Santa Isn't Old 'Stick-In-The-Snow'

By FRED DANZIG
United Press International
Never let it be said that Santa Claus is an old stick-in-the-snow. Jolly Kris Kringle, currently taking his Christmas orders from trusting youngsters across the land, is willing to travel by rocket ship or cable car if it will help get him to his department store rendezvous on time, a United Press International survey reveals.
Santa's pre-Christmas meeting places are about as varied as his means of locomotion. You can

find him in Fairylands, Outer Space Castles, gingerbread houses, Cozy Cloud Cottages, or office building lobbies.
In Houston, Tex., window displays at Foley's department store are geared to space-minded kiddies. Santa is in a space castle, surrounded by tiny space people scooting around in the clouds. The interior of the store is decorated with traditional lanterns and snow-covered pines.
A special pink gingerbread-and-peppermint stick house has been erected in downtown Memphis by a soft-drink manufacturer to house Santa. And each little boy or girl who visits him is greeted by name.

"Christmas Around the World" festival, has decorated a forest of huge Christmas trees in its central court. Each tree is trimmed according to the customs of 21 different nations. Bonbons are attached to the French tree; straw on the Lithuanian tree; egg-shell figures on the Polish tree, etc.
In San Francisco's Union Square, there is a display of 36 aluminum candles ranging up to 22 feet in height and each topped with electric light "flames." Choral groups take turns singing carols in 90-minute outdoor programs at the square.
Also in San Francisco, a small-scale illuminated shepherd scene is created at Golden Gate Park's Lindley Meadow from nightfall until midnight through the holiday season. Three men, clad in shepherd robes and carrying crooks, stand among some 35 sheep.
Chicago's huge Merchandise Mart is adorned by the largest Christmas card in the world, created from 16,000 light bulbs covering a 377-by-353 foot facade. The "card" includes a 250-foot musical staff, 15-foot high notes from "Silent Night," six 60-foot candles and "Merry Christmas" spelled out in 18-foot high letters.

This is done by means of an unobtrusive helper and a telephone. While the children wait in line, Santa's helper talks to the parents. Then he sidles to the telephone and relays to Santa the lowdown on each child. By the time the child reaches Santa's throne, Santa is prepared to greet him by name and also toss in an extra flourish, such as, "I hear you won't eat your eggs at breakfast." A loudspeaker carries the dialogue to pedestrians and family outside.

In San Francisco, Santa arrived on Nov. 8, landed on the roof of a cable car and was promptly escorted down the street to "Santa's Winter Wonderland," located in the Emporium Department Store. There, Santa's throne looks over a specially-constructed ice rink on which pretty girls put on skating exhibitions.

One office building in New York has installed Santa and his helper (female) in the lobby, where school children and pre-schoolers mingle with the building's business traffic and emerge with balloons and happy smiles.
To help prepare for Santa's Christmas Eve reindeer sled junket, some impressive outdoor Yuletide displays have been erected in America's cities and towns.

Christ's Birthday Remains Unknown

It is common knowledge that the true date of Christ's birth has not yet been determined. . . but have you wondered why the 25th of December was selected to celebrate Christ's birth?
For a long time the 6th of January was celebrated as the day of the Nativity, and was not changed to the earlier date until about 375 A. D.
According to the Roman Julian calendar, the 25th of December was reckoned the winter solstice, and the birthday of the sun.
This was the day that the light lengthened, and the powers of the sun once again grew strong.
It was a symbolic promise that once again the heat of the sun would make the grass grow, the cattle thrive, and all crops flourish.
The Christian Church felt that by turning the 25th of December sun festival into a Holy Day, they could convert many non-believers from their worship of the sun to Him who is called the "son of Righteousness."

The First Baptist Church of Burlingame, Calif., each year presents one of the most impressive outdoor Christmas pageants in the West. Church members, attired in Biblical costumes, reenact the Christmas story against a picture backdrop 16 feet high and 250 feet long, set up in a parking lot. The cast includes a camel, donkeys and sheep.
Rich's department store in Atlanta, Ga., sponsors an outdoor Christmas show that attracts thousands of persons. A 60-foot Christmas tree is raised and installed on the roof of the store's four-story "Crystal Bridge," which connects the two main buildings. Choirs sing on each of the glass-enclosed bridge tiers and the entire setting is illuminated by floodlights.
Some 4,000 multi-colored lights shine from what is called "the world's largest living Christmas tree," at Hilton Park, Wilmington, N. C. The tree, a 75-foot water oak, has a spread of 110 feet and in the holiday period, musical programs by bands and choral groups are presented around it.
The big Christmas displays in New York City this year include the 64-foot white spruce from Maine that dominates Rockefeller Plaza, the 125-tree display in front of the new Seagram Building on Park Avenue, diagonally across the street from an elaborate Christmas display at Lever House. And Park Avenue also presents a beautiful nighttime scene as multi-colored lights glow from trees that line its center mall.

Traffic Deaths Setting Record

Motorists Urged To 'Get Scared'; Accident Toll 357

United Press International
Holiday traffic deaths piled up at a record rate today and a safety expert told motorists to stop thinking celebration and start getting scared.

Otherwise, he warned, the United States may be headed for an all-time holiday traffic death toll.

At mid-day, a United Press International count showed 300 persons dead in traffic accidents since the holiday period started at 6 p.m. Wednesday. Fires killed 47 persons, one died in a plane crash, and 10 persons in other mishaps for a total of 357 deaths from all causes.

California led the states in highway fatalities with 31. Texas had 23, New York 17, North Carolina 15, Ohio 14, Illinois 13, Pennsylvania 12, Massachusetts 12 and Georgia and Michigan 10 each.

Headed for Record

The National Safety Council at Chicago said the rate, judged by figures for past holidays, "shows no indications of not being headed for a new all-time high for any holiday in the history of the country."

The record for a four-day holiday period like the one embracing this Christmas is 712, set in 1936.

"The only way to reverse the trend," said a council spokesman "is for drivers to get good and scared at what's going on, and stop this carelessness on the highway," he warned, "as an exceedingly poor way to mark the holiday period."

The council had estimated that 600 persons would be killed on streets and highways during the holiday period between Christmas Eve and midnight Sunday. That would be 150 more deaths than the normal traffic toll of 450 during a non-holiday period at this time of year.

Diplomats Predict Reds Want Parley Despite War Talk

MOSCOW (UPI)—Western diplomats said today foreign Minister Andrei Gromyko's Christmas Day speech to the Supreme Soviet appeared to contain a new Russian plea for a round-table conference of major powers.

They noted that while Gromyko's speech contained the usual attribution of sinister motives to the West and threats of wide destruction if the Berlin crisis touches off a world war, it also contained an expression of readiness to "hear and discuss any Western ideas" for a Berlin settlement.

While it appears for the time being at least that Russia is standing firm in its demand for an end to the four-power occupation of Berlin, observers believed a compromise might be possible if the Western powers submit counter proposals rather than reject the Red plan out of hand.

If they do not show themselves willing to negotiate, these observers said, in Gromyko's words Berlin "might become another 'worst holocaust' in history."

His reference to Sarajevo concerned the Serbian town where the assassination of an Austrian archduke in 1914 provided the spark that set off World War I.

Ready to Sign

Gromyko said also that Russia is ready at any time to sign an agreement with the United States and Britain to end nuclear weapons tests "without any reservations and preconditions."

Farm Home Burns, 9 In Family Dead

AUBURN, Wash. (UPI)—Fire killed nine members of one family today.

The blaze leveled the large family house of the Ole Hollenbeck family, five miles southeast here.

The dead were Mrs. Lavonne Hollenbeck, 38, and eight of her children, the sheriff's office said.

The dead children were Gail, 18; Donald, 17; Gary, 16; Sharon, 15; Patricia, 13; Mary-Allyn, 8; Carl, 6 and Penny, 4.

Hospitalized here were Hollenbeck, daughter Wendy, 7, and a 19-month-old infant, both of whom were not in the house at the time of the fire.

Hollenbeck operates a large turkey farm, located between here and Black Diamond, 20 miles southeast of Seattle.

Children Wanted Fire Engine, So He Got Real One

DENVER (UPI)—Grandpa gave his five-year-old grandson the name of a fire engine for Christmas—a real one.

The grandchildren always asked him for a fire engine, said Marvin K. Maus, representative for a fire equipment manufacturer in Denver. He said that to Don, 5; Dick, 4, and Debra, 4—who Thursday ran outside their home and found a real fire engine parked in front. It came complete with exhaust whistle, siren, red light and all the other things kids "you can't find in real life."

"I decided to get them one," said the beaming grandfather. "I just thought their grandpa ought to give them a fire engine so I bought it."

The engine cost \$25,000 when it was bought by the Boulder, Colo., fire department in 1931. It was in use until recently.

Rotarians To Hear '58's Top Stories

News stories of 1958 will be discussed Monday at the Sanford Rotary Club at the noon luncheon meeting in the Civic Center.

Marion Harman will be the speaker for the annual program. Harman will give his opinion of the most important stories of the year, world-wide, nationally and locally.

The program is under the direction of Bob Crumley.

Got His Desire, But Had To Trade

BACINE, Wis. (UPI)—Warren David got just what he wanted for Christmas. But he had to take it back, say his neighbors.

He jokingly told his wife he wanted a blonde doll for Christmas. She obligingly placed the order in a request container at a department store.

Christmas Eve, David's package—a giant ribbon—a blonde "boy" arrived. When he opened it, out stepped a blonde, 3-foot-2-inch-tall, measuring 38-24-36.

Mrs. David insisted he exchange the "doll" for another item.

stepped into a street in Jacksonville.

Cecil Kenneth Carey, 19, was killed Christmas Day when his car cracked up near New Port Richey.

Gilbert Z. Remora, 38, a Puerto Rican migratory farm worker died when struck by a car south of Miami.

Richard Elwood Clause, 31, Fort Lauderdale carpenter, was killed when his car went out of control and hit a tree. And Aldon R. Berry, an elderly Negro, was killed when he tried to beat a car across a highway near Ocala.

One of the most tragic mishaps occurred in St. Petersburg after a young widow and her two children opened their Christmas presents and went to bed, leaving their kitchen gas oven burning to keep warm. The flame went out during the night and the three died in their sleep.

The victims were found in their beds Christmas Day. They were Mrs. Joan Wiles, 38, and her children, Dickie, 9 and Kathy, 8.

A merry Christmas party of construction employees was interrupted by fighting and then gunfire north of Miami. Russell Gardner, 30, was fatally wounded in the fracas. Orrie (Buck) White, 41, was held on suspicion of murder.

In Lakeland, Edward Thompson, 37, was spending the holidays with his brother-in-law, Rex Hendrix. Fire broke out in the Hendrix home Thursday, trapping Thompson inside. The Hendrix family was away at the time.

At Hialeah, Mrs. Virginia Harris, 38, was wrapping presents Christmas Eve when she arranged her husband, Ed, 54, entered their cottage and shot her to death. Two of the couple's five children hid while Harris threatened to kill them also. The man then killed himself with one shot from his .45 caliber pistol.

Seminole Enjoying Peaceful Holidays

A "very quiet" Christmas was the word given out by local authorities today.

The fire department answered two calls; a car fire Christmas Eve and a sofa fire caused by a cigarette at 3 a. m. Christmas morning. Both were extinguished in short order.

The sheriff's department reported three accidents, with no injuries or charges. An automobile

owned by Almer Bradley, 1800 Beach Ave., was sidestepped by an unknown vehicle. The driver sped away after the mishap.

Mrs. Dorothy Francisco, Sanford, overturned in her 1946 sedan at the south end of Sanford Ave., where a sand road runs to the lake. Her automobile was considered a total loss.

Cdr. Don Runyon and one of his children were uninjured when the Volkswagen he was driving Christmas Eve failed to make the corner at Country Club Road by Lundquist's Grove. The little vehicle rolled over once, and was written off a total loss. Numerous arrests were made for reckless driving, speeding, and driving while intoxicated, Sheriff J. L. Hobby said.

Yule Thief Steals Painting Of Christ

MONTGOMERY, Ala. (UPI)—Someone forgot the Christmas spirit here Thursday.

Stolen from a Montgomery bus station Christmas Day was an original oil painting, "Head of Christ."

Lt. George D. Thompson, Salvation Army officer now stationed in Sarasota, Fla., left the painting behind by mistake when he left the rest room at the station. It returned a few minutes later and the painting was gone.

"The picture to me was priceless," said Thompson.

He said he worked on the painting about a year before completing it.

The Lord has used the painter in a wonderful way to touch hearts and win souls for him in my religious work," he said. The painting appeared this week in "All Florida" magazine.

The painting shows the head and shoulders of Christ just before he was crucified. "I was inspired to paint the picture from Isaiah 53, which tells of the coming of the Messiah and his suffering and dying for the sin of the world."

Thompson said the work was finished more with the heart than the hand.

Strikes Continue As Pilots Balk

United Press International
About one-third of the nation's air carrier fleet remained grounded today while striking pilots considered a federal truce proposal to end a walkout against American Air Lines.

A spokesman for the Air Line Pilots Assn. said only that the proposal still was being studied.

Meanwhile, twin walkouts against Eastern Air Lines entered their third day and appeared destined to continue through the holidays.

Striking mechanics voted to accept the Eastern, but negotiations with flight engineers, also on strike, remained deadlocked.

Exhibition Slated By Lady Golfers

Women golfers from the Ladies Professional Golf Association will preview the tournament scheduled here Jan. 9-11, with a clinic Jan. 2.

Marlene Hagge, Alice Bauer and Ruth Jesson will hold the clinic at 2 p. m. on the first tee at the Mayfair Country Club. They will play a nine-hole exhibition round immediately after.

Marlene Hagge is second in tournament earnings in the L.P.G.A. with \$11,000 this year. Ruth Jesson has won \$5,000.

Promotion Coat Him

BUFFALO, N. Y. (UPI)—After serving three years as assistant chief of the police bureau of identification under a provisional appointment, Vincent D. Quinlan was given permanent title to the post.

As a result of the promotion his salary dropped from \$4,000 to \$3,600 a year.

Weather

Considerable cloudiness with rain and continued cool through Saturday. Rainfall locally heavy. High this afternoon 50 to 61, low tonight 30 to 38. Small craft warnings displayed for 25 to 30 miles per hour northeast to east winds on coast coast. Elsewhere, northeast to east winds 15 to 20 miles per hour.

Goodwill Toward Men?

United Press International
Goodwill, drunkenness, lust and pride—these are the true Christmas spirit is unique—today occupied police and grieving families following a wave of holiday violence.

Murder and accidental death came at suddenly and tragically as at any time of year, but in some cases the fatal mechanism seemed to be tripped by seasonal anticipation and fatigue.

Most pathetic were those innocents in which children were involved.

A Chicago father wept as he told of accidentally shooting and killing his infant son Christmas Eve while practicing fast draws

with a loaded gun in the family living room. Dead was 14-month-old Wyatt Larp Bender, whose cowboy-loving father named him after the legendary hero. The father, Jack, 29, allegedly had been drinking before shooting Wyatt Larp.

In San Francisco, five-week-old Mark William Netherby died when his father William, 22, over his wife's protests, muffled the boy's sobs with a pillow, the mother told police. The infant was dead when she went to pick him up this morning.

In Mobile, Ala., expectant mother Mrs. Troy Holt, 34, apparently made light of a giant carton her intoxicated husband brought

home on Christmas Eve, police reported. An subsequent quarrel resulted in death by gunshot wound, said authorities. They held the husband in connection with Mrs. Holt's shooting and also the death of their three-week-old infant, delivered by Caesarian section following the shooting.

Police at Spartanburg, S. C., reported that Jimmy Lee Jones, about 38, hacked his wife and mother-in-law to death with an axe to climax a pre-dawn argument Christmas Day. Victims were identified as Helen Jones, 33, and her mother, Mrs. Minnie Rice.

An apparent murder-suicide left a 6-year-old girl homeless in Glendora, Calif. Police said her stepfather of four months, 62-year-old John Moll, apparently shot her mother, Mary, 33, early Christmas Eve. The girl discovered the bodies.

As Children Watched
Two children in Dayton, Ohio, first supported and later denied an account of their mother's suicide told by their father, Otis Fox, 39. Police continued interrogation of Fox, who denied shooting his wife Parine, 41, Christmas morning as the children watched. Fox, a neighbor calling to wish a mother and her two small children a merry Christmas said all three shot to death. Mrs. Anna Figueroa, 22, was sprawled on the floor of the one-room apartment and her children, Alfredo, 3 and Eugenia, 5, were in bed.

Krestie Glendiza, 32, was in critical condition in a Gary, Ind., hospital today, the lone survivor of a Christmas Eve triple shooting. Police said Metro Planchick, 32, apparently went berserk with a .22 caliber pistol, killing Mildred Tomushak, wounding Glendiza and then shooting himself.

A quarrel over Christmas dinner in Paramus, N.J., climaxed when Mrs. Therese Olinsky, 3, plunged a 10-inch blade carving knife into her husband, Edward, 34, police said.

The resolution concludes with the "heartfelt thanks, appreciation and best wishes of the present City Commission and all the people of Sanford." It is signed by Mayor Merle Warner and Commissioners Robert S. Brown, Earl Higginbotham, David M. Gatchel and A. L. Wilson.

Heidi Sayer now is gravely ill in Seminole Memorial Hospital. Throughout his long months of suffering, he has managed to serve Sanford with all the efficiency and experience of his 31 years with the city.

Yesterday, doctors permitted him to join his family at home for a brief Christmas party. He returned to an oxygen tent in the late afternoon.

Mrs. Sayer said this morning that Heidi was "very touched" by the City Commissioners' resolution. Their daughter, Jean, and her husband, Bob Wright, joined her in thanking the city leaders for their thoughtfulness.

The Sanford Herald today added its best wishes to the veteran public servant who has been a bulwark of strength through turbulent times in this city.

Christian Church To Mark New Year

The First Christian Church will observe the New Year Sunday at 11 a. m., when Pastor Perry L. Stone delivers a sermon on "Power to Keep New Year's Resolutions."

The choir will sing "In the Stillness of the Night," under the direction of Mrs. John C. Dietz. Church organist is Mrs. N. V. Farnner.

"The Value of Time" will be the Rev. Stone's message during the worship period Sunday night. The evening training program begins at 7:10. A special welcome is extended to holiday visitors.

City Net Finals Scheduled Sunday

The City tennis tournament finals will be played Sunday at the Mayfair Inn county. The singles match will begin at 2 p. m., pitting Bob Shadden against Larry Dorr for the title of Sanford's singles champion.

The doubles finals will be held immediately after, matching Bob Shadden and Art Harris against Norm McInnis and Larry Dorr. Trophies will be presented at the conclusion of the matches by Sanford Recreation Director Ronald Perry.

Coaches Will Meet

All adult coaches and managers who have shown interest in the proposed Buddy Basketball League are asked to attend a meeting tomorrow morning at 10 in the recreation officer at the Civic Center.

Clerk Commended For Long Service

By VIRGINIA COVNS
Herald Staff Writer

On Nov. 13, Heidi Sayer completed 31 years of continuous active service with the City of Sanford.

During that period he has held prominently the position of City Clerk.

In recognition of this outstanding service, the present Sanford City Commission has commended Sayer with a resolution, saying, "It is the considered opinion of all

those who know him, as well as the present City Commission, that Heidi Sayer is the fitting example of that 'indispensable' person so necessary to the effective, progressive operation of the affairs of government in the City of Sanford."

The resolution also states that Sayer, in the opinion of the City Commission, "has had more to do with the tremendous progress and great strides through periods of tremendous adversity shown by municipal government than any other single individual ever to hold an official capacity with the City of Sanford."

Sayer served the city through the black days of the depression, when the very existence of Sanford as a municipality was threatened. He has handled the position of manager, clerk, tax collector and finance director.

With the re-organization of the present City Commission Jan. 6, the board felt that Christmas was the "proper and fitting time" to recognize his accomplishments and contribute to Sanford and its people.

The resolution concludes with the "heartfelt thanks, appreciation and best wishes of the present City Commission and all the people of Sanford." It is signed by Mayor Merle Warner and Commissioners Robert S. Brown, Earl Higginbotham, David M. Gatchel and A. L. Wilson.

Heidi Sayer now is gravely ill in Seminole Memorial Hospital. Throughout his long months of suffering, he has managed to serve Sanford with all the efficiency and experience of his 31 years with the city.

Yesterday, doctors permitted him to join his family at home for a brief Christmas party. He returned to an oxygen tent in the late afternoon.

Mrs. Sayer said this morning that Heidi was "very touched" by the City Commissioners' resolution. Their daughter, Jean, and her husband, Bob Wright, joined her in thanking the city leaders for their thoughtfulness.

Gunfire Kills 5, Man Questioned

KENORA, Ontario (UPI)—Police today questioned Thomas Young, 36, in the Christmas Day "mass murders" of a police constable and four Indians, including the suspect's father.

Police said they used tear gas to flush Young from a shack where he took refuge with a rifle and a gun belonging to Constable C. R. Fullford, one of the victims.

Fullford, the one-man detachment at Ear Falls, 110 miles northwest of here, was summoned early Thursday by George Williams, 50, to investigate a disturbance in an Indian shack on a country trail.

Three hours later a party of policemen found the constable's body surrounded by the bodies of Williams, James Gordon, 20, his wife Clara, 17, and Robert Young, 25, father of the suspect.

They had all been shot with a high-powered rifle, police said.

A New Year... A New Way

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	John	4	1-26
Monday	John	4	27-42
Tuesday	Hebrews	11	1-16
Wednesday	Hebrews	11	17-40
Thursday	Psalms	90	
Friday	Psalms	91	
Saturday	Ecclesiastes	3	1-11

What will you be doing when the clock strikes twelve on New Year's Eve? Celebrating? Celebrating what? The death of the old year and the birth of the new?

Why? Didn't the year past measure up to your expectations? Are you glad to be rid of it? If so—what makes you think next year is going to be any better?

Only you can lay the foundation for a better future—with God's help! If you are to be a better person, if next year is to be a better year, you must include God in your planning.

Here is the opportunity of a New Year! Let us go to the House of the Lord! Let us give thanks to Him for what has been, and ask His blessing upon what is to be.

What more perfect beginning could there be to any year?

Rites Unite Couple On Sunday Afternoon

Miss Claudia Luella Warmack and James Larry Blythe exchanged marriage vows Sunday afternoon at the First Methodist Church.

Miss Warmack is the daughter of Mr. and Mrs. Guy Clifford Warmack. Mr. Blythe is the son of Mr. and Mrs. James Marvin Blythe.

Rev. T. C. O'Steen officiated at the double ring candlelight ceremony. The church was decorated with baskets of white cranberry pom-poms, palms, and all-eyes candles.

The bride was given in marriage by her father. She wore a ballerina length gown of Chantilly lace, designed with a scooped neckline and three-quarter length sleeves.

Mrs. Mary Kudlar, sister of the bride, was matron of honor. She was dressed in a red sheath with full overskirt in black. Bridesmaids were Miss Katherine Carlisle and Miss Edna Earl Lightfoot.

Best man was Steven Moresaki. Ushers were Noel Cowan, Sanford, Dave Murray, Winter Park, Herschel Pusey, Sanford, and Paul Warmack, Sanford, brother of the bride.

For her daughter's wedding Mrs. Warmack chose a blue crepe dress with navy blue accessories. Her corsage was a white orchid. The groom's mother wore a sheer beige wool ensemble with matching accessories and a bronze or gold.

A reception in McKinley Hall followed the ceremony. The bride's table was overlaid with a white lace cloth. The large centerpiece was of chrysanthemums and greenery.

For a wedding trip to the Bahama Islands, Mrs. Blythe chose a beige wool suit with brown accessories and a white orchid from

Couples Honored On Wedding Anniversaries At Open House

Mr. and Mrs. R. M. Ball and Mr. and Mrs. H. M. Gleason were honored at an open house Wednesday night. This was the 38th wedding anniversary for the Balls and the 35th wedding anniversary for the Gleasons.

She Lets Him Kiss Holiday Treat Given

NEW YORK (UPI) — Every time Judy Holiday's leading man kisses her while they're on stage at the Shubert Theater, his wife is right there practically looking over his shoulder.

Hal Linden says he likes it that way. His wife's kibitzing on his kissing keeps him up to form, for if she doesn't approve of his performance, he hears about it on the way home.

Linden, who succeeded Sydney Chaplin as the costar of the Broadway hit musical, "Hello, Dolly!", is married to Fran Martin, a pretty redhead who sings and dances in the show's chorus line.

Miss Martin was in the show before Linden. He started as Chaplin's understudy and was promoted in his first full-fledged Broadway role when Chaplin left the cast last June, two months after Linden married Fran.

"I sure do keep an eye on him," Miss Martin said. "When I'm on stage, I watch him as closely as I can, and when I'm in the dressing room downstairs, I can hear everything he says or sings over a loudspeaker."

"The thing I always grab at is to me. One scene keeps going down hill to me. That's a scene in which he says a couple of times 'I love you' to Judy, and it doesn't always sound right."

Linden interrupted his wife's right there.

"She ought to know when that sounds real," he said.

Fran has other wifely comments on her husband's performances.

"When he looks too gloomy while dancing, I tell him," she said.

Right after they were married, Miss Martin said, she was afraid she would become too prejudiced in her husband's favor.

Linden admitted that it bothered him at first, but added that "it doesn't make me mad any more."

He manages to even the score with his opinions on her cooking.

"My wife is a noble experimenter," he said. "It's inherent in her personality, and that goes for her cooking. She will mix any two things that fit in the same pot."

Sometimes she comes up with some pretty strange concoctions. She eats things she likes in restaurants, and tries to reproduce them at home without recipes.

But when Fran cooks something he doesn't like, he tries to be diplomatic.

"I just tell her not to make it again," he said.

As for kibitzing on his wife's housework, Linden offered what he hoped would be a final word on that.

"I don't kibitz with the housework," he said. "I do half of it. We only have two and a half rooms, so where can I hide? Believe me, if she cooks, I wash. If I cook, she washes. I'm a recipe man. I'm cautious."

How does a working theatrical couple spend its spare time? Usually studying and working. The Lindens get up about 11 A. M. have breakfast and then rush off to their classes in dancing, singing or acting. They eat an early dinner before the show and afterward go home and sit around watching television or playing the guitar until 3 A. M.

"There is only one thing wrong with our life," Miss Martin said. "There just isn't enough time to do all the things we would like to do. I usually wind up doing my housework after the show—cleaning the refrigerator or the stove or doing laundry. Day hours are too precious for things like that."

Pageant Presented

Children of Osteen School gave a Christmas pageant Friday evening, telling the story of Christmas.

Narrators were John Tatum and Diane Jones. Linda Whidden and Barbara Gowin were angels. Jane Nixon was Mary; Steven Riggs was Joseph. Nancy Riggs was Gabriel. Cheryl Palmer and Linda Black were angels.

Shepherds were Dell Rutherford, Michael Shivers, Bryant Hyatt, Henry Clark, Michael Skinner, Kirby Osteen, Steven Riggs and Marcelle Tait.

Benny Rutherford, Paul Allman and Bobby Palmer were the three kings. Heavenly hosts were played by Lynn Jones, Mary Gary, Melissa German and Karen Osteen.

Their members were Shirley Joyce, Charles Sutton, Janette Hosack, Debra Tatum, Ronald Hoden, Chester Carpenter, Jackie Jurs, Donald Shivers, Shirley M. Britton, Linda Noel and Joyce Harvey.

All of the children were in costumes and a manger of palm fronds with a cradle formed the setting. The auditorium was decorated with Christmas greens. A ceiling high Christmas tree stood in the corner.

Santa Claus arrived and distributed gifts from under the Christmas tree. Refreshments of punch and cookies were served by the PTA. Mr. and Mrs. Harold Harris, teachers at the school and Mr. James, county music teacher, directed the play.

Holiday Traditions Include Deb Parties

NEW YORK (UPI) America's is becoming debutante crazy, says one woman who helps steer "coming out" parties for teenage socialites.

"Deb debuts are now part of the holiday tradition in almost every city of any size," said Beatrice Joyce, executive chairman of the International Debutante Ball. She believes the deb business is thriving because the debut remains one strong symbol of gracious living; every father wants his daughter on a social pedestal above the crowd; and every mother wants her daughter meeting the right people.

Last Fling Of Season "And after all," she said, "when you're 18 it's time to have fun. When you're old, all you have to look back on is memories."

Miss Joyce directs a party, set for Dec. 30 this year, at the Waldorf-Astoria. It is one of the last flings of the season for the debs. The fall season begins with Thanksgiving, when the girls come home for the first long college vacation, and reaches its peak during the Christmas and New Year's holidays.

Debuts fall in two general types, she said. There are the private debuts in which pop foots the whole bill, and the mass debut in which as many as 50 or 75 debs will bow. Usually the big parties are benefits for some charity; profits from the International Debutante Ball, for instance, will go to the Kidney Disease Foundation of New York.

18 Countries Represented Debs planning to bow at this party include the daughters of Gen. Curtis LeMay, vice chief of staff of the Air Force; Sir Percival Dixon, ambassador from Great Britain; other assorted ambassadors; and a couple of princesses. In all, 18 countries will be represented.

Candy For Holiday Giving Or Serving NEW YORK (UPI) — For light-hearted candy for holiday serving or giving, try cranberry-chiffon squares.

Combine 2 cups sugar, 2 tablespoons light cream, 1 cup cranberry juice, 1 cup unflavored gelatin in 1/2 cup cold cranberry juice in large mixing bowl. Combine 2 cups sugar, 2 tablespoons light cream, 1 cup cranberry juice, 1 cup unflavored gelatin in 1/2 cup cold cranberry juice in large mixing bowl.

Remove from heat, pour over gelatin and stir until dissolved. Cool at room temperature to consistency of thick syrup (45 to 60 minutes), stirring occasionally.

Pour 1/2 cup ice water into mixing bowl, add 1/2 cup instant non-fat dry milk crystals and whip about 3-4 minutes, or until peaks form. Add 2 tablespoons lemon juice and whip 3 minutes, or until very stiff.

Using same beater, beat into gelatin mixture until smooth, pour into buttered 9-inch square pan, chill 1 hour and cut into 49 pieces. Roll in flaked coconut.

Approximately 21 million Americans play the piano.

TRADE IN Christmas Ties... the ton-flashy ones you won't like, on photo equipment you can enjoy. Now thru Dec. 31st. WIEBOLDT'S CAMERA SHOP 211 S. Park Ave. Sanford

Sligh bells on the front door raise clamorous music each time the door is opened to welcome holiday guests. When your friends come calling you'll want to receive them in a warm-hearted way. You can do so with Minceat Turnovers—they have a distinctive charm all their own and are sure to please every holiday guest.

It is so easy to make these turnovers—just take a package of your favorite pie crust mix, some minceat and you are well on the way to creating a festive snack.

Heat oven to hot (425°F). For pastry, empty package pie crust mix into bowl. Sprinkle cold water by tablespoons over mix; stirring light with a fork until just dampened. Form into ball on a floured board or canvas roll pastry to form a 12 x 16-inch rectangle. Mark and cut twelve 4-inch squares.

Place a heaping tablespoon of minceat on one corner of each square. Fold over to form triangle, seal edges by pressing with tines of fork. Cut 2 short slits in top of each. Place on ungreased cookie sheet. Bake in preheated oven (425 degrees F.) 15 to 18 minutes. Serve hot with orange hard sauce.

For the sauce, beat butter until smooth. Gradually beat in sugar until fluffy. Stir in orange juice and rind.

CHRISTMAS FEATURE: For a colorful way in garnishing a Christmas ham, lend an ear. Carve citron in the shape of bolly leaves. Tint them in green food coloring. Use red cinnamon candies to simulate red holly berries. Arrange citron leaves and cinnamon candies on orange slices. It will lend that final Christmas touch to a holiday ham dinner.

When broiling steaks or chops, make several cuts in the fat along the outer edges so as to keep the fat in the meat.

Oviedo Coffee Held Tuesday

One of the highlights of the holiday season was the lovely Christmas coffee given by Mrs. Charles T. Niblack, Mrs. W. H. Stork, and Mrs. James Wilson on Tuesday morning.

The coffee was held at the home of Mrs. Niblack. The hostesses took turns greeting guests at the door. Mrs. James Martin, Mrs. Walter A. Teague, Mrs. Milton Glore, and Mrs. Roy Weisenberger were floating hostesses.

The Niblack home was elaborately decorated for the occasion. The serving table, overlaid with an imported linen cloth, was centered with a unique decoration created with artificial miniature fruit and silver Christmas balls. Christmas candles in silver candleholders stood at either end of the table.

Dainty sandwiches, candies, and Christmas sweetbreads were attractively arranged on the table. Floating coffee were Mrs. George Carlton an Mrs. Jack T. Bryant. Miss Suzanne Park assisted with the serving.

Between 75 and 80 friends called.

Sanford Gets Share Of Driving Tourists

It is encouraging to note the number of tourists who have arrived in Sanford for the winter. Some of Florida's more publicized winter resorts are feeling the pinch of a strike by major airlines, but Sanford appears to be getting its share of the tourists who drive the family car.

Although Sanford and Seminole County have no famous beaches to offer winter tourists, it lacks little in the way of recreation and entertainment. Headlining the recreation are fishing and golf.

At the Mayfair Inn Country Club, golfers have one of the finest courses in the state. The St. Johns River is rated as one of the finest fresh-water fishing spots in the nation. New Smyrna Beach is near enough for Sanford tourists who like to try their luck in salt water.

Sanford doesn't have an airport. Therefore, most of the tourists who come here to escape the cold drive their cars. Some of the larger cities depend almost entirely on air traffic since airlines are on strike, the tourists are not arriving as expected.

In the winter, Sanford also has tennis and other forms of recreation. If tourists want to "get away from it all," this is the place to be in December, January and February. After resting up from the trip, and the toils of nine months work, tourists find the winter social life here interesting.

The Mayfair Inn offers dancing nightly; the dog track offers excitement to those with gambling blood. In addition to fishing in the St. Johns, there are the ever-popular Puzzle Lakes, just a few minutes from downtown Sanford.

Sanford isn't the most publicized city in Florida. It lacks a great deal of being a real resort town, when compared to some in the state. But for complete relaxation and a variety of recreation, Sanford ranks among the best of the Florida cities.

The many out-of-state automobiles in Sanford are proof positive that this is a growing tourist area. The weather is as good as anywhere in the winter. Recently, Sanford was the warmest spot in the nation. That should give prospective vacationers some idea of the type of weather they can expect here.

Let us hasten to say that it gets cold here, too. Sanford does not attempt to pass itself off as a tropical island with a year-round temperature which is ideal for swimming, boating and fishing. But it doesn't snow; it doesn't get so cold that tourists think they are in New York or Maine. Sanford has a relatively short winter. This, too, is in its favor.

This year, Sanford won the title of the "Most Courteous City in Florida." That should give our winter, and summer, visitors some idea of the kind of town we have.

Sub-Zero Weather Grips North, East

United Press International Sub-freezing temperatures over most of the north and north-central states were compensated for today by prospects of continued heavy snow and ice.

Northern New England and the Eastern Seaboard as far south as West Virginia had sub-zero readings for the holiday weekend.

Southern breezes, which brought Miami vacationers temperatures in the 70s, caused some rain along the Gulf Coast and near the Great Lakes, but most reports showed less than a tenth of an inch.

The plains states celebrated Christmas under clear to partly cloudy skies while scattered snow buries from Colorado to Montana, all under an inch, accompanied temperatures just above freezing.

Along the Pacific Coast, Washington and Oregon reported light rain and 40-degree temperatures extending as far south as upper

California. A storm approaching the coast was expected to bring more rainfall and possible snow in the high mountains.

In the southern Rockies and southern California, there was clear weather for Christmas. San Francisco reported 50-degree readings and little prospect of change.

Generally cloudy conditions over most of the nation left the possibility for scattered light rain and snow. Snow flurries in the Rockies were likely to spread eastward across North Dakota into the northern Great Lakes by tonight.

Pants' Owner Found

VINCENNES, Ind. (UPI) — A worried lady driver told police she found a pair of men's trousers trailing from the rear of her car. Police soon found the owner, Jack Todd. He reported that he had been on his way to the dry-cleaners with the pants over his arm when a big wind came along.

CHRISTMAS RAPPINGS

Washington See-Saw

SIXES AIRPLANE TRIPS — fly a given number of hours per month in order to keep up their flying status. These ships must be in the air. We think it is better for them to carry folks on official business than just to fly around aimlessly. If every flight, with every reserve officer, or Congressman, or other authorized "non-pilot" were subsidized by Pearson, his daily column would be filled with nothing but names.

Last week, Pearson, child Sikes for taking free rides around the country on Air Force planes. He implied that Sikes was causing great waste of the taxpayer's money — that he was using his high office for his own personal pleasure at Government expense. We feel strongly about such officials who follow such practices. We think they should be thrown out of office.

But, before we condemn Congressman Bob Sikes, let's look at the other side of the story. Sikes has a right to fly on Air Force planes for two reasons: First, he is a Colonel in the U. S. Army Reserve. In fact, the first time we ever met Sikes was in 1947 when our National Guard unit was camped at Fort Jackson, S. C. Sikes was there on furlough, sitting out of a mess kit in the woods along with the rest of us. Second, Sikes is one of the top men on the House Military Appropriations Committee. It is his job to check on how the Military spends its money. In this job, he has a reputation for being tight-fisted. He is credited with saving the Government many millions of dollars.

If Sikes had a habit of calling up airplanes anytime he wanted them, as a sort of personal air taxi service, he would have to be slapped down and criticized. But, it is only fair to point out that pilots in the Air Force must

Lost Bus Victim Identity Sought

PULASKI, Tenn. (UPI) — Investigators today sought to identify the last victim of a bus-truck crash that killed seven people.

Two more of the victims were identified Thursday. They were Lamar Holley, 47, of Tuscaloosa, Ala., and Mrs. Lillian Wilson Rondo, 22, of Fairfield, Ala.

State patrolmen said Holley was an employe of the Alabama State Employment Service and was en route to Indiana to visit relatives. The crash Tuesday night took place when a Greyhound bus sideswiped one truck while attempting to pass it and slammed into a truck coming from the opposite direction.

5 In Family Dead In Mansion Fire

RICHMOND, Va. (UPI) — A four-alarm fire swept a three-story Georgian mansion in the exclusive Windsor Farms section of Richmond today, burning a couple and three of their children to death.

The victims were identified as Horace A. Gray Jr., a director of West Virginia Pulp and Paper Co., his wife, Catherine, and their three teen-aged children. Another son was not at home when the early morning blaze broke out.

Eight fire companies rushed to the home, located on a winding lane about a mile from the nearest thoroughfare. They were delayed, however, by having to unlock and open heavy iron gates and maneuver their equipment through a narrow opening into the courtyard.

The house, valued at about \$150,000, was gutted, only its brick walls left standing. The children were identified as a daughter, Susan, 19, and two sons, Thomas, 17, and Foster, 13.

More than 65 billion paper towels were used up in the United States in 1958, according to The Tissue Association, Inc., which figured it out to 500 paper towels for every man, woman and child in the country.

And, also, that the only way to save free enterprise is to take it away from some of its irresponsible practitioners.

Despite the news blackout in New York, I have heard the story of the 10-year-old boy in Burlingame, Calif., who won \$1,000 in a contest, sponsored by a slushy corporation, with the proviso that the child spend the entire sum in one day.

Fortunately, the little boy, Philip Beretta, seemed to have a lot more sense than the adults who egged him on in a wholly indefensible spending spree. I think Philip will undoubtedly turn out to be a credit to his parents and his country, but I would surely like to have the authorities put under observation the added directors of the corporation offering the prize, as well as their crackpot press agent who probably dressed up its terms.

Philip won a nation-wide contest to name a rocket ship, and his reward or penalty was \$1,000 to be spent on the spot. A company representative was on hand to see that the child abided by this stipulation. When Philip at first didn't seem able to throw money away on schedule, the company representative endearingly reminded the little boy "you have to go faster than this."

Innumerable American corporations today are making substantial cash contributions to all kinds of beneficial youth programs and to higher education. They are supplying thousands upon thousands of excellent scholarships every year to high school students who are college-bound.

Free enterprise, in the current crisis in education, has been a tremendous and continuing factor in trying to help solve the problem that confronts the nation. It has done and continues to do important work in the field of juvenile delinquency and disturbed children.

But it is a pity when one corporation sulks the record with an award of \$1,000 to a little boy coupled with inexcusable demands that he behave like Diamond Jim Brady or Beta-Million Gates or Tommy Manville. This is a throwback to the years when irresponsible American tourists lighted their cigarettes with the depressed paper currency of other nations.

This easy-come-easy-go era, egged on by all the cheap easy-come-easy-go teenage contests, certainly doesn't prepare kids to earn their bread by the sweat of their respective brows. When I was Philip's age, the schools used to teach thrift, in conjunction with a thrift program.

But thrift is today a dirty word, if not actually against the law. The watchword now is spendthrift. And it seems to me that Philip was not so much the winner of a foolish contest as the victim.

3 Youths Trapped, Killed On Trestle

ALEXANDER CITY, Ala. (UPI)—Two teen-aged girls and a young male companion were trapped and killed on a railroad trestle Thursday and another youth escaped serious injury.

A freight train bore down on the two young couple as they reached a point just 30 yards from safety. The girls died under the wheels of the train and the youth was killed in a plunge to rocks below.

The dead were listed as Patsy Huggins and Sarah Tomas, high school students, and Wayne Hodge, a student of Jacksonville State College.

Hodge, about 21, fell 15 to 20 feet to his death on a rocky shore of the stream beneath the trestle between Alexander City and Dadeville, Ala.

The survivor, Warner C. Grimsley, was knocked from the half-mile trestle but landed in shallow water without serious injury. He apparently waded ashore.

A curve in the trestle apparently hampered visibility for both the victims and the train crew, authorities said.

Atlas Is Silent; Voice Will Revive

WASHINGTON (UPI)—America's Atlas satellite was silent on Christmas Day as it soared through space on a course that took it over the Holy Land.

But the 4 1/2-ton satellite was expected to get back in the communications business again soon.

A Defense Department spokesman said the "talking" space vehicle neither spoke nor wrote to its ground radio and Teletype receivers at stations across the United States.

Officials have declined to say whether the Atlas might get a New Year's greeting from President Eisenhower to replace his Yuletide message.

The Pentagon has cut communications tests with the missile to a "reduced schedule" until next Monday. It plans a full program of voice and Teletype messages after then.

Just One Day Early

MEMPHIS, Tenn. (UPI)—Mr. and Mrs. Melvin Preston arrived at a downtown hotel restaurant here, found seats, ate dinner and settled back for the speeches.

Only then did they realize that the 84-plate banquet for which they had purchased tickets wasn't scheduled until the next day.

The geographic center of the North American continent is near Devils Lake, N. D.

Gators, Rebs Polish Attacks

JACKSONVILLE, Fla. (UPI)—Florida and Mississippi held final workouts today on the eve of what is predicted to be one of the closest fought Gator Bowl games in history.

The pass-happy Rebels arrived today for a light drill on the Gator Bowl field where some 40,000 fans are expected to turn out for Saturday's nationally televised game at 2 p.m. Florida encamped at nearby Ponte Vedra Beach Monday and worked out at a high school field.

Despite Florida's reputation as a defensive giant, observers are looking for some wide-open play on the part of both teams and a high-scoring affair.

Mississippi, coached by Johnny Vaught, already has marked itself as a touchdown maker, ranking first in the Southeastern Conference in rushing yardage. Florida coach Bob Woodruff has indicated he has some offensive tricks up his sleeve to counteract the Rebel attack.

But Woodruff will have his

hands full matching yardage against quarterback Bobby Franklin, halfbacks James (Cowboy) Woodruff and Kent Loveland, and fullback Charley Flowers.

Franklin, who is just as dan-

gerous running or passing, led his team in scoring with six touchdowns and three conversions for 39 points. He carried the ball 192 times for a five-yard per carry average. But his passing over-

dowed all other departments, on 56 completions of 121 for ten touchdowns.

Ironically, pass defense is Florida's weakest department. The Gators ranked second in the conference in rushing yardage, but had the worst pass defense record in the SEC.

If the Gators outscore the Rebels, 142-pound quarterback Jimmy Dunn will have to be at his all-time best. The Tampa senior has produced when it counted this season, despite his size. He led the team in scoring with four touchdowns and passed for two more.

The Gators depend principally on the rushing of sophomore fullback Bob Milby who had a 5.4 rushing yardage and halfback Don Deal, a sophomore who specializes in long-distance runs.

Yanks Are Favored In Blue-Gray Tilt

11 Races On Tap At Track Tonight

An eye-catching program of 11 races, including a fast Grade A test in the 10th event, is on tap tonight at the Sanford-Orlando Kennel Club.

Usually there are only 10 races on Friday night, but an extra event was made possible when track officials passed up the last Wednesday night to close early for Christmas Eve.

Big Blimp, a young greyhound from Bob Bennett's well-balanced kennel, rules a 5 to 2 favorite on the morning line in the feature. The 9-pound brindle stepper who won't be two years old until March, has looked sharp in collecting a win and a second in three starts so far this season.

Fast finishing Dapples, one of many stars from Keith Dillon's string, which also includes the fabulous Indral, also rates careful consideration in the main event.

There is no matinee scheduled tomorrow because of the Tangerine Bowl game in Orlando Saturday afternoon. However, an all-star card is slated tomorrow night, including the Tangerine Bowl handicap in the 10th race.

Austin guided Rutgers to its best season in several decades with his dazzling running. The slim 186-pounder has just about every offensive record at New Jersey school, such as total offense, 2,066 yards, yards rushing, 2,073 and total offense in one season, 1,425 yards.

Virginia Tech. quarterback Billy Holsclaw, sixth in the nation total offense, and Kentucky halfback Bobby Cravens, rated one of the hardest runners in the Southeastern Conference, pace the South attack.

rated slight favorites today to win the 21st annual Blue-Gray football classic here Saturday.

The odds-makers gave the nod to the Blues on strength of their heavier line. The Yank forward wall outweighs the Rebels by eight pounds per man and the Yankee backfield is three pounds heavier at each post. The Blue line is anchored by four ends weighing 220 pounds or more.

Kickoff time for the national television game is 1 p.m. c. s. t. with a sellout crowd of 25,000 expected to jam Cramton Bowl in the Cradle of the Confederacy.

The North will be out to avenge last year's thrilling 21-20 loss. If the classic runs true to form it will be the Yanks' time to win. The two teams have alternated winning the last four clashes, but the boys from Dixie have a 13-6 edge in the series.

The players represent 28 schools from 18 states and all sections of the nation except the Far West. Longfellow ranked sixth in the nation in passing and seventh nationally for total offense. He connected on 79 of 136 aerials for 918 yards and six touchdowns. He carried the ball 86 times for 254 yards and five touchdowns. His receivers for the game will be lanky Jim Wood of Oklahoma State and rugged Gene O'Reilly of Villanova.

Post-Season Tilts Slated Tomorrow

United Press International College football's annual post-season holiday competition gets into full swing Saturday with four games, three of which will be televised nationally for armchair quarterbacks.

Saturday's features are the Gator Bowl game at Jacksonville, Fla.; the Blue-Gray game at Montgomery, Ala.; the East-West Shrine game at San Francisco, and the North-South night contest at Miami, Fla. All except the Miami game will be carried on national TV and radio networks.

Mississippi (8-2) will meet Florida (6-3) in the Gator Bowl before about 40,000 and a national CBS television audience at 2 p. m. e. s. t. The Blue-Gray game before a capacity crowd of 25,000 at 2 p. m. e. s. t., and the East-West clash before a capacity crowd of 60,000 at 4:45 p. m. e. s. t., will be NBC TV - radio features. The North-South game at Miami, which figures to draw a crowd of 40,000, will be a radio feature of the Mutual Broadcasting System.

Thus the four games figure to draw 165,000 fans in addition to large TV radio audiences.

Colts Hold Final Practice At Home

BALTIMORE, Md. (UPI)—The Baltimore Colts ran through their final Memorial Stadium practice today prior to their departure Saturday for New York and the National Football League championship tilt with the Giants.

The Colts planned a limited practice in New York Saturday, and then the big game, the one Ewbank called his club's "great opportunity."

While the Giants rested Christmas, the Colts ran through drills aimed at polishing their defense. As the playoff game drew near, Ewbank reported his team in good condition. However, with typical caution he brushed aside Baltimore's role as a three and one-half point favorite.

The Colts suffered a 24-21 regular season loss to the Giants, and Ewbank hadn't forgotten when the odds-makers were quoted.

"We've got to play it either way," he observed realistically. "Favored or not, we still have to block and tackle." Ewbank often reminds his team that the odds won't win a game.

(One of the field facts that most coaches agree does win games, however, is a close study of a rival's films, and the Colts have been doing some heavy viewing in preparation for their Yankee clash.)

The viewing was fruitful, too, according to Ewbank. Questioned whether he and his staff had learned anything after going over the latest Giant films with a practiced eye, he acknowledged they had just what they learned, of course, will remain Ewbank's secret until after Sunday's game.

West Jordan, Utah (UPI)—Fight manager Marv Jensen is trying to lure light-heavyweight champion Archie Moore to Utah for an exhibition bout with his protégé, Lamar Clark, who has scored 29 knockouts, including six on one card.

Kalidan And Jacks Battling For Post

MIAMI (UPI)—A battle between Bill Kalidan of Pittsburgh and Al Jacks of Penn State for the starting quarterback job on the Yankee squad highlights the preparations for the annual North-South college all-star football game here Saturday night.

One thing is certain, however. The right halfback spot on the North team will be filled by an all-around all-American, Pete Dawkins of Army.

Whoever winds up as signal caller for the North, South Coach Darrell Royal of Texas is convinced he'll have the better passer. He will start Buddy Mumphy of Baylor in the North, and Joe Dalany of Georgia Tech, who averaged 42.8 yards a punt during the season.

"We have the best passer and top punter for the game," Royal said.

Both Royal and North Coach Art Parseghian of Northwestern said they will use the two-pistol system. As the game will be played with professional rules, they may use unlimited substitutions. Another feature of the game is that the team which is behind in the first half will have the right to elect to receive the kickoff after scoring.

Parseghian hadn't announced a definite lineup, but he will definitely have Army fullback Harry Walters in the backfield with Dawkins. The left half will be either Joe Morrison of Cincinnati or James Wulf of Michigan State.

Ernie Banks Broke Slugging Records

NEW YORK (UPI)—Ernie Banks of the Cubs broke a major league record, a lot of seats in the stands and plenty of pitchers' hearts in winning the National League's slugging crown for 1958.

Banks was far and away the league's top slugger with a .614 average, according to official figures released today. Willie Mays of the Giants finished second with .587, and was followed by Hank Aaron of the Braves with .546, and Frank Thomas of the Pirates and Stan Musial of the Cardinals, each of whom slugged .528.

Banks, who was named the Most Valuable Player in the league, compiled his slugging mark by collecting 379 total bases in 617 times up. His league-leading total of 47 homers gave him the record for most homers ever hit by a shortstop in one season.

The slugging Chicago shortstop also led the league in runs batted in, with 129, while batting .313.

Giants Hold Final Frenuous Session

NEW YORK (UPI)—Coach Jim Lee Howell will put his New York Giants through their last strenuous workout today for their Sunday clash with the Baltimore Colts at Yankee Stadium for the National Football League title.

The Giants, who had a long workout Wednesday morning, enjoyed a respite Christmas Day while the Colts practiced in Baltimore.

"A rest will do our boys more good than a workout," Howell said. "We have too many men injured to put them through a hard practice."

Howell listed nine men on his injured list earlier in the week but all are expected to be ready Sunday with the possible exception of Roosevelt Grier. Grier, 290-pound defensive tackle, suffered a knee injury and aggravated an old ankle injury during last Sunday's 10-0 playoff victory over the Cleveland Browns for the Eastern Division title.

Howell hoped to receive a favorable report on Grier today but may not know until Sunday whether the busy defensive star will be able to play.

Both the Giants and Colts will hold light limbering up workouts Saturday at Yankee Stadium.

The Colts suffered a 24-21 regular season loss to the Giants, and Ewbank hadn't forgotten when the odds-makers were quoted.

"We've got to play it either way," he observed realistically. "Favored or not, we still have to block and tackle." Ewbank often reminds his team that the odds won't help it win games.

One off-the-field factor that most coaches agree does win games, however, is a close study of a rival's film, and the Colts had the latest Giant film "with a practiced eye, he acknowledged they had. Just what they learned, of course, will remain Ewbank's secret until after Sunday's game.

Post-Season Tills Slated Tomorrow

United Press International College football's annual post-season holiday competition gets into full swing Saturday with four games, three of which will be televised nationally for armchair quarterbacks.

Saturday's features are the Gator Bowl game at Jacksonville, Fla.; the Blue-Gray game at Montgomery, Ala.; the East-West Shrine game at San Francisco, and the North-South night contest at Miami, Fla. All except the Miami game will be carried on national TV and radio networks.

Mississippi (12-2) will meet Florida (6-3-1) in the Gator Bowl before about 40,000 and a national CBS television audience at 2 p. m. e. s. t. The Blue-Gray game before a capacity crowd of 29,000 at 2 p. m. e. s. t., and the East-West clash before a capacity crowd of 60,000 at 4:45 p. m. e. s. t. will be NBC TV-radio features. The North-South game at Miami, which figures to draw a crowd of 10,000, will be a radio feature of the Mutual Broadcasting system.

Thus the four games figure to draw 145,000 fans in addition to large TV-radio audiences.

Boxer Is Sidelined

PARIS (UPI)—Charles Humez, former European middleweight champion, will be unable to fight Italy's Fernando Spalotta at Rome Saturday because of a chest injury suffered in a sparring session.

Hoop Band Winner

CORAL GABLES, Fla. (UPI)—Hoop Band, the favorite of 12,563 fans, scampered to a one-length victory Thursday in the \$11,525 Christmas Handicap at Tropical Park. Air Pilot was second and Little Porter finished third.

Royal To Lecture

COLUMBIA, S.C. (UPI)—Football Coach Darrell Royal of the University of Texas will be a feature lecturer at the annual South Carolina Coaches Association clinic next August.

Wreck Hurts Navy Man

A Navy man is in serious condition at the Orlando Air Force Base Hospital following an accident last night on Orange road.

Owen Preston Jones, 31, suffered severe lacerations and a possible cerebral concussion when his head was pinned between the door cut off by the pressure of the car. He is being treated at the Naval Air Station, Sanford.

According to Sheriff's Deputy L. J. Kriz, Jones was traveling west on Orange at an approximate speed of 30 miles an hour. The posted speed is 25 miles per hour when he entered a curve just west of the Pinecrest Baptist Church and lost control of his car. The automobile rolled three times on one side of the road crossed to the other side and rolled once 21 yards in an easterly direction.

Jones was taken to the dispensary at the Naval Air Station, where he regained consciousness and was transferred to Orlando Air Force Base. Officials there said this morning that he would be taken to surgery early this afternoon. They said Jones was able to talk, but could remember nothing about the accident.

Kriz charged the Navy man with reckless driving. The 1936 sedan was a total loss. Jones was wearing a seat belt.

Rain and slippery roads Friday and Saturday combined with excessive speed and faulty equipment to cause two other accidents, Kriz reported.

John F. Sears of VAILT was charged with faulty equipment Friday afternoon when he applied brakes to his car and skidded 195 feet into a power pole on 17-92, one mile north of Cassiberry.

The front end of his car was smashed. Kriz stated that Sears had poor brakes and no shock absorbers. Damage was estimated at \$400.

Leo Knight, Sanford Negro, lost control of his car Saturday at 8:10 p.m. on Grapeville Ave. Knight went into the ditch on the left side of the road, skidded 150 feet and tumbled his car end over end. His speed was estimated at 60 miles an hour in the 35 mile zone.

Kriz charged the Negro with speed "too great for conditions." There were no injuries in either accident, which occurred during heavy weekend rains.

The Sanford Police Department reported an extremely quiet and orderly weekend. No calls were answered by the Fire Department. Protection agencies urged residents to continue safety precautions during the holiday week ahead, saying, "Keep Sanford and Seminole County off the National Safety Council's statistic list."

22 Persons Killed On Florida Roads

MIAMI (UPI)—A long Christmas weekend of too much speeding, drinking and not enough common sense on the highways resulted in the death toll in Florida soaring to 22 persons, according to a United Press International survey showed at least 22 persons died in traffic accidents in the four-day holiday period beginning 6 p.m. Wednesday and ending last midnight.

Three other persons died in fires and four were killed in miscellaneous accidents. Delayed reports were expected to push this figure even higher.

The Highway Patrol blamed many of the accidents on excessive speed and drinking, despite repeated warnings to motorists and maximum safety precautions by local and state road patrolmen.

Two-year-old Hazel Hackney of Naples apparently became the first drowning victim of the holiday period Sunday when she took off her shoes and went wading in a lake near her home.

A rash of traffic deaths Sunday kept Highway Patrolmen busy retabulating the fatality toll.

Pauline Beebecker, 39, of Fort Walton Beach was killed when her car plowed into a big gasoline tanker truck.

Thomas A. Jones, 16, LaRose, was fatally injured in an accident on State Road 23 north of Gainesville.

Mrs. Bessie Thomas, Fort Lauderdale, and George Robinson, Baylin, were killed in a wreck near West Palm Beach.

In earlier accidents over the weekend Carl E. Johnson, 31, Negro, was fatally injured when he was struck by a car in Miami. An unidentified Negro, about 60, was killed by a hit-and-run driver near Delray Beach.

Frisky Lion Causes Pope John Concern

VATICAN CITY (UPI)—Pope John XXIII held a frisky lion cub named Dolly on his lap today when the circus came to town.

About 200 lion tamers, trapeze artists, clowns, roustabouts and members of their families were received by the pontiff in a mass audience for the circus, today.

A tamer placed Dolly, a 45-day-old cub born in a circus cage, on Pope John's lap. The cub was playful and the Pope was obviously nervous.

"Easy, easy," he laughed. "I'm accustomed to the lions of Venice—don't you see?"

The symbol of the city of Venice, where Pope John was patriarch before becoming pontiff, is a winged lion. He includes the symbol on his pontifical coat of arms.

One young artist of the circus, Graziella Venturi, brought out two white doves for the Pope to admire. The lights of the glittering chandelier hall went down and a spotlight came on.

The doves fluttered around their trainer to the accompaniment of a "don't you see" music.

Pope John applauded with delight.

Board Gets Ready For School Work

The Board of Public Instruction in Seminole County is paving the way for school improvements in 1950.

At present, bids are being advertised for the demolition of the existing Junior High School building on Palmetto Ave. The fence already has been torn down. The school was vacated last summer. Students now attend Pinecrest and St. Johns schools.

Bids also will be received until Jan. 13 for an Intercommunal system at Crooms Academy. The bids for both projects will be opened and read aloud at 10 a.m. The school board will hold an organizational meeting Jan. 10 to adopt a resolution for the sale of school bonds. After bids are opened Feb. 10, the board will be able to determine the approximate date when the money will be released for construction.

Berlin Troops Get Defense Equipment

BERLIN (UPI)—The U. S. Army reinforced its garrison in Communist-ruled West Berlin by supplying it with new armored equipment, it was disclosed today.

The Army shipped in six M59 "armored personnel carriers," an Army spokesman said. The carriers are tank-like treads, are mounted machine guns. They carry 12 men each and are amphibious.

They are designed to carry combat-ready troops in places of action.

Equipment of the carriers here presents a considerable boost in the combat strength of West Berlin's 4,000 American troops.

The carriers were shipped in by truck three weeks ago over the 110-mile highway through East Germany's communist-ruled East Berlin with West German Soviet border guards passed the carriers without difficulty, the spokesman said.

The spokesman disclosed details of the shipment only when their appearance on training maneuvers in the city earned comment. He attempted to play down the shipment by asserting it had no connection with the Soviet demand that the U. S. British and French leave the city.

Final Yule Note: Poor Man Is Rich

PORTO Portugal (UPI)—Carlos Lima Garcia, 25, a poor laborer, came home from Canada for Christmas and quickly became a rich man.

Garcia, who barely scraped enough money together to emigrate to Canada and considered himself lucky to save enough for a trip home, bought a state lottery ticket when he arrived. The ticket won and paid back his money. He re-invested the fund in the final drawing of the year and won \$143,600 during the week end.

West Europe's Economy Throws Away 'Crutches'

LONDON (UPI)—West Europe today demonstrated its postwar economy recovery by putting into effect currency reforms that were likened to a sick man being able to throw away his crutches.

The British pound sterling and the currencies of 10 other West European nations became "externally convertible," or almost free currencies, when markets opened today. There was no major reaction, and the currencies remained firm, with no sign of panic buying.

The currency reforms meant that foreign firms which have huge sums tied up in pounds sterling or other European currencies may use them as they see fit and exchange them for U. S. and Canadian dollars. This was of particular importance to the United States and Canada, and first reaction was that trade should step up enormously.

Formerly foreign business firms holding large sums of pounds sterling were forced to trade only in sterling areas or face huge losses when they were converted into dollars. Britain hopes for full convertibility during 1950—freeing the use of pounds sterling for British purchases abroad.

In London, the pound sterling got off to a shaky start on the first day of money freedom. In 30 years, but there was no rush to buy gold or sell out paper currencies. Foreign exchange dealers said the pound was putting up a firm front to the world.

Prefers One Role

HOLLYWOOD (UPI)—Robert Taylor is one actor who does not want to become an independent producer like Marlon Brando, Burt Lancaster and Kirk Douglas.

"I'm working in 'The Hangman' now at Paramount," he said. "The director and producer have all the headaches—I don't. Life's too short for me to try to kill myself trying to prove I'm a genius."

Cuban Rebels Predicting Victory

Radio Urges Army To Stop Fighting; Island May Be Cut

HAVANA (UPI)—Rebel forces driving across the central "waist-band" of Cuba in an attempt to cut the island republic in two broadcast appeals to government troops today to end the bitter fighting and join the rebel cause.

The rebels predicted victory on the central front within "a matter of hours."

A rebel radio station which said it was transmitting from the Escambray region in Las Villas province, issued a statement addressed to the Cuban army.

"Men of the Armed Forces—the end of the dictatorship is near. 'Soldiers—join the revolution.' Then, addressing President Fulgencio Batista, the station added: 'Fulgencio Batista—you have been left alone with our murderers.'

Rebel broadcasts intercepted in Havana said the insurgent forces were on the verge of complete control of the strategic central Cuban provinces of Las Villas despite heavy losses suffered during more than seven hours of attack by Cuban air force B-26 bombers. The rebels also claimed capture of two towns and a sugar mill in Oriente Province, increasing their domination of the area surrounding the U.S. naval base at Guantanamo.

A series of rebel broadcasts heard on short-wave frequencies claimed rebel successes in central Cuba. One broadcast said the mountain city of Trinidad and Ciego de Avila on the south coast were totally surrounded by rebel forces and were expected to fall soon. However, the rebels admitted that Cuban air force B-26 bombers inflicted "many casualties" on their forces in attacks near Sancti Spiritus, capital of Las Villas province, and at Jaitoaco, 80 miles to the southeast.

Heavy Rains Pose Flood Threats To Virginia, Carolina

United Press International
Heavy rain continued to soak the Carolinas and Virginia today, sending the New River over its banks and bringing the threat of minor floods along river valleys.

Weather forecasters said the New River was expected to climb about three feet above flood stage at Galax, Va. They said the rain would probably end later today but predicted possible further flooding at the Roanoke, Tar, Neuse and Cape Fear river basins.

In the nation's midsection an invasion of cold air was expected to chase a spell of springlike weather that saw the mercury rise to a record 61 degrees in Chicago Sunday. The previous high of 50 for the date was set in 1885.

An arctic air mass pushed into the nation's north-central section and surged southward through the Dakotas into Nebraska today. Temperatures tumbled an average of 20 degrees under the influence of the cold air, plunging to near zero early today in North Dakota and to the 20s in Nebraska.

The heavy rains that pelted the east narrowed to the Virginia and North Carolina during the night. More than 35 inches of rain doused Roanoke, Va., and nearly an inch fell at Richmond and Norfolk.

Dense fog developed in the midland over the Mississippi Valley and blanketed parts of Illinois, Kentucky and Indiana along the Ohio Valley. The fog was blamed for a rash of traffic accidents, including one which killed four persons near Greenup.

Light snow fell near the leading edge of the cold air in Minnesota and scattered drizzle occurred in Wisconsin and upper Michigan.

Drivers Become Careful, Holiday Record Averted

United Press International
Homeward bound motorists apparently shocked by the early rate of traffic deaths, slowed down during the weekend to save the nation from posting a record Christmas holiday highway fatality toll.

The National Safety Council said the four-day toll which appeared headed for an all-time high at the start slackened off in the final two days.

The council said the count probably would wind up somewhat above its pre-holiday estimate of 620 traffic deaths.

Safety officials said the improvement in the traffic death rate stemmed from the "shock" of the early fatality pace.

A United Press International count showed at least 595 persons killed in traffic mishaps during the holiday period between 6 p.m. Christmas Eve and midnight Sunday. Eight persons were killed in plane accidents, 93 in fires and 97 from miscellaneous causes for an overall total of 793.

California led the states in traffic deaths with 89. Texas had 46, Illinois 38, New York 34, Ohio 27 and North Carolina and Pennsylvania 25 each.

A council spokesman said that "as bad as the figures are, they still have come down almost one-third" in the closing hours of the 12-hour holiday.

It now looks as though the final toll will not be nearly as far above our pre-holiday prediction of 620 as we first feared," the spokesman said.

Although Americans escaped merrily Christmas 1948 with a record highway slaughter, the holiday could end up as the second worst in history.

Big Presses Roll In New York Again

NEW YORK (UPI)—The giant presses of nine major New York City dailies, stilled 20 days by the costlier strike in newspaper history, rolled once more today, sending forth sorely missed papers for a news-famished public.

Newspapers began hitting the streets this morning, a few hours after the Mail and Deliverers Union Sunday night voted 2,081,331 to accept a new two-year contract.

The reading public, which normally devours 3,500,000 weekdays newspapers, and 8 million on Sunday, eagerly snapped up the papers as they reached the newsstands. On all sides there were expressions of relief that the frustrating news blackout was over.

The two morning tabloids came out with jubilant headlines across their front pages.

"We're off and running again," the New York Daily News announced.

And the New York Mirror banded "Hello again!"

The prolonged strike had not only gotten on people's nerves but had dealt a hard blow to the city's economy. It cost the publishing business an estimated 23 million dollars in advertising and circulation revenue, and additional millions of dollars in losses to department stores, specialty shops, theaters, movies and other concerns.

Reds Rattle Sabre On Berlin Blockade

BERLIN (UPI)—Moscow and the East German Communists rattled Soviet inter-continental rockets today with a new warning of war if the West refuses to bow to Communist demands to get out of Berlin.

The Soviet Communist Party newspaper Pravda said that "any provocation in West Berlin and attempted aggression against the German Democratic Republic (East Germany) may start a major war."

It added that in such a war Russia would have "the most up-to-date arms, including inter-continental rockets which are invulnerable carriers of powerful thermonuclear warheads."

The East German Communist newspaper Berliner Zeitung said the East would use the most modern weapons if the West tried to use tanks to break a new Berlin blockade. It also hinted the East German might interfere with Western Allied air and rail traffic in the city.

The new Communist threats failed to dim the defiance of West Berlin Mayor Willy Brandt, who praised the recent NATO foreign ministers' rejection of the Soviet proposal to make Berlin a free city.

"It could bring about a settlement," he said, "but then I've thought that we were about to come to an agreement several times during the talks only to run into a deadlock and I hesitate to say what the chances are for agreement on this."

Brandt said he would put the idea before representatives of both sides in separate meetings today.

"We may know something more this afternoon, after the talks," he said.

Repeat Performance

HOLLYWOOD (UPI)—Seems that old movie wardrobes never fade... they just are dyed for TV.

Kenan Wynn made this discovery recently at a dress rehearsal for the Alcoa Goodspeed Theater TV play, "Afternoon of the Beast." Inside the jacket, Wynn found a label with his name on it. Turned out the suit was the same one worn in a film called "Thrill of Brazil" that was 12 years ago.

New Idea Slated In Effort To End Strike By Eastern

MIAMI (UPI)—A federal mediator disclosed today he will offer "some new ideas" to East German Air Lines and its striking flight engineers in hopes of ending a crippling five-week walkout.

Mediator Warren Lane said he was hopeful that his new settlement formula would be acceptable to both management and labor, but he refused to be optimistic about it or to give details of the plan.

"It could bring about a settlement," he said, "but then I've thought that we were about to come to an agreement several times during the talks only to run into a deadlock and I hesitate to say what the chances are for agreement on this."

Influence Probers Split On Goldfine

WASHINGTON (UPI)—House influence investigators headed today toward a possible angry split over whether their final report should include any comment on the sensational Adams-Goldfine case.

The secret report—disclosed to United Press International last week—so far did not even mention former Presidential Assistant Sherman Adams and his relationship with multimillionaire Bernard Goldfine.

But several members of the subcommittee have made clear they would press for inclusion of at least some reference to the case.

Members gathered today for a closed two-day meeting called by Chairman Owen Harris (D Ark.) to give final approval to the report. They tentatively agreed on it earlier this month.

The tentative report—scheduled to be released in its final form next month—calls for:

A series of stiff new laws aimed at wiping out bribery attempts to influence the six federal regulatory agencies. The laws—providing jail sentences and civil sanctions—would aim at such acts as those involving congressmen and executive department officials.

U. S. Army Helps Fire-Gutted Town

NAZE, Japan (UPI)—The U. S. Army moved in today with tons of food plus medical supplies, clothing, blankets and temporary shelter to the fire-devastated town of Naze.

Commander of Carrier Division 17 Rear Adm. Edward E. Colestock, aboard the aircraft carrier Yorktown reported tonight that his men had unloaded 14 net tons of food, 300 pounds of miscellaneous medical supplies, 325 blankets, 1,000 pounds of clothing plus supply tents, pup tents and shelter flaps.

The relief supplies arrived at Naze, about 200 miles south of Kyushu, as Japanese planes dropped powdered milk and clothing to nearly 8,000 who were made homeless by the fire which destroyed most of their town early Sunday.

Most of the clothing unloaded by the U. S. ships, which included seven destroyers, were donated by the men on the ships.

Weather

Partly cloudy and not much change in temperature today and tonight. High today 58 to 66, low tonight 50 to 55. Tuesday mostly cloudy, possibly some rain by night. Northwest and north winds 3 to 12 miles per hour today, becoming light and variable tonight.

Big Presses Roll In New York Again

NEW YORK (UPI)—The giant presses of nine major New York City dailies, stilled 20 days by the costlier strike in newspaper history, rolled once more today, sending forth sorely missed papers for a news-famished public.

Newspapers began hitting the streets this morning, a few hours after the Mail and Deliverers Union Sunday night voted 2,081,331 to accept a new two-year contract.

The reading public, which normally devours 3,500,000 weekdays newspapers, and 8 million on Sunday, eagerly snapped up the papers as they reached the newsstands. On all sides there were expressions of relief that the frustrating news blackout was over.

The two morning tabloids came out with jubilant headlines across their front pages.

"We're off and running again," the New York Daily News announced.

And the New York Mirror banded "Hello again!"

The prolonged strike had not only gotten on people's nerves but had dealt a hard blow to the city's economy. It cost the publishing business an estimated 23 million dollars in advertising and circulation revenue, and additional millions of dollars in losses to department stores, specialty shops, theaters, movies and other concerns.

Four Die Of Gas; Murder Is Hinted

EL PASO, Tex. (UPI)—Police hinted today that the deaths of four persons in the same house by a mysterious gas may have been cleverly planned murders.

Detective J. Al Hiler said he had not ruled out the possibility that the deaths were caused by an "engineered gas job."

The victims were Maj. Forrest Tilson, 41; his wife, Vivian, 39; and Henry Epley Jr., 17. Mrs. Tilson's brother, their bodies were found Sunday. H. H. Epley Sr., 60, Mrs. Tilson's father, died in the same house Friday.

Maj. and Mrs. Tilson came from Lawton, Okla., to attend the Elder Epley's funeral. His death was at first blamed on natural causes.

There were other theories that something about the adobe house may have caused the deaths. One theory was that something in the mop bucket used in the bedroom where the Tilsons and Epleys died may have created a poison gas.

Another theory was that a septic tank near the bedroom may have given off a toxic gas.

Autopsies were performed on all the bodies and the coroner expected to make his report today after another check at the house.

Pacifists To Post 'Ban Bomb' Bonds

SWAFFHAM, England (UPI)—Fourteen pacifists were ordered to post 10 pound (\$20) "good behavior" bonds today for taking part in a "ban the bomb" demonstration at a secret Thor missile base under construction here.

The 14 were among 45 members of the Direct Action Committee Against Nuclear War ordered to appear at the Swaffham court. All were charged with obstructing police who first ordered them carried their bodies from the guarded base north of London.

Under the court's order, the pacifists would have to forfeit their bonds unless they keep the peace for one year.

Appointed To Board

NEW YORK (UPI)—Arthur F. Burns, chairman of President Eisenhower's Council of Economic Advisers from 1953 to 1956, has been named to the board of trustees of the Twentieth Century Fund.

Seminole Growing Faster Than State

Seminole County ranks among 16 Florida counties experiencing tremendous population gains in the eight years since the 1950 census. The 16 counties had greater percentage gains than the state with increases ranging from 62 per cent in Manatee County to 264 per cent in Brevard. The state's population is up 60 per cent over 1950.

Provisional estimates released by the Bureau of Economic Research at the University of Florida show Seminole County up 11.7 per cent since 1950, when the population was 24,900.

Estimated population on July 1, 1958, in this, the smallest of Florida's 67 counties, was a whopping 46,200 persons. That's a lot of growing. Other counties showing gains more than the state population were Brevard, Broward, Charlotte, Collier, DeKalb, Indian River, Manatee, Martin, Okaloosa, Palm Beach, Pinellas, St. Lucie and Sarasota.

Seminole County reports show that per cent of building permits issued in 1958 were for residences. Commercial building has fallen behind the general state average.

Florida now ranks as the second fastest growing state in the nation exceeded only by Nevada.
