CAMPAIGN MANAGERS BOTH CLAIM VICTORY SAY THEY WILL WIN

Hays Gives Actual Figures White Says "Win, Win"

BOTH ARE CONFIDENT

COX CLOSING CAMPAIGN AT TOLEDO—WILL RECEIVE RESULTS AT HOME.

(By The Associated Press.)
DAYTON, Nov. 1.—Gov. Cox closes his campaign at Toledo today and will receive the election returns over the telegraph instrument used in announcing Cleveland's election.

NEW YORK, Nov. 1.—On the eve of election both the Republican and Democratic headquarters here are confident their candidates will win. Hays claims that Harding will have not less than three hundred and sixty electoral votes. White claims "Cox and Roosevelt will win."

COLUMBUS, Nov. 1.—Ohio is trying to pick the winners in the presidential election after an avalanche of political argument and stirring campaign.

WASHINGTON, Nov. 1.—The Democrats will hold a League of Nations demonstration in front of the White House tonight.

BOSTON, Nov. 1.—Gov. Coolidge plans to remain in seclusion until he accompanies Mrs. Coolidge to the polls in Northampton tomorrow.

MARION, Nov. 1.—Senator Harding finished his campaign and is resting at home. He and Mrs. Harding plan to vote in the afternoon and spend the day quietly receiving returns in his home. He said he made the fight to the best of his ability and was ready to abide by the results.

DAYTON, Nov. 1.—Governor Cox early election morning shrld shrld plans to vote on his return from Toledo early election morning and spend the day at home and receive the returns at his newspaper office.

KU KLUX KLAN TO UPHOLD YOU

CALLED UPON TO SUPPRESS NIGHT RIDERS AND ALL LAWLESSNESS

ATLANTA, Nov. 1.—Every branch of the Knights of the Ku Klux Klan and every member of this organization are commanded to use all the influence within their power to suppress operations of so-called "night riders" and to assist officers of the law in their apprehension, in a decree issued today by Col. William J. Simmons, Imperial Wizard of the Knights of the Ku Klux Klan.

In connection with the official decree Col. Simmons, in a separate statement, calls the attention of the Klansman to the fact that in some quarters the guilt for posting notices on cotton gins and, in some instances, threatening owners who do not close them, is being laid on the Ku Klux Klan because the men who commit these acts wear masks or robes somewhat resembling the official regalia of the Klan.

In this regard he says: "For two reasons it is especially important that members of the Ku Klux Klan do all in their power to assist officers of the law to suppress the organizations of these 'night riders.' In the first place, they are guilty of criminal violation of law and if allowed to continue there is no limit to the extent which this power of intimidation under cover of darkness may be used. The Knights of the Ku Klux Klan are sworn to uphold the law under any and all circumstances and it is especially necessary at this critical time that every law-abiding citizen discharge this duty without fear of favor."

"In the second place, the operations of these 'night riders' are bringing odium upon the Ku Klux Klan (Continued on page eight)

GENERAL LAW DIES AT HIS BARTOW HOME

WAS LAST SURVIVING RANKING OFFICER OF CONFEDERATE ARMY.

BARTOW, Fla., Nov. 1.—Maj.-Gen. E. M. Law, last surviving major-general of the Confederacy, died at his home here at 9 o'clock last night, at the age of eighty-four years. He had suffered a stroke of paralysis and had been unconscious since Sunday, Oct. 24. He died quietly and without regaining consciousness. Funeral arrangements will be made today.

General Law is survived by three sons, Dr. Melvor Law, Dr. E. A. Law, and Maj. W. L. Law, all of Bartow, and one daughter, Mrs. F. P. Winthrop of Eagle Lake. Major Law is a veteran of the Spanish-American war. General Law's wife died last July.

Evander Melvor Law, school master, soldier and editor, was born in Darlington, S. C., in 1836. He graduated from the South Carolina Military Academy in 1856 and began teaching at King's Mountain Military school at York, S. C., the next year, remaining there until he moved to Tuskegee, Ala., in 1860, to establish a military school.

Upon the secession of Florida in January, 1861, General Law abandoned his plans and led a company of (Continued on page eight)

NIGHT RIDERS RAISE CAIN IN ALABAMA

KILLED TWO NEGROES AND BURN COTTON GINS, AND COTTON

(From Monday's Daily)
MONTGOMERY, Ala., Nov. 1.—Night riders in the black belt of Alabama Saturday killed two negroes, burned four negro cabins, two gins, two mills, several barns, a quantity of cotton, cotton seed, corn and two white farmers' houses. Mounted whites and negroes rode through the countryside applying torch until the officers arrived.

EXPORTS TO EUROPE SHOW SLIGHT RECOVERY

(By The Associated Press)
WASHINGTON, Nov. 1.—Exports to Europe and South America showed a slight recovery in September over the August slump but further reduction of shipments to Asia, the Department of Commerce reported today. The United States exported approximately two hundred and twelve million dollars worth of goods to Europe over imports in September.

KEVAN BARRY EXECUTED IN DUBLIN

(By The Associated Press)
DUBLIN, Nov. 1.—Kevan Barry, a medical student, was executed at Mount Joy prison on the conviction of murder for implication in an attack on military escort. Thousands of people prayed outside the walls.

SOCIALIST PARTY CLAIMS BIG GAINS

(By The Associated Press)
NEW YORK, Nov. 1.—The Socialist party claims the largest proportionate of women's vote in protest of the imprisonment of Eugene V. Debs. They predicted a vote of three million in 1916 and got 800,000.

SECOND RACE OF FISHING YACHTS

(By The Associated Press)
HALIFAX, Nov. 1.—The Esperanto and Dalawana, American and Canadian contestants for the racing championship of the International fishing fleets started on their second race about 9 o'clock this morning.

On Rapa the Women Feed the Men

The road to a man's heart is through his stomach, is a well-known adage that has reached even the women of the island of Rapa, one of the most isolated places in the world. The men on this island are outnumbered seven to one, as there are 150 women on the island and only 20 men. Men are in such great demand that the women invent ways of serving them so as to win them for husbands. Feeding the men, as illustrated here, is one of the common methods employed by the charm school of Rapa. The island is in the South Pacific, between the Cook Islands and South America.

ELECTION DAY COMES TOMORROW WITH BIG BALLOT TO BE VOTED

Vote Early and Avoid Any Confusion at the Polls

EVERYTHING READY

PRACTICE BALLOTS CAN BE OBTAINED AT HERALD OFFICE.

Tomorrow is election day and it will be a big event in the lives of the women who vote for the first time and all the young men who are casting their vote for the first time. The Herald has been filled with instructions for the past two months and the new voters should be well instructed by now with the schools of instructions that have been held all over the county and the campaign made by the Democratic Executive Committee and the many meetings held by the Woman's Club in this city and over the county.

As stated before in this paper the voters on the east side of the city, being in Precinct No. 3, will vote in the court house this time and those on the west side of Park avenue, which is the line and are in Precinct No. 1, will vote at the polling place in the Walaka Block on Railroad Way. Vote early if possible as the voting will take all day and vote as fast as you can for there will be many more coming behind you. As the ticket stands it will be no hardship on anyone to vote the ticket in

two or three minutes and if you can do this all the voters will have a chance to cast their ballot before sundown which is the official time to close the polls.

Tomorrow night the election returns will be given at the Princess Theatre by the American Legion and the Board of Trade and Manager Herndon has given the use of the Theatre free for this purpose. The small charge of 25 cents will be made to cover the expense of the wires and should there be a landslide in either direction the result will be known by midnight as the big states north use voting machines and count them as fast as they are voted and the results will be known by midnight or close enough to tell the result.

Go and vote and then go about your regular business and the strain will soon be over. If anyone wants practice ballots they can be obtained at the Herald office or near the polls tomorrow morning.

CUBA IN MIDST OF AN ELECTION

LITTLE ISLAND HAVING TROUBLES WITH ELECTION DISORDERS.

(By The Associated Press)
HAVANNA, Nov. 1.—Cuba is voting for president today. Troops are guarding the polls to prevent threatened disorder.

VOTING ON THE IX AMENDMENT IN TOMORROW'S ELECTION

THE AMENDMENT FOR BONDING STATE FOR TWENTY MILLIONS AND WHAT IT MEANS

The following very able paper was read before the meeting of the Woman's Democratic Voter's League in Central Park, Saturday by Mrs. Ernest Galloway and gives such a clear insight into the amendment that will be voted for in the election tomorrow that everyone should read it and become familiar with all the pros and cons of this amendment that means voting for twenty millions of dollars for roads in this state. Mrs. Galloway is chairman of the Good Roads Committee of the Florida Federation of Woman Clubs.

A very important matter before the people of the state at this time is the proposed amendment to the constitution for creating a system of good roads throughout the state, to be voted on at the election on Tuesday.

The constitution now prohibits the bonding of the state for any pur-

pose except for repelling invasion, suppressing insurrection, and for the refunding of bonds already in existence. To this it is proposed to add, "or for the purpose of acquiring and maintaining a system of roads and bridges, under such regulations as may be prescribed by the legislature, provided that any bond issue authorized in pursuance hereof, shall not exceed in amount 5 per cent of the total tax assessment of the state at the time of issue."

We will all agree, I believe, that we want good roads, permanent roads, with proper type of surfacing, that will stand up under wear and tear of heavy truck traffic. All of us, we women in particular, are comfort loving creatures, and find enjoyment in motoring over a good road.

Most of us believe in co-operation, and I think would be willing to put that word in practice, as regards good roads; we all believe in progress, and good roads mean progress; we want to see our state develop, and good roads mean development, more particularly in the sparsely settled (Continued on page six)

DEMOCRATIC WOMEN BIG RALLY SATURDAY WAS GREAT SUCCESS

THE RED CROSS HAS DISTRIBUTED MANY MILLIONS

IN COST OF ARTICLES RANGING FROM AMBULANCES TO SAFETY PINS

WASHINGTON, Oct.—Fourteen million dollars, covering the costs of distribution of articles ranging from auto-ambulances to safety pins, have been expended by the American Red Cross in its relief work in Russia, according to figures taken from the forthcoming annual report of the organization and made public today at headquarters here.

Service was extended to millions of men, women and children and ranged from hospital care for the sick to food and clothing for the starving and ill clad. The work was carried on through commissions sent to Siberia, Western Russia, Southern Russia and the Baltic States, a total of 2,067 persons including 503 Americans were employed and 10,000 different articles were distributed free of cost. The commissions operated sanitary trains with at total of 75 cars and equipped with 830 beds with a capacity of 1,550 patients. Anti-typhus trains operated by the commissions traveled 11,000 miles, furnishing preventative baths to 105,000 persons, disinfection for 1,000,000 and issuing 500,000 clean garments. In Siberia alone Red Cross trains distributed 8,000 tons of supplies and 18 hospitals with a total of 6,506 beds were operated.

One of the most difficult tasks of the organization, according to the report, was in helping the people of Athania where there was no ambulance service and very little in the (Continued on page eight)

NO ANTI-JAP LEGISLATION IN CALIFORNIA

(By The Associated Press)
WASHINGTON, Nov. 1.—The Japanese ambassador was reassured by the State Department that no anti-Japanese legislation in California will be acceptable to this country. That it does not accord with the existing and applicable provisions of law and national instinct of justice.

ROOSEVELT CLOSING CAMPAIGN WITH PLEA FOR LEAGUE

(By The Associated Press)
HUDSON, N. Y., Nov. 1.—Franklin D. Roosevelt in his last campaign speech said the issue is tightly drawn between "Cox and our place in the League at its head, or Harding and flat rejection."

TALLEST MAN IN THE UNITED STATES IS DEAD

(By The Associated Press)
TEXARKANA, Tex., Nov. 1.—J. W. Patterson, seven feet and five inches tall and said to be the tallest man in the United States, is dead.

WOMAN'S VOTE WILL BE TREMENDOUS CAUSING DELAY RETURNS

(By The Associated Press)
CHICAGO, Nov. 1.—Mystery as to the tide of the tremendous woman vote was reflected in many eleventh hour discussions of the general election situation. It was stated on all sides that the woman vote would delay returns.

RAINS WILL FALL ON ELECTION DAY

(By The Associated Press)
WASHINGTON, Nov. 1.—Rains on election day in the Atlantic states, upper Ohio valley, the region of the great lakes with probability of snow in Northern Michigan, Wisconsin and Minnesota was forecast today by the weather bureau.

DUBLIN, Nov. 1.—Fourteen separate attacks were made on the police and military in Ireland Sunday. Six police and one civilian were killed, and many others wounded.

Big Crowd Heard Speakers On Live Issues WERE INSTRUCTED

AND WOMEN KNOW HOW TO VOTE AND WILL DEMONSTRATE IT TOMORROW

The meetings last week for women clearly demonstrated their desire for "voting knowledge" and when the women of Seminole county go to the polls tomorrow, it is a safe bet that they will know how to prepare a ballot within the time limit and will have clearer knowledge of the laws governing a general election than the average voter. Incidentally their fellow citizens generously admit that with the introduction of the new element that they, too, have learned much by the systematic and methodical way in which the women have gone about this business of learning to vote intelligently.

The results of the rally for Democratic women in Central Park on Saturday were most gratifying although there was not at any time during the day a large crowd, but the ladies from town and county were in and out continuously, profiting by the instructions given for voters. The entire day was characterized by a spirit of informality and good fellowship that was conceded to be productive of more real information than would have been gained by set speeches from the band stand.

Informal talks on the issues of the campaign were given by Mrs. W. F. Blackman, Mrs. E. M. Galloway and Mrs. John Leonard; questions were asked and answered and topics vital to the woman in politics were gravely discussed.

Mrs. Leonard convened the meeting and again instructed on the election laws. During the afternoon she addressed the gathering on "Why I (Continued on page eight)

GOVERNORS WILL BUILD MORE HOUSES

EXECUTIVES OF MANY STATES TAKE UP QUESTION AT MEETING AT HARRISBURG.

(By The Associated Press)
MADISON, Wis., Nov. 1.—State governors will consider housing problems and ways to promote ownership of homes in their 12th annual conference at Harrisburg, Pa., Dec. 1 to 3. Other subjects coming before the governors this year, as announced here by Miles C. Riley, secretary of the conference, are:

Decentralization of governmental functions and activities, in relation to the developing tendency towards centralization in the national government.

The Kansas industrial relations court.

Sources of income and the disbursements of state governments.

The general agricultural situation. Reports will be presented to the governors from the Commissioners on Uniform State Laws and the National Organization of State Railroad Commissioners.

"The coming conference promises to be one of the most large attended and important gatherings of governors of our states that has ever been held," according to Secretary Riley. "Not only will most of the present governors be in attendance but a large number of new governors, to be elected on November 2."

"The conference will be held just prior to the convening of legislatures in most of the states, and will be of great interest to the governors who must submit their recommendations to these bodies."

SUB TREASURIES CLOSED NOVEMBER THIRD

(By The Associated Press)
WASHINGTON, Nov. 1.—The sub-treasury at Chicago was ordered closed November 3rd by Secretary Houston in accordance with legislation ordering all nine closed.

WOMEN ARE BUSY LEARNING ARRANGEMENTS MADE

(Continued from page one)

neva bridge east to Lake Jessup and South to Elder Springs.

Precinct No. 3 includes the western side of Park avenue to within two blocks of the Monroe turn of the road and South to Paola.

Remember the phone number at headquarters for the Democratic women will be 486, and remember every woman Democrat who has registered should fulfill the duty and obligation placed upon her by casting her vote Tuesday, November 2nd, and it is advisable to go as early as possible, for the polls will close at sunset and there is an unusually large number of registered voters. If you want your opportunity go early and stand in line until you have cast your vote.

As a matter of instruction to the voters of Seminole county, the office of the Supervisor of Registration has submitted some sound advice, which if followed will greatly facilitate the voting on next Tuesday. In fact, if these instructions are not followed it is doubtful whether it will be possible for all to vote in some of the larger precincts.

In precinct No. 3, for instance, which comprises East Sanford, there are some thirteen hundred qualified voters. The polls will open in the Court House at 8 o'clock in the morning and close at sundown, as is provided by law. During this time these thirteen hundred, or as many of them as care to vote, will be required to be voted, one at a time, by the inspectors at the polls. Unless the voters move along in an orderly manner and take as little of the inspector's time as possible it will be impossible for all to vote in the time specified.

In order to facilitate the voting the following advise is given to the women as well as the men voters of the county:

1.—Don't visit in the polling place. Get your ballot, vote it quickly and get out. You are not allowed, according to law, to loiter around the polls. No one but the clerk and inspectors and the sheriff or his deputies are allowed within the polling place except while preparing or casting the ballot. Should you loiter and talk with your neighbors and friends, it is necessary for the inspectors to ask you to "move on" which may be embarrassing to everyone concerned.

2.—Give your name just as it appears on the registration books. Don't give it as "Mrs. John Jones." You are not registered that way. Give it as "Mrs. Mary B. Jones." The inspectors are required to find your name on the registration books before a blank ballot can be issued to you. If you give your name correctly the first time it will save hours for the inspectors during the day.

3.—Vote your ticket quickly. You are allowed by law only five minutes to vote your ticket. Try to vote it in not over two minutes at the outside. If each voter consumes five minutes in the both not all will have a chance to vote.

4.—Don't ask instructions of the inspectors or your friends. They are positively forbidden by law to give you any instructions as to how to vote. There is a fine and imprison-

DEMOCRATIC PRESIDENTIAL ELECTORS.

Charles E. Jones P. W. Carr
Martin Caraballo W. V. Knott
J. G. Sharon G. B. Wells

Some people firmly believe that "the Lord will provide." He will, but he won't take it to them.

The two big political parties are repeating history. The pot and kettle are again engaged in the time honored occupation of calling each other black.

We have never before heard of a thief being crazy, but we have serious doubts as to the sanity of the fellow who stole \$200 worth of carpenter's tools. He is a misfit in this restful age.

We confidentially look for a heavy increase in the male vote at the November election. No spirited man wants to have his neighbors chuckling over the thought that he had to stay at home and mind the kids while his wife did the voting.

A Spaniard is said to have invented a machine that plays chess, thus relieving the human player of a severe mental strain. Now if some genius will just dish up one that will play hell it may afford a little relief to some of our political friends.

Woman with her vote should make haste slowly, lest in the end she make no haste at all.

Feminine suffrage was not achieved in a day, nor in a month, nor in a year. It has required many years of ceaseless effort and countless disappointments to place her on a political equality with man.

She can not expect to revolutionize our political system in a day, nor in a year. To attempt such a sweeping overthrow of the customs of years would destroy her future prestige, and therefore her usefulness.

The laudable ambition of womanhood is a better government and a more enlightened citizenry. This can be accomplished gradually but it can not be done with a stampede.

The tortoise travels slowly, but it gets there in the end.

KU KLUX READY

The Ku Klux Klan paraded in several cities Saturday night just to demonstrate that they were here and ready to face any situation that might arise. There has been much talk about the Ku Klux Klan lately and most of it by those who know but little about it. As to what it is and what it will do is a matter that will be left to those who might start it on the way. As long as everything is quiet the Ku Klux will be quiet. Should anything start the Klan will also be quiet but quietly do its work and disappear into the mists of the night. There was no parade in Sanford Saturday night and there may never be a parade here unless the Invisible Empire is called upon to perform its duty and then the parade will mean the death knell of some one sounded in no uncertain tollings of the bell. The South knows what they need and the north is beginning to think so for the Ku Klux Klan is being formed in many northern states. Not for the purpose of

breaking the law but for the purpose of seeing that the law is enforced. Meantime we would caution everyone to watch their step tomorrow—election day—and we opine that nothing serious will happen, but if it should happen Sanford will be able to handle it in the same old way.

THE CONSTITUTIONAL AMENDMENT.

The constitutional amendment that is to be voted on November 2nd is known as the Good Roads amendment. It is proposed to amend Section 6 of Article 9 of the Constitution of the State of Florida, so as to read as follows, the amending features being in black face type:
"Section 6. The Legislature shall have power to provide for issuing State Bonds only for the purpose of repelling invasion or suppressing insurrection, or for the purpose of redeeming or refunding Bonds already issued at a lower rate of interest, or for the purpose of acquiring, building and maintaining a system of good roads and bridges throughout this state under such regulations as may be prescribed by an act of the Legislature; provided that any bond issues authorized in pursuance hereof for a system of good roads and bridges shall not exceed in amount five (5) per cent of the total tax assessment of the State at the time of issue."
As will be seen, adoption of the amendment would make possible the bonding of the state up to 5 per cent of the assessed valuation for providing a system of permanent highways and bridges.
Advocates of the measure propose increasing the tax on motor vehicles 50 per cent to take care of the interest and sinking fund of the bond issue, claiming that an additional tax on real estate will not be necessary. They claim that this would be an economical, feasible and fair way of providing a system of state highways.
On the other hand, many people believe that adoption of the amendment would work to the disadvantage of the East Coast and South Florida. Many counties, like St. Lucie, Palm Beach and Dade, have already bonded heavily for good roads, while West and Central Florida counties have done more or less nothing. With two-thirds of the automobiles and one-third the population of Florida along the East Coast, this section, they point out, would bear the greater portion of the expense of the bond issue, while with only a fraction of the representation in the legislature we would have little or no say as to where the roads should be built. In other words, we would be building roads for West and Central Florida.—Fort Pierce Tribune.

You read the daily papers. You are keeping in touch with the foreign news—the events of the old world.

You have noticed that the much heralded peace has only partially materialized—that the fires of hatred are burning more fiercely day by day—that the clash of war is becoming more deafening as time goes on.

Only the slender tie that binds England and France prevents another world conflict, and that tie is perilously weak, is often near the breaking point.

The average American citizen rests securely in the belief that this country will never enter another European conflict.

But don't be too sure. The world has had an object lesson in what America can do—if she will.

In the next war the might of American gold, products, and arms will be sedulously courted by both sides.

Every art of diplomacy will be exerted to bring us in—with our men, our munitions, and our gold.

If diplomacy fails, other tactics will be pursued to force our hand. It will be a marvel if we escape.

Think it over, from all sides, and don't go to sleep.

Politicians are carefully avoiding the subject in advance of election, but they are doing a deal of thinking. They know that we are sitting on the crater of another volcano, and the lid is comfortably warm. Some day it may blow off. And then—who knows?

SPARKS FROM THE SANCTUM.

Hardly a week passes but what some good citizen has a suggestion to make for the betterment of this town.

No sooner is the suggestion made than some other good citizen objects—principally because he does not like the first citizen.

It is human nature, and we are just as human here as elsewhere.

But there is a better way—a way that is quite as human and more humanizing.

RED CROSS RENDERS ASSISTANCE IN AUSTRIA TO MANY REFUGEES

VIENNA, Nov. 1.—The American Red Cross unit here is rendering assistance to the impoverished and suffering middle-class, the professional men and women, clerks, civil servants and others whose incomes have not materially increased and among whom there really are a large number of utterly destitute. Gifts of clothing to the families of 6,000 teachers have been made in one month alone. Others aided were the destitute political refugees of whom there are thousands in Austria, returned prisoners of war, refugees of every nationality in passage through this country trying to reach their homes.

With a very small personnel the Red Cross unit is working through the large number of established local relief organizations, notably the Society of Friends, in feeding children under six years of age, not reached by the great work of the American Child Relief, whose efforts are devoted to children between six and fourteen.

Announcement has been made in Orlando of the reorganization of the Standard Growers' Exchange in that place and the capital stock in the concern has been increased from \$400,000 to \$2,225,000. Some changes have been made in the management and control. The Standard is one of the big organizations of the state engaged in handling citrus fruits. Its operations are extensive and changes made will be of importance in extending activities.

Florida hogs walked away with the major honors at the biggest show held east of Chicago when the Highland Oaks farm, at Pierce, captured the junior and senior championships in the drive herd and grand champion boar of the National Hog and Cattle show at Atlanta, Ga. The Highland Oaks farm got four first, five seconds, six thirds, three fourths, three fifths, one sixth and two seventh prizes.

More than forty acres in the naval stores yard afford ample capacity for 200,000 barrels of rosin and 50,000 barrels of turpentine, assisting materially in making Jacksonville the largest naval stores market in the world. These belong to the Onitodore Point Terminal Company, the naval stores yard being the largest in the world.

The "viewers" appointed by the county commissioners to lay out the route for the proposed drive along the shores of Lakes Dora and Eustis, and the road from Eustis to the St. Johns river, via Cassia, to connect with Sorrento, filed their reports which were accepted as recommended, and are now posted in the county court house for objections.

BEAUTIFUL POST CARDS 1c AT THE HERALD, EACH.....

Six Kinds of Safety

Have you every paused to consider the safety of the bank where you deposit your money?

The first consideration is the capital, which should be ample to meet the requirements of the community the bank is to serve.

The next question to consider is the officers in charge. They should be men of experience, high character and successful. Without men of ability no institution can succeed.

Then there is the question of confidence. The public should have confidence in the officers and in the bank.

These three principles determine the success of a bank. We adopted these principles in the outset of our career and we expect to live up to this high standard and increase our usefulness to the community as the years go by.

We Offer You:

- 1ST: LARGE CAPITAL AND WORKING RESERVE.
- 2ND: TRAINED MEN IN CHARGE—MEN OF SEVERAL YEARS EXPERIENCE.
- 3RD: THE CONFIDENCE OF THE PUBLIC, WHICH IS PROVEN BY THE DAILY ADDITION TO OUR LINE OF DEPOSITORS.
- 4TH: PROTECTION BY TWO EXAMINATIONS EACH YEAR BY THE STATE BANKING DEPARTMENT, TWO AUDITS EACH YEAR BY AN INDEPENDENT RECOGNIZED PUBLIC AUDIT COMPANY AND TWO SWORN STATEMENTS SUBMITTED TO THE STATE COMPTROLLER BY THE CASHIER, GIVING THE BANK'S CONDITION IN DETAIL, ALL OF WHICH INSURES REGULAR, SYSTEMATIC AND THOROUGH OPERATION OF THE BANK.
- 5TH: THE ADVICE OF A COMPETENT BOARD OF DIRECTORS, WHO MEET WITH THE OFFICERS REGULARLY EACH MONTH AND ADVISE THEM AS TO THE OPERATION OF THE BANK.
- 6TH: INSURANCE OF ALL DEPOSITS EVERY DAY OF THE YEAR, THIS IS A PROTECTION NOT COMMONLY FOUND IN BANKS AND IS AN ABSOLUTE PROTECTION FOR YOUR FUNDS, IN ADDITION TO ALL THE OTHER USUAL SAFEGUARDS.

THESE ARE REASONS WHY YOU SHOULD DO BUSINESS WITH US, AND WE BELIEVE THAT NO BANK CAN OFFER BETTER INDUCEMENTS.

SHORTAGE OF MILK LIKELY IN FRANCE

PARIS, Nov. 1.—Shortage of milk is predicted by newspapers as likely to become more acute this winter than last. The police have announced that recognition of priority cards for children and the aged and ill, will be more strictly enforced and fraudulent practices prosecuted.

Milk prices jumped the day after restrictions on its use by hotels and restaurants were removed and milk dealers became more arbitrary in their accustomed attitude of selling milk only to those who bought freely of other more profitable supplies.

The Eustis Lake Region tells of the incorporation of the Lake Nursery Company, with holdings near Lake Jem, and says that this splendid piece of property is to be developed and made productive. There are many acres of land on the lake and it is suggested that some building sites will be sold there. Lake Carleton also borders the property, and it has many advantages for home sites and for the nursery business. The new company is capitalized at \$100,000.

REGULAR MEETING
Campbell-Lossing Post No. 3
American Legion
THURSDAY, NOV. 4, 8:00 P. M.
County Court Room

This will be quite an important meeting, for the final details of the Armistice Day program will be discussed. It is urgent that every member and those who desire to join be on hand to learn of their part in the celebration.

Armistice day, 1920, will long be remembered by the citizens of Seminole county, but to make it the success that we look for, it will be necessary to have a full attendance at this meeting. STAND BY US, BUDDY!

WHAT WILL YOUR RED CROSS DOLLAR DO? HERE ARE FACTS TO SHOW YOU EXACTLY

Red Cross Work In South, Including Health, Nursing, Military Relief
And Other Activities, Illustrated By One
Typical Month.

Atlanta, Ga., Oct.—The man or woman who gives a dollar for membership in the American Red Cross when the Fourth Roll Call is held from November 11 to November 25, will want to know, among other things, what that dollar will help to do in the southern division, of which his chapter is a part.

Fifty cents of the dollar is retained by the chapter, for chapter work. The other fifty cents goes to the national headquarters in Washington, to keep up the national work of the Red Cross. In this connection, it is interesting to note that the Red Cross last year spent more in the south than it received from the south in money for memberships. The budget for next year contemplates a similar program in the south.

The southern division of the Red Cross consists of the states of North and South Carolina, Tennessee, Georgia and Florida. Headquarters of the division at Atlanta, in order to show just how the money given the Red Cross is spent in the south, has prepared a detailed statement, showing one month's activities in the division.

This month is typical of Red Cross work in the southern division. From the summary of its activities, Red Cross members may gain a concrete illustration of the work their membership fees will help to keep going through the coming year.

During this month the Red Cross had sixty-one nursing services operating in various parts of the division, employing a total of seventy-four nurses. Four new services were established by chapters during the month, one service was reopened, five were withdrawn, and, in addition, the Red Cross placed one nurse, paying her salary, with another organization that had started health work in that particular community. That is the policy of the Red Cross—to do health work where it is most needed, and, where others are doing the same work, not to compete with them, but to help them as far as possible.

The nursing department of the Red Cross has a bureau called the bureau of instruction, engaged in promoting health work. This bureau organized fourteen classes in Home Hygiene and Care of the Sick during the month. Altogether, thirty-five classes in this subject were in operation in the division during the month; two hundred and fifty-two new students were enrolled and one hundred and seventy and girls completed the in-

struction. The bureau of dietetics, through which classes are organized to teach women and girls the right sort of food to cook and serve to make good health, carried on instruction work during the month at such places as Converse College at Spartanburg, S. C., the West Tennessee State Normal School and Winthrop College in North Carolina. The bureau reported the appointment of a city dietitian at Nashville, Tenn., where the Red Cross Chapter set aside \$2,000 for her salary and \$500 for incidental expenses in connection with nutrition work. The bureau, in co-operation with other divisions, put on an exhibit in health at the Tri-State fair at Memphis, Tenn.

While such work as this was being done in the field of health by the Red Cross, it was equally active in its work for returned soldiers and their families and similar work for civilian families in like need of help. The Red Cross had 2,081 new cases of this sort during the month, and reopened 1,580 old cases, a total of 3,661 cases. An idea of the number of soldiers and civilians helped in the different states may be gained from the following report for the month:

Georgia, 1,006 soldiers' families aided, 65 civilian families aided; Florida, 1,941 soldiers' families aided and 570 civilian families aided; North Carolina, 1,062 soldiers' families aided and 48 civilian families aided; South Carolina, 1,431 soldiers' families aided, 241 civilian families aided; Tennessee, 1,093 soldiers' families aided and 44 civilian families aided. A total of \$3,691 in financial aid was extended to soldiers' families, and \$1,230 to civilian families.

First aid was taught by the Red Cross during the month in classes at the Middle Tennessee Normal and Industrial school at Murfreesboro, Tenn., the Asheville Summer school at Asheville, N. C., the University of Florida at Gainesville, Fla., the Tennessee A. and I. State Normal school at Nashville, and the A. and E. college at West Raleigh, N. C. New students to the number of 144 were enrolled in these classes, and first aid certificates, showing the holder was proficient in first aid principles, were given to 135 students.

Life saving corps were organized by the Red Cross during the month at a number of places, and other corps, previously organized, did fine work at some of the beaches. Several

rescues by members of the corps were reported, while others assisted in rescues.

The Red Cross did no disaster relief work during the month in question, as no disasters occurred, but, at any time the Red Cross is ready to respond to cities stricken by fire, flood, tornado or pestilence. Because the schools were closed during this month, there were no activities of the Junior Red Cross to report, but with the opening of the schools in September, thousands of children throughout the southeast joined in various helpful plans of the Junior Red Cross.

With all of this work, the Red Cross continued to carry on its first duty and its responsibility to the man in uniform.

During the month the Red Cross maintained adequate forces of workers at twelve different army posts, camps and hospitals in the division, serving a total of 13,752 men, of whom 700 or more were patients in two general army hospitals. In addition, Home Service, as it is called, was given to 1,148 new cases, 642 closed cases and 4,071 other cases where information of all sorts in regard to pay, Liberty bonds, insurance and the like was furnished.

One of the most potent influences at these posts was the "home influence" of the Red Cross. The men were encouraged to write letters home, stationery was provided, and, where a man was illiterate, the Red Cross wrote his letters for him. The boys were made to feel that the Red Cross workers were their friends, that they had some one to go to, some one who felt a sympathetic interest in their welfare.

The Red Cross also did work at six United States public health hospitals in the southern division, and served United States public health service patients at eight other hospitals of which they were inmates. Besides "home service," the Red Cross gave them recreation, distributed necessary supplies and developed the local interest of the respective communities in the patients and the hospitals.

This is the sort of work—in health, social service, among the posts and camps, for disaster relief, first aid, home dietetics, home hygiene and care of the sick, and the Junior Red Cross—that will be carried on during the coming year through the dollars of those who join the Red Cross in the Fourth Roll Call.

STEALING OLD COINS

LISBON, Nov. 1.—Authorities of the National Library have been mystified by the theft of more than 100 gold coins of inestimable value from the famous numismatic collection at that institution. The fact that the keys of five doors were used and replaced and that all the most valuable coins were stolen, leads to the belief that the theft was committed by a member of the library staff.

The thief carefully rearranged the remaining coins so that those taken would not be quickly missed.

The tennis club of Umatilla was formally organized several days ago, and plans are already under way for the building of a court, which it is claimed will be the best in the country. For all around individual exercise, tennis is a favorite sport, and it can be made a very attractive feature for tourists as well as permanent residents.

SOCIAL CALENDAR FOR THE WEEK.

Monday—
Monday Afternoon Bridge Club with Mrs. Donald Caldwell.
Woman's Guild at Parish House.

Tuesday—
Duplicate Luncheon Club with Mrs. D. L. Thrasher.

Wednesday—
General Business Meeting at Woman's Club.

Thursday—
Every Week Bridge with Mrs. C. M. Vorce.

Friday—
Spenthrift Club, Mrs. E. F. Housholder.

Saturday—

Ed. Meisch was home from Gainesville for the week end.

Mrs. C. L. Goodhue returned from the North Saturday.

Mr. and Mrs. Sam Yontz moved into their new home on Magnolia avenue today.

Lieut. Bivens, of Arcadia, was the guest of Mr. and Mrs. B. W. Herndon for the week-end.

Mr. and Mrs. J. E. Wathen returned Sunday and are at home in the Welaka Apartments.

Mr. and Mrs. C. R. Kirtley came yesterday from Harlam, Iowa, to be here for the winter.

Miss Vivian Telford, Miss Glennah Early and Mr. Charlie Telford, of Winter Haven, are guests of Miss Emily Baily.

BIRTHDAY PARTY

Little Miss Betty McKinnon was the honoree of a beautiful party Friday afternoon, the occasion being her fifth birthday.

Games were played on the lawn, where see-saws and joggle boards had been placed.

Delicious refreshments of pink ices and cakes were served in the dining room which was most attractive. Around the plate rail were arranged Halloween faces and little pumpkins. The table was beautiful with a little frill of pink about its edge. Halloween figures froliced around a little tree with many different colored birds perched on its branches which were given to the children as favors.

Thirty-eight little people were bid to the party, among those some of the larger children of the neighborhood who are Betty's special friends.

MASQUERADE PARTY

At the home of her parents, Mr. and Mrs. G. W. Bailey on Myrtle avenue, Miss Emily Baily was hostess of an unusual Halloween party Saturday evening. The honor guests were: Miss Vivian Telford, Miss Glennah Early and Mr. Charlie Telford, of Winter Haven.

The masked guests were met at the front door by a sign which read: "Please go to the back door to enter." Following these instructions they were received at the back door by ghosts who led them into the "Death Chamber" where they found two dead and one dying!

In the living room they were given cards and partners for three-minute proms were drawn from the numbers on them. The guests then unmasked and read the fortunes which were on the cards. A prize for the best costume was won by Miss Mae Holly.

After taking a trip in an airship they gathered around a witches pot on the lawn and told ghost stories and were entertained by a fancy dance by little Miss Marie Louise Wells.

From a table on the lawn decorated in orange and black, delicious refreshments of sandwiches, pumpkin pies and chocolate were served. The favors were little orange and black baskets filled with fudge.

Highway conditions throughout the state are the best ever known, according to automobilists. The same applies to the roads leading into Florida. The Jacksonville-Waycross road, which has been a bug-bear for motorists for several years will have been put into first class condition by the middle of November, as large gangs of road workmen are busy there now, and by the first of the year it will have been completely hardsurfaced.

Just sliding through life is a dangerous practice, and often painful. The pathway is strewn with obstacles and pitfalls, and sometimes with sliv-

EAST HALL OF STATE COLLEGE FOR WOMEN DESTROYED BY FIRE

Girl Students Lose Clothing—Were at Services—Tallahassee People Open Homes to Young Women

TALLAHASSEE, Nov. 1.—East Hall, the only frame dormitory on the campus of the Florida State College for Women, was totally destroyed by fire at 11 o'clock yesterday morning, caused by a defective flue. A majority of the eighty-five girls who occupied the dormitory were at church services and there was not even the slightest accident during the blaze. A number of young women lost all of their personal effects.

East Hall was built in the days of the old co-educational Florida State College and was slated for rebuilding probably next year. Tallahassee Elks raised a purse of \$1,000 which they presented to President Conradi to replace clothing and other personal property lost by the young women. Private homes were thrown open to the girls last night and all will be comfortably housed.

The fire broke out shortly after 11 o'clock yesterday morning, and before the alarm was sounded calling the Tallahassee fire company the flames had progressed so far as to make it impossible to save the building, though the firemen worked heroically and effectively after their arrival on the scene. The building was only partly covered by insurance. There was not even the slightest accident in connection with the fire.

The people of Tallahassee have offered their homes to the young ladies, but it is not yet known whether the offer will be accepted. John C. Kellum, business manager of the college, stated that he had managed to save an ample number of beds and other furniture, and it is probable the accommodations will be made for the girls in other buildings on the campus. More than enough rooms have been offered by the citizens of Tallahassee, however, to take care of these young ladies in the event that their offer is accepted. The Elks' lodge of Tallahassee immediately began the collection from its members of a purse of \$1,000 to be turned over to Dr. Edward Conradi, president of the college, for use toward replacing clothing and other property lost by the girls.

At an early hour this evening it was learned that arrangements had been made for comfortably taking care of all the students who had rooms in East Hall. The building destroyed by fire this morning was the only dormitory of frame construction on the campus, all the other dormitories being of modern and fireproof construction.

East Hall was one of the dormitories built in the days of the old co-educational Florida State College, before the Buckman bill was passed in 1905 creating the present Florida State College for Women. The greatest misfortune in connection with the fire was the property loss to the students.

WEATHER REPORT

Cloudy, probably local rain tonight and Tuesday.

BANQUET AT THE VALDEZ HOTEL TUESDAY NIGHT

ONLY TIME HAS BEEN CHANGED TO SEVEN INSTEAD OF EIGHT O'CLOCK

The Board of Trade banquet at the Valdez Hotel will start promptly at 7 o'clock in order to get through with it and get over to the Princess Theatre to get the election returns. There will be no business transacted at the banquet as there will be no time to transact any but President Miller will let those who have something to say talk between courses if they have anything of importance to bring before the Board of Trade.

This banquet is the regular feed that is given by the members every month and should be well attended even though the election is taking up the attention of many of the members.

In order that the hotel may know in time just how many will be present at the banquet the sale of tickets will stop at noon tomorrow (Tuesday) and none sold after that time. If you intend to attend the banquet get your ticket today if possible at any of the three banks or from F. L. Miller at his store.

This may be the last banquet of the Board of Trade and the members should be there if possible as the Board of Trade will soon be merged into the Chamber of Commerce.

W. L. Spencer, of Atlanta, selling Miller Feeders and Saws, called on the local printing offices today.

R. B. Brossier, manager of the Orlando Reporter-Star, is in the city today getting a shipment of paper for his new press. Basile has many friends in Sanford who are always glad to see him. He is making many improvements on the Reporter-Star and making it a big Florida daily. He was accompanied by Mrs. Brossier and Mrs. Watters and children.

When in need of first class job-printing, office supplies, stationery, etc., you will do well to see the Herald Printing Co.

MRS. LAURENS M. HAMILTON

Mrs. Laurens Morgan Hamilton of New York, formerly Mrs. Gertrude Warren. Her husband is a grandson of the late J. P. Morgan and the son of Mr. and Mrs. William Pierson Hamilton.

A MORAL FORCE

The Methodist conferences both North and South, the Southern and Northern Baptist conventions, the Presbyterian Synods and general conferences and other churches in their organized capacities have declared for the league. The great leaders in the work of these churches see no danger in the league, but regard it as a great moral issue worthy of the support of the American Nation, and that the whole system of religious practice based on the principles it embodies—namely the brotherhood of man and fatherhood of God.

Is it believable that these churches are led by ignorant men, or that they favor war and not sincere in their expressed interest in humanity. Are they not as intelligent and as farseeing as other spell binders who are known to be actuated by selfish and political interest?

When the brave boys left for France we told them that their sacrifices were to make impossible another war. They fought and many gave up their lives. A great victory was won. The league of nations was formed as the best safe-guard against wars and our expression of our purpose not to break faith with our soldiers who fought and died in France.

The greatest thinkers of the world formed this covenant, and their action was backed and endorsed by the moral sentiment, expressed through the religious organizations of all countries.

It should be constantly borne in mind that the league of nations is not one man's work, not one man's ideas. The Prime Ministers of other countries participated with the American delegation in its formation, and President Wilson consulted not only with Democrats but with Republican leaders, and many of their suggestions were adopted and incorporated in the covenant of the league.

Former President Taft suggested four amendments and they were all adopted. Charles E. Hughes, former justice of the supreme court and Republican candidate for president in 1916, offered seven amendments, five of which were adopted. Elihu Root presented six amendments and five of them were adopted.

There was no "one-man government" in the formation of the league.

Where is the opposition? The Republican party, not all Republicans, however, is opposing it. The Progressives and German sympathizers, oppose it. The ship builders, the manufacturers of war material and big interests who hope to profiteer out of war conditions, and candidates who hope to get into power through it as an issue say that it should be "scrapped."—Carroll County (Tenn.) Democrat.

NOTICE TO BUILDERS

Lumber is cheap now and shipping facilities are better than for a long time past, owing to the building in the north being largely suspended as the result of cold weather. When spring comes there is no question, but prices will advance again.

So Now Is The Time to Build

We carry a large selection of roofing and shingles that will satisfy any builder, and our prices are right.

We also carry at all times a complete stock of

Brick, Lime, Cement, Plaster and Plaster Paris

HILL LUMBER COMPANY

Additional Everglades drainage bonds have just been retired by the state of Florida. Comptroller Amos announces that checks have been issued for \$306,021.25. This is said to be the largest amount of indebtedness the state has ever paid out at one time.

Five years ago a lone cypress tree on the shores of Lake Okechobee, marked the present site of Moore Haven. Today is Moore Haven a city of 1,000 inhabitants, paved and electric lighted; a city of homes and hotels—and it has a half million dollar bank.

An Important Announcement To The Ladies of Sanford and Vicinity

Mrs. Byrd Cochran, factory representative from the home of the IDEAL FIRELESS COOKER at Toledo, Ohio, will demonstrate the many good features of this well known fireless cooker all this week at our store and the ladies of this section are cordially invited to call and see for themselves what can be accomplished with the best Fireless Cooker on the market today. See our Window Display.

Let Butter-Nut Prove Its Own Case

The best proof of our statements regarding Butter-Nut is the taste of the bread itself. Once you try it and find how delicious, how appetizing it is, you'll wonder how you ever got along without it.

The NEW BUTTER-NUT BREAD

has all the quality of the old Butter-Nut; we could not improve that. But in addition we've perfected a new mixing process which enables us to turn out a lighter, daintier loaf than ever. Get a loaf today, for Butter-Nut is its own best advocate. At all good grocers. The genuine bears the Butter-Nut label.

A rally highly successful of the citrus growers of this section was recently held in the Cocoa town hall under the auspices of the Cocoa-Merritt Island Citrus Growers Association. Among the speakers were President J. H. Ross of the Citrus Exchange, C. E. Stewart, Jr. business manager, and W. F. Miller of the Exchange Supply Company.

Special bargains for rally day at the Quality Shop. 177-2tc

The many friends of Mr. and Mrs. Fred Walsman are glad to have them back in Sanford again for the winter. The Walsmans have made this city their home for many years, Mr. Walsman being with the Armour Car Lines but last season he went into business for himself and is taking care of the packing of fruits and vegetables for the growers at the loading station. They will be here until late summer and will make their home in the Welaka Apartments where they will be at home to their many friends. Mr. Walsman says that the tourists are flocking to Florida on every train and on every road and that the state will be filled with them this season.

The Sanford Paint and Wall Paper Company report an excellent business—far exceeding all expectations and they are constantly adding to their already large stock to take care of every one. Call upon them. There is no need of sending to any mail order house—you can get everything in the paint and wall paper line you need right here—better goods for the same money and you take no chances as you see what you buy. This firm is located in the Welaka building and will be pleased to have you call and see what they have to offer you.

W. M. Lovell is home to vote and visit with home folks and expects to return to his orange grove at Lisbon after the election is over. Capt. Lovell has one of the finest orange groves and farms in Lake county and spends the most of his time over there watching things grow.

The small boy seems to think that Halloween lasts a week this trip and last night proceeded to tear up jack again all over town. The police should have been more vigilant than ever last night and took some of these lads in tow. They need reprimanding for doing some of the things perpetrated last night.

Mr. and Mrs. Roland Read, of Geneva, were in the city today shopping and visiting friends and while here lost their valuable collie dog that became frightened after an auto had run over his leg and wandered off somewhere in the city. Anyone finding the dog will please return him to the police station.

Now that the election is almost over the business men of the city can get down to real business again and interest the shoppers by taking space in the Daily and Weekly Herald and set forth the many bargains that they have to offer. You cannot get your share of the business without advertising.

J. G. Waits has been made night yardmaster, a position that was abolished last summer and since that time Mr. Waits has been doing this work under the name of yard foreman but now takes up his regular position as Night Yardmaster and his many friends are congratulating him on the change, which is really a well deserved promotion.

The Wight Tire Co. will not only put up a white way post but they have installed a big electric sign setting forth the fact that Kelly-Springfield tires are sold there. The sign has been placed at the corner of the building and can be seen both ways on Magnolia and can also be seen from Park avenue.

The B. & O. Garage is making many changes in the front office and have torn out some of the partitions to make room for a big tire display rack, taken the battery storage department to the rear of the shops and made a private office in the rear of the general office, and made many other changes in the garage, getting ready for a big winter trade. They have one of the best equipped machine shops in the city and a force of experts to do the work.

TOO MUCH BUSINESS.

The Herald representative called at the City Market this morning for the copy for the display ad this firm has been running for some time past. Estridge—that's the sawed-off, hammered-down guy—yelled at us to "take out that ad—don't want any today." Walthall—that's the long, lean, lank, drawn out fellow—hollered "take both out—too much business."

That kind of talk makes the life of an ad solicitor a bed of roses—not. We trust our readers will not buy 1 cents' worth of groceries or meat at the City Market until they put in a page ad. Stick to this and the ad man can be drawing a good commission in the future. We all know they carry the best of everything, the service is excellent and the treatment accorded their patrons all that could be wished, but if they don't advertise in the Daily Herald, let's pass them up—we can make them come across that way.

UPPER ST. JOHNS DRAINAGE WILL NOT BE MADE

At the annual meeting yesterday of the Upper St. John's Drainage, District, the majority of the landowners in the district were present and by unanimous vote passed a resolution that the district should be dissolved. The district was established by special act of the legislature five years ago, and contains 380,000 acres, extending from Sanford to Fellsmere on both sides of the St. John's river. Four years ago the Isham Randolph Engineering Co. of Jacksonville, made plans for draining the district at an estimated cost of \$44,000,000. Owing to the increase in the cost of labor and material it is estimated now that this reclamation project will cost over \$8,000,000. It is thought by cutting the district into smaller units, draining operations can be more easily financed and more quickly accomplished.—Palm Beach Post.

DEMOCRATIC WOMEN VOTERS, TAKE NOTICE!

Headquarters for Democratic women will be in Mr. John Leonard's office in the Woodruff-Garner building, on election day. Children will be cared for here while mothers vote. Anyone who cannot reach the polls otherwise will have a car sent for them if they will telephone 486 at headquarters. If you have registered, don't let timidity keep you from voting. Last minute instructions will be given at headquarters to those who so desire.

Voters in Precinct No. 1 will vote in the Welaka building on Railroad avenue. Voters in Precinct No. 3 will cast their ballot at the court house.

Office supplies at the Herald.

 "The Store That Is Different"

LEADERS BELIEVE "SOLID SOUTH" WILL REMAIN UNBROKEN

ATLANTA, Nov. 1.—Although Republican campaign activities thruout the South have been greater than usual in this election, Democratic leaders continued to express confidence today that tomorrow would show the "Solid South" unbroken. While admitting that some of the contests in widely scattered congressional districts might be close, they predicted that the Democratic majority would be even larger than before the women's vote. In Tennessee the Republicans are claiming the state for their gubernatorial candidate, but lay no claims to their ability to carry it for Senator Harding. Democrats claim the state for Governor Cox by a 40,000 majority.

Normal Democratic majorities for all the party's candidates were claimed in North Carolina, South Carolina, Florida, Georgia and Mississippi, but in the Third district of Louisiana, the Third district of Arkansas, the Seventh district of Alabama and in the Second and Ninth districts of Virginia, the contests for seats in the lower house of congress have been waged with vigor by the Republicans and the outcome in each was said to be in doubt.

And next week the papers will be announcing the election of James M. Cox for president.

The Logical Treatment "ENERGIZER"

For Many Human Ills. A prominent business-man woke up last Monday with a real case of Sciatic Rheumatism. He was "Energized" twice and on Thursday he was found "cleaning-house" at his store. Ask him. A younger well-known man came in Friday with an immovable stiff Neck—Neuritis, probably—and in 20 minutes he went out with his neck O. K., and feeling better ALL OVER. BUT—why wait till it strikes you? Surely there is enough PROOF all around us that "a stitch in time" is much more intelligent than any other way.

FLEETWOOD & COMPANY

DAIBUTSU.

The Daibutsu of Kamakura, a colossal bronze figure, cast in 1252 A. D., is situated near Yokohama, inside the grounds of a monastery. The figure was cast in twelve pieces, which were joined together so cleverly by the Japanese that scarcely a mark is visible.

Originally, the statue, which is the Japanese Buddha, or Amida as it is called in Japan, was housed in a wooden building fifty yards square. On three separate occasions the town of Kamakura was destroyed by tidal waves, and on two of these the house was washed away, but at no time was the figure harmed.

Daibutsu, sitting in repose on a lotus leaf, is almost one hundred

feet high and weighs 450 tons. The statue is hollow, there being a small temple inside.

His eyes of gold are opened slightly. The silver bend on his forehead, according to legend, denotes an all-seeing power and light. The story of Buddha tells of his sitting in the forest and, while meditating there, of how snails crawled up to his bald head and made a cap on it to keep off the rays of the sun.

He is apparently meditating about the two blue jackets standing on the steps before him. Do you suppose he begrudges them the opportunity to travel from port to port, viewing many strange sights, while he must sit forever in his garden to be worshipped by his disciples?

THE AMENDMENT FOR BONDING STATE FOR TWENTY MILLIONS AND WHAT IT MEANS

(Continued from page one)

portions of our state, where transportation by truck, would mean connecting the scattered towns and bringing a bit of town to the country.

We want good roads going out and coming into our state, not alone for the benefit, pleasure and convenience of our citizens, but for the advertisement, which means, development of Florida, in encouraging the motor tourist.

So much the favor of good roads. Now, let us consider the amendment for a little time. Let us read again that portion, "for the purpose of acquiring and maintaining a system of roads and bridges, under such regulations as may be prescribed by the legislature", etc.

There is no provision made for the interest and sinking fund, of these bonds. We do not know what the rate is to be; we do not know how the interest is to be met; or bonds be redeemed. Bond advocates say they will bear the usual rate of such bonds 4 or 5 per cent that the interest and sinking fund will be met by increasing the automobile license tax 50 per cent; and do away with all personal tax on automobiles and the two mill tax.

According to this amendment there is no limit to issues. The amendment states "provided that any issue authorized in pursuance hereof, shall not exceed in amount 5 per cent of the total tax assessment, at the time of issue." This is not clear. Does it mean 5 per cent in the aggregate, or 5 per cent at the time of issue, and as many issues as the legislature may desire to make?

Based on the 1919 tax assessment, this would amount to \$18,000,000. In 1920, it is thought the amount will be \$20,000,000 so the bond issue is usually spoken of as the \$20,000,000 bond issue. We do not know if the legislature will issue all this one year, or as has been mentioned, \$10,000,000 in the 1921 session and at the 1923 session another \$10,000,000 issue, as the \$10,000,000 in the two years is all that could be judiciously spent. BUT, this is all surmise. We do not know, as the legislature according to this amendment, has not been restricted or instructed. Mr. R. H. Buford, the nominee for attorney general, holds that the amendment would not limit the legislature to one bond issue of \$20,000,000, but that it "leaves unlimited the number of is-

ues, their frequency and the aggregate amount thereof".

There is no provision made as to proposed routes of roads, no provisions made for roads in the new counties. How do we know what we are to have? Where they are to be built? What they are to cost?

It would seem as there was too much power given to the legislature, without the consent of the people. Bond advocates say we can trust our legislature? But is it not our right, as citizens to know what to expect, in order that we could trust.

Many counties in our state have already bonded and built good roads, or have bonded and building good roads or will in the near future. According to the amendment, there is no provisions made for returning to these counties money spent or to be spent for roads in these bonded counties, and yet these counties would pay as much, in some instances more, into the road treasury, as counties not bonding, or counties having bad or no roads. Is this fair?

If this amendment should pass, and after the legislature has voted the bonds, the matter of road construction would be turned over to the state road commission, which commission consists of 5 men, all of whom are appointed by the governor. These men come from various portions of the state. From their own body a chairman is elected. This state road commission of five men, let the contracts, state where, when and how these roads are to be built, how much they are to cost. In fact, the entire matter of the state road construction is in the hands of this commission of five men.

A number of states have bonded, and with successful outcome, but doubtless there was more clarity in the reading of their amendment.

The state of Minnesota votes on a bonding amendment at the same time as our state. For comparison, we might here submit a few of the provisions in their amendment.

Everyone of their 70 proposed

routes is shown and located. A provision is made for new additional routes in the old counties.

A fund is created called the Highway Sinking Fund; a tax imposed on motor vehicles is authorized in this amendment for payment of principal and interest of any bonds issued under this article. This is in lieu of all other taxes thereon, except such as might be made by towns.

A provision is made for the excess, if any; also provision for reimbursement to counties for money expended subsequent to Feb. 1919, in roads described, and built in accordance with plans and specifications of Highway commission.

The legislature is further instructed to provide a law for the issue and sale of the bonds in such amount as may be necessary to carry out the provisions of that section of the article. The limit of annual bonds shall not exceed \$10,000,000 in the aggregate in any one year, at par value; and provided further that the total amount of such bonds issued and unpaid shall not at any time exceed \$75,000,000 par value.

The proceeds shall be turned into the trunk highway fund. The term of payment shall be 20 years. They shall not be sold for less than par value and shall bear 5 per cent per annum.

There are further provisions in the event funds are adequate or inadequate, etc., but we have given sufficient here to show you the difference in the reading and clarity of the two amendments.

Minnesota legislature is clearly instructed as to what they may do and may not do. It limits in clearly defined terms what they may bond each year and in the aggregate, and in the total what they may bond from beginning to end and unpaid amounts.

The terms are specifically stated

what they may sell them for and when they shall mature.

Provision is made in case the motor vehicle licenses or tax is either superabundant or deficient, how the surplus or the deficiency may be made good and cared for.

We do not believe there is so much objection to bonding the state for good roads, but because there are so many elements of unfairness in the amendment as it reads.

We believe the majority of the people of Florida want good roads, want a system of state highways, governed by state supervision, but they do not want to cast a vote in favor of an amendment that has been unfortunately worded, and does not give the legislature proper instruction as to what it may or may not do.

FLORIDA'S DEMOCRATIC ELECTORS.

Those who want to vote for Cox and Roosevelt will mark their cross (X) before each of the following names on the ticket at the November election:

- MARTIN CARABALLO
- CHARLES E. JONES
- J. C. SHARON
- P. W. CORR
- W. V. KNOTT
- G. B. WELLS

Highway conditions throughout the state are the best ever known, according to automobilists. The same applies to the roads leading into Florida. The Jacksonville-Waycross road, which has been a bug-bear for motorists for several years will have been put into first class condition by the middle of November, as large gangs of road workmen are busy there now, and by the first of the year it will have been completely hardsurfaced.

Four million voters repeat - no arrests

SPEAKING OF elections.
BUT GENTLY, if possible.
TO AVOID bloodshed.
YOU KNOW what chance.
A REPUBLICAN used to have.
OF GETTING votes.
IN THE "Solid South."
WELL, THERE was a bird.
WHO RAN for office.
ON THE Republican slate.
IN GEORGIA, of all places.
AND WHEN the returns.
WERE FIGURED out.
HE HAD two votes.
AND THE election officials.
HAD HIM arrested.
FOR REPEATING.
SO ALL you voters.
WHO WANT to repeat.
DON'T DO it with votes.
GO TO some smoke shop.
AND CAST a ballot.
FOR CHESTERFIELDS.
THEN YOU'LL "repeat"
YOU JUST can't help it.
AND NO election official.
CAN PINCH you, either.
FOR "COMING back."
IN FACT, we hear.
FOUR MILLION smokers.
OF THIS cigarette.
REPEAT REPEATEDLY,
"THEY SATISFY."

NO other candidate has a chance with Chesterfields in the running. Over four million smokers have picked Chesterfields, and every return swells the votes. It surely is a landslide for the "satisfy" platform. Are you on?

Proposed Constitutional Amendment
Amendment of Section 6 of Article IX, relating to Taxation and Finance.

YES

Proposed Constitutional Amendment
Amendment of Section 6 of Article IX, relating to Taxation and Finance.

NO

One of the local fish houses at West Palm Beach reports a daily catch of 20,000 pounds of blue-fish within two or three miles of the new inlet. Local catches are now coming in in increasing volume and fishermen who partake in this pastime for the sport of it have been bringing in two and three hundred pounds with rod and reel.

Titusville Civic League has closed the deal for the Superior Motor Works of Jackson, Michigan, and the Star Advocate is authorized to state that the Motor works will be removed as rapidly as possible from Jackson to Titusville and will be in operation in this city in ninety days.

Five years ago a lone cypress tree on the shores of Lake Okeechobee, marked the present site of Moore Haven. Today is Moore Haven a city of 1,000 inhabitants, paved and electric lighted; a city of homes and hotels—and it has a half million dollar bank.

Additional Everglades drainage bonds have just been retired by the state of Florida. Comptroller Amos announces that checks have been issued for \$306,021.25. This is said to be the largest amount of indebtedness the state has ever paid out at one time.

JOSEPH F. RINN

Joseph F. Rinn, who for years has made a hobby of exposing spiritual mediums and who has offered \$5,000 to anyone, Sir Oliver Lodge in particular, who can furnish proof of supernatural phenomena.

The Facts of the Telephone Situation in Florida

By J. EPPS BROWN, President,
SOUTHERN BELL TELEPHONE & TELEGRAPH CO.

The Company's Meager Profit

Since 1916 the cost of labor, material and all other expenses of operation have constantly increased. Operating costs have increased at a higher ratio than the gross revenue.

The margin of safety between expenses and income, essential for successful operation, has steadily disappeared. The danger line has been reached.

In 1916 the Company's investment, used by the public, in its territory, including the states of Alabama, Georgia, Florida, North Carolina and South Carolina, was \$28,072,313.08
Its gross operating revenue was 7,703,075.41
Its net operating revenue was 1,370,008.80

In 1919 the Company's investment, used by the public, in that same territory was \$34,321,211.20
Its gross operating revenue was 11,358,027.52
Its net operating revenue was 1,193,233.84

On an increased investment of 6,248,898.12
The Company's gross revenue increased 3,654,952.11
The Company's net revenue decreased 176,774.96

The Company's operations exclusively within the state of Florida tell the same story.

In 1916 the Company's investment, used by the public, in the state of Florida was \$3,039,485.54
Its gross operating revenue was 730,767.71
Its net operating revenue was 111,534.55

In 1919 the Company's investment, used by the public in Florida was \$3,707,526.13
Its gross operating revenue was 1,129,044.13
Its net operating revenue was 110,397.69

With an investment increased 666,040.59
And gross revenue increased 398,276.42
The Company suffered a decrease in its net earnings in the state of Florida, during 1919, amounting to 1,136.66

A detailed statement of the Company's investment, revenue and expenses in the state of Florida for the years 1916, 1917, 1918 and 1919 was given in the second advertisement of this series.

All of these figures are actual operating figures. They represent only physical property, and cash received and expended in furnishing telephone service. They have no relation whatever to stocks, bonds, or other forms of capitalization, franchises or "intangibles."

The Company earned 2.98 per cent upon its investment in Florida during 1919.

The difference between this meager profit and a fair and just profit is what our business contributed to your business last year.

We hope that you will study these figures.

They are your figures as much as they are ours.

They are as vital to you as they are to us.

You could not conduct your business without our business.

Our business can not continue to serve your business unless these figures are speedily changed.

No one could. The United States Government tried it, and failed.

You must help us change these figures if you want us to serve you.

We have accounted to you for the money you have paid us.

If you want more, or other facts, we will gladly give them.

The next advertisement will tell what we must do to adequately serve you during the next five years
