

### Vegetable Market

In New York today, the effects of the cold spell in the southwest were apparent as prices of most Florida vegetables were higher. Cabbage sold for 4.00-4.50 per crate, with some small and fair quality at 3.00-3.75. Carrots sold for 4.50 per crate of 48-1 lb film bags, endive was 2.50-2.75 and escarole 2.00-2.50 per crate. Celery brought 3.50-3.75 generally for crates of 2 to 4 dozen stalks. Chinese cabbage was 1.50-2.00 per crate, plain parsley 3.00-3.50 and crates of scorn squash 6.50. Radishes continued at 75c to 1.00, mostly 1.00 per basket of 30-6 oz. film bags. In central Florida yesterday, offering of most commodities were light. Cabbage was stronger, with prices ranging from 1.75-2.75 in sacks, according to size and quality. A few crates brought as high as 3.00. Carrots were unchanged at 2.75 for 48-1 lb film bags in master containers. Curly parsley brought 2.25 per crate of 5 dozen bunches and radishes were 85c per basket.

Shipments from Florida yesterday included: Celery, rail 26 cars, truck 17 carlot equivalents, cabbage rail 2 truck 32 escarole rail 2 truck 6 and radishes rail 1 truck 4.

"SERVING ALTAMONTE SPRINGS, CASSELBERRY, FERN PARK, LONGWOOD, MAITLAND, NORTH ORLANDO AND SANFORD." . . . from HIGHWAY 17-92 and STATE ROAD 436

By LARRY VERSHEL  
Anyone ever thought about forming a little theatre group for Sanford?

Overheard in the drugstore . . . Mack Cleveland Jr., Bill Hutchison, Karlyle Housholder, Gordon Frederick, S. J. Davis . . . I went something like this . . . There goes my golf game . . . I'm shocked . . . I thought he wouldn't call a session unless he could swing the right number of votes . . . He's our most extensive governor . . . Eh . . . It was 28 in Tallahassee . . .

Notice the new look on Fulton St.?

It was 38 degrees here at 8 a.m. . . .

If John Fitzpatrick forgets about a \$3,000 pay raise for the commission, I'll forget about the Palms. OK?

I wonder why urban renewal was thrown on the dump heap? Are our city commissioners afraid of the legislators?

John Burton is adding something new at the Caribe Lounge (Valdez). Workmen are in the process of paving the parking place.

Have any old French books and texts in your library? Junior High French teachers would appreciate having them for the volunteer French class. Good cause.

Weatherman says to be sure to protect your car water system tonight. Even if you drain the radiator, watch out for the water pump. One chap we know during the last freeze hung a light on an extension cord inside the hood next to the radiator. Worked, too.

Don't forget public drive Saturday . . .

Boaters had better forget about that \$30,000 stadium.

St. Johns-Indian River barge canal will get a boost Friday when the Florida Waterways Association directors meet at the Mayfair. This canal would tie in with the Cross State canal. Later would route water traffic up St. Johns to Jax. St. Johns-Indian River canal would lead the traffic proceed down toward Cape Canaveral.

Those legislative hearings will still be held Feb. 1, special session or not. . . . Indicates Mack Cleveland Jr.

Even Washington will get in the act Monday night . . . Navy really wants that pipeline here.

Watch for announcement soon for Hunt Co. to start work on 200 apartments.

Road Supt. J. C. Lavender deserves a pat on the back . . . He took two beat up trucks from the dump yard and salvaged them for operational use.

Jack Burns was named chairman of the Casselberry Planning and Zoning Commission at an organization and discussion meeting of the group Monday night.

If there's any money left over from the Seminole Blvd. project it will be returned on a pro rata basis by Casselberry to Seminole Raceway.

The only thing holding up Casselberry's annexation of Seminole Plaza at Hwy. 17-92 and SR 436 is the town's decision on whether or not to approve the proposed water rate raise for Casselberry Utilities Co. # Seminole Braces For Murderous Freeze

## Punishing Cold Slaps Southland

### County Crops In Jeopardy

Old Man Winter, already gripping the North, was bracing himself today ready to launch the season's second freezing blast at Seminole County's multi-million-dollar agricultural industry tonight.

Weather prediction here today was a low 15-20 degrees for tonight in this area, a repeat of the 16-20 degrees which hit Seminole County last Dec. 12-13.

The Weather Bureau at Miami warned all interests to guard against freezing temperatures as far south as the Everglades tonight.

The Florida Experimental Station here offered a glimmer of hope, though, late this morning. Low reading last night was 37 degrees at the station's farm, with a 38 at 8 a.m. and 41.5 degrees at 10:30 a.m.

However, B. F. Whitner Jr., assistant horticulturist, said "the thermograph shows a good slant downward and it appears it will stay that way for a while."

He added that "we hope the crux comes during the daylight hours today" so that citrus and vegetable crops will be spared a second freeze.

"It looks bad," was the expression of Cecil Tucker, county agricultural agent, reached this morning by The Herald by telephone at Tavara where he is attending a meeting.

"If the mercury drops down to 25 degrees," he said, "we can look for considerable wood damage to our citrus trees."

He explained that, following last night's freeze, the citrus damage ran into the thousands of dollars. "There has been a considerable amount of 'flushing out' of our citrus trees. They now are more susceptible to a freeze than they were before the first freeze. A second freeze could have a drastic effect."

Tucker continued that the cool weather since the December freeze has held down the "flushing out" after the tree damage and "that is what we like." He said that "it is nature's way to help trees come back but a second freeze could prove more damaging than the first."

The agent continued: "We are always fearful of an early freeze because the citrus trees and crops then are more susceptible to damage or complete loss from subsequent freezes."

Nurserymen and others advised citrus growers, flower lovers and others, after the December freeze, to do no pruning until March or April, to protect plants from subsequent low temperatures such as are predicted here for tonight.

The Casselberry Board of Aldermen and officials of Casselberry Utilities Co. will meet at 7:30 p. m. today at the Women's Club at which time the board is expected to act on the company's request for a water rate raise.

Under consideration will be the proposal made Tuesday night by the company setting a \$3.50 minimum for the first 7,000 gallons; 25 cents per thousand up to 20,000 gallons and 22 cents per thousand thereafter.

Any agreement reached between the town and the company on a rate raise will of necessity have a bearing on the original 10-year franchise agreement scheduled to run until 1965.

The sweeping nature of the plan was the surprise element in a 9,000-word message in which Kennedy spelled out his anxiously awaited request for a three-step reduction in personal and corporate tax rates.

His blueprint also called for new tax preferences for most persons over 65, for many working mothers and for professional athletes, authors and others whose earnings fluctuate widely. He urged tougher tax treatment for the oil and gas industry, stock dividends and stock options enjoyed by some corporation executives.

The only thing holding up Casselberry's annexation of Seminole Plaza at Hwy. 17-92 and SR 436 is the town's decision on whether or not to approve the proposed water rate raise for Casselberry Utilities Co. The company and Plaza owners already have come to terms for water and sewer service to the shopping center.

## 'Last Futile Attempt', Bryant Says On Session

TALLAHASSEE (UPI) — Gov. Farris Bryant said today he has no assurance that the special session of the Legislature he has called for next Tuesday will adopt an acceptable reapportionment plan and conceded the chances are only "50-50."

Bryant said he called the session simply in a last "desperate" effort to attempt a solution by the Legislature before the federal court takes over.

"We're in a political jungle and have to fight our way out thickly by thickly," he said.

"Both sides in the reapportionment battle wanted a last opportunity to attack the problem again and I wanted to exhaust every possibility."

Bryant said he will not address this session and outline a plan for its consideration as he did in two previous extraordinary sessions in the past five months.

"They know my plan by heart," he said.

Bryant has been trying hard to sell the legislators on a 42-Senator, 144-Representative plan but said he had failed miserably.

He also has recommended a Senate reshuffle within the existing 38-Senator seats but was unable to get a majority commitment on that either.

The governor said he not only has no assurance that the Legislature can agree on a plan but has no assurance that if they do, it will win approval of the federal court which ordered the reapportionment and must pass on any approved by the special session.

The only commitment he has, the governor said, is that

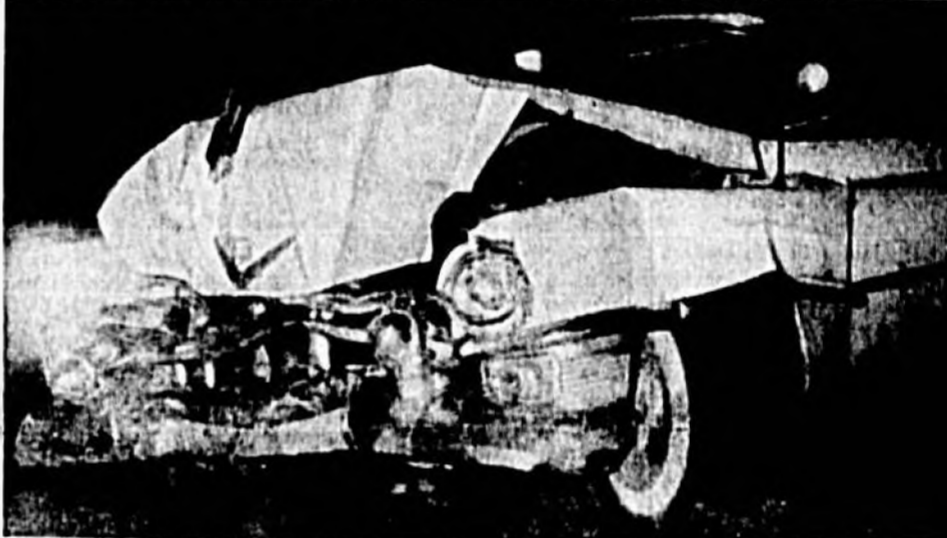

If the Legislature reaches a stalemate within one week, leaders will make every attempt to adjourn the session and go home without lifting out the full 20 days allowed under the call.

"I have not got a majority commitment on this, but I have the word of the leadership that a try to adjourn will be made."

The governor said there is no chance for anything except a simple statutory apportionment since a constitutional amendment would require at least three months to get to the people and would not meet the court mandate for reapportionment by the time the regular 1963 session convenes April 2.

Bryant said he is toying with the idea of asking the Florida Supreme Court for an advisory opinion on whether a statute increasing the size of the present 38-Senator, 95-Representative Legislature would violate the state constitution.

But he may not ask for the opinion, he said, "because I am afraid of what the answer will be."

THREE PERSONS were injured when these two cars collided at 1 a. m. today on Highway 17-92 at Fern Park. Estimated damage was \$700 to the auto of Chester Shirley (top photo) and \$400 to the car of Charles Ward (lower photo), according to the Highway Patrol. (Herald Photos)

## Three Injured In Road Mishap

Three persons were injured, one critically, and all charged as the result of a two-car collision at 1 a. m. today on Highway 17-92 at Fern Park.

Highway Patrolman C. L. Tomlinson charged Norma Vest, of Apopka, with carrying concealed weapons. He said she was carrying a .22 caliber revolver.

Charles R. Ward, of Oviedo driver of one car, was reported in "poor" condition later this morning at Orange Memorial Hospital, Orlando.

Hospital attaches reported the condition of Miss Vest as "good."

Patrolman Tomlinson said Ward and Miss Vest were thrown from Ward's car to the pavement from the impact.

Chester Shirley, DeLand, driver of the second car, was treated for broken ribs at Orange Memorial Hospital, transferred for further treatment to Fish Memorial Hospital, DeLand, and released.

The officer reported Ward was making a U-turn when struck by Shirley's car.

Ward was charged with violation of the right-of-way and Shirley with unlawful speed, the patrolman reported, adding that "the personal injuries would have been far less had the motorists been using seat belts."

Dick Rhodes and Bill Chandler, Seminole County sheriff's deputies, assisted Patrolman Tomlinson in the investigation.

### Winds Ravage Midwest

By United Press International  
Howling winds, accompanied by blinding flurries of snow and sleet, battered the Midwest and southland today in one of the most punishing cold waves of the century.

The bitter cold was blamed for at least 10 deaths in Michigan and four in the South—three in New York, two in Alabama and one each in Georgia and Tennessee.

As the gale-force gusts drove through Dixie all the way to the Mexican border, temperatures fell as much as 50 degrees within hours.

Paris of Mississippi, Alabama, Tennessee, Virginia and North Carolina were buried beneath the most vicious snowfall to hit the South in many years.

It was Michigan, however, that bore the heaviest brunt of the storm.

An elderly man in Monroe, Mich., near the Ohio border, was found frozen to death in his home Wednesday. He was sitting in a rocking chair in front of an open window. His death and another in Detroit raised the toll of storm victims in the Wolverine state to 10.

In Detroit, the mercury plummeted to 12 below, a record low for Jan. 23 in the Motor City. It also was the coldest reading there since Feb. 8, 1934, when the temperature dropped to 10 below.

Nonetheless, the Michigan weather story was not without its lighter aspects.

—In Nankin Township, a Detroit suburb, power lines weighted down by ice snapped and "marooned" several customers in Herby's Bar for about two hours. Police said a "good crowd" waited patiently at Herby's until men from the Detroit Edison Co. came and cut the power lines, making it safe for them to leave.

—In Clare, Mich., snow and sub-zero temperatures failed to dishearten Mrs. La Vina Hadalaugh, the hardy housewife who is camping out for eight days to win a \$150 bet. The 47-year-old nature lover has been augmenting her meat ration of four steaks and one pound of bacon by catching fish since she entered the woods last Friday.

The cold wave also failed to dampen the spirits of movie lovers in Little Rock, Ark., where occupants of 18 cars braved 7 degree temperatures to sit through a double feature at the Razorback Twin Drive-In Theater.

# Jaycee Presidents Serve Many Ways

**By Dot Wigglesworth**

The primary aim of the organization known as the Jaycees is to develop leadership. This is done by using the brains, muscles, resources, talents and abilities of young men of this organization to better the community while the men themselves grow and develop, find self-expression and learn how to work with other men.

That this organization has accomplished this aim over the years is shown by taking a good long look at what the men who rose to the presidency of the Jaycees have gone on to do for the community, the city, the county, the state and even the nation.

There have been 18 presidents since the Jaycees were re-organized after World War II, and JULIAN STENSTROM served as the first one, in 1945-46.

DURING the time he lived

in Sanford, Stenstrom was managing editor of the Herald, sports director at WTRR, as well as being the bellwether for the infant organization. Since then he has served as executive secretary for the Baptist Foundation, and is Director of the Alumni Assn. of Fresno State College in Calif.

JOHN RATIGAN, who was Jaycee president in 1946-47 also served on the city commission, and was general manager of Seminole County Motors. From available information, he apparently now lives in Pensacola.

J. BRAILEY ODHAM, . . . This 1947-48 president of the Jaycees also won the nomination as State President of the Jaycees, and almost became the governor of the state. He has served as Chairman of the State Milk Commission, as well as serving in many other capacities too numerous to mention.

GORDON BRADLEY, 1948-

president, is FHA Director for Sanford and Seminole County, and is a lay leader in the Episcopal Church among other activities, many of them in work with children and students.

JOHN M. BENKARIK, 1949-50 was an official in the senior chamber and active in many community affairs. He has since moved away, and the footprints have become a little obscured.

WILLIAM "BILL" STEMPER, 1950-51, won the Good Government Award as well as being elected president of the Jaycees. He was at one time the Mayor of Sanford, and

served a stint on the City Commission. He has also been President of the Seminole County Board of Realtors, vice-president of the Florida State Assn. Realtors and vice-president of the State Mortgage Brokers Assn. He is presently a Deacon in the Pinecrest Baptist Church.

JOHN KADER, 1951-52 president, also served on the City Commission of Sanford, and has been Sergeant-at-Arms in both Rotary and Lions and is a trustee of the First Baptist Church.

No information was available at press time on Tim Crawford who served as

president in 1951-52. In 1952-53, the reigns of the young men's organization were picked up by one of the community's most distinguished men, DOUGLAS STENSTROM. The youngest County Judge ever to hold office here, he later went on to serve 12 years as State Senator, has been for many years School Board attorney, and is chairman of the Long Range Planning Committee of the C. of C.

This young man is also the President of the Henry Shelton Sanford Memorial Library, was Chairman of the Children's Commission, Chair-

man of the Red Cross and President of the Kiwanis Club. He now serves Kiwanis as organizer of new clubs.

In his church, the First Baptist, Stenstrom is a former chairman of the board of deacons and teaches a young men's Bible Class.

CLIFFORD ABLES, president from 1953 to 54 was also president of the Lions Club and serves as a deacon in the Pinecrest Baptist Church.

Of Herbert Roller, who served as president in 1954 and 55 not much could be learned, as he has since moved away.

A.B. (TOMMY) PETERSON

JR., 1955-56 has served for many years as Disaster Chairman for the Red Cross, a position which has brought him much responsibility.

GEORGE ANDREW SPEER, 1956-57 leader, has also been President of the Bar Assn. and is now President of Kiwanis. (He is also known among friends as having a very high attendance records at conventions.)

M. L. "SONNY" RABORN JR. served the Jaycees as their president in 1958-59, serves his church as superintendent of Sunday School (Holy Cross) and serves the community as one of the new City Commissioners.

TOM McDONALD, 1958-59 Jaycee presy, holds many offices. He is presently Mayor of Sanford, having served on the City Commission two years. He holds or has held these other official duties; treasurer of the First Methodist Church; President of the Rotary Club; Chairman of the Industrial Committee, Director of the Sanford-Seminole Development Corp.; vice president of the Florida Land Title Assn.; Chairman of the Commission on Education (Methodist) and a charter member of the Port Authority.

MASON WHARTON, 1959-60 president is now a member

of the Seminole County School board and is active in his church and with children's groups, particularly Boy Scouting.

JOHN ALEXANDER, 1959-60 president, now County Commissioner from District Two, is also a member of the Port Authority; Chairman of the Osceola Airfield Committee; a member of the C. of C. Industrial committee, and a Director of the United Fund Organization.

GARNETT WHITE, last year's president has also been active in and served as president of the Seminole County Unit of the American Cancer Society.

Two of the men of the community who served as Jaycee presidents before World War II are ED KIRCHHOFF, past president of the Kiwanis Club, a Director of the United Fund, and formerly Chairman of the Salvation Army Advisory Board, as well as being ac-

tive in the Men's Club and the official board of the First Methodist Church.

FLOYD PALMER, the oldest Jaycee president, who served in 1927, "when the Indians were still here," as he puts it, has also been a Kiwanian for many years and in that organization has concentrated on working with the youth groups, particularly with the concentrated on working with the youth groups with the Marianna Committee.

## Meat School Conducted At HD Center

More than 75 people attended the Meat School held last Thursday at the Home Demonstration Center in Sanford.

The school was conducted by Dr. Robert L. Reddish, associate meat specialist at the University of Florida in Gainesville, in cooperation with the Seminole County Agriculture Extension Service. In charge of local arrangements were Miss Myrtle Wilcox, home demonstration agent; Cecil Tucker, county agent and Ernest C. Lundberg, assistant county agent.

Also assisting was Miss Lucy Nowlin, home economist with the Florida Power and Light Co.

Dr. Reddish opened the program by showing films on the identification of meats after which he prepared various cuts for baking, pot roasting and broiling. Used were T-Bone steak, beef chuck roast, rolled Boston butt, standing rib roast, roast leg of lamb and loin pork roast.

After preparation the meats were cooked in the kitchen under direction of Miss Nowlin who was assisted by Mrs. Martin Jackson and Mrs. H. L. Johnson. These later were

garnished and carved by Dr. Reddish and sampled by those present for the school.

Dr. Reddish also listed rules to follow on the correct methods of buying meats according to grade, on methods of storage by freezing and in preparation of economy cuts including tips on barbecuing and tenderizing and instructions for making low calorie meat balls.

Door prizes of various meat cuts were presented at the close of the school.

**PREPARING MEATS** for last Thursday's Meat School held at the Home Demonstration Center in Sanford were, top photo from left, Miss Lucy Nowlin, home economist for Florida Power and Light Co., Mrs. H. ## Legion Post And Auxiliary Give Program For Veterans

DeBary's Herbert D. Gibb American Legion Post 250 and its Auxiliary sponsored an afternoon of entertainment last Sunday at the Lake City Veterans Administration Hospital.

A cavalcade of cars was formed in DeBary for the trip and DeLand school buses transported band students and their instruments.

Upon arrival the groups were welcomed by W. C. Baldwin, assistant administrator who, in the welcome address before luncheon, informed that the hospital formerly was the University of Florida before its location was moved to Gainesville and that Stetson University also once called some of the buildings "home."

The show got underway at 1:30 p. m. with every chair occupied and bed cases listening in over speakers and ear phones from their rooms.

In addition to DeLand's Band and Majorette Corps, those taking part on the program included Robert N. McGee, Mrs. Adam Muller and Laura Platt Brown, all of DeBary and Miss Elizabeth Lee, soprano of DeLand substituting for Florence St. Amand who was too ill to make the trip.

Past and present officials of the Post and Auxiliary in attendance were introduced by Fred McLaren, commander.

# Tax - Primer - - - What Is Income ?

A KEEN INTEREST was shown by men of the Bear Lake Community Club in last week's film program entitled "Lady and the Stock Exchange" although the program was aimed primarily at providing the ladies with more information on the subject. Among many talking with Kim Barley, program guest at right, after the film was shown were William Bunnell, center, and William Carpenter.

## Community Club Sees Film

Featured speaker for last Thursday's meeting and program of the Bear Lake Community Club was Kim Barley of the A. M. Kidder offices in Sanford.

Barley began by showing the film, "Lady and the Stock Exchange," which pointed out with some hilarity the do's and don'ts for a family of medium income in planning, getting information from a reputable brokerage firm and, finally, purchasing stock.

A visit to the stock exchange was among high points of the film which concluded with scenes of the every day hustle and bustle of buying and selling stock on the floor of the exchange.

A question and answer period was encouraged by the speaker who advised that there are 17 million stockholders in the country with one out of each six adults holding stock. He added that 55 per cent of the stocks are owned by women.

In answer to a question the group was informed that the average annual income earned by stockholders is \$9,500.

Upon closing the program Barley issued an invitation to all present to visit the offices in Sanford.

During the following business meeting of the club it was announced that membership dues are now payable to Mrs. Robert Conover chairman, who soon will get the annual membership drive underway.

Guests welcomed were Mr. and Mrs. D. Howell, Mrs. C. Anderson and Mr. and Mrs. John Darnell. The monthly "pig in the poke" prize was won by Mrs. Richard Osterlander.

Refreshments were served by Mrs. Louise Shaw and Mrs. W. Bunnell, hostesses.

Hostesses for the February meeting will be Mrs. Nan Biehl and Mrs. Alan Wentworth.

## Club Has Record Meeting

This week's Tuesday afternoon session of the DeBary Duplicate Bridge Club set a record for the group which had 18 tables playing in two sections.

Winners in section one, directed by Col. William Hague, were NS, first, Mrs. Ruth Blatt and Phil DeBerard; second, Mrs. D. F. Scudder and Mrs. George Croaker; third, Mrs. Louise Middleton and Joseph Hudulla, and fourth, Mrs. Edna Reilly and Mrs. R. S. Stevens.

EW, first, Mrs. William Woodcock and Mrs. David Singer; second, Mr. and Mrs. Charles Daglia; third, Mr. and Mrs. E. N. Hinkle and fourth, Mrs. Gloria Accardi and Mrs. Harry Schob.

Winners in section two, directed by Jessie Pearsall, were, NS, first, Mr. and Mrs. E. Z. Walters; second, Dr. and Mrs. Earl Sandborn; third, Mrs. E. E. Anderson and Mrs. D. Wilson and fourth, Mrs. A. G. Beson and Mrs. Frank Holder.

EW, first, Loris Weeks and R. T. Stevens; second, Mrs. Minnie Heitman and F. R. Froehlich; third, Mrs. Marian Ackerman and Mrs. Elsa Utker and fourth, Mrs. F. J. Matheson and William Litt.

The club is sponsoring a series of contract bridge lessons with Mrs. N. J. Niver of Daytona Beach serving as instructor. A total of 67 students attended this week's Tuesday morning session and stayed to play duplicate bridge at the regular meeting.

## DeBary Republicans Install New Officers

New officers of the DeBary Republican Club were installed at last week's meeting by Judge Albert D. Williams.

Taking over were Horace A. Demarest, president; Mrs. Earl D. Merrill, first vice president; Mrs. Adam Muller, second vice president; John A. Park, third vice president; Mrs. Lawrence Timley, corresponding and recording secretary; Mrs. Marie Accardi, financial secretary and Mrs. Lillian Wynn, treasurer.

Rev. Paul Schultz was appointed to serve as chaplain. Ralph Whitherell, retiring president who presided, opened the meeting, welcomed members and guests and expressed his appreciation to all who had helped make this three year's in office as pleasant.

Demarest urged a big turnout for the Lincoln Day Dinner to be held at the Sletson Union Building in DuLand at 6:30 p. m., Feb. 13. Tickets for the dinner, which will include a program of high quality entertainment, are now available.

Refreshments and a social hour followed at the close of last week's installation meeting.

This is the seventh of eight articles in the Newspaper Enterprise Assn. Income Tax Primer.

By Richard A. Mullens and Charles W. Schoeneman

Do you have the idea that all money you received last year is reportable as income on your tax return due before April 15, 1963?

Do you believe that because you did not receive cash but only property (or a promise to pay, you do not have any income to report?

You may be wrong on both counts.

If you received life insurance (or accident or health policy) proceeds last year paid because of the death of the insured person, this amount would generally not be taxable income.

Suppose, furthermore, the employer of your deceased husband paid you, as his widow, a sum of, say \$7,000; is that taxable? Generally, \$5,000 of the amount is not taxable—if the employer has paid no other amount to anyone else.

If the employer paid, for example, another \$3,000 to your children because of your husband's death, the \$5,000 exclusion must be apportioned among the total \$10,000—\$2,500 to you and \$1,500 among your children. This \$5,000 employee death benefit exclusion is a specific legal allowance, strictly controlled and limited by law.

Now, there are two additional rules which might change the result of the example. One in your favor; one not so favorable.

Gifts are not taxed and there is no limit on them. Therefore, if the amount the employer pays you, as the employer's widow (and/or your children, regarding a sum of amount), is a gift (within the meaning of the law), then, courts have said, whole amount is tax-free.

—However, if the employer was only paying you certain amounts, such as your husband's unused annual leave or his earned bonus, payable to him during this life, the exclusion would not apply. Nor does the exclusion apply to any other amount to which he would have been entitled had he lived or to which he could not have forfeited his rights.

There are, however, many complicated additional rules which will permit the \$5,000 exclusion if your husband was a party to any number of plans, trusts or contracts which his employer might have established. Investigation is wise.

Ordinarily, amounts paid under a joint and survivor's annuity under which the employee was the primary annuitant are NOT excludable under the above \$5,000 exclusion, if the annuity starting date occurred prior to the employee's death.

As mentioned, there are other items as contrasted with life insurance and employee death benefits that are taxable even though not received—or not received in cash.

Q—Suppose you take a new job and your new employer pays your moving expenses to the post of your new duty for you, your family and your household possessions, is that income, even though he pays for the transportation and for the mover directly?

A—Yes on both counts. But *not* if you held that job at your old (present) employer, at his convenience (and not yours), does the same thing, you do not have income subject to tax.

Q—Does a husband who transfers appreciated stock in a property settlement prior to divorce in exchange for his wife's marital rights have any income on the transaction?

A—The Supreme Court recently said yes—generally to the extent of the fair appreciation in value of the stock over its cost.

Q—How is alimony generally treated?

A—Ordinarily it is now tax-Child support designated as however, taxed to the wife and husband to a dependency ex- deductible by the husband, such in the divorce, separation not deductible by the husband, emption. or other instrument is not, it MAY however, entitle the Next: Medical deductions.

In New York this morning, Florida cabbage was slightly higher at \$4.00 per crate. Carrots dropped slightly to \$4.00 per crate of 40-1 lb. film bags. Celery was steady at \$3.50-\$3.75 per crate of 2 to 3 dozen size, with a few 2 1/2 doz. at \$4.00. Cartons of 18 celery hearts were \$3.25-\$3.50. Chinese cabbage was a bit higher at \$2.25-\$2.50. Endive was mostly unchanged at \$2.00-\$3.00, mostly \$2.50-\$2.75, and escarole was steady at \$2.00-\$2.50. Fair quality romaine lettuce brought \$1.50-\$1.75 per crate, plain parsley was \$5.00 per crate of 5 dozen bunches and radishes ranged 85 cents to \$1.25, mostly \$1.00 per basket of 30-6 oz. film bags.

In Central Florida yesterday, cabbage moved rather slowly at \$2.75-\$3.00 per crate. The first celery offerings of the season from Sanford sold well at \$2.00 for 4 dozen size and \$2.25 for all others. Fair quality endive and escarole were about unchanged, with endive at \$1.50-\$1.75 and escarole \$1.25-\$1.50 per crate. Iceberg lettuce brought \$3.00 per crate for fair quality and \$2.50-\$2.75 for poorer. Romaine and big Boston types of lettuce were \$1.50 per crate. Green onions sold for \$1.00 per dozen bunches and parsley was \$2.25 per crate of 5 dozen bunches. Radishes were mostly around 75 cents per basket, with some as low as 60 cents.

# Annual Sorority Luncheon

REPRESENTING THEIR SORORITY chapters at the joint luncheon and fashion show are left to right, Mrs. Joe Corley Jr., Mrs. Jack Erickson,

Mrs. Joe Donnison, Mrs. V. B. Hardin and Mrs. Paul Lewis.

(Herald Photo)

A joint luncheon meeting of the four chapters of Beta Sigma Phi was held Saturday at the Hamilton House. The group held a similar meeting last year and it was so successful they decided to make it an annual affair.

Forty-five members were present for a luncheon of filet mignon, with all the trimmings, followed by a delightful fashion show. Fashions were presented from Playgirl Fashions in Fern Park. Jeanne Warnke was commentator and gave a review of what will be fashionable in 1963.

Theme for the show was "Early Spring Birds Fashions." Models were Mrs. Durt Revels, Mrs. Don Smith, Mrs. Wallace Peacock, Mrs. Paul Lewis and Mrs. Don Cahill.

Make up was through the courtesy of Beauty Counselor and four floor prizes were awarded. They were donated by Playgirl Fashions, Beauty Counselor and the Theta Epsilon Chapter of Beta Sigma Phi. All models were from this chapter, who was host chapter for the occasion.

## Officers Wives Of VAH-3 Meet For Coffee

The Afterburner Room of the HQ was the site of the January VAH-3 Officers' Wives coffee. Hostesses for the morning affair were Mrs. Albert Antar, Mrs. Frank Branson and Mrs. Louis Kriser.

Mrs. Roy Farmer, president, welcomed guests. Mrs. Jackie Wabuk and Mrs. Freda Bishop. Farewell silver gifts were presented to Mrs. Charles Guthrie, Mrs. William Belay and Mrs. Burtland Weber, who will be leaving this month.

Plans are in the making for the luncheon next month. Mrs. Farmer urged that all members make this a must as there will be an added attraction. Members desiring to play bridge or canasta on the first Thursday of every month, please contact Mrs. Kenneth Sandon.

Mrs. Lewis, social chairman of Theta Epsilon, was also general chairman of the arrangements for the day. Three types of fashions were modeled by the group: sports,

## Glenda Largent Celebrates Third Birthday

By Donna Estes  
Little Glenda Largent, daughter of Mr. and Mrs. Wesley Largent, celebrated her third birthday last week with a family birthday party at their home, Midway Heights, in Longwood.

Her aunt, Mrs. Carl Lommel, baked a beautiful birthday cake with white frosting and decorated in green. Across the top was written "Happy Birthday" and small plastic animals including a giraffe, lion, hippopotamus, elephant and tiger were placed on the top as though they were parading around.

Following the gift opening, Glenda's small fry cousins, Pam and Carol Hicks, Janice and Barbara Lommel, all of Longwood, and Gary and Becky Metcalf of Oviedo were served the birthday cake and punch.

While the children were enjoying the party the grown-ups, Mrs. A. J. Metcalf, Mrs. T. E. Hicks, Mrs. Lommel and grandparents, Mr. and Mrs. C. H. Largent, were served cake and coffee.

## New Arrivals

Mr. and Mrs. Robert A. DePree of East Meadow, N. Y., announce the birth of an eight pound, four and one-half ounce daughter, Debra Jo Ann, Jan. 12 at the Hemphstead General Hospital in East Meadow.

Maternal grandparents are Mr. and Mrs. J. B. Grant of Longwood and great grandmother is Mrs. M. L. McDaniel, also of Longwood.

Paternal grandparents are Mr. and Mrs. Abe DePree of Hawthorne, N. J. The couple has one other child, 23 month old Robert Jr.

afternoon and evening wear. A pink and white color theme was carried out in decorations with an arrangement of pink roses adorning the head table.

GLENDA and her birthday cake.

Presidents of the four chapters are Mrs. Joe Corley, Zeta Xi; Mrs. Jack Erickson, Theta Epsilon; Mrs. Joe Donnison, Gamma Lambda, and Mrs. Glenn McCall, Zeta Beta Eta.

## Garden Circles

WOODROSE CIRCLE  
Members of the Woodrose Circle enjoyed a trip to the Florida Nursery in Leesburg as their January program.

A tour of the nursery was conducted by Mr. Holtz, followed by lunch which was brought by the members.

Mrs. Walter Gardner was introduced as the new general courtesy chairman. Horticulture chairman, Mrs. Vernon Elleks, gave a report on steps to take to aid in the recovery from the freeze damage, planting and pest control. New members welcomed into the club were Mrs. Elmer Avenet and Mrs. Phillip Logan.

All members of the Garden Club are invited to attend the Feb. 14 meeting of the circle, when Mrs. Alice Smart will speak on landscaping. A recent social for club members and friends was held at the home of Mrs. John Gorman.

When sewing a dress for yourself or a child, sew a patch of the material to one of the seams on the inside. Each time the dress is laundered, the patch will be laundered, too. Then should you ever need to mend the garment, the material will match exactly.

## Homemakers

By Mrs. H. L. Johnson

I found this saying in a cook book I was looking through recently at my daughter's and thought you readers might enjoy it. It's called "The Cook's Creed" and goes like this:

The health of my family is in my care; therefore— I will preserve as far as possible the nutritive elements in the foods which are delivered to me.

My family's enjoyment of food is in my care; therefore— I will preserve and enhance the attractive qualities of the foods with which I work.

Stretching the food dollar is part of my responsibility; therefore—

I will take such care of foods that none will spoil. I will use leftovers with thought and skill.

A well prepared dish and an appetizing meal are a creative achievement; therefore—

I shall derive happiness from work itself. Good food is of prime importance to my family; therefore—

I shall take pride in doing an outstanding job.

How do you like it?

This week for our "favorite of other lands cookies" let's try something from Holland. Dutch cookies are very rich, many of them calling for brandy or wine instead of water or other liquids. They use quite a bit of butter and cheese in their baking. Cookie baking in Holland is practically a daily chore and must be fitted into the regular household routine which is a part of every good Dutch housewife's homemaking. These cookies are called Sand Tarts.

Preheat oven to 350 degrees F.  
COMBINE and blend well:  
1 cup butter  
1/2 tsp. salt  
1 tsp. vanilla  
1/4 tsp. almond extract  
BEAT in gradually:  
1 1/2 cup sugar  
BEAT in:  
1 egg  
STIR in:  
2 cups sifted flour  
ADD:  
1-6 oz. pkg. (1 cup) Nestle's Semi-Sweet Chocolate morsels  
Drop by teaspoons on ungreased cookie sheet. Bake at 350 degrees for 15 minutes. Yield approximately 6 dozen.

Let's try this meat dish. It will serve four.  
Pork Chops in Applesauce Gravy  
1 1/2 lbs. loin pork chops (4)  
2 tps. finely minced garlic  
3 tps. flour

1 tsp. salt  
1 1/2 cups boiling water  
1 cup canned or fresh applesauce  
1 tsp. lemon juice  
Brown chops on both sides in a well heated skillet without the addition of fat. Arrange chops in a shallow 10 by 6 by 2 baking dish. Cook minced garlic until tender in pork fat left in skillet. Then add flour, salt, pepper and meat sauce, blending mixture thoroughly. Add water and cook until mixture is thickened and boils, stirring constantly. Then add applesauce and lemon juice and mix thoroughly. Pour over chops. Place in hot oven at 400 degrees. Bake for 1 1/2 hours.

Here is a recipe that was requested by Henry Jameson. It was sent to us by Ellen Dossey, "Old Fashioned Sweet Potato Pone." Be sure to try it as it sounds very good.  
6 raw sweet potatoes  
1 stick butter  
1/2 cup sweet cream  
1/2 tsp nutmeg  
1/4 tsp vanilla  
2 eggs  
1 cup molasses  
1/2 cup chopped nuts (if desired)

Peel and grate raw potatoes. Combine all ingredients, pour into shallow baking dish and bake in moderate oven 350 degrees, stirring several times until it begins to brown. Then let brown crust form.

Here is a pretty colored cake called "Iced Velvet Cake." It comes from Mrs. Fort Poole.  
Cream:  
1/2 cup butter or Crisco  
1 1/2 cups sugar  
Beat and add:  
3 eggs  
Make paste of:  
2 tps. cocoa  
1 oz. red food coloring  
Beat well.  
Add:  
2 1/2 cups cake flour or regular flour  
1 cup buttermilk (alternately)

Add:  
1 tsp. vanilla  
1/2 to 1 tsp. salt  
Mix together:  
1 tps. vinegar  
1 tsp. soda  
Add to batter. Makes three 8-inch layers. Bake 350 degrees for 30 minutes.

Cooked Icing  
5 tps. flour (or 2 1/2 tps. cornstarch)  
1 cup sweet milk (or boiling water)  
Cook until thick. Let cool.  
Cream:  
1 cup sugar

## Corner

1 cup butter or oleo  
Add vanilla (1 tsp.)  
Add to flour mixture; beat like cream.

According to the United Fresh Fruit and Vegetable Assn., sweet potatoes of the deep orange-colored varieties are important sources of carotene. The content is high and increases during the period of storage before sweet potatoes reach the retail market. The carotene content drops gradually after six months.

We like the sound of this recipe from Mrs. O. M. Witt for Pecan Slices.  
Mix well and pack 1/2 inch thick in a greased 10 by 15 pan:  
1 cup butter  
1 egg yolk  
2 1/2 cups flour  
1 cup sugar  
2 tsp. cinnamon  
Beat until stiff and spread on top of dough:  
1 egg white  
1 tps. sugar  
Add and press into dough:  
1 cup chopped pecans  
Bake at 350 degrees for 20 minutes. When cool cut into 1 by 2 sticks.

We also have from Mrs. Poole a recipe for a Million Dollar Cake which I will give next week. Don't forget to send in those recipes to the new address. Rte. 1, Box 31-B, Sanford.

## Twist Party Enjoyed In Longdale

By Donna Estes  
Miss Barbara Evans and Master Donald Kendrick were host and hostess at a recent twist party held at the Kendrick home on Lormann Circle in Longdale.

The youngsters as well as the parents who attended enjoyed twisting, eating and just having a good time in general from 6 to 8:30 p.m. Refreshments of potato

chips, pretzels, crackers and soft drinks were served. Guests included Alice Ison, Tracy Estes, Ronnie O'Neal, Freda Felgar, Jimmy and Tommy Walton, Sheila Hollis.

SOME OF THE TWISTERS at the party held at the Kendrick home, in Longdale, are left to right, Claire Zwolinski, Mark and Don Kendrick and Sheila Hollis.

### Mrs. Walton Hostess For Church Class

Members of the Homemakers Sunday School Class of the First Baptist Church met at the Loch Arbor home of Mrs. Glenn Walton for the monthly business and social.

Mrs. N. C. Booth gave the opening prayer and Mrs. G. T. Pittard led the devotion. Mrs. R. A. Cohen presented a poem entitled, "Look, God."

Mrs. John Fuller gave the secretary and treasurer's reports. During the business session, which was presided over by Mrs. W. W. Horne, president, members were requested to bring good used clothing for the needy families project.

During the social hour Mrs. Walton and co-hostess, Mrs. Cohen, served refreshments of cake, ice cream dessert bar, coffee, nuts and mints.

Others attending were Misses C. L. Park Sr., teacher of the class, T. A. Best, B. A. Beck, J. L. Hobby, J. Hofecker, Joe Houth, Curtis Lavender, E. C. Schrum and H. E. Long.

### Dorcas Class Welcomes Two New Members

The Dorcas Sunday School Class of the First Baptist Church met at the home of Mrs. John Walker, Ridge Road, Loch Arbor, for the monthly business and social.

Mrs. Eugene Pennington, president, conducted the business session and introduced two new members, Mrs. Edward E. Smith Jr. and Mrs. Leo Watson.

Mrs. T. W. Mero led the devotions using as her topic "Judging Others," supplementing the scripture from the book of Matthew. Mrs. Walker was assisted in serving refreshments by her daughter, Pat.

Others attending were Misses Charles A. Lewis, William Maliczowski, Raymond Williams, Harold Heckenbach, Charles L. Robinson, J. G. David, W. J. Brooks, Carl G. Tills, Douglas Stenstrom, Carl Meyer and Calvin Jardine.

#### NO SPILLS

If you're tired of powder that spills on your dressing table or liquid make-up bottles that shatter on the bathroom floor when dropped, you'll be delighted with a new aerosol make-up. A gentle push of the metered top releases a single drop of make-up on the fingertips. The fluid make-up comes in several flattering shades, and the attractive beige-and-white bottle is so light you can carry it in your purse.

### Miss Gregus Weds Roland H. Durand

Miss Dixie Lee Gregus, daughter of Mr. and Mrs. Anthony James Gregus, 936 Prosperity Road, Riviera Beach, and Roland Henry Durand, son of Mr. and Mrs. Swibert Durand, 413 Myrtle Ave., Sanford, were married Jan. 19 at the St. Francis of Assisi Church in Riviera Beach.

Rev. John W. Schlinkmann officiated at the 9 a.m. Mass. The altar was decorated with baskets of white gladioli and chrysanthemums and Miss Mae Leone, organist, presented a program of nuptial music. Given in marriage by her father, the bride wore a floor length gown of Chantilly lace fashioned with bodice and overskirt of silk organza. Her elbow length veil was attached to a crystal tiara and she carried a bouquet of white carnations.

Miss Juill Dick of Lake Park was maid of honor and Miss Cecelia Durand of Sanford, a sister of the groom, was bridesmaid.

The attendants wore blue satin bell-type dresses, royal blue headpieces with nose-tip veils and carried bouquets of pink carnations. Ronald Durand of Sanford was his brother's best man, Robert Durand of Sanford, another brother, and James Horny of Saginaw, Mich., were ushers.

Following the ceremony a wedding breakfast was held at the Colonial Room of Capt. Alex's Restaurant in Riviera Beach.

**SOFTEN DRY SKIN**  
If your skin is dry, moisturizing night cream applied just before you go to sleep will lubricate your skin. The moisturizing elements will be at work all night to soften and smooth your complexion.

The bride is a graduate of the Riviera Beach High School and has served as dental assistant for Dr. Jerry Guffey of Lake Park.

The groom attended schools in Sanford and Jacksonville and is presently serving with the U. S. Air Force at McCoy Air Force Base in Orlando.

The couple left for a two week wedding trip to Miami.

# Ready For Twenty-Pascual

United Press International  
Camilo Pascual believes he has several more 20-victory seasons in his arm—and the Minnesota Twins apparently think so too.

Once known as a very stubborn fellow around contract time, the 29-year-old right-hander from Havana, Cuba signed a \$35,000 pact with the Twins Wednesday. Both club officials and Pascual said it was "a nice raise" and Camilo said he's confident he'll be as effective in 1963 as he was in 1962.

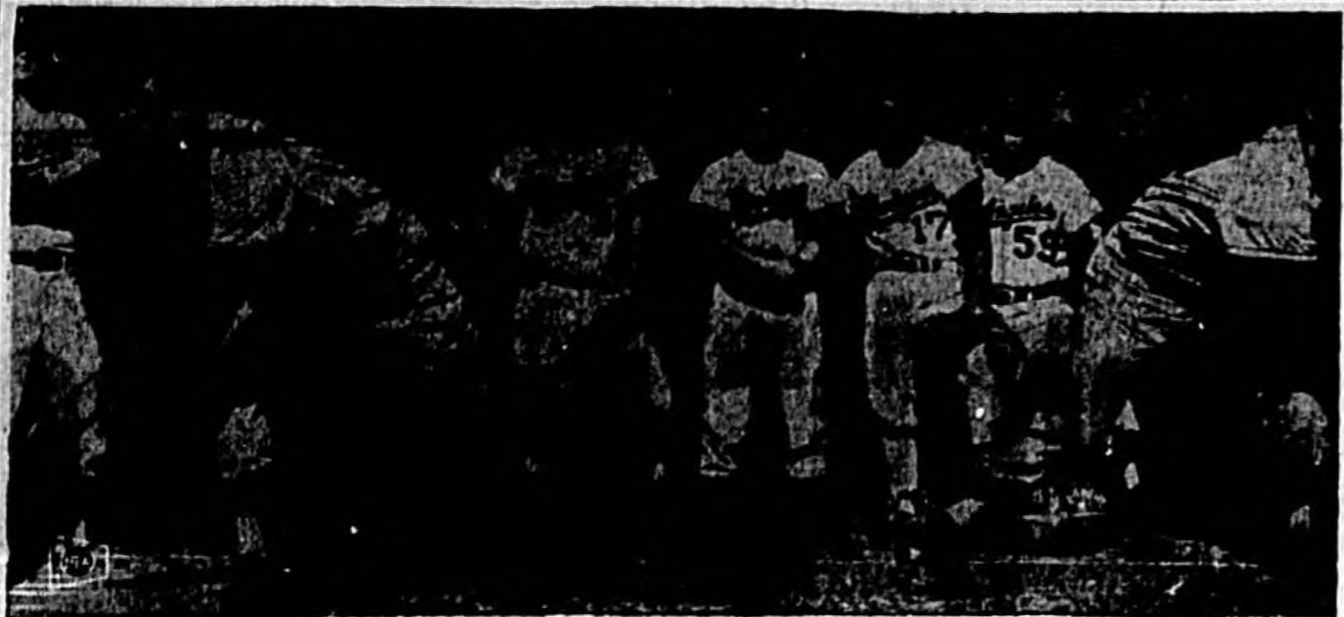

The Twins may very well be an American League pennant contender if he is because Pascual posted a 20-11 record and a 3.31 earned run average last season. He had 203 strikeouts, 18 complete games and five shutouts. The Twins also signed Dick Stigman, who had a 13-5 record, pitcher Gary Dotter and outfielder Joe Nassek.

as a rookie last season, agreed to a contract with the Chicago Cubs, who now have 22 players under contract. Koonce included a one-batter bonus in his contract along with his victories last season and three of his defeats

were by 2-1 scores. Infielder Marv Breeding, obtained in a trade with the Baltimore Orioles, signed with the Washington Senators along with infielder John Kennedy, rookie outfielder

Lon Plintiella and pitcher Roy Hoiser. The Senators now have 11 players under contract. The St. Louis Cardinals signed first baseman Al Cosgrove and Jeff Long and

pitchers Larry Jaster, Clint Stark and Bill Wakefield while the league champion San Francisco Giants signed pitchers Dan Rivas and Dick Holden and infielder Larry Edmondson.

**JUMPING THE GUN** — Dodger pitchers take advantage of a sunny day in Los Angeles to get in a workout at Dodger Stadium. On the mound are Ron Ferranoski, left, and Larry Sherry. Left to right in the background are Bill Singer, Ed Roebuck, Bob Miller, Phil Ortega and Coach Lefty Phillips. Nothing like having the arm in condition for a running start.

Chicago shortstop Woodie Held and infielders Mike De La Hoz and Max Alvis agreed to terms with the Cleveland Indians. Held batted .369 with 19 homers and 58 runs batted in last season and may face strong opposition for a regular job from Tony Martinez, up from Jacksonville of the International League.

De La Hoz appeared in only 13 games for the Indians last season while Alvis, former University of Texas football player, batted .319 for Salt Lake City.

Al Jackson, like left-ender Ross G-30 record was misleading in 1962, became the 6th member of the New York Mets to sign. Jackson pitched 12 complete games and impressed National League rivals as a pitcher with a bright future.

The Chicago White Sox brought their total of satisfied players to 19 with the signing of infielders Pete Ward, Al Weis and Sam Esposito. Weis, who appears to be a leading candidate to replace the traded Luis Aparicio at shortstop, stole 31 bases and batted .296 for the Indianapolis Indians in 1962. Pitcher Cal Koonce, 10-10

**Gators Top FSU, 94-86**  
By United Press International  
Scoring nearly half its points from the foul line, Florida defeated Florida State 94-86 Wednesday night in Gainesville.

The Gators, the only southeastern conference team seeing action, cashed in on 46 of 53 attempts from the charity stripe to the delight of a crowd of 7,000. Four Seminoles fouled out in the penalty-marked game.

Forward Tom Barbee led the Gator attack with 24 points, hitting for 16 of 19 attempts from the free throw line to tie a school record in that department.

Charlie Long scored 24 points for the Seminoles. Although the visitors trailed most of the game, they tied it up with a spurt midway through the second half, 71-71.

The victory was the second for Florida over the Seminoles this season. Florida is now 9-6 for the season and FSU is 9-9.

No SEC teams play tonight and Friday night. Saturday's schedule shows Auburn at Georgia, Tennessee at Georgia Tech, Mississippi State at Memphis State, Middle Tennessee State at Mississippi and Xavier at Kentucky.

**Joins Club**  
MONTREAL (UPI) — The Montreal Canadiens have recalled Gordon (Red) Berenson from Hull-Ottawa of the Eastern Pro Hockey League.

The former University of Michigan star scored 19 goals in 22 games with the Canadiens' farm club.

On the other hand, Ron Bonham is a match for any Illinois scorer with an average of 21 points a game and a nation-leading foul shooting

Ed Glascoin, who took over as Providence's first-string goaltender approximately two weeks ago, is a shot in the arm the Reds have been seeking.

Wednesday night Glascoin had another strong performance in the nets to help Providence whip Buffalo, 6-1, in an American Hockey League encounter.

The 23-year-old Glascoin, who had been warming the bench as understudy to Gil Meyer most of the season, has spearheaded the Red's four-game winning streak, having surrendered three goals in this stretch and only nine in his last seven contests.

## Fishing Trip Planned By Club

The DeBary Fishing Club has booked the Maryann out of Daytona Beach with Capt. Frank Timmons for a deep sea fishing trip planned for Feb. 25.

A total of 40 persons can make the trip and 26 members of the club already have made reservations. It is urged that those wishing to join the group for the day make arrangements with Clyde Wright, club president, at the earliest possible date.

Prizes including an ice chest, a casting or spinning rod, monofilament line, hunting knife and a minnow bucket will be awarded in conjunction with the trip.

The club also is sponsoring a fishing contest with prizes to go for the largest shad, bass or speckled perch. The contest will conclude with the Feb. 15 meeting. Entries may be weighed at the Western Auto Assoc. Store in DeBary or at weighing stations where the fish are caught. Prizes will be a year's membership in the club and a \$25 cash award for each winner.

The color film, "Lumber Lore," which shows how to locate and catch fish, also will be shown at the Feb. 15 meeting to be held in the Recreation Room of the Fire Hall beginning at 7:30 p.m.

## Cinci, Illinois Lock Horns In Crucial Cage Play Saturday

By United Press International  
What happens when an irresistible force meets an immovable object?

A thunderous crash results. This deafening sound will be echoed from Chicago Stadium Saturday night when Cincinnati (14-0), the nation's No. 1 team in college basketball rankings and defensive prowess locks horns with third-ranked Illinois (12-1), second highest scoring aggregation in the country.

In the other half of the season's most crucial double-header, No. 3 Loyola of Chicago meets Santa Clara. The Ramblers of Chicago have won 17 straight in running up cash register figures as the top point-maker of the campaign.

Santa Clara also has excellent credentials, sporting a 9-4 record and a tie for the lead in the West Coast Athletic Conference.

Actually, this twinbill could be a preview of NCAA tournament play.

The Bearcats of Cincinnati lead the Missouri Valley Conference as usual and have won the NCAA title the last two years. Illinois is heir apparent to Ohio State as the Big Ten Conference champ.

Cincinnati's vaunted zone defense could cause Illinois trouble, but the Illini may have the answer in Billy Burwell, who has the 11th best field goal percentage with a .561 mark.

On the other hand, Ron Bonham is a match for any Illinois scorer with an average of 21 points a game and a nation-leading foul shooting

percentage of .929.

More fireworks are due Saturday when sixth-ranked Georgia Tech shoots for a tie with seventh-ranked Mississippi State in the Southeastern Conference. Tech engages Tennessee in a league battle while State has an out-of-conference game with Memphis State.

Fourth-ranked Duke, tied for the lead in the Atlantic Coast Conference, and the No. 10 West Virginia Mountaineers, Southern Conference leaders, book up in a duel which could result in a drastic change of ratings. Art Heyman keys the Duke offense. Rod Thorn may hold the West Virginia answer to the Blue Devil scoring leader.

Wichita, ranked eighth, clashes with the Air Force. Arizona State (No. 5) and Stanford (No. 9) are idle.

## Patterson Dominates Play In Championship Bowling

KANSAS CITY, Mo. (UPI) — A balding kegler who never had much luck in the national championships and a seven-time champ grandmother today dominated the \$100,000 World Series of bowling.

Pat Patterson, 36, St. Louis bowling proprietor, stepped into the lead of men's competition on Wednesday night from sixth place. Robbie Robinson of Wilmington, Del., was second followed by a host of St. Louis men.

Marion Ladewig, a 48-year-old kegler from Grand Rapids, Mich., also jumped from sixth place Wednesday night to the lead of women. The calm, seven-time champion ousted Donna Zimmerman of Akron, Ohio, who dropped to second. Sylvia Wene of Philadelphia was third.

Afternoon and night sessions were slated with the men rolling four games and the women two each time in double round-robin duels. Scoring is by the Petersen system.

## Palmer, Player, Casper Pace \$50,000 Lucky

SAN FRANCISCO (UPI) — Arnold Palmer, Gary Player and Bill Casper led the birdie brigade off the tee in the first round of the \$50,000 Lucky International golf tournament today.

But before teeing off, Palmer took a good look at the rules. Last week the king of the golfers was penalized for a rules infraction.

"And this time I want to make sure I know what I'm doing," said Palmer.

He was kidding, of course. Because he already knows enough about the game to have become the greatest money-winner of all time.

Palmer figures to do a comeback from last week. He was well in contention for two rounds at Pebble Beach. Then he teed to a big 77 on the third round. To top that off, he took nine on the 18th hole of the final round before being disqualified for his rule infraction during the third 18 holes.

But he'll have the biggest gallery all through this tournament, no matter what he does.

However, Casper may capture some of the crowd. He won the Crosby last week and was warmed up for this one Wednesday by shooting a four-under-par 67 to the 57th Dave Ragan for low honors. That little workout was worth \$42.50 each.

The big problem with playing at the municipally-owned Harding Park course is the greens. They are rough and bumpy.

Player, Palmer and Casper each has won a golf tournament this year, and they are the three leading money winners on the 1963 circuit.

Jack Nicklaus, the National Open champion, indicated he is ready to corral a title, too, when he finished one-stroke off the pace at the Crosby—missing a tie by three-putting the final green.

# Charity Races Set At SOKC Tonight

The Eighth Annual Charity Handicap highlights the program at the Sanford-Orlando Kennel Club tonight, the occasion being Charity Night at the track when all money raised during the evening will be turned over to charitable organizations in Seminole and Orange counties.

Representatives of the various charitable units will be on hand for the presentation of the trophy to the owner of the greyhound winning the handicap.

Orville Moses' Protocol will probably be favored by fans. The 64-pound star brindle has had four starts, all in grade A, and has posted one first and one second. In winning he was clocked at 31.07 seconds for the 5/16th-mile distance, a speed not equaled by any other entry.

Opposing Protocol will be Chief Pattie, Carmelite, Tipsey Dixie, Pooda's Flashy Boy, Erma Eastman, Darling Darlene and Miss Perry. Carmelite and Pooda's Flashy Boy will both be trying for a third win. Flashy Boy has triumphed in his last two outings and will be shooting for three in a row. There will be no matinee tomorrow but one will be on tap Saturday starting at 2. The first of nine Friday matinees is scheduled for Feb. 1, one week from tomorrow.

**Top 'Seniors' Square Off**  
BELLEAIR (UPI)—Tourney medalist and two-time winner Ed Randall of Miami was scheduled to play former winner Jack Russell of Clearwater in the top match today in the 29th American Seniors golf championship.

Randall won the event in 1953 and 1958 while Russell took the title in 1961.

Another former champion was to see action in today's quarterfinals. Egon Quittner of Rydal, Pa., who won in 1960, was paired against Bruce Coffin of Marblehead, Mass.

**Junior World Series Sought**  
INDIANAPOLIS, Ind. (UPI) —The International League was willing to negotiate with the Pacific Coast League today over a Junior World Series, although league directors refused to kill its additional playoff round.

A three-man committee was appointed at a directors meeting here Wednesday night to talk to a similar group from the PCL, even though PCL President Dewey Soriano said last week his league wouldn't do business under the IL's playoff system.

**Rally Winner To Be Decided**  
MONTE CARLO (UPI) —The winner of the 32nd Monte Carlo rally will be decided today after drivers of the 96 cars remaining in the rally have competed in the final test—the Monte Carlo racing circuit speed trials.

A total of 35 cups ranging in importance from the overall rally winner downwards are at stake.

Nationwide Consumer Testing Institute Report:  
**PLYMOUTH BEATS FORD AND CHEVROLET IN 8 OUT OF 10 OFFICIAL TESTS**

Plymouth once again proves all-around superiority against its competition. Handling, safety, performance, economy—all of these were measured in the second meeting of Ford, Chevrolet and Plymouth early in December at the Riverside, Cal., test course. In a "Showdown" asked for by Plymouth, a 1963 Plymouth Fury V-8 whipped a comparably equipped Chevrolet Impala V-8 and Ford Galaxie "500" V-8 in eight out of ten official tests.

Nationwide Consumer Testing Institute bought the cars, hired the drivers, supplied the officials, made and enforced the rules. The chart at right leaves no question about the results. # 'Greedy' SEC Turns Down FSU Bid

## 'Raking' In Too Much Loot

ATLANTA, (UPI) — The Southeastern Conference, probably more secure financially than any similar group in the nation and loaded to the brim with outstanding athletic teams, settled down to the official business of its annual meeting pretty well set in its ways.

Changes, if any, apparently will be few and far between. The 12 member schools are stuck with a national football substitution change and don't like it. And it appears that the only change they may make on their own might be to standardize entrance exams for athletes on scholarships.

There are lots of other proposals, but it looks like they will all be brushed aside by a conference that has it made, knows it and doesn't want to rock the boat.

For example, the University of Florida, a member, is seeking admission for Florida State, an independent which plays as many games against S.E.C. opponents in football, basketball and other sports as most conference teams do.

But, the S.E.C. has been raking in money from its frequent bowl trips and television appearances and the thought of having to split that take 18 ways instead of 12 doesn't seem to be a pleasant one. Many other schools have sought admission over the years, but the result continues to be the same.

The opposition to the new substitution rule grew Wednesday after George Gardner, chief of the SEC Officials Association, explained it to the coaches. Florida's Ray Graves called it "a step backward" and Mississippi State Athletic Director Wade Walker said the new rules restrict college football more than ever.

Strongest opponent to the entrance examination proposal appeared to be Louisiana State Athletic Director Jim Corbett who predicted it would pass by a 7-5 vote but said he had to be against it because Louisiana law requires admission of accredited high school graduates without an exam.

It appeared unlikely that enough votes could be mustered from among the school presidents or their representatives for expanding the freshman football season from three games to five. But several coaches pointed out that the freshmen now have a rougher time scrimmaging against the varsity.

Mississippi State's Paul Davis doubted there is another conference in the country which limits its freshmen to three games.

There are other proposals on today's agenda, but most are technical in nature and, for the most part, aren't likely to find sufficient backing. It was difficult Wednesday to determine whether there was strong sentiment for the scholarship limit change offered by Georgia Tech's Bobby Dodd. Dodd would place the limit on a year-to-year basis instead of one figure to cover the entire program.

SEC Commissioner Bernie Moore held court here Wednesday in the Biltmore Hotel, headquarters for the annual meeting, and left no doubt that the Southeastern Conference is basically a happy lot. The S.E.C. took part in five bowl games and Moore pointed out that even those who stayed at home picked up about \$40,000 each as their share of the bowl and television receipts.

Moore was another who opposed the new rules changes. He said he fears it cuts down the number of players who will get into a game.

The commissioner also voiced opposition to admitting Florida State to the conference. "It's probably should be thinking about cutting down rather than expanding," Moore said. He said he favored a round-robin schedule and thought perhaps the best set-up would be a nine-team league with eight conference games and two outside ones each year.

## Florida Sports Briefs

MADISON (UPI) — Fresh water fishing facilities are in for a big boost if a Game and Fresh Water Commission-backed bill passes the legislature.

The measure would add \$1 to the cost of fishing licenses.

The money would be used to create fish management areas, improve public access to fresh water fishing areas and renovate worn out fishing waters by stocking.

GAINESVILLE (UPI) — Norm Carlson, a 1956 graduate of the University of Florida, will take over as head of sports publicity at the school Feb. 1, it was announced yesterday.

Carlson is currently head of sports publicity at Auburn University, Ala., and Florida Athletic Director Ray Graves described him as "one of the finest in the conference."

Carlson, who became sports publicity director at Auburn in 1959, is married and has three children.

PORT ST. LUCIE (UPI) — Joe Brown of West Des Moines, Iowa, held the lead with a hot 66 going into the second round of the PGA's \$5,000 Quarter-Century Golf Tournament today.

Five pros were tied behind him after the first 18 holes of the 36-hole tournament with 67's. The tournament is restricted to members of the PGA with at least 25 years standing.

Takes New Job

SALT LAKE CITY, Utah (UPI)—John Nikcevic, who served as line coach at the University of Utah for the last five years, resigned Wednesday to become an assistant football coach at the University of California. Before taking the job at Utah, Nikcevic had been line coach at Idaho and College of Pacific.

4 Face Brumel

NEW YORK (UPI)—Bobby Avant of Los Angeles, Gene Johnson of the University of California, Bob Gardner of the New York AC, and U.S. indoor and outdoor champion John Thomas of the Boston AA will compete against Russia in world record holder Valery Brumel, Feb. 1, in the Millrose Games at Madison Square Garden.

SEC Commissioner Bernie Moore held court here Wednesday in the Biltmore Hotel, headquarters for the annual meeting, and left no doubt that the Southeastern Conference is basically a happy lot.

The S.E.C. took part in five bowl games and Moore pointed out that even those who stayed at home picked up about \$40,000 each as their share of the bowl and television receipts.

## Uria Cops Trophy In Fronton Action

Some 150 members of the Retired Officers Association will be special guests of the Fronton tonight for a slate of eleven action filled games on the Orlando-Seminole Cancha.

Uria outlasted Arelito and Pradera to win the Cypress Gardens Trophy Wednesday night during the feature eighth game singles match.

The blushing Uria was surrounded by a bevy of beauties during the colorful ceremony while Tangerine Bowl Queen Sylvia Finer made the presentation.

The honored guests from Cypress Gardens stayed late to see Astiga and Iriarte capture the All Star eleventh game doubles with Jacin and Echanis in the runner up position.

Three To Compete

BOULDER, Colo. (UPI) — Pole vaulter Don Meyers and runners Bill Toomey and Ralph Morris of the University of Colorado will compete Saturday in the AAU-approved International Meet of Champions at Winsap, Man. It will be the first meet for Meyers since he set an unofficial world indoor record of 16 feet, 1 1/2 inches in the vault.

Transferred

DETROIT (UPI)—The Detroit Red Wings have shipped Larry Jeffrey and Floyd Smith to Pittsburgh of the American Hockey League to replace Ed Joyal and Lowell MacDonald, who were recalled from the same farm club Monday.

## Fights Mar, (Or Spark) NBA Action

By United Press International

Then again, if the Liston-Patterson rematch flops they can always throw in Woody Sauberry against Lee Stauffer.

Sauberry, who at 6-foot-7, 235 pounds isn't the world's meekest person, decked the smaller—6-foot-7 and only 220 pounds — Shaffer with one punch Wednesday night in the first period of what almost resembled a basketball game between the Chicago Zephyrs and Syracuse Nationals.

Not only did Chicago's Sauberry and the Nate's Shaffer engage in other activities besides shooting and rebounding, but Syracuse's Al Bianchi was ejected for fighting with Chicago's 6-foot-11 Walt Bellamy. And Syracuse coach Alex Hannun was bounced for protesting Bianchi's bouncing.

Oh yes, the Zephyrs won the game—their first from Syracuse in six tries this season—104-94.

The Los Angeles Lakers hung on to edge Detroit, 123-119, for their seventh straight win over the Pistons, and the Cincinnati Royals rolled up a record-breaking 49 points in the third quarter to whip the Boston Celtics, 138-123.

Declared Eligible

LAFAYETTE, Ind. (UPI)—Bill Jones, a 6-foot, 8-inch sophomore, has been declared eligible for varsity competition and may be in the starting lineup Monday night when Purdue plays Indiana in a Big Ten Conference basketball game.

## Clay, Powell Clash Tonight

PITTSBURGH (UPI)—Charles Powell, who forsook all other athletic endeavors to make one final push in the boxing game, gets his big chance tonight when he meets third-ranked heavyweight Cassius Clay.

A record local indoor crowd is expected to view the fight, scheduled for 10 rounds or less.

Both Clay and Powell predict it will be for less. The 29-year-old Powell, who has had only 32 fights since turning pro nine years ago, sees a victory in five. Clay has forecast a three-round kayo.

Powell, who has seen duty as a professional football and baseball player, has declared himself to be in the "greatest shape of my career." He prepared for the fight by sparring 78 rounds during a two-month training period.

Clay, who turned pro after winning the Olympic title in 1960, is undefeated in 16 fights, including 18 kayos. He paraded through 10 fights last year and won seven of those by knockouts.

Wittenberg Rated Tops

NEW YORK (UPI)—Once-beaten Wittenberg today received the most popular acclaim so far this season when 24 of the 33 members of the United Press International board of coaches named the Ohio Tigers the nation's No. 1 small college basketball team.

Wittenberg, which replaced Westminister of Pennsylvania as the top team a week ago, lost its only game of the season to major school Eastern Kentucky on Dec. 17. Since then, the Tigers have swept over four opponents, including Dayton last week, for a 9-1 overall record.

## Styles Of Fences

In Leningrad, a Russian "vice" squad recently smashed one of the dirtiest, most immoral racketeers they could imagine — an underground studio that was making and selling records of Western music, the kind popular with American teen-agers.

"These people were not doing this for love of music," explained an official. "They made big profits on such records."

That was bad enough, and men have been shot for lesser crimes. But to top it off, the music they were peddling was "instilling bad taste."

Meanwhile in the land of the

free, youngsters in Valdosta, Ga., were being guarded from the "vulgar trash" when the school board ordered a ban on a novel by author John Steinbeck. Steinbeck received the Nobel Prize in literature last year.

That is the right of the school board and of the parents of the students. It is also the right of the Russian police, under their system. Interestingly, each group would be shocked by the action of the other.

As the wise Okinawan said in the play, "Teahouse of the August Moon" — "pornography is largely a matter of geography."

## Annual Battle

Congress has wielded the ax so often on the foreign aid budget that the Agency for International Development is extremely defensive in arguing for a 1964 fiscal year program that actually calculates slightly smaller outlays.

Anticipating the usual congressional assault, AID officials have mustered perhaps an unprecedented array of selling points. Yet the view of seasoned observers is that these will not avail, and Congress will repeat its now customary performance — cutting upwards of \$1 billion from the program as it did last year.

President Kennedy himself contributes, of course, to AID's new persuasions by asserting in his budget message that foreign assistance expenditures for fiscal 1964 are estimated at \$3.75 billion — \$100 million less than the current fiscal year.

The President stresses, too, that the money will be used very selectively, favoring projects "crucial to the rapid development of countries... important to the maintenance of free world security, and which demonstrate willingness and ability to marshal their own resources effectively."

Frank M. Coffin, deputy AID administrator, making the agency's case, bombards Congress with these arguments:

The foreign assistance budget request (not the same thing as expected expenditures) is down \$13.5 million from last year and is a smaller part of the total federal budget.

Foreign aid programs today constitute three-fourths of 1 percent of the U. S. gross national product, whereas in the 1949-52 period they represented one and a half percent. The average cost of aid programs in

the 1962-64 span is figured at slightly less than the 1949-52 average. Yet that roughly parallel sum came in the earlier period from a \$305-billion average GNP. Today it comes from an estimated average \$575-billion GNP.

Economic aid puts mounting stress on loans rather than grants. Last year Kennedy asked that loans make up 51 percent of the economic total, and Congress upped the ratio to 54. This time he wants the aid divided 50 percent for loans, 39 percent for grants.

Finally, the point is made that aside from the Alliance for Progress, under which more money is sought this time for Latin America, the U. S. economic aid program for the world comes to \$1.5 billion of the requested total of \$4.9 billion in foreign assistance. Much of the rest, of course, is military assistance or support for military effort.

Coffin says the Defense Department uses \$1.5 billion in 11 days.

There seems little chance, however, that tough congressional foes of foreign aid will buy these finely spun statistical arguments. They are usually impressed more by hard-to-eradicate evidences of waste, mismanagement and confusion in the program.

They tend to favor military aid. The new budget has relatively more economic aid in it. And the estimated saving in expenditures would come from reduced military aid.

Furthermore, lawmakers may get some new critical fuel almost at the moment the specific AID budget comes to them around March 1. For that is the target date for a report from Gen. Lucius D. Clay's commission — named by the President to take a hard look at foreign aid.

## AXE ME ANOTHER!

## Dr. Crane's Worry Clinic

Rita is like many of the Hollywood actors and actresses. For she confused erotic novelty with true love. A happy marriage is not a novelty shop! But stogie husbands can prevent these tragedies by sending for the sex booklet below. M-G-M and other motion picture firms better order them by the hundred!

CASE 0-40: Rita K., aged 32, is the wife mentioned yesterday who got butterflies in her stomach when her former stogie husband kissed her.

Despite my advice to the contrary, however, she divorced her stogie husband, whose kisses had become dutiful little pecks on the cheek.

Rita decided that she had

made a mistake when she married Tom, for a few clandestine dates with ex-sultor Bill showed her that Bill's kisses inflamed her and gave her butterflies in her stomach.

So—she divorced Tom and married Bill. And for a few months, Bill was an exciting husband.

But after the novelty wore off and Bill settled down to his job, Rita noticed that Bill's kisses also began to lose some of their fire.

And when Bill phoned her from the office, she didn't get very much excited by his voice.

Vaguely, she began to wonder and doubts assailed her. After three years of marriage to Bill, she found that he was just about as stogie as her first husband had been.

Then she bumped into Tom on the street one day. He had not remarried after their divorce, and was gay and pleasant.

So when he invited her to have lunch with him, she accepted. They chatted and laughed for a couple of hours before they left the restaurant.

Then he also suggested they take a ride. Later, they parked along Lake Michigan at one of their former trysting spots.

Tom now turned on the car radio and as they listened to a dance orchestra, he slipped his arm around Rita. Then he kissed her fervently—not one of his former dutiful little pecks on the cheek!

And his ardor inflamed her. She began to have butterflies in her stomach and her pulse pounded till she was breathless.

Tom kissed her again and again, till she melted in his arms.

Later, Rita came to me for advice.

After telling me her story, she finally asked:

"Dr. Crane, I have decided it is really Tom that I truly love. For his kisses thrill me and cause butterflies in my stomach."

"So don't you think I should

divorce Bill and re-marry Tom?"

One reason why we have so many divorces in Hollywood is the simple psychological fact that many of those weddings are based on erotic "stogie fright" symptoms.

With any new leading lady, an actor goes through the motions of torrid romance. Soon he thus begins to feel romantic toward her.

And because his wife is "old stuff" but the new flame is novel, the latter intoxicates him far more than his wife does.

So he confuses this stage fright, erotic intoxication with real love and tosses his wife aside.

But within a year or two, the thing is repeated. Just as Rita's case so clearly illustrates.

So when you folks marry, please grow up! Face the fact! Love is not a novelty reaction.

True romance doesn't depend on changing lovers frequently to gain the excitement of the mysterious stranger.

Send for my booklet "Sex Problems in Marriage," enclosing a stamped return envelope, plus 20 cents. Better mail a few copies to Hollywood, too!

(Always write to Dr. Crane in care of this newspaper, enclosing a long 8 cent stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

## Annual Citrus Tour Friday

Seminole County citrus growers will take part in the annual tour of the Citrus Experiment Station at Lake Alfred Friday, according to Ernest C. Lundberg, assistant county agricultural agent. The program starts at 10 a.m.

The staff will speak on frost protection methods, sprinkle irrigation equipment, changes in fruit quality, root distribution, fertilization, spraying practices and pruning.

Material also will be covered relating to the treatment of cold-injured citrus trees.

## Copter Lands In Backyard

ORLANDO (UPI) — A helicopter crash-landed at the back yard of a plush waterfront home here Tuesday when the rotor blade transmission failed over Lake Fairview.

Pilot Hubert Evans and Jim Whiden escaped injury when the craft hit on one wheel, flipped over and plowed a large furrow in the neatly trimmed lawn. Wreckage was strewn all over the yard.

Evans, 30, beats a televised bowling match. There is almost no chance that the bowling ball will reverse direction and score a 10-strike among the players.

As things now stand, the only alternative is to watch an old movie. Watching an old movie before midnight is something like keyboard pecking with a glass eye.

It looks like we're in for a long, hard winter.

## Political Notebook

WASHINGTON—(NEA) — President Kennedy's budget message to Congress may wipe out much of the favorable reaction he got from business and even some Republicans on his State of the Union Message.

That first message, in general terms, promised a tax cut, reduction of government expenses other than for national defense, space research and fixed interest charges on the debt. It also promised a reduction of government personnel and the substitution of private credit for some government financing.

The State of the Union Message rejected massive increases in federal spending and temporary tax cuts. It turned thumbs down in the interest of economy on many "desirable" new projects that would have cost \$7 billion to \$8 billion more. It was a moderate, conciliatory program with optimistic outlook.

The budget message puts most of this back where it was.

It will be necessary to wait on the special tax message scheduled for today to get all the bad news. But the outlook now is for a long, hard, uphill pull. It will take four years to achieve anything like a balanced budget and full employment.

## Dick West Says

## You Can't Win Them All!

WASHINGTON (UPI) — Now being the winter of our discontent.

The last bowl and all-star game professional and collegiate, East-West. No r-t-b-scath, fruit, flower, vegetable, fiber, nut and berry has faded from view.

Ahead are weeks of bleak Saturday and Sunday afternoons given over to such dismal events as basketball games, bowling matches, golf tournaments and so-called winter sports.

I'm trying not to be too emotional about this, but I can hardly control myself. Verily I say that the period between the end of football season and the beginning of baseball season is a television athlete's Valley Forge.

The first football-less week-end started off more or less painlessly. I bravely emerged from the sack, brushed the sleepy dust out of my eyes and resolutely tackled some old jobs that I had let accumulate during the fall and early winter.

But by mid-afternoon, the doldrums got me. Succumbing to a mixture of nostalgia and habit, I descended to the so-called rec room and switched on the set.

Two channels filled the screen with elongated citizens dashing about in their underwear. I fiddled with the vertical adjustment knob for five minutes before I remembered that basketball players

look that way in their natural state.

Don't get me wrong. I have nothing against basketball—for other people. It's just that I'm more stimulated by basket weaving.

Another channel offered a ghastly panorama of retarded adults all huddled up in their woollies and sliding down hill on their little sleds and things.

I can understand how a child of 10 or under might conceivably derive some thrill out of strapping his feet to a couple of boards and skimming around some flagpoles stuck in the snow.

But grown men and women! Really!

For the spectator, a televised ski meet is strictly a negative attraction. The only fun comes when something goes wrong—that is, when some clown in over-stuffed pajamas loses his footing and swan dives into a snowbank.

Even so, it beats a televised bowling match. There is almost no chance that the bowling ball will reverse direction and score a 10-strike among the players.

As things now stand, the only alternative is to watch an old movie. Watching an old movie before midnight is something like keyboard pecking with a glass eye.

## Communism Classes Hear Guest Speaker

By Jane Casselberry  
Lyman High School Communism classes were privileged to hear a talk last Friday afternoon by John Noble, who was an American prisoner in the Soviet Union for nearly 10 years.

Noble is on a speaking tour and has been addressing many groups in Central Florida schools and churches. He was captured by the Communists in 1945 in Germany and was imprisoned there in one of the infamous Soviet slave labor camps which was located near the Arctic Circle where he experienced temperatures which dropped as much as 94 degrees below zero.

He spoke to the students of his experiences and told of the present day threat presented by the spread of Communism in the world.

## Baseball Teams To Organize In Lake Mary

By Frances Wester  
An organizational meeting for Little League and Senior League baseball teams in Lake Mary will be held at 8 p. m. next Tuesday in the Lake Mary Fire Hall.

Plans were announced for Loch Arbor, Little Venice and Havanna Park have been invited to attend the meeting at which time managers will be appointed, a financial committee elected and Booster Club officers named.

In order that the meeting may be conducted as swiftly as possible it has been requested that only the parents attend.

Registration to play requires that a boy be at least eight years of age by last Aug. 1 and not more than 16 years old before Aug. 1 of this year. Each registration will require a \$1 insurance fee plus a donation, if possible, of \$10 to the Booster Club to support the three teams.

## Legionnaires To Conduct Poll

By Joan Magin  
American Legion members of the Sixth District Saturday will conduct an organized search under direction of Ken Moyer for eligible veterans who have never joined the Legion.

The campaign will get underway at 9 a. m. in the Altamonte Springs area,

## Garden Club Visits Audubon House

By Jane Casselberry  
The South Seminole Garden Club visited the Audubon House in Maitland, headquarters for the Florida Audubon Society, on Monday of this week.

The group enjoyed a sack lunch at noon on the front porch which overlooks Lake Sybella and later moved upstairs for the business meeting.

Mrs. Finney Haynes, bird chairman, introduced Mrs. Margaret Hundley, an ornithologist on the Audubon Society staff. Her duties include editing the magazine, doing research and planning field trips. She received her training at Hamlin University in Minnesota and at the University of Maine.

Mrs. Hundley showed lovely colored slides of many of the birds most commonly found in the Central Florida area and told of their habits and how they can be recognized. She also answered questions from the garden clubbers concerning birds.

Plans were announced for a field trip to Zellwood on Feb. 11 where members of the club will visit Vason's Orchid House to see the orchids and African violets.

## Garden Club Sets Project

By Mona Grinstead  
Members of the North Orlando Garden Club and some of their husbands were out early last Saturday morning planting 23 cherry laurel trees in the club's first beautification project of the year. Trees were planted on S. Fairfax, S. Devon and S. Edgemon Aves.

Working on the project were Mr. and Mrs. Bill Ryan, Mrs. Jessie Wallace, Mrs. Richard Stodden, Mr. and Mrs. Bill Harris, Mr. and Mrs. Don Nell, Mrs. Ewrightson Harville, Mr. and Mrs. Chuck Rowell, Mrs. Mary Hyatt, Mrs. Bill Wolfe and Mr. and Mrs. Leonard Stewart.

The planning committee in charge of the project consisted of Mrs. Rowell, Mrs. W. W. Anderson, Mrs. Nell, Mrs. Wolfe, Mrs. Stewart and Mrs. May Dugotie.

## Lyman Sets Finals For Essay Contest

By Jane Casselberry  
American Legion Memorial Post 256 of Casselberry will sponsor the 26th Annual National High School Oratorical Contest on a local level at 1:45 p. m. next Tuesday when Lyman Senior High students hold their finals at a special assembly program.

A national Americanism activity of the Legion the contest is approved by the National Assn. of Secondary School Principals. More than 35,000 secondary school students participated in last year's contest with 49 department winners entering national competition after elimination programs were conducted.

This year's subject must be on some phase of the Constitution of the United States

which will give emphasis to the attendant duties and obligations of a citizen to his government. Essays must be the original efforts of each contestant and must not require less than 10 minutes nor more than 12 minutes for delivery. Penalty for plagiarism will be disqualification. In addition, each contestant will give an extemporaneous discourse taking not less than four and not more than six minutes.

Post 256 judges will be Clarence Doebner, Miller Evans, Ben Evans, Larry Meplesden and Post Commander Haruk Kryder. Speech instructor is Stanley Houston of the Lyman English Dept.

Winner of the contest will receive a trophy with the runnerup getting a medal.

## Junior High Athletic Assn. To Build Basketball Court

By Jane Casselberry  
The South Seminole Junior High School Athletic Assn. voted Monday night at a meeting held in the school library to take on the project of building a 50 x 84 foot all-purpose basketball court for the school.

The court also could be used for such sports as tennis, and volleyball as well as for dancing.

To raise funds for completing the project, ways and means committee chairman Bob Means, has proposed selling 2,100 two-foot squares of the court to interested individuals who will receive a certificate indicating that they have a share in the school's athletic program.

Chairman Henry Duncan reported that the Lyman Athletic Boosters Assn. had suggested that the two organizations combine. The proposal was rejected by the Junior High planning committee, however, because of the debt incurred in buying sports equipment for the new school, and the many improvements still needed.

No funds have been available from the state or county for the athletic program, thus the full responsibility is left with the Athletic Assn.

## Barracks 1197 To Install New Officers

By Mrs. Adam Malloy  
New officers of World War I Barracks 1197 and of its Auxiliary of DeBarry will be installed at 7 p. m. Friday night by Mrs. Grace Leah, seventh district president, during a combined meeting of the groups at the Community Center.

Chairman of entertainment for the program is Marie Dunson and refreshment chairman is Pauline Walter.

Grace Kahos, blood bank chairman, reports that 29 have signed up for the World War I Veterans Blood Bank.

Bobwhite quail prefer fairly open, cultivated or pasture land with patches of brush for shelter.

HENRY WARD

## Ward Accepts Appointment As Fire Chief

By Mona Grinstead  
Henry Ward of North Orlando this week publicly announced that he has accepted the appointment as Village Fire Chief recommended last week by Mayor Frank Paula after suspension of Bob Stephenson in an all-out effort to revamp the entire Volunteer Fire Dept.

Ward said he accepted the appointment for the sole purpose of re-organizing the volunteer organization and placing it on an operating basis. A public hearing to air charges against Stephenson's operations as the fire chief will be set after the first of the month.

## Civic League To Sponsor Card Party

By Donna Estes  
The Longwood Civic League will sponsor a benefit card party beginning at 8 p. m. Friday in the Civic League Building on Church St.

Serving as chairman for the event is Mrs. Garland Shaw who is assisted by Miss Dorothy Heath, Mrs. Otis Lee and Mrs. J. Hamblin.

Door and table prizes will be awarded and refreshments will be served.

Proceeds will be applied towards upkeep of the building.

Only one in 13 persons lived on farms when the 1960 U. S. census was taken.

## Band Boosters To Sponsor Chicken Dinner

By Jane Casselberry  
Lyman High School Band Boosters will sponsor a chicken dinner from 4 to 7 p. m. this Saturday at the school cafeteria.

Dinners of "all you can eat" have been especially priced for adults and for children under 12 years of age. Children under six will receive their dinners entirely free of charge.

The Band will furnish entertainment during the dinner and a cake auction and white elephant sale also will be conducted in conjunction with the event.

Proceeds will go for instruments, uniforms, and towards general upkeep of the band, which is self supporting and is trying to raise enough money to reach the budget of \$3,740 this year.

## New Members Welcome For Legion Post

By Shirley Westworth  
Invitation has been extended for interested and eligible women to join Marion Clark-Phillips American Legion Post 277, the only all women's post in Central Florida.

Miss Louise Shaw of Bear Lake is senior vice commander of the post which is comprised of women who have served in either of the World Wars or the Korean Conflict.

Members of the post are former Army nurses, Air Force nurses, WACS, WAVES, SPARS, Marines and Yeomen. Eligibility dates for membership are April 8, 1917 to Nov. 11, 1918; Dec. 7, 1941 to Sept. 2, 1945 and June 25, 1950 to July 27, 1953. Proof of honorable discharge or separation must also be available.

Prospective members will be welcomed at meetings of the post held on the second and fourth Wednesdays of each month, the business meeting at Memorial Post 19 on Lake Ivanhoe in Orlando and social meetings at other designated locations. Interested persons may contact Miss Shaw at her home.

## 4-H Club Plans Fair Projects

By Mona Grinstead  
The North Orlando 4-H Club is planning a busy Saturday this week in projects to raise money for members to make the trip on Feb. 16 to the Florida State Fair in Tampa.

Saturday morning a bake sale will be held at the North Orlando General Store. If weather is clear, sales tables will be set up outdoors, however, in case of inclement weather plans are being made to hold the sale in the laundry building.

Saturday afternoon all members of the club will join hands in a car wash to be held in front of Village Hall.

Donations of baked goods will be appreciated by the group and residents are urged to support the club's projects to give members the educational advantages to be obtained through the Fair trip.

## Police Named In Altamonte

## Longwood Volunteers Have Fire College

By Donna Estes  
Longwood's Volunteer Firemen and Junior Volunteers Friday night will wind up a week's intensive fire fighting instructions given in nightly session of a Fire College under the direction of Elmo Cox, instructor from the Florida State Fire College in Ocala.

In Monday's "get-acquainted" session, Cox explained

responsibilities of the firemen, the importance of good public relations, insurance rates and methods of forcible entry into homes where necessary.

Tuesday's meeting involved hydraulics and water pressure and signs of fire including the fire triangle, flash points, ignition temperature and spontaneous ignition.

The volunteers were drilled on the use of pumps and apparatus and hose practices at Wednesday night's class and today fire extinguishers, breathing masks and equipment will be demonstrated and explained.

Friday the men will be instructed on fog streams, controlling fires, inflammable liquids and structural fire fighting. The public is invited to witness all of Friday night's class, especially the burning of a shack erected Sunday on a lot adjacent to the rail road crossing on Church St. by the volunteers specifically for the demonstration practice.

Diplomas will be awarded each man who has received the 15 hours of instruction during the Fire College.

## EDITORIAL COMMENT

### More Than A Badge

Altamonte Springs Police Chief Grady Hall came in for some fine compliments at last week's meeting of the Town Council when Mayor Lawrence Swofford highly commended him and his volunteer force for arranging and taking part in an intensive training course for law enforcement officers.

Members of the department last week were entering into their third month of weekly Thursday night sessions with eight more scheduled to go. According to the mayor's reports, the men are schooled in every phase of law enforcement work and are probably being more thoroughly trained than those in much larger cities.

It is most satisfying and reassuring to know that our local officials realize that it takes more than just a badge to make a policeman.

## School Celebrates Arbor Day

By Donna Estes  
Students at the Longwood Elementary School celebrated Arbor Day last Friday with a 45 minute program followed by the planting of 20 trees and plants on the school grounds.

The program, conducted through the intercom system, featured the fourth grade class of Mrs. Lee Richardson in a play written by the students on the meaning of Arbor Day and the sixth grade-

ers, taught by Mrs. Theresa Bolick, sang songs also written by the students in celebration of the event.

Trees, saved for and purchased by each class, were planted following the program. In some cases where there are fewer children to a classroom, two groups, pooled their resources to buy the plant.

Students chose a variety including coccus Australis, elm, cherry, palm, plumus and foundation plants.

LONGWOOD ELEMENTARY First Graders Laught by Mrs. Meredith Picklesimer joined other classes at the school last Friday afternoon to set out 20 plants and trees in celebration of Arbor Day. Each plant or tree was bought with pennies saved during the past few months by children of the classes. (Herald Photo)

## Girl Scouts Learning To Make Camp

By Mona Grinstead  
Safe and secure methods of making camp are being studied by members of North Orlando Girl Scout Troop 233, under the direction of Mrs. Richard Stodden, leader.

At Monday's 4 p. m. meeting this week held at Mrs. Stodden's home, the girls pitched a tent and at next week's meeting they will practice chopping wood in the back yard of Mrs. Bill Harris, co-leader.

Other phases covered in the training include the care and uses of a jack knife and compass. A practice campout will be held at which time the girls will learn to use their "buddy burners."

Instruction at this week's meeting also included a skit pertaining to Girl Scout Laws presented by Gail Atchison and Georgia Barker.

Troop 233 consists of 11 sixth and seventh grade girls who invited others in this age group to join the Scouts.

## Brownies Elect Club Reporters

North Orlando Brownie Troop 585 elected reporters at Tuesday afternoon's meeting held at the home of Mrs. Bill Pilolan, leader. There now are 20 girls from grades two through four in the troop.

Elected were Sandy Grant, Debbie Coyle and Patricia Webster. Their responsibility will consist of contacting the newspapers after each meeting to report the current program.

Debbie Lane and Jammie Black were elected to clip reports to be placed in the troop's scrapbook.

Embroidery work was started at last week's meeting and Mrs. Pilolan and Mrs. Roy Burke, co-leader, were kept busy threading needles. Troop 585 meets each Tuesday from 4 p. m. until 5 p. m.
