

## LOYD GEORGE SUGGESTS LIMITATION AGREEMENT FOR ALL LAND ARMAMENT

In Europe for An Indefinite Period is Latest Report

### WILL STATE TODAY

JUST WHAT HIS VIEWS ARE AND ARMY HOLIDAY PATTERNED AFTER OUR NAVY DAY

(By The Associated Press) GENOA, April 12.—Premier Lloyd George contemplates suggesting agreement for limitation of land armaments in Europe for definite period, according to unpublished report before the adjournment of the present economic conference. The army holiday, it is thought would be patterned after the naval holiday completed at the Washington conference.

GENOA, April 12.—After two rather stormy days without serious mishap, it begins to look as if Premier Lloyd George and Premier Facta, the presiding officer of the Economic conference are equal to the squalls stirred up by the Russo-French exchanges over land disarmament and other matters, and may be able to steer the conference ship into a peaceful haven, or one that will pass as peaceful in this stormy European sea.

The organization of a substitute committee which was effected yesterday threatened for a time to raise another storm, but was put through with far less clamor from the lesser powers than they raised at Versailles when that conference was organized.

Most of the powers have shown a disposition to abandon war hatreds. The Russians and Germans were permitted to speak at the opening session as an evidence of forgiveness, although France resisted this courtesy. The conditions of the Cannes resolutions and the agenda agreed upon were accepted by all the nations, although M. Chicherin insisted upon speaking for disarmament and threatened to do so repeatedly at succeeding sessions. However, he has said that he would not insist upon consideration of disarmament as part of the agenda.

Russia is growling about Japan and Roumania occupying part of her territory and France bristles all over when Germany and Russia are shown any consideration. But there is a sort of armed neutrality and there are indications that irreconcilables will become more tractable as the days proceed and will actually consider the Cannes agenda, leaving land armaments untouched except for occasional burst of oratory.

### CHARLES M. RAPHUN GIVEN HIGH OFFICE BY ORDER OF MOOSE

(By The Associated Press) JACKSONVILLE, April 12.—Appointment of Charles M. Raphun, who for several years has been district supervisor for the Loyal Order of Moose in charge of Florida, south Georgia, Cuba and the new provinces to the post of general supervisor for the order in the south, was announced recently by James J. Davis, director general of the fraternity.

Under this appointment, Mr. Raphun's territory will embrace all the activities of the Loyal Order of Moose in the southern states, the activities of the chapters of Women of Mooseheart Legion, the Mooseheart Legion, the mens branch and the Junior order of Moose, in addition to some special work in connection with the Home for the aged and the Mooseheart of the South, soon to be established.

### PRINCESS ELIZABETH CONTINUES VERY ILL

(By The Associated Press) LONDON, April 12.—The condition of Princess Elizabeth, wife of Crown Prince George of Greece, is causing anxiety, says an Athens dispatch dated Tuesday. She is ill with typhoid fever.

Free lecture, Princess, Thursday 8 p. m.

## FOUR BIDDERS FOR SHOALS PROPERTY TO AIR PROPOSALS

(By The Associated Press) WASHINGTON, April 12.—Consideration of offers for private development and operation of the Government's power and nitrate projects at Muscle Shoals, Ala., proceeded simultaneously yesterday before the senate agriculture and House committees. Senator Underwood of Alabama, appearing before the Senate committee declared immediately development of the properties was vital to the Nation, as vital to its national welfare as the army and navy.

In the House military committee, an agreement was made to meet daily in executive session to study the private proposals already investigated by that body and to invite Henry Ford, Thomas Martin, Frederick Engstrom and Charles Parsons to appear personally as soon as the executive sessions were concluded. Chairman Kahn said each of the four bidders would be asked if his proposals was complete in its terms. In the event the bidders desired to amend their offers, he said a last opportunity would be given them for that purpose before the committee report was made to the House.

Senator Norris, of Nebraska, chairman of the Senate agriculture committee, also introduced a resolution in the Senate proposing a Government owned and controlled corporation for development of Muscle Shoals and requiring authority for Secretary Weeks to proceed with construction of the Wilson dam, and dam No. 3. The measure was referred to the agriculture committee for consideration along with the four private offers.

Senator Underwood strongly advocated the acceptance at this session of congress of the Ford proposal, adding that it would be a crime to haul down the flag on the capitol and adjourn without providing for development of the shoals projects.

### THE PROFITABLE STRAWBERRY

To realize a gross receipt of \$737.75 for one picking of six acres of strawberries, as a grower living near Starke did one day last week, shows that strawberry growing when carried on right, is very profitable. This grower had picked the same field many times before during the season and previous sales had brought him more than enough to pay for the production of the berries. Except for the cost of picking and crating, further gathering from the field this season will be clear profit.

We have no hesitation in urging all who can do to plant berries. Bradford county land seems to have been made to order for this crop. The berries thrive on even raw wire grass land, and they are not so particular about perfect drainage as other crops. Strawberries are both for the man of means and the poor man. The former can plant a field of many acres, provide housing facilities for workmen having big families to tend and harvest the plantings, buy fertilizer and crates by the carload and bring the berries to the depot in a truck. Doing things on a big scale lowers cost of production. The poor man can buy a few acres of raw land on installment payments at a low price per acre, put up a cheap cabin, good enough for this mild climate, and after the land is broken up his children can prepare the beds, set and cultivate the plants while the father gains his support by working for others. One or two crops of berries will enable the new settler to stay at home and clear more land. At first he will need no draft animal. If he lives near a shipping point, he may bring his crates to the station in a wheelbarrow, or else neighbors, having conveyances, will transport his berries for him. There is no trouble selling the berries for cash at the shipping points.

The tractors, which are becoming more and more numerous, will encourage berry planting, as with their help the breaking up and fining the soil can be done quickly and cheaply.—Starke Telegraph.

## ROAD BONDS WERE CARRIED YESTERDAY IN SEMINOLE BY A LARGE MAJORITY

Only One Precinct That Voted Against the Good Roads Bond Issue

The election for \$100,000 bonds for the repairs on the Seminole county roads and the building of the new draw bridge at the Osteen Ferry carried yesterday for the bonds by a large majority. With the precincts of Altamonte and Paola yet to be counted and all of the precincts to be officially counted the following figures show the result of the election in no uncertain terms:

	For	Against
Chuluota	22	0
Geneva	29	0
Oviedo	54	1
Longwood	25	2
Monroe	6	16
Sanford, No. 1	117	33
Sanford, No. 3	151	26
	404	78

## LEAGUE OF NATIONS REQUESTS ALL GOVERNMENTS TO EXPEDITE THEIR REPLY

To Detailed Questionnaire for Program of Reduced Armaments

(By The Associated Press) WASHINGTON, April 12.—Member governments were requested by the League of Nations to expedite their replies to detailed questionnaire prepared by experts upon which will be constructed program for reduction armaments. According to copies of memoranda reaching the United States government through an unofficial channel suggested replied be made before July 1st in order temporary mixed commission might meet July 15th and begin discussion of scheme for proposed reduction.

## BRYAN WILL NOT RUN FOR UNITED STATES SENATOR AND GIVES HIS REASONS

The Petitions Did Not Speak Loud Enough to Waken Him to Action

(By The Associated Press) MIAMI, April 12.—Anent the press dispatches of yesterday in which William Jennings Bryan refused to become a candidate for the office of U. S. Senator much speculation has been rife concerning his refusal to make the race. In a statement issued from this place yesterday afternoon Mr. Bryan said among other things that he had not been sufficiently urged.

Mr. Bryan recalled his previous statements to the effect that he would not enter into a contest for the senatorial office but would consider it a duty to the party to respond if he received a "call."

Petitions "numerously signed have been received from every part of the state," requesting him to make the race, his statement said "but no assurance of success, unless it were overwhelming would justify me in entering into a contest for office."

Mr. Bryan's statement follows: "Believing that, as a United States senator I could render valuable service to the State of Florida and to the Democratic party in the nation I stated about two months ago in answer to inquiries that I would consider a call from the Democrats of this state from the standpoint of duty, but that I had no intention of entering into a contest for any office.

## Nichols Attempts Jail Delivery Again in Duval County

In Assault of DeLand Woman and Should Be Hung at Once

(By The Associated Press) JACKSONVILLE, April 12.—Albert Nichols, of Greenwood, South Carolina, in the Duval jail for Volusia county authorities, was placed in another cell as the result of the discovery of a plot to escape. Officers said they found two saws which were smuggled to him. Officers say Nichols confessed to assault and robbery of a well-known DeLand woman several months ago.

Free lecture, Princess Theatre, Thursday, 8 p. m.

## Peace Declared Ulster Constables and Free Staters

Looks Like Peace May Be in Sight Along the Border

(By The Associated Press) BELFAST, April 12.—Truce was declared between Ulster special constables and free state troops which have been in menacing proximity along Fermanagh border between Ulster and South Ireland, it was announced today.

### PRINCE OF WALES VISITING IN JAPAN MAKING OFFICIAL VISIT

(By The Associated Press) YOKOHAMA, April 12.—The Prince of Wales arrived here today for an official visit to Japan.

## X-RAY LABORATORY HERE IS LARGEST IN THE SOUTH FOR ALL TREATMENT WORK

### FLOOD WATERS COVER LANDS IN ARKANSAS

ONE HUNDRED AND FIFTY THOUSAND ACRES OF LAND IS COVERED

(By The Associated Press) HELENA, April 12.—Flood waters of the White and Arkansas rivers caused by high water in the Mississippi river covering one hundred and fifty thousand acres of land in Phillips county as deep as ten feet in some places.

Scores of farm buildings were swept from their foundations by the floods and high winds near here and several tenant houses at Ratio demolished. Estimated reported damage not available.

### MAN BRINGS SUIT FOR FLOGGING INJURIES AGAINST 22 RESIDENTS

(By The Associated Press) BIRMINGHAM, April 12.—Suit for a quarter million dollars was filed today by P. D. Debardele, former druggist, Sylacauga, Talladega county, against twenty-two residents of that community, for alleged personal injuries resulting from flogging, said to have been administered April 19, of last year.

### ARCTIC EXPLORER AND COMPANIONS IN PLANE WRECK

CLARION, Pa., April 12.—Captain Raold Amundsen, arctic explorer, and four flying companions, narrowly escaped death at Miola, near here Monday when the monoplane in which they were going from New York to Cleveland, the first lap of an continental journey, turned over when it was being reported slightly scratched and forced down in a field. All occupants bruised but otherwise uninjured. Those with Captain Amundsen were H. T. Lewis, of Bellefonte, Pa.; H. U. Gade, of New York; E. Buhl and J. Ondell.

Captain Amundsen is resting at a hotel and intends, he said, to go to Cleveland by train. Mr. Gade said he expects to go to New York. The other men will remain here to direct repairs to the monoplane, the wings of which were broken.

In a statement Captain Amundsen attributed the accident to an over-ventilated motor which forced him to descend after he had reached an altitude of 6,000 feet. In making the landing the plane turned over.

### MAJOR LEAGUES TO BEGIN LONG CHASE FOR PENNANT TODAY

(By The Associated Press) NEW YORK, April 12.—Major league baseball will make its 1922 debut in four eastern cities today.

The 1922 baseball season is under way today for major leagues and two of the most important minors, the Southern Association and the American Association. President Harding is on the program to throw out the first ball at Washington for the Washington-New York game. Hoyt is slated to pitch for the Lankees, and Mogridge for Washington. Judge Landis, the base ball commissioner, witnessed the game at Chicago between Chicago Americans and St. Louis.

### LADY OF 78 WANTS DIVORCE FROM OLD MAN

(By The Associated Press) BATAVIA, New York, April 12.—Mrs. John Scovins, seventy-eight, applied for separation and alimony from her husband who is eighty years old, who she married four years ago. She claims desertion. The husband answers he is unable to pay alimony since his only income is a pension of fifty dollars a month and his only possessions is two cows, one pig and one plow.

## Dr. C. J. Marshall Has Secured This Fine Laboratory for Sanford

### ONE OF THE BEST

AND IS UNDER THE PERSONAL SUPERVISION OF A PHYSICIAN WHO KNOWS THE WORK

Sanford now has one of the best equipped X-ray Laboratories in the South, capable of doing any sort of picture or treatment work, wherever the Roentgen rays are indicated.

The apparatus and equipment of this laboratory is all of the latest and best type, and is complete in every detail, as no expense has been spared to secure everything that would in any way assist in getting the best results.

It is through the efforts of Dr. C. J. Marshall that Sanford has secured this laboratory, and it is run directly under his supervision at all times. Dr. Marshall has specialized in electro- and radio-therapy for several years, and he is constantly adding to his equipment all of the latest devices as they come out.

It will be of particular interest to physicians and surgeons in Central Florida to know that there is such a laboratory in this section of the state, as heretofore it has been necessary to refer work of this kind to Tampa, Jacksonville, or Atlanta, and it is obvious that this laboratory, centrally located as it is, will be of great benefit to those requiring the use of the X-ray, whether for diagnosis or treatment, as with our system of good roads patients can be brought in by automobile, without the necessity for a long railroad journey.

While it is the common idea that the X-ray is used only for making pictures of the various bones of the body, the science of radiography has been so perfected that it is now possible to show up many obscure ailments of the intestines as well as foreign bodies or new growths in any part of the body.

Also it is used in the treatment of many diseases and ailments of the human body, such as skin diseases of all kinds, cancer, goitre, and even certain forms of tuberculosis, while it is now more and more taking the place of surgery in the treatment of adenoids and infected tonsils. Scientists are unanimous in predicting that it will eventually be used in the treatment of many other diseases which have been very difficult to treat successfully in the past.

An idea of the completeness of this laboratory may be gained when it is known that it represents an investment of over \$10,000.00 already, and Dr. Marshall states that he is planning also to add radium to his equipment which will complete it in every detail.

## "Word Pictures" Princess Theatre Thursday Night

Mrs. G. R. Pollock of New York Will Give Free LECTURE

Beautiful "Word Pictures" embracing such subjects as: "Time of Restoration Near," "God's Kingdom Expected Soon," "Reconstruction on Bible Basis," "Everlasting Peace and Prosperity," "Millions Now Living Will Never Die," etc., are advertised to be shown at the Princess Theatre Thursday night, by Mrs. G. R. Pollock, V. D. M., of New York, traveling representative of the International Bible Students' Association, and an assistant and close friend of Judge Rutherford, its President.

Mr. Pollock has delivered this lecture in many of the larger cities throughout the United States and Canada and is said to be a very interesting, instructive and forceful speaker.

As usual with these lectures there will be no admission fee charged, not even a collection being taken.

The largest and best event of the season, The Easter Ball. 12-6c

**Election day.**  
You would hardly know it unless you were told.  
John Russell and Mr. Colby will leave hursday for the North.

But this is the day we will vote for bonds to fix up our roads and build us a real bridge at Osteen ferry.

Miss Alta L. Bevier of Daytona Beach was calling on friends in town last Saturday.

Rev. M. E. Gabard and J. A. Logan of Geneva will leave this afternoon for Rockledge to attend a Presbyterian meeting.

See Mrs. Perrington-Shine, accent on the "Shine." "Father, you forget that you are 69." Senior play, April 20th and 21st. 13-1tc

If you have not voted when this paper comes to your home get right up and go down and vote before sundown. We must have the roads and bridge.

The many friends of Capt. Wimbish are glad to hear of his return home from a hospital in Orlando where he underwent an operation and he is now recovering rapidly.

All those fairy tales about the big fish being caught will get us yet and if we go fishing one day we hope the readers will pardon our absence. Otherwise you will not notice it any.

Read the notices today about the changes in the city charter and the resolutions about the bond election and the many big things that Sanford is intending to put over. Watch the Daily Herald.

Mrs. G. A. Radford and son, Paul, returned Saturday from Forsyth. They attended the graduating recital of Rosamond Radford. Miss Radford read a French classic, "Cyrano De Bergerac," by Edmond Rostand.

The Mens Club of the Parish House will hold their regular meeting at the Parish House Wednesday night of this week and all the members are requested to be present. There will be bowling, refreshments, business and music.

Woodruff & Watson are putting over something good for Easter in the clothing and shoe line. They are selling shoes way down yonder in price to make room for their new stock of goods and their Easter specials will appeal to men and women, youths and girls. Read their advertisement.

Ray Brothers have a change of advertisement in this issue calling attention to the change of prices of tires. The prices are lower and the tires are good and the idea of tires going up is exploded by the reduction all along the line. See the prices in this issue.

H. H. Hill is in the city for a few days visiting his daughter Mrs. Turner Houser and shaking hands with his many old time friends. Mr. Hill formerly resided here being in the grocery business for many years and is now on the road for a chemical company and is progressing.

Dr. Ralph Stevens who holds the commission of Major in the reserve corps of the army is anxious to organize an ambulance corps for the National Guard of the State and needs 15 men for the corps. Any of the red blooded boys who want to join the ambulance corps should see Dr. Stevens at his office in the Peoples Bank Building.

Contractors are making an excellent and steady progress on excavation work in the Lake Worth drainage district. It is expected that this gigantic task, which was begun in 1915 will have been completed by mid-summer, which will render each tillable acre of the 132,000 comprising the district susceptible of cultivation. Florida's greatest industrial and agricultural development is being rapidly rounded into shape in the western part of Palm Beach County, where the Florida Sugar and Food Products Company, whose main southern office is in Lake Worth, is now making installation of machinery in its sugar house, which will handle sugar from "cane to carton."

Perhaps you have noticed that "rights" usually take care of themselves if a man spends his time delivering the goods.

Commercial fishing in Miami waters is an industry of considerable proportions, and a number of business establishments have been set up for the purpose of handling fish, both in wholesale and retail quantities. Not only are fish brought in to the city from the local fishing grounds and disposed of here to the home trade, but a great deal of this commodity is shipped to other points, and then again the other points along the coast ship certain varieties into Miami for the local market.

**FAIRBANKS' MODESTY LEADS TO GREAT FIGHT**

Fred Niblo, who directed "The Three Musketeers," showing Friday and Saturday at the Star, has a habit of getting what he wants in his scenes. When Douglas Fairbanks told Niblo that he didn't think he could make his fight realistic with Barbara LaMarr, who steals the queen's jewels in the play, the director was a bit worried. "If she were a man," said Doug, "it would be different."  
After some thought, however, Director Niblo solved the situation thru a conspiracy with Miss LaMarr. "Doug says he doesn't believe in the cave man stuff," he told the actress, "and he absolutely refuses to muss you up in this scene. Now this fight has got to be realer because it is one of the biggest scenes in the picture, so I guess it's up to you. Punch him, bite him and scratch him—make him fight, understand?"  
Miss LaMarr understood very thoroughly with the result that the fight is realistic enough to satisfy even the most ardent admirers of Jack Dempsey.

MAJOR LEAGUES TO BEGIN LONG CHASE FOR PENNANT TODAY

NEW YORK, April 12.—Major league baseball will make its 1922 debut in four eastern cities today.

In the National League the New York Giants will entertain the Brooklyn Superbas at the Polo Grounds in this city, and Boston will appear against the Philadelphia team on the latter's field.

American League combinations which will assist in the opening are the Philadelphia Athletics and Boston Red Sox, who meet in Boston, and the New York Yankees and Washington Senators, who meet in the Capital City.

In all four cities elaborate ceremonies have been planned to mark the beginning of another long pennant chase, and while there is little likelihood of departure from the traditional flag-bedecked stands, band concerts, parades of rival teams and the official throwing out of balls, the fans have shown undoubted desire to witness in person these preliminaries and the subsequent diamond battles.

From all the centers of today's baseball activities come similar tales of unusual and urgent demand for tickets, and it is likely that, given fair weather, the opening games of the season will set new attendance records.

The case of the New York Giants is an example of the interest being shown in these initial contests. For several days past it has been impossible to purchase a reserved seat or box in the huge baseball amphitheatre at the Polo Grounds, notwithstanding its seating capacity of more than 35,000.

While the New York Americans will be without the services of Babe Ruth and Bob Meusel, they should have a slight edge over Washington, especially as Walter Johnson is not likely to be on the mound in the initial contest.

While the Red Sox appear to be stronger than the Athletics, Connie Mack's combination may jump into a lead at the expense of the Bostonians in the initial clash.

J. C. Hanner of Orlando has been awarded the contract for the erection of the school building at Lake Worth at a cost of over \$70,000.

Vaudeville Show, Men's Club, April 21st. 6-tfc

BOWLING LEAGUE NOTES

ROTARY MOVES UP

In a regular match Monday night the Rotary Club defeated the Mens Club by the very small margin of fifteen pins and moved up to second place. The Rotary Club won its fourth straight game while the Mens Club completed its fourth straight loss.

There are but a few more games left of the present schedule and the Rotary Club ends the season with two games against the Congregational Club and one more game with the Kiwanis. In order to end in second place they must win at least two out of these three games.

Monday night's game was one of those tail end thrillers, the Mens Club leading all the way through until the last several frames of the spurt that put them ahead in the final count, fifteen pins.

Britt rolled high score with May second. It was done just like this:

Table for Rotary scores: Britt 180 115 195 490, Knight 131 120 139 390, R. E. Stevens 92 141 140 373, Householder 127 126 152 405, Maxwell 139 152 125 414, TOTALS 2074

Table for Mens Club scores: May 178 143 146 467, Fox 140 128 103 371, Betts 134 147 123 404, Overlin 143 129 166 438, Amann 144 144 288, Bennett 91 91, TOTALS 2059

Congregationals Win Another

In the last regular match between the Congregational Club and the Mens Club the Congregationals won with a good safe majority of over a hundred pins.

Stevens, the Congregational Club's new man bowled high score with Pennington second. Although Stevens name does not appear in the individual averages because he has not played in ten games, he is leading the league with an average of 167 and if he holds up, there are still enough games left of the schedule to allow his name to appear as the best bowler for the first half.

The score was as follows:

Table for Congregational scores: Belding 148 168 151 467, Pennington 166 167 151 484, Renaud 135 133 268, Stevens 169 175 158 501, Randall 133 144 277, Jewett 89 153 242, TOTALS 2239

Table for Mens Club scores: May 131 129 173 433, Bennett 122 161 136 419, Overlin 136 197 120 453, Amann 159 111 163 434, Betts 131 130 148 409, TOTALS 2138

RATE HEARING WITH MELON GROWERS APRIL 18

The Southern Freight Rate Commission has called a conference in Atlanta for April 18th with melon growers and representatives of the Melon Growers' association to consider advice from freight associated lines that they will require prepayment on watermelons or a guarantee by properly executed bond. They will likewise decline to reconsign unless re-

consigning charges and additional freight are prepaid or guaranteed. It is requested that melon growers dealers and representatives of the melon growers' association attend this conference.

BURKE BACK IN LINE-UP

ORLANDO, April 12.—The opening game at home of the Orlando club will find the name of Manager Burke in the line-up. Burke was suspended by President Rose after being put out of the game at Tampa on April 8. Manager Burke had a half hour conference with President Rose yesterday morning. Just what took place at this meeting cannot be learned, but it is understood the manner of the conduct of managers was gone into thoroughly. Manager Burke was reinstated and is back in the game on probation.

K. K. K. HELP APOPKA PIONEER DURING ILLNESS

APOPKA, April 12.—C. F. Russ, a resident of Apopka, and one of the pioneers of Orange county, who has recently been confined to his home on account of sickness, and unable to work, was this week the recipient of a gift in the form of a sizable bill of groceries from the Knights of the

Ku Klux Klan. The gift was accompanied by the following note:

Dear Sir—"Please accept this slight token of our wish to help you in your trouble and affliction. It is our sincere hope that your health may soon be improved." (Signed) KNIGHTS OF THE KU KLUX KLAN

RADICAL RAIDS DEFENDED

WASHINGTON, April 12.—General defense of the radical raids of 1919 and 1920, conducted by order of Attorney General Palmer was made in a report by Senator Sterling, republican, South Carolina, chairman of the senate judiciary investigating subcommittee made public yesterday with a supplemental report made by Senator Walsh, democrat, Montana, attacking vigorously the raids and challenging conclusions of the Sterling report.

ORDINANCE NO. 30

An Ordinance Providing for an Issue of Bonds by the City of Sanford, Florida, in the sum of \$625,000.00 for Municipal Purposes; the Proceeds Derived from the Sale Thereof to be Used for Building and Constructing a Municipal Building, for the Extension of Park Avenue Northward into the Waters of Lake Monroe, for the Extension of the Drainage and Sewerage System, for Constructing Paved, Macadamized or Other Hard Surfaced Streets and for Funding and Paying the Outstanding Floating Indebtedness of the City of Sanford, Evidenced by Vouchers Heretofore Issued, and Authorizing the Mayor of the City of Sanford, Florida, to call an Election to Determine the Question as to the Issuance of Said Bonds for the Aforesaid Purposes.

to the municipality of the City of Sanford, Florida. Section 4.—That the amount of bonds required for the purpose set forth in Section 3 of this ordinance is the sum of \$15,000.00, and the sum of \$15,000.00 of said proposed issue of bonds is hereby appropriated for the exclusive use and purpose of constructing and building said municipal building referred to in Section 3, of this ordinance. Section 5.—That it is the determination of the City Commission that the sum of \$67,000.00 will be required to pay the cost of the extension of Park Avenue northward into the waters of Lake Monroe to enable the public to avail themselves of the right of commerce and transportation afforded by water, and to furnish the means of access from the highway by land to the highway by water for the use of the public, and that the extension and construction of Park Avenue northward into the waters of Lake Monroe is a necessary public improvement and will be of general benefit in its relation to the municipality of the City of Sanford, Florida.

and FOR BONDS." "Against the approval of that certain ordinance of the City of Sanford, Florida, entitled, "An Ordinance Providing for an Issue of Bonds by the City of Sanford, Florida, in the sum of \$625,000.00, for Municipal Purposes; the Proceeds Derived from the Sale Thereof to be Used for Building and Constructing a Municipal Building, for the Extension of Park Avenue Northward into the Waters of Lake Monroe, for the Extension of the Drainage and Sewerage System, for Constructing Paved, Macadamized or Other Hard Surfaced Streets, and for Funding and Paying the Outstanding Floating Indebtedness of the City of Sanford, Evidenced by Vouchers Heretofore Issued, and Authorizing the Mayor of the City of Sanford, Florida, to Call an Election to Determine the Question as to the Issuance of Said Bonds for the Aforesaid Purposes." and AGAINST BONDS." Section 15.—That this ordinance shall become effective immediately upon its final passage and adoption. Adopted on this the 10th day of April, A. D. 1922. CHAS. E. HENRY, S. O. CHASE, FOREST LAKE, City Commission of Sanford, Florida. Attest: I. R. PHILIPS, (SEAL) City Clerk, Sanford, Florida.

NOTICE OF BOND ELECTION Whereas, The City Commission of the City of Sanford, Florida, on the 10th day of April, A. D. 1922, duly passed and adopted a certain ordinance entitled, "An Ordinance Providing for an Issue of Bonds by the City of Sanford, Florida, in the sum of \$625,000.00 for Municipal Purposes; the Proceeds Derived from the Sale Thereof to be Used for Building and Constructing a Municipal Building, for the Extension of Park Avenue Northward into the Waters of Lake Monroe, for the Extension of the Drainage and Sewerage System, for Constructing Paved, Macadamized or Other Hard Surfaced Streets, and for Funding and Paying the Outstanding Floating Indebtedness of the City of Sanford, Evidenced by Vouchers Heretofore Issued, and Authorizing the Mayor of the City of Sanford, Florida, to call an Election to Determine the Question as to the Issuance of Said Bonds for the Aforesaid Purposes," and Whereas said ordinance provides for the issue of bonds by the City of Sanford, Florida, for municipal purposes in the total sum of \$625,000.00, the proceeds derived from the sale of said bonds to be expended in the following manner, to-wit: \$15,000.00 for building and constructing a municipal building for housing the municipal library of the city. \$67,000.00 for the extension of Park Avenue Northward into the waters of Lake Monroe to enable the public to avail themselves of the right of commerce and transportation afforded by water, and to furnish the means of access from the highway by land to the highway by water for the use of the public. \$40,000.00 for the extension and enlargement of the drainage and sewerage system of the City. \$468,000.00 for the construction of paved, macadamized and other hard surfaced streets in the City, and \$35,000.00 for funding and paying the outstanding floating indebtedness of the City of Sanford, Florida, evidenced by vouchers heretofore issued by the City of Sanford, Florida. Said bonds to be of the denomination of One Thousand Dollars each, bearing interest at the rate of six per centum per annum, interest payable semi-annually on the 1st days of July and January, said bonds to be numbered consecutively from 1 to 625, both numbers inclusive, said bonds to mature in the following manner, to-wit: bonds to be numbered from 1 to 30, both numbers inclusive, shall be as follows, to-wit: Bonds numbered 1 to 30 to mature July 1st, 1925. Bonds numbered from 31 to 60 to mature July 1st, 1926. Bonds numbered from 61 to 90 to mature July 1st, 1927. Bonds numbered from 91 to 120 to mature July 1st, 1928. Bonds numbered from 121 to 150 to mature July 1st, 1929. Bonds numbered from 151 to 180 to mature July 1st, 1930. Bonds numbered from 181 to 210 to mature July 1st, 1931. Bonds numbered from 211 to 240 to mature July 1st, 1932. Bonds numbered from 241 to 270 to mature July 1st, 1933. Bonds numbered from 271 to 300 to mature July 1st, 1934. Bonds to be numbered from 301 to 625, both numbers inclusive, shall bear the same date of maturity, bonds numbered 301 to 625, both numbers inclusive, shall mature 30 years after date of the issuance thereof; this entire issue of bonds to be dated July 1st, 1922, both principal and interest of said bonds to be payable at some bank in the City of New York, State of New York.

Taste is a matter of tobacco quality. We state it as our honest belief that the tobacco used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price. MEMBER THE ASSOCIATED PRESS

Now the Orlando Sentinel is trying to prove that the Reporter-Star is a "street walker." A suit for libel is in the offing.

"How long will the timber last" asks the Leesburg Commercial. We don't know but the way they are slaughtering it and waiting it here in this county it will not be long.

Baseball opens today in all the big leagues. Florida league has been playing for the past week but the big ones have been waiting for today to bring on the official opening.

Seventy-five school teachers from the New England states were here today on the Clyde Line. They had heard so much about Sanford that they just had to visit the city and see it for themselves.

Lake Monroe ought to be proud of her vote against the bonds especially when their road right through the town will be repaired among the first, made wider and made better and the people of Monroe will profit thereby.

A Lion's Club is being formed in Jacksonville. If any more clubs are formed in Sanford we will need a Poor House Club to take care of those of us who have reached the limit. We are being literally "clubbed to death."

Now that the bonds for improving the roads have passed by such a handsome majority the bridge at Osteen will be built and the tolls on the Monroe bridge will be lowered accordingly. What a grand thing for the people.

We note by the papers that they are going to have that bathing parade in St. Petersburg. Probably have it while the Presbyterian meeting is in progress. We were down there last week and we want to know why Buck Turner and Ed Naugle did not pull it then.

We have received a communication from the Navy League or some such organization telling about the great danger of cutting down the navy. Yes, yes, we know it, we know it. Taking away the jobs of a bunch of chair warmers will always meet with the disapproval of many of the C. W.'s but the common people want the government to cut the expenses of ships and men and put them to doing something useful.

We were way down in the peninsula the other day and noted the farms as we passed. There were so many acres of fine cabbage being plowed up that it made us sick at heart. The same thing happened to our cabbage growers here. It ought to make the railroads sit up and take notice for the deluge will follow. All of this fine cabbage would have been shipped to northern markets even at a small price if the railroad rate could have been cut.

The Winter Park Post says that the Republican leader, W. R. O'Neal took sides with the negro Republicans and "mistered" them here and there in the convention to get their votes. If the Post talks right out in meeting like this they will take away their black and tan patronage and Bro. Wendler will have to fall back on the "lily

whites" for his support. Don't you know that the leaders of the Republican party in Florida only use the negroes in politics because they "can use" them when the time comes and don't you know they use them only to keep the patronage for themselves? The Post evidently intends to keep up its policy of making a real white Republican party in Florida.

DIFFERENT KINDS OF PAVING

Now that Seminole County and the city of Sanford are thinking about new paving of roads and streets it would be well to investigate the various kinds of paving and while getting the very best that money can buy at the same time investigate the kind that will not mean so much in freight rates. We know that the brick roads in time gone by have given service, we know that the grouted brick roads were an innovation over the ordinary brick road with no concrete shoulders, we know that brick while undoubtedly the best material, costs so much in freight rates as to be almost impossible to purchase. We know that certain kinds of asphalt roads are better than others, we know that the roads recently constructed with an oil surface are no good and will have to be gone over with an asphalt surface to save what we have already put down. We know that certain kinds of rock are better than others for a foundation and for oil penetration, we know enough now about road building to know nothing. But—we can always live and learn and living and learning means the examination of other roads in the state that have been down as long as our brick roads and seemingly are in better condition now. We also know that the nine foot roads are a thing of the past and no matter how solidly built they may have been the constant traffic over the same surface will break them up in time and the traffic now demands a wider road.

With this knowledge gained it would be well for our county commissioners and our city commissioners to investigate every kind of paving in the state before putting down any more roads. There is a kind of asphalt brick being put down on the roads and streets of South Florida towns that looks mighty good. The Memorial Highway between Tampa and Oldsmar on the west coast is built of this block and it is wearing mighty fine, is smooth and while soft in summer on account of the asphalt coating on top is certainly easy riding and easy on the tires and is standing the strain of heavy traffic admirably. There is also a sheet asphalt road that seems to be good and lasting in quality and will bear investigation. What Sanford wants and what Seminole county wants is some good material that can be made partly here and will not cost so much in freight rates. Brick is good and there are few materials that will take its place but we will never pay the exorbitant freight rates again on brick for road building.

It would be well for the citizens generally to give this matter serious thought now before any more paving is done. It will pay us in the long run to investigate and to give our officials the benefit of all the knowledge gained. Road building in this fast growing community is one of the biggest problems that confronts us today.

SEMINOLE HOLDS HER OWN

Seminole county yesterday again demonstrated that it is one of the most progressive counties in the state when it comes to road building and making all necessary improvements for the benefit of the residents and the tourists. Having a fine system of good roads and finding these roads deteriorating at many points it was thought advisable by the board of county commissioners to sell \$100,000 worth of time warrants (a privilege made possible by a law enacted through the efforts of Forest Lake while he was in the house of representatives) and with these time warrants the work of improving the roads and also building a steel drawbridge at the Osteen ferry could be accomplished. The matter was brought to the attention of the Chamber of Commerce, the various clubs and organizations, the people in general all over the county and the overwhelming majority for the bonds yesterday proves that the work of the commissioners was approved by the people and their judgment in regard to floating the time warrants was sound. When in the history of any county or city or private enterprise it becomes necessary to raise money for improvements, it is always good business judgment to borrow money and make the needed improvements and by making them save twice the sum of money in stopping deterioration and loss of time and money. Our roads need repairs, they will continue to need repairs but once they are repaired right they will last for many years with minor repairs made by the road supervisor on the job all the time. Roads are like railroads, they need repairs all the time and if

UNCLE HANK

When a man keeps in step with a woman, he hasn't got much mental energy left for anything else.

these repairs can be made when needed much money can be saved the county and the tax payers and the idea of floating the bonds and fixing the roads now and building the bridge thus giving Seminole county the best of roads and a good bridge at one crossing of the St. Johns river will be worth more than double all the money that will be levied by taxes and the extra taxation that will result from more bonds. The bridge will soon pay for itself and then can be made a free bridge thus again, demonstrating that Seminole county is one of the most progressive in the state and is governed by business men and peopled by tax payers who believe in spending money where it will do the most good. The bonds voted yesterday were different from the ordinary bond issue as they meant saving what we already have. It was very much like the man who has a fine car that is needed in his business and a minor break occurring the man leaves the car in the garage because the repairs would cost something and while the car is in the garage he is losing money by not having the use of the car in his daily business. Roads that cannot be used or that are going to pieces for the lack of a few dollars spent on their improvement are a source of expense, inconvenience, poor returns, bad business.

To build good roads and let them fall into decay is poor business judgment and the Herald wishes to congratulate the people of Seminole county upon their big vote for the bonds Tuesday.

It means better roads, more roads, a drawbridge instead of a ferry, a better county in many ways and a progressive commonwealth that spells success, progress, civic beauty, good business.

Seminole county, one of the pioneers in good road building in the state is holding her lead and will continue to do so as long as the progressive citizenship thinks along these broad lines.

SO LET US FORGET THIS GASOLINE TAX.

That Florida's gasoline tax law is invalid, is a ruling handed down by the supreme court. Such a tax has been in ten months' operation, yielding \$600,000. Lawyers are agog, gasoline consumers realize that they have been undergoing another extracting process, and there is no likelihood that the money can be refunded. In the meantime the state road department is not cancelling any projects.

Just what share of this fortune is South Florida's? If the money could be refunded how much would Orange county get?

It would seem that there is no recourse left for the motorists but to take their medicine. Bill Jones or Jim Johnson are very philosophical about the matter as it is another case of the public paying the freight.

The fortune has been collected, some of it has gone thither and some hither so there appears no serious reason why further expense should be involved in convening the legislature in special session or of hiring bookkeepers, adding machines and ready reckoners to discover where's the cash and how much is extent. Just forget it.

We suffer for the nonce while we pay auto, county, state, personal, city, income, school, luxury, tobacco, war, peace, occupation, teal, poll and inheritance taxes and innumerable li. censes, and then by a process of "hocus pocus" we forget about it. So let us forget this gasoline tax, which has been illegally collected, if such a thing is possible for an overtaxed man—Orlando Sentinel.

BEAUTIFY THE HIGHWAYS

While Seminole county is not thru with road building and we know that all the new roads will be wider and it might be a good idea to wait until our main highways are made over before planting trees and shrubs and yet are we not losing time waiting? The new Memorial Highway south

of Tampa has been completed for two years or more and it has a border of white and pink oleanders that have flowered and are a thing of beauty and a joy forever to the motorists and the people traveling this fine highway. Almost every south Florida county is endeavoring to beautify the highways and Seminole county should begin at once to plant trees and shrubs and the idea of oleanders is good for the cattle will not eat oleanders we understand. The county commissioners could find out how wide their new roads will be and plant oleanders and trees far enough from the road that they would not be in the way of farther improvements and when the roads are widened the workmen could be cautioned about breaking down any of the shrubbery as they put in new road materials. It is high time that Seminole county was looking after the beautification of all the roadways in the county. It is a work in which all the clubs and societies and schools would be interested and the work could be facilitated by the co-operation of all the civic bodies of the county.

Just a little money and a little watchful care for a few months would soon be rewarded by one of the most beautiful counties in the state in the way of flowers and trees and shrubs.

2 1/2 HOURS TO ORLANDO

By the reconstructed Mims-Southmere-Oviedo road the auto trip from Titusville to Orlando can now be made in 2 1/2 hours.

In his Buick car, carrying six passengers, J. J. Parrish made the trip in 2 1/2 hours on Wednesday, returning in exactly the same time.

The distance by the speedometer on Mr. Parrish's car was 55 1/2 miles. By the usual traveled route, via New Smyrna it is 91 miles—a saving of 35 1/2 miles by the new route.

Mr. Donaldson, of Southmere, says the distance from Titusville to Orlando is 47 miles; but Mr. Parrish's speedometer registered 55 1/2 miles.

The road across No-Man's-Land in Volusia county is rough in places, but most of it is easily negotiated. The approach to the Upper St. Johns river is over a good bridge that crosses the sloughs east of the river; and a good and roomy ferry, easy to drive on, crosses the river in one minute.

The worst stretch of sandy road is in Seminole county west of the river. A number of men are now working on that piece of road. The county com-

missioner in that district says it will be hardsurfaced with clay in the near future.

If you have occasion to drive to Orlando from Titusville, by all means go via Mims, Southmere and Oviedo—you will save both time and mileage—Titusville Advocate.

FAIRBANKS WANTS TO CLIMB MT. EVEREST

Douglas Fairbanks has a new pet ambition. He wants to climb to the top of Mt. Everest, the world's highest peak and one which, thus far, has defied mankind to find out what's up on its top.

Doug confided this ambition in the course of a description of an Oriental tour which he intends to take with the wife—"Our Mary"—when both can spare the time from their many arduous duties of picture production.

Douglas Fairbanks will appear in the leading role of "The Three Musketeers" at the Star Theatre Friday and Saturday of this week.

## SOCIAL CALENDAR

Thursday—Mrs. C. E. Henry will entertain the members of the Merris Matrons Bridge Club at her home on Magnolia avenue.

Thursday—Call meeting of the St. Agnes Guild at the home of Mrs. Archie Betts at three o'clock.

Thursday—Mrs. Ed Betts will entertain the members of the Bon ton Bridge Club at her home on Park avenue, complimenting Mrs. Braxton Baggett, a recent bride.

Friday—Mrs. Fred Williams will entertain the members of the Oak Lovers Club at her home on Oak avenue.

Monday—Grand Easter Ball at the Parish House at nine o'clock.

Saturday—Story Hour will be held at four o'clock at Central Park.

Saturday—Little Miss Caroline Hill will entertain a number of her young friends at an Easter Egg Hunt at her home on Fourth St. at four o'clock.

Saturday—Cooked Food Sale and Easter Sale by the members of the Pipe Organ Club at Deane Turners Store.

C. E. Wildman of Thomasville, is in the city calling on his old friends.

Rev. J. N. Thompson, of Oviedo was in the city yesterday attending to business.

Mrs. J. B. Coleman left this morning for Orlando where she will have an operation on her nose.

W. E. Towlander of the East Coast Lumber Company of Fort Pierce was in the city yesterday attending to business and shaking hands with old friends.

Mr. and Mrs. Charles Tyler of Lake Onora, and their guests Mr. and Mrs. C. A. Higgins, and Mrs. L. Von Zande, spent the past week in Tampa St. Petersburg and other points on the West Coast.

## WESTMINSTER CLUB

The regular business meeting of the Westminster Club was held Monday afternoon with Miss Zeta Davidson at her home on Magnolia avenue.

After the business had been transacted, a social hour was enjoyed, the hostess serving ice cream, cakes and punch.

## CALL MEETING OF THE ST. AGNES GUILD

There will be a call meeting of the St. Agnes Guild, Thursday afternoon at three o'clock at the home of Mrs. Archie Betts. It is very important

that every member of the Guild be present, and the president asks that every one be present and please be on time, matters of special importance must be attended to at once.

## PIPE ORGAN CLUB

Miss Martha Fox was hostess to a pleasant meeting of the Pipe Organ Club Monday afternoon at her home on Oak Avenue.

Several matters of club interest were disposed of and plans made for new work. The reports of chairmen of standing committees show enthusiasm in all lines.

After the adjournment of the business session Miss Fox served a most tempting ice course.

Club members present were: Mesdames A. M. Phillips, Kent Rossiter, Sinah Bray, Charles Ryan, Powell Methvine, Gatchell Farrell, Hall, Craig Harris, Merriwether, Mac Alister and Misses Jeanette Laing and Martha Fox.

## HOFFMAN-BRYAN

A beautiful event of interest to a wide circle of friends was the marriage this morning at ten o'clock of Miss Gladys Lorraine Bryan and Mr. Wilbur Dewey Hoffman, which was solemnized at the home of the bride's brother and sister, Mr. and Mrs. Leslie Bryan on Magnolia avenue, Dr. S. W. Walker officiating, in the presence of many friends and relatives of the young couple.

The various rooms of this spacious home were opened en suite and beautifully decorated. Over the windows, doors, and mantles were graceful asparagus ferns. In the living and dining rooms and library the mantles were banked with ferns and potted plants and wicker baskets of white oleanders. In the living room the wedding colors of white and green were most effectively carried out, tall pedestals of white entwined with ferns, on which were white wicker baskets, filled with white oleanders, were placed to form an aisle. In one corner was the arch, it too, was of white entwined with fern, and it was here that the solemn words were spoken.

As the guests assembled a beautiful musical program was rendered under the direction of Mrs. Roy Appleby, as follows: "A Dream" (Litta Lynn), Mrs. Roy Appleby; "Until" (vocal) by Mrs. Appleby, accompanied by Mrs. S. W. Walker; "For You Alone" (P. J. O'Reilly), Maurice Helston. During the ceremony, "Souvenir" (Frank Drda) was solemnly rendered. The bridal chorus by Lohengrin, was used as processional, while Mendelssohn's Wedding March, was used as recessional.

Miss Allie Gillon, as maid of honor, entered first, wearing a fetching frock of black satin heavily beaded, and worn with a black picture hat, her flowers were an arm bouquet of pink rose buds.

Martha Elmeda Bryan, niece of the bride, as flower girl, preceded the bride scattering rose petals. She wore a dainty little costume of pink accor-

deon pleated crepe de chine, and carried a basket of pink and white, the handle tied with a fluffy bow of tulle.

The groom entered with his best man, Mr. Nicholas Roth, of Norwood, Ohio, and was met at the altar by the bride.

The bride, who entered with her father, Mr. L. Y. Bryan, by whom she was given in marriage, was lovely in a handsome coat suit of navy blue tricotine, with hat and other accessories of grey and her flowers were a corsage of bride's roses.

An informal reception was held after the wedding, the young couple leaving in their car for a short trip keeping their destination a secret.

The bride is the only daughter of Mr. and Mrs. L. Y. Bryan, and has spent her girlhood in this city, and is a very charming young woman. She has been entertained at several delightful pre-nuptial affairs, and her marriage is of deep interest to her numerous friends.

Mr. Hoffman is one of Sanford's young business men, being connected with the Hof-Mac Battery Co.

Among the out-of-town guests at the wedding were Mr. and Mrs. H. E. Carlton, Mr. and Mrs. Roy Appleby, and Miss Myrtle Appleby of Arcadia; Mr. and Mrs. C. L. Hoffman and Miss Alice Hoffman, of Eustis, and Mr. and Mrs. Nicholas Roth of Norwood, Ohio.

## MISCELLANEOUS SHOWER

Miss Allie Gillon entertained most delightfully at a Miscellaneous shower Monday afternoon at her home on Palmetto avenue, in honor of Miss Gladys Bryan, a bride-elect of this week.

White and green, the wedding colors were used in the decorations for this pretty party, quantities of fragrant white carnations and snap dragons combined with fern were effectively used. The Sent of Honor, was of white with ferns and tulle.

As the guests arrived they were requested to draw a picture of the groom, this afforded much merriment, some of the drawing being real clever. After the drawings, the guests were asked to write bits of advice for the bride, these were put in capsules and given to the bride to be read while on her "honey moon."

Mrs. Porter Pitts rendered several songs and piano selections in her usual charming manner.

Late in the afternoon, little Misses Dorothy Gore and Juanita McMullen entered, bearing a large basket of "groceries" which they presented to the honoree, the basket containing many lovely gifts, which were opened and greatly admired.

Following the presentation of the "shower," the hostess assisted by Misses Ruth and Grace Gillon served tempting refreshments consisting of a salad course with accessories followed by grape ice.

Miss Gladys Bryan wore on this occasion a most becoming frock of blue taffeta, combined with grey, with a large black picture hat.

Among those invited to meet this charming honoree were Mrs. L. Y. Bryan, Mrs. Leslie Bryan, Mrs. H. E. Carlton of Arcadia, Mrs. Porter Pitts, Mrs. J. M. Gillon, Mrs. S. E. Gillon, Mrs. Lonnie McMullen, Mrs. E. J. Taylor, Mrs. R. E. Tolar, Mrs. W. A. Lester, Mrs. Ernest Brotherson, Mrs. Loretta Brotherson, Mrs. Tolar, sr., Mrs. Tom Moore, Mrs. Schelle Maines, Mrs. Gertrude Carroway, Mrs. Vivian Speer, Mrs. Ralph K. Gore, Misses Mary Howard, Edith Magee, Ruba Williams, Annie Lee, Ruth and Grace Gillon, Dorothy Gore and Juanita McMullen.

## SOCIAL DEPARTMENT

The annual business meeting of the Social Department of the Woman's Club was held yesterday afternoon at the club rooms. It was also election of officers, the following officers being elected for the coming year: Chairman, Mrs. R. A. Newman; vice-chairman, Mrs. A. P. Connelly; secretary and treasurer, Mrs. Howard P. Smith; chairman membership committee, Mrs. Frank Miller; finance chairman, Mrs. J. D. Woodruff; program chairman, Mrs. B. W. Herndon.

At the conclusion of the business meeting the members were entertained at bridge, the hostess being Mrs. Fred Williams. There were six tables of players.

The club rooms were lovely with baskets of cut flowers and ferns.

After an interesting game of bridge scores were counted and the prize, a wicker basket filled with sweet peas, was awarded Mrs. W. D. Holden, for having held high score.

At the conclusion of the card game the hostess assisted by Mrs. W. T. Langley, Mrs. R. J. Holly and Mrs. John Leonard served dainty refreshments consisting of frappe, cakes and wafers.

There will be a call meeting of Circle No. 2 at the home of Mrs. L. M. Teiford Thursday at 3:00 o'clock. All members are urgently requested to be present.

Free lecture, Princess, Thursday 8 p. m.

## WILSON'S CUSTOM HOUSE

FOR SALE BY ALL GROCERS

### BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste bad breathe and tongue is coated; if your head is aching; if what you eat sours and forms acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right begin inside bathing. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before eating more food.

To feel like young folks feel; like you felt before your blood and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless.

Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. Adv.

Just arrived an entire new line of dainty favors for Easter, weddings and all occasions.—O. T. C. Gift Shop. 13-3tp

## HELPED HER MOTHER WONDERFULLY

In these days of "flu," coughs, colds, croup and whooping cough, it is well to know that every year there are used more bottles of Foley's Honey and Tar than of any other cough medicine. Mrs. S. L. Hunt, 515 W. 6th St., Cincinnati, Ohio, writes: "Foley's Honey and Tar relieved me of a hacking cough, tickling in the throat, wheezing and pains in the chest. It is helping my mother wonderfully." That's why druggists recommend Foley's. Sold everywhere.—Adv.

TAKE NOTICE and save money!  
\$400 buys Buick 4; \$550 buys Buick 6; \$475 buys Oldsmobile 4; \$600 buys Oldsmobile 8. Balance, terms to suit your purse. When they make better cars, I will sell them.—N. H. Garner. 12-10tc

## POLITICAL

### FOR COUNTY COMMISSIONER

The friends of D. L. Thrasher announce his candidacy for the position of County Commissioner for District No. 1, knowing that he will at all times be found doing his full duty as he sees it and that the county will have a business man in District No. 1 and a conscientious worker for the people of the whole country.—Paid Political Advertisement.

### FOR COUNTY COMMISSIONER.

The friends of John Melach announce his candidacy for the position of County Commissioner for District No. 2, knowing that he will at all times be found doing his full duty as he sees it and that the county will have a business man in District No. 2 and a conscientious worker for the people of the whole country.—Paid Political Advertisement.

### For County Commissioner

I hereby announce my candidacy for the position of county commissioner for District No. 2, subject to the decision of the Democratic primary to be held June 6th, 1922.

WALTER HAND.

### For County Commissioner

I announce my candidacy for the position of County Commissioner for the District No. 2 subject to the decision of the Democratic primary to be held June 6th, 1922. My decision to enter the race was made at the earnest request of many friends and I promise that if elected to serve the best interests of the entire county.

JOHN W. BELL.

### For County Commissioner

Having served the people of Seminole County as commissioner since the county was established, I will again be a candidate for the position of County Commissioner from the Third District subject to the decision of the Democratic primary to be held June 6, 1922.

C. W. ENTZMINGER.

### For Representative

At the earnest request of many friends I have decided to become a candidate for the position of representative from Seminole County subject to the decision of the Democratic primary to be held June 6th, 1922. Having served for three terms as representative and knowing the needs of the county and the state I will serve the people to the best of my ability and believe I am qualified to give them real service as a member of the Florida legislature.

# VIOLATIONS FINES TO PAY COST OF PROHIBITION DAYS SAYS HEAD COMMISSIONER

## Enforcement Appropriation of \$10,000,000 is Showed to Be Overpaid

(By The Associated Press)  
 PHILADELPHIA, Pa., April 12.—Whiskey was withdrawn from warehouses under permits, and in 1921 withdrawals amounted to about 3,500,000 gallons. On the basis of the last three or four months, he reported, withdrawals this year will amount to about 2,000,000 gallons, "which is perhaps only about 500,000 gallons in excess of normal medicinal requirements."  
 Of the 500 breweries manufacturing near-beer at the beginning of this fiscal year, he declared 285 have been reported for violation of the law; 95 plants are under seizure by the government and offers in compromise as high as \$96,000 have been received.  
 "I have long been persuaded," he said "that fines against large violators are but very small deterrent forces, so we are today citing all breweries found guilty of violation in the United States on criminal informations. We are not only revoking permits of the guilty, but are also refusing to reissue permits to persons who have violated the provisions of their permits, and this has resulted in the closing down of about 50 near-beer plants in recent months."  
 Asserting that there was a propaganda to create the impression that the prohibition law was non-operative, Mr. Haynes said:  
 "It is significant that at the time when liquor is the most difficult to obtain in all our history; when drunkenness has decreased to a very appreciable degree; when convictions for the violation of the law are becoming most numerous; that at such time, the largest amount of space is given in some of our newspapers to articles most flimsy of fact which set forth the idea that 'prohibition is a failure.'"

# GREAT DAMAGE EXPECTED FROM BREAK IN LEVEE

(By The Associated Press)  
 MEMPHIS, Tenn., April 12.—Flood water, held within bounds along the Mississippi, was taking its toll in Southern Arkansas last night as a result of a break in a levee along White river which let in water which ultimately will engulf upwards of 25 square miles of cultivated land and a dozen or more towns and rice farming settlements in what is known as Laconia Circle at the confluence of the White and Mississippi rivers in Desha county.  
 Thus far no loss of life has been reported, but heavy damage to farm property was anticipated as a result of the force with which the flood was driven through the gap in the embankment by high winds which prevailed Monday night and Tuesday.  
 According to dispatches received here the break which occurred Monday night will flood the towns of Snow Lake, Henrico, Laconia, Knowlton and Ferguson. Reports received over railroad wires indicated that the water late yesterday had reached a depth of from 5 to 8 feet in the flooded area.  
 Reports from points along the Mississippi river Tuesday night indicated that the levees on that waterway, menaced for nearly a month by high water and facing a prolongation of the flood as a result of heavy rains over the Northern water sheds, were intact at all points with no more serious trouble developing thus far than wave wash and minor slides. Workmen hurried to endangered points have quickly remedied the trouble, according to late dispatches, and engineers directing the fight still were confident that the main embankments would hold.  
 Rising stages were reported in the Mississippi yesterday from New Madrid, Mo., 174 miles above Memphis, to

St. Louis while the Ohio, which empties into the Mississippi at Cairo, was either falling or stationary. At Memphis the Mississippi is falling.

# STEAMSHIP MAURETANIA BREAKS RECORD

CHERBOURG, April 12.—The Cunard steamship Mauretania arrived yesterday from New York, making the trip from Ambrose channel lightship, 3,161 miles in five days 10 hours and nine minutes, which is declared to be the fastest time recorded by any trans-Atlantic vessel since August 1914.

# SHOT WIFE FOR BURGLAR

CHARLOTTE, April 12.—Sam Crump, farmer, of near here, shot and killed his wife Sunday night, when he told authorities, he mistook her for a burglar. Crump said he heard a noise and went to investigate and when he observed a form in the semi-darkness he fired.

# FERRALINE SALES TREMENDUOUS

## The Fame of Ferraline Is Spreading Rapidly

Sufferers Learn of It's Wonderful Merits—They Try It and Become Convinced. Then They Pass on the Joyful News to Others That They Too May Win Health. Hundreds of Testimonials Are in Our Files Which All Tell The Same Story of New Found Health and Increased Vitality.

If you are nervous and weak, if your meals do not agree with you and cause gas to rise your stomach and put pressure on your heart, if pimples, boils, blackheads and other skin blemishes show that your blood is filled with impurities, if your liver or kidneys are not working properly, resulting in headaches, sick headaches, constipation and a general feeling of tiredness, then start to use Ferraline immediately. In hundreds of cases just like yours relief has been quickly and permanently brought by the use of this natural tonic. Its action is wonderful. It is Nature's remedy and goes right into the system, cleansing, purifying and eliminating unhealthy cells and building new ones. It is absolutely harmless and its only effects are beneficial ones. From the thousands who have used it you will only hear the warmest words of praise.  
 Druggists are reporting huge sales of Ferraline in their stores because Ferraline really does what we say it will. Your druggist has Ferraline in stock. Buy a bottle today.

## BEST REPEATER HE EVER HAN-DLED SAYS DRUGGIST

Druggist Sells 12 Gross (1728 Bottles) of FERRALINE in Short Period. Only Wonderful Properties Could Sell a Medicine So Fast.

In a recent letter received by the Ferraline Medicine Company, the owner of Ortnan's Drug Store, a thriving Mobile, Ala., company says: "Your salesman straited into the store and introduced Ferraline. After listening to what he had to say, decided to try three dozen, classing it along the lines of patent medicines. In three days I ordered a gross and with your line of advertising, it has been one gross after another and up to the present time I have handled twelve gross. Going some for one kind of medicine, it sold strictly on its merits and I consider it one of the best repeaters I have handled. Hundreds of people have taken from one to a dozen bottles.  
 Could a medicine sell like this unless it really did bring to those suffering from rheumatism's aches and pains, indigestion's pangs and the effects of impure blood and poor functioning kidneys and liver, real and satisfactory relief? No. These large sales prove that Ferraline is what we claim it to be. Nature's one greatest tonic."

## All Local Drug Stores Handle Ferraline.

You do not have to go any farther than your nearest Drug Store to get Ferraline. This wonderful remedy is for sale everywhere. Just decide right now that you will drop in at your Drug Store and purchase a bottle of Ferraline. The results will amaze you. Thousands have been benefited by its use. For nervousness, indigestion, "flatulents" and disorders of the blood it has no peer. Read these testimonials which are but a few taken from the hundreds in our files. (Rev. W. J. Bourlin, Presbyterian minister, of Phenixville, Ala., says: "For a great many years I have been subject to sporadic, and at times, severe attacks of indigestion. Having heard of the curative effects of Ferraline, on one or two of my closest friends, I decided, in almost sheer desperation, to try it, and I am glad to say it has greatly benefited me."  
 Honorable W. W. Lavender, of Centerville, Ala., says: "I desire, without solicitation or hesitation, to commend to those persons who are overworked or who are in a run-down condition, Ferraline as a tonic. I took two bottles and felt almost like a new person."  
 Mr. Orley Mules, of Middletown, Ohio, writes: "I am ordering one dozen more bottles of Ferraline from you—seems like I cannot keep it on hand. I have let my friends try it out and they tell their friends and the first thing I know I have not got any myself. If your medicine had a little advertisement here it would be a great seller. Every one that buys a bottle comes back for more. It would not take long to advertise itself. I give it a great send off whenever I can and those that have tried it say they could not do without it. I think it a wonder, for it has done what doctors could not do for my wife, for I tried six or seven of them."

## Remarkable Gain in Weight Shown By Ferraline User.

Mr. W. W. Lavender, County Solicitor, of Bibb County, Alabama, gained two and a half pounds in about ten days after starting to use Ferraline. This is a wonderful record but no more wonderful than that of many others who have written to the Ferraline Medicine Company recounting their experiences with Ferraline. (Mr. Lavender's report says: "I desire, without solicitation or hesi-

## Health Almost Ruined By Ravages of Indigestion

Today is Entirely Recovered and Praises Ferraline Most Highly.

Mr. F. W. Dougherty, Souwilla, is of the opinion that without Ferraline he would be dead today. In a recent letter to the Ferraline Medicine Company, he says:

"I am sending you the names of some people I think will be benefited by FERRALINE. I carry FERRALINE in my stock at all times, and I have done SO MUCH FOR ME PERSONALLY that I feel I can honestly recommend it in highest terms. Indigestion had so nearly ruined my health that I really believe I would have been dead had I not used FERRALINE, but since using several bottles of Ferraline I am now entirely recovered."  
 No one is in better position to recommend Ferraline than I, for it has done so much for me."  
 FERRALINE is a Natural Mineral Tonic and the most prominent men have voluntarily testified to benefits received, especially from Ferraline as a relief from Indigestion, Stomach Troubles, Rheumatism and a general run down condition.  
 ASK YOUR DRUGGIST FOR FERRALINE.

## Severe Headaches and Dizziness Troubled Leading Albany Citizen.

Mr. Sol K. Simon, Albany, Georgia, the largest Mail Order Pecan Man in the world, has made the following startling statement:  
 "I suffered with what the doctor called 'auto-intoxication,' or indigestion of the lower bowels. If I ate anything other than that prescribed in a strict diet, I suffered with severe headaches and dizziness. Instead of taking an expensive trip to a health resort, my brother persuaded me to visit him, and after each meal he gave me a dose of 'Ferraline.' In two days I was eating anything without feeling the slightest discomfort. I ordered one dozen bottles sent to my home. I feel one hundred per cent better and have saved about \$200, by not taking a trip to a health resort as recommended by my physician—thanks to my brother and 'Ferraline.'"  
 This letter is but one selected at random from the hundreds of testimonials in our files. Each letter tells the same story—the wonderful tale of returned health.

tation to commend to those people who are overworked or are in a run down condition to try Ferraline as a tonic. I took two bottles and felt almost like a new person and gained two and a half pounds in about ten days."

Start using Ferraline right now and begin your steady, regular climb to perfect health. The natural iron in Ferraline will bring you vitality and stamina. Don't be a weakling—don't be a scrawny. Buy a bottle of Ferraline today.

## NOTED EDITOR SUFFERED FOR FIFTEEN YEARS

Frank E. Dacons, Editor of "American Youth," Chicago, Tells of Physicians Inability to Help His Severe and Complicated Intestinal Trouble. Ferraline Brought Relief.

Business and professional men find Ferraline to be of peculiar value in restoring strength, relieving run down condition and building up the system. Mr. Frank E. Dacons recently sent us the following interesting statement:  
 "Having suffered for 15 years with a severe and complicated case of intestinal trouble and having tried numerous physicians—and remedies—I was induced to try FERRALINE, the wonderful Natural Tonic, and found it contained the elements and properties necessary to relieve my suffering, tone up my system and rebuild and invigorate my digestive organs.  
 I gladly recommend FERRALINE to sufferers from Stomach Troubles, Chronic Diarrhoea, or Intestinal Troubles."  
 Buy a bottle of Ferraline today. Start on the road to health without delay.

## Hundreds of Testimonials Prove Our Claims.

If you could only see and read the many hundreds of testimonials that are our files—letters written by grateful users of Ferraline who have found health by its use and want to pass on the good word to their friends and all other sufferers, you would be convinced that in your case, too, Ferraline would be helpful.

To give you an idea of some of the amazing results that have been obtained:  
 M. C. Koskey, of Memphis, Tenn., says: "I was so sick that I could hardly eat anything. — Never got a nights sleep because of the awful condition of my stomach." After taking a few bottles of Ferraline I found that I could sleep, eat heartily, my stomach no longer troubled me and my rheumatic pains left me. I believe Ferraline is the best remedy on earth and that it will cure stomach trouble and rheumatism."

## THE REMARKABLE CASE OF MR. T. L. BELL, OF WEST END, BIRMINGHAM, ALA.

"I suffered for five years with rheumatism and had Eczema for two years," says Mr. Bell. "I had such severe rashes in my limbs and body and such terrible itching on my feet and legs from Eczema that I was in a horrible condition; my kidneys also became affected and I was in a general run down condition.  
 "I was attracted to Ferraline by seeing it advertised in Alabama papers, and after using less than one bottle I was noticeably relieved and now since taking Ferraline the pains have left me, general system has been built up and I am greatly improved and the Eczema is much better. I am glad to recommend Ferraline because it has restored me to health and I consider it the best remedy that can be found. I would not be without it for much more than it cost. Two bottles have made me a well man."

WASHINGTON, April 12.—The long awaited administration tariff bill was presented yesterday in the senate. Senator McCumber, republican, North Dakota, in charge of the measure announced that to give senators time to study it he would not call it up before April 20. Some republican leaders thought it would be passed after about sixty days of debate, but other estimates ranged as high as three months.

**QUOTATIONS HOARY WITH AGE**

Many of the Most Familiar Sayings Have Been in Use for Five Hundred Years.

"All's well that ends well," you say, and you are quoting from a book of tales a little matter of 500 years old; i. e., the "Gesta Romanorum," first printed about 1473.

To Geoffrey Chaucer, "well of English undefyled," who was born in 1328, we owe a multitude of our most frequently used proverbs, including "Many a small maketh a great," "Of two evils choose the lesser," "All is not gold that glitters," "Out of sight, out of mind," "Man proposes and God disposes."

Between Chaucer's time and the day of Shakespeare some of our most familiar saws were born. "Look ere ye leap," "Strike while the iron is hot," "Never look a gift horse in the mouth," "Beggars should be no choosers," "You can bring a horse to water," etc.; "A new broom sweeps clean," "Small pitchers have wide ears," "One swallow maketh not a summer," "It is an ill wind blows no one good," "Enough is as good as a feast," "What's bred in the bone," etc.; "Comparisons are odious." These are a few that came to light later than Chaucer, but before Shakespeare was born in 1564.

If you haven't read faithfully from the Bard of Avon you may not be aware that the following proverbs are found in his works: "Familiarity breeds contempt," "What's mine is yours," etc.; "Every why hath a wherefor," "It is a wise father knoweth his own child," "Good wine needs no bush," "Married in haste, repent at leisure," "Give the devil his due," "All the world's a stage," "Some are born great, some achieve greatness," etc.

**CHINA REAL LAND OF CASTE**

Conditions There Declared by Travelers to Outclass Even Those Existing in East India.

Chinamen have more caste even than the East Indians. They say you never find one Chinaman in a low condition of life but you will find him employing another Chinaman in a still lower condition. The small Chinese farmer employs a servant to whom he is lord and master. This menial is compelled to serve him in any capacity that may be required. For instance, when the small Chinese farmer takes a pig to market he does not do it as the Irishman does, by driving the pig along the road. No, he first kills the pig, or makes his "bired man" do it. When the pig is carefully packed on one side of a single wheeled vehicle something like a wheelbarrow. The weight of the proprietor may just balance that of the pig, but if it is greater, then a few boulders are added to even things up. The whole apparatus is then wheeled along the road by the bired man, the Chinese proprietor meanwhile placidly smoking his pipe.

**He Paid the Note.**

A certain shiftless character had borrowed some money at the bank after having been secured by a hard-working man. Notice was sent; no response. A second notice was sent, but no response. And a third with similar results. Whereupon the guarantor was told to come in and take up the note. Seeing the maker of the note on the street, he asked: "Didn't you know that note was due?"

Getting an affirmative reply, he further asked:

"Why didn't you take it up?"

"This time the shiftless one made reply:

"Didn't you expect to pay it?"

"No!"

"Well, what did you sign it for if you didn't expect to pay it?"

There was no recourse from this question, that's the way it usually stacks up, so the guarantor took up the note and credited the sum to experience.—Farm Life.

**How Fruit Worm Gets Into Apple.**

Did you ever find a worm away in the core of an apple when there wasn't any sign of a hole on the outside to show where it got in? Well, in the spring, says the Ave Maria, when the trees are all in blossom and look their loveliest, a little moth slipped out of its chrysalis and flew among the blossoms. Then, when the petals of the flowers had fallen, the moth laid an egg in the upturned cup made by the five points of the calyx. In a short time the tiny egg hatched into a small worm, and the little worm bored its way into the apple that was just forming! and there it grew with the apple, meanwhile feeding on it. When the apple falls to the ground, the worm gets out and finds its way into the tree, where it spins a cocoon, from which another moth is hatched the next spring, and so on. The birds search for these fruit worms in the bark of the trees.

**A Genial Heckler.**

"I was driving along a rough country road the other day," said Lloyd George during an electioneering tour, "and at the foot of a steep hill I saw the signboard, 'Please Slacken the Reins Going Up the Hill.' While reading this it occurred to me that it might be well for people generally to be as kind and considerate in their treatment of their minister as they are of their horses, especially when the load is heavy and the road is steep."

There was a burst of applause from the audience, which appreciated the point of the premier's illustration, but the inevitable wag was present, and he piped up, "Why not try a fiver, George?"

**WEATHER, CROPS AND MARKETS, U. S. DEPARTMENT OF AGRICULTURE**

**IDAHO MAY SHIP 500 CARS OF ICEBERG LETTUCE THIS SEASON**

Around 500 cars of Iceberg Lettuce are expected to be shipped from Idaho this season, according to local estimates. Last year shipments were 175 cars. The marketing season will probably begin the latter part of September and continue until the 1st of November.

Production of lettuce in Idaho has expanded rapidly since the first commercial crop was raised in 1919. In 1920 the production was limited to the Caldwell potato district. In 1921 the area was extended to include a small acreage near Twin Falls. This year an active campaign has been conducted to extend the acreage throughout the entire southern part of the state, or, roughly speaking, into all of the potato producing districts.

**ACREAGE OF LETTUCE IN COLORADO EXPANDING**

Colorado's production of late "Mountain lettuce" is assuming large proportions. About 5,000 acres will be planted this season, according to a state report which gives the acreage of preceding seasons as 1,400 in 1921 and 300 in 1920.

**CABBAGE REPORT**

Cabbage continued to move in steady volume. Shipments of early stock exceeded those of the preceding week by 65 cars. Only 46 cars of old stock moved of which 38 cars were from New York. The total movement of early cabbage for the season to date is 5,481 cars compared with 2,973 last season to the same date. Markets were stronger for Texas stock but prices for Florida supplies declined slightly in some consuming centers. Texas Early Flat type advanced \$5-\$10 in eastern cities to \$40-\$50 per ton bulk and was \$5 higher in St. Louis at \$35. In Chicago 100-lb. crates held firm at \$2. Florida Wakefield stock was steady in New York and Philadelphia at \$1.25-\$1.50 per 1 1/2 hamper but weakened in other markets to \$1-\$1.35.

Toward the end of February a small shipment of about 900 packages of

fruit arrived in New York City from Argentina. The lot comprised peaches, plums, and grapes and met with a fairly good demand from the jobbing trade which purchased them in small lots at rather high prices.

The peaches were in small boxes containing 70-90 and the quality was only fair, the fruit showing very little color. They sold at \$2.50-\$5 ac-

ording to size and quality. The grapes were the Muscat variety, four boxes of uniform size being strapped together. The net weight of the contents was about 32 lbs. and they sold within a range of \$7-\$8. The plums, a red variety, sold best, at a range of \$4.50-\$5.50, mostly \$5 and were packed in the same sized boxes as the peaches. A small lot of each fruit

was placed on auction as a trial but they did not command prices quite so high as the private sales.

A shipment from Chile arrived recently, consisting of 13,500 boxes of peaches and 180 boxes of casaba melons as well as a very small lot of onions and garlic.

**Cave Man Stuff**

Back near the beginning of things, our prehistoric forebears would have perished from the earth if they had not understood the science of reading advertising.

The cavemen didn't know much about underwear, hair tonic or phonographs, but they did have to eat. The one who could follow the tracks of the game he hunted, or read the meaning of a twisted leaf or broken twig, was best off in life.

Then as now, the most consistent reader of advertising was best dressed, best fed and most contented. There has been something of an evolution in advertising in the last few thousand years but the principle is just the same.

The consistent reader of the advertisements is invariably best informed on what to eat and where to get it; what to wear and how much to pay for it; what to do and how to do it. He's up on the most important things in life. Consequently he gets most from life.

Throughout the ages, advertising has done much to make life livable and pleasant. We owe it much.

*.. Let's Make the Most of It ..*
