VOLUME III.

SANFORD, FLORIDA, TUESDAY, DECEMBER 19, 1922

NUMBER 228

## CALIFORNIA AND FLORIDA URGE STRINGENT INSPECTION AND QUARANTINE SERVICES

OF THE GOVERNMENT AGAINST MEDITERRANEAN WHITE FLY

### WANT FEDERAL AID

From the Horticultural Board Before Fly Spreads to Entire Country

(By The Associated Press) WASHINGTON, Dec. 19.—Orchardists of California and Florida urged at a hearing today before the federal horticultural board that more stringent and effective inspection and quarantine service be inaugurated immediately against the Mediterranean fruit fly, J. J. McDonald, of San Joaquin county farm bureau said it is only a matter of time before the dread fly will spread to fruit trees of far southern and far western states unless an effective quarantine is maintained, particularly in New York and Boston.

More and more our people are beginning to find out that Sanford merchants have the best stocks and the best prices.

## GENERAL CHANG CHO-TUNG WILL BE NEW PREMIER

OF CHINA WITH THE APPROVAL OF PARLIAMENT, MEANS MILITARY PARTY

(By The Associated Press) PEKING, Dec. 19.—General Chang Cho-tung, military leader, has been appointed premier with the approval of parliament. His selection, which was supported by General Tao Kun is believed to indicate the intention of military party to resume control of China. Chinese newspapers published reports to the effect that President Li Yuan Hing would soon retire and General Kun will take his place. Another report says Tao Kun was backing General Chang Tso Lin in preparing hostilities against General Wu Pei Fu in early spring for the purpose of pleasing the governor and completely placing the government in the hands of the militarists.

## FLORIDA COUNTIES ARE BUILDING GOOD ROADS AND STRUCTURES—BOND TOTALS ARE ENORMOUS

### Questionnaire Sent Out Reveals Millions Invested in Improvements

(By The Associated Press) JACKSONVILLE, Dec. 19.—Early replies to questionnaires sent throughout the state by the Associated Press to obtain data on improvements in Florida during the year indicate road building construction bond issuance totals will be enormous. Figures from three counties not among those having big building permit records showed issued \$1,365,000 bonds of which \$1,400,000 were for good roads.

## EIGHTEEN HOURS SEARCHING AND QUESTIONING OF SUSPECTS FAILS TO REVEAL BOLD BANDITS

### Who Robbed United States Mint at Denver Yesterday

(By The Associated Press) DENVER, Dec. 19.—Eighteen hours searching and the questioning of sixteen persons at police headquarters have failed to reveal any trace of the identity of the bandits who robbed the federal reserve bank, truck of two hundred thousand dollars after a gun fight in front of the United States mint in which one guard was killed.

## WATERWAYS REDUCE RATES FOR SHIPPERS

### TRANSPORTATION ON BIG BARGES MAKES PRICE \$1.00 PER TON EACH 1,000 MILES

(By The Associated Press) CHICAGO, Dec. 19.—The Illinois waterway—connecting link between the Great Lakes and the Mississippi river—will give the state the second lowest bulk freight transportation rate in the world, according to figures prepared by M. G. Barnes, chief engineer of the division of waterways.

Mr. Barnes, who designed the Panama Canal locks and later was associated in the rebuilding of the New York state barge canal, says the huge locks planned for the Illinois waterway, with a capacity of 9,000 tons of freight at a time, will cut transportation costs 50 per cent under the New York rate. The New York canal locks can handle from 2,500 to 3,000 tons at each lockage.

The table prepared by Mr. Barnes shows that transportation on the big bulk freighters developed on the Great Lakes, with their 10,000 to 15,000 tons capacity, is the cheapest in the world. One dollar will carry a ton of freight 1,000 miles in one of these ships, he says.

The Illinois canal will come next, the table shows, with one ton being carried 750 miles for \$1. European canals average a 500 mile haul for \$1 a ton and the New York barge canal stands fourth, with a 300 mile haul of one ton for \$1. American railroads average 100 miles to the dollar; truck over improved highways, 20 miles to the dollar; and four miles by horse and wagon, according to Mr. Barnes.

## Large Capital Becoming Mobilization Of Small Holders' Savings, Says Hoover Urging Individualism, For Fellow Men

This is the third of a series of three excerpts this paper will present through the courtesy of Doubleday, Page & Co. from "American Individualism," the new book in which Herbert Hoover, now Secretary of Commerce, and well beloved for his many services to humanity by Americans of all political beliefs, seeks to define the treasures of American citizenship and civilization.

By Herbert Hoover

(c) U.S.

The will-o'-the-wisp of autonomy—in any form—is that it supposes that the good Lord endowed a special few with all the divine attributes. It contemplates one human animal dealing to the other human animals his just share of earth, of glory, and of immortality. The proof of the utility of these ideas in the development of the world does not lie alone in the grim failure of Germany, but it lies in the damage to our moral and social fabric from those who have sought economic domination in America, whether employer or employee.

We in America have had too much experience of the toot our noses into pretending that all men are equal in ability, in character, in intelligence, in ambition. That was part of the clap-net of the French Revolution. We have grown to understand that all we can hope to assure to the individual through government is liberty, justice, intellectual welfare, equality of opportunity, and stimulation to service. It is in maintenance of a society

and to these human qualities that our individualism departs from the individualism of Europe. There can be no rise for the individual through the frozen strata of classes, or of castes, and no stratification can take place in a mass living by the free stir of its particles.

The pioneers of our American individualism had the good sense not to reward Washington and Jefferson and Hamilton with hereditary dukedoms and fixtures in landed estates, as Great Britain rewarded Marlborough and Nelson. Other titles our American fields of opportunity would have been closed with long generations inheriting their fathers' privileges without their fathers' capacity for service.

That our system has avoided the establishment and domination of class has a significant proof in the present Administration in Washington. Of the twelve men comprising the President, Vice-President and Cabinet, nine have earned their own way in life without economic inheritance, and eight of them started with manual labor.

The domination by arbitrary individual ownership is disappearing because the works of today are steadily growing more and more beyond the resources of any one individual, and steadily taxation will reduce relatively excessive individual accumulations. The number of persons in partnership, through di-

## ADJUSTMENT OF REPARATION DISPUTE LONDON AND PARIS AND POINT OF ARGUMENT

### FEDERAL OFFICERS SEIZE CARGOES AT JACKSONVILLE

(By The Associated Press) JACKSONVILLE, Dec. 19.—While A. B. Stroup, divisional prohibition chief for Florida, was on his way to Fernandina to seize the Cuban yacht Miguel Farrar and its cargo of several thousand cases of liquor his subordinates were bringing here an auxiliary sloop seized yesterday near Mayport with a liquor cargo valued at \$16,000. Three white men and one negro were arrested and two men escaped.

### ACCORDING TO AMERICAN VIEWPOINT AS STATED IN WASHINGTON ALLIED WAR DEBT

(By The Associated Press) WASHINGTON, Dec. 19.—Adjustment of the reparations dispute between London and Paris is the crux of the European tangle, in the American viewpoint, as stated here on competent authority. Talk of any American loan to Germany was described as "idle," until such an adjustment had been made.

It was also made clear that the question of Allied war debts to the United States is not viewed in Washington as involved in the Anglo-French difference as to the amount Germany can pay. Beyond this, official spokesmen refused to go in outlining what the Washington government had in mind. There was no hint as to the purposes of progress of informal discussions with Allied leaders which have been indicated both here and abroad to be under way. No answer was returned to inquiries as to whether Germany had again sought American intervention in the reparations difficulty.

With the field of speculation thus narrowed, however, it was evidenced in unofficial talk today that administration hopes that American influence can aid in the European situation were quite generally believed to be based on the possibilities that may be seen of bringing British and French thought into harmony as to Germany's present economic plight and capacity to pay. Since time lacks for any lengthy process of examination at this point before expiration of the moratorium January 15, there was a tendency to believe that the Washington government has some hope of causing at least a delay in definite action by France after that time, pending further light from unrecognized expert authorities.

In this connection it is known that in some diplomatic quarters an impression prevails that American participation in some form when the council of premiers resumes its sessions in Paris on January 2, is to be expected. The expectation appears to be based on the conclusion that the council meeting would afford natural and logical opportunity for a statement of American views, pressure of which might conceivably tend to bring the British and French to a better understanding on reparations.

So far as various proposals, both British and French, for cancellation of the French war debt to the United States as a reparations adjustment preliminary in of concern, the attitude here is that nothing can be done in that connection, certainly, in advance of a reparations agreement.

As with the question of a private loan to Germany by American bankers, an agreed basis as to what the present German economic position is must underlay whatever steps it may seem advisable to take to correct that position.

There is no hint that the Washington government is contemplating either debt cancellation or some form of assurances to France. Both projects would require congressional approval and there is no indication it could be obtained more easily now than heretofore.

### METHODISTS OF CALIFORNIA TO BREAK RING

OF NARCOTIC PEDDLERS BROUGHT ON BY WALLY REID'S CONDITION

(By The Associated Press) LOS ANGELES, Dec. 19.—Reports available early today at the sanitarium where Wallace Reid, motion picture actor, is suffering from a nervous breakdown which relatives described as complications which came after he broke away from the use of whiskey and narcotics, indicated an improvement in his condition. The Methodist Preachers' Association of Southern California planned to ask the city council to appoint a commission to make a thorough investigation into the use of drugs in Los Angeles.

### APPOINTMENTS OF MINISTERS AT CONFERENCE

#### DR. S. W. WALKER GOES TO ST. PETERSBURG AND DR. CARPENTER COMES HERE

Dr. S. W. Walker was transferred to St. Petersburg and W. J. Carpenter will be the new Methodist minister for Sanford, according to advices received here. The following are the appointments for this district:

Palatka district—J. F. Bell, presiding elder; Bunell, H. E. Partridge; Coon, P. A. Fletcher; Crescent City, W. S. Hullett; DeLand, O. E. Rice; Enterprise, W. T. Rancher; Green Cove Springs, F. M. C. Ends; Hastings, L. Munro; Hawthorne, W. O. Rencher; Interlachen, Melrose, R. T. Caldwell, C. R. Mingleford, Junior preacher; Kingston, J. S. Brooke; New Augustine, George Gary Lee, supply; New Smyrna, L. M. Z. Barr; Palatka, J. D. Sibert; Sanford, W. J. Carpenter; St. Augustine, F. J. Patterson; Titusville, R. A. Selby, W. F. Allen, supernumerary; Wildo, H. E. Burke, supply; conference evangelist, J. Schapman.

## PRESENT PROHIBITION PROBLEM MUST HAVE COOPERATION STATE AND FEDERAL OFFICERS

### DECIDED AT MEETING OF GOVERNORS OF STATES AND PRESIDENT

### EARNEST APPEAL

For Reverence of the Law and Same is Felt by Administration Officials

(By The Associated Press) WASHINGTON, Dec. 19.—General encouragement as to the prospects of meeting the present prohibition problems through closer co-operation of federal and state authorities, and an earnest appeal for reverence of the law was felt today by administration officials as the result of President Harding's conference on the subject with state governors. In a statement after the conference, Prohibition Commissioner Haynes said in many instances the reports of the governors were of an "encouraging nature."

### RURAL CREDIT'S LEGISLATION IS BEFORE COM.

#### COMPREHENSIVE BILL EMBODYING FEATURES FOR FARM RELIEF

(By The Associated Press) WASHINGTON, Dec. 19.—Hearing of rural credits legislation before the senate banking committee neared conclusion with members of committee predicting comprehensive bill embodying features of several farm relief measures now pending would be ready for submission to the senate early next week.

### DECISION OF FEDERAL JUDGE FOREIGN VESSELS

#### CANNOT BRING INTO UNITED STATES UNWARRANTED

(By The Associated Press) WASHINGTON, Dec. 19.—The decision of Federal Judge Hand at New York, holding that foreign vessels cannot bring intoxicating liquors into territorial waters of the United States present law in brief for foreign lines filed in the supreme court by former Attorney General Wickersham.

### Complete Draft of Peace Treaty Has Been Drawn AND WILL BE PRESENTED TO TURKS ON SATURDAY

(By The Associated Press) LAUSANNE, Dec. 19.—It was reported this afternoon that a complete draft of the peace treaty was drawn up as a result of the deliberations in the Near East conference, and that it would be presented to the Turks on Saturday.

It is believed administration circles that another conference will be necessary after the first of the year because of the change in state administrations and the views developed at this conference thus will be available to the executives taking part in the later one.

### IMPEACHMENT PROCEEDINGS TO BE CONTINUED

#### COMMITTEE WILL PROCEED AGAINST ATTORNEY GENERAL ON OWN INVITATION

(By The Associated Press) WASHINGTON, Dec. 19.—Hearing on the impeachment charges against Attorney General Daugherty were resumed by the house judiciary committee at the point where they were broken off last Thursday, by the dramatic withdrawal from the proceedings by Representative Keller, author of the charges. From this point the committee proposed to conduct the hearing on their own initiative without the aid of Keller.

### Four Railway Men Executed at Dublin Interfering Trains

(By The Associated Press) DUBLIN, Dec. 19.—Four railway men and three laborers were executed here this morning for interfering with trains in County Kildare.

DUBLIN, Dec. 19.—Seven men charged with train wrecking were captured November 23 by Free State troops. With them a quantity of stolen goods and rifles and ammunition was found. The men executed are reported to have been members of the Republican army. Today's executions brings total to 19 by Free State, in a little more than a month.

### Air Mail Pilot Lost in Blizzard, Has Been Found

Alive and Well on Ranch Near Where Plane Was Wrecked

(By The Associated Press) SALT LAKE CITY, Dec. 19.—Air Mail Pilot Bronnstrom, missing since Friday when he was lost in a blizzard has been found alive and well on the Higby ranch near where the wrecked plane was discovered yesterday, according to advices received here.

Thursday—Mrs. L. F. Buttolph will entertain the members of the Evening Week Bridge Club at her home on Magnolia Ave., at three o'clock.

Olly W. Pearce, of Palatka, was among the out-of-town visitors at the Montezuma yesterday.

Mr. and Mrs. G. F. Smith were visitors at Daytona Beach yesterday as the guests of friends.

Reggie Kummer, who is attending Stetson University at DeLand, spent the week end here as the guests of his sister, Mrs. W. J. Morrison.

Mr. and Mrs. S. L. Turner, of Rochelle, Fla., were among those spending the week end here at the Montezuma.

Mr. and Mrs. H. B. Abel, of Macon, Ga., were among the arrivals here yesterday and are stopping at the Montezuma.

Mr. and Mrs. C. R. Williams, of New York, spent the week end here enroute to other points of interest in the state.

Mr. and Mrs. F. W. Simmons and son, of Mansfield, Pa., arrived in the city yesterday for a short stay and were registered at the Montezuma.

Deane Treadwell, otherwise known as "Red", was among those from Sanford motoring to Daytona Beach yesterday.

The Brotherhood of St. Andrew will have Christmas wreaths, holly and other greens and trees for sale all this week. Phone J. R. Stewart your order. (260-W). 227-16

Mr. and Mrs. Hawkins Connelly had as their guests yesterday, Mr. and Mrs. J. G. Wimbish, Amos Wimbish of Orlando, and Mrs. Hugh Carter Pollard of Winston-Salem, N. C.

Herbert Messer, a cadet of the Tennessee Military Institute in Sweetwater, Tenn., arrived here Sunday evening to spend the holidays at his home.

Miss Lillian Shinholser, who has been attending business college at Macon, Ga., is spending the holidays here with her parents, Mr. and Mrs. R. L. Shinholser.

Mr. and Mrs. W. H. Singletary announce the birth of a son Saturday, Dec. 16th at their home on Palmetto Ave. The young man who weighs 10 1/2 pounds has been named Wade Hampton, Jr.

Mrs. W. J. Morrison and children will leave the last of the week for Palatka, Orange Park and Jacksonville where they will spend the holidays with relatives.

**BUSINESS MEN'S CLUB**  
Regular monthly meeting of the Business Men's Club at the Parish House Wednesday evening, at 7:30.

The many friends of Mrs. Howard P. Smith, of West Palm Beach, will be pleased to learn that she will ar-

rive in Sanford Tuesday, December 26th for a week's stay, as the guest of Mrs. Ben Caswell and Mrs. Bryan Sturman.

**ANNOUNCEMENT LUNCHEON.**  
A delightful social event of Saturday was the luncheon given by Mrs. M. Minarik in honor of Miss Claire Walker.

The lovely color motif of violet and gold was most artistically carried out in every detail of this affair. The table was centered with a vase of golden calendulas, from which extended gold colored ribbons to each place where they were fastened with bouquets of violets. When these were drawn for favors, they were found to have fastened to each a heart, on which was written the announcement of the engagement and approaching marriage of Miss Claire Henrietta Walker and Mr. Beecher Kent, of Winter Park, the wedding to take place, January 20th at the Congregational church. The place cards, and nut cups were hand painted designs of chrysanthemums and violets. At one o'clock a delicious six course luncheon was served.

Covers were laid for Miss Claire Walker, honoree, Miss Ethel Moughton, Miss Herminia Lehman, Miss Katherine Wilson, Mrs. Sid Rive, Miss Agnes Berner, Mrs. Hazel Moughton, Mrs. Harry Kent, Mrs. S. O. Shinholser, Mrs. Raymond Key, Miss Marion Philips, and Miss Mary Erwin.

**BIRTHDAY PARTY**  
Saturday afternoon Mrs. J. C. Bennett entertained a number of children most delightfully in honor of the fourth birthday anniversary of her daughter, Margaret Rose Bennett.

The Christmas colors were effectively used in decorating for this delightful affair. In the arches and doorways, large red bells were suspended, while ropes of red and green were fastened from the corners of the rooms to the chandeliers. In the dining room, the dining table was centered with the birthday cake, topped with four tiny red tapers, around the cake, reindeers and holly were arranged. Suspended from the chandelier was a large red bell, and ropes of red and silver tinsel. In one corner of the room a large Christmas tree, gaily decorated, and on this were the favors for the children. There were dolls for the girls and bags of marbles for the boys.

Games of all kinds were played. When the guests played "Crossing the London Bridge" they were given varicolored paper caps. In the contest, "Pinning on the cat's tail" the prize, a Santa Claus Bag, was won by Katherine Morrison. Fancy dancing by Mary Elizabeth Tolar and Margaret Bennett also delighted the young guests.

Late in the afternoon the hostess, assisted by Misses Lettie Caldwell, Claire Zachary and Carmeta Barber, served ice cream and cake.

About twenty-five young guests enjoyed this pretty party, and little Miss Bennett was the recipient of many beautiful gifts and wishes from her friends.

**FANCY WORK SALE**  
Fancy Work Sale, all day Saturday by the Ladies of the Catholic Church in the Northwest room of the Welaka building. 222-51c

"Irish Situation Tense"—headline. You might say it is past, present and future—tense.

### TO THE PUBLIC

We will be glad to wrap up and address any packages delivered to our store any time after two o'clock—This Service is "FREE"

## THE BALL HARDWARE CO.

### LOCALS

Only a few more shopping days till Christmas.

Savings accounts turned much money loose here Saturday morning.

Looks like cold weather and better lettuce prices or colder weather and no lettuce at all.

Look for Lloyd's advertisement in this issue. He has something worth while to tell you about Shoes.

J. H. Wendler, of Orlando, was in the city today looking after the printing of his Feathered Warrior.

All the members of the Men's Club should remember that the regular monthly meeting will be held at the Parish House Wednesday night at 8 o'clock. Come and bring along a new member with you.

The many friends of J. T. Clark of Oveido were glad to see him in Sanford today and to know that he is enjoying good health and prosperity.

Many big changes will be made in Sanford after the first of the year and several big deals that will make the people gasp for breath. This city has not struck its gait yet.

The Winter Park Herald came up yesterday filled with good matter and containing four columns about Sanford. The Sunday Morning Herald is the best booster for Sanford of all the state papers and the Sanford people are taking it every Sunday morning.

There were several scares Saturday night when people who had left their cars on the streets after a certain hour found them moved to the alleys and as they thought they were stolen there was some tall telephoning until the lost cars were found safely parked on side streets and in the alleys to conform to the ordinance.

The next monthly evening meeting of the Chamber of Commerce has been scheduled for the first week in January, at which time the Hon. J. T. Bland, president of the First National bank of Orlando, and former congressman from Missouri, will be the speaker of the evening. It is expected that a great number of members from the Orlando Chamber of Commerce will also be present on this occasion, at which time further activities of the water traffic league will be planned.

### NOTICE

The annual meeting of the stockholders of the Sanford Building & Loan Association will be held at the office of the Association, 101 Magnolia Avenue, Sanford, Fla., at 8 p. m., Saturday, January 13th, 1923, for the purpose of electing a board of directors and to transact any other business that may properly come before the meeting.

T. J. MILLER, President.  
A. P. CONNELLY, Secretary. 12-18-25; 1-1-8

Some people are never satisfied. Here's where a cook's husband is suing her for divorce.

And Here's What Finally Made Her Say "YES"

What a rare piece of judgment it was to bring her a box of those wonderful Meyers & Liggett's Chocolates! She always SUSPECTED that he was the right sort of chap and when he brought that delicious box of confections, she KNEW he was thoughtful and kind, and that his taste was excellent.

Our candy is good for sweethearts of all ages and both sexes.

8 p. m.—Regular meeting of the Rebekahs at Masonic Hall.

Saturday

Last day to do your Christmas shopping. Do it now!

### THE WEATHER

For Florida: Mostly cloudy and colder Tuesday, probably local rains.

### SANFORD HOTELS ARE WELL PATRONIZED

Sanford hotels are reporting full houses every night and despite the fact that there have been a great number of new residences constructed in Sanford, there is still an acute shortage of houses.

Tourists and investors from the north find in Sanford an excellent opportunity for investing in bungalows and apartments for winter residences, for which there is a great need in Sanford. Merchants report business brisk and unprecedented holiday trade. The many indications of progress on every hand noted in Sanford are creating a most favorable impression on visitors stopping at and passing thru the city, all of whom prophesy an era of development for the City Substantial, such as few cities have experienced.

### THE OUTLOOK LIKES MILLER'S HEARSE STORY

The following clipping from "The Outlook" one of the best American magazines, clipped by Kent Rossetter and brought to the office calls attention to and article in the Sanford Herald written many months ago when J. T. Miller & Son bought their new hearse and shows how publicity travels:

"The Sanford, Florida, 'Herald' is credited with an announcement that must have been cheerful reading to the local undertaker at least. It is headed 'Looking Forward to a Pleasant Time Being Had By All.' — & San have a new hearse and as far as hearses go it is a beauty, being finished in the very latest design of burnished silver called mellen silver. — & San are well equipped to take care of all the funerals in this section of the country having two fine funeral cars with the prospects of the old car being turned into an ambulance. Like everything else on wheels hearses with the horses and other equipment have given way to the new motorized funeral cars and if one must ride in this car it will certainly be satisfactory."

Wonder what has taken its place just around the corner?

### START PLANT TO CAN GRAPEFRUIT HEARTS

BARTOW, Dec. 16. — Machinery valued at \$30,000 is today being moved into the new Citrus Exchange plant at Eagle Lake where an extensive canning plant has been planned. Grape fruit hearts will be canned. These will be furnished by groves in the vicinity of Bartow, Auburndale, Florenceville and Eagle Lake.

The plant will have a capacity of 500 crates of two dozen cans daily.

Looks like cold wave is coming this way.

And it is what we want to make better crops and better prices and better business.

It would not seem like Christmas unless it was good, crisp, cold weather with the tang of winter in the air.

When bandits begin robbing the U. S. Mint it is time for honest newspaper men to hide the flies. There is no telling just where the lightning will strike next.

Group of married friends were teasing one of our Leesburg bachelors a few days ago. Finally one of them asked him point-blank what he had against matrimony.

With snow stars all over the north, with lake steamers frozen in the ice, with zero weather hitting them in the face and a shortage of coal Florida can look for a big influx of winter visitors after the holidays.

The Bradentown Journal pulled off a big stunt in their Friday weekly paper by having ten solid pages of advertising for one hardware firm in that city.

We learn today that Dr. S. W. Walker, the pastor of the Methodist church, will not come back to Sanford having been transferred to St. Petersburg.

PARABLE OF FOUR GOLFERS

"We get pretty much what we prepare for," said the president of a big corporation in a speech recently delivered before the Advertising Club of New York.

"While waiting at the tenth tee, where the ball must be played over a pond about 100 yards wide, I watched four players make their shots.

"The first man who played took an old, battered ball out of his bag, remarking that he did not want to lose a new ball in the pond.

"The second and third players also used old balls; and, as you have prob-

ably guessed, all three of the balls found watery graves.

"The fourth player, however, used a brand new ball, and with an easy, confident stroke drove it over the pond and 70 or 80 yards up the hill on the opposite side.

"The three men with old balls prepared for failure—and failed.

"The fourth man prepared for success—and succeeded."—St. Petersburg Times.

CHEAPER MEAT

From various authentic sources comes the word that people are eating more meat but that they are buying the so-called cheaper cuts.

For a while packers and retail meat dealers complained that the public had stopped eating meat in the quantities of former years.

Wise persons said this was caused not so much by the spread of vegetarianism as by the high price of fancy meats and the difficulty of obtaining the cheap cuts in many markets.

This seems to be proven by the present situation, which one friendly butcher sums up thus:

"People are asking for entirely different cuts than they have been doing in the past few years. They're getting more sensible, and I find that I have to lay in more of a variety than I formerly did.

Chuck, flank and shoulder pieces are wanted—and the price has to be right. Pot roast is as popular as ever. But the fine rib roast, steaks and chops are not in demand as they were.

"Fact is, I'm glad people are coming to their senses. I'll sell them anything they want; but take it from me, no meat is worth the fancy prices hung on to the fancy pieces."

Apparently the great American public is learning thrift at last. Whatever the causes, the result is beneficial and encouraging.

DR. MURPHREE FOR VICE-PRESIDENT

We move, if we can get a second to our motion (don't all speak at once) that Dr. A. A. Murphree be placed on the Democratic ticket for vice-president of the United States.

We spoke yesterday about the ability shown by these fine Baptist ministers and laymen who are here attending the big Baptist convention and the Christian spirit in which they conduct business.

TO HELP THE FARMER OR TO PUSH POLITICS

Well—Dr. Murphree is president of the convention and, it is plain to see he would make a fine presiding officer for the United States senate.

At the meeting of the governors of various states and the president of the United States at Washington yesterday on the matter of enforcing the prohibition laws of the country, it was decided that the only way to enforce the laws was the absolute cooperation of the people of the United States.

At first glance the bill seems to hark back to the late 80's when the populist party was the life of politics in the middle west—at the time when H. L. Loucks was candidate for governor of South Dakota and was making his campaign on the plank that the state must advance money on the farmers' crops to four-fifths of the market value and store the purchases in huge warehouses erected by the state in locations scattered throughout all sections.

One of the principal reasons, however, for the introduction of the measure at this time is the fact that some excuse is needed for the attempt to sidewipe the administration subsidy bill. Norris, who is antagonistic to the subsidy, is anxious to cater to the agricultural interests of the country.

He realizes, as do all who have studied the question, that the farmer must be cared for in a way that will encourage the tilling of the soil to that extent that agriculture will assume its proper place and there shall be a general enlargement in the list of those who are actual producers.

Without the farmer and his products there can be no real increase of values in this country. The United States can never resume normal conditions so long as the product of foodstuffs is at the minimum.

The lack of detail regarding the Norris bill renders full consideration impossible. There is, however, the thought that there may be less of benefit to the farmer by the passage of the bill than of benefit in a financial way to the politicians and the thousands who may be looking for some way to attach themselves to a steady pay roll.

The public has an aversion to anything which hints at benefits for a certain class and seeks

HERALD COLLECTIONS

The Herald carriers manage and control their routes, pay in advance for all papers drawn, and absolutely depend upon their collections for their running capital and profits.

This system of delivery is known as the INDEPENDENT CARRIER PLAN and is used by most of the larger newspapers of the country and has proven beyond doubt to be the very best plan of delivery.

When a boy manages his own route, buys and sells at a profit he is in business for himself in exactly the same sense as any merchant. He knows he must give service to be successful and build up his business. He knows that every new customer he secures means more profit.

The Herald earnestly requests its subscribers not to discourage these boys in this, their first business venture, by refusing to pay promptly each week for their newspaper.

THE SANFORD DAILY HERALD.

FROM OTHER SANCTUMS

"YES-MEN"

One of the best slang phrases ever invented is "yes-men." A "yes-man" is a fellow who always agrees with whatever is proposed, particularly when the proposal is made by his boss or anyone else with whom he seeks to win favor.

Around newspaper offices, an editor picks up the latest edition and comments, "Well, that's as good a paper as we've had for some time, don't you think so?"

The "yes-men" instantly nod and chirp their agreement.

Their idea, of course, is to flatter the editor's vanity. Then, too, by agreeing with whatever is suggested, the "yes-man" is relieved of what he dreads most of all—the agony of doing his own thinking, particularly reaching a personal decision along an original line of thought.

There's a "yes-man" in every office, every factory, every social gathering, every home.

You find them in politics—the voter who votes a straight ticket even though Satan happens to be one of the candidates, and the legislator who can always be counted on for an "Aye!" when one of his political leaders tells him how to angle up his mind.

The "yes-man" follows the line of least resistance. He is a mental loafer. So he rarely rises to the top.

The man with more chance of getting to the top is the "not-by-a-damned-sight man." This type is aggressive, has ideas of his own, personal convictions and is willing to work for them.

Mentally lazy "yes-men" follow him gladly, like sheep follow a leader.

Carried to extremes, the "not-by-a-damned-sight man" is a ball-head. On general principles, he's opposed to everything suggested often before he knows what is proposed. Like the shipwrecked sailor who, crawling out on the shore of a strange land, was told "there's a government here." Instantly said, "I'm agin' it."

Much evil is merely good carried to extremes.

Which are you—a "yes-man" or a "not-by-a-damned-sight man?" Answer this question and you know whether, by nature, you are a target boat doing the hauling or a barge being towed by the tug.

There's a third type that says, "I can't answer offhand, am not sure whether I like this thing or not. Let's go into it very carefully, consider it from all sides, make up our mind after due deliberation. Then, whatever we decide, we'll go after it hammer and tongs."

In the long run, this third type rubs the world and its people. For this third type represents conservative progressiveness—which obeys a law of nature by striking "a happy-medium."—Tampa Times.

TRY THIS ON YOUR WIFE!

What a happy world this would be if we were as unselfish, kind and considerate to folks nearest us as we are to acquaintances and outside friends.

Barely our loved ones deserve the courtesies, smiles and encouragement that we so readily pass on to others—others who matter little in our lives.

It seems so easy to give a hearty handshake or a tap on the shoulder to a passerby. Flowery bouquets are chattered freely to those we wish to impress. Strangers beamed upon call us "god scouts," and to be known as a "mixer" goes arm in arm with good fellowship.

And all this at well. But how about the folks at home who crave for a word of gentle encouragement? Those who ask so little and give so much? Those who worship us from our head

to our toes and would love us even more for an act of kindness?

How about a love-tap for those who have traveled with us along thru the rough spots of life? Those who know us and still love us? Those who have "seen us through" and forgiven. Those who have come to us to hand-ge our broken hearts?

Those who have nursed us back to health and happiness? Goodness me! If we could realize what an affectionate carer or a tender glance meant to our loved ones, a day would never pass without us spreading a wealth of cheer. Kind words mingled with the monotony of daily routine dissolve discontent and "Let a Little Sunshine In."

And now I want to suggest: Starting with me, we all try reflecting a little happiness into our homes. That we send out a kindly smile as we go on our way; that we take up the hand that soothes our aches and gently pat it; that we place a sweet kiss right behind the ear that listens for our footsteps at the end of the day. Did I say a kiss behind the ear? Oh, now you look out! Golly, that gives me a thrill, and therefore I want to mention right now:

If we were as unselfish and considerate to the folks nearest us as we are to acquaintances and outside friends, I'll guarantee dividends that will return to us one hundred fold in happiness and success radiating from those who love us—honest to goodness!—J. Harold Sumers in Tourist News.

ONLY WAY TO REVIVE HEALTH

Many "Run Down" People Become Discouraged Because They Followed Wrong Course

Do you know what is necessary for a robust body, strength and endurance and a wide awake cheery appearance?

First, you must have strong nerves, healthy and firm tissue, blood rich with iron and vitamins and a keen active brain.

Then it is true that the only way to enjoy robust health, strength and endurance is to get your stomach into shape so the gastric juices can digest the food you eat and take the iron and vitamins from it to be assimilated into your blood.

The quickest known method of getting the stomach and intestines in shape to do this is by taking the phenomenal new treatment known as RE-CU-MA.

RE-CU-MA is sold in Sanford by the Union Pharmacy and the leading druggists in every city.—Adv.

COL. SALTER BACK IN ORLANDO AFTER BUSIEST SEASON

Edward Russell Salter, million dollar publicity director of the Johnny J. Jones Exposition, and known all over America as Johnny Jones's hired man, blew in yesterday, the sparkle of his familiar diamond illuminating Orange avenue from Jackson street north to Lake Ivanhoe.

Col. Salter came to Orlando from New York where he recently booked passage on the Paris for the Johnny J. Jones midjets, who returned to their home in France to spend the winter. They will return to America and rejoin the exposition in April.

The Tiger remembered the midjets, of course, having seen them in France several years ago. He conversed with them freely in his rapid-fire French and also found time to ask Col. Salter about Florida.

Col. Salter said that the fuel shortage in New York was becoming more and more serious. The weather has, fortunately, been mild thus far, but when it really turns cold there will be lots of suffering in the world's largest city, he said.

GOMPERTS SEEKS TO BLOCK APPOINTMENT OF PIERCE BUTLER

WASHINGTON, Dec. 18.—Asserting that railroad valuation cases are almost certain to come before the supreme court in the next few years, Samuel Gompers, president of the American Federation of Labor, in the January number of the American Federationalist, protests against the appointment as an associate justice to Pierce Butler, who says as "an expert on railroad valuation, would logically be railroad expert on that question."

OWE ICEBOX TO BOSTON MAN

Fifteen years before the Civil war began, Darlus Eddy, who was stage carpenter at the old Boston theater, completed the first refrigerator the world had ever seen.

One day John Lodge, father of Henry Cabot Lodge, asked the young carpenter if there was not some way that could be devised so that food products could be kept and used during the hot summer months.

Eddy had an idea that if cold air could be kept inside a container, favorable conditions ought to prevail. He experimented for days and weeks until he conceived the idea of an airtight box which could be cooled with ice and would maintain a steady temperature after it reached a certain degree.

## MEN'S CLUB HOLDS GRIP ON SECOND PLACE BY DEFEATING ROTARY CLUB

Entire Men's Club Team Roll Good Scores and Results Never in Doubt

The Men's Club got away to a good start last night in the regular match between themselves and the Rotas and from the very beginning the results were never in doubt. The best the Rotarians were able to do was to tie them in the third game of the match and the final count gave the Men's Club a victory by 278 pins.

Betta rolled the high score of the evening although May, who only bowled in two games, made the best average. DeLelley, whose average had been slipping during the past several games came to the front in his first game last night and bowled over 200 pins. His score should have been a record breaker, having an opportunity of passing Pennington's high mark of the season of 211, but the fates were against "Del" and he fell down in the last two frames, falling short of the high water mark by 13 pins.

The winning of last night's game keeps the Men's Club still in the running for the first half pennant, but at that, they must win their remaining games and the Champs lose all theirs, which is possible, but not probable.

## CONGREGATIONALS AND MERCHANTS TO PLAY TONIGHT

This week's game between the Champs and the Counter-jumpers, originally scheduled to be played on Thursday night has been changed for tonight. The Champs must all attend the regular annual meeting of their club and the Counter-jumpers must chase the Christmas dollars on Thursday and by mutual consent these two teams will meet tonight.

The players of these two teams will please take notice, forget about Thursday night and be on hand at 7:30 tonight.

The Farmers and Chase & Co. will play tomorrow night, completing this week's schedule. Next week finds a game falling on Christmas night and this more than likely will be changed also, the exact changes being announced a little later.

## W. & L. UNABLE TO PLAY FLORIDA

UNIVERSITY OF FLORIDA, GAINESVILLE, Dec. 19.—According to an announcement by Judge R. S. Cokerall of the law college, the University of Florida varsity football team will not meet the Washington and Lee team at any time next season.

In a telegram from W. & L. the authorities of that institution state that due to a conflict with the Virginia game, it would be impossible to schedule the Gator eleven.

Negotiations for an open date with W. & L. have subsequently been dropped.

## THREE EASTERN TEAMS LEAVE FOR WEST COAST

NEW YORK, Dec. 19.—Seeking international laurels, three eastern football eleven will leave this week for the Pacific coast, where during the holidays they will meet far western rivals.

West Virginia will play Gonzaga University of Spokane, Wash., at San Diego, Cal., Christmas day; the University of Pittsburgh meets Stanford university in the new Stanford stadium at Palo Alto, Cal., on December 30, and New Year's day Pennsylvania State opposes the University of California at Pasadena during the Tournament of Roses.

Unbeaten this season West Virginia ranks as one of the strongest teams in the east, while Pittsburgh recovered from a disappointing start to finish the season with sensational victories over W. and J., Pennsylvania and Pennsylvania State. Penn State which experienced one of its poorest seasons in some time, is the only one of the three eastern colleges that has visited the Pacific coast before.

## RUSSIANS AGAIN PROPOSE TURKEY CONTROL STRAITS

(By The Associated Press) LAUSANNE, Dec. 19.—Absolute control of the straits of the Dardanelles and Bosphorus by Turkey would be given under a plan submitted this afternoon by Foreign Minister Tchitcherin, of Russia, to the commission of the Near East conference studying the status of the straits.

This plan would bar all submarines and military aircraft from the Black Sea, but would permit Turkey to allow war craft not exceeding 6,000 tons to pass through the straits in exceptional cases when not on military missions.

This is wholly at variance with the entente plan which would permit the Black Sea to be controlled absolutely by Turkey and the other states on its shores, the Entente viewing the sea as an international body of water in which all nations are interested, while the Russian plan takes a contrary view.

Lord Curzon and Delegate Barrere, of France, both addressed the meeting of the straits commission this afternoon for a plan for control of the straits worked out by the inviting powers.

The Entente plan provides for Turkey's absolute sovereignty over the demilitarized zones adjoining the straits and stipulates that the League of Nations shall guarantee Constantinople free from attack.

Lord Curzon said the fact that Turkey was willing to enter the League of Nations would greatly simplify the regulation of the regime established for the straits.

For the first time in the history of the United States there are now more people working in factories than on the farms.

## SANFORD HIGH WINS OPENING BASKET BALL GAME AGAINST THE WINTER PARK QUINTET

Poor Shooting by Both Sides Mars What Should Have Been Fine Game

The official opening of the basketball season insofar as Sanford is concerned, took place last night at the Parish house with Sanford registering a victory over the lads from Winter Park.

These college boys representing Winter Park put up a nice game, their team work was fair, but their shooting poor and Sanford, taking advantage of this, even though their own shooting was about as poor, slipped enough of them through the basket and won 36 to 26.

The tall center for Winter Park featured for their side, while Sanford had no outstanding features. Aside from the good passing and team work by Sanford the game was one of the ordinary kind and shows that there is much room for improvement before the next game.

Stone and McLucas scored all of Sanford's points with the exception of three field goals by W. Moye. The same lineup was used throughout the game with the exception of Ed Moye substituting for Cowan.

Coach Wilkinson states that he expected his team to be a little off at the state, but that he expects to put them through the mill during the next thirty days and at the end of that time he looks for his team to be able to compete with the best in the state. The box score follows:

Sanford (36)		G. F. G.	
McLucas, F.	7	3	3
B. Moye, F.	4	1	3
Stone, C.	5	0	0
Cowan, G.	0	0	1
E. Moye, G.	0	0	0
Smith, G.	0	0	3
Totals	16	4	10

Winter Park (28)		G. F. G.	
Colado, F.	3	1	0
Celville, F.	3	3	3
Warner, C.	0	0	4
C. Drua, C.	0	0	0
B. Drua, G.	3	0	2
Evans, G.	3	0	2
Totals	12	4	11

## CELERY SEED

The Rotas lost another.

And the Men's Club still have a chance at the pennant.

But that chance is very slight. The champs will have to lose a few first.

DeLelley was after the record score last night but slipped in the last two frames. 'Tis tough, Del, darned if it isn't.

Some one must be after Archie Betta the way he has been bowling of late. Or maybe he is trying to overtake Stevenson.

The Sanford High School basketball team opened up with a rash last night and the first victory has been stored away. A clean sweep this season—that's what we want.

The golf match between Forrest Lake and E. P. Forster has not been called off—just postponed. It may be arranged for New Year's Day.

And Charley Henry and H. R. Stevens will also play their postponed match. Then there will be a "professional" match between Doctors Puleston, Langley, Stevens, Tolar and Marshall, and the best of these will play the best man of the match between Lawyera DeCottas, Householder, Sharon, Leonard, Wilson and Herring.

The Sanford Football team will line up tonight around the Rotary table. And not for a practice game either—they expect to put things over with a rush. Not straight foot-ball, they expect to "open up" and then good bye Turkey, Greece and Spuds.

Kodaks all sizes at Bower's. 228-1fc

## SAUCE FOR THE GANDER

The Journal is a strong advocate of the government ownership of public utilities. It believes that folks are funny when it comes to running their common business. You think you run your business pretty well. We think we run our business pretty well. We all like to think we run our own individual business about as well as it can be run. And then we turn our common business, that upon which all our business depends, over to private hands to reap the profits of our necessities.

We're impressed all over again with our consummate stupidity when we read of another public utility which has romped away with a nice little profit—net profit—for six months of a quarter of a million dollars, at the same time putting aside a surplus of a half million dollars after it had allowed 13 per cent for return on investment and depreciation. Moreover for a considerable time the company has been charging an extra 5 per cent for depreciation. The figures based on the company's own appraisal as to the value of its property.

This is the record which is set forth in an order by the Corporation Commission.

mission of Oklahoma against the Public Service Company of Tulsa. The commission states that it is now too late to return this amount to the patrons, "but manifestly the rate is too high and should be lowered." The commission accordingly has ordered a reduction of 10 per cent on electricity furnished by this company.

Jacksonville very wisely owns its own electrical plant, pays the lowest rate for electricity of any city in the country and boasts of a half million dollar profit for the city. On the other hand, Jacksonville citizens pay about as high a rate for gas as is charged anywhere in the cities of our size. Figures recently submitted to the city commission by Ira L. Blalock, engineer who conducted the local investigation for the fixing of the new \$1.65 rate, which rate was recently upheld, showed us that out of a list of 42 cities only five had a higher rate than Jacksonville.

Our advice to Tulsa is to follow the example of Jacksonville and acquire its own electrical light plant. And if what is sauce for the goose is sauce for the gander, Jacksonville might just as well profit further by running all of her public utilities on the low rate, profitable basis in which she conducts her electrical plant.—Jacksonville Journal.

## LITTLE RAIN, PERHAPS, AND COLDER, SURELY

A little rain, perhaps, and a little colder for sure, was the last word from A. J. Mitchell, local weather observer late Sunday as to today's meteorological prospects.

Prof. Mitchell said if the cold wave sweeping eastward does not skid, that Jacksonville will get off rather light this time. Unsettled conditions around the gulf tended to hold back the full force of the wave, although its effects were felt yesterday with a sudden drop in the temperature, accompanied by attempts at rain.—Times Union.

## U. S. Motor Cars Could Carry Population at One Time

(By The Associated Press) WASHINGTON, Dec. 19.—There are enough motor vehicles in the U. S. to take the entire population of the country for a ride at the same time, says the Bureau of Public Roads of the Department of Agriculture. At the beginning of 1922 there were 4.2 million motor vehicles for each mile of road in the United States.

One hundred and twenty vehicles per minute was the rate at which motor vehicles passed a Bureau observing station on a trunk line highway in Massachusetts, recently. This rate was continued from noon to 10 p. m. A tourist recently driving through four states was required to buy four different sets of lenses to make his headlights comply with state regulations. In this the Bureau sees great need for more uniformity in highway regulations.

Federal aid highways placed under construction in September amounted to 1,189 miles.

Venezuela has the hottest climate of any country in the western continent.
