Vice cops raid strip clubs

By Dan Ping Editor

CASSELBERRY — Officers from a number of local and state law enforcement agencies raided two strip clubs in Seminole and Orange countles for what authorities are calling a "classic case of racketeering."

The raids were the culmination of a seven-month investigation involving seven different agencies that revealed employees and mangers of the Rachel's Men's Club in Casselberry and Orlando Managers organized prostitution, drug services for customers

were involved in prostitution, money laundering, the sale and delivery of narcotics, and lewd activity.

"This is not a one time thing," said Seminole County Sheriff Don Eslinger. "This is a classic case of racketeering.

These activities were rampant and had been going on for a long, long time." According to investigators, the clubs

provided drugs and prostitutes to customers who were considered "high rollers." Often, these activities occurred limousines provided by the clubs or its

Bill Lutz, director of the Metropolitan Bureau of Investigation (MBI), said typically managers at the clubs laundered or processed money for narcotics and prostitution through the use of credit cards.

"A high roller would go to a select manager, who would run the customer's credit card through the machine," Lutz said. "The customer

State plans new bridge over I-4

By Nick Pfelfauf Staff Writer

More bridge work is planned just north of Seminole County. The latest construction project will not only affect I-4 just north

of the Seminole County line, but motorists traveling from Deltona to Orange City. Traffic on Enterprise Road from Osteen to Fourtownes has been classified as up to or over capacity during rush hours.

Construction now being planned will not only include a widening of Enterprise Road, but a new bridge on the road over Interstate-4.

According to Steve Homan with the Department of Transportation, the new bridge has been added to the overall project of replacement of the St. Johns River Bridge between Seminole and Volusia Counties.

Volusia County will be widening a part of Enterprise road to four lanes from Saxon Boulevard to Deltona Boulevard. Enterprise is already six lanes from it's northwest end on U.S. Highway 17-92 to Saxon Blvd. Now, the county has armounced plans to widen the remaining two lanes to four, southeastward, over 1-4, ending at Deltona Boulevard where Enterprise will return to a two lane road, culminating in

Homan said the new bridge will be necessary to handle increased traffic on Enterprise Road, once it is widened. "What will happen," he said,

"is that the present bridge will remain open to traffic while a new 2-lane bridge is built right next to it. Then, the old bridge will be taken down and rebuilt while people use the new bridge." He added, "The old bridge will have to come down because it isn't long enough to handle the future expansion of I-4, when it goes to six lanes, so we may as well build a bridge now which will be long enough to handle the widening."

Once the new bridge is completed and the old bridge is replaced, both will be opened providing motorists with twolanes in either direction.

DOT began advertising for a design/construction bid earlier this week. Homan said he expects the proposals will be reviewed by the DOT in November and possibly awarded by January. "That means we can expect construction to begin by

the spring of next year," he said. Overall, the next year or two will see a great deal of construction delays in Central Florida, on Enterprise Road as well as Interstate-4, especially during the replacement of the I-4 bridge over the St. Johns River.

Captain Quasar (Jeff Voegele) and Mr. Computo (Glenn Sinclair) delight kids and parents alike with a performance at the Seminole County Library in Sanford. Voegele and Sincialr are members of the "Mashed Potato Players" from Vero Beach. The troupe took a trip aboard the Space Shuttle Potato to the planet Pluto where the earthling children competed against Mr. Computo in a spelling contest. The performance is part of the library's summer reading program. Left: 3-year-old Julia Famiglietti and Damell Kreuzen laugh Mashed Potato Players antics.

Kids have a blast at space camp

By Rebecca Grilliot Herald Intern

SANFORD - Math, history, reading, writing and science are not the things most children want to think about during their summer breaks.

But for two weeks, many children enthusiastically learned these subjects at Smithsonian National Space Command, a

day camp held July 10 through 21 at Seminole Community College.

John Morand, a first-grade teacher at Goldsboro Elementary, instructed the camp of 3rd- through 6th-graders on space travel, the history of flight and space stations at the two-

week camp. Morand, known as Captain John to his students, believes

the curriculum is successful because the space theme makes learning fun.

"I enjoy providing for the kids fun activities when sometimes they don't even realize

they're learning," Morand said. Voyager Expanded Learning collaborated with the Smithsonian, NASA and the

SANFORD — On Thursday when Dr. Jane Polkowski wrapped up her recommended Seminole County Health Budget for 2000/2001, she was halfway out of the chambers when Commissioner Randy Morris begged her to return.

"We'll miss you," Morris said. "I appreciate that, thank

you," said Polkowski, who is resigning after nearly four years as the county's Health Director and after 27 years in the field of Public Health. A county committee, which

includes County Manager Kevin Grace, Chairman Carlton Henley and Dr. Polkowski, will interview five candidates for the Health Director job on July

Lost Deltona teen-ager reunited with family

By Dan Ping

SANFORD — One day after she was reported missing, an 18year-old Deltona woman has been reunited with her family.

Kendra Renee Wilkins was reported missing Wednesday by her parents, Cynthia and Ricky Wilkins, after she did not return home from running errands Tuesday afternoon.

Kendra Wilkins called 911 at approximately 2 p.m. Thursday from a gas station at SR 44 and Interstate 95 in the New Smyrna Beach area.

The teen originally told police she had been abducted by two black males and stuffed in the trunk of her 1999 Mitsubishl Mirage. She said she had been driven around for two days in

the trunk, before her abductors let her out at the gas station.

However, Wilkins showed no signs of physical trauma, and after several hours of questioning, she admitted she had stayed away from her family willingly.

"There was no physical signs of trauma to her," said Sgt. Bob Kelley of the Volusia County Sheriff's Office. "Through the interview process, she told us she just needed some time to get her thoughts together."

Investigators with the Sanford Police Department became involved in the case because istering for classes at Daytona

Lutz said customers were charged between \$500 and \$700 per female for prostitution ser-

In addition to prostitution, employees of the club provided illegal drugs for customers, including, cocaine, marijuana,

and the so-called "club drugs" GHB (gamma-hydroxybutyrate, also known as the "date-rape" drug) and Ecstasy.

As a result of the investigation, 34 arrest warrants for 28 people were issued. Included in those warrants were racketeering charges for 12 current and former managers of the clubs. If convicted of racketeering, each individual could serve 30 years in prison.

Eslinger said Thursday night's arrests were Phase 1 of an ongoing investigation into the adult entertainment industry in Central Florida. Authorities would not elaborate on where the investigation is now headed, but Rick Bogle of the Office of Statewide

Prosecution, one of the agencies involved in the raid, said a "VIP customer list" was found at the Orlando club.

"I would encourage those folks who might have been involved in illegal activity to contact us before we contact them," Bogle said. "We've arrested 21 people tonight, and I'm sure some of them will name names."

For now, both clubs will remain open; however, the license to serve alcoholic beverages is in jeopardy at both clubs. The state has filed 30 violations of the alcohol beverage regulations, as well as 120 violations of the Adult Entertainment Code.

Jacqueline H. Dowd of the State Attorney General's Office said in addition to the criminal charges, a civil racketeering lawsuit aimed prosecuting the owners of the clubs was filed Thursday.

"There is a lot of complexity to this case,"

Dowd said. "There's not just one owner or one corporation involved with these clubs. There are a number of corporations involved, and the individuals from those corporations are involved in numerous other corpora-

tions. "The kind of operation that occurred here is exactly what

the racketeering laws were intended to address," Dowd said. "This is a textbook example of racketeering."

Dowd said if successful, the civil prosecution would allow the state to seize all property

used in the commission of illegal activity, or purchase with proceeds from illegal activity. The exception, Dowd said, was property that has been home-

stead. "I took that one all the way to the Supreme Court in another case, but the Court will not

allow you to seize that property," Dowd said. "Everything else is pretty much fair "I would encourage

> This doesn't happen every time we hear a fear word, but the effects of fear, like the effects of Xrays, are cumulative. The results may not be noticeable at first, but repeated exposure can make us vulnerable to all sorts of side

The medical profession in this country has become a partner in spreading feat: Partly out of the threat of maleractice suits, today's doctors withhold nothing from patients, no matter how had the news may be

The Japanese are wiser. They view medicane as "an expression of loving kindness, and may withhold a patient's true condition in order to give him or her hope in fighting the disease

Is it false hope they are giving? Bernie Siegel, M.D., author of "Lave, Medicine and Miracles," says there is no such thing as false hope. There is only take "nohope

Hope words have just the opposite effect of fear words. There is nothing that gives hope to a sufferer like the words of Ella Wheeler Wiking a late-19th-century American author, who said. falk good health. You o charm or please by harping on the dreary, never-ending tale of mortal maladies. So, say that you are well and that all is well with you. God will hear your words and make them true."

Kids who are cruel to animals often are victims themselves

DEAR ABBY: After 30 years of reading your column, Lamimpelled to respond to "Seen It in Scattle," the letter regarding the St. Bernard who was teased by a neighbor child until it turned vicious and finally had to be euthanized.

I am sorely troubled by that letter. Do you realize how many systematic acts of cruelty that would have taken, especially for a breed as placid and gentle as a

..... St. Bernard? One has to ask -

where were the parents, the neighbors, the owners of the dog? Why would so many people look on impassively while a tethered

Dear Abby animal was tortured into insanity? The way

the helpless are treated is the

measure of a society.

People of good will and conscience MUST speak up when they witness abuse. Abby, please encourage readers to be a voice for the voiceless

DEAR PUZZLED: Lalready do - and with the help of people like you I will continue to do so. All that is needed for evil to thrive is for people of good will to look the other way. Read on:

DEAR ABBY: This concerns the letter about the child's cruelty to the St. Bernard. This is a difficult letter to write because, as a child, I physically abused cats and dogs. It was not because I had a "conduct disorder" - it was because I myself was beaten and sexually molested by my father on a regular basis from the time I was 4 years old until I was a young teen-ager.

The pain I caused those animals haunts me to this day. For the past several years, I have volunteered at my local animal shelter. I have also rescued cats and dogs. It's a small way to make amends for what I did as a child.

The reason for my letter is to warn adults not to just look at the child who is abusing the animals, but to look at who could possibly be abusing the child.

SURVIVOR IN CALIFORNIA

DEAR SURVIVOR: You have written a powerful letter. A child who abuses animals - or other children — desperately needs intervention and professional help. You are not the only

POST 19 MAKES "B" BID

Altamonte Springs "nine" in DeLand for American Legion B State tourney

By Dean Smith SPORTS EDITOR

DelAND - Seminole County and Central Florida baseball fans will get a chance to get a preview of the 2001 High School season starting today in Deland.

The Department of Florida American Legion Baseball 2000 Class "B" State Tournament got underway on Melching Field at Conrad Park early this morning and will continue through the weekend.

Class B was organized to compliment the Class A program and not to compete against the National Program. This is also as far as the Class B teams can go as the National Program does not recognize a Class "B" division at this time.

Class B also gives players who are not quite good enough, or mature enough, to play with the Class A team a chance to get much needed competition against other talented players.

Unlike Class A, which is basically an all-star team from a particular area or county and can use 18-year-old players who already have a year of college under their belts, Class B is made up of players who will be playing on the freshman, Junior varsity and varsity baseball teams for their particular high school next year.

All players must have at least one year of high school eligibility left and only seven 17-year-olds can be on a roster, no 18-year-olds or players who were not in high school this past year. All other players must be 16-year-old or younger.

Seminole County will be represented by Altamonte Springs Post 19, which is made up of players from Lake Brantley High School. The squad, which is conched by John Venters. Andy Kastings, Chuck Stegall and Eric Enrekin. hopes to follow in the footsteps of the Sanford American Legion Campbell-Lossing Post 53 team that won the Class A World Championship in 1997, claimed the 1998 State Championship, and won the prestigious Firecracker Tournament in 1999 at DeLand.

This tournament also gives Lake Brantley the opportunity to show that the 2001 version of the Patriots will be a power in the county and not be the squad that had an off year in 2000, at least by Lake Brantley standards.

Making up the Altamonte Springs Post 19 team are Rick Bergen, Michael Blackstock, Casey Faughn, Rusty Felter, Brian Harris, lan Holmen, Ray Horal, Nick James, Phil Kelly, Brandon King, Chris Ledfeldt, Greg Moreira, Louis Pagano, Jonathan Shaw, Geoffrey Strickland, Tommy Sutton, Scott Swanson and Jonathan Venters.

Also in the eight-team tournament are the host DeLand Post 6 "Chipmunks", the Miami-Columbus Explorers Post 31, Venice Post 159, Pensacola Post 33, Ganiesville-Buchholz, Ormond Beach-Seabreeze Post 267 and Auburndale.

As it seems to always happen to Seminole County teams when they travel to DeLand, Post 19 was scheduled to play the opening game of the tournament at 9 a.m. this morning (Friday) against Ormond Beach-Seabreeze Post 267 on Melching Field at beautiful Conrad Park.

Win or lose, Post 19 would take on the winner or loser of the Auburndale-Venice Post 159 game that was played at noon today.

If Post 19 won today, it takes on the Auburndale-

Predators clinch Southern Division

Special to the Herald

SUNRISE - Although Orlando technically clinched the division title with Friday night's Nashville loss to Tampa Bay, the Predators were able to win the Southern crown outright on Saturday (July 15) with a convincing 51-35 victory over the Florida Bobcats.

Newly signed Stevie Thomas scored three times and Orlando took advantage of five turnovers to push win streak over Bobcats to league record 16 games.

Damon Mason, who arrived at the National Car Rental Center just 11 minutes before kickoff after attending a relative's funeral in New Orleans earlier in the afternoon, earned MVP honors with a pair of interceptions.

The first came on Florida's first possession in the end zone. Four plays later, Connell Maynor hit Bret Cooper on a 19-yard touchdown pass and Orlando led 6-0.

On Florida's next possession, Jon McCall sacked Bobcat quarterback Jim Arrellanes and knocked the ball loose. Thomas recovered to give the Predators a first down on the Florida 18 yard line and on fourth and goal from the one, Tommy Dorsey swept in from the left side for a 13-0 lead.

Arrelianes drove the Bobcats down to the Orlando 14-yard line on Florida's next pos-

session, but Mason intercepted a wild Arrellanes pass off the sideline dasherboard to stop the drive.

to stop the drive.

From there, a couple of penalties and a 28-yard completion to Cooper gave the Predators a first down on the Florida nine.

Maynor then hit Thomas on a nine-yard siant and Orlando had a 20-0 lead early in the second quarter.

After trading touchdowns, the Predators blew a golden opportunity to put the Bobcats away just before halftime.

Orlando had a defensive stop and took over on its own 20 yard line after a missed field goal attempt was returned 17 yards by Clif Dell.

Florida recorded a pair of sacks to force Orlando into a 3rd and 25 situation, but Maynor hit Law for 23 yards and a Florida off-sides penalty gave Orlando a first down. But with a first and goal from the seven with 26 seconds left, the Predators misfired on two passes and had a running play net just three yards.

Still, Orlando picked up an automatic first down on a holding penalty, but with five seconds left, Maynor was flushed out of the pocket and fired an interception as time expired.

Orlando kept up the pressure in the second half and built a 51-14 lead before Florida scored two meaningless touchdowns — one on the last play of the game to narrow the final margin of victory to 16 points at 51-35.

For the game, Maynor completed 15 of 26 passes for 254 yards and four touchdowns. Cooper led all receivers with 99 yards on four catches, one for a touchdown, and also returned an Interception 22 yards for a score; while Thomas earned "Ironman" honors with five receptions for 64 yards and two touchdowns to go with two fumble recover-

The victory set up this Sunday's match-up between Southern Division champion Orlando (10-3) at the Eastern Division Champion Albany Firebirds (9-4).

The game will be a re-match of last year's ArenaBowl game. If Orlando wins, it will be guaranteed the number two seed for the playoffs. If Albany wins, it will have to wait for the outcome of the Arizona (11-2) vs. lowa (9-4) game to determine whether it receives the number two or number three seed.

The game will be televised nationally on TNN beginning at 3:30 p.m.
