circus make them during the long winter months. Of course there's many a fetching gown and bolero made in the shade of the dressing tent between shows. That's why one finds the women of the big tops so often busy with needle and thread. It's a habit.

High score being made by Mrs. W. J. Thigpen, she was awarded a lovely box of stationery. This was also a "Box Tea," and prizes were to be given for the most attractive box. There were two exceptionally attractive ones; those of Mrs. Vorce, and Miss Irvin. Mrs. Vorce's was a box beautifully covered with black and gold crepe paper, with all the Hallow'en symbols on it, and tied with a large bow of gold ribbon, while Miss Irvin's box was more of a basket form. It, too, carried out the Hallow'en suggestions. In cutting for the prize, which was a Madera Tray cover, Miss Irvin was the fortunate one.

After the card game, refreshments were served picnic style at a long table, covered with dainty covers and centered with yellow flowers.

There were four tables of players and several guests came in for refreshments.  
Mrs. Lane was assisted in entertaining the guests by Mrs. R. J. Holly, Mrs. W. T. Langley and Mrs. A. R. Key.

Ravenwood Coffee is selling fast as it is a good coffee and the premiums are worth while.—Popular Market. 11-tfc

The Popular Market will move to its new building on Park avenue where they will have two telephones to take care of the business and give the people good service. They have marked down prices on all their goods, getting ready for this move. 11-tfc

Jacksonville is getting some very important industries. One will be a glass factory making all kinds of glassware from Florida sand.—Palmka Times-Herald.

White Rose and Heinz canned goods received this week.—Popular Market. 11-tfc

### MISCELLANEOUS SHOWER FOR BRIDE-ELECT.

(From Thursday's Daily)  
One of the prettiest parties of the season was that given yesterday afternoon by Mrs. A. P. Connally and Mrs. Samuel Puleston, at the attractive home of the former, on Magnolia avenue, when they entertained at a delightful miscellaneous shower, honoring Miss May Ferran Thrasher, one of the most popular autumn bride-elects.

The guests were met at the door by Mrs. R. E. Newman, who wore a becoming costume of blue georgette and lace. In the receiving line were Mesdames Connally and Puleston, and Miss Thrasher. Mrs. Connally was beautifully gowned in blue taffeta over cream lace, Mrs. Puleston was attired in black canton crepe, and Miss Thrasher wore for the occasion an exquisite gown of black canton crepe, with trimmings of ostrich, her hat was a picture model of black with feather trimmings; her flowers were yellow chrysanthemums.

The decorations were elaborate and beautiful, and featured with dainty color motif of pink, lavender and green. French baskets filled with fragrant pink roses and asters were artistically arranged with lovely effect. Musical numbers were rendered by Miss Mable Bowler, accompanied by Mrs. R. R. Deas.

An interesting "word contest" absorbed the attention of the guests, the prizes, a handpainted box, filled with bonbons, was won by Miss Sara Warren Easterby.

After the contests, Miss Thrasher was asked to sit in the "seat of honor," it being beautifully decorated in white clove and asparagus fern, with a back ground of the white and green forming a pleasing effect. Little Misses Georgia Mobley, Camilla Puleston, and Olive Newman, dressed in dainty frocks of crepe paper, with tulle bows in their hair, their costumes carrying out the color motif of green, pink and lavender, delighted the guests with their artistic dancing, as each maiden danced into the room she placed the gifts at the feet of the honoree. These gifts were opened and greatly admired by the guests. Miss Thrasher was the recipient of many beautiful gifts of silver, cut glass, linen, and lingerie.

The refreshments, of pink and green block ice cream with individual cakes, iced in lavender, with coffee, were served by Mesdames Connally, Puleston, D. L. Thrasher, E. M. Galloway; Misses Camilla Puleston, Georgia Mobley and Olive Newman.

This was indeed a charming social courtesy, and one of a series of pre-nuptial affairs with which Miss Thrasher is being honored.

Among those enjoying the cordial hospitality of Mrs. Connally and Mrs. Puleston, on this occasion, were: Mrs. F. L. Miller, Miss Esther Miller, Miss Sara Wight, Miss Norma Herndon, Mrs. George DeColtes, Mrs. A. R. Key, Mrs. E. M. Galloway, Mrs. Ed

Betts, Mrs. Allen Jones, Miss Daphne Wimblish, Mrs. Dick Brown, Mrs. Fred Wight, Mrs. Robert Hines, Mrs. C. E. Henry, Mrs. R. J. Holly, Miss Florence Henry, Mrs. J. M. Wallace, Mrs. Joe Chittenden, Miss Frances Chappell, Miss Adelaide Higgins, Mrs. S. M. Lloyd, Mrs. C. R. Kirtley, Miss Agnes Dumas, Miss Marie Tenge, Mrs. Fred Daiger, Mrs. Archie Betts, Miss Sara Warren Easterby, Mrs. Carl Ferran, of Eustis; Mrs. Henry McLaughlin, Mrs. E. D. Brownlee, Mrs. Forrest Lake, Mrs. R. R. Dease, Mrs. R. E. Newman, Mrs. W. C. Hill, Mrs. Ralph Goodspeed, Mrs. Claude Herndon, Mrs. Karl Schultz, Mrs. D. L. Thrasher, Mrs. F. E. Roumillat, Miss Lettie Caldwell, Miss Mable Bowler, Mrs. George Knight, Mrs. Don Whitcomb, Mrs. Ed. Mobley, Mrs. Geo. Bishop, and others.

### Oliver Murrell Was Exonerated

(From Thursday's Daily)  
Oliver Murrell is home today for a few days visit with his parents and his many friends are congratulating him upon the outcome of his recent trial at Wauchula this week when after two hours deliberation the jury brought in a verdict of not guilty. It will be remembered that Attorney Murrell was indicted for stealing automobiles as an accessory after the fact being charged with making bills of sales for these autos that it seems were stolen by people in Wauchula. It was brought out at the trial that Attorney Murrell was an innocent party to the affair and knew nothing of the nature of the bills of sale. The verdict seems to have given general satisfaction at Wauchula and other points where the case attracted considerable attention. The men who were guilty of the theft of autos were convicted and several of them have been sentenced to five years in the penitentiary.

### CITRUS CROP OF WEST ORANGE BADLY DAMAGED.

Damage in West Orange, according to reports reaching the Reporter-Star this afternoon, was chiefly confined to the citrus fruit crop, which was said to be hurt to the extent of twenty-five per cent.

The Reporter-Star was in telephone communication with Winter Garden and Oakland at 2:30 this afternoon.

Marshal J. A. Hodnett, of Winter Garden, stated that the storm was at its height from 6 to 8 o'clock; that the electric light plant was compelled to shut down until noon today on account of fallen wires and that the wind blew in the windows of the public library.

No one was hurt in west Orange, so far as could be learned.—Orlando Reporter-Star.

Saturday only—brooms extra good, 80c.—Popular Market. 11-tfc

Not even the law of gravitation can keep a dreamer down.

# STORM STRIKES FLORIDA HOLDING STATE IN GRIP FOR THIRTY-SIX HOURS

Barometer Went Lower  
Here Yesterday Than  
In Recent Years

## BIG DAMAGE DONE

IS NOTED IN SANFORD SECTION  
ELECTRIC LIGHTS AND POW-  
ER SHUT-OFF TODAY

One of the worst storms that has struck Florida in the past ten years occurred yesterday when a gale hit the coast and for thirty-six hours accompanied by a terrific wind and rain storm the state had troubles with wires being down and high water caused by the tides and rising of waters in the bays almost put several cities out of commission. On account of the wires being down all day yesterday in the Southern part of the state and the heavy wind and rain making it impossible to repair them but little news could be gleaned from the storm centers today.

Sanford experienced a severe wind at times yesterday and last night and early in the evening the electric light wires coming in contact with trees were torn apart and on account of the danger to pedestrians and cars the plant was shut down at midnight and remained out of commission the greater part of today. Part of the city was out of lights last night at nine o'clock the transformers being blown out at various places and the city was in darkness but the people have become accustomed to this and but little inconvenience was suffered.

The Daily Herald, as usual, along with other manufacturing plants, were idle today and the paper will be cut in the news columns. Reports from the farms around Sanford are to the effect that the water will damage the growing crops to some extent but nothing serious.

(By The Associated Press)  
JACKSONVILLE, Oct. 26.—The hurricane passed to sea between St. Augustine and Titusville about midnight and is now moving up the Atlantic coast. Conductor Kelsey, of the Atlantic Coast Line train which left Tampa at 9:30 last night said he was in Port Tampa yesterday morning when the storm struck. He described the rising tide as a tidal wave. Port Tampa City was quickly under two to ten feet of water. Houses unroofed; the Coast Line phosphate terminals damaged. Rather than have his train marooned at Port Tampa, he took it to Tampa during the day, with scores of Port Tampa residents. The lower portions of Tampa was flooded. Stores in the Franklin street retail district was under eighteen inches of water, the power house was flooded at noon and all power cut off. When the train left Tampa last night the city was without lights, or car service. The wires the greater part of the distance to Jacksonville were down and the train felt its way and arrived on time this morning. Kelsey reported the storm left destruction everywhere in its wake. The Seaboard Airline trains from South Florida did not arrive here late this morning and the Coast Line train from St. Petersburg which has not been heard from since yesterday morning had not reached Leesburg at ten o'clock today. It is not known whether the train, which was due to leave St. Petersburg last night even started. The Western Union succeeded in establishing its wire to Plant City this morning accepting messages for Tampa subject to five or six hours delay. Reports from Lakeland and Plant City declare enormous damage to the orange crop in five counties in that section. Many towns last night without lights on account of shutting down of power houses when the wind threatened to break transmission lines, endangering pedestrians and other traffic.

### THREE DEATHS IN TAMPA.

All wires are still down between south Florida points, and the Tribune came in today in four page form, telling of the death of three people in that vicinity, damage said to be in the neighborhood of half a million dollars, stores were unroofed, plate glass windows blown in, walls of buildings fell and the lower part of Tampa is under six feet of water. All of the electric light globes and gas globes were blown off along the streets. The storm reached a velocity

of 75 miles an hour and the barometer reached 28.81. It was the high wind blowing the high tides over the city of Tampa that caused most of the damage, putting the utilities plant out of commission and stopping all business. The cable station of the Tampa Electric Co., located on the docks, was under several feet of water, and poles blown down made it necessary to sever the live wires, putting the city practically in darkness, adding to the misery and suffering. The damage estimated in south Florida by the storm yesterday, will reach between five and ten millions, it is reported, and the citrus crop suffered greatly.

JACKSONVILLE, Oct. 26.—With the gulf hurricane apparently having passed into the Atlantic after sweeping across Florida peninsula yesterday and last night in a Northeasterly direction cities and towns today are taking stock of the damage. Wire communication South of here was still severed early today except down the East Coast which was not effected seriously by the blow and only reports on conditions in South Florida brought here by train crews. Apparently no life loss but meager reports indicated the damage to the orange crop and told of inundation of lowlands. Low parts of Tampa were under several feet of water on account of the high tide in Tampa Bay and the Hillsboro river. Some railroads are under water causing trains to detour over other lines.

ORLANDO, Oct. 26.—Three known deaths from the storm according to a four-page issue of the Tampa Tribune printed at Plant City early today which reached here at 11 o'clock. A number of families rescued by boats. The roof was blown off the Tampa Times building. The Knight and Wall building was inundated. John Rowland, who arrived here this morning from Tampa reported water yesterday afternoon on Bayshore boulevard was over the top of the lamp posts along the seawall and Franklin street was under four feet of water. Another party who made their way back from Tampa last night reported they had to cut their way through eleven miles of fallen telephone poles.

### BIRTHDAY PARTY

(From Tuesday's Daily)  
Yesterday being the seventy-ninth birthday anniversary of Mrs. Jonothan Peck (Rev. A. S. Peck's mother) a number of her friends decided to give her a surprise birthday party. A few of her friends dropped in to chat in the early part of the afternoon while a number of the others slipped in the back way to prepare the refreshments and arrange the gifts. After all the guests had arrived Mrs. Deane Turner made a delightful little talk and presented Mrs. Peck with a lovely tea cart, which was the gift of a number of her friends. On the cart were gifts of all kinds, and among them were two delicious home made cakes, sandwiches, candy, etc. Mrs. Peck was very much surprised and delighted with her gifts and thanked the guests in her charming way. After congratulations were made the ladies served sandwiches, cake, tea and bon-bons.

### OYSTER PICNIC AND SUPPER PARTY

(From Monday's Daily)  
Mr. and Mrs. W. D. Gillon were the honorees at a picnic at Ponce Park yesterday. The day was delightfully spent motoring and at the beach and at noon a delightful oyster dinner was served. Late in the afternoon the party motored to the home of Mr. and Mrs. Leslie Bryan where they were entertained at supper.

Among those enjoying this pleasant day were: Mr. and Mrs. W. D. Gillon, Mr. and Mrs. B. G. Methvin and family, Mr. and Mrs. Leslie Bryan and family, Mr. and Mrs. I. E. Estridge and family.

### SOUTH ATLANTIC PORTS EDITOR IN SANFORD.

(From Wednesday's Daily)  
E. R. Waite, editor of the South Atlantic Ports, magazine, of Jacksonville, was in the city today and paid the Herald office an appreciated visit. Mr. Waite is doing a great work for the port cities and has enlarged his scope to take in the St. Johns river ports as well and has given Sanford some fine advertising lately in his widely distributed magazine.

Most of the great natural resources have been grabbed off, but it is still possible to take a crack at the federal treasury.

### ORLANDO ROTARIANS GIVE SILVER CUP TO AQUATIC MEET.

That the Orlando Rotary Club is interested in every good thing, is given proof in the following letter recently received by R. W. Greene, director of student activities at Rollins College:

Mr. R. W. Greene,  
Rollins College,  
Winter Park, Fla.

Dear Sir:—Throughout the world ROTARY stands for everything that makes for better citizenship, and the Orlando Rotary Club is no exception to the rule.

We have viewed with considerable interest the great efforts you and your colleagues are putting forth toward making Rollins College one of the greatest educational institutions in the South, and want you to know that you have the hearty endorsement of this organization and those whom we have the honor to represent. Such high ideals, complemented with your untiring efforts cannot but result in the achievement of your greatest ambitions.

We think the Interscholastic Aquatic meet inaugurated by you two years ago to be especially worthy of prominence, for it is typically a Florida event. Your success in making the spirit of fair play the all pervading thought in these meets has not missed our appreciation.

In testimony, therefore, of our appreciation, we desire to offer a silver Loving Cup to be awarded to the winner of the highest number of points in the 1922 Interscholastic Aquatic Meet to be held at Rollins College in April.

Wishing you every success, and assuring you of our desire to cooperate with you whenever you may have occasion to call upon us, we are,

Rotarily yours,  
THE ORLANDO ROTARY CLUB.  
By S. Kendrick Guernsey,  
President.

### HOUSE WARMING AT BOLLYVILLA.

(From Tuesday's Daily)  
One of the most delightful social functions of the season was the "house warming" given by Mr. and Mrs. John Bolly, at their beautiful west side home, "Bollyvilla," Friday evening. The house was tastefully decorated in cut flowers and ferns and a bright fire in the pretty fireplace gave a touch of coziness to the large living room.

Jolly games were played, many of them being contestant games in which prizes were awarded. Afterwards the floor was cleared and a dance enjoyed for the remainder of the evening.

Delightful refreshments were served twice during the evening, as Mr. and Mrs. Bolly, who are hospitality itself, are firm believers in the old maxims, "Eat, drink and be merry." The following guests were winners of the different prizes: Mrs. Henry Witte, first prize, and H. James Gutt, booby in the male contest. Mr. William Burns won first prize in the best drawing, and S. H. Buchanan, the booby in the dumb bell game.

Among those present were the following: Mr. and Mrs. Barellitt and family, Mr. and Mrs. Henry Witte, Mr. and Mrs. Henry Nichel and daughter, Mr. and Mrs. C. Storchhoff and son, Herbert, Mr. and Mrs. Emil Kalserman, Mr. and Mrs. L. Stone, Mr. and Mrs. J. D. Tabbutt, Mr. and Mrs. George McCrum, Mr. and Mrs. B. Lake, Misses Thelma and Catherine Lake, Bernard Lake, Mr. Fred Bolly, Mr. T. Bolly, Miss Linda Miles, Mr. William Burs, Mr. and Mrs. S. W. Buchanan, Mr. and Mrs. J. J. Gutt, Mr. H. James Gutt, Mr. and Mrs. John Bolly, Mr. Albert Bolly, and daughter, Miss Alice Bolly.

### ST. AGNES GUILD MEETING.

(From Tuesday's Daily)  
The members of St. Agnes Guild were most pleasantly entertained yesterday afternoon by Mrs. Julius Takach at her home on Eleventh street.

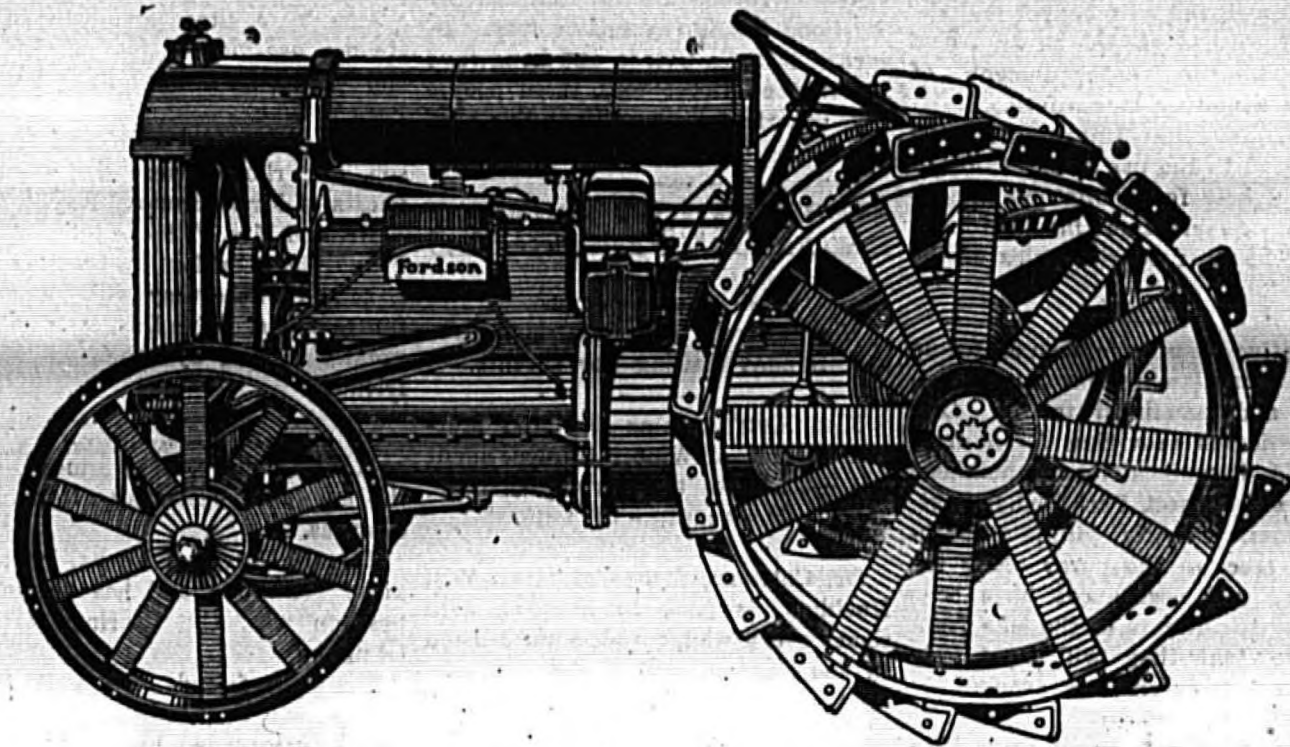

Plans were made and discussed for the entertainment to be given November 1st at the Parish House, which will be in the form of a "measuring party." At the conclusion of business Mrs. Takach delighted her guests with several solos.

Refreshments of ice cream and cake were served by the hostess, assisted by Mrs. Seth Woodruff.

In spite of the bad weather, a number of the members were present. Among those were: Mrs. Archie Betts, Mrs. Raymond Key, Mrs. S. M. Lloyd, Mrs. Fred Daiger, Mrs. M. Minarik, Mrs. Geo. Welland, Mrs. Wm. Belding, Mrs. Chris Matthews, Mrs. Seth Woodruff and Miss Takach.

We have a few used cars that we are offering at Real Bargains. Call and look them over.—B. & O. Motor Co.

# TRACTOR DEMONSTRATION

## FORDSON TRACTORS

# Sanford, Fla.

# OCTOBER 31

# From 10a.m. to 4p.m.

Detailed Instructions in Use and Construction of Tractor by Ford Experts. Complete Line of Implements in Actual Use. Grist Mill, Wood Saw, Feed Grinder and other machines driven by Fordson Tractor.

LUNCH SERVED AT 12 O'CLOCK

Demonstration to be Held  
Corner Melonville & Celery Ave's

# Edw. Higgins Ford Dealer

### CHAMBER OF COMMERCE NOTES

Some of the materials for the new pavilion to be built under the auspices of the Tourist and Convention Committee of the Sanford Chamber of Commerce has been placed on the bulkhead. The heavy rains of the last few days have held up the work. The original plans of the committee were to have had this work completed by the first of November. The pavilion, when completed, will also serve as a band stand and arrangements have been made with the local band to give concerts twice a week beginning December first. An amount was provided for the band by the Board of Governors in the new budget and the music furnished should be an added feature for the entertainment of tourists wintering in Sanford.

The Lake Front Improvement Co. has agreed to the use of a portion of their property for quaits and the usual outdoor recreations indulged in by visitors in other tourist cities of the state.

Tentative plans have been drawn up by the Tourist and Convention Committee and submitted to the City Commissioners providing for a drive way and sidewalk along the bulkhead which will connect Park and Palmetto avenues. The city, will, in all probability, erect a white way along the bulkhead and assurances have been given by the owners of the lake front property that they will erect six white way posts on Park avenue.

Negotiations are being carried on with the Clyde Line endeavoring to have that company defray the expenses of the erection of a white way on Palmetto ave.

Plans of the Tourist and Convention Committee are to have a parkway on the middle of both Park and Palmetto avenues and the white way for both these avenues to be placed in these parkways. The plans also provide for a 16-foot drive way on both sides of the parkways.

The beautification of our water front has long been neglected and it is certain that through the activities of the Tourist and Convention Committee of the Sanford Chamber of Commerce, the much talked of improvements will materialize.

In order to assure those who are interested in a Golf Course for Sanford that something is being done, it might be stated that the committee appointed for this purpose will have a report of a definite nature to make in the very near future.

It is conceded that Sanford will never attain a reputation as a tourist resort until such time as we have a golf course. It will be recalled that President Harding, during his recent trip to Florida, stopped only at those places which have a golf course. The most influential men in the country play golf. It is their recreation and physical exercise. We can never hope to attract men of affluence to Sanford unless there are the same recreational facilities here as are offered by other progressive communities in Florida.

The ship by water movement which was inaugurated by the Sanford Chamber of Commerce, has already reached such proportions as to make the Clyde line officials begin the daily service earlier than intended. It will be recalled that Associated Press dispatches announced the congestion of freight in Jacksonville, necessitating the City of Jacksonville making a special trip in order to relieve this announce that this boat is being overhauled and will be in daily service by the first of the month. Every merchant in Sanford and contiguous territory should issue billing instructions to ship via water and continue to ship that way even though rail rates decrease. The Central Florida Water Traffic League is gradually building up an organization that will soon be in position to furnish full information as to the rates of freight where a combination rail and water routing is necessary. Membership in this league will also entitle the member to the privilege of having his freight bills audited and the league will handle his claims for shortage and overcharge for a much smaller fee than is usually charged by the different traffic organizations who make this their business.

Attention is again called to a previous request made by the Sanford Chamber of Commerce to list all available rooms with the secretary. No fee is charged for this service, but those who list their rooms with this organization are asked to notify the secretary in the event their rooms are rented subsequent to listing. All indications are for a heavy tourist travel this winter, taxing our hotels to their utmost.

The City Planning Committee of

the Chamber of Commerce will soon begin the important task of zoning the city into residential, manufacturing, wholesale and colored sections. A city should be planned the same as a house and built accordingly. Some of our largest cities are now employing heroic measures to correct errors resulting from the lack of city planning when they were small. It is the duty of a Chamber of Commerce in the small cities to give citizens vision, enabling them to prepare for the big cities of the future.

The Good Roads Committee report very favorable progress in their campaign for funds which it was necessary to raise by popular subscription, in order to improve the Titusville-Geneva road.

Recent reports to the chairman of the Good Roads Committee from Geneva, Chuluota, Oviedo and Longwood are to the effect that these people have contributed liberally to this project.

### METHODIST NOTES

Miss Sorrell was in Orlando for over Sunday visiting her parents.

Miss Kate Abrams and Miss Meritise Vernon, of Winter Garden, spent last week with the former's sister, Mrs. R. F. Crenshaw of Sanford.

Dr. Coleman, father of Mrs. Will Hoolihan, is back in Sanford. He comes every winter and is much loved by the Sanford church and community.

Mrs. J. D. Roberts is home again after a pleasant and profitable visit in North Carolina to friends and relatives.

Mrs. F. E. Steinmeyer, wife of a former pastor, and well known and loved in Sanford, was called here last week on account of the illness of her grandchild, little Kathleen Adams. Mrs. Steinmeyer has just been to Jacksonville and Quincy attending the executive meetings of the Woman's Home Missionary Society, returning to Tampa just as the message came to come here. The many friends of Mr. and Mrs. Frank B. Adams will be glad to learn that Kathleen is much improved.

Mr. Brady, guest of Mr. and Mrs. Musgraves, accepted the invitation to sing two solos at Sunday night service which were appreciated and enjoyed by all present.

Don't forget the prayer meeting tonight. We had a very large attendance last week. Are you faithful in doing your bit for the Master. There's a vacant seat when you are not there. No one can do YOUR work for you.

### PERSONAL NOTES

Mrs. R. C. Bower and son, Harry, who are spending some time at Daytona Beach with her parents, Mr. and Mrs. Harry Ward, are expected home Wednesday.

Mr. and Mrs. Raymond Key and their guests, Misses Henderson and Fannie Tucker, of Orlando, motored to Daytona Beach yesterday where they spent the day very pleasantly with Mrs. A. D. Key, who is spending some time with her nephew, Dick Twitchell.

Mr. and Mrs. Howard Tibbals and little son Munson, left yesterday for their home in Haines City, after spending several days here with their aunt, Mrs. Fannie Munson.

Mrs. W. J. Steed and baby of Kissimmee are visiting her parents, Mr. and Mrs. J. D. Ball, at their home on Park avenue.

Misses Fannie Tucker and Henderson, of Orlando, were the week end guests of Mrs. Raymond Key.

Mr. and Mrs. F. B. Langley and son Frank, left Friday in their car for Lakeland where they will make their future home. The Langleys will be greatly missed by their numerous friends.

M. C. Johnson, of Clermont, spent the day here yesterday attending to business.

Tom P. Terry, of Pheba, Miss., arrived yesterday and has accepted a position with the Zaring Grocery Company.

The many friends of Mrs. H. L. DeForrest will be delighted to learn that she has returned from New York where she spent the summer, and will be at the Montezuma for the winter.

Frank Peters, of Cuba, spent the day here yesterday at the Montezuma enroute to Geneva where he will spend some time.

Mr. Frank A. Storer and Mr. Henry J. Wilmschurst, of DeLand, are for this week guests at Holy Cross Rectory. In Sanford, they are met by many friends.

Mr. and Mrs. John G. Leonardy motored to DeLand Monday where they went on business.

John L. Bragg, of Statesboro, Ga., B. E. Bragg and H. O. Edenfield are spending a few days here at the Montezuma while touring the state.

M. H. Tucker, of Jacksonville, A. C. L. R. R. watch inspector, was in the city yesterday.

Mrs. A. P. Connelly has returned to her home in Sanford, after a visit with Mr. and Mrs. J. C. Murchison, at their home in Riverside. Mrs. Connelly was among the out-of-town guests at the Murchison-Spratt wedding recently, and while here was delightfully entertained.—Jacksonville Times-Union.

## SEVEN RED-LETTER DAYS OF PLEASURE AND PROFIT

**SATURDAY, Nov. 12th—Opening Day.**      **WEDNESDAY, Nov. 16th—Governor's and Press Day.**  
**MONDAY, Nov. 14th—Children's Day.**      **THURSDAY, Nov. 17th—All Florida Day.**  
**TUESDAY, Nov. 15th—Shrine Day.**      **FRIDAY, Nov. 18th—Kiwanis Day.**  
**SATURDAY, Nov. 19th—Auto Races.**

The fifth Florida State Fair and Exposition at Jacksonville, much enlarged and improved, ranks with the greatest fairs in the South. The state and federal governments are participating extensively and many fair attractions, of more than usual merit have been provided for your interest and entertainment.

# FLORIDA STATE FAIR

## JACKSONVILLE NOV. 12-19 1921

**Auto Races**

The world's greatest sensation, Auto Polo, has been secured as the premier amusement attraction every afternoon and night, exciting horse and automobile races, thrilling free acts, athletic contests and many other forms of amusement and entertainment will be of absorbing interest.

**AUTO POLO**

Enlarged exhibits of all the activities summed up under this classification.

**Horse Races**

The truck and tractor display is representative of the best types of these machines. Machinery displays cover practically all agricultural equipment.

**VARIED INDUSTRIES**

Florida's rapid development in the live stock industry is graphically shown in the pens of fine stock.

**LIVE STOCK INDUSTRY**

Fanciers of Florida and other states feature extensive exhibits of fine poultry, pet stock, rabbits, etc.

**TRUCKS TRACTORS FARM MACHINERY**

Florida's State University in a special building displays its remarkable development and represents the advantages obtained from its courses in engineering, etc., and its value to the state in its research and experimental work and other departments.

For further information address B. K. HANAPOURDIE, Secretary and General Manager, 211 Dryal-Upchurch Bldg., Jacksonville, Fla. Special Low Fares and Liberal Stop-Over Privileges Are Allowed on All Lines.

**AUTOMOTIVES**

**FLORIDA ASSET JACKSONVILLE**

**ENTERTAINMENT**

H. E. Tolar has purchased the new bungalow of M. Minarik on Laurel avenue. The sale was made through Ed. Lane, the real estate man. Mr. and Mrs. R. E. Eldridge spent a short time in Tampa last week.

**OFFICE SUPPLIES AT HERALD OFFICE**

# Money that stays at home

## Why it is best for the citrus growers of Florida

# Florida Citrus Exchange

It is not what fruit brings in the markets that counts, but money that stays at home in local banks.

Many a Florida community could own its packing house, operated to profit packing at actual cost for the growers, if profits paid to speculators had stayed at home.

Each grower also would have a tidy balance to help in spraying and paying for fertilizers if those profits had been kept in the community. Look over the citrus areas. Note how progressive are those localities where the fruit is picked, packed and marketed cooperatively.

Compare the developments, the homes, the bank balances with those of the neighborhoods from which speculative buyers are accustomed to take the crops. Co-operative marketing returns to the growers all for which their fruit sells, less only the minimum actual cost of selling. It stands up under stresses where speculative marketing breaks down and speculative buying stops.

The big problems of the future of Florida's citrus industry must be worked out by the growers, the men

who have investments at stake and the welfare of the industry at heart. These problems cannot be solved by any organization of outside capital, the policies of which are fixed in other states. Nor can local problems be solved by speculators in other Florida towns.

The Florida Citrus Exchange maintains the largest and most efficient selling organization in the north of all the marketing agencies operating in Florida. Its members benefit by the broadest and most accurate market information. They get results, and at lowest cost. The Florida Citrus Exchange, also, purchases in Florida every commodity and every service it is possible to obtain advantageously.

To co-operate requires only to conduct yourself so that others can work with you. In the Florida Citrus Exchange there are no initiation fees and no dues, in the ordinary sense of the word. The payment of the actual cost of effecting the sale of fruit covers everything. Is not such an organization of growers one in which you should hold membership? Has not the time arrived when you should avail yourself of the advantages it offers?

Ask the manager of any local Association or of any Bob-Exchange, or write to the business manager of the Florida Citrus Exchange, Tampa.

**MASTER MASONS NIGHT AT MASONIC LODGE.**

Arrangements have been made for an interesting and novel feature at the next meeting of the local Masonic lodge.  
 At this meeting, in addition to the regular business of the lodge, the First Degree will be conferred upon several candidates. Instead of the regular officers of the lodge putting on this work an entirely new team has been selected who will put on the degree from start to finish. No member of this team is an officer of the lodge at this time and none have ever held office.  
 The local lodge now has a membership of over 200 among whom is to be found excellent material for such an event. Special rehearsals are being held and the work will be as good as the regular team as care is being taken that the work shall be up to the standard set by the lodge in every respect.  
 This meeting will be held on the evening of November 1st, at 7:30. A large attendance is expected at this meeting.  
 The following have been selected for this work:  
 E. D. Brownlee, Master.  
 L. B. Hodgins, Senior Warden.  
 J. H. Ferguson, Junior Warden.  
 John Gove, Senior Deacon.  
 D. S. E. Starr, Junior Deacon  
 H. F. Kent, Senior Steward.  
 E. S. Ward, Junior Steward.

Banish that awful insomnia that worries you every night. Let your sleep be restful and refreshing. Tanlac does it.—Union Pharmacy.

**Armistice Day Will Be Celebrated Here in Great Style**

**CAMPBELL-LOSSING POST WILL PULL OFF ONE BIG STUNT.**

Campbell-Lossing Post American Legion will have a great day here on November 11th, and it begins to look now as though the parade in the morning would be something like a mile long as every business and every civic organization and every order in the city will have a float of some kind in the procession. The Legion boys are working hard over the program and will soon have it ready for publication and it will be one of the best in the State.

The Legion expects to build a new home some time in the future, and have been granted a lease on a fine piece of property on the lake front by the City Commissioners, and every little bit added to what they have, will soon make enough to start the building.

Armistice Day will not be a profit to the local post but will be put on for a big time for the local boys, and the visiting boys, and for home folks generally. It will just be a big day for the purpose of everybody getting together for a big celebration of the day that is more important to the American public than the grand and glorious Fourth of July.

For the purpose of paying some of the expenses of the day, without asking the business interests of Sanford for anything, the Legion boys are giving away a Ford car, and if you want to help them to make a small stake, and have a chance to get a new Ford car free, ask any of the members of the American Legion about the car.

And remember, don't go away on November 11th, as Sanford will have the biggest occasion in the State.

**GENEVA**

Miss Christine McClellan spent Saturday and Sunday with the Misses Ruth and Evelyn McClain.

Miss Ethel Leffles spent Sunday with Ruth McFarlane.

Mr. and Mrs. T. W. Prevatt, Mrs. Harry Rivers and children, and Mrs. I. M. Prevatt spent Sunday at Moore Station with Mr. and Mrs. Will Prevatt.

Miss Helen Moran came home from Longwood, Saturday, to spend Sunday with her parents.

Mr. Culmer Esteridge has returned home after a two months visit among relatives in Georgia.

Mrs. Tom McClain has returned from Chulucka, where she spent two weeks with her daughter, Mrs. Maime Sigg.

Mr. and Mrs. Porter Wakefield spent Tuesday shopping in Sanford.

Mr. and Mrs. T. W. Prevatt left Wednesday morning for a visit on the east coast with Mr. Prevatt's sister, Mrs. Eugene Mathis.

Mr. Will Prevatt, of Moore Station, was a visitor here Monday.

**HOWE'S COMBINED CIRCUSES WILL BE HERE IN FEW SHORT DAYS.**

It won't be long until the dappled horse, the clowns, the grunting hippo and all the much loved sights and sounds of the big show will be with us, for circus day—Howe's Great London Circus and Van Amburg's Trained Wild Animals' circus day in Sanford, will be Wednesday, November 2.

This new consolidation of two well known circuses, a union which will have as its resultant performances of remarkable scope and appeal, requires four trains of seventy foot steel cars, a big top seating 12,000 people, 11 cars of canvas, five hundred and fifty horses and 700 people as adequate complement.

The arena program will be presented in three rings, on two stages, in two steel arenas, in an aerial concave and in the quarter mile hippodrome track. Three hundred and eighty-four arena stars and three hundred trained wild beasts, to say nothing of horses and nineteen elephants take part in the big show, which opens with impressive pageantry.

The street parade of the show, which extends over twenty-two city blocks in close alignment, will feature many novelty sections, and all the cages and dens will be open to view. Both the Howe zoo and the same Van Amburg "golden menagerie" are to be seen in parade, as well as in the big six pole menagerie top.

Tanlac is purely vegetable and is made from the most beneficial roots, herbs and barks known to science.—Union Pharmacy.

For office supplies, stationery, etc., come to the Herald office.

**OCALA WINS OVER SANFORD**

(From Monday's Daily)

Ocala won the football game Saturday after they had put Henderson and McLucas out of the game by dirty tactics and had they played as they started Sanford would have won the game but Henderson and McLucas were so good the Ocala team started to put them out and succeeded and after that the quarterback position could not be filled and the signals were not given correctly and Ocala romped home with the bacon. Sanford has been playing a good clean game and Coach Ed. Meisch and all the faculty of the High School want them to continue to play a clean game but it seems that other teams are not so conscientious and thereby lies the tale of the players being knocked out.

The Ocala correspondent of the Tampa Tribune had the following account in the Sunday issue:

OCALA, Oct. 22.—(Special).—In the first game of football played here this season, the Ocala High school defeated the Sanford High school by the score of 25 to 0, in a pretty and well played game.

Ocala seemed to have had the better training of the two teams and Sanford was often calling for time out. Both Henderson, playing full back, and McLucas, at quarter, were knocked out in order. When McLucas went out no one was left that could run the team, but Ocala in her second half, took out both Hall and Knight in the backfield and substituted Rawls and Blowers and "Little Ted" Drake one of the smallest players we ever seen here in a uniform, took Fielding's place at left end.

Sanford chose to defend the north goal, Ocala kicking to Sanford, Sanford tried two passes and were held for downs. Smith made six yards and Hall, first down. Williams then gained four yards and Hall lost the same amount. Smith gained six and then carried the ball over for the first touchdown. They failed to kick goal. During the second quarter Ocala failed to gain and the half ended with the score, Ocala 6, Sanford 0.

Smith playing full for Ocala, was easily the star of the game for Ocala High. He made all four of the touchdowns. Williams, at quarter, ran his team well. Sanford opened the third quarter by kicking to Ocala's twenty-five yard line and Williams brought the ball back fifteen yards. Smith made twenty and then they lost the ball on downs. Sanford failed to make first down and it was again Ocala's ball. On the first play, Smith went fifty yards for a touchdown, but failed to kick goal. With the ball on the twenty yard line and fifteen seconds left to play in the third quarter, Smith carried the ball for the required distance around right end and kicked goal. Ocala 19, Sanford 0.

Ocala worked the ball up to Sanford's twenty yard line, Fielding making a gain of twenty yards on the only fake run Ocala tried. From there Smith raced twenty yards to the final touchdown. Ocala carried the ball to within three yards of another touchdown but were held for downs and Sanford failed to gain on the first play and the game was over.

The lineups:

Ocala (25)	Sanford (0)
Stevens, C.	DiBose
Troxler, L.	RG.
Lummus, LG.	Aycock
Leak, RT.	Adams
Troxler, J.	LT.
Fielding, LE.	McAlexander
Borland, RE.	Moye
Williams, Q.	Stone
Knight, RH.	McLucas
Hall, LH.	Holly
Smith, FB.	Woodruff
Anderson, FB.	Henderson
Anderson, referee	the game; Anderson, Riverside, M. C., umpire; R. Anderson, linesman.

**CREAM FOR CATARRH OPENS UP NOSTRILS**  
 Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages in your head will clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night. Your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.—Adv.

For the common everyday ills of mankind there is nothing to equal Tanlac.—Union Pharmacy.

**CLYDE LINE DAILY SERVICE IS NECESSARY**

TO KEEP UP WITH RAPIDLY ENLARGING BUSINESS OF PAST FEW MONTHS

JACKSONVILLE, Oct. 22.—The Clyde Line announced today that the river traffic between Jacksonville and Sanford was increasing so rapidly it will inaugurate a daily freight and passenger service between the two points within the next thirty days, with many stops enroute. The present service is tri-weekly but traffic was so heavy this week it became necessary to operate one steamer on special run.

The Clyde Line steamer City of Jacksonville was pressed into service this week to haul the extra freight which was stacked up in the Clyde Terminals at Jacksonville and here at Sanford the present freight house and dock are entirely inadequate to take care of the immense amount of freight that is coming through this port. It shows that the "Ship by Water" project started here by the Chamber of Commerce is getting the attention of the shippers and the Clyde Line is profiting thereby. It is stated that a daily boat service will be inaugurated at once and larger terminals will be built here as soon as possible.

**Yesterday Good Day For Trap Shooting, Fine Scores Made**

(From Friday's Daily)

Yesterday proved a good day for the trap marksmen who were at the Rod & Gun Club trap. Practically every man improved his score yesterday over that of previous days.

The attendance yesterday was lighter than usual on account of the fact that the business houses no longer close on Thursday afternoons and also due to the fact that many men are very busy at this season of the year. In the future the shooting will start at 4 o'clock each Thursday afternoon as it has been found that it is much more satisfactory to shoot in the late afternoon.

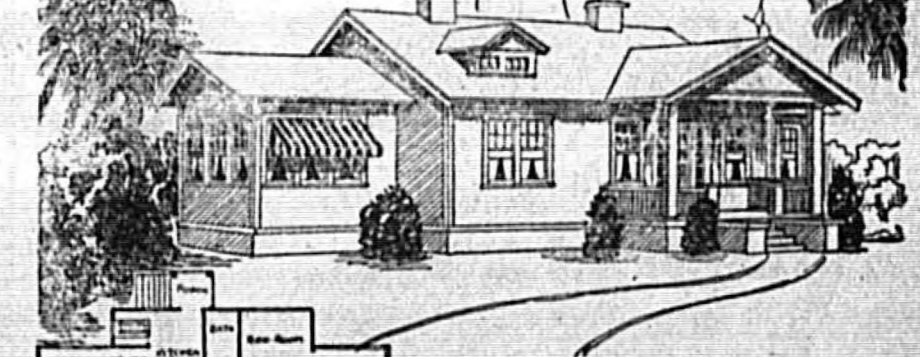

Yesterday's score together with the season percentage of those participating in the last two day's shooting are as follows:

Name	Yest.	Season	Score	Pct.
Gibbs, L. H.	.....	.....	736	.....
Knight, G. W.	.....	.....	735	.....
Allen, Raymond L.	25-16	.....	720	.....

James Stucky Says, "Rat Cost Me \$125 for Plumbing Bills."

"We couldn't tell what was clogging up our toilet and drains. We had to tear up the floor, pipes, etc, found a rat's nest in basement. They had choked the pipes with refuse. The plumber's bill was \$125. RAT-SNAP cleaned the roden out." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

**The Logical Home for Your Farm or Grove**

Where a Substantial, Durable, Convenient, Attractive BUT ECONOMICAL Home is Desired;

Where it is essential that building costs be reduced to the minimum you can find no home so satisfactory as the

**QUICKBILT HOME**

Our shipment includes thoroughly kiln dried and well manufactured lumber and all the hardware, shingles, sash, doors, nails, etc., shipped direct to you in one freight car. Each sill, joist, stud and rafter is cut to exact length. The porch columns, window and door frames are built up at the factory.
