managed by an international at hority, but with Egypt acknowledged as the canal's owner.

Egyptian officials, objecting to a Western plan advanced yesterday by Secretary of State Dulies for inernational control, were dickering behind the scenes with Indians and Russians to block it ast he Frenchman expressed his views.

"We consider that there are oints on which agreement should be easily reacheda lthough they imply sacrifices for some, includ-ing ourselves," Pineau told the 22nation Suez conference. He made hese points:

"1. The canal and its installation should be the property of Egypt, which would assure Egypt adequate revenues from it. "2. The Suez Canal Co., should

be properly compensated." As the owner of the canal, Pineau proposed, the Egyptian gov-ernment should sign a treaty handing its management to an international authority.

He said the authority should make no profits and excess receipts should go to Egypt after provision for compensation of the company. Secretary of State Dulles, who presented the big t hree scheme yesterday, t oday explored teh atti-tude of Asian nations. The latter are sympathetic to Egypt's July 26 nationalization of the canal, but vitally interested in keeping it open

to navigation.

Wing Cmdr. Ali Sabry top political adviser to Egyptian President Nasser, held a three-hour hotel Nasser, held a three-hour hotel room conference with V. K. Krishna Menon, leader of the Indian delegation. Then he talked with the Russians.

Sabry said Egypt insisted on the right to control the canal. Another Egyptian official said, "the Dulles plan is not acceptable to Egypt."

### Kefauver's Chances **Look Good**

CONVENTION HALL, Chicago A great scramble was on today for the Democratic vice presidential nomination, thrown to the "free processes" of the party convention by presidential nomines Adlai Stevenson.

Five hopefuls were opening bid-ding for support in frantic campaigning that sought to compress into hours the kind of effort nor-mally spread over weeks. They

Sen. Estes Kefauver of Tennessee who appeared to be out in front. Some of his backers were claiming he would have over 700 votes in the first ballot. It takes 686 % to win.

Sen. Hubert Humphrey of Min-Sen. John F. Kennedy of Mas-

achusetts. Sen. Albert Gore of Tennessee. Mayor Robert F. Wagner of

New York City.

On the other hand, Texas' Lyndon Johnson, the Senate Democratic leader, who could easily corral the votes of many Southerners, sought to take himself out of consideration.

He told a news conference: "My name is not going before the con vention."

Johnson said he had been most of the night talking and had received several offers of support.

But he declared he had stuck to his originall position that he was not interested in the vice presidency.

Fri., Aug. 17, 1956, Page 3 FCC Told Of Call

#### For Educational **Television Station** TAMPA UM - The Federal Com-

THE SANFORD HERALD

munications Commission FCC has been advised that plans now call for construction of an educational television station for the Tampa Bay area to begin by Jan. 1. C. C. Parker, attorney for Flor-ida West Coast Educational Television Inc., included that statement in an outline to the FCC on progress of plans to make use of the educational Channel 3 allotted this area.

Fort Pierce interests, seeking to have the channel transferred there for commercial purposes, said recently "no positive interest" in educational use of the channel had been shown since it was allotted in 1951.

Parker said city and county officials in the seven counties in the area have promised financial support, all commercial television stations in the area are cooperating in technical matters, and plans for an educational TV station have been stimulated by prospects for establishment of a new four-year state university in the area.

There seems to be no let-down or seasonable Summer Slump in the calibre of the movie film fare, scheduled for showing at the local theatres in Sanford and Seminole County.

## Special Session Of Legislature Proves To Be Successful Meet

The recent special session of the Florida Legislature operated as smoothly and as efficiently as any governing body could be expected to function.

Senators and Representatives from every

county in Florida must have known pre-cisely what they were going to do—had talked with their constituents to find out what public reaction had generated from the announcement made by the Governor regarding the program which was to be presented during the special meeting.

Each day's reports out of the State Capitol as well as the daily Journals published

173

at the close of each day's session gave account of the deliberate action on the part of the Senate and Legislature as the various bills were considered.

Other than the bombshell which exploded in the midst of the lawmakers during the discussions on its last day—the controversial issues were handled placidly.

We can see how the special session of the legislature could have resulted in one big squabble had not the Governor used a part of the statutes to confine the deliberations within the bounds of what the body of senators and representatives were brought to Tallahasses to consider.

Had the action been a maneuver to circumvent the Legislature in a manner unbecoming a representative of the people we would disagree wholeheartedly—but the dent-shattering move was lawful and within the right of the head of our State.

From all indications—all has been accomplished for which the special session

A husband is like an egg-if kept continuously in hot water he becomes hard-

s summoned.

Some of the new cars can do what some people cannot—shift for themselves.

**Demos Handle Civil Rights Smoothly** 

"We reject all proposals for the

"We reject all proposals for the use of force to interfere with the bappened on civil rights at the Democratic convention was handled so smoothly you'd think it was done with mirrors.

The Southern Democrats forced the rest of the party into a compromise on the civil rights plank of the platform. A small resistance was put up by a handful of Democrats from the North, East and West.

"We reject all proposals for the use of force to interfere with the orderly determination of these matters by the court." Just what that means depends on who's reading it. It definitely does no pledge a Democratic force to the full convention, a small band of Democrats decided in Washington to back up court orders.

Battle told the Virginians "every responsible candidate" would seem to include Stevenson and Harriman.

Every responsible candidate" the court of the full convention, a small band of Democrats decided to ask the convention to vote for a stronger substitute.

The Southerners knew what was responsible candidate for president has been bringing pressure on his making ne threat,

#### White Collar Workers

"The American working class is clamped in the jaws of an economic nutcracker," blubbered the Marxist New Masses two decades ago. "The man who works with his hands is a slave."

If the U.S. manual laborer ever wore chains he shed them in a hurry-or at least had them gold plated and studded with rubles. Clearly, he's never had it so good. But if there are any more tears to be

shed about "economic exploitation" in this country let them be saved for a revolutionary journal we might call the New Bourgeoisie, dedicated to the poor, wilting "white collar." It's just like the AFL-CIO Economic

Policy Committee said the other day. The white collar may still retain some of its value as a symbol of freedom from manual labor but any tangible evidence demonstrating the superiority of the white collar status has been fast disappearing.

According to the Federal Reserve Bank of New York, working class earnings have risen more than white collar earnings in eleven out of the seventeen years between

On a percentagle basis, the manual worker has far outgained the white collar worker in annual income since 1989. Laborers in 1954, for instance, made 250 per cent more than they did in 1939. Clerical and kindred workers only realized a gain of 168 per

All this has happened in spite of a marked increase the demand for white collar workers. In fact, from 1940 to 1954 the number of workers in white collar occupations increased 67 per cent. During the same period, workers in manual occupations increased only by 26 per cent.

Weep not for the man in overalls. His collar is blue but new. It's the white collared clerk who deserves your pity. All he needs is for some latter-day Max to remind him that he has nothing to lose but his necktie.

#### New Dining Room Table

Housewives, rejoice! One of your most constant occupations is about to be abolished, A French electrical engineer has patented a new dining room table, which does not have to be laid or cleared away. Nor need the dishes be scraped and washed. What more can you ask?

The table is equipped with an endless belt to which sets of dishes are attached. The diner sits down and presses a button. A plate, a glass and cutlery appear. All but the plate are detachable for use. When the diner is through with his course, he replaces the implements and presses the button.

Presto! the used dishes disappear into a compartment under the table where they are washed and a clean set takes their place. The drying and polishing are also done under the table.

A word of caution: Don't press the button in the midst of the soup course!

plank to "avoid a party aplit."

"Every responsible candidate"

# OF THE REDEEMER

The First service of the Lutheran Church of The Redeemer was held on May 16, 1952 in the Sanford Yachi Club where each Sunday for more than three years both Sunday School and church services have been requirely observed.

Sunday afternoon at 3:30, the congregation, which has grown steadily throughout its short history, will dedicate its first building, a chapel located just off Highway 17:92 at the corner of 25th Place and Oak Avenua. Simultaneous with its dedication day, the Lutheran Church of The Redeemer, Missouri Synod, will make available to its friends in the Sanford Area a "Prayer For The Day" telephone service. Beginning with Sunday, August 19, you may start your day or fill a very impotent moment, with a telephone prayer by calling 1928,
